Teams Had to Pay for Hotel and Meals While at

Boise

(BY LES ROBINSON) There is a little aftermath in the north, the panhandle especially, to the state basketball tournament, which this year was held for the first time in the south. Sandpoint, it seems, had considerable criticism for the manner in which the Boise meet was conducted, and for the refereeing in particular. As a paying proposition the Boise effort was a dismal failure, the receipts being \$1200, whereas at Moscow the receipts run around \$1500 to \$1800. The seven outside teams were required to pay all of their hotel and meals expenses, something that is taken care of by

the fraternities when the tourney is held at Moscow. This is considerable of an item to be added to the heavy transportation expenses. Boise, it seems, is not a good bas-

ketball town and any number of other places could have held the meet with much greater success, The district tourny at Buhl, it is understood, netted around \$3500. Receipts

the south worth while. As it was, with hotel expenses to pay, the southern teams had to spend just as much as if the meet had been held in the north and the idea in changing was to reduce the cost to south Idaho representatives. Nampa and Boise were the only teams whose expenses were low. Sandpoint was out around \$800; it cost Lewiston more than \$600; Salmon City spent about \$750; Sugar City about \$600; and Pocatello \$500. After expenses were paid there was not more than \$800 left to pay these always \$1200 to \$1500 to distribute for room does not cost the teams a cent.

their place. Modern manner of dress has made sheer, chic lingerie-a necessity. It is as narrow as a line and brief as a boyish bob. Transparency is no longer shocking and bulkiness is absolutely taboo. Petticoats are laid away with red, woollen undershirts, although sa occasional lace-trimmed slip, begining well under the shoulders and ending just above the knees,

may be an addition to chiffons. Art is slashing into traditions of lingerie into such orthodox things as elastic, extra folds, and fullnesses. Instead of elastic at the waist, adjustable buttons on a very narrow band may be used. First class madeto-order undergarments are miracles of cutting. They are cut to fit the body, sometimes with the same lines
