

ANNUAL MILITARY BALL SCHEDULED FOR NEXT WEEK

March 18 is Definite Date Chosen; Alumni to Be Guests

The annual military ball, sponsored by the advanced military students of the Idaho R. O. T. C. unit, will be presented at the Elks' temple March 18. The ball will start at 8:30 p. m., and Morey O'Donnell's orchestra will furnish the music.

Appearing in formal military dress, the ball is one of the outstanding events in the training of officers at the university. Guests at the ball also appear in formal dress.

Alumni of the unit are to be guests of the ball at their annual social event. "We want all of the alums," said Alvin Jacobson, general chairman, "to attend the ball and be our guests for the evening."

The cost of the ball is deducted from the checks of the advanced students. The decorations for the ball will follow the militaristic motif.

The R. O. T. C. officers have selected Jacobson as general chairman of the ball. Other men assisting in preparing for the event are: George Matson, programs; Robert Van Uden, finance; Arthur Davidson, decorations; and William Robb, entertainment.

Patrons and patronesses for the dance will be President and Mrs. M. G. Neal, General and Mrs. E. R. Christman, Captain and Mrs. H. L. Henkle, Captain and Mrs. H. A. Hale and Lieutenant and Mrs. J. W. Sheehy.

VASITY DEBATERS WILL MEET TEAM FROM CALIFORNIA

Four Nationalities Make Up Fresno State College Group

Fresno State college's varsity debating team will meet Idaho's team next Saturday at 7 o'clock at the L. D. S. institute. The debate will be on the question, "Resolved: That the United States should cancel all debts resulting from the World war."

Idaho's team, composed of Claude Marcus and Karl Hobson, will uphold the negative side of the issue. Fresno State college will be represented by Spurgeon Avagian, and John Said who will debate for the affirmative side. This debate is the best one that has been scheduled this year, and is being held early to enable a maximum number of people to attend.

This debate with Idaho is one of 10 debates that the Fresno team has scheduled on a 3000 mile trip through the northwest. From a letter from J. McGrew, varsity debate coach, who will accompany the debaters on the trip, an interesting side-light of racial background was obtained.

The debaters are a queer assortment in many ways, but all very likeable chaps. Their racial background is interesting: an Armenian, an Assyrian and a German Mennonite from South Russia—A good representative American team. I am taking along a fourth boy, Alfred Thomas of good English stock, which rather spoils the record, however," said the Fresno coach.

UNIQUE FEATURES OF ENGINEERS' DANCE

Thrills and Entertainment Promised for Technocratic Dance Saturday Night

The Associated Engineers will hold their annual dance Saturday March 11 at the Women's gym. The dance is one of the feature dances of the year and the engineers are planning many surprises for the rest of the campus in the way of decorations and features. Claude Studebaker, chairman of the decorations committee will not tell the exact decorations but he gives hints that they will surpass all expectations. The theme of the decorations is built around technocracy. Miniature factories and power plants will be operated by power obtained from the tiny waterfalls that has been erected by the engineers. The music stand is built in a novel manner.

The programs for the dance are made from the regular engineers blue print. They are clever and very different from any used in the past.

Dock Hogue has planned a number of features that will awe the crowd. The electrical engineers have prepared a skit that they guarantee will thrill any one. One of the best features of the dance will be the presentation of St. Pat, considered the most outstanding senior engineer. He will be selected by a group composed of the president of the student engineering societies, Professor J. E. Buchanan, Professor H. A. Hull, and Dean I. C. Crawford. Tickets are 25 cents each.

Lawyers' Challenge Ags In Annual Basketball Game

WHEREAS: in accordance with a long practiced hoary custom we, the profound scholars of judicial science, realizing so deeply that the mental faculties of the apostles of the sheep sheds have long been in the dotage of an innocuous desuetude, and realizing further that the hour draws nigh when the bone and fat of the swains of the swine must once again be subdued to its mental level by the brains and blood of their lords, the lawyers, NOW, WE HEREBY, KNOW ALL MEN BY THESE PRESENTS, That we do hereby publish, post, issue, declare, announce, proclaim and make known this challenge:

WHEREAS: if the Ags will hereby promise to clean themselves of the fertilizing substance with which they are usually covered; if they will stop doing obeisance to cows, bulls, mares, studs, sows, hogs, jennys, jacks, ewes, buchs, and wether lambs; they will further promise to wash from their hair that lingering odor; if they will get their minds above the animal process; we, the illustrious group of lawyers, promise to appear to play a game commonly known as basketball, cassaba tossing, at any reasonable date the Ags may select, conditionally favorabilioribus studentibus. Ieclis. Any stipulation the Ags will select are agreeable and determinable by the learned lawyers.

BE IT RESOLVED: that if you, the peasants, need further enlightenment on any of the recalcitrant or obtrusive problems that may arise in connection herewith, do not feel constrained to approach your lords, the sanguine members of the mental aristocracy, who are fully aware that the servants of the soil have long since declared a moratorium on any intellectual processes. Witness our hand and seal hereunto affixed, this 10th of March, 1933, at Moscow, Idaho.

UNIVERSITY OF IDAHO LAW SCHOOL,
By Gus Carr Anderson,
Chief Justice.

PEP BAND SHOW DUE APRIL 27

"Plans Are Taking Definite Form," Says Ames.

The annual Pep Band show which was previously scheduled for April 22 has been postponed until April 27. The change was made after the official scheduling of Junior week for April 18-22 inclusive.

"Plans are taking a definite form," said Bill Ames, leader, "and we have set our own to some hard work which will lead right up to the show."

The band has already started work on the heavier part of the program and the new original arrangements by members of the band, which will be featured, will come later.

"We are trying to make this show the best ever," said Ames, "and hope to be able to take the entire production to Spokane or Lewiston if it is a success."

APPLE-POLISHING HAS VARIED EFFECT ON IDAHO PROFESSORS

"Say, he's the easiest prof on the campus to apple-polish." How often has that statement been heard coming out of the mouth of the professors at Idaho? But just what attitude do the professors themselves take toward apple-polishing? Does it go over as effectively as the students think it does?

Dr. J. W. Barton, head of the psychology department, thinks that if polishing is skillfully done, that it can be highly effective. His reasons are that even if the professor knows that it is only apple-polishing, if it is smoothly enough done it will get by, because the professors are only human. "Butch" Boyer, another psychologist, says that to think for one minute that apple-polishing is not very obvious is a joke. But he admits that it might be effective on occasion.

Dr. C. Brosnan, professor of American history, said: "Is 'apple-polishing' effective? Little of this ancient art is really needed on the Idaho campus because the students here are rated, among American universities and colleges, for their sincere cordiality and charm of manner. 'Apple-polishing' is, of course, a disappearing substitute for industry and scholarship because can not well be included among the emotional forms of literature. The advice which Omar Khayyam gave to the 'apple-polishers' of Persia 800 years ago still holds good for students who write blue books."

"It's moving finger writes And having writ, moves on; Nor all your tears, nor all your piety Shall erase a single line of it."

And what about the woman teachers? Miss L. Janette Wirt, of the physical education department, says that if a student is able to apple-polish, more power to him; because it is the professors' own fault for being egotistical enough to be taken in by such obvious methods.

Dean J. G. Eldridge, dean of the faculty, considers it quite ineffectual, because it cannot be carried over to actual work. But the

IDAHO VANDALS FINISH VARSITY CAREERS

Ed Lacy, Afton Barrett, Pete Wicks, Ed Hurley, "Skinny" Nelson. HERE ARE FIVE VETERAN court artists who have played their last game under Silver and Gold colors. They ended their varsity careers last Saturday at Pullman by routing the Washington State Cougar 35 to 32. Only Howard Grenier, massive center, will be left from this year's regulars to answer Coach Rich Fox's call next winter.

PRESENT STUDENT CARD FOR SPECIAL SONG BOOK PRICES

Idaho Song Collection is On Sale at Graduate Manager's Office

The new song book, "Songs of the Vandals," compiled and arranged by Morris O'Donnell of the class of '33 is now on sale at the office of George Horton, graduate manager, in room 201 of the Memorial gymnasium. Cloth bound books are priced at \$1.25 paper bound at 75 cents. These special prices are good only when ASUI tickets are presented. O'Donnell says 500 books are ready for purchasers.

"The failure to sell the books last week was probably due to the financial difficulty caused by the closing of the banks," O'Donnell said yesterday. They were to have been sold University of Montana. Mighty Oregon last week in the Administration building by the Intercollegiate Knights.

The books, bound in gray with black letters, contain songs composed by Morris O'Donnell and former students. Five other songs from Pacific coast colleges are included in the books.

List of Songs
The songs included in the books are: Come Fellows, Idaho Fair, Silver and Gold Waltz, Go Vandals Go, Vandal Sweetheart, We're Here to Win, Here's to Our Alma Mater, Alma Mater Idaho, Fight on Idaho, Here We Have Idaho, Here's a Toast to Idaho, Idaho, We Deeply Love Thee, We, Thy Chieftain Idaho.

Besides these, the W. S. C. Fight Song, Colors of Washington, University of Washington, The Warriors, University of Montana, Mighty Oregon, University of Oregon, and Hall to Old O. S. C., Oregon State college are included.

Shortage of Frinds Has Been Replaced In Part by I.O.U.'S

"Like money from home," once a pithy collegiate simile, had little meaning this week for a group house treasurer on the campus who was unable to raise a quarter in cash on \$400 in checks.

Students are taking the bank holiday, with its acute shortage of cash, philosophically and in good humor. Financial transactions involving cash are rare, and I. O. U.'s numerous. A few money orders and small amounts of change are circulating, but for the most part purchase of postage stamps for letters to the folks at home is a problem of major importance.

Many are the stories told by students of their financial woes. One group house is ahead nearly \$1000 because its treasurer didn't attend to business. The officer went on a date instead of banking the money. Hurrying to the bank the next morning, he found it closed, and permanently.

A few students boasted of their financial acumen in keeping their funds in postal savings, "where they could get their money on instant notice." When they called for withdrawals they were told that cash would not be available until the national situation had cleared up.

A ban has been placed on collegiate dances at the University of Denver. Each fraternity and sorority are allowed four social functions a year. There has been a battle waged on the part of the student body to have this rule revoked, but the faculty says "no," and when the faculty says "no" they mean "NO."

Hawkeye On Duty

The snow is wending, but we are afraid that it will wend back on us and spoil an early picnic season. This week we saw—Lee Parkinson with his hair under control, Lols Reynolds missing Sandy, Paul Miller delivering a book to the Delta Gamma house, Gentleman Jim Farquhar chasing around in his new Essex, Frank Peavey taking the plunge for 50 some odd feet, Have you heard about Dunbar's operation, Smith and Babcock taking in the cinema, Sam Adams being jostled around the hall, Stacy Smith getting that pre-spring look over a pair of brown eyes, John Peacock giving the army the Bronx cheer.

STUDENT SINGERS TO BE PRESENTED IN CHOIR PROGRAM

String Quartet Will Assist First Lutheran Choir Sunday Evening

The First Lutheran choir, assisted by the university string quartet, will present a program Sunday evening at 8 o'clock at the First Lutheran church of Moscow. Over half of the members of this choir, which is under the direction of Miss Agnes Bothne, are university students.

The program to be presented is: Pilgrims' Chorus from "Tannhauser" organ solo by Lucille Ramstedt.

The Lord Is in His Holy Temple... Choir Consider and Hear Me... Wooler Incidental solos by Elvon Hampton and Edna Bohman

Beautiful Saviour... Choir Acappella number with solo by Agnes Ramstedt.

Larghetto... Handel Choir with solo by Agnes Bothne Benediction Seven-Fold Amen... Stainer Choir

The university students in the choir are: Jean Clough, Neva Green, Eva Oberg, Ellen Jack, Audella Johnson, Helen Moore, Agnes Ramstedt, Elizabeth Thompson, Elvon Hampton, Edwin Ostroot, Orville Westberg, William Cheryington, Carl Hennings, Stanley Jepsen, Norval Ostroot, Gene Saunders and Sam Stone.

The personnel of the string quartet is: Carl Claus, first violin; York Klidea, second violin; Patricia Kennard, viola; and Miriam Little, cello.

Serenade... Haydn Adagio... Bizet University String Quartet

Lead Kindly Light... Godard Girls' trio with violin obligato by Professor Claus

Fierce Was the Wild Billow... Noble The Silent Sea... Neidinger Choir

SPUR DELEGATES CHOSEN FOR TRIP SPRING VACATION

National Convention Will be Held at Corvallis Early Next Month

Delegates were chosen to be sent to the national convention at Corvallis next month at the last Spur meeting. The convention will be held April 6, 7, and 8, the same time as the university spring vacation, thus making it possible for more delegates to go.

Those who will go are Elsie Laferty, president of last year's Spurs, Marjorie Wurster, present president, Esther Hunt, Ethyl O'Neal, Anne Walker and Nina Varian. The list at present is only tentative, however, as plans are being made to provide transportation for several more.

Members of last year's group will meet with the officers of the active Spurs next week to complete the projects which will be presented at convention. The local chapter has three suggestions to offer for discussion at Corvallis: a national treasury system; joint conventions with the Intercollegiate Knights; and, Junior Spur advisors.

"We think we have three very strong projects to present," said Marjorie Wurster, "and we are all anxious to go to Corvallis and make a success of them. I am sure we shall be able to send quite a few delegates if we can possibly make arrangements for their transportation."

STUDENT ACTORS INTERPRET DRAMA IN MODERN SPIRIT

"Much Ado About Nothing" Will Be Given Tonight and Tomorrow Night

Tonight witnesses the first evening performance of "Much Ado About Nothing." Full houses are expected for both nights, and the seats have sold fast in spite of the fact that there was a capacity crowd of enthusiastic high-school students who viewed the production yesterday afternoon. Due to the fact that this is the first Shakespeare show which has been produced on the campus in several years, it is certain to be a success, and is being anticipated most favorably by both faculty and students.

Light in Wit. "Much Ado" is a comedy as light in wit and humor as any of Noel Coward's cleverest successes. It is interpreted in a thoroughly modern spirit, and abounds in wise-cracks and brilliant humor. The settings, which have been designed by Theodore J. Pritchard are unusually effective, making use of curtains and drapes. A unit set makes possible the great number of quick changes between scenes which are necessary. The costumes, designed by Miss Featherstone, are graceful and colorful in their early Renaissance styles.

In tonight's performance, Catherine Brandt will appear as Beatrice, and Margaret Moulton as Hero. Jessie Hutchinson and Lucille Moore will portray the other two women's roles. Saturday night Alberta Bergh will appear as Beatrice and Maude Harris as Hero, while the other women's parts will be filled by Nina Varian and Jean Ricker.

The men's roles are as follows: Benedict, Clayne Robison; Leonato, Wif Janssen; Claudio, Howard Altman; Don Pedro, Leland Cannon; Don John, Casady Taylor; Antonio, Bob Herrick; Conrade, Lloyd Rutted; Borachio, Earl Bopp; Balthazar, Frank Bovey; Friar Francis, Ed Ostroot; Dogberry, Raphael Gibbs; Verges, Harold Metzler. Two Watchmen, Jack Blair and Bill Gerraughty; a Messenger, Glenn Exum.

NOTICE!

Notice is hereby given to members of the English club delinquent in the payment of current dues by the executive committee of the club with the editorial staff of The Gem of the Mountains, so that no one may list his name in the annual as a member of the English club unless he has paid his dues. THE EXECUTIVE COMMITTEE of the English club.

SPORTS CARNIVAL SLATED TOMORROW AFTERNOON IN GYM

Swimmers and Wrestlers to Vie With Washington State Athletes

An abbreviated minor sports carnival matching swimmers and wrestlers from Washington State and Idaho is slated for tomorrow afternoon in the Memorial gymnasium. The swimming meet will begin at 2:30 o'clock, and the wrestling will follow immediately afterwards on the main floor.

The Cougar splashes will be favored to take the meet, on the basis of their showing against the Washington Huskies last Saturday. Forty-three to 32 was the final verdict in favor of the Seattle tankmen at Pullman, while the Vandals went under the day before by a count of 43 to 23 in seven events. The Idaho squad has been working hard every night for some time however, and the final outcome should be close.

Idaho Men Chosen. The Idaho lineups have not been definitely announced, but a tentative lineup selected last night follows: 50-yard free style—Spence, Herman or Kleiner; 100-yard free style—Blair, Herman or Robison; 200-yard free style—Herman, (other entry not selected); 50-yard breast stroke—Sweeney and Giles; 50-yard back stroke—Robison and Blair; dives—Ford, Callahan, Robison, or Morgan; and 200-yard relay—a team of four from Spence, Herman, Blair, Robison, Kleiner and Dahlke.

Last year the Vandals and Cougars each took their home meet, and both by the same scores of 32 to 27, the final laps of the 200-yard relay deciding the outcome in each case.

Grapplers Hopes High. Idaho's chances for coping the wrestling meet are decidedly favorable, according to minor sports Coach Ralph Hutchinson. Although Idaho will have no representatives in the 118-pound and heavyweight classes, these matches will not have to be forfeited. Two inexperienced wrestlers will be on the grappling list tomorrow—Jack Stanton and either Pat Callahan or Frank Clayton.

The complete list of Idaho-wrestlers follows: 128 pounds—Mike Callahan; 135 pounds—Stan Skiles; 145 pounds—Elmo Higginson; 155 pounds—Pat Callahan or Frank Clayton; 165 pounds—Jack Stanton; and 175 pounds—Willard Durstler.

DEBATE FINALISTS CHOSEN LAST NIGHT

Phi Delt and Kappa Sigs Win in Semi-Finals.

Phi Delta Theta and Kappa Sigma out talked their opponents in the semi-finals of the men's intramural debates last night, and will meet next week for the championship.

The Phi Delt's won from Tau Kappa Epsilon, judge, Gus Anderson, and the Kappa Sigs defeated Delta Tau Delta, judge, Paris Martin.

The date for the final round will be printed in the Argonaut next Tuesday. In five years 2000 crippled children have been treated at the University of Missouri hospitals at Columbia, Mo.

EIGHT MEN EARN LETTER AWARDS FOR THIS SEASON

Four Vandals Win Third Awards in Basketball; Barrett Plays Most

Eight basketball players of Coach Rich Fox's 1932-33 Vandal court edition have qualified for their letters, according to George Horton, graduate manager, and will be recommended for the honor at the next meeting of the executive board.

Four of these men have earned their third award, and will receive in addition to sweaters, large red "T" blankets—the award for winning letters in a major sport for three years. They are: Afton Barrett, Pocatello; Heath Wicks, Moscow; Edgar Lacy, Buhl; and Edward Hurley, Montpelier.

Two centers are winning their second awards—Howard Grenier, Hammett, and Troy Thompson, Declo. Thompson will receive his last award as he is graduating this year. He was a member of the Idaho team in the season of 1929-30. Grenier is a junior and will be back next year.

The remaining two players, Victor Warner, Boise, and Ernest Nelson, Moscow, will receive their first awards. Warner, a sophomore, has won his first letter, while Nelson, a senior, has already won a track award.

Graduation this year will take six of the eight letter-winners, leaving only Warner and Grenier out of this year's squad to answer Coach Fox's first call next fall. Two other lettermen, Cy Geraughty and Horton Herman, are out for spring practice and will probably be in town next winter after a year's layoff.

Barrett Plays Most. To receive a basketball letter, a man must have played in the first lineup in four conference (or its equivalent) games, or have played one-fourth of the playing time of all conference games. Afton Barrett holds the record this year for the number of minutes in action, with 617 minutes out of a possible 730. Eighteen games were figured in compiling the totals; the Montana and Gonzaga contest being included with the regular 16 conference games. Barrett did not see action in the first Washington game at Seattle or the Gonzaga game here.

Ed Lacy and Ed Hurley, guards, hold the record for the number of starts which total 17 each, and follow Barrett in playing time with 597 and 589 minutes of playing time respectively. Grenier with 458, Wicks with 415, and Nelson with 333 complete the list of those boasting totals over the 300 mark.

ISSUE FRATERNITY RUSH DATE CARDS

Inter-fraternity Council Will Have Design Ready for Spring Vacation

New fraternity date cards will be issued by the interfraternity council about March 25, so they will be available for spring rushing. A committee composed of Morey O'Donnell, Ted Showalter, and Rex Dyer is now working on the cards, which will be of new design this year. The new cards will provide a means of checking dates, in an effort to do away with some fraternities' breaking other houses' dates. Date breaking has been practiced by some houses, and it is the main objective of the interfraternity council to do away with this condition.

One of the plans under consideration is that of having cards with a detachable duplicate on which a copy of the date would be made and kept by the fraternity. This duplicate would then serve as a record of dates made. No definite plans have been accepted by the council, but an announcement as to the new rushing regulations will be made in the near future.

MEN CHALLENGE WOMEN'S TEAM

Match Is Scheduled for Tuesday of Next Week

The men's rifle club has challenged the women's rifle club and the match has been scheduled for Tuesday of next week. The women's team will receive a handicap of 12 points. This handicap was computed by striking an average of all prone matches fired by each team during the season, thus placing the two teams on an even basis.

Last week the women's rifle team shot matches with Wyoming, Nevada, Nebraska, and Kansas. The team shot a consistent score of 489 throughout the four matches. Wyoming defeated Idaho with a score of 496, Nebraska turned in a score of 569. The returns have not been received from Nevada and Kansas. Those members on the team making a score of 97 and better were: Bernice Keating, Jean Clough, Margaret McComb, Betty Gowdin, Helen Blackaby, and Margaretta Rowe.

This week's matches with the University of Vermont and Drexel Institute, New York ends the women's rifle season.

TRACK ASPIRANTS CONFINE WORKOUTS TO LEWIS COURT

Otto Anderson, Track Coach, Says Boys Are Working Hard

Still confining track workouts to Lewis Court, the track aspirants are going through their daily routine under the direction of Coach Otto Anderson.

"The boys are working hard or set into condition before going outside," said Anderson. "I'm taking very few trials so early in the season. The main thing being stressed is quick starting for the sprinters, and development and coordination of the muscles for the jumpers and weight men.

Sprinters Good

"Those in the sprints have done fairly well so far but need the open cinder track to round into top form," continued Anderson. "Kalbus, a letterman, and Felton have shown up well for the sprints, Kalbus having the edge in starting. Most of the stress is being placed on the starting during the indoor practice. Baldrige and Carruthers are also coming along well in the 100 yd. and 200 yd. dashes.

In the quarter mile Arnett and Harmon are making the best showing, though not exceptionally fast time has been made by either.

Livingston, Thomas, and Ridings are at present turning in good time for the half mile. Thomas, running in record time for this early in the season, made a 3-4 mile circuit in 3:26 minutes which equals about 4:50 minutes for the mile. Bowler and Snyder are following close to Thomas in the indoor turnouts. Pearson in the two mile run has shown good form and speed according to Anderson, which equals that of Siple's at the close of last season.

Weights Have Prospects

Squance, also a letterman, is fast developing in both high and low hurdles, with Smith running a good second in the low barriers. In the weight division Ap Berg, Norby, Nitting and Moler are making the most progress. Berg and Norby are a little the better, both heaving the iron pill between 42 and 43 feet. Aukett is limbering up his arm for the javelin, but has yet to go out on the turf to get the maximum distance with the spear.

Paul Berg, Nelson, and Newhouse are at present in the race for vaulting honors. No attempt has been made for height since Anderson plans only to get the muscles into shape by keeping the bar at 10 feet. Ronald Wilson and P. Berg find the 6 ft. mark hard to reach in the high jump, but with training and practice a jump of over 6 feet may be expected.

"The squad has shown as much promise as most teams at this stage in the season," asserted Coach Anderson. "At present we cannot expect an exceptional team of any kind, but later when the material whips into condition, I think that Idaho will be a strong contender in the Northwest conference."

FACULTY OBJECTS TO R.O.T.C. CREDIT

The Reserve Officers Training corps at the University of Wisconsin was struck another blow recently when the faculty of the college of letters and science refused to give academic credit for second year work in military training.

The move came within a month after the board of regents had decided to cut the physical education requirement from two years to one year. Students electing military training to fulfill their physical education requirement will be forced to take two years of work while the phys-ed's take only one year. A serious drop in R. O. T. C. enrollment is expected as a result of the move.

VARSITY NETMEN AWAIT FAVORABLE PLAYING WEATHER

Tennis Courts Will Be Cleaned and Relined For Season

Varsity tennis will swing under way for the spring season as soon as weather conditions will permit. A number of players are back from last year's competition. Paris Martin, former first ranking man, and Frederick Beckebach are the only squad members claimed by graduation. Martin, though still in school, will be ineligible for varsity competition.

As soon as possible the tennis courts will be cleaned and relined for the coming season. Because of the financial condition of minor sports, no new equipment except rackets will be purchased for tennis this year.

Matches Scheduled. Regular afternoon workouts for the varsity squad will be held all this spring according to Raymond Sower, present top ranking university player. Matches have been scheduled with W. S. C. and Whitman college. One match will be played on each home court with the former school and the Whitman match will be held in Walla Walla. Dates for these contests have not been definitely arranged.

Raymond Sower, Henry Rust, Charles Moser, Ferd Koch, and Howard Alnow are the returning players who are expected to form the nucleus for this year's team. Robert Cope, who is well-known in tennis in north Idaho and who has played for the last two years with Columbia university in Portland, is also expected to get a berth on the team. Another new man, Harry McCoy, a Southern California player, will be on hand to strengthen the Idaho squad.

Sophomore Men. In addition, Paul Rust, Junior Jones and Vincent Marcus of the 1932 freshman tennis team, are counted upon to give the regulars much competition for team positions.

When spring play is started, an elimination tourney, followed by a ladder tournament will be run off to determine the proper rankings of the squad for the coming season. Competition is open to everyone and it will be necessary to have a large turnout of tennis men to insure of holding its usual high place among Idaho's minor sports.

Varsity tennis is nominally under the head of Coach Elva P. Hutchinson, but it is expected that Coach Glenn Jacoby will at least assist in supervising the team.

STUDENTS NAME CHOICE STUDIES

Men and Women Differ in Fields of Interest

Political science is the favorite study of the upperclasses at Princeton, while economics leads at Harvard and English literature at Vassar, according to a survey of the subjects chosen for concentration in upperclass years at those institutions.

The tastes of masculine and feminine scholars apparently differ for the Princeton and Harvard students show a marked preference for the social sciences, whereas the Vassar girls are more inclined toward languages and literature.

The averages for the last four years show that 42 per cent of the Princeton and 38 per cent of the Harvard men were enrolled in the social science departments, while Vassar could muster only 18 per cent.

Literature and languages attract 24 per cent at Princeton, 29 per cent at Harvard and 34 per cent at Vassar. The physical and natural sciences claim 20 per cent at both Harvard and Princeton and only 10 per cent at Vassar.

Hello!—Oh Yeah? Says Gentleman Jim

Unusually greetings and salutations (Yes, we found a penny!)

With the passing of winter, one can not help notice the number of "dead soldiers" buried in the snow. Perhaps the R. O. T. C. will give them a military funeral.

It looks as though the Engineer's St. Pat will just have to stand pat and grin and bear it.

Our bet is that the "Hello" dear stays in "reverse" unless some of these "reformers" learn to practice what they preach.

And speaking of grave-robbing acts just take a look in the Handbook "cemetery" with its list of many humorous and traditional "epitaphs" just crying to be revived—in useful service.

And to think that the boys at death of Hawaii had to do with fewer chambermaids. We'd be happy if ye roomie would "muck" out the room even once.

The intramural debate semi-finals were run off—at the mouth, Thursday.

Rumor has it (and long may she keep it) that the Aes plan to have a Queen of the Barnyard, as does the Rook Corps, each school, and each fraternity. By having a Queen a day, the fellows will be able to hold a Queen-high hand on each and every date.

Presenting now, a scene in 1933. Grandpa Angus is yelling: "Ah my poor, fortunate children, you ask what I have on the end of my watch-chain. 'Tis the relic of a long, lost, era. In those dear, dear days, we called it money, and it was known as a penny."

When Every Penny Counts. Buy These Foods, the colorful poster in Dr. Ella Woods' office warns us. By consulting it, a balanced weekly diet can be cheaply maintained.

The Diet Poster is put out by the Metropolitan Life Insurance company and directs attention to those foods which give the greatest nutritive return for the money spent. There are pictures in it from the three fundamental food groups in their natural colors and shapes.

The diet, as represented by the poster is built around milk, bread and cereals, and vegetables and fruits. At least 3 1/2 quarts of milk, and from 2 to 4 pounds of bread, 1 to 2 pounds of cereal, with 5 pounds of vegetables and fruits are required per week for an adult in order to keep such a simple diet well balanced. The vegetables and fruits suggested include potatoes, tomatoes, cabbage, and prunes. Along with these there are protein foods such as cheese, eggs, meat and fish; other vegetables and fruits; carbohydrate foods such as molasses and sugar and butter, oils and lard.

"The diet should be built around bread and milk," says Henry C. Sherman of Columbia university. "The

lower the level of expenditure the more one must forgo other foods and concentrate their efforts upon providing these two, supplemented by a little of some inexpensive fruit or vegetable.

For those who are keeping the expenditures for food at a low level, the general foods budget may need to be changed so that more than 1-5 perhaps 1-3, should be spent for milk in some form and at least 1-5 may go for bread stuffs and cheap forms of cereal. One can do without fish, fowl, sweets, and foods from the bakeries, and also miscellaneous foods bought in the grocery, if one gets enough milk in some form, and breadstuffs to prevent hunger.

Here's a recipe which combines all three of the fundamental foods group. This should be served with crackers or toast.

Potato Soup (Serves 3)
2 large potatoes
1 large onion
1 pint of water
Pepper and salt
1/2 teaspoonful of celery seed
2 teaspoonfuls of butter
1 pint milk

Peel the potatoes and onions. Cut and cook slowly until tender. Mash in small pieces, add to the water the potatoes until there are no lumps. Add seasonings and butter. Add milk and heat again.

PROBABLY CANCEL STATE HOOP GAMES

Financial Situation Likely Will Stop Pocatello Tourney

The Idaho state high school basketball tournament scheduled to be played at Pocatello March 17 and 18 is in grave danger of being cancelled, according to word received by Gale Mix, Moscow high school coach, from Guy Wicks,

Coal... silk stockings... meat — and the telephone

Keenly aware of the problems of business, large and small, Bell System commercial men are constantly devising special telephone plans to custom-fit service to the user's needs.

For example, a plan they worked out for a coal distributor helped him to contact 50% more dealers. A manufacturer, using a telephone selling plan, sold 700 dozen pairs of hosiery through one Long Distance call. A great meat packer handles complex sales and distribution problems efficiently with the aid of planned Long Distance and private wire services.

Systematic telephone plans are helping many users to build business—cut costs—handle collections—unify nationwide organizations—increase profits. And Bell System men are seeking still other ways to make the telephone more useful.

Technocracy To Be Theme For Associated Engineers' Dance

Technocracy will be the theme carried out by the Associated Engineers at their annual dance which will be held tomorrow night in the Women's gymnasium. The music and decorations will aid in carrying out the technocracy idea. Every feature of the dance will be unusual even to the honoring of I.O.U.'s for the price of the tickets. As this is the only dance scheduled for Saturday night, and elaborate plans have been made, it promises to be a most successful affair.

The Sigma Alpha Epsilon informal dance will be given at the chapter house Friday night. It is the only dance on the social calendar for that evening. Much Ado About Nothing will be presented by the dramatics department tonight and Saturday night, is another interesting event of the week-end. Thursday afternoon a matinee of the same production was given for grade and high school students.

Sunday dinner guests of Sigma Chi were Dr. P. C. Church, Betty Nye and Cecil Hagen.

Kappa Kappa Gamma entertained Beta Theta Pi at an exchange dance Wednesday.

Elsie Lafferty was a dinner guest of Gamma Phi Beta Wednesday.

Alpha Phi entertained Sigma Alpha Epsilon at an exchange dance Tuesday.

Mr. and Mrs. Russell Scott of Lewiston and Mr. A. Wheeler, Idaho Falls, were Sunday dinner guests of Beta Theta Pi.

Eileen Kennedy and Ruth Farley were dinner guests of Alpha Chi Omega Tuesday.

Kappa Sigma entertained at an exchange dance by Gamma Phi Beta Thursday.

Phi Delta Theta entertained Delta Delta Delta at an exchange dance Wednesday.

Phi Gamma Delta entertained Pi Beta Phi Wednesday evening at an exchange dance.

THE CINEMANIAC

at the Kenworthy
FRISCO JENNY
Friday, Saturday
A remarkable transition in character, both physical and spiritual, is developed by Ruth Chatterton in this picture. There is no rapid change from innocence to crime, but the character of Frisco Jenny is shown to grow gradually harder as she fights her way to the leadership of the vice ring of the Old Barbary Coast of San Francisco. It is a highly dramatic story of a woman, keeper of a notorious resort, who does not hesitate to commit murder, yet whose mother love is so great she sacrifices her own life to save her son from the knowledge of her shame. Donald Cook, James Murray and Louis Calhern are in the supporting cast. at the Kenworthy

LADIES THEY TALK ABOUT

Sunday, Monday
Barbara Stanwyck appears for the first time as platinum blonde—but only for a short sequence. She dons the blonde wig to participate in a bank hold up, and immediately afterwards takes it off, to appear in the rest of the picture in her natural chestnut tresses. She has the role of a fascinating bank bandit who gives up her criminal career after a term in prison, when she falls in love with a two-fisted evangelist. The prison scenes are most realistic, a replica of San Quentin's women's ward having been built on the lot for the scenes. at the Vandal

THE OUTSIDER

Friday, Saturday
This talking picture version of Katherine Cornell's stage success was made by an English company. Joan Barry, who has the reputation of being one of the most beautiful actresses to appear on the screen, enacts the principal feminine role with a rare tenderness and depth of feeling. The portrait of the magnetic Ragatzky is brilliantly drawn by Harold Huth, and the song-writer is excellently played by Frank Lawton who achieved outstanding notice for his work in "Cavalcade." at the Vandal

EMPLOY BLOWTORCH

When companions dared Laddie Birge, 13, of Duncan, Oklahoma, to stick his tongue against an iron post in zero weather recently he did it. Two workmen had to heat the post with a blow torch to get Laddie loose and part of the tongue remained on the post.

WOMEN'S DEBATE FINALS TUESDAY

Semi-Finals Will Be Held Monday Night

The semi-finals of women's intramural debate will take place Monday night. Kappa Alpha Theta, affirmative, having won a decision over Hays hall Tuesday will meet Delta Delta Delta, negative. Alpha Chi Omega defeating Gamma Phi Beta Tuesday, drew a bye. The negative team will entertain the affirmative team and the judge at dinner on the night of the contest.

The final debate is scheduled for Tuesday night. Judges have not yet been selected for either debate. Women's intramural debate is being sponsored by Delta Sigma Rho to encourage more interest in debate on this campus.

HONOR SENIORS WITH MUSICAL

Vandaleers Pay Tribute to Four Graduating Seniors.

The Vandaleers will pay a final tribute to its graduating members in an informal recital Sunday, March 19, at 4 p. m. at the auditorium. The graduating seniors of the Vandaleers are: Louise Morley, Agnes Ramstedt, Erwin Tomlinson and Elvon Hampton.

This recital given in honor of these students will enable them to appear as soloists in the performance. This year will see the graduation of the last students who were original members of this group. Although the Vandaleers is but three years old, it has become in this short time one of the most widely-known organizations on the campus.

STANFORD WOMEN FAIL TO CONVINC

Two Athletes Object — and Audience Remains Non-Committal.

Even a debate between two co-eds and two athletes of the university recently has failed to decide whether Stanford should have a separate college for women. Naturally the co-eds argued vigorously against the proposals, while the athletes Gus Meier, track star and Fred Glover, member of the boxing team, supported the affirmative of the question. "Resolved, that a separate college for women should be established at Stanford," in a manner that was reported to be polite but stiff. Neither the co-eds, Maxine Yaple and Helen Ray, nor the athletes, however, appeared to have been able to influence the final outcome of the controversy, the result being declared a tie.

Batchelor Students Have Tasty Meals With Little Money

The next graduating class or two of college men from the university will number a lot of fine husbands for some women. A survey of the men students who are literally batching their way through college indicates that as a group they are close buyers and excellent cooks. With but few exceptions the bachelor kitchens would have done credit to any housewife.

Three cents a meal for each person was the record low discovered, while the average cost for each bachelor was around six dollars a month for foodstuffs. In many cases food and vegetables received from home aided in keeping the cost under the average.

Plenty of vegetables, not much meat, and a generous supply of milk constituted the mainstay of their larders. Pies, cakes, and other dainties were not on the regular menu. Gelatine desserts because of their low cost, and ease of preparation, were popular through the winter when a box in the window served as an icebox; but with the coming of spring the bachelors are seeking a new dessert that will not have to jell.

Commenting on the project being undertaken here by members of a home economics class, they expressed their appreciation of what the women were doing, but condemned it as impractical. The class has been preparing a series of dinner menus designed to give the bachelors a balanced diet. Chief among the objections were the time necessary to prepare the dishes and the cost.

A steel measuring tape varies in length according to the temperature.

The CO-ED MANNEQUIN

A new idea of easy nonchalance is taking women's fashions by storm this spring. Dresses that barely touch you anywhere, except around the hips are replacing the fitted, corseted line that made the right kind of girle an all-important (and knotty) problem. Chanel gives a vital reason for this—she says, in part, that sport has become so much a part of our daily life that it has become superfluous to speak of sports clothes in connection with a couture collection and that all good clothes must be created for action and quick action at that. Even coats are taking the new course—the swagger coat with its loose, flowing lines is an example.

Bronze is outmoding platinum as a smart color for hair now. The bronze hair matches the jewelry, fingernails and shoes.

Carved mother-of-pearl jewelry is the most successful note in costume jewelry. The latest bangles are made of pearl-studded kid flowers.

Jeanne

ELSA EISINGER HAS GREATEST INTEREST IN SCHOOL MUSIC

"I'm really most interested in public school music, and I'm fitting myself for that work," stated Elsa Eisinger, president of Mortar A. I., held a position on the A. W. Board. Music has been her predominant interest in her four years at the university, and in coordination with this, she is majoring in piano.

Won Place in Contest.

In 1928, while attending Moscow high school, Miss Eisinger won second place in piano in the state music contest. In her freshman year at college she became a member of Sigma Alpha Iota, music honorary and the title team. During her sophomore year she held the office of editor for S. A. I., was a delegate to the A. A. I. convention in Minneapolis, and edited the

music section of the Gem. In the course of her junior year Miss Eisinger was elected president of S. A. I., held a position on the A. W. Board. She also edited the music section of the Gem, was elected vice president of the Rifle club and treasurer of the three northwest chapters of Delta Theta Gimmel. This year, besides carrying on her former activities, she is president of Mortar Board, and assistant to Mr. Cummings in the music department.

"It has always been my ambition to graduate from the University of Idaho," she said, and "I am perfectly satisfied with the results of my four years at Idaho, because my theory is that whatever you put into a thing you get out of it."

CHILEANS ADVANCE IN SPORTING FIELD

Basketball Comes Into Its Own in South America.

Basketball came into its own in Chile during the past season, and now is rated as a major sport.

During the season just ending, the South American tournament was held in Santiago, a national meet was staged in Iquique, and various games were played. For the first time, the players have been ranked.

Vina del Mar's great team always has stood out as one of the best units in Latin-America, but other teams are fast coming to the fore and challenging Vina's supremacy.

Freshmen at Lynchburg college, Virginia, have chosen as their motto, "Green things must grow."

Choir Concert

The First Lutheran Choir, under the direction of Miss Agnes M. Bothne, will give a concert at the First Lutheran Church Sunday, March 12th at 8:00 p.m. The University String Quartette will assist the choir in the program. You are cordially invited.

Get Your Figure Lines Straight From Fashion

Vogue says—full sleeves, broad shoulders and high necks have "it". The 1933 silhouette is straighter, set off by interesting sleeves, high neckline detail, and decorative seamings. Modified Leg o'Mutton sleeves are very smart, but short puffed sleeves appear most popular. Shoulders are still broad, and waistlines trim. Capes continue in fashion in all lengths for all occasions. Ascot ties and scarfs tied in bows, however, are the latest in necklines. Unusual color effects, new novelty fabrics and combinations are the big fashion news. Rather bright pastels, or watered high-shades ("sherbet" colors) are smart. Coral pink is especially good—also orange-red and greens.

Calland Names Selections For Vandal All Opponent Team

Idaho All-Opponents Team	
Cross, W. S. C.	Forward
Roberts, Oregon	Forward
Lewis, O. S. C.	Center
Wills, W. S. C.	Guard
Lee, Washington	Guard
Second Team	
Fuller, Washington	Forward
O'Connell, O. S. C.	Forward
Gordon, W. S. C.	Center
Heaman, Washington	Guard
McDonald, O. S. C.	Guard

Leo B. Calland, athletic director and former U. S. C. basketball coach, selected the all-opponent basketball team of the University of Idaho. His first team included Cross of Washington State and Roberts of Oregon at the forward positions, Lewis of Oregon State at center, and Wills of Washington State and Lee of the University of Washington at the guard positions.

"We will greatly miss the seven seniors who played their last game for Idaho at Pullman last Saturday. During the season the Vandals have developed into a well-drilled team and can be said to be on a par with any team in the conference," said Calland in commenting on the past season.

The Idaho quintet wound up the season with a brilliant showing, and after the administering a 30 to 26 lacing to the champion Oregon State Beavers, returned to split a two game series with the University of Washington.

Split Series
"The balance in the old feud between the Washington State Cougars and the Vandals swung back our way this season," Coach Calland remarked. "This is the sixth season that a team coached by Fox has battled W. S. C., and it is his third winning series, thereby giving the Foxmen an even break."

Calland said that Lewis was one of the finest players he has seen for many years. His deadly eye has enabled him to establish a new record for individual scoring with a total of 173 points, two points over the old record of 171 points held jointly by Harold Stewart, former Idaho player, and Huntley Gordon, tall Washington State center.

Calland Distinguished
Coach Calland is quite distinguished, not only as a football coach, but on the basketball court. Before coming to Idaho, he coached the University of Southern California varsity basketball team. This was during the seasons of 1927-28 and 1928-29. His team won the southern division basketball championship, and the Pacific coast title was annexed in two thrilling games with the Huskies from the University of Washington. U. S. C. won both by scores of 53 to 50 in an overtime game, and 27 to 26.

CAPTURE LEAGUE IN EASY FASHION

Phi Delt Wins Four Firsts in Swimming Meet

Taking four first places Phi Delta Theta had little trouble taking the B league intramural swimming title Tuesday night. Two seconds and a third gave the Phi Delt a total of 27 points for the meet while Sigma Alpha Epsilon with 16, Lindley hall with 12, Alpha Tau Omega with 6, Sigma Chi with 5, and Sigma Nu with 3 points trailed the winner.

Walker Scores Honors
Charles Walker, Phi Delt, carried off the individual scoring honors by taking one first, a second, and by

participating on the winning relay team.

The summary:
200 yd. free style—Clausen, Sigma Chi, first; Eggers, S. A. E., second; Maguire, A. T. O., third. Time, 3:18. 50 yard breast stroke—McBirney, A. T. O., first; Giles, S. A. E., second; Tracy, S. A. E., third. Time, 45 sec. 50 yd. free style—Wood, S. A. E., first; Walker, Phi Delt, second; Peterson, Sigma Nu, third. Time 29 4-8 seconds.

100 yd. free style—Pascin, Lindley, first; Christian, Phi Delt, second; Morris, Phi Delt, third. Time, 1:27. 50 yd. backstroke—LeMoyné, Phi Delt, first; O'Neil, Lindley, second; Rich, S. A. E., third. Time, 46 sec. Plunge for distance—Peavey, Phi Delt, first; Whipple, Lindley, second; Peterson, Sigma Nu, third. Distance 55 feet 6 inches.

Diving—Walker, Phi Delt, first; O'Neil, Lindley, second; Peterson, Sigma Nu, third. Relay—won by Phi Delt (Morris, Christians, Gale and Walker).

LINDLEY HALL WINS INTRAMURAL TITLE

Hall Team Defeats Fijis In Overtime Session

Scoring three points in an overtime period, Lindley hall defeated Phi Gamma Delta, 17-14, Wednesday to take the intramural basketball championship. Frank Schissler, Lindley guard, chalked up the winning points by sinking a field goal and converting a free toss.

The winners were out in front, 9-6, at half time but the losers rallied in the second half and knotted the score at 14 all, sending the game into the extra stanza. Doug Cordon, Lindley hall forward, and Lefty Inman, Phi Gamma Delta forward, tied for individual scoring honors with seven points each.

Both teams suffered defeats early in their league tourney, but rallied to come through for championships and the right to play in the title contest.

The summary:
Lindley (17) (14) Fijis
Cordon (7) F..... Thompson
Funk (2) C..... (4) Elliott
Taft (2) C..... (4) Elliott
Emigh (5) G..... Ward
Schissler (3) G..... (3) Bopp
Substitutions: Lindley — Plastino and Aldrich.

HELL DIVER'S CLUB TO ELECT OFFICERS

Will Make Plans for Water Carnival and Take Gem Photo

The Gem pictures will be taken and election of officers will be held at the next meeting of the Hell Divers Wednesday evening. Plans for the Water Carnival will be completed after the officers have been elected.

A professor at the University of Oregon stated that "there is a distinct relationship between reading ability and scholarship," proving that the student with the largest vocabulary is usually the smartest.

The most expensive date cost only 19 cents at the University of Munich in southern Germany, and the girl always foots one-half of the bill.

PHI DELTA THETA WINS INTRAMURAL SWIMMING HONORS

Only Four Points Separate Winning Team From Fourth Raters

With only four points separating first and fourth places, Phi Delta Theta, last night, nosed out the intramural swimming championship by chalking up 13 points. Tau Mem Aleph with 12 tallies took second, Beta Theta Pi with 11 digits took third and Delta Chi with 10 points carried off fourth honors.

Other scorers were as follows: Lindley hall 8; Sigma Alpha Epsilon 6; Sigma Chi 5; Alpha Tau Omega 3; Kappa Sigma 3; Delta Tau Delta 1.

Bob Setters, Beta, took the individual scoring honors with two firsts and he also participated on the third place relay team. Frank Peavey, Phi Delta, set a new intramural record in the plunge when he coasted 57 1/2 feet.

Relay Exciting.
For excitement the relay topped-off all the events of the evening. Phi Delta Theta and Delta Chi tied for first and Beta Theta Pi was a close second. Phi Delta Theta got off to a lead in the first lap but Delta Chi second and third men closed the gap and the anchor men got off to an event start and fought nip and tuck for the entire route. When the teams lined up for the start of the relay four of the entries had a chance to win the meet.

The Summary.
50-yard free style—Setters, Beta first; Kleiner, Delta Chi second; Wood, S. A. E. third. Time—28.5 seconds.

Dives—Harmon, T. M. A. first; O'Neil, Lindley second; Walker, Phi Delt third.

50-yard back stroke—Watkins, T. M. A. first; Schroeder, Delta Chi second; O'Neil, Lindley third. Time—42.9 seconds.

100-yard free style—Setters, Beta first; Christians, Phi Delt second; Faskin, Lindley third. Time—1 minute 15 seconds.

200-yard free style—Causen, Sigma Chi first; McNeeley, Kappa Sigma second; Roberts, T. M. A. third. Time—3 minutes and 10

seconds.
50-yard breast stroke—Giles, S. A. E. first; McBirney, A. T. O. second; Harmon, T. M. A. third. Time—44.7 seconds.
Plunge—Peavey, Phi Delt first; Whipple, Lindley second; Barclay, Delta Tau Delta third. Distance—57 1/2 feet. (New record).
Relay—Tie for first, Phi Delt and Delta Chi; Beta Theta Pi third. (Phi Delt—Morris, Christians, Gale and Walker; Delta Chi—Ball, Kleiner, Schroeder and Freece. Time—2 minutes and 10 2-5 seconds.

NAME ALL-STARS FOR BASKETBALL

Intramural All Stars Chosen by Geraughty and Aukett
An all-star intramural basketball team, consisting of the best players of A and B leagues has been chosen by Cy Geraughty and Dan Aukett, who refereed all the games in the recent intramural race.

Two full team and five honorable mentions have been cited by the two officials.
The teams are:
First Team
Cordon, Lindley hall.
Barker, Sigma Nu.
Taft, Lindley hall.
Randall, Kappa Sigma.
Norby, S. A. E.
Second Team
Inman, Phi Gamma Delta.
Shawver, Sigma Nu.
Elliott, Phi Gamma Delta.
Schutte, S. A. E.
Taylor, S. A. E.
Honorable Mention
Bopp, Phi Gamma Delta.
Hill Sigma Nu.
Swanson, Kappa Sigma.
Funk, Lindley hall.
King, Chi Alpha Pi.
Norby was the only man selected on the first team for two successive years.

We have the new Spring
STETSONS
for as little as \$5

THE new Spring Stetsons are here and we're pretty proud of them. They're light in weight and easy on the head. They're light in price and easy on the budget. You can get one for as little as \$5—felled from choice fur, styled as only Stetson can, and hand-blocked to keep its graceful lines for life.

Come in today and find your Stetson. You'll step out again with the brisk confidence that comes of wearing the world's finest hat!

ILLUSION:
In India, the fakirs present a spectacle to tourists. Two lovely performers break bottles and lamp chimneys before the eyes of the audience, and throw the jagged pieces into a box already filled with broken glass. They step barefooted into the box and do an Oriental dance in the glass without injury.

EXPLANATION:
The performers toughen their feet in a strong solution of alum water and thoroughly rub them with pulverized resin before they appear. They throw the freshly broken glass around the edge of the platform. The glass on which they actually do dance is very thick, heavy, and filed or ground so that the sharp edges are rounded off. The girls just pretend to dance on the sharp glass.

IT'S FUN TO BE FOOLED ... IT'S MORE FUN TO KNOW

One of the tricks of cigarette advertising is to pretend that "Heat Treatment" is an exclusive process, making one cigarette better than any other.

EXPLANATION: All cigarette manufacturers use heat treatment. It is a routine process of manufacture. The first Camel cigarette ever made was manufactured under the heat-treating process. Every one of the billions of Camels produced since has received the necessary heat treatment.

Harsh, raw tobaccos require intensive processing under high temperatures. The more expensive tobaccos, which are naturally mild, call for only a moderate application of heat. Heat treatment never can make cheap, inferior tobacco good.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is the most important statement ever made in a cigarette advertisement. Weigh its words. Consider what it means. Then try Camels. Camels are fresh... in the air-tight, welded Humidor Pack.

NO TRICKS .. JUST COSTLIER TOBACCOS
IN A MATCHLESS BLEND

CAMELS
