

LOSS OF "POP" JENKINS MOURNED BY HIS FRIENDS

Began University Career Here As Bursar In 1905; Was Man With Broad Outlook

One of the strongest builders of the University of Idaho passed with the death of Francis Jenkins last Friday morning, Jan. 22. Francis Jenkins' career with the University of Idaho started in 1905 when he became bursar. In 1920 he was made proctor of men. He was known through the whole state and all who knew him regret at his passing.

Funeral rites were held Sunday afternoon from the university auditorium, with the Rev. H. H. Mitchell of St. Mark's Episcopal church in charge. The Idaho grand lodge of Masons and the Moscow Elks participated in the services. Guy W. Wolfe, past exalted ruler of the Elks read the eulogy. J. G. Eldridge, past master of the lodge in charge of the Masonic ritual at the auditorium and at the grave.

Music was by the Lewiston Shrine quartet. Pall bearers were Homer David, Ben E. Bush, Max W. Griffith, W. Z. Zumbach, S. C. Bates and Frank Stanton. Honorary pall bearers were Senator William E. Borah, Evan Evans, Lewis W. Erskin, George O. Bulth, Curtis F. Pike, all of Boise; Howard R. McBrine, Stanley A. Easton, Kellogg; Jerome J. Day, Wallace, Charles W. Craney, St. Maries; James A. MacLean, Winnipeg, Manitoba; T. A. Walters, Caldwell; William Wallin, Pocatello; Lewis D. Schattner, Lewiston; Samuel H. Kayler, Twin Falls, and General E. R. Christian, Moscow.

"Pop" Jenkins

RADIO PROGRAM NOW IN EFFECT

College of Agriculture Schedules Broadcasts at Six Points

The college of agriculture radio extension program which went into effect January 18th, is now being broadcast six days a week over six Idaho stations, according to Frederick Mark, in charge of the radio extension service.

The following stations are cooperating with the Idaho college of agriculture and the federal department of agriculture in putting the program on the air:

KIDO, Boise 6:45 a. m.; KTFI, Twin Falls 6:30 a. m.; KFSD, Nampa 7 a. m.; KSEI, Pocatello 1 p. m.; KGGX, Sandpoint 11:45 a. m.; KID Idaho Falls 7:30 a. m.

Each program is of 15 minutes duration.

PITTSBURGH SENDS DEBATERS ON TOUR OF MANY SCHOOLS

Idaho Debate Squad to Meet Pittsburgh Team Here Wednesday

Paris Martin and Ralph Olmstead will represent Idaho in a debate against a University of Pittsburgh team in the auditorium, Wednesday evening. The subject is the centralized control of industry. It will be a cross question debate which should prove of special interest to the audience.

The Pittsburgh debaters are Samuel Strauss and Cyril Jacobs. Mr. Strauss, a native of Bristol, Tennessee, came to the University of Pittsburgh in 1929 with forestry in mind. He was in the interscholastic debating championship of his home state. Mr. Strauss is a senior in the college, majoring in economics, and has been active in debating during the past three years. He has engaged in a total of 29 intercollegiate and 13 extension debates. In 1930 and 1931 he was president of the men's debating association and assistant manager of debate. In 1932 he became manager of debate and president of the Pittsburgh chapter of Delta Sigma Rho. He is a member of Phi Epsilon Psi social fraternity.

Heads Delta Sigma Rho. Mr. Jacobs, a native of Pittsburgh, entered the university in 1929. He is a senior in the school of business administration, majoring in accounting. He has taken an active part in college forensics, having participated in 28 intercollegiate and 14 extension contests. He was secretary of the men's debating association last year and is this year's president. In addition to debate work, Mr. Jacobs has taken an active part in student government at the University of Pittsburgh. He is a member of Delta Sigma Rho, honorary forensics society, and of Beta Gamma Sigma, national honorary business administration fraternity.

Make Extensive Tour. The Pittsburgh debaters are at present making an extensive tour of western schools, debating with 21 universities and colleges. They debate every night from January 22 to February 13 with the exception of Sundays. Before reaching Idaho they will have debated at teams from the universities of Chicago, Minnesota, Montana, and Idaho State college. Later they will meet debate teams from the universities of Washington, Oregon, California, Nevada, Utah, Wyoming, Colorado, Denver, and W. S. C. College of Puget Sound. Reed College, Pacific University, Oregon State College, Stanford University, State College, University of Washington, Kansas State university and Washington university in St. Louis, Mo.

COACH INTRODUCES WINTER WORK-OUT FOR FOOTBALL MEN

Gridmen Given Regular Tumbling Exercises and Practice at Tackling

"No rest for the wicked" has been changed to "No rest for football men," at Idaho, with the introduction of winter practice by Head Coach Leo B. Calland. Everything from ordinary calisthenics to tackling practice is the dish of Idaho's followers of the gridiron.

R. F. Hutchinson, tumbling coach, has been giving regular tumbling exercises which, it is hoped, will keep the gridmen in as near a physical fit as possible. An example of how this practice nearly resembles the bumps from a football game is seen when a player comes running and gives a hand spring—intending to land on his feet—and lands spread all over the mat.

Practice Tackling. In one corner of the gymnasium is a tackling dummy which tends to give the enthusiasts of the playing field a jolt, which can be reckoned to hitting big Gaius Shaver, All-American fullback of U. S. C.

In another corner stands a curious looking canvas frame with three holes in it. Here, Idaho's centers develop accuracy in snapping the ball back. With this form of practice, Idaho's football men should be in prime condition when Calland issues his call for spring practice.

DEAN BARTON SAYS COURSE INADEQUATE

Believe Colleges Fail In Efficient Counsel

NEW YORK, (IP) — Colleges should provide their graduates with sound advice on earning a living during the critical period immediately following commencement. In the opinion of Dean Archibald L. Bouton of the New York university college of arts and sciences.

"A liberal arts course," he said, "of itself rarely qualifies a young man for earning his living."

Dean Bouton said that a young man who has trained in the liberal arts should supplement his education with professional and practical studies.

"In too many cases," he said, "this lack comes in an unwelcome discovery to the liberal arts graduate and for a time he finds himself not only unprepared for the difficulties of getting a start in the business of a livelihood. At this point the college should provide wise, kindly and efficient counsel. There can be no doubt that we need a fuller recognition of the difficult problems that confront our students upon graduation."

MENINGITIS CASE FATAL TO STUDENT

Albert Holbrook, Ola, Succumbs Saturday Night To Dreaded Disease

Albert Holbrook died at 12:20 o'clock Saturday night at the infirmary, a victim of spinal meningitis. He was 23 years old and a sophomore in the school of agriculture. Mr. Holbrook's home is in Ola, a town about 30 miles from Emmett, but he lived at 720 Washington street while in Moscow.

Mr. Holbrook had been in the infirmary only a little over a week before his death. While there, he was under the care of Dr. C. O. Armstrong. His parents, Mr. and Mrs. Frank Holbrook and a brother were able to see him for a while Saturday afternoon as he was somewhat better then. His body had been removed to Ola for burial.

Although spinal meningitis is prevalent in many localities in this winter months, he is the first case that has appeared on the Idaho campus for about six years. At that time four or five students were ill with the disease.

SCIENTIST RESTS AND PLAYS VIOLIN

PASADENA, Calif., (CNS) — Albert Einstein last week temporarily abandoned the music of the spheres for melodies he himself produced at a desert resting place south of here.

Enjoying a respite from his work, he spent several days at Palm Springs in the Imperial Valley, where several times he entertained other visitors with his violin. This week, however, he had resumed his studies at the California Institute of Technology and Mount Wilson Observatory.

FACULTY AT MEET

In attendance at the annual meeting of the Idaho State chamber of commerce at Lewiston last Thursday and Friday were Dr. F. B. Laney, Dean I. C. Crawford, Dean R. H. Farmer, and Dean J. W. Finch of the university faculty. About 300 business and professional men from all sections of the state were present to discuss vital state problems. Governor C. Ben Ross and members of the board of regents attended some of the sessions.

CURLY HOFFMAN SLASHES PRICES

Reduction in Prices Is Main Feature Under New Management

Aldon (Curly) Hoffman, a student at the university for three years, has made a number of improvements in the Varsity Cafe, which he recently purchased from Neal Holm.

Hoffman has cut the prices greatly, but still offers the same high standard of food. Other improvements, made by Idaho's junior in the school of business are a remodeling and repainting of the mezzanine floor. More remodeling is planned in the near future according to the new proprietor.

Neal Holm, former owner of the Varsity is now with the Chrysler Co. in Spokane. He plans to leave for San Diego, Cal. shortly.

ACCEPT EDUCATOR AS U. S. DELEGATE TO GENEVA PARLEY

Dr. Mary Wooley Will Serve As Member of American Delegation

WASHINGTON, (C.N.S.) — American youth, represented by college students throughout the country, this week had been denied the privilege of sending an official United States delegate to the international disarmament conference in Geneva.

But, at the same time, the students won a partial victory when President Herbert Hoover appointed Dr. Mary Emma Wooley, president of Mt. Holyoke college, to serve as a member of the American delegation. Not only is Dr. Wooley a widely known leader of women, they pointed out, but she is also well acquainted with student attitudes toward the disarmament problem.

Students for Disarmament. These attitudes were expressed last week in the results of a nationwide straw vote sponsored by the Intercollegiate Disarmament Council, which revealed that 92.8 per cent of the 24,600 students who cast ballots in 70 different colleges and universities favored either total or partial disarmament.

Bringing with them these statistics, Luther Tucker, Yale '31, chairman, and a delegation from the Council waited upon President Hoover in an effort to convince him that he should designate some outstanding college student to represent the United States along with other official delegates at Geneva.

Segregation Not Practical. While adopting a sympathetic attitude toward this suggestion, the President declined to accept it as practical, pointing out that the discussions in Geneva will be of a "highly technical" nature. He invited the council members, however, to send their views in writing to the delegates already appointed.

Although unsuccessful in accomplishing the main purpose of their visit to the White House, Tucker and his colleagues expressed gratification that the President had decided, in lieu of a student, to select an outstanding educator as a delegate to the Geneva conference.

Oppose Military Training. In announcing detailed results of the student disarmament poll, Tucker revealed that one-third of the total number of voters were in favor of 100 per cent reductions in armaments, if all nations will agree. More than 15,000 students, however, were of the opinion that the United States should set an example by initiating the disarmament program.

These results also showed that 74 per cent of the total of 24,600 students endorsed the entry of the United States into the World Court on the basis of the Root protocols. Eighty per cent of the students were opposed to compulsory military training in colleges, although only 38 per cent would sanction the complete elimination of military training.

Votes Are Representative. As a proof that the opinions shown by the straw vote were representative, Tucker declared that in many instances more than half of the students registered at a particular college participated in the poll.

At Amherst, for example, he said 84 per cent of the students cast ballots; at Yale, 78 per cent, and at Mount Holyoke, 70 per cent.

AMERICAN LIFE IS DENOUNCED

Warns Against Frenzied Mode of Living of Present Age

PHILADELPHIA, (IP) — The "frenzied" mode of life in this country is threatening Americans with racial destruction, according to Dr. Victor Robinson, professor of the history of medicine at Temple university, who has just written a book, "The Story of Medicine."

"The American fever has reached dangerous heights," he warns. "It is impossible to look through the daily newspaper without realizing that we are delirious. American, mainly responsible for the machine age, may make one supreme effort before it is too late to control the new Frankenstein it has created."

LIBRARY STUDIES ARE INCLUDED IN STUDENT EXHIBIT

Art and Architecture Department Has New Features For Reading Rooms

An interesting exhibit of student work is being shown in the art and architecture department. Two plans for a library that would make the library even more popular than it is now are on exhibit. One is built on the principle that the reading room being the most important part of a library should have the most important place.

Therefore whichever of the four entrances you may take, you come into the enormous reading room. In the center of the room is the librarian's desk. Off this room are the reference libraries, offices, and the museum. The other plan is built with the aim of securing quiet for the reader. One enters, secures his book, and goes to a reading room.

Campus Plans. There are also several plans for a future campus. One is planned as a continuation of the present campus. The other is made so that the more public buildings—administration building, auditorium, and students union—are seen first. Beyond these extend the other schools and the library.

An interesting feature of the exhibit is a plan of an entrance to the Olympic Games building, drawn by Warren McDaniel two years ago. When the building was erected last year, the entrance except for a few details was very much like McDaniel's plan.

IDAHO TO DEBATE WITH PITTSBURGH

Paris Martin and Ralph Olmstead To Represent Idaho Wed. Evening

"Resolved: that Congress shall enact legislation providing for the centralized control of industry," is the question which will be debated between the University of Idaho and the Pittsburgh University debaters, Wednesday at 8 o'clock in the auditorium. Ralph Olmstead and Paris Martin will represent Idaho.

The debate will be given in cross question style, and should give rise to a great deal of entertainment. It is to be judged by the audience. As the audience enters the auditorium, they will be given a chance to vote as to their opinion on the subject. When the debate is over, they will again be given a chance to vote after hearing both sides of the question.

The decision of the debate will be judged on the greatest change of opinion. It will probably last one hour. Dean French has given permission allowing all underclass women, who have no exams Thursday, to attend.

GRADUATES GIVEN CHANCES AT JOBS

Business Reorganizations Call For Lower Salaried Men Says Dean Dale

Dean Harrison C. Dale of the school of business administration at the university addressed the members of Alpha Kappa Psi business honorary Thursday at 11 o'clock in Administration 221.

Dean Dale discussed business conditions in general and stated that the confidence shown in this part of the country is entirely different from that shown in the midwest probably due to the large number of bank failures in that section.

Opportunities. Dean Dale also discussed the opportunities for college seniors and expressed the view that opportunities are probably as great now as at any time because of the reorganization in the personnel of many large business organizations and the fact that many high salaried men are being let out and young college graduates taken in their places.

FAMOUS AUTHOR PLAYS TRIANGLE

Artistic Talent of Chicago Professor Finds New Outlet

CHICAGO, (CNS) — The soul of an artists often expresses itself through several mediums. This is the case with the Chicago professor who this week when it was discovered that Thornton Wilder, famous author and English professor at the University of Chicago, has joined the university's symphony orchestra. He plays the triangle!

STUDY LIFE ORIGIN

WASHINGTON, (IP) — A theory that the first warm water puddles formed after the cooling of the earth were infested with the first life on this globe, is put forward by Dr. Assar Hadding, Swedish geologist, in a paper published in the annual report of the Smithsonian Institution, made public recently.

CALLAND GUIDING VANDAL HELM BY NEW CONTRACT

President Announces That Agreement Is Approved By University Board of Regents

Leo Calland has signed a new three-year contract to coach Vandal football teams and to direct the men's physical education and athletic program of the University of Idaho, according to announcement by President M. G. Neale. The agreement with Calland was approved by the board of regents of the university at its recent meeting in Moscow.

Coach Calland.

HEALTHY CAMPUS SAYS HEAD NURSE

Pest House Freed of Bored Occupants Monday

"The health condition on the campus at the present time is good," said Miss Edna Peterson, head nurse at the infirmary. "The condition of Henry Hohnhorst, who has been in the infirmary since January 11 with an infection in his leg, is much improved. He will be able to go back to school within a few days. A few minor cases of colds complete the list of patients."

The 18 occupants of the "pest-house", carriers of spinal meningitis germs, were freed from quarantine Monday noon after each of them had shown a negative result in three culture tests. Senior hall, where these students were temporarily quartered, was humorously termed "Pest hall."

CAMPBELL TO STAR IN FEATURE ROLE OF LATEST PLAY

Experience Gained Last Year Stands Lead in Good Stead as 'Death'

Experienced actors and actresses in the university dramatics will appear in the next all-college play, "Death Takes a Holiday," to be given on Feb. 26 and 27.

Lionel Campbell, who plays the leading role, has had wide dramatic experience during four years in college. Last year he took a major part in "He Who Gets Slapped."

As Death, the lord of all, who assumes mortal form in order to taste all human joys and sorrows, he will have a rare opportunity to display historic ability.

As Duke Lambert, Death's host on his third day holiday, Clayne Robson will appear in his second all college performance this season as will seven other members of the cast. Catherine Brandt as Stephanie Lambert, the duke's wife is a "dark mysterious woman," while the role of her son, Corrado, will be played by Howard Alton. Dorothy Menzies as Aida; Ellen Jacobs as the Princess San Luca, the mother of the lovely Grazia played by Bertha Moore; Raphael Gibbs as the bluff old Baron in another of his character roles; and Naomi Randall and Winifred Janssen cast as two young English people, are all guests at this strange house party.

NEW PURCHASE RULE MADE AT STANFORD

Change in Policies Denies Rebate at Bookstore

P. I. P. A. — Changes in the rebate policy involving the size of individual purchases at the Stanford Bookstore were recently announced by professor E. P. Lesley, chairman of the board of directors of the co-operative enterprise. Individual purchases of less than 50 cents will not be given rebate slips under the new plan, effective since Jan. 1. Of approximately \$43,000 in sales, \$3,000 or about seven per cent, was in sales of less than 50 cents, at the same time aggregating approximately half of the individual transactions, Lesley explained.

CONCERT POSTPONED

Called off at the last minute because of the funeral services which were held in the university auditorium Sunday afternoon for Francis Jenkins, proctor emeritus, the military band concert planned for that time has been indefinitely postponed. Captain Bert Nelson believes that the 60-piece band will probably appear sometime in February.

'MURAL DEBATERS TO WAX ELOQUENT ON POTENT ISSUES

First Round Forensics Must Be Completed February 15

"Plans are arranged for the intramural debates of both men and women," says Ralph Olmstead, committee chairman.

The question for the men debating is "Resolved: That the Statute of Liberty is a tombstone rather than a signpost." They may select their own judges, and one critic judge to be included when making the decision. The affirmative will entertain the negative side and the judge at dinner. Each debate must be completed by Feb. 15 or the side which has not debated must forfeit. The first in each group is the affirmative side, and the second, the negative.

The following will debate against each other: Phi Gamma Delta vs. Sigma Alpha Epsilon; Phi Delta Theta vs. Lambda Chi Alpha; Tau Kappa Epsilon vs. Delta Tau Delta; Kappa Sigma vs. Ridenbaugh Hall; Sigma Alpha Epsilon vs. Sigma Chi; Sigma Nu vs. Lindley Hall; Beta Theta Pi vs. Alpha Tau Omega; Delta Chi vs. L. D. S.

Women's Question. The question which the women will debate will be "Resolved: that the cultural rather than the utilitarian standpoint should be emphasized by colleges. Ralph Olmstead will select the judges and will announce them as well as the definite date of the contest. The affirmative women team will provide the same entertainment as that of the men.

The different hall and houses that will debate are as follows: Forney hall vs. Kappa Kappa Gamma; Kappa Alpha Theta vs. Alpha Phi; Delta Delta Delta vs. Pi Beta Phi; Delta Delta Delta vs. Alpha Chi Omega; Hays hall vs. D. T. G.

The Delta Gamma drew the bye and will not debate the first time. Two rebuttals five minutes in length will be given. The constructive argument is to be eight minutes.

EMPLOY BALOON IN RADIO STUDY

Attempt to Determine Action of Waves

COLUMBUS, O., (CNS) — Studies to determine the action of radio waves in the immediate vicinity of a transmitter this week were being conducted at Ohio State university with the aid of a balloon. A small transmitter attached to a 12 foot hydrogen balloon is used to send signals from various heights and the characteristics of the resultant waves noted, according to Prof. Ervin E. Dreese, chairman of the electrical engineering department, who is in charge of the experiments.

Graduate students working with him hope to collect sufficient data to justify the formulation of a general theory describing the behavior of radio waves under certain conditions.

CONCERT POSTPONED

Called off at the last minute because of the funeral services which were held in the university auditorium Sunday afternoon for Francis Jenkins, proctor emeritus, the military band concert planned for that time has been indefinitely postponed. Captain Bert Nelson believes that the 60-piece band will probably appear sometime in February.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho, Member of Pacific Intercollegiate Press Association. Editorial and business office, room 212 Memorial gymnasium, phone 2207. Monday and Thursday nights, after 7 o'clock, Daily Star-Mirror office, phone 2222.

IDAHO'S FOOTBALL COACH

With the renewal of Coach Leo Calland's contract The Argonaut predicts that Vandal football stock, which has been climbing steadily since he took over the reins here three years ago, is about to hit a new high. There is no more popular football coach in the west and no coach anywhere has a student body more genuinely behind him than the Idaho student body is behind Calland. The Idaho football coach is a gentleman and a true sportsman. He has no alibis before or after a game and his ability to take defeat with his chin up has won the respect of everyone on the hill from the president of the university to the greenest freshman.

Explorer Will Try Second Raid on Ice-Coated Arctic

China and Florida, but Florida first. Sir Hubert Wilkins has visited every state in the United States except Florida, and every country in the world except China. He says he wants to go to Florida this spring, but mentioned no desire to visit China, not at present anyway.

Lectures Pay Debts
He is too busy getting ready to make his next expedition to the North Pole to have time for any unnecessary traveling now. He is making a lecture tour to pay debts of the first expedition so that he can then start raising them for the next one. The lecture shown in the university auditorium Saturday night, with moving pictures of the submarine Nautilus' trip to the Arctic sea, was such an attraction that the students and townspeople filled the auditorium to capacity and about 100 people stood in the back throughout the entire lecture.

The pictures showed the journey of the ship and its crew, starting from the navy yards at New York and going across a stormy Atlantic touching the European coast, and then on to the Arctic sea. In the pictures the submarine is shown going beneath the ice packs and even the icy roof can be seen as the ship slides along underneath the ice.

Better Conditions in West
When asked what he has noticed of the economic situation as he visits the universities, he stated, "I don't think it is as severe out here as it is in the east. Perhaps it is because the western people don't talk about it so much."

Bright Sayings of College Professors
"No man would marry a woman who smokes. He doesn't want cigarette ashes in the baby's eyes," Dr. Tromanhauser.
"If you want a woman, hang around. She'll take you to get rid of you," Dr. Barton.
"Idaho girls don't have any place to rest. The boys at the Nest and the Bucket smoke so much they would suffocate down there," Dr. Chenoweth.

UNINVITED GUESTS ENTER FRAT HOUSES
Thieves Break Into Pullman Fraternities in Night Raid.
P. I. P. A.—The crime wave seems to have hit Pullman, and especially the fraternity houses on the State college campus. Robbers repeated their visit of last Wednesday night when they entered several men's group houses, apparently radio-bent.

Want Amendment
Seeking to change the status of the Crossier suit, which was sent back by the supreme court for retrial after Crossier had obtained damages, defense attorneys sought to amend their answer to the complaint in such a way as to separate the liability of Safeway Stores from the liability of Campbell. The amendment declared that Campbell was an independent contractor in his operation of his own delivery truck for the store, the same truck which crashed with one on which Crossier was riding.

PITCH HORSESHOES
SYRACUSE, N. Y. (IP)—As Syracuse university's campaign to have every student engage in some sport progresses, horseshoe pitching has been added to the athletic curriculum.

CARD OF THANKS
We wish to express our gratitude to the representatives of the university, the Methodist church, Chi Alpha Pi, and other friends who helped and sympathized with us during the illness, and after the death of our son, Albert. Mr. and Mrs. Frank Holbrook, Ola, Idaho.

Explained Reasons
Sir Hubert explained the reasons for taking the expedition in a boat that was not built for such a trip. The Nautilus was an old navy boat that was to be scrapped. Because Sir Hubert was going to use it only for experimental purposes, he was allowed to buy it, and to pay \$1 a year for it until he was through. After that he promised to destroy it. The expense of re-enforcing the boat and equipping it for the journey was nothing in comparison to building a new ship. Since that trip was for an experiment primarily, the \$1 boat was just the thing.

Ready to Go Again
But now, Sir Hubert is ready to go again. He hopes to make his next trip to the Arctic in 1933. The money is available to build the ship, which is the greatest expense. Sir Hubert explains the reasonableness of spending the money during such a time of economic pressure by the fact that the money is all spent and put in circulation again before the trip begins.

Born in Australia
Sir Hubert was born in Australia. He still has a sister and a brother who have never left their native home. No other relatives survive. Many letters and many people come to Sir Hubert Wilkins, trying to connect some relationship between them because of his name being Wilkins. Sir Hubert says it is possible, but not probable that his name is related to some of them. His name was formerly DeVillier, until some French grandnephews who moved to Australia changed it to Wilkins because that was as close as their new neighborhood could pronounce their real name.

Pioneering work done by Columbus and Magellan over 400 years ago on the problem of the exact shape of the earth will be furthered next spring by an international scientific expedition which will study unique geological conditions in the West Indies with the assistance of a United States Navy submarine.
Twelve professors in Italian Catholic colleges have resigned rather than take the newly required oath of allegiance to the Fascist regime.

DISTRICT COURT TERM CONTINUES
Three Cases Touched on Monday; Drury Says Not Guilty

The January term of district court continued Monday with the appearance before Judge G. D. Hodge of William Hill of charges of habitual drinking, arguments of attorneys in C. A. Crossier's suit against the Safeway Stores and Kenneth Campbell, and the arraignment of Ford Drury on charges of selling whiskey.

Want Amendment
Seeking to change the status of the Crossier suit, which was sent back by the supreme court for retrial after Crossier had obtained damages, defense attorneys sought to amend their answer to the complaint in such a way as to separate the liability of Safeway Stores from the liability of Campbell. The amendment declared that Campbell was an independent contractor in his operation of his own delivery truck for the store, the same truck which crashed with one on which Crossier was riding.

We wish to express our gratitude to the representatives of the university, the Methodist church, Chi Alpha Pi, and other friends who helped and sympathized with us during the illness, and after the death of our son, Albert. Mr. and Mrs. Frank Holbrook, Ola, Idaho.

COLLEGE DEBATE HAS MANY VALUES

Eugene Kile, Coach at Southern Branch Outlines Advantages

In the opinion of Eugene Kile, debate coach at the Southern Branch, college debating has values that are outstanding to the students who participate in that sort of work. His reason, given below, should be an inspiration to prospective intra-mural debaters in the coming contests.

1. Becomes keenly interested in the large place which argument and persuasion have in human relations.
2. Forms the habit of relying more and more upon evidence rather than prejudice, tradition, and intuition in reaching conclusions.
3. Acquires a keener interest in the pursuit of truth.
4. Receives training in the accurate statement of ideas and facts.
5. Develops more fixed habits of intellectual honesty.

6. Becomes more skillful in the use of libraries.
7. Becomes more keenly interested in social, economic, and governmental problems.
8. Becomes better acquainted with the sources of reliable information upon social, economic, and governmental problems.
9. Acquires a better understanding of the fundamental principles relating to sociology, economics and government.

10. Receives training in the use of scientific methods of gathering social economic governmental problems.
11. Receives training in analyzing social, economic, and governmental problems.
12. Learns to test the value of data.
13. Acquires greater skill in interpreting data.
14. Learns to reason conservative-ly from data.
15. Acquires greater skill in organizing data.

16. Becomes a medium for the dissemination of knowledge of superior quality bearing upon social, economic and governmental problems.
17. Becomes more skillful in presenting data clearly and attractively.
18. Learns to adapt his point of view to that of others.
19. Learns to adapt reasoning and evidence to different types of audiences.
20. Develops an appreciation of the point of view of others.
21. Acquires skill in presenting data with poise and confidence.
22. Becomes a more easy extempore speaker.
23. Develops a more expressive voice.
24. Develops a stronger and more pleasing personality.
25. Learns to present his views and the reasons for them with conciseness.
27. Forms the habit of refraining from expressing himself with confidence upon subjects regarding which he knows little.

THE GOLDEN FLEECE

Hi-de-di—Palookers — We don't see any use of trying to write a humor column when you can read the balance of the paper.

Did you hear about the young lady that made a purchase in a drug store and gave the clerk a \$5 bill. On the way to the cash register the clerk noticed that the bill was counterfeit. He returned to the lady and said, "Madame, this bill is phoney." "Oh, my gawd, I've been er, er, robbed."

The following are some of the entries in the Campus King contest. The contest is growing hot and the following men have announced their campaign managers:

Phil Corneil—Charlotte Ginn
Lionel Campbell—Bertha Moore
Ted Swanson—Jean Tedford
Feyton Sommercamp—Elsie Lafferty
Stan Hale—Doris Norell
Howard Altrow—Marian Fry
Clifford Hallvik—Louise Morley
Beulah Wright—Lloyd Young
Willis Smith—Unannounced

HEARD IN THE BOUDOIR
Agnes—Why did you give Red Mike the ditch, Amy?
Amy—Oh, I didn't mind his second story work, but when he started blowing safes I left him.

Report is that (Father) Elmer "Irish" Martin is now hearing confessions and that Don Corwin Harris was his first customer. "I'm not good enough for you, darling."

CANDIDATE DASHES FEMINIST HOPES

Withdrawal Weakens Cause Of Washington Co-Eds

P. I. P. A.—Feminist movement for a woman vice president of the University of Washington student body "floppeed" when Tekia Aagaard, champion of the cause, dropped from the race.

"I am withdrawing from the vice presidential race because I have failed to get the promised support from the leaders of the feminist movement," Miss Aagaard said. "When I accepted the nomination I was assured the active support of the many leading women in school who are interested in getting a woman into the vice presidency. However, those same women have failed to take an active part in the campaign."

Another upset in the political affairs of the A. S. U. W. occurred Sunday when Pep Sell, election chairman, announced a new election committee of 30 members. This is the third election committee appointed.

HAS LONGEST BEARD

HAMILTON, N. Y. (IP)—George Saleeby of New York, a sophomore at Colgate university, was awarded the silver loving cup for growing the longest beard in a competition with other undergraduates at the university. Just a couple of hairs behind came alcolum Walker of Utica, who got second prize. Saleeby's beard was an inch long.

SHOULD LIMIT SQUAD

ATLANTA, (IP)—Charlie Moran, coach at Catawabe College in North Carolina who was coach at Centre College in 1921, declares that all football squads should be limited to 30 players.

COLUMBUS, O. (IP)—A plan is being worked out by the state director of athletics here whereby Ohio high schools next year may insure their football players against injuries.

A plan to split the State of Tennessee into two states, one to take in the industrial and mining section to the east and the other the agricultural section to the west, failed in the state legislature.

UPHOLDS PROGRESS OF MODERN YOUTH

Harvard President Disagrees With Columbia Officials' Opinion

CAMBRIDGE, Mass. (CNS)—The opinion of President Nicholas Murray Butler of Columbia notwithstanding, President A. Lawrence Lowell of Harvard university believes that modern students are more mature than their predecessors of a generation ago.

In his annual report made public last fortnight, Dr. Butler maintained modern youth is "careless and inconsiderate in dress, in speech and in personal habits."

While not in the nature of a reply to the Columbia executive President Lowell's own report maintained that marked progress has been shown by the American college student in recent years.

President Lowell's report also included the statement that instruction in the best American colleges "corresponds with, and in some subjects at least is quite equal to, that of Oxford and Cambridge."

Western Reserve university was bequeathed \$2,000,000 in the will of late Samuel Mather, Cleveland industrial leader.

You cannot graft materialism on a Celt. If you do, you make a very terrible compound.—Stanley Baldwin.

Positive Run Stop at Welt
French Heels and Cradle Soles
Full Range of Season's Colors

Step in and see these style-perfect hose. They are moderately priced and economical because of their long wearing qualities.

BOY, MOTHER, HIT BY CAR SATURDAY

James Beeler, 7, Has Fractured Skull Result of Accident at Station

James Beeler, 7, suffered a fractured skull and his mother, Mrs. William Beeler, received severe cuts and bruises when they were hit by a skidding automobile Saturday evening about 5:30 o'clock in front of the Union Pacific station here.

Both were taken to the Gritman hospital and Monday morning were reported by Dr. C. L. Gritman as resting easily.

The automobile was driven by Carl Hogue, Burley, sophomore mining student at the university. Mrs. Beeler and her son had just left a Union Pacific stage from Pullman and walked into the street to cross it, with the Hogue car approaching. Whether the boy or both the boy and his mother became confused is not known. Hogue attempted to stop his car but on the icy pavement it slid sideways, striking both the mother and son.

At the hospital it was determined that the boy had received a skull fracture just back of the left ear. An operation was performed Sunday morning to remove a portion of the skull. Mrs. Beeler received deep scalp wounds and other injuries.

Witnesses believed that the woman and boy walked from behind the stage and a mail truck nearby into the street.

Mr. Beeler is a brakeman with the Union Pacific system and has made Moscow his residence for about eight years. The family lives just south of the city limits.

LONG ISLAND PROF CRITICIZES COEDS

Says No College Boy Is Safe From Their Attacks

Co-eds at the Texas College of Mines disagree with Dr. William Moulton, Long Island psychology professor, who said present day girls have "hot baby" reputations, have lost their Victorian timidity, and that "no college boy is safe from their attacks."

Say, if the girls are hot babies, the boys have made them that way," said Mildred Woods, president of the New ma club. "The world is full of girls who are perfectly timid. They do not appear Victorian because this is 1931."

Libby Cameron, freshmen class secretary, and Isabel Abdou, president of the Co-ed association, said girls had not changed.

Society

Important Social Events Scheduled Saturday Night

everyone will breathe a sigh of relief. Two important social events are scheduled for Saturday night. The Associated Miners will sponsor an All-College dance; and the Kappa, Gamma Phi, Delta Gamma Sophomore dance will be held at the Kappa Kappa Gamma house. The usual Saturday-night dance will be held at the Blue Bucket.

Dr. and Mrs. M. G. Neale gave a reception in honor of the university board of regents, Dean John R. Dyer of the southern branch, and faculty members Saturday evening, in all probability, will be one of particular relaxation and enjoyment on the part of all Idaho students. Exams will be over and at Hays Hall Friday afternoon from 4 to 6.

The Junior class is busy now planning their third Junior mixer of this year which will be held at the Blue Bucket on Wednesday, February 3. A most novel and exciting time is promised to all Juniors attending.

JOINT DANCE AT KAPPA HOUSE

The sophomore class of the Kappa Kappa Gamma, Delta Gamma, and Gamma Phi Beta are giving a joint informal dance at the Kappa house Saturday night. Music will be furnished by Clair Gale's orchestra.

Patrons and patronesses will be Miss Katherine Jensen, Mr. and Mrs. Frank Stanton, Prof. and Mrs. Herbert E. Lattig, and housemothers Mrs. Elizabeth Given, Mrs. W. J. McKenna, and Mrs. Elizabeth H. Shaw.

RECEPTION FOR REGENTS GIVEN

Dr. and Mrs. M. G. Neale entertained at a reception in honor of the state board of regents, Dean John R. Dyer of the southern branch, and faculty members and their wives, at Hays hall Friday. Other honored guests included members of Mortar Board, Blue Key, and Intercollegiate Knights. In the receiving line besides Dr. and Mrs. Neale were Dean Permeal J. French, General and Mrs. E. R. Chrisman, Dean John R. Dyer, and the deans and their wives, Lionel Campbell, ASU president, and Joan Harris, A. W. S. president. Hays and Forney had representatives present. The Spurs, sophomore women's honorary, assisted in the dining room.

DR. AND MRS. NEALE GIVE DINNER PARTY

Dr. and Mrs. M. G. Neale were hosts at dinner Friday evening for the university board of regents. The guests included Mrs. J. G. Graveley, obit; Mrs. Myrtle E. Davis, Boise; Arthur B. Wilson, Twin Falls; Cleary St. Clair, Idaho Falls; W. G. Geddes, Winchester; T. A. Walters, Caldwell; W. D. Vincent, and John R. Dyer.

Dean T. S. Kerr was a Sunday dinner guest of Tau Kappa Epsilon.

Sir Hubert Wilkins, New York city, attended a dinner given in his honor Sunday by Tau Kappa Epsilon.

SHINE SPOTLIGHT ON PASTOR'S SON

Cumberland N. Student Writes Scenarios For Hollywood

LEBANON, Tenn. (IP)—A reserved, modest gentleman who does more thinking than talking and more writing than personal elaborating, Major Keaton Arnett, tall, fair-haired, cool-eyed junior, tall, fair-haired, cool-eyed junior, tall, fair-haired, cool-eyed junior, tall, fair-haired, cool-eyed junior, seldom tells anyone that he is a scenario writer for Hollywood and was once a member of Bo McMillan's famous football team at Centre college.

Minister's Son. The son of a Mississippi minister, Major Arnett first hit the limelight when he played end for the "Praying Colonels" of Centre back when that eleven was running rings around big and little opponents. At the age of 17 the towering Mississippian looked old enough to pass for 21, and enlisted in the American army, gaining the distinction of being the youngest captain in the A. E. F. He became a newspaper man and for the last few years has been a free lance writer. He plans to return to law in his native state.

CHAPERONES BAN ORCHESTRA MUSIC

NEW YORK. (C.N.S.)—"Boisterous" orchestras, whose asserctedly raucous music grated upon the aesthetic sensibilities of Barnard college chaperones, have been banned as rhythm-makers at student dances, it was learned this week.

Instead, it was revealed, string ensembles, with all wind instruments conspicuously absent, will be approved.

After Club Dances. This all became known a few days after the recent French club dance, which was provided with the services of a popular orchestra. The latter, however, failed to meet the chaperone's specifications as to "propriety" and, as a result, artistic-appearing gentlemen with far-away looks and strung-in instruments were engaged for a dance sponsored last week by the Barnard dramatic society.

CHICAGO APPROVES ABOLITION OF ALL TRADES, CREDITS

Freshmen Class at University Working Successfully Under New Plan

Contrary to the expectations of skeptical professors and educators, two months' observation of the University of Chicago's abolition of grades and credits indicates that the results will be favorable.

President Robert Gordon Sproul commended the objectives of such a plan as an effort to increase the benefit to be derived from the college education, but expressed doubt as to the plan's practical feasibility. The system provides that the student's knowledge be tested by comprehensive examinations taken at any time he feels ready, permitting great freedom in class attendance and approach to the subjects studied.

Seven hundred and fifty slightly-above-average freshmen have been working under the new plan with satisfactory results so far, as he stated after two months' trial. Treated as adults and given complete liberty in the amount and kind of studying they did, the new students have shown unusual initiative.

If the student attends no classes he is questioned by his advisor, but he has only to satisfy the advisor that he is preparing for the examination in his own way. At least three such conferences are held with each student and more if necessary.

In the conference sessions the change under the new system is most noticeable. The "sections" are informal discussions guided by the instructor, who answers questions when necessary but seldom asks them, and merely keeps the discussion restricted to the subject.

In biology, one of the four general courses, members of the class felt that the lectures were inadequate and asked permission to use the laboratory. Facilities were provided and half a class of 450 voluntarily reported regularly with no motive but intellectual curiosity.

CLARICE ANDERSON MARRIED SUNDAY

Stanford Richards Is Bridegroom; Both Well Known Here

A pretty wedding solemnized Sunday afternoon at 4 o'clock at the home of the bride's parents, Mr. and Mrs. Carl F. Anderson, when their daughter, Clarice, became the bride of Stanford Richards, the Rev. Roger P. Oliver officiated, reading the ring ceremony. La Rene Richards, a sister of the bride-groom was bride's maid and Everett S. Anderson, a brother of the bride, was best man.

Immediately following the ceremony a wedding luncheon was served, after which, the young couple left for Spokane and coast points to spend their honeymoon. After their return they will be at home to their friends in the Thelma apartments. Both young people are well known in Moscow. The bride is a graduate of the University of Idaho and a member of Delta Delta Delta and Delta Theta Gamma fraternities and is now one of the assistant managers of the J. C. Penney store.

EDUCATION BOARD BACKS PROFESSOR

DETROIT. (IP)—The Detroit board of education has voted down a request for disciplinary action against a City College of Detroit professor, who is also an American Legion post commander, for opposing the establishment of a reserve officers training corps at City college.

On the contrary, the board passed a resolution upholding the right of free speech. The professor was Dr. Walter G. Bergman, who was upheld in his contention against the corps by his own post of the American Legion. The Wayne county Legion council, however, asked the state council to revoke the post's charter.

The board's resolution provided that "teachers may feel free to discuss and express their honest opinions, outside of the classroom, upon all subjects, including social, economic and political questions, without fear of official reprimand or coercion on the part of anyone connected with the board of education."

ALLEGED SQUEALER WILL CLEAR NAME

LOS ANGELES. (C.N.S.)—William Hawkins, former substitute center on the University of Southern California football team, this week was planning a legal battle to clear his name.

On the advice of an attorney, he is to sue the university for one dollar, asking that he be given judgment in order to secure official vindication in connection with asserctedly false and unofficial charges growing out of his interest in team plays being practiced just prior to the recent Trojan-Notre Dame contest.

New York public school teachers are forbidden to accept any form of Christmas gift from their pupils.

Freedom Is India's Goal Says Student At Idaho

University Undergraduate From India Tells History of British Rule

An interview with Karam Singh Farmer, Indian student, University of Idaho.

By Ed. Byrne. India, magic land of nearly 350,000,000 people, for over 300 years has felt the grip of England's mighty hand. Long these people have looked for a leader to deliver them, and believe, at last, they have found him, Mahatma Gandhi (Great Soul).

Today, Mahatma Gandhi, the great influence, and other leaders lie in jail, but the people of India instead of being shaken by fear to helplessness, are incited to action and weaponless are determined to carry on, guerrilla fashion if necessary.

Establish Domination. From the time of the entrance of the British East India company into India in 1600, British influence was felt. Not until after the battle of Plassey (Black Hole Tragedy) in 1757 was British domination actually established.

A hundred years of domination culminated in the Sepoy rebellion, an uprising led by Indian princes. The rebellion was suppressed in 1858. England, in the reign of Queen Victoria, agreed to meet certain Indian demands.

To no avail were the demands, England forgot. A cry for self-protection was heard, and the movement swept India. A stronger, unified objection to domination made itself felt in the establishment of the Indian National Congress in 1885. The agitation had its origin with the intelligentsia. The results were promises to give India the same status as other dominions under British control.

No Action. By 1895 no action had been taken. Again the people demanded the fulfillment of the agreement. In 1909 the Minto Morley reforms were introduced. Gradually, India was to get the desired status. As they became fit for responsibility in government, more and more would the powers be placed in their hands. With the World war great hopes were aroused in the Indian people, for they were promised home rule should they throw their resources on the side of the British. In 1919 martial law was declared by the British. Then followed the bloody massacre at Amritsar.

Mahatma Gandhi, until this time loyal to the British, started the non-cooperative non-violence movement. He urged the British government to cooperate with the British government, yet to gain their ends without violence. Feeling, however, by this time was so intense for freedom, that an uprising incited by students, was aimed at British officials. This uprising was against Gandhi's orders. Because of the incident, Gandhi retracted an ultimatum that he had directed to Lord Reading, then viceroy. The ultimatum demanded that dominion status be granted Indian within seven days. Gandhi astonished all India by issuing to Nationalists everywhere instructions that the non-cooperative movement was to be abandoned at once.

Gandhi Arrested. Soon after, in 1922, Gandhi was arrested. In 1924 Gandhi was released. In 1928 the Simon commission consisting of two Liberals, two Labor members, and three Conservatives, was appointed by the prime minister to inquire into Indian affairs. The people were astounded that no Hindu had been appointed. The commission was ignored wherever it went. Great Britain then proposed a round table conference. It met in London in 1930 to discuss a new constitution for India. Delegates were appointed from India by the viceroy, but they were not representative of the sentiment of the people. Gandhi and other leaders were in jail. India gained nothing by the latest British parley.

Second Conference. A year later the second round table conference met and this time Gandhi and three other Hindus represented the Indian people. Their demands were met by the British with counter proposals, namely: control of finances, regulation of foreign affairs, and control of the army and navy. The upshot of it all was that the situation more aggravated than it ever has been. The people of India want freedom and all that goes with it; ownership of land, and homes, education, and peace. Up-

risings in India have been continuous against British domination, bubbling always they have been like a molten volcano, then spouting violently for a short time in fruitless uprisings. As long as the Indian people can look across the sea and see that freedom is a reality they will be striving for it.

The CINEMANIAC

DR. JEYKLL AND MR. HYDE, the film featured for the Vandal theater Thursday, Friday and Saturday, is the story of the man who plays a double part in life—a man by day and a monster by night. Frederick March, equipped with a frizzy wig and a set of protruding false teeth, carries the lead, supported by Miriam Hopkins. The cinema is an edition of Robert Louis Stevenson's famous story. March is extremely realistic, in fact real enough to put fear into the bravest of his audiences. The picture is interestingly developed and has more than its share of thrills and excitement.

WEST OF BROADWAY, starring John Gilbert and Lois Moran, is scheduled for Friday and Saturday at the Kenworthy theater. The cinema tells the story of a war veteran who finds he has but six months to live and decides to make the most of it. The story is rather impossible and is further hindered by poor dialogue. However, the picture is entertaining and John Gilbert does exceptionally well in his portrayal of the war veteran.

HER MAJESTY LOVE opens today at the Kenworthy theater. Again we see Marilyn Miller, former stage favorite, make another talkie success as she did in Sally. The picture is a musical romance aided by four witty comedians making the story light and amusing.

CONCOCT CRACKER TO FEED HUNGRY

Ohio Professor Develops Super-Cracker with Needed Ingredients

COLUMBUS. (C.N.S.)—Possibility of using Ohio State university's famous "super-cracker" in feeding hungry unemployed men and women and their families was this week being considered by relief organizations.

The synthetic cracker, developed by Dr. John F. Lyman of the department of agricultural chemistry at Ohio State university and La Vaughn Dennison, graduate student, is said to contain all of the staple elements necessary for a normal human diet. In appearance it is a small crisp wafer containing a slight amount of moisture. When eaten, it tastes slightly salty.

Tastes Delicious. According to Dr. Lyman, two pounds of the cracker a day would be sufficient to satisfy the appetite of the average man. He added that

5501 TAXI 5501 CALL BLUE CAB for safe and dependable service day and night. Save money by a \$3.75 ticket for only \$3.00. **5501 5501**

a combination of ingredients has finally been worked out so that the taste of the wafer is "delicious." "I do not believe that the cracker will be widely used at first, but eventually man will overcome his psychological reaction against making an entire meal of such wholesome, inexpensive food," he declared.

Raw materials which go into the manufacture of the cracker cost but five cents per pound. Samuel Insull, Jr., chairman of the Illinois Relief committee, it was announced is arranging for the manufacture of the "super-cracker" in large enough quantities to be used in relief work.

STUDENTS OPPOSE COMPULSORY DRILL

Nation-Wide Straw Vote Shows Students Favor Disarmament

A nation-wide straw vote on disarmament recently announced by the Intercollegiate Disarmament council from their offices in New York City reveals 92 per cent of the 24,345 students voting in 70 different colleges in favor of reducing armaments and 63 per cent for the United States setting an example by beginning to disarm without other nations.

The poll shows a very strong feeling against the compulsory feature of military training in colleges. Eighty-one per cent of the students voting on this question were opposed to compulsory drill. On the other hand, 38 per cent favored eliminating military training from all colleges. Of those voting one-seventh had had military

training. Seventy-four per cent of the votes cast supported American adherence to the world court upon the basis of the Root protocols.

T CLUB LAUNCHES ACTIVITY PROGRAM; ELECTS OFFICERS

Martin Is. Chosen As New President; Mixer Tickets on Sale

The "T" club has launched a program aiming for "bigger and better" things. During the coming semester, the lettermen plan to take an active part in stimulating interest in activities on the campus. They are especially interested in strengthening contacts between the university and high school athletes. Exchanging ideas with lettermen's clubs in other colleges over the country is also part of the club's program.

Officers Elected.

Officers were elected for the coming semester at a meeting held last Sunday at the Kappa Sigma house.

They were: Elmer Martin, president; Jack Lee, vice president; Alvin Jacobson, secretary-treasurer; and Willis Smith, sergeant-at-arms.

Tickets for the big "T" club mixer at the Blue Bucket inn February 12, may be placed on sale, and may be obtained from the following men: John Thomas, Jack Hayden, Jack Lee, Elmer Martin, Stanton Hale, Willis Smith, Harold Jacobs, and Alvin Jacobson.

Tickets on Sale.

The newly elected "T" club queen chosen on beauty alone will be presented to the audience between the halves of the Idaho-W. S. C. game, next Saturday night. In addition there will be a stunt to fill out an intermission of entertainment.

CONFERENCE SCRAP ON CLOSE TERMS

Early Stages Indicate That Northern Division Has Much in Store

Northern Division	Won	Lost	Pct.
Washington State	4	1	.800
Oregon State	4	2	.667
Oregon	3	3	.500
Washington	2	4	.333
Idaho	2	5	.286

The early stages of the present conference race is the closest the northern division has experienced in many years. In the past one team has always taken the lead from the first and more or less dominated the show for the entire season.

This year there has been a general splitting of series by all the clubs. Even the leads, W. S. C., got off to a bad start. Idaho split the first round of play by dividing a four game series with Oregon and dropping a close game to Oregon State.

The Huskies, split with Oregon State in four games and the Cougars took one and lost one with Oregon in their first two games. The Pullman team later made it two straight over the Washington five. The race is still close and anything can be expected.

SALE OF BEER IS APPROVED AT YALE

Professors Claim 4 Per Cent Beer Is Harmless And Profitable

P.I.P.A.—If a vote were to be taken, it is quite possible that the loudest as the most popular United States college professor would go to Professor Yandell Henderson of Yale university.

Professor Yandell appeared recently before the senate committee holding hearings on Senator Bingham's bill to permit the manufacture of 4 per cent beer. Said Professor Yandell:

"Student beer drinking is harmless; physically and advantageous socially. One would have to drink two or three quarts of beer to get the equivalent of three cocktails. To my way of thinking, a man needs a cup of coffee in the morning to wake him up and when he has finished his day's work, a pint of beer to quiet him down."

TEACH ALBANIAN SPRING SESSION

Columbia University Offers Course In Odd Language

NEW YORK (CNS)—A course in Albanian will be offered at Columbia university during the spring session, it was announced this week by Clarence A. Manning, assistant professor of Slavonic languages.

TOURNAMENT TIPS

By Cliff Anderson

Exams seem to have their effects in more ways than one, judging from the number of upsets in Idaho high school basketball. Outstanding teams are coming to the fore steadily, and in many cases they are the supposedly weaker teams.

Possibly the greatest game played was the American Falls-Idaho Falls tilt, an inter-district game. Coach A. C. Barringer's Idaho Falls' five was powerless against the American Falls' offense, emerging the losers 48-23. This victory probably makes the American Falls quintet the strongest in the southeastern region.

The Pocatello Indians defeated Madison high school of Rexburg 35 to 30. The victory was an upset on the local dope and gives the Indians a decided advantage in the district competition. Starting line-up for Pocatello: Mulica and Exum, forwards; Foster, center; Wadsworth and Armstrong, guards.

Twin Falls was downed by Oakley, 24 to 22, while Oakley journeyed from Twin Falls to Rupert and lost 23 to 21. Rupert also took the Jerome ball tossers on Jerome's floor 25 to 11. The Twin Falls' upset gave Oakley a strong position, but evidently Rupert said "No." Rupert's starting lineup included Catmull and Kessinger at forward, Toyer at center, and Dickson and Anderson at guard.

While these upsets were in progress, Idaho falls were witnessing their first tournament of the season, the fifth annual lower Snake River district contests. Emmett took the high honors in the fray by defeating Weiser 21 to 7.

Buhl quintet stars are taking a prolonged vacation because of a flu and scarlet fever epidemic that hit their city. Games with Gooding and Kimberly have been called off.

In the north, Mullan defeated Kellogg 26 to 12, only to turn around and lose their strong position to the Vikings 31 to 26. This gives Couer d'Alene nine consecutive wins and places them in possibly the strongest positions in the north. Post Falls alone remains to give the lake city competition.

Moscow has been taking a rest, playing only one game in the last week, winning from Bovill 36 to 9. Other smaller games were played throughout the state. Caldwell defeated Meridian 26 to 5. Hollister lost to Heyburn 14 to 34. Shoshone cage men romped away from Glenns Ferry 40 to 24.

EARN LIVELIHOOD BY SELLING BLOOD

Sixty Students At California Make Twenty-Five Dollars A Pint

P.I.P.A.—Hard times have forced more than 60 students to earn their way through college by selling blood, infirmary reports at the University of California revealed.

The students are classified as "blood donors" at the infirmary, from where their names are sent to eastbay hospitals, clinics and wards. The standard price is \$25 a pint and each donor usually gives four pints a semester, depending upon his physical condition.

Students who volunteer are subjected to a complete physical examination, the Wasserman test and samples of blood are taken for classification. There are several types of blood and the transfusion is made with the identical type of the patient's.

In commenting upon the practice, Dr. Robert T. Legge, university physician, yesterday said: "The students certainly earn every cent he gets for giving away a pint of his blood."

Scholarship Granted.

Legge pointed out the recent case of a 24-year-old Chicago student who was granted a scholarship because the sale of his blood had earned the money for his education by such a method.

CO-OPERATION LEAGUE FORMED

Will Include United States, Canada And England.

NEW HAVEN, Conn. (IP)—An organization to be called the North Atlantic Student League of International Co-operation, designed eventually to embrace colleges, universities and secondary schools in the United States, Canada, Newfoundland and England, has been perfected at Yale university.

Participating in the initial organization were groups from Yale, Smith College, Wesleyan university, Trinity college, Connecticut State Normal School of Danbury and the Hartford Theological seminary.

Prominent in the work of organization of the association was St. Wilfred Grenfell, medical missionary to Labrador.

PROFIT BY SPORTS

NEW HAVEN, Conn. (CNS)—Football even in the early days was profitable to Yale University. According to figures revealed this week, the 1884 football season at Yale netted the university \$2500! Of this amount, \$25 was used for training expenses.

Two university co-eds are being held as the murderers of Magistrate Charles Geofire Buckland Stevens of Tippera, India.

VANDALS BEATEN BY PULLMAN IN FAST HOOP GAME

Idaho Basketball Team Slips On Defense As Cougars Run Up Score

By Richard Kenneth Stanton

The Vandal basketball team lost its first chance to tip the Washington State team off from its top position in the conference when they dropped the first of the four game series to the Cougars at Pullman Saturday night, 48 to 33.

The Washington State victory and the Oregon State loss the same night at the hand of the Huskies left the Cougars roosting at the very top of the division while Idaho dropped to fifth place.

Fast Scoring

The game was thrilling and fast scoring but very ragged at times. Horton Herman, sophomore forward,

BOB CROSS PETE GRAHAM

ward, was the mainstay of the Idaho attack netting six field goals to lead the Idaho scorers. Bobby Cross Washington State forward was the bright star of the game playing a fine defensive game and sinking eight field goals and a free throw for 17 points.

After the opening whistle, Idaho burst into the lead on a shot by Herman, but the Cougars soon evened it with a pair of "gift shots." Herman then scored again, but Cross came back with a one-handed shot that tied the score at 4-4. Idaho forged ahead for the third time taking the lead 7-4 on another by Herman and a free throw by Lacy.

Score Tied

Another by Herman and two good shots by Holsten and Cross, with a free throw by McLarny, tied the score at nine all for the third deadlock in the first eight minutes.

The Washington State boys then launched a scoring spree which found the Vandals disorganized for the moment, while they were trailing on a 16 to 9 lead. Baskets by

KEN WILLIS WITLEY GORDON

Grenier and Wicks, however, cut down the lead but did not stop the Cougars as they cut loose again to run the count up to 26 to 14 as the half-time gun barked.

Stops Rally

Herman opened the second half as he had done at the beginning with an accurate short shot and was followed by Wicks and Barrett, the three men accounting for 10 points while the disorganized Staters were garnering a single field goal. Claude "Bull" Holsten was removed from the game at this point on personal fouls and Rogers substituted in his place.

The Friemen then jumped into the scoring column again with steady tosses by Cross, Gordon and McLarny, and took a safe lead which they held until the final gun. Near the end of the game Coach Fox sent in a host of reserves to try and stem the tide of the battle, but it was useless.

Weak on Defense

Herman and Wicks were the backbone of the Idaho offense, but the whole team showed serious lack of defensive strength.

Idaho meets the Cougars again here this Saturday night and the following Monday on the W. S. C. court.

The lineups:

Idaho (33)	G	F	P
Barrett, f	2	1	0
Herman, f	6	0	3
Nelson, f	0	0	1
Grenier, c	1	0	0
Wicks, g	4	2	3
Lacy, g	1	2	2
Hale, g	0	0	1

Totals	14	5	10
W. S. C. (48)	G	F	P
Holsten, f	3	1	4
Cross, f	8	1	0
Rogers, f	1	1	0
Gordon, c	4	1	1
McLarny, g	2	2	2
Scott, g	2	2	0

FIND NEW ALLOY FOR CONDUCTING

TORONTO, Ont. (IP)—Dr. J. C. McLennan, professor physics at the University of Toronto, has discovered a means, it is reported, whereby electrical engineers can develop a metal alloy which will be a vastly better conductor of electricity than any substance known.

Professor McLennan has discovered that direct currents can be conducted with almost no energy loss at a temperature of about 450 degrees minus.

A six per cent rise in the enrollment in this year of depression is reported by 44 institutions in the country.

Chatter FROM HERE AND THERE

By Perry S. Culp, Jr.

Ernie Nevers Ends Grid Career With Injury

Ernie Nevers former All-American halfback broke his left wrist while playing Frank Carideo's all-stars in a Knights of Columbus charity game Sunday. Nevers ended a career of sensational football on both collegiate and professional gridirons. The final score of the game was 28 to 14 in favor of Nevers' all-stars.

Idaho's Big Leaguer Is Holding Out

Fred Leach, Jerome farmer and New York Giant outfielder, is holding out for more gold dust on the pay envelope. Leach sent his contract back to New York and says that unless a new contract is presented he will stick to the cows and hoeses this year.

Pug to Take Chicago Gal For Bride

Tuffy Griffiths, heavyweight pug has announced that he and Miss Helen Hayes of Chicago will be married on March 28. Miss Hayes father is president of the John J. Hayes Hat company of the gangster battle ground.

U. S. Skaters Take Speed Tests From Japanese

The U. S. Olympic skaters took the Japanese skaters for a merry chase in an exhibition match Sunday at Lake Placid, N. Y. Herbert Taylor of New York was the star for the United States.

Motorcycle Boys Make Walking a Pleasure

Thousands of people witnessed a motorcycle race at Oakland Sunday, and thousands of people felt very lucky that they were not astride the speeding motorcycles. Howard Whitner made a mile lap in 40 2-5 seconds. How time does fly.

Indianapolis Boy Takes Los Angeles Race

While daredevils were digging up the track at Oakland a few miles farther south another group of daredevils were burning up the track at the Legion-Ascot speedway in their automobiles. Winthrop Shaw a diminutive boy from Indianapolis took first place by piloting his car for a 100 laps in 47 minutes and 10 2-5 seconds. The track is 5-8 of a mile in length.

Winter Sports Carnival at Mt. Hood

Headed by Gov. Julius Meier of Oregon, 10,000 Portlandites headed for Mt. Hood Sunday. A Winter Sports Carnival was held at the mountain camp. Five thousand people were said to have been unable to get within walking distance of the camp.

STUDENTS DECLARE WAR ON DANCE BAN

Board of Trustees Grants Concessions After Cancellation of Campus

ADA, Ohio. (IP)—Student opponents of dancing at Ohio Northern University have won a partial victory in their campaign to overthrow an ancient ban on dancing at the school.

Fraternity brothers and sorority sisters, under rules announced by university officials, may now dance to radio and phonograph music twice a week in fraternity and sorority houses off campus, and they may have three formal dances with orchestras in the coming year.

Students recently declared war on the old ban, but were rebuffed by university officials.

However, when it was announced that a meeting of the board of trustees would be held in January, university officials decided to canvass the 800 students and ascertain if they wanted to dance.

PREDICT CREATION OF NEW SUPERMAN

To Develop Supermen by Glandular Stimulation

NEW YORK (IP)—Speaking here recently, Dr. Louis Berman, medical sociologist, the artificial development through glandular stimulation of a race of supermen who would attain 16 feet in height, require virtually no sleep and, at the will of the endocrinologist, be endowed with the mental capacities of geniuses.

He failed to mention whether he would be willing to put his discovery at the command of football coaches.

To suggest that punctuation and grammar are proper studies of the author is to be reviled as pedantic.—Ivor Brown.

In the size and hospitality of its audience America is a writer's paradise.—John Erskine.
