

SOCIETY

Homecoming decorations have been taken down, visitors have departed and the campus seems unusually quiet after the activity of the weekend.

One of the leading affairs of Homecoming week was the all-college-all alumni dance in the new gymnasium Saturday night which was attended by 800 couples.

Alumni were entertained at a mixer at the Blue Bucket Inn Friday night, under the auspices of the alumni association. Many smokers, private banquets and fratrides were given in honor of the visitors by the various group houses.

Following the pep rally Friday night, a "no-date" tag dance was held at the old gymnasium under the auspices of the pep band.

Lights that Fill the Skies with Commerce

THE air map of America is now in the making—on the ground.

Ten years ago, there were 218 miles of air mail routes with two station stops; to-day, a network of sky roads bridges the country from the Atlantic to the Pacific and from Canada to the Gulf of Mexico.

Can you imagine this growth without electricity—without illuminated airports—without trunk lines studded with electric beacons?

Men of vision are building for increasing traffic of the air. Soon, the skies will be filled with commerce.

Just as electricity is helping to conquer the air, the land, and the sea to-day, so to-morrow it will lead to greater accomplishments in aviation and in every human activity.

An echo that circles the globe

Sightseers returning from the Alps never fail to babble of the marvelous echoes that reverberate so obligingly from peak to peak. But no such phenomenon matches a certain echo that keeps circling this whole mundane sphere. It is the best-known cigarette slogan ever coined—the Chesterfield phrase "They Satisfy."

Originated to describe a unique coupling of qualities seemingly opposed—"they're mild, and yet they satisfy"—its descriptive accuracy was instantly perceived. Today it echoes and re-echoes wherever cigarettes are smoked:

"Satisfacen... ils satisfont... THEY SATISFY!"

And rightly enough, for Chesterfields are mild—and they DO satisfy... and what more can any cigarette offer?
