FROSH ELECTION  
WEDNESDAY NIGHT!

LET'S MAKE IT A  
BIG YEAR!

VOLUME XXVII

UNIVERSITY OF IDAHO, MOSCOW, TUESDAY, SEPTEMBER 23, 1925

PAGE 1

## STRONG LINEUPS SHOWN IN COAST TEAMS THIS YEAR

### Early Game Promises to Be Good Due to Old Men Re- turning to Most of North- west Squads

Fall football practice began on college gridirons all over the Pacific coast last week and several of the conference teams swung into action this week-end. Optimism was the keynote of reports from the college camps and if the prediction materializes, the coast conference is going to see some exceptionally strong football teams.

College games are scheduled earlier than usual and all of the schools are jumping into the task of whipping their teams into shape. Most of the squads have had hard spring training sessions and formation work is being practiced during the time usually devoted to fundamentals.

Gonzaga is the first of the northwest conference teams to take the field when they play Cheney Normal Friday afternoon at Spokane. Saturday afternoon the University of Southern California plays a double header against Whittier college and the California Institute of Technology. University of Washington meets the Willamette university, Stanford the Olympic Club of San Francisco, and the University of California opens against Santa Clara.

First day reports from college fields indicate that the Vandals are on even terms with the other schools in their training season.

At Stanford six full teams have responded to the first call issued by Coach "Pop" Warner and his assistants. Outstanding among the candidates is Captain Ernie Nevers, the big blonde fullback, who plunged his way to an all-American position in 1923. Several old varsity men donned suits with Nevers, including Eogue, Hyland, Garthwaite and Solomon in the backfield and Fred Swan and Skippy on the line. Warner has turned over the worries of rebuilding the line to Assistant Coach

(Continued on page three)

## ARTISTS FEATURED IN COMING COURSE

### Kurenko, Levitski, London String Quartet, San Carlo Grand Opera, to Appear

"Idaho students will have an opportunity to enjoy a season of the finest musical and dramatic entertainment to be presented anywhere in the state this year," declared Prof. E. Orlo Bangs, head of the department of music and director of the Artists' Course schedule now being arranged for the university this year.

The number of programs on the Artists' Course had been increased from three to five this year, according to Prof. Bangs, and now includes the most important phases of music and dramatics. Opera, vocal solo, string solo and quartet, piano solo, and a famous play all are included in the repertoire of the course.

The University of Idaho is attaining an enviable reputation because of the many evidences of a discriminating for the fine arts of its students and faculty members, in the opinion of President A. H. Upham, who stressed Idaho's achievements in literary and musical fields at the opening meeting of the faculty. The famous Idaho pageant, "The Light on the Mountains," the Artists' Course, which has become a regular institution on the campus, and the many plays, concerts and recitals presented by Idaho students under faculty direction are indications of such an artistic taste.

Briefly, the five numbers to be presented on the Artists' Course this year are as follows:

Madam Kurenko, coloratura soprano, who has been hailed by critics all over the world as the "second Patti"; Mishka Levitski, an imposing figure in the pianistic world, who has

(Continued on page two)

## NEW UNDERGRADS TO TAKE ENGLISH TEST

Preliminary Examination Is Compulsory, Says Head of English Dept.

Advanced students entering Idaho for the first time will be required to take the English test which is the announcement made today by Dr. George M. Miller, head of the English department. The English Examination, given to advanced students for the first time in the history of the university, will parallel the standard Psychology test which will be given at a later date. The announcement from the English office is as follows:

In accordance with the action of the Faculty, all advanced undergraduate students entering the University for the first time this year will be required to take the Uniform Entrance Test in English on Tuesday, September 29th, in Room 311, Administration Building. If any of these students have classes, they should make arrangements with their instructors beforehand, so that they will be able to attend the examination. The test for upperclassmen is given primarily to secure information. A copy of the results will be given to the respective deans of the several students taking the test.

## THOMSON RETURNS FROM FIELD TRIPS

### Dean School of Mines Spends Five Weeks Touring State; Attends Institute

Dr. Francis A. Thomson, dean of the school of mines, returned last week from a strenuous five weeks of field work extending from Boundary county, at the extreme northern tip of the state to Bear Lake county in the southeast corner. During this time Dr. Thomson visited and spent several days with each of the field parties of the bureau of mines and geology, inspecting and guiding the work being done at Rocky Bar, Silver City, Craters of the Moon, Dubois-Mackay and Boundary areas.

In addition he visited some 15 or 20 of the famous hot springs of the state, in the Wood river area, on the upper Salmon river, and in the waters, measuring the temperature and flow, and studying surrounding geologic conditions.

While at Dubois Dr. Thomson looked into the reported gold discoveries in the vicinity of the Lost river sinks and found that the excitement had very largely subsided, exploding further substantiation of the reported finds.

The first days in September were spent in attendance, in company with Mr. Farenwald, at the annual meeting of the American Institute of Mining Engineers, held this year at Salt Lake. At this meeting many of the most prominent mining engineers in the country were present. Conspicuous among these was Mr. James O. Elton, Idaho, '08, manager of the International Smelting company, who is one of the most successful metallurgists in the west. Other Idaho men at the Salt Lake meeting were Enoch A. Barnard, '12, Ralph S. Jourdan '22, and Carl Loken '25.

At Salt Lake conferences were held with the officials of the United States geological survey and of the United States bureau of mines, regarding future cooperative work on Idaho's mineral resources.

### NOTICE

#### Argonaut Meeting

There will be a meeting of all those interested in Argonaut work next Wednesday afternoon at four o'clock, in Room 308 Administration Building. The first staff will be assigned at this time and it is important that everyone be present.

## IDAHO RECEIVES HONORARY GREEK LETTER CHARTER

### Phi Beta Kappa, National Honorary Society, Accepts Petition of Local Alpha Society at Council

Phi Beta Kappa, the great honorary Greek letter society, has granted a charter to the University of Idaho, at its triennial council now being held in New York city.

"Charter granted with handsome majority," says a telegram from Dr. Oscar M. Voorhees, national secretary, to Dr. G. M. Miller, president of the university organization of Phi Beta Kappa members, known as the Alpha society.

Phi Beta Kappa, established in 1776 at William and Mary college, is the oldest Greek letter fraternity and is recognized as the mother organization of modern social fraternities as well as of honorary organizations.

The winning of this charter at Idaho is held by university officials to be the last word in recognition of the university's high standing in scholarship. Phi Beta Kappa is to arts and letters what Sigma Xi is to the sciences. Idaho has had a chapter of Sigma Xi for some years and will be one of six institutions in the west to have charters from both organizations. The others are the state universities of Colorado, Washington, Oregon and California and Stanford university. Other Phi Beta Kappa chapters in the western district are located at Colorado college, Whitman college and Pomona college.

"This favorable action by representatives of the leading colleges and universities of the entire country," said President A. H. Upham, "indicates beyond a doubt that Idaho has finally arrived scholastically in the

(Continued on page four)

## "MATTY" WHIPS TEAM INTO SHAPE

### Good Turnout for All Positions; First Scrimmage Results in Few Casualties

With only a week of training the University of Idaho Vandays are and have progressed from fundamental practice to real mid-season scrimmage.

More than 656 crimson-jerseyed aspirants to the Idaho team are turning out daily and going through their paces under the direction of Coach Robert L. Mathews.

The Vandals broke right into signal work Tuesday, the first night of training. Closed practice was started Wednesday, the second night and training was on in earnest. For three days Mathews and his three assistants, Kline, Neidig and Stivers, sent six odd teams through fast formation on a set of basic running plays.

On Saturday two picked teams lined up behind closed doors for the first real scrimmage of the year. The two elevens battled for a quarter of an hour, using only three or four line plays.

First casualties came with the scrimmage and "Bus" Canine, likely candidate for an end position went out of the game with a badly torn shoulder which will probably keep him from practice for two weeks. Several other men received minor bruises and injuries in the first practice fray.

Speed is the watchword of all the workouts and from the way the first two teams are lining up the 1925 Vandal club promises to be even faster than the wonder team of 1924. Coach Mathews is interchanging backfield men on the line where their speed and fight will show to good advantage. "Sody" Owings and Ted Bucklin, both booked as backs, are among those who have had a taste

(Continued on page four)

## 22 MEN TURN OUT FOR CROSS COUNTRY RUN

First Call Brings Out Good Material, Promising a Successful Year

Twenty-two men answered the first call for cross-country track turnout last evening and took a few wading up jogs around the cinder oval under the pacing of Art Mathews, only returning letter-man in the distance event.

The cross-country season at Idaho will be one of the most important in the school's history with the Pacific coast conference meet scheduled here on Saturday, November 7. Besides this all-star event dual meets are being tentatively arranged with the W. S. C. varsity and freshman squads.

The squad is under the supervision of Coach R. L. Mathews, with Art Mathews in direct charge. Facilities have been arranged to handle a large number of candidates from both the freshman and upper classes of the university.

Night's workout were: Art Mathews, Clyde Adams, Clifford Morgan, Duke Pierce, Don Cleaver, Wallace Saling, Milo Davis, F. L. Jen-M. Pickett, E. W. Whitman, Norman Schutted, J. B. Biker, E. L. Thompson, Herbert Wunderluch, E. Berglund, E. Fletcher, J. Manning, Willard Lambdin, F. Lindberg, Elmer Myrene and Dick Johnson.

## DEPARTMENT MUSIC HAS STRONG COURSE

### Two New Instructors of Piano and Voice Added; Old Members Spend Summer Studying

Addition of much strength to the university music department is announced by Prof. E. Orlo Bangs, head of the department, in the employment of Miss Marya Shannon as teacher of piano and Miss Jane Peterson as instructor in voice, together with advanced study in voice, piano and violin by other members of the faculty this summer.

Miss Shannon has studied with Ernest Hutchinson, Leopold Godowsky and Joseph Lhevinne, styled by Prof. Bangs as three of the foremost pianists of the country. She holds the bachelor of music degree from the conservatory of Whitman college and has taught for three years at Whitman. For the last year she has been in New York, studying with Lhevinne under terms of a scholarship won from the Juillard foundation. She has studied four years with Hutchinson and two summers with Godowsky.

Miss Jane Peterson, instructor in voice, comes from the University of Wisconsin, where she has been teaching for the last four years. She has been a member of the Kansas City Grand Opera company and the Van Grove Grand Opera company and has been a church soloist in Chicago, Kansas City and other places.

Prof. Carl Claus, teacher of violin, has been studying this summer in Chicago, with Leon Sametini, who is Miss Jane Peterson, instructor in Chicago Music college and considered one of the finest violin instructors in the United States.

Miss Isabel Clark, has been studying in San Francisco with Stojowski, teacher of several world famous concert pianists.

Prof. David Nyvall has spent the summer in hard work on a program for a tour of piano recitals that he will give next summer in the Scan-

(Continued on page three)

### NOTICE

#### Cross-Country Candidates

All candidates for cross-country run are requested to This includes freshmen as well as other university men.

The Pacific Coast conference meet is scheduled for Moscow, and tentative meets with W. S. C. varsity and freshmen.

Report at gymnasium at once to Art Mathews or myself. Suits will be issued there.

Robert L. Mathews,  
Director of Athletics

## FROSH ELECTION

The class of 1929 will gather for the first time Wednesday night at the auditorium in the Administration building to organize it was announced Monday by Emil Strobeck, president of the student body. Tryouts for freshman yell duke will also be held at the meeting. "Brick" Elrod, yell king, stated.

Officers for the class of '29 will be elected Wednesday night as well as general organization work of the class. Mr. Strobeck will preside over the meeting until a president is chosen. All freshmen are requested to attend the meeting.

Mr. Elrod will also be at the meeting and give a short talk to the class regarding yells and songs in preparation for the first football game of the season, a week from Saturday, against the College of Idaho on MacLean field. Following the talk Mr. Elrod will hold tryouts for freshman yell duke.

## MOORE ADDRESSES OPENING ASSEMBLY

### Scholarships Awarded; Pi Beta Phi Leads Women, While Tau Kappa Iota Leads Men

Idaho, the modern land of opportunity, was presented to the University of Idaho students this morning by Governor Charles C. Moore, in an address before the opening assembly of the university year.

"Surely no other state can offer such a field for bright and enterprising youth," the governor said, "and certainly in no other state can you find more fresh air and pure water and healthful climate. The resources of this great infant state of the northwest offer almost unlimited diversity and they are now merely beginning to be exploited.

Referring to the period of study before his hearers, Governor Moore declared: "I am with you all the time and for you all the time. I and the taxpayers of the state are for the building up of the university and for the building up of but one university so far as this generation is concerned. But you must be for yourselves first. So much depends upon you young people and the respect and loyalty with which you regard your university, your state and your nation and its institutions."

Addressing the assembly before an audience of students and faculty members which utilized all available standing room in the university auditorium and overflowed into the hall outside where more than 300 tried in vain to gain entrance. An academic procession opened the program. On the platform with Governor Moore and President A. H. Upham of the university were members of the state board of education and university regents, heads of all state educational institutions, and Congressman Burton L. French. The distinguished visitors were introduced by Ethel E. Redfield, state commissioner of education as follows:

Members of the board—Huntington Taylor, Coeur d'Alene, president; Stanley Easton, Kellogg; Clency St. Clair, Idaho Falls; J. A. Lippincott, Idaho City, vice president; Elizabeth Russum, Boise, state superintendent of schools.

Institution heads—Dr. J. E. Turner, president, Lewiston state normal school; C. E. Babcock, president, Albion state normal; J. E. Rutherford, president, Idaho Technical institute, Pocatello; W. D. Vincent, superintendent Idaho Industrial school, St. Anthony; C. J. Settles, superintendent, deaf and blind school, Gooding and William Kerr, director of vocational education.

#### Scholarships Awarded

Permanent possession of the Elizabeth Kidder Lindley scholarship cup was awarded at the opening university assembly to the Pi Beta Phi sorority which last year for the third time attained the highest scholarship

(Continued on page two)

## VANDALS FACING STRONG TEAMS IN YEAR'S SCHEDULE

### Idaho Plans to Get Revenge Against U. S. C. for Loss of Last Two Years in the South

\*\*\*\*\*

#### Vandal Schedule

- ◆ Oct. 3—College of Idaho, here
- ◆ Oct. 10—U. of Oregon, Eugene
- ◆ Oct. 17—W. S. C., Pullman
- ◆ Oct. 24—Gonzaga, Spokane
- ◆ Oct. 30—U. S. C., Moscow
- ◆ Nov. 7—U. of Mont., Missoula
- ◆ Nov. 21—O. A. C., Boise
- ◆ Nov. 26—Creighton, U., Omaha
- ◆ Nebr.

\*\*\*\*\*

A scant fortnight from today Idaho's Vandals trot out on MacLean field and open the 1925 football season against the College of Idaho eleven. As usual, the Vandals face a tough schedule with the habitual hard road trips.

After the opening encounter against the Coyote eleven from Caldwell the Vandals travel for three weeks, first playing the University of Oregon at Eugene, and then trekking across the state line for the annual W. S. C. battle at Pullman.

The Vandals swept the Lemon-Yellow off their feet by a 13 to 0 score last season, and the Idaho warriors will be ready for Oregonians. The Idaho men will meet a team of veterans, however, 13 of whom are letter-men. Oregon is playing under a new coach, Dick Smith, who learned his football on the Webfoot fields in the days of the flying wedge.

The annual "big" game, W. S. C. battle, comes the following week Saturday, October 17, on the Pullman field. Idaho has turned back the Cougar onslaught for the last two seasons and is pointing again for the Washington State men. Exending has an army of material at Pullman and his team should come into its own this year, if ever.

The crafty Gonzaga eleven comes next, the Vandals playing them at Spokane, October 24. Memories of the 0-0 tie last season and such occasions as the famous "flip-of-a-coin" win by the Bulldogs are fresh in the minds of the Idaho men, and they will be out for business against the Catholic school. Gonzaga lost much including Coach Gus Dorais and Houston Stockton, but have enough veterans to mold a dangerous team.

Idaho's biggest football game in years will be October 30, when the Trojans come up from southern California to battle the Vandals. It will be the first time a California football team has ever played on MacLean field, and also Homecoming game, so the largest crowd in the history of Idaho football is expected to pack the

(Continued on page four)

## "FOAM FLOWERS" IS BEST STORY

Ruth Aspray, University Student,  
Breaks Into Print

"Foam Flowers," a short story by Ruth Muriel Aspray, a senior at the University of Idaho, has been selected for publication in this year's Stratford college anthology, "Best Short Stories," according to an announcement from the Stratford company, Boston.

Miss Aspray's work has been attracting attention of the English department for the last two years and many of her stories have been published in the university quarterly, "The Blue Bucket." She has been named editor of that publication for next year.

Miss Aspray has been active in literary and journalistic circles at the university for three years and has produced some of the best work on the campus during that time. In addition to writing for the Blue Bucket, Miss Aspray has served on the staff weekly newspaper. She is the daughter of Dr. and Mrs. Joseph Aspray, 823 Cliff Avenue, Spokane.

### THE ARGONAUT

Member of the Pacific Intercollegiate Press Association.  
Published by the Associate Students of the University of Idaho Semi-weekly.  
GORDON ROCKIDAY, Editor  
E. A. TAYLOR, Manager

Rates: Per year, \$2.00, except subscriptions outside of the United States, which are \$2.50. Subscription included in the Annual dues of \$3.00 per year. Entered at the postoffice at Moscow, Idaho, as second class matter.

#### Doesn't It Though

With the biggest enrollment up to date, with the longest list of faculty members, and with the most complete set of buildings and fixtures equipment in the history of the university, Idaho's college year, 1925-26, was officially opened yesterday morning at the special assembly in the auditorium. More than 300 students and visitors were turned away at the doors during the assembly period because the auditorium was literally filled even to its standing capacity.

More than 1550 students passed through the regular registration lines Friday and Saturday, upwards of 300 are expected to register within the next few weeks, and the total enrollment probably will reach the 2000 mark before the semester is well under way. Idaho's faculty, numbering 150 members, is larger, by far than last year. Idaho's building equipment is augmented materially by the completion of her \$400,000 new science hall.

Freshman and other new student registration is bigger than ever before, more than 650 of them taking the English entrance examination last week.

Coach Robert L. Mathews is meeting more than 65 husky varsity football candidates every day on MacLean field. The new bleachers completed this summer increase Idaho's crowd capacity by 5000, bringing the total to be accommodated by permanent bleachers to approximately 7500. This will be further increased to more than 10,000 for the U. S. C. game.

Well, as a university, press service bulletin has said recently, it certainly DOES look like a record year for Idaho.

### PREXY TURNS DOWN BIG SCHOOL OFFERS

#### Upham Withdraws Name From Lists; Refuses Salary Boost to Stay at Idaho

UNIVERSITY OF IDAHO, Moscow, Sept. 21—Rumors that Dr. A. H. Upham might leave the presidency of the University of Idaho have been set at rest by the announcement that President Upham has definitely withdrawn his name from consideration for the presidency of two state universities in which there are vacancies. Dr. Upham was considered for these positions without his solicitation.

Both positions pay a higher salary than paid at Idaho. President Upham's rejection of these possibilities is similar to action taken last year by R. L. Mathews, athletic director, when he refused several flattering offers at high salaries to stay with Idaho and help build up a new football team following the graduation of a majority of the former first team men.

The chief achievement of President Upham in his five years as president has been to unify Idaho citizens in the support of the state university. Enrollment has doubled in the five years and prospects are said to be good that the increase this year will be larger than ever. The number of faculty resignations has steadily decreased during Dr. Upham's administration.

### DOTY AND TIERNEY GET COMMISSIONS

Horace W. Doty, Jr., of Pocatello, and Michael J. Tierney, of Moscow have been awarded commissions as second lieutenants in the regular army as the result of training received in the military department of the University of Idaho. Doty was a member of last spring's graduating class and Tierney was graduated in 1924. They both took their military examinations last spring.

Their military training included four years of university work, together with summer camps at Camp Lewis.

#### NOTICE

Due to unusually large enrollment in some courses, changes have been announced in the meeting places of the following classes: Zoology 1, lecture, third period Monday and Friday has been changed from Science 110 to Ad. 102; Economics 21, American Government, sixth period on Monday and Wednesday, has been changed from Science 110 to Ad. 102; Education 3, Principles of Education, sixth period on Tuesday and Thursday, has been changed from Ad. 312 to Ad. 311; Education 9, seventh period on Monday and Friday, has been changed from Ad. 316 to Science 110; Economics 65, section 2, Gregg shorthand, has been changed from Ad. 211 to Engineering 202.

Remember the days when nobody knew what to do with a Sunday date?  
Now everyone knows!  
BLUE BUCKET INN

erate all burners simultaneously when operated at full capacity. The burners consist of gas jets, ovens and Bunsen burners.

With the new gas-making machinery which is a part of the plant, 1000 cubic feet of gas can be manufactured from each gallon of gasoline. Last year the smaller plants at the university consumed 25 barrels of gasoline, each containing 52 gallons each. Approximately 1,300,000 cubic feet of gas was consumed last school year, and it is expected that, with the additional scientific equipment installed in the new science hall, considerably more than that will be consumed this year. The plant, installed, cost approximately \$6500.

#### MORE ADDRESSES OPENING ASSEMBLY

(Continued from page one)  
average of any girls' group on the campus.

Tau Kappa Iota, local fraternity won the Burton L. French cup for men's groups, of which it will keep possession for one year. Presentations were made in person by Congressman French donor of one of the cups. A former cup given by Mr. French already had been won three years in succession by Phi Gamma Delta.

Competition for the girls' cup was especially keen since Pi Beta Phi and Kappa Alpha Theta each had won it for two years. Delta Gamma also had held it for one year. This cup was given by the wife of former President E. H. Lindley of the university.

#### Group Standings

Group standings for last year were for the girls: Pi Beta Phi, 5.204; Delta Gamma, 4.996; Gamma Phi Beta, 4.83; Kappa Alpha Theta, 4.887; Pi Sigma Rho, 4.874; Forney hall, 4.833; Kappa Kappa Gamma, 4.789; Alpha Chi Omega, 4.761; Ridenbaugh hall, 4.475.

Men's grades were: Tau Kappa Iota, 4.621; Beta Chi, 4.543; Sigma Alpha Epsilon, 4.461; Beta Theta Pi, 4.396; Sigma Chi, 4.327; Delta Chi, 4.297; Phi Delta Theta, 4.282; Phi Gamma Delta, 4.271; Kappa Sigma, 4.228; Lindley hall, 4.209; Alpha Tau Omega, 4.166; Sigma Nu, 4.165; Sigma Pi Rho, 3.947.

If your roommate doesn't buy any good magazines—keep up with your reading at  
**BLUE BUCKET INN**

### 100 YEARLINGS OUT FOR GRID TEAM

Suits have been issued to more than 100 candidates for the freshman football team and the yearlings have been swarming on the west side of MacLean field since the first day of registration.

Coach David MacMillan is in charge of the small army of frosh material and he has been sending his charges through the same paces as the varsity.

The first few workouts were devoted to the necessary preliminary work but the Babes have been divided into teams and are now buckling down to real training. Five teams were raising the dust in a real scrimmage last night.

Football stars from high school fields in all corners of the state are included in the squad, which is one of the largest in the history of first-year football.

#### ARTISTS FEATURED IN COMING COURSE

(Continued from page one)

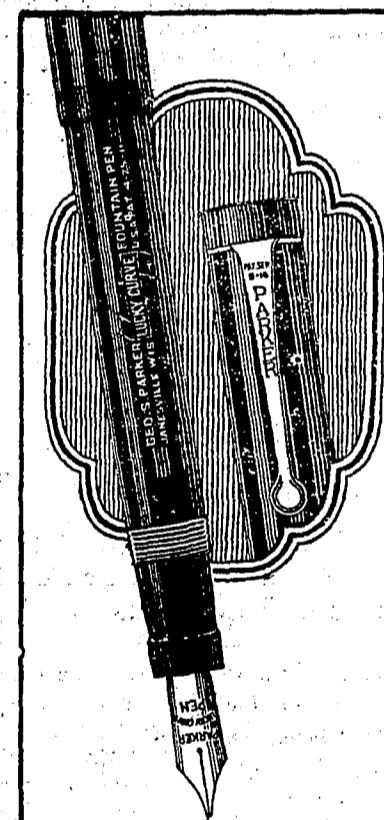

been pronounced one of the greatest pianists now living; the London String quartet, whose reviews read like a fairy tale—"unsurpassed," "like a wonderful four-fold instrument animated by one soul"; The San Carlo Grand Opera company, presenting this season the opera, "Rigoletto," by Verdi. This company needs no introduction to the American public, as it is known from coast to coast as the one legitimate grand opera company which presents on the road the best operatic talent in America.

The last number on the course will be Edith Wynne Matthison and Charles Rann Kennedy in Mr. Kennedy's play, "The Christening." Miss Matthison is best known for her work

## PREXY UPHAM AS COMPOSER

Idaho President Author of  
"Alma Mater" Songs for  
Several Colleges

"Are you dissatisfied with your job?"

"How would you like to be a university president?"

"Send today for our course in writing alma mater songs."

This idea and accompanying follow-up material is offered gratis to any up-and-coming correspondence school. It is inspired by revelation this morning of a unique distinction earned by Dr. A. H. Upham, president of the university.

Doctor Upham's career might be calendered in terms of alma mater songs. Announcement at the opening assembly here today that he is author of the words to the new Vandal loyalty hymn also discloses that this "milestone" is his third. Within the last quarter century he has written similar lyric tributes to Miami (Ohio) university and to Utah Agricultural college. Both schools still are using his compositions for their "Alma Mater" songs.

Doctor Upham gained entrance to this exclusive circle of composers while a student at Miami. He was on the faculty of the Utah institution when his talents were called into use there. Now, as a university president, he shatters all existing records by scoring a third "success." The responsibilities and exacting duties of the presidency of a rapidly growing university apparently have not dimmed his song writing ability. The new song has already attained to great popularity with the Vandal student body.

Pleasant and courteous service—always at the **IDAHO BARBER SHOP.**

### DEPARTMENT OF MUSIC HAS STRONG COURSE

dinavian countries.

Miss Maude Garnett, instructor in public school music, has been teaching in the twelve weeks' summer session of the Western State Normal college at Gunnison, Colorado.

Prof. Bangs has been studying with Percy Rector Stephens, among whose pupils are Althouse, Werrenrath, and other nationally known singers.

### STRONG LINE-UPS SHOW IN COAST TEAMS THIS YEAR

(Continued from page one)  
"Tiny" Thornhill.

Except for Gene Shields, who yet is

undecided whether he will return to school, every regular on the University of Oregon squad turned out for the first practice. If Shields returns it will give the Lemon-Yellow 13 regulars of the 1924 team, including Carl Johnson, center; Jack Bliss and Ken Bailey, guards; Al Sipclair, Bert Kerns and Bert Gooding, tackles; Sherman Smith and Captain Bob Mautz, ends; Louis Anderson, quarter; George Minnaugh and Otto Vitus, halves; and Lynn Jones, fullback. Dick Smith, new Oregon coach, is installing a different system and has secured Dr. Wilson Stegeman, who played two years under Alonzo Stagg at the University of Chicago, as assistant line coach. Two more freshman coaches are going to be appointed to help out Spike Leslie, yearling inceptor.

At Corvallis the initial workout brought 14 lettermen and 23 others ready to do battle for first-string positions. The only man not back is Tebb, star end and punter, and his loss is far out-balanced by the return of Balcom and Wernmark, centers; J. Dixon, Dickerson, and Olmstead, tackles; Richert, guard; Ward and Denman, ends; Bell, Schulmerich, Grider and Quinn, halves; Edwards, quarter, and Snider full.

"The squad today is 25 per cent stronger than at any time last season," said Paul Schissler, the Aggie coach, after the opening practice.

California, annual champion of the coast conference, is also favored by the god of returning athletes. Their only loss is "Babe" Horrell, all-American center. At the first practice Coach Andy Smith, by putting Blaze in Horrell's place, made his first eleven identical with the team that lined up against Pennsylvania on New Year's day. The Golden Bear mentor says he is going to have two teams of equal strength, both better than the 1924 eleven, but not as good as the "wonder teams" of '21 and '22.

The University of Washington reports big initial turnouts and first scrimmage between four teams on Saturday. Bagshaw loses some of his line but his backfield holds over al-

most intact, including Captain Teague, fullback, and George Wilson, choice for all-American half.

Practice opened at Gonzaga university with 25 men working out, of whom 13 were letter men. Coach "Clipper" Smith fits smoothly into Gus Dorais' shoes, and has brilliant prospects, despite the loss of the great Huston Stockton. Backfield veterans are Ingram, Bros, Hunton, Jones and Lynch. Ray Flaherty, end, may be drawn into the backfield to replace Stockton throwing forward passes. Other returning linemen are Dusault, center; Helsing and McCormick, guards; Cyre, tackle and Fraser and Doug Gray, ends. Two flashy California prep school stars are also rumored as having been imported to strengthen the Irish eleven. The Bulldogs should line up formidably with these additions because they are not hampered by freshman rulings.

Across the state line at Pullman the outlook is the brightest in years from a material standpoint. Forty-six checked in for the initial workout, 14 of whom were numeral men from past Cougar teams. Among the letter men are "Goo" Martin, quarter and punter; Bervin and Marker, ends; Sweet, Waldorf, Koenig and Tryggvi, backs; Kramer, Mitchell and Hanson, tackles; Ahiskog, guard and Crow, center. Coach A. A. Exendine's worst worry is said to be the right selection for varsity positions from the material that surrounds him.

Montana reports 13 returning veterans from their none-too-strong team of 1924. Several husky reinforcements were at hand though from the freshman squad, who may bolster the light Grizzlie line. Regulars back are Plummer, center; Hansen, Cogswell, Martinsen and Axtell, guards; Meaguer, tackle; Dahlberg, Bovel and Thompson, ends; and Illman,

Of course you want to give that big dance at the BLUE BUCKET. The date book is open and somebody is going to be disappointed because they spoke too late.  
**ARE YOU?**

Shugne, Sweet and Kelly in the backfield. Coach Clarke is depending on this backfield to sweep his team out of the cellar position they occupied last fall.

The only business house in town that welcomes a student who has nothing to spend but time.

### KOOSKIA SCHOOLS TAKE IDAHO GRABS

#### Seven of Eight Teachers Employed are from University; Supr. Former Student

KOOSKIA, IDAHO, September 22.—Seven of the eight teachers in the Kooskia public schools are graduates or former students of the University of Idaho. The superintendent is Lloyd A. Fenn, who was graduated in the class of 1911, and the remaining three high school teachers are Miss Eugenia Alford of Lewiston, Miss Lillian Groves of Sandpoint and Eugene Serenbrennikov of Rubeta, all members of last spring's graduating class at the university.

Grade teachers are Miss Helene Haller of St. Maries, Miss Mabel Elcher of Kendrick and Grace Hagen students, and Miss Florence Corder, graduate of Lewiston State normal.

"The high school is an accredited institution, graduates of which are entitled to admission to the university upon presentation of their diplomas," says an editorial in the Kooskia Mountaineer, "it must be kept worthy of this honorable position in Idaho's educational system."

Following the maxim, "A healthy body for a healthy mind," the Kooskia schools encourage athletics to thoroughness in scholastic work.

Because a large percentage of Kooskia's high school students come from surrounding farming communities, it is the purpose to initiate at the coming term the regular four year course in agriculture provided for in the authorized high school curriculum, the first year work being animal husbandry. This is an entirely new departure and is taken with a view to adapting the school to the needs of the chief industry of the region from which its students are drawn.

Steps are being taken to assure systematic instruction in music with special reference to orchestral work and the development of a first class school band and orchestra. Students in the English classes will have special work at stated intervals in the presentation of school plays and other public appearances.

Try Bob's Chili, 25c a bowl full at The Varsity.

### BUREAU ISSUES MINE BULLETINS

Study of Flotation Concentration Taken up in Publications

Two publications which in the opinion of Dr. Francis A. Thomson, dean of the school of mines at the University of Idaho, represent the most up-to-date and authoritative study of flotation concentration issued for several years, have just been released from the office of the United States bureau of mines, Washington, D. C. The author is A. W. Fahrenwald, ore dressing engineer for the United States bureau at Moscow.

Pleasant and courteous service—always at the IDAHO BARBER SHOP.

### IDAHO GIRL TEACHES IN ALASKA

Dorothy Walker, daughter of Mr. and Mrs. J. W. Walker, of Wallace, has accepted a position as history, Latin and English instructor in the Douglas, Alaska, high school. Miss Walker is a senior at the University of Idaho and was registered in the college of letters and sciences, studying for a bachelor of arts degree.

Douglas is in lower Alaska, across the bay from Juneau.

### VANDALS FACING STRONG TEAMS

Continued from page one

bleachers. The athletic department has been preparing for the game during

all the summer months, and a special train has been arranged to bring south Idaho fans.

The Vandals are out to seek revenge from U.S.C. and they are seeking it hard. For two years Idaho has gone down to Los Angeles late in the fall, from freezing weather at Moscow to play U.S.C. under a hot California sun with the mercury up above the 90-degree mark. Mathews' men were literally wilted by the unaccustomed heat and the Trojans won both years by narrow margins. With favorable playing conditions Idaho will be waiting for retaliation against the Trojans.

The Vandals rest the following week then go to Missoula, November 7, to battle the University of Montana. The Grizzlies have been a choice morsel of bear meat for the Idaho men in past years and should be comparatively easy for Matty's crew. Clarke, Montana mentor, has a fast backfield from last year but will have to rebuild a weak line.

After Montana game, Idaho goes south for the annual game at Boise against the Oregon Aggies, Nov. 21. The Vandals have trimmed the Aggies for the past two seasons completely baffling them with a brilliant overhead and running attack. The Oregon team has 14 lettermen as a nucleus for its eleven and a backfield which Aggie boosters claim to be the fastest on the coast.

From Boise the Vandals make their first invasion of eastern football fields by finishing the season against Creighton university at Omaha on Thanksgiving day. Last season Creighton lost the North Central championship by 3 points and distinguished themselves by a 21 to 7 victory over Marquette, a team that had won twenty-one successive games and two weeks before had defeated the Navy.

Pleasant and courteous service—always at the IDAHO BARBER SHOP.

### REGISTRATION SHOWS INCREASE

Business School Leads in Enrollment With Education Second

The two days of registration Friday and Saturday showed nearly 1600 students enrolled, an increase of about 300 over the two days of registration last year, according to reports from the registrar's office. More than 400 additional students are expected through late registration as there were

about that number last year. Actual enrollment this year is expected to reach the 2000 mark, an increase of more than 25 per cent.

Distribution of the beginners among the various colleges and schools is more widespread than in former years, increases being especially marked in the college of agriculture and the college of engineering. Exact figures are not yet available but the business school has the largest enrollment with the education school second.

### IDAHO RECEIVES HONORARY GREEK LETTER CHARTER

(Continued from page one)

esteem and confidence of the public. Election to Phi Beta Kappa is based not on numbers or income or publicity but on the assurance in the minds of other chapters that the standards of scholarship and facilities for study are of the very best.

"In obtaining the charter," said Dr. Miller, "we have had the recommendation of the western district and the strong support of the presiding chapter at the University of California, and have been especially helped by the strong official endorsement of Phi Beta Kappa alumni who make up the Inland Empire Phi Beta Kappa association."

Only students of the highest scholarship are elected to Phi Beta Kappa, which has resulted in the fact that a large proportion of college men who achieve fame are members of the fraternity. It is stated that most of the presidents and vice presidents of the United States who have been college men have been Phi Beta Kappa members.

Of the first 29 names in the national hall of fame, 13 were Phi Beta Kappa members, as follows: John Marshall, James Kent, Eli Whitney, Joseph Story, Daniel Webster, Samuel F. B. Morse, Ralph Waldo Emerson, Henry W. Longfellow, Nathaniel Hawthorne, Horace Mann, Washington Irving, Asa Gray, and Henry Ward Beecher.

## That's Our Policy and Your Safeguard!

### Style Rules Coats Here! Supreme Quality and Value, Too!

The first requisite of a Winter Coat is—"Is this stylish?" If it isn't, our buyers don't consider it. Next, they ask, "Is the quality good?" If that passes, they then demand that the price be reasonable.

When you buy a Coat here, you get those three necessary characteristics, Style, Quality, and Value!

Our styles this Fall emphasize the flare and fur trimming. The rich dyed furs have predominated. When you examine the less noticeable features of our coats—the linings, stitchings, buttons, etc., you will find them all eminently satisfactory.

Look here for your new Winter Coat! Priced,

**\$14.75 to \$39.75**

#### The Only Difference Is Important!

A merchant in New York, who, like ourselves, does not believe that so-called "sales" safeguard the interests of the public, says that "the only difference, in our opinion, between an ordinary every-day hold-up and a reduction sale is, that in the first you pull a gun on a stranger whereas in the second you pull it on a friend."

"What a store loses in a sale," this merchant says, "is paid for by the excessive prices charged regular patrons. We simply don't do business that way."

Nor do we!

### WEAVER RECEIVES JOB IN FLORIDA

Placed in Charge of Million Dollar Building Program in South

Professor Rudolph Weaver, former university architect and head of the department of architecture at the University of Idaho, has accepted an important and highly remunerative position in Florida, according to announcement from the office of President A. H. Upham. The state of Florida has just entered upon a million-dollar building program at its four educational institutions; the University at Gainesville, the State College for women at Tallahassee, the School for the Blind at St. Augustine and the colored school at Tallahassee. Professor Weaver will become advising architect for the board of control which directs these four institutions and will also create and head a new department of architecture at the state university.

Professor Weaver came to Idaho two years ago from Washington State College, where he had been years and had developed an excellent department. The new Science hall is his design and he has made preliminary sketches for the proposed Memorial building and other construction work about the campus in addition to developing an artistic plan of the university campus looking to many years of growth. The department he instituted at Idaho has grown with great rapidity and now includes many talented students. Mrs. Weaver, who is an accomplished pianist, has for the past year been a member of the music department of the university.

Arrangements have been made to carry on all classes in the department without interruption, and immediate steps have been taken to secure a thoroughly competent man to head the department and assume the duties of university architect. "We all greatly regret the loss of Professor and Mrs. Weaver," said President Upham, in commenting on the resignation. "In the short time he has been with Idaho he has made a distinct contribution which will endure and have influence when all of us are gone. The beautiful lines and coloring of the Science hall have established a standard of campus architecture for many years to come. It is a great regret that Professor Weaver cannot remain to direct further development of the university, but the proposition he has received from Florida is such that he cannot afford to ignore it."

Try Bob's Chili, 25c a bowl at The Varsity.

**ANNOUNCEMENT**  
Examinations for the removal of all completes and conditions in all courses in the department of economics will be given on Friday afternoon, October 2, in room 221 administration building, according to Dean H. ### "SYB" KLEFFNER TO COACH H. S. ATHLETICS

Sylvester Kleffner of Twin Falls, a graduate of the University of Idaho with the class of 1925 has been named athletic director at Rupert high school for next year; it has been announced by Supt. Ira Tweedy, of the Rupert Schools. Superintendent Tweedy also is an Idaho alumnus. Mr. Kleffner was unusually active on the Idaho campus in his undergraduate days and won an enviable record in baseball and football.

"Syb", as he was known at Idaho, played halfback on the varsity eleven for three years. He was known in coast football as one of the hardest driving backs in either the Northwest or the Pacific Coast conference. Kleffner played his most brilliant season in his senior year at Idaho. His greatest game, perhaps, was Idaho won this game. Kleffner, who ploughed through the line and recovered "Syb" won his "I" for three years as a baseball player on the Vandal squad. He was equally good at second base, where he played during his last season. Kleffner was one of the most dependable hitters on the squad.

His other activities at the University included the presidency of the "I" club in his senior year; membership on the Gem of the Mountains staff in his junior year; participation in the Pep band show in his freshman and sophomore years and the stuntfest in his sophomore and junior years. He holds a second lieutenant's commission in the regular army reserves.

### ABE GOFF MADE MENTOR MOSCOW HIGH SCHOOL

Abe Goff, graduate of the University of Idaho in 1924, has been selected as football coach for the Moscow high school, it was announced Tuesday afternoon by F. G. Gale principal. Mr. Goff was a three-year letter man on the Idaho football team, holding down the center position. He took over his duties as coach Tuesday afternoon.

Mr. Goff was graduated from the law school at the university and since that time has been serving as assistant prosecuting attorney for Latah county. During his stay at the university Goff took an active part in dramatics.

He will have charge of football only at the high school, Mr. Gale said, and a basketball coach will be selected at a later date. Goff is taking the position left vacant by the resignation of Ben Comrada as coach this fall.

**KNIGHTS, NOTICE**

### J. E. RETHERFORD NAMED HEAD OF POCATELLO TECH

State Board of Education Holds Meeting Here Sunday and Monday to Select President of Institute

J. E. Retherford was named president of the Idaho Technical Institute at Pocatello by the state board of education at a session Sunday afternoon here. Mr. Retherford has been acting head of the institute since the resignation of C. R. Fraxter in June, and has been connected with the school for 18 years. The board continued its meeting Monday and attended the opening assembly of the university.

During his 18 years at the Tech Mr. Retherford has acted in the capacities of professor of history and social science, later named head of the department had also head of the Tech faculty. He served as registrar for a number of years. Mr. Retherford obtained his A. B. degree at the Indiana State university and completed his work for his master's degree at the University of Chicago. He took up advance study at Cornell university.

Monday morning Mr. Retherford, along with heads of all the educational institutions in the state, met with the state board of education. Routine matters were taken up at the meeting, which was informal. At 10 o'clock the session was adjourned until afternoon to attend the opening assembly of the university. The board met again in the afternoon to take up routine business.

**Board Members**  
Members of the board who were present at the conference were Huntington Taylor, Coeur d'Alene, president; Stanly Easton, Kellogg; Clency St. Clair, Idaho Falls; J. A. Lippincott, Idaho City, vice president; Elizabeth Russum, Boise, state superintendent, and Miss Ethel E. Redfield, state commissioner.

Heads of institutions in the state who were at the university Monday were as follows: Dr. A. H. Upham, University of Idaho; Dr. J. E. Turner, president Lewiston normal; J. E.

Retherford, president Idaho Tech; W. D. Vincent, superintendent Idaho industrial school, St. Anthony; C. V. Settles, superintendent deaf and blind school, Gooding and William Rarr, director of vocational education.
