

COUGARS PROMISE STRUGGLE TO TAKE HONORS ON COAST

Experts Say W.S.C. Has Chance to Pull Out Of Slump

Conference Standings table with columns W, L, Pct. for Washington, Oregon State, Oregon, and Idaho.

Even the most optimistic of the anti-Cougar faction were stunned at the outcome of the Staters series with the fourth place Oregon Webfoot last Friday and Saturday.

Close Guarding The Oregonian's success apparently lies in the fact that they guarded Friel's sharpshooters closely on all positions of the floor, never allowing them to get set or to work their fast block plays.

Critical Hope It was the Spokesman-Review which analyzed the situation as "the Huskies have been overconfident or more likely they just played too hard."

FINCH TO ATTEND ANNUAL INSTITUTE

Chairman of Editorial Committee of National Engineers Meeting in N.Y.

John W. Finch, dean of the school of mines, has left for New York city to attend the annual meeting of the American Institute of Mining and Metallurgical Engineers, February 17 to 20.

Dean Finch is chairman of the editorial committee which is preparing a book for publication in honor of Dr. Waldemar Lindgren, noted geologist from the Massachusetts Institute of Technology at Cambridge.

REGISTRATION FOR MUSIC INCREASES

Class in Music Appreciation Is Now Composed Of 104 Members

One hundred and four students are now enrolled in the music appreciation as compared with 13 at the beginning of the first semester of last year, and 64, the first semester of this year, according to Raymond Miller, instructor.

The string quartet presented a program of chamber music before the choir Wednesday morning, in the auditorium.

CLASS ELECTIONS WILL BE HELD TONIGHT AT 7:30

Class elections will be held tonight promptly at 7:30. Presidents of the respective Classes are to preside at the meetings.

NEALE TO ATTEND NATIONAL MEETING WITH MESSENGER

Both Leave Monday For Educational Conference in Washington, D.C.

President M. G. Neale left Rexburg Monday, and Dean J. F. Messenger of the school of education left here the same day for Washington, D. C. to attend the National Educational Association meeting.

Accompanying Dean Messenger was Roland Sturman, who is president of Kappa Delta Pi, national educational honorary for men here.

Judge William E. Lee of Moscow, and member of the Interstate Commerce commission will be the principal speaker at the banquet.

ARCHITECTS MUST COMBINE SCIENCES

Business-Head, Personality, Common Sense, Are All Necessary Qualities

What is an architect? "He is an artist, engineer, business man and psychologist," defined Mr. M. W. Meizian, head of the architecture department.

An architect must be versatile. He must be able to plan a baby carriage or a sky-scraper. In order to handle the client money, the architect must be a business man, and in order to construct he must be an executive.

PRESENT PLAY OF IDAHO GRAD

Southern Branch to Give Jennings' Play "No More Frontier."

The dramatics department of the southern branch will present "No More Frontier" by Talbot Jennings, a graduate of the university, March 4 and 5, according to Dr. Vio Mae Powell, head of that department.

Jennings was a former instructor of English here, and is well known for his production, "Light on the Mountains" which is given every four years by the students.

"No More Frontier" is being produced by the Provincetown Playhouse Theater of New York city. It deals with early Idaho life, and includes pioneer episodes in Pocatello are included.

RELIGION COURSES HAVE 98 ENROLLED

The enrollment of the Idaho Institute of Christian Education has increased 216 per cent over the enrollment of the first semester.

CLASS REPORTERS ARE GOOD "CUBS" FOR STAR-MIRROR

Journalism Students Have Published More Than 86 Columns of News

More than 6 columns of news, written by students in the reporting course, were published in the daily Moscow Star-Mirror during the first semester, according to Elmer F. Beth, assistant professor of journalism.

If this news were "made up" with headlines and a normal amount of advertising, it would fill a 36-page issue of the Star-Mirror.

"After several years' experience with these students," declares Mr. Beth, "I find that they show the same sort of improvement that would be expected of a good 'cub' reporter I would hire."

Besides reporting for the Star-Mirror, some of the students in the course are on the Argonaut staff and some act as correspondents for out-of-town newspapers.

The 173 column inches of news printed in the Moscow paper last semester was listed in "strings" kept by the students—clippings of their stories. Some of the "strings" represented only a part of what was actually printed, because a few students were lax in clipping their articles.

FOUNDER VISITS MOSCOW CHAPTER

Former Member of Idaho Faculty to Spend Two Days at University

A visit from a former Idaho faculty member, Dr. Esther McGinnis, recently appointed field worker of the American Home Economics association in child development and parental education, is being prepared for by the department of home economics.

Since leaving the Idaho faculty, Dr. McGinnis has served on the home economics staffs of the Ohio State university and the University of Maine.

Dr. McGinnis attended vocational home economics conferences all over the United States, aiding in their discussions and problems.

She will spend part of her time here in meeting with central Idaho high school home economics teachers in a round table discussion, and will talk to the Parent-Teachers' association, the Mothers' club, and the Home Ec club made up of all the girls enrolled in the department of home economics.

TO MEET OREGON IN DEBATE HERE

Olmstead and Martin Will Uphold Negative for Idaho.

Ralph Olmstead and Paris Martin will try for the debate defeat Thursday night at 8 o'clock in Administration against the University of Oregon.

A. E. Whitehead, debate coach, states that it promises to be the most interesting debate of the season and urges students to attend.

FORESTRY GROUP PLEDGES SEVEN

Three Graduate Students Among Those Pledged

Xi Sigma Pi national honorary forestry group formally pledged Thursday, seven students from the school of forestry among these are three graduates of students: Frank Pierson, Frank Makara and Stanley Hepher.

Those attaining membership from the undergraduate roll were: Kenneth Daniels, Charles Wellmer, Ralph Ahlskog, and Lloyd Hayes.

LARGE PER CENT OF IDAHO PEOPLE OWN THEIR HOMES

Based On a Survey Made by Home Economics Department

Women of Idaho are quite modern; seven out of each ten families own their own homes; the average size of the house is five rooms; there is serious consideration to the family nutrition.

A list of 232 questions pertaining to activities and practices of homemakers in Idaho was compiled by Miss Katherine Jensen, head of the department, and Miss Muriel G. McFarland, state supervisor of home economics education.

"First of all let me say that women in Idaho are quite modern," says Miss Jensen in explaining the results of the study, "for they believe in having careers as well as homes. Forty of the 250 reported worked outside of the home supplementing the income by clerking in stores, dressmaking, gardening, teaching, doing stenographic, laundry, or beauty parlor work."

Modern equipment has been rapidly introduced and such drudgery as carrying water is going out. Seventy per cent of the homes reported running water in the kitchen. The old kerosene lamp is losing its charm.

BORAH HONORS IDAHO GRADUATE

Gilbert H. Hogue, a civil engineer of the class of 1900, for thirty years has been employed with the United States Reclamation service on irrigation work in the western states.

"I have learned through a friend that during the next month you will have completed thirty years of service as an engineer for the United States Reclamation service."

Recalling the splendid service which you have rendered to the community and to our state generally, and recalling also the many improvements which it has been your pleasure to witness and in which you have been a most important factor, I am sending you a line of congratulation.

I am sure I voice the sentiment of many, many people throughout our state in expressing my appreciation and my sincere commendation of your work in our midst.

WORKING IN CHINA

Mr. Lansing Su, 28, writes that his present address is care of the Y. M. C. A. Hsinan, Shantung, China. After graduating at Idaho Mr. Su spent several years with a contractor in Shanghai, China.

At present he is an engineer with the Shantung Grand Canal Engineering bureau and is progressing rapidly.

MUSIC STUDENTS PRESENTED VARIED PROGRAM SUNDAY

Students of Piano, Violin, Flute And Vocal Perform

A varied and interesting program of piano, violin, vocal, and flute selections by the students of Isabel Clark, Dorothy Fredrickson, Agnes Bothne, Carleton Cummings, Carl Claus, and Raymond Miller featured the recital given Sunday afternoon, in the auditorium.

The program included: Two piano solos, "Bourree," Bach and "Fantasia in D Minor," Mozart, by Margaret Rydholm; violin selections, "Liebsleid," Kreisler, and "Cavatine," Bohm, Alice Lee, accompanied by Gertrude Gehrke; two vocal solos, "Give a Man a Horse He Can Ride," Cadman and "The Builder," O'Hara, Jesse Anderson, accompanied by Eugene Perrine.

"Romanze in F Sharp," Schumann; "Impromptu," Chopin, by Harriet Baken; a vocal selection, "Steal Away," Burleigh, by Bernice Smith; two flute solos, "Traum der Sennerei Op. 45," Labitzky, "Salut d'Armour Op. 12," Sigar, Leo Kraemer. He was accompanied by Martha Jean Rehberg.

"Somewhere a Voice Is Calling," Tate; "When My Ships Come Sailing Home," Dorel, sung by Wayne Hampton; "The Wanderer's Song," Rasbach, Donald Corless; and "Tango, Albeniz; and "Witchess Dance," McDowell, by Martha Jean Rehberg.

IDAHO GRADUATES MARRY IN SPOKANE

Virginia Merriam and James Hockaday Wed Saturday

A romance of college days at Idaho culminated Saturday in the marriage of Miss Virginia Merriam Wallace and James A. Hockaday, Rupert. The couple met as students on the campus and their engagement was announced in the fall of 1930.

Mr. and Mrs. Hockaday have been employed in Moscow since completing school, the bride in the registrar's office and Mr. Hockaday in a position on the campus.

The ceremony, attended by a small group of relatives and close friends, was solemnized at 4:30 Saturday afternoon at the St. John the Evangelist Cathedral in Spokane.

VOLLEYBALL ENDS SEMESTER'S WORK

Horseshoe Cup Awarded To Forney Hall With Alpha Phi Close

Last semester's women's sport season opened in the fall with horseshoes and tennis, for the outdoor sports. Volleyball held the center of interest during the winter, and basketball closed the program for the first semester, as well as starting the spring semester games.

In tennis, the single elimination tournament ended with Linn Cowgill and Marian Mulkey in the finals, to be played off as soon as the courts are in condition. Lorna McCain, manager, was in charge of tournament arrangements.

The freshmen carried off the honors in volleyball but had a hard fight to win from the sophomores. Helen Thornhill was the volleyball manager. The season ended with a volleyball spread consisting of the final game between the sophomores and freshmen and a burlesque basketball game was given as a stunt to introduce the basketball season.

WOMEN'S CLASSES HEAR DR. WOODS

Personal Hygiene Classes Hear Specialist Tell of Work Done.

The deficiency of vitamins A, B, C, and G was the subject of a lecture by Dr. Ella Woods before the personal hygiene classes week. She also told of the interesting work that the home economic experimental station is doing.

Dr. Woods also showed the animals, rats and guinea pigs who had been fed sufficient food containing the necessary vitamins and those animals which have been tested while living with these deficient vitamin factors.

320 SENIORS WILL BE GIVEN DEGREES

The latest statistics concerning the applications for degrees for graduation have been compiled by Ella Olesen, registrar. According to these figures there are more degrees to be given this year than in previous years.

CLUB COMMITTEE RE-OPENS ENGLISH CLUB BOOKSHELF

Club Funds Purchase Fifteen New Books Each Semester For Student Use

The English club bookshelf has been re-opened at the door of the first floor library by the bookshelf committee, headed by Virginia Gascoigne. Books are rented at 10 cents for three days, with a fee of three cents a day thereafter.

George Morey Miller, head of the English department, said the first bookshelf was operated by the English club years ago to satisfy a demand for the newest books. The university library funds were so low that only those books which were necessary for use in the various departments were purchased, and at the same time there was a great demand for current fiction, poetry and plays.

The bookshelf has never made money. The small rental fees were turned in toward buying of more books, and every semester an approved list of new books were bought. This year the arrangements had to be changed because of the \$100 loan fund sponsored by the English club.

The bookshelf is a real service for college students," said Dr. Miller. "The book list is not at all highbrow. It represents the best and most entertaining works of the modern writers, and is by no means a list of books which might be included in a course in contemporary literature. It is primarily for the entertainment and enjoyment of the students."

There is a great demand for the books at present, and some of them are taken out the minute they are returned.

TEKES AND S.A.E. WIN BALL GAMES

Seven Teams Have Yet To Play In 'Mural' Basketball

Intramural Standings table with columns W, L, Pct. for Sigma Nu, Junior Varsity, Delta Tau Delta, Sigma Chi, T. K. E., Delta Chi, A. T. O., Tau Mem Aleph, Chi Alpha Pi, Kappa Sigma, L. D. S. Institute, and Tau Kappa Epsilon and S. A. E.

In the second game, the S. A. E. team easily defeated the L. D. S. five 12 to 15. The winners grabbed the lead at the start, and were never headed during the rest of the game.

Games scheduled the remainder of the week are: Wednesday, 7:30, Lambda Chi vs. Phi; 8:30, Linsley hall vs. Coaches. Thursday, 7:30, Beta Theta Pi vs. T. M. A.; 8:30, Phi Delta Theta vs. Ridenbaugh hall.

VANDALS DROP TWO GAMES TO STRONG HUSKY HOOP FIVE

Cougars Are Only Half Game Behind U. of W. in League Standing

The Washington Huskies barely nosed out the Vandals in the first game at Seattle Friday night 40 to 35, but came back with a powerful offensive to take the second game Saturday by a 47 to 34 score, to put themselves only a half game behind the league leading Washington State five.

At the same time the Cougar team which looked like a sure fire bet for coping the pennant hands down, faltered and dropped both contests to Oregon at Eugene, which brought their total losses to three—all at the hands of Billy Reinhart's fast Oregon quintet. With Washington winning both theirs and Washington State dropping a pair, either team's chances at winning the flag will depend on the outcome of W. S. C.'s game at Oregon State and both Washington and Washington State's games with Idaho.

Washington entered the Idaho series playing the brand of ball that was expected of them early in the season, but which they failed to offer until they had dropped four games. From then on, they have been hitting the ball in championship form, and turned back all challenges from other conference teams.

As has been the Idaho downfall in most of the games this season, they let the Huskies get off to an eight point lead in the first minutes of play, with Fuller, Hanover, and Cairney counting. Lacy and Wicks counted to make the score 8 to 4, but Idaho could not get in the lead and were trailing at 21 to 14 score at the half.

The Idaho team came back the second half and set a stiff pace but the Washington men managed to stay with them and hold a small lead. With but a few minutes left to play the Huskies stalled until the final gun sounded, when they were in the lead 40 to 35.

Washington managed to hold their ground again in the second game with even a more powerful offensive drive than in the game the night before and they came out on the long end of a 47 to 34 count. Washington led at the half 27 to 15.

The championship of the southern division is now resting in a deadlock between California and Southern California, after U. C. L. A. defeated U. S. 26 to 24, and California won from Stanford, 33 to 18.

Idaho meets the Huskies in a return pair here Monday and Tuesday.

Summary table for Idaho (34) with columns F, T, P for Barrett, Wicks, Grenier, Geraghty, Lacy, Hale, and Totals.

Summary table for Seven Teams Have Yet To Play In 'Mural' Basketball with columns F, T, P for Lee, Hanover, Neff, Fuller, Nelson, Cairney, Weber, and Totals.

WILL PRESENT NEW THREE ACT FARCE

"A Paragraph For Lunch" Written Especially For Idaho Production

Specially written for production by the university dramatics division the next all-college play "A Paragraph for Lunch" is a rollicking three-act farce scheduled to be presented March 24 and 25.

George Milton Savage Jr., of Seattle is the author of this play which was written especially for production here at the suggestion of Fred C. Blanchard dramatics director. As the author of a number of successful plays, Idaho will receive an unusual honor in presenting the premier of the play which Professor Blanchard considers Mr. Savage's best.

Is Wholly Comedy. There is not a serious moment during the whole three acts. Laugh follows laugh and amusing incident follows follows amusing incident in this entertaining comedy centering about the nouveau riche and the artist classes.

A tentative cast has been selected and the play will go into rehearsal before the production of "Death Takes a Holiday" on February 26 and 27.

Those cast in this play are: John Thomas, Grace Eldridge, Raphael Gibbs, Harry Robb, Margaret Moulton, Howard Altnow, Betty Brown, Casady Taylor, Lucille Moore, Marthalee Tanner, John Milner, and Sara Louise Throckmorton.

CHEM CLUB MEETS

G. S. Shilling, of the bacteriology department, gave an address on "Relation of Chemistry to Bacteriology" at the meeting of the Chemist club held in the Blue Bucket, Monday evening.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the Postoffice at Moscow, Idaho, Member of Pacific Intercollegiate Press Association.

Another Plan to End The War

While China and Japan are marshalling their implements of war at Shanghai for the "big drive", representatives of the great powers on the scene and elsewhere are racing against time to bring about peace between the two nations. Within the last three days, their efforts have been intensified to a feverish pitch. One of the best measures for peace enforcement, however, is first to appear in a surprising locale. Freshman women at Northwestern university took sides Saturday in the Sino-Japanese conflict by boycotting Japanese tea.

Campus Royalty

This year will be remembered as the year of the ten foot snow and a crop of kings and queens and jesters, particularly jesters. Just where the inciting force arose at Idaho is a question, but it seems to be pretty certain that everyone has had a sudden urge to supply face cards in sufficient number to keep Culbertson and his friends stocked for years. If the idea of selecting campus kings and queens for everything from the spinster's skip to the habes's ball was new, or useful, or complimentary or valuable, or if it had any virtue normally attached to activities of sane people, criticism would be out of place. But the present fad has none of these virtues and has become a little jaded with wear, to put it very mildly.

BEAN BAG IS FUN PLAYED WITH ROUMANIAN FAMILY

Playing bean bag with Prince Nicolas and Princess Ilena of Rumania and having dinner with the queen and her family are all in the day's fun for a boy of thirteen, if that boy happens to be Lester Brown. Brown is now a freshman at the university and comes from Sandpoint. In 1926 when the royal family of Rumania was touring this country Brown quite by accident made their acquaintance and spent the day with them. He was presented with a photograph of the queen and a book, "The Lost Princess," which she had written. Arrived Late. The queen's special train, traveling over the Northern Pacific was scheduled to stop at Sandpoint for 10 minutes, but was late getting in. Great crowds were at the station, hoping to catch a glimpse of her royal majesty or members of the royal family, but the train did not stop and the gesture of a woman, who many like to think was the queen, at the window, was the only significant manifestation of any aboard the train.

HUBERT RETURNS FROM SPOKANE

Acting Dean of Forestry Returns From Blister Rust Meeting. Dr. Ernest E. Hubert, acting dean of the school of forestry, returned Saturday evening from a personnel conference of the Division of Blister Rust Control (U. S. Bureau of Plant Industry) held in Spokane. This is an annual meeting and includes blister rust men from California, Oregon, Washington, Montana, and Idaho. The meeting lasted one week and Dr. Hubert was present the last two days. There were about fifty representatives there he reported. "The one big thing that these meetings accomplish," said Dr. Hubert, "is that it gives project workers a chance to compare and go over the work of the year and enables them to effect improvements in plans for the coming year."

AN OLD GREEK CUSTOM

A Line of Tripe or Two

PURD PUN DEPARTMENT This week's prize for the worst pun goes to the Minnesota Daily. In a campaign for better sportsmanship at basketball games the Daily insists that "To boo is taboo. Heigh ho! Does Bobby Morris work that far east?" He: I told that prof a word or two. She: What did you say? He: Yes, Sir. An unlucky lad was Jimmy Van Dine. He forgot to send a Valentine. Ima. Spit may be a horrid word, but it certainly comes in handy when your best pair of chignons spring a run on the way to your big moment's house dance.—Kampus Katie. ASSERT YOURSELF When you start a new semester With a record black as night, And tuition's on installments, And not a cent in sight—When you face the situation With a minor curse or two—Assert your independence Like all rash people do. Just tell the old professor That he's got to let you by, Or you'll sock him in the nostrils And paste him in the eye. You too can be successful Although completely nuts. If you'll only show your public That you've really got the nerve.—Ted Magee, in the Daily Trojan.

ON THE SPOT

...a beaten path...neither straight nor narrow...leading thru the snow drifts...from the main sidewalk to the supposedly deserted old beta house...and we ask you confidentially...what's the causation of that...if you discover someone staring likely at you at anytime...don't immediately conclude that he or she is tossing a flirt at you...because more than likely it's just because he or she belongs to bastion's abnormal psych class...and is searching for a fit subject to keep under observation...Incidentally, there are nine L.O.s registered in the class and they've all come to the more or less logical conclusion that they are all crazy as a herd of loons...you know it's funny...that class used to take an annual field trip to profino...but it seemingly has been discontinued...and we're wondering if it could be that the guards at the institution...made a mistake of some sort some time...and failing to detect a difference between the regular boarders and members of the class...locked a few of the latter up...speaking again of a. t. o. there is a young frosh with a collar-ad...profile who insisted on shaving his chest the other day...why we don't know but we can truthfully say that the razor didn't lose any of its keenness during the process...spinsters skip was quite the event...yes indeed...and fortunate was the contestant who reached the home portals without heel prints from his goitre down to his cord of achilles...each pair of combatants was allowed a space equal to...one good nail-head to dance on...but the grand climax came when the gal pal hesitatingly reached for the slip...while the male sat perfectly relaxed and nonchalant...among the few things the ad building needs is a few more curtains for the home cept...students in 310 ad...claim they can't concentrate with conditions as they are...these conscientious pros who require an overtime period to finish their lecture...a lone, brown, silk stocking...draped across the bannister of the ad building stairway...a helpless, forsaken bit of feminine fibery...how it got there nobody seems to know...but it bore mute testimony...that someone's usually loyal supporters...failed during the supreme test of her trying to make haste up a stairway...now comes the story of Hugh Eldridge...sports writer deluxe who got himself locked in the gym...last Monday night for some unknown reason and had to call the editors for assistance to get out...ments of this institution, but this number is somewhat less than usual because those students in attendance this year have been more persistent in their studies and have made somewhat better grades in their courses than have been made in previous years. A somewhat larger group than usual has voluntarily left because of financial difficulties. Moveable type for printing was invented in China in the tenth century, and in Europe in 1438.

Let's smoke a MAN'S SMOKE!

WHEN the girls begin to cut corners in our cars and do back somersaults in our planes and borrow our cigarettes—then it's time to take to a pipe! Call it the last stronghold of masculine defence—or the one pet diversion our little friends keep their fingers off. Call it what you will—there's something downright satisfying, understanding, companionable about a friendly, mellow, MASCULINE pipe! It's a real man's smoke! And a pipe at its best when you fill it up with Edgeworth. There's a rare, mellow flavor to the Edgeworth worth blend of fine burleys that simply can't be touched. It's cut long—to give you a cool, slow-burning smoke. And you'll find it the favorite with smokers in 42 out of 54 colleges. You can get Edgeworth wherever good tobacconists sell smokes. But if you've never tried it, we'd like the fun of treating you to that first satisfying pipeful. Just write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

The CINEMANIAC

Marie Dressler is again seen in a winning picture—EMMA, which opens tonight at the Kenworthy theatre in which she creates her most lovable character. It is an extremely appealing picture—funny, yet tragic and beautiful. Marie Dressler places her ability to impersonate on an even higher scale than she did in "Min and Bill." This new screen characterization has been voted her best film, so for those who know her, the picture promises to be entertaining. MANHATTAN PARADE, opening tonight at the Vandal theatre brings back Winnie Lightner, that beloved screen comic. The story takes fun at Broadway, using as a medium two producers who scream at each other continually (Lou and Jake). They allow themselves to be duped by a Russian stage director, and are forced to give up films to go back to the cheese business. The cinema is cleverly directed and is an exceedingly comical production. WAY BACK HOME, now playing at the Vandal theatre, brings Seth Parker from the radio to the screen. The film is a little too sentimental for cinema audiences, and though the idea is rather appealing over the radio, it seems to fall short of many qualities necessary for making it a well-liked picture.

COEDS PLANNING ANNUAL EDITION

The Co-Ed Argonaut will appear on Friday, March 4. All editorial work will be produced by the co-eds. Elsie Lafferty, sophomore, has been chosen as editor of the Co-Ed issue. The selection of the rest of the staff is nearly completed. Announcement of the entire staff will be published in the Argonaut next Friday.

BULLETIN BOARD

INTERCOLLEGIATE Knights will meet at the Sigma Nu house tonight at 7:30. AN EXECUTIVE BOARD meeting will be held at 7 o'clock tonight at the gym. All members are requested to attend. HOUSEMANAGERS will meet Wednesday noon at the Blue Bucket inn. Group picture for the Gem will be taken. W. A. A. officers will be elected this evening at 5 o'clock at the women's gymnasium. All members are urged to attend.

TIBET LAND OF MYSTERY HAS BEEN MISUSED IN HISTORY.

IMA. The first barium silicate to be found in its pure state, has been identified by A. F. Rogers, head of the mineralogy department at Stanford university, and given the name Sanbornite, in honor of Frank Sanborn, determinative mineralogist of the California bureau of mines. Swarthmore college grants a yearly prize to the student who, during the college year, collects the best personal library.

W.S.C. STUDENTS MORE PERSISTENT

P. I. P. A.—With the completion of registration, a checkup of the number of students entering for the second semester's study at Washington State college has proven very gratifying. The enrollment figures will show a decrease of only about 150 students below the total of the second semester of last year, when the enrollment was approximately 3000. Part of the small decrease is due to the elimination of a number of young men and women who cannot meet the academic require-

SIX DEBATES HELD DURING PAST WEEK

Idaho Women Prepare Arguments For Other Side In 10 Minutes

When the debaters prepare of both teams preparing the same side of the question actually came true in Seattle Friday night, Idaho co-eds proved their versatility by asking for ten minutes to prepare arguments contrary to their original speeches, and using the short time to such advantage they were able to talk themselves—and the judges—into a no-decision debate.

Six varsity debates were held during the past week, states A. E. Whitehead, debate coach. Five of these were debated by the women's teams. The first was at Willamette university February 9. The Idaho team, represented by Jewel Elington and Mildred Peterson won with the negative on the question "Resolved: That the Nevada divorce law be condemned."

No-Decision Debates. February 9 the same team again taking the negative, debated Oregon State college. This resulted in a no-decision debate.

The Misses Leighton and Peterson taking the negative debated again February 10, this time with the University of Oregon. This was also a no-decision debate. Last Friday the same team debated in Seattle.

Ballot Division. While the women's negative team was in Seattle the affirmative was debating the University of Washington here. Louise Morley and Mary Axtell represented the Idaho affirmative and the Misses Phillips and Martell Washington's negative. The audience using ballots individually stated either the side of the question they took, or whether they were undecided. After the debate ballots were again given to the audience. The decision was given to Washington, since they had changed the opinion of 10 members of the audience while Idaho had changed the opinion of only 8.

Last Saturday afternoon Joseph Filseth and Harry Agnew upheld the affirmative side of "Centralized control of industry" against the Nazarene college at Nampa. This was also a no-decision debate. Mr. Harper and Mr. Rabba represented the Nazarene school. This debate was the last of a series that they are giving on a tour of the western coast.

MUSIC HONORARY PLEDGES WOMEN

Sigma Alpha Iota Entertains at Fireside.

New pledges were taken into the honorary at the Sigma Alpha Iota fireside. Thursday evening given at the Pi Beta Phi house in honor of all girls who are students of music in the university. Fifty-five people were entertained by a music program.

Piano solos by Harriet B. Ken, a vocal solo by Elizabeth Gilmore and a violin solo by Patricia Kennard composed the program. In conclusion, Joan Harris, Pauline Paterka and Bernice Smith sang an edley of Sigma Alpha Iota and Idaho songs. Margaret Rydholm, Martha Jean Rehburg, Laura Brigham and Katherine Ekinard were pledged. Annie Snow who was pledged last year and whose formal pledging was delayed by her leaving school, was formally pledged. Students must be majors or minors in music and must have at least a B average in music before they are eligible for membership in Sigma Alpha Iota.

Delta Delta Delta announces the initiation of Beulah Barker, Buhl; Elaine Ehlinger, Spokane; Anna Lee Hughes, Donnelly; Virginia Merrick, Buhl; Jane Merrick, Buhl; Marjorie Redfield, Spokane; Nettie Snow, Council; Lillian Sorenson, St. Maries; and Betty Wormward, Kellogg.

Women In Home Ec. Supervise Meals At Hotel Moscow

Miss Katherine Jensen's course in institutional management is now doing practical laboratory training in managing the dining rooms of the Hotel Moscow and outlining daily menus.

Miss Elsie Nelson, manager of the hotel dining room, is instructing the students. They are each given a separate part in the supervision of each meal.

Get Background. "When dietetics majors leave here for work in schools, hotels, hospitals, and similar institutions they have a background of actual experience," said Miss Nelson.

The students study not only foods but also selection and making of curtains in large quantities, furniture, rugs, and other decorations and furnishings. Idaho graduates now hold positions in Chicago hotels, a hotel in Los Angeles and in several Spokane and Seattle institutions.

Bashful New King Admits He Feels Very Unnecessary

"All I can say is that I surely feel unnecessary," declared Art Spaugy, the new campus king, who was chosen by Mortar Board and presented for the first time at the Spinster skip Saturday afternoon. The campus had been waiting for the announcement, but the identity of the king was kept a secret until intermission at the dance. The floor was cleared and a picture of Spaugy in football garb was thrown on a screen at one end of the hall.

Mortar Board chose their king on the basis of good looks, personality, popularity, and scholarship. Spaugy represents a combination of all these. He is tall, dark, and handsome enough to please the most particular co-ed and is sure to have many loyal subjects on the campus. He is also modest and perhaps a little bashful, having very little to say about his being chosen king.

The Spinster skip, the much anticipated matinee dance sponsored by Mortar Board, took place Saturday afternoon at the Blue Bucket Inn. Once more for one day the men were in the height of their glory as the women paid, and paid. The programs to carry out the Valentine idea, were not decorated with gold wood-blocked figures. The patrons and patronesses were Dean Permele J. French, Dean and Mrs. T. S. Kerr, Mr. and Mrs. Lawrence Chamberlain, and Dr. and Mrs. G. M. Miller.

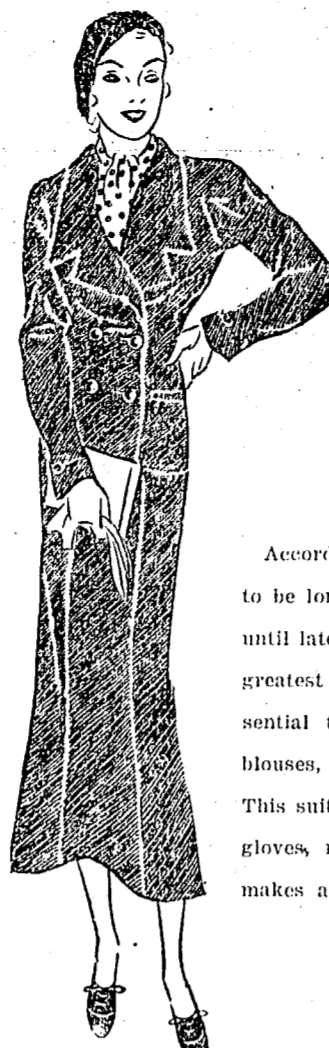

Campus Emulates Sweet Sentiment Of Irish Saint

An abundance of anonymous valentines reeking with sentiment were received on the campus Sunday, to say nothing of boxes of candy that indicated great affection at this depressed stage in the college year. The occasion of all this celebration, however, is a subject of surmise. According to certain profound collegiate thinkers, Valentine was a Franciscan monk. Others stoutly maintain that he was a Yiddish priest, or else an early Christian martyr of the 400 B. C. era.

The gentleman for whom this day is commemorated was a dignified Irish citizen. He was idealistic enough to believe in the brotherhood of man, and by that he did not mean brotherhood in the bonds. It was his original opinion that upon a certain date each year every person in the kingdom should send some token of his affection to his loved ones, and to his friends. Doubtless he would suffer qualms should he see the comic valentines exchanged by moderns.

During the 75 years of his life peace reigned in Ireland, due entirely, according to history, to Valentine's great influence upon the common people. He never succeeded in imbuing the ruling class with any spirit of sympathy toward its subjects, but his teachings quelled many riots and uprisings and established contentment among the lower classes.

FADS AND FABRICS

According to all indications this spring is going to be long and blustery, calling for hardy wools until late in the season. Suits will meet with the greatest favor. Simplicity and neatness are essential to avoid a masculine appearance; silk blouses, as the one illustrated, soften the costume. This suit, in brick red with a soft felt hat, suede gloves, reptile purse and Cuban heeled pumps, makes an ideal March ensemble.

Jeanne

WOMEN'S ACTIVITIES CHECKED BY SYSTEM

Revised Constitution to Provide for Filing of Points.

The Associated Women Students are revising their constitution to provide for a more strict enforcement of the point system.

Cards will be sent to each of the group houses and halls to be filled out with the scholarship average and activity list of each woman. These will be kept on file in the office. No one with less than a four point average will be permitted to enter activities. The maximum number of points to be gained is fifteen. The purpose of the point system is to regulate women's activities.

Officers of clubs or of A. W. S. will be given a fixed number of points. They expect that the list giving the number of points for each activity will be finished by next week.

Whatta Man Has Gay Skip With Idaho Spinster

Whatta day! Whatta life! Whatta man! When it comes to steppin' the b. f. I'm all for equality of the sexes, 'n' no maybes.

First I goes and gets him—20 minutes late so it would be a lesson to him. Then he keeps me waiting 15 more. That's a laff!

The big egg tried so hard to be helpless and appealing he gave me everything but a spare tire to cart around for him.

But that's not the worst of it! In my usual manner of nonchalant gayety I trills, "How about a coke?"

"I'm kinda hungry after all this steppin'." Le yodels back, and orders a double sundae. But you can't down me. I murmured something about how I'd lost my appetite and hit a Murad, while the pain-in-the-neck laffs and wise cracks and ins's's what a swell time he's having.

On top of all that the dance I saved for the Campus King was for naught. What with one person and another monopolizing Art I didn't get a look-in. Isn't life a thrill?

Sororities and Fraternities Honor New Members at Dances

Now is the time of year when the used-to-be pledges become members and are made to feel as though they amounted to something after all. The sororities and fraternities have already given their initiation ceremonies or are preparing to give them within the next few weeks.

Saturday evening of this week will see Sigma Alpha Epsilon honoring its new members at an initiation dance. The plans have not been completed as yet according to John Trueman, social chairman.

Gamma Phi Beta will give an informal dance at its chapter house Saturday evening. Ridenbaugh hall will give a "College" dance Saturday night at 8:30. The hall will carry out the idea with blankets, rooting caps, and pennants. The women will come in sweaters and skirts, and the men will wear the traditional campus cords.

TRI-DELTS GIVE INITIATION DANCE
Delta Delta Delta gave the first initiation dance of the season Saturday night at their chapter house in honor of their nine new initiates. The house was attractively decorated in the sorority colors of blue, gold, and silver. Large blue metallic balls were suspended from the ceilings. A huge scroll with the names of the new members upon it was placed above the fireplace. Flood lights in various shades of blue were reflected over the room. One of the interesting features of the dance was the initiation special in which only the new members and their partners participated.

LETTERMEN GIVE MIXER FRIDAY NIGHT
Miss Betty Merriam received her coronation as Queen of the Blue Bucket Friday night at the "T" club mixer. Miss Merriam was presented with an official "T" club pin and a lifetime ticket to all Idaho games. The Blue Bucket was decorated in red and white streamers. A clever program consisting of musical selections and vaudeville skits was given.

SPINSTER SKIP PROVES POPULAR
The annual Spinster Skip, sponsored by Mortar Board was given Saturday afternoon at the Blue Bucket. The spacious ballroom was filled with fair coeds who took advantage of their one opportunity to secure the perfect date.

Art Spaugy, prominent athlete, and Phi Delta Theta was chosen as Campus King by Mortar Board members. The room was decorated in valentines. The programs were large and red, and pictured the king getting crowned. Private dances were held at a number of the boys house where many of the members failed to "rate" the skip.

Beta Zeta of Alpha Phi announces the initiation of Virginia Harris, St. Anthony; Eileen Hale, McCammon; Helen Latimore, Mountain Home; Betty Lucas, Boise; Lucille Moore, Pocatello; Ruth Puckett, Boise; and Frances Redmond, Priest River.

Chi Alpha Pi announces the pledging of Horton A. Duffy of Tinsley, Iowa.

Miss Dorothy Sanborn of Spokane visited at the Pi Beta Phi house during the week-end. Miss Florence Cunningham of Troy, visited Saturday at the Pi Beta Phi house.

The New Spring Dresses Have JACKETS

Many of our new dresses have chic, smart little jackets either in colors to match or in contrasting shades. They come in fancy printed silks, with the trimmings in plain colors, or in solid colors.

The new colors are greens, blues, reds, rose and black.

FOOTBALL RULES DECREASE INJURIES

Six Amendments to Aid in Attempt to Lessen Injuries

The national football rules committee, meeting at Hanover, N. H., have announced six amendments to the present football playing code which are the most drastic modifications appearing for some time.

Believing that the game was becoming too "open," the new rules were adopted with the main objective of cutting down the injury list which increased so tremendously during the past season, and making the game safer in all departments.

1.—To restrict the formation of the team receiving the kickoff by requiring that five players of the receiving team remain on their 45 yard line until the ball is kicked; and to allow the kickoff to be made by place kick punt or drop-kick.

2.—To forbid players on the defense to strike an opponent on the head, neck or face with hand wrist forearm or elbow.

3.—To liberalize the substitutions rule to allow a player withdrawn from the game to reenter once in an subsequent period.

4.—To forbid use of the flying block or tackle.

5.—To make the ball "dead" when any part of the ball carrier's body except his hands or feet touches the ground.

6.—To amplify the rule regarding equipment so as to require padding of hard and unyielding substances with felt, foam rubber or other soft padding at least three-eighths of an inch thick.

Summing up changes in the code chairman Hall said: "The committee is gratified to believe that by the changes which have been made a great forward step has been taken, not only in checking the tendency toward increasing injuries, but that we have made the game much safer than ever before. The general style of play or the interest in the fascination of the game."

BASEBALL RULER IN SPORT KINGDOM

Diamond Game Being Run Close Second by Football As Leading Sport

P. I. P. A.—A survey made by the Associated Press for its members of sports writers throughout the country on the most popular sport shows that baseball is still king of the American sports world, although it is being closely pushed by football, the collegiate game.

Sports requiring most strength or stamina were in the order: rowing, wrestling, boxing, football, basketball, distance running.

Sports involving the most luck were in the order: golf, baseball, horse racing, basketball, football.

BUSINESS HOUSES CLOSE AFTER RUSH

How to Run a City of 15,000 Without a Bank is Students' Problem

P. I. P. A.—Students at the University of Iowa in Iowa City, Iowa, were faced recently with a practical economic problem which had no counterpart in the textbooks they studied in class. The problem was "how to run a city of 15,000 without a bank."

After a run on the banks in Urbana, Ill., in which is situated the University of Illinois which followed the closing of two banks, Mayor Reginald C. Harmon issued a proclamation closing all business houses in the city for five days, in order to allow the public to become level headed.

Campus Walks Sprouting More Snow This Year, Says Shoveler

C. J. Smith has not an unusual name, but he has an unusual occupation. He is one of the four men who cleans the snow off of our walks.

"I have worked for the university five years," said Mr. Smith, "and never before have I had to shovel so much snow as I have this winter. It seems that the brightest days figure out some way to get in some snow." (At the time of the interview the sun was shining through the falling snow).

Likes Long Skirts. When asked if the long skirts bothered him more than the short ones did, he chuckled. "No, no. I like long skirts coming back—just so they don't get too long. I'd rather keep my job sweeping the walks than see women's skirts doing it."

"By the way, one does notice the

sion in the United States has been the starting point for a great forward movement in education, according to Professor William Chandler Bagley of the Columbia University Teachers College, and he predicted that history would repeat itself in the present instance.

BEST BOOKS PICKED BY NOTED LECTURER

Prof. William Lyon Phelps of Yale chooses Best 10 Books of 1931

Prof. William Lyon Phelps of Yale university, noted lecturer and critical writer, has chosen the following as the best 10 books of 1931: "Shadows of the Rock," by Willa Cather; "The Good Earth," by Pearl S. Buck; "The Grass Root," by Younghill Kang; "All Passion Spent," by W. M. Sackville-West; "The Lady Who Came to Stay," by Robin E. Spencer; "Mary's Neck," by Booth Tarkington; "Maid in Waiting," by John Galsworthy; "American Beauty," by Edna Ferber; "Unfinished Business," by John Erskine, and "Westward Passage," by Margaret Ayers Barnes.

PHI BETA KAPPAS LIVE LONGER THAN FOOTBALL PLAYERS

Twelve Athletes and Twelve "Phi Bets" Considered in Reaching Conclusions

P. I. P. A.—Phi Beta Kappa's live longer and achieve greater success than football stars.

That conclusion may be drawn from statistics recently revealed. Twelve athletes and twelve "Phi Bets," university graduates of nearly thirty years ago, were considered by Robert Sibley '02, executive secretary of the association, to reach the latter conclusion, while 38,269 graduates of eastern colleges were investigated to reveal the former statement.

Of the twelve Phi Beta Kappa's considered by Sibley, ten are still living (one died from consumption, the other probably from violence) and all twelve have been listed in Who's Who.

Nine of the football stars are still living (one was killed by Mexican bandits, another died from consumption, the third succumbed to cancer) and only one has been listed in Who's Who.

These facts aren't conclusive, however. In recent years, the University of California chapter of Phi Beta Kappa has been able to boast of a national women's tennis champion, a former national intercollegiate tennis champion, and innumerable football stars.

Of the gridiron luminaries, one played on one of Andy Smith's "Wonder" teams, several played under "Nibs" Price and Bill Ingram had a "Phi Bete" on the varsity during his first year here.

In addition to membership in Phi Beta Kappa, one prominent football star won a Rhodes scholarship.

HIKERS UNCOVER INDIAN REMAINS

Mountainous Parts of Mexico Is Scene of Ancient Stairways.

P. I. P. A.—Remains of what is believed to be an ancient Indian village were discovered by a party of hikers in the mountainous parts of Guerrero, Mexico. At places where the earth has been washed away by floodwaters, stone carvings and the remains of ancient stairways and small mounds were found.

The hikers reported their discovery to the Mexican department of archeology. The department announced that the find was considered of importance because it is not listed among the known sites of Mexican prehistoric civilization.

EXPENSIVE TOKENS CALIFORNIA TOTALS

Five of 180 Gifts in January Worth \$2,000.00

P. I. P. A.—Gifts to the University of California for the month of January totaled more than 180 in number, with a value in excess of \$21,700, according to announcement made today by President Robert Gordon Sprout at the conclusion of the February meeting of the regents of the university, held in Kerchoff hall on the University of California at Los Angeles campus.

Among these gifts were five totaling approximately \$2000 in value, given specifically to the University of California at Los Angeles.

different length of skirts on the campus. "The students are very accommodating about getting out of the way for shovels," Mr. Smith said. "Sometimes they cover the ground so fast that he can hardly get out of their way, so they have to get out of his. People seem to like to get out of the way better when they shovel by hand than when they use the horse with the jingle bells.

Shovel Long Hours. "After we get the snow shoveled off, we sprinkle sand and salt over the walk. We shovel from seven in the morning until four at night. Sometimes it is so dark in the morning we can't tell the walk from the snow."

He says that the worst place to clean is the walk around Hays' hall.

TOURNAMENT TIPS

By Cliff Anderson

The powerful Idaho Falls quieted coached by A. C. Barringer downed a less powerful Pocatello Indian quintet to a score of 33 to 23, in a game that many fans think decided the supremacy of the South. The game was one of the most colorful ever played in Idaho with Watson, flashy Idaho Falls center, providing the crowd with many thrills.

Both teams played a marvelous game. The game was completely packed with surprises. A big feature of the game was when Wadsworth, Pocatello guard, held Reed Naylor, Idaho Falls' all-state forward and Shaw, a very good substitute, to one point. Thomas, forward of Pocatello, kept the crowd gasping with his long shots from any point of the floor. Win or lose, there are two teams I would like to see in action.

Starting lineup for each team: Idaho Falls Pocatello Naylor R. F. Thomas Greene L. F. Muller Watson C. Foster Dodge R. G. Wadsworth Williams I. G. Rink

Burley high school went on a scoring spree and came home with the long end of a 32 to 16 score against Rupert. Hagan and Smith at forward, Peacock at center, and Acaturri and Parish at guard started for Burley.

Here's one for Ripley. American Falls' town team played five games Saturday in order to win the Outlaw tournament at Gooding and were successful in every tilt. Bull was second and Hollister, third. Hollister carried off the sportsmanship cup for good clean playing.

North Idaho The first lists of district percentage standings are coming in and show some surprising news. Here's one from the head of the White Pine district of the North central conference. In the River district, Peck won with a record of five victories and one defeat. Lapwal stands as the undisputable head of the Valley district with seven losses, no defeats and one game left to play.

In the Prairie district, Kamiah, Winchester, Cottonwood, and Nezperce stand about on par with each team having four more games to play. Lewiston, as hosts to the tournament, will also be defending champions. It will be anybody's tournament until the final game is played by the looks of the dope.

Mel Ingram's Wallace Miners added another point to their long list of victories by defeating the Kellogg Wildcats, Friday night.

Approximately 150 Syracuse men students were engaged in that most popular of all undergraduate jobs, waiting on tables.

SPORT SHOP

The conference basketball games over the week-end tallied to change the standings any but tightened the race for top honors until only half of a game separate the league leading Cougars from the second place Washington Huskies. While Washington closed down on W. S. U. by taking a pair from the Vandals, the Cougars dropped two close ones to Oregon.

Oregon has the Indian sign on the Cougars. The Webfest have been the only team to beat the Staters during the 1931-32 season and added insult to injury by taking three out of four—then dropped two to Idaho.

The Vandals will hold the key position in the final drive between Washington and Washington State for the conference lead. Of the three games remaining on the Idaho's schedule, two will be with the Huskies and one with the Cougars. Both of the leaders will be trying hard for wins and Moscow fans should see some first class ball to top off the season. The first of the important games will be played Friday when Coach Fox will have his last try of the season at the Cougars.

According to an article in Sunday's Oregonian, "Slats" Gill and his crew had quite an exciting time on their recent invasion of Pullman and Moscow. Listed among the thrills experienced on the trip were a minor riot, being snowbound, missing a train, lights going out in the last minutes of a close game, one of the players cracking his ankle, and another hurting his shoulder.

The same article stated the Mr. Gill denied the statement that officials Morris and Mitchell were run out of town following the first game. No, they were not run out of town as they would have been in the good old days, but few were the tears that were shed when they failed to get through the snow drifts to handle the second game.

Many fans were surprised when O. S. C. dropped a game to Gonzaga in Spokane last week, but a look at the lineup should reduce the shock. The eaves played their second team most of the game and Ed Lewis did not suit up for the game. The fans know the difference between the team when Lewis is in and when he is not—not more than 75 per cent.

Six new rules were added to the list yesterday by the national rules committee. Some of the new additions were needed but the committee went to the extremes. The defensive men can no longer use

their hands on the offensive man's head, flying tackles and blocks are barred, and the placing of the men receiving the kick off are limited. Next year will probably see the addition of a new official—one to carry the rule book as it will be too heavy for the referee.

In the game with Oregon State last Tuesday Aiton arrett, stellar Vandal forward, committed a sheer deed, which in war times might have cast him down into the sad doom of an enemy spy. He was not wholly to blame, however, for the darkness that enveloped the gym in the fading moments of the game caused the error.

An excerpt from the Oregon State publication reads: "During the second game with Idaho at Moscow the lights went out. The scorer's table to get some idea of the amount of time left and the score. Barrett, Idaho hoopster, evidently couldn't make his way around in the dark, for he sat down on the Oregon State bench. It so happened that Mr. Barrett seated himself next to Jimmy Hartwell. Jim thought it was Kenny and gave the Idaho player a big pep talk. Barrett quite agreed with Hartwell—what they needed out there was more fight. Jim was not aware of his error until the lights came on."

WASHINGTON HAS LESS ENROLLED

P. I. P. A.—Registration statistics of the University of Washington reveal a decrease of 402 over last semester and the lowest winter enrollment since 1926.

Of the fall quarter students, 579 did not return. The loss was somewhat offset by the enrollment of 176 new seniors. The freshman class lost 126, the juniors 25, and the special student group of students 25. The total college enrollment shows a decrease of 533 under the registration at this time last year.

Beside the seniors, the only increase in students was in the graduate group, where one new student joined making the total of the graduate school 636.

COSMOPOLITAN CLUB TO BE ENTERTAINED

Prof. C. J. Brosnan will tell the Cosmopolitan club about George Washington Friday evening in the social rooms of the First Lutheran church, Second and Van Buren streets. After the lecture the members will dance the Virginia Reel, in commemoration of the days when Washington stepped the light fantastic with Martha Curtis.
