

THETA SIGMA WOMEN ANNOUNCE PLEDGES AT MATRIX TABLE

Spokane Newspaper Woman Will Speak at Formal Banquet April 29

Winners in the Theta Sigma state high school newspaper contest will be announced and pledges tapped at Matrix Table annual formal banquet to be given April 29 by the women's local journalism honorary...

One freshman woman who has distinguished herself in college journalism will be invited to the banquet and introduced during the evening...

SENIOR WOMEN'S HONORARY SOCIETY PLANS BANQUET

Narhex Table, annual dinner given by Mortar Board, senior women's honorary society, to celebrate the jubilee of the organization...

Candidates for Mortar Board are junior women who have proved themselves outstanding in the qualities of scholarship, personality, and leadership...

SPEAKS IN LEWISTON

Miss Katherine Jensen, head of the home economics department, will speak before the state Parent-Teachers' association meeting in Lewiston tonight...

Racketeer Number of Bucket Promises Plenty of Color

Dale Goss was the only available member of the crew of Blue Bucketers that could be coaxed to give out any dope on the next issue of the campus humor magazine...

CAMPUS DAY SET MIDDLE OF MAY

Students Will Clean Campus and Hold May Fete

Campus Day, the annual clean up day on the Idaho campus, will be held Wednesday, May 13...

This year the organization of the day's activities will be different from that of any other year. All the students will work on various committees to clean up and beautify the campus grounds...

STATE DEBATERS IN COMPETITION FOR CHAMPIONSHIP

The University of Idaho will be host this week to the state high school debate and declamatory contest...

Debate is the first event to be run off. Each high school, winner of its district, is bringing both a negative and an affirmative team...

The school winning two debates will win the championship. If no school wins both its debates the championship is to be decided by an evaluation of the teams in a customary manner...

The one-act play contest is to be held Friday night at 7:30 in the university auditorium. Only three plays are entered...

Winners for the western district are: one-act play, Burley; debate, Caldwell; extemporaneous speaking, William Metrick of Bull; oratory, contest, Caroline Gibb of Bull; dramatic reading, Marie Barlow, Burley high school; humorous reading, Fern Lewis, Jerome high school...

Mr. Berry, president of the High School State Debate and Declamation society, is to be here during the contest. The society will present cups and medals to the winners...

The contest is to be sponsored by the university. Contestants will be housed at the fraternity and sorority houses on the campus.

To Meet Idaho

Doris Rutherford, who, with Adena Joy, will meet Thelma Melgard and Jewell Leighton on the Gandhi question tonight.

M. B. TO ADDRESS HONORARY DINNER

Woman Columnist Will Talk To Theta Sigma April 29

Miss Margaret Bean, known to readers of the Spokesman-Review as M.B., the dramatic critic and editor of "And Contents Noted" will give the annual talk to guests of Theta Sigma, April 29...

There is a humorous vein in the individual style of this writer; and verbally conveyed in the relating of "A Newspaperwoman's Experiences", the address will no doubt prove different to listeners who have not had quite the same sort of contacts with the underworld and "overworld"...

Miss Bean is a woman of medium height, has black hair, fast turning grey for a woman of her years, and eyes that would lead you to think that there would be a nose for news beneath. And to attempt a revelation of her private life (if a usually overworked newspaperwoman has any) would take a reporter of fleet foot. And she says little, but must think a lot to place so much entertaining reading matter before the breakfasting business populace each morning...

BORAH TO SPEAK HERE NEXT FALL

Senator William E. Borah, in a letter to President M. G. Neale, has accepted an invitation to be in Moscow next fall at the dedication of the Outlawry of War Foundation Fund...

The money is to be used in furthering work in the world peace movement primarily by lectures. The dedication program is to be held September 24 and 25, 1931. Money O. Hudson of Harvard university, will be the principal speaker...

SENIORS SELECT NEW TYPE CARDS

A new type of Senior announcements will be introduced this year, according to Fred White, chairman of the announcements committee. These announcements will be a booklet of gray leather on a gold background...

CO-ED ARGONAUT OUT THIS ISSUE

Women Journalists Have Entire Charge of Work

This is the annual edition of the Co-ed Argonaut, an issue put out entirely by women, featuring women's activities as well as routine news of the campus.

AGRICULTURE SHOW BEING HELD LAST WEEK OF MONTH

Includes Judging, Parade, And Luncheon During Day

The Little International, one of the outstanding events on the Idaho campus, is to be held April 25, according to Ardie Gustafson, student manager.

This affair, which is modeled on the International stock shows held in Chicago and Portland, is sponsored annually by the college of agriculture.

Entrants in the Little International will be all members of the college of agriculture. There will be duplicates in entrance, but approximately 100 students will be included.

The events of the day, as given by Ardie Gustafson are: Morning judging, This will probably begin about 6 o'clock and continue until noon.

At noon a luncheon will be served in the dairy husbandry buildings. Immediately after noon the parade will take place. It will go from the campus through the business district of Moscow, and back to the campus.

The Little International proper will be held in the evening. At this time all awards will be made by the judges who are men from the Washington State college agriculture faculty, and western representatives of breed associations.

STUDENT ELECTION SCHEDULED SOON

ASU primary elections will be held Thursday, April 16. The election room will be posted on the bulletin board. There will probably be several petitioned candidates in addition to those nominated at the ASU assembly last Wednesday.

Interest in campus politics may bring a majority of the students to the polls on Thursday to put their candidates through with a large vote. The dark horses expected to be run in may cause a divided ballot, so interested students are working to get votes.

As they now stand the candidates are: president, Lionel Campbell; vice president, Harry Robb; secretary, Marthalee Tanner; yell king, Vernon Eaton; senior men, Charles Heath and Randall Wallis; junior women, Austa White and Elizabeth Taylor; junior men, Howard Altnow and Robert Harris; sophomore man, William Tuscon; May queen, Kathryn West; maid of honor, Pearl Walters; and page, Florence Laing.

HONORARY TO PLEDGE EIGHT CAMPUS DAY

Silver Lance Will Choose Men For Next Year. Silver Lance, senior men's honorary, will hold annual pledging on Campus Day, at the May Day festivals. It is customary for the honorary to pledge eight outstanding men from the in-coming class...

O. S. C. Debater

Adena Joy, who is a member of the Oregon State college women's debate, squad which meets the Idaho team here tonight.

IDAHO WOMEN MEET O.S.C. DEBATE TEAM

Melgard And Leighton In First Cross Question Debate

A cross-question debate, the first to be held on the campus this year, will be a feature of the debates between Oregon-State college and the University of Idaho forensic teams held here this week.

Doris Rutherford and Adena Joy are to speak against the Idaho defendants, Thelma Melgard and Jewell Leighton tonight in Administration 311 at eight o'clock on the Gandhi question.

The cross question debate is started with the usual speech from the affirmative. The first negative then cross questions the first speaker for five minutes before he begins his regular talk. He is in turn questioned by the next speaker for the affirmative.

Doris Rutherford of O.S.C. is in her third year of debate work. She has debated for the University of California for two years, winning at that school the Bowen cup for extempore speaking.

Gordan Wicks of the O.S.C. men's team has been a member of the Oregon State varsity debate squad for three years. This year he has debated the chain store question six times. His colleague, Rex Robinson, has debated the question five times. Both men are experienced debaters and prominent in college activities.

JUNIORS TO MEET AT 6 FOR PARADE

The tunes of the "Clown Band" will start the "Junior Circus Parade" winding on its way at 6:30 Thursday evening, April 26, it was announced today by Peter Pence, chairman.

The committee believes that by having the wagons and trucks assemble before the U Hut the parade officers can avoid a great deal of confusion and delay by directing them in the right order to their places in the line.

DEAN OF WOMEN IS IN MOSCOW

Miss Gertrude Bryce, dean of women at the Southern Branch of the University of Idaho, Pocatello, arrived in Moscow Monday morning to be the guest of Miss Permal J. French. Miss Bryce has been attending the annual Inland Empire Teachers' association meet at Spokane last week-end.

COMEDY IS NEAR DRAMATIC WORK

John Emerson and Anita Loos are Authors

"The Whole Town's Talking" by John Emerson and Anita Loos is the comedy hit scheduled to be presented to university playgoers on Saturday, May 16. The sprightly comedy, whose authors were well known humor makers, was a Broadway hit several seasons ago.

McCOY GIVES DOPE ON TEACHING JOBS FOR COMING TERM

The turnover in the teaching profession in the Northwest, including Idaho, is very light this year, said Miss Marie McCoy, director of the student placement bureau, Monday, in discussing conclusions reached from her attendance at the Inland Empire Educational association conference in Spokane last week.

The reason, Miss McCoy explained, is the economic depression. The teaching market, like other markets, has been conservative.

According to Miss McCoy, a few placements have already been made by the bureau, and a number of Idaho people were given definite assurance of employment for next year at the association convention in Spokane. The convention was very successful, Miss McCoy said.

ART EXHIBITION SET FIRST WEEK IN MAY

The annual art exhibition of student work will be held the first week in May, Professor Theodore P. Prichard announced Monday. It will be a thoroughly representative show of the work done by the students at the various art classes in all art classes, and will include water-colors, oil paintings, portraits, composition work, design, elementary drawings, and charcoal work.

Monday Morning Classes Full But Sleep Reigns Supreme

Monday morning after spring vacation, and all the classes are full. That is, every student is in his assigned place. He may be in his seat of study during the course of which memories of the vastly important incidents of the last two days pass in review between him and his harassed prof. Or he may be cuddling a furtive yawn behind his hand. Or, still worse, he may have succumbed to that murderer of "A's" and "drags," sleep.

CAP SALE BEGINS HEAVY WEEK FOR VARSITY JUNIORS

Serenade, Assembly, And Parade Will Show Junior Talent

Junior week began yesterday with the sale of junior caps. It will continue throughout the week, with the climax coming Saturday with the Junior Cabaret, one of the outstanding social events of the year.

A serenade by a mixed chorus will be given early in the week. Wednesday morning the regular 10 o'clock assembly will be given by juniors. The skit will represent the efforts of Idaho students to gain entrance to hell. In order to prove their merits as performers, the students give the hour's entertainment.

Program Is Musical

Most of the program will consist of music. It will include bits by Tom and Helen Kurdy, a picked chorus of six men and six women, solos by Charles McConnell and York Kildee, and numbers by the junior band, consisting of Sidney Walden, George Julian, Charles McConnell, Don Wolfe, Peter Pence, Marie McCoy, Lois Thompson, Ray Kelley, and Bill Hawkins.

Friday evening the Prom will be held in the Elk's temple in town. This is an important social event, and is looked forward to for many months. It is a formal affair, and only a limited number of tickets are sold.

The crowning event of the week is the cabaret on Saturday night, at the Blue Bucket. Small tables are arranged around the dance floor in the cabaret fashion, and favors of balloons, cans, horns, serpentine and confetti are furnished.

Tickets for the Prom and cabaret went on sale today in the main hall of Administration building. They may still be purchased from representatives in group houses. These representatives are: Chud Wendle, Sigma Nu; Charles Ratcliffe, Kappa Sigma; Aldon Hoffman, Delta Chi; Jack Nunemaker, Sigma Alpha Epsilon; Stanton Hale, Phi Gamma Delta; Jack Middleton, Phi Delta Theta; Donald Speer, Alpha Tau Omega; Jack Morgan, Lambda Chi Alpha; Quentin Mack, Beta Theta Pi; Howard Ballif, Sigma Chi; Melvin Coonrad, Beta Chi; William Anderson, Tau Kappa Epsilon; Melvin Rose, Rho Kappa; Eileen Kunkel, Lindley; and Glenn Smith, L.D.S.

There are 320 juniors in this year's junior class.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho, under Postoffice No. 100. Member of Pacific Intercollegiate Press Association.

Editorial and business office, room 203 Memorial gymnasium, phone 2207. Monday and Thursday nights, after 7 o'clock. Daily Star-Mirror ed. phone 2222.

Co-Eds And Journalism

EACH year the co-eds of the University of Idaho publish their edition of the Co-Ed Argonaut. This edition is our version of journalism. Naturally, the women are more interested in the activities of their sex and have tried to play up the Idaho women in this issue. However, realizing that our university is a co-educational institution, we are giving a little space to the men. The mistakes which appear will be laid at our door and we are ready to be responsible for them.

Idaho women are proud of Idaho, of their place in its administration, and of their associations both with themselves and with the men students. It is the wish of the editorial staff of the Co-Ed Argonaut that a better feeling of understanding may be fostered between the women and the men readers of the women's edition. We submit to you the handiwork of Idaho's so-called "fair sex". The Co-Ed Argonaut is dedicated to a better Idaho.

Come On, Shine

WELL here we are back on the campus with Dad's pocket book flat and our trunks abloom with pretty fibbidgets and flutterbudgets. If the sun would come out and the angle worms crawl back to their nests, dens or whatever they have, co-eds would come out in the latest spring colors (everything from black to a dainty sagebrush orange).

Those few who stayed on the campus and caught up on sleep (that strange condition of complete or partial unconsciousness) are that much ahead of those who drove a day down and a day back to the campus and then slept through their 8 o'clock. But on the other hand they didn't have the home town charge account to fall back on or jump on as the case might be.

Co-eds are just darning the weather to brighten up again. Black and white shoes, new coats, and colorful spring dresses in group house closets are just bursting to get out and chum with the mannish tweeds of the campus eds.

Spring on the Moscow campus is as near heaven as most college students expect to get anyway, and when they can take it with new spring outfits, they would mortgage their share of 10-inch wings.

Anglegorms

CONSIDER the lowly anglegorm. He is not only a useful animal, but also a foolish one. The walk to the Administration building has been covered lately with these uncouth creatures who come up from the earth because they like rain. There can't be much of any other reason for their appearance. Just think of the risk they take to get into the swim.

How many of us are anglegorms? Some of us pay a high price to get into the swim of living and so forth. The battlefield of angledom is strewn with the corpses of those who gave one last life for the glory of their Alma Mater. The game must go on. Someday, Angle college expects to whip those rain drops and each man is anxious to do his bit. A rather gory subject, but nevertheless, a pertinent one.

1931 Co-Eds Are Healthier

ARE we getting soft and weak? ARE we losing the sturdy health of our pioneer grandfathers and grandmothers?

Most good-old-day boosters have told us this so many times it is natural that it should become popular belief.

But the fact remains that records for all time are continually being established in all lines of sports. And measurement averages have shown that our college men are steadily getting bigger and stronger.

Now Dr. E. E. Jacobs of Ashland college reports that measurements he has made of 6000 girl freshmen over a period of fifty years show definite increases in height, weight and lung capacity.

It's a conflict of figures and tradition. And anyone who has seen modern American girlhood coveting on our summer beaches will agree that . . . figures don't lie!—Coeur d'Alene Press.

LIBRARY EXHIBIT TO SHOW RARITIES

Unusual Books Will Be On Display In Library April 26

Prized volumes in the university library and the very latest things in books, both as to content and binding, will be on a display which is scheduled for Sunday afternoon, April 26. Miss M. Belle Sweet, head librarian, and her staff will entertain professionally, to show students and townspeople what the university library has to offer despite the limited space which makes it impossible to put many valuable books on the shelves.

In the course of years the university has acquired many beautiful and interesting books, some by purchase and others as gifts. With the very limited space and overcrowded conditions there is little opportunity for students, faculty, and townspeople to enjoy these treasures. To offer such an opportunity, the library staff is planning this book exhibit. A similar exhibit was held here in 1916, but none since then.

To Display Prints

Many of the more attractive books and other publications will be placed in the reading room, where tables will be removed to give more space for visitors. Some of the books to be shown are in natural colors, excellent examples of latest printing processes. Art books of various kinds, costume books and volumes showing Japanese color prints will be included in the display. Smaller books will be placed on the open shelves in the reading room.

A copy of "Agricole de re Metallica", translated by President and Mrs. Herbert Hoover is an unusual

volume, written several hundred years ago about mining. A facsimile copy of one of Dante's works and a facsimile page from the famous Gutenberg Bible are other unusual examples of the printer's art.

How the world has progressed since 1790 will be evident when visitors compare the latest or fourteenth edition of the Encyclopedia Britannica with the third edition. Some of the books will be interesting because of their illustrations, others for the print, illustrations, or age. It is not intended that the exhibit be one of curios, however. Many of the latest technical books, as well as new fiction, drama, poetry and biography will be available.

Contains Valuable Books

Altogether the university library contains over 100,000 bound volumes, and stacks of interesting documents and other publications, some of which are very valuable. Just what investment all the library books at Idaho represent is not known, but the total would easily run into six figures.

"If the university had a new library exhibits of this kind would be held regularly," said Miss Sweet. "As it is now, some of the books which are to be shown must be dug out of storage cases which are well nigh inaccessible. Foreproof vaults to protect the most valuable books in the library are badly needed, in addition to more room."

The exhibit is scheduled for 2 o'clock in the afternoon. Miss Sweet said the exhibit probably would not interest children. She is making preparation for handling a large crowd of students, faculty members and townspeople.

HAD VACATION PATIENT

Philip Ford, Kappa Sigma, was unfortunate in having to spend his entire vacation in the Infirmary. This was the only case reported by Miss Peterson, head nurse.

Anna Bells

DEER MA:

Funniest thing happened. Here was me walking down the hall singing like anything after cuttin my Monday nine o'clock when all of a sudden I stops. Vacation cuts I says to myself. By this time I am pretty scared. What shall I do I says to myself. There dont seem to be much of anything left but break an ankle so here I am in splints and things. But here's what's funny Ma. All of a sudden I remembers that my nine o'clock dont come till Tuesday. But the doctors are as nice as anything and the nurses help alleviate the pain whenever possible. And ma the nicest fella caught me when I fell.

Your loving daughter,
Annabelle

school resumed quietly monday morning flying low under a smoke screen the only casualties occurring to those gallane few who renovated by the attention while on leave remembering the words carry on my child as last spoken by mother braved the deans offices to be struck dumb and otherwise by grades received.

(Apologies to Archie)

Nice of it to rain wasn't it
So the worms could crawl out on the sidewalk for the humor columnist

This photo of a two year-old Argonauticus was taken with the greatest risk by our daredevil camera-woman, Torea Doorknob.

Ma you told me as how I shouldn't speak to any strange men but you never been on the campus ma.

Times are so hard now and eggs are so cheap that the ag students are training hens to lay cornerstones to save college presidents traveling expenses.

There is just about everything on the social calendar this week but a freshman bonfire, and if anyone

Down on the Stanford Farm

... pipe smokers agree with NAVY • HARVARD WASHINGTON COLGATE

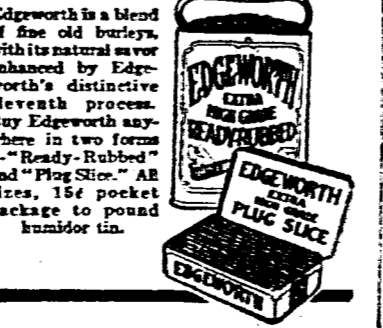

FROM the foothills to the bay? the curling tendrils of smoke from pipes loaded with Edgeworth rise to meet the sunset fire.

In the Stadium before the big games . . . watching spring football practice . . . in the great hall of Encina . . . over on the Row and up on the Hill . . . men of Stanford give Edgeworth the preference over all other tobacco brands.

College men everywhere are turning to Edgeworth! In 42 out of 54 of the leading colleges and universities Edgeworth is the favorite pipe tobacco.

To win the vote of so many college men a tobacco must be good. If you've never tried Edgeworth, begin today! The pocket tin is only 15¢. Or, for generous free sample, write to Larus & Bro. Co., 105 S. 22d Street, Richmond, Va.

EDGEWORTH SMOKING TOBACCO

misses that—there's the old Beta Phi BETA TO ELECT

There will be election of new Phi Beta Kappa members from the senior class in the near future, according to Elmer Beth, journalism professor and vice president of Phi Beta Kappa.

Alpha of Idaho of Phi Beta Kappa is a chapter of the oldest Greek letter organization, founded in 1776 at William and Mary College for encouragement of "fraternity, morality, and literature." At the beginning of the senior year, students who show evidence of scholarly tendency and future promise are chosen from the honor list of candidates for the Bachelor of Arts and Bachelor of Science degrees in the college of letters and science.

PRESS CLUB FETES NEWSPAPER GROUP

Sigma Delta Chi, national honorary journalistic society at Washington State college, will be guests tomorrow at 7 o'clock of the Press club, journalism honorary here, at a banquet at the Blue Bucket inn. Paul Jones is the president, and Elmer F. Beth, faculty advisor of the Press club. Prof. J. L. Ashlock, the Pullman advisor, will be here.

The banquet is to be very informal. President M. G. Neale and George "Cap" Horton, an alumnus of the organization and graduate manager at the university, will give short talks. The dinner will be followed by a round-table discussion.

MESSENGER TO MEET RELIGIOUS COURSES GIVE EIGHT HOURS

Dean J. F. Messenger of the school of education left Sunday evening for Eugene, Ore., where he will attend a meeting of representatives of western colleges in a discussion of college problems. Attending the meeting also will be W. J. Cooper, United States commissioner of education, and Dr. Ben Wood of Columbia university, who will accompany Dean Messenger to Moscow this week to address the university faculty.

A son was born to Mr. and Mrs. Charles Fox on April 7 at the Gridman hospital. Mr. Fox was until a few weeks ago an instructor in the botany laboratory, and is now superintendent of schools at Deary. He is a member of Alpha Tau Omega, and Mrs. Fox is a Tri Delta, both being graduates of the university.

An aggregate of eight credit hours in religious courses will be offered to Idaho students next year. Wayne Smith, president of the board of trustees of the Idaho Institute of Christian Education, is now considering applications for instructor of these courses. Applications have been received from Yale, Chicago University, University of California and University of Southern California. The institute is acting as a holding company for Chi Alpha Psi, new local on the campus. The plan for the new fraternity has been chosen. The design is that of the tri-foil rose windows found above the altars in early Christian churches. It was chosen because it represents the religious purpose of the organizations.

Society

VERY little in the way of social activity took place during the past week on the campus. Spring vacation found the campus practically deserted, very few students remaining. Those who stayed found insufficient activity to make the holiday interesting and enjoyable. Several group houses gave informal dances and invited guests from the other houses to participate.

Sigma Nu, Gives Formal.
Sigma Nu upperclassmen chose Wednesday last as the night on which to give their formal dance. It was the only dance scheduled for that evening and the rest of the college danced at the Blue Buckle inn.

Housemothers chose the brief holiday as a time to entertain. Several bridge parties were enjoyed by them.

Junior Week Planned.
Junior week, being one of the best of the year and coming, as it does, immediately after spring vacation, will be much heralded. The Junior assembly will be given Thursday and it is always a riot of fun. That night juniors will dance at a mixer. From the main event of the week will be given Friday night and the cabaret Saturday night will furnish the merry-making.

The Press club, men's honorary journalism organization, has planned a banquet which will be given Wednesday evening. Three other dances are on the calendar for this week. Kappa Alpha Theta will give a joint informal dance with the chapter at Washington State college. Ridenbaugh hall is giving a formal dinner dance and Forney hall is giving a breakfast dance.

The Sophomore mixer which was scheduled for next week has been postponed. The pep band concert and jazz show will be given a week from Wednesday night. Acts are now in their final preparation and the show should be most interesting.

SIGMA NU UPPERCLASSMEN GIVE FORMAL DINNER DANCE
Wednesday evening, Sigma Nu upperclassmen entertained at a formal dinner dance at the chapter house. The fraternity colors of black, white and gold were the decorative motif.

Patrons and patronesses were: Dr. and Mrs. H. B. Laney, Dr. Frederick C. Church, and Miss Dorothy Shears.

Guests were: Mr. and Mrs. Harold Cornelison, Mr. and Mrs. Floyd Packer, Mr. Frank Tatum, Mr. Alton Cornelison, Mrs. Charles Graybill, Mrs. Edward Jarboe, Misses Mary Murphy, Pauline Pat-erka, Marjorie Weber, Doris Armstrong, Lorna McCain, Caryl Thompson, Virginia Evans, Frances DuSault, Alice Melgard, Helen Lucas, Jane Dunn, Billie Eolite, Frances Hanley, and Charlotte Davis.

Mrs. Thomas Coppage of Seattle, Washington, nee Irma Scholtz, 27, was a dinner guest of Pi Beta Phi Monday evening. Mrs. Coppage is spending a week visiting friends in Moscow.

HANGAUER-ALLEN ENGAGEMENT ANNOUNCED
At an informal breakfast given by Miss Norene Pearce at her home in Spokane on Sunday morning the engagement of Miss Dolores Hangauer to Mr. Carol Allen was announced. A number of Spokane friends and sorority sisters of Miss Hangauer were invited guests. Miss Hangauer is a member of Kappa Kappa Gamma and was a sophomore in the university last year. She is not attending school this year. Mr. Allen is a member of Kappa Sigma fraternity and was a graduate of Idaho last June. He is at present getting his M.A. degree at Stanford University. Their marriage will take place on June 12.

BRIDGE LUNCHEON IS GIVEN BY THREE
Thursday afternoon, Mrs. Scott, Mrs. Smith and Mrs. Curtis entertained some fifty guests at a beautifully appointed luncheon. The affair was given at the Blue Buckle inn. A delicious luncheon was served, after which twelve tables were arranged for bridge, which was played during the afternoon. Dr. Todds were used in decorating the tables, carrying out the color motif of yellow and green. This motif was also used in the place cards and tallies. Mrs. Veach won the prize for high score. House mothers and town women were included in the guest list.

TOWNSEND-BURKE MARRIAGE ANNOUNCED
The marriage of Miss Mary Burke to Harding Townsend was announced at the Sigma Alpha Epsilon house on Saturday. The weeks. Mrs. Townsend is from couple have been married about two weeks. Mrs. Townsend is from for in the school of business. Their marriage took place in Spokane.

WILLIAMS-WINZELER MARRIAGE MADE KNOWN
Announcement was recently made to members of Beta Chi frat-

ernity of the marriage of Miss Frank Winzeler to Miss Louise Williams, Boise. Mr. Winzeler was a graduate of last year and was an outstanding man on the Idaho campus receiving special recognition in the Gem of the Mountains as a representative Idahoan. The couple was married in Welsler, Idaho on January 23.

BETAS DANCE
An informal dance was given Saturday evening by members of Beta Theta Pi who remained on the campus over the holiday. Mrs. Scott served refreshments to the group at the close of the evening. Guests included Geneva Dyer, Cynthia Daly, Betty Wilson, Nina Newman, Ivy McPherson, Valetta L'Herrison, and Marthalene Tanner.

Delta Delta Delta announces the engagement of Agnes Randall, Moscow, to William Moore of Wallace. The engagement was announced at dinner Monday evening at the chapter house. Miss Randall was graduated last year, and is now working for her master's degree, besides doing fellowship work in the Moscow public schools. She also attended the Chicago Art institute. Mr. Moore is an instructor in economics in the university.

MISS BRYCE HONORED BY DEAN FRENCH
Miss Gertrude Bryce, dean of women at the Southern Branch, who is visiting on the campus at this time, will be honored by Miss Fernal French at a tea today. It will be given at Hays hall from 4:30 to 5:30. Delegates from each group have been invited to meet Miss Bryce. Miss French is also giving a breakfast in her honor.

Dinner guests of Kappa Alpha Theta on Thursday evening included Merle Frizzelle, Walter Gillespie, Warren Brown, DeVerne Lewis, Walter Slaughter and Clifton Har-

Bulletin Board

Dynamite clears the way for modern engineering wonders!

The river front area of the Republic dynamite plant near Gibbstown, New Jersey, where the du Pont Company first began manufacturing high explosives

...Can 129 years' experience help YOU?

IN 1802, E. I. du Pont de Nemours, a young French chemist in America, built and began to operate a small powder mill on the banks of the Brandywine River.

Today—after 129 years—the trade-mark of the du Pont Company is well known throughout the industrial world. Du Pont Explosives have played a major part in building the nation's railroads, highways, aqueducts, reservoirs and subways; in clearing millions of acres of land, in mining enormous quantities of coal and other minerals, and in making possible many great engineering enterprises.

Du Pont has never been content merely to manufacture explosives. Its

highly trained technicians have spent years in chemical research... matching ingredient against ingredient... to develop new improvements or to make new explosives that will do a given job better. It is significant that a vast majority of all valuable New explosives come from the du Pont plants.

The information that du Pont has gathered in more than a century and a quarter is available to you. As an engineer of today—and tomorrow—you can't afford not to know all there is to know about DYNAMITE.

Write to the du Pont Company for The Blasters' Handbook—which tells you how to use explosives. Your free copy is waiting for you.

READY FUNDS SPELL OPPORTUNITY

When Rockefeller started in business his capital was \$700 in savings. He always had ready cash to take advantage of opportunities. A bank account that grows spells opportunity. Come in and talk it over with our officers.

First National Bank Moscow, Idaho

The long arm of the telephone operator ~ ~ ~ made longer

How to extend the operator's range five-fold? There's an example of the problems put up to a telephone engineer.

This was part of a study in stepping up the speed of service to distant points. "Long Distance" used to relay your call to one or more other operators. Now she herself reaches the city you are calling, 30 or 300 or 3000 miles away.

Result: in five years the average time needed to complete a long-distance connection has been cut from 7 minutes to less than 2 minutes.

In this industry even long approved methods are never considered beyond improvement. For men of the right aptitude, that viewpoint is a stimulating challenge.

A NATION-WIDE SYSTEM OF INTER-CONNECTING TELEPHONES

BASEBALL SEASON OPENS WITH GAME AGAINST PULLMAN

Will Play Spokane Boosters And Whitman Team First

The Varsity baseball team will play the Boosters of the Spokane city league at Spokane Saturday afternoon. The schedule next falls for two games at Moscow against the Whitman batmen on Monday and Tuesday of the following week.

The first conference games will be played when the Vandals meet the Cougars at Pullman Friday and again Saturday on the Idaho diamond.

Since the University of Washington's baseball tour of Japan has been cancelled, it looks as though the Huskies will come back into the league and the Vandals, according to the schedule arranged last spring, will play four more conference games than they counted on this season.

The infield combination will probably be made up of Clyde Ralder at first base with Jack Lee and Carl Kyselka tending the second and third sacks and Norman Sather in charge of the infield garden. Bill Schute seems to be the most likely candidate for the back-stop job.

Duffy Ineligible

In the outfield Alvin Jacobsen and Elmer Johnson will undoubtedly have the first call to the left and right fields. As Hugh Duffy, a two-year man, is ineligible, the center field job is still open.

Clyde Lindsay has been showing up well as pitcher and the other ball throwers will have to perk up before the season starts to keep up with him.

Considering the hitting average up to date, Coach Fox believes the defense looks stronger than the offense. He is confident, however, that with more practice against good pitching, the batting average of the Vandals will climb.

FAMOUS DRIVER TO SHOW HERE

Harvey White, famous driver of six-horse teams in the Northwest, will attend the "Little International" livestock show to be held in Lewis court April 25. During the show he will drive a six-horse team of gray Percherons from the university stables.

White is one of the most noted drivers in the west. For a number of years he has driven a six-horse team of Clydesdales for the Robert McCrosky stables, Garfield, Washington in the largest shows in Canada and the United States. On very few occasions has he been defeated.

The Sport Shop

By NORMA LONGETEIG

Freshmen women are slated by observers to out-bat and out-pitch other classes in the struggle for championship May 4-15. Many show lack of experience with a few who have never played before, but practice since March 23 has smoothed over rough-spots, and virtually taught some the game.

Juniors and Seniors are showing very poor turnout for baseball. Sophomores are doing slightly better, while freshmen are by far in the majority. Has the sorority activity requirement anything to do with it?

Phi Gamma Delta now holds the head of the list in men's intramural sports with 260 points, but Lambda Chi Alpha needs only 10 points more to tie them. Moreover, tennis and track still remain. The next on the list is Kappa Sigma, with 200 points, 25 of which they lose for forfeiting a horseshoe game. Other runners-up are Sigma Nu, 170; Beta Chi, 155; Phi Delta Theta, 150, and Beta Theta Pi, 145.

If weather is any indication, Old Sol is radically against women's tennis. Jupiter himself has upset the rainbarrels so often that rackets have stayed in their cases most of the year. The ladder tournament this spring takes the place of the elimination tournament called off last fall because of poor weather, and if the courts have a chance to dry-off it will be over by April 26.

The women are divided into four ladders by classes. The class tournament will be played off April 27, the women placing first in each class contending for the singles honor, and second and third winners for doubles.

Freshmen, as usual having over twice the number of the other classes, promise well.

Varsity spring football began yesterday. Coach Calland is putting several neophytes through the paces. Felton, Smith, Bearson, and Norby are young backs making strong bids for varsity honors next year. If the "Coach" can succeed in weaning the tackles the team would look O.K.

Weather interfering as usual with Idaho sports, varsity tracksters have been kept inside most of the spring, but Anderson will no doubt have the chance soon to get his men in the open. The meet at W.S.C. last week showed enthusiasts that Idaho has the stuff of which tracksters are made, and though we lost to the Cougars, we have another meet April 25 with Whitman, from whom we won once, and the Seattle Relays May 2, both of which should make the Vandals itch for another tussle with W.S.C.

The interscholastic track meet must be over by May 21.

Women are becoming interested in the clock golf tournament to be held May 15-22. Anyone with some knowledge of golf and some entirely new at the game, should be able to hold his own here. The tournament consists entirely of putting.

May 1 is the first varsity conference baseball game. The Vandals will be pitted against O.S.C., and though the record of four losses and one win against Whitman two weeks ago might not look encouraging, the fiasco will show up many of the batmen's weak points for correction. Fox has been whipping his men into shape, and has over two weeks left. In this time we can expect a lot of improvement from the nine.

TO INSPECT R. O. T. C.

Lieutenant-colonel Jerome G. Pillow of San Francisco will inspect the Idaho regiment of R.O.T.C. on April 29 and 30 at MacLean field, according to General Malin Craig of the ninth corps.

On May 11 and 12, Major Yancey of the fourth infantry of Fort

George Wright will inspect the classroom sections and cadet corps. Last year, the inspection, which is an annual affair, was conducted by Major S. S. Eberies of Fort George Wright at the same date. Final inspection was carried on last year by Edmund C. Waddill of San Francisco.

IDAHO SECOND IN PULLMAN MEET

Despite lack of practice out of doors, Idaho's track and field men placed second by a margin of 30 points in a triangular meet at Pullman, Saturday. W. S. C. was first with 87 points, and Whitman third with 13.

The Vandals have had little chance to develop this season, as bad weather has confined them to inadequate training quarters since the initial turnout. However, in their first meet the Vandals took first in the high and low hurdles, the half mile, mile, two mile, and tied for first in the broad jump.

Bernard Lemp, Boise, won the high hurdle event with ease. By mid-season he should be the best hurdler in the northwest, if not on the coast. Norman Alvord, Twin Falls, had things all his own way in the low hurdles. John Thomas, a California boy, grabbed off a first in the half mile.

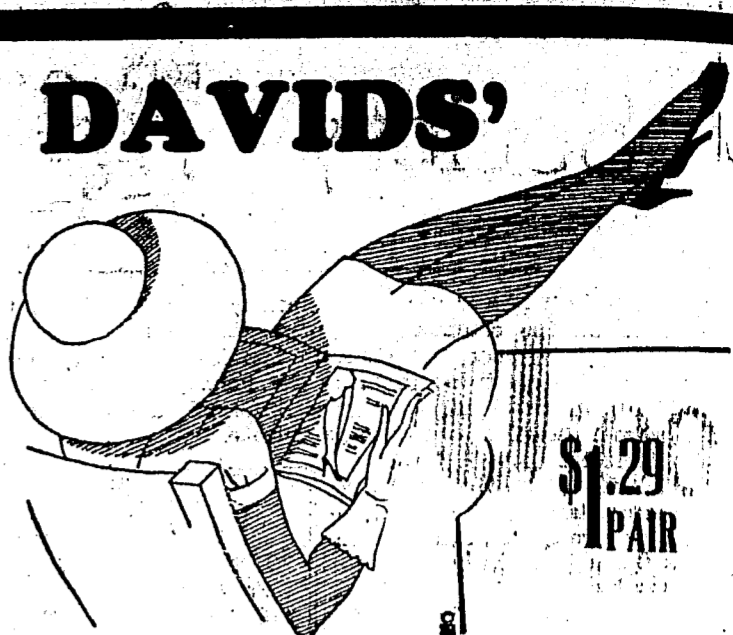

Captain "Chuck" Heath, Rigby, won both the mile and the two mile. Bill McCoy, another Californian, tied for first place in the pole vault, with a jump of 12 feet, then sailed over the bar at 12 feet 6 inches a few minutes later. He has jumped 13 feet. Coach Otto Anderson expects him to develop

rapidly with a few weeks of outdoor training. "Sig" Jossie, Meridian, took second in both sprint events and the broad jump. Earl Williams, Idaho Falls, had a decidedly "off day," and placed third in the shot put, javelin and discus.

REPORTS CRIPPLE BABE TRACK TEAM

Ineligibility swooped down on the Vandal track camp Tuesday and carried off just about half of the freshman track team. Coach Otto K. Anderson, after looking over what is left of the frosh team, is wondering whether he would rather have the half he has or the half he lost.

The chances of the Vandal Babes in the sprints, middle distances, javelin and high jump were lessened considerably by the loss of the following nine men: Willis Smith, Boise, sprints; Golden Fowler, Gooding, 880; Art Ross, Kellogg, weights and javelin; Howard Albee, Weiser, javelin; Wilbur McConnell, Tuttle, high jump; Howard Grenier, Hammett, weights and javelin; Wayne Kenworthy, Hansen, hurdles and jumps; Gerald Fogle, Moscow, 440; and Dave Curtis, Moscow; hurdles and jumps.

DAVIDS'

an event inviting careful examination!

—Careful shoppers will best appreciate these chiffon, dull silk hose — silk from top to toe, cradle foot, French heel, full fashioned of course — in the very new colors — more than notable at the price, \$1.29 a pair.

Cool All the Way Down

If you inhale, you can quickly tell the difference between fresh and stale cigarettes. A Camel, protected by the Humidor Pack, retains its natural moisture, and gives you a cool mild smoke. But when you draw in the smoke from dried-out stale tobacco, it's hot and irritating to the throat.

If you haven't discovered this difference, we suggest you switch to Camels for just one day. Then leave them tomorrow, if you can.
