## GRIM EYED AGS PORTLAND BOUND FOR STOCK SHOW

Judges Determined to Place  
In the Money at Animal  
Exposition

## TEAMS ARE CHOSEN

Professor Hulbert, Coach of  
Grain Experts, Driving  
To Rose City.

To "place in the money" in all events was the determination of the four agriculture judging groups which left Moscow Thursday afternoon, October 23, for the Pacific International Livestock exposition at Portland, October 25-November 1.

Final decisions for berths on the various teams were made Wednesday. According to Professor C. W. Hickman, keen competition in each division made selection difficult.

Grain Team.  
Those who will represent Idaho in the grain judging section are: Dorothy Perkins, Jerome, the only girl representative; John Sandmeyer, Buhl; Ardie Gustafson, Moscow; Fred Mark, Blackfoot; and Alfred Johnson, Ritzville, Wash. In charge of this group is Professor H. W. Hulbert, who motored to Portland instead of going by train with the squad.

Animal Husbandry.  
The animal husbandry team, in charge of Professor C. W. Hickman, includes Ralph Magnuson, Worley; Earl Stansell, Ashton; Robert Corless, Paul; Alfred Funke, Cottonwood; Ardie Gustafson, Moscow; Mont Lewis, Oakley; and Joseph Heward, Grace.

Albert Shaw, Moscow; Herman Hilficker, Filer; Irwin Slater, New Plymouth; and Ernest Palmer, Madlad, make up the dairy cattle judging team. Professor F. W. Atkeson is coach for this group.

The dairy products judging team, with Professor D. R. Theophilus in charge, is composed of Leonard Wiseman, Twin Falls; Joseph Heward, Grace; Raymond Spencer, Palouse, Wash.; and Ralph Olmstead, Plummer.

Has Tough Break.  
Howard Gustafson, on both the grain and animal husbandry judging teams is ill at his home in Moscow. He is improving rapidly, and by leaving Sunday, he will arrive at the exposition in time for part of the judging. Gustafson was appointed student manager of the different groups, but because of his illness he was replaced in this position by John Sandmeyer.

Idaho has been sending representatives and prize livestock to the Pacific International exposition since 1919. During that time it has received many awards of merit, including a grand number of firsts.

The Portland event is the second largest of its kind in the United States, being surpassed only in the number of animals entered at the Chicago International Livestock exposition. Livestock will be shown from more than 20 states and parts of Canada.

## SPURS ENTERTAIN FORMER MEMBERS

Sophomore Honorary Pays Respects to Last Year's Group at Formal Banquet

The 1929-1930 members of Spurs, honorary sophomore women's organization, were the guests of honor at a formal banquet given Wednesday night at 6:30 o'clock at the Moscow hotel by the active members of the organization.

Plates were laid for forty-three, including members and Miss Ellen Reiseron, faculty advisor.

A program of musical numbers was provided for the occasion. Louise Morley gave two vocal selections, Louella de Gero entertained by piano solos, and Dorothy Lindsay danced.

At a meeting held by the organization on Wednesday evening a campaign for sales of the Gem of the Mountains was outlined and plans made for pushing the Gem sales on the campus.

## KNIGHTS SPONSOR ALL-COLLEGE MIXER

At their meeting Tuesday night the Intercollegiate Knights set the date for their annual all-college mixer, to be held directly following the big bonfire on the night of November 7 in the Memorial gymnasium, announced Stan Hale, honorable duke. Special music has been obtained and invitations to attend are given all alumni, for the dance will be a homecoming reception as well.

This year the Knights are putting on an especially big drive to handle the homecoming situation. The inactive junior members will be called upon to help carry out Dean French's plan of seating the men and women separately at the football game.

Beginning this year the organization will select about six junior Knights to take charge of the various committees and activities. In past years temporary committees were merely appointed to meet the occasion and didn't prove very successful. With this new system it is also hoped to create more interest between the active and inactive Knights.

## MILITARY BAND WILL "DRESS UP"

White Belts and Crossed Shoulder Straps Add to Appearance; Ready Next Week

Members of the military department report that they are "dressing up the band." In order to distinguish the band from the regular troops they are being fitted out with white belts and crossed shoulder straps. This addition to the regular uniform will give a snappier and neater appearance than the former apparel. The order has been sent in and will probably be issued the latter part of next week.

Since school started Berni Nielsen, bandmaster has been spending most of the time teaching the group military maneuvers. As soon as the weather prohibits further outside work the band will start rehearsing for its annual concert on October 28.

The second supply of uniforms has arrived and those who do not have them are urged to get equipped as soon as possible.

## EDITOR TO ATTEND P.I.P.A. CONCLAVE

Whittington Leaves Sunday  
For Los Angeles; Back  
Early in November

Ed Whittington, editor, will represent The Idaho Argonaut at the annual convention of the Pacific Coast Intercollegiate Press association convention which is being held in Los Angeles next week-end. Only one Idaho delegate will be sent this year, it was decided at the Tuesday evening session of the A.S.U.I. executive board. For the past two conventions, The Argonaut has been represented by both the business manager and the editor.

Business sessions of the association will last three days, October 30, 31, and November 1, during which time the association secretary reports, and problems of both the editorial and business staffs will be threshed out. Virtually every college newspaper on the coast, and many from the Rocky mountain states will send delegates.

In addition, to discussions of the existing editorial problems, several talks by prominent Pacific coast newspapermen have been scheduled. Whittington plans to leave Moscow Sunday, returning early in November. Paul E. Jones, managing editor, will have charge of The Argonaut during the editor's absence.

## Repairs Awaiting All Campus Hacks If Boys Cash In

Hast thou a decrepit lizzle that needs doctoring? Now is your chance, fellow students, to learn to treat their ailments. Wouldst know the secret of making her pneumatic body perk up and run once more? The answer is: auto mechanics on October 27. True, you will receive no credits toward graduation, but what pleasure in life could be greater than seeing old bag o' bones rattle around once more?

That phenomenon of college—the short ag, will appear on the campus on October 27 also. The course in which he will register is commercial dairying.

Last year there were eleven registered in commercial dairying and eight in auto mechanics. As yet there have been no indications of the number this year. The campus awaits the results of registration.

## STUDENT OFFICERS RECEIVE SABERS

Advanced R. O. T. C. Men Receive New Equipment; Rooks Will Wear Leather Belts

Thirty-six sabers have been received by the military department, and most of them were issued to the cadet officers last Thursday. The new officers will receive their uniforms November 1, and will be fitted for Sam Brown belts at that time. In the near future the basic corps will blossom out in leather garrison belts which have been ordered by the department and will be paid for by school.

Reviews from now on will be conducted with all commissioned officers wearing their sabers which were bought by the university. Thursday morning the officers were instructed in saber drill. Pershing caps have been ordered for the men who signed up for them and will be here soon.

A review of the whole military corp was held last Thursday morning. "B" company won the ribbons for the best line when passing before the reviewing officers.

## DEAN WILL GIVE TALK TO FRESHMEN

Miss Permeal French, dean of women, is to address the freshmen in the auditorium November 18, at 11:00 a.m. Miss French will speak of campus life with reference to the things which the students need to know in order to get what they want from the university. The third fresh assembly is scheduled for November 28, at which time President M. G. Neal will speak.

## PHI BETA KAPPA HONORS SENIOR MAN AND WOMAN

Julia Glen Hunter and James  
Wayland Accept Election  
To Honorary

## BOTH IN ACTIVITIES

Have Many Interests in All  
Phases of Campus  
Life

Julia Glen Hunter, Moscow, and James Harold Wayland, Boise, seniors, have accepted their election to Phi Beta Kappa, national scholastic honorary, announced Dr. F. C. Church, secretary of Idaho Alpha chapter.

Miss Hunter has had an outstanding record of extra-curricular activities. She is a member of Delta Sigma Rho, national honorary forensic. During her junior year she was vice-president of the English club, manager of co-ed intramural debate, and a member of varsity debate squad. She is affiliated with Daletha Teth Gimlet, town women; and Gamma Phi Beta, women's social fraternity.

Wayland has several activities, being a member of Sigma Tau, national engineering honorary, and Associated Engineers. He received the Sigma Tau medal during his sophomore year for having an average of 5.853 in the college of engineering his freshman year. He is a member of the Associated Students of Lindley hall.

Election to Phi Beta Kappa is among the high honors that can be awarded students in American institutions. Dean Randolph Farmer, school of business administration, is president of Idaho Alpha chapter.

## SERVICE GROUPS PUSH GEM SALES

Spurs and Knights Will Sell  
Subscriptions For School  
Annual

The Spurs, sophomore women's service organization, has undertaken a subscription campaign of the Gem in the women's groups, according to Clive Johnson, circulation manager of the yearbook. An intensive drive for sales will be made during the next two weeks in the women's houses and halls. Knights will start their drive in the men's houses. A larger sales quota before, according to the staff, and it is necessary that the subscription lists be closed as early as possible. \$2.50 is the amount of the first installment.

Action taken at the senior class meeting last Tuesday definitely settled the cap and gown question, according to Wayne Blair, editor of the Gem. Senior pictures will be formal. All other class pictures will be informal. Pictures for all men's groups will be informal, while the sorority and women's halls will have their pictures in formal dress, as has been the custom in the past.

Schedule Listed.  
Appointments at the studios have not been coming in as satisfactorily as expected this week, reports indicate. The schedule for picture appointments, which is reprinted below, will be followed as strictly as possible, in order to get the engraving done on the date set. Students who have missed their regular appointment are requested to make another before it is too late.

The first half of the schedule follows:  
A—B, Oct. 15 to 18.  
C—D—E, Oct. 21 to 25.  
F—G—H, Oct. 27 to Nov. 1.  
I—J—K—L, Nov. 3 to Nov. 8.  
M—N—O, Nov. 10 Nov. 15.

## ENGINEERS HONOR PLEDGES.

A banquet was given by Sigma Tau, honorary engineering fraternity, Thursday evening at the Blue Bucket in honor of its new pledges. Arthur Werner gave a talk and Frank Menovick entertained the group with a short skit.

Clarence Conway, who recently attended the Sigma Tau conclave at Lincoln, Nebraska, gave the group a report on the convention.

## Four "Specialists" Run Vandal Grid Team

A quarterback for every purpose is Coach Leo Calland's motto. He has them too, four in all. Three are sophomores with two more seasons on the Vandal varsity. The fourth, Waldemar Pedersen, better known as "Galloping Swede," is a junior and will be back for one more season after the present campaign closes.

Heading the list of ball totting quarterbacks is George Wilson, Moscow, sophomore, whose exploits against the University of Washington and Whitman college have labeled him "Poison." Wilson would be considered a midget on most grids, but for all his 150 pounds he packs more dynamite punch than any other player on the squad and he has the "it" that makes him

## CLASS PLANS DRAMA TALKS

Play Production Followers Will  
Discuss Life and Works of  
Famous Playwright

Eugene O'Neill, the first American dramatist to win international fame, will be the subject of a round table discussion to be given at the weekly meeting of Prof. Fred C. Blanchard's advanced play production class, Tuesday, October 28 at 4 p.m.

This discussion promises to be exceptionally colorful since O'Neill's own life story is a drama. Gold hunter, sailor, actor, reporter, and Harvard man, he is known to the American reading public as the author of "The Strange Interlude" and a dozen other famous plays. Jack Blair, Spokane, will lead in the discussion of the playwright, prior to a round table reading of an O'Neill play.

Professor Blanchard's sympathetic reading of Marie Connelly's "Green Pastures" was given at the first of these weekly meetings in connection with his talk on the negro element in American drama. It will be possible for a limited number of those interested in the drama, but not registered in advanced play production, to attend these meetings in the U Hut.

## RUSSIAN CHORUS WINS APPROVAL

Students and Faculty Enjoy  
Two Hour Program of  
Song and Dance

Two hours of diversified entertainment was presented to the faculty and student body of the university this morning by the Royal Russian Chorus, under the direction of Princess Margarita Slaviansky. Singing, dancing, gorgeous costumes, and balalaika orchestra were the outstanding features.

Princess Margarita, the youngest daughter of Prince Dmitry Alexandrovitch Agreneva-Slaviansky, is the conductor of the famous troupe, and Mademoiselle Mara Slaviansky, daughter of Princess Margarita, a featured soprano soloist and accompanist. Both are typical studies of the old nobility of Russia.

Over twenty performers were included in the world-famous organization. The players display technical skill and remarkably fascinating music. The chorus stirred the audience to prolonged, enthusiastic applause by the brilliance of novelty of their program.

The entire expense of bringing the artists to the University of Idaho was born by the university funds. All students saw the performance gratis.

## Males Promised Dramatic Exit From Co-ed Prom

Swish, rip, thud, ough! "Hey, easy there!" Slam, bang! Just another overbowed college boy who thought he could get into the Co-ed Prom. And the fun goes on.

The above scene is repeated several times until quite an army of disappointed young warriors have limped down the hill. Perhaps Jessie Hutchinson's dangerous-looking pop-gun which she carried in connection with her role as a hunter scared them as much as it scared Grace Eldridge, who was dressed as a timid duck, but we noticed they usually stayed until forcibly thrown out. The lure of something to eat might have overcome their fear somewhat. Or they may have been trying to get their fifty cents worth—provided they couldn't make it past the doorkeeper without paying. Or maybe they just didn't know when they were well off. At any rate, disaster in the form of from twenty to a hundred and twenty college girls greeted all boys who succeeded in crashing the entrance gate.

Which only goes to show, that if you're a girl and want to have a lot of fun be sure to go to the Co-ed Prom, but if you're a boy and want to have a lot of fun, stay away.

## NOTICE

There will be a meeting of the Episcopal club Tuesday evening. Election of officers will be held.

## VARSIITY DEBATE SQUADS SELECTED FOR THIS YEAR

A. C. Whitehead, Coach,  
Names Twenty-one to  
Represent Idaho

## WILL MEET BRITISH

Argue With Englishmen  
Here November 6 on  
Machine Question

Varsity debate squads have been elected for this year and are well under way on their respective propositions, A. C. Whitehead, coach, announced Thursday.

The mens' squad consists of Harry Angney, Robert Vincent, Joseph Filseth, Howard Ballif, William Wetherall, Claude Marcus, Thomas Reardon, and Howard Wiseman. "Womens' squad members are Thelma Melgard, Elsie McMillin, Gladys Gleason, Lois Porterfield, Jewell Leighton, and Jean Tedford.

A fresh womens' squad has also been selected and promises of good material are evident. Mary Axteill, Wilma Hudson, Alice Brink, Mildred Peterson, Virginia Kaar, Frances Hanel, and Dorothy Higgins will uphold the first year class honors.

"Much enthusiasm is being shown in anticipation of the two English debaters who are to meet the Idaho squad on November 6 on the following proposition: Resolved: That the world has more to fear than to hope from the further development of machines. This will prove to be an unusual debate and Idaho is exerting all efforts to afford keen competition to the Englishmen," added Mr. Whitehead.

## BABES BATTLE VARSIITY TO TIE

Willis Smith Leads Yearling  
Attack; Final Count  
19 to 19

Tuesday evening the varsity and freshman teams battled for an hour and a half on even terms in a scrimmage which ended 19 to 19. This was one of the weekly series of games between the varsity and the freshmen. It was the closest the youngsters have come to winning though the varsity has never held a wide margin over them.

The freshmen displayed a tricky running attack while the varsity gave its passing department a good workout. Pete Taylor, sophomore wingman on the varsity, was the mainstay of the receiving end of passes from Pedersen and Davis. The whole varsity forward wall played good ball but got plenty of competition from the yearling line. It looks as though Calland's regulars will have to fight hard for their berths next fall.

Willis Smith was the whole show in the yearling backfield and Coach Calland predicts that he'll be a star in the varsity backfield next season. Once he got by the varsity secondary on a spinner play and ran 65 yards to score.

The freshmen scored first and from then on the two teams played as though a championship were at stake. It wasn't dummy drill with varsity reserves trying to beat the rooks. Calland threw everything he had at the freshmen and they didn't weaken. The significant fact of the even battle was not the varsity weakness but the strength of the freshman team. Smith looks like the strongest in the history of the school.

## PLAN BROADCAST OF COUGAR RALLY

University of Idaho will go on the air in a radio football program from station KWSC at Pullman the evening of November 7, from 7 to 7:30 o'clock, two days before Idaho's Homecoming game. Arrangements were made by O. A. Fitzgerald, director of publicity, and Howard Greer, director of the W.S.C. sports publicity. Details of the program have not been worked out, but student talent available on the campus should make a memorable half-hour for radio fans in the Inland Empire. Mr. Fitzgerald says.

## SENIORS ADOPT FORMAL PICTURE

Decide to Abolish Cap and Gown  
Pictures for This  
Year's Gem

Formal senior pictures in the "Gem" was the important question settled at a senior class meeting Tuesday night in the Administration building, according to Henry Lacy, class president. Committees were appointed for the "mixer" and the Senior ball.

Randall Wallace was appointed general chairman for the "mixer," which will be held the week after homecoming.

The date of the Senior ball will be listed soon on the calendar. The Senior ball committees are: general chairman, Vining Thompson; decorations, Betty Wilson; and Joe McGowan; floor and music, Ray Kelly and Catherine York; invitations and announcements, Virgil Estes and Ruth Garver; finances, Harry Robb and Clyde Raldy; entertainment, Pauline Parker and Frank Warner.

## SPOKANE SPECIAL PLANS FORMULATED

Union Pacific Will Carry  
Idaho Fans to Gonzaga  
Game Nov. 1

A special train has been chartered for the Idaho-Gonzaga game to be played in Spokane the evening of November 1. Tickets will be placed on sale in the main hall of the Administration building Monday at a price substantially lower than the regular rate, Union Pacific officials report. The number sold will be limited to three hundred.

Plans are tentative, according to Bus Grimm, student representative, but so far as known the special will leave Moscow Saturday morning at 11 o'clock. Dancing will be afforded the passengers providing the railroad company can obtain coaches for the purpose. The pep band will furnish music.

The special is scheduled to arrive in Spokane about 2 o'clock. As the game is scheduled for eight o'clock that evening, the passengers will have the remaining time before the game for their own use. The special will leave for Moscow between 11 and 11:30 the same night.

## Columnist Sees Big Year Coming "Spokane or Bust"

Hello Folks:—  
And how's the life? Now is the time to show what college spirit we have. The academic council has decided that Idaho may run a "special" to Gonzaga. All year long the students have cried for a "special." Now that they have one, let's see what will happen.

Did you see the Varsity-Fresh football game? If you didn't you missed the best game that has been played on that field. Yes, the Fresh held the Varsity, but that isn't any discredit to the Varsity. In fact, it is a wonderful sign for a great team next year—and I'm not patting Idaho's team on the back either. Now if some of the pulling students that think they are stone masons with a big mallet get "hot" and imbibe some good 'healthy ozone to exude, in our Alma Mater's praise we'll have better success this year. See you in Spokane.

## BARTON LEAVES ON WEEK TOUR

Psychology Head and Mrs. Barton Will Visit in Oregon and Idaho.

Tomorrow morning Dr. and Mrs. J. W. Barton will leave in their car for Pendleton, Ore., where they will meet their daughter and son-in-law, Mr. and Mrs. Daniel Warren and little Miss Hannah Editha Warren. They will spend the week-end in Pendleton where some golf will be enjoyed if the weather permits. Sunday afternoon the Bartons will return to Moscow and bring their little granddaughter with them to spend a week at the Barton home.

Mr. and Mrs. Warren will return to their home in Burley where Warren is manager of the 4-H club for Twin Falls district. He is a brother of Ted Warren of the agricultural college here.

Grandfather Barton declares that with a week of observation and influence and with his granddaughter in Burley he can make a beneficial psychological change in her life. He has been waiting for this opportunity for some time he declared. The freshmen will be free from strict experimentation for a whole week.

## MINING HONORARY SELECTS PLEDGES

Sigma Gamma Epsilon, national honorary mining, metallurgical and geology fraternity, announces the pledging of Robert Bailey, Ralph Rason, and Donald Emigh. Membership is limited to those upperclassmen whose scholastic rating places them in the upper quarter of students registered in the school of mines.

Figures show that United States postmen walk 170,000 miles a day. That makes us feel so restful.

## VANDALS DEPART FOR OREGON FRAY KEYED TO FIGHT

Great Battle Expected From  
Red Shirts in Uphill  
Game

## OREGON IS FAVORED

Dope Points to Victory For  
Green; Idaho Out-weighed

By Leo Pohlman.  
Coach Leo Calland and his small band of fighting Vandals, bolstered by fresh hope and determination, all set for Eugene yesterday evening left to give the big green-Oregon eleven its hardest battle of the year.

The squad finished its toughest week of practice with a light workout Thursday afternoon and with the exception of a few bruises every man is in top shape, ready to battle the Webfoots.

The floodlights have been turned on every night this week and the white ball put into use while the frosh eleven tangled with the varsity. The freshmen are powerful enough to give the regulars a stiff battle and the men are gathering real experience during these scrimmages. Tuesday night the two squads raged up and down the gridiron for an hour and a half and when the final whistle blew the score stood 19 to 19. The passing combination of Davis to Taylor was working long, a charm and the first year men were unable to solve it. These miniature wars have been preceded by an hour of work on defensive tactics with the reserves shooting Oregon plays at the Vandal forward wall.

Vandal Line Strong.  
The pep and fight has increased since the brilliant victory over Whitman and the team is pointing for a win from Oregon. Calland will have four of the outstanding linemen on the coast, in Cory, Taylor, Hall and Lopez to shake the Webfoots. Pedersen and Wilson will give the Eugene rooters plenty of thrills before the afternoon is over and when Davis is sent in to hurl passes the Oregon secondary defense will have to work fast and hard.

The tension of the big game has reached the coaching staff and they expect a close battle as the backs have been practicing place kicks for an hour every night and this little daily work may be the deciding issue of the contest. Hanford looks like the best booter as his kicks have been sailing through the cross bars regularly.

The effect of Calland's steady work on Idaho's passing game is now coming to light and the Vandals will enter the Saturday fray one of the most dangerous aerial teams in the entire west. This fact is bound to help the team at Eugene as Doc Spears men showed themselves weak against Husky heaves last week.

## OREGON FAVORED

Oregon will trot onto the field a decided favorite by virtue of their 7 to 0 victory over Washington which gives them a 24-point advantage over the Vandals. This is good for the red shirts, however, as the Webfoots reports say that Spears plans to start his second string and with the Idahoans keyed to a fighting pitch they may spoil somebody's Homecoming.

## IDAHO FORESTER STAFF SELECTED

The Idaho Forester staff for the year 1930-31 is as follows: Editor-in-chief, James Sowder; associate editors, Warren Ensign, and Will Towns. Business manager, Fred K. Newcomer; assistant business manager, Joe Pecharne.

The Idaho Forester is the annual publication of the Associated Foresters. It contains a section of student activities, and a large number of high quality semi-technical articles. The new staff is planning a bigger and better book than ever before.

## FROSH BATTLE SUNDAY

Not satisfied with their fog-horn competition and the annual snow fight the Beta and Phi Del pledges will meet Sunday morning at 9 o'clock on MacLean field in a football game which promises more than a little interest. Members of the freshman team have been barred from the competition. "Silent Paul" Boyd will referee.

## SIGMA TAU NAMES FIVE NEW PLEDGES

Sigma Tau, national honorary engineering fraternity, pledged five upperclassmen in the college of engineering and the school of mines at a meeting, at 4 o'clock Tuesday in the Engineering building.

The pledges are: Roy Johnson, Ritzville, Wash.; George Donnelly, Rockland; John R. Middleton, Boise; Joseph Cremens, Havre, Mont.; and Ivan Taylor, Rigby.

Men pledged must be in the upper one-quarter of eligible men in scholarship and must have demonstrated ability to apply their theoretical training. In addition they are required to have an interest in other activities in the university, and must be approved by at least three faculty members.

These pledges will be initiated this semester. Another group will be pledged next semester.

## "Now Playing"

ADVERSE criticism appearing in a signed article published in the Tuesday issue of The Argonaut, directed toward the manager and owner of a Moscow theatre are entirely without grounds, the businessman charges in an answering statement appearing in the forum column of this page.

The theatre owner, naturally, defends his business, insisting that, contrary to the charge, he is furnishing University students with high class shows.

Tuesday's statements, signed by "Two Star", might have appeared in the student forum column, instead as a news feature article. But disregarding this; and also disregarding the feature style in which the article was written, The Argonaut columns are open to student comment, whether it is favorable or not.

The point is: "Two Star" is dissatisfied with the entertainment he has received in return for his money; he believes he is entitled to more consideration.

The Argonaut suggests further inquiry into the issue now that it is before the students.

## Not All "Rah-Rah" Types

THE FACT that a "student world" includes an occasional scholar is not startling to anyone familiar with college life. This does not imply that all except the students are "rah-rah" types as the movies would have it, but it surely indicates that there are few persons in our universities who are engaged in serious thought. This may be amazing, but even more amazing is the suspicion and scorn which follows our much maligned, misunderstood, would-be scholars.

How many times have you heard the expression "prude" applied to some poor struggling "high-brow" who happened to be carrying a couple of books under his arm? The term may have been uttered as a protest against high grades. Scholars are not necessarily Phi Betes. To be a member of this exclusive sect does not require a six point; it merely urges a little more sincere basking in the despised intellectual atmosphere.

The fundamental reason for this dislike is the 100 per cent American, personal-fear of seaming cultured. We all grab at chewing gum and Buddy Rogers, and carefully avoid the dangerous waters of refinement. Because of envy or distrust we cannot understand the hard working "high-brow" who puts these things behind and seeks after other honors. It is unfortunate that his course is so repulsive to us as we miss many things of vital need. But this is a much pointed-out failing of our nation.

If college life is really worth while to us; if we pretend to come here to gain an education, we can not afford to miss the broadening side of knowledge. Maybe with a little practice we will even be able to read poetry without blushing. Who knows?

## FIGURES SHOW VANDALS STRONG

True Football Strength of Vandal Eleven is Proven by Press Statistics

The Vandal's true strength is shown in a record of statistics on the four games played up to date.

The Idahoans have rolled up 59 first downs to their opponents 36. Only the Huskies with 14 first downs to the Vandals 9 have bested Calland's men in that department. Idaho has run up 1038 yards from scrimmage while other backs have crashed the Vandal wall for only 374 yards. Idaho has passed 41 times and made 10 of them good while opponents have headed 42 and completed 25 against the Red Shirts.

These records show the aerial game to be the cause of all Vandal troubles but from now on the worries will have to come from some other source. The passing game is 50 per cent improved both offensively and defensively and the team plans to use it to advantage against the Webfooters tomorrow.

Xi Sigma Pi Formally Takes New Members; Dance Arrangements Near Completion

Xi Sigma Pi, national forestry honorary held a short business meeting Thursday night. Floyd Otter, Mark Plungian, Gerhardt Kempf, Dr. Edwin Jahn, and Stanley Clarke were formally pledged.

Plans were formulated for the annual Foresters' Ball, to be held November 22, in the Women's gym. The decorations will be very extensive, carrying out the idea of a forest. The floor is being worked over in order to put it in excellent condition for the affair.

## Student Opinion

Editor Argonaut:

We some times see a single star fall, but it is rather unusual to see two of them fall at the same time so that makes the event more interesting. I will pass by the cheap literary efforts of the writer signing himself Two Star, as his attempt at Bowersy slang of the vintage of 1900 is so crude that it is almost painful. About the only place you would hear it as he writes it is along the East River or certain parts of Brooklyn. But of course, unpaid writers are not expected to deliver much of value. If he would stick to his soap box ravings he would just be one of those things that find their way onto every campus and would be tolerated like many other pests. But when he shows just plain ignorance combined with false statements and attempts to act as spokesman for all the student body and worrying

about the grades of others, he is like the Irishman who took in too much territory and had to fall.

Regarding his going to Pullman, I just checked the months program of the leading theater there and find that with the exception of one picture every picture shown there this month on an open night has either played here or is booked for an open night here so there must be some other attraction in Pullman besides the theater. Also, if Two Star spent more time on the Idaho campus he might not have to worry about college work. It is like hitting a fellow when he is down to show up a fellow's poor writings and statements, but like him he may improve with age; if he lives long enough. However, I must prove that his statements are ill by presenting a list of the pictures that are booked on OPEN

nights and any jury of intelligent students will bring in a verdict ousting Two Star as a spokesman after reading the list.

The list follows:  
Sap From Syracuse, Jack Oakie; Shooting Straight, Richard Dix; Queen High, Charles Ruggles; Unholy Three, Lon Chaney; Scotland Yard, Edmund Lowe; Let's Go Native, Jack Oakie; Three French Girls, Reginald Denny; Fifty-Dorsey, Renegades, Warner Baxter; Lullum, Charles Farrell; Romance, Oreta Garbo; Lawful Larceny, Bebe Daniels; Call of Flesh, Novarro; Sea Wolf, Milton Sills; Good News, Bessie Love; Cliff Edwards; Love in the Rough, Robert Montgomery; The Dancers, Lois Moran; Heads Up, Buddy Rogers; Let Us Be Gay, Norma Shearer; Men of the North, Robert Leonard; Laughing Matter, Nancy Carroll; Her Wedding

The first ten men in your class

COUNT their qualities. Each an all-round man. Leaders in campus life. Keen and alert in the classroom. Each with a thoroughly engaging personality. Each a dynamo of energy.

There, after all, is the secret. It takes health to hold the pace. But one of the most insidious foes of health is constipation.

Here's the easy, effective answer — Kellogg's ALL-BRAN. Guaranteed to bring prompt and permanent relief—even in recurring cases. Two tablespoonfuls a day will keep you regular. Delicious with milk or cream—fruits or honey added. Ask that it be served at your fraternity house or campus restaurant.

THE most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP Bran Flakes, Rice Krispies, Wheat Krumbles and Kellogg's Shredded Whole Wheat Biscuit. Also Kaffee Hag Coffee—the coffee that lets you sleep.

## On the cleanest locker-room floor you'll catch the germ of "ATHLETE'S FOOT"

YOU don't have to make any where we all go for cleanliness and health—on the edges of "Athlete's Foot." The glee club probably has some victims. The man who gets all his exercise in gymnasiums—on locker-and dressing room floors. In spite of modern sanitation (you have to boil socks 15 minutes to kill it) this fungus parasite infects and re-infects bare feet almost any time they come in contact with damp floors.

Absorbine Jr. kills the germ of "ATHLETE'S FOOT"

Tests in a famous New York "lab" have revealed that Absorbine Jr. penetrates flesh-like tissues deeply and that wherever it penetrates, it KILLS the ringworm germ.

It might not be a bad idea to examine your feet tonight. At the first sign of the symptoms mentioned, douse on Absorbine Jr. And keep a bottle handy in your locker as a preventive. Use it after every exposure of bare feet on damp floors. At all druggists—\$1.25. W. F. Young, Inc., Springfield, Mass.

# SOCIETY

LILLIE GALLAGHER, Editor.

GROUP exchange dinners were this week's outstanding mid-week social events.

Today the assembly program given by the Royal Russian chorus proved a delightful potion for the synthetic sense of campus music.

This afternoon the Associated men students will honor Mrs. Ervin Neale with a tea from 4 till 5 o'clock in the Women's gymnasium. Faculty members are hosts of the affair.

Tonight there are four group dances scheduled. The pledge dance Alpha Chi Omega will be held at the Blue Bucket inn. Alpha Phi and Phi Beta Phi will entertain by dances in honor of their pledges at their respective chapter houses.

Tomorrow evening the only event scheduled is the annual Co-Ed prom, in the Memorial gymnasium, is one affair of the year at which the fair co-ed can revel and be merry without considering the "boy lend."

A coincidence of this week's calendar is that all events scheduled to be given by women's groups.

### WHITMAN SOPHS TO PRESENT PLAY

WHITMAN COLLEGE, Walla Walla—The leads for the annual sophomore play have been announced by M. Davis, coach. Lord Dunsany's "IT", the play chosen by the class, offers an opportunity for nine men and four women to display their dramatic talent. Grant Marsh and Myrtle Ricketts were given the leading roles.

### ALPHA ZETA SENDS IDAHO DELEGATES

Five Representatives Attend Portland Convention of National Agricultural Honorary

Alpha Zeta, national honorary agricultural fraternity, will hold its annual national convention in Portland Saturday and Sunday in conjunction with the Pacific International Livestock show.

The convention will end Sunday night with a banquet at which Earl T. Stansell, member of the Idaho chapter, will officiate as toastmaster. John Sandmeyer, Donald Bell, Robert Corless, and Edwin DeKay will also represent Idaho.

### NAME FAHRENWALD AS MINES TRUSTEE

Prof. A. W. Fahrenwald, school of mines faculty member, has been nominated a candidate for the position of trustee of the Northwestern Mining association, membership of which is made up of the mining people of Idaho, Montana, Oregon and Washington.

Mining machinery invented and developed by Prof. Fahrenwald is used in every corner of the globe. His most recent invention is a high speed crusher.

A song book which contains all the popular school and campus songs, two songs of each fraternity and sorority, and selected songs from other schools has just been published at De Pauw university.

### RUSSELLS VISIT

Dr. and Mrs. Russell are in Moscow for a few days visiting Dean and Mrs. Messenger. Dr. Russell, who is professor of education at Idaho, is working on a revision of the course of study. He has been excused from his duties for a year in order to carry on his investigations, and has made his headquarters in Boise.

### Fair Sex Starts Fencing To Speed Womanly Combat

Shades of chivalry! The ghosts of the cavaliers have flitted across the Idaho campus and the co-eds have taken up fencing.

This is a definite step forward in womanly combat. The fair sex has always been termed a little "catty" in its affairs of war heretofore. Consider the improvement a stately duel has over the old-time hair-pulling. Now if one feminine tries to barge in on another's territory instead of the classic threat of getting her face slapped, she will be greeted by an invitation to appear at dawn behind the tallest tree in the arboretum and to bring along her second.

Then if neither party oversleeps, the battle will be waged, and how! with appalling fairness. Forseeing the possibility of such encounters or fearing that some one might fall upon her sword or thrust another through out of sheer nervousness, the people conducting the fencing practices have issued only wooden weapons thus far. This permits some very doughty clouts, at the same time, illuminating the danger of a mortal wound.

### PLAN BREAKFAST BY MORTAR BOARD

The active Idaho chapter of Mortar Board will give a breakfast Sunday morning, November 9, for all its Idaho alumnae since the founding of the chapter in 1923. Invitations to attend the homecoming celebration on November 8, have been issued to alumnae members of the organization. Members of the senior women's honorary will sell chrysanthemums at the game and soon will canvass the houses for orders.

### ENGINEERS PLAN ANNUAL SMOKER

The annual engineers smoker scheduled for 8 o'clock Saturday evening, October 25, promises to be a great success according to Joe Lancaster, president of the Associated Engineers.

The event is held each year on the same evening as the Co-ed prom to bring the student engineers together for an evening of entertainment. All engineers are welcome. There will be no admittance asked as the Associated Engineers are meeting all expenses.

Machu Picchu is believed to have been the supreme city of the Incas for over 500 years.

### ALUMNI GET DOPE FOR HOMMECOMING

Three thousand copies of the Homecoming issue of the Alumni News Letter are being mailed this week from the publicity office to Idaho alumni. The publication is in the form of a small eight-page booklet, packed with boiled down news concerning the university, student activities and alumni. This issue is the second this fall, the first one being sent out September 15. It was edited by the publicity department.

### IDAHO-ENGINEER STAFF WILL MEET

There will be a meeting of the Idaho Engineer staff Monday at 4 o'clock in the engineering library. Harry Owens, editor, will discuss changes suggested at the Engineering College, Magazines Associated convention recently held in Boulder, Colorado.

Campus day at U. of Washington has been given up.

### INJURIES STAIN FRESHMAN CAMP

Six Make "Cripple List" But Babes Rest this Weekend; Meet Cougar Kittens November 1.

Injuries have attacked the freshman football camp. Fortunately, however the Babes have no game this week and all of them will probably be back in condition before the next game. Cy Bearson and Cy Geraghty, full back and halfback, were injured in scrimmage last week. Hadley and Ingebretsen, tackles, were hurt in the Spokane university game last Saturday. Earl Smith and Roberts, quarterbacks, were put on the "crippled list" Tuesday evening while scrimmaging the varsity.

Coach Jacoby plans on giving the team a rest the remainder of

this week then start shaping them up or the game with the W.S.C. frosh November 1, at Pullman. Last year the Cougar frosh defeated the Vandal yearlings, and the Babes will be out for revenge when they clash again.
