Shoshone Sheriff Cleared of "Rum Rebellion" Charges

Northwestern Professor Advises Coed Smokers to Use Pipes

Idaho Women Protest 90 Day Divorce Bill In Boise

Australian Singer Dies.

SYDNEY, Australia.—The voice of the Australian nightingale, Dame Nellie Melba, has been still by death. After captivating music lovers for 40 years, the great Melba, concert and opera singer, at the age of 71, succumbed to a mysterious illness after a long illness. This illness was some unexplainable disease contracted during her Egyptian tour.

Muscle Shoals Fight On.

WASHINGTON.—For the second time during the long years of controversy congress has sent to the White House a bill providing for operation of the government's 150-million-dollar power and nitrate plant at Muscle Shoals, Alabama. This was substantially the same bill as was vetoed by Calvin Coolidge and a similar action by Hoover was feared.

Shoshone Sheriff Cleared.

SAN FRANCISCO.—R. E. Wenger, sheriff of Shoshone county, Idaho, and his deputy, Charles Bloom, have won their appeal from conviction for liquor conspiracy. The United States circuit court of appeals declared that merely because they weren't interested in the enforcement of prohibition laws was no reason for the conviction which took place in 1925 in connection with the "Mullan Rum Rebellion" in which 22 others were convicted.

Big Bill Wins Again.

CHICAGO.—After hearing the last raucous burst of a "circus campaign," republican Chicagoans went to the primary polls under guard of 70,000 policemen and picked William Hale Thompson, four times mayor, by a 50,000 plurality to run against the democratic nominee, Anton J. Cermak.

Clark Decision Reversed.

WASHINGTON.—The United States supreme court declared unanimously that the eighteenth amendment is valid in handing down a decision reversing a sensational verdict of Judge William Clark of New Jersey who had declared that the amendment was invalid because of the method of ratification.

Advices Pipes For Co-eds.

CHICAGO.—Speaking "only as a psychologist" Professor Samuel Stevens has advised Northwestern university women to abandon their "furtive" use of cigarettes, forbidden on the campus by university regulation, and to adopt the pipe, which is not forbidden.

Meyer Nomination Backed.

WASHINGTON.—The long-contested nomination of Eugene Meyer of New York to be governor of the federal reserve board has been confirmed by the senate in a vote of 72 to 11.

Protest Divorce Bill.

BOISE.—A delegation of women bearing indorsements of several city churches and petitions signed by women of the city will meet Governor Ross on the statehouse steps this afternoon to protest the 90 day divorce bill which comes up in the house for final passage, having already passed the senate.

Cat Is Meal Ticket.

SAN FRANCISCO.—A cat for a "ple-card" is one of the inventions caused by the present business depression. William Kane, 18, an accomplished hobo, has dined while crossing the continent by visiting back doors with a cat under his coat, asking for a handout, for "my partner and me." Kane poked the cat's head out of his coat in response to the query of "Where's your partner?" and food was always forthcoming.

Radio Typewriters.

NEW YORK.—Before a small group of radio and electrical engineers, Glenn W. Watson demonstrated a new machine which, among other things, typewrites by radio. By means of radio and electrical synchronization a message sent from one set can be received as a typewritten message on another set almost instantaneously. The machine, not affected by static, can be used for secret code and directed messages.

AG-SHYSTER TILT

INTEREST IS HIGH

With "Fat" Stephens and Art Matthews acting as timekeepers and the regular intramural referees as officials, the Ag-Lawyer basketball game will be a bright spot in today's athletic activities, promising to outshine the varsity-Washington tilt tonight.

The game is scheduled for 4 o'clock, in the Memorial gymnasium. Interest is running high and a large crowd is expected for this annual affair.

SIGMA XI DATES NOTED ENGINEER

Hydraulic Expert Will Address Scientific Honorary, Monday.

Dr. J. G. Woodburn, prominent hydraulic engineer of the northwest, will present an illustrated lecture on "Place of Research in Hydraulic Engineering" at the open meeting of Sigma Xi to be held in Science 110 at 8 p. m., Monday. Dr. Woodburn, who is at present connected with the Washington State college faculty, has thoroughly studied his subject in various parts of the world and will show slides taken from actual experiences in Europe, according to Professor L. C. Cady, secretary of Sigma Xi.

"Dr. Woodburn is very competent to handle this subject," says Mr. Cady. "We hope that the meeting will be attended by all interested persons." This is the first open meeting of the scientific honorary to be held this year.

EHRENBURG WRITES PHYSICS ARTICLE

Paper is Read Before Engineers and Metallurgists at New York Meeting

Exploring for oil and gas by means of electric currents sent through the earth is the subject of a paper by Mr. D. O. Ehrenburg, university mathematics instructor, and Mr. R. J. Watson of Colorado, which was read recently before the American Institute of Mining and Metallurgical Engineers in New York City.

The paper is an explanation by mathematical formulas of the new method of searching for oil. This method was developed by Mr. Ehrenburg and Mr. Watson several years ago, but they have just recently put their research work into print.

The use of electric currents in oil exploration originated in France in 1913, but the war temporarily checked its development. In 1927 several American oil companies began experimenting with electrical methods, and Mr. Ehrenburg became the field engineer with a California concern.

During his stay with this company, he conceived the idea of applying to electrical flow problems the heat flow formulas which he had originated while working on his master's thesis at the University of Colorado. Later, as a part time geophysics instructor at the University of Colorado, he completed his electrical research in collaboration with Mr. Watson, a geology instructor also of that school.

RELIGIOUS GROUP PURCHASES HOUSE

Buy Sigma Nu House for \$11,000 on First Mortgage Basis

The Sigma Nu house was purchased this week by Chi Alpha Pi, religious organization recently established on the Idaho campus, for the consideration of \$11,000, according to Prof. W. W. Smith, president of the Idaho Institute of Christian Education.

The indebtedness will be bonded by a first mortgage. It was decided at the meeting of the board of directors.

The men who plan to live in the house next fall are perfecting a tentative organization under the leadership of Charles Fifield, president.

HONORARY SENDS QUESTIONNAIRES

Prominent Women Questioned About Career and Occupation.

Questionnaires as to what the cultured woman of Idaho does with her time have been sent out by members of the Idaho chapter of Pi Lambda Theta, national educational honorary for women. Prominent women in Idaho towns and prominent women taken from Who's Who were subjects of the investigation.

Replies and in many cases personal letters and full reports came in response from such prominent women as Kathleen Norris and Lucy Young Gates, daughter of Brigham Young. Over 100 replies have been received, 43 being from Idaho women.

Two Years Ago.

Pi Lambda Theta started this investigation two years ago, sending out questionnaires to ministers, superintendents of schools, lawyers and bankers of Idaho towns as to the five women in each of their respective towns whom they considered contributed most to the cultural life of the community. The returned questionnaires were sent out to the women named in the replies.

Women selected from Who's Who were preferably college women and members of Pi Lambda Theta. The questionnaire covered the cultural life of these women quite completely. They were questioned regarding their careers and occupations. Special attention was paid to the question of whether or not they managed their own homes, cooking and doing their own housework. What books did they read? What music did they like? What were their avocations, clubs, college honors?

Statistics compiled from the replies received will be published soon.

VANDALS TO MEET HUSKY HOOPSTERS IN FINAL BATTLES

Washington, With Championship Cinched, is the Favorite Team

By Bill Pohlman

Idaho's Vandals, with ten days of hard practice behind them, are resting this afternoon, waiting for the opening gun at 7:30 tonight that will send them on the floor in an attempt to stem the invasion of Washington's mighty championship five.

The two games with the Huskies are the last conference games of the season for both clubs and each team plans to finish up in a blaze of glory. The battle tonight will be working to keep their slate as clean as possible and the Idahoans will give everything to annex at least one of these battles.

Huskies Cinch Title

Washington clinched the fourth successive northwest title for themselves when they grabbed a game from the Cougars Wednesday night. They opened the smoothest working combination in the league on the Vandal floor tonight. Swanson, at center, has been named on all coast fives for two years and combines great speed, shooting ability and passing to rank himself among the top-notchers. Fuller and Swygard form a pair of tall, deadly forwards and when they are "on" are almost unbeatable. Nelson, at forward, has been breaking into the line lately and has pulled two close battles out of the fire for his squad, with last minute tosses.

The powerful Huskies have made short work of every game except the two close ones they dropped to Oregon State and Washington State. They opened the season by trouncing Nebraska three straight games at Seattle and were undefeated through the non-conference battles.

Idaho has been improving steadily all season and with plenty of rest and practice behind them will be in the best of shape. The Vandals have been learning the new offensive formations for the "Huskies" benefit, and if they can check the Purple and Gold shooters, may grab a win.

"Rich" Fox will probably start Aukett against Swanson at the tipping off, while the rest of the starting lineup will be the same as in other battles. Barrett and Wicks at the forward berths while Harte and Drummond carrying the brunt of the attack from the guard jobs.

"TRAIN BRIDES, GROOMS" -- N.E.A.

Messenger Sends Report on Detroit National Educators' Convention

Dean Messenger, delegate to National Educational Association convention, Detroit, Michigan, sends word that he arrived in good shape and reports the meetings the best he has attended.

The convention of the department of superintendence of the National Education association, which is attended by about 15,000 superintendents and other executives, devoted its first day to discussion of a wide variety of school problems.

Responsibility for Schools

"We are waiting up," said Dr. William M. Calder, editor of the Educational Review, "to the absurdity of letting the first five years of a child's life twist kinks into his personality and then sending him to school for unmarried young women to try to straighten him out." The schools, he said, have a "safe alibi" to the charge that they are to blame for "our national preeminence in crime." "The responsibility of the school," he continued, is "to train prospective brides and bridegrooms for the problems of married life, homemaking and parenthood."

Radios for Schools

School buildings which do not provide radio facilities soon will be out of date, Joseph H. Macken, superintendent of schools of Clayton, Missouri, predicted in an address.

A resolution was also presented which would put the association on record as favoring "elimination of the 18th amendment."

Dean Messenger will be in his office Monday.

WOMEN'S RIFLE TEAM WINS ONE

Drop Matches To Illinois and Washington Teams

The women's rifle team of the University of Idaho scored one victory, but were losers in two other contests in the rifle matches fired during the week ending February 21.

Idaho won from the University of Illinois 485 to 480, but lost to the University of Washington 488 to 499, and University of Maine 984 to 977.

Five matches are scheduled during this week against Washington State college, Northwestern university, Carnegie Tech, University of Kansas, and University of Nevada. The scores for these matches have not yet been received.

An improved system of lighting has been recently installed on the gallery range and this, Lieut. John W. Sheehy says, should greatly increase the total score of the team.

Rifle Teams Have Arranged Tourney To Finish up Feud

Whether it would be advisable to invite the general public to the big event which will come off rain or shine next Wednesday at 7:30 p. m. in the basement of the Memorial gymnasium is a grave question of doubt. After comparing the scores turned in by the two teams, however, spectators will probably manage to live through the ordeal if they keep where they are told.

Captain H. L. Henkle, instructor of the men's rifle team, and Lieutenant John Sheehy, trainer of the women's rifle team, have signed articles of combat with small bore weapons between the members of their outfits.

General E. R. Chrisman will officiate and see that no general feuds are started. Targets will be the regular official bulls-eyes, the distance 50 feet, and the firing position prone.

SPOKANE ALUMNI MEET WITH DEAN AND GRID COACH

Over 60 Attend Session in Which Calland Outlines Athletic Policy

Editor's note: The Idaho alumni in Spokane have requested the following article be published in the Argonaut. It would be well if every student read the article, and then mailed a copy of this issue to an alumnus. A greater circulation of the Argonaut can only mean a greater Idaho. If the alumni are ready to give us a lift, let's do our share.

Editor, Argonaut, University of Idaho:

Dear Sir:

We hope that somewhere in your paper you will find the space to print a small item from the Spokane chapter of the alumni of the University of Idaho.

The Spokane chapter of the alumni of the University of Idaho were pleased to receive as visitors Wednesday, February 24, Dean Ivan C. Crawford, of the engineering college, and Leo Calland, head football coach. The meeting was held in the Coeur d'Alene hotel, and with but a few days notice more than 60 of the fellows turned out.

Dean Crawford told of the plans of the university, speaking briefly on what had been accomplished in the last few years, on what the university hoped to accomplish in the next few years, both educationally and as to the campus itself.

Mr. Calland outlined his athletic problems at the university and was well received by the alumni. Following dinner in the Dugout room, a majority went up stairs where a good old fashioned talkfest lasted until nearly midnight.

While the Spokane alumni have not been very active in recent months they are beginning to get together and hope before long to be able to show the university some results of their interest in it and the students.

We are sending this letter to you because at the present time the alumni have no medium of expression of their own. We are hoping that you will suffer them this opportunity for expressing their gratitude and confidence in both Dean Crawford, as Idaho's faculty representative in the Pacific Coast conference, and in Leo Calland as Idaho's football coach.

Yours truly,
LEO W. FLEMING,
Secy., Spokane Alumni Chapter.

DEBATERS CLASH ON MONDAY NIGHT

Five groups are left in the running for the intramural debate cup that is being given by Delta Sigma Rho, national forensic honorary. Monday night will see four of the five groups debating for places in the semi-finals of the tournament.

Three groups will be left for the semi-final round. One will draw a bye. It is expected that the winner of the co-ed round will challenge the winner of the men's competition as was done last year.

Walter Slaughter, intramural debate manager, announced this morning that the subject would be changed for the finals of the men's round. This year's intramural debate schedule has been sponsored by Delta Sigma Rho.

The schedule for Monday night: Affirmative Negative
Phi Deltas Tekes
Lindley Delta Chi
Kappa Sigma drew a bye.

ENGINEERS TO MEET

Mr. H. L. Vincent, representative of the General Electric company, will be the guest speaker at the next semi-monthly meeting of the A.I.E.E. to be held next Tuesday, at the Blue Buckle.

He will speak on motor characteristics, a subject of interest to student engineers. Those desiring to attend should sign the sheet in the engineering building.

BILL FOR LIBRARY GOES TO SENATE FOR FINAL BALLOT

Measure Already Approved By Big Majority in The House

Tomorrow the appropriation bill carrying provisions for a \$225,000 bond issue for the construction of the first unit of a library building on the main campus of the University of Idaho will probably be presented to the Idaho state senate.

The bill has already received the approval of the house of representatives by a vote of 47 to 19, with four members absent. The measure was passed without a great deal of opposition. Several short speeches were made on behalf of the bill while a fewer number opposed to it were made.

Favors Bond Issue

Immediately after the vote, Representative Taylor, Kootenai, gave notice he might ask for reconsideration of the measure, but no such action had been taken last night. His notice was taken by friends of the measure as an act aimed at blocking any efforts to forestall passage of the bill. He spoke in favor of the bond issue.

Reports coming from Boise give little information in regard to the attitude of the senate on the bond issue. At the present time, however, it is felt that the body will in general favor the measure. Action is not expected until the first part of the coming week.

Need is Recognized

The passage of the bill by the house of representatives puts the matter in the same position as was the case two years ago when it was approved by the house. On that occasion, however, the senate failed to approve of the plan. This year more optimism is felt because of the so strongly recognized need of the new building.

WORK ADVANCING ON BLUE BUCKET

Questionnaire and "Famous Men" To Be Feature of This Number

"Rin-Tin-Tin and Baby Peggy" was one co-ed's answer to "Who is your favorite actor; actress?" in the Blue Bucket questionnaire, said Ralph Hagan, editor, when reporting on the features of the Squirrelly number. Paul Boyd compiled the statistics of the questionnaire. Official figures will be released in the March 15 issue of the Bucket, Idaho comic publication.

"We'll have two pages of southern campus humor if they ever send us the copy," declared Hagan. "Famous Men" will be the third feature of the March number. The famous men will be local campus celebrities.

Cartoons and sketches have been titled, and sent to Spokane engravers. The zinc plates will be back in a week.

Jimmy Mitchell, business manager, has ordered approximately 1,300 of the next number to be printed. About 1,100 will be sold at Moscow and Pocatello. The other two hundred copies will be sent out to exchanges and advertisers for checking copies.

ACTIVITY BLANKS ARE DISTRIBUTED

Activity blanks for securing information for the Gem of the Mountains were distributed the first of the week to representatives in each group house and hall. So far but few students living in town have filled out the blanks and the staff urges that they do so at once.

The mimeographed forms may be secured at the Gem of the Mountains office in the Memorial gymnasium, or from Lillie Gallagher at Alpha Chi Omega house. These blanks should all be returned by Monday, March 2. It is pointed out by the staff that unless the forms are filled out by every junior and senior, the Gem will not be a true and impartial picture of student life as a whole at Idaho. A complete record of every individual increases the value of the year-book to all the students.

Copy for the campus honoraries and professional organizations is coming in very slowly, according to the organization editor. He asks that the officers of the groups make a special effort to see that their material is written up and turned in to the Gem staff before next Monday.

PLANS FORMULATED FOR ANNUAL DANCE

Tickets Are on Sale in Campus Group Houses

That Rosie Lane's orchestra will furnish the music, and that the decorations will be "springy" and won't be made out of crepe paper, is the only information released by Senior Ball committees.

The annual dance will be held March 6, in the Elk's temple. Tickets are now on sale for seniors at the hall and group houses, and will be available to juniors next Tuesday. The attendance, according to Oscar Brown, general chairman, will be limited to 150 couples.

INDOOR TRACK MEETS SLATED

Varsity and Freshmen will Compete in Pullman

Otto K. Anderson, track coach at the University of Idaho, is taking advantage of every minute of fair weather in the next two weeks to get the Vandal varsity and freshman track men in condition for a series of indoor meets with the Washington State cinder path crew in the Cougar fieldhouse at Pullman.

The first meet will be with the W.S.C. varsity, Saturday, March 7, and then the freshman and varsity teams will alternate each Saturday until four meets have been run. Each of these meets will be very informal. No scores will be published and the athletes will not run the regular distances for outdoor meets. The purpose is not competitive but an opportunity for the two coaches to line up their material and see what their men will do against outside opposition.

EXHIBIT FLOWERS IN LIBRARY SOON

Will Show Plates of Moscow Flowers and Book Exhibit

Plates from "Wolcott's" Wild Flowers of America," presented through courtesy of the Smithsonian Institution, will be exhibited during the next few weeks in the library. As handling would damage them, they will be hung in frames near the entrance. Four plates will be shown at a time and the selection will be changed daily.

The spring flowers which are found around Moscow will be shown first. Each plate will be labeled with information concerning the name of the flower, the section of the country it grows in, and the season it appears.

Later in the spring it is hoped to have a Sunday afternoon exhibit of the many attractive books which have been collected for the library. A number of these are interesting because of their age, others because of their unusual bindings or subject matter, and some because of their fine illustrations.

The new books of travel, history, fiction, biography, and drama, recently purchased for the library are now being catalogued. As soon as the work is finished they will be placed on a truck in front of the counter in order to be available to the students.

IDAHO DEBATERS DEFEAT OREGON

Varsity Team Takes Victory From Coast Squad

The decision was won by the Idaho varsity debate squad Wednesday night, in a debate with the University of Oregon. The question was, "Resolved: That the further expansion of the chain store is detrimental to the best interests of the American people."

The debate was held at Troy, where James K. Allen, Idaho graduate and superintendent of schools was critic judge.

An unusual feature of the debate was that the affirmative, upheld by the squad from the University of Oregon, admitted all the arguments of the negative, but proposed a plan to take the place of the chain store. Their proposal was that the independent stores co-operate in buying.

Several persons from Moscow attended the debate, which was held in the high school at Troy.

William Wetherell and Howard Wiseman, sophomores in the university, formed the negative team.

IDAHO DEBATES PACIFIC U. NEXT

Will Discuss Chain Stores Here March 6.

The men's varsity debaters will meet Pacific university here March 6 when the team from Forest Grove, Oregon, comes to Moscow to argue the question of the chain stores. The women's team will go to Spokane the 11, and will meet the University of Oregon here on March 15. The women will discuss the influence of Mahatma Gandhi upon India.

Three women's teams are left in the intramural debates and five men's teams. Kappa Alpha Theta will meet Alpha Chi in the semi-finals, probably next Monday, according to Charles Herndon, manager. Delta Gamma drew a bye for the semi-finals and will debate the winner in the finals. The Phi Deltas, Delta Chi's, Kappa Sig's, Lindley hall and the Tekes are left in the men's groups.

Questions for both men's and women's finals will probably be different from those used so far, according to the manager.

AGS HOLD BANQUET

"No other single group of men will have more to do with the future of Idaho than the graduates of the college of agriculture," President M. G. Neale told the students and faculty at the annual Ag banquet held Wednesday evening at the Blue Buckle inn. During the banquet several musical numbers were given.

LIONEL CAMPBELL CHOSEN CHAIRMAN FOR JUNIOR WEEK

Other Junior Week Appointments are Made by Warren McDaniel

Junior week committee appointments were made last night by Warren McDaniel, junior class president. Lionel Campbell will be general chairman.

William Ennis is chairman of the Prom. John Middleton, John Torgerson, Bernard Lemp, Joseph Cremans, and Robert Bally form the decorations committee. Robert Nixon and Don Equalls are the hall and music committee.

The program committee will be Florence Rohrer and Flora Corkery; entertainment, George Jullion and Malcolm Renfrew; refreshments, Charlotte Ginn and Ruth Crowe. Linn Jorgwill lead the patron committee.

Phil Cornell will be chairman of the cabaret committee, which consists of Ardith Mellinger, Melvin Stewart, Elizabeth Bell, Katherine Mikkelsen, Ambrose Adams, Jay Kendrick, Parker Wickwire and Paul Aust.

Assembly chairman will be Walter Gillespie, aided by George Gray, Lois Thompson, Paris Martin, Howard Ballif and Ralph Olmsstead.

Earl Stansell has been appointed chairman of the finance committee, made up of Don Sperry, Melvin Coonrod, and Jack Nunemaker. Paul E. Jones is publicity chairman, with Louis Smith, Elizabeth Taylor and Lucile Womack as aids.

The parade chairman will be Peter Pence, Jack Frost and Kenneth Jensen, complete the committee.

LITERATURE CLUB LISTS NEW BOOKS

English Organization Invites Students to Read Latest Novels

Several new volumes were received by the English club this week for its bookshelf.

The books, covering a wide field of interest, include the following: "N by E" by Rockwell Kent, a narrative telling of shipwreck and subsequent adventures off the coast of Greenland; "Two Thieves" by Manuel Komroff, the story of two famous rogues of history whose lives are filled with daring trickery and adventure.

Joseph Hergeshelmer's "The Limestone Tree," a novel carrying a family from the poverty of pioneer days to the wealth of a Kentucky estate; "The House of Darkness" by C. E. Scroggins, concerning five Americans trapped in the Maya jungle; Arthur Stringers latest romance of the north; "A Lady Quite Lost," and "Over the Hills" by Jeffery Farnol, a tale of old England.

Other Books.

Among other new books which are due to arrive within a few days are the following: "Grand Hotel" by Viki Baum, the "All Quiet" of 1931; "Coronado's Children" by Frank Dobie, concerning buried treasure in the southwest; and Janet Fairbank's "The Lion's Den," a novel depicting political life in Washington, D. C.

The bookshelf is open the sixth and seventh periods every noon, the third period on Wednesday, and the fourth period on Friday. A rental charge of 10 cents for three days' use of a book and 25 cents for a week is made.

COLEMAN SPEAKS OF NEW CHINESE

President Norman Coleman of Reed college told the Wednesday assembly that "A white man who enters the Orient only causes discontent and irritation. The native calls him barbaric and uncivilized, although he goes there to spread our civilization and advancement."

President Coleman said that the occidental irritates the native Oriental, but at the same time the Oriental annoys the other, because of seeming slowness and inefficiency. The causes of this irritation he explains, are our exceeding superconfidence in scientific methods, and the fact that the oriental is perplexing and surprising to us.

UNIVERSITY GIVEN ELECTRIC MACHINES

Electrical Laboratory Augmented by Power Company Gift

Ten direct current motors were given to the electrical engineering laboratory of the college of engineering last week by the Washington Water Power company through Mr. L. A. Lewis, the assistant general manager of the concern. These motors range in size from three to seven and one-half horse power. They make five paired units of ideal size for experimental work.

Due to a change from direct current to alternating current in the downtown district of Spokane, many valuable motors had to be taken out of use. These motors represent the best of the lot.

In view of the increasing enrollment in the electrical engineering school, this addition to the present equipment is valued. These machines represent a contribution of over \$1000 to the university.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho. Member of Pacific Interscholastic Press Association.

Outgrown Traditions

How long must a tradition live after it has passed its period of usefulness, or has been outgrown?

Traditions of every sort have come and gone at Oregon. Some few have lasted for a great many years—many are of recent origin. But it has always been easier to start a new tradition than to get rid of an old one that has long ceased to fill any campus need.

A news story in the Emerald Thursday pointed to the wearing of the frosh lids as one of the oldest of Oregon traditions. It recalled the assuming by the sophomore class of 1910 of the responsibility of enforcing this custom. But the sophomore class has long given up the task of keeping a green cap on the head of every freshman. With the betrayal of the tradition by the second-year men, the frosh lid has not aroused any wholehearted support by the students in its behalf.

But it is time to appreciate that the University is growing. There is no place in present campus traditions for customs that fill no definite need, and receive no popular support. Hazing was at one time as much of a tradition as the wearing of the green lid, but it was placed in the discard when its usefulness and value were spent. Other traditions have gone the same way. The green lid tradition has had to fight for its right to live with each new year since its original purpose vanished. This year the attempts to enforce it have been spasmodic and unsuccessful.

Unless freshmen rally to the custom, believe in it themselves and with all sincerity, it is surely time that the 28-year tradition be placed in the graveyard with the frosh parade.

The "traditions" situation at Oregon is so similar to our own that much comment on the above editorial would be superfluous. Like Oregon, Idaho is growing, yet it is harboring many traditions which have passed their period of usefulness and which certainly do not receive popular support. The wearing of "dinks" by freshmen six months out of nine is the least of these outgrown customs.

Students who will every time the "I" men meet on the Ad building steps should help relieve them of a job they do not want by letting the Executive Board know that they are fed up on dictated styles.

The Argonaut, like The Emerald, wants to know how long a tradition must live after it has passed its period of usefulness or been outgrown?

THIRTY BASEBALL CANDIDATES OUT

Idaho's varsity baseball squad reported to "Rich" Fox last Saturday and staged the opening indoor workout on Monday with the chackers coming in for lots of attention.

The squad was twenty strong the first day but has increased to more than thirty during the week and with the maple court season over this week Fox will begin to watch his diamond artists closely. The men will toss the ball around inside for several weeks in order to remove the kinks, but will work outdoors as soon as the diamond is dry enough.

FRESHMEN WOMEN IN FIRST PLACE

The freshman first team leads in the women's inter-class basketball tournament to date, having won two games and lost none.

In the second teams, freshman A is leading. The senior first and sophomore second teams hold cellar positions. The teams and their next week a free throw tournament for women will be held in the women's gymnasium. Practices will be on Monday and Tuesday; Wednesday and Thursday scores will be taken.

Miss Mable Locke, instructor of physical education, announces that any girl who is interested may enter.

Bulletin Board

ASSISTANT MANAGERS needed for sophomore. Eight Frosh and two sophomores. Report to Kenneth Egbert—Beta Chi.

MEMBERS OF THE "I" club will meet at the Fiji house Sunday morning at 11 o'clock.

TOWN GIRLS CAN get tickets for the Spinsters skip from Mildred Axtell.

DALETH TETH GIMEL will hold a luncheon Tuesday, from 12 to 1 o'clock, in the women's gymnasium. Dorothy Dewey, president.

CHI ALPHA PI will meet at the parlors of the Methodist church Sunday afternoon at 3 o'clock. All men interested in living in the group house next fall are urged to come.

STUDENT RECITAL FEATURES VARIED

A public student recital will be held Sunday afternoon, March 1, at 4:00 o'clock in the University auditorium.

The program will consist of piano, violin, and vocal solos. Students: Miss Isabel Clark, Miss Marie Bohne, Mr. Walter Mueller, Mr. Carl Claus, and Mr. Carleton Cummings are to take part.

IDAHO GRAPPLERS WILL MEET W.S.C.

The Vandal grapplers are ready and waiting to invade the lair of the W. S. C. cougars tomorrow afternoon. All the men are in good condition and ready for the meet, according to Daniel Lopez, student coach.

Elimination matches were held early in the week and the outstanding men battled their way to a position on the varsity, which will meet the W. S. C. wrestlers.

Lopez to Wrestle. Daniel Lopez will represent the Vandals in the heavyweight division. Lopez wrestled at the Southern Branch before coming here and last year won the Northwest conference championship in the minor sports carnival at Pullman.

Amos Stephens, another Southern Branch man, will battle for Idaho in the 175-pound class.

The 165-pound division is still undecided between Assendrup, Lundstrum and Atkinson.

The probable card for Saturday's meet follows:

W. S. C.	Weight	IDAHO
Gordianer	125	Laskey
Case	135	Pechanec
Dohoney	145	Flynn
Menzel	155	Isenberg
Undecided	165	Undecided
Ellingsen	175	Stephens
Bishop	Heavy	Lopez

IDAHO MERMEN TO MEET W.S.C.

The first swimming meet of the year is to be scheduled with W. S. C. for shortly after the first of March. The Idaho paddlers have been working out since the end of the intramural season and with four veterans back from last year's squad, it seems likely that a well-earned "ear" will take to the water. Men back from last year are Hale, Grimm, Smith, and Osterlander, and with these men as a nucleus, the rest of the team will be composed of the best of the intramural timber.

MUSIC HONORARY NAMES PLEDGES

Idaho chapter of Sigma Alpha Iota, national women's music honorary, announced the following pledges at a fireside given for all the women in the school of music at the Alpha Phi house Wednesday evening: Annie Snow, Patricia Kennard, May Bell Donaldson, Harriet Bacon, and Bernice Smith.

The announcement of pledges came at the end of the program.

IDDINGS TALKS ON WEST INDIES

"American Interests in the Caribbean Region", is the subject of a talk to be given by Dean E. J. Iddings, at the weekly service of the Latter Day Saints, at 7 p. m. Sunday, in the cathedral chapel.

According to those in charge, Dean Iddings made a special study of that region during his stay there during October and November of last year.

The program will also include musical numbers by university students.

The "POP" cereal!

AND no wonder! Kellogg's Rice Krispies actually snap and pop in milk or cream. That's how crisp these crunchy rice bubbles are.

And what a tempting flavor! Toasted rice grains. Packed with taste! Great for any meal.

Ask for Rice Krispies at your fraternity house or campus restaurant. Enjoy with milk or cream. Delicious served with canned peaches.

Try them as a quick lunch suggestion or for a late snack. Nourishing and extra easy to digest. Kellogg's Rice Krispies are the only cereal so crisp it crackles in cream.

The most popular cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include ALL-BRAN, PEP Bran Flakes, Corn Flakes, Wheat Krumbles, and Kellogg's WHOLE WHEAT Biscuit. Also Kaffee Hag Coffee—the coffee that lets you sleep.

Kellogg's RICE KRISPIES

You'll enjoy Kellogg's Slumber Music, broadcast over WJZ and associated stations of the N. B. C. every Sunday evening at 10:30 P. M. Also KFI Los Angeles, KOMO Seattle at 10:00, and KOA Denver at 10:30.

"On The Campus"

Society

THE annual Spinster Skip, sponsored by Mortar Board, will hold full sway Saturday afternoon. A capacity crowd is expected. The Skip is the one unusual dance of the year in that tables are turned and the women are given the opportunity of performing the man's part in making all arrangements for the afternoon. It will be held at the Blue Bucket Inn from 2 until 5.

The Bench and Bar formal dance on Saturday night will be given at the Delta Chi house. This also is an annual social event anticipated by members of the law school.

Pins Are Decorative Motif.

Several houses having initiation dances this week-end are using their pins as the motif for decoration. Alpha Chi Omega will honor its new members Friday evening with an informal dance to be held at the L. D. S. institute. A large sorority pin and a scroll bearing the names of the initiates will be featured by flood lights. Saturday evening, Lambda Chi Alpha is also giving an initiation dance at the L. D. S. institute. This, too, will be informal and the pin again will be used in the decorative scheme. Kappa Sigma's informal dance given for the new members will be held at the chapter house. A lighted pin and large crest will be featured with the flood lights furnishing the lighting for the hall.

T. K. E. Will Give Joint Dance. Friday evening, Tau Kappa Epsilon will entertain the Alpha Gamma chapter of Tau Kappa Epsilon at Washington State college with their informal dance, which will also honor the initiates. Forney hall is giving an informal spring dance this week-end.

The music department student recital will be given in the university auditorium Sunday afternoon. These recitals are always enjoyed by the crowd attending.

BETA THETA PI ENTERTAINS HOUSEMOTHERS

Beta Theta Pi, assisted by Mrs. Lenore Scott, entertained the housemothers of the campus at the chapter house Wednesday evening. Following dinner and a short program of music, they played bridge until 10 o'clock. First prize was won by Mrs. Gertrude Pecar, and consolation went to Mrs. C. H. Benham. Those present included Dean Permeal French, Miss Lena Shoup, Mrs. Evelyn R. Clark, Mrs. Marian R. Curtis, Mrs. Elizabeth Bryant, Mrs. R. C. Tunstall, Mrs. Elizabeth Givens, Mrs. W. J. McKenna, Mrs. Harry J. Smith, Mrs. C. H. Benham, Mrs. Gertrude Pecar, and Mrs. Scott.

T. K. E.'S ARE GUESTS AT WHITMAN

Tau Kappa Epsilon at Whitman college, Walla Walla, was host chapter to a number of members of the Idaho chapter of Tau Kappa Epsilon on Saturday, February 21. The guests with Mr. and Mrs. A. R. Matthews accompanying them drove to Walla Walla Saturday, returning the following day. The event attended Saturday night was a formal dinner dance held at their chapter house. Those who attended were: Lillie Gallagher, Virginia Evans, Edna Scott, Marian Waters, Mary Simonton, Frank Davison, John Sandmeyer, Owen Buchanan, Allan Ramstedt, and Walter Slaughter.

ALPHA CHI GIVES INITIATION BANQUET

Alpha Chi Omega entertained last night in honor of its new initiates at a formal banquet held at the chapter house. Red carnations and smilax, flowers of the sorority, were a colorful adornment for the table. Besides the new initiates and members, the following guests were present: Miss Ellen Reiersen, Dorothy Fredrickson, Myrtle Rach, Betty Driscoll, Mrs. Mary Green, and Mrs. Ione Mickey.

The chapter announces the initiation of Pauline Newhouse, Boise; Frances Wheeler, Boise; Virginia Montgomery, Mountain Home; Marlan Leachman, Boise; Florence Hanson, Malad; Beulah Wright, Rupert, and Helen Kearns, Spokane.

KAPPA SIGMA HONORS INITIATES

A banquet was given at the Kappa Sigma chapter house Sunday afternoon in honor of new members. Guests of honor were: General E. R. Chrismann, Mr. T. E. Hunter of Boise, Maitland Hubbard of Spokane, and Mr. Chester Kerr.

The fraternity announces the initiation of Rollin Hunter, Moscow; Lloyd Riutcel, Anaheim, Calif.; Charles Brown, Glendale, Calif.; Robert Blair, Spokane; Lowell Applegate, Wetsler; Lloyd Sullivan, Twin Falls; Albert Langdon, Lewiston; Frederick Quist, Kooskia; and Henry Lacy, Buhl.

KAPPA GAMMA GIVES FOUNDER'S DAY BANQUET

Thursday evening Kappa Gamma celebrated Founder's day with a formal banquet. Spring flowers and foliage decorated the banquet table. Places were marked for about thirty members of the sorority. The affair was held at the chapter house.

Beta Kappa chapter of Kappa Gamma was installed on

the Idaho campus on February 26, 1931.

Alumni members included in the guest list were: Dr. Ella Woods, Miss Ada Burke, Mrs. Tess Keane Hickman, Mrs. George Morey Miller, Mrs. Pendleton Howard, Mrs. Vaughn Prater Latig, Mrs. C. L. Von Ende, Mrs. Hester Brenn, Mrs. Nita Bailey, and Miss Peggy Westover.

DELTA CHI CELEBRATES WASHINGTON'S BIRTHDAY

Delta Chi took advantage of the holiday on Washington's birthday and gave an impromptu dancing party at their chapter house, on Monday afternoon. Mrs. F. G. Miller acted as patroness.

Guests invited were: Amelia Beth Wood, Lucinda Parker, Valarae Hanen, Lorraine Hatch, Dorothy Williams, Eleanor Meriam, Kathleen Miller, Pauline Paterka, Ethel Anderson, Ruth Ragan, Zelma McInning, Mary Lucille Kerr, Elizabeth Simpson, Helen Powers, Frankie Johnston, Jane La Rue, Larene Richards, Claudia Jones, Laura Olsson, and Beatrice Friedman.

Beta Theta Pi announces the initiation of Thomas Bernard Ananda, Mont.; Luther Carl Delbert Shaw, Bentley Galligan, Caldwell; Robert Clay, Klamath Falls, Ore.; Max Hollingsworth, Colfax, Wash.; John Miller, Julian Newman, Twin Falls; Mez McMurray, Oakley; Carl Straight, Halley; Joseph Peterson, Boise; and Norman Sinclair, Rupert.

Lambda Chi Alpha announces the initiation of Professor W. Wayne Smith and Ronald Smith, Moscow; William Gnaedinger, Wray Featherstone, and Irving Fairweather, Wallace; Ross Bennett, Palouse; Clifford Berkley, Weiser; Donald Griffith, Burley; Carl Jones, Boise; and George Schneider, Pendleton, Oregon.

Delta Gamma entertained the following faculty members at dinner Wednesday evening: Dr. and Mrs. Erwin Graue, Dr. and Mrs. J. A. Kostalek, Mr. and Mrs. J. E. Retherford, Dr. and Mrs. George Morey Miller, Mr. and Mrs. A. R. Matthews, and Mr. Fred C. Blanchard.

The Cinemaniac Looks at the Pictures

Tonight, will be seen for the last time, the great George Bancroft, in one of his most exciting pictures. This picture, "Derelict," is the story of a disillusioned man, embittered with life, who overpowers his captain in a moment of stress, to rush to the aid of a helpless ship whose S.O.S. has been disregarded. In this virile romance, Bancroft and his bitterest enemy fight for the command of the ship and the love of a woman. It is a true Bancroft story and allows him to portray the type of character in which he excels. "Girls Demand Excitement" is a very fitting name for the picture to be shown at the Kenworthy, Saturday night, and they find it, too. What would be more thrilling than a co-ed basketball game, girls versus the boys. The boy of the story, John Wayne, had to lose in order to win the girl, Marguerite Churchill. He lost and yet he won. The show is colorful and youthful and just the type of entertainment

DEBATED IDAHO

Arthur Rotwin of Albany and Robert T. Miller of Pendleton, constitute the University of Oregon debating team which competed here with Idaho Wednesday night.

suitable for a Saturday night. Joan Crawford will star in the picture to be shown Sunday and Monday at the Kenworthy. Our heroine of America's dancing daughters and blushing brides will demonstrate her vivacious and scintillating personality in "Paid." This picture is the melodramatic story of a girl who fought the law with love! The man, Kent Douglas, used the law to humble her and she in turn used the power of the law and all her charms to bring him to submission.

MEN WILL RATE AT UNIQUE HOP

Downtrodden males at the University of Idaho will come into their own Saturday at the Spinster's Skip, annual matinee dance for which the women pay and pay and pay.

Only once during the college year are the tables thus turned in favor of the men. Instead of the men getting dates, arranging their program and paying for refreshments, the women assume all so-

GEOLOGY HEAD HERE REGARDING NEW MAP

Dr. George W. Stose, chief editor of the geological maps for the United States Geological Survey, was a guest of the school of mines last Friday. Dr. Stose came to the university for a conference with John W. Finch, dean of the school of mines, and Dr. F. B. Laney, head of the geology department, as regards to a revised map of the United States that the United States Geological Survey is preparing for publication.

DANCE AT THE BUCKET SATURDAY

FOUR TEAMS FIGHT FOR 'MURAL' TITLE ON MAPLE COURT

A.T.O.'s, Coaches, Fijis and Sigma Nu's are Undeclared

Intramural Basketball Standings.

A League		B League	
W. L.	W. L.	W. L.	W. L.
A. T. O. 3	0	Fiji 4	0
Beta Chi 2	1	Sigma Nu 3	0
Lindley 2	1	Independents 2	1
Phi Delt 2	1	S. A. E. 2	1
Ridenbaugh 1	2	Delta Chi 2	1
Beta 1	2	Kappa Sigma 1	2
Sigma Chi 1	3	Lambda Chi 1	3
L. D. S. 0	4	T. K. E. 0	4
		T. M. A. 0	3

By DYNES LAWSON
To the tune of 34 to 31 the Beta Chi's beat the Phi Delt's Wednesday night in the fourth round of the intramural basketball round-robin series. The second game of the evening was featured by the Fijis romping over the Town Men 34 to 14. No games were scheduled for last night.

Tuesday the Sigma Nu's piled up 18 points to defeat the Tekes who managed to score only one field goal and five foul shots, totaling 7 counters. The A. T. O.'s strengthened their position as first in A league when they downed the men from L. D. S. 32 to 14. Hunt, A. T. O., was high point man with 11 scores.

Evans and Janssen with 10 and Burke with 9 led the Beta Chi's scoring column, while O'Brien with 8 and Cannon with 10 scored high for the Phi Delt's. Lee with 8 and Smith with 11 led the Fiji landslide over T. M. A. Schaller sank half of the T. M. A. baskets.

A. T. O.'s Fijis, Lead.
The A. T. O.'s hold first place in A league with three wins and no losses, followed closely by the Coaches who have won two games and suffered no losses. In B league the Fijis with four wins and the Sigma Nu's with three, vie for the top position. The Independents and S. A. E.'s still have games with the lead holders. They each have won 2 and lost one game.

In A league the cellar is left solely to L. D. S. with all four of their games lost. The T. K. E.'s and T. M. A.'s are contesting for the position in B league with three and four losses.

Next Saturday afternoon at 2:30 the S. A. E. and Delta Chi maple floor men will get together in what ought to prove an interesting game. Each team has two wins and one loss.

Games For Saturday and Next Week.

- Saturday, February 28
 - 1:30 Ridenbaugh vs Lindley.
 - 2:30 S. A. E. vs. Delta Chi.
- Monday
 - 7:30 Beta Theta Pi vs. L. D. S.
 - 8:30 Kappa Sigma vs. T. K. E.
- Tuesday
 - 7:30 Coaches vs. Phi Delt's.
- Wednesday
 - 7:30 A. T. O. vs. Beta Chi.
 - 8:30 Sigma Nu vs. T. M. A.
- Thursday
 - 7:30 Sigma Chi vs. L. D. S.
 - 8:30 Lambda Chi vs. T. K. E.
- Saturday
 - 1:30 Ridenbaugh vs. Phi Delt's.
 - 2:30 S. A. E. vs. Fijis.

IDAHO FRESHMEN DEFEAT BENGALS

Coach Jacoby's freshmen cagers defeated the Lewiston high school Bengals, 34 to 24, in a fast game played in the Lewiston high school gym Wednesday night. The Lewiston team, coached by Syb Kleffner, former Idaho student, put up a surprising last half rally but could not overcome the margin which the Idaho yearlings held.

The first period was close, each team scoring point for point. In the second period the frosh, led by the lanky center, Grenier, and Carlson, forward, pulled away from the Bengals and held a 24 to 9 lead at the half. Coach Jacoby started the second team at the beginning of the last half and the play was much closer. The tall centers from the university proved to be the down fall of the high school team, many points being scored from the tipoff.

Friday night the frosh tangle with Lewis and Clark high school, champions of Spokane, and with North Central Saturday night. Both games will be played after the Idaho-Washington games.

VARSITY GOLF STRIKES SNAG

According to Leo Galland, director of athletics, a golf team will not represent the University of Idaho this spring as a minor sport, but instead he advanced another plan whereby matches might be arranged. The only thorn in the golfing side was the fact that the same eligibility rules would apply to golf as a minor sport as to major sports. Galland added, however, that it might be possible to organize a team next year, because of the interest shown in last year's intramural tournament and the interest that has been shown already this year.

The plan that Galland offered was that the intramural tourney should be held and from the contestants the first eight or ten low men in the play-off a team be selected. They could arrange matches with outside teams including one or two with the low men in the W. S. C. intramural tournament.

LOCALS TAKE RIFLE SCALPS

During the past month Idaho riflemen have been busy firing an intercollegiate match each week, stages of the Ninth Corp Area match, and the national R.O.T.C. rifle match sponsored by William Randolph Hearst.

Since the beginning of the year, the team which consists of mostly new men has improved in accuracy and has been turning in more won than lost matches. Two between Idaho, University of Vermont, and Western Maryland colleges were won by the local team. A contest with Stanford went to the California school.

Appointment of Roscoe E. Bell as assistant professor in agronomy and soil technology has been announced by E. J. Iddings, dean of the college of agriculture. Professor Bell has completed both bachelor of science and master of science degrees at the Washington State college where he is now engaged in research and teaching activities. He has lived in southern Idaho, which, with his training in the Palouse district, gives him an exceptionally good background for soils work in Idaho. He will assume his position in the spring.

BELL GIVEN PLACE AS AG PROFESSOR

Mrs. Elizabeth H. Shaw, house-mother at the Kappa Kappa Gamma house, who has been absent from the campus because of illness, returned yesterday. During her absence, Mrs. R. C. Tunstall has been acting as housemother.

Dr. J. W. Finch, dean of the school of mines, and A. W. Fahrenwald are expected home today or Saturday. They have been attending geological conventions at New York and Chicago. Dean Finch has also been gathering material for a book which he is writing.
