

TOURNEY TEAMS SET TO GO

Boise and Twin Here Early For State Honors

Stage Is All Set as First of Squads Arrive On Scene to Battle for Title

Arrival of Twin Falls and Boise boys yesterday started into motion the Idaho basketball tournament to be held here Friday and Saturday of this week. Boise showed strength against a mixed varsity squad of the University of Idaho with offensive plays. An outstanding weakness predominated their defense.

See Campus

Twin Falls, the visitors from another section of southern Idaho did not arrive in time to have a workout on the Memorial Gymnasium floor, but spent their time in looking over the campus sights and scenes.

Unusual strength is predicted by sport critics, as felt from Moreland, Coeur d'Alene, and Moscow. The two teams arriving yesterday will need all the necessary practice to be obtained in order to put them in running with the other teams.

An unusual fine display of basketball should be shown on the floor at the University of Idaho this year. There is a team that has tall aggressive members upon its squad. This is Lewiston, possessing artists that are sure fire on shots. The Boise high school squad shows precision and mastery in floor-work.

As yet the drawing has not taken place. Tomorrow will be the zero hour, determining the fate of the squads congregated here, to determine their fate in basketball.

POSTPONE ISSUE OF BLUE BUCKET

"Squirrely Number" Will Be On Sale Tomorrow Afternoon

Due to an unforeseen delay the Idaho Blue Bucket did not go on sale this noon hour. The printers have set the date ahead until tomorrow noon.

Some special work was required on the "make-up" of the forms and the "Squirrely" number was not run off the presses on schedule. Enough copies will be printed tonight to take care of the campus demand tomorrow. The southern branch at Pocatello will have the third issue of the Bucket on sale Tuesday, Ralph Hagen, bucketeer-in-chief, said.

Lowest in Price.

The lowest priced college comic in America has numerous features that mark it as one of the foremost collegiate humor publications, critics say. The co-ed questionnaire, compiled by Paul Boyd, has been edited by the staff and interpretative editorial comment has been inserted.

The 28 pages of wit and collegiate punning carry much national advertising. Recently an increase of "campaign" advertising was noticed by the Bucket's business staff. On investigation it was found that the national advertising agencies were approving the Bucket as a public-reaching medium due to its 20 per cent increase in circulation; the revamped editorial policy, and the type of sophisticated public it reached.

REGENTS MEET AT U. FRIDAY

To Budget Appropriations For the Coming College Year.

With the exception of Asher B. Wilson, Twin Falls, who is now in Georgia, all members of the board of regents of the University of Idaho will be present for their first spring meeting tomorrow, according to President M. G. Neale.

W. D. Vincent, state commissioner of education, and Dean John R. Dyer of the southern branch are expected to be in Moscow for the meeting, Dr. Neale said.

The regents will take up the matter of allocating funds appropriated by the state legislature. Other routine business of the university is on the program.

This meeting will be the first of a series to be held this spring, Dr. Neale said.

MAINS WILL TALK

Supervisor Guy B. Mains from the Boise forest will address the Associated Foresters at 9 o'clock Monday. He will speak on "How the White Pine Came to Idaho." Forestry classes will be dismissed at that time to permit all foresters to attend.

WELCOMES YOU

On behalf of the University faculty I wish to welcome the members of the district basketball championship teams to Moscow.

We congratulate the members of the various teams assembled here on the skill and energy which has made it possible for you to become contestants in this state championship tournament.

While you are here, we hope that you will have some opportunity to see the various divisions of the University of Idaho in operation and to come in contact with the splendid spirit of the student body, not only as it relates to athletics, to make up university life.

We welcome you as our guests.
M. G. Neale
President

TOURNAMENT CALENDAR

Tonight, 7:30 p. m.
Exhibition game between picked varsity squad.
Friday afternoon, 2 p. m.
Opening session of high school basketball tournament.
Friday night, 7 p. m.
Second session of tournament.
Entertainment between halves.
Saturday afternoon, 2 p. m.
Third session of tournament.
Saturday night, 7 p. m.
Championship games of tournament.
Saturday night, 9 p. m.
All-College mixer. Admission 50 cents for men; women free.
Sunday morning
Breakfast sponsored by Blue Key at Blue Bucket inn for members of the high school basketball teams.
Officials—Buck Hunter, Moscow; Jack Friel, Pullman.
Tickets may be obtained from Blue Key men for \$1.

THE HEAD MAN

We are happy to have the members of the district championship basketball teams as our guests for the state tournament. We are looking to a great series of games and hope that everyone enjoys his short stay on the campus and that the seniors will be back next year as candidates for Vandal teams.

LEO CALLAND

St. Patrick's Is Cue To Don Green Hats And Spring Clothes

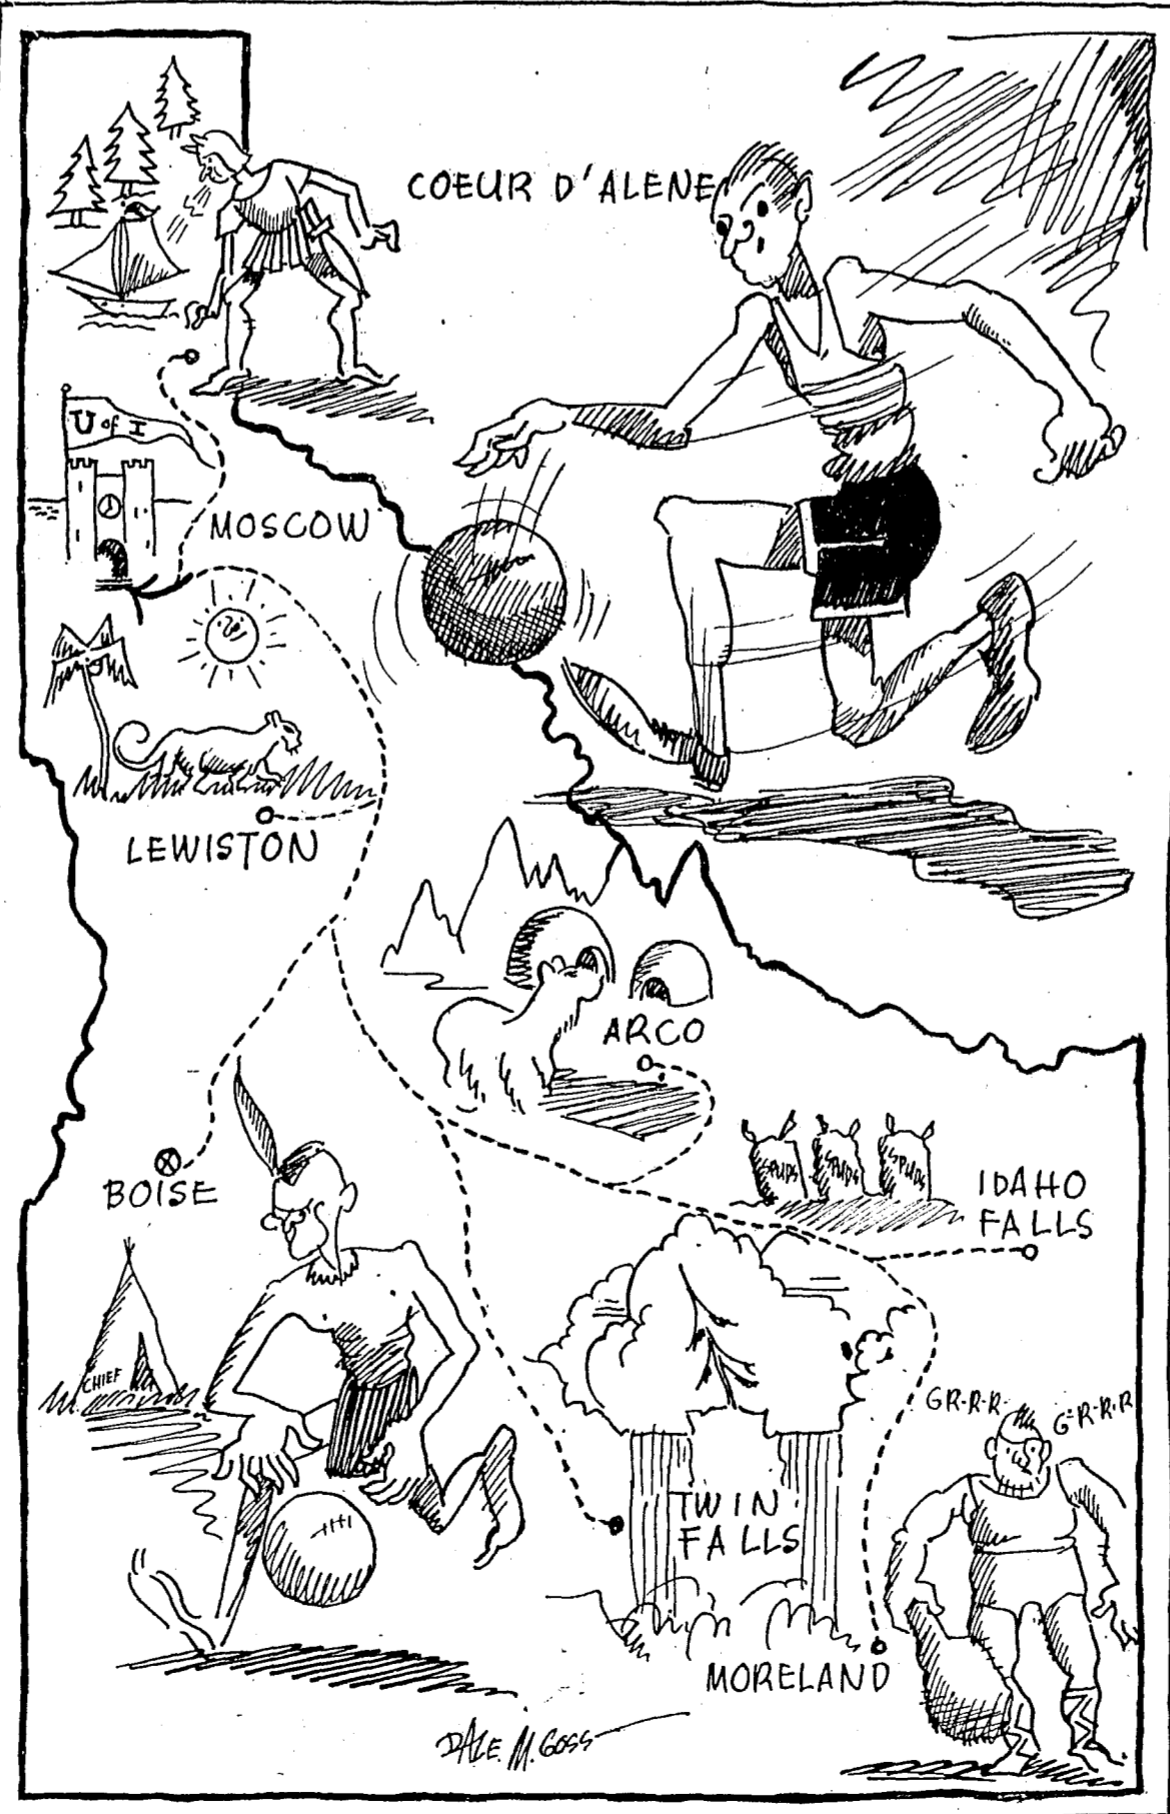

Green headgear was one feature of St. Patrick's day on the Idaho campus. The Hulme fight in the fall, a frosh-soph mixer, was won by the sophomores, (as usual) so the frosh donned the green, March 17, and will find it convenient to wear it the rest of the spring term. One co-ed appeared decorated in a beautiful green tie and a bright orange skirt. Another strange contrast was McCarthy Finnigan O'Brien decorated in an orange shirt.

The Idaho campus beat the calendar as they greeted spring a week ahead of time. The campus is dressed in green, the birds have arrived, and the women are wearing white shoes.

SHIP SHADE TREES

C. L. Price, forest nurseryman began shipping forest and shade trees from the university nursery this week. The peak of the season is about the last of March and continues until the first part of May. It is anticipated that considerable planting will be done this year.

MAY THE BEST TEAM WIN

All Preparations Ready For Annual Tournament

Honorary Service Group Arranges All Plans for Entertaining Visiting High School Champs

Ticket sales, housing of teams, and entertainment features have been arranged by Blue Key, national upperclassmen's service fraternity, for the guest basketball teams this week-end.

Social chairmen have been appointed in fraternities housing high school teams, to attend to the visitor's comfort while they are on the campus. They are meeting and receiving the teams as they arrive on the campus.

GIRLS COMPETE IN HIGH SCHOOL PAPER CONTEST

Thirteen Schools Entered In Theta Sigma's Cup Contest

Idaho high schools will be represented on the university campus this week end by both girls and boys.

Three of the eight basketball teams here for the tournament, Lewiston, Moscow, and Twin Falls, are represented by the women's editions of their high school papers, which have been entered in the Theta Sigma high school paper contest. Thirteen state high school papers are competing.

Each year at its annual banquet Theta Sigma, honorary local fraternity for women in journalism, presents a silver cup to the high school which has entered the best edition of their paper, published entirely by women, in the yearly contest conducted by the organization.

Thirteen Entered

Papers and editors entered this year are:

U-H Times, Kellogg, Dorothy Wright; Bengal's Pur, Lewiston, Elsie Wahl; Local Motive, Glenns Ferry, Ethel Mae Bellmore; The Bruin, Twin Falls, Marjorie Wurster; The Growl, Nampa, Charlotte Michener; The Wocsonian, Moscow, Mildred Carson.

Wa-Hi Booster, Wallace, Mary Keating; Orofino Hi-Spots, Orofino, Sara Huuener; The Logonian, Pocatello, Lucy Kirsch; The Canyon Cougar, Caldwell; Dorothy Dunlap; The Orange and Black News, Harrison, Bonita Thompson; Oakley High School Buzz, Oakley, Theima Martindale.

Burley high school has also entered the contest but has not as yet sent in the name of its paper or editor to be entered. All papers must be in tomorrow.

This year's contest is the third conducted by Theta Sigma. St. Maries high school was the first winner of the cup; it is now held by Nampa high school. The cup will become the permanent possession of the high school winning it three times in succession.

ANNOUNCE CHANGE IN TRAIN SERVICE

Official notification has been received that Saturday will be the last day of the present Great Northern train service.

Two trains will be discontinued, Numbers 65 and 66, the first leaving Moscow at 9 a. m. for Spokane, and the second arriving here from Spokane at 10:55 p. m. will be stopped.

This arrangement leaves but two trains on the electric branch of the Great Northern to serve Moscow. The first arrives here at 11:15 in the morning from Spokane and the second leaves at 3:30 for that city.

The two trains which have been discontinued were much used by students, particularly the one arriving in Moscow from Spokane at 10:55 in the morning. The Moscow chamber of commerce announced Wednesday that efforts to avert this cancellation have failed.

Strong competition by the buses and auto freights has cut into railroad traffic, necessitating the present schedule reduction authorities say.

ART DEPARTMENT HELPS IN PLAYS

The university art department is now busy helping with the sets of the dramatic department's play, "Tom Cobb" according to Theodore J. Prichard. The students have been dyeing cloth to make curtains, and Mr. Prichard is painting ancestors for the walls of the sets. Art students have been helping with the sets for plays given by the dramatic students this year.

Exhibition Game

Thursday night two picked teams from the Vandal squad will play against each other in an exhibition game in the Memorial gymnasium. Coach 'Rich' Fox predicts a fast portrait of next year's basketball team.

Tickets on Sale

Three hundred tickets have been taken by the Moscow high school, Edward Coon and Lionel Thaddeus Campbell, ticket sales chairman, report. Business men have been slow in buying the admission cards. An expression of sentiment at the chamber of commerce showed the town merchants fully in accord with the title show, Coon said.

"Victory" Mixer Saturday

Saturday night after the final game the "Victory" mixer will take the floor in honor of the winners and the runners up. Morey's Blue Devils, campus musicians, will play for the dance. The price of the mixer will be 50 cents for men. Women will be admitted gratis. Tickets will not go on sale until Saturday night.

To Feature Tumbler

Ralph Hutchinson, tumbling coach and trainer, has tutored his pupils in several difficult pinwheel acts for speakers of the final ball session. "Hutch's" proteges have worked hard for the last three weeks developing a program for the tournament crowds' delight.

Plan Breakfast Sunday

Sunday morning a "get-together" breakfast will be tendered the eight teams at the Blue Bucket inn. Will Young, chairman of the breakfast, announced that the following speakers would talk briefly to the prep squads: Dean Ivan Crawford; "For the University"; Coach Leo Calland; "For the Department of Athletics"; Dean Arnold; "Idaho's Activity Men"; and Gen. E. R. Chrisman on Idaho.

LEAD ROLE GIVEN EUNICE PHILLIPS

"A Bill of Divorcement" Is Next Play to Be Staged

Tuesday, April 7, is the date set for the Spokane presentation of "A Bill of Divorcement" by the Idaho dramatics department under the coaching of Fred C. Blanchard, director.

Eunice Phillips, Spokane, is cast in the leading role of Sidney Fairfield in Clemence Dane's stirring romance. As the young girl who renounces her lover because she believes herself subject to hereditary insanity, she skillfully manages the destinies of those about her and sacrifices herself.

Miss Phillips will be ably supported by an all-star cast. Nancy Kelly, Pocatello; Grace Eldridge, Moscow; Raphael Gibbs, Moscow; Howard Alnow, Spokane; William Ennis, Pocatello; and Chester Brinck, Boise, all have roles in the production. Mr. Blanchard, director, will himself take the part of Hilary Fairfield, the insane father of Sidney, who upon recovering his reason after fifteen years in a sanitarium, returns to his family and precipitates a dramatic situation.

GET WATER MEET FOR CO-ED STARS

Swimming Event Stated for Last of This Month.

The co-ed swimming meet, March 30, will offer a variety of events emphasizing form, speed, and fancy diving. Two of the events are limited to beginning and intermediate swimmers. The most promising swimmers and fancy divers of the advanced class are Lorna McCain, Dorothy Williams, Pauline Paterka, and Lois Brake-meyer.

Permission has been given freshmen by Dean Permeal J. French, to attend and participate in the meet.

FAMED MINING MEN COMING FRIDAY

Tully and Bain Guests of University on Western Trip

Robert E. Tully and H. Foster Bain, nationally prominent mining men, will be guests of the University of Idaho school of mines Friday, reports Dr. John W. Finch, dean of the school. A luncheon which will be attended by mining students, faculty members and representatives of other university divisions has been arranged in their honor.

Mr. Tully and Mr. Bain are traveling through the west visiting different sectional organizations of the American Institute of Mining and Metallurgical Engineers, of which they are national officers. Mr. Tully is president and Mr. Bain, secretary. Saturday they will attend a meeting of the Columbia section of the institute at Spokane. The Columbia section comprises Idaho, eastern Oregon, eastern Washington and Montana.

President United Verde. Mr. Tully is president of the United Verde Copper company of Arizona and a director of the Newmont Mining corporation. He is famous as a mining engineer. The underground workings of the United Verde mine and its great modern smelter and transportation system are considered monuments to his engineering skill. He was born on the famous Comstock lode.

Mr. Bain's major field has been geology. He is a geologist of wide renown, both in the United States and in foreign countries.

Bear Coach

Gale Mix, '26, whose Moscow high school quintet will enter the state tournament tomorrow with 12 wins and four losses. Gale does not appear pessimistic over the Bear's chances, despite the sickness of his stars.

DEAN TO TAKE TRIP

Dean Permeal French will leave this Sunday for Pocatello, to spend a few days visiting the southern branch of the university. Miss French will stop at Boise and give several addresses. She will return the latter part of next week.

Visit To Library Basement Shows Maze Of Difficulties

To visit the basement of the library for the first time is a revelation, and to visit it many times as the librarians must, is no doubt discouraging.

Is Lack of Room. Every available inch in the basement is taken up with wooden shelves lined with books, magazines, and newspapers. To walk down the aisles is a feat by itself, as they are so narrow one brushes his elbows unless he moves with a sidewise motion.

New books which are continually coming in must be assorted and labeled on packing boxes. It would be almost impossible to get a moderate sized table through the aisles in the main room unless the legs were disjoined, and then there would be no place to set it up.

Water Ruins Books. As for the books themselves, when heat from the large pipes ex-

tending across the ceiling is not drying up the glue in them, moisture is having its effect. Water leaks in from outside after rains and causes many of the volumes to mold.

The mice have fortunately been kept out of the books by the janitor's cats in the past, but five of them have mysteriously disappeared within the last week. The zoology department is under observation. More cats will have to be obtained, or the books will suffer additional damage from the mice.

Lose Much Time. Probably one of the greatest inconveniences to affect the students directly, however, is the time taken to get a periodical or book which is kept in the basement. Frequently a librarian is asked after a trip to the basement for a book if the work had to be printed.

SPURS GREET

The Idaho Spurs, national sophomore women's organization, wishes to extend a welcome to the members of the visiting basketball teams. We hope that we may fulfill our motto, "At Your Service" in being of any assistance to you during your stay on the Idaho campus, and that you will enjoy your week-end here to the fullest extent. We hope you will take home that Idaho spirit and that in the very near future you will adopt it as your own.

Signed: VIRGINIA KNEE

TESTS ARE GIVEN

P.I.P.A.—Columbia students had the laugh on their professors when 10 faculty members handed in their answers to a test prepared by the Spectator, student paper, and the highest grade was 55.1. Only four professors completed the forty questions asked, and 43 refused to take the test at all. That the professors have a tendency to bluff as well as students was shown by an answer to the question, "Name three Brahms compositions." The answer was "The first, second, and third sonata."

WANTS TRAINING FOR DEFENSE WAR

"War has no allure," said Colonel C. F. Leonard, in charge of official instruction and training of the officers' reserve corps, Boise, who was in Moscow yesterday.

"It may have had in the old days of shining sabers and knightly armor, but war now is mud, gas, and filth."

Defense Pays "They talk of the enormous cost of war," he continued, "but they forget that while on the debit side of our ledger are the billions of dollars charged to war on the credit side is the entire United States, and the thousands of billions which represent it. In other words, if we had no expense for defensive war, there would probably be no United States."

Better Officers He put in a plea for better training of our future officers and for more preparedness. Young world war soldiers told him after the war, he said, that it was not a square deal to have to fight the trained Germans.

"War is not an exact science," he said. "Its principles have to be learned through a considerable period of time. Nor can we carry on war entirely with money. We have to have trained men with fighting spirit."

NOT SO COLLEGIATE

P. I. P. A.—The University of Wisconsin claims that students at small colleges are still "collegiate" while major universities have ceased to be so inclined.

OFFER LARGE PRIZE FOR LITERARY WORK

Composition May be Novel, History, Poem, or Essay

A prize of \$3000 is being offered for a literary work entitled "The Soul of America" by the National Arts club through President John G. Agar. The object of this contest is to promote the writing of some composition praising America and to bring out its good points instead of its faults as the majority of the recent books have been doing.

The composition may be either a novel, history, poem or critical essay from 40,000 to 100,000 words in length. Only works written from a constructive view point will be considered. Entries must be made before April 1, 1931.

INVEST IN HOUSES

The twelve fraternities and eight sororities at the University own residences which represent a total investment of approximately \$750,000. They provide housing for more than 700 students.

Stolen Heaven

A Garamount Picture

A girl to whom life is a too-heavy burden. A boy hunted to desperation. Seize the one way 'out'—gamble their lives for one wild chance. Tasting Florida's riotous richness—sky-rocketing to happiness. Pursued by a fearful menace. You'll feel the thrill of it, too!

Smoke a FRESH Cigarette!

Cigarettes in prime condition have a moisture content of about 10%. It will be seen by the Pittsburgh Testing Laboratory Chart that cigarettes in the ordinary wrapped package lose more than half of their total moisture in thirty days and that only the Camel Humidor Pack delivers cigarettes to you in prime condition

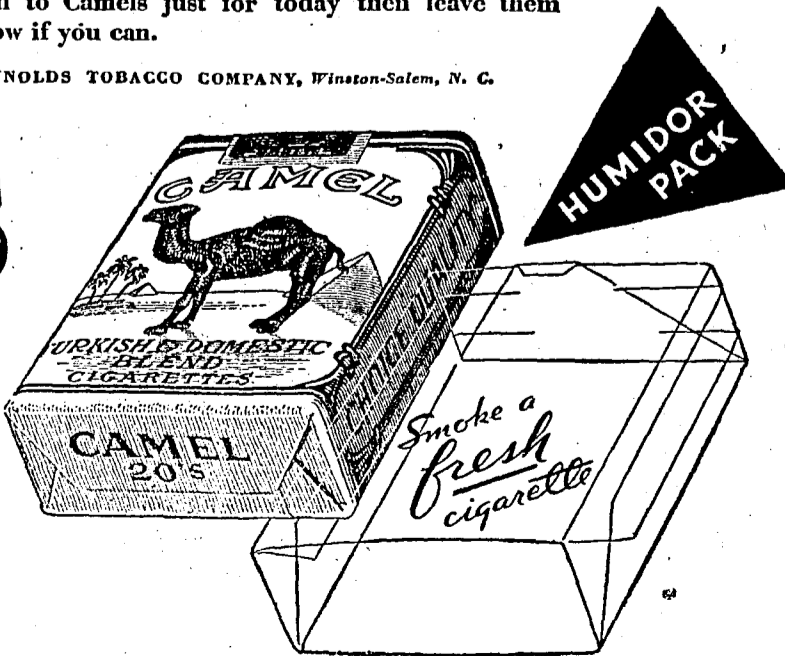

THE whole country is talking about the throat- easy mildness and the prime freshness of Camel Cigarettes in the new Humidor Pack. The above chart prepared by the Pittsburgh Testing Laboratory tells you why. Please examine it carefully. It is an unfailing guide to cigarette selection and enjoyment. As you can quickly see by the three upper curves on this interesting chart, cigarettes that lack the protection of the Humidor Pack lose their moisture rapidly from the day they are manufactured. And day by day as this moisture disappears, the smoke from these cigarettes becomes harsher, hotter, more unkind to the smoker's throat. Not so with Camels! The Humidor Pack is moisture proof and sealed airtight at every point. It protects the rich, flavorful

aroma of the choice Turkish and Domestic tobaccos of which Camels are blended. **Make these tests yourself** It is so easy to tell the difference between parched dry cigarettes and fresh prime Camels that it is no wonder everybody is reaching for a fresh cigarette today. Your fingers identify stale, dried-out tobaccos at once. While a Camel is flexible and pliant. Your ears can tell the difference too. For a dust-dry cigarette crackles under pressure. But the real test is taste and there is simply no comparison between the rich mildness of a Camel and the hot, brackish smoke from a stale, dry cigarette. Switch to Camels just for today then leave them tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

CAMELS

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old-fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and office.

SIGMA NU'S CINCH FIRST HONORS IN 'B' HOOP STANDING

Coaches Look Like Certain Winners in Other League

STANDINGS	
A League	B League
Coaches 6	0
Beta Chi 7	1
Ridenbaugh 2	2
Phi Delt 3	3
A. T. O. 3	4
Sigma Chi 2	4
Lindley 2	4
Beta 2	4
L. D. S. 0	7

By DYNES LAWSON
 First place in the B league intramural basketball series went to the Sigma Nu's who defeated the Delta Chi maple men last night 28 to 15. This gives the Sigma's seven straight wins and only one more game to play. Every other team in the league has lost at least two games. Lindley hauled back the A. T. O. into camp 28 to 21 in the first game of the evening.

Ray's 10 held high honors for the league winners, while his teammates Barker and Duffy with 7 apiece did their bit. In the beginning of the game the Sigma Nu's took the lead, which they held by a wide margin throughout the hour. Ray with eight was Delta Chi's first scorer.

Coaches Win
 Tuesday night the coaches led by Jigoby with 7, Fox 6 and Hurley with 6 won over the Phi Delt's. Cannon, Phi Delt, played his best game of the season, sinking 15 markers. The Tekes won their first game of the year by making 27 points to push the men from T.M.A. deeper in the cellar with all of their games played and none won.

Only 12 games are left in the sport series. While the Sigma Nu's hold the first position in B league the second place is still a tie between the Kappa Sig's, Fili's and S.A.E.'s. The coaches still with two games to be played hold down the first rung in A league with 6 straight wins. Their position is challenged by the Beta Chi's who have finished their schedule with 7 wins and one loss. If the coaches win their two games then the Beta Chi's still have second, as all other teams have at least two losses against them.

The coaches and Sigma Chi's will play at 8:30 tonight while the Lambda Chi's and Independent's will play at 9:30. Outside of a few postponed games the basketball schedule will be completed by Saturday of next week. Tuesday's game between the Sigma Nu's and Fili's should prove to be a good one. The Kappa Sig's and S.A.E.'s will fight it out Monday night to determine which team has a chance for second in B league.

Games Scheduled
 Thursday, Mar. 19
 8:30 Coaches vs. Sigma Chi.
 9:30 Lambda Chi vs. Independent.
 Monday
 7:30—Ridenbaugh vs. Beta.
 8:30 S.A.E. vs. Kappa Sigma.
 Tuesday
 7:30 Phi Delt vs. A.T.O.
 8:30 Fili vs. Sigma Nu.
 Wednesday
 7:30 L.D.S. Seminary vs. Coaches.
 8:30 T.K.E. vs. Independents.
 Thursday
 7:30 Lindley vs. Beta Theta Pi.
 8:30 Delta Chi vs. Kappa Sigma.
 Saturday
 1:30 Sigma Chi vs. Ridenbaugh.
 2:30 Lambda Chi vs. S.A.E.

ARCHITECTS VISIT IDAHO DEPARTMENT

Eastern Experts Here as Part of Western Tour.

Ray Childs Jones, professor of architecture at the University of Minnesota, and F. H. Bosworth, dean of architecture at Cornell University, were here Wednesday visiting the department of art and architecture.

They are visiting the departments of architecture of many American colleges as representatives of the Carnegie Corporation Association of Collegiate Schools of Architecture. Professor Theodore J. Pritchard, head of the department here received his undergraduate training under Professor Jones at the University of Minnesota.

HOWARD'S ARTICLE APPEARS IN PAPER

One of the leading articles appearing in the March issue of the American Bar Journal, widely circulated legal publication, is written by Prof. Pendleton Howard of the law school, University of Idaho. The article deals with the English court system and explains the efficiency of their forms and procedures. Points of superiority over the American system are discussed and the practices which give a high degree of justice to the English decisions are discussed.

The article has the results of observation and study made by Professor Howard when he was in England two years ago. Valuable sources and first-hand information were available to him during his visit and the article contains authoritative information for the American Bar investigations of our courts.

ATTEMPTS TO CRASH PARTY NOT SO HOT

P. I. P. A.—Attempts to crash a party at a fashionable girls' school resulted in four Stanford freshmen residing in the Palo Alto jail Saturday night.

When refused admittance at the front door the men climbed in a rear window only to be evicted by police officers and booked on charges of "disturbing the peace."

The Sport Shop

By Paul Boyd

The cream of high school events, the state basketball tournament, will take place Friday and Saturday of this week when eight teams, representing the entire state will tangle, draw blood, and otherwise do battle for the emblematic of state championship, an honor that has been won twice by only one high school team in the last decade. Every section of the state has been thoroughly combed and the leading clubs have shown their fitness and their championship caliber by coming through a strenuous pre-season schedule and tournament unscathed to enter the match play.

Refereeing, generally a factor bound to strike terror to the hearts of invading coaches, will be taken care of this year by men that are skilled in the art of "guessing." Buck Hunter of Moscow and Jack Friel of Pullman will do all officiating and if past performances are any criterion they will do a first class job. Many first class teams have been forced to admit defeat because of faulty officiating, but such will not now be the case. When a coach builds his team around a fast-breaking offense and pays no attention to the rougher side of the game, and then meets a team that employs these tactics, the former team is naturally thrown at a disadvantage. These men chosen as arbiters will call the game as it runs, so the fans and players need have no fear about the "umping."

Every year one team captures the fancy of the crowd, and although they do not generally win, the fans are pulling for them to cop the gonfalon. There is something about them that appeals to the rail-birds. This indefinable "color" is something that packs the fans in and from advance dope any team is liable to cop the fans heart.

While the dopsters are trying to determine the winner, the SPORT SHOP is endeavoring to pick the dark horse of the tourney. Anybody can win, but it takes the "real McCoy" to be an "ebony nag." In the face of impending disaster we predict Moreland, the school behind the "nut house" to rally round the flag and cop the fans interest. This town is a suburb of Blackfoot and has only a school house and one store, yet they had plenty to defeat Paris, Pocatello and the other clubs of their district.

Individual stars of the present era mean the varsities of the future and from the crop that will show their wares in the next few days, present Vandalites will predict what Idaho will be able to do to the Huskies and more particularly the Cougars. A host of stars will be present, and a few are already known throughout the state for their prowess. Nashlund and Jones of Coeur d'Alene will give and men who attempt to guard them a full afternoon. On these men Coach "Telly" Telford does depend for the wins. Bacon of Twin Falls will try to take the "bacon" home to the Magic City. Hall of Moscow, at the pivot position must be reckoned with at all times and will no doubt be in the running for all state honors. Although these men have shown their worth through the past season, some sub is liable to steal the show. The man with the stuff may come through in the pinches and save the game. When the pressure is strongest that is when the "old Moxie" pumps the hardest.

Moreland, the suburb city, is among the scoring leaders with a total of 1055 points, an average of fifty points a game. This offensive play will be warning, to the other teams entered, that the boys from the south know what to do with the "nugget" when they get it and as for the checking department, not thirty points a game have been scored against them. The scoffers will say that the opposition is not as strong as in other sections, but a survey will reveal it on a par with the rest of the state.

All of the teams cannot be a winner, but to the victor goes the spoils, and to the next place a nice loving cup to hang on the mantle. Nevertheless, irrespective of whoever wins the mug, it will be a great race and more power to them.

VANDALS FINISH UP LONG SEASON

Varsity Squad Will Give Exhibition Game Tonight at 7:30

Idaho's promising basketball squad winds up a strenuous spring training campaign, when they take the floor for an exhibition battle between two picked fives at 7:30 tonight in the Memorial gymnasium.

The varsity cage season at the University of Idaho will be a closed chapter until next winter, when the Vandals trot out the court tonight. The veterans who will return next year, combined forces with the yearling basketeers after the final conference game and went into a two weeks' huddle with Coach "Rich" Fox; the results of which will be demonstrated tonight.

Frosh Are Comers.

The Vandals with old timers like Hale, Wicks, Aukett, Barrett, Parks and Lacy on hand would make it tough for any club, but to make the prospect even brighter they are bolstered by one of the greatest frosh teams Idaho has had for a number of seasons.

Grenier, the tall and speedy center, will be the Vandal's big surprise for the coast conference schools when the suits are hauled out again next winter. The big tip-off man plays a heady game and is valuable on recoveries off the back-board. His accuracy under the net is uncanny.

Geraghty, Herman, Carlson and McConnell form a set of hard-charging cagers who can roll up plenty of counters in any battle. These men brought the yearling squad through a brilliant season and are all big enough to work well in varsity company.

Change to Passing.

The Vandal mentor has changed his style of ball a bit during the training period and fans will see a passing game under the basket, made possible by the height of Grenier, Parks, Hale and Hurley. These men are adept at taking hard uphill passes right under the back-board and flipping them into the net.

Fox will probably start Geraghty and Hurley at forwards; Grenier at center; and Wicks and Aukett or Lacy at guards, while the opposing club will include Hale, Herman, Parks, Christians, Duffy, McConnell, Hall, and other members of the squad.

Jarl T. Pauls '12, is a highway engineer in charge of bituminous research work in the bureau of public roads in Washington, D. C.

Vandal Captain

Bobby Drummond, Kellogg was captain and a three year letterman on the Vandal varsity and one of the best guards in the northwest. Drummond played consistent ball for the Vandals all season and he will be missed next fall. He was named on the official all-northwest second team.

ARTICLE STRESSES TECHNICAL STUDIES

An article entitled "A Liberal Education" by Professor J. H. Jonston appeared in the January issue of the Journal of Engineering Education, the publication of the Society for the Promotion of Engineering Education.

Besides its obvious value in preparing the student for a life vocation, the article insists that a technical education goes far in developing those desirable traits of character and attitude of mind which it is usually assumed are only attained through the pursuit of "cultural" studies.

Coach Leo Calland opens spring football practice next Monday afternoon. All candidates report at the gym at 4:00 o'clock.

VARSITY BASKETBALL COACH GREET'S TOURNAMENT TEAMS

In behalf of the University of Idaho's varsity basketball squad I extend a sincere and hearty welcome to all the members and coaches of the competing high school quintets. The student body is glad to entertain and assure you a good time during your stay on the campus. We hope this tournament will increase basketball interest throughout the state and at the same time be an incentive for those young and promising court men who will be the varsity teams of the future. I take pleasure in welcoming you to the University of Idaho campus as those who will undoubtedly return here later.

RICH FOX.

WEATHER HAMPERS VANDALS' TRACK

Coach Otto Anderson got his first slant on the Vandal track prospects for the spring when he ran the squad through a series of time trials last Saturday morning. He has been handing the men some stiff workouts this week, getting them ready for the invasion of the Cougar team next Saturday.

This will be the second dual meet between the teams this month. The results will be kept secret again as the mentors do not want their strength known until the big conference meets in May. The Staters took most of the events in the opening shot as they were in mid-season form while the Idahoans had not traveled over quarter distances in any of their events. The results should be different this time since the Vandals are in good shape and ready to travel at top speed.

McCoy is back in his last year's form again and is topping 13 feet in the pole vault every night. This vaulter should have little trouble Saturday as the Cougars are weak in this event.

Lemp has been racing across the hurdles in excellent time lately. He has started traveling full distances, and will crowd any man on the coast for the high stick honors.

Heath, Galloway, and Thomas are rounding into form and the three turned in a good performance in the distances last week. Galloway is an inexperienced man but has been crowding Heath for first place in every time trial. The competition is doing the runners good.

Jensen, Lopez and Williams are staging a little meet of their own

with the shot, and each afternoon the big ball travels over 42 feet at a shove.

Investigate Before You Buy!

"I've ridden the Western Plains" —says Chesterfield

yet you'll meet me in the thick of a Broadway crowd"

It's a far cry from the cow country to Broadway. But what it takes to make the broncho buster "open up" about his cigarette is exactly what you want in your smoke. Good taste—and lots of it! And that is first a matter of tobacco quality, never forget it! What you taste in Chesterfield is riper, better tobaccos—not another thing—blended and "cross-blended" to a fragrant, satisfying mildness that is Chesterfield's own!

FOR NINETEEN years, our Research Department has kept intimate touch with every new development of Science that could be applied to the manufacture of cigarettes. During this period there has been no development of taste value or impurity to the smoker which we have not incorporated into the making of Chesterfield cigarettes.

Greater mildness... better taste!

The School Is Yours

WITH so many welcomes appearing elsewhere in the paper, anything The Argonaut might add would probably be superfluous but, never the less, in behalf of the entire student body The Argonaut extends a hearty welcome to the representatives of the eight Idaho high schools on the campus this week end. The university is yours while you are here, may your stay be pleasant, and may the best team win. Next year The Argonaut hopes to welcome many of you again, not as high school representatives, but as freshmen at Idaho.

Soph-Junior Hats Go

STUDENTS demonstrated rather thoroughly yesterday that they did not wish to be hampered by pseudo-traditions in the routine of university life. True, the number who voted was disappointing—not quite a third—but even that was a good number for Idaho. The margin by which the sophomore-junior hat tradition was ousted was decisive enough, however, to remove any question as to the outcome if the others had voted.

Students who do not exercise the franchise given them as members of the ASUI are missing an important part of college life, the right of self government. At least 1700 votes should be cast every time there is a student body election.

Nice Places, These Prisons

THREE prisoners in the Joliet, Illinois, penitentiary planned to escape. They were to take advantage of early morning kitchen detail work to scale the walls and drop down to freedom.

The wardens learned of the plot. They did nothing to close the avenue of escape the men had opened. They did not take them off the kitchen detail, nor did they give the men any intimation of their knowledge of the intended break.

Instead they stationed a corps of guards outside the wall, armed with automatic rifles and machine guns. A searchlight was placed so that when turned on it would throw a blaze of light on the section of the wall where the guards knew the break would come.

Every night for a week the ambushade was laid. Finally the attempt to escape was made. Three men started down a cable from the wall. The searchlight picked them out against the great gray stones. The machine guns roared. Two human beings fell dead; another fatally wounded, their bodies ripped open with steel slugs.

Hundreds of convicts heard the fusillade from their cells and sensed its meaning. Their howls and yells lasted for two hours before their keepers could goad them into silence.

Nice places, these American prisons!—Oregon Daily Emerald.

The Military Question

THE attorney general of the United States recently issued an important opinion on the teaching of military science and tactics in land-grant colleges in which he declares that the federal law does not require that such subjects be made compulsory. The attorney general states, in answering the questions submitted to him by the secretary of the interior, that the only way in which military science and tactics may be made compulsory is for the state legislatures or the local administrative officers of such colleges to make it so.

The opinion was given as a blanket interpretation of the Morrill act, which is the act making land-grant colleges, and does not deal with any college in particular. It answers questions which have often arisen, according to authorities, in regard to the situation as it exists at Idaho where the course is made compulsory by action of the board of regents of the university.

In arriving at his conclusion, the attorney general reviews the original act passed by congress in 1862 and all amendatory acts passed in 1883, 1890, 1902 and 1926. He also goes into the practice and policy of the department of interior in regard to the matter and deals with the declared intention of congress at the time of the passage of the bill which created land-grant schools with agricultural divisions and departments of military science. The opinion of the attorney general follows in part:

"The statutes nowhere specifically require that the offered course in military science and tactics must be compulsory. My attention has been called to the fact that at the time when the original statute was passed in 1862, it appears that all or almost all courses offered in universities were compulsory, but, of course, this is not conclusive of the intention of Congress. The association of the words 'military tactics' in the statute with the words 'such branches of learning as are related to agriculture and mechanic arts' shows there was no intention to require instruction in military tactics to be compulsory upon the students any more than those branches of learning related to agriculture and mechanic arts."

After dealing with recent developments as they affect the law, the attorney general concludes, in writing to the secretary of the interior, "that you are justified in considering that an agricultural college which offers a proper, substantial course in military tactics complies sufficiently with the requirements as to military tactics in the act of July 2, 1862, and the other acts above mentioned, even though the students at that institution are not compelled to take the course."

FORESTRY MEN TAKE EXAMS

Twelve University Students Write Seven Hours for Civil Service Jobs

Twelve students from the university school of forestry took junior forester federal building last week under the supervision of Miss Margaret Fanning of the post-office staff.

The examinations required about seven hours. Records will be sent into Washington and the students will be ranked according to their grades openings in the forest service being filled as they occur from the list.

Those who took the examinations were Fred R. Newcomer, Russell LeBaron, Paul J. Shank, James E. Sower, Virgil H. Eastman, C. Alton Blackford, Oren F. Schumaker, Edward B. Hill, George M. Jamison, Tyler S. Gill, Clarence P. Diltman and George V. Hjort.

IDAHO HELL DIVERS WILL GIVE CARNIVAL

A water carnival for the university will be given near the last of April, under the auspices of the Hell Divers' university American Red Cross life-saving corps. Stanton Hale, president announced.

The life-saving corps has about 25 members, men and women, who have passed the senior life-saving test to qualify for membership. The corps meets regularly for practice in the pool. Life-saving, advanced swimming, and first aid are practiced.

Stanton Hale is president of the corps. Mildred Axtell is vice president. Mary Axtell, secretary, and Herbert Alchison, treasurer.

Mabel Locke and Prof. Ralph Hutchinson are faculty advisors. Washington State college has a similar corps, and a life-saving contest may be put on in conjunction with the swimming meet March 28.

OBERG BROS.

Society

HIGH SCHOOL boys from several towns in Idaho are to be on the campus this week-end to compete in the state basketball tournament which will be held in the gymnasium on Friday and Saturday. Both afternoon and evening games are scheduled, and a large number of spectators is expected. Fraternities are planning on entertaining the boys during their stay here. Blue Key is giving a breakfast for the group on Sunday morning at the Blue Bucket Inn. Saturday night team members will be guests of the student body at an all-college mixer which will be held in the Memorial gymnasium immediately following the final game.

Theta Formal Scheduled.
Kappa Alpha Theta will give their annual formal dance at the chapter house on Saturday evening. Spring flowers will decorate the house. On Friday night, Phi Gamma Delta underclassmen are giving an informal dance at the chapter house. It will be novel in that it will be carried out on the idea of a dance hall with dances at 10 cents a dance. A booth will be erected in which tickets will be sold for the dances. Decorations of red, white and blue, and novel programs, complete the idea.

SIGMA CHI GIVES FORMAL CABARET

Gamma Eta chapter of Sigma Chi entertained Friday night, March 13, with a formal cabaret dance, held at the Blue Bucket Inn. Dinner was served at 8 o'clock; serpentine, confetti and noisemakers contributed to the cabaret atmosphere. Specialty numbers and a flood of balloons climaxed the evening.

Patrons and patronesses were: Dr. and Mrs. E. E. Hubert, Mr. and Mrs. D. D. Du Sault, and Mr. and Mrs. J. E. Buchanan.

Out-of-town guests included: Mr. and Mrs. L. E. Gillette, Wendee, Mr. and Mrs. M. E. Williams, and Miss Thora Williams, Boise, Lowell Quinn, Laura Reeves, Pullman; Daniel Farris and Mary Herrick, Wallace.

Guests were: Mr. and Mrs. L. Boas, Mr. and Mrs. Chris Hagan, Mr. and Mrs. Alfred Hagan, Dr. and Mrs. J. W. Barton, Mr. and Mrs. F. Stanton, Philemon Du Sault, Geneva Dyer, Mark Moore, Ralphie Romo, Jerome Christians, Pauline Plzev, Kathleen Miller, Lois Thompson, Madge Peterson, Helma Rasmussen, Catherine Brandt, Margaret Hulser, Bertha Moore, Mrs. Edward Douglas, Winifred Galloway, Dorothy DeWitt, Laura Olsson, Jean Kingsbury, Gertrude Denzey, Ruth Marshall, Louise Murphy, Ruth Crowe, Virginia Stewart, Julia Hunter, Ellen Jack, Austa White, Jane Dunn, Betty Brown, Helen Benson, Flora Corkery, Frances Wernette, Jeanne Wickwire, Frances Hanley, Joan Harris, Ruth Roberts, Evelyn House, Helen Theriault, Frances Schmitz, Jesse MacDonald, Arlene Tendall, Beulah Wright, Lillie Gallagher, Katherine Roe, Helen Douglas, Martha Jean Smith, Oliver Davis and Ray Simmonds.

Miss Bernadine Royer, Spokane, and Miss Dorothy Olson were weekend guests of Kappa Gamma Gamma. Miss Olson is a graduate of last year, and is now teaching home economics and social science at Kuskick, Washington. Mr. and Mrs. C. E. Olson, Spokane, were Sunday dinner guests; and Mr. and Mrs. C. O. Youngstrom, Sunday afternoon guests, of the Rappas.

Dinner guests of Sigma Chi Sunday were Dr. and Mrs. C. W. Hungerford, and Prof. and Mrs. C. A. Michels.

Sigma Chi announces the pledging of Raphael Gibbs, Moscow.

WOMEN'S RIFLE TEAM FETES MEN'S SQUAD

Members of the men's varsity rifle team were dinner guests of the women's rifle team at the Blue Bucket Inn Monday evening. About 30 were present.

The dinner was given as a result of a contest between the two teams, the loser of which agreed to entertain the other team.

Zoa Shaw, women's rifle manager, was toastmaster. Speeches were given by Eugene Hutteball, captain of the men's team, and by Lieutenant John Sheehy, coach. Dancing was enjoyed after the dinner.

Guests were Lieutenant and Mrs. Sheehy and Captain and Mrs. H. L. Henkle.

ALPHA PHI INITIATES ENTERTAINED

Mrs. Leah Buchanan entertained with a tea for the new initiates and the pledges of Alpha Phi Saturday afternoon at her home in the Woodworth apartments. Mrs. Buchanan is a graduate of the university and a member of Alpha Phi. Mrs. C. C. Vincent and Mrs. Marian R. Curtis poured tea. Guests were: Anna Louise Bell, Catherine Brandt, Alice Brink, Ramona Cusick, Valarae Hansen, Lorraine Hatch, Margaret Hulser, Margaret Hollingsworth, Hazel Hayner, Evelyn House, Dorothy Higgins, Ivy McPherson, Marian Mulkey, Mary Mix, Lorraine Stewart, Mary Senger, Marjorie Vandegrift, Elizabeth Vincent, Louise Mulliner, Retta McCauley, Frances Redmond, Laurice Burch, and a special guest, Louise Murphy.

REQUEST CO-EDS FOR ARGONAUT

Staff positions for the Co-ed Argonaut, which is to be the issue of April 14, will be filled soon.

Women already on the staff will retain their positions, according to Elizabeth Taylor, editor, but positions which are regularly filled by men will be taken by women for this issue, including the sports staff.

Any women interested in being on the staff is requested to call Elizabeth Taylor at the Delta Gamma house for information.

MORTAR BOARD QUIZ IS SENT TO CO-EDS

Honorary Requires Distribution of Questionnaire.

Questionnaires were distributed Monday by Mortar Board asking for the names of the 10 most prominent women on the campus. The distribution of these questionnaires is an innovation required by the national honorary society. Members of the group will be guided by the returns in selecting the women who are to be next year's Mortar Board members.

Catherine York, president, said Wednesday that the results of these questionnaires will be kept secret. Women will be judged on merits of activities, scholastic standing, and general character.

FIVE GRADUATES END YEAR'S PAPER

The theses of five post-graduate students have been received by Dean J. G. Eldridge, dean of the graduate school.

Those who have turned in their theses are: Craig Smith, A. B., '27, Antler, North Dakota, department of education; Bela Toth, B. S., '27, University of Idaho, department of education; W. H. Boyer, B. S., '29, University of Idaho, department of psychology; Frank E. Moore, B. S., '27, North Dakota Agricultural college, department of agricultural chemistry; and Joseph Cogan, B. A., '24, University of Idaho, department of economics.

BURY THE HATCHET

After four years of constant bickering, Princeton and Harvard are ready to bury the hatchet. Athletic heads of the two schools will soon go in conference with the object of arranging track and baseball games for this spring.

your photograph will carry the most personal of all greeting
STERNER STUDIO Phone 2245

Alumni Notes

An Idaho alumni association has been recently organized in San Francisco, California, with Ray Harsch, '22, as president and Gilbert Darwin, M. S., '28, as secretary, who formerly were professors in the engineering school of the university.

Other alumni who were present at the first meeting are: Evanda Mae Roberts Harlan, '22; Lottie M. Works, '18; Ora Budge, B.S., '26, M. S., '27; W. W. Boekel, '17; Paul Harlan, '25; "Cap" Earl Ellis, '12, formerly professor in the school of mines; and W. D. Wrighter, '27, B. S. education.

The organization hopes to act as a headquarters for Idaho athletic teams who pass through San Francisco or cities near by, for Idaho rooting teams at Stanford football games, and for other Idaho visitors. There will be frequent social meetings. The purpose is to boost Idaho in California.

LeRoy Long '28, is with the Equitable Life Insurance company in the accounting department of the home office in New York city. He reports many Idaho alumni are on "Mazda Lane." His roommates are Arthur Emerson '27, and Glenn Smith '28. Their address, is 262 Tulp avenue, Floral Park, Long Island, New York.

Chester L. Mink, B.S. (Agr.) '27, is instructor in Smith-Hughes agriculture at Twin Falls, Idaho. He has trained many successful judging teams.

William Krummes '30, is at the present near Sacramento, California, working with the United States biological survey.

F. DeWitt Bradbury '28, has strayed a long way from this campus.

States patent office at Washington. He is a mining engineer with the New York Honduras Rosario Mining company and is located somewhere in Chile, according to the latest reports.

Harry Schuttler '28, is working for F. H. Steward, Spokane brokerage concern. Schuttler was married to Rachel Jenks '30, in November.

Norman Schuttler '26, brother of Harry, is working in the United

States patent office at Washington. William Kayser '29, recently received his master's degree in agronomy from Iowa State.

Bayard Morrow '06, is living in Anaconda, Montana where he is superintendent of the concentrating plant of the Anaconda, Copper Mining company.

Harry C. Smith '05, is a member of the United States engineering department in Nashville, Tennessee.

Leaders
in class and campus life

THOSE who stand out in college usually have an abundance of energy. They need health to carry them through the whirl of undergraduate activities.

One of the greatest menaces to a healthy body is constipation. Its poisons undermine the system, and cut down your efficiency.

But you can banish constipation so easily. Just eat a delicious cereal: Kellogg's ALL-BRAN. Two tablespoonfuls daily are guaranteed to give relief. You will enjoy it with milk or cream — fruits or honey added. Ask that Kellogg's ALL-BRAN be served at your fraternity house or campus restaurant.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP Bran Flakes, Rice Krispies, Wheat Krumbles and Kellogg's WHOLE WHEAT Biscuit. Also Kaffee Hag Coffee — the coffee that lets you sleep.

**Kellogg's
ALL-BRAN**

OFFICIALS NAMED FOR BASKETBALL TITLE PLAY-OFF

Moscow and Pullman Men Will Use New Type of Officiating

Idaho's big state tournament tomorrow and Saturday will be run by Jack Friel, Pullman, and Buck Hunter, Moscow, two of the most experienced officials in the Inland Empire.

These two veterans will work together in every game with each taking half of the floor and following one of the teams on offense, switching directions when the play changes. This type of refereeing is new to Moscow, and the results should work out better than the usual method of playing the sides of the court.

Had Lucky Break
Hunter starting running high school games back in 1916 when he traveled to all of the district meets in the north. A lucky break gave him his first job in coast conference circles when George Varnell failed to show up for an Oregon State-Idaho tilt and Hunter was used in the emergency. The Moscow official made good from the start and for a time worked the Cougar-Vandal series. Later he ran the central Idaho tournament for several seasons before the state meet was adopted.

The popular referee has been busy on the maple court every winter until this year, when he laid off except to work in the local district meet two weeks ago. Buck is noted for his clean rulings and his thrice energy in an important tournament, but his biggest asset is his coolness under fire, when the going is tough and his decisions will make or break a club.

Friel is Coach
Jack Friel has also acquired a favorable record as an official on the maple court, but his greatest note comes from his ability as a player and coach. The Washington State mentor made a brilliant athletic record in Pullman and when he graduated, stayed in the sport world by coaching at several small high schools. Five years ago the smiling coach grabbed an open position at North Central high school in Spokane and grabbed two city titles besides copping the state championship one year.

Two seasons ago his alma mater claimed him again, this time as varsity basketball coach and his clubs have finished on the second rung in the northern division of the conference both years. Friel coached teams are noted for their fast breaking offense, powerful defense, and last minute drives, showing well coached, finely conditioned quintets. His squad is given an excellent chance of finishing at the top of the heap next winter.

TWIN FALLS BRUINS CLASS A CHAMPIONS

Maple Men Led by Captain Jim Weaver, Giant Veteran

The Twin Falls high school five which copped the South Central Idaho class A championship by defeating Haereman, winners of the class B title, arrived here yesterday afternoon. The eight players, Coach R. V. Jones, and two managers are staying at the Delta Club house.

The Bruin aggregation is built around their veteran pivot man and captain, Jim Weaver. He is over six feet tall, fast, and plays excellent floor ball. The two Corner brothers hold down the forward positions and will furnish plenty of competition to opposing guards. The strength of Weaver in the quintet is shown by the majority of wins during the season and the four losses which came when he was not in suit.

Players representing Twin Falls are: Carl Bates, Elmer Givens, Henry Colner, Charles Colner, Don Bacon, Bert Terson, Roy Gray and Jim Weaver. They will be accompanied by Coach Jones, and by Morris Russel and Don Haasch, managers.

VIKINGS BRINGING ENVIABLE RECORD

Bringing with them one of the most impressive records in the state, the Coeur d'Alene Vikings arrived in Moscow today seeking to duplicate their victory of '28 when they walked off with the state title and then represented Idaho in the national meet at Chicago. In the past four years the Lake City squad has amassed a total of 83 victories, 80 of which include state and national tournaments. They are undefeated in northern Idaho interscholastic competition over the same period.

Fast Attack
The Vikings use a breaking and passing attack built around Forest Maryott and Junior Jones, on a man for man defense. They use few set plays besides the tip-off formations. The team is well balanced with Bob Jones, six-foot three-inch pivot man, Herb Kessel, midget speedster, and Lefty Naslund, dead-eye southpaw, working with Jones and Maryott.

The Coeur d'Alene squad will include Captain Maryott, Junior Jones, Gene Phillips, Jone Phillips, guards; Bob Jones, center; and Glen Naslund, Herb Kessel, and Duane Edwards, forwards; besides Coach "Telly" Telford and George Delsler, manager.

TWO YEARS WIN FOR ARCO FIVE

Team has Gone Through Schedule Without Single Defeat

For the second consecutive year, Arco has won the right to represent their district in the state tournament.

The Arco five went through their scheduled season without a single league defeat. In the district tournament they crashed through five games in three days without marring their record. Towns adjoining Arco wonder how they do it, but the Arconians give Coach Theron Buhler the credit.

BEARS WILL PLAY FOR STATE HONORS AS HOST SCHOOL

Three on Sick List But-Expected to Play in Tournery

Although the Moscow Bears automatically are tournament competitors through their being the host team, they are entering with an exceptionally strong team and an enviable record behind them, having lost only three games with Idaho high schools and defeating three Washington teams which represented their districts in Seattle—Lewis and Clark, Otis Orchards, and Pullman.

Coach Gale Mix, former Idaho student, expressed some uneasiness today due to the fact that Hall, Hints, and Frel, three outstanding men in the Bear lineup, are on the sick list. If luck is with the club these boys will be back in shape tomorrow.

All State Contender.
If Woody Hall, star pivot man for the Bears, plays his usual pre-tournament brand of ball in the coming contests, he will receive strong consideration from the judges for all-state honors. Captain Hints, forward, has been right behind Hall all season in the scoring column, and will furnish an hour of hard work for some guard this week-end.

Frel, sophomore guard, is a strong link in the Bear's attack. He is an excellent floor worker and passer as well as a good scorer. Morgan, forward, and Woody, guard, complete the starting lineup. Coach Mix has not yet chosen the eight who will enter the tourney, but the above five are certain entrants.

STUDENT ACCEPTED BY FAMOUS SOLOIST

Dorothy Fredrickson, instructor in the music department has been accepted as a pupil by Madame Margaret Matzenauer, world famed contralto.

Miss Fredrickson will leave for Los Angeles after school is out in the spring, where she will study during the summer. Carleton Cummings, head of the music department, says that Madame Matzenauer has been for the past 20 years one of the best contraltos the world has ever known.

HOSTS TO STATE BASKETBALL TOURNAMENT

The fact that the Moscow High school Bears are in the tournament by virtue of being the host team does not keep them from looming a big threat to any title contender. The Bears have dropped only four games this season and number among their victims three Washington teams which represented their districts in the state tournament in Seattle. Left to right, back row; Gale Mix, coach; Merle Green, Bender Luce, Wayne Hill. Second row; Junior Monnet, manager; Wynn Hill, Wesley Frazier, Harvard Luke, Kenneth Johnson, manager. Front row; Joe Gauss, Woody Hall, Bill Hints, Ed Morgan, Claude Woody, Lauriston DuBoise.

MORELAND SQUAD HAS GOOD RECORD

Beat Southern Branch Reserves 35-34 Last Week

The Moreland Beetdiggers bring one of the strongest teams in the state as well as one of the rangiest, when they invade Moscow for the state tournament. The southerners are backed by an excellent record of interscholastic competition and gave their stock a further boost last week when they beat the Southern Branch reserves 35 to 34.

The Southern Branch used many substitutes. This added to the luster of the Beetsters victory. While defeating the collegians' reserves, the Morelanders displayed an uncanny ability at locating the basket on strange floors. These lads came through a 27 game season with only two defeats. This is the longest season of any of the title contenders.

BOISE VICTORS LAND IN CITY

Bringing one of the strongest teams to ever represent the capitol, Boise landed in Moscow yesterday, determined to take the state title back home the last all-state cup they had was in '24. The downstaters played a high brand of ball in defeating the Nampa Tigers in the district play-off at Boise last week. They used an aerial attack and took advantage of their length.

In winning the southwestern district championship, the capitol squad ran their total to six consecutive victories in the tournament. Coach Loren Basler has brought several real stars yesterday's workout showed. Boise backers claim that Elliot and Swan can show the other seven teams real opposition. Those who made the trip with Coach Basler are Robertson, Swan, Elliot Rolffe,

VANDAL MANAGER

George E. Horton, Idaho's graduate manager, who was graduated from the university, but was called back 7 years ago and has had charge of A.S.U.I. expenses since then. His cooperation and work have been an essential part of previous Idaho state tournaments, and he is on the job again this year helping make this the greatest series of battles in the history of the meet. "Cap" is a familiar figure to Idaho athletes, always having their interests at heart.

In his own words he says, "welcome to the university now and later."

TALL PLAYERS ON BENGAL HOOPSTERS

Lewiston Team Holds .888 Game Average for Year

Determined to overcome whatever handicap might be encountered on a large floor, the Lewiston Bengals have been working hard this week continuing their drive toward the tournament. The Lewiston team this year has a tall player in every position except in one guard, but Inman makes up for this weakness by a fast, aggressive, floor game. The Lewiston fans declare the present combination to be as good if not better than the 1926 champions.

Lewiston's team has a percentage of .888 in high school play excluding two games played with the Idaho frosh. They have won 16 games and lost two in high school competition. Coach Syd Kleffner planned to bring his squad up this afternoon, hold a short workout in the gym, and be ready for competition play Friday. Players making the trip are: Goodwin, Rudd, White, and Malerich, forwards; Haynes, center; Brett, Inman, and Epling, guards.

MIXER IS PLANNED FOR TEAMS HERE FOR FINAL EVENING

Blue Key to Sponsor Dance At Gymnasium After Last Game

A mixer for the A.S.U.I. will be held Saturday night at 9 o'clock, which will follow the championship basketball game, according to Bus Grimm, general chairman. A good time is promised to all students and other people attending this dance. An eight-piece band, under the leadership of Morey O'Donnell, premier leader of the dance bands of this campus. All the high school teams will be guests of the A.S.U.I. at this mixer. The positive lack of amusement on the campus this week-end makes a fact the huge success of this mixer.

Prices Fixed
The price of admission will be fifty cents to boys, and the girls will get in free as was stated in the last issue of the Argonaut. It is the consensus that all students should attend this mixer in preference to any other dance except fraternity or sorority dances. In the words of this mixer's committee, "Let's make this the biggest mixer of the year."

Basketball Was Real Game When Uncle Abner Played It

Editor's Note—The basketball that will be seen during the state tournament will not be the same as it was first played by the founder of the sport, according to reports gathered by the Argonaut's star reporter. The game has developed fast and made rapid strides from its inception in "Uncle Abner's" living room. Although the action has been somewhat cut down by the rules committee, it is still an interesting game.

The story following will give readers first hand information of the game as it used to be played. Action was fast and the play often became furious as the sporting blood was aroused. Many bets were made.

By Bus Gray
Way back when—it seems that Uncle Abner had just returned from town with a brand new set of false teeth and was confronted with the problem of keeping them safe and sound during the long winter nights. After due consideration it was decided that they should be kept in grandfather's shaving mug on the cuckoo clock shelf.

Now Uncle was growing rather old and was, by this time, only a mere shadow of his former self which made it rather difficult to reach the sacred resting place. But folks always have said that no one would ever stump Uncle Abner and, sure enough, it wasn't long time at all until there was Uncle, purty as you please, standing in the soap box tucking his knawing machines away.

Things went fine for some time, but, as the poets say, "He who laughs last gathers no moss"—Uncle's soap box was missing—this was quite a set back for one of his years and Uncle was mighty put it over it, but being of a rather drastic nature he cut loose and threw the teeth smack dab into the cup. Making it the first shot kinda roused his sportin' blood and he backed off and shot her another.

The folks in the parlor heard the racket, and, remembering Uncle's hits, came in to see just what was up.

Well, there was old Uncle Abner crouching in the middle of the room as tense as a bird dog, his white beard sticking straight out in front of him. Now, you can see just how the old folks felt when he whaled away at the cuckoo clock with the only set of

teeth he had; but as the snowy white semi-circle of glittering porcelain settled through the golden ring of the shaving mug the family broke through with a cheer that most night raised the roof.

From then on we never have had a winter evening hang heavy over our household. As soon as the hams were smoked and the bacon salted away, Ma found time to cut tail off one of her hoop dresses and put it up over the Hall door for goal. Lady Luok sure seemed to be on our side and when Paw paid the grocery bill and what old man Humphrey do but give him a big red rubber ball to take home to baby, Ellen Jane, Pop was too sly for this and used it to replace Uncle Abner's false teeth which were getting pretty badly scarred up by this time.

Things settled down to be pretty quiet until spring came and the separator salesman came through to sell a new skimmer. Well, sir, when he saw our new game and played it once—it took four days of hard playin' before he would stop to eat—but we could see that something was wrong because he sat all evening just looking at the fire and not saying a word. Maw said something about it to Paw, but not being of a curious nature "lower" it was his own business what he was thinking about.

About the end of the week he left and I declare it wasn't six weeks after he left until we got a paper and right across the front page was an account of his selling the game and retiring. Of course we were pretty much put out over it but we decided that giving the game to humanity was all God intended for us to do.

Now as we of the family as are living sees the game being played by every high school and college in the good old United States we get a mighty big thrill out of knowing that it was our own Uncle Abner that invented the game.

KNIGHTS TO AID

In behalf of the Inter-collegiate Knights; I wish to extend a sincere welcome to each member of the visiting high school teams, and assure you of the Knight's hearty desire to make your stay as delightful as possible. We hope you and the coaches will enjoy your visit here as much as we appreciate having you as our guests.

Signed: STANTON HALE

THE TABLE-TALK BAKERY

Dial 2304

This is the Idaho Falls high school five which is slated to be in the thick of the fight which begins tomorrow. This squad is probably the rangiest one in the tournament as the players average over 6 feet. The cup was won in the 1931 district play-off at Rexburg. Top row, left to right: Stewart Hodge, guard; A. C. Barringer, coach; Hal Naylor, forward; Second row, Reed Naylor, forward; Gerald Williams, forward and center; Walt Green, forward and guard; Bottom row, Fred Selman, guard; Kay Hart, captain and guard; Eldon Watson center.
