Hits Idaho Crowds

"These four California schools," Langley writes, "have a jough time coaxing themselves into a long train trip to Idaho or Montana where the crowds are so thick that a rainstorm falls to get them wet. Local high school encounters even bring more gate receipts than the northern trips. Added to that, the far corner schools of the conference fall to produce first-class competition. As the opening shot—U.S.C. will drop idaho from the schedule next year and

The Los Angeles writer then continues concerning schedule possibilities:
"California wishes to schedule games with Washington State, Oregon. Washington, Southern California and Stanford, U. C. L. A. has in mind a game with Southern California . . . and would also meet Oregon, The and would also meet Oregon. The Webfooters plan on games with U. C.

L. A., Washington and Oregon State and one or two with the "Big Three." Washington's schedule is about urranged with Montana, Oregon, Washington State, California, Southern California, Stanford and Chicago at Chicago, Oregon State wants games with Oregon, U. S. C. and Montana. Several Montana games are mentioned, it you will notice, but they are only compilmentary. Nothing is said about Idaho! Get the iden?

Going on to comment on the prospects for retention of coaches for 19-29 Langley says:

Erb "Winged" He States "All conference schools except Ida-ho will play the same aces as they held this year. Regardless of the anwinged by the alumni and has spent his best seasons with the Idaho Van-dals, according to those who follow

the conférence politics." Langley's article is only typical of what Seattle, Portland, San Francisco and other Los Angeles sports writers are saying, and predicting for the meeting of coaches and graduate Mozart agers in the Biltmore hotel at Los Angeles next week.

Thanksgiving Boxes From Home Transform University P.O.

Large numbers of Thanksgiving day packages sent by payents to students on the campus transformed the university station of the Moscow post office into a veritable delicatessen store Tuesday and Wednesday. The number handled in the last few days was 15 per cent greater than it was last year, said F. C. Jones, clerk in

charge.
The walls of the station were lined with heaps of carefully-packed boxes suggesting by their sizes and phapes everything from candy to complete Thanksgiving dinners.

There were square and rectangular packages labeled "fragile", presumably enclosing pies or cakes destined A recital was held by members of There were enormous boxes labeled Sigma Alpha Iota, women's national "glass", which hinted at stores of music fraternity at Miss Isabel food including everything from Clark's studio last night. Those parcranberry jam and pickles. Unfor-tunate indeed was the individual to whom Thankigiving meant "only an-

other ham sandwich." An odor of fruit thickened the atmosphere of the post office. When traced to its source, it was found to originate in a bushel basket of red obviously believes in the old saw. "an

apple a day."
When asked if any live fowls had come through the mall, Mr. Jones replied by quoting the parcel post rule which provides that day old chicks and queen bees are the only live animals granted travel privileges

in Uncle Sam's mail coaches. RECOGNIZE OREGON FRAT

OREGON STATE COLLEGE, Corvallis. (PIP)—The Oregon State chapter of Sigma Delta Chi, national professional journalistic fraternity, was accorded recognition among 39 colleges and universities of the United States when it was awarded the F. W. Beckman trophy for highest efficiency chapter activities and national relationship at the annual convention of the organization at Northwestern property. Francton III Its vice university, Evanston, Ill., Its vic-tory was by the widest margin of points gathered by any winner in several years of competition.

WIGGAM CHAMPIONS RACIAL HEREDITY

0. S. C. Students Flock to Hear Noted Lecturer: Will Debate with Clarence Darrow

OREGON STATE COLLEGE, (PIP) -Albert Edward Wiggam, national ly famous author-scientist and lecturer spoke before the largest assembly of the year here on "What Civilization is Doing to Us," contending that heredity is the greatest factor that distinguishes one man from another. It is his firm belief that some men are born better than others, and that environment plays only a small part.

In reference to college students, Doctor Wiggam stated that college men and women were realizing more and more that marriage selection is the prime thing that makes for racial glory or decline. The old-fashioned Tea was carried in the canteens of process of falling in love will be considered more seriously in the future.

Doctor Wiggam will debate the question of heredity vs. environmen with Clarence Darrow, internationally famous attorney, taking the side of

heredity.

WOMAN TO REPORT ARCTIC WEATHER

Given Charge of Coldest Station in U.S.

Washington.-Radio weather reports of observations taken by a young woman at the coldest and most inaccessible weather station in United States territory, at Point Barrow, Alaska, will enable warnings of cold waves affecting the North Central states to be sent out this winter several days

earlier than previously was possible. Mrs. Beverly A. Morgan, wife of the army signal corps radio operator at the trading post, has been appointed observer at Point Barrow. She is one of the six white inhabitants of the

The recent opening of daily communication with this station makes forecasting data on weather conditions on the Arctic ocean available for the first time. Most of the cold waves and other atmospheric disturbances affecting the Northwestern states originate in that region. Observations previously taken at this station were sent by mail to the United States, reaching the forecaster's office months after they were made. They were, of course, useless weather forecasts. The Point Barow other weather outposts.

Mrs. Morgan and her husband will which the mystic, Siggins, gazed to live in the most primitive surroundings with only a few score people within hundreds of miles. Their only communication with the outside world, with the exception of their radio, will be a steamer once and sometimes twice a year. Sometimes even this powerful icebreaker is unable to penetrate to the post for months after her scheduled arrival. Shortage of food and other supplies has often caused serious hardship. The temperature averages 19 degrees below zero during the coldest winter months and has been known to reach 55 degrees below zero.

American Soldiers Sip 51,000,000 Cups of Tea

Washington.—Soldiers in the United States army drink 51,000,000 cups of tea each year. Something like 391 cups trickle down the throats of every officer and enlisted man annually, figuring the present peace-time strength at 133,033

To provide this army of tea drinkers with the fragrant beverage required the purchase of 187,151 pounds of tea by the quartermaster corps in the fiscal year ended June 30, it is set forth in a bulletin issued here by the Tea Association of the United States. This is an average of a little more than a pound apiece for every soldier.

"Ten as the drink of fighting men," says the bulletin, "has the sanction of a good part of the rest of the world. Tea supplanted rum as the ration issued to English soldiers before they went over the top in the World war. Its invigorating and refreshing qualities braced them for the zero hour. both the soldiers of the mikado and of the czar in the Russo-Japanese

Remains of Warriors

Found in Huge Pit Stockholm.-A mammoth grave containing the bones of 1,800 men killed in battle has been found by excavators outside the city wall of Visby, on the Swedish island of Gotland.

The discovery is said to be unequaled in archeological annals as to size and historical value. Within the grave were found large quantities of armor, weapons and a variety of brutal implements used in medieval

The bones date from 1361, when the Danish king, Valdemar Atterdag, invaded Gotland for the purpose of conquering Visby, a wealthy Hanseatic

WESTERN RESVENS A TIRKEY ITT

Oregon State Plays Havoc With Brilliant Record of New York U.

HUSKIES BEAT W. S. C

Montana, "Tail-ender" in the Conference, Humbles Gonzaga on Home Field

Oregon State 25, New York U. 13 Montana I. Gonnoga C. Washington C. W. S. C. C. Oregon 26 U. C. L. A. C. St. Mary's 25 Santa Chira C.

Full of upsets and surprises for western football fans, five Turkey day games yesterday brought loy and sorrow into coast football circles as the Pacific Coast conference season came to an end. Only one game, the victory of Oregon over U. C. L. A., ran true to expectation. Huskies Trim W. S. C.

Rated at least one touchdown better than the University of Washingten, Coach Babe Hollingberry's men from Washington State college fought a bitter grid battle against the Hus-kles but came out on the short end of a 6 to 0 score. All-American asof a 6 to 0 score, All-American as-piring "Chuck", Carroll proved too much for the Washington State line— a touchdown resulted. Recovering from an early season slump, the Uni-versity of Washington yesterday prov-ed to be one of the four outstanding ed to be one of the four outstanding teams in the conference and almost on a par with U.S. C. California and Stanford

Gonzaga's defeat at the hands of Montana came as a complete surprise after the stellar showing of the Spokane Catholics against St. Mary's three weeks ago. The drives of one Tom Davis, fullback, and the passing and running of Captain Eddie Chinproved the undoing of the Bulldog eleven. Gonzaga was handicapped by injuries and Fanny Hunting did not even start the game.

Oregon State Surprises
In the east the 25 to 13 triumph
of Oregon State over the highly touted New York university eleven, conquerors of Carnegle Tech and called by many the best tam in th United States, came as a startling and pleas-ant upset to the west. "Mike" Strong, high scoring back in the United States, apparently was stopped. Strong was prominently mentioned for All-American. Schissler's men were doped to lose handily, too.

Santa Clara, the team that battled the Olympic club 20 to 18, earlier in the season, proved no opposition to St. Mary's. Particularly did Ike Franklin, candidate for all-coast end, shone in this game.

HOME EC TEACHERS

omlin-Hughes Instructors of North-ern Ioano will Confer Saturday at Moscow High School

Teachers of Smith-Hughes home ec-onomics in the northern part of the state will meet at Moscow high school state will meet at Moscow high school formorrow for an all-day conference under the direction of Miss Dorothy Ellis, who has charge of the Smith-Hughes home economics departments throughout the state. Three of the teachers who will attend are graduates of Idaho: Marie Feldhusen, 25, Alice Melgard, 28, Sandpoint, and Beryl Rogers, 28, Lapwai, Miss Jessie Thornber of the Moscow high school faculty also will attend.

Immediately after the conference Miss Ells will leave for the southern part of the state on her second trip this year to visit the Smith-Hubbes departments. She will visit 13 high schools, returning to the university after the Christmas holidays.

Miss Elis makes three trips during the school year, one in September, one in December and one in March. She will also meet with officers of the Idaho Rome Economics association, of which she is president.

TIEUPS MUDDLE STATE FOOTBALL

High School Titles Depend on Post-Season Games Between Leaders

High school football in the state of Idaho is not over with for 1928 yet—neither in the south and Reliogs are locked in a locked in a point an dKellogg are locked in a triple the for the title. In the south Twin Falls and Boise are due to scrap

Although Bolse deleated Twin Falls 12 to 7 earlier in the season and two weeks ago crushed American Falls 20 to 6 at Boise, yet Twin Falls' record has been such that she is entitled to play Boise again for the state title according to the intersectional ruling. Boise has not been defeated this year, and Twin Falls only once, by Bolse.

But because of an spinal meningities quarantine in Twin Falls and Cassia county, the game has had to be postponed and may not be played at all If the game is played later, it will be distinctly to Boise's advantage, for her squad was badly crippled in the American Falls contest.

Thanksgiving day in the north saw Moscow defeat Sandpoint 31 to 6 on MacLean field, as George Wilson, stellar signal-calling halfback of Moscow, ran wild on the soggy turf. Kellogg's defeat of Moscow 12 to 7 last Friday when Moscow had six team members out of the game with "flu", stands out as the only mar on Moscow's record. How the title dispute will be settled is yet to be de-

It is possible that Sandpoint and Kellogg may play again and then north Idaho pennant. Under an agreement between north Idaho paches last year, no northern team ALL-AMERICAN BACK will play a southern aggregation for the state title. Moscow was runner-up for state honors last year.

Exhumed as Lights Failed Here Tuesday

By Elinor Yaggy

The old moth-eaten gag, "Where was Moses when the lights went out?" came forth into renewed prominence as a wise-crack Tuesday evening when the lights on the campus went out, because of some local trouble in

the lighting system.

In some of the fraternity houses
Moses was shaving for dinner when the lights went out. Shavers had to stop with razors in mid-air and go down to dinner with faces partially covered with underbrush rupted tonsorial operations were re-sumed later in the evening, when lights shone with their former bril-

Some wise college student must have ordered the going off of the lights in the "Ad" building. Just at 9 o'clock when all the dates were getting tired of the bright lights and ill the studying, both ceased. Plunged into darkness, everybody grabbed for books, coats and dates. Some few were fortunate. Others had more variety than fortune. For instance, the strange girl.

In the two women's dormitories the lights went off just before dinner and were off all evening. Dinner took appliances in the kitchen wouldn't cream. But it didn't seem to impair were dim no one seemed to have any difficulty in finding the way for his well-laden fork fro mhis plate to his

the meals were served. And it wasn't the cooks or the hall women or the cooks of the hall women or the poor fellow who got home from the lineary with the wrong girl who suffered most.

Pity the poor dishwashers! The dishwashing machine runs by electricity and the unfortunate fellows who operate it had to come to work at an uncertify hour the next moraling to wash stacks of dirty plates in order that breakfast could be served on

CRAWFORD IS BACK FROM TRIP TO EAST

Attended Meeting at Washington, D. C.; Was Entertained There by Alumni

Dean Ivan C. Crawford, head of the college of engineering, returned this week from a two-weeks trip to Wushington, D. C., where he représented the university at the engineering div-ision of the anual Association of Land Grant Colleges and Universities. Dean Crawford read a paper and took part in the discussion of the topic, "The and Grant College as the Agency for Securing the Economic Utilization of Natural Resources." Dean Iddings of the college of agricultural less established the resetting He culture also attended the meeting. He stopped over at Chicago to attend the International Livestock show and will not arrive in Moscow until December

The association, which is divided into three sections, agriculture, engineering and economics, met on November 20 and 21. On November 19 as a representative of President Frederick J. Kelly, Dean Crawford at-tended several sessions of the National Association of State Universities, which was having a meeting in Washington at that time.

While in the east Dean Crawford visited with Dr. A. H. Upham, former president of the university, now head of Miami University at Oxford, Ohio. Doctor Upham is still very interested in the events at Idaho and inquired about campus affairs and the students, Dean Crawford said. Nine former Idaho students, gradu-

held a dinner in Dean Crawford's honor at a prominent restaurant in Washington November 22. Those present were Leland Chapman, '28; Stephen W. Blore, '28; Norman' N. Schuttler, '27; James T. Brewrink, '28; Rayson P. Morris, '28; Paul S. Ballif, '26; Chester L. Justus, '26; Truman L. Styner, '28; and Harold

P. Lamphere, '27. All of these men are employed in the patent office, Dean Crawford reported, with the exception of Paul Ballif, who is with the bureau of standards. Most of the men in the patent office are taking courses in patent law at George Washington university. Dean Crawford said that the numerous questions asked these men concerning the university was tangible evidence of their great interest in their alma mater.

MISSOULA, Mont. (IP)-A law li brary of seven thousand volumes, valued at \$50,000, has been received by the University of Montana, the gift of the Anaconda Copper Mining

The mining company acquired the library in the purchase of the Clark interests in Montana. The addition makes the university law library the most complete in the state.

COMMETTEE PONDERS ON GYM ALLOTMENTS

Military and Athletic Depart ments Want Same Rooms; Both Need New Offices

No definite plan for the allotment of floor space in the new Memorial gymnasium to the miltary and athcided upon by the committee in charge, according to "the chairman, l. W. Jones, assistant president of the uni-

Because less funds were available Because less funds were available than had been counted upon at the time the building was designed, it was necessary to make it about 45 feet shorter than the architect's drawings provided for. As a result there is a shortage of space, and the plans for the assignment of rooms to the various departments which are to be installed in the building must, be changed. changed.

Committee at Work A committee composed of members of the administration, ASUI, men's and military department, is working on the question. At a meeting which took place some time ago the commit-tee listened to reports from these de-partments to determine just how much space would be required by each. At future meetings the committee will endeavor to formulate a plan of allotment which will fill these require-It is generally understood that the

men's athletic department will be granted the main floor, showers and locker rooms. The military department is in need of a new drill floor and rifle range, while the men's ath-letic department regulars indoor practice space for baseball, track and similar activities. Lewis court has not filled these needs satisfactorily in the past because space is too limited for athletic and drill purposes, and because the dust rising from the dirt floor makes it undesirable for rifle practice. For this reason the ground floor of the new gymnasium is in great demand. These two departments also need new offices, as does the ASUI. At present there are demands for seven offices and only four rooms to fill them.

These are the problems which the committee is threshing out. It is receiving the hearty cooperation of all the departments concerned and will decide upon a scheme whereby all will

780,000 Chesterfield cigarettes are now sailing South-Polewards with the Byrd Antarctic Expedition. We are officially informed that the selection of Chesterfield resulted from the individually expressed preferences of a majority of the expedition's members.

When it is recalled that these are—in superlative sense - picked men . . . selected not only for bravery, ability and experience, but also by searching tests of physical fitness...we may be forgiven for our considerable pride in their vote. And something of this pride, we believe, will be shared by all Chesterfield smokers.

It is another of the many proofs piling up that the surest way to earn popularity is to deserve it!
