Handshaking is Paying Proposition to Col. Bill Rodgers

Senator Borah Makes Impressive Speech Against The House

Valley Town Not Safe From "Gimme" Gang, Say Police

Rogers Leads Nut Brigade.

OKLAHOMA CITY.—Will Rogers, after shaking hands with Governor "Alfalfa Bill" Murray, was made a colonel on the governor's staff last Tuesday. Colonel Rogers is "in charge of the nut brigade," a distinct honor carrying no specific duties.

Borah Criticizes House.

WASHINGTON, D. C.—In a debate unusually heated for the dignified senate, the "no compromise" stand of the house Republicans, who are strenuously opposed to drouth relief, was Tuesday assailed by leaders of the senate independent group who have been able to force that body to favor public relief measures. Senator Borah, leader of the independents, made one of the most impressive speeches of recent years in criticizing the house position.

Fire Follows Quake.

WELLINGTON, N. Z.—Last Tuesday a terrific earthquake rocked Napier, a city of 14,346 population on the west coast of North Island. The death toll, large, was followed by a devastating fire.

House Averts Fight.

WASHINGTON, D. C.—In replying to senate charges that the house of representatives was blocking legislation, members of the house brought about a scene in which a free for all was but narrowly averted.

Though restrained by rules against naming other members in debate, Cronin of Michigan and Treadway of Massachusetts became so direct in their attacks that Democrats attempted to stop them. When speaker Longworth overruled the objections, the tense scene followed.

"Moochers" Bother Lewiston.

LEWISTON, Idaho.—Police have begun a cleanup campaign to rid the city of "moochers." It is estimated that \$50 daily is being skimmed from local people.

Hoover Defends Policy.

WASHINGTON, D. C.—President Hoover, in a clear declaration of policy, gave his reasons for opposing federal drouth relief and for the first time since the matter has been under consideration, made possible talk of a compromise.

The president declared that drouth relief by congress would strike generosity, the backbone of American relief, a blow from which it could never recover.

Train—Dynamite—Pool.

SALT LAKE CITY.—J. E. Began found too late that it was dangerous to race trains across railroad crossings when driving trucks loaded with dynamite got to the crossing simultaneously with the train and in the explosion which followed, he and two others were killed.

The force of the explosion caved in the boiler of the locomotive, tore the cab from the engine, completely demolished the truck, knocked windows out of buildings two blocks away and broke a freight car in two.

Special Session Vetoed.

WASHINGTON, D. C.—Wide-spread opposition of business organizations of congress to a special session of congress was indicated in a survey just completed by the United States chamber of commerce.

Not more than a score of the hundreds of replies received suggested that a special session would be other than detrimental.

Cross-eyed Men Organize.

SAN FRANCISCO, Cal.—The great opportunity longed for by so many cross-eyed men of the west has at last arrived. They are going to unite.

Thomas F. Cronin, New York, supreme knight commander of the Mystic Order of Cross-eyed Men, is now in the city to organize chapters. San Francisco already has a local chapter of 261 members.

Butler Prepares Defense.

WASHINGTON, D. C.—While Senator Thomas "Tom Tom" Heflin was engaged in the senate in firing another salvo at Il Duce, Major General Smedley D. Butler continued preparation for his defense against court-martial charges recently put into his hands in formal order after his now famous speech in Philadelphia. Though saying that he favored a public trial, he would not make the charges public despite the very cheerful mood in which he viewed them.

WAR HONORARY MAKES PLANS

Pledging Will Not Be Made At Military Ball Says Dick

"By a suggestion from General Christman, this years pledging of men to Scabbard and Blade will not take place at the Military ball as it has in the past years," said Kenneth Dick, president of the Idaho chapter of Scabbard and Blade.

Pledging will take place the latter part of the month. A definite date has not been set. Approximately seventeen men are expected to be taken.

"The next regular meeting of Scabbard and Blade will be held Wednesday evening, February 11, at 7:45 o'clock at the Phi Delta Theta house, to further discuss the Military ball and pledging," continued Mr. Dick.

ATHLETIC AWARDS WILL BE PRESENTED AT ASUI MEETING

Pep Band to Play for Assembly Wednesday

Awards for varsity and freshman football and W. A. A. sweaters will be presented at a special ASUI assembly Wednesday morning at 10 a. m. in the university auditorium. At this time 16 varsity lettermen, 24 freshmen and six members of the Women's Athletic Association will be given sweaters.

The varsity awards will be presented by head coach Leo Calland who will give a short talk and possibly review Idaho's prospects for next fall.

The pep band will be there full force under the direction of Bill Ames, who was elected recently to take the place of Harry Walden who left school. Bus Grimm, yell king, will lead the students in a few Idaho yells and a prominent alumni and three seniors on the team may be called on for short talks.

Harry Daubert, chairman of the assembly committee, urges every student to attend.

INTERFRATERNITY COUNCIL SESSION

Dept Payment Problem Discussed But No Final Action Taken

Attention of the Interfraternity council was directed at its Tuesday meeting upon the fraternity debt payment problem. After a long and often discussed question of house forums. Both matters were referred to committees for investigation.

Discuss Debts.

Some discussion took place upon the debt payment matter. The outstanding information presented was the fact that the officials of the university frown upon a plan which would involve withholding diplomas if the students owed fraternity debts. It was made clear that such a plan was discouraged because of the involved situation in which it would place the university in regard to debtor groups other than fraternities on the campus. Several representatives on the council expressed satisfaction that such a stand had been taken. The reason given in most of these cases, however, was that such a plan in operation would put a decidedly commercial aspect upon a supposedly scholastic matter.

Suggest Probation. Officials of the university indicated that if some other system could be devised which was satisfactory, the university would gladly accept the plan. As a result of this announcement several suggestions were made proposing that delinquent students be placed on probation. In general this proposal was declared unsatisfactory.

The final action on the matter taken at the meeting was the appointment of Paris Martin and Kenneth O'Leary as a committee of investigation. The report of the committee is expected in March.

May Revive Forum.

Proposals to revive the fraternity-faculty forum of last year were also made at the council meeting. This action came as a result of discussion pointing out the advantages which the forum enjoyed last year and the apparent inability of getting it started again this year without some organized effort behind it.

The suggestion that the council organize a definite schedule of speakers and topics for every fraternity group was strenuously opposed, but a committee was appointed with the duty of interviewing professors to obtain a list of those who were willing to appear in a discussion or lecture in which they have special knowledge. Professor Somerstrom and Randall Walls were appointed to take charge of this work. It is hoped that the list presented by the committee will enable fraternities to pick as many speakers as are desired upon subjects covering a wide variety of fields.

A King and a Pair of Aces

AG CLUB PLANS GIGANTIC SHOW IN NEAR FUTURE

16 Committees Appointed By Manager for Spring Farm Display

PICK STRAW BOSSES February 25 Chosen for Ag Banquet; February 18 for Smoker

Appointment of committees to handle the "Little International" livestock show was the most important business of the Ag club, which met Wednesday evening in Morrill hall. Other business discussed by the club was the annual Ag smoker, featuring wrestling, boxing, and refreshments. The date for the event is February 18 at 8 p. m.

Ag Banquet.

The Ag banquet, another annual affair of the Ag club and one of the most interesting, will be held February 25.

After the meeting the club saw a movie of last year's "Little International" which was especially interesting to the freshmen. Plans are being made to take moving pictures of the show again this year.

Name Chairmen.

The chairmen of the various committees for the "Little International" are: publicity, Earl Stansell; prizes, Fred Mark; fitting and showing, Robert Corless; property, Arthur Middleton; clerk, Glenn Holm; judging and identification, Edwin DeKay; decoration, Elvis McCoy; entertainment, Mosman; floats and displays, Harold Brown; in charge, horticulture, H. S. Dinsmore; aeronomy, Henry Dunn; dairy, Alfred Shaw; poultry, Matthew Spencer; animal husbandry, Mont Lewis; agricultural engineering, T. R. Horning; agricultural economics, Milton Williams.

FARMERS CONSUME VERY LITTLE WHEAT

Only two-tenths of every bushel of wheat produced on a farm is consumed on the farm, states a Washington, D. C. economist.

In the old days when a farmer took a bushel of wheat to the mill, the miller kept one-tenth as his toll and returned nine-tenths to the farmer. This was in the form of bran and flour.

The 1931 farmer takes his bushel of wheat to the elevator. It then goes over long ramps to the terminal elevator, from the elevator to the big mill. From the mill, there comes back to the farmer just two-tenths of his bushel of wheat in the form of flour and high priced stock feeds.

Now the big question is: who gets the other eight-tenths of the farmer's bushel of wheat?

KAPPA PHI MEETING

There will be a Kappa Phi meeting at 4 o'clock Tuesday, February 10, in the women's gym. The visit of the grand president in the near future will be discussed. An interesting play will be presented. Second semester dues should be paid at that time.

Coach Bill Reinhardt and a pair of veteran hopen who invade the Vandal court tonight and tomorrow in an attempt to climb out of the conference cellar at Idaho's expense. If the Foxmen can stop Horner and Eberhart, they should not have much trouble to keep from trading places with the Wolfpack in conference standings.

SPOKANE THEATRE SCHEDULES TALENT OF DRAMA CLASS

Advanced Play Production Students Will Show Ability to City Audience

PLAY IS NOVEL ONE Dane's "Bill of Divorcement" Futuristic Drama Has Unusual Plot

Presentation of "A Bill of Divorcement" in late March at the Spokane Little Theatre by the University of Idaho dramatics department will be another high point in the dramatic season. Although there will be no performance on the Idaho campus, a private viewing may be held. Prof. Fred C. Blanchard will direct the play.

English Setting This sophisticated drama by Clemence Dane is set in England in 1933. By that time the author presupposes that a law will have been passed granting a wife divorce from an insane husband. As the curtain rises, the man confined to an asylum for years returns to his home only to discover his wife planning to marry another. The situation thus precipitated contains all dramatic elements.

The tentative cast for the Spokane play has been selected from among the advanced play production class. It follows: Margaret Fairfield, Nancy Kelly, Pocatello; Sidney Fairfield, Eunice Phillips, Spokane; Hester Fairfield, Grace French, Moscow; Hilary Fairfield, Professor Blanchard; Rev. Humphrey, Raphael Gibbs, Moscow; Kit Humphrey, Howard Altnow, Spokane; Dr. Aliot, William Ennis, Pocatello; and Gray, Meredith, Chester Brinck, Boise.

WOMEN PLEDGE SATURDAY NOON

Mid-semester pledging will take place Saturday noon, Feb. 7. Final rush dates were held Thursday evening. A meeting of Pan-Hellenic representatives will be held within the next few weeks to discuss suggested improvements in rushing rules. Miss Permeat, Pocatello, is chairman of the women's pledging. An interesting play will be presented. Second semester dues should be paid at that time.

ORGANIZATION OF RELIGIOUS GROUP SOON COMPLETED

Chi Alpha Pi Is Name of New Dormitory and Religious Group

WILL GIVE COURSES Favorably Consider Sigma Nu House As Living Quarters

Chi Alpha Pi, the new religious organization associated with the Idaho Institute of Christian Education, is rapidly becoming an entity. The present Sigma Nu house is being favorably considered as the home for the new group, although two or three other houses are also under consideration.

To House Men. The plans as now developed are to house from 35 to 40 men and provide religious education. The candidates for the house will be chosen rather carefully on the basis of scholarship, student activity, general interest in college affairs, and desire for work in a Christian group. The group will be organized very much on the line of the other houses operating on the campus, leaving the maintenance and management of the house to the group itself. The board of trustees of the institute will act as the holding corporation just as the holding corporations act for the other groups.

A tentative organization was formed recently by choice of Charles Fifield, chairman; Edwin Luttrup, vice chairman; and Stanley Hall, secretary of the group. A general meeting of the young men interested in this project was called for 3 o'clock Sunday afternoon, February 8, in the parlors of the Methodist church. Applications for admission to the house have been made by 40 boys, and a large number of others have signified their interest, said W. Wayne Smith, president of the corporation. This proposition has met with very favorable response from both the young men on the campus and business men in town.

Those interested in this proposal have arranged for a project of raising the \$5000 budget for the hiring of a professor and director of the house. The relation of the institute to this house, other than as a holding corporation, will be for the purpose of arranging courses and providing a teacher so that full university credit may be given for work done in Bible study, religion, and religious education, such as is given in many other state universities. Dr. C. F. Magee is chairman of the finance committee which is conducting a campaign for funds to establish the institute.

Chi Alpha Pi will have a house mother, so that the classes will be open to all students on the campus, women as well as men.

KNIGHTS ARRANGE PULLMAN DANCE

Plans are progressing for the W. S. C. Idaho Intercollegiate Knight Mixer to be held at the Pullman Hotel at Pullman, February 21, immediately following the W. S. C. Idaho game in Pullman.

The Knights plan to make this an annual event and next year it will be held in Moscow. Both groups share in the expense.

There will be about twenty-five knights from Moscow attending the Mixer and about seventy of the Pullman Knights will be there.

W.A.A. MAY TAKE THIRTEEN GIRLS

Women Previously Pledged to Be Initiated in Near Future

Thirteen women are now eligible for pledging in W. A. A. They are Mary K. Kern, Edna Miller, Beth Hurst, Katherine Mikkelsen, Claudine Wakefield, Helen Telferro, Eva Weidman, Elsa Eisinger, Grace Eldridge, Mary Gillespie, Esther Rae, Gladys Timken, and Verona Wolff. They will be pledged at the regular meeting in the Women's gymnasium, 5 o'clock Monday afternoon, February 9.

The girls who were pledged in W. A. A. January 12 took their quiz on the constitution and by-laws in the women's gym at 4 p. m., Wednesday, February 4. They are: Irah Harris, Vivian Edmiston, Elizabeth Vincent, Blanche Evans, Mrs. Oylear, Dorothy McPhillamey, Lily Lewis, Verna Pardee, Laurice Burch, and Lorna McCain.

BUCKETEERS ISSUE HUMOR MAGAZINE MARCH FIFTEENTH

Southern Branch Will Be Represented by Student Contributions

Deadline dates for the "Squirtlely" issue of the Blue Bucket, campus comic, have been set by Ralph Hagan, Bucketeer-in-chief. All cartoons and art work must be turned in to Dale Goss, art editor, before February 20. Editorial copy must be dropped in the contribution box in the hall of the Ad building before March 2.

Hagan plans to have the third issue of the Bucket out the noon of March 15. The Spurs and Intercollegiate Knights, service organizations, are expected to handle the circulation of the magazine.

Hagan and "Chick" Hatfield, president of the southern branch students, have arranged for the publication of southern wit and humor in the Bucket. Several pages will be devoted to cartoons, sketches, and editorial matter written by Pocatello students. Ray Derrig has been appointed southern editor.

The associated students of the southern school have ordered 200 copies of the next issue. This will send the paid circulation of the Bucket well over the thousand mark.

DEDICATION RECITAL FOR ORGAN SUNDAY

Organ Given to Church Here In Memory of Former Professor

Sunday afternoon at 4 o'clock there will be a dedication recital for the new organ at the Catholic church. Mr. Robert Uriel Nelson, a member of the music faculty at Washington State College, will play on the occasion. Miss Agnes Bohne, soprano on our own faculty, will assist on the program.

The organ was given by Mrs. J. J. Gill in memory of her late husband, Dr. J. J. Gill, who was a member of the law faculty at the University of Idaho from 1913 till his death in July, 1927. During the world war he was Acting Dean of Law.

Dr. Gill was very much beloved by the students of the law school. He was almost idolized. His passing was a great loss to the law school as well as to the whole university," said Dean Masterson, dean of the college of law, yesterday.

Although this recital is free to the public, admittance is by ticket. These tickets are available from Father Mogg and Miss Maude Garnett, music director at the church. The organ is a new Estey, having the very latest equipment. The pipes are in two sections, grouped on either side of the large window.

CHI ALPHA PI PLANS TO MEET AT CHURCH

A meeting of the Chi Alpha Pi club will be held at the Methodist church Sunday, February 8, at 3 p. m. All men students interested in joining with this group are invited to attend this meeting. At a previous meeting the group organized itself to meet the present needs. Committees are working to perfect plans for a permanent organization which will govern the group when it occupies its house next fall.

CONFERENCES HELD ON HOME ECONOMICS

District home economics conferences to be held in Idaho this month are scheduled for Boise, March 7, Pocatello, March 14, and Moscow, April 4. The district counselors are Misses Esther Stalker, Helen Hunter, and Hattie Abbott, of the respective districts. Both Miss Stalker and Miss Hunter are graduates of the University of Idaho.

Miss Muriel McFarland and Miss Katherine ensen of the home economics faculty will be at all the meetings. Miss Jensen will talk on the white house conference which she attended in Washington, D. C. last fall.

BUREAU OF MINES REPRESENTED AT WASHINGTON, D. C.

Finch Discusses Mining With Reference to Idaho Problems

MEETS AT NEW YORK Will Confer on Federal Cooperation nad Mines Taxation

Dr. John W. Finch, dean of the University of Idaho school of mines, leaves Monday for New York City and Washington, D. C., to attend a number of mining and geology meetings which will have a direct bearing on the future of mining development in Idaho.

He goes first to Washington, D. C., to represent the Idaho bureau of mines and geology at the annual convention of state geologists, of this meeting will be primarily discussion of federal cooperation February 13 and 14. The purpose in state geological surveys, projects which to date have covered only one-half of the mountain area of the state.

Meets in New York City. Next on his schedule are the annual meetings of the American Institute of Mining and Metallurgical Engineers at New York City, February 16 to 20. Prof. A. W. Fahrwald, research expert on the staff of the Idaho school of mines, will join him in New York. Both men are prominent members of the Institute.

Of significance to the mining industry of Idaho will be a conference of experts on taxation which Dean Finch will attend. Representatives of several of the western mining states will be present to work out some standard method of evaluating mine property for taxation which could be incorporated into uniform laws by the western states.

MUSIC DEPARTMENT PRESENTS PROGRAM

Entertainment for Wednesday Assembly is Given by Music Faculty

One of the most excellent programs of the year was presented by the music faculty at the assembly Wednesday morning. The program was varied with vocal and instrumental selections. This was an opportunity to hear artists, whose talent and skill would have been costly elsewhere.

Selections on the French horn, by Raymond C. Miller, aroused special interest among the listeners, a new experience. Piano solos were played by Miss Isabel Clark and Walter Mueller.

Italian Songs. Mr. Cummings sang two selections in Italian, accompanied by Miss Dorothy Fredericksen. Mr. Carl Claus offered two violin selections, accompanied by Miss Clark.

Miss Agnes Bohne, accompanied by Miss Maude Garnett, sang two soprano solos. Miss Miriam Little played two cello solos; she was accompanied by Miss Clark. Mr. Miller, accompanied by Miss Garnett, played two selections on the French horn.

PETITION RESULTS IN LOWER RATES

Will Be Reduced From Twenty-five to Forty Per Cent

Light bills for all organized groups on both the Idaho and Washington State campuses have been reduced through the work of the House-managers' association of Washington State College. These bills will be reduced to the extent of from 25 to 40 per cent, according to an estimate of the officers of the association.

A petition was circulated among the fraternities and sororities of the Moscow and Pullman campuses, as a result of the fact that high light bills of groups have caused some discussion for some time.

The petition was signed by the groups, as well as by prominent business men of both communities. It was then submitted to the Washington Water Power Company, and after an investigation, the company devised a new rate called the "room area" rate, which charges by the number of rooms in a house or unfurnished rooms. The new rate, becomes effective this month.

The House-managers' association, for the purpose of aiding all organized groups, consists at the present time of housemanagers or representatives of the campus, and hopes are held of admitting women's houses also.

LAWYERS ELECT

The Bunch and Bar Association held its regular meeting last Tuesday night at the Blue Bucket Inn at which time they held election of officers. The following were elected: Chief Justice, Don Arnold; Associate Justice, Robert Brown; Clerk, John Ewing; Treasurer, George Beardmore.

INTERFRATERNITY COUNCIL SESSION

Dept Payment Problem Discussed But No Final Action Taken

Attention of the Interfraternity council was directed at its Tuesday meeting upon the fraternity debt payment problem and upon the often discussed question of house forums. Both matters were referred to committees for investigation.

Discuss Debts.

Some discussion took place upon the debt payment matter. The outstanding information presented was the fact that the officials of the university frown upon a plan which would involve withholding diplomas of the students owed fraternity debts. It was made clear that such a plan was discouraged because of the involved situation in which it would place the university in regard to debtor groups other than fraternities on the campus. Several representatives on the council expressed satisfaction that such a stand had been taken. The reason given in most of these cases, however, was that such a plan in operation would put a decidedly commercial aspect upon a supposedly scholastic matter.

Suggest Probation.

Officials of the university indicated that if some other system could be devised which was satisfactory, the university would gladly cooperate in the matter. As a result of this announcement several suggestions were made proposing that delinquent students be placed on probation. In general this proposal was declared unsatisfactory.

The final action on the matter taken at the meeting was the appointment of Paris Martin and Kenneth O'Leary as a committee of investigation. The report of the committee is expected in March. May Revive Forum.

Proposals to revive the fraternity-faculty forum of last year were also made at the council meeting. This action came as a result of discussion pointing out the success which the forum enjoyed last year and the apparent inability of getting it started again this year without some organized effort behind it.

The suggestion that the council organize a definite schedule of speakers and topics for every fraternity group was strenuously opposed, but a committee was appointed with the duty of interviewing professors to obtain a list of those who were willing to appear in a discussion on topics in which they have special knowledge.

Peaton Sommercorn and Randall Wallis were appointed to take charge of this work.

A King and a Pair of Aces

AG CLUB PLANS GIGANTIC SHOW IN NEAR FUTURE

16 Committees Appointed by Manager for Spring Farm Display

PICK STRAW BOSSES

February 25 Chosen for Ag Banquet; February 18 for Smoker

Appointment of committees to handle the "Little International" livestock show was the most important business of the Ag club, which met Wednesday evening in Morrill hall. Other business discussed by the club was the annual Ag smoker, featuring wrestling, boxing, and refreshments. The date for the event is February 18 at 8 p. m.

Ag Banquet. The Ag banquet, another annual affair of the Ag club and one of the most interesting, will be held February 25.

After the meeting the club saw a movie of last year's "Little International," which was especially interesting to the freshmen. Plans are being made to take moving pictures of the show again this year.

The chairman of the various committees for the "Little International" are: publicity, Earl Stansell; prizes, Fred Mark; fitting and showing, Robert Corless; property, Arthur Middleton; clerk, Glenn Holm; judging and identification, Edwin McKay; decoration, Elvis McCoy; eats, Ormand Mosman; floats and displays, Harold Brown in charge; horticulture, H. S. Dimsa; aeronomy, Henry Dunn; dairy, Alfred Shaw; poultry, Matthew Spencer; animal husbandry, Mont Lewis; agricultural engineering, T. R. Hornlie; agricultural economics, Milton Williams.

Ardie Gustafson is manager of the show this year. Edwin Wellhousen is assistant manager and will have full charge next year.

"Plans are going ahead in good shape and we intend to put over the best and best 'Little International,'" Gustafson said.

FARMERS CONSUME VERY LITTLE WHEAT

Only two-tenths of every bushel of wheat produced on a farm is consumed on the farm, states a Washington, D. C. economist.

In the old days when a farmer took a bushel of wheat to the mill, the miller kept one-tenth as his toll and returned nine-tenths to the farmer. This was in the form of bran and flour.

The 1931 farmer takes his bushel of wheat to the elevator. It then goes over long rail hauls to the terminal elevator, from the elevator, to the big mill. From the mill, there comes back to the farmer just two-tenths of his bushel of wheat in the form of flour and high priced stock feeds.

Now the big question is: who gets the other eight-tenths of the farmer's bushel of wheat?

KAPPA PHI MEETING

There will be a Kappa Phi meeting at 4 o'clock Tuesday, February 10, in the womens gym. The visit of the grand president in the near future will be discussed. An interesting play will be presented. Second semester dues should be paid at that time.

They will be pledged at the regular meeting in the Women's gymnasium, 5 o'clock Monday afternoon, February 9.

The girls who were pledged in W. A. A. January 12 took their quiz on the constitution and by-laws in the women's gym at 4 p. m., Wednesday, February 4. They are: Leah Harris, Vivian Edmiston, Elizabeth Vincent, Blanche Evans, Mrs. Cylest, Dorothy McPhillamey, Lily Lewis, Verna Pardue, Laurice Burch, and Lorna McCain.

BUCKETEERS ISSUE HUMOR MAGAZINE MARCH FIFTEENTH

Southern Branch Will Be Represented by Student Contributions

Deadline dates for the "Squirrely" issue of the Blue Bucket, campus comic, have been set by Ralph Hagan, Bucketeer-in-chief. All cartoons and art work must be turned in to Dale Goss, art editor, before February 20. Editorial copy must be dropped in the contribution box in the hall of the Ad building before March 2.

Hagan plans to have the third issue of the Bucket out the noon of March 15. The Spurs and Intercollegiate Knights, service organizations, are expected to handle the circulation of the magazine.

Hagan and "Chick" Hatfield, president of the southern branch students, have arranged for the publication of southern wit and humor in the Bucket. Several pages will be devoted to cartoons, sketches, and editorial matter written by Pocatello students. Ray Derrig has been appointed southern editor.

The associated students of the southern school have ordered 200 copies of the next issue. This will send the paid circulation of the Bucket well over the thousand mark.

ORGANIZATION OF RELIGIOUS GROUP SOON COMPLETED

Chi Alpha Pi Is Name of New Dormitory and Religious Group

Will Give Courses Favorably Considered Sigma Nu House As Living Quarters

Chi Alpha Pi, the new religious organization associated with the Idaho Institute of Christian Education, is rapidly becoming an entity. The present Sigma Nu house is being favorably considered as the home for the new group, although two or three other houses are also under consideration.

To House Men. The plans as now developed are to house from 35 to 40 men and provide religious education. The candidates for the house will be chosen rather carefully on the basis of general interest, college affairs, and desire for work in a Christian group. The group will be organized very much on the line of the other houses operating on the campus, leaving the maintenance and management of the house to the group itself. The board of trustees of the institute will act as the holding corporation just as the holding corporations act for the other groups.

A tentative organization was formed recently by choice of Charles Fife, chairman, Edwin Luttrup, vice chairman, and Stanley Hall, secretary of the group. A general meeting of the young men interested in this project was called for 3 o'clock Sunday afternoon, February 8, in the parlors of the Methodist church. Applications for admission to the house have been made by 40 boys, and a large number of others have signified their interest, said W. Wayne Smith, president of the corporation. This proposition has met with very favorable response from both the young men on the campus and business men in town.

Those interested in this proposal have arranged for a project of raising the \$8000 budget for the hiring of a professor and director of the group. The relation of the institute to this house, other than as a holding corporation, will be for the purpose of arranging courses and providing a teacher so that full university credit may be given for work done in Bible study, religion, and religious education, such as is given in many other state universities. Dr. C. F. Magee is chairman of the finance committee which is conducting a campaign for funds to establish the institute. Chi Alpha Pi will have a house mother, so that the classes will be open to all students on the campus, women as well as men.

KNIGHTS ARRANGE PULLMAN DANCE

Plans are progressing for the W. S. C.-Idaho Intercollegiate Knight Mixer to be held at the Washington Hotel at Pullman, February 21 immediately following the W. S. C.-Idaho game in Pullman.

The Knights plan to make this an annual event and next year it will be held in Moscow. Both groups share in the expense. There will be about twenty-five knights from Moscow attending the Mixer and about seventy of the Pullman Knights will be there.

WOMEN PLEDGE SATURDAY NOON

Mid-semester pledging will take place Saturday noon, Feb. 7. Final rush dates were held Thursday evening. A meeting of Pan-Hellenic representatives will be held within the next few weeks to discuss suggested improvements in rushing rules, Miss Permeal French, dean of women announced. Pan-Hellenic plans to compile a new rushing system that will be ready to be used for rushing next fall.

BUREAU OF MINES REPRESENTED AT WASHINGTON, D. C.

Finch Discusses Mining With Reference to Idaho Problems

MEETS AT NEW YORK

Will Confer on Federal Cooperation and Mines Taxation

Dr. John W. Finch, dean of the University of Idaho school of mines, leaves Monday for New York City and Washington, D. C., to attend a number of mining and geology meetings which will have a direct bearing on the future of mining development in Idaho. He goes first to Washington, D. C., to represent the Idaho bureau of mines and geology at the annual convention of state geologists, of this meeting will be primarily discussion of federal cooperation February 13 and 14. The purpose in state geological surveys, projects which to date have covered only one-half of the mountain area of the state.

Meets in New York City. Next on his schedule are the annual meetings of the American Institute of Mining and Metallurgical Engineers at New York City, February 16 to 20. Prof. A. W. Fahrwald, research expert on the staff of the Idaho school of mines, will join him in New York. Both men are prominent members of the institute.

Of significance to the mining industry of Idaho will be a conference of experts on mine taxation which Dean Finch will attend. Representatives of several of the western mining states will be present to work out some standard method of evaluating mine property for taxation which could be incorporated into uniform laws by the western states.

Entertainment for Wednesday Assembly is Given by Music Faculty

One of the most excellent programs of the year was presented by the music faculty at the assembly Wednesday morning. The program was varied with vocal and instrumental selections. This was an opportunity to hear artists, whose talent and skill would have been costly elsewhere.

Selections on the French horn, by Raymond C. Miller, aroused special interest among the listeners, a new experience. Plans for the assembly were presented by Miss Isabel Clark and Walter Mueller.

Italian Songs. Mr. Cummings sang two selections in Italian, accompanied by Miss Dorothy Frederickson. Mr. Carl Claus offered two violin selections, accompanied by Miss Clark.

Miss Agnes Bothne, accompanied by Miss Maude Garnett, sang two soprano solos. Miss Miriam Little played two cello solos; she was accompanied by Miss Clark. Mr. Miller, accompanied by Miss Garnett, played two selections on the French horn.

PETITION RESULTS IN LOWER RATES

Will Be Reduced From Twenty-five to Forty Per Cent

Light bills for all organized groups on both the Idaho and Washington State campuses have been reduced through the work of the House-managers' association of Washington State College. These bills will be reduced to the extent of from 25 to 40 per cent, according to an estimate of the officers of the association.

A petition was circulated among the fraternities and sororities of the Moscow and Pullman campuses, as a result of the fact that high light bills of groups have caused some discussion for some time. Signed By Groups.

The petition was signed by the groups, as well as by prominent business men of both communities. It was then submitted to the Washington Water Power Company, and after an investigation, the company devised a new scale called the "room area" rate, which charges by the number of rooms in a house, not including rooms not occupied or unfinished rooms. The new rate, becomes effective this month.

The Housemanagers' association, for the purpose of aiding all organized groups, consists at the present time of housemanagers or trustees of the campus, and hopes are held of admitting women's houses also.

LAWYERS ELECT

The Bunch and Bar Association held its regular meeting last Tuesday night at the Blue Bucket Inn at which time they held election of officers. The following were elected: Chief Justice, Dean Arnold; Associate Justice, Robert Brown; Clerk, John Ewing; Treasurer, George Beardmore.

CONFERENCES HELD ON HOME ECONOMICS

District home economics conferences to be held in Idaho this month are scheduled for Boise, March 7, Pocatello, March 14, and Moscow, April 4. The district counsellors are Misses Estelle Stalker, Heleth Hunter, and Hattie Abbott, of the respective districts. Both Miss Stalker and Miss Hunter are graduates of the University of Idaho.

Miss Muriel McFarland and Miss Katherine Eason, of the home economics faculty will be at all the meetings. Miss Jensen will talk on the white house conference which she attended in Washington, D. C. last fall.

WASHINGTON-O.S.C. SCRAP MAY DECIDE CONFERENCE TITLE

Huskies, In Lead, Favored; Race In South Close

BASKETBALL SUMMARY		
Northern Section		
	W. L.	Pct.
Washington	7 1	.875
Oregon State	6 3	.667
Washington State	6 3	.667
Idaho	1 6	.150
Oregon	0 7	.000
Southern Section		
U. C. L. A.	3 2	.600
U. S. C.	3 3	.500
Stanford	3 3	.500
California	2 3	.400

Last Week's Results
 Oregon State, 23-37; Washington, 31-23.
 Oregon State, 40; Oregon, 26.
 Washington State, 37-31; Idaho, 15-21.

This Week's Schedule
 Tonight—Oregon vs. Idaho at Moscow; Oregon State vs. Washington at Seattle; U. C. L. A. vs. California at Berkeley.

Saturday—Oregon vs. Idaho at Moscow; Oregon State vs. Washington at Seattle; U. C. L. A. vs. California at Berkeley; Stanford vs. U. S. C. at Los Angeles.

The conference battles scheduled for this week see every club in the circuit prepared to travel at top speed down the home stretch. The Huskies have a slight lead over the pack at the time but will encounter plenty of opposition when they tangle with the Orange men this week and the Cougars later in the month. The latter clubs are both hot on the heels of the league leaders and improving their team play with every game. The Beavers copped two battles last week and dropped one, while the powerful Crimson and Gray eagles annexed double wins from the Vandals, which threw the second rung of the conference ladder into the air to be settled again tomorrow when the Corvallis five tangles with the Huskies, and Jack Friel's men remain idle.

Oregon's tail-end five invades Moscow for a pair of games with "Rich" Fox's Vandals which should decide the cellar position for good. Both of these clubs are bothersome for the leaders as they are strong some nights and only need a little added experience to rate among the best. The Webfeet have shown a weak offense, but are experts on long fits through the net from beyond the foul line. If they can find their "eyes" on the Vandal court, Bill Reinhart may celebrate his opening victory of the season. The southern division race is growing tighter every week. U. C. L. A. dropped a tight 29 to 28 game to Stanford and the Bruins now stand but one full battle ahead of the tail-end California Bears who dropped a twin bill to U. S. C. Stanford and the Trojans are tied for second place honors and will settle the dispute at Los Angeles Saturday night.

CREDIT OFFERED CHORUS SINGERS

Opportunity to sing and receive credit for it is offered all University students interested in this activity with the formation of the University chorus by the Music Department. This chorus will meet for the first time on Tuesday, February 10, at 7:30 p. m. in the Auditorium. All those desiring to participate should register for the course and attend its first meeting. This semester plans are made to work on Rossini's Stabat Mater.

MEDDLERS WRECK UNIVERSITY PIANO

Are you the guilty one? Some time during the last month, some person over-interested in the mechanics removed the action from the grand piano in the auditorium, causing expense to the university and doing no good to the piano.

Get Midget Piano
 Because of this, a midget piano has been placed in the auditorium for the amusement of those who have to play jazz there. No one is allowed to play on the grand piano without permission. This rule is not to be disregarded by any student, according to Prof. Carleton Cummings, head of the music department. Anyone interested in the action of a piano is asked to go to the music office and instruction will be given without cost.

POCATELLO STUDENT

POCATELLO—Dudley Dillingham, editor of the Idaho Bengal, University of Idaho southern branch student publication, left recently for Mackay where he will become the editor of the Mackay Miner, newspaper owned by his father, Les Dillingham, who is now in Boise, is prominently mentioned as a candidate for the appointment of state game warden. Dillingham has been prominent in university activities and is a member of the student council and president of the sophomore class. He has been a student in the journalism class at the University for the past two years.

Students at the University of Missouri pass about 75 bad checks a day it was revealed in a recent survey.

High School Basketball

As the date for the state tournament to be held in Moscow draws near, Coeur d'Alene in the North Panhandle district, St. Maries and Kellogg in the South Panhandle loom as pennant contenders. South of the range, Boise looks like a sure entry. Meanwhile Moscow high school rests easy. They get to play, win lose or draw, the tourney being held on their grounds.

Orofino beat Weippe, 19-8, last Friday. Bryant starred for the winners.

Winchester lost to Craigmont 10-11 last week. The biggest crowd of the season watched the game. Groves, Winchester, was high point man.

Thursday, Paris drubbed Pocatello, 43-12. Crawford was outstanding for the winners, scoring 18 points.

Friday, Pocatello beat Montpellier, 22-21.

Mountain Home was swamped by Boise, 43-21. Elliot of Boise was high point man.

Rupert won from Albion last week by a 27-20 score. Kirk starred for the winners.

Kamiah Keeps Lead.
 Kamiah, leader of the River conference, took a 33-20 victory from Kootenai.

Rathtdrum beat Priest River with a 26-19 score.

Rupert triumphed over Jerome with a 39-19 score.

Boise won over Weiser in a close game, 22-19, last week.

Palouse took a 37-22 tilt from Endicott Friday.

Craigmont, leaders of the prairie conference, won a close game from Cottonwood 16-14. Cox starred for Craigmont.

Gooding swamped Jerome in a 26-10 victory last week.

Caldwell beat Nampa 31-7 last week. Thompson starred for the winners, with Holt being best for Nampa.

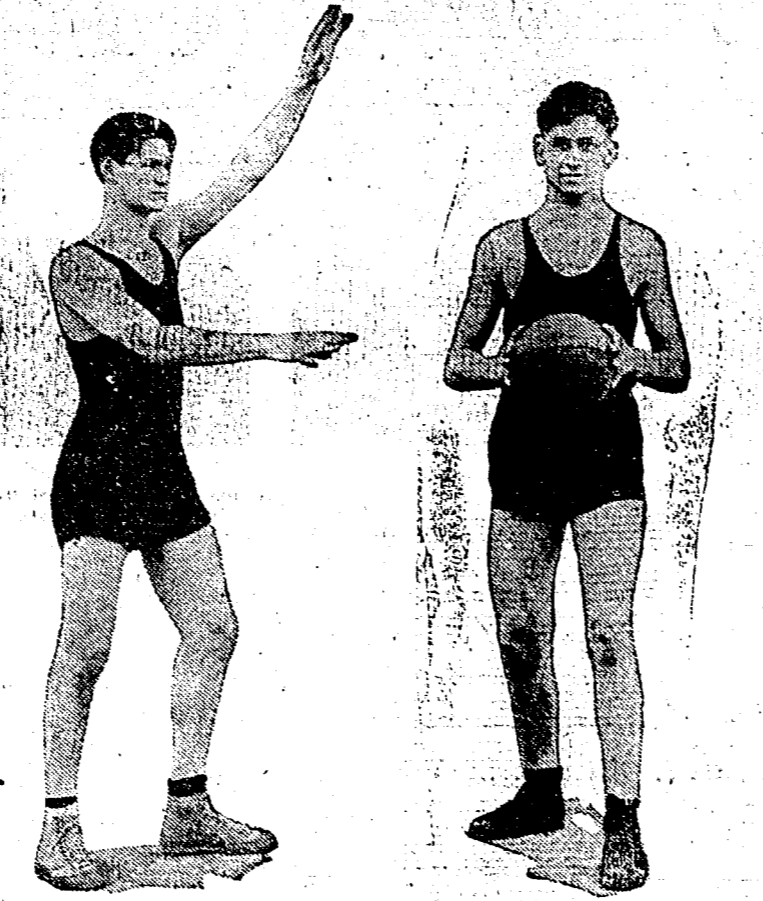

Salmon won a 26-14 game from Challis last Thursday.

Wallace and St. Maries played a close game last week, 16-15.

Boise played a close game last night with Nampa resulting in a 29-21 victory for Boise. Robertson was best for Boise.

Formal clothes for football games is the style, note that was observed at an indoor football game, played at Atlantic City.

Two Fast Pivots

KENNY PARKS AND OLE SMITH alternate on the center position of the maple court. Parks is a six foot six beanpole from Cule-dac. Smith learned the funda Mentals in Bufiley. Fox can depend on either man to get the majority of tip-offs against any conference opposition.

TRANSPORTATION HIGH

It costs more to get a little package of fruit from the railroad car in the Chicago yards to the Chicago consumer's table than the entire cost of producing, packing, and hauling it 2,000 miles from the Pacific coast orchards.

Fifty-two dances were held in one week on the Oregon campus.

Technical Teresa wondered if an airman should answer a questionaire and should make a mistake would it be a question error.

Raymond Harsch '22, formerly with the Idaho Bureau of Highways in Boise is now with the Shell Oil Company and is living in San Francisco.

POULTRY SHORT COURSE HELD HERE

Covers Variety of Subjects Made Possible By Fine New Plant

Particularly interesting to poultrymen of the state will be this year's annual poultry short course sponsored by the University of Idaho college of agriculture. It will be held February 17, 18 and 19 at the university's modern poultry plant in Moscow. New buildings and equipment acquired since last year make it one of the finest plants in the state.

Prof. C. E. Lampman, head of the poultry husbandry department, and J. K. Williams, assistant poultryman, have arranged the schedules and will lead most of the meetings. In addition Dr. Paul A. Eke, economist in the agricultural experiment station, will discuss phases of marketing problems; Dr. E. M. Gildow, associate professor of veterinary science, will give information on the cause and control of poultry diseases; and Prof. Hobart Beresford, head of the department of agricultural engineering, will lend assistance in housing and engineering problems.

TEACH CRIMINOLOGY

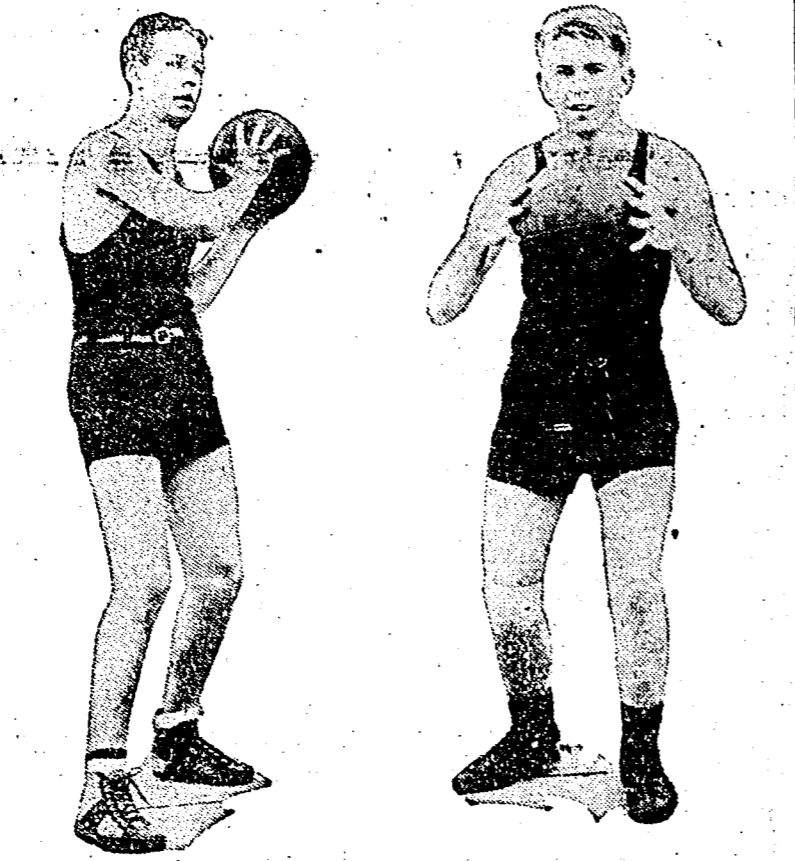

UNIVERSITY OF OREGON, Eugene, P.I.P.A.—Willamette college of law will again conduct a police school this year. It is open to anyone interested in criminology law enforcement and other subjects. More than three hundred are expected to attend, ranging from judges of high courts to constables. The school will open following the state legislature session.

GAMBLING MENACES

UNIVERSITY OF OREGON, Eugene, P.I.P.A.—Gambling, says Marshall Duffield, U. S. C. quarterback, is the spectre which hangs menacingly over intercollegiate football. Betting is on an ever increasing scale. Unless curtailed he believes it will cause the downfall of the game.

Donald Cleaver, '28, a famous track man at Idaho, holding the highest records ever made at Idaho as a "two-miler" was recently married to Bess Jennings of Pocatello, and is now living in Pocatello, working for the Mountain State Telephone company.

Idaho's Sharpshooters

TWO HARD WORKING BOYS who need no introduction to Gem State court followers are these two Vandal leather handlers. Barrett is a consistent player any night under the arc lights. Wicks is that petit flash who makes the big boys stumble and stutter.

BEER COMMON IN COLLEGES

STANFORD UNIVERSITY, Palo Alto, P.I.P.A.—They pledge them with it in German fraternities. And they make the "sophomores" furnish it after they pledge.

It's a pleasant custom, and only one of a number of interesting ones volunteered by Christian Carstensen, a transfer from the University of Kiel in Schleswig-Holstein, at Stanford.

"German schools militaristic? Not so. That's only an American impression and an erroneous one. I had to come to Stanford to take military," said Carstensen. "Fencing is the nearest to a military science and that is only prevalent among fraternities."

Carstensen commented upon the systematized studying in the American universities. "At home," he said, "examinations are only given at the end of four years' work. Then there is a six months' period of preparation for them. If a student fails in an examination, he may take it over. They are usually passed the second time."

BEER ORIGINATED

UNIVERSITY OF WASHINGTON, Seattle, P.I.P.A.—Beer originated in the Rhineland town of Treves, according to research work of a Yale professor.

Plenty of Trouble

BOBBY DRUMMOND AND BILL HALL are Dick Fox's two old reliables in casaba picking. Bob by is a veteran man, who has lately hit his stride, and is going great guns on the guard berth. Bill, his running mate, plays heads up in any tight conference game.

Sport Briefs

The University of Arizona lost \$2726 last fall during the football season, according to a financial report submitted by the graduate manager. Two publications lost \$1550. The student annual showed a profit of \$2024.

The Minnesota football team will play Ripon and North Dakota State September 26 next season, Coach Herbert O. Crisler, announced. Both teams will be played in a double header the same afternoon. The following week will be left open because of the Stanford game September 17 on the coast.

Chasing greyhounds is the newest freak method of training for sprinters. Robert Kiesel, University of California freshman star, spent his Christmas holiday running against the dogs on his father's ranch. One dog is reported to have slipped the leash, and Kiesel was forced to chase him five miles. Kiesel is unofficially credited with having run the 100 in 9.7.

John P. "Clipper" Smith, Notre Dame captain and all-American guard in 1927, will report February 15 as head coach of North Carolina State, under a one year contract.

Jeddy Welch, star hurdler at the University of Southern California has joined the list of those who will not appear on the cinder path this season. Welch has been suspended from school and will not be eligible to compete on this season's team. He was alleged to have scalped tickets. Welch's loss will be felt by the Trojans this season. He was a member of the Trojan championship team last year. He will return after six months' suspension.

Walter Secor of Grinnel college, track and cross country star, received A in each of 18 hours of class work the last quarter. This was the highest scholastic average among the men of Grinnel college. Secor has run the two-mile in track for the last two seasons and was captain of the 1929 undefeated cross country team.

TAG DAY AT U. OF W.

UNIVERSITY OF WASHINGTON, Seattle, P. I. P. A.—By an eight to one vote the proposal for a campus tag-day, sponsored by a joint A. S. U. W. Y. M. and Y. W. C. A. unemployment, was ratified by the committee for the relief of Seattle student affairs committee. The tag-day proposal was presented as the only means by which University students may cooperate with down-town charity organizations in raising money for the unemployed.

STUDENTS WRITE FOR STAR-MIRROR

Over 41 Columns Written For Local Daily By University Class in Reporting.

More than 41 columns of news, written by students in the reporting course, were published in The Moscow Daily Star-Mirror during the first semester, according to Elmer F. Beth, assistant professor of journalism. This figure does not include space taken by the headlines.

If this news were "made up" with headlines and a normal amount of advertising, it would fill a 16-page issue of The Star-Mirror. The student reporters "covered" the court house, city hall, postoffice and federal court, schools, churches, meetings, accidents, politics, banks, society, and interviews. The 781 column inches of news were listed in "strings" kept by the students—clippings of their stories. Some of the "strings" represented only a fraction of what was actually printed.

GRADES ARE HIGH AMONG GREEK MEN

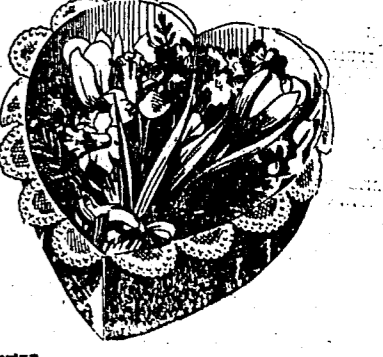

PURDUE UNIVERSITY, Lafayette, Ind.—Fraternity membership promotes rather than retards good scholarship, a survey conducted through the office of Otis D. McCreary, assistant dean of student affairs at the University of Minnesota, revealed recently. Out of a pledge group of 343 men, the scholastic rating of 55 per cent of them was raised after being pledged into Greek letter organizations. Only 25 per cent of all men taken into fraternities last year failed out of school, the survey indicated.

Purdue university has three girl students enrolled in the school of engineering. According to the records their grades compare favorably with those of nearly 500 young men who are in the classes.

MANAGERS CHOSEN

Managers for the girls' basketball teams have been selected. They are: senior, Dolores Holmes; junior, Dorothy Janssen; sophomore, Louise Mulliner; and freshman, Frances DuSault. The managers aid in choosing the girls' for the various teams.

First of Intramural Debates Held Tuesday and Wednesday

Intramural debaters met in their first round last Tuesday evening. The debates were held at the houses having the affirmative of the question and the winner was decided by a critic judge. Men have their second round Monday night, and the women on Tuesday night. Faculty members presided as judges.

Men Debate.

The men debated on "Resolved: That the practical application of companionship marriage will stabilize family life." The women's question was "Resolved: That fraternalism is more beneficial than detrimental to university life." The results follow:

Alpha Tau Omega, affirmative from Beta Chi, negative. Lambda hall, negative won from Alpha Phi, negative. Sigma Chi, affirmative, won by vote from Sigma Nu, negative.

Alpha Chi Omega, affirmative from Alpha Phi, negative. Beta Delta Delta, affirmative from Forney hall, negative. Delta Gamma, affirmative, won from Gamma Phi Beta, negative. Kappa Kappa Gamma, negative, won from Hays hall, affirmative. Delta Theta Phi, negative won from Phi Beta Phi, affirmative.

Women's Second Round.

Kappa Sigma, affirmative meets Lambda Chi Alpha, negative. Epsilon Nu, affirmative meets Phi Gamma Delta, affirmative. Phi Gamma Delta, affirmative meets L. D. S. Institute, negative. Beta Theta Pi, affirmative meets Alpha Chi, negative. Tau Mem Aleph, affirmative meets Tau Kappa Epsilon, negative. Phi Delta Theta drew the bye.

Women's Second Round.

Delta Gamma, affirmative meets Delta Delta Delta, negative. Alpha Chi Omega, affirmative meets Kappa Kappa Gamma, negative. Kappa Alpha Theta, affirmative meets Delta Theta Phi, negative. The debates are held under the single elimination system, so the women's teams who debate in the second round have already debated once. The men's teams in the second round have not yet debated. The questions will remain the same throughout the remainder of the debates.

TOWN WOMEN DISCUSS PLANS

Daleth Teth Gimel Will Initiate Saturday Afternoon; Many Social Events Scheduled.

A business meeting of Daleth Teth Gimel was held in the recreation rooms of the women's gymnasium, Tuesday evening. Initiation of the pledges is to take place Saturday afternoon, January 7, in the women's gymnasium and is to be followed by a formal banquet at the Moscow hotel at 6 o'clock. It was also decided at this meeting that a formal novelty dance will be held this spring instead of the two separate functions, a feature and a formal dance, which have hitherto been given each year by the organization. Plans for a picnic to be held soon were discussed.

4-H CLUBS FORMED

Two boys' 4-H clubs have been formed in the Hawaiian Islands to encourage frog farming. Honolulu market alone can handle 6,000 pairs of frog legs a week at an average of 20 cents a pair.

Teaching in on the Talkies

A number of "he-men" movie actors have abandoned the use of cigarettes because the habit has become so effeminate.

"The Greeks had a Word for It" and it was not Clarabow.

Movietone has decided that "Mr. Lemon" of "Orange" should be a fruitful "box-office" title.

Virginia Cherrill and John Wayne will play the featured roles in "Girls Demand Excitement". Miss Cherrill is also Chaplin's leading woman in "City Lights".

Virginia Cherrill will do it again in "Mother's Day".

Edward Woods who went to the electric chair in the stage play "A Star is Born".

Margie Dressler and Polly Moran will pay attention to "Reducing" in a future film.

Handsome hero who was "Once a Sinner" has been converted by the movies. But he has not been made good for nothing.

Dorothy Mackaill and Warner Baxter have been screened in "Their Mad Moment".

Told in Two Titles "Hell's Angels" "Queer People"

"Adam and Eve" are coming to the speakies. Now it will be told.

Of More or Less Moment Thousands of men have married fireless cookers. "The Fighting Shepherdess" would be hard to fleece.

Despite continual exposures "The Love Swindle" goes on. Those French phones seem to readily pick up movie English.

Banks "Under Suspicion" Lois Moran, Fox Film actress, explains why ladies have abandoned the old fashioned silk stockings as a place for carrying money.

"The girls are afraid of a run", says Miss Moran.

AD BRINGS CENTER

UNIVERSITY OF OREGON, Eugene, R.I.P.A.—Dr. Meanwell, Wisconsin hoop coach, inserted an ad in the "help wanted" column of a city paper. It read, "Wanted, university man over six feet tall for Wisconsin basketball team." Stanley Holmquist answered the ad and has been the "find" of the season.

Offers Rain to New York. NEW YORK.—Dr. George Ambrosius Immanuel Morrison Sykes astro-geo-physicist extraordinary and rainmaker or dispeller, has offered to help the city out of its present water shortage.

For a consideration, Dr. Sykes says, he will set up his rain manufacturing machinery in the vicinity of the Catskill watershed and fill up the reservoirs.

FAMOUS MEN SECURED FOR SUMMER SCHOOL STAFF

IDAHO HAS SECURED the services of these four famous men for the summer session. (Left to Right) Osbourne McConathy is a noted musician having written several texts on the subject. Dr. J. W. Harris, coming from Pacific College, Stockton, Calif., will teach advanced education subjects. Dr. L. T. Hopkins, Columbia University, New York City, is also familiar with education problems of the West, having revised Idaho's curriculum. Howard Gooding, New England Conservatory of Music, Boston, is a teacher of the piano. He has appeared several times on the concert stage.

HARVESTER FIRM SPONSORS PROGRAM FOR AG STUDENTS

Harvester Company Celebrates Anniversary of Reaper Invention

A program in honor of the centennial anniversary of the invention of the reaper by C. H. McCormick in 1831 was featured in Lewis court Wednesday.

The celebration, which was attended by more than 300 agriculture students and farmers of Moscow and vicinity, was sponsored by the International Harvester company in conjunction with local McCormick implement dealers. A special program was given on Tuesday afternoon for the students in the agriculture short course in tractor driving. On Wednesday the morning was devoted to talks by representatives of the harvester company on the first reaper and its relation to modern power farming. Lunch was served at noon. Further discussions were held in the afternoon and a motion picture, "Romance of the Reaper," was shown.

Donald L. Coons is in charge of the Washington Water Power Company extension work at Lewiston, Idaho.

Rayson Morris '27 is working in the United States Patent Office in Washington, D. C. He has been studying law at Washington University as a part time student in addition to his regular duties in the Patent Office.

John Frederick Stamm, '28, received his degree in business, then decided he liked army life, and joined the "leathernecks." Now he is a commissioned second lieutenant in the Marine corps, stationed at Paris Island, off the coast of South Carolina. His sister, Alice, '31, completes two years of work at the Stanford Nursing school at San Francisco this year, enabling her to come back to the campus this June to receive her degree.

STANFORD EXPULSES CHEATING STUDENT

STANFORD UNIVERSITY, Palo Alto, P. I. P. A.—A student, prominent in campus activities, was suspended from the University for the remainder of the quarter for violating the Honor Code, the Men's Council announced yesterday afternoon. The student was found guilty of cheating in a Political Science quiz, after investigation revealed he had been seen copying another student's answers on his examination paper.

EMPLOYMENT GUIDE

PURDUE UNIVERSITY, Lafayette, Indiana—With the revision of data and information concerning part time and summer employment, Mortar Board members working in conjunction with Dean Shoemaker have compiled a directory in which co-eds can secure information regarding such positions. This directory will contain a list of summer camps that offer work during the summer vacation period for college girls.

Officers for this semester will be elected soon according to class presidents. No dates have been arranged. Harold Carlson is now president of the senior class, Philip Cornell, junior, Howard Altnow, sophomore, and Bert Bronson, freshman.

Experiments in the biological action of ultra-violet radiation, conducted by Dr. George H. Maughan, Idaho, '09, of Cornell University medical college, have attracted wide attention in the medical field. He has shown that ultra-violet light from ordinary size house electric bulbs is capable of curing disease. Thus far ultra-violet rays have been used mostly after illness started. Dr. Maughan has been experimenting with ultra-violet light since 1926. Last year he spent several months in Europe, visiting laboratories and studying the work done there.

UNLESS the gallery goofs change their cheering technique just a bit, Idaho is going to have difficulty in getting officials for future basketball contests. The men who worked the recent Washington State-Idaho game, disgusted with the small time sportsmanship manifest by a small group of fans with a misguided sense of loyalty and fair play, resigned but later reconsidered and will be back tonight to work the Oregon-Idaho game. The men are regular Pacific Coast Conference officials and both of them are noted for the fairness of their decisions.

They are also a bit human and resent getting the "bird" from people who have never seen a basketball rule book and do not know that the man with the ball can be charging and that members of the home team can commit fouls, too.

People who cannot lose gracefully should stay at home and save themselves the humiliation of appearing as asses to the general public.

And Now This

CROSSING the mountains no railroad dares penetrate, the bond of fellowship and friendship, linking the Southern Branch at Pocatello with the University of Idaho, grows stronger each year as petty jealousies are swept aside in common cause.

The latest movement comes from the Blue Bucket, which, through the efforts of its editor, Ralph Hagan, is extending the courtesy of its pages to the literati down south.

The new section in the quarterly should be worthy of attention here, many Idaho students having had their first taste of collegiate life at the Branch.

—Con.

What Does It Matter?

FOLLOWING the welter of semester examinations is a reckoning. As the smoke of battle clears away victims arise, and taking stock, wonder at the justice and injustice of human nature. Why a one credit course should be given the same rating as a five hour course, each being subject to three hour periods, is a cause for wonder.

Not that the spirit of protest arises. It is only the curiosity of youth, mouth agape, awed by the wisdom of elders. Nor can be understood the variety of forms, the "yes and know" quizzes, the "question" quiz, the "fact" quiz, the "discussion" quiz. No doubt each has its merits and fits a particular course, but why different professors, teaching the same course should use different methods is a question not settled in the education department. Use different methods is a question not settled in the education department.

Ah well, we passed most everything anyway.

—Con.

Argo Knots

Tied By Lee Knight

Another sign of spring is that one can now walk down the Science Hall hill without being an acrobat.

An instructor at Massachusetts Institute of Technology claims that students sleep in class to display a weak-minded indifference.

The instructor failed to state whose mind the antipathy was directed toward.

According to a Red Cross report there are some 100,000 destitute farmers in the state of Arkansas. There must be about 100,000 farmers in Arkansas.

The Zulu tribes of Africa buy their wives on the installment plan with a three-year guarantee or your money refunded arrangement, and take a whole week to perform the marriage ceremony.

Wise people. They believe in the old adage about marrying in haste.

According to a report by H. L. Kamber, a garment manufacturer, there has been an average increase of two inches in the hip measurement of the American woman in recent years.

Try and find a woman who will admit it. (We asked several.)

University of Iowa co-eds have declared that the ideal man must be a letterman, hold a Phi Beta Kappa key, be dependable, ambitious, possessed of an attractive personality and be a teetotaler with tobacco and hard liquor.

What these little girls had better do is take all of the gentlemen in College Humor's hall of fame, roll them into one and feed the result on skinned milk.

Men at the University of Holland must shave their heads when they become pledges.

Evidently the pledge committees fare forth with clippers in lieu of pledge buttons.

An Eugene Parent-Teachers association will discuss "What to do when the child says 'I won't.'" College students ought to attend. They can learn what to do when baby says "no."—Oregon Emerald.

There must still be a few honest lawyers in the country who know their Constitution and fall into the 35 disciples of Blackstone at Ohio State refused to approve the honor system.

It is the belief of Boston university co-eds that a girl should not marry until at least two years after graduation.

Now here are some girls who go to college to get an education.

Twenty-five New York corporations pledge their workers steady jobs when they employ them.

And every fraternity does the same to their young when they pledge them.

Great Britain yearly uses more than 42,000,000 pounds of polish on shoes.

And much more "apple polish" is used yearly on American college professors.

A headline in the University of Washington Daily says that co-eds have forsaken roadsters for roller skates as a means of conveyance between classes.

Yeah, they've forsaken roadsters before, but this a new and original excuse.

Jewels worth \$32,250,000 were reported to have been buried with Tzuttai, last Manchu empress of China.

Probably another of these buried treasure rumors.

Women of Stanford have taken up old-fashioned hayriding as the latest social activity.

Oh, you giddy things.

Instructors in the English department at the University of Indianapolis own Fords have formed an English department Ford club.

Possibly with the view of competing with the American Can Co.

MOTHERS TEACHING STANFORD BOUGHS

For years there have been, at Stanford, schools of education, law, letters, engineering, social sciences, and what have you, and all of them have been heard of at one time or another. But, now there's a new one—which until now, has never seen the light of print.

It's the Stanford Mothers' club school, instituted to teach Stanford men cooking, gardening, and housecleaning. Under the personal direction of Stanford mothers, men are given practical instruction which prepares them for earning a part of their expenses.

Gertie Guillotine

Boop-a-doop, Campsters.—Only a few more days left till the shock from the registrar's office—make the most of it. But then cheer up, things may not be so slow after all—the campus steps are freezing over again tonight.

G. G.

What this campus needs:

'A large sign in front of the Ad Building which says, "No classes today."

G. G.

Wanted: Wide awake salesman to work at umbrella stand in arboretum during stormy weather. Good commission.

G. G.

The "Man About College" says: There ain't no gratitude in women I wasted all Saturday afternoon at the Nest and even Squandered 2 bags of Peanuts and not one date for the Sorority dance.

G. G.

Brosnan: I will give a history quiz next time, and don't be surprised if I ask you for dates. Sweet Young Thing: Don't ever think you will get one from me.

G. G.

Then there was the dumb frosh who thought Social Science was Etiquette.

G. G.

BOYS: Now's the time to wear out all your old shirts before the weather gets nice enough to go without a coat.

G. G.

To Last Semester's Prof.

With sympathy I heard you tell The story of your life I even agreed it would be well Had you never met your wife I was your slave but today Your power's gone on me I thought sure I'd rate an A But you...you gave me C

J. H. Christ, B. S. (Agr.) '19 is superintendent of the Sandpoint substation, in which position he directed investigations of the experiment station into the problems of the logged-off lands of northern Idaho. He is the author of several bulletins on this work.

BAD CHECKS TO DEAN OREGON STATE COLLEGE, Corvallis, P.I.P.A.—Students at Emory university, Georgia, who give "N. S. F." checks at the co-op are forced to appear before the dean of their school.

TWELVE HOUR QUIZ UNIVERSITY OF WASHINGTON, Seattle, P. I. P. A.—Haverford sophomores must pass an examination of 2,275 questions covering nearly every department of college education. This comprehensive quiz requires 12 hours to answer.

VOTE IS UNANIMOUS STANFORD UNIVERSITY, Palo Alto, P. I. P. A.—The majority of the University of North Carolina student body voted in favor of optional class attendance for juniors and seniors. The majority of the average student body will vote to abolish lectures, exams, textbooks, anything but football teams and rumble seats.

INSTALL NEW CLOCK UNIVERSITY OF UTAH, Salt Lake City, P.I.P.A.—Basketball fans at the Leland Stanford University no longer will have to wonder when the score is tied in the last few moments of play, how many seconds are left. Always keen for innovations, the "universities" has installed an electric clock in its basketball pavilion.

The "large-sized bank notes," which were abandoned 19 months ago in favor of smaller currency, rapidly are disappearing from the nation's pocketbook.

During the first week of school, an average of 200 university students a day pass through the doors of the city recorder's office carrying the little pink ticket," declared Miss Ruth Lord, assistant city recorder. Business is often slow during the summer time, but when the fall quarter rolls around things start to pick up, as the figure "900" leads one to believe.—Oregon Emerald.

Student Opinion

The Argonaut conducts this column exclusively for the use of student comment and all contributions are welcome. However, the articles must bear the writer's signature, for the information of the editor. Only the initials of the contributor need be printed in advance otherwise specified. The editor reserves the right to refuse any article submitted.

OLD STUFF, BROWN.
Dear Editor:
 I have a lot to say, but I'll try to say it in a few words possible and risk that my point is understood without much explanation.

"In the case of the managing editor of the Blue Bucket, no member of the staff, with the exception of the man elected and later found ineligible, was legally qualified for the position." Can you explain how the coherent quotation, Mr. Editor, made by you in a very recent issue of the Argonaut of your editorial column could be possible? You have said the candidate was legally ineligible.

I know that you said in an editorial of your first issue that the way of a college editor was hard. But when you make such obvious errors in a column read by the entire university, I believe that you should be corrected. Am I not right?

However, I wish you the best of luck in defending the executive board...they need the help they can get...especially a consulting lawyer to help them interpret the constitution so that they will know the ways and means of calling an election.

R. I. BROWN.

Watch the spelling, Davy. Executive board meetings are open and you can come, too. 7 p. m. in the A.S.U.I. office on the main floor of the Memorial gymnasium.—Editor.

Editor of the Argonaut: I'll make this short and snappy, and I'll not attempt to bore you with a long dissertation.

Always in your editorial columns you tell the students to take their "gripes" to the executive board. I commend you for that editorial policy. But one thing is lacking. You tell the students the Why, the How, and the Who.

But you neglect to tell the students the When and the Where of the executive board meetings. I understand that they are usually held on Tuesday evenings about 7 o'clock in the Memorial gym in the Argonaut office. And they are open to every member of the ASUI according to the authority of the ASUI constitution.

People don't feel like balmy jackasses when they watch Congress at work in Washington, D. C. In fact, it is "La Mode." However, ASUI students feel entirely different toward their government. Urge them to go. Mr. Editor, and watch the executive board labor with weighty problems...I hear that it is interesting...never having attended a meeting myself.

F. D.

Smitty thinks politics is crooked. My, my!

Dear Mr. Jones: Brevity is the goal of wit, but since this is not a witicism, I hope that you'll be a little generous with your space requirements.

Here is another question for the executive board to seriously consider. Are there not a sufficient number of qualified men to hold appointive offices so that it will not be necessary to appoint one of their own number to a job?

Somewhere vice president chairman of the election committee this fall.

For a time I thought that the A.S.U.I. constitution said that the board should not appoint themselves to certain offices. But I was unable to find it. On the other hand, The Robert's Rules of Order govern the actions of the ex-board.

And I am quite certain that the Rules say that a executive body cannot with a good face, appoint themselves to an office, especially when legal voters are qualified for such offices.

On the other hand, perhaps the Alpha party is going to use the check and double check system on its supporters.

L. S.

THANKS, TOM.

Dear Editor: I have been watching the student political situation with some interest for the past semester. It is pleasing to note that the student opinion column of my paper is again open to free discussion. Undoubtedly the interest aroused in this student publication will start up student interest sufficiently so that the present weaknesses in our A. S. U. I. government, which you yourself admit exist at this time, can be corrected. Sincerely yours,

T. A. M.

BEES SAVE MONEY
 When bees gather honey they use material that would not be utilized any other way. If it were not for bees, 25 million dollars worth of agricultural income would be lost.

GREEKS GET GRADES UNIVERSITY OF WASHINGTON, Seattle, P. I. P. A.—Fraternity membership promotes rather than retards good scholarship at the University of Minnesota. A survey shows that 55 per cent of pledged men raised their averages after being pledged.

GIVE SCHOLARSHIPS UNIVERSITY OF OREGON, Eugene, P.I.P.A.—Thirty-six students at the University of California at Los Angeles were awarded scholarships for the present year by the regents of the university. The value of the scholarships, as announced by President R. G. Spraul, is \$2905.

Bulletin Board

VARSITY AND FROSH TRACKMEN report to 104 Memorial gymnasium Saturday at 2 p. m. Otto K. Anderson, coach.

CHI ALPHA P will meet Sunday, February 8 at 3 p. m. at the Methodist church.

SCABBARD AND BLADE meets Wednesday, February 11 at 7:45 p. m. in the Phi Delta Theta house.

KAPA PHI will meet Tuesday, February 10 at 4 p. m. in the Women's gymnasium.

THE WOMEN'S ATHLETIC ASSOCIATION will meet Monday, February 9 at 5 p. m. in the Women's gymnasium.

VARSITY DEBATE tryouts will be held Monday, February 9 at 4 p. m. in 207 Administration building.

Alumni Notes

Helen Veasey '30 is working with the United States department of agriculture at Washington, D. C.

Bearslee Merrill '28 is selling bonds with Richards and Blum in Spokane, Washington. Mr. Merrill, who was very prominent in dramatics while in school here, was married this summer.

Elbert Stellman, '28, is prosecuting attorney of Lewis county living in Nez Perce.

Ray Compton, '29, is working for the Potlatch Lumber company at Pritchard, Idaho. He finished his law course at Stanford this June.

Robert Throckmorton, '30, is a civil engineer with the United States Geological Survey. His headquarters are in Boise.

T. C. Anderson, graduate of '30 is now editor of the Daily Bulletin at Sandpoint, Idaho.

Marshall Blair, '26, is an engineer with the Washington Water Power company in Spokane.

The Christmas season brought tidings from some of the earlier students of the University of Idaho, whom present students don't know, but whom alumni reading the Argonaut may remember.

Lela Tracy Whitmore, ex '11, is now residing in Seattle, Wash. Mr. and Mrs. Carl H. Loux are now at Oxford, New Jersey. Mr. Loux is engaged in the mining of chrome.

Mr. and Mrs. Enoch Perkins, better known as "Noch" Perkins are living at Numa, New Caledonia. Mrs. Perkins was formerly Maude Himes of Sandpoint.

Mr. and Mrs. Paul Savage are now at Tacoma, Wash. Mrs. Savage was formerly Bess Lee.

Mr. and Mrs. Leland Case are now in Raleigh N. Carolina. Mrs. Case was formerly Charlotte Lewis. Edmund C. Blackburn is residing in New York City, N. Y.

Mr. and Mrs. Fred Graf are at present in Los Angeles, Calif.

Capt. J. G. Downing resides now in Chicago, Illinois.

Mrs. Beryl Oliver Gilkerson is now at Hood River, Oregon.

Bryant S. Morrow, '06, is concentration superintendent for the Anatron Copper Mining company. Enoch A. Barnard, '11, is also with the A. C. M.

Kenneth Heath Collins, '23, is an interne at the Deaconess hospital, Spokane. His wife was formerly Lillian Lange.

Maurice H. Greene, '25, until recently secretary to William E. Lee, '03, the interstate commerce commissioner, has accepted an appointment as assistant under Fred J. Babcock '16, now attorney general of Idaho.

Gopal Singh Khalsa, former Hindu student at Idaho, was married this fall to Irene Hall, 20-year-old co-ed at the University of Colorado. A news dispatch describes him as a "lecturer, author, newspaperman and follower of Mahatma Gandhi."

Nell C. Derrick, B. S. (Agr.) '27, is employed in agricultural extension work in California. He was well-known in the campus and participated in many extra-curricular activities.

Edward Poulton, '30, is in the law office of Pope and Hawley in Boise.

John Stamm, '28, is a commissioned second lieutenant in the Marine corps and is stationed at Paris Island, off the coast of South Carolina.

Alice Stamm, '31, is attending the Stanford Nursing school at San Francisco, Calif.

E. J. Fjelsted, B. S. (Agr.) '15, is secretary of the Ogden, Utah, chamber of commerce and manager of the Ogden livestock show. After graduating he was appointed extension animal husbandman with the University of Idaho. After serving in this capacity for two years he became a member of the faculty of Oregon Agricultural college where he continued until 1920.

From 1920 to 1924 he was engaged in farming. In 1925 he was appointed supervisor of the agricultural census in eastern Idaho, and in the same year he became manager of the Eastern Idaho fair.

James Orr Elton, '09, is manager of the International Smelting company at Salt Lake City, Utah. In 1921 the University of Idaho conferred upon him an honorary degree for his outstanding achievements in the mining industry.

Ivan Sokolnikoff '25 is a mathematics instructor at the University of Wisconsin. He was enrolled in electrical engineering while in school at Idaho.

TALKS ON WHEAT

H. W. Hulbert, head of the agronomy department, will spend next week in Benewah and Kootenai counties giving a series of

talks on wheat replacement.

growing of other crops adapted to the region-is of vital importance because of the exceedingly high price of wheat at the present time.

DYNAMITE clears the way for modern engineering wonders!

The EMPIRE STATE BUILDING

How DYNAMITE was used in the construction of the world's tallest building

A new giant skyscraper now looks down on New York's magnificent skyline. It is the Empire State Building... and its topmost peak towers 1218 feet above the earth!

It is the newest engineering marvel. Architects, engineers, steel workers, riveters shared in its making. But one mighty ally... DYNAMITE... was first on the scene to do its powerful bit. Working efficiently, quickly, Dynamite blasted out solid rock so that the great foundation—75 feet below the earth—might be placed. Thirteen thousand pounds of Du Pont Dynamite was used on the job.

Skyscrapers... tunnels... bridges... highways... dams... reservoirs... these and numerous other engineering wonders are made possible through the aid of Dynamite.

If you would like to learn more about explosives and how to use them... if you want to learn today for tomorrow's jobs... simply write direct to the Du Pont Company for full information.

You will receive a copy of The Blasters Handbook, which contains a great deal of the vast knowledge of the explosives gained by the Du Pont Company in 129 years of making and testing explosives. This book is used in the classrooms and libraries of leading technical institutions. Your copy is free. Write for it.

DU PONT EXPLOSIVES

E. I. DU PONT DE NEMOURS & CO., INC., Explosives Department, Wilmington, Del.

Society

THE second semester is starting out in a big way socially with more dances scheduled on the calendar than there have been since the fall season. Formal dinner dances, informal house dances and the semi-yearly initiation dances, which are looked forward to so eagerly by every pledge, are now being planned by the various groups.

The annual Military ball, sponsored by Scabbard and Blade, and the Spinster's skip, sponsored by Mortar Board are listed in this month's activities. The Military ball is to be, as usual, the very essence of formality, while the Spinster's skip will give women an opportunity to date their secret sorority, that is, if they're "early bird-ish" and avoid the rush.

This week-end, the Alpha Phi underclassmen are staging the single house dance for Friday night. It is going to be a silhouette affair with the motif carried out in the programs and decorations. Saturday night seems to be the most popular night for entertaining, with three dances on the campus. Sigma Tau, national honorary engineering fraternity, is treating its members to a formal. Rid- enbaugh hall is going collegiate with a "Joe College" affair. Pen- nants and blankets from any and every school in the country are to be used for decorations and the guests are going to wear their most collegiate ensembles. Last but not least, the Delta Chi underclassmen are going modernistic and they are now in the act of decorating their own ballroom for the occasion.

YORK-POSTON ENGAGEMENT ANNOUNCED

Tuesday evening the engagement of Catherine York, Boise, to Elmer Poston, Fresno, California, was announced. Both are prominent on the campus. Miss York is president of Phi Chi Theta, honorary business fraternity for women, and of Pi Beta Phi sorority. As a sophomore she was a Spur and has been a member of A. W. S. executive council. She was also chairman of the Big Sister movement. Mr. Poston, a member of Phi Gamma Delta fraternity, formerly attended Sacramento Junior college at Sacramento, California. He is a member of Blue Key, has served on the Interfraternity council, and was treasurer of the Associated Business Students. He was also a member of the Athletic Managers' club and a track manager. Both are seniors in the school of business.

MOSCOW MOTHERS SURPRISE KAPPA SIGMA

The Moscow mothers of Kappa Sigma surprised the members at the chapter house Tuesday evening when they came unexpectedly with great quantities and varieties of cakes. The members showed their pleasure by applauding the mothers and then making the cakes disappear rapidly. The rest of the evening was spent talking over old times. This has come to be an annual event and is always greatly appreciated. The mothers present were: Mrs. A. J. Nelson, Mrs. T. E. Hunter, Mrs. L. G. Fogle, Mrs. L. A. Torson, Mrs. H. E. Estes, Mrs. D. House, and Mrs. H. C. Stivers.

DE MOLAYS HOLD MEETING

De Molays of the Moscow chapter met last night at the Masonic temple. Plans for several parties and dances to be held in the near future were discussed. Closer contacts with De Molays from other chapters but now living in Moscow are to be established, according to Rollin Hunter, master councillor of the organization.

ENGINEERS BANQUET AT BUCKET

At 6 o'clock Tuesday evening, February 3, the Idaho student branch of the American Institute of Electrical Engineers held a banquet at the Blue Bucket. Mr. H. W. Cooper of the Washington Water Power company was the principal speaker. His topic was "The Engineer in Business."

Miss Katherine Jensen, head of the home economics department, entertained for the university faculty women at her apartment last Saturday afternoon in honor of the mother, sister, and little nephew of Miss Elizabeth Johnson, also of the home economics faculty.

Dinner guests of Sigma Alpha Epsilon on Tuesday evening were Clyde Richards, Lewiston, and Ray Hair, Spokane.

CALENDAR

- FRIDAY, FEBRUARY 6
 - Alpha Phi Underclassmen's Informal Dance
- SATURDAY, FEBRUARY 7
 - Sigma Tau Formal Dance
 - Ridenbaugh Hall "Joe College" Dance
 - Delta Chi Underclassmen's Informal Dance
- FRIDAY, FEBRUARY 13
 - Phi Delta Theta Underclassmen's Informal Dance
 - Delta Gamma Formal Dinner Dance
 - Alpha Tau Omega Informal "Hokum" Dance
 - Hays Hall Informal Dance
- SATURDAY, FEBRUARY 14
 - Gamma Phi Beta Informal Dance
 - Delta Delta Initiation Dance
 - Beta Chi Initiation Dance
- SUNDAY, FEBRUARY 15
 - Music Department Student Recital
- FRIDAY, FEBRUARY 20
 - Sigma Nu Formal Dance
 - R. O. T. C. Military Ball
- SATURDAY, FEBRUARY 21
 - Mortar Board Spinster's Skip
 - Sigma Alpha Epsilon Initiation Dance
- FRIDAY, FEBRUARY 27
 - Tap Kappa Epsilon Joint Initiation Dance
 - Forney Hall Informal Dance
- SATURDAY, FEBRUARY 28
 - Alpha Chi Omega Initiation Dance
 - Lambda Chi Alpha Informal Dance
 - Kappa Sigma Initiation Dance

The Cinemaniac

Looks at the Pictures

TONIGHT—Clara Bow in "No Limit."

EMIL JANNINGS makes a welcome return to the screen in "Blue Angel" which is booked for the Kenworthy on Saturday only. Josef Von Sternberg, the man who directed Jannings in his first talkie made for Ufa in Germany and who discovered Marlene Dietrich on the same visit, is the director. In "Blue Angel" Jannings plays the part of a professor who falls in love with the beautiful cabaret performer and marries her. The philosophies of the cabaret girl and the professor naturally conflict and the man falls into a degradation whose parallel in real drama has seldom been seen. "Blue Angel" is Marlene Dietrich's second American triumph. She rose to stardom in "Morocco."

"THE BACHELOR FATHER" is a comedy drama built around a Sir Basil Winton, who, lamenting the errors of a tempestuous youth, decides to collect his three children from as many mothers. C. Aubrey Smith plays the part of the bachelor father. Marian Davies is the lead. Ralph Forbes and David Torrence are in the supporting cast of the comedy which will be shown Sunday at the Kenworthy.

DEVIL-MAY-CARE Gary Cooper comes into his own again in "Morocco" after suffering through the lead in Rex Beach's "The Spoilers". Cast as a private in the Foreign Legion, Cooper flirts with death and an officers wife, becoming bored with both as Marlene Dietrich swims into his ken as a cabaret singer. Abruptly attracted to her, his emotions receive a sudden jolt in finding she is embittered of men. Their troubles and resultant intrigues carry them to the outposts of the desert, into the post again, and as the picture draws to an unusual ending, their love runs smooth. Marlene follows her soldier as one of that great army of unkempt and unheralded women who trail the Legion. "Morocco" will be shown Monday, Tuesday and Wednesday.

MILITARY HONORARY WILL AWARD TROPHY

"This year sees a new goal for the Scabbard and Blade members all over the United States to attain," stated Kenney Dick, Scabbard and Blade president. A competitive rifle match to be participated in by only Scabbard and Blade members will take place between all the active chapters in the United States. The men will shoot at their respective chapters and the report must be sent in to the head chapter not later than March 15. A silver cup will be awarded the winning chapter. A definite date for the match has as yet not been set but the Idaho chapter will begin practice in the near future," concluded Kenneth Dick.

Tri-Delt Pledges Starting New Way of Carrying Books

"To market, to market, to buy a plum-bun" the Tri Delt pledges would go, or so one would imagine who saw them Wednesday, January 4, attending classes with shopping baskets under their arms. But this unusual sight was otherwise explained when it was learned that the Tri Delt were initiating.

All In Fun.

It was no doubt intended by the upperclassmen to cause the pledges some discomfiture by making them carry these objects wherever they went, but the latter seemed to be enjoying the situation as much as the onlookers. They carried their baskets with a nonchalant air as if it were a new fad imported straight from Paris. Too, though it was rather awkward to squeeze some of the larger baskets into seats, the bulky objects were not without their conveniences. Compacts, purses, books, and what-not were piled into them. One practical observer even suggested that baskets might be used by all students to carry their texts in the future after seeing the handy use put to them by the Tri Delt pledges. "And" this same individual added, "if everybody had a basket, think of all the nice basket socials which could be held."

The real feature of the Tri Delt baskets, however, was their variety. There were little baskets and big baskets, plain baskets and fancy baskets, and lots of other kinds of baskets. Some of the baskets looked as if they belonged on the parlor piano and some to the grocery man. Not a few looked as if they had seen service in carrying in wood. But possibly the best surprise is that several of the Moscow business houses sold out of baskets last Wednesday.

MILITARY BALL HEADS SELECTED

Committees Are Appointed to Take Charge of Annual R. O. T. C. Dance

Military ball will be held in the Elks Temple January 20, according to Ray Kelly, chairman of the affair. In a recent meeting of Scabbard and Blade various committees were appointed to take charge of the affair.

The program committee consists of Bernard Lemp, chairman; Ambrose Adams, and Ralph Olmstead. Jack McQuade was appointed chairman of the finance committee, with Charles Walker as assistant. Charles Herridon, chairman; Jack Dodd, George Swindeman, James Laidlaw, Ernest Bauman, and McPherson LeMoyné will take charge of the decorations. "Tickets to the ball will be on sale next Tuesday, in charge of Charles Walker. Tickets are available to all upperclassmen cadets, and the Scabbard and Blade members of both the Idaho and Washington State college chapters," further stated Mr. Kelly.

Faculty News

The Faculty Women's Club held its regular meeting Tuesday afternoon at Hays Hall. Entertainment consisted of a clever charade by the Delta Gammias and a selection by Emma Jo Long.

Professor Johnson left Thursday afternoon for Spokane to transact some University business. He was accompanied by Mrs. Johnson. They plan to return this evening.

Mr. C. A. Michels, assistant professor of agronomy, who has been ill for the past four weeks, returned to his classes Wednesday.

Mrs. R. H. Hull entertained the Gamma Phi Beta Alumni at her home Wednesday evening.

Mrs. R. H. Farmer, Mrs. Charles Crawford and Mrs. Erwin Graue were hostesses today at a luncheon at the home of Mrs. Crawford. Faculty women and townspeople were guests, and there were five tables of bridge. The valentine motif was carried out in the decorations. Mrs. Farmer, Mrs. Crawford and Mrs. Graue will have another luncheon tomorrow for 22 women.

WOMEN KEEP HOUSE

Josephine Kincaid, Lewiston, Georgia Miller, Nampa, and Ruby Poole, Dayton, Washington, have moved into the practice house to take up their duties for the month of February. "They are already beginning to make plans for keeping their expenses down to a minimum, and yet be generous in entertaining their friends," said Miss Katherine Jensen, head of the home economics department.

KAPPA WIN DEBATE AGAINST HAYS HALL

As a forerunner of the intramural debates among the sororities, a debate was held between Hays Hall and the Kappa Kappa Gamma sorority, on the question, "Resolved that fraternities are more beneficial than detrimental to university life." The affirmative side was upheld by Edna Woods and Virginia Kaar, Hays hall, the negative side by Winifred Galloway and Alice Ratcliffe, Kappa Kappa Gamma. The decision was given to the negative. As a judge of the debate Mr. Williams of the English department said that the debate as a whole was well presented, well analyzed, and interesting.

RED CROSS MAKES APPEAL FOR HELP IN PRESENT DRIVE

Capt. B. M. Crenshaw Heads Committee to Raise Funds in Latah County

GROUPS WILL HELP

Urgent Need for Cooperation Necessary if Program Would Succeed

Capt. B. M. Crenshaw, Chairman of the Publicity Committee of Latah County Chapter of the American Red Cross, has sent out a Red Cross appeal to each house and group on the campus for help in the unemployment relief.

He requests that house presidents and group leaders bring this matter to the attention of every member of their organization, designate a representative to accept contributions, and send them in to either Mr. H. C. Felton, Moscow, Captain B. M. Crenshaw, Military Dept., or Mrs. C. F. Magee, Inland Hospital.

Allot Quotas

Each house and group on the campus has been allotted a quota of \$5.00 as a minimum which it is felt certain they can raise by the simple expedient of requesting their members to go without one candy bar, one soft drink, or one pack of cigarettes a day, in order to provide the plainest meal for one sufferer.

Captain Crenshaw says, "America must protect her citizens who so directly need assistance. In times of distress and actual want Reds, Bolsheviks, and other Radicals get in their deadly work undermining our institutions. It is nothing short of National insurance to alleviate suffering and discontent among our own unfortunate at a time like this. Do your part to prevent suffering and distress among our people."

BEGIN TO ISSUE GRADES ON MONDAY

The process of getting grades to students now in residence at the university will begin on Monday according to an announcement coming from the office of the university registrar.

The grades will be put on the bulletin board in the administration building and will probably all be out by the middle of the week. The grades will be given in alphabetical order and will not be obtainable before they appear on the board. Grades for all group house freshmen will be put in the hands of scholarship chairmen during the latter part of the week.

The University of Michigan has recently been revealed to the German public as typical of the American university superior to European institutions, according to an illustrated German newspaper.

Those who flunk the four o'clock course

BY 4 P.M. their energy has gone. They listen to the lecture without paying real attention. Naturally the exam finds them unprepared.

Loss of energy, listlessness, lack of appetite are signs of constipation. This condition is a serious handicap to class and campus life.

Yet it can be overcome so easily, so pleasantly. Just eat a delicious cereal: Kellogg's ALL-BRAN. Two tablespoonfuls daily are guaranteed to give relief. Ask that it be served at your fraternity house or campus restaurant.

You'll enjoy Kellogg's Slumber Music, broadcast over WJZ and associated stations of the N. B. C. every Sunday evening at 10.30 E. S. T. Also KFI Los Angeles, KOMO Seattle at 10.00, and KOA Denver at 10.30.

Although interest is being focused on the series between the Bruins and the Oregon Stars for the northern championship, the Southern division is in the midst of its greatest season. Only a difference of two games separates the leaders from the cellar holders. In California, the Bruins, a defeat will show the Bruins into second place, while the winner of the Stanford, Fresno game will put the winner into first place. The hope among the Bruins is to finish in the front and battle the Southern winner for the title.

Tonight and tomorrow will decide the fate of the Husky team. A double defeat by Oregon State will virtually eliminate the team from the series. Oregon and Idaho to play. Oregon State handed the Washington quarter its first defeat when they split a series some time ago, and they are pointing for this series. Should they break through, it will mean that the four Husky men in over. Reports of Lewis, Ballard, and Pagan being in the hospital and unable to play were dispelled when they scored 42 out of 43 times in the C. of C. series. The sick boys can't lose things like that, so they must have been resting during the game.

Tonight will see Idaho for the first time. Oregon is the possessor of the unbeatable record of seven straight losses, and which every good Idaho fan will want to see improved to nine. Oregon has been handicapped by small men, the same problem that is confronting the Vandal mentor, but they are very fast and constant scoring threat.

In Eberhardt, Coach Reinhart has one of the best tip off men in the sport. A man must be good to find among the star centers on display this season, but the Washington is among the top-notchers.

Idaho Frank 55; Lewiston Normal 22; tells the story of the newly developed offense by the Vandal team. Coach "Red" Sperry has the team hitting on all "fire" and is working with them constantly in an attempt to keep the offense and defensive work on par. The withdrawal of Gaskill will be a severe blow to the team as he was developing fast, but the return of Sperry will compensate to some degree for this loss. The Frank mentor is fortunate in that he has only one man from the squad. Some were put on probation, thus the whole team is intact for the return game with the Cougar team.

With so much basketball on the menu sport followers must not lose sight of track and its expenses. William McCoy, pole vaulter, was the first to turn in an outstanding performance this season when he hoisted himself some 17 feet the other night in practice. If he can continue this attitude, he is a shoo-in for the I.C.A.A. meet as the winner last year took it as much light. Other followers of the sport who are turning out regularly in an effort to get into condition are Thomas, Miller, Lewis, Harger, and Williams in the weights. Williams, a transfer from the Southern branch, is a short-purser, capable of holding the 15-pound shot 5 feet.

Intramural is now under full swing and games last week showed a surprisingly number of excellent teams. The Faculty with Jacoby, Fox, Hurley, and Taylor appear headed for the league championship. Their points will not count, but the team finishing next to them will receive first place. Other strong clubs are entered by the Beta (187), and by the K.A.E. quintet.

A word should be said for the efficient handling of intramural hoop games by the officials Fry and Williams. It has been a long time since such good officiating has been seen on the Idaho courts. At least they are capable of keeping the game from turning into a mad scramble, which is more than can be said for the variety officiating.

There is a possibility that the intramural track meet will be run all before the opening of the season. This will give Coach Otto Anderson a chance to see what material is present and look at all possible candidates. Some good boys might be overlooked. At least it is worth a try.

GAME STARTS AT 7:30

MURAL HOOPMEN START DASH FOR LEAGUE PENNANTS

Ridenbaugh Takes L.D.E. Into Camp by 27-10 Score

By DYNES LAWSON
Lastnight Ridenbaugh hall triumphed an intramural basketball five from the L. D. S. seminary in an easy game 27 to 10. Up to the half the game was fairly close, from then on Ridenbaugh took the floor and the seminary men failed to score above their 10 mark.

Wednesday night Leland Cannon, Phi Delta, led his team mates to victory over the Betas by scoring 12 out of 25 points, while the Betas, with no one heavy scorer, came out with only 9 baskets. Following, the Phi's totaled 31 counters against the Kappa Sig 19. Smith and Ward were high scorers with 8 points apiece. From the second half on the Kappa Sig's failed to score.

The coaches opened up the intramural series on the hardwood by chalking up 23 points to their opponents, the Beta Chi, 19. Fox, Anderson, Hurley, Calland, and Jacoby mounted up the points. Reininger tossed 5 tallies, making himself high point man for the losers. The Independents closed the evening by overwhelming Tau Mem Alpha 42 to 11. McCoy, forward, shot seven baskets and a free throw for high point honors.

In "A" league the coaches look like the dark horse of the tournament, while the Phi's and Independents will probably make the "B" league series an interesting contest.

The T. K. E. B. A. E. game which was scheduled for last night was postponed until 3:30 Saturday afternoon.

Games for Saturday and next week:

- Saturday, Feb. 7:
1:30 Lindley hall vs Sigma Chi
2:30 Delta Chi vs Lambda Chi
3:30 T. K. E. vs. B. A. E.
Monday:
7:30 A. T. O. vs. Beta Theta Pi
8:30 Sigma Nu vs. Kappa Sigma.
Wednesday:
7:30 Beta Chi vs Ridenbaugh.
8:30 Tau Mem Alpha vs. B. A. E.
Thursday:
7:30 Phi Delta Theta vs Sigma Chi.
8:30 Phi Gamma Delta vs. Lambda Chi Alpha.
Saturday, Feb. 14:
1:30 L. D. S. vs. Lindley hall.
2:30 T. K. E. vs. Delta Chi.

UNIVERSITY OF WASHINGTON, Seattle, P. I. P. A.—More students disappear from Princeton university than from any other institution of higher learning according to the missing persons bureau.

MOUNTAIN HOOP QUINTETS FIGHT

Rocky Mountain Basketball Conference Title Hangs Fire; Colorado Teachers College Leads

The Rocky Mountain Conference schools are staging one of the greatest pennant fights seen in years and with the season nearly two thirds over the race has narrowed down to three fives. Colorado Teachers College is leading the circuit with seven victories and no defeats while the great Wyoming cage squad has only one black mark against them. The Teachers have a tough battle coming up with the veteran Colorado University team next week and dopesters are predicting a loss for Coach George Cooper's men. This would throw the conference lead into a three way tie and the Horned men would have to be at their best to grab a win from the Combergs at Laramie on February 21. This Wyoming team is invincible on their own floor and have not lost a battle at home for two years.

If the league leaders take both the Colorado and Wyoming games they should have little trouble the rest of the way in and will probably cross the finish line undefeated.

GORDON LEADING THE SCORING ACES

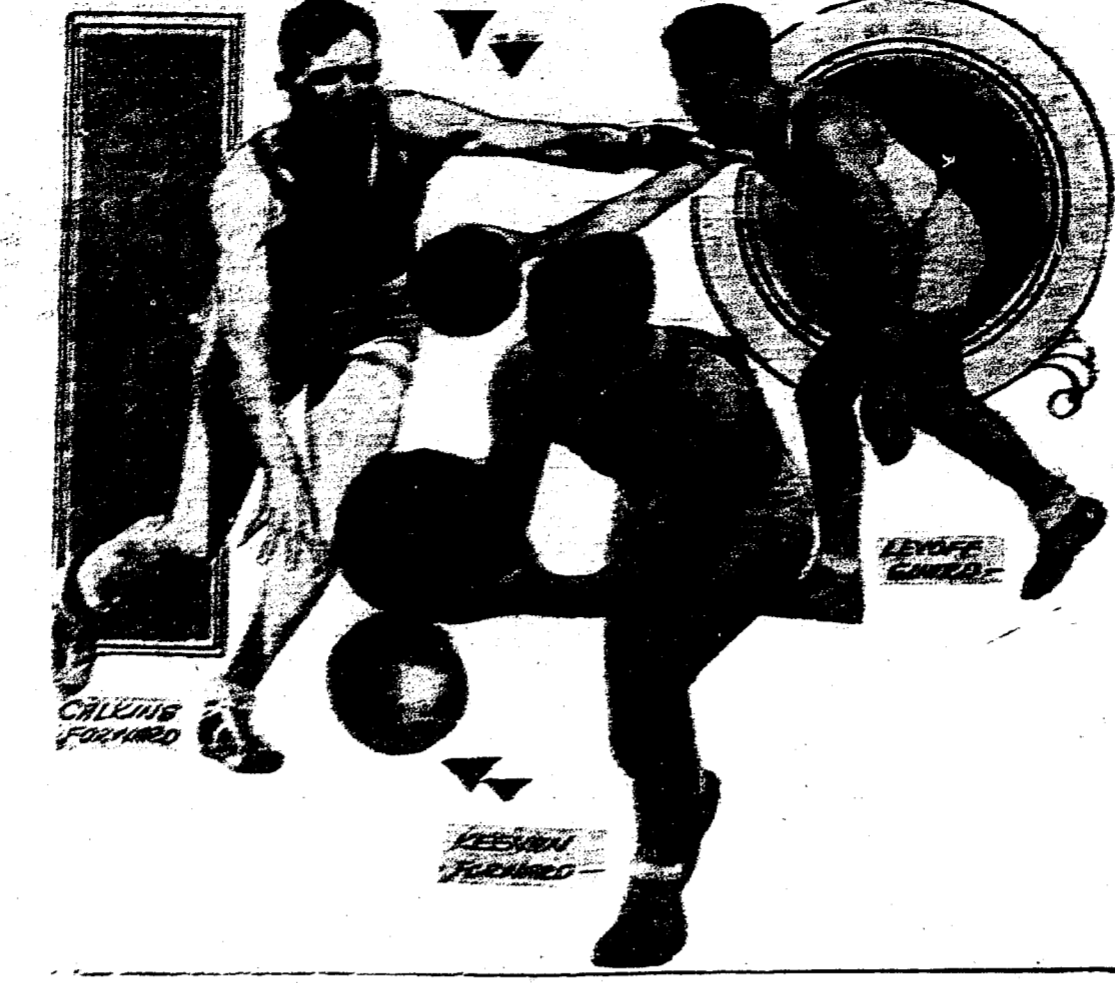

Washington State Center Heads List; Wicks Is Sixth

Huntley Gordon, Washington State's sensational sophomore center, grabbed 11 counters Monday night against Idaho to increase his point lead over Hank Swanson who almost caught up to the leader in his great drive last week. John Fuller, another wearer of the Purple and Gold, rests securely in third place by virtue of his 72 counters gathered in the Huskies eight battles. Gordon has played in one more game than the Washington leaders, but his average per contest is greater so holds undisputed sway over the pack.

FENCING MATCH TO BE SATURDAY

On Saturday, February 7, four members of the men's team of Foll and Mask will hold a tournament with the W. S. C. team from Pullman. The tournament is being held in the women's gym and everyone is urged to attend. The team which consists of Paul Aust, Carl Von Ende, John Menard and Douglas Cruickshank, has been practicing since early in the fall and are anticipating a victory over W. S. C.

A Smooth Duck Trio

The two forwards and a guard re big cogs in Billy Reinhart's University of Oregon five which tangles with the Foxmen tonight in the Memorial gymnasium. Billy Keenan is the half pint forward who caused the Vandals so much trouble last season. He will be very much in evidence when the whistle blows at 7:30.

WEBFEET TANGLE WITH RED SHIRTS TONIGHT IN GYM

Fox Working on Vandal Offense for Oregon Series

TEAMS RATED EVEN

Both Squads Small and Fast; To Rely On Sophomores

By BILL POHLMAN

Idaho's fighting Vandals came out of the Cougar series in good shape and have been working overtime this week preparing for the invasion of Oregon's variety hoop squad tonight and tomorrow. The Webfeet have a small, inexperienced five this season, but the men are fast and sharpshooters from any angle. The Green team has taken several "on the chin" and are now rooting in the cellar position, but are dangerous enough to break through with a win any night. Coach Bill Reinhart is confident that the Vandals will stand on the last rung after the coin flip is over, but "Red" Fox is counting on a pair of wins to boost the Red Shirt stock before the big coast tour next week.

The Vandal mentor is satisfied with the defensive work of the cozzers and has been stressing the offensive end for the most part, flouting that his scoring ace, Wicks, Drummond and Barrett will have to break through the Webfeet wall and slip plenty of counters through the net. Idaho is to be on the long end of the score when the final whistle blows.

Parks, Smith Improve.
The hectic race for the first string center berth is still raging between Smith and Parks and both boys have improved their team play so much that they can keep up with any tip-off man in the circuit. Parks looks well on the tip off and under the basket, while Smith is one of the best floor workers and ball handlers on the squad. Eberhardt, the veteran Oregon center is one of the strong cogs in the coast machine and this trio of raven stars will provide the fans with plenty of thrills this week end.

Christians got his opening chance of the season against the Couzars and looked good so Fox has been running him through the paces this week and will probably shoot him into the Oregon battles. Hale and Drummond are still working together in the guard positions and in scrimmage against the Trosh club have shown even better work than they did against Washington State.

Teams Rated Even.

This Vandal-Webfoot series should be the best set of ball games seen on the Red Shirt floor this winter as both clubs are small and inexperienced, but possess plenty of speed, natural ability and fight. Both mentors are known up and down the coast for their smart tactics, and the great fives they have developed in the past. If either team makes a clean sweep of the series it is almost certain to mean the cellar for the losers when the final percentages are checked in March.

WHEAT PRICES HIGH

Indications are that farmers will feed some 236 million bushels of 1930 wheat to livestock. This is 146 million bushels more than was fed last year, and is also more than the total United States exports of wheat and flour last season. It requires approximately 375 pounds of ground wheat to produce 100 pounds of pork. With hogs selling at 10 cents a pound, this brings the price for wheat to \$1.54 per bushel.

Texas School Head Finds No Harm In Salaries For Football Players

WICHITA FALLS, Texas.—J. A. Hood, superintendent-in-charge of schools in Wichita county, is a football fan first and a teacher afterward, and declares he can see no fault in paying a college star a modest salary for his services.

"One thing that I have never been able to understand is what difference there is in a boy waiting table or running a typewriter to pay his school expenses or his playing a great season of football.

"Which has more discipline for the mind or body? Playing football or waiting table? Who has been paid anything in where a boy could not go to school otherwise.

"I have been in the schools of Texas 26 years, and I do not know of a single instance where harm has resulted to anybody when a boy used his football ability to help attend school.

"I am for red-blooded sports in this country, not volleyball or some effeminate game where they wear lace on their collars."

Stocked with a purity of 99.94 per cent. Eighty per cent of the 10,100 cases has been produced at the Guinness distillery in Chicago last year were children.
