Washington Daily Defends Right of Women to Smoke in Public

Half of World to Work While Other Half Takes Time Out

Figures Show Edison "Brightest Boys" Are Near Top of Classes

**Women Made Hypocrites!**  
SEATTLE.—Repeal of the ban on women smoking in public became a possibility here when the University of Washington Daily asked in its editorial columns, "Why should co-eds be made hypocrites?" It further stated that since women can and do smoke at will, the matter of judgment in the matter should be left to each individual.

**Al Smith Commends Hoover.**  
Alfred E. Smith, former governor of New York and President Hoover's opponent in the 1928 presidential election has given high praise to Hoover's plan to create a \$500,000,000 bank pool to meet the discount demands of bankers who are supplying the public with funds for collateral which, though sound, is not eligible for rediscount either directly or indirectly with the federal reserve banks. Smith believes that the plan to aid private banks and the federal farm loan system will be very helpful in solving the nation's economic crisis.

**Talbot Jennings on Broadway.**  
"No More Frontiers," a play written by Talbot L. Jennings, an Idaho alumnus and a former English instructor here, will have its opening on Broadway in New York in two weeks.

Jennings, author of several short plays is best known for the production of "The Light on the Mountains," a pageant depicting pioneer life in Idaho, which is presented periodically by the university. He left Moscow three years ago to take advanced work at Yale, and has taught at Miami University, Oxford, Ohio for one year. The last year he has been in New York working on his current drama.

**Half Work, Half Play.**  
NEW YORK.—"A year of work, a year of leisure," said Nathaniel Paussette-Dart, television lecturer, stepping over into economics as a digression and suggested that one-half of the world support the other half every other year. He sees the world working on a half and half schedule, everybody busy and happy.

With the aid of machines to speed up production he asserted that the world was ready for this change, and that the new leisure would increase the number of appreciators of art.

**Where? Not Here.**  
NEW YORK.—Benarr MacFadden, publisher and physical culture advocate, announced that he has given away all his capital—more than \$5,000,000—because he believes money makes for unhappiness and that he will find more "enthralling happiness" in life by living off his salary.

**Comedy vs. Depression.**  
CHICAGO.—Comedy is the most popular form of entertainment this season, with better-class drama rating second, say directors and booking agents here. Along with strict comedy, musical shows and light romances are heavily booked.

**Brightest Boys' Are Bright.**  
CAMBRIDGE, Mass.—Massachusetts Institute of Technology released scholastic ratings which indicated that Wilber Huston, Seattle, 1929 Edison "brightest boy" M. I. T. scholarship winner and Arthur Williams, Providence, R. I., 1930 winner were actually bright boys. Figures for last year show that Huston, a sophomore, stood 20th out of a class of 594 and that Williams, a freshman, ranked 25th in a class of 660.

**Honor System Before Students.**  
NEW YORK.—Hunter college, one of the few American colleges where the honor system has been successful is soon to vote on whether to renew its trial after 1933. At Hunter the system was inaugurated in 1923, on a 5-year trial basis, and by a vote in 1928 it was continued for another five years. Eighty per cent of the voters must support the plan if it is to be extended.

**Anemia Yields to Science.**  
ROCHESTER, N. Y.—Dean G. H. Whipple of the University of Rochester school of medicine and two co-workers have prepared a successful cure for secondary anemia, a disease which is more common and more disagreeable than pernicious anemia.

## IHRIG IS NAMED TO DIRECT ARTS

Has Had Extensive Experience in Many Schools

Professor Paul R. Ihrig of Hartford, Conn., is acting head of the department of art and architecture in the absence of Professor T. J. Pritchard, who is on a leave of absence at Harvard university under a fellowship.

Professor Ihrig received his master's degree from Trinity college (Conn.). The last three years he has attended Harvard summer school under a Carnegie fellowship. The past year he has been studying fine arts in Europe. In July he returned to Harvard, where he was awarded a fellowship by the American Institute of Architects. Besides this summer he has had extensive experience in designing and painting scenery, landscape architecture, and portrait painting.

## EUROPEAN EXPERT SPENDS RESEARCH SUMMER IN IDAHO

Dr. Josef Balo, Hungarian Pathologist, Studies Goutre Problem Three Months

The state of Idaho was the scene of research for Dr. Josef Balo, Hungarian pathologist, for three months this summer. Dr. Balo is an expert on the thyroid gland and Idaho is a good locality for this study as goutre is common in this part of the country. Dr. Balo, who is an instructor in the Royal Francis Joseph university in Szeged, Hungary, came here through connection with the University of Idaho. Preparation for his trip were made through Dr. William W. Halverson of the bacteriology department.

Two University of Idaho students, Glen Holme of the bacteriology department, and Eugene Dahlkey of the pre-medical school, spent 11 weeks with Dr. Balo at Idaho Falls where the experiment work was carried on.

With the L. D. S. hospital as their laboratory, the two students observed 39 major operations and 10 autopsies as well as working in a laboratory, experiments and making blood tests and blood sugar tests under instruction of the European professor.

Dr. Balo left the United States on September 10 to take up his classwork in Szeged on September 21. He was elected to represent Austria and Hungary in the International Congress of Pathologists to be held at Berlin September 30, Paris October 20, and London, November 10. He has reported to the university department in bacteriology that the research work this summer was successful. His time was short but progress was made during his stay in the state.

The opportunity enjoyed by Holme and Dahlkey to work with the renowned professor was of much value to them. Dahlkey who graduated in pre-med last spring plans to go to either Cleveland or the Western Reserve Medical school or to the Northwestern Medical school in Chicago. Holme is entering W. R. M. S. at Cleveland next September.

## FROSH WIN FIGHT FROM SPOKANE U.

By fighting hard throughout the game, the Idaho frosh triumphed the Spokane university club 6-0.

The Idaho Babes showed a great deal of improvement in the backfield and though not entirely what they could be in the line, showed plenty of power.

Proving their worth to the Idaho rooters, the Babes showed their own teeth in the Spokane aggregation. The Spokane club started the game by scoring in the first few minutes of play but were held far from the Idaho goal for the remainder of the game. Rich Fox has been working on the offense for the last week and has developed the backfield to considerable extent. The line is not functioning quite as it should, but this is partly due to the concentration of attention on the backfield where they showed the greatest weakness in the Lewiston Normal game. Powers and Reid showed themselves as a couple of capable ball packers and were responsible for a good many first downs.

Although plenty of improvement is shown, there is room for plenty more and the frosh will have to be set for a tough schedule. The frosh will journey to Ellensburg for their next game some time the latter part of the week.

## KEEP TO THE RIGHT IS TRAFFIC RULING

Notice is hereby given to all frosh who have not yet become acquainted with traffic rules in the Administration and other campus buildings that a "keep to the right" law is in effect. This "right" habit clears the congestion in mounting and ascending the stairs, and should be especially adhered to in the Administration building.

## PRESIDENT NEALE GIVEN MEMBERSHIP ON RHODES BOARD

Will Choose Rhodes Scholars in Boise Soon

President M. G. Neale of the university has accepted membership on the Idaho state Rhodes scholarship committee in response to an invitation issued to him last week by the American Rhodes scholarship trustees.

The committee upon which the president will serve is composed of four men to whom is given the task of selecting two representatives from this state to compete for the scholarship with the representatives of five other states which compose the district in which Idaho is located.

The men with whom President Neale will serve are C. G. Bowden of Boise, an officer of Northrup, King and company, R. L. Curtis of Wendell, superintendent of schools and former Rhodes scholar, and W. J. Boone of Caldwell, president of the College of Idaho. Dr. Boone will serve as chairman of the committee this year.

The committee makes its decision as to Idaho representatives on December 5, 1931, at a meeting in Boise at which all applicants are met and interviewed by the committee members. From that meeting the two men picked by the committee go to the meeting of the district committee where the final choices are made.

**Report October 17.**  
The applicants for this year's scholarship from the University of Idaho have not yet been announced by the faculty committee in charge of passing upon them. The date for the report of this committee to the American Rhodes trustees, however, does not come until October 17, 1931. The committee here is composed of Eugene Taylor, professor of mathematics, T. S. Kerr, dean of the junior college, and H. L. Axtell, professor of classical languages.

## MAYOR OF BOISE WILL SPEAK HERE SOON ON FRANCE

A discussion of France and the impressions which it made upon an American mayor are to be two topics with which James P. Pope, mayor of Boise, will deal when he speaks in the university auditorium on Wednesday morning, October 14, at 10 o'clock.

Mayor Pope is said to be an excellent speaker and has lectured on France a number of times since his return from that country last spring. He was one of the American mayors who toured France as guests of that republic, and was one of those who was present at the time Mayor Parker of a California city walked out of the banquet room during a wine toast.

**Discuss World Peace.**  
In dealing with France, Mr. Pope stays closely to his statement that what he gives us as an impression is, but at the same time he points out a number of interesting and vital facts which come in connection with France's ability to aid in bringing about world peace. For a number of years Mr. Pope has been a student of world affairs and has gained some as an authority on plans for world peace.

Although his appearance here has no connection with politics, it has been reported that Mr. Pope is to seek the Democratic nomination for United States senator from Idaho at the party primary next year. He has not yet announced his candidacy definitely, however.

## PROCTOR STARTS STUDENT BUREAU

Robert Green, proctor of men at Idaho has established a student employment bureau to aid both students and townspeople in bringing about a more efficient employment service.

Under the new bureau it will be possible to check upon the students who are sent out to Moscow to report of the students who work for an unsatisfactory employer, the employer can easily call the bureau and inform them of the man's attitude toward his work.

If the reports are unfavorable the bureau will not send that student out on future jobs. Mr. Green urges all employers to send in a report of the students who work for them so that only satisfactory help will be sent out.

Mr. Green has received several calls from town people for part time work. Most of the employers are paying 40 cents an hour for their work which generally includes spading gardens, cleaning cellars and garages and raking leaves.

The student bureau is open all morning and in the afternoon up until 3 o'clock, at Lindley hall.

## 'JOHN' AND 'SCRAM' NAMED YELL DUKES

John Thomas and Harry "Scram" Wilson were officially appointed as yell dukes for the university, at a recent meeting of the executive board.

Wilson who has a year's experience as yell duke and Thomas, a new man at the game this year, will assist Vern Eaton, yell king, in cheering Idaho's teams to victory.

## Group in Seattle From Idaho Will Hold Annual Meet

GIVE PUBLICITY THERE IDAHO PARTY SEATTLE OCTOBER 16, 1931 STOP ALSO PEP RALLY OVER KOMO AT ELEVEN P. M. SAME DATE.

J. LAEL SIMMONS.

The above telegram was received last night by Lionel Campbell, president of the ASUI, from the president of the Idaho alumni at Seattle.

It is customary every evening before the Idaho-Washington game for the Idaho alumni to have a big meeting and party in Seattle, to which any Idaho student in town is invited, said Campbell. All Idaho-Idaho are also expected at Station KOMO at 11 o'clock p. m.

Visiting alumni are also invited, and a special section for Idaho people will be reserved in the stands at the game. A delegation will be at the train to meet the incoming students and fans.

Simmons is particularly anxious that all Idaho supporters be at the meeting and pep rally Friday.

## MILITARY CONCERT PLANNED FOR END OF THIS SEMESTER

Improvement Can be Seen In Band According to Capt. Nielsen

The Cadet band concert will probably not be given until the end of the semester, according to Capt. Bert Nielsen, bandmaster. It will take the band two months to prepare for the concert since it has practiced only three hours a week as compared with four last year.

The program will include: Overture from "Tannhauser"; R. Wagner; "Athena"; Paniasia on Scotch, Irish and English airs; Ch. Baetens; "The Serenade"; Victor Herbert.

The operatic masterpieces will be: "Potpourri"; V. T. Lafrenek; Introduction to the first act, "Lohengrin"; Seguidillo from "Carmen"; "Lohengrin's Arrival"; "My Heart at Thy Sweet Voice"; from "Samson and Delilah"; chorus from "Aida"; and "Barcarole" from "The Tales of Hoffman"; "The Chocolate Soldier".

Captain Nielsen believes the band is a little better than last year's. He says, "Of course, there are changes every year. Some sections improve, while others are not so good. This year the clarinet section is excellent."

**Jepson Drum Major**  
Clarinet—Robert Nixon, Glenn Egan, Charles Heim, Albert Kosman, Robert Henrik, Milton Pelum, Norman Sinclair, Hollis Neville, Gail Hoback, Lee G. Kraemer, Lyle Fraley, Donald Ganes, Walter Tanner, Mark Felt, Robert Ashbrook, Ernest Elmore, Kenneth Kirkpatrick, Clayton Spear.

Saxophones—William Johnson, Thomas Barnard, Willard E. Canwell, Ray W. Jump, Glen Heston, Gilbert Grenier, George Harvey, Walter Stevens, Carl Evans.

## LARGE PER CENT STUDENTS EARN THEIR LIVELIHOOD

Various Occupations Help to Pay Students Tuition Here

A substantial per cent of students enrolled at the university earn either a part or all of their expense by working during the summer. Of the regular session consists of janitorial service, waiting on tables, clerking, bookkeeping, secretarial service, house work, and various other odd jobs. The employment bureau is anxious to offer jobs to students who are in need. Several students have work each week.

Assignments for one Saturday usually continue for several successive Saturdays on the same type of work, providing, of course, that the particular student is proficient or industrious. There are almost no steady jobs offered, but the shorter jobs are quite numerous. Perhaps later, one might find employment picking up spuds, but nothing conclusive has been determined on this prospect yet. A file containing the vacant days of students who need employment is under the supervision of Robert Green at Lindley hall.

## HOUSING PROBLEM WILL BE SETTLED FOR UNIVERSITY

Special Committee is Being Appointed to Distribute Campus Guests

An intra-fraternity housing committee consisting of three members has been organized to take care of housing Idaho guests in the future. At yet only two members have been chosen but the third is to be selected soon by William Hawkins, president of the Interfraternity council, Ralph Olmstead, chairman, and Claude Marcus are the two men who have been selected.

The purpose of the committee is to avoid the past problem of confusion and delay in the distribution of university guests. In past years when the university wished to provide accommodations for a guest they merely asked a house to do so and the house could not very well refuse without forfeiting the chance to entertain a guest in the future, who might be a prospective rushee. Some houses were asked on special occasions to accept more guests than they could properly accommodate.

Guests to be Distributed.  
In the future university guests will be distributed to the different houses in such a manner as to avoid the past difficulties. With the intra-fraternity committee in control the committee has to be notified of any prospective guests at least a month before they arrive. If there isn't room in the fraternities, the droppers of the halls will be notified in ample time to care for them.

The housing problem was taken before the Academic council and the solution by the intra-fraternity committee was heartily approved of. A faculty committee will be appointed to co-operate with the student committee in housing the guests in the future.

The interfraternity council will be asked to notify the deans and heads of departments each year of the person appointed as housing chairman, in order that they may have the necessary information in connection with any meetings which may be held at the university.

## CHOOSE ART STAFF BY COVER CONTEST FOR BLUE-BUCKET

The cover contest to pick the art editor of the Blue Bucket is progressing very satisfactorily. John Trueman, Bucketeer-in-chief, said last night. The contest closes tomorrow midnight.

As announced in the last issue of the Argonaut, it is hoped that the competition will uncover latent campus talent for the Blue Bucket staff. Any cartoon dealing with the Greek motif, modern or ancient in a humorous manner, will be acceptable to the judges.

The sketches must be in ink on white drawing paper not smaller than 7 by 8 inches or in those proportions. Contributions must be in the Bucket box in the Administration building by Wednesday midnight. The first prize drawing will be printed in color on the cover, the artist automatically becoming art editor. Second and third place drawings will be printed inside in black and white; their contributors will be on the art staff.

**First Time Tried.**  
This is the first time in Blue Bucket history a position has been given directly to a contributor on the consideration of one drawing. The Bucketees are giving the plan a try after seeing the success of it proven at other major colleges.

The final date for editorial contributions from students is October 13. Jokes, puns, humorous paragraphs and short stories are still desired by the editors, Trueman said. All matter for the magazine may be dropped in the Blue Bucket box in the lower hall of the Administration building.

"What we want most is a short story of about 800 or 900 words when the funny campus social incident," James Farris, associate editor, commented.

"Don't use super-collegiate slang for atmosphere. Make it a situation story with a love theme, plus traditions and some football. The Bucket is not going literary, but the staff feels that the right kind of short stories would add improvement," Farris explained.

## ANNUAL "AG BAWL" WARRANTS COSTUME

The first all-college dance, the Ag Bawl will be held Saturday evening at 8:30 in the women's gymnasium. Those who have not yet received their programs may get them from Glenn Holm at the S. A. E. house, Donald Corlett at the D. T. house or from Milton Williams at Sigma Chi. Practically all of the tickets have been sold. Those wishing tickets should get them at once. The number of tickets was originally planned that only 130 be sold, but the large number of requests made it necessary to raise the number to at least 140.

The affair will warrant a costume. Usually a prize is offered to the "hickiest" couple. One way to decide what to wear is to open the clothes closet and put on the first thing you get hold of.

## ENJOYS PLAYING NURSEMAID ROLE

Otto Anderson Wants Young Son to Be Great Athlete.

Otto Anderson, university track and assistant football coach, has a clever wife and baby. He thinks the world of his little boy, James Carlin, and his aim and hope is to have "Jimmy" one of the greatest athletes in the world. James is a husky lad at the age of three months, and his hair is almost red. Mr. Anderson spends much of his spare time playing nursemaid for the baby, and when he isn't doing that he is enjoying outdoor sports. He enjoys fishing and hunting trips—in fact, any kind of outdoor sports. There is nothing he likes better than a game of golf.

Coach Anderson does have a few dislikes such as bridge, receptions, and gaudy clothing.

He is chiefly interested in "young boys," Mrs. Anderson said. "Not only in their athletics but in their college education. He is always ready to help any of the fellows with their troubles."

Before coming to the university, he attended the University of Southern California, where he was a track star being the representative in the Olympic games.

## A. S. U. I. ELECTON TO BE THURSDAY IN AD BUILDING

Tuson Returns to School so Board Must Make Decision

Two new ASUI officers, perhaps three, will be elected at the special election to be held in Ad 207 Thursday from 10 a. m. to 3 p. m., announces Lionel Campbell, president.

Since William Tuson, regularly elected sophomore man has returned to school, the standing of the nomination of Bud Keating to fill the vacancy created when Tuson was not expected to return is in question, said Campbell, but this will be decided at regular executive meeting Tuesday evening.

Senior officers to be elected are assistant manager of the Blue Bucket and assistant manager of dramatics. James Farris is the only nominee for the Blue Bucket while the nomination by Curtin, dramatics honorary, of Frank McKinley Tor assistant dramatics manager will come up to the executive board for approval tonight.

The election committee will consist of Ralph Olmstead, chairman, Constance Woods, Linn Cowell, Donald Harris, Stanton Hale, Earl Stansell, and Kenneth O'Leary.

## KNIGHTS TO MEET ON IDAHO CAMPUS

First National Convention Held During Present Generation of Students

Idaho was made the meeting place for the next national convention of the Intercollegiate Knights at the tournament held at the Montana State college, Bozeman last May 15, 16, and 17. According to Stanton Hale, national president of the organization, considerable oratory took place to get this distinction for the home campus.

**Convention in May.**  
The Ball and Chain chapter have started to work on the convention at this early date, and the cooperation of the student body and the fraternal groups is urged to make this affair a success. The convention will be held for three days the latter part of May next year.

**Sponsor Mixer.**  
The local chapter of the Intercollegiate Knights are sponsoring a mixer the night before homecoming, Friday, October 23, to raise money to help defray the expense of the convention. The Washington State college chapter of the Knights are co-operating with the Ball and Chain chapter, as well as the local chapter of Spurs.

Many interesting people will be here during the convention, and opportunities will be given to learn of other schools.

## DRAMATICS CLASS WILL READ "RAIN"

"Rain" the Broadway success in which Jean Eagles, late stage and film star made her contribution to the drama, will be read at the regular weekly meeting of the advanced play production class at the U Hut at 4 o'clock Wednesday.

Under the guidance of Prof. Fred C. Blanchard, dramatics coach, the theatrical season of 1922-23 will be discussed and outstanding performances noted. On the following week at a roundtable meeting the drama during the years of 1920-23 will be under discussion.

**HONORARY PLEDGES**  
Pi Lambda Theta announces the pledging of Cecelia Rose Nackle and Sue Compton Armour. Formal pledging was held at a meeting of the society last night, although both women became club members in the middle of the year, when they earned the required 5.333 average.

## INITIATE NEW MEN LAST SUNDAY INTO MEN'S HONOR CLUB

Lettermen Plan Annual Dance — Celebration For Homecoming

A regular meeting of the "I" club was held at the Sigma Chi house last Sunday morning, with the initiation of new members being the chief function of the meeting. Jack Hayden, Alvin Jacobson, Jack Lee, John Thomas, Harry Dewey, and P. Edward Jones are the new members.

The lettermen decided to hold men taken into the honor club, day mornings at 11:30, the meetings regularly on Sunday place to be made known at a later date. In their business session following the initiation the club decided that each new man should pay a small fee toward his "I" pin, the graduate manager paying the rest of the expense.

**Homecoming Plans Discussed.**  
Plans for a homecoming dance were discussed at the meeting Sunday. This dance is to be an annual affair with the "I" club and the alumni sponsoring in on alternate years. The clubmen are in charge of the dance this year and it was decided to make the coming dance a symbol of the pep and wholehearted enthusiasm shown by the students this year.

All athletic teams visiting the university in the future will be furnished entertainment as a result of the decision of the spur winners. Committees are working on this plan and it is hoped that definite arrangements can be made to entertain the Gonzaga Bulldogs who will be the next visitors to Idaho.

**New Tradition.**  
This plan of entertaining visiting teams is to be made a tradition at Idaho. Since there has never been an organization on the campus to handle visitors directly, the "I" club feel that they are the logical group for the task. In the past visiting athletic teams have come and gone without knowing anything about the university, but with the new tradition in the bud, the "I" club intend to make their opponents trips to Idaho memorable events. Under the new tradition the honor men will strive to make athletic competitors comfortable and show them a good time, both on and off the field.

The next meeting of the "I" club will be held at the Alpha Tau Omega house next Sunday, and the initiation of William McCoy, Norman Sather, and Russell Hall will take place at that time.

## FORESTRY SCHOOL ENROLLMENT HIGH

Twenty-One States Outside Idaho and Also Canada Represented

Registration in the school of forestry at the university set a new enrollment record according to Dean F. G. Miller. Fifty-three students from 21 states outside of Idaho and three from Canada are represented from a total of 108 registered.

The national reputation of Idaho's school of forestry is far-reaching, and the distribution according to states is much the same as it has been for the past four or five years. The location of the school has many advantages for the study of forestry, in that some of the largest sawmills and logging operations are but a few miles from the campus.

Students from the following states are studying forestry at Idaho this fall: Idaho, 52; Washington, 16; New York, 6; California, 4; Oregon, Ohio, 3; Arkansas, Delaware, Iowa, Montana, Massachusetts, 2; and one each from Connecticut, Michigan, Minnesota, Missouri, New Jersey, North Dakota, Illinois, Tennessee, Utah, Wisconsin, and Virginia. Representatives from Canada show that two students come from British Columbia, and one from Saskatchewan.

## LIVESTOCK BARN EXHIBIT SUNDAY

Open to All Interested in Seeing University Livestock.

Annual open house at the university livestock barns will be held from 2 to 4 o'clock Sunday afternoon, October 18, announces C. W. Hickman, head of the animal husbandry department. All farmers and others interested in seeing the university farm at this designated time. Representatives of the various departments of the college of agriculture will be on hand to show visitors around.

This event is held primarily to display the university stock to be exhibited at the Pacific International Livestock exposition at Portland, the west's premier stock show, the last of this month. The college of agriculture will show about 10 fat steers, fifty head of sheep, including breeding and fat classes; and fifty head of hogs, both breeding and fat classes, at the Portland exposition.

Horses, dairy cattle and poultry also will be on display at the open house period.

In addition to showing at Portland the college of agriculture will have entries in the Ogden Livestock show at Ogden, Utah, in January.

### Now You Tell One

"What this country needs is a good five cent cigar." Well, maybe so, but that's not all that it needs. Newspaper headlines for the past three or four days have given indication of something else that this country needs. Those headlines have cried to the land that financiers and statesmen are sure that recovery from the business depression is just around the corner again. Stocks and bonds have gained five billion dollars in paper value in the past two days, and that all because President Hoover called another meeting of business men to discuss plans for liquidating frozen assets held by some of the country's biggest financial institutions.

What if he has called a meeting? Why should prosperity return just because another one has been called? All that that meeting can possibly be is just another gesture in the "noble experiment" of prolonging the life of a few corporations that are going to have to renege anyway. A whole lot of those frozen assets can never be thawed out—not even if Hoover donned overalls and used a blow torch for the next 7,776 years. Instead, they are being shifted around on to some of the more solid assets of financial firms. That will have the effect, for one thing, of merely weakening further the whole financial structure. All that such a movement and such a meeting can be is a manipulation of the elements of speculation and the price of securities.

In a whole ten foot shelf of volumes all of the causes of the business depression couldn't be enumerated, so this editorial can hardly be expected to contain the panacea of all ills. But one of the causes that can be mentioned is the existence of a number of statesmen and financiers who insist on meddling with the values of stocks and bonds instead of looking to production methods, over-expansion and high tariffs for a cure. What this country needs is a group of leaders who look to the fundamental things rather than to the matter of pulling strings attached to stock exchange quotations. College students who write editorials might even be given the job of pulling out of the depression. At least they couldn't make a very drastic change for the worse.

### Sunday in The Library

Whether Idaho students are really becoming students, or the depression has had its effect and there is no place else to go, is questionable; but the fact remains that the library is being used to no small extent on Sunday afternoons. Last Sunday at 3:30, there were 24 students (about the same number as on school days) in the periodical room, 14 in the main room, and 16 in the reading room upstairs.

The large number in the periodical room indicates that many of the students were seeking entertainment from reading, though a few of these were doing assigned work. The study of reference material was the main object of the students in the other rooms. It is interesting to note that not of the usual "tete-a-tetes" observed during school days were in progress. Everyone seemed absorbed in some book, periodical, or newspaper.

A few years ago the practice of keeping the library open on Sunday afternoons was abandoned because of lack of attendance. This year, however, may effect a permanent revival of the custom. When the bad weather sets in and the "shekels" thin out more, the library may even be as crowded on the Sabbath day as the Nest is during assembly periods.

Students should realize just what an opportunity is offered them in the thousands of dollars of high-class reading material at their disposal—gratis. Men and women who come to the university presumably possess an amount of culture above the average—enough, at least, to want to acquire more; and there are few places better for this purpose than the library, which happens to be a very excellent one, even though it is crowded for space.

Remember it is now open on Sunday afternoons.

### Gentleman Jim Tells The Cost

Either Joe E. Brown's double is weakening or else the Idaho students are getting more school spirit. Let's hope that it is the cheering that is improving. For some people attending the night game, added spirit was shown only at great cost—\$5.00 a gallon to be exact.

Considering the success of Oregon's "Midnight Express," "Mistuh" Lillard, in a day game, what wouldn't the man do in a night football game?

Oh yes, the frosh team finally clicked, thus proving a good inspiration for the varsity. And don't forget that these inspirations wouldn't be possible if it weren't for some of the mauling handed out to second and third string men, who never get any mention for their work.

If you notice sudden activity in the vicinity of the Ag barns, don't be worried, for it will just be some of the fellows getting a little atmosphere for the Ag Bowl.

It's a sure sign of colder weather when the fellows come in so much earlier after having a date. It also means that the rushing season is over—for the Arboretum. —Gentleman Jim.

### GROUP NAMES HEADS

Young people of the First Lutheran church met Friday evening at their church for a social hour. They elected the following officers: Orville Westberg, president; Stanley Penson, vice president; Arlene Tendall, secretary; Harriet Baken, treasurer; and Ruth Johnson, reporter.

Following the election Rev. Roger P. Oliver showed slides of last year's confirmation class and of his trip back east this last summer. —well, come see us in your office.

### "TO THE LADIES" WILL BE GIVEN NOVEMBER 13-14

Casting has been completed for the major roles in "To the Ladies" all-college play scheduled for presentation on November 13 and 14.

Catherine Brandt, Nampa, junior, and John Thomas, who now calls Moscow his home, are to play the leads. In able support Prof. Fred C. Blanchard, dramatics coach, has selected Harry Robb, Nampa; Elinor Jacobs, Lewiston; Howard Altnow, Spokane; John Milner, Twin Falls; Casady Taylor, Boise; Rollin Hunter, Boise; Franklyn Hovey, Craigmont; Winifred Janssen, Boise; Walter E. Pratt, Milwaukee, Wis.; and Marthalene Tanner, Twin Falls.

Experienced cast

The cast as named has had considerable dramatic experience. Miss Brandt, Miss Jacobs, Robb, Altnow, and Janssen have all appeared in several one act plays. Miss Brandt turned in a notable performance last season in the comedy "Tom Cobb," while Miss Jacobs as the heroine of the light comedy "The Whole Town's Talking," did good work. Robb appeared in a number of all college plays, last year scoring as the villain in "Tom Cobb." Altnow also appeared last year in three plays, "The Show Off," "He Who Gets Slapped," and "The Whole Town's Talking." As the puerilistic prizefighter Janssen scored last spring in "The Whole

**Town's Talking.**

A comedy centering about a hero who reads success stories in magazines and a heroine, his wife, who skillfully extricates him from a series of difficult situations, Kaufman and Connelly, authors of "Dulcy" have scored another success in "To the Ladies."

John Thomas, as the hero, is cast in a role in which he should be unusually successful. Suited to his talents, his lines are a series of wisecracks, both intentionally and unintentionally humorous. Catherine Brandt, in her part will have an opportunity to introduce several songs, among them "Happy Days."

### KNIGHTS GIVEN ACTIVITY AWARD

New Men Will Be Formally Pledged Tonight.

## Jolly Week-end Dances Honor Campus Freshmen

Delta Gamma and Sigma Chi proved to be the sole social high-lights on Friday evening. Saturday night was the more popular of the two dance nights as several pledge dances were given at that time. After the successful football game in the afternoon, Idahoans were in a jolly mood for a little gaiety. Beautiful weather has been an incentive for picking leaves and foliage in the hills and many of the houses are using the autumnal note in their scheme of decoration. The Frosh idea, paddles, green caps, and pledge pins also seems to be a favored motif.

### Alpha Chi Reception.

Mrs. Robert Lionel Campbell, Alpha Chi Omega housemother, was honored Sunday afternoon with an informal reception. Faculty members and representatives from each group on the campus were invited to meet and welcome Mrs. Campbell to the campus.

Two other receptions which will be held this month are the Delta Delta Delta reception to be given as their house-opening event; and the Kappa Alpha Theta reception. They are to be formal; the former to be held on the 18th and the latter on the 25th.

Last evening, Daleh Tath Gimel, town women's social group, gave a welcoming reception for new students on the campus. It was held at the Women's gymnasium.

**Spurs' Formal Dinner.**  
Spurs, sophomore women's honorary, is having a formal dinner tonight at the Hotel Moscow. This affair is being given in honor of the Spurs of last year. Miss Permal, J. French and Miss Ellen Reiser will be guests.

Besides numerous informal dances which are scheduled, this month's calendar lists a formal dinner dance to be given by Scabbard and Blade, the annual "Ag Bawl" and an all-college mixer to be sponsored by the Interscholastic Knights, men's service honorary.

Kappa Kappa Gamma is today celebrating Founder's day. Tonight the fraternity will have a formal dinner at their chapter house. Several Kappa alumnae have been bidden to the affair.

### KAPPA SIGMA HOLDS DANCE

Kappa Sigma honored its pledges Saturday night with a dance. The house was decorated with numerous paddles strung along the wall, along with one large one which had the names of all the pledges on it.

The honored guests were General and Mrs. Chrisman. Patrons and patronesses were Dean and Mrs. Thomas S. Kerr, Dean and Mrs. Ivan C. Crawford, and Mr. and Mrs. Jess Buchanan.

### SIGMA CHI PLEDGES HONORED

Sigma Chi house honored its pledges with an informal dance Friday evening at the chapter house. Patrons and patronesses were Dr. and Mrs. E. E. Hubert, Mr. and Mrs. Frank Stanton, Mr. and Mrs. Donald DuSault, and Mr. and Mrs. Jess Buchanan. Raphael Gibbs, James Plazek, Raymond Strawn, Rodney Johnston, William Powers, Robert Barker, Donald Carnes, Taylor Gudmunson, William Simons, Carl Fischer and Dick Storch are the pledges.

### HANSEN-LOHMOM WEDDING ANNOUNCED

Alpha Phi announces the marriage of Valarae Hansen, Fullerton, California to Aven Lohmon, Kellogg, Idaho at Davenport, Washington, September 12.

Mr. Lohmon is affiliated with the Sigma Alpha Epsilon, social fraternity and was a sophomore at the university last year.

Miss Hansen was a freshman last year and was assistant society editor of the Argonaut.

They will be at home in Kellogg where Mr. Lohmon is established in business.

### ALPHA PHI GIVES NOVEL DANCE

The Alpha Phi pledge dance given Saturday evening was a novel affair. The silhouette idea in black and white was carried out in the decorations and favors. Pritchard's orchestra of Pullman furnished the music for the evening. The guests of honor were served light refreshments during intermission. Patron and patronesses were Dean and Mrs. W. E. Masterson.

### RECEPTION GIVEN FOR MRS. CAMPBELL

The warm glow of candle light cast upon a profusion of flowers and brilliantly hued autumnal foliage formed a most colorful setting for the Alpha Chi Omega reception held Sunday afternoon from four until six o'clock in honor of Mrs. Robert Lionel Campbell. The soft tones of the violin played by Miss Helen Parrott accompanied at the piano by Miss Lois Thompson lent charm to the atmosphere of informality.

Assisting in receiving the three hundred guests who called during the afternoon were Dean and Mrs. J. A. Kostalek and Dean and Mrs. Ivan C. Crawford.

Mrs. Fulton Gale, Mrs. J. F. Stewart, Mrs. Furry Driscoll, and Miss Ellen Reiser presided over the tea table.

For luncheon at Hays Hall Monday Dean French had as her guests Mrs. W. S. McBirney, Mrs. L. W. Thrakill, and Mrs. Houston. Mrs. McBirney is the mother of Peggy Newhouse.

Weekend guests of Delta Delta Delta were Jane Brill, Margaret Echternach, of Lewiston, and Mrs. Doral Phillips of Davenport, Wash.

### ALPHA PHI PLEDGES HONORED

The Misses Margaret Millick and Ruth Puckett entertained at a delightful luncheon Friday at the Blue Bucket in honor of the Alpha Phi pledges. Covers were laid for Virginia Harris, Margaret Smeed, Virginia Bartlett, Eileen Hale, Louise Murray, Helen Hand, Lucile Moore, Helen Latimer and the hostesses.

### PLEDGE DANCE AT PHI GAMMA DELTA HOUSE

One of the outstanding social functions of the past week-end was that of the Phi Gamma Delta when they entertained their pledges at a dance in the chapter house. The star pledge pin of the Fijis, was the decorative motif and adorned the walls and ceiling of the downstairs rooms of the house. Cleo Gale's orchestra furnished the dance music for the forty-one couples. Mr. and Mrs. Max Griffith chaperoned.

### PHI DELTA THETA HOLDS INFORMAL

Phi Delta Theta gave an informal dance on Saturday evening. The dance, given by the upperclassmen, was given in honor of the freshman members of the group.

Patrons and patronesses were Mr. and Mrs. Lawrence Chamberlain, Mr. and Mrs. Theodore Sherman and Mr. and Mrs. Oren Fitzgerald.

### PHI GAM PLEDGES ARE ENTERTAINED

Mr. and Mrs. Max W. Griffith entertained the pledges of Mu Iota chapter of Phi Gamma Delta, at a buffet dinner at their home on north Folk street Sunday evening. The pledges were entertained by singing, and listening to the happenings of past college days, as told by Mr. Griffith, Dr. G. M. Miller, and Lieut. John Sheehy. Those present were: Dr. and Mrs. George Morey Miller, Lieut. and Mrs. John Sheehy, Mr. and Mrs. Rich Fox, Bethel Pakingham, Edward Poulton, and 19 pledges.

The decorations featured a nursery, the color scheme of pink and blue being carried out with crepe paper of those shades. Patrons and patronesses were: Dean and Mrs. Ralph H. Farmer, Captain and Mrs. H. L. Henkle, and Mr. and Mrs. V. A. Cherrington.

Cornelius E. Greenewegan, traveling secretary for Phi Gamma Delta, is a guest of Mu Iota chapter this week. Mr. Greenewegan arrived Monday after visiting chapters at Colorado and Arizona, and will leave Friday to visit the chapters at the University of Washington and the University of British Columbia.

### MOTHER'S CLUB ENTERTAINS WOMEN

The Alpha Phi women and their housemother, Mrs. E. F. Neal were delightfully entertained by the Mothers' club at a waffle supper Sunday evening at the home of Mrs. J. S. Heckathorn. The guests were seated at a number of small tables which were lighted with bordeaux candles. Bowls of red and white asters added to the attractiveness of the occasion.

Covers were laid for about 30 girls. The hostesses included Mrs. John Eisinger, Mrs. C. C. Vincent, Mrs. J. S. Hackathorn, Mrs. J. W. Gilmore, Mrs. David Roulston, and Mrs. Smith. Mrs. T. J. Blake, Miss Elizabeth Blake, Mr. Maitland Hubbard, and Mr. A. N. Tripp were dinner guests of Kappa Sigma Sunday.

Sunday dinner guests of Delta Chi were Mrs. Elizabeth Givens, Prof. and Mrs. Pendleton Howard, Mr. and Mrs. Milford Ingberisen and Mr. Byron Sewell of Orofino.

## The CINEMANIAC

**MURDER BY THE CLOCK**, starring Lilyan Tashman as the cold-hearted temptress, comes to the Kenworthy theatre, Tuesday, Wednesday, and Thursday. This so-called mystery movie surrounds the actions of one person, and depends absolutely on her ability. The film starts out impressively, tells the story of an unhappy marriage of a young man who is murdered twice in a single evening. Sally O'Neil and Regis Toomey carry the comedy parts, giving the film humor to relieve the tragic situations of the plot.

**TRANSATLANTIC**, opening at the Vandal, Thursday, promises to be one of the better shows. The picture takes you aboard a liner, introduces a love intrigue and murder mystery, that holds the interest every minute. Greta Nissen handles her part cleverly, and it is really a pleasure to see her. The performances of Edmund Lowe and Lois Moran are also commendable. "Transatlantic" is a good picture that might easily have been a great one.

**SIDE SHOW**, a Warner production, featuring Winnie Lightner and Charles Butterworth, opens Tuesday at the Vandal. The film is a circus play in which Winnie Lightner does a great deal of clowning as well as serious acting. "Side Show" is her first talkie and

Helps Solve Feed Problems, Idaho Farmers. To assist stockmen, dairymen, and farmers in meeting the feed problem in prospect for the coming winter, the result of the drought of the past summer, the University of Idaho college of agriculture extension division has issued two publications setting forth all available information on the utilization of Idaho grown feeds and by-products for stock. Extension Circular No. 39, "Covering Range Stock," written by E. F. Rinehart, extension animal husbandman, deals with beef cattle and sheep. The other publication, Extension Circular No. 40, "Utilization of Home-Grown Grain and By-Products Feeds in Feeding Dairy Cattle," written by D. L. Fourt, extension dairyman, and F. W. Atkeson, dairy husbandman with the extension division, suggests ways of adjusting dairy feeding practices to meet present conditions.

### MONTANA BEATEN BY IDAHO SQUAD

#### Vandals in Force for Three Quarters But Suddenly Weaken

The Vandals romped all over Coach Oakes' Grizzlies from Montana last Saturday and then in the final quarter with nearly an entire squad of reserves playing weakened as the visitors chased across three touchdowns.

The Idaho eleven proved to be by far the most powerful team on the field for three quarters of the game, and had everything going their own way but the Grizzly varsity had too much power and weight for the Idaho squad weakened by many substitutions. The copper, silver and gold 200 pound line, finally took its toll of the lighter Vandal line but the extra points after touchdown proved the deciding factor. Three touchdowns apiece was the story, but two conversions was the difference between a win and a loss.

**Game Rough**

The game was rough and marked on both sides. Montana lost one touchdown by a fumble and Idaho lost two by penalties. Willis Smith, Idaho flashy quarter, broke through the Montana line and sidestepped the secondary with a thrilling run of 40 yards to cross the Grizzly goal line in the third period, but the play was called back and the Vandals penalized 15 yards for holding.

With two weeks of conference ball in the history books Southern California and the University of Oregon are each sharing honors with two victories and no defeats. The Trojans gained full revenge with plenty of interest while running over the Cougars to the time of 38-6. The Staters headed south with visions of a close game but after a scoreless first quarter, the game was turned into a riot with all but two of the subs seeing action.

**Vandals Roll Up Points**

The Vandals rolled up 21 points in the first three quarters of the battle with the Grizzlies and then weakened—two conversions was the deciding factor.

In the other conference game Oregon gave the dope bucket a blow by upsetting the Washington Huskies 13-0. Although on the short end of the count the Webfoots made their yardage count to score twice. The "Midnight Express" going over for one.

Stanford and California have not yet played a conference game but both enter the race next Saturday. California will travel to Portland to tangle with the Cougars and Stanford will entertain Oregon State.

### BONE CRUSHERS REPORT FOR TEAM

#### Twelve Wrestlers Try For Varsity; Dan Lopez Returning.

Call was issued recently for varsity wrestling, and twelve men are working out regularly under the tutelage of student-instructor Noel Franklin, former western intercollegiate 145-pound champion and successful coach of the Idaho squad of two years ago.

Although too early to make accurate predictions, Coach Franklin feels that the squad is the best Idaho has had for many years, and with the possible return to school of Dan Lopez, last year's coach and captain, for the second semester, is reasonably optimistic about the Vandals chances on the mat this season.

### ENTERTAIN RUSHEES

A fireside honoring the new Methodist women in the university was held by Kappa Phi Sunday at the home of Mrs. J. E. Purdy. The affair is previous to pledging, which will occur October 17. Methodist women new in the university were entertained as rushees. Sixty girls were present, including alumni, active members, and rushees. Grace Shawen played a piano solo, and Ruth Parker and Clare Davis sang a duet. The evening ended with all present singing Idaho songs.

### EXHIBIT GIVEN BY ATTIC CLUB

#### Japanese Prints to Be Shown Until Friday.

The exhibition of Japanese prints, sponsored by the Attic club, has not been well attended. The exhibition will be open until Friday.

It is hoped that many more students will avail themselves of the opportunity to see the prints. Students are urged to bring guests. To the person who in signing the guest book gets the lucky number, a print will be given.

An exhibition of student talent will be given at the end of the semester. The art department also hopes to be able to get an exhibition of etchings. If money for this exhibition can be raised, it will be given about the middle of the year.

### LADS HAVE GREAT TIME TRYING OUT FIREMAN'S LIFE

"It's a great life if you don't weaken," agrees Fritz Craven and Mel Sackett, after being firemen for three weeks. And why shouldn't it be, when most of the work seems to consist of sweeping the dance hall floor after the weekly dances which support Moscow's volunteer fire department. False alarms for the Beta house break the monotony. Even a fire at the brick plant is better than nothing.

Both Mel and Fritz slid down the greased metal pole in time to take the trucks to the fire. Mel said that he was excited that he nearly broke a blood vessel. The thirty minutes which the fire lasted, have been their only real experience with fires.

Fritz and Mel both enjoy living at the station. There are only four other regular men who work there. They have a comfortable room and those who wish to may get their own meals. The boys are on night duty, and must be at the station to answer calls. The first man down gets the call and takes the address; the second man opens the door; and the third drives the truck. Usually they are on the chemical truck, although since the department is made up for the most part of volunteers, the duties are not very fixed.

October 4-10 is Fire Prevention week. Mel and Fritz marched in the fire department parade with the old fashioned equipment and the new fire trucks.

If within the next few weeks you should see a couple of gay uniforms with many brass buttons, don't mistake Fritz and Mel for majors of the militia, for it will only be the new firemen's uniforms.

### GIRLS Do Not Smoke Pipes

THE GIRLS haven't left us many of our masculine rights. They fly our airplanes, drive our cars, smoke our cigarettes—but they don't smoke our pipes! They've left us this one manly right, anyway.

A man almost has to smoke a pipe nowadays. A pleasant necessity! For a pipe filled with good tobacco is just about the best smoke a man could want.

And if you're troubled about selecting a tobacco, remember that Edgeworth is the popular favorite in 42 out of 54 colleges. It somehow seems to fit the college man's taste. Edgeworth is cut especially for pipes; it burns slowly, it gives a cool smoke. You can buy Edgeworth wherever good tobacco is sold. Or, for a special sample packet, write to Larus & Bro. Co., 100 S. 22d St., Richmond, Va.

### EDGEWORTH SMOKING TOBACCO

### PLANNING TRY-OUT FOR HELL DIVERS

#### R. Carlson to Inspect Swimming Club Soon This Year

Applicants for the Hell Divers' club, senior life saving organization, will try out Wednesday evening at 7:30, it was decided at a meeting held at the Blue Bucket last Wednesday noon. Twenty members are in the corps now and a large number of applicants have turned in their names.

Ralph Carlson, northwestern representative of the American Red Cross' life saving organizations, will visit the Hell Divers some time soon to inspect the club.

The club is planning a number of things for this year. Sometime this semester it will give a pageant which will be instructive as well as entertaining. Following the success of last year's carnival, it will give another carnival the second semester. Last year's carnival drew a crowd that packed the gymnasium.

Stanton Hale, president of the club, has had a great deal of experience in life saving work. He spent the greater part of the summer giving life saving lessons.

Anyone interested in the club who has not yet applied for membership may turn in his name to Grace Nichols. Membership is open to both women and men but only those who are already senior life savers may apply.

### SWIM SCHEDULE POSTED TODAY

A swimming pool schedule has been compiled by the physical education department including the open and class periods for men and women with the student life guards and instructors for each. The complete schedule is in the athletic office in the Memorial gymnasium.

The pool is in use from 9 o'clock in the morning until 8:30 o'clock every evening in the week except Saturday, when it closes at 5 o'clock. The Hell Divers, senior life saving organization, meet regularly every Wednesday night in the pool from 7:30 to 8:30 o'clock.

### TWO BALL GAMES THIS AFTERNOON

#### Fiji's, Delta Chi's; Phi Delt's, L. D. S. Play Intramural Games

The intramural volleyball tournament reached the semi-finals in each league while the Phi Gam's and the Delta Chi's played this afternoon at 4 o'clock for the right to play the Lambda Chi's for the championship of A league.

In B league, the Phi Delt's and the L. D. S. play this afternoon for the right to meet the S. A. E.'s in the championship game. The final intramural championship will be played tomorrow night between the winners of tonight's games.

Friday afternoon, the Delta Chi's won from the T. K. E. men by scores of 15-9 and 15-4, while the Phi Delt's beat the A. T. O.'s 15-9, and 15-2.

Yesterday the S. A. E.'s nosed out Ridenbaugh hall 15-9, 8-15, 15-13, and the Lambda Chi's beat the Delta Tau Delta's 15-5, 15-7. In an extra game, the Filipino club took the Chi Alpha's 15-5, 15-8.

### PHI BETA KAPPA PICKS MEMBERS

#### Three Seniors Will Be Honored This Fall.

Three members of the senior class have been selected for membership in Phi Beta Kappa, national scholastic honorary fraternity, as a result of the fall election. Mary Bronsan, Moscow; Stanley Spaid, Shoshone; and Kathryn Hart, Rigby, are the graduating seniors who have received this distinction.

Phi Beta Kappa, the oldest Greek letter society in existence, is a distinct honor bestowed on a few seniors each fall in recognition of unusually high scholarship.

As a result of the elections held last Tuesday, the officers of Idaho's chapter for this year are: Elmer F. Beth, president; Dr. Ella Woods, vice president; Fredric C. Church, secretary; and Mrs. Vaughn Pratter Latig, treasurer.

We're back to the prices of 15 years ago. It was time for some-body to cut prices on quality clothes so far down that every man could have the new one he needs. Now they are down to the prices of 1916 to fit the pocket book of 1931. For example: you can buy a new Hart Schaffner & Marx suit or top coat with the trust-worthy Trumpeter label for as little as
