

## Nineteen Groups Enter Teams In Contract Bridge Tourney

### Tournament Rules

1. A team of two members and two alternates shall represent each group, the alternates playing when the team members are unable to participate.
2. Two single elimination sessions will be held each night of play. Each session will consist of three rubbers of CONTRACT BRIDGE by each table.
3. Duplicate bridge will be played in all games.
4. The winners will be decided on the highest score and not the number of rubbers won. One half of the teams will be eliminated the first week. The winners of the first week's play will play the second week, and the final game will be the third week.
5. Each entry will be assessed 25 cents to cover the expense of the tournament.
6. A prize will be awarded the winning team at the close of the tournament.
7. The playing will take place in the main room of the Blue Bucket inn.
8. Each table will be presided over by a referee. The referees are: Dean Permeal J. French, Mrs. Lenore Scott, Mr. Harold Boyer, and Lieut. John W. Sheehy.

Nineteen groups have entered teams in the Argonaut Contract Bridge tournament to start Monday night in the main room of the Blue Bucket inn. The tournament will take three weeks to complete. An attractive cash prize is being made up out of the entry fees for the winners of the tournament. Four teams will play each night and kibitzing will be allowed—quiet must be maintained.

The tourney will be single elimination. The two winners of each night's play will play each other the following week at a time to be announced in the Argonaut. The final game will be played February 27. The playing will start each night at 7:30 o'clock. Duplicate hands is the system to be used in the tournament.

The referees will alternate tables during the evening. The referees are: Dean Permeal J. French, Mrs. Lenore Scott, Harold Boyer, and Lieut. John W. Sheehy. Mrs. Scott and Lieut. Sheehy will referee the games Monday, Wednesday and Friday nights of the first week of the tournament and Dean French and Mr. Boyer will hand out the decisions the other two nights.

An entry fee of 25 cents per person is being charged. The alternates are being charged as well as the team. The money collected will be used to pay the expense of the tournament and to make up the grand prize.

The winner of the tournament will be the team having the most points at the conclusion of the contest. Three rubbers will constitute an evening's play for each table.

Students who are not connected with any group are eligible to enter the tournament. They may do so by dropping an entry blank in the Argonaut box in the hall of the Administration building or by calling the Argonaut office in the Memorial gymnasium Monday afternoon.

Contestants for the first week have been chosen in alphabetical order. The contestants for the first week follow: Monday—Alpha Tau Omega vs Alpha Phi and Beta Theta Pi vs Delta Chi. Tuesday—Delta Tau Delta vs Delta Gamma and Gamma Phi Beta vs Hays Hall. Wednesday—Kappa Sigma vs Kappa Kappa Gamma and Phi Delta Theta vs Phi Gamma Delta. Thursday—Pi Beta Phi vs Ridenbaugh hall and Sigma Alpha Epsilon vs Sigma Chi. Friday—Sigma Nu vs Tau Kappa Epsilon. Tau Men Alpha, which drew a bye in the first round of games will draw one of the defeated teams of the first four nights of play for their opponent.

Following are the members of the teams from each group, the last two named are alternates:

Alpha Tau Omega—James Warner, Ed Finch, Marius Hanford, and Dean Eichelberger. Alpha Phi—Mildred Clare, Bonita Lou, Bessie Clare and Jean Boomer. Beta Theta Pi—Eldred Ut, Harold Sprague, George McDonald and Robert Vance. Delta Chi—Doek Hogan, Fred Cromwell, Gene Scott, and Allan Walker. Delta Gamma—Anne Walker, Betty Merriam, Catherine O'Neill, and Catherine O'Brien.

Delta Tau Delta—Wiff Janssen, Howard Langley, Jack Morgan and Dahl Evans. Gamma Phi Beta—Alberta Bergh, Mary Keating, Frances Hanley and Marjorie Drudney. Hays Hall—Bernice Day Maloney, Elaine Cash, Margaret Thomas and Isabel McFadden. Kappa Sigma—Jack Blair, Harry McCoy, Ray Maxfield and Fred Sanger. Kappa Kappa Gamma—Marthalene Tanner, Elinor Jacobs, Virginia Gascogne, and Maude Galloway. Phi Delta Theta—Horton Herman, Bill Willis, John McManamin, and Howard Potts. Phi Gamma Delta—Howard Johns, Smith Miller, Shul Arms, and Morey Miller. Pi Beta Phi—Dorothy Williams, Virginia Quigley, Ione Walters, and Winnifred Schoonmaker.

Ridenbaugh hall—John Farquhar, Fred Drager, Leonard Tucker, and Charles Moser. Sigma Alpha Epsilon—Milo Axelsen, Paul Jones, George Beardmore, and Pete Taylor. Sigma Chi—Warren Brown, Dick Oberholzer, Nat Congdon and Kenneth O'Leary. Sigma Nu—

## CITED IN SUPREME LAW DEAN'S BOOK COURT DECISION

### Unusual Legal Distinction Comes to Dr. W. E. Masterson

Dr. W. E. Masterson, dean of the college of law, received word this week that his book, "Jurisdiction in Marginal Seas," has been cited in a recent United States supreme court decision—an unusual legal distinction.

Cases are often cited in supreme court decisions, but books rarely indeed. The decision in which the citation occurred was handed down by Justice Louis Brandeis, most liberal member of the supreme bench. The case was Cook vs. United States, evidently involving some question of liquor law violation in rum running.

Dean Masterson's book carries the additional subtitle, "With Special Reference to Smuggling." When it was published two years ago, it was the only authority of its kind in existence, and was universally accepted. It deals with international law—such questions as seizure of foreign vessels engaged in rum running.

The first word Dean Masterson had of the incident was a letter of congratulation from Dr. Mauley O. Hudson, noted law authority at Harvard. Dr. Hudson delivered a series of lectures here in September, 1931, inaugurating the William Edgar Borah Foundation for the outlawry of war.

## HAROLD ENSINGER WILL GIVE FIRST BASSOON CONCERT

### Eastman Music Pupil Has Written Own Cadenzas for Concerto

The first bassoon concert to be given in the history of the university will be presented Sunday at 4 o'clock in the university auditorium by Harold Ensinger of the music department. The program to be given by Mr. Ensinger follows: Concerto for Bassoon, W. A. Mozart; Concerto for Bassoon, Andante, Rondo, by W. A. Mozart.

Aladin by Albert Stoessel. Ode by H. K. Schmidt. Marche Orientale by Albert Stoessel.

Adagio, Humoreske, Arioso, Julius Weissenborn.

Hungarian Fantasia, Andante, Hungarian Fantasia, Andante, Hungarian Rondo, by C. M. von Weber.

All of the numbers in the program with the exception of the two by Albert Stoessel were written especially for the bassoon.

Bassoon players of the 18th century always furnished their own cadenzas in playing the concertos. Mr. Ensinger is following this tradition, and has written his own cadenzas for the concerto.

When Mr. Ensinger attended the Eastman school of music he studied the bassoon with Jacob Nabokin, former court bassoonist to the Czar of Russia.

## MAKE FINAL PLANS FOR SPINSTER SKIP

### Mortar Board Reduces Price of Tickets to Forty Cents

Final plans for the Spinster's skip were made at the last meeting of Mortar Board. The skip will be held at the Blue Bucket on Washington's birthday, February 22. That day is a university holiday and the Skip will furnish diversion for the afternoon. The hours of the dance will be from 2:30 to 5. This annual matinee dance is always well attended, as it is an excellent way for a girl to repay a fellow for all his little courtesies of the year; the shows, the dances and the dinners which are quite a drain on any man's pocketbook.

Mortar Board has reduced the price this year to 40 cents. It is thought that a greater number of women will be able to take their friends to the dance if the rates were lowered and Mortar Board desires to make this event an affair for everyone on the campus to enjoy. Interesting programs have been ordered and will go on sale in the women's houses and halls about February 15. Claire Gale's six-piece Blue Bucket band has been engaged for the dance.

Something really different in amusement and entertainment is being featured at the dance this year, so Watch and Wait.

Notice! Notice! Sign for your Gem now! Main hall of the Ad building. Saturday is the last day! Pay for your book by transferring your general deposit.

JUST FIND THE GOLD (Elements of Prospecting) is the title of a course which the University of California extension division announced recently will be offered during the spring term. The class, which will include instruction in methods of panning gold, will be taught by Alfred Livingston Jr., instructor at Los Angeles Junior college.

## Red Color Usually Is Most Excitable Says Dr. J. W. Barton

As Dr. J. W. Barton says, "We cannot say definitely about the effect of any color on different people but usually the color red seems to excite more than any other color, although yellow, white and orange (which is the combination of two excitable colors) have practically the same effect though not as forceful.

Green is a very soft color and tends to calm one; blue much more so. Black has little or no effect.

There has been a great discussion as to which color the basketball suits should be or if the color has any effect. Dr. Barton says that colors do have an effect on people and that there is no doubt about it. The general belief is that red seems to be the most profitable.

It excites the audience and increases the interest in the crowd. A general experiment proves that with red basketball suits the audience will be larger at every game. Of course, when the audience is excited it results in better playing because the team with greater support is more enthusiastic.

As usual there is another side to the story. The opponents are also aroused and their fighting instinct is increased by the color red; and this makes the competition much stronger and increases the intensity of the game remarkably.

The reason Texaco signs are so outstanding is because of the combination of the colors yellow and red which attract attention and arouse interest. As one notices by experiment a red or orange sign will catch the eye much sooner than will a black one.

Committee Appointed. A committee was appointed at the meeting to look into the possibility of securing a resumption of the 10 o'clock assemblies which were so popular last year. It was felt that the students are missing a lot by not hearing the many talented entertainers and educated speakers who would be obtained for such meetings.

Those appointed on a committee to arrange an interfraternity dance were Claude Marcus, chairman, George Giles, and Paul Ward. A committee on the revision and compilation of the interfraternity rushing rules for next year was Morris O'Donnell, chairman; Ted Showalter, and Rex Dyer.

## SIGNS TELL USE OF GREENSWORD

### Students of More Interest Than Grass.

When signs recently appeared on the campus of Washington and Jefferson college in Washington, D. C., saying "Please Walk on the Grass," students were inclined to put it down as the work of some wag.

But Dr. Ralph C. Hutchinson, president of the college, revealed this week that the signs really mean what they say.

"The campus belongs to the students," he said, "so why shouldn't they walk on the grass? I want to walk on it myself."

And to any critics who might object to his attitude, he added: "I can only say that I am more interested in the students than I am in the grass."

## PRESENT FIRST DEBATE TONIGHT

The opening varsity debate of the season will be presented tonight at 8 o'clock at the L. D. S. Institute. Maurice Russell and Mark Fell will represent Idaho and Gonzaga teachers will probably consist of R. E. Gilby and A. J. Albi, both of whom have fine debate records.

The question is: "Resolved, that all inter-governmental war debts should be cancelled." A. E. Whitehead, assistant professor of English, is the Idaho coach.

## MORTAR BOARD COUNTS VOTES FOR CAMPUS KING CONTEST

### "LOWER PRICES" IS CRY OF IDAHO FRATERNITY MEN

#### Greek's Council Holds Discussion on Advertisers at Tuesday Meet

The major portion of the time in the interfraternity council meeting Tuesday evening was taken up with a discussion of ways and means to bring the fraternities of the Idaho campus to the support of those merchants in Moscow who advertise in the Gem of the Mountains and in the Idaho Argonaut. They wished, in some manner, to show those merchants who have not lowered prices in accordance with the times how the organized fraternities can refuse to pay exorbitant prices with a depreciated dollar.

It was pointed out that, since the fraternities on the campus control the purchases of 500 men students, any concerted action on their part would most certainly bring results.

A committee was appointed at the meeting to look into the possibility of securing a resumption of the 10 o'clock assemblies which were so popular last year. It was felt that the students are missing a lot by not hearing the many talented entertainers and educated speakers who would be obtained for such meetings.

Those appointed on a committee to arrange an interfraternity dance were Claude Marcus, chairman, George Giles, and Paul Ward. A committee on the revision and compilation of the interfraternity rushing rules for next year was Morris O'Donnell, chairman; Ted Showalter, and Rex Dyer.

## Jail Is Penalty Paid By Abductor Of Julius Caesar

A case, termed by police as the first "literary kidnaping" on record was brought up in New Orleans recently against Allen Johnson, former philosophy student at Stanford university.

Johnson, charged with "abducting" the life of Julius Caesar, written by the Emperor Napoleon III, from the public library in New Orleans, is now thinking it over in jail. The books were taken January 6th, and a note left in their place, saying they would be returned upon payment of a 1500 dollar ransom, and the library was directed to advertise in the newspapers for their return.

Eleven responses followed an advertisement placed January 22, but it was not until January 25 that police traced the phone call to the person saying he held the books.

The librarian held the wire for fifteen minutes while police traced the call.

## Lee Parkinson Has 30 Votes Lead Over John Farquhar; Jim Farris Is Third in Race

At a recent meeting of Mortar Board the ballots which have been cast for the Campus King contest were counted, and it was decided to let the public in on the "know." The contest is not over by any means, so the votes, as cast up to this time, are no indication of the way the contest may turn out. There is yet plenty of time to elect your man.

## IDAHO MUSICIANS PRESENT NUMBERS AT TROY BANQUET

### Seven Students Provide Special Entertainment at Get-Together

Seven university musicians, in company with Carleton Cummings of the department of music, journeyed to Troy Wednesday at 6:15 to provide special entertainment for the annual Troy community banquet, held under the auspices of the chamber of commerce.

Dr. C. J. Brosnan of the history department, as the speaker of the evening, gave a resume of the personal life of Abraham Lincoln. In response to the request of Mr. Frank Williamson, president of the chamber of commerce, Dr. Brosnan chose to speak on the career of Lincoln as a memorable figure in this country's history, who is especially to be remembered during this month. In commenting on the dinner, which brought together nearly all the families of the town, Dr. Brosnan said: "They show a spirit of cooperativeness and interest in community affairs that is remarkable and unsurpassed in many larger communities." The speaker also remarked that the audience was courteous and attentive throughout his talk and was extremely pleasant to speak to.

The banquet was presided over by Frank Williamson. Mr. Williamson is a former university student. With him at the banquet was his wife, who was formerly Miss Mirth McArthur, a graduate from Idaho.

A Valentine motif was carried out by the decorations throughout the hall, with novelty Valentines creating the desired atmosphere for the dinner and program to follow. During the dinner courses entertainment was provided by a five-piece orchestra.

The program by the university musicians was opened by three numbers of the university male quartet, made up of Reginald Lyons, first tenor; Wayne Hampton, second tenor; Paul Rust, baritone; and Carl Fischer, bass. Patricia Kennard then played two violin solos, which were followed by a group of vocal solos by Professor Cummings. Two more numbers by the quartet, concluding the entertainment, were "The Girl" and "The Girl" by Jean Reiberg played the accompaniment for the numbers.

Farquhar Is Second. Here are the ratings as they stand at this time: Lee Parkinson is in the lead by some thirty votes, his votes were all cast by three people. John Farquhar comes in second, and his votes were also cast by three people. James Farris takes third place. Jim's votes were cast by the same person and the astounding fact about it was that the handwriting was that of a girl. Con Gillespie and Wif Janssen tie for fourth place. Con received ten votes deposited by one person and Wif was more popular, his votes being cast by various people. H. C. Monroe received four votes and Harold Gall two.

There were several other men who received a few votes. Frank McKinley rated on intelligence, personality, and activities. Joe Woods got his votes for his appearance. Don Harris received votes for intelligence, character, appearance and activities. Clive Johnson rated on all the points of the contest, and Junior Jones was rated for intelligence. Clark Cable was also mentioned but in as much as this is a campus contest we are forgetting him.

We don't pretend to be psychic in regard to the handwriting on the ballots, but it was most amusing to note that a few people were so vitally interested in electing their man. There is time left yet to vote for your choice. We shall keep you informed as to the voting each week. The contest is yours and the king will be your representative so select your own man and VOTE NOW!

## NEW CONSTITUTION NEEDED BY SCHOOL

O. K. McMurray, dean of the University of California college of jurisprudence, denounced the constitution of the Associated Students of California as weak. The referendum section of the constitution was especially criticized by the dean.

"I suppose this constitution was drawn up by a group of student politicians sitting around a fireplace of some fraternity," said McMurray. "I suppose you do need a new constitution, but who has time to draw up a new one?"

## POSITIONS "FIXED"

The Columbia Daily Spectator recently undertook an investigation of its own charges that candidates for sports managements were (fixed) in advance by deals among fraternity groups. Spectator maintained that this system of deciding managerial positions was merely a part of Columbia's fraternity-controlled political system. The paper recently advocated abolishment of fraternities.

## FAVORS MORATORIUM

Harry G. Kipke, coach of the championship University of Michigan football team, today advocated a three to five year moratorium on changes in the existing football rules.

## CAMPUS ROBBERIES REMAIN UNSOLVED

### Sheriff Thinks That the Thief Is Living on the Campus

No clues have been uncovered in the recent campus robberies. The sheriff's office seems satisfied that the person or persons who committed these robberies at the numerous fraternity houses is either a student or persons who are well acquainted with the houses on the campus.

## SHERRIF THINKS THAT THE THIEF IS LIVING ON THE CAMPUS

No clues have been uncovered in the recent campus robberies. The sheriff's office seems satisfied that the person or persons who committed these robberies at the numerous fraternity houses is either a student or persons who are well acquainted with the houses on the campus.

## FAVORS MORATORIUM

Harry G. Kipke, coach of the championship University of Michigan football team, today advocated a three to five year moratorium on changes in the existing football rules.

## TRIO OF WEBFOOT PRINCIPALS

Here are three principals of the Webfoot outfit that tangles with Idaho tonight and tomorrow night at Eugene: Kermit Stevens, the peppery little veteran guard; Cap Roberts, the red-headed leader of the Oregon five; and Coach Bill Reinhart, Captain Robert gave the Vandals a tough evening in the first Webfoot games here two weeks ago with his deadly one-hand push shots. He was checked effectively the second evening, but is a constant threat. Stevens took scoring honors for the losers in the second game, and furnished the main inspiration for his team in the W. S. C. games.

Reinhart's bunch has yet to win a conference game, but are still giving the other teams a run, and are counting on picking up a couple of games before the end of the season.

## HOCKEY PLAYERS BATTLE COUGARS FOR SECOND TIME

### Idaho's First Home Game of the Year on Saturday Afternoon

Idaho's first home hockey game of the year was fought with W. S. C. at 2:30 tomorrow afternoon on the skating rink on the campus tennis courts. A fast and exciting game is anticipated by Coach Ralph A. Hutchinson, as Idaho is out to get revenge for a 4 to 2 defeat which W. S. C. handed her last week.

The Idaho squad has been working out every afternoon and has been strengthened by the addition of several new men. Men who will probably see action are Harry Wilson, Ken Nolley, Dick Evans, Roy Quinstrom, Bob Moser, Ray Sower, Jerry Fogle, Egon Kroll, Ted Swanson, Bert McCallum, Walt Northby and Vincent Devis. Evans will probably be at the center position, with Wilson, Nolley and Quinstrom alternating at the forwards and Sower, Moser, Kroll, Swanson and McCallum playing on defense. Fogle will hold down the goal and may be relieved by Wilson.

### Wants Support.

Wilson, who has been an important figure in the organization and action of the team, urges that all students attending at the forwards and Sower, Moser, Kroll, Swanson and McCallum playing on defense. Fogle will hold down the goal and may be relieved by Wilson.

### Hawkeye

### On Duty

This week we made the following selections: — Bones Reese and Wildcat Walker eating ice cream cones during sub-zero weather. — Marj Druding in those red plaid socks again. — Alberta Berg with other fellows (was Hawkeye wrong?). — Two Ceaur d'Alene Miners Shorty Tang and Elsie Lately back on the camp. — Phi Delf pledges deciding to hit the books. — Cliff O'Neil in the Bucket with Brother Phelan AGAIN! — Johnny Thomson exhibiting his handkerchiefs and sales talk to Dean Skoog and everybody else that happened along. — That famous team Woods and Galley looking contented again. — Elburn Pierce getting the bird while Pinsky Hegen acts in the former's absence. — We hear that Gus Taylor has become related to a famous English king due to a part in a forthcoming dramatic endeavor. — Paul Miller looking for a misplaced \$5 book. — Lois Davie with nose high in the air. — S. A. E. Pledges in feminine attire.

### POINT OF COURTESY

Re-smoking twenty years ago the University of Chicago (Daily Maroon) printed the following "Among those who are forgetful of courtesy are the men who stop in the corridors, to light pipes and cigarettes. Aside from the actual annoyance of having to breathe in tobacco-laden air, women are sensible of having been treated with disrespect when men smoke in their company."

## BULLETIN BOARD

"I" CLUB MEETING SUNDAY morning at 11 at the Kapa Sigma house.

LOST—ONE PIGSKIN GLOVE — to left hand. If found please return to Bursar's office or Argonaut office.

SCABBARD AND BLADE MEETING, Sigma Chi house, Tuesday, at 7:30 p. m.

PINE-MED CLUB MEETING IN Science 110, Wednesday, 4 p. m.

IDAHO CHEMISTS' DINNER meeting, February 13 at 6 p. m. at the Blue Bucket Inn. Professor Eugene Taylor will speak.

DALETH TETH GIMEL INITIATION services will be held February 11 at 1:30 in the Women's gym. The banquet will be held at the Moscow hotel at 6:30 p. m. and the dance at 8:30 p. m.

## DISPLAY OF BEANS AT MORRILL HALL GIVES ODD STYLES

Morrill hall has an exhibit of the products that can be made from soy beans. The beans will do every thing from feed the baby to paint the barn," according to H. W. Hulbert, department of agronomy.

There are some 27 companies in the United States that are making everything imaginable from the soy bean. Some are manufacturing soap, mayonnaise, meal, or flour breakfast foods. Others are making glycerine products, enamels, varnishes, rubber substitutes, printing inks, and glue—these, of course, are in the non-edible division.

### University Promoting.

The industry of raising soy beans in Idaho is being promoted by the university on plots of ground in the districts fitted to grow this crop. Farmers in the warm irrigated areas of the state have set aside space for these experimental tests. These on the whole have been gratifying, and the yield is twice that for the same amount of ground in the orient. If this industry is developed in Idaho it will not only give the farmer a new outlet for one of his crops but will furnish fertilizer for his land, and nothing is a better feed for livestock than dried soy beans.

Professor Hulbert has written many of the manufacturers of soy bean by-products, and has in this way gotten together this exhibit and will soon have it on display in the main foyer at Morrill hall. This soy bean venture is a little out of his line Professor Hulbert thinks, but it has been a hobby of his to try to see how many uses the soy bean could be put to. He has spoken to the chamber of commerce and the Rotary club on the advantage of getting the industry established in this state. At one of these meetings Professor Hulbert had biscuit served that had been made from the flour of the soy bean. He admitted that the club had liked the new biscuit but had not proffered him the cooks' job.

## CHURCH NOTES

The Roger Williams club of the Baptist church will be entertained with a Valentine party Friday evening at the parsonage. The church school of missions composed of the university students will meet at 6 p. m. Sunday for the first of a series of lectures on China.

"Soul" will be the topic for worship at the Christian Science church Sunday at 11 a. m.

## CABIN STARTS DUTCH TO WRITE

Not many college men can boast especially when the address is merely a picture clipped from a magazine. An international romance appears to be budding—here and in Holland—after Clement March and Maurice March's "Depression Special" picture was printed in "De Wereldkroniek," a paper issued in Apeldoorn, Holland. A young newspaper woman saw the picture pasted it on an envelope, and mailed it to the United States. As a result, it reached the March brothers, and a correspondence has been carried on since.

The depression shack, which is located near the new forestry nursery, has gained international fame, and has been printed in magazines and papers throughout the United States and Europe.

Not many college men can boast of letters from girls in foreign lands, especially when the address is merely a picture clipped from a magazine.

But two brothers here can do this very thing. As a result, an international romance appears to be budding—here and in Holland—after these brothers decided to take a slap at the depression.

They Got the Letter. Clement and Maurice March, the resourceful brothers at the University of Idaho, did receive such a letter from a foreign girl in a foreign land. And they are the brothers who figured out 18 months ago how to attend college despite hard times.

To reduce living costs, while getting an education, they built a shack on an automobile chassis and towed it 500 miles to the Idaho campus. Since September, 1931, dog teams, run pack trains, trap, they have been "backing" in their self-styled "Depression Special," and are as comfortable and happy as two bugs in a rug.

## COLD WAVE CAUSES MERCURY TO FALL FAR BELOW ZERO

### Keeps Districts Bundled In Sheepskins and Ear Muffs

Red ears and noses have been predominant on the campus the past two days as the mercury fainted to 18 degrees below zero, keeping this district bundled up in sheepskins and ear muffs. Students and professors have shivered their way to and from classes, wishing that the cold wave might break.

After maintaining a maximum temperature of 12 degrees above all during the day Wednesday the thermometer fell to 7 degrees above at 5 p. m., and then fell gradually throughout the night until 6 a. m. Thursday morning when it reached its lowest point of 18 below.

### Time-Clock Frozen

Mr. Burkart was unable to give an hourly report of the temperatures because his timing instruments stopped due to extreme cold. However, the local weatherman reported that the fall in temperature was very great and that the rise after 18 below had been reached would be gradual.

"Unofficial" reports from low-lying regions near Moscow gave reports of thermometer readings down to 32 degrees below zero. Many thermometers in the downtown area went to 20 degrees below and lower. The accuracy of the instruments, however, generally is not great.

From Troy came the report that the "best thermometer in town" early this morning was nearly out of sight at 35 degrees below the zero mark.

Elk River telephoned to Moscow that it was "chilly" at 40 degrees under the zero mark. One mercury bulb at Viola read 24 degrees under.

The records of the local weather observer date from 1903 and never before in the month of February has such a low temperature been recorded as was recorded Thursday morning. The previous low temperature for February was 15 below for the day of February 7, 1929.

The coldest temperature ever to be recorded at the local station was 20 degrees below on January 20, 1930. During February for the past 28 years the temperature has only fallen below the zero mark 25 times. The temperature has only been recorded below zero at an average of four times a year for the last 28 years.

Predictions from the local weather observer were doubtful. Mr. Burkart said, "There is no change in sight and there will not be until it gets cloudy or a wind comes up." Unlike most mornings the streets of Moscow were practically deserted. Those persons who did appear on the streets ducked their heads into their coat collars and walked briskly.

### WANTED!

Someone to share expenses to Oakland, Cal. leaving Saturday a. m. Call Mark Rivers, 620 Deakin Ave. Not returning.

## Contracts Found Says Gentleman Jim

Some of the colder greeting to you and you:

We see by the papers that another Sphinx has been discovered in Egypt. It still leaves the profs, who found four or five sphinxes as a result of the quizzes, far, far, in the lead.

And while everyone has gone nanner-nanner over these Kunning Kontests, no one seems to have formed an Idaho (Greeters) group to look after visiting teams from other schools.

He was only a math prof's son, but he certainly knew his figures. The Hall of Fame has another candidate in the person of the student in Dean Crawford's class on (Contracts) who sat reading a book placed inside the regular text. It happens that the Dean's choice of a (Contracts) book is written by Tucker, while the student seems to prefer a book on the same subject written by Culbertson.

A Kontest a day, keeps the blank pages away. Not that anyone is stuffing the ballot box, but will the person (or persons) who so kindly removed all of the Kampus King ballots from the Argonauts delivered at R. H. at least wait until the fellows have had a chance to read the paper.

P. S.: Don't bother to return them either for we are tired of jig-saw puzzles. We hear that the threatened passage of a "Gin Marriage Law" in Washington, similar to that in Idaho, has caused several couples to take Harce Greeley's advice and "Go West."

We also hear that the winner of the Kampus King Kontest is to be picked as a member of Senator Dill's (Beer Tasting Committee). Don't all speak at once!

JOHN T. FARQUHAR.

## DEAN GIVES VIEW ON TECHNOCRACY

Dean John W. Finch of the school of mines, in giving his views on Technocracy, stated that he had been studying a lot of the literature that the Technocrats had published and could find no new or startling theories advanced by them.

"The action taken by the committee of engineers which investigated the facts that the technocrats were basing their statements on, met my approval in every respect," said Dean Finch. "They, the technocrats, were not using the true figures, and there is an opinion that the facts might have been furnished by the soviet government. The propaganda of the technocrats is not uninfluenced by communism. One of their members was fired from his last

## BEAUTY POSSESSES IMPORTANT PLACE

### Wichita Professor Says That Brains Count Little.

Maybe the beautiful but dumb girls have something after all! According to observations made by Professor H. W. Mikesell, head of the psychology department at the University of Wichita, girls with personality, rather than brains are most likely to succeed.

"Psychology has determined by actual experiment that success depends 85 per cent upon personality and only 15 per cent on brains," he said.

## Wooden soldiers in the war against decay

To conquer the forces of decay which attack telephone poles, scientists of Bell Telephone Laboratories carry on a relentless campaign. They study many kinds of wood, test many preservatives. They isolate wood destroying fungi and insects—study them in the laboratory—search for a practical means of combating their attack. They have set out armies of stub poles in Mississippi, Colorado and New Jersey where altitude, climate and soil vary widely. At regular intervals they inspect these poles to learn which woods and preservatives are best. Such scientific thoroughness is one reason why Bell System plant becomes more efficient each year. And why telephone service is so dependable.

## Blue Key Informal Dance Is Feature of Week-End

The annual Blue Key dance which will be held at the Alpha Tau Omega house tomorrow night will hold the social spot-light for the week end. Daleth Teth Gimel will give a formal dinner and dance in honor of the new initiates at the Moscow hotel Saturday night. The Valentine motif will be carried out in the decorations. Now that examinations have been forgotten and everyone is registered, social affairs on the campus will again come into prominence. In the next few weeks formal, informal, and initiation will become popular.

### CELEBRATE BIRTHDAYS SEVENTEEN WOMEN

Seventeen students celebrated their birthdays at a dinner given in Hays hall Wednesday evening. Those sitting at the birthday table with Dean Permeal French and Miss Lena Shoup were: Bernice Lennon, Margaret Thomas, Lois Neukman, Mildred Wright, Helen Greaser, Marjorie Stone, Eleanor Stewart, Gertrude Evans, Isabelle McFadden, Elaine Cash, Louise Marsh, Dorothy Green, Ellen Hulme, Ruth Shoemaker, Robert Moser, Tom Turner, and William Shutte.

Mr. and Mrs. M. F. Egbers of Coeur d'Alene were dinner guests of Alpha Phi Wednesday.

Dinner guests of Kappa Sigma Monday were Don Sibest, Clarence Spang, and Cranston Scarr.

Delta Gamma entertained Sigma Chi at an exchange dance Tuesday.

Calvin Souther, Spokane, was entertained Tuesday by Kappa Sigma.

Sigma Nu announces the pledging of James Innis of Coeur d'Alene.

### Use Different Date Questing Methods For Annual Skip

"Drags and applepolishing" are topics of professors about this time of the year with references to grades. But the men on the campus are speaking of the two above terms, meaningfully, concerning dates for the Spinster's skip.

"And you know, all year long, I've wanted a date with you," says a masculine voice on the other end of the wire. "Well, if you can't give me one in the next two weeks, how about the afternoon of February 26?" And then just how can the fair damsel refuse?

"Come to think about it, isn't that the date of the Spinster's skip?" And now she can't ask her secret desire, and he'll never know.

Methods of their mannish request have resulted in extra phone calls, book carting and cokes. That's one place that the men have an advantage over the "wim-men folks." They can seek out and secure dates by so called hidden weapons, which are in truth most evident. The women have to put across their personality, beauty and intelligence only as it is sought out.

Yes, it pays to be a man, especially on February 26, the date of the Spinster's skip.

## LOOKING AT THE STARS

By Margaret Moulton

Rehearsals are now in full progress for the next all college play "Much Ado About Nothing" to be presented March 10 and 11. Although the cast is well known to the audience through the successful plays of the previous two or three seasons, it is their first appearance in a Shakespeare show.

Clayne Robison, who will appear as Benedick, one of Shakespeare's best known heroes, made a name for himself on the campus with his excellent performance in "Death Takes a Holiday" last year. Leland Cannon, who will take the part of Don Pedro, is well remembered in his role of Yank in "The Hairy Ape." He also appeared in "He Who Gets Slapped" and "Tom Cobb." Wiff Janssen has given several previous performances, the best of those being in "Ladies of the Jury," the first show of this year, and in "Death Takes a Holiday." In the present show he appears in the role of Leonato. Howard Altnow and Casady Taylor are both well known, having played in "A Paragraph for Lunch," "Death Takes a Holiday" and others.

### Women's Roles

The women's roles have been changed since the last announcement of the cast. Three of the parts will be double cast, and Catherine Brandt and Alberta Bergh will appear as Beatrice, playing opposite Clayne Robison. Miss Bergh made her first appearance in a three-act play in "The Hairy Ape,"

giving an excellent performance. Catherine Brandt has carried leading roles in "To the Ladies," "Ladies of the Jury," and several others. Marie Ferris and Margaret Moulton will take the part of Hero, cousin of Beatrice. This is Miss Ferris' first appearance on this campus, and Margaret Moulton has played in "The Cradle Song," "A Paragraph for Lunch" and "Ladies of the Jury." The other two women's roles will be filled by Jesse Hutchinson, Jean Ricker, and Lucille Moore. Miss Hutchinson and Miss Ricker will do the part of U-sula and Miss Moore that of Margaret.

The play is light in spirit, essentially a comedy. Its lines are as quick in wit and repartee as any modern show. It is a play that can not do otherwise than furnish an evening of excellent entertainment both in its characters and in its settings. The costumes will be in early Renaissance style, and are being designed by Miss Marion Featherstone.

### BODY LIQUID FOUND

Dr. G. H. Parker of Harvard university has announced the discovery of a third liquid that circulates through the body. Not only do we have flowing within us blood and lymph, he says, but also soluble oils, probably lipoids, which pass through the tissues.

## THREE-ACT COMEDY SCHEDULED FRIDAY

Church Ladies Plan to Present Farce Again.

"The Strike of the Ladies Aid," a three-act farce which was presented by the women of the Presbyterian church last week, proved so popular with townspeople and students that a third performance is scheduled for Friday, February 10. The curtain will rise promptly at 8 p. m.

The price of admission for university students has been cut from 25 to 10 cents. The cast of characters includes several prominent faculty wives and townswomen, all dressed for their parts in old-fashioned costumes. The play is being given in the new social hall of the Presbyterian church at the corner of Fourth and Van Buren streets.

## SPUR CONVENTION WILL BE IN APRIL

Later Date Will Enable More Women to Attend Meeting

The national Spur convention, which was to be held February 23, 24, at Corvallis, Oregon, has been postponed until April 6, 7, 8. This later date, suggested by the national president, falls during spring vacation, thus giving more people a chance to attend. The Intercollegiate Knights and Spurs are holding their conventions concurrently.

The national Spur officers will be guests at the Theta house during their stay in Corvallis, and delegates will stay at other group houses. Entertainment of a varied nature will be offered them. A military ball, formal dinner house show, and a swimming party are among the events on the program. The Idaho delegates will be chosen at the end of this month.

At the Spur luncheon Wednesday a dance honoring the Spur alumni was planned. However, the plans are as yet indefinite. Committees and further arrangements will be announced later.

## D. T. G. BANQUET HONORS WOMEN

Initiation Services at Gym Precede Semi-Formal Dance.

Members of Daleth Teth Gimel, town women's social fraternity, will meet for initiation services, Saturday, 1:30 p. m., at the Women's gym. At 6:30 p. m., a formal banquet, honoring the initiates, will be held at the Moscow hotel. A semi-formal dance, featuring Valentine's day, will follow the banquet. A flashlight picture of the banquet is to be taken for the Gem.

Members are asked to call Mary Axtell to make reservations for the banquet, price 75 cents each. Programs for the dance may be secured from Nita Winn, LaRene Richards or Dorothy O'Hara, price 75 cents.

### BUREAU FINDS WORK

Approximately 1200 students have been given employment by the University of Minnesota employment bureau since last fall, the bureau reported recently. Applications totalled 3000.

## The CO-ED MANNEQUIN

This looks warm—and is. It assures comfort in (cold spells) and is also an advanced spring style.

Visualize it in some becoming vivid pastel shade in angora wool or the increasingly popular jersey. Contrasting leather or wooden buttons and buckle are the smartest compliments to these fabrics. Loose fitting shoulders, adjustable neckline, and straight skirt are other fashionable details.

The nonchalance and comfort typified by this model illustrate the present trend of favor on American campuses.

Jeanne

## THE CINEMANIAC

at the Kenworthy MR. ROBINSON CRUSOE

Douglas Fairbanks Sr. at his bounding best on a tropical island. Living alone on an island, with nothing but a few animals for company, Fairbanks taxes the ingenuity of even the "great unwashed" with some of the contraptions he rigs up. Grand gags and laughs aplenty make the show good entertainment.

### STRANGE INTERLUDE

From a technical standpoint this is the most daring picture ever produced. Imagine Eugene O'Neill's analytical play in the movies! The utterance of unspoken thoughts makes the film both novel and interesting. Norma Shearer and Clark Gable are both astonishingly good. Watching Miss Shearer grow old gracefully and still deftly play with the lives of four men is worth the price of admission.

### THE MUMMY

Boris Karloff takes his place as the undisputed successor of Lon Chaney with this picture. Three hours a day were necessary to pre-

pare his makeup as the gruesome Egyptian mummy. Yards and yards of tape were wound around him every day and he suffered extremely. Like Chaney, however, he is willing to suffer any amount of torture and even break down his health to make his roles perfect.

## GEM BULLETIN

TAU KAPPA EPSILON and RIDENBAUGH HALL members will see house representatives and have pictures taken during week beginning February 13. Jack Fleke is the T. K. E. representative and John Farquhar the Ridenbaugh.

### —BUY GEM NOW—

ALL STUDENTS WHO HAVE failed to have pictures taken during the week scheduled for their group please call the Sterner or the Miklos studios for appointments. It is necessary that all these over-due pictures be in immediately! ! !

**HANG TOUGH!** The next four games will tell the tale as to how far and where Idaho will finish in the 1933 northern division basketball scramble. After a two weeks' rest from conference play, the boys set last night for Eugene, Corvallis and way points to meet the league-leading Oregon State Beavers and the league-chasing Oregon Ducks. The four games on this seven-day trip will decide not only Idaho's eventual fate in the percentage column, but will also likely settle the Beaver's hash one way or the other.

Tonight and Saturday, the Vandals take on Oregon at Eugene. They've got to win both these games to stay in the running at all, and it may not be as easy as it sounds. The boys will have to play better basketball than they showed against Oregon up here if they are to trim them twice more at Eugene. But the odds are in the Vandals' favor if they play ball.

The unfavorable side of the situation, however, is that even though the boys do wallop Oregon in both games, they will probably take such a battering and mauling from those Oregon halfbacks and rascals in union suits that they may be all tuckered out when they hit Corvallis on Monday. If the schedule called for Idaho to meet Oregon State first, our chances of winning from the Beavers would be much better than they are. Then they could drop over to Eugene and finish up the journey with two easier games. As it is, though, they tackle the easier team first and the tougher opposition last. And what's more, the so-called easier team is actually the rougher of the two in play, and the none-too-heavy Vandals will be a tired bunch of half-rascals when they reach Corvallis with two games against the league-leaders staring them in the face.

Nevertheless, it is now or never for Fox's men, all unfavorable schedules notwithstanding. If they take Oregon in stride and turn on full steam against Oregon State Monday and Tuesday, you'll see a wonderfully upset percentage column Wednesday morning. In fact there'll be a general upheaval of percentage all along the front, for Washington and W. S. C. are also tangling this week end. Idaho, by winning both games from both Oregon and O. S. C., has an excellent chance to step into the lead by a small and uncomfortable margin.

Oregon State at present has won 8 and lost 3. Idaho has 3 wins and 4 losses. If the boys can take the next four as stated, they'll have 7 wins and 4 losses against Oregon State's 8 wins and 5 losses. In percentage figures, Idaho would be ahead .636 to O. S. C.'s .615. Meanwhile if Washington and W. S. C. divide their two games at Seattle, the Cougars will emerge with the same average as Idaho's—7 wins and 4 losses. If the Cougars take both games from Washington, which is not likely, they would head the list with 8 wins and only 3 defeats. On the other hand should the Huskies trim the Cougars's whiskers twice in a row, and this is more likely to happen than not, the Huskies would find themselves back on the top rung from which O. S. C. pushed them a week ago. Thus, an even split between the Huskies and the Cougars this week end is what we want most.

If the Oregon State Beavers take both games, they are practically home, for they will then have 10 wins against 3 losses and only three games with Oregon yet to play. Should the Vandals gain a split with Oregon State, after winning both games against Oregon, their position in the race will be unaltered, though their chances at the flag will be somewhat slimmer.

So—It's up to the Vandals—not only for their own sake but for everybody concerned. If they can knock over Oregon State in two straight games, they'll be right in the thick of the fight no matter how Washington and W. S. C. come out. We get our cracks at those two later on. But if we can't take the Beavers into camp, it's all over. We are the last serious obstacle in their path to the flag. For once the Cougars and Huskies will be praying for us! The Vandals are the "white hope"—and how!

Ahoy. Please to charge this department with an error, score a hit for Professor Leo B. Calland, and charge the University catalog with an error also. It seems that there has been some grave mistake. The catalog says that Mr. Glenn James Jacoby is an instructor in the department of Physical Education. The truth will out, however, and it has been brought to our attention that we have professionally slighted Mr. Jacoby. The catalog is either in error or out of date. Mr. Jacoby is a full fledged Assistant Professor with all honors, privileges and rights pertaining thereto. We hasten to correct this mistaken identity. It is therefore no longer just plain Instructor Jacoby. It is Assistant Professor Jacoby.

While we are on the subject, let's straighten up the whole faculty list in the Linament Lane division of higher education. Just in case any of you have been disrespectful to or not properly impressed by the gentlemen of the blocking and tackling department, we understand that they own and operate the following titles, to wit: Professor Leo B. Calland, Professor Ralph F. Hutchinson, Associate Professor Richard A. Fox, Associate Professor Otto K. Anderson, and Assistant Professor Glen J. Jacoby. The very slight difference in the Associate and Assistant Professorships, as we understand them, can be compared favorably to that shade of distinction in the army between a first and second lieutenant.

So far we haven't been able to discover a learned title for Mr. James Hunchby who is in charge of all text books and laboratory equipment for the athletic courses, but then the legislature is still in session and maybe they haven't got around to Jim yet.

And lest you think we are becoming facetious about this matter of proper academic respect to the professors in this department, consider the following information: Careful research has disclosed that Mr. Orin Hollibaugh, the tooth-gritting coach of W. S. C., and then, on the whole, he never went to college (and whose boast still holds good if you know what we mean), has no title whatsoever at Pullman. He is just a plain coach. So is Mr. Bailey of the Bailey Angels. No class. No rating. Mr. Friel who tries hard to teach basketball ever there, and Mr. Schlademan, who teaches shot-putting to a Greek class, both have some academic recognition, being Assistants or Instructors or something. None of them rank as high in letters as do our professors, however.

And at Washington—shocking! The dapper Mr. Phelan, who costs them ten thousand and lots of worry every year, and because of whose threatened departure they almost closed up the university this winter, is actually but a mere Associate Instructor! Fancy that. Not even a full instructor, but only an Associate Instructor. And Mr. Hee Edmundson, the basketball teacher, and Mr. Tabby Graves, the baseball tutor, rank right along with them. Only Associate Instructors. Terrible!

We have class and dignity and rank and prestige over here!

At Eugene, the Oregon Webfeet will make their last stand tonight and tomorrow against the Vandals for a break into the win column. So far this season, nine straight defeats have been chalked up against the Lemon-Yellow. A clean sweep of the Oregon series would put Idaho above the halfway mark, and definitely in the running for the championship.

## CONFERENCE LEAD IS IN O. S. C. CAMP

Beavers Have Firm Hold in the Northern Division Race

Northern Division Standings.

W. L. Pct.	
Oregon State	8 3 .727
W. S. C.	6 3 .667
Washington	5 3 .625
Idaho	3 4 .423
Oregon	0 9 .000

With a 31 to 21 win over Oregon last Tuesday, the Oregon State Beavers have a firm lead in the northern division race with eight wins and three losses.

Coch Jack Friel's Cougars are in second place, one game ahead of Washington, and the Huskies, five times league champions, are relegated to third place.

Close Competition. The vital games this week end from the championship standpoint are those at Seattle, where W. S. C. meets Washington for the first time. Both are trying to overtake the league-leading Beavers, and a pair of defeats for either team would almost eliminate the loser from the title race.

## ANNOUNCE WEEK'S INTRAMURAL HOOP CONTEST RESULTS

Wage Exciting Battle to Decide Campus Group Victors

**Intramural Basketball Results For Tuesday and Wednesday**

A league—Lambda Chi Alpha 11, Delta Tau Delta 39, T. M. A. 6, Beta Theta Pi 21.

B league—Sigma Nu 16, Sigma Alpha Epsilon 18, Phi Delta Theta 12, Lindley Hall 19, Chi Alpha Pi 12, Alpha Tau Omega 16.

Good and bad basketball had its ups and downs in Tuesday's and Wednesday's intramural hoop contests. The Sigma Alpha Epsilon-Sigma Nu battle was decided by the closest score, while the Delta Tau Delta-Lambda Chi Alpha game was decided by the largest margin. A field goal converted in the closing minutes of play decided the issue in favor of the S. A. E. quintet against the Sigma Nu hoopers, while in the Delta-Lambda Chi fracas the Deltas went on a scoring rampage and swished the net for 39 points while they held their opponents to 11 tallies.

**Lopsided Contest.** In a lopsided contest, Beta Theta Pi drubbed T. M. A. 21 to 6. Jump, Beta, garnered 12 of his team's points. Lindley hall upset Phi Delta Theta, 19 to 12, by getting away to a flying start in the first half. The Phi Deltas went on the short end of a 12 to 5 score at the rest period but played the Lindley five on even terms in the second half.

After playing on even terms during the first half Alpha Tau Omega came to the front in the second half of their game with Chi Alpha Pi to win 16 to 12. At half time the score was knotted at 6 all.

L. D. S. defeated Sigma Chi 14-12 and Tau Kappa Epsilon defeated Delta Chi 29-10 in the games played last night. The T. K. E.s played fast ball and seemed to have little trouble in finding the basket while the other game was featured by close checking and not very accurate shooting.

## LOCAL MERCHANT COMPILES SCORES

C. O. Anderson Submits Statistics on Conference Basketball Race

Below are some statistics on the conference playing of members of the Idaho basketball squad, compiled by C. O. Anderson, owner of the Tick Shop in Moscow.

Anderson's hobby is boosting Idaho's athletics and keeping records of various kinds on Vandal contests. His source for these records, which he claims are correct, is personal observation and close checking on the Associated Press dispatches in the newspapers.

The records for the nine players listed below include field goals, free throws, total points and personal fouls. Afton Barrett is leading his teammates in scoring with a total of 54 points. Pete Wicks is the steady free throw artist with 13 counters in his column, while Ed Hurley and Howard Grenier take the rough playing honors with 19 personal fouls apiece. Barrett also is rated as the cleanest player on the first string, only six having been called on him in seven games.

Pl.	Ft.	Tp.	Pf.
Barrett	26	2	54
Lacy	18	11	47
Wicks	16	13	45
Grenier	11	10	32
Hurley	11	8	30
Warner	11	2	24
Thompson	2	0	4
Nelson	1	1	3
Jones	1	0	2

## BASKETBALL TEAM TRAVELS TO COAST FOR OREGON TILTS

Vandals Will Meet Conference Leaders and Cellular Occupants

Ten Vandal basketball players left last night with Coach Rich Fox for the coast where they will engage the Oregon Webfeet tonight and tomorrow night at Eugene, and the Oregon State Beavers next Monday and Tuesday at Corvallis.

In the first series, the Vandals meet occupants of the conference cellar, and in the second they meet the leaders, but in the light of games played at Moscow earlier in the season, all should be equally tough.

**Oregon After Wins.** Reports from the Oregon camp indicate that Bill Reinhart and his crew of Ducks are getting tired of wading in the lowly cellar, and are serving notice to their opponents that they still plan to pick up a couple of games before the season is over.

With a mathematical chance at the title, Idaho will be just as anxious to keep her record clean for the coast trip.

It will be the last road trip under Idaho colors for five of the Vandal players. Afton Barrett, Pete Wicks, Ed Lacy, Earnest Nelson and Ed Hurley are the quintet of veterans who are on their last stretch in intercollegiate competition.

Other players making the trip are Howard Grenier, Troy Thompson, Wes Shurtliff, one-year letterman, and Vic Warner and Junior Jones, sophomores, and senior manager, Lloyd Burnett.

**In Fine Shape.** "We're going down there to win some ball games," asserted Coach Fox before leaving. "The boys are in fine shape."

Although he is not predicting the outcome of any of the games, Fox intimated that he was expecting a lot from his men.

The Vandals are especially anxious for a win or two over Coach Slat's Gill's Oregon State Beavers to prove that the first games between the two at the start of the season were accidents. Every Idaho supporter who saw the games thinks that the Vandals should have taken at least one, and a win at Corvallis would help to recover some lost laurels.

Varsity and Frosh track aspirants report to room 104 in the Memorial gym, Monday at 4 p. m.

Wrestling turnout every night at 4 p. m.

## ONLY ONE VANDAL BOXER WILL FIGHT AT W. S. C. TONIGHT

Louis Denton, Freshman, Only Idaho Man to Compete on Card

Louis Denton, Idaho freshman, will be the only representative of Coach Ralph Hutchinson's boxing class to participate in an amateur boxing meet tonight. This card to be held in the W. S. C. gym at 8 p. m. under the auspices of the W. S. C. boxing club, will include 30 rounds of fighting from the best of the vicinity. Russell Tate, wearing the colors of the Moscow Athletic club, will make his appearance in the special event.

A double-main event was planned but Ardie Driskill, Moscow Athletic club, was forced to withdraw on account of an infected foot. The other feature of the main event is a match between Coach Buck Bailey and Frank Stojack, varsity heavyweight. Denton, one of the most promising of (Hutch's) proteges, will exchange punches with Glen Langdon of W. S. C., both fighters weighing in the 145 pound class. Tate will take his stand against Bud Taylor of W. S. C., weighing in at 135 pounds.

**Good in Practice.** "Denton has been showing up good in practice this last week," said Coach Hutchinson, "and will no doubt put up a good fight against Langdon." Hutchinson's boxing class has steadily increased since the start of school. There are over 30 men now turning out for instruction. This is a several hundred per cent increase over turnouts of past years. Those aspirants who started training early are rounding into shape now that the fundamentals have been mastered. This abundance of material, though given this year, will furnish a nucleus for next season's squad of fist-cuffers.

Jay Doak, flyweight; Charles Carlson, featherweight; Louis Denton, welterweight; and Orville Schmitz, heavyweight, are those who are showing up well in practices. Schmitz started work outs only a few weeks ago but is fast becoming one of the most promising contenders on the squad.

**Good Possibilities.** "We have several fighters who are displaying some very good possibilities," said Hutch. "We are trying to arrange some boxing cards in which more of the boys can take part so as to give them some practical competition," asserted the coach. In commenting upon the squad Hutch said, "This is the finest bunch of scrappy fighters I have ever had out for boxing here at Idaho. If they don't make such a good showing this year, they certainly will next season, for most of the team is composed of freshmen."

## FROSH HOOPSTERS WAIT FOR COUGARS

The freshman basketball team will tangle with the Washington State yearlings tonight and tomorrow night in the second and third games of their five game series. The game tonight will start at 7:30 and will be played on the Memorial gymnasium floor, while tomorrow night's contest will be played at Pullman.

The Cougar Babes took the opening game of the series when they edged out a 31-29 victory last Saturday at Pullman. The Vandal first-year men played a listless brand of ball but forced the Pullman squad to an extra five minute period before the fracas was decided.

Should the Jacoby proteges click in the two games this week-end as they have been in practice sessions the team should chalk up two victories.

Coach (Red) Jacoby will probably start the following men: Glen Naslund and Wally Geraghty, forwards; Glen Owen, center; and Bud Wardworth and Russ Honsoward, guards. Bill McCrea, Theron Ward, Bill Hudson, John Clausen, Elton Gaskill, Ed Mayer and Norm Iverson will be ready for relief duty.

For reasons of economy, the student executive committee recently announced it had abolished the traditional (big game) bonfire, which annually was set off just before the Stanford-California football clash. The last bonfire cost 7785.

## PROPOSE CHANGES IN FOOTBALL RULES

The only significant proposal which has been made by the rules committee of the National Collegiate Football Coaches' association, now in session in New York city, calls for the elimination of all play nearer than 10 yards to the sidelines.

Some of the more radical changes which were suggested following the close of the 1932 season, but which received no consideration by the committee were:

The proposal that teams be allowed five downs instead of four when within the 30-yard line; that a point be awarded for each first down made within an opponent's 20-yard line; that a team within its opponent's 10-yard line be permitted to use the limit of downs at the end of each half even though time has expired.

## A "New Deal on SILK HOSIERY

We are closing out all winter colors  
**50c and 75c**  
Per Pair

Fill your hosiery needs for the next two months.

All stock guaranteed first quality.
