

COAST COLLEGES EXCHANGE IDEAS AT ARIZONA MEET

Students' Presidents Discuss Campus Problems

Lionel Campbell and Charles Graybill recently returned from the Pacific Student Presidents' association conference...

They were entertained Wednesday night at the Blue and white weekly mixer...

Six meetings were interwoven into the well-planned social program at which student body problems were fully discussed...

Officers Elected. At the last meeting held on Saturday, May 23, officers for next year were elected...

After attending one of the P. S. P. conventions, stated Lionel Campbell, "I am thoroughly in accord with its principles and activities..."

New Ideas. Among the many points suggested at the convention several may be found applicable to our student government next fall...

"Next fall a series of articles explaining in more or less detail the discussions of this convention will appear in the Argonaut..."

"Next to Idaho the students on the Arizona campus possess the most democratic spirit of any I've seen..."

"Next year the annual meeting will be held at Seattle; next year it will be at U. C. L. A. at Los Angeles during May..."

ASSEMBLY PLAN MEETS SUCCESS

T. S. Keer, head of the public events committee, has tried out a new idea in having assembly programs only when some outstanding or particularly interesting number could be obtained...

A review of the programs indicate the quality of the year's assemblies: Burton L. French, who spoke on international relations...

Next Convention Here. The convention next year will be held in Moscow, and the Intercollegiate Knights were treated royally at the convention in Montana...

PRESIDENT HAS HEAVY SCHEDULE

Goes to Pocatello for Branch Exercises Today or Tomorrow.

The past two weeks have been full of travels for President M. G. Neale. During that time he has appeared in seven Idaho cities as the principal speaker on the commencement programs...

Addresses have also been made by the president at Southwick, Lewiston, Bonners Ferry, Sandpoint and Kellogg.

HADLEY INJURED IN CAR ACCIDENT

Rowe Leaves Imprint Of Teeth in Metal Dashboard

Clayton Hadley, Rupert, was injured in a car accident, Tuesday, when the automobile in which he was riding crashed into a freight car standing on the tracks at the South Main street crossing about midnight...

Others in the car, all of Moscow, were Chester Thomas, the driver, who suffered from torn ligaments in his right arm; Kenneth Frazier, who has a twisted spine; and Bernard Ramstedt and Earl Standley, who received only minor bruises.

EULOGIZE STEVENS' 1885 EXPEDITION

Luncheon And Erection of Marker Commemorate Palefaces' Arrival

More than 250 attended the historical luncheon at the Elk's temple Wednesday noon commemorating the coming of Isaac Ingalls Stevens' government expedition to Paradise valley, the best white men to view the Palouse country...

Dr. C. J. Brosnan, American history department, was chairman and first introduced J. L. Naylor, Eight Moscow pioneers were introduced to the audience.

RE-ELECT HEATH PRESIDENT 'I' CLUB

Members Are Given New Gold 'I' Club Pins. In a meeting Thursday night, Charles Heath was re-elected president of the 'I' club. Other officers elected for next year were: Bernard Hemp, vice president; Stanton Hale, re-elected secretary-treasurer; and William Bessley, sergeant-at-arms.

New club pins were given to the members during the meeting. The new pins are a small gold 'I' with a picture, representing the sport which participated in, engraved on the top.

The women's I club will meet Saturday at 1 o'clock in the women's gymnasium for election of officers for the coming year.

ANNOUNCE PLANS FOR HANDLING OF IDAHO VISITORS

Expect Record Crowd to Attend This Year's Graduation Exercises

Arrangements for handling what probably will be the largest number of people ever to attend a commencement at the University of Idaho have been completed by the public events committee under the chairmanship of Professor T. S. Kerr. Preparations have been made to accommodate a crowd of more than 2000, from every section of Idaho.

Alumni of the university have their day Saturday, June 6. Local arrangements for Alumni day are being handled by the Moscow Alumni association, of which J. E. Buchanan, assistant professor of civil engineering, is president.

HADLEY INJURED IN CAR ACCIDENT

Clayton Hadley, Rupert, was injured in a car accident, Tuesday, when the automobile in which he was riding crashed into a freight car standing on the tracks at the South Main street crossing about midnight...

Others in the car, all of Moscow, were Chester Thomas, the driver, who suffered from torn ligaments in his right arm; Kenneth Frazier, who has a twisted spine; and Bernard Ramstedt and Earl Standley, who received only minor bruises.

RE-ELECT HEATH PRESIDENT 'I' CLUB

Members Are Given New Gold 'I' Club Pins. In a meeting Thursday night, Charles Heath was re-elected president of the 'I' club. Other officers elected for next year were: Bernard Hemp, vice president; Stanton Hale, re-elected secretary-treasurer; and William Bessley, sergeant-at-arms.

New club pins were given to the members during the meeting. The new pins are a small gold 'I' with a picture, representing the sport which participated in, engraved on the top.

The women's I club will meet Saturday at 1 o'clock in the women's gymnasium for election of officers for the coming year.

City Dads Silence Teke Cannon When Neighbors Complain

The Tekes did not fire their Civil War cannon, the middle of this week when Idaho won a ball game. An unofficial injunction has been placed on the patriotic relic since it disturbs the quiet peace of the neighbors surrounding the campus.

Two weeks ago the T. K. E.'s fired the field piece, after it had been loaded with gun-powder and wet rags. Over the crest of the hill came the city's police force and "padded" the muzzle.

FOSTER TO TALK AT GRADUATION

Delivered Commencement Address Here In 1915

Dr. William Trufant Foster, who comes from Newton, Massachusetts, to deliver the commencement address for the class of 1931 here next Monday, served in a similar capacity on the Idaho campus once before-back in 1915 when M. A. Braznon was president of the university.

The baccalaureate speaker comes to Idaho from Victoria, B. C. He is Dean Cecil S. Quantin, graduate of Queen's college, Cambridge, now rector of Christ church cathedral in Victoria.

Dean Quantin has spent the greater part of his life in England. He came to Canada in 1914. He was ordained by the Church of England in 1894, and served at several parishes in Yorkshire. His first pastorate in Canada was at Brandon, Manitoba.

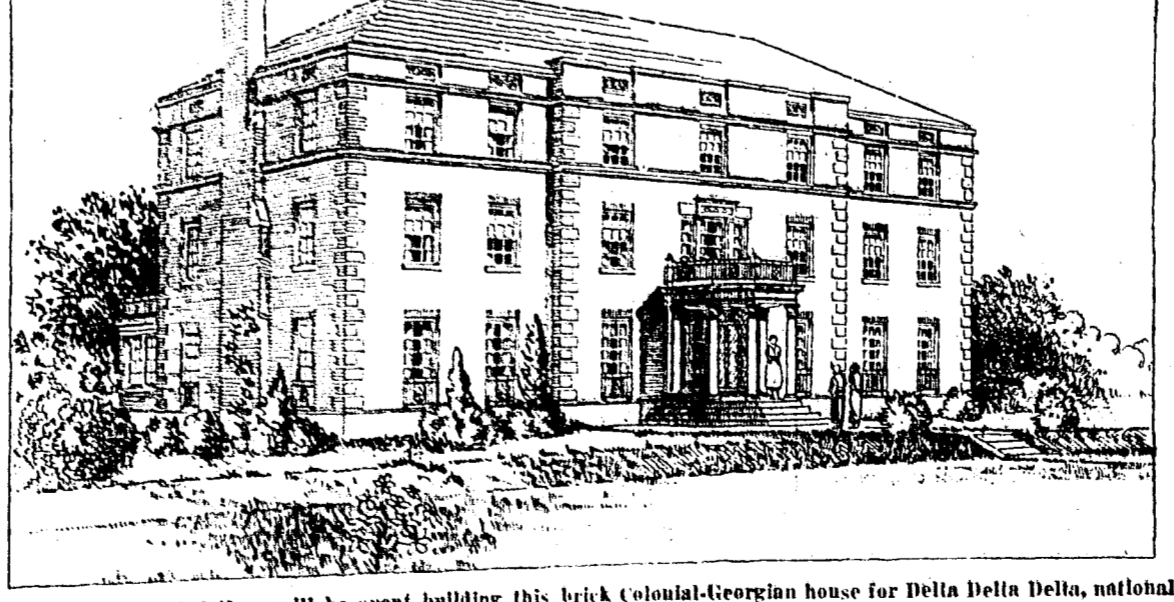

OREGON PAINTERS EXHIBIT PANELS

Sixty Paintings Hung in Science Hall Gallery.

Water colors and oils have been used as the medium for 60 panels painted by artists of the state of Oregon that are now on exhibition in Science hall. The gallery has been collected by the university art department and went on display today.

The exhibit on the third floor is open to the public. It will be held in Moscow this week and through commencement week.

TRI-DELTS BUILDING NEW HOME

Forty thousand dollars will be spent building this brick Colonial-Georgian house for Delta Delta Delta, national social sorority at the corner of Elm and Sixth streets opposite the Alpha Phi house. Contractors expect to have the house ready for occupancy next fall.

INTERFRATERNITY COUNCIL ADOPTS PLEDGING RULES

Regulations Are Practically The Same as Those Used Last Year

The interfraternity council, at its regular meeting, adopted the pledging rules for next year. The rules are practically the same as last year. The following rules were adopted: 1. Each house shall submit a signed check for \$50.00 to be held as a bond in case a fine is levied.

BURSAR'S OFFICE SENDS ULTIMATUM

Students Must Pay All Debts To University Before Grades Are Issued

The bursar's office has issued two announcements to students during the last week. Official notice is being given that all bills owed to the university must be paid before grades will be given.

EXECUTIVE BOARD GIVES POSITIONS

Action on the recommendations for wrestling and debate awards and nominations of athletic managers for next year characterized the executive board meeting last Tuesday evening.

NEW GEM FINEST OF ALL ANNUALS, SAYS 1928 EDITOR

Adds New Features To Best of Previous Years

From the beautiful opening pages done in three colors on buff paper stock to the closing scene, a half-hundred of the Ad tower on a hazy afternoon, the 1931 Gem of the Mountains will rank with the best of college annuals of the current year a rating long sought by Idaho editors.

LAW MAGAZINE SOON TO BE OUT

The second edition of the Law Journal has gone to press and will be out in a few days. The circulation of the journal is increasing rapidly and new subscribers are being added in every day.

Wayne F. Blair, editor of the 1931 Gem, who is at present fighting for his life in a Spokane hospital, ignored the rules of short hours and plenty of leisure in college in an effort to produce a really fine volume of the Gem of the Mountains, and his tireless work and co-operation of his staff is manifested in the volume just off the press.

SELECT McCAIN TO GO TO CAMP

Also Elect Officers of the Club For the Coming Year.

Lorna McCain was chosen by the Hell Divers' club last night as delegate to the First Aid and Life Saving institution at Jwinwood training camp, Lake Hicks, Washington.

The interfraternity council, at its regular meeting, adopted the pledging rules for next year. The rules are practically the same as last year.

Rogers For President!

A BUTTE, MONTANA, newspaper in a recent editorial commented in a facetious tone on the possibility of the cowboy humorist being presidential timber. The paper claimed that Will Harbord such an ambition in the back of his head, but as yet didn't know which party to offer his talents. Rogers' qualifications exceed in many ways some names offered at the polls before, the Montana comment noted. First, he has been mayor of Beverly Hills, movie star colony, center of regal homes for Los Angeles section, and the plumber's paradise with \$25,000 bath tubs in profusion. Second, Will is widely known in Europe and Mexico because of his extensive travels. Third, he would carry the "solid south" by his recent drought relief expedition. Fourth, he can out-wisecrack Mayor Jimmy Walker or Mayer Baker, Portland. Fifth, Will Rogers is known favorably throughout the United States for his daily squib.

Herbert Hoover officially opened the national campaign today at Valley Forge, Pennsylvania, with a weighty address on the social and economic ills. Those problems are not new to Rogers. He commented on them the first day they appeared. If it takes this long for the two great national parties to "spark" on things of the moment, Rogers should be nominated for president on the platform — "Action right now."

This week the artist and philosopher was looking into the future War of Nations when he spoke of the diplomatic aspect of the American mayors' junket to Europe. If Rogers is not elected for president, the War of Nations will be going four years before the Democrats and Republicans wake up to the fact.

Will Rogers for President! After all, why not?

Sleeper Sam

O-HELL-O. Or maybe it should be good bye. Before long a lot of breadbunch will have a fresh bunch of college graduates to stir up business. My, how files are temp'ing. My, how files are timing. Here it is time for finals and the Idaho Horse Show again. As we look back over the year ask yourself what you've done to make Idaho better for posterity. Have you done your bit... oh, well, what does it matter? Just a little advice! When the prof says he'll give you one more day to get that report in, ask him if the Fourth of July will be all right.

A FAREWELL LAMENT

To the Seniors (God Help Them) Goodbye, you lucky senior guys. You certainly pulled a big surprise. It seems almost to good to grasp, to think we're rid of you at last. For four long years and sometimes five you've been the only ones alive. We certainly had to see you go. Ye Gods! we're sad to see it so. The path ahead is bright for you. Now let us see what you can do. The world awaits with open hearts to give you fellowers helpful starts. Just step up to some effluence, and slap his back and say, "I'm here!"

Or take the reins of enterprise; it should be easy for you guys. You've got it soft, you lucky lifts. The outside world will give you lifts. You'll never have to stop and think where you will find your eats and drink.

These possibilities may sound phoney. You know yourself it's all boloney.

FAMOUS COLLEGE SONGS

The Discarded Bathing Suit Song
"Jantzen With Tears in My Sides"

Honey, don't you just ADORE those chimes? So wonderful, so thrilling, so soulful!

You'll have to speak a little louder dear, I can't hear what you're saying for the noise those damn bells are making.

SIGMA XI HAS NEW PRESIDENT

Claude Wakeland Heads Honorary Scientific Group; Others Are Initiated Here

Officers were installed and a large number of members initiated at the annual banquet of the Idaho chapter of Sigma Xi, scientific fraternity, at the Hotel Moscow Saturday evening. Prof. Claude Wakeland, entomologist at the university, was inducted as president.

Other officers will be Prof. L. C. Cady, vice president; Prof. A. M. Sowder, treasurer; and Prof. W. H. Cone, secretary. The board of electors will consist of Dean C. W. Hungerford, Dean I. C. Crawford, Dr. J. A. Kostalek, Prof. A. W. Fahrwald, Prof. Eugene Taylor and Dr. E. E. Hubert.

Initiates were Dean J. W. Finch of the school of mines, Donald Theophilus, Edwin C. Jahn, faculty members. Associate members inducted were Jean Edmiston, Vivian Edmiston, James Hawkins, George Jenkinson, Clayton Loosli, Joseph Newton, Harry Owens, R. T. Penninger, Mark Plungian, Paul Rice, E. L. Tullis, Harold Wayland, Paul Wocley, H. S. Disna and Ardie Gustafson.

Prof. Fahrwald, retiring president, gave an address.

The young TKE pledge leaned over the end of the big, overstuffed sofa and whispered. The rest of this is on page 15 of the Bucket "Racketeer."—Adv.

Alumni Notes

Burton L. French, '01, is being prominently mentioned as a possible successor to the late Nicholas Longworth as speaker of the national house of representatives. Papers state there is considerable talk among western congressmen favoring French for the position. He has served 12 terms in congress, and although ranked among the conservatives, he has kept the friendship of the progressives as well. As the house is split, there is a considerable amount of uncertainty as to which party will name the speaker. The position is one of the most responsible in our government, ranked by some on a par with the presidency.

Paul Imbert Priest, five-months-old son of Mr. and Mrs. A. J. Guehn Priest of New York City, has received about as much publicity as the famous Lindbergh baby. Governor C. Ben Ross appointed him a lieutenant colonel on his staff, making him the youngest commissioned officer in the world. He has been photographed by two sound reels, and his picture has appeared on the front page of nearly every large newspaper in the country. His father, '15, is with the Electric Bond and Share company.

Carl G. Paulson, engineering graduate with the class of 1913, heads the surface water division of the U. S. geological survey, one of the most important positions in the whole organization, and one of the big engineering jobs in the United States. He has administrative supervision over all of the 32 districts of the survey, covering the United States and the Hawaiian islands. His head quarters are at Washington, D. C. He was promoted to his present position from his post as district engineer in charge of the Boise district.

LarBern Borell Keys, '21, is with the Alaska Agricultural College and School of Mines, up there near the Arctic circle, and would give a lot to be able to be at the reunion of the Class of 1921 at commencement. "This school is a healthy youngster," she writes, "but by no means have I transferred my allegiance." The Alaska college, also, is hoping for a library, and a museum, to be constructed this summer. She mentions a \$50,000 ice pool. People buy chances, and the one who guesses closest on the break up of the ice in the spring collects. Not bad.

Six or seven years ago, Bob Fitzke, '25, and Syb Klefner, '25, were doing bigger and better things for Idaho in football. Both of them are now coaching. Klefner at Lewiston and Fitzke at Scranton, Pa. In addition, both are grooming young sons as future quarterbacks for Idaho. If said sons inherit their dad's gridiron tendencies, Idaho will have some real backfield men.

Paul Rudy, '29, has recently been transferred from New York City to the London office of the Paramount Publicity Theatres company as assistant to the superintendent of construction.

Mary Mable Morris, '28, is a laboratory technician in the Emanuel hospital at Portland, Ore. Jane Haley, '30, has a similar position at the Deaconess hospital at Spokane.

"This weather makes me yearn for the far west and old friends," writes Bob Fitzke, '25, who is coaching at Scranton, Pa. During the summer Fitzke is a golf pro at one of the local Scranton clubs. "Am following it as I believe it is the coming thing in colleges," he says.

Leland Chapman, '28, is with the U. S. bureau of standards at Washington, D. C. Paul Ballif, '26, also with the bureau, comes back to the campus for commencement to receive a professional degree, mechanical engineer.

Donald K. David, '16, is a member of the board of trustees of the Bowers Savings bank of New York City, the largest mutual savings bank in the world—that in addition to some of the biggest jobs in New York.

She had taken her fun as she found it. And one was a lad of eighteen. Poem continued on page 12 of the Bucket "Racketeer" number. —Adv.

Swiss Trained Sweep Here With Book of College Soot

Yodelling John Lenney, the traveling intercollegiate, chemistry sweep, is on the campus to clean chimneys of the Greek letter fraternities. Lenney has certain peculiarities which place him above the common chimney sweep. John, has taken to specialization, perhaps not from the advice of Chic Sales, but from the realization that a successful man must be a specialist.

And is John successful? He has received more publicity than Aimee McPherson and Will Rogers combined, if all of his clippings were laid end to end it would supply enough tape for another stock market depression. So much for statistics!

John has two unique publicity obtainers, he distains to clean any chimney but those of Greek letter fraternities and he yodels at his work. His ability as a yodeller 'tis said, would put to shame a lifelong resident of the great cheese country; his technique in the chosen profession is proven by a prodigious book of references he carries with him.

This book contains letters of introduction from colleges all over the land. One letter describes him as "The aristocrat of chimney sweeps, an excellent yodeller, a teller of risqué stories, a singer without peer, a crack entertainer—he is well worth meeting."

Hoop skirts have disappeared, but this chimney sweep remnant of a dying profession is keeping up with the times tho his effort necessitates an Orpheum repertoire stored under his high hat and the spirit of a trouper beneath his true professional apparel.

BUSINESS FIRMS CLOSE SATURDAY

Stores of Moscow, banks, county and city offices will be closed Saturday, Memorial day. The holiday is one of those approved by merchants' associations and all stores and offices will observe the day that their clerks and employees may have a two-day vacation over the week-end.

The Star-Mirror, cooperating in making the day a general holiday, will not publish its Saturday paper.

MUSIC PLANNED FOR GRADUATION

Vandaleers, Orchestra, and Band Are To Play

Commencement this year will be one of the most musical graduation events ever held at the university, with the Vandaleers, the university symphony orchestra, and the R. O. T. C. military band.

The Vandaleers were added as a special attraction, and will appear on both the baccalaureate program and the commencement exercises. The R. O. T. C. band will give a concert in front of the Administration building at 3 o'clock Sunday afternoon. This band concert is a regular feature of commencement each year, and always attracts a large crowd of visiting and townspeople.

The orchestra will play the graduating seniors in and out of the Memorial gymnasium Sunday and Monday—professionals and re-creational, the program calls their numbers.

Something different will be a recital Saturday night for parents of graduates and visitors on the campus. More advanced students in the department will present the program, assisted by faculty members. Years ago the recital was a scheduled event.

TWO GET TREATMENT

There are two students in the infirmary for treatment this week, reports Edna Peterson, resident nurse. Stuart Kimball is receiving treatment for a cold. Bachittar Mahngar is confined there due to an operation, which was performed last week.

W.S.C. FROSH WHIP VANDAL RUNNERS

After tying the Cougar Kittens 65 1/2-66 1/2 in a track meet last week, the Bandal Babes met them again last week and lost a close meet 76-55. W. S. C. won the relay to widen their margin.

Kalbus, Idaho sprint man, won high honors of the day with 10 plants, taking firsts in both 100 and 220. His time in the century was 10.2. He turned in a good furlong with a 22.8. W. S. C. walked away with the weights, taking firsts in the discus, shot put, and javelin. Cruise nosed out Bowker of Idaho with a spear toss of 175. Bowker's best throw was 169. In the first meet, Bowker won from Cruise. Companion of W. S. C. won the shot. The discus was won with a throw of 116 feet.

Livingston, Siple Idaho Stars Livingston turned in some beautiful races in the middle distances, win-

ning the half-mile and taking a second place in the mile. He ran a fast half, turning in a 2:01. Siple, long-winded yearling two-miler, won his event without much effort.

Squance ran a remarkable race over the high barriers winning it in the exceptional time of 15.8. The low hurdles was won by a W. S. C. man with Bjorkland, Idaho, taking second, and Schmitz, Idaho, taking third.

CREIGHTON'S

Society

DALETH TETH GIMEL is bringing this year's social activities to a close with a picnic dance to be held at Kennedy Ford tonight. Dinner is to be served at 6:30 and dancing will follow the picnic. Williams Ames' orchestra will furnish music. The music department presented a recital at the auditorium Tuesday night. The program featured Gladys Gleason, pianist, and Dorothy Fredrickson, soloist. Several group houses have been entertaining for their seniors the last week. Banquets and "tubbings" seem to be the most popular means of entertainment.

Year Is Socially Successful

The social calendar for this year has been one of many varied and clever affairs. The year opened with the usual teas and rushing parties. Pledge dances were the next activities to cause comment. These dances are always among the most enjoyed ones because they open the dancing season. The dramatics department put on several plays during the year which offered diversity for week-end enjoyment. Those interested in music were given chances to attend several recitals presented during the winter and spring.

After the Christmas holidays, initiation dances began, and closely following these were formal and spring dances. Flowers and colored lights were the most popular decorations for these events. A few of the groups turned their houses into cabarets, Japanese gardens, roadhouses, and carnival scenes for their dances. Even Palm Beach and Holland were represented this year. Besides group house entertaining, Senior ball, Junior week, Campus day, the Freshman glee, and the Sophomore frolic, will be remembered long by those who attended.

Along with warm weather and spring fever came picnics. Lots of fun, food, and aches were symbols of these affairs. It's been a year of social achievement, and it will be something to remember during the summer until fall comes, bringing with it a new school year and a new social calendar.

Doctor and Mrs. G. M. Miller entertained with a farewell dinner Tuesday evening for Captain and Mrs. B. M. Crenshaw, and Dr. and Mrs. R. M. Mosher, who are leaving within the next two weeks.

REPORTERS WRITE VOLUME OF NEWS

More than 72 columns of news, written by students in the reporting course under Prof. Elmer F. Beth, were published in the Daily Moscow Star-Mirror since February. This figure does not include headlines.

The results were tabulated from "strings" of clippings kept by the students. Last semester the class "strings" amounted to 41 columns.

If the student "strings" for the past year were pasted end to end they would make a column of news 188 feet long. If this news were "made up" with headlines and normal advertising, it would fill a 44-page edition of the Star-Mirror.

Taking regular assignments from Louis Boas, editor, students worked six hours each week covering courts, city hall, postoffice, schools, churches, meetings, accidents, banks, speeches, society, interviews, and politics.

Charles Gellinsky ranked highest this semester with a string of 279 inches; Mary Murphy was second with 244; Wayne Farley ranked third with 204. Others in order were Norma Longeteig, 183; Lucie Womack, 178; Jack Puhl, 143; Lillian Westler, 121; and Leland Knight, 103.

ALUMNI DAY IS PLANNED

Members of the Moscow Alumni association, who have charge of the arrangements for Alumni Day, have asked that all group houses entertaining graduates notify them of the events listed on the commencement program for Saturday, June 6.

They particularly wish every alumnus in the city on that day to be present at the business meeting Saturday morning, the luncheon at noon and the banquet and dance in the evening. Alumni can get particulars from Jess Buchanan at the Engineering building, or the publications office, room 106 A.

OFFICERS ELECTED OF CHEMISTRY CLUB

The final meeting of the Idaho Chemists was held at the Blue Bucket inn, last Monday. Professor L. C. Cady, of the chemistry department, gave a short informal talk. Officers elected for the coming year were Malcolm Renfrew, president; Elton Reeves, vice president; Dale

STUDENT RECITAL ENDS MUSIC YEAR

A final student and faculty recital is scheduled to conclude the 1930-31 music season here at the University of Idaho. On Saturday evening, June 6, this recital will be held at the University Auditorium in order that commencement visitors may have an opportunity to attend.

The past year has been marked by a number of outstanding achievements in the music department. In addition to an unusually large number of student recitals, the popular Vandaleer Chorus was organized early last fall and made its first public appearance in December.

The only faculty recital given during the year took place in the early fall and introduced Miss Agnes Marie Botine to University circles. Two appearances of the University symphony orchestra were outstanding—one in February and again in the late spring when Miss Isabel Clark played a piano concerto, the first ever given here. At about this time also a piano was presented to Miss Clark by the Music Department in recognition of her services.

Expressive of the untily existing University of Idaho proper, a Sunday afternoon concert was held here on May 3 at which members of the Southern Branch faculty appeared.

MILLER LAUDS NEW TEACHERS

Work of the three new heads of special departments who came to the university last fall was mentioned by Dr. G. M. Miller as being outstanding in the English department this year.

Fred C. Blanchard of dramatic art, A. E. Whitehead of public speaking, and Elmer Beth of journalism are the new men. Their work this year has been commended not only by members of the faculty, but by the students.

The new plan for conducting sophomore literature inaugurated this year has been very successful, stated Doctor Miller. The classes are divided in sections as in freshman English, and conferences are given just as in the first year groups.

Of special note is the fact that practically every member of the English faculty has been doing graduate work. Four members of the staff will receive their master's degrees this spring. They are Lester Schuldt, Pauline Matthews, Agatha Harding, and George Cerveney. Others who have completed their work for master's degrees are Robert Lansberry and Mrs. Mary Schoek.

In the absences of Professors John Cushman and Geoffrey Coope this year, Professor Schuldt has been carrying a good deal of the advanced work.

LOIS PORTERFIELD GETS APPOINTMENT

Lois Porterfield has received an appointment for the family case course in the school of applied science of the Western Reserve university, Cleveland. The course includes 21 months of study for a degree of master of science (social administration.) The work which accompanies the study is social welfare work connected with welfare organization of Cleveland.

She will attend summer school here and will spend the remainder of the summer with her parents in St. Maries. She will be in Cleveland by September 1. Western Reserve will be open September 21.

Miss Porterfield is a member of Delta Sigma Rho, forensic honorary. Spurs, Women's "T" club, W. A. A. past president, and Pi Beta Phi social sorority.

WICKWIRE ELECTED

Parker Wickwire was installed Tuesday evening as captain of Scabbard and Blade, honorary military fraternity. The other officers installed were Edward Jarboe as first lieutenant, Winfred Janssen as second lieutenant, and Ted Helmer as first sergeant.

HALE IS ELECTED NATIONAL OFFICER

Is Royal Duke Of Knights For The Coming Year

With the winning of the silver trophy cup for the chapter having made the most advancement during the year, the Idaho Ball and Chain chapter of Intercollegiate Knights closed a most successful year. The silver cup is presented each year by the Octonek Knitting Company at the annual convention, which was held this year at Montana State college, Bozeman, Montana, May 14-16.

Among the new officers to be elected at the convention is Stanton Hale, University of Idaho, who was elected Royal Duke. Other newly elected officers are Marty Wilson, University of Washington, Royal King and Arthur Buckley, Montana State college, Secretary-Treasurer. Stanton Hale and Arthur Buckley were also presented a key for outstanding work and service during the year.

The officers for this year of the Idaho chapter were: Stanton Hale, grand duke; Winfred Jansen, Treasurer, and Jack Mitchell, Scribe. The Homecoming Rally dance last fall was sponsored for the first time by the Intercollegiate Knights. It was a financial success which carries them through all expenses for the year and also made it possible to pay the expenses of three delegates to the Montana convention.

The newly elected officers for next year are: Jack Mitchell, Grand Duke; Dan Morgan, Scribe; and Charles Keating, Secretary-Treasurer. Under the leadership of Jack Mitchell, they plan to carry on the outstanding work begun by Hale. The feasibility of handling fresh camps by Intercollegiate Knights is going to be investigated, and a chain letter will be circulated through the state to all prospective college students.

W.A.A. HAS SPREAD AS LAST MEETING

Women's Athletic Association met for the last time this year at an informal banquet at the Blue Bucket last Tuesday evening. Table decorations consisted of a miniature golf course with a centerpiece of flowers in W. A. colors, blue and gold.

After the dinner there were several informal speeches and the presentation of "I" blankets and sweaters. Eight hundred points are required for a sweater and sixteen hundred for an "I" blanket. Participants received points for a blanket. Required in 11 major sports, and also minor activities as hiking, rifle, and winter sports.

Eight Get Blankets
Those who received blankets were Dorothy Sage, Dolores Holmes, Florence Ruder, and Lois Porterfield. Sweaters were presented to Jean Edmiston, Linn Cowgill, Catherine Roe, Rhoda Swayne, and Maxine Thornhill.

Women's Athletic Association also pledged Ruth Cook, Laura Olsen, Grace Nichols, Mary Louise Green, Wilhelma Armstrong, Jean Kingbury, Roberta Bell, Lillian Olsen, Winette Kerbs and Marian Fry.

Last week saw the close of the clock golf tournament. Eva Skinner had the lowest score. Those in the highest third were Mildred King, Helen Lucas, Betty Knudson, Marie Betram, Dorothy Chatman, Dorothy Jensen, and Margaret Scott.

The doubles in the tennis tournament ended with the hundred and twenty-five points going to the freshman team, Lorna McKane and Ruth Kehrer. Shirley Cunningham won the girls singles. The other three contestants were Linn Cowgill, Helen Thornhill, and Martheleine Tannor. Shirley receives 125 points and the other three receive 100.

ALUMNI-SENIOR BANQUET JUNE 6

All members of the graduating class are invited to attend the alumni-senior banquet and dance to be held at the Elks' temple Saturday evening, June 6, according to L. A. Boas, chairman.

Mr. Boas explained that the alumni are anxious to have the graduates enter their status as alumni with appropriate ceremonies—with a bang, as it were. The whole affair will be informal. "With some of the well known graduates in the ranks of the alumni who will be present, it would be difficult to be otherwise," he said. A good time will be the keynote of the whole affair.

Admission will be by ticket, which may be secured on the campus from Cecil Hagen, in the publications office, room 106 Administration building.

MISS DAHL HERE ON LONG FURLOUGH

Has Been 26 Years In Madagascar Mission Fields

Miss Nellie Dahl returned late Friday evening from Madagascar where she spent 26 years in the mission fields, a representative of the American Lutheran Mission.

Miss Dahl, daughter of the late Mr. and Mrs. P. P. Dahl, is home on an extended furlough. She spent the greater part these past years in teaching and in the translation of text books and song from the English and French languages into the Madagascar tongue.

Prior to going to the Mission fields Miss Dahl graduated from the state normal school at Madison, S. D., attended St. Olaf college, the University of Minnesota, the University of Idaho and the Lutheran seminary at St. Paul. She will remain in Moscow with her sister, Miss Dortha, and other relatives.

RESCINDS DATE

—Cleveland Plain Dealer.

Bishop Warren Rogers, Cleveland, Ohio, who had accepted the invitation of the board of regents to deliver the baccalaureate address June 7, has been forced by a press of church duties to withdraw his acceptance. Bishop Rogers was made coadjutor bishop of the Protestant Episcopal church in 1925.

The Cinemaniac Looks at the Pictures

WOMEN OF THE WORLD comes to the Kenworthy on Thursday and Friday. It tells of women of various countries, sweethearts of some soldier buddies, Victor McLaglen and Ed-die Lowe, of course, accompanied this time by another well-known ladies' man, El Brendel.

DUDE RANCH, a comedy coming Saturday to the Vandal, contains three of the screen's best comedians, Jack Oakie, Stuart Erwin and Miltzi Green. Jack Oakie as a stranded actor working for his room and board at a Dude Ranch, has some wild schemes for brightening the dullness of the boarders' lives, one of which comes to a disastrous finish.

Clara Bow in **KICK IN** appears Sunday at the Kenworthy. It is a film concerning innocent people persecuted by the law and made to flee from it as fugitives. Reginald Toomey and Wynne Gibson are included in the cast.

THE MILLIONAIRE, coming to the Bandal this week end, is not a spectacular picture but it contains a certain charm offered by its perfect finish and the acting of George Arliss. Contrary to his custom, Arliss appears throughout in the film in plain clothes, in fact, a good deal of the time in overalls. He has the role of a retired millionaire who sneaks away from home each day to work in a filling station of which he has become a part owner. He helps the young partner (David Manners) to win his daughter—Evelyn Knapp, and to make a success of the business. James Cagney appears in the supporting cast just long enough to make one wonder why he is not used more often. Mrs. Arliss also does well.

CONGRATULATIONS

We extend our very best wishes

SPORT OUTLOOK GOOD FOR IDAHO FANS NEXT YEAR

Strong Football Squad Will Report For Practice September 15

By Bill Pohlman.

The pent-up fury acquired from several successive years of reverses will be unleashed at the Vandal camp next fall, backed by one of the greatest arrays of athletes in the history of the university. To send the Idaho banner soaring toward the top of the conference flagstaff once again.

The promising parade will open up on September 15, when Leo Calland meets his big squad of gridiron stars and goes out the molesters for the first game ten days after practice starts. The gridiron will begin where they left off the final day of spring training, all set to smash through the pre-season opponents, in preparation for the conference battles during October and November.

Nearly every member of last fall's sophomore varsity will trot onto the field, ready to play the game of his career, while the reserves will be plentiful for the first time in many seasons. Not only will the veterans be around, but jerseys will be handed to the members of the 1930 yearling eleven who will be counted on to add the winning touch to the squad.

The forward wall with men like Spaugy, Kline and Schutte at center; Eiden, Hoggan, Wright, Bowker and Cravens at guard; Bessler, Sullivan, Hadley, Bralstorf and M. Noby at tackle; and Taylor, Schmitz, Berg and Callahan at the wings will pack a weight average of 380 pounds or more besides excessive speed. The most important of all, worlds of experience. The line will be big, rugged and tough, capable of opening wide gaps in the opposing wall for the backs to sift through.

Coaches Calland and Anderson cannot help but smile when the backfield material is mentioned, and the idea is given out that the Pacific coast is going to be mighty surprised before the snow flies again. Willis Smith, and George Wilson are both short stout backs that have already proved they are without a peer on a broken field in the northwest. Wilson made the longest run recorded in the country last year when he traveled 105 yards through the Whitman eleven on MacLean field, and he ran wild against Washington at Seattle. Smith stood out as a future star on the freshman club and had no trouble evading varsity tacklers during the spring practice grand. Norman Sather will be on hand to toss some of his bullet-like passes into his mates' hands; the same kind that scored against the Cougars and several other mighty foes. Roberts and Gartner will take care of the reserve quarterback jobs and both boys have clear ideas on how to play the game that will handicap nobody but Vandal opponents.

Halfback Job Popular. Sackett, J. Noby, Toyer, Hanford, Davis, and Oordot will carry the brunt of the work from the blocking halfback jobs. This group will seldom if ever carry the ball from formation, but have been taught all the elements of interference and blocking which provide a path way for the ball carriers. Wilkie, Bearson and Felton will handle the line plunging from the fullback berth, with the former in action most of the time because of his two years experience, and exceptional speed.

Basketball Coach "Rich" Fox loses only Bob Drummond from a strong, but inexperienced varsity, while his veterans will be bolstered by a freshman five that boasts not only some sharpshooting guards but of the tallest tip-off men in the conference. The Vandal floorworkers got in a good spring practice session and with the material and experience on deck are waiting for another crack at the flag next year.

PRITCHARD GETS HIGHEST HONOR

Membership in A. I. A. Corresponds to Honorary Degree.

Professor T. J. Pritchard, head of the department of art and architecture, received notification this week that he has been granted membership in the American Institute of Architects, the highest recognition in his profession.

The Institute is a national organization for architects, with headquarters at the famous old Octagon house, Washington, D. C. Professional ability and standing are among the principal requirements for membership, which is by election.

Membership in the organization corresponds to an honorary degree. The best known architects in the country always attach the A. I. A. designation behind their name on all their work. As a degree A. I. A. is much like the M. E., mechanical engineer, or electrical engineer—a professional degree.

I had sworn to be a bachelor. She had sworn to be a maid. Read the rest of this poem on page 4 of the Bucket "Racketeer."

—Adv.

IDAHO BALL CLUB WINS, LOSES ONE

Idaho's varsity baseball club played championship caliber ball to sneak out a win over Washington Wednesday afternoon and continued to display the improved brand Thursday when the invaders were lucky to get away with a 6 to 5 win.

The Huskies furnished opposition for the final series of the season and the Vandals turned in the neatest exhibition seen on the home lot this spring. Both nines were hitting the ball but the Vandals bunched their blows for scores in the closing frames of the first game and pounded four Washington moundsmen hard.

Idaho Bunch Hits. The Seattle crew pushed a man around the bases nearly every inning and held a four to nothing lead in the sixth frame, but Johnson, pinch hitting for Corkery, pounded out a single that scored Hayden and started the rush that was good for two more Vandal runs in the seventh and three in the eighth. The visitors were not idle however as they found Lacey's slants for a pair counters and the score was knotted in the ninth. Johnson started off with a single and he sacrificed him to third where he crossed the plate on third's hit, and the game was over.

The Foxmen jumped into an early lead the first inning when Sather hit the first pitched ball for a round trip and a short while later Johnson followed with another home run blow with Hayden and Jacobson roosting on the bags to count four runs. Washington counted once in the opening frame and again in the fourth when Brown got a homer with Waltz on base. They evened the count in the sixth and forged two runs ahead in the seventh while Fox used pinch hitters and started Lindsay in the box in an effort to check the winners. Idaho staged a rally in the closing inning when Hayden scored on Johnson's single, but the side was retired before any other men could score.

Idaho collected 10 hits off four Washington chuckers while the Huskies were gathering nine from the delivery of three Idaho moundsmen in the opening battle, while the visitors collected 10 to Idaho's five hits the second day.

Johnson Hitting Star. Johnson with four blows, including his home run smash, out of seven trips to the plate was the hitting star of the series, while Hayden, for the Foxmen, and Waltz, for Washington, furnished the fielding thrills during both contests. Puhnam had a beautiful game for the Seattle nine after he settled down in the second frame, while Jacobs kept the Washington hits well scattered until the seventh inning.

Scores: Washington 1-1-0-1-1-0-2-0-0 6 Idaho 0-0-0-0-0-1-2-3-1 7 Batteries—Daubert, Lacey, Jacobs and Schutte; Gaw, Hopper, Arthur, Putnam and Hartnett. Scores: Washington 1-2-3-4-5-6-7-8-9 Total 6 Idaho 1-0-0-0-0-0-0-0-1 5 Batteries—Putnam and Hartnett; Jacobs, Lindsay and Schutte.

The Sport Shop

By Bill Willis.

The baseball team turned in two very good games against the powerful nine from Seattle. Contrary to all dope, the Vandals split the series with them and came very near making it two straight. The boys played real baseball in the first game, pulling themselves out of almost a sure loss and knocking the pill around the lot enough to drive in two in the eighth and another in the ninth to win.

Nine men and Otto Anderson left yesterday for the Northwest track meet at Seattle this week end. Jossis, McCoy, Lemp, Williams, Alvord, Jensen, Heath and Thomas, have been working hard this week, but will find the going plenty tough when they go up against the best of the northwest Saturday.

The frosh track team didn't do so well as was expected Wednesday. A week ago they tied the Cougar Babes 65 1/2-65 1/2; this week they lost 70 to 55. Nevertheless, they made a great showing in view of the fact that they lost a good half of their men through "flunks."

Idaho turned the tables on themselves in the second Washington game and surprised everybody by piling up a 4-run lead in the first stanza instead of handing their opponents a good lead. After that they couldn't seem to connect until the last couple of innings. Sather poked out a circuit clout in the initial inning with two on and was followed in by Johnson who also hit the ball for a circuit drive.

Coach Schludeman reports that Paul Swift, Cougar sprint ace, will not enter the meet at Seattle, due to a leg injury received in practice last Wednesday. That means that he won't be able to run in the Chicago meet. It looks like Sig Jossis might give them a good run for their money Saturday.

Very few men have ever equaled the wonderful record set up by Wesley Pesler, Ohio State nine-letter man. He was chosen unanimously by almost every publication as all-American end in 1931. His record on the gridiron has been rarely excelled. He was captain of the Ohio State basketball team, and is a three-letter man in baseball. Last week in five times at bat he clouted out three home runs and two doubles to cross 16 bags. Although there is no collegiate record kept, officials claim this to be one. By the way—he is also a Phi Beta Kappa.

The tennis team ran up against some tough competition at Pullman Tuesday. Out of nine matches they won only one which was chalked up for Ballif. W. S. C. walked off with eight of them.

One of the best finds on the baseball diamond this year was none other than Jack Hayden, center fielder. Jack has played air-tight ball out there all year and has been a demand with the stick.

Last year the ball nine lost 16 straight conference games. This year they won 4 and were right at the peak when the season closed. The team improved steadily with every workout and game, which has been apparent during the series with the Huskies and W. S. C. Most of the men are back next year and should build up a team which will make them all realize Idaho is in the league.

TRACKMEN LEAVE FOR COAST MEET

Nine Men Are Chosen to Represent Idaho in Conference Meet

By Bill Pohlman.

Coach Otto Anderson and nine Vandal track stars left Moscow Thursday afternoon and landed in Seattle this morning. There they will battle for places in the annual Pacific Coast conference track meet Saturday at the Washington stadium.

The men were chosen as the best possibilities to grab off plates against the pick of the northwest; they represent ten different events. Those going are Jossis, 100 and 220-yard dashes; McCoy, high hurdles and pole vault; Lemp, high hurdles; Thomas, half mile; Heath, two mile; Alvord, low hurdles; Smith, high jump; Williams, discus; and Jensen, shot put.

Jossis Chances Even. Jossis is rated an even break with Hufford and Bledsoe of Washington and Starr of Oregon to take a close second to Swift, the Cougar star. Swift has been nursing a sore leg and may not enter, but if he

does it is generally conceded that he will break the tape in both dash events.

Robinson of Oregon, and McCoy are slated to fight it out in the pole vault and if the Vandal flash is "on" he may top the Webfoot star who has been doing better than 13 feet this spring.

Jensen Should Win. Jensen's heave of 44 feet 11 inches looks good enough to win a first in the shot, while it is hard to picture anyone passing Lemp in the high hurdles if he runs like he did against Montana. The rest of the men are all given a 50-50 chance to take their events and most of them will place among the top three, but it all depends on the breaks during the competition. Gordon is the class of the conference in the high jump; if his heel is in good condition again, but Smith has been going up with the best of them and should give Idaho some points.

Heath Also Favorite. Heath is the pre-dope favorite in the two-mile event as he is unbeaten this year, while Thomas is given a chance to fight it out again with Kelly, the Washington State distance runner, in the half mile run.

Idaho has turned in a very successful track season this year as they defeated Whitman and Montana on foreign fields and gave Washington State's powerful club a tough afternoon to lose by an 83 to 48 score. The backbone of the Anderson squad will be on the Seattle field Saturday and if they perform up to tone should bring many points back to Moscow.
