PREXY NEALE HEADS PEP RALLY TONIGHT

U. P. SYSTEM RUNS EXTRA FOR TILT WITH COUGARS

Dancing Coach to be Feature on Student Train for Traditional Tilt at W. S. C. Rates Granted by Railroad Officials for Saturday Trip

Eighteen miles of dancing and rollicking good fun will be the feature attractions of the big U. P. special train to Pullman tomorrow for the Vandal's important conference filled with the determined "victory for Dad's day" Cougars.

The special is scheduled to leave from the Union Pacific station at 7 p. m. and will return immediately after the game, for a round-trip fare of 70 cents.

Through the cooperation of Blue Key and Verne Eaton, yell king, this special train has been obtained exclusively for transporting silver and gold rooters to what promises to be the outstanding battle on foreign soil that the majority of "P" students will be able to witness.

A dancing car will be hooked up tomorrow's special and Idaho students will be able to dance or listen to the potent melodies of the pep band, both coming and going from the gridiron classic on the battle scarred Rogers field.

Round-trip tickets on tomorrow's special are on sale in all the group buses and halls on the campus today and tomorrow from 8 to 10 o'clock. All ticket sellers will turn in their tickets and money collected at the Administration Building tomorrow morning.

After the scintillating showing of the Vandals in romping over the Bulldogs last Saturday, a large and spirited rabble of silver and gold grid followers are expected to board the special when it chugs out of the Union Pacific station tomorrow afternoon.

Tomorrow's time rival Cougars will be the last chance the "P" cappers will have to see the Calland pigskin totting machine in action this season. Since the last game of the season will be played next week at Berkeley, which is a good deal farther remote than Pullman, Vandal rooters should take advantage of this last chance to see the eleven play this season—all at a reasonable and enticing cost.

FORESTERS DANCE TO BE SATURDAY

Committee Plans Unique Decorations for Annual Dance

The Associated Foresters will give their annual dance Saturday night at 8:30 o'clock in the Women's gymnasium. The "Foresters Ball," as it is called, is sponsored each year by the Associated Foresters. Everyone has been working especially hard on the dance this year, and expects it to be a greater success than ever before. The sale of tickets has gone exceedingly well and at present there are no more available.

The gymnasium will be transformed into a primeval forest for the occasion. For the main decorations, there will be small evergreen trees and branches of various kinds. These will be placed all around the dance floor.

"The programs will be very simple," says Joseph Pechanec, president of the Associated Foresters.

The dance committee as appointed by Mr. Pechanec consists of: Horace Richards, chairman; Morris March, William Featherstone, and Brennan Davis.

BEATTIE WILL SPEAK

The Cosmopolitan club will meet Friday night Nov. 6 at 7:30 in Ad. 308. Mr. Arthur H. Beattie, French instructor, will lecture on impressions of France while a student in Paris last winter. All students or others interested are welcome to come.

PRESIDENT NEALE SLATED TO ATTEND CHICAGO MEETINGS

Will Leave Moscow November 11 for Meetings in Gangland City

Gangland and three meetings call Dr. Mervin G. Neale, president of the University of Idaho. On November 11, Dr. Neale will leave Moscow for Chicago where he will attend the annual meeting of the Land Grant Colleges and Universities of the United States, the meeting of the national association of state universities and a conference on national land utilization called by Secretary of Agriculture Arthur M. Hyde for November 19 to 21. All of these meetings are to be in Chicago.

Discuss Educational Problems The first two meetings are annual ones at which various problems affecting educational institutions are discussed. The latter conference is one at which will be considered essential steps toward a national policy of land utilization, and the bearing of such a policy on problems now confronting agriculture, sub-marginal land, tax delinquency, farm abandonment, mortgage indebtedness, foreclosed farm lands and other immediate problems also will be discussed, according to the announcement from Secretary Hyde.

In this latter conference farmers, bankers, railway officials, insurance and mortgage company officers, and others will be represented at the conference, as will members of the Land Grant College association, representatives of the United States department of agriculture, the federal farm board, and state agricultural officers.

STUDENTS ENTER LITERARY CONTEST

"Western" Conducts Contest for Idaho Journalism Students

A contest for writers, conducted by Hy Daig, editor of the "Western" and opened to all University of Idaho students taking journalism is arousing enthusiasm in the students here. Three prizes are offered. First prize is \$20, second \$10, and third \$5.

Any Type Accepted Any type of article or story, fiction or non-fiction will be accepted and there is no limit to the number that one student may submit. They may be accompanied by photographs or similar means of illustration. Any of these articles may be printed in "The Westerner" at a minimum price of five dollars a story. The contest closes March 1.

HONORARY PLEDGES

Phi Chi Theta, national business women's honorary announces the pledging of Betty Merriam, Jacqueline Johnson, Ellen Jack, Neva and Clara Morse Blackburn. Formal pledging ceremonies were held last evening at Forney hall.

Fighting Vandals Ready to Meet Cougars

COACH LEO CALLAND

BILL BESSLER

GEORGE WILSON

LLOYD SULLIVAN

WILLIS SMITH

MAX EIDEN

Fresh from a successful session with the Gonzaga Bulldogs, this determined group of Vandal pigskin artists will go into the tangle tomorrow with a very ounce of football knowledge and fighting strength they possess. For Bill Bessler, this will be the last chance he will have to show his stuff to Idaho fans. George Wilson paved the way for Smith's brilliant attack against Gonzaga and will do his share in taming the big cats. Coach Calland has brought his squad through the season thus far with promises of being the best he has turned out during his three years at Idaho. The W. S. C. coaches have been spending most of their time in the practice sessions developing a defense with which they hope to check the grounding gaining gallops of Idaho's "little glau", Willis Smith. Sullivan and Eiden are a couple of boys who will show the Cougar line how they tore open the powerful Bulldog wall.

PLAN CONFERENCE OF MORTAR BOARD

W. S. C. Chapter Will Entertain at Sectional Meeting.

A section conference of Mortar Board is being held in Pullman this week-end. As representative from the Idaho group Lois Thompson will go, and perhaps six others. Friday's program includes a tea in the afternoon with a fire-side dance later. On Saturday the conferences will be held and in the evening a formal banquet is scheduled. The delegates will attend the Idaho-W. S. C. game in a body on Saturday afternoon. Closing exercises will occur Sunday morning.

ENGRAVE PRIZE CUPS

The cups awarded for the homecoming decorations have not been delivered yet, because they have been sent away to be engraved. They will return shortly and will be given to the respective winners.

SWIMMING CLUB HOLDS TRYOUTS

Tryouts for membership in the Hell Divers Lifesaving corps were tested Wednesday at the swimming pool. Those wishing to try out are requested to be at the gymnasium promptly at 7:15, armed with a pen or pencil, and go to the military room, (the first room to the right as one enters the gymnasium) for the written test. Each one must provide his own swimming suit as part of the test will be given in the water following the written test.

Everyone wishing to take the tests for membership in Hell Divers should attend the meeting Wednesday evening as this is the last group of tryouts which will be tested for some time. Members of Hell Divers, with the exception of the written test committee who come at 7:15, will come at the regular meeting hour of 7:30 o'clock in the evening.

RIFLE TEAM WILL TRY OUT MONDAY

Captain W. A. Hale to Meet Candidates in Gym

Tryouts for positions on the men's rifle team will be held Monday afternoon from 2 until 5 o'clock, according to Capt. W. A. Hale, who is in charge of rifle drill this year. Captain Hale requests that all who are interested in competing come to the indoor rifle range in the basement of the Memorial gymnasium at 2 o'clock.

WILL DISPLAY SEEDS

The twenty-first annual Idaho State Seed show to be held in Moscow, Nov. 12 to 14, will have numerous educational exhibits. Prizes amounting to \$1000 in premiums, as well as an interesting two day program, will be features of the show.

PHILOSOPHY PROF TO AID IN RAISING VANDAL YELLS

Band Will Make Rounds of Group Houses at 6:30 to Gather Students and Then Lead Parade to the Memorial Gym

President M. G. Neale will be the feature speaker of the pep rally at 6:30 tonight. This speech will be followed by a short talk by Prof. C. W. Chenoweth. Yells and songs will complete the program in the gymnasium.

PLAN OBSERVANCE OF ARMISTICE DAY WITH BIG PROGRAM

Dean Crawford Will Give Address at Ceremony at Park

A program has been planned for the observance of Armistice day. Gen. E. R. Chrisman, head of the committee, gives the following plans: The cadet corps is requested to meet at the armory at 9:55 a. m. Nov. 11. They will be ready to move at 10:15. The cavalry will lead the parade, followed by the American Legion, Boy Scouts, Band, and R. O. T. C.

The parade will assemble at Sixth and Deakin. The line of march will be: down Deakin to Sixth, up Main to Third, and out Third to the city park. A salute of fire will be given at 10:30 a. m. The corps will arrive at the time the salute is over.

Will Have Ceremony A ceremony will be given at the park immediately upon the arrival of the troops. The ceremony will consist of an invocation, the ritualistic observance by the officers of the American Legion and an appropriate selection by the band. At the hour of 11 there will be a pause of one minute in honor of that sacred hour which brought the World War to a close. The introduction of the speaker will follow and Dean I. C. Crawford will give the address. The finale will be the playing of the Star Spangled Banner.

Arrangements Made Arrangements have been made, whereby the men belonging to both R. O. T. C. and the cavalry may select either group with which to assemble. R. O. T. C. members desiring to go with the National Guard group may do so by making arrangements with their various instructors in the military department. It is the wish of the American Legion that the entire body of cavalry and R. O. T. C. troops turn out if possible.

To climax the memorable day, the members of the American Legion and Elks will give a dance that evening at the Elks' club.

PEP—and lots of it—will be the keynote of tonight's rally. Students will be expected to fall in line as the band passes their respective houses and show all possible enthusiasm on the way to the gym.

The pep band, led by Harry Walden, will gather at Hays hall at 6:30, according to Verne Eaton, yell king. Starting here, the band will parade down to the Elks corner. The parade will then continue to the Theta corner and down to the A. T. O. house. Here, the crowd will turn to the left and proceed to the gymnasium.

Verne Eaton wishes that the pep showed in the rally will be continued when the students board the special train for Pullman. The special has been chartered, due to the heavy demand of students for a way to go to the game. Tickets for the game at \$1 can be obtained at W. S. C. upon presentation of student body tickets.

APPOINTS SENIOR BALL COMMITTEES

C. Cheney Class President Appoints Cecil Sanders as General Chairman

Charles Cheney, president of the senior class, named Cecil Sanders as general chairman of the senior ball to be held in the Elks' temple on Friday December 4, 1931.

The following committees were appointed: decorations, Warren McDaniel, chairman, Bernard Lemp, Helen Benson, Le Vernon Thomas, Chud Wendle and Thomas Neilson, programs, Jay Kendrick, chairman, Betty Bell and Jack Lee. Entertainment, Lois Thompson, chairman, Katherine Mikkelsen, and Helen Hansen. Finance, Donald Equals, chairman, Robert Grant, and Charles Heath. Publicity, Paul Jones, chairman, Helen Kurdy and Walter Gillespie. Invitations, Austa White, chairman, Jean Tedford and Helen Farrott.

FORESTRY SCHOOL RECEIVES HONOR

The Idaho school of forestry has just received notice of its election to membership in the International Union of Forest Research Organizations. The notification came from Dr. Sven Petrin, the secretary-general, Esperimentalfaltet, Sweden.

The international union was established in 1929, and has as its aim the promotion of international co-operation in the various branches of forest research. It comprises more than eighty research organizations in thirty countries.

Are Eight Members in U. S. Seven other institutions in the United States in addition to the Idaho school now belong to the union. These are:

Yale school of forestry; Harvard Forest; School of Forestry and Conservation, University of Michigan; Forest Soil Laboratory, Cornell university; the Forestry Division of the University of California; New York State College of Forestry, Syracuse, New York; and Duke Forest at Duke university. Germany also has eight members, Great Britain has six and other foreign countries from one to three each.

REARDEN RECEIVES PILOT'S LICENSE

Not for the purpose of becoming an aviator, but a safe, civilian flyer, J. H. Rearden, county agent, leader of the college of agriculture extension service, has received a license for transport pilot. Rearden took the examination for a transport license last summer at Salt Lake City while stationed at Fort Douglas as a reserve in the Army Air corps.

COMMITTEES ADVISED

The contact committee and the constitution committee of the recently organized Advertising Club met Thursday at 4 p. m. in Ad. 207. Assistant Professor Elmer E. Beth and Assistant Professor E. E. Davison advised the committeemen as regards the procedure for this year's work.

See You in Pullman

Last year, when Washington State college played the University of Southern California at Pullman, Idaho's student body, with true neighborly spirit, moved across the state line en masse and treated the visitors from the "Sunshine state" to some first class yelling — for the Cougars. Several disinterested parties went so far as to say that Idaho made even as much noise as Washington State.

This was all very good, but tomorrow, Idaho rooters will again appear on Rogers field. This time they will not be cheering for the crimson and grey, or, if they do, it will be for the downfall of those ranks. The point is, they have made a reputation for noise in Pullman with two foreign teams in action, and adding to their laurels, with some home talent on the field, ought to be easy.

Several years ago Idaho and W. S. C. "buried the hatchet" reserving all the fighting for the men in football reruns. But nothing was said about shouting the megaphones. Verne Eaton, Vandal yell king, and his mates, "Scram" Wilson and Johnny Thomas, will have their full display Saturday to lead some yelling, which, by all logic, should greatly surpass the high-volume record established in Pullman last year.

Charming — These Bankers!

And now we have the latest in the depression. Moscow banks have begun to charge exchange rates on checks drawn on banks within Idaho. Paying such rates on out-of-state banks has never been so unusual, but when a bank becomes so shaky or so parsimonious that it has to have five cents every time that it cashes a check drawn on a Boise bank, things must be getting pretty bad. The par list of the federal reserve system probably never has meant much of course, but at least it reflected the idea that such exchange rates were not always good business. In the present situation it isn't so much a matter of business as it is a matter of annoyance. With the local bankers looking around for every stray nickel and grabbing one every time one wants to spend some money in a local store, things don't look so bright. The best solution seems to be to go through that "non-American process" of hoarding money in an old sock. It wouldn't be safe to bring the money up here and then to put it in a bank because rates will probably be leveled soon on the number of times the door swings when one walks into the bank. But then, it isn't serious—just one of the annoying ways that local bankers have of greeting students at the university from other parts of the state.

Another Advance in Science

In the last issue of the Argonaut and in many papers of the United States since then, there was printed a story telling of a new achievement in science—a light telephone. The announcement of this discovery has been greeted on every side by approval and commendation. Such approval has naturally been deserved because of the importance of the new machine. In making the announcement it was pointed out that the particular field in which the new telephone will find use is in forestry work. Anyone acquainted with the difficulties in emergency transmission of intelligence in the work of protecting the forests will readily see the value of this new method of telephoning. Forest fires have never been known to always occur in places where telephone wires have already been strung. With this new means of communication, the work of protecting the forests will become just a little less difficult.

For Idaho this new invention has special significance. The forests of this state have all too rapidly been destroyed by fire and anything which will prevent that destruction even in part assumes an importance out of proportion to any value which may be placed upon it. That scientific working at the University of Idaho should make such a contribution is indeed gratifying. To them may the student body extend congratulations.

INSECT PESTS ARE SPECIES OF APHID IDAHO DINING ROOM RECEIVES PUBLICITY

The millions of blue, woolly bugs found on the Delta Chi corner are a species of aphid. The last generation of these insects in summer takes on a winged form and migrates to trees, their over-winter hosts. This is a common habit of many species of aphids. An example of this is the woolly aphid which migrates from apple trees to elms every fall. The Aphid on the Delta Chi corner began as the beet root species, which migrates from beets to poplar trees. The poplar tree is their "primary" host tree. These Aphids are extremely hard to kill. They don't feed in their winter stage; therefore spray, which is used most in killing insects, takes no effect. They will all die as soon as the heavy frosts arrive.

During the past three seasons Purdue lost only four of its football games.

MODERNISTIC SET APPEARS IN FIRST ALL COLLEGE PLAY

Tickets Will be Put on Sale at Hodgins' on Monday for Presentation

Ultra modern scenery, unusual lighting effects, good acting, and skillful direction should go far toward making the first all college play of the year, "The Ladies," a striking success when it is presented November 19 and 14.

According to Prof. Fred C. Blanchard, dramatic coach, the play is in wood shape. "The members of the cast have their parts well in hand and should turn in good performances." Catherine Brandt and John Thomas co-star in the leading roles supported by an unusually large cast of 19 including Harry Robb, Nampa, Elmer Jacobs, Lewiston, Winifred Janssen, Boise, Edward Atrow, Spokane, and John Miller, Twin Falls. The Idaho Vandalettes are scheduled to sing between acts and instrumental music will be featured.

Tickets on sale at Hodgins Drug Store on Monday, November 9. Those wishing to make reservations prior to that date may do so by calling Frank McKinley, 414 N. Tenth, 2163, or Rollin Hunter, Kappa Sigma, 3497. Seats reserved will be held for their owners at Hodgins until called for. University of Idaho students may reserve seats free of charge upon presentation of their ASUI booklets. General admission is 50 cents. A special rate of 25 cents will be charged high school and grade students and a group of high school students are planning to attend in a body.

The curtain is scheduled to rise promptly at 8:20 on both evenings.

MASON RECEIVES NEW APPOINTMENT

Has Had Valuable Newspaper and Magazine Experience in West

Accepting an assistant professorship in journalism in the University of Iowa has been the latest achievement of Edward F. Mason of the Rev. C. E. Mason of Mountain Home. His educational progress was marked with outstanding success at William college from which he was graduated with high honors and admission to Phi Beta Kappa. His college activities covered a large range including the editing of the college paper and outstanding work in the Young Men's Christian Association.

After leaving college he was mainly engaged in journalistic work. He was employed by the Tacoma Republic for two years, and later with the Tacoma News. He then entered Columbia university and was a member of the first graduating class from the school of journalism. After his graduation he was a member of the Philadelphia Public Ledger for two years, and then became city editor of the Idaho Daily Statesman. In 1916 he acted as publicity man for the agriculture section of the university, and for many years was associate professor of journalism at the university. His work here in this field led to the development of a major course in this subject.

Sob Sister

And now we know what's wrong with college—it gets so mixed up with homecoming.

"Ask, ask, what if it came more than once a year?"

If a suggestion is in order, it would be just a little more like homecoming, if it did. Without you understanding, the decorations.

Anyway there we'd know the name of all the enthusiastic people who dash up and fall on our necks and nibble with joy at seeing our bright and shiny faces.

Speaking purely from the standpoint of an observer, it must be just one of those feelings to be able to flaunt the true individuality of a grand, Ho hum. Well, we were young once ourselves.

And actually, don't you just adore Moscow weather? So soft of cold like and you know, dampish. Or is it the weather?

How about the little Phi Delt twig who wanted to know just what were the studying facilities of the house? The test of true nonchalance, my dear.

Some people seem to rate the big red middle-bars. How come, Brother?

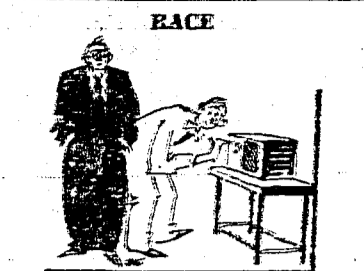

Well, the rest of us can't have our depression and like it too.

Don't tell anyone and tell them not to tell, but just what was the point of the "Bleeding Heart" Member of the Beta pledge dance? And how do they thought they were out of season?

There seems to be a rumor floating about that there is going to be a secret edition of the Argonaut. Nice going fellows. And come to think about it, it would have its advantages. This is a jibe.

And then what with the depression and impressions we will hear little Betty Robb isn't dating the Kappa house this year. Any way that's the Kappa story.

COMPREHENSIVE LAW BOOK WORK OF IDAHO PROFESSOR

A new book on "Criminal Justice in England" by Pendleton Howard, professor of law in the University of Idaho, has just been announced by the MacMillan company, book publishers. The book is of far reaching importance as a comparative study of the administration of criminal justice in England.

Describes English Procedure. It is a description, analysis and evaluation of the English system of criminal law administration and a comparison of English procedural methods with those made use of in the United States.

The book deals with such important topics as the fundamental and far-reaching differences between English and American procedure, the role of the police in the management of prosecutions, the conduct of trials, the declining importance of the criminal jury, administrative innovations in the handling of appeals, the character of the judges and their influence upon law administration, the professional attitude and standards of conduct of the English bar, and the relationship of politics and the press to criminal law enforcement.

Three Facts Outstanding. In the studies made by Professor Howard and from data unearthed by numerous surveys made in the United States since 1921, three facts of immense significance have emerged. One of these is the constantly expanding power and influence of the American prosecuting attorney. Another is the amazing number of prosecutions which is disposed of by some method other than trial by jury. A third fact is the tremendous part which political factors play in law enforcement.

In setting forth the reasons for writing the book, Professor Howard wrote, "The importance of prosecution in the machinery of law enforcement, together with the additional consideration that there has been virtually nothing heretofore published dealing in any comprehensive fashion with English procedure, would justify a volume that centered its attention upon this phase of the judicial process, even if past experience had not demonstrated the value of the comparative method of approach in social science studies."

Author Is Authority. The importance of this book is heightened by the fact that the author is considered one of the outstanding authorities on criminal law in the United States. For more than five years Professor Howard was a member of the professional staff of the District Attorney of New York county, Professor Howard holds the LL.B. degree from the University of Texas and the Ph.D. degree from Columbia university.

The conclusions reached by the author are the result of a year's study in England. Due to the desire to make the most scientific comparison possible, the larger part of Professor Howard's stay in England was devoted to first hand

investigations of administrative procedure. Professor Howard has been in the law department of the university for the past two years. During this time he has given courses in criminal law, criminal procedure, constitutional law and evidence. He has had articles published in the Century Magazine, Columbia Law Review, American Bar Association Journal, Minnesota Law Review, and the California Law Review.

ALPHA KAPPA PSI DINES AT BUCKET

Daivson Talks on "Cost of Advertising"; Four New Pledges

Alpha Kappa Psi held a dinner meeting at the Blue Bucket inn Tuesday at 6 o'clock. After dinner a short business meeting was held at which time Professor E. E. Davison gave a talk on "Cost of Advertising."

The following junior business students were pledged to Alpha Kappa Psi Thursday: Robert Van Uden, Wallace David Sweeney, Idaho Falls; Richard Crombie, St. Maries; and Carl Joekneck, Elk River.

SPURS TO SPONSOR ARMISTICE DANCE

Will Also be Guests of Pullman Spurs Saturday at W. S. C.

An all-college dance, sponsored by the local chapter of Spurs, will take place at the Blue Bucket inn next Tuesday evening, November 10. This is an open night on the campus, a holiday having been declared on Wednesday to celebrate Armistice day. The Silver Lance dinner-dance is the only other entertainment scheduled for that evening. Tickets will be sold in the main entrance of the Administration building on Monday and Tuesday.

Representatives of the Pullman chapter of Spurs will be guests at the dance.

All members of the Idaho Spurs have been invited to a dinner at noon next Saturday before the W. S. C.-Idaho game at the Hotel Washington in Pullman. After the dinner they will attend the game as guests of the Pullman Spurs. They will sit in a reserved section. This procedure being a custom between the two chapters at every football game between the two colleges.

FIRST TRUST & SAVINGS BANK
"Largest Bank in Latah County"

Cougar Sports Editor Writes Special Story

EDITOR'S NOTE—This story was written for the Argonaut by George Blakkolb, sports editor of the W. S. C. Evergreen. In a note he adds, "May the best team win".

PULLMAN, Wash. Nov. 5.—Tomorrow will be a big day for Pullman when 500 Dads will descend upon the college to be entertained by the football game between Leo Calland's Idaho Vandals and Babe Hollingbery's Cougars. The game will be one of the features of the second Dad's Day at the State College.

Eight Cougars will be playing their final game on Rogers field and they will be out to see that their collegiate home season is closed by victory. Fresh from a thrilling win over Oregon State, and with a perfect home record under the Hollingbery regime to defend, the Staters will be out to cop their eighteenth straight north-west game.

Student opinion on the campus forecasts a hard battle with the Cougar a bit the favorite. Leo Calland's club has been coming along at such a rapid pace that they are very highly respected by fans of the Inland Empire.

Commenting upon the game Coach Hollingbery said: "We are cognizant of the fact that the Washington State-Idaho traditional battle is one of the greatest in the Inland Empire, and due to the fact that Idaho has been coming forward by leaps and bounds we know that to meet them on equal terms, that the Cougars must give their best."

"My squad is prepared for one of the hardest games of the season and must perform offensively better than heretofore. The game I believe, will be hard fought, spectacular and very interesting from the standpoint of the spectator."

"We welcome Leo Calland and his smooth running Vandal eleven to Rogers field. May the best team win."

Hollingbery announced that his starting lineup would consist of: Hein, left end; Klawitter, right end; Camp, left tackle; Edwards, right tackle; Parodi, left guard; Hurley, right guard; Hansen, center; Dahlen, quarter back; Schroeder, left half; Sander, right half; Colburn, fullback.

POSTPONE ISSUE OF BLUE BUCKET

Unexpected Difficulties Delay 'Greeks' Number of Humor Magazine

ads, and lateness of copy, the Greeks' issue of the Blue Bucket magazine has been postponed indefinitely. However the staff expects to have the magazine out some time during the next week. The Argonaut will carry an advance notice.

The magazine contains several short stories by campus talent and an article called "Kicking the National" which is expected to create considerable interest on the part of the houses concerned. There are several good lineoleum block cuts and line drawings. The cover scheme is in black, red, and blue. A somewhat different style of make-up is being used, but the same good quality of paper and the number of pages remain the same.

Ray Davidson, business manager, reports about the same amount of advertising as was run last year. The only change is that there is more national and less local advertising.

VANDAL FROSH PLAY TIE GAME

Idaho's Team Was Under-estimated by Gridiron Followers.

By playing the Washington State kittens to a 7 to 7 tie Idaho frosh proved conclusively that they had been underrated by the critics and fans. They did not allow the visitors inside their 30-yard line but for a few minutes of the game.

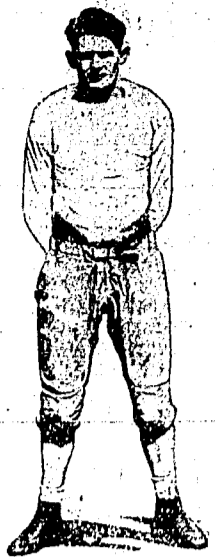

In the last minute of play the Washington State men tied the score against the Idaho youngsters; they kicked the extra point after the gun. Practically the whole game was played within 40 yards of the Washington State goal line, but the Idaho rooks could not penetrate the Washington State defense for a second outchdown.

Quick kicks, two long passes, and several reverse plays were very important in the Idaho offense. Wetso playing quarter for Idaho completed several short passes to Evans and two long ones to Powers. Moser was captain for the Idaho team and was in every play. He proved himself very valuable by kicking the extra point after touchdown.

Washington State confined most of its game to line plunges, but could not penetrate the Idaho defense for any appreciable gain. They had one very successful flat pass over center which was the road to their touchdown.

This is the first time in several years that the Idaho Frosh have outplayed the Washington State frosh.

MITCHELL PLANS FOR KNIGHT MEET TO BE HELD HERE

Idaho Ball and Chain Group Prepares for Moscow Convention

"Plans for Idaho Ball and Chain chapter of the Intercollegiate Knight's convention the latter part of May are rapidly progressing," according to Jack Mitchell, duke of the order. Considerable opposition from other schools had to be overcome to bring the annual national Knight convention to Idaho this year, but the plans being formulated bid to make the Idaho hostess a decision a worth while one, with a gathering that will surpass all others in attendance and success. Committees have been appointed which are corresponding with the other six chapters on the coast, in an effort to draw a record representation at the spring affair. Knights Aiming at Cup.

The local Knights are aiming at a repetition of Ball and Chain's last year win of the magnificent cup for the chapter showing the greatest improvement of any on the coast. This cup is awarded at the conventions which are held annually at different chapters' schools each year. This year is Idaho's year and the knights are hoping that their convention will serve a dual purpose—namely, to make their visiting delegates' trip a memorable event and to provide a dramatic setting for another Idaho winning of the achievement cup.

IDAHO GRADUATE STUDYING WOODS

Two graduate students, Frank Makara, New York State school of Forestry, and W. Stanley Hefner, an Idaho graduate of last year in logging engineering, are working under the direction of Dr. E. C. Jahn in the new wood chemistry laboratory.

Mr. Makara is working on a problem in lignin chemistry, and the possible utilization of lignin. Lignin, which makes up about 30 per cent of the wood structure and is present in all species of trees has no present value.

FROSH COACH

"Rich" Fox.

In spite of some set-backs and tough breaks, "Rich" Fox, freshman coach, has developed an unusually promising group of Vandal Babes out of some limited material. They completely outplayed every combination the Cougar kittens could put on the field, although loosening on the last play of the game to allow a 7 to 7 deadlock.

4-H CLUB GIVES RADIO PROGRAM

Kootenai County Will Represent Idaho on Broadcast.

Club members from Kootenai county will represent Idaho on the joint federal-state 4-H club achievement day radio program, November 7, announces W. L. Stephens, northern district extension agent with the university college of agriculture. The program will be broadcast over station KHQ, Spokane.

Mr. Stephens is urging local clubs to hold meetings on that date and listen in on the program, which is scheduled for 9:30 to 10:30 a. m., Pacific standard time. The first and last 15 minutes of the program will come from Washington, D. C. with the middle half-hour to be provided by northern Idaho and eastern Washington club members.

PROGRAM GIVEN BY VANDALEERS

The Vandaleers are giving a concert in Potlatch Wednesday evening in the Community church, according to Kenneth Hensley, presi-

Couch "Babe" Hollingbery will be depending upon these stalwarts to stem the Vandal attack and enable the Cougars to continue on their way to another Northwest championship. Hurley, Edwards, and Parodi were three reasons of the why W. S. C. won the Pacific Coast championship last year. Homer Hein, end, is a brother of Mel Hein who played last year. George Sander is a triple-threat man who has been tossing the apple all around opponents in every game so far this year. Mike Davis is a smart ball packer who is holding down a halfback position and is on the receiving end of most of Sander's flings. Wilbur Luft, quarterback is an understudy to Mentor Dahlen.

Girls from the high school home dent and business manager. "The program, which served as a last rehearsal before the northern Idaho tour, went off nicely," said Prof. Carleton Cummings, head of the music department.

IDAHO HEAD DOING WORK IN RESEARCH

Professor Hugo Johnson Studying in Field of Electricity

Prof. J. Hugo Johnson, electrical engineering department head, and now on sabbatical leave, has enrolled at the California Institute of Technology, Pasadena, Cal. for further research in the field of electricity.

Professor Johnson is much enthused over the prospects of his studies at California Tech., an institution which he believes to rank with Massachusetts Institute of Technology, Boston, in its research work opportunities. He attended a series of lectures given by Doctor Lewis of Westinghouse Electric preceding the opening of the regular term October 1.

Make Tour
Professor and Mrs. Johnson, accompanied by their five children, left Moscow in August by automobile and visited several National parks including Crater Lake and Yosemite where swimming, hiking, boating and the natural wonders were enjoyed. A third stop was made at Palo Alto where Professor Johnson visited with several of the Stanford university faculty.

Professor Johnson's address while on his leave in California is 826 North Catalina Ave., Pasadena.

COEDS PROTEST BEDTIME RULES

Freshmen Girls of University Refuse to Study

P. I. P. A.—Freshmen girls of Northwestern university, 120 of them, have refused to study their lessons in protest against rules forcing them to go to bed at 10:30 nightly.

The girls said in a petition to the dean of women, Miss Florence Robnett, that they could not study properly if they had to be in bed at 10:30 p. m., hence they were not going to study at all.

Miss Robnett did not comment. She already had her hands full with the fight of upper-class girls against no-smoking rules in their sorority houses.

When Idaho lines up against the Washington State football team at Pullman tomorrow, Calland's men will be aiming at one of the Cougars most cherished records. Not since the additions of Babe Hollingberry to the Cougar coaching staff six years ago have the Staters lost a football game on the home field. In 1927 the Vandals came close to spoiling the record but the game ended in a 7 to 7 tie, and since that time the mark has been safe.

The football rivalry with Washington State dates back to the days of the "gay nineties" when the first game was played. The initial game started the fireworks when an argument broke up the contest and time has only added to the intense spirit of rivalry.

The first game to appear on the books was played in 1894. Two more games were played before 1901 when it became an annual event. Since 1901 the two schools have fought it out without a break except during the war in 1918. However, even the World War has failed to stop the rivalry entirely.

SPORT SHOP

The interest of Idaho and Washington State fans has been directed almost solely during the past week to the forthcoming game, and is likely to remain there until the Vandal-Cougar supremacy has been decided for another year. Coach Babe Hollingberry has yet to lose a ball game on his home turf at Pullman. Such a record is imposing, and has built up for himself and Washington State teams a country-wide reputation. But like hard times, "it can't last forever," and with the Vandals invading Roger's field tomorrow comes the biggest threat toward smashing that record, with the exception of the Trojan game last year, since Idaho tied the Cougars in 1927. Roger's field has seen some grueling battles between the ancient rivals, and from all indications, tomorrow's tangle will be no exception.

Referring to our neighbors across the line as "ancient rivals" is about as old as Idaho-W. S. C. gridiron history, but it is as true this year as it ever was. It is just that element of "ancient rivalry" that makes advance dope reports on this classic about as reliable as November weather. Whatever degree of "edge" the Cougars are accorded makes little difference to the fans, for judging from their performance in the Gonzaga game, Vandal players thrive on being classed as underdogs.

If there is any favorable psychology in having the first four string line-ups running signals all over the field before a game until it looks like a mass meeting of some kind, the Vandal Babes failed to take account of it Saturday morning, when they walked all over the Washington State Kittens, and completely smeared any offensive attempt until the last half minute of play. Neither did the varsity squad feel any disadvantages in not having the entire practice field swarming with players warping up for the tussle. The old saying of "quality, not quantity" held true again. If we know anything about quality in football material, Coach Calland will have a valuable squad from which to pick a first string eleven to do battle with the Big Cats.

Co-operation scored another victory when Idaho took Gonzaga for a cleaning last weekend. It was the kicking toes of a pair of former teammates that won the game for the Vandals, with Idaho's Lee Tyrrell booting the ball squarely between the uprights, and Gonzaga's Bill Frazier failing. Bill and Lee, as you know, were a ball-packing pair on the same team in high school days.

Much talk has been circulating about the coast sporting editors' desks regarding Utah's aspirations for joining the Pacific Coast conference. It seems that the Utah teams have been trouncing the best Rocky Mountain conference teams for quite some time, and many are of the opinion that they should join up with the coast teams to show them how to play football. From authorities on the Idaho campus, it was learned that these rumors were propagated by Mountain conference fans who were anxious to oust Utah from the running to give their home teams a chance. As far as could be learned, Utah has made public no inclination or application for admission in coast conference circles. It seems likely that there will be no change in the roll of western teams for some time.

Negotiations were completed between the executive board and Washington State College, whereby Idaho student travelers to tomorrow's game at Pullman will be admitted for \$1.00 instead of the regular admission price. Providing the silver and gold rooters show their ASU booklets to the ticket seller.

If plans for next year's games between the two schools materialize students from both schools will be admitted at their neighboring rivals field when their team is the visitor, by presenting student body booklets at the gate.

TWO STARS GET TOUGH BREAKS

Receiving jolts in the Montana game, Fred Wilkie, Idaho Falls, and Emmett Davis, Buhl, left Coach Calland with a tough proposition facing him. Fred Wilkie is a senior and in his third year of varsity competition. He was known as one of the hardest line plungers and best defensive backs on the coast and has been groomed for all-Northwest position. His loss was keenly felt by the coaching staff. Lee Tyrrell, Moscow, filled Wilkie's position and has been playing excellent ball.

Davis is a junior with one more year of competition left. He was taken out of the Grizzly game with a fractured collar-bone and left a big vacancy in the backfield. He tips the scales at 175 and was a triple-threat man, being an excellent passer and ball-carrier. Davis kept all opposition guessing.

This is the second successive year that the injury jinx has ridden Davis. Last year he suffered from a leg injury that kept him in the hospital for weeks. He probably will not see action on the gridiron again until Calland issues the call next spring for football candidates. With two years' rest he should be able to shake off the ill-luck that has dogged his athletic career.

Wilkie

Davis

TRADITIONAL TILT LAST FOR SEVEN OF VANDALS

Seven players on the University of Idaho football squad to oppose the Washington State College eleven at Pullman Saturday, November 7, will be making their final bow before the home crowd, as their conference careers come to an end with the California game at Berkeley, November 14.

Two Graduates
The departing Vandals are Art Spaugy, Nampa, center; William Bessler, Klamath Falls, Ore., and Lloyd Sullivan, Twin Falls, tackles; Hugh Sprout, Boise, and Elmer Martin, Fresno, Cal., guards; Howard Berg, Twin Falls, end; and Fred Wilkie, Idaho Falls, fullback. All of the Vandals but Wilkie will meet the Cougars on the gridiron. Wilkie will be compelled to sit on the bench.

Regulars for Two Seasons
Of the graduating Vandals four have been regulars for two seasons. Fred Wilkie will be remembered as one of Idaho's outstanding fullbacks. Injuries in the Montana game deprived him of his best season. Wilkie established a reputation of gaining ground every time he took the ball. Berg was a regular halfback last season, in addition to being team captain. But was shifted to end this fall. Bessler, Martin, and Spaugy have been regulars at their posts for two seasons.

STUDENTS WILL NEED TICKETS FOR GAME

Those Without Season Tickets Pay For Reserved Seats.

Every Idaho student will need his ASUI season ticket with him if he is to see the Vandal-Cougar game without paying the \$2.00 necessary for reserved seats. The report issued from the graduate manager's office. The managers on both sides of the line have launched a campaign against the gate-crashing that has taken the form of admitting almost everybody on presentation of a ticket, and the result will be the enforcement of the above announcement.

FORMER STAR

"Red" Jacoby, Idaho's... backfield coach, "Red" Jacoby, will be long remembered as one of Idaho's greatest triple-threat men. He was a 3-year letterman in football and basketball and saw action as shortstop in baseball, winning his letter in his fourth year. After graduating, Jacoby came back as coach of the freshmen. This year he was changed to backfield coach of the varsity, but will continue as frosh basketball coach.

CHURCH GROUP GIVEN DINNER

Women's Missionary Group Gives Dinner for Kappa Phis

The Women's Home Missionary society of the Methodist church entertained Kappa Phi girls Tuesday evening, Nov. 3, with a dinner and program, at which the pledges were presented their pins. The hostesses welcomed the girls and especially the new pledges. Mrs. Fahrenwald sang the clever selection, "My Curly-Headed Daddy."

During the dinner weaving was discussed by the girls. They will study the different types of manufactured and hand weaving this winter. Toasts were given by Ethlyn O'Neal, representing the pledges; Georgia Bell, group president; Edna Scott, chaplain; and Doris Shea, representing the alumnae.

SIX TOWN GIRLS PLEDGE SOCIETY

Daleth Teth Gimel Pledging Ceremony Held Tuesday

The Daleth Teth Gimel, town girls' society had another pledging ceremony Tuesday night. Six girls were pledged. They were, Kathryn Kennard, Nita Winn, Grace Fenton, Eunice Ruddell, Marie Lynch, and Louise Thrackmorton. This brings the total of this year's pledges to 18. Plans were also made for the pledge dance which will be held next Friday.

COMMITTEE NAMED TO INVESTIGATE TELEPHONE RATES

Chamber of Commerce Seeks to Reduce Telephone Rates

Are telephone rates too high? The chamber of commerce is trying to prove they are. For this purpose Postmaster Homer Estes appointed a committee consisting of Chris A. Hagan, chairman, Howard David, and George Lamphere. "We have written to the public utilities commission at Boise for information regarding the telephone company, its assets and liabilities," said Mr. Hagan. "When we receive our reply, we will ask for a hearing to show just cause for reduction of telephone rates." If this hearing is successful, the group houses of the campus will benefit the same as all telephone owners.

Many Dances Will Dominate Week-end Social Activities

Social events for this week end will be many and varied. The pledge dances for this year will soon be over. However, Deleth Teth Gimel, the town girls' organization, is honoring its pledges with an informal dance Friday evening and Kappa Alpha Theta also is giving an informal for its pledges Saturday. Autumn colors and decorations will be combined with the pledge motif.

Annual Barn Dance. Friday evening Sigma Chi is staging a barn dance. This has been an annual custom for several years. The barn dance will be held at Rowland's park. Decorations will be distinctly rustic with an addition of actual livestock. Wheat sheaves, hay and pumpkins will be used. The Foresters' dance will be Saturday evening. They are planning to have it in keeping by placing trees around the walls with straw bales for benches beneath the trees.

Because of Armistice day Wednesday, there will be mid-week social activities. Tuesday evening there will be an all-college dance at the Blue Bucket inn, sponsored by the Spurs.

KAPPA KAPPA GAMMA ENTERTAIN AT FIRESIDE Week-end guests at the Kappa Kappa Gamma house included: Julie Davis, Henrietta Young, Jane Peterson, a Mr. Hearne, Annabel Lallaw, Mrs. Lester Albert, Mrs. V. E. Gailey, Mary Jane Galley, Ruth Judge, Florence Coughlin, Jean Charrier, Katharine Parker, Lucinda Parker, Boise; Emily Gascoigne, Betty Galloway, Pauline Anderson, Virginia Knece, Eloise Cooter, Alene Honeywell Curtis, Spokane; Constance Dalstrum, Walla Walla; Marjorie Billings, Lewiston; Wilma Fisher, Weiser.

The chapter entertained alumni and weekend guests last Saturday night after the annual Homecoming dance at a fireside. It was held at the chapter house. Stunts given by the freshmen in the house, a tap dance by little Mary Jane Galley and singing furnished the

SIGMA CHI BARN DANCE TONIGHT Sigma Chi has planned a novel affair for tonight in the form of a barn dance at Rowland's park near Moscow mountain. Sixty couples are expected to attend, 20 of which have been invited as guests of the fraternity. Because the guests will be taken from the chapter house to the dance by truck, Kenneth O'Leary advised the ladies to wear "anything but the kitchen stove." Pumpkins, autumn leaves, and cornstalks will add to the rustic atmosphere of the pavilion, where refreshments will be served during the evening. Morris O'Donnell and his "McCormick-Deering" orchestra will provide the music for the dance.

RECENT BRIDE IS HONOR GUEST Alpha Chi Omega entertained at a fireside Tuesday evening in honor of Mrs. Frank Warner, formerly Lois Fredrickson, who has been the guest of her sister during the past week. Mrs. Warner was presented with a lovely pewter gift by her sorority sisters. Soon after midnight Phi Gamma Delta of which Mr. Warner is a member serenaded.

Beta Theta Pi entertained 33 guests during homecoming. The weekend guests consisted of Al Morgan, Harold Carlson, Curtiss Redding, Jess Hunnewell, Bob Oud, Ter Turner, Warner Cornish, Lewis Enskin, Herman Van Ellsburg, Oliver Frve, Jack Frye, Leland Clark, and Clifford Moe. Other guests were: Jane Peterson, Mrs. A. Goddard, Tess Heppler, William Ash, William Carter, Margaret Simons, Margaret Stewart, Ralph York, Peter Harold, Roy Kellar, Robert Drummond, Mrs. Harold Drummond, Mr. F. N. Lyon, John Stewart, Ralph Simons, Walter Mattheas, Harold Brown and Margaret Shontz.

Miss Mary B. Kirkwood of the art department entertained at her home Sunday for the Attic club. Fairy story animals made of dried fruits were used as favors. Each guest wrote a story about the animals and the one writing the best story had his pick of the favors. The remainder of the time was spent sketching murals and portraits. The hostess served pumpkin pie and cider.

Lawrence Barrett was a Tuesday luncheon guest of Kappa Sigma. Sigma Chi entertained Delta Delta Delta dinner guests Wednesday evening. Mrs. C. H. Benham, Tri Delta housemother, was chaperone.

Dean Permeal J. French was a Chi Alpha Pi guest Monday evening.

Phi Gamma Delta entertained Alpha Phi dinner guests Wednesday evening.

BUSINESS WOMEN PLEDGE 4 GIRLS

Phi Chi Theta, women's business honorary, pledged four junior women at Forney hall Thursday afternoon. They are Betty Merriam, Jacqueline Johnson, Ellen Jack, and Neva Green. Junior women in the business school who attain a 4.5 average are eligible for membership.

Prominent Alumnus Recently Made Prosecuting Attorney

Dwight Disney, better known in alumni circles as "Bull" Disney, has been appointed prosecuting attorney of Minidoka county at Rupert, according to word received here this week. He succeeds W. W. Mattinson who died four weeks ago. Disney is one of the university's best known graduates in recent years. He received his B.S. degree in education in 1926 and his law degree in 1928. For several years he was right hand man and

laboratory assistant to Dr. J. W. Barton, head of the department of psychology. After he left the university he became principal of the Ferdinand high school. Last year he practiced law in Rupert. A petition for Mr. Disney's appointment, liberally signed by taxpayers was acted upon favorably by the county commissioners. Disney's political faith is along Democratic lines. He is a member of Sigma Alpha Epsilon.

The CINEMANIAC

THE MAD PARADE, at the Vandal Sunday, gives a new war conception. The characters are all women. Not a man appears in the film except for shadows. It is a story of women whose emotions were unleashed by the stress of war hysteria. Evelyn Brent, Irene Rich, Lillian Tashman, and Fritzl Ridge, way are the main members of the cast. The whole story is unusual and provides exciting entertainment.

remarkably and both are ably supported by other members of the cast. The whole story is unusual and provides exciting entertainment. FIVE STAR FINAL, now playing at the Vandal theater, is one of the best films of the year. The story tells of the ruthless part the newspaper plays in the lives of human beings. Edward G. Robinson triumphs in his role of the unscrupulous managing editor of a big town scandal sheet. The picture is considered one of the greatest successes on the screen, and a film that everyone will appreciate as well as enjoy.

Frances Wernette Is Only Woman Registered In Law

Frances Wernette, Coeur d'Alene, is the only woman student in the college of law. There have been other women enter pre-law, but never before has one enrolled in the college of law. "Miss Wernette is taking full time work," said Dean W. E. Masterson, "and is doing very well with it. In the past right into her work and in classes always volunteers answers to many questions. When she comes into the law library, she sits down and gets to work, as though it were nothing unusual at all to be the only woman present. 'The men like to have her around. She gives a little feminine touch and tone to the school. She seems to just cut loose and have a good time.' Dean Masterson went on to say. "Miss Wernette's home is in Coeur d'Alene where her father is a lawyer. Since she was in the grades, it has been one of her ideals to become a lawyer and practice with her father. Last year Miss Wernette took pre-law here. She may finish here or possibly go to the University of Minnesota in the future. This fall she registered in the law school at the University of Washington, but at the last moment decided to return to Idaho. She likes Idaho and realizes the splendid opportunity for study here. She is a member of Kappa Alpha Theta.

Field Is Broad. "I think the field in law for women is much broader than most people think," said Miss Wernette. "The women law students are numerous in the East, but it has not become very popular in the West, as yet." Many people ask her if she minds being the only woman in the classes. She replies, "Not at all. When I am in class, I forget all about it. The men are very well mannered, and are nice to me at all times." It seems that Miss Wernette practically sets the pace for the classes. The men refuse to let a woman get ahead of them, and, as she is a good student, they have to work hard. The college of law has grown and developed splendidly under the leadership of Dean W. E. Masterson. There are now nine states represented in the college. They are Washington, Wisconsin, Montana, Oregon, Nebraska, Utah, Colorado, Iowa and Idaho.

LIGHT TELEPHONE IS SIMPLE DEVICE SAYS DR. HAMMAR

Head of Physics Department and Graduate Student Stell Experimenting.

"It is very, very simple," stressed Dr. Gustaf W. Hammar, head of the physics department. "The simplicity of this light telephone is the thing that would make it most practical. Every theory employed is old and well-known, but the simple combination used is new and the effect is new." At present Dr. Hammar, assisted by a graduate student, Lawrence W. Foskett, is working on an amplifying device at the receiving end. They want to perfect it further to be able to detect fainter signals. The voice is transmitted by a beam of light instead of a copper wire, and it is possible that with suitable apparatus the set-up will transmit for a distance of 100 feet. It will operate at a distance of any suitable searchlight, but the distance depends on the care with which the searchlight apparatus is made.

Talkies Same Principle. This principle of projecting modulated light is used in talking pictures. Only there the light is sent through celluloid film blackened at appropriate intervals, causing the intensity of light beams to vary. In this light telephone the light beam varies by modulating intensity in the gas flame. The sending apparatus consists of a chamber divided in two parts. Between the parts is a thin tissue known as gold beater's skin; an animal membrane. When the voice comes through the phone onto the membrane it vibrates gas fed from an acetylene tank or carbide generator, and the flame at the end of the gas pipe is modulated. The flame burns behind a lens of a searchlight and causes fluctuation of light and intensity of beam fluctuation. These fluctuations are received by the electron stream in the photo-electric tube at the receiving end and the voice is then transmitted to the receiver through an amplifier.

Trying Long Distance. "We are working now to develop it so we can transmit from Moscow mountain to the campus, to insure its feasibility of long distance use. We will then turn it over to some suitable government agent, for example the signal corps of the army or the forest service."

In some regions of the forest service as much as one-third of the budget goes to maintaining communications. With a device such as the light telephone this expense would be greatly reduced. The General Electric company has been experimenting trying to get the same results using a different system of modulation. They have been able to transmit a distance of 3000 feet, but their scheme is essentially a combination of the principles used in television and talking pictures and requires very elaborate apparatus. The light telephone being experimented on by Dr. Hammar and his assistant in the experiment, Lawrence W. Foskett, can be packed in a case small enough to be easily carried about.

GIRLS CONTRIBUTE TO COMMUNITY FUND

Pan-Hellenic Votes to Assess Houses in Chest Drive. Following a talk by Milburn Kenworthy, local theater operator, concerning the Moscow Community Chest drive, before members of the Pan-Hellenic association Tuesday evening, the association voted to tax each woman in every group house 25 cents toward the fund. Local organizations are combining the charity campaigns this winter, and have asked help from university students.

New Year's Meteor Keeps Its Story Of The Skies

The New Year's eye meteor of last year is still being shown a large amount of interest and comment. Many particles of lava and other rock formations have been received by Dr. F. B. Laney of the geology department. The meteor passed east of Moscow about 10 p. m. December 24, 1930. It was first reported in Ferry county, Washington. The meteor was traveling southeast. Here the body split with one part traveling east and the other continuing southeasterly. Reports showed that the meteor passed over the following points: Rosalia, Palouse and east of Troy. It broke into three distinct parts, at a point supposed to be two miles north of Teakan and five miles northwest of Anshakka, near the mouth of the north fork of the Clearwater river. This deduction was made after all reports had been filed and a map made of the meteor's entire course. It should be hard to find the exact location of the meteor as the region around that point is heavily wooded and mountainous.

Types of Meteors. Meteorites, supposed to be meteors which have fallen upon the earth, are of three general types: First, stones which do not differ greatly from ordinary well-known types of rocks. Second, stony-irons which consist of a mixture of stony materials of the first class and varying amounts of metallic iron, and third, metallic iron more or less heavily alloyed with nickel and thinly coated with cobalt.

KAPPA PHI HONORS PLEDGES AT DINNER

Methodist Women Present Short Program. A banquet honoring the new pledges was given by Kappa Phi at the Methodist church Tuesday. A program before the dinner was given by the Methodist women. Toasts, given during the dinner carried out the idea of weaving, which is the theme upon which all Kappa Phi work will be based this year.

The toast to the pledges was given by Thelma Pierce, and was responded to by Ethelyn O'Neal. As national representative, Mrs. J. E. Purdy gave a toast, using as her theme, the loom. Doris O'Shea spoke on Egyptian tapestries, and Edna Scott discussed the Brussels tapestries. The pledge pins were given out during the dinner and each woman was presented with a program book for the year.

Dinner Served. Dinner was served southern style. Appropriate to this idea Mrs. A. W. Fahrwald sang some southern melodies. The main feature of the decorations was a large Kappa Phi pin, lighted electrically in many colors.

HOLD CONFERENCE OF TEACHERS HERE

Home Economics Instructors Meet Last of October. The annual conference of home economics teachers in the vocational department of north Idaho, was held here October 23-24. The conference was called by the state department of vocational education.

Miss Muriel McFarland, state supervisor of home economics was leader. Problems of interest to the teachers were discussed. Emphasis was placed on the new state home economics curriculum and plans for its completion. All vocational teachers in the home economics departments were in attendance.

"Where have you been all my life?"

When the right one comes along...

You wonder why you wasted time on the others! This been-waiting-all-my-life feeling has hit millions of smokers, men and women both... when they broke open their first Chesterfield package and caught its more pleasing aroma... when they lighted their first Chesterfield and knew, that minute, that it was milder—not sharp or biting. And after a few puffs, they knew that the taste was better. Here were the cigarettes they had always hoped for, and looked for.

Here were the cigarettes that satisfy! Satisfy—that's the word that "fits." The right tobaccos—the CHESTERFIELD kind of tobaccos, Domestic and Turkish—cured and aged, blended and cross-blended in the right way. Everything that goes into Chesterfield is the best that money can buy and that science knows about. The paper is just right. Everything about them is just right. Notice the difference. They Satisfy... and—they're milder. Smoke as many as you like!

GOOD... they've got to be good!

Wandals Ready to Battle Ancient Foes at W. S. C.

Pep and Fight Still Above Par, Idaho Awaits Saturday Tilt

Record of the two teams this year:

IDAHO	
Idaho 33.....	Whitman 7
Idaho 0.....	Oregon 9
Idaho 21.....	Montana 19
Idaho 7.....	Washington 38
Idaho 7.....	Gonzaga 6
Idaho 6.....	Opponents 79
WASHINGTON STATE	
W. S. C. 41.....	College of Idaho 0
W. S. C. 13.....	U. C. L. A. 0
W. S. C. 6.....	U. S. C. 38
W. S. C. 6.....	California 13
W. S. C. 13.....	Montana 0
W. S. C. 7.....	O. S. C. 0
W. S. C. 80.....	Opponents 57

By Richard Stanton.
Rejuvenated by their sensational win over the Gonzaga Bulldogs last Saturday, the Vandals are in fighting spirits to invade the haunts of the Cougars tomorrow in what promises to be one of the best battles for some time between W. S. C. and Idaho. Coaches Calland and Hollingsberry have been drilling their squads at top speed during the past week in preparation for the "big battle."

When the two teams march onto Rogers field tomorrow at 2 o'clock it will be the 34th time that Idaho and W. S. C. have settled disputes on the gridiron. Opening hostilities in 1894, Idaho and W. S. C. have played 33 games, skipping five years due to complications which set in during the football season.

Dad's Day.
Along with the game, which is the central feature of the weekend, W. S. C. is celebrating "Dad's" day, a tradition which was inaugurated on the Washington State campus in 1930. The slogan which our neighbors have adopted for the occasion is "Beat Idaho for Dad's sake."

After Idaho's victory over Gonzaga and W. S. C.'s over the powerful Oregon State eleven at Portland last Saturday, interest in the annual battle has gone skyward among fans from the inland Empire. A capacity crowd of 12,000 is expected. Earl Foster, graduate manager at Washington State reports that tickets are selling fast with steady calls for reservations coming in each day.

Even Dope.
In considering dope, the two elevens are nearly even. Idaho, in a first half rush ran up 21 points on Montana, weakened in the final period but won 21 to 19. The Cougars played Montana at Missoula and were held scoreless until the last quarter when their passing attack started finding its mark and counted for 13 points. Hollingsberry's men were beaten badly by the Trojans who had previously been beaten by the St. Mary's Gaels. The Gonzaga eleven in turn played the Moragans off their feet for three periods finally allowing the charges of St. Mary's to push over the winning touchdown—all of which points to the dope being on the Idaho side as far as statistics are concerned.

Coach Calland will again push his men into the fray without the presence of Fred Wilkie, veteran fullback. Pete Taylor, end, and Emmert Davis, quarterback, who were all seriously hurt in the middle of the season. For a while it appeared that Taylor was steadily recuperating and would be in condition to face the Washington State team but was injured again at a crucial moment during the week's practice and is out of the starting lineup for Saturday's game. However, Taylor may see some action. Wilkie is suffering from a knee injury and Davis received a fractured collar bone.

Plan Defense.
During the past week, Calland has been instructing his men in defensive tactics against the Cougar lineup and has also been strengthening the attack with some new plays. As was evident in the homecoming game last week, Idaho's passing attack is powerful and will be put in use again Saturday to count for yards against the Cougars. Coupled with the fast foot work of Smith and Wilson, the Washington State line will have to keep on its toes to keep the silver and gold from counting up some markers.

Coach Hollingsberry will direct his attack at Idaho with George Sander, Mike Davis and Stanley Colburn carrying the brunt. Sander, a triple-threat man has been recommended by several sports writers on the coast for an all-Coast half-back berth.

Hot on Passes.
He throws a bullet-like pass which seldom misses its mark and his punting is nearly up with that of "Tuffy" Ellengsen, 1930 Cougar backfield ace. The aerial route is the backbone of the W. S. C. attack this year and has been the deciding factor in their wins over U. C. L. A., Montana, and O. S. C., but it should not be so effective against the Vandals tomorrow if Spaugy, Tyrrell, Sackett, and Hanford are covering their territory in the style that they have been.

Although Elden, Spaugy, Tyrrell, and Hanford suffered minor bruises in last Saturday's game, Calland expects them to be back in first class condition and they will probably appear in the starting lineup along with Berg, Bessler, Hall or Sullivan, Martin, Wilson, Sackett, and Norby. "Irish" Martin will captain the Vandals tomorrow. "Irish" is a senior and this is his last game with the Cougars.

TEACHES BACKS

Otto Anderson, Anderson and Jacoby have been working overtime the past week tussling the pigskin from W. S. C. pass formations to give the Vandal secondaries practice in breaking up the important aerial cog in the Cougar offense. "Otto" has been helping Jacoby all fall in developing the shifty backfield attack that has been running opposing defenses ragged.

Fumbles FROM HERE AND THERE

By Perry Culp

W. S. C. to Pass
According to The Evergreen, publication of the Washington State college, the Cougars are planning an aerial attack on Idaho next Saturday. George Sander, star Cougar punter, took quite a beating at the hands of the Oregon men last Saturday in Portland. Buck Bailey, who scouted the Gonzaga game last Saturday, reported that the Vandals' squad is the strongest in four years.

Olympic Tryouts at Palo Alto
Olympic tryouts will be at Stanford, Palo Alto Cal., early next summer. The location was decided by a mail vote of the 12 field and track committeemen in the United States. Verification of the selection will be made at the meeting of the committeemen in New York, Nov. 29.

Reserves Defeat Nevada
The reserves of the Golden Bear squad defeated the University of Nevada Wolfpack 25 to 6 at Berkeley last Saturday. Coach Bill Ingram is evidently saving his first string men to fight the University Washington Huskies next Saturday. Harvey Hill of Nevada made the lone score for the Wolfpack.

Basketball at Oregon
Twelve scrappy group teams are fighting for the intramural basketball cup at the University of Oregon. The tournament started this week and about 75 men are participating.

Play Bridge at Grid Game
During the California-Nevada game last weekend several Nevada fans became disgusted with the procedure of the game. One of the fans spread a newspaper over his knees, another produced a deck of cards, and a high stake game was the result.

Express Wreck in Oregon
"Midnight Express" Lillard, ineligible University of Oregon star, is running so fast through the minds of some of the fans of the Webfoot state that a great headache is the result. A certain Portland paper, in a polite way, accuses Paul Schissler of Oregon State for the wrecking of the Express. Schissler denies everything that has been placed on his doorstep.

Bowling at O. S. C.
Intramural bowlin' is getting a good start at Oregon State. The group houses are having trouble getting their teams on the spot, a change in the present schedule is hoped to alter the situation.

Soccer in California
Stanford won a varsity soccer victory over the University of California last week end. The Stanford Babes weakened and the California Cubs took home another Trojan scalp. Soccer is gaining in the South as a varsity sport as well as in intramural competition.

Women Play Hockey
The women at the College of the Puget Sound are limbering up the clubs this week in preparation for the annual inter-class hockey tournament. The seniors of the institution are handicapped by the lack of players—the answer to the question was five freshman girls.

COUGAR BOOSTERS PLAN HUGE RALLY

Idaho Students are Invited to Attend Pep Meeting of Rivals

Idaho students are invited to attend the pep rally starting at 6:45 p. m. to night at W. S. C., according to a communication from the Associated Students of Washington State College.

Dad's Day will be featured by fireworks this year at W. S. C. Rockets of such type as a Cougar chasing a Vandal will be used. W. S. C. is innovating a regular fireworks feature modeled after the popular display started by the Freshman class here this year.

The Idaho-Washington State game will be the central attraction of Dad's Day. Numerous special events are being prepared for the visiting father's entertainment and they will be the guests of the college at the game. A rally will be held there, starting at 6:30 tonight. Fireworks will take the place of the traditional bonfire. Noise will be the keynote of the rally with prizes given for the competing groups.

Vandals Primed for Cougar Tilt

FRITZ CRAVEN

RUSS HALL

BILL BRAILSFORD

Russ Hall, tackle, has been on the crippled list for several days but will be in top condition tomorrow. During Taylor's absence Brailsford has been working out at Taylor's end position and will probably get into the fracas. Fritz Craven has been playing real ball all season and has another year to show his wares.

BUSINESS AWARD TO TOMLINSON

Erwin Tomlinson Holds Alpha Kappa Psi Key

Erwin Tomlinson, Jr. has been announced recipient of the Alpha Kappa Psi award, a golden key given each year by Alpha Kappa Psi fraternity to the man in the school of business administration who attains the highest scholarship average during his sophomore

year. The average attained by Mr. Tomlinson was 5.602, which surpasses his average for his freshman year, 5.125.

In addition to maintaining a high scholastic record, Mr. Tomlinson has taken an active part in various campus activities. He has been a member of the Vandaleer group since its organization.

Large streams from little fountains flow. Tall oaks from little acorns grow. —David Everett.

BASKETBALL MEN BEGIN PRACTICE

The varsity basketball candidates have been working out regularly since Tuesday night under the direction of Harold Stowell. About 25 men have turned out. This preliminary training takes place so that Coach Fox can turn his attention to basketball immediately after the completion of the football season.

FIFTY MEN REPORT FOR BOXING SQUAD

Under Tutelage of Bob Reid, Boxers Show Rapid Improvement

Idaho's boxing enthusiasts are rapidly showing improvement under the tutelage of Bob Reid. A squad of fifty men are reporting every Tuesday night. The first meet of the season is planned for December 1 with W. S. C.

Three of the boxers are men who saw action last year. Bob Blair, shifty sophomore, is back better than ever. Melvin Sackett will be turning out as soon as football season is over. Lloyd Sullivan, who is also playing football, completes the list of veterans.

New Men Turn Out
Several of the new candidates being groomed for the smoker are: Russel Wamsley, Clayton Boyd, Vic Schneider, and Jimmy Doak. The rest of the events will be filled after the returns of the intramural contests.

In commenting on this year's turnout, Bob Reid said, "This year's class is exceptionally good. In the short space of two weeks training, the boys have shown a wonderful improvement."

Attorney General Mitchell recently officiated at the dedication of the new Yale quadrangle.

The enrollment at the University of Washington is the smallest in five years.

Registration in New York city public schools is estimated at 1,250,260.

You needn't tell me — I know Camel is the fresh cigarette!

FRESH

in nature's way

CAMELS are never parched or toasted!

FRESHNESS and flavor in a cigarette trace right back to natural moisture.

If you overheat or process tobacco so harshly as to dry out all natural moisture you drive out *freshness* and flavor too.

Camel never parches or toasts the fine Turkish and mild Domestic tobaccos it uses—they are *naturally* smooth, cool, mellow, with natural moisture retained.

That's why the Camel Humidor Pack proves such a blessing to Camel smokers—it brings them a fine cigarette *fresh* to start with, and *fresh* to smoke.

If you don't realize what natural moisture means in genuine *freshness* and flavor, switch to Camels and see.

Try this mild, slow-burning, throat-friendly favorite for just one day—then leave it, if you can! R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

R. J. Reynolds Tobacco Company's Coast-to-Coast Radio Programs
CAMEL QUARTER HOUR, Motion Downey, Tony Wong, and Camel Orchestra, direction Jacques Renard, every night except Sunday, Columbia Broadcasting System
PRINCE ALBERT QUARTER HOUR, Alice Jay, "Old Hunch," and Prince Albert Orchestra, direction Paul Van Loan, every night except Sunday, N. B. C. Red Network
See local paper for time

CAMELS

Made FRESH—Kept FRESH

Don't remove the moisture-proof wrapping from your package of Camels after you open it. The Camel Humidor Pack is protection against sweat, dust and germs. In offices and homes, even in the dry atmosphere of artificial heat, the Camel Humidor Pack delivers fresh Camels and keeps them right until the last one has been smoked
