GUS BJORK HEADS ENGINEERS' GROUP

Program of Projects Outlined for Next Year; Funfest Planned

Gus Bjork was chosen president of the Associated Engineers at the annual election held last week. H. A. was elected vice president and C. H. Larson, secretary-treasurer.

Jess Buchanan was reelected editor of the Idaho Engineer and Gus Bjork was reelected business manager.

A full program of proposed projects for next year was outlined at the meeting. The primary project is the 1927 Engineer's Day, a feature which was established as a semi-annual tradition last year and has already attracted wide attention in western college and engineering circles.

Two other big entertainment features will be sponsored by the engineers next year, and all-college smoker and the big all-college dance.

The Associated Engineers sponsor the Idaho Engineer, a technical publication started in 1921. The number of issues has increased from two this year to four for 1927, and the circulation has jumped from a few hundred to 1,500. The publication is now entirely self supporting, through the sale of advertising space and subscriptions.

The Engineer staff plans to seek admission as a member of the Engineering College Magazine association. Such an admittance will be a further recognition for the Associate Engineers, who have already been recognized by several national technical societies.

GRIZZLY SLUGGERS CRUSHED TWICE AT HANDS OF VANDALS

11-2, 7-4 Victories on Friday Gave Idaho Lead in Division Standing

BATTLE IN BLIZZARD

Montana Threatens by Four Runs in Eighth Inning Second Game

Idaho's Vandals took the lead in the division standings last week-end when they whipped the Montana Grizzlies, 11-2 and 7-4, in the final games of the northern road trip. Brilliant work by the pitching staff and heavy slugging were features of the Vandal wins.

Two outfield errors were all that prevented "Friday" Fields from hurling a shutout game in the opening encounter. Fields was given credit for allowing only 3 safeties on the score sheets and had the Grizzles batters biting the dust at all times.

Howerton Receives Injury The Vandals drove O'Connor, Montana hurler, to the showers after pounding out 14 hits. Vic Cameron led the slaughter with 2 three base hits and a single. Pat Howerton, regular catcher, kept in the path of the hard luck which has been dogging him all season, when he received another injury to his hand and was forced out of the game.

Big "Lier" Erickson pitched his name into the headlines for the second time during the week in Friday's 7-5 win, leading his teammates with stellar work both on the pitching mound and in the box. Erickson allowed the Montanans six sparse hits, struck out 13 men, and pounded out hits himself which brought Idaho runs.

Idaho Takes Early Lead Idaho took the lead in the first inning, scoring on two perfectly executed squeeze plays. Montana made a serious thrust in the last of the eighth, scoring 4 runs in what threatened to be a serious rally. Wintry weather gave a football touch to the game, with wind, rain and hail all during the battle and a blizzard of snow in the fifth inning.

The batteries: First game: Fields and Howerton, Sullivan; O'Connor and Kelley. Second game: Erickson and Sullivan; Brown and Kelley.

VANDALS TO PLAY MONTANANS TWICE

Frosh Will Also Tangle with Cougar Kittens on Saturday

Idaho has a full baseball calendar for this week-end, with two varsity games between the Vandals and Montana and a frosh contest with the Washington State college freshmen, all on the home field.

The Vandals will be trying to keep their position at the front of the division teams in the return series with the Montana Grizzlies. The Vandals played fine ball against the colorful Montanans at Missoula last week-end, drubbing them decisively, 11-2 and 7-4. Several days of rest to wear off the effects of the arduous road trip and the return of baseball weather will give the Vandals a good chance to repeat the trick. Friday's varsity game will start at 4 o'clock, immediately after the interscholastic track meet, and Saturday's at 3 o'clock.

Dusty Kline's frosh players tangle with the Cougar Kittens Saturday morning, at 10 o'clock. The Vandal Cubs will blossom out in new uniforms for the battle, having just received an outfit of red and white suits.

"I" CLUB DANCE WILL CLIMAX CAMPUS DAY

High School State Track Meet Contestants Will Be Honor Guests

An all-college dance will be given Thursday night at 8 o'clock, by the "I" club, in the gymnasium. The dance will be an added attraction to the campus day program, and the high school track meet contestants will be honor guests.

The pep band ten piece orchestra will furnish the music, and the floors will be worked into good shape for dancing. Mr. Stephens, president of the "I" club, says he hopes the coming Thursday will bring with it a balmy evening, so everything will be complete in the way of atmosphere to inspire dance lovers.

RUSHING SYSTEM REVISED; GREEKS OKEY NEW RULES

Rules Modeled After Those From Other Pacific Coast Colleges

IN EFFECT THIS FALL

Penalty Attached to Violators; Each House Submits \$50 Bond

A new set of rushing rules, designed to eliminate faults in the system previously used and based on systems used in other Pacific coast colleges, has been adopted by the Idaho Inter-Fraternity Council. The new rules are designed to prevent pre-registration pledging and there is a penalty attached to violations of the rules. They will be effective next fall.

A committee from the council has been investigating systems in use in other schools for several months and the present rules were formulated after several months of deliberation, according to Fisher Ellsworth, president of the council.

The rules as adopted follow: 1. Each house shall submit a signed check for \$50 to be held as a bond in case a fine is levied. In such a case, the house shall pay the fine and the Inter-Fraternity Council shall keep \$50 bond in reserve. These bonds shall be placed with the Bursar for safe keeping.

2. No man shall be pledged who is not registered in the University. 3. Until three days before fall registration no house shall start its dining table, have smokers, dances or in any way as a group entertain rushees.

4. Pledge pins shall be worn where visible. 5. No fraternity shall attempt to restrain any rushee from visiting another house; nor shall it give erroneous information as to the whereabouts of such rushee.

6. Each fraternity shall, in case a pledge is broken, notify the president of the Inter-Fraternity Council within ten days, the president in turn shall notify all groups. No man shall repledge for a period of 90 days after pledge is broken.

7. Any group found guilty of lifting a pledge pin of another group shall forfeit the right to initiate the party concerned. 8. The Inter-Fraternity Council shall act as a court and each group shall have one vote. Two thirds majority shall decide the case, the vote being taken by secret ballot.

The court shall consist of: president, to act as judge; senior members to act as jury. In case the house of the president is involved, the vice-president shall take the chair, and so on down the line until an impartial judge is had.

SILVER LANCE WILL "TAP" CANDIDATES

Senior Honorary Will Inaugurate New System of Selecting Pledges

"Tap Day", famous Yale ceremonial occasion for the pledging of men to upperclass honorary fraternities, will be inaugurated at Idaho as an annual event on campus day with the adoption of certain changes in the pledging ceremonies of Silver Lance, senior men's honorary society.

Shortly before the campus day pageant, "Maying", members of Silver Lance will circulate through the crowd on the campus and "tap" their prospective pledges. The process of "tapping", as it is customarily done in eastern colleges, involves lightly slapping the chosen man on the back and sending him to the place where the official pledging is done.

Silver Lance selects its pledges from among members of the incoming senior class upon a basis of scholarship, character and campus activity. These prospective pledges will be "tapped" from among the crowd at the campus day pageant. They will be sent to the center of the open-air stage where will take place the short ceremony of presenting the silver lances. Then Thursday evening Silver Lance will be host to its pledges at a formal banquet at the Blue Bucket.

Changes in the pledging plans of Silver Lance followed a short discussion of the proposed changes with members of Mortar Board, senior women's society, at a dinner given recently by the men for the women. Mortar Board members are in charge of campus day exercises and they have expressed approval of the new system.

Confidential: For Seniors Only

Believing that many constructive ideas have been brewing in the minds of many seniors during their last year in college, The Argonaut invites them to write a few of them for each issue. Especially interesting: What course do you feel has been the most helpful to you and why? What good do you think your college training has done you? Do you think you would be as well off if you had never gone to college? What do you think of compulsory military training? What do you think of the attendance rules here? What changes would you suggest? Do you think the language requirement in the college of letters and science is beneficial? What is your opinion on the fraternity versus non-fraternity feeling here? Do you think Idaho has offered what it should have? What additions or changes would you suggest?

The only rules which will govern acceptance of such opinions will be that they must be sincerely constructive. The editor must have the name of the writer but only the initials will be printed. Now is your chance to knock or boost. All contributions should be placed in The Argonaut box under the bulletin board in the Ad building hall. Your ideas will be eagerly awaited by faculty and students alike. Do your stuff that others may profit by your four years of experience.

And Besides, The Ground Is Wet

Some accommodation should be provided for Idaho baseball followers who are forced to sit on the ground during contests. Comparatively large crowds have been turning out for games this year and have been forced to find whatever perch they could on the embankments at the side and to the rear of the field.

In past years little interest has been evinced by students in the doing of the baseball teams. It is entirely probable that a lack of seating accommodations has been responsible for this indifference.

It seems that as long as the students have shown they are interested in the team, some effort should be made to hold that interest. Perhaps temporary bleachers, similar to those used at football contests could be erected, or better still, permanent frame stands could be constructed.

It is unfortunate that support of a conference team in a major sport should be thus handicapped.

The Yale Daily News comments on a situation general in all colleges as follows:

"There is talk of making Yale safe for study by restricting the extra-curriculum. As if the curriculum itself were not the real menace to study. . . ! As if the student . . . did not educate himself in spite of his courses, his lectures, and four out of five of his professors! As if the present system of classes were designed for anyone save the men who came here intending not to study!"

For the curriculum is essentially monitory, not educational. As so many recruits, we report every hour of the morning at a new class. We dissipate our evenings in mechanical preparation of assignments. We read John Donne in doses of ten poems and study Faraday's magnetism in three two-hour periods a week. To actually study Donne I imagine one must read him for hours; one must think in terms of Donne for perhaps a day, perhaps a week, perhaps six months. And then one might know something of the most amazing poet in the language. . . But he ought to be able to study each of his subjects for a whole or a half day before passing to the next."

The Safety Valve

Because of the shortage of tennis courts on the Idaho campus, tennis playing for interested students is difficult as the situation is. The present system of "set-rule" playing only adds to the impediment of any large number playing because of a number of "court-hogs." These players are the ones who, on the arrival of players on the court they are occupying, persist that they have "just played one game." Certain sheiks who play doubles with co-eds also jump at the advantage of "let the girls play" and monopolize a court for an entire afternoon.

A remedy for the tennis problem depends a great deal on sportsmanship and consideration for the other fellow. Idaho's reputation for being good sports is getting many a jolt on the courts because of the "chosen few" and the antidote lies in the moral "Do as you would be done by."
Horace N. Parker.

Fashion Hints

Ears have been hidden and slighted for a long time, but they seem to be coming into their own at last. Far from feeling embarrassed when told that her ear is showing, the modern girl brazenly discloses it. The truth concerning the traditional "shell-pink ear" will probably be known soon and it is to be feared from present evidence that the truth will be disappointing. Like other things there are ears and ears, and our only hope is that young ladies, if they must show them, do not possess ears of the "canliflower" variety.
The big objection to boyish bobs seem to be boys. Girls don trousers

on occasions, and the fellows approve, but the majority of them draw the line at the boyish haircut. That girls are encroaching on their masculine rights and are not feminine enough are their main arguments. It is true that if girls continue encroaching, it will be difficult to tell whether one is a boy or a girl. We may be forced to say, on being introduced, "Pardon me, I did not understand. Did you say Miss or Mr.?"
Femine, rather than masculine types, wear the boyish cut most successfully. Distinctive types may dare to get the extreme "Ponjola", but the semi-boyish cut with at least a pretense of hair in front is most popular.

UNPOPULAR OPINION

Blaine Stubblefield

Now the mutual-admiration-societies are going to let us know who the superior individuals are. We can depend on their judgment for they are of the same clan that selected itself to begin with. If personal excellence has to be branded before a mob in order to be recognized—why, let's brand it.

District Elimination Records Good Despite Cold and Soggy Fields

State records are expected to tumble and fast times clocked in the state interscholastic meet here Friday afternoon. The records in the elimination meets Saturday were fast, despite soggy tracks in the north.

Griffith of Burley set a new 880-yard record at the all-southern meet when he clipped three-fifths of a second off the 110 time, running it in 2:8. Demers of Sandpoint set a new state mark of 118 feet, 2 inches, in the discus at Coeur d'Alene.

C. Toone of Gooding, speedy dash man, tied the state record of 5.2 in the 50 yard dash and the Boise half mile relay team tied the fast 1:35.6 mark set last year by the Rupert relay men.

Lewiston, Kellogg, Sandpoint and Boise, because of well balanced teams, and Gooding, because of Toone the sprinter, are the apparent campus favorites among the 25 teams entered in the meet. Lewiston, Kellogg and Boise all won their district meets by good sized margins.

State records are not recognized unless they are made at the interscholastic meet. The present marks and the date they were made are:

- 50-yard dash—Brody, Pocatello, 5 2-10, 1925.
- 100-yard dash—Timm, Twin Falls, 9 9-10, 1925.
- 220-yard dash—Doe, Burley, 1922 and Long, Rupert, 1924, 22 seconds flat.
- 440 dash—Casebolt, Genesee, 52

seconds flat, 1920.

880 dash—Conner, Coeur d'Alene, 2:3 6-10.

Mile run—Cleaver, Caldwell, 4:37 3-10, 1924.

High hurdles—Alford, Twin Falls, 16.3, 1925.

Low hurdles—Alford, Twin Falls, 25 6-10, 1925.

Shot put—Eckholm, Sandpoint, 46 feet 11, 3-4 inches, 1924.

Discus—Burgher, Rupert, 116 feet, 1925.

High jump—Kyle, Kooskia, 5 feet

- 9 1-2 inches, 1923.
- Javelin—Demers, Sandpoint, 139 feet 4 1-2 inches, 1925.
- Pole vault—Chaney, Caldwell, and Pagaoga, Boise, 11 feet 6 inches.
- Broad jump—Doe, Burley, 22 feet 5 inches, 1924.
- Ellen Okerstrom and Laura Mavis spent last week-end in Coeur d'Alene.

Florence Urie, president of the W. S. C. Cosmopolitan club, Prof. Delfin Raynaldo, and Dr. H. J. Troimanhauser, faculty advisor of the club, gave talks.

Schuman Named President. Following the banquet a business meeting was held at which officers were elected. MONTANA DEFEATS IDAHO TRACKSTERS

Both Teams Lose Sprint Stars Before Meet; Cold Raises Records

Montana's flying track men sped through a blast of wind, rain and sleet to a 89-41 victory over the Idaho Vandals Saturday at Missoula. Both teams ran without their star sprinters, Sweet of Montana and Perrins of Idaho, being withdrawn from all events, with injured leg muscles.

Pickett, Idaho's slim weight thrower, won first place in the discus and the high jump and John Wagner took first in the broad jump. Pickett was second high point man of the meet, scoring 16 to 19 for Coyle, Montana's fleet substitute sprinter.

The Summary

Mile run—Gillette, Montana, first; Cleaver, Idaho, second; K. Davis, Montana, third. Time, 4:26.4.

100-yard dash—Coyle, Montana, first; Strak, Montana, second; Thompson, Idaho, third. Time, :10.1.

440-yard dash—Adams, stark and R. Davys, Montana, tied for first. Time, :52.

High hurdles—Spaulding, Montana, first; Hueffner, Idaho, second; Griffith, Idaho, third. Time, :15.8.

Two-mile run—Williams, Montana, first; Martin, Montana, second; no third. Time, 19:01.

Half-mile run—E. Blumenthal, Montana, first; Gehrke, Idaho, second; Tysel, Montana, third. Time, 2:02.4.

220-yard dash—Coyle, Montana, first; Stark, Montana, second; Thompson, Idaho, third. Time, :22.5.

High jump—Pickett, Idaho, 5 feet 8 inches, first; Rule, Montana, 5 feet 7 inches, second; Kyle and Wagner, Idaho, tied for third, 5 feet 5 inches.

Broad jump—Wagner, Idaho, 21 ft. 10 1/2 inches, first; McKennan, Montana, second; Rule, Montana, third.

Shot put—A. Blumenthal, Montana, 41 ft. 7 1/2 inches, first; Pickett, Idaho, second; Harris, Idaho, third.

Discus throw—Pickett, Idaho, 134 feet 9 1/2 inches, first; Blumenthal, Montana, second; Harris, Idaho, third.

Javelin throw—Bessey, Montana, 175 feet 1 inch, first; Pickett, Idaho, second; Pearce, Montana, third.

Falls at Start

A jumbled start in the high hurdles probably prevented Idaho from taking a first in that event. Mitchell, star high stick man of the Vandal squad, failed to get set after several breaks and was hopelessly "frozen" on the gun. Later, in a special exhibition race he defeated Spaulding, the Montana winner, by five yards.

Caech Philbrook is not entering a team in the Pacific coast conference meet this week and will rest his cinder men until the final meet with W. S. C. at Moscow on May 22.

When Prof. Plato

was teaching his famous philosophy course back in the halcyon days of Hellas, with Aristotle for a bright Sophomore, the chances are the students wore their classic draperies in a distinctly college style.

And from then on, probably, to the days of trunk hose and the time trousers came in, and ever since, college men have worn clothes that differed from those of the mere laity.

As much as ever nowadays! There's an air about today's college style that's unmistakable. But it has to be exactly right or it's all wrong.

It takes a college man (or a clever clothier) to detect the important differences. And Zeus defend the clothier who tries to purvey to his collegiate patrons any but the right thing!

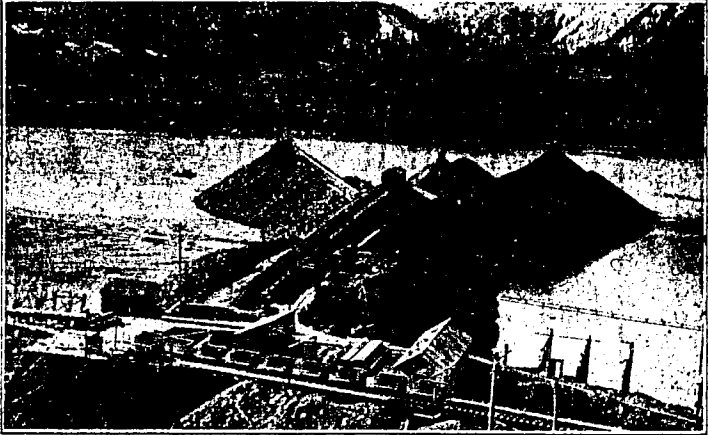

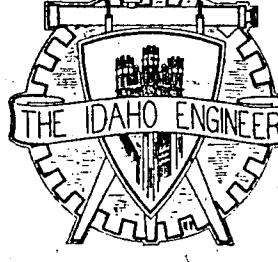

We've been very fortunate that way ourselves. We have the right clothes and college men recognize them as precisely the sort they want to wear. Clothes made strictly for college by Fashion Park and Kuppenheimer. Drop in and see them when you're picking our your new draperies.
