### White Solves An Old Problem

The problem of what to do with students who are not studious is really simple. Several of those who didn't do so well in the finals have already taken the train home. But the proposition of what to do with those who are too studious is more difficult, much more. We will not attempt to offer any solution ourselves, but we think the following editorial by the intangible editor of the Emporia, Kansas, Gazette, William Allen White, contains some interesting suggestions:

"What," asks our good friend Dr. Vernon L. Kellogg, "shall be done with the unusually bright college student?"

"Opinions differ. Some think holding under the pump helps. Others favor making him a Phi Beta Kappa, and thus keeping him so busy with his keys that he won't have time for other things. Often he is successfully fanned by putting him on the football team, but sometimes it takes athletics and a dash of calico to tame him. At least the proposition, however troublesome, is not hopeless. As a last resort, give him a whirl on the college paper. That will bring down his grades to normal, but sometimes it unsettles his mind."

### A Line of Tripe or Two

**PUTRID PUN DEPARTMENT**  
This week's prize for the worst pun goes to Geoffrey Coope, assistant professor of English, who admitted recently to his class in American literature the possibility of it being "a little difficult to contemplate Howells within while the wind howls so without." Of course the entire class howled—and how.

**DIRGE**  
Moscow winters all remind me  
I could make my life sublime  
By matriculating next year  
In a fairer, sunnier clime.  
—E. G. J.

"Well," mused the half-smoked cigar, "I seem to be the butt of this joke."

Breathes there a man with soul so dead  
That never to himself hath said,  
"This is my first, my only cut—  
Surely twont put me in a rut."  
And arrives at that next class of his  
Only to find he'd cut a quiz.  
—Gertie Guillotine.

the venture to lack of co-operation from the Kappas, Delta Gammas, Gamma Phis, Thetas, Pi Phis, Alpha Phis, Tri Deltas, and Alpha Chi Omegas. "Aside from that," he points out, "it was a darned good idea."

**ODE TO WINTER**  
TWO FEET OF SNOW IS ON THE GROUND,  
A CHILL IS IN THE AIR,  
BUT THE GRASS WILL SOON BE GREEN AGAIN,  
SO, ARBORETUMERS, DON'T DESPAIR.  
—Pluto.

This is a pretty weak pun (as if some puns were something else) but we can't help agreeing with the chap who said he liked Bobby Morris a spectator better than an official.

"What the hell?" muttered the sleepy freshman as he was

To keep telephone service in step with the swift pace of American life, Bell System men tackle many an absorbing problem, find many an ingenious solution.

For instance, they decided that precious seconds could be saved by a change in long-established operating routine. The operator used to repeat the number called by the subscriber—now she indicates that she understands by saying, "Thank you."

To appreciate the importance of the second thus saved, just multiply it by the 40,000,000 conversations handled by operators on the average day.

In the telephone business, major improvements that save the subscriber's time and give him better service often result from just such apparently minor changes.

BRITISHER SAYS COLLEGES DIFFER

Our Lack of Specialization Marks Greatest Difference

NEW YORK. (NSFA)—The complete lack of specialization in the American college system marks its greatest difference from the English system, according to Miss L. Susan Stebbing, visiting lecturer from the University of London. Another difference that particularly struck Miss Stebbing is the way in which undergraduates "receive their education in bits." In England, students take one, or at most two, comprehensive examinations in order to obtain their degree, instead of the course examinations commonly used in American colleges. Miss Stebbing, who has been lecturing at Barnard college, feels that "American girls are less shy than those in England and are much more gifted socially, more able to talk." She has been particularly impressed by the friendliness of the students in the dormitories.

QUESTIONS ELICIT PECULIAR ANSWERS

(NSFA)—A questionnaire circulated by a professor in an eastern university recently revealed some statistics. One student said that True Story was a sickening magazine, while another defined it as "the co-ed's bible." Bib Bill Thompson was classified by one student as a Chicago racketeer, while Joseph Stalin was identified as President Herbert Hoover's secretary. And on top of all this it was found that The Saturday Evening Post was the favorite magazine of the majority. The average number of questions answered correctly was 46.5 per cent.

QUESTIONS ELICIT PECULIAR ANSWERS

A survey of the physical fitness of Syracuse university freshmen reveals that 62 per cent do not smoke tobacco and that 82 per cent do not drink intoxicating liquors, according to Dean Ernest Griffith. 11 per cent sleep six hours or less; 57 per cent sleep seven hours; 32 per cent sleep eight hours or more.

The CINEMANIAC

NO ONE MAN, the show opening today at the Kenworthy theater, is the screen version of Rupert Hughes best selling serial telling the story of a marriage that was not made in heaven. Carole Lombard is featured in the role of a wilful headstrong beauty who unable to find love, looks over an assortment of men. The film is well directed and quite cleverly portrayed.

HIGH PRESSURE, now showing at the Vandal theatre, stars William Powell, supported by Evelyn Brent. The picture carries out one of the new cinema ideas that has taken place of the departed gang picture—a story woven around an exciting occupation. William Powell is unknowingly involved into selling stock for a company operating on false pretenses. He soon becomes involved in difficulties and spends most of his time getting out of them. The film is a farcical rather than a serious repelling for the g. p. frosh to decide to answer... so the powers that... ever... be... have lowered the old boom on the neophytes... and taken away their dates for this coming friday night... aw come on... god-mothers... let 'em go... nobody minds waiting a... more... fifteen minutes to hear the silvery voice of a gamma phi... a pleasure... anyway, what's fifteen minutes... compared to the time it takes to raise the theta house?... incidently, the last mentioned are wondering if their... snowball... win over the s. a. e. gang last year... is the reason the boys haven't taken up the fight this season... careful, boys, they are lyin' low for you... certain gent named sturman... is a pretty smart house manager... when delta tau delta... put the boys thru rough week recently... he saved expenses by sending the pledges... out to various girls' houses to eat... the girls report the lads didn't say much... but that they... et... a lot... didn't beat o. s. c... but we sure kept them in the dark plenty the last game... and did you notice how many stags... suddenly acquired dates... when the lights went blooey... said the bridegroom to the girl... he had just made... his wife... "where would you best like to go on your honeymoon, sweetheart?" "oh," she answered coyly... What a large crimp would be thrown in to the works... if somebody should actually nominate somebody... extemporaneously... at one of those meetings...

WAY BACK HOME, brings Seth Parker, the well-known Sunday night radio performer and his "way back home folks," on the screen. Phillips Lord characterizes Seth Parker. He is one of those theatrical old geezers with a bush of white whiskers and a tendency to break into "Silver threads among the gold," at the slightest provocation. "Way Back Home," is nicely photographed but a little too strong on the home virtues to mean much to movie audiences. The film will be shown at the Vandal theatre Monday, Tuesday, and Wednesday, of next week.

PROF'S DISCOVERY MAY BANISH PEST

P. I. P. A.—The male mosquito's biting for "the wimmin'" may ultimately lead to the destruction of the pest in this country, it was revealed here when announcement was made that Prof. Elihu Thomson of the General Electric company has found a machine which reproduces the hum of the female mosquito so perfectly that millions of male insects were led to their destruction in it last summer. The machine is one used in fusing quartz for an astronomical mirror. It was only by accident that Professor Thomson noticed that the hum of the apparatus was drawing the mosquitoes from a nearby marsh. The heat of the furnace immediately killed the insects. If the principle is correct, mankind may ultimately be freed of the summer's worst pest.

Society

The "I" club will hold their mixer tonight at the Blue Bucket at 8:30. The dance is in honor of Miss Betty Merriam, who was recently chosen queen of the Blue Bucket by members of the "I" club. She will be presented at this coronation dance. The colors red and white, together with a huge "I" placed in a prominent part of the room, will form the decorations. John Thomas and Jack Hayden have charge of the program. A variety of novelty and vaudeville acts will be presented.

Saturday the burning question in every man's mind, "Who is the Idaho Campus King?" will be answered. At the Spinster skip sponsored by Mortar Board, the great event will take place. The valentine motif has been chosen for decorations, and the programs will carry out this design. They will be heart-shaped and gold and red. In this one dance of the year the women assume the part of escorts, buy the tickets, cigarettes and lunch.

Delta Delta Delta will give its initiation dance Saturday night. The sorority colors of silver, gold and blue will be used in the streamers. Colored metallic balls will be suspended from the ceilings. Blue flood lights will be used. Above the fireplace a huge scroll will be placed, with the pledges names.

Delta Theta Delta, local honorary for town women, will be hostesses at an informal dance tonight at the Elks' temple. The decorations will be colored valentines. A number of out-of-town guests have been invited as well as the alumnae of the organization. SCABBARD AND BLADE HONORS NEW PLEDGES

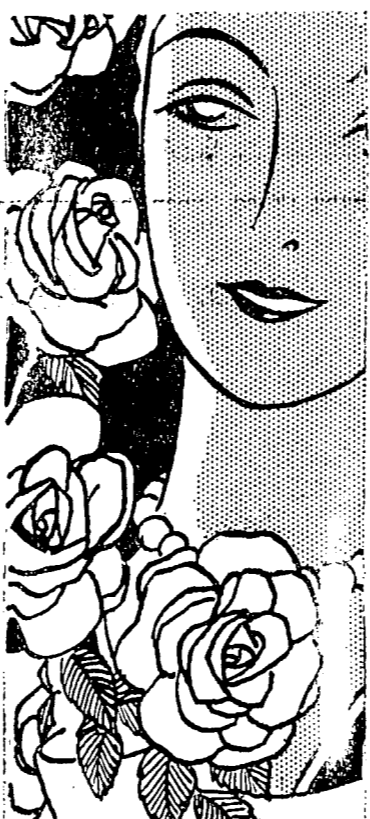

Scabbard and Blade held a formal banquet at the Blue Bucket inn at 6 o'clock Wednesday evening to formally pledge new prospective members. Toastmaster for the evening was Capt. Parker Wickwire. The honored guests were Dean Ivan C. Crawford and Capt. Harry Henkle. Dean Crawford gave a talk on leadership and the subject of Captain Henkle's talk was "The Present Condition and Extent of Communism." The regular officers present were: Mr. Harry Brenne, Capt. W. A. Hale, Sergeant Frank L. Barnum. The club members regretted the absence of Gen. E. R. Christman, who is in the hospital at the present time. Those formally pledged Wednesday night were: Homer Bell, the only associate member pledged, J. R. Bauman, J. J. Christians, A. J. Davidson, James A. Norell, Walter Frieberg, Neal Fritchman, W. J. Hall, Donald C. Harris, C. O. Hennings, C. W. Mann, E. H. Martin, G. A. Matson, A. L. Pence, L. J. Randall, E. E. Burlev, A. J. Jacobson, H. J. Jacoey, William Robb, W. M. Smith, and R. T. Banuden.

GLADDEN Her Day of Days with FLOWERS To HIM she's still the sweet, shy bride of their wedding day. They have found time, he and she, for the little touches of thoughtfulness that keep love alive... that make marriage worth while. And as she lifts another fragrant bouquet from its box, no wonder her eyes have a look of pride while she says, "He still sends me flowers!"

SCOTT BROS. GREENHOUSES Phone 6511 317 No. Main St.

Kappa Epsilon fraternity chapters of Washington State college and Idaho will be held in Pullman Friday night. The dance will be semi-formal and will be decorated in the form of a Valentine Special. The dance is to be given at the Washington hotel. Every year a oint dance of this kind is given and every other year it is held in Pullman. A large delegation from this chapter will attend 30 members having planned to go. Music will be furnished by an orchestra in Pullman.

PHI CHI THETA TO HOLD LUNCHEON Phi Chi Theta, women's business honorary will celebrate their Founder's Day on March 5 with a luncheon. The members hope to obtain an outside speaker. The honorary is planning to pledge new members soon Ina Peterson, president announced. Pledges must have a 4.8 average and must be juniors, majoring in business.

HOME EC CLUB TO GIVE BANQUET Plans for the annual home economics banquet, to be held on April 2 are being made by the home economics club. The banquet will be held at the end of the home economics teachers conference to be held in Moscow. The members of the home economics club will entertain representatives from the various high schools. There will be a tea in the afternoon as well as a banquet in the evening at the Moscow hotel. The club also hopes next month to get Miss McGinnis to speak before them while she is here.

KAPPA ALPHA THETA ANNOUNCES the pledging of June Emers, Grangeville, and Gertrude Evans, Boise. Prof. William Banks was a Wednesday evening dinner guest of Kappa Sigma. After dinner he gave a talk on the education system in England.

YALE MAN ELECTED STUDENT DELEGATE NEW YORK. (NSFA)—James Frederick Green, Yale, '32, has been named by the Intercollegiate Disarmament Council, 129 East 52nd Street, New York, as a student delegate to the disarmament conference at Geneva next month. It was announced recently. He will send correspondence to various college publication in the U. S. and it was said he would try to organize a caravan of American students in Paris and elsewhere in Europe to attend the conference. Mr. Green is chairman of the International Relations club at Yale and an officer of the North Atlantic students' League for International Co-operation.

### THIRTY TRACK MEN REPORT TO COACH

#### Anderson Will Miss Services Of Four Veterans

A week of varsity and freshman track practice under Coach Otto Anderson is over, with plenty of sore muscles and tired athletes to show for it. Thirty aspirants have reported already and are turning out every afternoon at Lewis court. Some from last year's squads have not yet reported.

Anderson has concentrated largely upon getting the new material started on the right track. He reports it highly desirable that the effects of inadequate high school training be eliminated at the start of the season.

Five lettermen from last year's squad are back in uniform. The sprints have "Sig" Jossis and June Hanford, Bernard Lemp in the high hurdles, John Thomas in the distance runs, and "Pete" Jensen, who heaves the shot. The squad will be greatly handicapped by the loss of four outstanding lettermen and a host of likely prospects on both last year's varsity and frosh squads.

The runners are further handicapped by the cramped training quarters of Lewis court. The short runways and difficult banked turns are a special hindrance to sprinters. Heavy snows are likely to keep the athletes indoors for at least another six weeks.

### SCATHING EDITORIAL AROUSES BERKELEY

P. I. P. A.—Accusing the schedule makers of the University at Berkeley of breaking faith with the College of Agriculture here, a scathing editorial published in an edition of the California Aggie has stirred the local campus to heated discussion of plans to hold the California-Stanford track meet the same day that the annual picnic day celebration is held here.

"We may be only country cousins to some of the schedule makers at Berkeley, but this branch of the college is just as important and does as much as any other part of the University of California," Marshall Hopkins, student editor, declared in his editorial.

## SPORT SHOP

"Slats" Gill, O. S. C. mentor missed Bobby Morris at the second game a great deal more than the Idaho fans did. Gill was somewhat peeved at the failure of the officials to return from Spokane where they had gone after the first game. "If they are going to be officials, they should make a business of it" were his words. Mr. Gill is right. In the Coast conference the referees and umpires are paid enough to make it very worth while, and they are provided with very nearly a full schedule which they can easily fill up with outside games.

However, Gill was well satisfied with the officiating of Gale Mix. He did a better job by himself than the two men the night before.

The Vandals left yesterday for a series with the University of Washington. Idaho is now deep in the cellar with two wins against nine losses. The two conference games won from Oregon early in the season run the Idaho victories to three out of twenty-seven in the last two seasons.

Only five more games remain on the Vandal schedule. Another season is about gone and attention will soon be shifting to track and baseball. The prospects for the track team do not seem too bright at the present. Otto Anderson will be greatly handicapped by lack of material. The loss of Bill McCoy will be keenly felt when the team lines up for the spring meets. "Tiny" Williams also left a big gap to be filled in the weight events.

Baseball should be the redeeming feature of the spring activities. Two hard hitters were lost when Clyde Raidy and Johnny Corkery left but the opening will be offset by new men and returning veterans. The chief problem which Coach Fox will have will be finding a first baseman.

Washington State will be put to a real test when the Cougars get on the road this week. Eight of their nine conference games have been played on their home floor, the only trip being to Moscow.

Intramural basketball started on

Wednesday. The two leagues should furnish some fast ball. Besides the hall and house teams there will be two independent teams. The coaches will again play in one league and another team composed of sub varsity men and freshmen will compete in the other.

Idaho will have two strong candidates for the Olympics. Dan Lopez and Noel Franklin will be real threats for the wrestling team. In past seasons both have taken the measure of the outstanding collegiate wrestlers in the northwest.

Tommy Yarr, captain and center of the Notre Dame football team last season, and Miss Rosemary Killen, a student of Northwestern University, were married in Chicago last Wednesday.

### TOURNAMENT TIPS

By Cliff Anderson

Idaho Falls and Pocatello tangle Saturday in a match that will go a long way towards settling who has the best quintet in the south. The Pocatello Indians, after listening to a lot of information about how bad they are, have turned around and won 10 straight consecutive games and established themselves as a big threat. Their last games were with Montpelier, 37 to 18 and with Paris 44 to 15.

Idaho Falls has an equally formidable lineup. Coach A. C. Barringer's Tigers have gone through much the same odds as Pocatello, being rated as a weak team until they had taken such teams as American Falls and Rexburg to drubbing. In points, the Indians will probably be favored. This is by virtue of their victory over Montpelier, a team that defeated Idaho Falls 26 to 22 in a pre-season game.

Pocatello will probably start their crack line-up including Mulica and Shultz, forwards; Foster, center, and Wadsworth and Rork, guards. I don't have very reliable

information as to who will start for Idaho Falls but I believe the following men will see quite a bit of action: H. Naylor and Shaw, forwards; Jorgensen, center; and Hodge and Williams, guards.

Standings in the south central Idaho district changed completely over the week-end. Oakley rose from third to tie for first with Rupert. Each team now has 5 victories and one loss. The Twin Falls Bruins left the middle of the column and jumped to third place. Buhl dropped from second to fourth and Gooding plunged from fourth to seventh.

#### South Central Standings.

Team	Won	Lost	Pct.
Oakley	5	1	.833
Rupert	5	1	.833
Twin Falls	4	2	.667
Buhl	3	3	.500
Burley	3	3	.500
Filer	3	3	.500
Gooding	2	2	.500
Wendell	3	5	.375
Kimberly	2	9	.182
Jerome	1	6	.143

Rupert administered a 45-24 drubbing to Wendell at Rupert, Saturday night. Filer set Kimberly down on his by a 23-7 victory. Fifth high school basketball team seems to be doing well under the tutelage of Coach Harold Price. They administered a second stiff drubbing to Shelley to the tune of 28 to 19, giving them 12 consecutive wins and no losses. "Whitey" Price, guard, led the Fifth team, himself looping the basket for 8 counters. His teammate berth was filled by N. Berg, center by "Slats" Davis and forward by Freeman and Young.

We may have our fun with referees but the little town of Weippe went us one better by running their referee out of town. The excitement followed a 26 to 16 defeat at the hands of the Orofino Marriacs, in which 4 Weippe men left the game on personal fouls. Oh well, think nothing of it.

Kamiah advanced its lead on the Prairie conference championship by drubbing Ruebens 44 to 20. Genesee turned the tables around and got revenge on an earlier game by defeating Orofino 37 to 27.

### OREGON U. WOMEN ABOLISH POLITICS

Say Party System Caused Antagonism Between Houses.

P. I. P. A.—step toward the eventual abolition of campus politics at the University of Oregon

was taken here when the heads of house organizations, representing all women's living organizations on the campus, voted unanimously not to back political parties in campus elections this year.

This action was taken by the group on recommendation of the councils of the Associated Women Students, campus Y. W. C. A., and Women's Athletic association.

Referred to Houses. The recommendation was submitted to the group at a meeting

three weeks ago, and was referred to the individual houses for acceptance or rejection. The results were made known at Sunday night's meeting.

It was felt by members of the group that the party system had caused antagonism and rivalry between the houses and that nothing but discord came out of it.

SUCCEEDS IN FIELD P. I. P. A.—Attaining success in

a decidedly masculine vocation, Mary Frances Balch, Stanford, 30, was recently appointed assistant to Dr. Olaf P. Jenkins, chief of the state geology bureau. Miss Balch is one of the four women who have been graduated in geology from Stanford. Her equally ambitious colleagues include Mrs. Herbert Hoover the former Lou Henry; Lillian Dobell, who is now Mrs. Charles Merrill; and Miss Jane Rumbley.

## At Davids' SPRING sponsors the New MODE

Exciting... high spirited, and greatly given to flattery, the new fashions of 1932 present a galaxy of clothes that are easy to wear. ### "LUCKIES are my standby"

CHIP OFF THE OLD BLOCK Cash in on Poppa's famous name? Not Douglas Fairbanks, Jr. For months he labored as a five-dollar-a-day "extra." Then he crashed into a pane of glass window. Days later like a pro, and we don't mean a palooka... he has muscles like a wrestler. When undressing, he hangs his clothes on the chandelier. The box office like his latest FIRST NATIONAL PICTURE, "UNION DEPOT." Doug has stuck to LUCKIES four years, but didn't stick the makers of LUCKIES anything for his kind words. "You're a brick, Doug."

"LUCKIES are my standby. I buy them exclusively. I've tried practically all brands but LUCKY STRIKES are kind to my throat. And that new improved Collophane wrapper that opens with a flip of the finger is a ten strike."

### "It's toasted"

Your Throat Protection— against irritation— against cough And Moisture-Proof Collophane Keeps that "Toasted" Flavor Ever Fresh

TUNE IN ON LUCKY STRIKE—60 modern minutes with the world's finest dance orchestras and Walter Winchell, whose gossip of today becomes the news of tomorrow, every Tuesday, Thursday and Saturday evening over N. B. C. networks
