TWENTY-TWO MEN
NAMED FOR 1926
FROSH NUMERALS

Coach Syb Kleffner An-
nounces Yearlings Who
Won Recognition

HAD GOOD SEASON
Four Out of Six Games An-
nexed By Babes During
Season

Twenty-two frosh pigskin tossers
have been recommended by Coach
Syb Kleffner to receive freshman nu-
merals, it was announced Thursday.
Looking over the record of the past
season it is found that the freshman
squad won four of the six games they
participated in. In the opening game
of the season the yearling squad
swamped the fast Lewis and Clark
team of Spokane 34-12. This game
was featured by spectacular runs by
Frazier and the line smashing of Bill
Kirshisnik. Niemans of Sandpoint al-
so broke into the limelight by scor-
ing two touchdowns.

The following week the frosh jour-
neyed to Ellensburg, Washington,
where they suffered defeat at the
hands of Ellensburg normal. This
score was 7-0. This score came about
when one of Niemans punts was
blocked, resulting in a touchdown for
the Normal eleven.

After a two weeks rest from the
Ellensburg game the freshman avenged
themselves at the expense of Spo-
kane university. After the frosh
wrecking crew composed of Hult,
Munden, and Kirshisnik finished their
day's labor the score was 45-0 against
Spokane university.

MONEY ADDED TO
HOME EC FUND

Three \$50 Scholarships Come From
Phi Mu Omicron Activity

Three \$50 scholarships have been
added to the permanent loan fund
maintained for girls in the home ec-
onomics department by the Home Ec
club and Phi Mu Omicron, honorary
sorority, it has been announced by
Miss Katherine Jensen, director of the
home economics curriculum. This
brings the total money in the fund to
\$350, said Miss Jensen.

The loan fund is maintained for
students in home economics. To the
money is loaned without interest
while they are still in school, with a
charge of 6 per cent from their
graduation until the money is repaid.
The three additional scholarships
were made possible by the annual "Co-
ed prom" and the sale of arm bands
and pennants to Homecoming crowds
by Phi Mu girls. It is planned that
three similar additions will be made
to the fund each year.

the beauty section nominees will be
published in the Tuesday edition of
The Argonaut, November 23. The
executives of the year book have not
decided definitely what date the pri-
mary election will begin.

THIRTY GIRLS OUT
FOR RIFLE PRACTICE

About thirty girls have reported for
rifle practice and although this is
initial practice for practically all of
them, there is much promise for a
crack rifle team. A squad of fifteen
will be chosen from this number be-
fore the first match, which will be
fired before December 10. Only five
of last year's team have returned this
year.

These are the Capital News Printing
company, Boise; Syms-York company,
Boise; Caxton, Caldwell; Inland-
American company, Spokane; Lum-
berman, Seattle; and Dim and Sons,
Portland.

Bids were opened at the regular
meeting of the executive board Tues-
day night, but the contract will not
be awarded until the bids are classi-
fied and studied by members of the
staff of the year book and George
Horton, graduate manager of student
activities.

According to specifications given
the printers, the 1927 Gem of the
Mountains will contain at least 376
pages, with the possible addition of 20
more pages, making this one of the
largest year books ever published
here.

All dates for social functions to be
given during Thanksgiving vacation
must be scheduled with the univer-

ACADEMIC COUNCIL
RECOGNIZES GROUP

Attila Club, Honorary Un-
derclassman's Fraternity,
Appears on Campus

Recognition of the Attila club, hono-
rary underclassmen's organization on
the Idaho campus, was announced
Wednesday by the academic council.
The club was organized early this fall
but was not recognized on the cam-
pus until its petition had been ap-
proved by the council.

The purpose of this organization is
to promote better understanding and
friendliness among fraternities on the
campus, it was announced by Keith
Benedict, president. The organiza-
tion is also founded for service and
will establish certain traditions on the
campus. The first work of service
done by the organization was during
Homecoming when the club put up
street decorations and handled the
lighting system on the campus. This
work was assigned to the group by
the Blue Key, honorary upperclass-
men's organization.

Pledging of new members by the
group will be done at the first of the
second semester of each year, it was
announced. Only second semester
freshmen will be pledged by the
group when they come up to the so-
cial and scholastic standards set by
the club. Men to be pledged must be
prominent and distinguished in their
class, Mr. Benedict said, and only men
that are believed to be coming lead-
ers on the campus will be taken.

Officers of the group are: Keith
Benedict, president; Henry Walker,
vice president; Harry Jones, secre-
tary and treasurer.
Other members of the club are:
Lambert Cannon, Joe Garber, Thel-
burne Moore, Oscar Brown, Kenneth
Jones, Keith Parnell, and Ernie
Milner.

GROUP STARTS
PROBLEM WORK

Pi Lambda Theta, Educational Fra-
ternity, to Study Women Students

Pi Lambda Theta, honorary educa-
tional fraternity, is ready to begin
work on its problem for this year;
"The relationship of mental and peda-
gogical ages to physical status of the
women at the University of Idaho."
The problem is going to show how
the physical condition of a person af-
fects achievement in scholarship, ac-
cording to those in charge. The ma-
terial is to be taken from a three year
period. This will make the study
broader and will minimize the chances
of error, it is stated. The material
is to be secured from the mental tests,
physical tests, and the general aver-
ages made by the freshman girls.

This will be the first problem of the
Idaho chapter. Each year every chap-
ter of Pi Lambda Theta has to do
one original research problem, ac-
cording to officers of the chapter
here. These problems are purely
professional and the work done is of
a technical nature. The object of the
problem is not only for the national
organization, but for the University,
and general information. The report
of the problem will be published upon
completion.

Northwest Championship for 1926 Is
Claimed by W. S. C. Yearlings

WASHINGTON STATE COLLEGE,
Pullman, Nov. 16—Following in the
wake of the Cougar varsity, which has
just completed its most successful sea-
son in 10 years, Washington State's
fresh eleven is today claiming the
Northwest yearling championship.
Oregon's victory 14 to 0 Saturday over
the Aggie Babes and the Kittens' 20
to 0 win from the University rooks
here Friday were the decisive games
of the league.

Successive victories over Montana,
Idaho, and Washington are credited to
Schlademan in his first year as coach
of the Washington State yearlings.
In turn, Washington defeated Oregon,
and Oregon trampled the Aggies, to
clear up the championship of Oregon,
Washington, Idaho, and Montana.

Coeducation and Jobs at Uni-
versity Questions at
Intramural Debate

Intramural debate last night decided
that coeducation in institutions of
higher learning should exist and that
university jobs should be given to
those with athletic abilities.

The Alpha Tau Omega negative re-
presented by Russell Randall and Rob-
ert Beasley, won a two to one de-
cision over the Omega Alpha team,
represented by Ruth Story and Clar-
ice Anderson, on the question "Re-
solved, that university jobs should be
given irrespective of athletic pro-
gress." The A. T. O.'s argued that ath-
letes should "receive favoritism be-
cause they do more to put a university
"on the map" than any other factor.
The Omega Alphas maintained that as
many non-athletic men made good in
after life as those who follow ath-
letics and should therefore be given
equal consideration.

The second debate of the evening
was won by the Alpha Chi Omega nega-
tive team, composed of Dorothy
Fredrickson and Mary Frances Geis-
endorfer. Norman Johnson and Floyd
Albertson upheld the affirmative side
for Beta Chi on the question "Resolv-
ed, that all institutions of higher
learning should abolish coeducation."

Sigma Alpha Epsilon, affirmative,
represented by George Young and Witt
Telford, won a three to nothing de-
cision over the Pi Beta Phi, nega-
tive team, composed of Maryvina
Goldsmith and Patricia McGraw.
They debated the question "Resolv-
ed, that all institutions of higher learn-
ing should abolish coeducation."

Tau Kappa Iota, affirmative, won
from the Kappa Alpha Theta, nega-
tive, by default. The question to be
debated was "Resolved, that the
"Dutch Treat" system should apply to
all persons irrespective of sex."

SHARPSHOOTERS
SELECTED SOON

University Rifle Teams Will be Named
By December 1; Plan Matches

The University of Idaho rifle squad
will be selected by December 1, Lieut-
enant Hart announced Thursday. A
first and a second squad of fifteen
men each will be chosen by elimina-
tion from the sixty men now report-
ing for practice. Practice is being
held regularly on the Lewis Court
range Tuesday, Wednesday, and Fri-
day afternoons from 1:30 to 4:00
o'clock.

Indications point toward even a
better team than was had last year.
Nine out of fifteen men from last
year's squad are trying out for po-
sitions. In addition, there is an abun-
dance of excellent freshman ma-
terial from which to make selections.
Lieutenant Hart has received offers
for several meets, but as yet has ac-
cepted none of them. Meets will not
be held until sometime after the first
of December.

IDAHO GRADUATE
VISITS CAMPUS

Lewis Cummings, 25, Is Employed in
White River National Forest

Lewis Cummings, who was graduat-
ed from the school of forestry of the
University of Idaho in 1925, is visit-
ing friends on the campus and in
Moscow. Mr. Cummings has been
employed as junior forester on the
White River Forest reserve, with
headquarters at Glenwood Springs,
Colorado. He plans to go to Minne-
sota this winter, where he will work
on a timber survey.

GLEE CLUB PLANS
ANNUAL CONCERT

Will Sing Here in February; Trip
Comes That Month

Prospects this year for a good Glee
club are brighter than ever before,"
says Professor Orlo Bangs, head of
the music department. The material
out this fall is better than that of last
year, and the club is rapidly rounding
into form.

The club will give a concert here in
February and will probably take the
annual trip some time in that month.
They have been seriously handicapped
by the lack of a manager and have
found it necessary to go outside of the
club to obtain one, Mr. Bangs said.

SENATOR CALLAHAN
TALKS EDUCATION

Vast Agricultural Possibili-
ties and Citizens Must
Know the State

"Idaho has a vast, little of a fu-
ture, and vast possibilities along agri-
cultural lines, and it is the duty of
Idaho's future citizens who are now
being educated, to take places in the
government of the state and to have
a thorough knowledge of Idaho and
her problems," Dan A. Callahan,
thrice senator from Shoshone county
at the state legislature and mining
man of the Coeur d'Alene region, told
the University of Idaho assembly
Wednesday morning.

"The state university will unques-
tionably be the center of attack at
the coming session of the state legis-
lature at Boise in January, and at-
tempts to unseat the university and
to provide other measures which are
not in favor of the leading institu-
tion will probably come before the
assembly. How Idaho will fare at the
hands of her legislators at the ses-
sion is still a matter of speculation in
many parts of the state.

Trend toward interference
is from the general principles and
laws, and has taken the trend toward
interference with personal rights and
laws affecting actions of the individ-
ual. The policy which has been in
that of the policeman's club in lieu
of the lash and sting of conscience.

"Knowledge of Idaho and her prob-
lems can come to future citizens
only through study of the state under
supervision during the period of edu-
cation. Had I my way, I should re-
quire courses in government both of
the state and national, be taken by
all students who attended the univer-
sities of the country."

Senator Callahan went on to ex-
plain the importance of the coming
session of Idaho's legislature and
told how eyes of every citizen would
turn to the capital after the first of
the year. Students should keep them-
selves informed of the happenings
during the time of the assembly, and
to watch the formation of the events
which will "undoubtedly effect the
entire state and the university."

He was introduced to the assembly
by Dean F. A. Thomson.

NOTED EXPLORER
VISITS CAMPUS

Vilhjalmur Stefansson Guest of Hunt-
ington Taylor Here Thursday

Vilhjalmur Stefansson, noted arctic
explorer, visited the Idaho campus for
three hours Thursday. His visit was
informal and with the exception of a
luncheon tendered him at Riden-
baugh hall at 1 o'clock, the visit pass-
ed without function.

The famous explorer was the guest
of Huntington Taylor, Coeur d'Alene,
a member of the state board of edu-
cation, who was in Moscow to confer
with L. F. Parsons, executive secre-
tary of the university, on matters of
business.

Mr. Stefansson was enroute with
Mr. Taylor from Spokane to Lewiston,
where he was billed to speak at
the state normal school. As his visit
was unannounced, Mr. Stefansson
passed through the administration build-
ing and rubbed elbows with students
without the latter knowing of his
presence.

Pep Band Production Sets
New Record; Repeat Per-

Original music, uproarious farces,
costume and eccentric dances, panto-
mime, a Pep Band concert and a ban-
jo twosome, all done against a colored
background of costumes, plus fairs
and clever lighting effects before a
packed auditorium Thursday evening
made up a delightful eighteen-hole
program in the annual Pep Band
show, "Plus Fours." Everybody got
out of "Plus Fours" what they came
for; the performers got applause, the
audience got it's money's worth, con-
sequently everyone went home satis-
fied.

"The burden of the show, directed by
John H. Cushman, fell on a comedian
foursome including Marie Johnson,
Don Warner, Jean Collette and Tom
Aston, who teed off with the opening
chorus, ruffed through three farces
and held up on the last green with
the closing chorus. The work of this
group showed the results of unusual
ability combined with careful train-
ing.

Mr. Nyvall's original music, which
gave the performance its delightful
flavor, included an opening and clos-
ing men's chorus trained by Miss
Maude Garnett and Miss Lillian Wirt,
words by Ada Burke, a waltz song,
"Star Magic" sung with an appropri-
ate setting by Rachel Jenks and Maur-
ice Morley, with a dance by Ruth
Greene; and an impressive setting for
a ballad pantomime, "The Prisoner

W.S.C. INVITED FOR
EAST-WEST TILT

Receive Telegram Regarding a Game
at San Francisco December 18

WASHINGTON STATE COLLEGE,
Pullman, Nov. 16—"Would Washing-
ton State be interested in an East-
West game to be played in San Fran-
cisco December 18?"

This is the substance of a telegram
received yesterday by Coach "Babe"
Hollingsbery, following State's decisive
victory over the Oregon Webfoots, a
win which guaranteed them a top
division place in the Coast conference
for the first time since 1916.

According to the skeleton of the
proposition contained in the wire, the
Cougars would bear the colors of the
West against an eastern team not yet
designated, the game to be played
the Saturday before Christmas. There
would be no connection between the
contest and the Pasadena game, held
as a feature of the Tournament of
Roses.

"Don't know a thing about it, ex-
cept what this telegram says," stated
Hollingsbery when questioned about
the proposal. "I am neither for it
nor against it. As is the regular pro-
cedure, I have turned the wire over
to the athletic council of the school,
which will have to act on it as it sees
fit.

"If the council takes action favor-
ably on the proposition, as soon as
more details are secured, we shall
probably remain in training, other-
wise our season ends with the Gon-
zaga game Thanksgiving day. We are
certainly not angling for any post-
season contests."

GRIDGRAPH OPEN
AT 2:45 O'CLOCK

Moscow and Lewiston High Schools
to Meet on MacLean Field at 10

The gridgraph, detailing the Idaho
and University of Southern California
football game, will be started at 2:45
o'clock, with the Moscow and Lewiston
high school game starting at 1
o'clock on MacLean field, it has been
announced. The gridgraph, as usual,
will be installed in the university
gymnasium.

Lewiston and Moscow meet in one
of the toughest battles Coach Abe
Goff's Moscovites have entered yet
this season. The local squad, al-
though not in running for the state
championship, is a tough proposition,
while the Lewiston crew is touted for
a game with Twin Falls high for the
state title. It is planned that this
game will end before the gridgraph is
scheduled to start.

Incorporation

The executive board of the Associated Students of the University of Idaho should file articles of incorporation with the secretary of state, thus bringing itself legal recognition. Without this the board does not exist, under Idaho laws, and cannot enter contracts and otherwise function as a body of this sort should.

As it now stands the board is nothing but a group of students banded together with recognition of the members of the student body as the governing factor of student activities. It serves in this capacity only as far as the laws of the state permit it to function. This seems inadequate. With its present status it cannot, for instance, float a bond issue, as it probably will be called upon to do in the future. It cannot function as a body in the legal collection and disbursement of funds; that is, it could not legally enter into a contract, for instance, for the construction of a stadium if it were called upon to do so. Its members, individually, may be held liable in court for any act of the body.

Incorporation, in addition, places the Idaho student government body in line with the more progressive schools of the country. Such action would be a step forward, in keeping with the progress being made by the university as a whole.

Idaho—In and Out on the Campus

The Pep Band show is here and the first night went over with a resounding bang. "First Nighters" declared this year's production was the most professional, most entertaining, most colorful, best coached and best attended of any similar event at Idaho for the proverbial darky's life history. Those who were responsible for the production: the authors, actors, coaches and technicians are in line for a flood of deserved praise.

The danger line has appeared again. It is that time of the year; and four out of five are making it more dangerous. Although a deep scar across the campus from the north entrance of the Ad building to the science hall bears silent testimony to last year's danger line makers, another is being started between the Ad building and the postoffice. The cement sidewalks should be used instead of the grass. A path made when the ground is muddy leaves a scar across the campus that is ugly.

Idaho group houses have the right spirit. The first snow of the season had hardly settled on the sidewalks before it was swept aside. Dry and attractive sidewalks are the result. It is to be hoped that the steep walk up the campus is kept as clear of ice and snow when winter really comes. Everyone knows the enormity of the task of walking up the iced incline with a 60 mile gale forcing him backward.

Student Opinion

Our attention was called to a rather interesting though paradoxical editorial under the head of "A motion before the house," that appeared in the last Friday edition of The Argonaut.

The author, evidently thoroughly imbued with the characteristic Idaho spirit of democracy, very pridefully reminded us that the U. of I. is probably the most democratic university west of the Mississippi. We also take pride in the spirit of democracy that pervades our campus and are thoroughly in accord with any endeavor that purports to effect further democratic socialization. The author then mentioned and commended the situation which occurred on the night before Armistice day when three fraternities, hosts at dances, exchanged courtesies with each other. We again agree with the author in believing that the idea as carried out by the three fraternities, is an excellent one and worthy of becoming a custom on the Idaho campus.

However, our agreement and sympathy with the opinions of the author received a rude jolt when we came to his proposed motion which read: "Upperclass members of one fraternity having an informal dance should exchange courtesies with another fraternity, similarly occupied, the exchange to be absolutely informal, but limited to upperclassmen."

How to make three pairs of stockings out of two

Often you discard a pair of hose with only one stocking worn. This waste can be stopped with our popular line of Rollins Improved Double Runstop hosiery. This hosiery has an exclusive feature which insures longer wear and at the same time identifies it as the hosiery that keeps its color after indefinite washings.

Buy two pairs of the same color of Rollins Improved Double Runstop hosiery—save the good stocking of each and they will make you a third pair—giving you one pair free. Only Rollins has this Runstop feature and only its colorasRollins does can give you this extra pair.

We carry a complete line of Rollins Improved Double Runstop hosiery in the newest colors for winter costumes.

BOLLES BUSTER BROWN SHOE STORE

We cannot understand how one so enthused with democratic principles could advance a motion enhancing the already overworked caste system of upper and underclassmen. Because of the clause limiting the exchange to upperclassmen the motion would defeat its own purposes, for the so-called upperclassmen are already more or less acquainted, but it is with the underclassmen particularly that the need for more socialization is felt. We are unable to see any legitimate reason for this limitation other than to stress the distinction between upperclassmen and underclassmen, a condition which is already carried too far, here and at other youthful universities. Therefore we suggest that the motion be amended so as to eliminate this objectionable limitation.

Turn on the sunshine

WHEN Greek or calculus gets you into a tight corner, tie a tin to trouble—a tidy red tin of Prince Albert! Tamp a load of this really friendly tobacco into the bowl of your jimmy-pipe and light up. Watch the sun crash through the clouds with every puff!

P. A. can't bite your tongue or parch your throat, no matter how fast you feed it, because the Prince Albert process gave Bite and Parch the air at the start. Cool as a Laplander's lap. Sweet as apple cider. Fragrant as spring blossoms. That's Prince Albert!

One pipe-load invites another. And . . . you can hit P. A. from morning till midnight and it won't hit back. Don't put off to tomorrow what you can smoke today. Get a tidy red tin of P. A. and turn on the sunshine . . . now!

PRINCE ALBERT
—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

START FROSH HOOP PRACTICE NOV. 29

Many Star Athletes Already Reporting for Basketball Workouts

Although freshman basketball practice does not officially begin until Monday, November 29, many rookies are already out for practice, and the prospects seem good for a fast frosh squad, according to coaches.

Among the forwards who are turning out for practices are Bill Frazier, Walter Robbins, and Einar Nelson of Moscow; Harold Stowell, all state man, Frank McMillin and Kenneth Barrett, Pocatello; Chet Whittaker and Fred Carrol, Welter; Harold and Robert Drummond, and "Shorty" Thornhill, Kellogg; and Keith Paten, Seattle.

"Wally" Hult of Kellogg and Guy Christanson of Firth are out for the center position. Those who will contest guard positions include Jay Christians, Kellogg; Al Nelman, Sandpoint; Ted Jensen, Firth; Ted Sparkman, Coeur d'Alene; Nathan Zablou, New York; and Redmond Pangborn, Tacoma.

Other freshmen are expected to report for practice when the official call is sounded next Monday. Several men who gained recognition on high school squads over the state in past years

have not yet reported for preliminary workouts.

WASHINGTON SOPHS ENFORCE TRADITIONS

Will Represent Phi Delta Theta Chapter at Montreal Meeting

UNIVERSITY OF WASHINGTON, Seattle, Nov. 16.—Phi Delta Theta chapter at Montreal Meeting of the authority to enforce frosh traditions has failed to create any great dissension among the first year students. A few members of the retiring vigilance committee and one of the class officers have voiced their disapproval of the move. Judging from a limited canvass of the first year students, the average freshman does not seem to concern himself with the question, and little interest has been

FROSH BOLD AT NORTHWESTERN

The freshmen at Northwestern university this year are characterized by an unusual amount of boldness, which gives them courage to even paint and partially burn the senior log, a "state offense" at that institution. The log is a massive timber located in front of University hall and is a traditional resting place for seniors only, traditionally forbidden to the freshmen. As a result of the sacrilege, the senior council and Deru, the senior men's honor society, will prosecute the offenders.

TENORS IN DEMAND FOR SIGNAL CALLING

A clear tenor voice may hereafter be a requirement of all football candidates at the University of Chicago. Instead of the usual custom of having the squad run onto the turf and go through a dummy signal drill, the coach, A. A. Stagg, at the opening game with Florida, had the men march onto the field singing "The Song of the C."

Evidently some of the local humorists have little ear for music, for since then the press has been full of jibes about the "old man's singing school."

CREIGHTON'S

IDAHO PLAYS LAST CONFERENCE GAME AGAINST TROJANS

U. S. C. Battle at Los Angeles Tomorrow Will be Severe Test

TO RUN GRIDGRAPH

California Not Likely To Have Easy Time With Vandal Line

Tomorrow afternoon at 2 o'clock Charley Erb's Idaho eleven will trot out into Coliseum field in Los Angeles to face its strongest opposition of the 1926 season, the U. S. C. Trojans. At the same time in Moscow, Vandal football fans who have been waiting two weeks for the Vandals to get in action again, will watch the progress of their team via the electric gridgraph in the gymnasium. This game will be the severest test of the strength of the Idaho squad.

The Trojans have demonstrated already this season that they have a dangerous team by winning all but one game, and that one lost by a one point margin to Stanford. Idaho's chances look exceedingly scant, but anyone who has seen Coach Erb's forward wall tighten up and hold the Washington Huskies, the O. A. C. Aggies, and the W. S. C. Cougars, will not predict a Trojan walkaway.

Last year on MacLean field, Idaho suffered a disastrous defeat of 52 to 7 by U. S. C. and Coach Jones' eleven which has been walking all over most of the Pacific coast teams is stronger this year than last. Idaho's is a better team than last year's, due to the brilliant coaching of Charley Erb.

The land of eternal sunshine is expected to provide opportunity for the Vandals to do all of their football stuff. In the northwest, where rain has spoiled most of the Idaho games, the program has had to be straight football. Their brilliant performance against the O. A. C. Aggies on a dry field gives an indication of their possibilities when not hampered by a rain-soaked field. Coach Erb took his squad south a day earlier than necessary in order that they might get a chance to work on dry sod before the game.

The starting lineup used in the last two games will, with one exception, probably take the Coliseum field tomorrow. George Hjort, guard, is still out of play with an injured elbow, and did not make the trip. The probable lineup follows: ends, Diehl and Beall; tackles, Dewey and Gartin; guards, Brimhall and Bauer; center, Bliss; quarterback, Jacoby; halfbacks, Powers and Burgher; fullback, Owings.

U. OF W. FISHERIES COLLEGE DISTINCTIVE

Is Only School of Kind in World Outside of Japan; 84 Students

UNIVERSITY OF WASHINGTON, Seattle, Nov. 16.—P.I.P.—The only college of its kind in the world outside of Japan is one of the many distinctions of the college of fisheries of the University of Washington. Eighty-four students are enrolled in the college, and an expected increase of 15 will be made during the winter term. Beginning only eight years ago, with thirteen returned war veterans, Dean John N. Cobb has built up a college that is recognized not only by our government, but the governments of many foreign nations as well. Starting with classroom work in the spring of 1919, rapid progress was made with the addition of a laboratory later in the year. Besides the regular laboratories for research and study of fish culture and disease, the college now boasts a complete cannery, laboratories for curing and drying fish, and aquariums of live fish as well as a large collection of preserved specimens.

The shortest pugilistic match on record was that in which Battling Nelson knocked out William Rosser on April 2, 1902. Two seconds was all that was required for the Fighting Dane to turn the trick.

FROSH SQUAD GIVES COACHES PRESENTS

Kleffner and Davidson Presented With Pipes by Grid Teams

Coach "Syb" Kleffner and Assistant Coach "Giff" Davidson of the frosh football team were presented with pipes by the members of the Baby Vandal squad as a token for the work they have done for the team this year. The pipes, which bear a silver "I" on the bowl of each engraved with the words "Frosh 1926", were presented to the coaches just before the final game of the season last Saturday with the Montana frosh.

TWENTY-TWO MEN GIVEN NUMERALS

(Continued from page 1)

They outplayed their rivals. The greatest setback of the season was the defeat of the freshmen by W. S. C. yearlings 9-7. This game was played Friday, November 5, and although Idaho outplayed the W. S. C. frosh in the first half which ended in a score of 7-0 for Idaho, the W. S. C. team came back strong in the second half. They put over the winning touchdown in the last few minutes of play, and with two points on a safety, won the contest.

On Saturday, November 13, the freshman team of 1926 wound up their season with a 23-6 victory over Montana university freshmen. The attack of both teams was hampered by the intense cold. Montana scored on one of Idaho's many fumbles.

Numerical Winners

The Idaho frosh piled up a total of 135 points against 27 for their opponents in six games. The men who are slated to get their numerals are:

and the Gaoler's Daughter", sung by Miss Jennie Johnson and pantomimed by Marie Gauer, Cameron King, Beardale Merrill and Carl Platt against a lurid background of a prison gallows.

Four Farces Included

The program included four short farces, "The Phantom of the Auditorium", a take-off on Lon Chaney's movie, "The Phantom of the Opera"; "The Smell of the Yukon"; a take-off on popular Canadian Northwest fiction; "The First Mirror" which dealt with our cave-man ancestors and their discovery of the first mirror; all played by the comedian foursome with the help of Beardale Merrill, Dean Newhouse, Charles Huggins, Carl Platt and Dan Shamberger; while the fourth, "If Men Played Cards as Women Do" was played by John Taylor, Claire Gate, Smith Miller, and Ryle Lewis.

The Idaho Pep band, directed by Mr. Nyvall, made its traditional contribution to the show with a pit orchestra and a concert band which showed wide range and skill in a short concert including "Alma Mater" by Nyvall, "Turkish March" from "Ruins of Athens" by Beethoven, "Valencia" and a stirring performance of "El Capitán" by Sousa.

Clever Dances

A group of clever dancers, trained by Miss Lillian Wirt, included Ruth Greene and Helen Samuels, Helen Wann and Vernon Taylor, Georgetta Miller, Mrs. H. P. Magnussen, Maurine Godfrey and Beatrice Meeker, Mildred Axtell, and Barbara Rugg and Helen McConnell. Lambert Cannon and Guy Williams appeared in a banjo twosome. Books and lyrics for "Plus Fours"

were written by Talbot Jennings and Ada Burke; music, Mr. Nyvall, singing, Miss Maude Garnett and Miss Jennie Johnson; dances, Miss Lillian Wirt; scenery, properties, and lighting, Dorothy Darling, Ann Donston, and R. R. Patchen; business manager for the Pep band, Paul Atwood; dramatic manager, Sidney McClellan; direction, John H. Cushman. "Plus Fours" will be repeated again on Friday evening.

INDIANA VAGABONDS STOPS PUBLICATION

The Indiana Vagabond, literary magazine at the University of Indiana, has been forced to cease publication because of financial difficulties.

Students are planning to meet the old obligations and resume publication of the Vagabond. In order to meet the debts, students organized and held a benefit show, from which about \$70 was realized. Students are now planning other means to secure the necessary funds.

The Vagabond has been a magazine devoted to student writing, and has received much criticism for the nature of the articles it has printed. Last spring it aroused nation-wide comment with its article "In Defence of Necking," written by an Indiana student.—Minnesota Daily.

POCATELLO STILL IN RACE

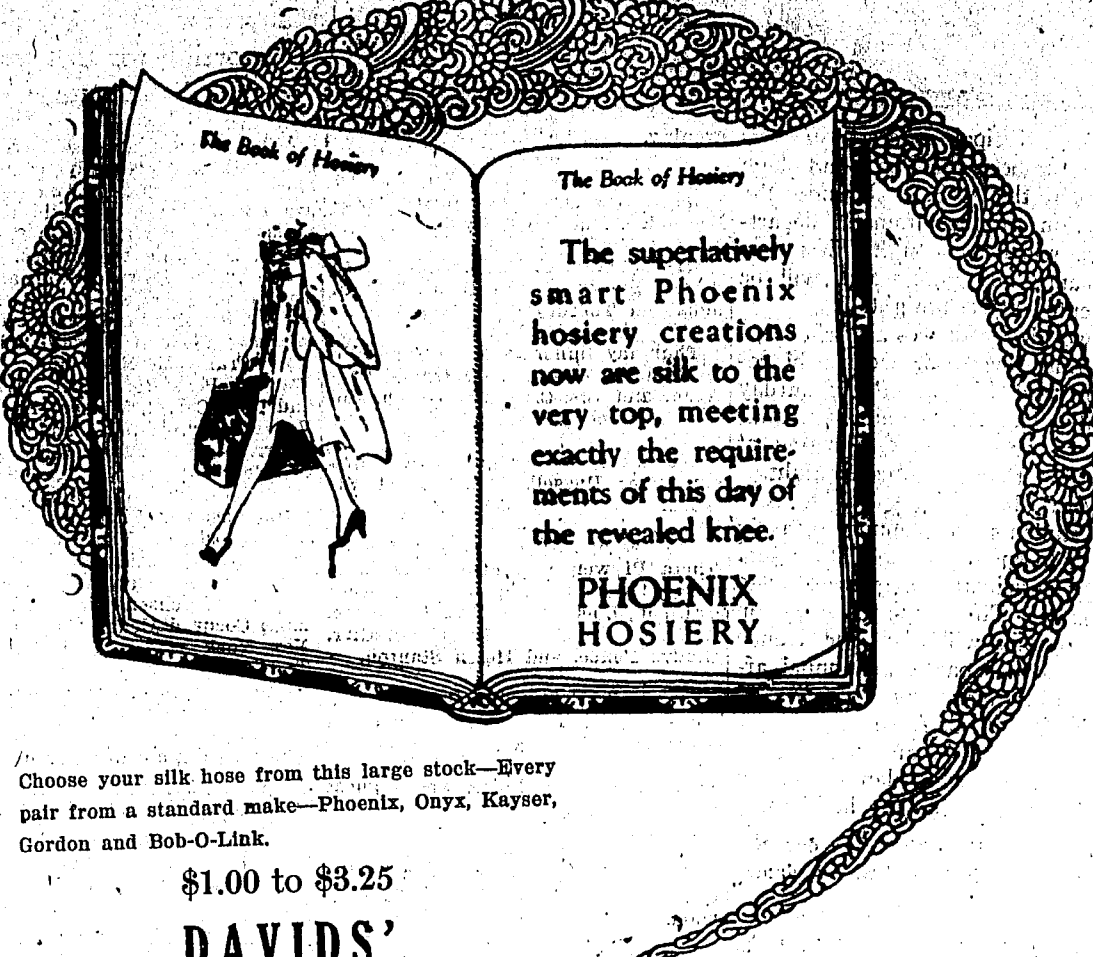

With Pocatello back in the running in the state title race by reason of a decision of the southeast district board to select a representative team for the championship the contest has pretty definitely narrowed down to a fight between Pocatello, Twin Falls, Nampa and Lewiston. The play of November 5-6 brought out Nampa as the southeast titlist by virtue of a 14 to 13 win over Caldwell and Lewiston as northern champ by a 20 to 0 victory over Genesee. Twin Falls seems to have it on the other south central gridgers, and Pocatello away on top in the southeast these four schools soon will begin to fight it out.

High School Sports In Idaho

By Les Robinson

Idaho's interscholastic football championship contest is drawing near, with a game between Lewiston and Twin Falls in prospect for December 3 at Lewiston. The series in south Idaho has been in more or less of a middle, the next week on account of the elimination of Nampa as a result of Garity's ineligibility, and Pocatello's withdrawal from the race. But the state board has ordered a championship series which is to be completed Thanksgiving day between Twin Falls and Firth.

The board was faced with the proposition of changing the entire arrangement of the southern Idaho championship series to accommodate Pocatello, or with making Pocatello change its plans and play in the series. The board decided that Pocatello could more easily change its arrangements than the balance of the southern districts. Pocatello then withdrew and the southeast district board declared

Firth the champion. Caldwell accepted the southwest title, but forfeited the series game to Firth to enable Firth and Twin Falls to play the southern championship game on Thanksgiving day.

Twin Falls, to accommodate the board, is playing two games this week, Buhl in a regularly scheduled contest on Thursday, and Firth in the championship game on Friday. The Bruin team and Coach Platino are certainly to be commended on their attitude in attempting such an undertaking in one week end, but the fans in the south expect Twin Falls to come through. If Pocatello had shown a similar spirit and accepted the wishes of the board, that splendid team would be a championship probability instead of a holdout. Rich Fox has a very fine team at Pocatello and it is unfortunate that the school did not enter the southern series.

In the north Lewiston has practically clinched the title, winning in a walk from Bonners Ferry 38 to 6 on Armistice day. Only Moscow now bars the way of Babe Brown's Bengals, and Lewiston rates to trim the Bears by four to six touchdowns, when the teams play at Moscow Saturday.

Moscow last week trounced Sandpoint 15 to 0, showing good late season power. Genesee wound up its season with a 36 to 0 victory over Potlatch. The Lewiston-Moscow game is the only one scheduled in the north this week. Lewiston takes on its old rival Clark

ston on Thanksgiving day, and will be in fine fettle for the state championship battle the following week.

There were few important games in the southwest last week end. Idaho Falls puled the unexpected and won from Boise 12 to 6 on a wet field. The only other conference game resulted in Emmett's defeat of Weiser, 32 to 0. Caldwell put away its football togs after the Nampa game two weeks ago.

There were a number of interesting contests in the south central district, Gooding being eliminated from the district race by Twin Falls in a game

that ended 19 to 0. Filer stayed in the race by Hicking Buhl 7 to 0, while Jerome and Shoshone failed to settle their feud with a 7 to 7 tie game. Kimberly beat Albion 14 to 13. Interest in this district now centers around Twin Falls' double-header against Buhl and Filer.

Pocatello showed the same power that has characterized its play all season in trouncing the Logan, Utah, eleven, 34 to 0. Firth won over Blackfoot, 13 to 0, showing some of the strength of a year ago, when it copped the southern title. By winning this game Firth put itself in line for the district championship, and a district race by Twin Falls in a game

crack at the southern title.
