

HOMECOMING HOP TO BE SPONSORED BY IDAHO ALUMNI

"I" Club Will Assist Knights to Hold All-College Mixer

Idaho's alumni association will be sponsors this year of Idaho's Homecoming dance. They will be assisted by the "I" club. The Intercollegiate Knights will hold an all college mixer after the bonfire. This will complete the program of dances for the student body. The various associations will hold additional dances.

The "I" club will have charge of details of the alumni dance, it became known today. Tentative plans are that the dance will be held in the gym and that it will take form of an all college mixer. The dance is scheduled to start at 8:30 p. m.

The Intercollegiate Knights have obtained permission to hold an all college mixer in the gym directly following the bonfire. Tickets will be on sale soon at 50 cents.

A tentative program of events will be:

- October 30, 1931
- Pajama parade, 6:30.
- Freshman bonfire, 7:30.
- All college mixer, gym, 8 p. m.
- October 31, 1931 (Alumnae Day)
- Arrival of "Buildup" special.
- Freshman game with W. S. C. 10 a. m.
- Homecoming game with Gonzaga, 2 p. m.
- Alumni banquet, 6 p. m.
- Alumnae dance, gym, 8:30 p. m.

PLAY LEAD DRAWS DRAMATIC STUDENT

Thomas Makes Trip From Los Angeles in Four Days

"The opportunity to play the lead in 'The Ladies' was one of the big reasons for my return to school this fall," said John Thomas, dramatic track star, yell duke, and dramatic student.

Coming back to Idaho was more difficult for "Johnny" than for those who simply boarded the special at Pocatello or Boise. Without baggage and unaccompanied, he made a record trip from Los Angeles to Moscow in just four days by getting rides from town to town.

"It's a great trip, if you don't weaken and everyone, according to Thomas, 'is good to a fellow who's on his way back to school. I made some really worthwhile acquaintances on the way up, including a prominent Tacoma physician."

Assigned Lead.

Last spring before leaving school Thomas was assigned the leading masculine role in "The Ladies," by Professor Fred C. Blanchard, dramatics coach. During the long summer spent on Catalina Island, near Los Angeles, Thomas familiarized himself with the part.

"And the part's a wow," said Johnny. "I'm going to have lots of fun doing it and it won't be hard at all." Thomas has been cast as a young business man—one of the ten million—who is buying furniture on the installment plan and who reads and believes the success stories in "The American." Every line is good for a laugh and every laugh good for another in this comedy by Kaufman and Connelly.

Although this is Thomas' first part in an all-college play at Idaho, he had had experience in dramatic work and public speaking, both here and in California.

'SOPHOMORE BLUES' START TRADITION

Sophs Decide to Adopt New Type of Trousers

At a meeting of sophomore men Wednesday evening, a new Idaho tradition was created. The sophomore men are to wear a distinctive type of trousers to be known as "Sophomore Blues." They will be made of heavy blue material, similar to "mole skins," except that they will wear better.

In the past sophomore men have had to lower themselves by wearing the same kind of trousers as the freshmen. By adopting this new tradition they hope to do away with this inferior subsection.

Besides the general enforcement of this tradition, five men have been appointed to see that sophomores and only sophomores wear these pants. It will not be compulsory to buy "Sophomore Blues" immediately, but it is hoped that the tradition will become generally predominant.

"Sophomore Blues" can be purchased at Boyd's Clothing store within a week. Other stores will stock them soon. Already thirty-five pairs have been placed for immediate delivery.

'CURTAIN' WILL MEET

"The Curtain will hold a meeting in the near future to elect a new president, this position being made vacant by the former president's failure to return to school," says Bertha Moore. The members are also planning initiation for the pledges taken in late last spring.

FROSH PREPARE FOR HOMECOMING

Jones Appoints Social Committee and Homecoming Committee.

Gathering of material for the annual homecoming "bonfire" will start immediately. It was decided at the frosh committee meeting Monday night. The campus will be carefully guarded in an effort to stop the usual smearing of paint that typifies the nights before homecoming. President Junior Jones requested that every man in the frosh class do his part in making the undertaking a success. Class members elected on the "bonfire" committee are Helmer Westerlund, chairman; Carl Fischer, William Wakeman, Victor Warner, Milton Haynes, Alex Morgan, Earl Bopp, Max Chase, Bruce Groves, Leslie Darrington, Gilbert Grenier, Herbert Freese, Bob Moore and Hugh Eldridge.

Junior Jones announced a permanent social committee of the following four members: Robert Felton, chairman; Paul Rust, Jack Emahiser and Miriam Babcock.

FIGHTING VANDALS SHOW WARES WITH PSEUDO-CREATIONS

Oakes' Artifices no Match for Vandals; Huskies Will be Tough

The Vandals' ability to hold the Montana Grizzlies' heavy forward wall to a near standstill for three quarters in spite of Coach Bunny Oakes' highly touted defenses, the development of hard-hitting linemen has boosted their stock and confidence in combating artificial ball playing creations.

Idaho will be up against a still differently trained line tomorrow at Seattle, and will have a tough battle with the Washington Huskies. Judging from pictures of practice sessions received from Phelan's camp, his gridsters developed into "huskies" through the use of great four foot logs and crosscut saws. Manufacturing firewood from trees is Coach Jimmy Phelan's way of putting muscle on a football aspirant's bones. Six two-man teams spend very little time in reducing a giant log to stove size, but while it lasts, it is great exercise for wind and muscle. It suits Jimmy.

Although the Idaho squad can boast of no such unique exercises, the Vandals are not without lumber-jack trained ball players, for many of the Idaho gridsters spend two or three months each summer in the forest service, storing up energy and muscle for the fall season.

Uses Same Method. Coach Phelan probably used this same method of training while he was building his Purdue eleven into the Big Ten championship of 1929, but his linemen should not expect any advantage over the Vandals' forward wall in that respect, for Coach Calland has his own ways and knows what his men can do.

SUBMIT SKETCHES FOR BLUE BUCKET

Gag Writers Instructed on Campus Comic's Humor Policy

Surprised by the wholesome response given the Blue Bucket cover contest by campus artists, the judges were considering the entries Thursday morning. Five men submitted sketches on the Greek motif.

Those contributing were William Eridwell, Donald Griffith, Marvin Knox, James Potter, and William McCoy. Several cartoons were turned in before Wednesday midnight, for illustration jokes.

First prize covered sketch will make its artist the editor of the Bucket art staff. Second and third places will be appointed to the art staff. The contest was conducted by John Trueman, editor, in search for talent to fill Dale Goss' shoes, last year's art editor.

Bon Mots Needed. "Now that we have enough covers, we must have the campus jokesters write enough two and three line gags to fill in," Trueman commented.

"And don't rewrite Captain Billy's stuff. The Bucketers want original cracks, preferably about college."

"Paragraphs of 50 or 60 words dealing in a facetious tone with some campus condition is o.k. Take for instance the sun baths on the roof of the new gym. We heard a co-ed accidentally stuck her head through the trap door day before yesterday and disturbed the ultra-violet males."

"The heating tunnel is out," warned Trueman.

NEALE WILL SPEAK AT TEACHER' MEET

Dr. M. G. Neale will be one of the principal speakers at the annual district meeting of southwest Idaho teachers.

COACH FACULTY IN VOLLEYBALL

Expect Enough Turnouts for Stiff Competition

All faculty men interested in volleyball will be given a chance to show their wares this afternoon when the first call is issued in the gymnasium at 4 o'clock.

Present indications are that at least two teams will turn out for the initial practice tonight. An opportunity will be given for all faculty men not acquainted with the game to learn volley ball and participate in the play which will continue throughout the year.

ASPIRANTS TRAIN FOR CALIFORNIA OLYMPIC GAMES

Stars Hope to Enter Field and Track Meet in Los Angeles

With many months of steady training ahead the aspirants to Olympic fame at Idaho are beginning to turn to thoughts of track. In the years gone by such men as Neil Irving, "Doc" Edmondson, and "Pat" Perrine stand as the only shining lights amongst the Vandal tracksters to join that distinguished list of athletes who represented their country in the Olympic games.

But now again this greatest of athletic festivals draws near, this time in Los Angeles, and the elastic legged artists of the winged "I" are mysteriously shunning the whipped cream and heavy puddings and resorting to the old apple sauce for dessert instead.

According to track manager, "Curley" Hoffman, Lewis court will soon undergo the necessary grooming to fit it for nearly all the track and field events.

Pole vaulting seems to be holding a lot of interest this year with several freshmen of past renown in this event now attending at the university. Harry Dwyer, the sly vaulting artist from Coeur d'Alene, said that the Olympics are his present aim and with an early start he'll be in top shape when the time for the big carnival comes around. Harry has every asset for a champion vaulter with the possible exception of a lack of "cockiness" and the belief that he is of first-class caliber. With a slight mental change, however, it is predicted that he will hit close to the fourteen foot marker when the proper time comes.

High hurdling and shot putting are events in which Bernard Lemp, and Herman Jensen are potential Olympic material. They are both holders of Idaho records and with as much improvement in the forthcoming months as they both made last year's meets they will be visiting Los Angeles in June.

Dark horses may be found in any of last year's track men, but as yet they have not asserted themselves save for John Thomas, the diminutive sprinter of the half mile, who lives under the determined impression that if he can't go to the Olympics in a track suit he'll make it in a yell leader's regalia.

The decathlon has caught the eye of Bill McCoy, Vandal track and field man. This feature of the Olympics is a combination of ten events providing for those athletes who have no speciality or who are of mediocre ability to compete.

SPANISH GROUP IS REINSTATED

Sigma Delta Pi Begins With Three Members.

With the initiation of three members Wednesday afternoon, Theta chapter of Sigma Delta Pi, national Spanish honorary, became active again on the Idaho campus for the first time since 1925. The new members are Thelma Pearce, Lillian Hejtmank, and Lillian Weiler. Initiation was in charge of Leroy E. Detling, a member of the University of Oregon chapter, and now an instructor in the botany department here. Mrs. Margaret L. Sargent is sponsor of the group. A dinner was held at the Blue Bucket following the initiation. Lillian Hejtmank was chosen president of the group.

RALLY WILL SEND TEAM TO SEATTLE

Seattle Alumni Arrange Rooting Section for Idaho Students

There will be a pep rally at the Union Pacific station at 5:45 p. m. Friday to see the football team off for the Washington-Idaho game. The pep band will parade as usual, stopping at each house and hall to collect students. The parade will then proceed to the station where the rally is to take place. House managers have been asked to postpone the dinner hour to 6:15. There will be no student special to Seattle.

The alumni at Seattle are arranging for a rooting section for themselves and for the Idaho students who attend the game. It is doubtful whether the yell leaders will be officially asked to go on this trip, but when asked if they were going, Verne Eaton, yell king, replied, "You bet we are!"

FAMED EDUCATOR SPEAKS WELL OF IDAHO STUDENTS

Considers Students Industrious and of High Type

An extremely varied and accomplished career is that of Preston Willis Search, educator, who visited the Idaho campus Wednesday. He stopped for a short visit with faculty members and others on his way to New York from his home in California. He has been connected with educational institutions and student life all over the world. He knew intimately several of the presidents of this university, including Presidents Gault, MacLean, and Lindley. He remembers our campus when there was but one building here. Of Idaho students he said, "You have an exceptionally high type of student. They are serious and industrious and spend little time loitering in the halls."

Professor Search attended the University of Wooster, Ohio, where he was one of the early members of Phi Delta Theta. He edited the first Phi Delta Theta song book. After graduation he became superintendent of schools at West Liberty and Sidney, Ohio; Pueblo, Colorado; Los Angeles, California, and Holyoke, Mass. At Pueblo and at Los Angeles he was the first one to organize a city system of schools on the basis of fundamental recognition of the individual.

Has Interesting Experiences. Of his earliest school teaching days, Professor Search has many interesting experiences to tell. He lived a typical country school-teacher's life bunking in lofts, and causing much rivalry among the people over "feeding the school-teacher." In one place, the teacher's private bedroom was accomplished by hanging sheets around a bed.

"About this time, in 1899," Professor Search said, "I got hungry to go back to school." He took advanced work at Clark university, Worcester, Mass., and at Lausanne, Switzerland, and Jena, Germany. While abroad he studied the educational systems of Europe and founded several schools of travel and study for American young people.

Son Also Famous. He has lectured before educational institutions all over the world, having given over 7,000 lectures. He is deeply interested in music, art, and civic improvement. He has organized and promoted many clubs along these lines and is at present actively engaged in such work at his home in Carmel-by-the-Sea, California.

Professor Search has one son, Frederick Preston, of whom he says, "He is a better man than his father." Frederick Search is a well-known cellist and musical director, having studied extensively abroad and appeared in recitals in all the leading cities of the United States and Europe.

APATHY STIFLES A.S.U.I. ELECTIONS

Keating, Ferris and McKinley Win Votes Easily

In the special A. S. U. I. election Thursday little competition was shown for any of the offices. Charles Keating was elected sophomore man with 275 votes against William Tuscon and John Peacock.

James Ferris, elected associate editor of the Blue Bucket and Frank McKinley, elected assistant manager of dramatics won by a unanimous vote.

VANDLES BATTLE HUSKIE GRIDMEN IN CRUCIAL GAME

Many Changes Made in Vandal Lineup Due to Injuries

The Washington squad is fighting mad after their defeat at the hands of Oregon last week, and it will be a determined squad of Huskies the Vandals will go up against at Seattle tomorrow. Washington and Idaho both now have one win and one loss credited to themselves on the conference scoreboard.

Many Injured

Several changes have been taking place in the lineup in the Vandal camp this week, due to the injuries which hit the Idaho team in the Montana scrap last week. With Pete Taylor, star end, playing his second year on the varsity out with a wrenched knee, a weak spot is left on one side of the line which Calland has been trying to fortify before the Husky game. The fullback position lost a lot of strength and driving power which is needed against the big Washington forward wall when Fred Wilkie was taken from the Grizzly game also suffering from a twisted knee.

Emmert Davis, probably out for the rest of the season due to a fractured collar bone also received in the Montana game, leaves Coach Calland with but three of the original four quarterbacks to carry on the attack for the remainder of the season. Davis was larger than the other signal blockers and could be counted upon for several yards through the line whenever it was needed. He was also a good punter and an accurate passer.

Calland Shifts Players

Calland has been trying several combinations in an effort to replace these vacancies and to keep the Vandal eleven as strong as originally was before it was struck by "Old Man Casualty." Hanford and Brailsford have been working out at the vacated end berth. Hanford was shifted from his halfback position. He is fast, weighs about 180, is an excellent pass receiver, and should fit into the combination well. Brailsford was shifted from tackle to the wing post. He is also big and an exceptionally good man on defense.

Wilkie's position at offensive fullback and defensive half has fallen on Lee Tyrell and Elastino. Tyrell has been sharing the position with Wilkie all season and will probably be in the starting lineup at Seattle tomorrow. He tips the beam at around 180, is good for three or four yards most any time through the line, and has been doing some fine blocking in the recent games. Elastino is a transfer from the Southern Branch. He is the smallest man on the squad, weighing only about 150, but hits the line like a battering ram. He will probably see some play at the fullback post at Seattle.

With Davis out of the lineup, Calland will have to direct his plays around Wilson, Smith, and Sather. Washington fans will remember the work of George Wilson in the Idaho-Husky game at Seattle last year. He was the mainstay of the Idaho attack and it was from his performance in this game that he earned the nickname "Poison." Seattle fans have not had a chance to see Poison's teammate, Willis Smith, in action yet and by Saturday night will probably have some name attached to him.

TELLS OF INDIA AT GIRLS' CLUB

Methodist Missionary Relates Experiences in East

Mrs. Elmer Fife, Methodist missionary, spoke upon India and Hindu problems at the last meeting of the Westminster Guild, held on Tuesday. Mrs. Fife is from Ambala, Punjab, India. She described the life of the Hindu in his native land. She discussed also the present political situation in India and tried to impress her listeners, especially, with the seriousness of the situation.

About 55 members were present. A study is to be made of several of the major religions of the world. The religion of India is to receive a thorough study and perhaps the Chinese religion will also be studied. Rev. C. M. Drury is expected to give several illustrated lectures in connection with these studies.

TWENTY-TWO MEN RECEIVE RIBBONS OF KNIGHTS ORDER

Ball and Chain Candidates Formally Pledged Tuesday Evening

Formal pledging of the newly-elected twenty-two candidates for Idaho's Ball and Chain chapter of Intercollegiate Knights was the main function of the Knights' meeting last Tuesday evening at the Administration building.

The new Knights were escorted to room 317 which was dimly lighted by candles. Stanton Hale, national president of Intercollegiate Knights, gave the oath to the new members, and then pinned red and purple ribbons on the new men. These ribbons are emblematic of the ranking of squire in the chapter and will be worn by the freshmen until next spring, at which time they will be initiated and given the regular Knight pins. If the work of sophomores taken in this year proves satisfactory they will be initiated into the service the latter part of November.

Sweaters Ordered Saturday.

Sweaters for the new men were ordered last Saturday and should be here in time for the Knights' big homecoming dance October 30. Four sweaters were also ordered for the junior men in the organization.

Each year four Knights are selected from the sophomore members to act as junior men the next year. These juniors act as heads of committees for the organization's activities throughout the year. Winfred Janssen, Jean Scott, Clive Johnson, and Abe Pence are the juniors who will receive sweaters this year.

Tickets will be issued soon for the homecoming rally-mixer, and will be sold for 50 cents in each house by its representatives in the Knights. Boise Lane's eight-piece orchestra has been secured to furnish the music for this year's mixer which promises to surpass any previous dance of its kind.

The Knights will hold their next meeting Tuesday evening at 7:30 at the Delta Chi house.

AG JUDGING TEAMS TO GO TO COAST

Four Teams to Compete in Livestock Show

Four judging teams of the colleges of agriculture will leave for Portland Thursday, October 22, for participation in the Pacific International Livestock Show. The teams will judge in agronomic crops and identification, animal husbandry, dairy husbandry, and dairy products.

Getting ready for the Ag Bowl and competing for places on the school on its toes for the last two weeks. The students on the teams have been making judging trips of several hundred miles each week end. Trips have been made to Spokane, Grangeville and other centers recognized for good livestock.

Will Pick Members Soon

Members for the various teams have not been definitely picked. Announcement of the team selection will be made in an early issue of the Argonaut. Members of the faculty who have been coaching the teams are: Hulbert, agronomy; Nordby and Hickman, animal husbandry; Atkinson, dairy cattle; dairy products, Theophilus and Hansen.

A. W. S. LOAN FUND AIDS FIFTY GIRLS

Many Women Receive Aid Since Beginning in 1925.

Since going into effect in 1925, the A. W. S. loan fund has helped 51 women to remain in school. Only one of this number received aid this year. The fund, granting loans up to the amount of one hundred dollars to one person, is made possible by the setting aside of 25 percent of the dues of A. W. S. Paid three years afterwards.

"Since the loan is granted as soon as it has been approved by Dean French and an A. W. S. committee, our fund offers immediate aid," said Louise Morley, treasurer.

ENGLISH ENTRANCE EXAM IS PASSED BY 13 STUDENTS

High Rating Students Come from Various Idaho Schools

Doing advanced work in English is the privilege of 13 of 565 students who took the English entrance test at the beginning of the year.

They are Winifred Bateman, Moscow; Helen Galley, Boise; Beth Grove, Winchester; Halle Hansen, Boise; Elaine Hershey, Lenore; Kathryn Kennard, Moscow; Eileen O'Dea, Spokane; Martha Rehberg, Kamiah; Frank Rosback, St. Anthony; Marjorie Redfield, Spokane; Margaret Shonts, Wallace; Nina Varian, Boise; and Miriam Virtanen, Mullan.

These students had to pass a second proficiency test to escape the required English I. Twenty-two were eligible to take the test, but not all reported. Several of those who passed the special examination with their regular freshman work. Particularly outstanding averages were attained in the entrance test this year, one student, Mrs. Mabelle Craoe Spencer, Moscow, making a score of 370 out of a possible 400. Francis Laney, also of Moscow was second with 357.

Dr. G. M. Miller, head of the English department, thought it especially significant that the 22 students rating so high represented so many different sections of the state.

IDAHO CHEMISTS MEET AT BUCKET

Hear Interesting Address by Professor Cone

The Idaho Chemists met Monday at the Blue Bucket inn for dinner and to hear the address of Professor William H. Cone on "A Survey of Colloidal Chemistry." This is a subject especially interesting to chemistry and physics students of which the state is comprised.

Professor Cone said in part: "Everyone is familiar with the three ordinary states of matter, solids, liquids, and gases. And in general it is not very difficult to place substances in one or the other of these classes. There is one other state of matter which is not so easily defined. This is known as the colloidal state."

"In order to estimate the significance of colloidal chemistry it is necessary to point out the diverse nature and wide distribution of matter in the colloidal state. All living matter, animal as well as vegetable is essentially colloidal. Without colloids life is impossible. Cells, their contents and membranes consist of colloids. Nearly any substance can be made colloidal under proper treatment.

"Commercial application of colloidal chemistry is extensive. Examples of formation of colloids on a commercial scale are: Preparation of salad dressings where fine droplets of oil are suspended in water by means of a protective film usually protein in nature. Manufacture of ink, photographic films, cements, and enamels; flotation processes."

COMMITTEES NAMED FOR JUNIOR MIXER

Will Hold Class Meeting as Part of Evening's Program

The Junior Mixer will be given at the Blue Bucket, Wednesday October 20, from 8:15 to 10:45. Admission will be 10 cents. Students are asked not to make dates until after the dance. Entertainment will take the form of a class meeting to be held during the evening and Dean French will speak. This dance will be the first of a group to be given by the Juniors for the purpose of getting acquainted.

Patrons and patronesses will be Miss Permeal French, Dr. F. C. Church, and Mr. and Mrs. A. S. Janssen.

William Robb is chairman of the Mixer committee, and John Thomas, Janet Morgan, and Virginia Gascoigne are on the entertainment committee.

NEALE WILL MEET IDAHO EDUCATORS

Mervin Gordon Neale, president of the university, left Moscow yesterday afternoon to attend meetings of two of the district conferences of the Idaho Educational association. One of these meetings is at Idaho Falls on Friday, October 16, and the other is at Pocatello on Saturday.

The purpose of Dr. Neale's appearance at these meetings is to make an address on the subject, "The Challenge of the Times," and to discuss new trends in education. It is understood that the president will deal in his addresses with the present necessity for economy in the school work of the day. No advance information was available as to just what position he takes in the matter of economy.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho. Member of Pacific Inter-collegiate Press Association. Editorial and business office, room 202 Memorial gymnasium, phone 2207. Monday and Thursday nights, after 7 o'clock, Daily Star-Mirror office, phone 2222.

CADETS APPOINTED TO FILL MILITARY POSTS FOR TERM

Assignments for Nine Companies Made Effective October 10

The following appointments and assignments in the cadet corps of the university have been made and were effective October 10.

Colonel Thomas Kurdy, commanding regiment; Lieutenant Colonel Robert Bell, executive officer; Captain Nathaniel Congdon, plans and training; Captain Kenneth Hensley, regimental adjutant; Master Sergeant Chud Wendle, regimental sergeant major.

FIRST BATTALION
Major Charles Heath, commanding battalion; Staff Sergeant Willis Smith, color sergeant and sergeant major.

Company A.
Captain Thomas Neilson, First Lieutenant Lionel Campbell, First Lieutenant Harold Stowell, Second Lieutenant Walter Friberg.
First Sergeant Tillmer Davidson, Sergeant Carl Hennings, right guide second platoon, Sergeant Roy Weipert, left guide second platoon.

Company B.
Captain Ted Helmer, First Lieutenant Charles Graybill, First Lieutenant James Laidlaw, Second Lieutenant Glen Smith.

First Sergeant Curtis Mann, Sergeant Robert Van Uden, right guide first platoon; Sergeant Keenan Mains, right guide second platoon; Sergeant George Matson, left guide second platoon; Sergeant William Schutte, left guide first platoon.

Company C.
Captain Kenneth Dyer, First Lieutenant Marius Hanford, First Lieutenant Lewis Morgan, Second Lieutenant Aldon Norell.

First Sergeant Aldon Hoffman; Sergeant John Torrey, right guide first platoon; Sergeant William Robb, right guide second platoon; Sergeant Jerome Christians, left guide second platoon.

SECOND BATTALION
Major S. Lee Johnson, commanding; Staff Sergeant Alvin Jacobson, color sergeant and sergeant major.

Company D.
Captain Charles Adams, First Lieutenant Ernest Brasch, Second Lieutenant John Daugherty.

First Sergeant Oliver Davis; Sergeant Douglas Cruickshank, right guide first platoon; Sergeant Paul Larsson, right guide second platoon; Sergeant Burton Young, left guide second platoon.

Company E.
Captain Henry Hohnhorst, First Lieutenant Harry Young, Second Lieutenant Donald Wiseman; Second Lieutenant Virgil Thompson.

First Sergeant Max Eiden, Sergeant Arthur Davidson, right guide first platoon; Sergeant Ray Assen-gram, right guide second platoon; Sergeant Heath Wicks, left guide second platoon.

Company F.
Captain Stanton Hgle, First Lieutenant Ernest Peterson, Second Lieutenant William Hall.

First Sergeant William Felton, Sergeant Donald DuBois, right guide first platoon; Sergeant Neil Fritchman, left guide second platoon.

THIRD BATTALION
Major Wasley Calkins, commanding battalion; Staff Sergeant Jack Bauman, color sergeant and sergeant major.

Company G.
Captain Parker Wickwire, First Lieutenant Ralph Olmstead, Second Lieutenant Paul Aust, Second Lieutenant Arnold Calvert.

First Sergeant Donald Williams, Sergeants Donald Harris, right guide first platoon; Sergeant Wilbert McLean, left guide second platoon.

Company H.
Captain Wilfred Janssen, First Lieutenant Robert McCluskey, Second Lieutenant Edwin Parker.

First Sergeant Edward Hurley; Sergeant Albert Pence, right guide first platoon; Sergeant Orin Tracy, left guide second platoon.

Company I.
Captain George Hogan, First Lieutenant Alfred Matthews, Second Lieutenant Clyde Ross.

First Sergeant Casper Beimfohr; Sergeant John Sandall, right guide first platoon; Sergeant Chaumo Lyon, right guide second platoon; Sergeant Harry Jacoby, left guide second platoon.

In addition to their regular duties the following named officers will act in the following capacity:

The CINEMANIAC

TABU, a Polynesian word meaning forbidden and indicating a command of the gods, is a romance of the island people with a background of their folk lore. "Tabu" is a silent picture with a stirring musical setting by Dr. Hugo Reisenfeld, a musical authority in pictures. The cast is extraordinary, being composed of native Polynesians and half castes. Even the lead is a beautiful native girl. The musical background adds a finishing touch which makes the picture one of the best of its kind. Another Greta Garbo sensation is "Susan Lenox, Her Fall and Rise," starting at the Kenworthy today. It is the story of a disillusioned girl who flies from an unhappy home to a greater battle with life. Greta Garbo is better than ever, and Clark Gable, playing opposite her, does remarkably. The two make a good team and are bound to be seen together again in future films. "Susan Lenox" is rated as splendid.

THE SPIDER, opening at the Kenworthy theater Sunday, is an exciting and gruesome story of a theater crime. Two actors, magicians are suspected, and to clear themselves, they attempt to discover the guilty one by means of black magic. Edmund Lowe is the magician, Lois Moran, the heroine, and Ed Brendel, a simple-minded spectator who provides comic relief. The screen version of "The Spider" does not come up to the sensational stage play of a few years ago, because of the impossibility of presenting the necessary background. In spite of this difficulty, the film is really good.

TELLS STUDENTS OF FRENCH TOUR

Boise Mayor Says France is Prepared

At an assembly Wednesday morning, Mayor J. H. Pope of Boise told of his experiences during the good will tour of France taken by several mayors of cities in the United States. Mr. Pope was invited by the French government to take the tour the purpose of which was to promote better understanding between the two countries. Mr. Pope gave several new and interesting viewpoints of the French people and told of several incidents which showed their feeling for our country. He also said that while the French people are the firmest of world peace advocates, they also feel that they should always be prepared. Memories of the Franco-Prussian war of 1871 and the World War of 1914 are indelibly impressed upon their minds. Mr. Pope said that an excellent feeling existed between France and the United States and it should be continued.

Scholarship Awards Announced. The assembly was opened by the Pep band playing two numbers. President Neale then announced the scholarship awards for last year. Delta Delta Delta sorority was awarded the Mary Upham cup for highest scholarship record among the women's groups with an average of 4.913. Tau Kappa Epsilon won the Burton L. French trophy with an average of 4.532.

The Alpha Zeta scholarship key, given by the college of agriculture, was awarded to Worth Hodgson, who had an average of 5.529. The Phi Chi Theta key, given to an outstanding junior woman, was

given to Katherine Mikkelson, who had an average of 5.882. The Alpha Kappa Psi key, given by the school of business administration, was won by Erwin H. Tomlinson, with an average of 5.6001.

BULLETIN BOARD

KAPPA DELTA PI MEETING Monday 4 o'clock, Dean Messenger's office.

DESMET CLUB WILL MEET immediately after church next Sunday in the rectory.

IMMEDIATELY AFTER THE morning service at the First Lutheran church, next Sunday morning pictures will be taken of all Lutheran students of the university. The service itself will be "Student's Special" and the sermon and music will be for the special benefit of students. Bring at least one friend.

Lutheran Students 2 Points

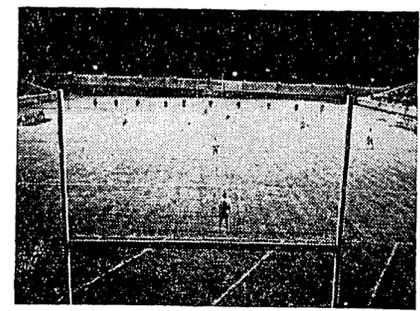

1st
Immediately after the morning service at the First Lutheran Church, next Sunday, moving pictures will be taken of all the Lutheran Students of the University.

2nd
The service itself will be a "Students' Special" and the sermon and music, helpful to that end. Bring at least one friend!

ROGER P. OLIVER, Pastor

College-trained engineers revisit the athletic field

ON more than a hundred floodlighted fields, football is being played and practiced in the evening hours, before larger audiences than ever before—with fewer injuries and in better conformity with classroom duties.

Night photograph of Temple Stadium, Philadelphia, Pennsylvania, floodlighted with G-E projectors.

This constructive revolution in athletics is largely the work of college-trained engineers— young men personally familiar with the needs of college and school. They are dedicating the technical experience gained in the General Electric Test Department to the practical service of undergraduate athletics— designing and installing floodlighting equipment for virtually every sport—football, baseball, hockey, tennis, and track.

Other college men in the General Electric organization have specialized in street-

lighting and floodlighting projects, or in the electrical equipment of industries and mines or of immense power stations; some are designing and applying electric apparatus to propel ocean liners and locomotives. All are engaged in the planning, production, or distribution of G-E products and so are performing a work of national betterment and creating for themselves recognized spheres of personal influence.

You will be interested in Bulletin GEA-1206, "The Light that Started Sports at Night." Write for it to the nearest G-E office or to Lighting Division, General Electric Company, Schenectady, New York

GENERAL ELECTRIC

MUSIC SCHOOL ENROLLS MANY

The latest figures from the music department show a definite increase in registration this year. At the present time, 115 students are enrolled for private instruction as compared with 97 last year.

Knowledge comes, but wisdom lingers.—Tennyson.

Formal Dinner Given To Honor Last Year's Spurs

A formal dinner was given on Tuesday evening by Spurs, Sophomore women's honorary society, for the Spurs of last year. The affair was held at the Hotel Moscow. Several group houses have also had formal banquets this week, celebrating their date of founding.

Invitations are now out for the Delta Delta Delta reception which will be given Sunday at their new home, and also the invitations for the Kappa Alpha Theta reception to be given on the following Sunday evening. Both are to be formal. The Theta reception is to be given for faculty members.

Next Tuesday night, the first Junior mixer of the year will be given at the Blue Bucket inn. Each member of the junior class is urged to be there, and from the enthusiasm already shown, there will be a large crowd attending.

The annual "Ag Bawl" is to be given on Saturday night. It will be a costume affair and it is said that a prize will be given for the best outfit. Several other dances are scheduled for this week-end. On Friday evening, Sigma Nu and Kappa Kappa Gamma will honor their freshmen with pledge dances. Lindley hall and Forney hall are also giving informal dances on the same evening. On Saturday, Tau Kappa Epsilon, Gamma Phi Beta and Lambda Chi Alpha will give pledge dances at their chapter houses.

KAPPA KAPPA GAMMA COMMEMORATE ANNIVERSARY

Kappa Kappa Gamma celebrated Founder's Day on October 13. A formal banquet was held in the evening. The long table was decorated with fall leaves, yellow candles tied with tulle and appropriate place cards. Dr. Ella Woods, Mrs. Hester Brenn, Mrs. Tess K. Hickman, Miss Nancy Finch, and Mrs. C. L. von Ende, were guests of the chapter.

Rev. and Mrs. E. Purdy and Prof. and Mrs. Wayne Smith were dinner guests of Chi Alpha Pi on Wednesday evening.

PHI CHI THETA GIVES PIRESIDE

Phi Chi Theta entertained at a fireside Thursday evening at the Delta Delta house in honor of the women students registered in the school of business administration.

A varied musical program and stunts furnished entertainment for the evening.

Faculty wives assisting were Mrs. Ralph H. Farmer, Mrs. E. E. Davison and Mrs. W. J. Wilde.

DELTA GAMMA GIVES DANCE

Delta Gamma entertained their pledges at a dance held October 9 at the chapter house. Decorations consisted of aeroplanes silhouetted and suspended from the ceiling, with "Spirit of Delta Gamma Pledges" inscribed on them. Patrons and patronesses included: Mr. and Mrs. Howard David, Mrs. Elizabeth Given, Miss Belle Sweet, and Mr. and Mrs. H. W. Griffith.

Alpha Chi Omega entertained at a joint initiation and founder's day formal banquet at the chapter

EXHIBIT DRAWS FEW VISITORS

The attendance at the exhibit of Japanese prints has been rather disappointing in numbers. The western attitude or mentality needs enlightening, as to the road to the finer things in life. Out east, that is on the Atlantic coast, an exhibit of this nature would attract half of the student body. However, the tremendous interest of those attending the exhibition surpassed all expectations.

Further exhibits will be displayed to increase the appreciation of art on the campus in the near future—perhaps modern art in its extreme; perhaps realism in all its dull reality.

The lucky person at this exhibit was made so by a member of the Argonaut staff who drew the winning ticket from the hat. The choice of any picture in the exhibit goes to Margaret Scott.

W. A. A. ELECTS NEW MANAGERS

Rhoda Swayne was elected treasurer of W. A. A. at a meeting October 13, filling the vacancy left by the failure of Louva Mae Jensen to return to school. The following athletic managers were elected at the meeting: Basketball, Frances DuSault;

volleyball, Helen Thornhill; hiking, Grace Green; horseshoes and clock golf, Mary Louise Green; baseball, Helen Peterson; swimming, Grace Nichols; rifle, Marion Fry; tennis, Lorna McCain; horseback and winter sports, Jean Kingsbury.

W. A. A. activities now in progress are horseshoes, tennis, and volleyball tournaments.

WOMEN DEBATERS MAKE YEAR'S PLANS

Plans for the coming year were discussed at a meeting of women debaters on Wednesday. The varsity debaters will visit Seattle, some schools of Oregon, and possibly some in northern California. A great deal of interest is being shown, and a successful season is hoped for.

Due to the rule that first year students are not allowed on the varsity debate squad freshmen girls will not be needed until December. Freshmen will start their debating after Christmas, a match with Washington State college having already been planned.

STAFF TO BE FETED

Theta Sigma, local journalism honorary for women, will entertain all the women on the Argonaut staff at a breakfast October 25, it was decided at a regular luncheon Tuesday.

TEAM TO BE GIVEN SEND-OFF TODAY BY STUDENT RALLY

Idaho Rooters to Have Special Section at Washington Game

Send-off rally for the Idaho football team will start from Ridenbaugh Hall at 5:15 this afternoon, going enroute down fraternity row to the Beta corner and then to the Northern Pacific station via the Sigma Alpha Epsilon house.

Idaho's pep band will lead the parade and furnish music at the station. The Idaho yell leaders will direct the student in yells from the top of the Pullman cars.

House Postpone Dinner Hour
Housemen have readily consented to the dinner hour of their respective groups up to 6:15 which will enable the students plenty of time to get back to their houses before the evening meal as the train leaves for Seattle at 5:45.

INTEREST IS HIGH IN CROSS COUNTRY

Outstanding Varsity and Frosh are Barred From Competition

With the volleyball title settled for another year, interest is turning to cross-country, the next sport on the intra-mural program. The date set for the two and one-half mile run is October 23, at 4:15 p. m.

Interest in cross country is the highest that the sport has ever enjoyed in the history of intra-mural competition, with nearly 70 bunionsists reporting regularly to coach Charles Heath, varsity distance veteran. "This unusual enthusiasm may be attributed to the decision of the Idaho athletic directors in barring from competition all outstanding varsity and frosh men of last year's squads," he reports.

From this large crowd of novices, Coach Otto Anderson is expecting some promising runners to bolster the already strong varsity squad. Nearly all of this group are training and planning to enter the meet. Wednesday night, the aspirants were given their first time trials, with some running the distance in close to a minute over the record time set by Lennis Hall last year.

All members of the squad planning to enter the meet must report for roll call to Charles Heath or John Thomas and run the course at least eight times in addition to qualifying for a physical exam, before they will be allowed to compete.

Twenty places will be used for scoring, starting with 20 and ending with 1. The organizations will be rated according to the number of points gathered. The fraternity rating first will receive 100 points in the intra-mural standing, with second place receiving 75, third 50, fourth 40, and fifth 25. Non-entries will be penalized 25 points.

LAMBDA CHI'S WIN VOLLEYBALL TITLE

The Lambda Chi team walked away with the intra-mural volleyball championship Wednesday night for the second consecutive year, in swamping the Phi Delta Theta sextet in the final match of the tournament, 15-6 and 15-3.

Batting the ball through the holes in the Phi Delta's slower defense, the Lambda Chi's were never deeded from the first serve. The 100 points that go with this victory put them into the lead for the intra-mural standing, with the Phi Delta's receiving 75 points to take second place in the running.

The Phi Gams and S. A. E.s each received 50 points by copping the runner-up positions in their respective leagues. In the fastest and most closely contested match of the tournament, the Lambda Chi's just nosed out the Phi Gams Tuesday night, by the scores of 14-16, 11-15, 15-7, to win the A league championship. The Phi Delta's won the right to enter the inter-league finals by beating the S. A. E. squad, 15-6 and 15-13.

MONICKERS GIVEN TO HUSKY ELEVEN

If nicknames add to ability the Vandals will have their hands full at Seattle Saturday. The Husky eleven claims the finest collection of nom de plumes on the coast.

Look at them they make up the line:
There's "Snakebite" Nesbit, "Blueberry" Smith, "Yum-Yum" Yama, "Sticky-fingers" Lenfesty, "Big Pete" Antoncich at ends, "Man Mountain" Isaacson, and "Swag" Schwieger at tackles with "Forky" Ferrish at guard.

SWIMMING CLUB ADMITS ELEVEN

Others Will Have Chance for Later Tryouts

Eleven out of 18 candidates were given membership in the Hell Divers club after tryouts Wednesday evening.

The new members are Winifred Schoonmaker, Elizabeth White, Margarethe Kjosness, Phyllis Tenby, Henry Lacy, Herb Freese, Clayne Robinson, L. T. Barrett, William Bourasa, Edward Jones, and Earl Eggers.

Tryouts were based on life saving ability, particularly power and technique, and also on general performance in the water.

The Hell Divers will hold another tryout in two weeks for the benefit of those who failed to be admitted to the club, probably for lack of practice, and for those who were not able to try out Wednesday. Students interested should give their names to Grace Nichols.

IDAHO GRADUATE ATHLETIC COACH

As athletic director and physical education teacher at Milwaukee State Teacher's college, Guy O. Penwell, a University of Idaho graduate, still finds time to coach cross country, track, and basketball at the railroad center's college. Upon leaving Idaho with Dave McMillan, a former basketball coach here, Penwell went to Minnesota where he assumed the duty of assistant basketball coach at the University of Minnesota. At the Milwaukee Teacher's college, Penwell succeeds Percy Clapp as athletic director and Milton Murray as harrier coach.

The registration at Colgate is reported at 999, one less than the maximum number allowed.

TOMORROW IS BIG DAY FOR PACIFIC COAST GRID TEAMS

Two Leaders Will Fight at Los Angeles Coliseum

With four conference games and one intersectional battle scheduled for tomorrow, several changes are expected in the Pacific Coast percentage columns. All league teams except Montana will go into action.

Probably the outstanding event will be held in the coliseum at Los Angeles where the Southern California Trojans will tangle with the University of Oregon in the battle of the leaders. Both teams have two conference wins to their credit and both will be trying hard to keep a clean slate. Howard Jones, U. S. C. coach, will have a team full of confidence after their one sided victory over the Cougars last week, but Oregon has new life after their upsetting win over the University of Washington. The Trojans will be the favorites by a two touchdown margin.

Not far back of the Trojan-Web-foot game in interest will be the Idaho-Washington affair and also the California-Washington State game in Portland. The Vandal-Husky duel should be a first class battle with plenty of excitement for the fans. Both teams have strong offensives built around fast, tricky men. Jimmy Phelan will open his full bag of tricks as another loss will definitely put the Huskies out of the pennant race.

The Vandals showed a world of power in the Montana game and were not scored on until almost a full team of reserves had entered the battle. Willis Smith and George Wilson will give the Seattle fans plenty of show for their money.

W. S. C. Battles Bears. Washington State will again take to the road in an attempt to win

another league game when they travel to the rose city to do battle with the California Bears. The Cougars will give the Bears their first conference competition of this year.

Stanford will enter the race for the coast honors when they enter Oregon State at Palo Alto. Fresh from a last quarter win over the Minnesota Gophers, Pop Warner's men should have little trouble winning their league opener.

U. C. L. A. Travels East. The U. C. L. A. Bruins go to the only intersectional game of the week. Bill Spaulding will take his aspiring team to the middle west to play the tough Northwestern eleven. The game will enable some comparison between the coast class of ball and that as used in the Big Ten conference, although Northwestern is fresh from a tie with the Notre Dame Ramblers. The size of the score seems to be the only argument to be settled by the game.

WORK IN NEW YORK FOR MASTERS SLIP

DAVIDS

Exclusive But Not Expensive

Once upon a time, corduroy was wedded to pants, without benefit of style.

Then along came Campus Cords, and, lo and behold!—smart corduroy trousers were born! A new era in university attire!

To understand the charm of Campus Cords, you must know these facts: Made of the finest corduroy in a distinctive cream shade; tailored to give snug hip-fit, straight hang, with wide but not extreme cuff bottoms.

All of which make Campus Cords very smart and comfortable and enduring!

Ask for them by name—Campus Cords. Look for the label inside the waistband. It protects you against imitations.
