Are They Worth It?

In order that no reflections will be cast by writing after assembly stunts have been staged, a little premature cogitating is about to take place. With the announcement that at each A. S. U. I. assembly a sorority or two would give a stunt of some kind, there has arisen a question in some minds as to whether or not such a policy is justifiable.

There is no doubt but what a good stunt at assemblies will add greatly to interest and attendance, and there should be no doubt but what the stunts will be good. But the question is whether or not the value of the stunt is commensurate with the effort, expense and time demanded for the staging of it. Moreover, will it become merely a series of those deplorable affairs known as annual song and stunt fests? Another matter is in regard to what latter annual festivity. Will these affairs displace it?

It is believed by some that stunts for assemblies will involve too much trouble and expense. It is felt also that stunts worth the time will occur but rarely, and it is further suggested that they be provided only with the understanding that the annual Song and Stunt Fest will be done away with. It is hoped that the backers of so worthy a plan as this will be willing to call a halt should these dire predictions prove all too true. The creation of just another tradition with a product similar to some existing traditions would indeed be a faux pas, to say the least.

What's The Score?

The State Board of Athletic Control is apparently having a lot of fun in exerting its power, but the parties concerned in its recent decision can't see the joke. The board met in Boise November 27 and decided that Twin Falls should be the place for holding the state basketball tournament. Twin Falls citizens think this is an excellent idea, but, besides the members of the Board, few others seem to.

High school athletic directors all over the state have been booing the idea, and have been withdrawing their teams from the association. They feel that the University of Idaho and the Southern Branch are the only two places adequately equipped to handle the tournament and want it kept within the walls of these two institutions as it has been for many years.

With Twin Falls getting the tournament this year, a mad scramble is going to ensue among other towns next year. No doubt the Board has an excellent plan for solving the problem, that is, excellent for some interests, which are far from being the best interests.

If a few more high schools decide to withdraw from the association, however, Idaho won't have any more state basketball tournaments. The university has been accused of abolishing traditions, but it can't be blamed for doing away with this one.

MILITARY CADETS PACE MOSCOW ON THEIR ANNUAL MAPPING TOUR

The advanced junior military class under Capt. H. L. Henkle has been making a traverse of the country around Moscow, the last few days.

Each year Captain Henkle gives out the route for the junior officers to cover, and each officer must make a traverse which is to be completed as an aera sketch of the section. The following is the route Captain Henkle has given out: Station No. 1 elevation 2595 at intersection of University avenue and New Pullman road; then east on University avenue to station No. 2 at intersection with Deakin avenue to Sixth street and east on Sixth street of the O. W. R. & N. tracks; station No. 3 follows the tracks northwest to Station No. 4 at crossing of the old Pullman road and then north and west along this road 300 yards to Station No. 5, then back to the starting place.

Captain Henkle gave out these notes: Traverse may run along this boundary or any portion more convenient. Officers may start at any one of the stations and work either way. Stream line enters sketch boundary at 2555—Stream line leaves sketch boundary at 2547. Officers must show roads and railway tracks, and principle building of aera—scales—title—declination—authentication. Monday December 7: run traverse. Tuesday, Dec. 8: locate control points. Wednesday, Thursday and Friday, Dec. 9, 10, and 11 finish sketch; submit it on or before Monday, Dec. 14.

ENGINEERING DEAN IS ON COMMITTEE

Ivan C. Crawford to Study Employment for American Engineers Council

Dean Ivan C. Crawford of the college of engineering, is the university's representative on an Idaho committee on engineers and employment, which is cooperating with the American Engineering Council's committees in each state, for the purpose of studying problems of employment.

These employment committees were formed to co-operate with President Hoover's organization on unemployment relief. The American Engineering Council, with headquarters at Washington, D. C., comprises a membership of approximately 60,000 engineers in the United States.

Other members on Idaho's committee are: George N. Carter, John Congdon, consulting engineers, Boise; Lynn Crandall, district engineer, U. S. Geological survey, Idaho Falls; W. G. Woolf, superintendent Electrolytic Zinc plant, Sullivan Mining company, Kellogg.

FIRST YEAR SQUAD HAS ALL TALL MEN

Schedule Not Yet Complete: No Barnstorming Tour

Tall men are steadily being added to Idaho's crew of ball tossers. This year's frosh squad is composed mainly of six footers. Ed Metzgar, flashy pivot man from Kellogg, tops the list at six foot four. Bill Wakeman comes next in line. Junior Jones, all state guard from last year, is showing up well and will see quite a bit of action. Harry Sandow and Vic Warner have also been turning in very good work.

The freshman schedule has not been completed, but will include 5 games with W. S. C. 2 with Lewis-ton Normal and a number with Spokane schools. There will be no barnstorming trip this year.

The CINEMANIAC

THE YELLOW TICKET, a much heralded Fox production, now playing at the Vandal theater, tells the story of a beautiful girl and a young newspaper correspondent who match wits with the secret police of Russia before the war. Elissa Landi and Lionel Barrymore are featured. Barrymore plays the part of a cruel baron and Elissa Landi, the part of the young girl who comes to Russia to find her father. Both leads carry their roles exceptionally well.

EXPENSIVE WOMEN, starring Dolores Costello, opens today at the Kenworthy theater. The story is a romance of a lovely beauty who didn't know her heart. Dolores Costello is ideally cast and handles her role cleverly. The film is enraptured by Billy House, the well-known laughmaker.

SUICIDE FLEET, starting Sunday at the Kenworthy theater, is a story of the Navy's part in the World War. The film is based on a story by Commander Herbert A. Jones, U. S. N. The cinema gives us a different light on war pictures. It is one of the most realistic naval productions ever shown on the screen. Bill Boyd, Robert Armstrong, and Ginger Rogers head the cast, which includes several thousand blue jackets. The film is interesting as well as entertaining.

BULLETIN BOARD

THE "I" CLUB MIXER HAS BEEN POSTPONED indefinitely, as the gym is not available during the basketball season.

LOST—FRATERNITY PIN, initialed S. D. A. Finder please phone 2186.

SENIORS WHO WISH TO TEACH during the year 1932-33 should register with Placement Service, Room Ad. 110, at once.

MECHANICAL ENGINEERING students will meet in room 104 Engineering building at 4:10 p. m. Monday, Dec. 14.

Gentleman Jim Tries For A Date

Greetings Fellow Eskimos: There once was a wise man by the name of Sherman, who said, "War is hell." To our way of thinking, exams just before a vacation are a form of war. Well, we really must use no bad words and make the girls blush.

When you call up the "little woman" and ask for a date; and she replies by saying, "Why, certainly, I'd love to," isn't it possible for her to mean, "Why, certainly, I'd love too?" Well, boys, all I know is what I read in books, so you'll have to draw your own conclusions, but don't let the censor catch you.

Now that the basketball season is about to begin, we can resume our favorite indoor sport of booing the referee.

The "I" club's frustrated attempt to de-cord certain underclassmen and make them wear gunny-sacks during their period of bereavement destroys another of our dreams of seeing someone actually "holding the sack."

After looking over the story of Jim Thorpe's life to date, and a recent "charity" shoe shine received at the hands of one of the so-called unemployed of Spokane, we can only say: "Fame is as fleeting as a 'charity' shoe shine."

But then, maybe we expect too much for a nickel.

We see where the prey of the U. of Wyoming accused the students of "petting and drinking in care." The slandered students demand an apology. Well, if the students' cars are like most of the cars on this campus, the student's should apologize for having such cars.

Scintillating All-around Vandal Still Making Good

Back in 1922, '23, and '24, a stellar Vandal athlete blazed the way for an athletic reputation that will ever hold a luminous place in the minds of Idaho students. It was this brilliant silver and gold flash that beat W. S. C. on the gridiron by his placement kick; captured the fullback position on the all-conference team; tucked away the Pacific coast conference basket ball title in Idaho Idaho's bag by virtue; that got down in the annuals of Vandal history as the greatest all-around athlete ever turned out from Idaho. This renowned Idaho graduate is none other than Peal "Bob" Fitzke.

IS AGAINST MASS EDUCATION PLAN

Believes Curriculum Should be Adjusted to Needs of Individual

"Why couldn't the student quizz the professor instead of the professor quizzing the student," asks Frank Aydelotte, president of Swarthmore college. President Aydelotte is one of the more advanced educational leaders who believes that the college curriculum should be adjusted to the needs of the individual. As such he is severely opposed to the system of mass education in use in many of our colleges.

In condemning the present system of keeping the bright student in the same class as the dull, President Aydelotte says, "Did it ever occur to you that the so-called bad boys in school who refuse to submit to discipline and who create difficulties are frequently the more brilliant students?"

"At Swarthmore, we substitute hard work for discipline so that the brilliant student is kept interested." President Aydelotte has been developing the honors course system under which capable students are allowed individual work with a minimum of supervision and a maximum of encouragement.

President Aydelotte studied at Indiana university, Harvard, and at Oxford as a Rhodes scholar from Indiana. As a trustee of the Carnegie Foundation for the Advancement of Teaching, a member of the administrative body of the Institute of International Education, and chairman of the educational advisory board of the Guggenheim Foundation, he is an active leader in many educational movements.

W. A. A. WILL HOLD MEETING TUESDAY

A general W. A. A. meeting will be held Tuesday, Dec. 15, at 5 p. m. in the Women's gymnasium. President Bess Louise Hogg is not disclosing the full plans for the meeting. The only scheme for the program she would give was, "Santa Claus will be there, a Santa Claus who will— Well, you come and see what happens to Santa."

Girls to be initiated at that are Cecelia Nacke, Evelyn Johnson, Harriet Dwight, Lois Thomas, Dorothy Chamberlain, Eileen Frazier, Betty Gaby, Betty Obermeyer, Jaunita Bennett, Eunice Ruddle, Mae Pugh, Eva Weidman, Nita Winn.

Students at the University of Southern California have formed a Cinema club.

Stanford alumni fear athletic loss if the new plan of doing away with underclassmen goes into effect.

Mr. Merchant, here is an opportunity. Facts prove it.

Society

French Underworld Apaches Dance at Tau Kappa Epsilon

In spite of the excitement of approaching holidays, and the many last minute examinations, and papers due, society on the campus is maintaining its usual pace. The last week-end before Christmas has many events scheduled. The "Cradle Song" will be presented by the dramatics department of the university this evening and Saturday evening, at the auditorium at 8:30, under the direction of Professor Fred C. Blanchard.

The play is a reproduction of a Spanish cloister, and gives an inner revelation of human character. More than 50 students will take part in the production. There are 12 in the cast. The Treble Clef club, singing chants and religious songs will form a background for the man acts of the play. The Vandalette chorus will also sing.

"49'er" Dance.
Sigma Alpha Epsilon's 49'er dance will be held at the chapter house Friday night as the only house dance this evening. The club mixer which was to have been given has been indefinitely postponed until the second semester.

Plan Festivities.
Saturday evening will be very "Frenchy" in the entertainments being given. Tau Kappa Epsilon is giving a French Apache dance, with appropriate decorations, and a snappy orchestra. Lambda Chi Alpha's French mard gras also will be staged Saturday night. This is a traditional event and many new ideas in decorations are to be carried out this year.

Delta Tau Delta are entertaining at an informal holiday dance Saturday. Ridenbaugh hall will be hosts at an informal Christmas dance, carrying out a yuletide theme in decorations.

RIDENBAUGH HALL TO HOLD DANCE
Ridenbaugh Hall Christmas informal dance is to be given Saturday night. A large decorated Christmas tree in one corner of the living room and various other motifs of the coming holiday season, will be used in the decorative schemes. The program will be in yuletide colors featuring a holly wreath in red.
Patrons and patronesses will be: Dr and Mrs. Edwin C. Jahn, Mrs. Watt Piercey, and Edward Poulton.

S. A. E. MOURNS FOR DAN MCGREW
"The Spell of the Yukon" will be cast over the Sigma Alpha Epsilon house Friday night at the 49'er dance. The name of the famous Dan McGrew is to be on exhibition in front of the Gold Pan Bar Saloon. A real bar, with tender and a houseful of miners, cowboys, Indians, Vigilantes, and what nots will all be there along with the likker, which is to be had over the bar.
Decorations will carry out the alcoholic, gold digging spirit of 49. Patrons and patronesses will be Mr. and Mrs. Arthur M. Sowder, Capt. and Mrs. Harry L. Henkle, Prof. and Mrs. John H. Cushman.

MARDI GRAS AT LAMBDA CHI
The annual Mardi Gras sponsored by Lambda Chi Alpha is being given at their chapter house Saturday night. Decorations will consist of colored streamers and balloons suspended from the ceiling, along with flood lights of various hues. Water fountains, silhouettes, and shadows on the wall are going to be used. The television idea is to be carried out with the orchestra. Confetti, serpentine, fancy caps, and noise makers of all kinds will add to the hilarity of the occasion.
Patrons and patronesses will be Mr. and Mrs. E. E. Davidson, Mr. and Mrs. George Luke, and Mr. and Mrs. Wayne Smith.

DELTA GAMMA FETES FATHERS
Delta Gamma entertained their fathers with a turkey dinner Tuesday night. After dinner Frances Bloom and Marie Wuester sang for them. Jean Bicker danced. The guests were: Howard David, J. R. Collins, Bert Martin, Harry Whittier, H. H. Simpson, A. R. Hutchinson, Frank Stanton, Dr. J. A. Brosnan, and Dean J. D. Eldridge.

"LES MISERABLES" WILL LIVE AGAIN
Entering through a Parisian sewer in the basement of Tau Kappa Epsilon, guests at the bi-annual French Apache dance will be led to the second floor and then to the dungeon, ordinarily the parlor. The realistic setting patterned after the underground passages and prisons described in Victor Hugo's, "Les Miserables," will make the French atmosphere very complete.

Style sheets, very highly illustrated, of the latest in French costumes have been sent out to all the guests. The programs will be black with little gold-linked figures on the outside.
This French dance is given every two years, being alternated with a lawn party in the spring of the year.

Patrons and patronesses for the affair will be Dr. and Mrs. Joseph W. Barton, Prof. and Mrs. Douglas C. Livingston.

Prof. Curtis W. Chenoweth was a dinner guest at Kappa Sigma Tuesday night. A forum discussion was held afterward.

A group of women from Gamma Phi Beta were dinner guests at Kappa Sigma Wednesday evening.

Fred C. Blanchard, was a dinner guest of Beta Theta Pi Thursday.

TREE TO BE LIGHTED

By Fern Paulsen.
Nine years ago the large fir tree near the statue on the campus was decorated in colored lights for the first time. This caused quite a sensation for it was not as common to decorate living trees then as it is now. This same night, and for the first time also, the students gathered around the tree to sing Christmas carols. Although carols had been sung in the group houses and at assemblies, that was the first time in the history of the university that carols had been sung around the lighted tree.

Because everyone enjoyed the singing so much, it was decided that it should be repeated the next year. For nine years now, the students have gathered around the tree. In this way a new tradition was established on our campus.

Idaho Started Custom.
Now many other universities sing carols around lighted trees but Idaho was one of the first if not the first to start this custom.

Dean Perneal J. French said she thinks it is "a very lovely custom." She told about an incident a few years ago, when the radio was first coming into prominence. The carol singing was broadcast. Although the broadcasting turned out to be unsuccessful, the persons who took part got a big thrill out of doing the unusual, for so it was at that time.

Real Thrill of Christmas.
Each year during the week before Christmas, carols are sung by the group houses and the halls at dinner. They are also sung in the assemblies, but there is nothing that can take the place of the singing around the tree.

EDUCATION SCHOOL FACULTY HONORED

Pi Lambda Theta and Kappa Delta Pi Give Dinner
Faculty members of the school of education and their wives were guests of Pi Lambda Theta, women's education honorary, and Kappa Delta Pi, men's honorary, at an informal Christmas dinner held at the Blue Bucket. Ronald Sturman, president of Kappa Delta Pi, was toastmaster, and Venna Andresen, president of the women's honorary, welcomed the guests. A short program of musical numbers and readings were featured. The dinner is an annual event sponsored by the honoraries.

IDAHO DOES NOT QUALIFY STUDENT FOR SCHOLARSHIP

Four Rhodes Scholars Are Picked in Spokane Thursday Night

Final selection of Rhodes scholars was made at Spokane last night for the Northwest Rhodes scholarship district by the committee representing the six states which compose this division for the United States—Idaho, Montana, Washington, Oregon, Utah and Nevada. No Idaho man was chosen out of the four men selected. Those named were Harry Sweet of Centralia, Washington, of the University of Washington; Albert Gerretson of Tacoma of Whitman college; Harold Fitzgerald of the University of Oregon; and George Williamson of Montana University.

These men will go to the University of Oxford, England, next year on the fund provided in the will of Sir Cecil Rhodes for American students who wish to continue post graduate work in that university. They will be with representatives of the eight other districts in the United States.

Two for Each State. The plan under which the choice is made provides that representatives of each state shall be met by a state Rhodes scholarship committee which shall choose two men from the state candidates. These two men from each state then meet the district committee which makes the final choice of four.

In the state trials the University of Idaho sent four men. The committee meeting at Boise on December 5 also interviewed other men who were candidates either by reason of Idaho residence or attendance at an Idaho school. From the candidates at Boise the committee gave answers to Davis, at present a cadet at West Point, and Elton Reeves, a student at the University of Idaho, a chance to meet the district committee.

The other men who went from Idaho were Harry Angney, Donald Emigh, and Stanley Spaid.

PROTEST MADE ON HOOP SHIFT

Moscow High School Against Twin Falls Tourney.

Protest has been made by Moscow high school against the change of the hoop tourney to Twin Falls. The custom has been to hold it on alternate years at the university and southern branch at Pocatello.

It is expected that Lewiston and other schools of the district will enter complaint. Gale Mix, coach of the Moscow high school, objects on grounds that there is no reason for changing the place of the tournament now since previous attempts at holding it in southern Idaho were financial failures.

PUBLICITY GIVEN TO IDAHO SPURS

Official Magazine of Group Gives Two-page Story To Them

Carrying on its front page a large picture of the Idaho spurs in their white uniforms, "The Spur" arrived today. "The Spur" is the official publication of the national chapter of spurs, edited each semester at Bozeman, Montana.

Of the eight page publication Idaho spurs commanded almost two full pages containing besides the picture, a resume of the work of the group and activities of its members. Betty Brown, who wrote the article, rated a "by-line."

Twelve Chapters. Twelve chapters are represented in this issue—the University of Washington, Seattle; University of Wyoming, Laramie; University of Colorado, Boulder; Utah State Agricultural college, Logan; College of Puget Sound, Tacoma; Montana State college, Bozeman; Washington State college, Pullman; Colorado Agricultural college, Fort Collins; University of Utah, Salt Lake City; Oregon State college, Corvallis; and the University of Idaho.

DIETICIAN CLASS PREPARES MEALS

Menus to Suit Individual Members of Class Are Planned

Three meals prepared by the dietetics class in the home economics department Wednesday were the result of nearly a semester's work. The student dieticians have studied foods and food requirements for different individuals doing different types of work. They have planned menus to suit the individual requirements of each member of the class, considering occupation, weight, and the needs for an adequate diet. They have also budgeted the time and expense in meal preparation. The meals Wednesday were a practical application of these fundamentals of advanced nutrition.

In the preparation every gram of material was weighed and the caloric value was calculated and recorded. Expenses were controlled by the budget they had made, allowing two and a fourth cents for 100 calories, which is the amount that a man on a \$1800 salary could afford to spend on food. This dietary day is an annual affair according to Miss Katherine Jensen, who heads the department.

PARTY FEATURED BY DICE GAMES

Is Central Idea at Home Ec Party for Christmas

Progressive dice-throwing was featured at the home economics Christmas party last night. It was the basis of Christmas game in which three girls tied for first place with Evelyn Barnes winning the final shake for the prize. Alene Riley gave a Christmas reading in clever costume, and musical numbers added to the entertainment. Candy and pop corn balls made by the senior girls were distributed by a jolly Santa Claus.

VARSITY DEBATE TEAM FOR IDAHO LOSES TO THREE

Freshmen Are Preparing for Next Debate With W.S.C. Yearlings

Idaho went down three in the recent women's varsity debates in the double triangle between Whitman, Washington State and Idaho. The question for the debates has been a popular one from the standpoint of the audiences as it deals with the question or conduct rules for women with each affirmative contending that in this respect women should be placed upon an equality with men.

Before the series is over, the question must be settled once more this afternoon at 3 o'clock in room 201 or the Administration building. Mildred Peterson and Wilma Hudson, speaking for Idaho, will uphold the affirmative against a negative team from Whitman on that occasion.

The Rev. Mr. Oliver of Moscow will serve as the critic judge.

Loss at Whitman. In the debates which were lost Mary Axtell and Jewell Leighton were unsuccessful in their invasion of the Whitman's women's camp on last Tuesday evening, and also unsuccessful at Washington State on Wednesday afternoon.

Activity in other fields of debate work is also evident at present. A squad of 10 freshmen men are preparing, under Robert Vincent as coach, to assume the duties of one of the most pretentious freshmen schedules tried at Idaho. On next Thursday evening they debate the freshmen from W. S. C. on the matter of dividing the Pacific coast football conference into a southern and northern division. Later they will clash with Lewis Normal and then with several larger high schools in Idaho and Washington.

The freshmen women are also working in preparation for their schedule. There are six women on the squad.

REGISTRAR BACK FROM VACATION

Miss Ella Olesen, university registrar, has returned to her office after an absence of about a month. Miss Olesen was away on her vacation during the latter part of November, after having first attended the annual meeting of the Pacific Coast University Registrar's convention in California.

The registrar's office also called attention to the fact that the official list of ten per cent cuts for absence from classes before and after Thanksgiving vacation had been posted in the Administration building. Students were advised to check the list in order that they might not receive cuts through error.

Practical Jokers. Reviewing "Ancient Phone Call" Jest. The latest indoor sport is rumored to be heating telephone wires of fraternity houses. Purpose of the game is to see how many times one can use the "Tri Delt" name without the knowledge of the owners. Competition is strong, and interest runs high when the fraternities are invited to a Tri Delt sleigh ride that the Tri Delt know nothing about.

Opponents lead by a large score in the first half, but in the latter part of the game their methods of playing are discovered and checked, the defendants smashing through to sweeping victory. Turning point of the game is the calling of personal foul by referee, and from then on Tri Delt is able to locate and return all plays.

STUDENTS INVITED TO FIREMAN BALL

Away-from-home Idaho Students Guests at 23rd Ball

All Idaho students who do not go to their homes out of town for Christmas vacation are invited by the firemen of Moscow to be guests at their 23rd annual Fireman's ball, to be held at the Memorial gymnasium, December 31.

Those wishing to accept this invitation may get free tickets at the registrar's office. This makes the second year that the firemen have extended this invitation to Idaho students, who live out of town and are not going home for vacation.

Along with the ball, entertainment numbers will be featured at intermission. The firemen will present a fireman's drill and also a stunt at midnight when the new year comes in.

IDAHO DIRECTORS OF ATHLETICS OFF TO COAST MEETING

Crawford, Horton And Calland To Take Part At Conference Chat

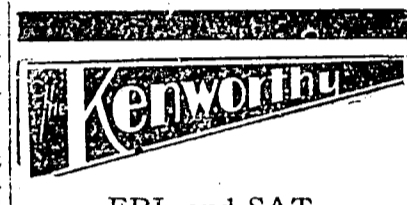

George E. "Cap" Horton, Dean Ivan C. Crawford and Coach Leo Calland will leave tonight to attend the meeting of the Pacific coast conference coaches and faculty representatives in San Francisco. Dean Crawford is the faculty representative from Idaho. Cap Horton will attend the annual meeting of the manager's association which will be held at the same time.

Annual Meet. The meeting is an annual get together held to discuss athletic conditions and problems of the member schools. The conference lasts three days and will mean a trip of about a week for the Idaho representatives.

The managers association will discuss schedules and financial matters pertaining to trips. A few revisions will be made in the 1932 schedule but for the most part it will remain as it is now. The schedule for 1933 may be framed.

BASKETBALL OPENS

Basketball season for women interested in W. A. A. started this week. Practices are at 4 o'clock on Mondays and Wednesdays for juniors and sophomores, on Tuesdays and Thursdays for seniors and freshmen. Nine practices during the six-week season are required for W. A. A. points.

Gifts From Davids' . . .

for *** WOMEN

For "BEST GIRLS"

DON'T say you don't know what to get her when we have so many unusual gifts. And if it's your fond aunt, mother or sister, they too, will appreciate the charmingly individual things we have at the most modest prices.

for ***** MEN

and 'BOY FRIENDS'

WHETHER your boy friend is just a boy friend, or your fiancée—father or brother you do want to show him how clever you are, and how much you think of him. No matter what his type—well, we will please him. The prices from 50c up.

"That bully old slogan hits me just right—

... no bamboozlin' about that!"

SURE! When a word fits, you know it! "Satisfy" just fits CHESTERFIELD. A smoker picks up a package, and he likes its neat appearance—no heavy inks or odors from ink. That satisfies him.

Then he examines a Chesterfield. It is well-filled; it is neat in appearance; the paper is pure white. And that satisfies him.

He lights up. At the very first puff he likes the flavor and the rich aroma. He decides that it tastes better—neither raw nor over-sweet; just pleasing and satisfying.

Then he learns it is milder. That's another way of saying that there is nothing irritating about it. And again he's satisfied!

Satisfy—they've got to satisfy! The right tobaccos, the CHESTERFIELD kind, cured and aged, blended and cross-blended, to a taste that's right. Everything that goes into CHESTERFIELD is the best that money can buy and that science knows about. CHESTERFIELDS do a complete job of it. They Satisfy!
