

# The Idaho Argonaut

VOLUME XXXI

THE IDAHO ARGONAUT, MOSCOW, TUESDAY, MARCH 4, 1930

Number 42

## STOWELL HANGS UP NEW SCORE RECORD FOR CONFERENCE

### Cages 171 Points in Sixteen Games; McMillin Ends Sixth

## HUSKY RANKS SECOND

### Swanson Trails 30 Points Behind Crack Idaho Veteran

Outpointing his nearest rival by 30 tallies for Pacific Coast conference honors in the northern division, Harold Stowell, crack Vandal forward, is officially credited with establishing a new conference record of 171 points. Stowell, who placed third last year, derived his record-breaking mark in the 1929-30 hoop campaign by caging 73 field baskets and 65 foul throws.

Hank Swanson, Washington forward, gained second position in the individual column when his season's efforts netted him 141 points. Swanson accounted for his total as a result of ringing up 60 field baskets and completing 21 gift shots. Holsten, Washington State College nosed out his teammate, McLarney, for third place, the former garnering 137 points while the latter tallied 136 counters.

## "Mac" Makes

Frank McMillin, who has paired in a forward berth on the Vandal lineup with Stowell for three seasons, placed sixth with 119 points or 14 points behind Hal McClary, six-foot, seven inch Washington center who has accounted for 133 points. McMillin held the former conference record at 127 points for 10 conference games while Stowell's new mark is accounted for in a 16-game conference slate. A knee injury which was incurred in the third to the last game of the season prevented McMillin from playing more than a few minutes of the last three contests, thus depriving him of a chance to overhaul Swanson two weeks ago, when the Husky forward was in second place with the Vandal flash crowding him closely.

Stowell has looped an average of 10.7 points for the 16 season contests. He leads the field goal department in the conference by a wide margin and is tied for fifth in the foul throw department.

The ten leading scorers of the conference are as follows:

| Player             | FG | FT | TP  |
|--------------------|----|----|-----|
| Stowell, Idaho     | 73 | 25 | 171 |
| Swanson, Wash.     | 60 | 21 | 141 |
| Holsten, W. S. C.  | 51 | 35 | 137 |
| McLarney, W. S. C. | 55 | 26 | 136 |
| McClary, Wash.     | 52 | 29 | 133 |
| McMillin, Idaho    | 52 | 15 | 119 |
| Keenan, Oregon     | 45 | 26 | 116 |
| Eberhart, Oregon   | 41 | 25 | 107 |
| Grayson, O. S. C.  | 46 | 12 | 104 |
| Ballard, O. S. C.  | 41 | 17 | 99  |

## BURGER APPOINTS SENIOR COMMITTEES

Senior class committees for the second semester have been announced by Darwin Burger, president. Allen Janssen heads the announcement committee; Maltland Hubbard has charge of the senior stunt; Jess Egurrola is chairman of the assembly committee; Ruth Newhouse song; Marjorie Bloom, gift; George Huber, picnic; and Robert St. Clair, cap and gown. Personnel of these committees will be announced soon, Burger said.

## COURT ARTISTS CONTINUE GRIND

### Jacoby Will Have Three Weeks of Practice for the Casaba Artists.

The University of Idaho will get an early start on its 1930-31 basketball season, announces Coach Rich A. Fox. A spring practice period of about three weeks will be held this month.

With the basketball days of Harold Stowell and Frank McMillin, Idaho's crack forwards and scoring stars, ended, the main strength on next year's club will be sophomore talent. The freshman team this year contains the best material Idaho has had on a yearling club for three or four years.

The spring basketball period will be presided over by Glenn Jacoby, freshman coach. Coach Fox expects to be in southern Idaho at the time, attending several of the district high school basketball tournaments and the state meet at Pocatello.

## INDOOR BASEBALL NEXT ON SCHEDULE

Indoor baseball, next sport on the intramural calendar, will get under way Monday evening in the Memorial gymnasium when teams resume their drive for the trophy offered annually for group athletic champions.

Vernal Eaton, intramural manager for this sport, will announce the schedule in Friday's Argonaut. Games will be played each evening at 7:30 except on Saturday, the game that day being at 3:00 in the afternoon.

The two leagues will be the same as in basketball except that the faculty and the L. D. S. institute will not enter teams. Seventy-five points will be awarded to the winner of each league, 50 to the runners-up, and 25 more to the university champions.

## IDAHO COACHES TRIM RIVALS AT W. S. C., 34 TO 20

The coaching staffs of Idaho and Washington State college met last night in the first game of their annual series. Idaho displayed the best basketball and won a 34 to 20 victory over the Stagers.

The Idaho coaches played a desultory game the first half with the State college coaches meeting their erratic style. The second half, Idaho, urged on by a 15 to 15 tie at the half, played an inspired game which soon ran the score up to 34. Meanwhile the Pullmanites had been able to garner 5 additional points.

The second game of the series will be played on the Idaho floor Wednesday evening. A charge of 25 cents is to be made.

Burger of Idaho was the high point man of the game with nine points. McDonald of W. S. C. was next high with six.

The Idaho team consisted of Fox, Anderson, Burger, Calland, Jacoby, Reardon, Sheehy and O'Brien. Washington State college played Bailey, Bohler, Hein, McDonald and Mitchell.

## SIX TEAMS SURE OF TRYING FOR STATE HOOP TITLE

### Coeur d'Alene, Boise, Moscow, Montpelier, Arco, and Pocatello Win Sections

## TWIN SEEMS CINCH

### Tourney Starts March 13 at Southern Branch, Pocatello

Six Idaho prep basketball teams have been assured places in the bracket for the 11th annual state high school basketball tournament to be held at the University of Idaho, Southern Branch, Pocatello, March 13, 14 and 15 while a seventh team has virtually clinched the chance to take part in the drawings.

Moscow, Coeur d'Alene, Boise, Montpelier, Arco and Twin Falls, survived a series of district meets last week while Pocatello, defending champion, will enter in the state playoff as host team. Twin Falls must first defeat the champion in the B circuit of the southwestern district before it has permanently earned the right to compete for the state title.

The Moscow Bears, defeated the Lewiston Bengals 23 to 12 in the finals of the north central district at Lewiston Saturday night. The Bears went through the tourney undefeated.

## Coeur d'Alene Back Again

Coeur d'Alene was an easy victor in the Panhandle sector, turning back Post Falls, Harrison and Wallace by one-sided scores, to win the title. The Lake City five will enter the state tourney for the third time, undefeated in its season play. The Vikings have won 18 straight games this year.

## Boise Sneaks In.

A lucky goal in the last 40 seconds of play by a Boise player spelled defeat in the semi-finals for Nampa, 19 to 18, and enabled the Braves to play in the finals against Emmett. The Capital City players received a 30 to 11 verdict from Emmett.

Arco eked out a 22 to 21 victory over Mackay in the 21 minute overtime in the central district. Due to a spinal meningitis ban only three teams in this district competed.

Montpelier downed American Falls two straight in the southern district. Thatcher extended Montpelier to the limit in one game, which Montpelier won 30 to 29 after the score was deadlocked 11 times.

Twin Falls annexed the south central district championship by reversing Buhl in the finals, 24 to 17. The Bruins encountered little difficulty in winning the title although Oakley gave them a hard run in the opener and were disposed of 39 to 35.

## JACOBY HANDLES SPRING HOOP WORK

### Fresh Coach in Charge of Basketball Squad in Absence of Rich Fox

Spring basketball started in Memorial gymnasium cage yesterday with Glenn Jacoby, fresh hoop coach, in charge of the candidates. Jacoby will instruct the cagers until Rich Fox returns from a short trip to southern Idaho where he will see the state high school basketball tourney at the Southern Branch, Pocatello, March 13, 14 and 15. Fox will leave for southern Idaho at the end of this week.

The spring session will continue for a period of three weeks, replacing his two stellar forwards, Harold Stowell and Frank McMillin, both mentioned for all-Pacific coast honors, appears to be the greatest task confronting Coach Fox. Milford Collins, alternate forward and center will also be claimed by graduation this spring. The remainder of the squad, consisting mainly of sophomores, leaving much material for next season. A number of fresh stars will turn out after the close of the week season this week.

## SPRING FOOTBALL TRAINING STARTS HERE MARCH 19

### Calland Prepares to Launch Spring Program Late This Month

## PLANS SIX GAMES

### Five-week Period to Include Several Scrimmage Tilts

Spring football at Idaho will commence Wednesday, March 19, Leo B. Calland, head football coach, informed a representative of the Argonaut yesterday. For a period of about five weeks potential grid stars and those who saw service either in the varsity or freshman lineups last spring will report daily to Coach Calland in moleskin togs to Coach Turl and his assistant Glenn Jacoby, for spring training.

Fundamentals of football, blocking, tackling, passing and punting will be stressed. The squad is to be divided up into three sections and a series of six games to be conducted on a double round-robin basis. One squad will attire in the blue, another in the red and the third in gray colors.

## Two Squads Last Year.

Last year there were two squads, the reds and grays. After they played two ties, the first one a scoreless tie and the second game a 7-0-7 tie. Coach Calland united his reds and grays into one group and pitted a select lineup against a reserve aggregation. The regulars won by a 21-0-0 count.

Seven winners of the coveted "T" on the gridiron last fall will report to Calland for the spring session together with 13 utility performers from last season. The squad will be further bolstered up with the addition of 22 members on Coach Jacoby's yearling roster last fall.

The chief object of spring practice is to afford Coach Calland a review on his material for the 1930 campaign and to instill in the players more experience and fundamentals of the game.

## SLUGGERS MEET COUGARS MARCH 7

### Vandal Mitt-pushers Being Groomed For Old Rivals

OXING, dormant sport at Idaho for a number of years, has taken a new lease on life and is reported to be flourishing with huge success. Approximately 30 candidates, out for the cauliflower trade, are numbered on the varsity and fresh roster and are reporting regularly for practice under the tutelage of Jimmy O'Brien, coach.

Vandal mitt slingers are scheduled to swap punches with pugilists of Washington State College in a dual contest March 7, and will oppose the Gonzaga Bulldogs in another match slated to take place later in the season. Coach O'Brien plans on entering the team in the minor sports carnival to be held at Eugene, Oregon during the latter part of next month. The tentative date for the staging of the minor sports carnival has not been decided upon and some doubt exists as to whether the carnival will be held at all this season. Arrangements are now being made, however, to enter a ten-man team in the carnival.

Aspirants for the boxing team have been divided into two divisions with one squad consisting of the regulars, reporting for practice almost daily, while the other squad works out at least once each week. Efforts are being made to popularize the mitt sport here and should a great amount of interest be taken in the game in the next few years, application to have boxing recognized as a minor sport will be made.

Coach O'Brien is pessimistic over Idaho's chances to down the Cougars in their first meet on schedule as the Vandals are inexperienced and lack the fundamentals. Promising candidates for the team are Charles Coppola, 118 pounds; Joe Gillett, 126 pounds; Paul Dolan, 135 pounds; Sheridan Atkinson, 158 pounds; Melvin Sackett, 168 pounds; and O. J. Agee and Orville Murdock, 175 pounds.

## INDEPENDENTS WIN W. S. C. INTRAMURAL

Dates for the series of basketball games to determine the intramural championship of Idaho and Washington State college are expected to be set soon it was learned last night. The W. S. C. tourney was won by the Independents in a close battle with Sigma Alpha Epsilon 22 to 20. The final game was played last week.

Sigma Alpha Epsilon, Vandal campus title holders, will represent Idaho in the series. Three games are being arranged with the first to be held within the next ten days.

## Hasher, Initiate Victim of Women's Suppressed Desire

The butterfly is out of his chrysalis—the worm has turned!—the crawling bug has developed into a beautiful full fledged insect with gauzy and gorgeous colored wings! Lowly pledge is now featuring a shining sorority or fraternity pin. Coats are cast aside in spite of the cold weather to announce to the world that the pledge is no longer with us, and kisses and hand shakes are being spread around in bounteous profusion.

One of the new butterflies from a fraternity was the subject of a real treat a few days ago. It happened that this lucky Greek was hashing at one of the campus sororities. The pledges and new initiates of the sorority felt that they should congratulate their proud hasher in a correct form. After the meal, they lined up at the kitchen door, and as each of the girls passed the fortunate hasher she planted a sizzling rooster on his trembling lips. Fifteen of the campus' fairest passed by and performed their noble duty. It was really an inspiring sight. The rest of the hashers gazed on with envious eyes. It seems that some one else is always getting the lucky breaks.

Note:—It has not been definitely established whether or not the young man has passed his pin as a result of the ordeal.

## FENCERS DIVIDE FIRST FOIL MATCH

### Janda Breaks Opponents Blade Early in Second Contest of Evening

Fencing matches during the halves of the W. S. C. Idaho basketball game Saturday night introduced a new sport to the student body.

Wurster, Idaho, was matched against Hughes, W. S. C., in the first round. He was handicapped because he had never been opposed by a left-handed man. He lost his match by a score of 3-7 touches.

The Janda, Idaho, vs. Hague, W. S. C., match was a demonstration of flashing steel. Early in the match Janda snapped the foil of his opponent an inch from the hilt. Janda won by a score of 5-1 touches. Hague employed the Italian style of fencing which consists of lunges. Janda used the French method which is a series of deceptive manoeuvres.

Hughes and Griffith, both of W. S. C., gave an excellent exhibition match. More matches are being arranged for a later date according to Paul Aust, president of the newly formed Foil and Masks.

The final score was: Idaho, 8; Washington State, 3; Hague, 1; Janda, 5; Hughes, 7.

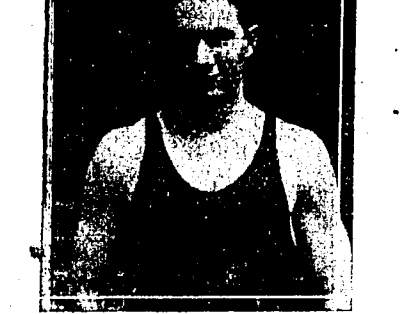

## FRESH WOMEN DEFEAT UPPIES

### Win All Four Events in Class Swimming Preliminaries

In the women's class swimming meet preliminaries Saturday the Freshmen won all four events.

First place in the 50-yard free style race was won by Mildred Richardson. Camille Harris, senior, placed second. Miss Richardson also won first in the plunge for distance. In the side-stroke for form Miss Richardson again received first, and Marcella Kraemer, senior, was second. The only diving entrant was Susie Malcolm, freshman.

## Famous Pair Closes Vandal Career

Three Idaho seniors, two of them veterans of three seasons, hung up their basketball togs for the last time after the final conference game of the season last Saturday against W. S. C. Harold Stowell, Frank McMillin and Milford Collins are the three who will be absent next winter when the first basketball call is sounded.

Stowell and McMillin, the "Pocatello partnership," have probably caused rival coaches more worry than ineptitude, graduation, sickness and all of the rest of those little things that make coaching a pleasant job. These two boys have been playing together for years and for the past three seasons have kept Idaho in the "dangerous" class.

With the graduation of Stowell and McMillin, Idaho will lose two of the hardest fighting, but cleanest basketball players that ever

## SPORTS CARNIVAL DRAWS IDAHO MEN TO PULLMAN RING

### Three Colleges Will Have Teams At Minor Games Tourney

## FENCERS GET TRIAL

### Boxers, Wrestlers, and Swordsmen to Enter From Vandal Camp

Tentative plans have been mapped by athletic department for Idaho to send a minor sports team to Pullman Saturday, March 7, to compete in an invitation athletic carnival sponsored by Washington State College. Reports have been given out that this event is being substituted for the annual Minor Sports Carnival usually held each year at Eugene, Oregon.

Oregon State College, Idaho and Washington State College, the latter as host team, have virtually agreed to enter contestants in the various events on program. A series of tournaments on boxing, wrestling, gymnastics, swimming, handball and fencing will probably take place. Should Idaho compete in the carnival it is probable that the Vandals will be represented by contestants in all events, several other minor sports are expected to be on the calendar.

## Reviews on Trues

The wrestling sport under the supervision of Noel Franklin, student instructor and the pugilists under the expert tutelage of Coach Jimmy O'Brien have reached mid-season form and members of both squads are anxious to display their wares. Amateur performers, too, are anxious to vie for tank honors, which contest, perhaps may develop into the most interesting event on the sports program. Boxing, which made its debut here recently by the introduction of the Bell and Mack club has enticed many Idaho students and the Vandals should be well represented in this sport.

## "PURITY" BUCKET PROMISES NEW DIET

### Humor Magazine Ready by Middle of March Say Editors

The third issue of the Idaho Blue Bucket, humor quarterly, will be a "Purity Number" members of the staff announced last night. It is expected to be put on sale about March 15.

One of the main features of the coming edition will be a sketch of Talbot Jennings, the first editor of the magazine, by Hazel Simonds. Paul Jones will review Idaho's prospects in track and baseball. Another interesting item will be a short story by Anne Johnson.

In addition to these features the publication will contain the usual number of cartoons drawn by Bus Brown, Charles Gelinsky, Dale Goss, Bill McCoy, and Gus Grimm. The cover design by Dale Goss will be printed in four colors.

The star of Washington State's first football team was a one-armed half back named Koshier, who would grab the ball, wave his wooden arm to frighten off any who dared to tackle him, and dash through to an almost certain score.

## MARCH HISTORY REVEALED IN NEW ALMANAC

### C. C. G.

This is the month-of-months. Many things have happened and who occur before March takes the count from Father Time. We'll have another book-of-the-month; we hope that it won't be another fake like Joan Lowell's "Cradle of the Deep". The froth will resume their badges of humility, the old faded dink. President Kelly will most likely make another trip to Chicago or New York while Arles and Taurus, signs of the zodiac, are in a happy combination. The personnel bureau will issue a questionnaire and collect more statistics on the kind of breakfast food we prefer, and how much we pay for it. Oh, yes, indeed, this is going to be a busy month.

If you were born in March, we have four bits that say a president died or the cotton gin was invented on your birthday.

Yup! It's going to be a busy month just like it has been in the past.

## ANDERSON STARTS GROOMING FIRST VANDAL SQUAD

### Favorable Looking Material on Hand as Track Training Opens

## VETS BOLSTER TEAM

### Kershishnick, Wiks, Heath and Stowell Will Again Be In Uniform

By Charles Sowder, Jr.

OULDING a squad of willing but inexperienced cinderpaths and field men into a winning track combination is the greatest task facing Otto K. Anderson, beginning his first year as head track coach of the Vandals. Approximately 65 candidates for the varsity and frosh track teams are being paced through almost daily workouts in Lewis' indoor training quarters under the careful supervision of Coach Otto K. Anderson and in all probability, due to adverse weather conditions, will confine their training indoors for at least another month.

Speculation on the success of the Vandal track teams this season is rife and indications are that the varsity team will neither be brilliant nor disappointing. Graduation and three-year participation claimed all but three winners of the coveted "U" award last season, leaving Coach Anderson with a dearth of experienced men. Team supporters are hopeful, however, that the Vandal mentor will build up a fair and creditable entry into the conference circuit in time for the initial engagement, a quadrangular affair at Walla Walla, April 28, against Whitman, Washington State college and Gonzaga.

Veterans report, and who are reporting for daily practice are William "Big Bill" Kershishnick, discus and shot put; Dave Wiks, mile run; and Charles Heath, mile and two-mile runs. The roster will be bolstered up noticeably when Harold Stowell, letter winner in the quarter-mile event two seasons ago, dons the abbreviated togs of the cinderpath after the close of the hoop season.

Material for future Vandal teams is exceedingly promising, nevertheless, and Coach Anderson is enthused over his yearling and sophomore candidates.

Norman Alvord, phenomenal hurdler and sprint ace of the Southern Branch is revealing much promise in the daily workouts and is expected upon to be one of the Vandal's chief scorers this spring. Dan Lopez is vying with Kershishnick in the shot put and discus and should gather in several tallies in meets this season. Lopez is showing improvement every day in tossing the iron pellet and will no doubt give Kershishnick a hard run.

Prospects Favorable.

With Sig Jossis in the century and furlong, Idaho's stock has jumped several points. The Vandal mentor figures on the Meridian flash to win many points this year. Paul Jones and Bernard Lemp, capable timber toppers, are crowding Alvord closely in the hurdles and both should prove valuable assets to the 1930 squad. A former holder of an Olympic record in the hurdles, Coach Anderson predicts Idaho to show its greatest strength in this department. In addition to being one of the outstanding hurdlers, according to present indications, Paul Jones looms as Anderson's best bet for the high jump event.

## STUDENTS KEEP WELL DESPITE CHILL SEASON

In spite of the changing weather, Miss Edna Peterson, head nurse at the infirmary, reports good health on the campus. Only two cases of illness are on the infirmary roster for the week.

Ralph Reed, junior from Coeur d'Alene has been ill for the past few days with a light case of scarlet fever.

Harold Brown, suffering with a case of mumps, is the other patient.

## TWO FINAL GAMES WRECK IDAHO HOPES FOR CELLAR RELIEF

### Washington State Holds Second Place in Northern Division

## STOWELL BIG STAR

### All Idaho Reserves Used in Effort to Stop Cougar Scoring

The University of Idaho basketball team closes the most unsuccessful season since the Vandals joined the Pacific coast conference by dropping two losses games to W. S. C. Friday, and Saturday nights. The first game, played in Pullman, ended 36 to 23 and the second in Moscow, 47 to 24, in favor of the Cougars.

The double win gave the Cougars undisputed possession of second place in the northern division and leaves the Vandals deep in the conference cellar with four wins and 12 losses for an average of .250.

The Idaho team without Frank McMillin, veteran forward injured in Seattle two weeks ago, showed little of the "clever" basketball though all of the fight of earlier conference games.

Cougars Show Speed. After playing nearly 30 minutes of neck and neck basketball the Cougars sprang to the front and captured the first contest 38 to 29. Idaho took the lead at the start of the game but W. S. C. tied the score at nine all and then went to the front and was never again headed.

The lead changed nine times during the first period but the Cougars emerged ahead at the gun and held a 19 to 13 advantage at half time. Stowell drew a first blood in the second period with a long field goal but the Idaho substitute did not score again until the Cougars had run up a total of 32 points. Christians finally dropped one through the net for Idaho but Holsten, Buckley and McLarney increased the W. S. C. lead.

Stowell High Man. Stowell, with 12 points was easily high point man for the contest. He was followed by Van Tuyl of W. S. C. with eight.

The second game was a good contest and fairly even until the end of the half. Idaho scored first on Stowell's free throw and then took a 7 to 3 lead on field goals by Howard and Stowell. A field goal and two free throws by Van Tuyl, Cougar guard, evened the count at seven all and then the W. S. C. quintet again jumped a 10 to 7 lead which they maintained until the end of the contest. Two field goals by McLarney, just before the end of the period, put the Cougars on the long end of a 21 to 16 score at half time.

### Cougars Widen Lead

The second half was all Washington States' with Buckley, Holsten and McLarney dropping the ball through the mesh with clock-like precision. Stowell was the only man on the Idaho team who could locate the basket. He made 11 points to increase his lead in the coast individual scoring race. Holsten, W. S. C. forward, was highest point man for the game with 12 points.

Coach Rich Fox, "cleaned the bench" in an effort to stop the inspired Cougars but they showed little consideration for Fox's frequent substitutions.

## SHORT COMEDIES READY IN WEEK

### Student Body Admitted Free to One Act Plays March 12 and 13

Admission will be free for the coming group of one act plays. It was recently announced by Professor John Cushman, head of the ASU department. The plays, under the auspices of the ASU, will be given Wednesday and Thursday, March 12 and 13. No seats will be reserved but it will be necessary for students to present their ASU books in order to gain admittance.

Two comedies, "Upper Forty" and "His First Dress Suit", a farce, "Postal Orders" and a more serious study, "The Valiant" will be produced. Mrs. Pauline Brown Matthews is coaching "The Valiant", "Upper Forty" and "Postal Orders", while Miss Helen Kersey is supervising "His First Dress Suit". The casts for all the plays are composed of members of the advanced and elementary play production classes.

## FRENCHMAN COACHES U. OF W. FENCERS

University of Washington (PI PA). Capt. Jean G. Maurice, former Maître d'Armes of the French Academy of Arms, is the new fencing instructor here. The captain has had a colorful career. He left France because of disfavor with the authorities resulting from duels that he had fought there.

Capt. Maurice says that a lady's honor is more than a figure of speech in "la belle France". He related here today a story about a co-ed challenging to a duel a blackguard who had slandered her. Before the entire university the woman defeated the man so bad that he slunk from the stage after the third touch.

# The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho. Member of Pacific Intercollegiate Press Association.

### Real Forum Wanted; Not a Night School

A FEW men on the campus are doing a little thinking about other things. A basketball and spring formal is noted in the fact that a faculty forum is being proposed by a group of students. Professors, if they know what they are talking about and have faith in their theories, can hold the respect of youth while mingling on the same level with the younger generation. Discussions of problems of current and lasting interest may be conducted in a manner not common in the west if the plan is carried out. There are, however, some difficulties to overcome in starting such a beneficial program. Although the campus is small, numbering less than 2000 students on its population rolls, there are a great many conflicting opinions rampant on any subject that may be brought up. Leaving out the women, who may later on take up the same idea as they have nearly everything else that men attempt, there are about 1000 students upon which the new discussion group may draw for its unrestricted membership. Leaders of the movement are on shaky ground when they propose to interest even one fifteenth of that number in any one subject of their own volition. The fraternity and group house makes a handy division unit. Any one who knows anything about a fraternity knows that there are as many different men in one house as there are sizes of shirts in its bureaus. Their minds run in just such separate channels. It is hard to bring about a unity of response and mental feeling in an organization that includes athletes, Ag students, musicians, engineers, social hounds, book worms, lawyers, "Joe-Colleges," and architects. If the faculty forum is to succeed in the purpose for which it is being started it seems evident that some other method of selecting the student group will have to be arrived at.

Students—the men at least—do want to come into closer contact with the faculty of the university. Each one of them has some little spark of interest in the problems of education, life, and its proper appreciation and understanding. Not enough emphasis is being placed on the benefits that may be derived from an education out of the class room. To the average man, attending college is divided into two distinct parts; one is "getting educated" in one of the buildings divided into class rooms where a professor holds forth before a group, says his say—and it is law—while the class scribbles it down in a note book; the second part is "being in college" which consists of forgetting as rapidly as possible much that was to be learned in the first division and mingling with his own kind in a social way. The fault seems to lie in the fact that the professors do not exist as human beings. They have their turn during the eight class periods. If they don't accomplish anything before five o'clock in the evening their time of educational influence has passed. In the evening they are busy about their own affairs. The students go one way, the faculty another, figuratively speaking. Their paths do not cross unless members of the former group are asked to dinner by a fraternity or sorority representing the inactive opposition.

Perhaps, too, it would be rather hard on a professor to expect him to conduct classes all day and then give a lecture in the evening where he would be expected to make pleasant answers to a lot of foolish questions. If there is assurance on the part of the students that the forum will not resolve itself into a verbal duel between faculty men and the group to which they are talking, results will be reaped. If not, the discussion is likely to break up after two or three lectures, or "high brow bullfests" as the forum is being labeled.

If the students are really interested in the topics they choose to be discussed by their favorite lecturer they should do their part by finding out all they can about the subject. Mere passive listening or affected intelligence is not what the leaders of the movement want. Perhaps the plan would be a greater success if a topic were picked by a few after discussion with several men from different groups and the faculty member asked to talk with all men really interested. Drafting thought through the power of the fraternity paddle usually results in ennui.

### No More Mussed Mixers

MOST class mixers of the past have been for one class alone. The recent interclass festa at the Blue Bucket inn was novel in many respects. The sophomores discovered that they had a class of reasonably husky boys. The upperclassmen found out that the old class spirit, so long lamented, had not died entirely, and all men who took part in the festivities realized better than ever before that the landing above a flight of stairs is a remarkably poor place to stage a tackling practice.

In spite of the rough and tumble scraps that make the hall tremble for nearly half an hour there was no ill feeling between the scrappers. Both sure injury on the stairs, and no furniture was used as an implement of war. No one was hurt, thankful to say. For a few minutes it looked as though the ambulance would have to be backed up to the door for sure, but nothing more formidable and morbid than a tailor's needle and a few buttons was found necessary after the smoke had cleared away.

Time was when mixers were considered a junior class function. Of late years, however, all four classes have been using the informal midweek party as a means of getting together. That it was unusual for the sophomores to be holding a "mixer" was by no means the reason that the few upperclassmen happened to be on the scene last Thursday. They had no intention of causing any trouble to the sophomores. Their visit, they have repeated many times, was purely out of curiosity and friendship. When they came back after a short interval they did have an intention of taking part in the mixer. The sophomores, it is hoped, hold no enmity for the upperclasses, on account of the affair.

The first near brawl of the year came to a conclusion without any noticeable "hangover." Repetitions of the class scrap should not occur. The custom of staging a battle at the door would lead to unwanted class bitterness and someone would certainly be hurt. The classes should come to some agreement not to interfere with each other at "mixers."

Salaries of student employees of the A.S.U. are coming in for extensive overhauling this spring. Nine out of ten students don't know how many students are paid, what they do, or how much they are paid. Still they will cry about not being informed what happens to the A.S.U. fee they pay each semester. Associated student constitutions are not scarce. If students have complaints to register or suggestions to offer regarding salaries, executive board members will be glad to hear them.

Fencing made its bow to the Idaho campus last Saturday evening. Somehow it seems that the Idaho basketball team got foiled all during the season although it was not until the last game that a real dueling exhibition was given.

A coed's conception of heaven is a college campus with 200 fraternities, one small sorority, every day a weekend, and every man a handsome athlete.

# Sleeper Sam

O-Hell-O—We hadda laff at th' soph's who stood aloof an' flung encouragin' words to th' fightin' members at th' mixer 'cause they missed all th' fun an' haff to help pay fer th' damage includin' 2 broken doors, Kirk's shirt, a lamp, 2 aspirins fer Deen Kersey, 3 chairs, and d'Easum's pipe. We predict a nitey fine time at the th' next junior mixture.

### FAMOUS SONGS

Infirmary Song:  
"Knives just gotta have you!"

Helen Kerr, our playful contemporary, would like to know if one uses onion skin paper to write sob stories on.

ARBORETUM ALONZO SAYS:  
The reason the co-eds take more time to dress than the college lads is because they have to go slow around the curves.

### EXTRACT FROM THE BUGLE

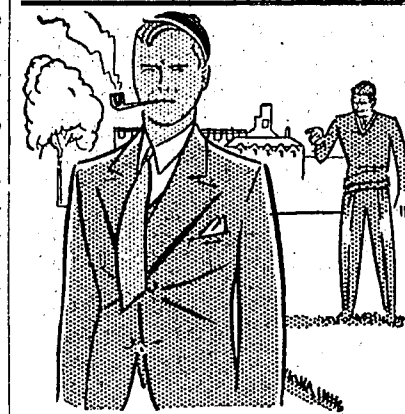

(Sparkville, Idaho.)  
The foto at the left shows the picture of Dr. Schnitzerbaum who as a pioneer and professional man is out in front of a ny man in Sparkville's citizenry. He has practiced medicine for fifty-nine years being responsible for most of the babies in this community.

## The Pipe even helps you say nothing at all...

YOU'VE noticed how expressive the pipe can be, what meaning it can put into the simplest gesture. The pipe even helps you say nothing at all—and that, O mortal, takes a man among men!

Men to their pipes and women to their lipstick—but suppose you had no pipe and faced repression? Suppose you had no tobacco to put in your pipe! Empty pipes make empty gestures that have no meaning. Filled with good tobacco, your pipe becomes eloquent. Filled with Edgeworth, it is Olympian!

What, no Edgeworth? Lose not a moment—haste to the mails with the coupon. Let the machinery of government rush to you a free packet of good old Edgeworth, delicious and friendly Edgeworth, full-flavored, slow-burning, cool.

Edgeworth is a careful blend of good tobacco—selected especially for pipe-smoking. Its quality and flavor never change. Buy Edgeworth anywhere in two forms—"Ready Rubbed" and "Plug Slice"—15 packet package to pound humidifier tin.

DYNAMITE clears the way for modern engineering wonders

# The Cascade Tunnel...

AMERICAN'S longest railroad tunnel built with the aid of DYNAMITE!

The first train breaks through the paper barrier!

A LITTLE more than a year ago, the Great Northern Railway trains began running through the Cascade Tunnel. Engineering skill had finished another great job... in record time. And dynamite helped to make it possible. Du Pont Dynamite was used in driving the pioneer tunnel... in sinking a 622-foot shaft so that blasting attacks might be carried on from four primary faces. Cascade Tunnel is only one example of the use of dynamite in modern construction. Dynamite is indispensable in building highways, bridges, skyscrapers, dams, subways. It is a powerful tool which modern engineers could not well do without.

The du Pont Company has had 128 years' experience in making and improving explosives... in testing them for all types of blasting operations. A wealth of information about explosives... and how to use them... is contained in the *Blasters' Handbook*, a copy of which will be sent you free upon request. Write for your copy.

# SOCIETY

**T**HE entrance of March with its uncertain faltering between sunny spring days and bleak blizzard weather finds the social calendar filled with a joyous bevy of spring formal and informal dances.

Last Friday evening Tap Mem Aleph held a very colorful Spanish fandango at the Blue Bucket, where seniors and senioritas appeared in full costume. Phi Delta Theta underclassmen's dance was a collegiate sport affair. The Lambda Chi Alpha informal dance was given at the L. D. S. seminary.

Saturday evening Zappa Alpha Theta and Kappa Kappa Gamma entertained at very formal dances at their respective chapter houses. Alpha Phi's informal was held at the chapter house also.

Promising functions scheduled are for Delta Gamma formal dance on Friday evening and the Bench and Bar formal dance Saturday evening. That evening, also, Phi Gamma Delta underclassmen and Ridenbaugh hall informals will be held.

**CALENDAR**

- Friday, March 7
  - Delta Gamma Formal Dance
  - Forney Hall Faculty Reception
- Saturday, March 8
  - Bench and Bar Formal
  - Phi Gamma Delta Underclassmen's Informal Dance
  - Ridenbaugh Hall Informal Dance
- Wednesday and Thursday, March 12 and 13
  - Dramatics Department, One-act Plays
- Friday, March 14
  - Sigma Chi Formal Cabaret
- Saturday, March 15
  - "I" Club Formal Dance
  - Phi Delta Theta Informal Joint Dance
  - Delta Chi Underclassmen's Dance
- Friday, March 21
  - Beta Chi Formal Dance
  - Associated Engineers' Informal Dance
- Saturday, March 22
  - Interfraternity Council Informal Dance
  - Forney Hall Informal Dance
  - Lindley Hall Formal Dance
- Friday, March 28
  - Tau Kappa Epsilon Formal Dance
  - Spur Informal Dance
- Saturday, March 29
  - Gamma Phi Beta Informal Dance
  - Alpha Tau Omega Formal

Mr. and Mrs. F. E. Wickwire of Spokane were Sunday dinner guests of Sigma Alpha Epsilon.

Sunday dinner guests of Spokane were Mr. and Mrs. Tom O'Brien and daughter, Patsy, of Spokane, and Irma Williams. Mrs. F. E. Wickwire of Spokane was a weekend guest of Delta Gamma.

Sunday dinner guests of Beta Theta Pi were Miss Ella Olesen, Mr. and Mrs. Geoffrey Coope, and Dean and Mrs. F. G. Miller.

Gamma Gamma chapter of Beta Theta Pi announces the initiation Saturday, March 1, of Chester Brinck, Harry Brown, Joe Gilgan, of Boise, and Robert Newhouse of Kuna, Idaho. A banquet was given in the afternoon in honor of the new initiates. Alumni guests at the banquet were Mr.

Francis Jenkins, Dean J. G. E. ridge and Abe Goff.

Mr. and Mrs. S. R. Moore of Wallace were week-end guests of Gamma Phi Beta.

Gamma Phi Beta entertained the following guests at a fireside Sunday evening: Mrs. S. R. Moore, Mrs. S. V. Long, Mrs. Harry Elnhouse, Mrs. George Horton, Katherine Jean Wilson, Patricia Kennard, Frances DuSault, Edna Scott, Dorothy Scott, Mary Louise Bush, Elizabeth Thompson, Elizabeth Vincent and Jean Shomber.

**SPRING FORMAL**  
BY KAPPA KAPPA GAMMA.  
Saturday evening the Kappa Kappa Gamma house was the scene of a spring formal. The motif was effectively carried out with yellow jonquils, pussy willows, kinic-kinic, sail and Oregon grape. Yellow tapers in brass candelabra furnished light.

Kappa Alpha Theta announces the initiation of Violet Adams, Twin Falls; Margaret Watson, Pocatello; Merle Meadows, American Falls; Marv Simonton, Wendon; Helen Chatten, Idaho Falls; Lucille Burgess, Boise; Annie Snow, and Gretta Brossard, Rivier; Jean Sweeley, Twin Falls; Elaine Stone,

Patrons and patronesses were Mrs. Elizabeth Shaw, Dean Permal French, Dean and Mrs. William Masterson, Mr. and Mrs. Pendleton Howard, Mr. and Mrs. H. E. Lattig, and Mr. and Mrs. Hester Brenn. Guests were Margaret Kearns; Frances DuSault, Evelyn Peterson, Edward Peterson, Frank Hunt, Dana White, Kenneth Richert, James Laidlaw, Stuart Kimball, Joe Coffey, Jack Lee, Kohn, Donald Harris, William Gallagher, Warren McDaniels, Assel Tall, Lester Kirkpatrick, Marvin Holm, Ralph Magnuson, James Partons, Cedric Eastum, Theodore Swanson, Cartor Allen, Robert Bally Angus McIver, Peter Barkor, William Cadigan, Eugene Reid, Charles Whitaker, George Swindeman, Clarence Sample, Carl von Ende, Phil DuSault, Robert Green and John Hanson.

Pocatello; Ruth Marshall and Elizabeth Lambdin, Lewiston; and Louva May Jensen, Moscow.

**THETAS FORMAL**  
**LAST SATURDAY EVENING**  
Kappa Alpha Theta formal dance was held at the chapter house Saturday evening. Guests included Dr. and Mrs. J. W. Barton, Dr. and Mrs. H. L. Axtell, Mrs. Simonton, William Krummes, Pete McBirney, Cecil Hart, Milo Axelsson, John Thomas, Patrick Walker, Kenneth O'Leary, Newton Carter, Peter Jansen, Wallace Baker, Charles Cheney, Bud Davis, Herbert Hartman, Henry Dunn, Robert Holden, Marten Rossell, Alvin Jacobsen, Robert Throckmorton, Edward Poulton, Howard Ballif, Edward Douglas, Earl Smith, Rex Howard, Howard Gallagher, Forrest Brigham, Hugh Duffey, Robert Mitchell, Walter Gillespie, Har-

old Stowell, Harry Dewey, Holt Fritchman, Lionel Campbell, Lloyd Young, Clarence McPherson, Robert Newhouse, Cecil Hagen, Frank Wenzler, Elwyn Peterson, Mary Axtell, Patricia Kennard, Mary Louise Bush, Elizabeth Thompson, Jean Wilson, Pauline Plzey, and Katherine Kahout.

Alpho Rho chapter of Alpha Chi Omega announces the initiation of Ellen Jack, and Teresa Connaughton, of Boise; Katherine Kearns, and Dorothy Shears, of Spokane; Inez, Sherwood, Welsler, Hattie Reiersen, Troy, Lily, Louis, Coeur d'Alene, Marjap, Lewis Fruitland; Josephine Kincaid, Lewiston and Irene Killion, Brigham, Utah.

### FROSH QUINTET TRIMS NORMAL

#### Idaho Yearlings Defeat Lewiston Five 37-33; Play N.C. Next

The Vandal babes staged a comeback by trouncing the Lewiston Normal quintet here Saturday 37 to 33 in a close hard-fought game.

Early in the first half, the Yearlings ran up a 5 point lead that they held until the end of the half. Tyrell and Lacey led the attack and kept the ball in their own territory. The half ended 19 to 14 for Idaho.

The Normalites started a scoring spurge as the second period opened but Lavejoy was the only man who seemed able to convert. He ran up 8 points before the Frosh stepped on him. Idaho then launched a spree of their own which didn't end until the close of the game. The Normalites attempted another threatening rally in the last few minutes of the game, cutting Idaho's 10-point lead in half before the gun sounded. The final score was 37 to 33 for the Frosh.

Lavejoy was high point man for Lewiston with 16 counters and Tyrell looper in ten for Idaho. Friday night the Frosh will tangle with North Central high school of Spokane in Memorial gymnasium. Saturday afternoon they play Moscow high school in the last game of the season.

### TOTAL SCORE OF IDAHO FIVE FOR SEASON IS 474

Signal scoring honors for the Vandal cagemen during the 1929-30 conference season were annexed by Harold Stowell, leading conference scorer with 171 tallies. Stowell was second high point man for Idaho during the conference season of 1928-29, trailing Frank McMillin.

McMillin scored 119 points this year while Rex Howard, guard was able to muster 51. Hurley center, finished fourth with 43 and Wes Shurtliff, forward, fifth, with 21 tallies.

Complete and official scoring tabulations of the Idaho players during the conference season just closed, are as follows:

|               | FG | FT | T   |
|---------------|----|----|-----|
| Hurley, c     | 16 | 11 | 43  |
| Shurtliff, f  | 10 | 1  | 21  |
| Thompson, c   | 6  | 4  | 16  |
| Collins, c-f  | 5  | 6  | 16  |

| Hale, f-g     | 1  | 3  | 5   |
| Stowell, f-g  | 73 | 25 | 171 |
| McMillin, f   | 52 | 15 | 119 |
| Howard, g     | 23 | 5  | 51  |

1928 78 474

### FROSH TRACKMEN TO MEET COUGARS

#### Indoor Meet With W. S. C. Yearlings Slated for Saturday, March 22

Varsity and frosh cinderpath aggregations face their first indoor competition in history when Coach Otto K. Anderson accompanies both squads to Pullman, Saturday, March 22, for dual meets with the Washington State college varsity and yearling track squads in the new Cougar field house. The two dual affairs for track and field honors will be in the nature of practice events and are the first competitive indoor meets for either of the Vandal squads since track was instituted here.

With fully a month's labor behind them under the direction of Coach Anderson, former Olympics record holder in the hurdles, the Vandal track contingents are rapidly being keyed up for their first meets of the season.

**Frosh Prospects Bright.** Idaho's chance to eke out a victory over the Cougar varsity are slim, says Anderson, but he intimated that the frosh chances to triumph are very bright. Idaho has its best rook track squad in history and should prove a real obstacle in the path of the Cougar yearlings, Anderson hinted.

All events will be run off with the exception of the century and furlong. Competition in the sprints will be restricted to a 75-yard straightaway. The javelin event, too, may be scratched. The 120-yard high shot, 220-yard low hurdles will be staged over a 75-yards of the W. S. C. cinder oval. The spacious field house of the Cougars offers much possibility to stage successful indoor meets.

Anderson is drilling aspirants for both squads at a much faster pace than was the case earlier in the season and expects to enter a large number of contestants in the practice meets with the Cougar squads.

### SENIORS ADOPT ANNOUNCEMENTS

#### Choose Unique Pattern Modelled After Modern Style First Introduced Here Last Year

Senior announcements will be on the campus by the end of March, according to Allen Janssen, chairman of the announcement committee. Work in selecting the announcements has been going forward for the last three weeks and the contract was let to Dank and company of Portland last week.

The announcement adopted this year will be similar to last year's card which was a distinctly new type on the Pacific Coast. Many other schools have followed Ida-

ho's lead in selecting this type of invitation for their graduating classes. The cost is to be ten cents apiece on all of the announcements. The committee also had a complete list of personal cards for those who are interested in purchasing them.

The committee is visiting group houses this week to take orders and find the number of announcements required by each senior, must be in the hands of the printers by March 15.

### DEAN HOME FROM EAST

#### Fahrenwald's Plans Bring U. S. Government's Approval

Arrangements have been completed for resumption of co-operative work between the University of Idaho school of mines and the Idaho bureau of mines and geology with the United States Geological survey and the United States bureau of mines, reported Dean A. N. Fahrenwald of the mines school upon his return from the 139th annual convention of the American Institute of Mining and Metallurgical Engineers. While in the east Dean Fahrenwald conferred with directors and division chiefs of the bureau of mines and geological survey relative to instituting a comprehensive co-operative program in Idaho.

Since last May, when Mr. Fahrenwald resigned as director of the bureau of mines station at Moscow to become dean of the Idaho mines school, there has been no federal engineer at Moscow. Projects under way in this field, however, have been carried on as usual under the direction of Dean Fahrenwald. It was felt by Dean Fahrenwald that active co-operative work should be re-established and he presented his proposals to the bureau chiefs on his eastern trip.

Believing that as a result of Mr.

**CAMPUS BARBER SHOP**

"On The Campus"

Fahrenwald's work in metallurgy while in charge of the Moscow station the metallurgical problems of the state are well in hand, at least for the present, the director of the United States bureau of mines suggested sending a mining engineer to Moscow to co-operate in the study of problems relating more closely to mining than to metallurgy. The bureau of mines chief felt that a mining engineer associated with the Idaho school of mines would give a better balanced research staff, especially as Dean Fahrenwald himself is regarded as one of the country's foremost authorities in this field and has been retained by the bureau of mines as consulting ore dressing engineer and will work and direct the bureau of mines research fellows.

### ENGINEERS ELECT KELLEY, PLAN DANCE

#### Wednesday Meeting Approves Engineering Day; To Cooperate With Spokane Society

Succeeding Robert Olin, Lewiston, who graduated last month, Dean Kelley, Rexburg, was elected president of the Associated Engineers at a meeting of the engineering students last Wednesday.

Reports were made that preparation for Engineer's Day, to be held in May, were proceeding favorably. The exact date of the show will not be made until a later date, pending information from the members of the Associated Engineers of Spokane.

After a discussion, it was planned to hold the annual En-

gineer's dance on Friday, March 21, at the Elk's temple. Robert Throckmorton, Twin Falls, is general chairman in charge of the dance; George Kalousek, Buhl, programs; William Galligher, Boise, tickets; and Ralph Hagan, Brooklyn, N. Y., publicity.

### FORMER ENGLISH PROFESSOR DEAD

Word has been received on the campus of the death of Harriett E. Cushman, formerly preceptress and instructor in English language and literature at the university. Miss Cushman died at Portland, Oregon.

Miss Cushman was one of the first instructors in English at the university, coming here in 1893. In 1898 she was made Professor of English language and literature. Before coming to Idaho Miss Cushman taught three years in Honolulu, Hawaii.
