FACTS OF LIQUOR SHIP AFFAIR MADE CLEAR BY LAW PROF.

Dr. W. E. Masterson Interprets Problems Involved in Sinking of Ship

BRITAIN AND U. S. MIX Decision Depends on Limits of Jurisdiction Under Prohibition Law

EDITORS NOTE: In the following story, The Argonaut claims the distinction of having obtained one of the most comprehensive articles ever published on this case.

By Charles Croft.

The "Im Alone" rum-runner affair between England and the United States is the most interesting, thought-provoking, and yet the most misunderstood case in the annals of maritime law, is the opinion of Dr. W. E. Masterson of the law faculty, on this internationally famous affair. Dr. Masterson supplemented this striking declaration with a review of the case.

"The 'Im Alone' was sunk within 200 miles of the shore in the Gulf of Mexico by the United States coast guard service patrol boat 'Dexter'. One British seaman was swept overboard. The vessel had been pursued from a point 10 1/2 miles from the shore. She was hailed at that point, ordered by the officers of the 'Dexter' to 'heave to', but she put out to sea at full speed. This was on March 20.

Limits Interpreted

"When she first ventured into what is known as the 12-mile limit, she was called upon to 'heave to' by the coast guard patrol boat 'Walcott' for examination. Under our Tariff Act of 1922, officers of the custom and coast guard may go aboard foreign vessels within 12 marine miles of the shore to examine and search them, and in order to make such examination, to halt and stop the vessel if it is under way, and if necessary, to use force to compel compliance. If, on examination, it appears that any violation of the laws of the United States has been committed, whereby the merchandise on board, or the vessel, is liable to forfeiture, the vessel can be seized, and persons engaged in violation can be arrested and if they attempt to escape, pursued and arrested. Cargo and vessel are subject to seizure and forfeiture if any unloading takes place within 12 miles, or if there is no manifest or inventory on board when she is found within that distance.

Two Nations.

"Three legal issues are involved: first, under international law, it is conceded that a nation may arrest foreign vessels offending against its laws within three miles of its coast, and if the vessel refuses to submit to arrest within that zone and escapes, it may be pursued and taken any where on the high seas, short of three miles of the coast of another nation. But since this vessel never came within three miles, and the pursuit was begun 10 1/2 miles out, the United States government may not defend the action of its officers on this universally recognized doctrine.

(Continued on Page 3)

'JAPANESE QUESTION' IS ASSEMBLY TOPIC

Noted Sociologist Speaks on Race Problems at Thursday Assembly

That it remains for the United States to take the initiative in moves to solve the ever present questions of the East, Dr. Roy Akagi told students at a general assembly yesterday morning.

Dr. Akagi presented what we call the "Japanese Question" without bias to either the occidentals or orientals. By apt comparisons he showed the similarity of the two races in their ideals of peace, religion, culture, race relationships, liberated nationalism, and civilization in general.

The Japanese sociologist has spent the years on the Pacific coast investigating and studying the relationship of the "Far East" to the "Far West," and he has concluded that international cooperation is the answer to the problem of Japan's over-population; he emphasized the fact that this problem was not due to be solved by Japan alone since the results would be world-wide.

Throughout the talk Dr. Akagi referred to the fact that the Atlantic era of war was a thing of the past and that the Pacific era of peace was dawning; and he complimented this country in having a man at its head who appreciated this and had as a result chosen two men for his cabinet who were students of the Pacific era, Dr. Wilbur and Mr. Stimson of California.

Dr. Akagi was entertained by the cosmopolitan club during the luncheon hour. At 4 o'clock he spoke to the sociology classes in room 110 Science hall. He concluded the hour by answering questions asked by his audience. He is now spending three days on the Washington State college campus presenting the same questions.

SOPHOMORES MEET TUESDAY

Committees on stunt and annual frolic will report at meeting Tuesday evening at 7:30 in room 311 Administration building. Edward Jarboe, class president will also appoint a committee to arrange for a mixer previous to the frolic and the song to be written for the stunt fest.

IDAHO GRAD GETS FAR EAST POST

Lloyd Lehrbas Leaves For Orient As Far Eastern Director of Fox Movie-Tone News Reels.

Lloyd "Larry" Lehrbas, a student at the university in 1918, has been promoted from assistant editor of Fox Movie-Tone News at Washington, D. C., to far eastern director for the talking newsreel, according to a clipping from the Washington Post sent to The Argonaut by Miss Edna Tackson, secretary to Congressman Burton L. French.

Mr. Lehrbas left Washington for the Orient on April 17. He was formerly Washington correspondent for the International News and news editor of Underwood & Underwood. He gained fame during service with the news reels as a foreign correspondent in the far east when he obtained a "scoop" on the Japanese earthquake.

He will be in charge of Fox Movie-Tone activities in Japan, China, Korea, Manchuria, the Philippines, Formosa, Cambodia, Annam, French Indo-China, Siam, Federated Malay States, Burma, Ceylon, India, Baluchistan, Afghanistan and Nepal.

Lehrbas left the university in 1918.

ELLIS LAYS PLANS FOR CAMPUS DAY PROJECTS MAY 21

Date of Cleanup and Festival Changed to Accommodate Senior Picnic

MAY FETE PLANNED

Executive Board Approves Day of Everybody's Labor Callaway 'Straw' Boss

Tuesday, May 21, was set as the date for the annual campus day cleanup and May day fete by the ASUI board Tuesday evening. The date was approved by the academic council yesterday afternoon. It was originally planned to hold the traditional "work and play" festival on May 14, but as the senior picnic is scheduled for the following day, the later date was chosen.

Burton Ellis, vice president of the student body, will be general chairman, in accordance with provisions set forth in the ASUI constitution. He has appointed William Callaway, president of the senior class, as assistant chief of staff, and Ray Compton, junior law student, as secretary.

Jobs For Everyone.

All men students of the university will be assigned to different working crews under the direction of captains and lieutenants. The "I" club will preserve the peace and discourage shirking on the job. All officials will be provided with official badges. Mr. Ellis said. The Intercollegiate Knights will again collect coats of all kinds, check and return them the following day.

The regular procedure of cleaning up the campus, repairing the faculty tennis courts and tidying sorority premises will be followed. In addition crews will be assigned to clean up around the Memorial gymnasium, paint the lamp posts on the campus, and work on the flower gardens near the Engineering building. Tentative plans call for the wrecking of Jenkins cottage and the old frame structure back of the Administration building. Proposed plans to widen the north walk leading from the Science hall to the Administration building, paint the MacLean field bleachers and gravel the parking spaces back of the Engineering and Administration buildings were not approved by the administration.

May Fete in Afternoon

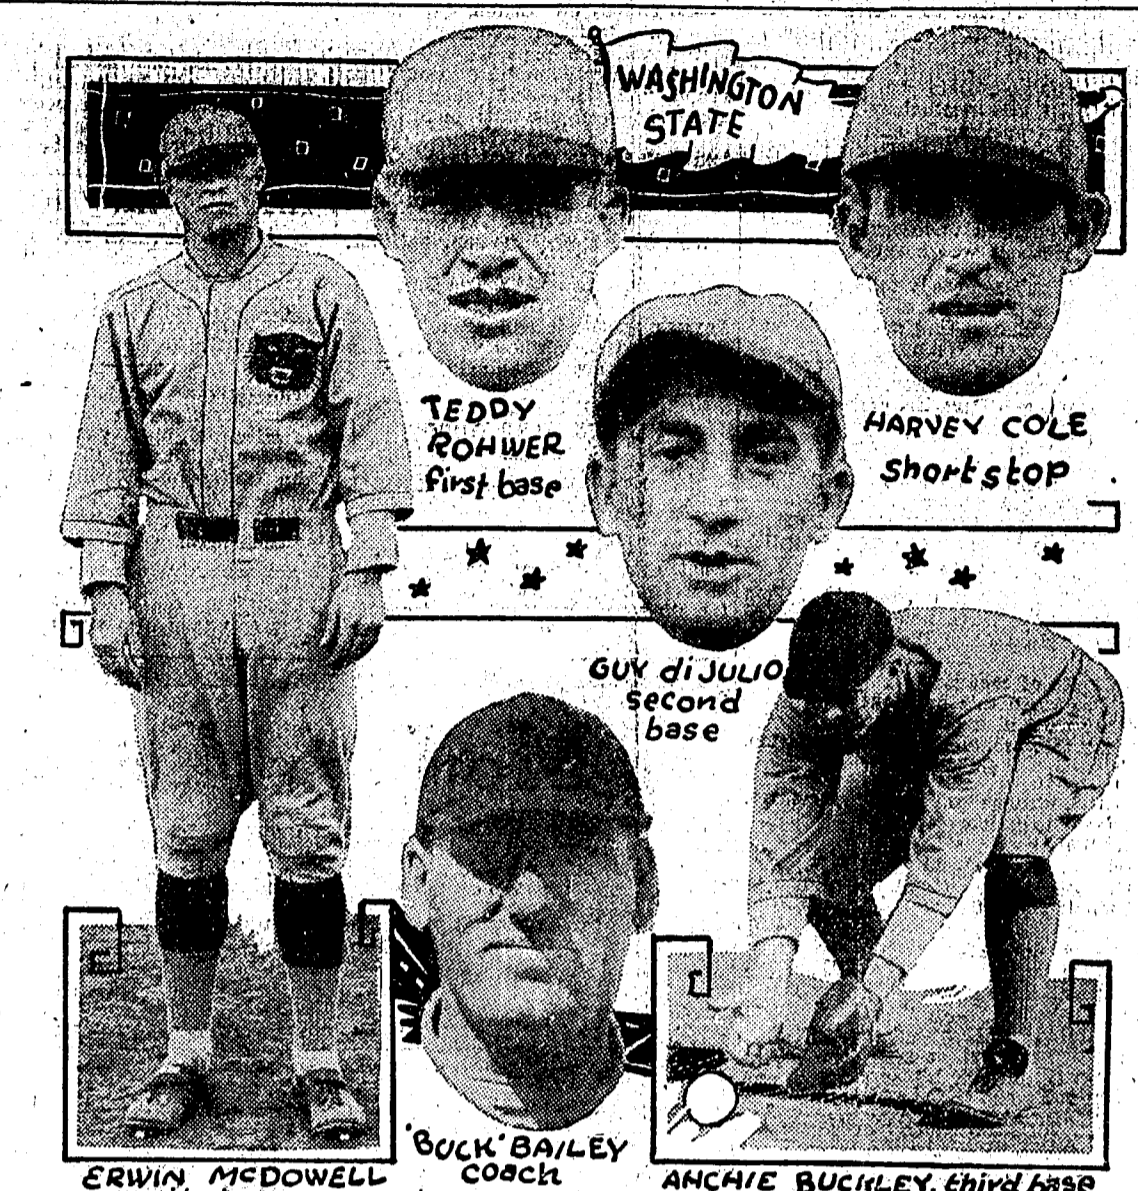

The May fete will be held in the afternoon near the clump of trees on the campus across from the Science hall, the same location as last year. Arthur Ensign will be captain and Dan McGrath, lieutenant, of the crew in charge of setting up the bleachers. The women's athletic department will again sponsor the May festival and the senior women's procession. A four-star Board and Silver Lance, senior honorary societies, will hold their customary pledging ceremonies. After the May fete the Old Guard will receive another Idaho tradition and "tap" students who have taken more than the allotted four years to graduate—ceremonies which will be new and different, according to Mr. Ellis.

GLEE CLUB CHANGES DATE FOR CONCERT

Home Performance Switched to May 6; Will Be Final Appearance of Men's Choral Group.

Because it was impossible to secure the auditorium for next Monday night, the concert has been postponed until Monday evening, May 6. John Soden, manager said last night. The program for this concert, which will be the last of this season, will be practically the same as that presented on the club's same at the University of Idaho last year. The university string quartet will appear on the program. Tickets for the concert will be put on sale next week.

Best Vandal Competition This Afternoon

UPON THIS DEPENDABLE CREW of veterans, Coach "Buck" Bailey places his confidence for a successful diamond season. Teddy Rohwer, Guy diJulio, Harvey Cole and Erwin McDowell are all entering their third year of varsity competition this afternoon. Buckley only remains for next year's nine. Rohwer and McDowell, especially are outstanding performers. The games today on the MacLean field and tomorrow at Pullman will give a fair indication of how these leaders stack up against the remnant of Idaho's 1928 nine.

POULTON ELECTED HEAD OF GREEKS

Huber, St. Clair and Beardmore Also Chosen By Fraternity Council

Edward Poulton, Phi Gamma Delta, was elected president of the interfraternity council for the coming year at a meeting held Tuesday evening at the L. D. S. chapel. Poulton succeeds Allen Janssen, retiring president. The other officers elected were George Huber, Sigma Chi, vice president; Robert St. Clair, Phi Delta Theta, secretary; and George Beardmore, Sigma Alpha Epsilon, treasurer. A vote of thanks was tendered Janssen, retiring president, for his efforts in behalf of the council during the past year.

Huber, in behalf of the committee investigating rushing rules, submitted a tentative form of date card for rushing next fall, which will probably be adopted at the next meeting. The form to be used is similar to that proved successful in other schools. The card will be printed in duplicate, one card to be kept by the rushee, and one by the house issuing the card. Each day is divided into periods, there being room for approximately 18 dates in all provided for on the card.

Howdy 'Studes' and Students:

Well, I've been learning things from political platforms. I looked over the Alpha party platform, or as much of it as was published, to see if I could find any knotholes. It's a good thing to be able to stand on a platform and not rely entirely on party organization. The prexy candidate hit the nail on the coco when he up and said, "The best man fitted should have the office regardless of party affiliations." So it looks as if we got to get together and select a committee who can decide as to who is the best man fitted for offices.

O. S. C. Editorship Takes Center of Political Stage

OREGON STATE COLLEGE, Corvallis. (PIP)—Much interest is being expressed in the outcome of the election for editorship of the Barometer, daily publication of the student body, which reached a climax when two equally capable and popular men were nominated for the position.

SIGNA THRU INITIATES THREE PLEDGES TUESDAY

George Kalousek, John Donlin, and Lester Vance were initiated by Sigma Tau, honorary engineering fraternity Tuesday evening at the L. D. S. church. Following the initiation a banquet was served in honor of the new members at the Blue Bucket Inn. Jess Thomason, Harold Nelson and Neal P. Bailey, assistant professor of mechanical engineering gave short talks relative to the engineering school.

Freshmen, Hear Ye! Beware The 'I' Men

The long-suffering "I" club has spoken. Henceforth green caps shall be worn by freshmen atop their girls instead of in their hip pockets. Men who have been wilfully and persistently violating that worthy tradition have opposed the righteous wrath of the "I" men—woe upon the freshmen.

Changing its tactics, the "I" club has called a public pants-warming to be held in front of the Administration building at the hour of 12:15 Monday next, April 29. The following men are hereby requested to be present: Wesley Shurdliff, Lloyd Randall, June Hamford, William Hale, James Wells, Stanton Hale, Arthur Spangy, Joe Cass, Mark Maxwell, John Rushton, Alton Hoffman, Ralph McCabe, Ralph O'Connell, Calvin Southern, Paul Fetzold, Moss Hoover and Kenneth Jensen.

Two Star Hennessy Says Contributors Getting Bit Nasty

Howdy 'Studes' and Students: Well, I've been learning things from political platforms. I looked over the Alpha party platform, or as much of it as was published, to see if I could find any knotholes. It's a good thing to be able to stand on a platform and not rely entirely on party organization. The prexy candidate hit the nail on the coco when he up and said, "The best man fitted should have the office regardless of party affiliations." So it looks as if we got to get together and select a committee who can decide as to who is the best man fitted for offices.

House Managers Prove They Know Their Vegetables

Whoever said housemanagers and house mothers don't know what they're about when they plan the meals didn't know his onions. Outside every night beams a glorious moon accompanied by so many assorted brilliant stars. Soft breezes ruffle the pine needles. Frogs croak the arrival of spring invitingly to every one under 30. What a night for spooning! They find the walk, the car and the girl. They know the way to get in just in time. They get all set for a nice romantic night. And then they remember the fresh onion in the potato salad!

BENCH AND BAR MEN HAVE REGULAR BANQUET

Dean R. M. Davis was the principal speaker at the weekly dinner of the Bench and Bar association, lawyers' honorary organization, yesterday evening at the Blue Bucket Inn. Short talks by several of the student lawyers were also included on the program. A picture of Judge Beatty, first federal judge in Idaho, who died last fall is to be secured soon by the lawyers. Pictures of past and present barristers from Idaho will also be secured.

R. O. T. C. REGIMENT HAS FIRST REVIEW

Lieut. Col. E. W. Waddill Inspects Troops; No Rating Report Given

Before an audience of more than 200 students and townspeople who took advantage of the fair weather to view movements from the MacLean bleachers, Idaho's R. O. T. C. regiment was submitted to its first official inspection of the year yesterday morning at 11 o'clock when Lieut. Col. E. W. Waddill, Ninth Corps area inspecting officer, viewed the three battalions on formal parade and then went through the ranks of each company questioning men and examining details of uniform and military appearance.

No official report has yet been made on the review, and as the custom of awarding distinguished rating to the best colleges in the area has been discontinued it is not likely that the impression the Idaho regiment made will be known here for some time, members of the military faculty indicated last night. Col. E. R. Christian, commandant said, however, that Colonel Waddill believed the inspection yesterday to be better than last year.

Arrangements of equipment, condition of military supplies, including clothing and gun rooms, and written records were details of the inspection stressed by Colonel Waddill. The review of the men was only a minor detail of the visit, officials said.

Proceeding the outdoor inspection Col. Waddill conducted short oral examinations of the advanced classes in military science and tactics. With the senior division he asked questions on military law and supervised a discussion of combat principles in the junior section.

House Managers Prove They Know Their Vegetables

Whoever said housemanagers and house mothers don't know what they're about when they plan the meals didn't know his onions. Outside every night beams a glorious moon accompanied by so many assorted brilliant stars. Soft breezes ruffle the pine needles. Frogs croak the arrival of spring invitingly to every one under 30. What a night for spooning! They find the walk, the car and the girl. They know the way to get in just in time. They get all set for a nice romantic night. And then they remember the fresh onion in the potato salad!

BENCH AND BAR MEN HAVE REGULAR BANQUET

Short talks by several of the student lawyers were also included on the program. A picture of Judge Beatty, first federal judge in Idaho, who died last fall is to be secured soon by the lawyers. Pictures of past and present barristers from Idaho will also be secured.

COUGAR NETMEN TAKE MATCHES

Vandals Show Strength in Only Three of Eight Contests; Will Meet Again in Pullman.

Washington State college made a clean sweep over the University of Idaho in eight tennis matches on the Vandal courts Thursday afternoon. Meeting resistance in only two double matches and one of singles. A return match will be played at Pullman some time the middle of May.

The singles match between Ray Wetherbee and H. Chapman, W. S. C., probably was the lightest match of the afternoon, Chapman emerging victor after three sets, 5-7, 8-9, 7-5. Two doubles matches were closely contested, Walden and Taylor, Idaho, losing to Botting and Rubelston, W. S. C., 2-6, 6-3, 7-5, while Wetherbee and Bailey lost to Peck and H. Chapman, W. S. C., 8-6, and 6-3.

Other scores of the day were: A. Chapman, W. S. C., defeated Callaway, Idaho, 6-0, 6-2; Botting, W. S. C., defeated Taylor, Idaho, 6-2, 6-4; Chun, W. S. C., defeated Kreuger, Idaho, 6-3, 6-1; Rubelston, W. S. C., defeated Walden, Idaho, 8-3, 6-4; and A. Chapman and Chun defeated Kreuger and Callaway, Idaho, 6-2, 6-1.

MORTAR BOARD BIDS 21 JUNIOR WOMEN TO ANNUAL DINNER

Invitations Given Out During Serenade Late Last Night

BANQUET IS TUESDAY

"Narthex Table" Is New Name of Traditional Event of Honorary

Coveted recognition was given to 21 outstanding women in the Junior class when Mortar Board issued invitations to its annual Narthex Table at a general serenade to the women's group houses shortly after midnight last night.

Intense excitement and prolonged applause greeted the announcements at the different houses. Novel invitations in the form of green scrolls "requested" the presence of the fortunate ones at a formal banquet to be held at the Hotel Moscow next Tuesday evening. Mortar Board instituted the national college tradition here last year under the name of Matrix Table.

Twenty-One Are Bid.

The following women received invitations:

Gamma Phi Beta: Helen Veasey, Lucille Haddock.

Delta Gamma: Jessie Little, Lillian Woodworth.

Kappa Kappa Gamma: Zella Newcomb, Betty Grammer.

Kappa Alpha Theta: Helen Kerr, Ruth Newhouse.

Pi Beta Phi: Marylou Craven, Frances Gallet.

Alpha Chi Omega: Dorothy Fredrickson, Dorothy Neal.

Alpha Phi: Laura Clark, Freda White.

Omega Alpha: LaReta Beeson, Beatrice Stalker.

Forney hall: Dorothy Shears, Lucile Glindeman.

Daleth Teth Gimet: Josephine Ross, Edna Richards.

Hays hall: Grace Nixon.

Selections were based principally on scholarship and participation in campus activities, said Josephine Harland, Mortar Board president, and by a coincidence, two women were selected from each group with one exception. Last year 30 women were chosen, ranging from one to five from each group.

Setting Is Romantic.

Midnight and a perfect moon provided a romantic setting for the serenade. McGinty's orchestra, enthroned on a large motor truck, played several numbers, and Mortar Board members sang as a group. Ethel Laferty and Estelle Pickrel sang duets and Helen Blackinger played a number of piano solos.

First announcement of the new name, Narthex Table, was made last night. The change was made because the former name, Matrix Table, belongs to Theta Sigma Phi, women's national journalistic fraternity. The new name was suggested by Prof. Harold Axtell. It was chosen for its significance because it designates the ante-room in medieval churches where the uninitiated waited.

EXTENSION LEADER GETS WYOMING JOB

Verna Johannesen, Home Demonstration Agent Takes Up Smaller Position on Faculty at Laramie.

Miss Verna Johannesen, a graduate of the university of 1918, and formerly district home demonstration agent for the 10 northern Idaho counties, has been appointed home demonstration leader of the agricultural extension division of the University of Wyoming. Miss Johannesen will assume her new duties at Laramie, Wyoming, May 1.

Miss Johannesen majored in home economics and soon after graduation she became home demonstration agent for the southwestern counties of Idaho with headquarters at Boise. Her present position is in Chicago as assistant to Miss Jessie M. Hoover, former head of the department of home economics at the University of Idaho, who is in the home economics department of Montgomery Ward & company.

POULTON FAVORS BOOKSTORE AND STUDENT COUNCIL

Independent Candidates for President of ASUI Outlines Platform

NEEDS POINTED OUT New Group Would Act as Aid to Student Ethics, He Believes

The establishment of a cooperative bookstore and the organization of a student council to intervene between the discipline committee and students are concrete examples of what student responsibility is and self-government, which are largely influenced by the ASUI president and executive board, can accomplish, Edward Poulton, independent nominee for the ASUI presidency, said in an interview last night. These are the objectives toward which he intends to work if he wins the election next Thursday.

"I am convinced, after a thorough examination of student bookstores on other campuses, that Idaho needs one, and that under proper management and organization such a project will be immensely successful. It should be sponsored by the ASUI as an independent undertaking and would be welcomed by Idaho students," he said.

Would Organize 'Co-op'

Mr. Poulton, who has been serving as chairman of the Blue Key bookstore committee, stated that bookstores organized in a similar manner at many universities and colleges throughout the country have proved profitable and have resulted in great savings to students. Not only books but all groceries, house furnishings, and other supplies may be purchased through such an organization, he said.

The organization of a student council to act as a mediator between students and the discipline committee would be a strong potential agency in the development of student ethics and conduct, and would serve also as a protector of student interests," Mr. Poulton declared.

A student committee would furnish a broad basis of understanding by presenting the student point of view on disciplinary matters, he believes. It would help to protect the student body as a whole from indiscreet acts of a few which work a hardship on the entire student body as a result of offenses.

Every student should be encouraged to encourage college spirit and loyalty—a feeling which has not existed on the Idaho campus to the greatest degree possible during the past few years, Mr. Poulton concluded.

VANDAL TRACKMEN TO MEET WHITMAN

Hutchinson Takes 19 To Walla Walla; Stowell Not To Compete

Whatever Idaho has in the way of track material for the 1929 season will be unfolded Saturday afternoon at Walla Walla when Coach Ralph F. Hutchinson takes 19 men to meet Whitman college in the first dual meet of the season for the Vandals. Only five of the men making the trip made letters in varsity competition last year.

Thursday afternoon Coach Hutchinson was undogged as to his entries in the Missionary meet, but has tentatively decided on the men to make the trip. Indications Friday were that a few men are going to have to make most of Idaho's points, with some men forced to enter as many as four or five events.

Harold Stowell, crack Vandal half-miler and high jumper, probably will not be eligible for the Whitman meet, although he is likely to be ready for competition in the University of Washington relay carnival a week later. Aside from Glenn Griffith who left school two weeks ago, the remainder of the Idaho squad will be left intact for the Whitman meet.

The following list probably includes the majority of the Idaho entries at Walla Walla:

Sprints—Norman and Kilger.

440-yard run—Boyd Hodson and Ted Jensen.

850-yard run—Walter Crawford and Harold Stowell.

Mile run—Wicks and James Hawkins.

Two-mile run—Charles Heath.

Hurdles—Loyell Mason and P. E. Werner.

Pole vault—Sid Pierson and Stackel Vrbhar.

High jump—O'Brien and Stowell.

Broad jump—Norman.

Shot put—Collins and Bill Kershlink.

Discus—Collins and Frank Ishank.

Javelin—Mason and Kerak Tattman.

Relay—Norman, Kilger, Hodson, and Stowell or Jensen.

AGS MEET MONDAY NIGHT

A meeting of the Agriculture club has been called for Monday evening at 7:30 in Morrill hall. Final arrangements for the Little International Livestock show will be made and committee reports heard.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho. Member of Pacific Intercollegiate Press Association.

Editorial and business office, room 202 Memorial gymnasium, phone 2207. Monday and Thursday nights, after 7 o'clock, Daily Star-Mirror office, phone 2227.

REAL MUSICIANS

THE PEP BAND added more laurels to an already enviable record at its annual home concert Wednesday night. The program ranged from the most difficult classical numbers to the latest popular hits, played by a picked 10-piece orchestra.

Members of the music department faculty were generous in their praise of the performance. When it is considered that the organization is totally under student control, the record is even more remarkable. Sam Hutchings deserves credit for the able way in which he conducted the concert. When esprit-de-corp such as was displayed Wednesday night exists in the band, Idaho students need not fear that the organization is not keeping up its reputation.

TRADITIONS AGAIN

THIS seems to be the traditional time to write the traditional editorial on traditions of the university. The lack of observance of unwritten customs is fast becoming more of a tradition than the maintenance of these common events and habits of campus etiquette.

A common attitude prevails that the wearing of green hats by the freshmen, corduroy trousers by junior and senior men, and the bare-headed privilege of senior men, are the only traditions of any importance. Among the group of necessary customs these three rank comparatively low and it is evident that the course of a few years will see at least two and perhaps all of them abolished. Lack of observance is all that is necessary to stamp out a tradition; there need be no formal ballot of the student body or any public notification of the death of a crippled campus custom.

American universities are daily being accused of encouraging "Rah, Rah" atmospheres and propagating the "collegiate" type of youth. Perhaps unnecessary campus customs have helped to bring about this impression. The difficult task is to tell what traditions are "Rah, Rah" and what are useful for the unification of university spirit.

For a short time the "I" club wielded the big stick on offending men of three classes and brought about a temporary change of attitude. Now they are back to the most convenient campus manners. The "I" club is right in thinking that it is a thankless and apparently useless job to try to change the minds of 1750 students.

"Tradition wears a snowy beard, romance is always young."

Student Opinion

Editor, The Argonaut:

Will you pardon the intrusion on your time by a former student of Old Idaho? But I heard the Pep band the other night in a very fine concert—the best, I believe, that I have ever heard. The conduct of the audience, however, was disgraceful, about the most discourteous of any university audience, I recall. That students by the dozen should have "walked out" on the band during its concert does not speak very well for the student body or its appreciation of music. The least it could have done was to have some respect for the band and its able director, but instead it left in twos and fours and eights during the better half of the program.

MORE POLITICS

In the Tuesday issue of The Argonaut there appeared the platform of Aldon Tall, Alpha party candidate for the ASUI presidency. In this platform Mr. Tall stated among other things "Greater cooperation in the student body and less politics in student publications; increased interest in activities—more self government—less group feeling—the student book store is another improvement that I am anxious to see." This then, in the main, is the Alpha party platform.

The question we are asking ourselves is this: if the Alpha party is so anxious for reform and for the instituting of new ideas, why is it that it has done nothing in the past few years while in control of the

executive board? For over three years this party, though under a different name, has been in power, but not once have we heard of its doing anything along the lines indicated in the present platform. The party has not only been in power but has been in such a position to be assured of future control and yet up until now we have heard nothing about reform or the instituting of new ideas. What greater chance could a party have to write its name immortal in annals of student body politics than to have control of the executive board with full power for the instituting of student reforms? Yet all these opportunities for the past years have been overlooked.

What right have students to take these statements as sincere? Why should we trust them? The past activities of the party seem to give little strength to these statements. Even the Alpha party leader who has served in the executive board, and until the present platform came out has done nothing material to advance the causes of reform.

MORE WATER!

What's the matter with the university's water supply? Is it so scarce that only one fountain can be maintained in a building? Yes, I refer to the Administration building where a lone fountain strives to keep watered the throats of some 1500 normally thirsty students.

And what is more tiresome than having to traipse down two flights of stairs and back when you have classes on the third floor? How much handier it would be if the now dusty fountain on the second floor were made to run. Oftentimes that almost heroic watering stand by the auditorium is so crowded that one loses several valuable minutes before he can drink. Water taken between meals (so doctors say) not only increases one's efficiency, but is essential to good health. With another fountain or two we could promote our efficiency 100 per cent. If money is what is needed, why not start a collection to make the necessary repairs on the second floor? And remember it is getting warmer each day.

"Some women marry for love, some for vanity and some for experience, but the greatest number marry so they can sit back in peace and let their chins increase."—College Humor.

"I" TANK LARRY

Howdy folks—Two Star Hennessy recalls pleasant memories of the lip-smacking variety, however, he done us dirt. He actually took a crack at our poetizing, try as we might to keep up to the high standards that Tennyson, Browning, etc., set for us to shoot at. And to add to our discomforture, he is deeply anonymous, so here goes:

It's painful to see
All this tomfoolery
It's puzzling to me
I'm up in a tree.

I'll never discover
I'll never uncover
The dark undercover
Methods will hover

Won't somebody tell!
Who's none of my biz
I'd like to find out
Who this matter is?

—And for that Messer, Grouch, and Alphaite, and Parasite, and who's got a light!

WISH SIGGIE WOULD SEND UP A CASE OF THAT FAMOUS CALIFORNIA SUNSHINE WE'VE BEEN HEARING SO MUCH ABOUT.

Need any suits pressed? Send them to the D. G. house. They have five Taylors down there.

In spite of erudition
We've taken this position:
That we had a premonition.
That this weather'd knock ambition.
SKY HIGH

And strange as it may seem, we proved to be correct.

Feet like a camel
Has J. C. McCarter

They go days & days
Without any water

THAT PLEASANT FEELING
—When you're cussing over a particularly difficult bit of reading, and then you come to the words:
OTHER PHASES OF THIS WILL NOT BE CONSIDERED HERE.

Just think how disastrous it would be if all the gee Clubbers were to eat onions on the night of the concert.
—That is, for the audience.

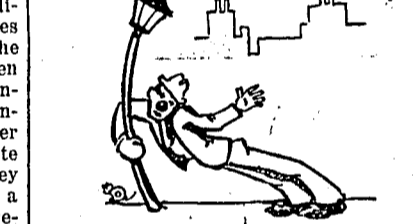

Chastened now

Is Betty Lively

Came home from a picnic

With poison Ivy.

GAS TANK

Baron Waist, shown above in one of his lighter moments, is the SHIFTER CLUB candidate for May Queen. However, let the Baron speak for himself: "Whoopie, gants, de fomme in de dal, for I'm to be de quinn from de May. Hiff you elact me alraddyvat, so I should dress opp witt mitne pink patticoes and put on de pup. So I should walk from de campus across witt skil, witt pump, witt

grace like de bull's wife alraddy. So eff, dewalapeants should occur and Hompy Allis ronn agganst me so won't you plizze throw me your bel-lot?"

SPRING IS WHEN A FELLOW CONVINCES HIMSELF THAT HE HAS A LEASED TELEPHONE WIRE TO HIS RIB'S HOUSE.

SHE SEED SHE HAD ME

—So I pipes up "Listen, kid, wanna go for a ride in my roommate's new car?" And she pops back, "It's so new I'm afraid nothing would go wrong with it."—And she laughed cause she seed she had me.

And then there's the sad case of the simple lamebrain who Called a spade three spades.

We will now sing the song entitled:

She Went a WAY Too Far.
—
Anyway, gents, it will soon Be Campus Day, when we can Sleep in all day.—Who said Them words?

FAMOUS LAST WORDS

WHADDYA DOIN'—MEMORIZIN' THAT PAPER?

"A man who will learn to notice what a woman wears need never be in a panic about running out of interesting conversation."—College Humor.

Daylight Saving Goes In Sunday

Official notices are being sent out today from the president's office notifying all group houses on the campus that the daylight saving plan which was passed by the city council this week will go into effect at 2 o'clock Sunday morning, April 28. Irving W. Jones, assistant president, phoned The Argonaut this morning that all university clocks will be set ahead one hour at that time in accordance with the plan. Regular time will be resumed Sunday, September 29.

"HAY FEVER" TICKETS GO ON SALE MONDAY

Scats for Three-act Comedy will be Available Both at Hodgins and Administration Building.

The tickets for "Hay Fever", a three act comedy to be presented by the advanced play production class May 2 and 3 under the direction of John H. Cushman will go on sale Monday. According to Art Ensign, business manager, half of the tickets for each night will be put on sale in

Dial 4486 for Appointments at SHANNON'S BEAUTY PARLOR

the Administration building, while the remainder will be sold at Hodgins.

Dorothy Pierce takes the part of Judith Bliss, a retired actress who fights vainly against acknowledging old age. Sorel Bliss, her realistic yet old age. Sorel's daughter is Anne Johnson, while Dan McGrath portrays Simon Bliss, Sorel's brother. David Elias, played by Burdett Belknap, the father of this eccentric family, is a novelist who has neglected his duty as head of the house. Lillian Woodworth as Clara the housekeeper is the real ruler of the household. Many comic situations arise because of the difference in character of the guests, who are, Sandy Tyrell, Bob St. Clair, a diplomat, Myra Arundel, Ethel Laffer-

ty, an old fashioned vampire and a shy and unsophisticated little flapper, Jackie Coyton, Estelle Pickrell.

TICKETS ON SALE FOR FROSH GLEE

Tickets went on sale for the Freshman Glee last Wednesday at all the group houses and halls. Paul Jones, business manager, reports that anyone not affiliated with these organizations may get their tickets from him at the Sigma, Alpha, Epsilon house. This dance, those in charge say, will be the major social function of the year for the class and it is planned to make it an exclusively freshman affair, according to Paul Petzoldt, class president.

Wonderful New Line of Shoes \$500. a Pair

SOCIETY

Two formal and several informal group dances this weekend continue the whirl of social events that have kept the campus busily entertained since the peak that was reached in Junior week. The annual formal of Phi Gamma Delta at the chapter house Saturday evening promises to be one of the most outstanding affairs of the spring season and the formal at Forney hall this evening is also holding the spotlight.

The spirit of long-delayed spring will be introduced in the Pre-med club sport informal this evening. The freshmen of Delta Gamma and Gamma Phi Beta sororities will entertain jointly with an informal affair.

The postponement of the men's glee club concert until May 6 has left the student vesper recital as the lone outstanding musical event of the weekend.

Coming Events

MILITARY STAFF HONORS COL. WADDILL

University of Idaho military faculty members and their wives, entertained at a formal dinner dance at the Moscow hotel last evening in honor of Lieut. Col. E. W. Waddill, Ninth Corps area, R.O.T.C. inspecting officer, and the Idaho chapter of Scabbard and Blade and pledges. Hosts were Colonel and Mrs. E. R. Chrisman, Major and Mrs. F. R. Fuller, Captain and Mrs. B. M. Crenshaw, Lieutenant and Mrs. C. H. Hart and Colonel and Mrs. I. C. Crawford.

Guests were Ethel Lafferty, Goldie Smith, Flora Francone, Elsie Warm, Margaret Benham, Fay Tatro, Letha Wilton, Katherine Kahout, Gladys Locke, Helen Ames, Vivian Reed, Louise Lamielle, Lois Kennedy, Dorothy Simmons, Gladys Pence, Neva Rice, Fynette Guthrie, Florence Taylor, Dorothy Taylor, Austa White, Georgetown Miller, Marion Vorous, Dorothy Nixon, Elnora Anderson, Alwilda Langdon, Lucille Haddock, Jane Haley, Evelyn Meeker, Dorothy Frederickson, Myrtle Rach and Dorothy Shears.

Claire Gale's four-piece orchestra played during the dinner and for dancing until 9 o'clock.

CO-EDS ENTERTAIN AT SHRINERS DANCE

Entertainment for the annual cabaret dance of the Moscow Shrine club last evening, at the Elks' temple was given by 11 university women with dancing and musical numbers. The program included a Russian dance by Ruth Garver; Private dance by LaReta Pearson, Shirley Cunningham and Nina Newman; clogging by Lillian Woodworth; "Frenchie" by Mildred Axtell; violin solos by Dorothy Robertson; xylophone solo by Ruth Meredith, and

selections by a musical trio consisting of Lois Thompson, Caryl Thompson, and Karlene Morse. Music for dancing was furnished by Benson's orchestra.

THETAS HONOR DISTRICT PRESIDENT

Mrs. Clara Gridley Helfrich, district president of Kappa Alpha Theta from Portland, Ore., was a guest of the Idaho chapter Monday, Tuesday and Wednesday of this week. She was a dinner guest of the Phi Gamma Delta house Monday evening, and a formal dinner for the Theta chapter members and town alumnae was given in her honor Wednesday evening.

Sigma Nu dinner guests Thursday were Ernest Nelson, Leo Tyrell, George Wilson, Everett Snook, Henry Johnson, Harold Snow, Glenn Sumner, Owen Carpenter, Robert Humphreys, Floyd Held and Jack Mitchell, all of Moscow.

Erma Davis, Laura Manning, Alice Ryan, Lottie Mae Mitchell, Daisy Moore, Florence Redmond and Dr. and Mrs. R. D. Russell were dinner guests of Sigma Alpha Epsilon Thursday evening.

Thursday night dinner guests of Gamma Phi Beta were Donald Bailey, Allen Janssen, James Manning, Donald Corless, Jay Mount, Clarence Sample, Donald Equals, Frank Wenzler, and Floyd Suter.

Sigma Nu announces the initiation of Charles N. Barber, Culesade; William D. Dessler, Klamath Falls; Orce, Robert W. Moore, Cascade and Phillip A. Joray, Bluffton, Ind.

Mr and Mrs Howard David were guests of the Delta Gamma upperclasswomen at a dinner Thursday evening.

Coach and Mrs. Leo Calland and their son and daughter were dinner guests of Sigma Chi Thursday.

STOCK GROOMED FOR CONTESTS

Keen Interest Reported in all Divisions of Annual Little International Livestock Show May 4.

One hundred and fifty animals are rapidly being brought into show shape by students of agriculture in preparation for their "Ag" day Saturday, May 4. This is a larger number than has ever been fitted in previous years.

The Ags have been working on their animals for more than a month, and much interest is being shown in all classes. Seventeen pens of poultry, 17 horses, 15 beef cattle, 32 dairy cattle, 23 sheep, and 14 hogs will be exhibited at the Little International live stock show held in Lewis court Saturday evening. From all indications keen competition is expected in the fitting and showing contests, and the prizes are to be hotly contested.

Much interest is also being shown in the judging contests, which will begin Saturday morning at 7:30 o'clock. Any undergraduate student enrolled in the college of agriculture who has not previously represented the college in an intercollegiate judging contest in that particular division he wishes to enter or who has not been high man in that contest is eligible to enter. There are many upperclassmen who have narrowly missed making the bids for the cups. Several freshmen have also been showing up well in judging work and may make the contests interesting.

The Troy high school band has been secured to play at the show Saturday night. The judges of the show will be J. Huston McCrosky, E. F. Rinehart, Robert C. McCrosky, John Burns, Hart, Robert C. Knott, C. E. H. Hackedorn, Prof. J. Knott, C. E. Lampman, D. R. Theophilus, and Prof. H. W. Hulbert.

ORGAN STUDENTS TO PLAY SUNDAY

Vesper Recital Changed to Swedish Lutheran Church Because of Necessity for Pipe-organ.

The fifth regular bi-monthly student vesper service will be held at the Swedish Lutheran church next Sunday afternoon instead of in the university auditorium, as has been customary. Necessity for a pipe organ, which the university does not possess, made the change necessary. The program will consist entirely of organ and vocal selections and will be the first to appear in public as representatives of the music department of the university.

- The program is as follows:
- "Prelude" (From 3rd Organ Sonata) Alex Gullmunt
 - "Violetta Titta" (Pupil of Professor Mueller) Organ
 - "The Lord is My Shepherd" Curran Mrs. Lois Russell (Pupil of Professor Treleven) Vocal
 - "Idyl" "Early Morn at the Monastery" Bruno Klein Mary King (Pupil of Professor Mueller) Organ
 - "Solace" Pease Jessie Wilson (Pupil of Professor Mueller) Organ
 - "Still Still With Thee" Custance "Over Jordan" Hamblen Agnes Ramstedt (Pupil of Professor Kratt) Vocal
 - "Allegro Assai" (From 4th Sonata) Alex Gullmunt
 - Jeraldnye Sherfey (Pupil Professor Mueller) Organ
 - "Prelude and Fugue in C Minor" Harold Wayland (Pupil of Professor Mueller) Organ

TWO STAR HENNESSY

(Continued from Page 1)

Next year we're going to have some courses on international peace along with the army's idea of preparation for war. Well, I kinda think the army's got the best of the argument. Who would ever want to pick a fight with Jack Dempsey? Not even Tunney, for less than a million dollars.

Well, I have to quit as a co-ed is making guitar eyes at me.

Yours, till I bum a ride to Lewiston.

TWO STAR HENNESSY.

P. S. All's not green that goes in the arboratum.

HONORARIES HOLD JOINT MEETING

Pi Lambda Theta and Kappa Delta Pi, educational honorary societies for women and men, gave a luncheon Tuesday noon at the Blue Bucket Inn in honor of Dr. W. H. Burnham, who lectured on "The Wholesome Personality" at assembly that morning.

Dean Cleveland, of the school of education from Washington State college, Pullman, was the main speaker. Guests included all members of the faculty of the school of education from the university and the 35 members of the two societies.

Elizabeth Steward, freshman in the school of education, was initiated into Pi Lambda Theta last Thursday evening, April 18, at a meeting held at the Pi Beta Phi house.

HATCH AWARDED SWEDISH STUDY

Word has just been received at the university that Alden B. Hatch, forestry '28, has been appointed to a fellowship of the American Scandinavian foundation for the academic year of 1929-1930 with a stipend of \$1000. Mr. Hatch has accepted the appointment and will study forestry in Sweden the coming year. He is at present a graduate student at the Yale Forestry School from which he will take a Master of Forestry degree in June.

MASTERTON EXPLAINS LAW IN 'I'M ALONE' CASE

(Continued from Page 1)

"Under what is known as the 'hovering laws', a foreign vessel engaged in smuggling may be seized within 12 miles of our shores, and it may be pursued and arrested beyond that distance if the pursuit is 'hot'. A Federal judge in New York held in the case of the 'Vinces', a British vessel, that such a seizure was authorized. This jurisdiction probably has the sanction of international law because most of the nations have provided for it in their maritime codes, and because of its ancient character. Covered in Treaty.

"The United States entered into treaties with Great Britain, and with 13 other governments by which her officials are empowered to search and seize foreign vessels as far as the vessel can steam in an hour's time. The 'I'm Alone' came within an hour's steaming of the shore. She escaped from this zone before she could be

taken. Pursuit followed immediately, and it was continued without interruption until the vessel was taken. So the question is, on the analogy of the universally recognized doctrine that when arrest may be made within the three-mile zone, the vessel may be immediately pursued beyond it, may a vessel which can be arrested within an hour's steaming, be pursued and

COUGAR SLUGGERS MIX WITH VANDALS IN SERIES OPENER

W. S. C. and Idaho Nines Meeting Today on MacLean Field

BOTH LACK HITTERS Early Season Form Shows Two Teams Weak With Stick

Conference baseball and real spring weather seem to have arrived simultaneously for both the University of Idaho and Washington State colleges. This afternoon the Vandals and the Cougars opened the season on MacLean field. The return game of the two-game series will be played at Pullman tomorrow afternoon. Both teams have been handicapped by bad weather and lack of stiff competition, so that there is little basis for comparison between the two.

After he had put his squad through a snappy drill yesterday, Coach Fox announced the starting lineup, with the exception of the pitcher. The battery choice was not determined until this afternoon, when Coach Bailey announced his curver. Walter Price, renovated outfielder, will be behind the plate for his first taste of catching in conference ball. Price has shown decided improvement since he has been shifted to the catcher's position, but is still in a hitting slump. He has sling-shot arm and no base-runners will go wild on the hassocks because of a weak-throwing catcher.

Veterans Scarce. First base will be held down by Frank McMillin, who is playing his second year at the initial bag. The rest of the infield is made up of "Monk" Halliday, second; Arthur Cheyne, shortstop; and Lawrence Burton, third. Cheyne is the only other veteran on the infield and is counted on heavily to help hold the recruit infielders down. Burton has played third before, but Halliday has never been at the keyhole position. The make-up of the outfield is not certain. Greeling is almost sure to start in center field, but the other two posts are still open. Hugh Duffy seems slated for the sun-field, while Johnson will be stationed at left field if Grabner gets the nod over Lawrence for the pitching assignment. Duffy, a sophomore, is playing his first year of varsity ball, while Johnson, a junior, is making his initial bid for varsity reckoning this year, not having turned out before.

INDOOR BASEBALL TITLE AT STAKE

Sigma Chi and Kappa Sigma Enter Finals; Fijis Trim Sigma Nu

Sigma Chi and Kappa Sigma will cross bats Saturday afternoon in the game to determine the university champion of indoor baseball. Both teams have earned this right by going through their respective leagues undefeated. Kappa Sigma defeated Tau Mem Alpha Monday night to head A league and Sigma Chi conquered Sigma Nu Tuesday night by the score of 15 to 6, to win the B league race. Lake and Iorns composed the winning battery while Booker pitched and Lethe received for Sigma Nu. The Fijis club romped over Sigma Nu Thursday night, 32 to 3 for the consolation championship of B league. Batteries were Sigma Nu Booker and Westcott, Fijis-Lane and Corkery, Simms and Richardson, members of the winning club, turned in the only circuit clouts of the game.

Tau Mem Alpha meets Beta Chi for the consolation championship of A league tonight, according to Adrian Des Marais, manager of the intramural baseball tournament.

STUDENT GOLF BUGS MAY JOIN TOWN CLUB

Moscow Links Opened For Second Season; Special Fees Provided For Non-Resident Players.

University students have been invited to join the Moscow Golf club at a small initiation charge and small yearly dues, according to Louis Boas, one of the club directors. This stipulation has been made in the form of a clause in the by-laws which provides that non-residents of Moscow may join the club at a cost substantially lower than residents are charged. This clause has been inserted for the benefit of university students, he declared.

The club opened its course for members last Wednesday, and Thursday morning 30 players were on the green teeing off for the first trial of the course. The greens are in good shape now, having been reseeded last fall and again this spring, and an electrical pump for the irrigation scheme, which consists of an underground sprinkling system, has been installed. It is a standard nine-hole course and all the fairways are seeded to grass.

Burton L. French Thanks Levinson

Idaho Representative Expresses Appreciation For Peace Endowment Honoring Senator Borah

Burton L. French, Idaho congressman from the second district, in a letter to Salmon O. Levinson, donor of the \$65,000 Borah Foundation recently received by the university, expressed his sincere appreciation for the gift and the motive that impelled it. Mr. French is a graduate of the university, class of 1901. His letter follows:

My Dear Mr. Levinson: As one deeply interested in programs looking to world peace, and one who holds for Senator William Edgar Borah, of Idaho, profound admiration, and as an alumnus of the university of the state that he represents, I want to express to you my sincere appreciation for your handsome gift which will contribute in establishing the William Edgar Borah Foundation at the university.

Your action in marked degree to directing the thought of the people of our country along the lines that mean for wholesome relationships among nations.

Your action, furthermore, is a splendid recognition of one whose soul is devoted to progress that mean for the betterment of humankind. Calland has taught the Vandal grid squad during the past four weeks will be brought to the surface in the final spring scrimmage. Calland has not attempted to work out all the details of the new system that Idaho will use next year, but he has given his team a thorough schooling in the basic principles and fundamentals. Calland's style contains scraps of football he learned under Henderson and later under Howard Jones, with his own changes and additions. A line shift and backfield plays centering around a versatile quarterback probably are the most notable features of the system.

Idaho will do well to boast a line that averages much past 190 pounds per man next year. Coach Calland believes, and the Vandal backfield will be lighter than for many years. Only two men in the line at the present time give indication of topping the 200-pound mark next fall. William (Big Bill) Kershnik will be the only man in the backfield weighing more than 180 pounds, from present indications.

Because of the Idaho-W. S. C. baseball game Friday afternoon, no football workouts were held. Calland worked his men in practice for the last time this spring, Thursday afternoon.

ENGINEERS FETE SPOKANE MEN

Banquet and Presentation of Papers On Program of Two Chapters of A. I. E. E.

The University of Idaho chapter of the A. I. E. E. will be host to a group of engineers representing the Spokane branch, at a banquet this evening at 6 o'clock at the Blue Bucket Inn. Dean H. V. Carpenter, dean of Mechanical arts at W. S. C., Bernard Olsen, president of the Spokane section, and Prof. J. Hugo Johnson, head of the department of electrical engineering, will each give a short talk on the relations between student engineers and active engineers. Entertainment throughout the dinner will be provided by the university male quartet.

At 8 o'clock the group will adjourn to the science hall where Richard McKay, assistant professor of mechanical engineering, will present a paper on the "Power Limit of Synchronous Machines and its Influence on System Design." According to Orland Mayer, president of the Idaho branch, this paper represents a detailed research in its field, and much credit is due these two speakers for their thorough study of the subject.

How Gold Prospector "Went Scotch"

Larus & Bro. Co. Richmond, Va. Dear Sirs: Two years ago last winter I went into the Red Lake gold fields in Canada. It was a tough trail from Hudson, over 140 miles of snow and ice. There were fourteen of us on the trail going in, and frequently at night when seated around a big camp fire, some one would ask me for a pipeful of Edgeworth. These Canadian boys sure like our Edgeworth. In four weeks' time I ran out of Edgeworth. I was glad to get "most any old tobacco."

One day, however, I dropped in to Dad Brown's tent, a 72-year-old prospector, and seeing a can of Edgeworth on an improvised table, back there 150 miles from the "steel," I perked up at once, saying, "Dad, I'm plum out of tobacco—how's chances for a pipeful?" "Help yourself," he said. So pulling my heavy duty pipe from my pocket, I loaded it with Edgeworth, packing it in so tightly that I couldn't get the least bit of a draw. I excused myself for a moment, and stepped outside to remove about three pipefuls to put in my pouch. Dad stepped out, saying, "You're worse than any Scotchman I ever saw!" Then I confessed. I told him what happened to my Edgeworth—that I was just dying for a smoke, and he understood right away. He said, "Boy, Edgeworth is mighty scarce in these parts, but I reckon I can spare what's left of that can. Help yourself." You can just bet your last nickel that I guarded this Edgeworth with extreme care until I got back to the "steel."

Yours very truly, C. M. Bahr

SPRING FOOTBALL CLOSURES SATURDAY; CALLAND LEAVING

Picked Elevens Will Mix On McLean Field at 11 a. m., In Last Scrimmage

COACH GOING SOUTH Will Return to Idaho Next Fall Prepared to Finish His Task

Idaho's spring football practice under the direction of Coach Leo B. Calland, will come to an end Saturday morning with a final scrimmage between two picked elevens. The game is scheduled to start at 11 o'clock and shortly after the gun sounds, Calland will bid the Vandal crew goodbye until next fall.

Although Calland would not intimate any probable starting lineups for Saturday morning, he declared that one team will represent the best possible combination he could scrape together. At least eight men are sure of their starting positions, but even Calland himself has not decided on the others. The other team will comprise the pack of the remaining squad members. Two practice scrimmages have been held during the past 10 days between two more evenly balanced aggregations chosen by Captains-elect Diehl and Hult.

Everything new and different that Calland has taught the Vandal grid squad during the past four weeks will be brought to the surface in the final spring scrimmage. Calland has not attempted to work out all the details of the new system that Idaho will use next year, but he has given his team a thorough schooling in the basic principles and fundamentals. Calland's style contains scraps of football he learned under Henderson and later under Howard Jones, with his own changes and additions. MOSCOW FIRM TO BUILD BARN

Construction of \$9000 Armory to Begin Next Week on Fair Grounds Finished by End of June.

Contract for the construction of a \$9,000 armory for the Moscow National Guard cavalry troop was awarded this week to N. H. Nedros and Son, local building firm, at a meeting of the board of directors of the Moscow Armory corporation. The contract stipulates that work shall begin not later than next Tuesday and shall be completed in not less than 50 working days.

The building which will be 20 feet long and 100 feet wide; will be located west of the grand stand on the old fair grounds. One side of the building facing the southeast, will be used for office quarters, and on the opposite side there will be a large drill hall and stalls for the horses. A paddock will be laid off along the west fence running out to the north boundary of the grounds. Here the horses will be exercised every day as a part of their care. The future approach to the armory will be a bridge across Paradise creek at the end of Holm street, one block west of the Alpha Phi corner.

The city council has agreed to cooperate with the cavalry unit in improving the old fair grounds. Last week more than 100 evergreen trees were set out in the wedge-shaped piece of land across from the Alpha Phi house. The trees, which were planted with the cooperation of the forestry department, will be carefully tended during the summer.

Everything new and different that Calland has taught the Vandal grid squad during the past four weeks will be brought to the surface in the final spring scrimmage. Calland has not attempted to work out all the details of the new system that Idaho will use next year, but he has given his team a thorough schooling in the basic principles and fundamentals. Calland's style contains scraps of football he learned under Henderson and later under Howard Jones, with his own changes and additions. Styles and Proper Clothing for all Sports

Course-Tested Golf Clubs

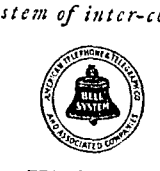

They gave the express rider a good start

Henry Wells, developing the mail and express business of Wells Fargo, knew the necessity of careful preparation and alert management. Communication was more than the picturesque racing of pony express riders; behind the scenes there was always the systematic planning of routes, the watchful inspection of outposts and men. Communication today is immeasurably faster than it was then, thanks to electricity. And to a vastly greater degree has the work of preparation behind the scenes become important.

In the Bell System, management must constantly look ahead to provide the sinews of service against growing public demand—material and men must be mobilized to extend and keep open the lines of communication.
