

CHORUS OF 2000 SCHOOL CHILDREN TESTS IDAHO PLAN

Sing Here Tomorrow to Try Out Berenice Bernard's Instruction Idea

TAUGHT BY RECORDS

Include Pupils in All Latah County
Schools That do not Have
Regular Music Instructor

By Marjorie Druding
Children sing? And why not? Training is necessary, of course, and children in Idaho are receiving that training now through a state-wide plan. As part of the plan, 2000 pupils of grades one to eight in Latah county will meet here Saturday afternoon for a song festival.

This affair is the first of its kind and will include all children in Latah county rural schools and in those in which there is no regular music instructor. The chorus will be directed by Miss Berenice Bernard and will start at 2 o'clock at Memorial gymnasium. The public is invited.

Besides the festival the state-wide program includes training for pupils in preparation for the festival and a "summer camp" at the university next summer. The plan, which was officially adopted at a meeting of the state board of education in March 1933, provides for instruction by the use of phonograph records. Instructions and directions for organizing and conducting the chorus plan are given in two bulletins which are sent from the state department of education to county superintendents and teachers. The plan, which is the only one of its kind in the nation, has been recognized by music authorities as one of the best ever devised.

Use Records

All pupils in the state are taught the same songs in the same way. The pupils are divided into three classifications: primary chorus, which includes grades 1 to 4; junior chorus, including grades 5 to 8; and senior chorus, which includes junior and senior high school students. Ten songs are placed on the selected list each year for each classification, and as soon as the student learns to sing correctly with the phonograph record (or without it if possible) one of the songs on the official list in his classification, he becomes a member of the respective school chorus of his own school for that song. When he has completed the entire list he is a full member of that chorus.

All children participating in the county chorus which meets here Saturday must have completed the junior chorus requirements. "The plan, as evolved in Idaho, is entirely new in that it is a unified program on a state-wide scale, including rural as well as city schools," said Miss Bernard.

SIGMA NUS WIN DEBATE TROPHY

Weber and Ward Represent Winning House, Phi Deltas Losers

The Sigma Nu debate team, represented by Max Weber and Theron Ward, received the cup for the intramural debate from the Phi Delta Theta team, consisting of Branch Walker and Lewis Orland, Tuesday night in Ad. 201.

The cup was presented to the winning team by John Farquhar, president of Delta Sigma Rho, national debate honorary. Thus cup is presented each year to the winning team. It becomes the permanent possession of the house that wins it for two consecutive years. It was won last year by Phi Delta Theta.

The question was, Resolved: that the powers of the president should be increased as a settled policy. Sigma Nu upheld the affirmative. Bill Wetherell, varsity debater, presided as chairman. Prof. A. E. Whitehead, Prof. A. S. Howe, and Robert Greene were the judges.

CONVENTION HELD BY TOWN WOMEN

Five delegates from Willamette university at Salem, Ore., and 10 from W. S. C. will be on the Idaho campus tomorrow and Sunday to attend the second annual Daleth Teth Gimef inter-chapter convention, according to Mary Axtell, national president. Several others from the Pullman chapter plan to come over for the dance Saturday night.

The convention business meetings will be held in Hays hall Saturday morning and afternoon. A lunch will be served at the Blue Bucket. In the evening an informal banquet will be served at the Moscow hotel, and immediately after will follow a sports dance at the L. D. S. Institute. Sunday morning the convention will conclude with the installation of national officers at the hotel and a breakfast at the Blue Bucket. The delegates will be entertained in the homes of the town girls.

SENIOR ENGINEERS GO ON FIELD TRIP

The senior classes of the electrical and civil engineers left Thursday morning for their annual field trip to Spokane.

While in Spokane the group will inspect the Home Telephone and Telegraph plant, the Millwood Paper mill, City Water works, the technical offices of radio station KHQ, the Washington Water Power company, the Great Northern division shops in Hilliard, and the Long Lake Electrical plant.

The group will be composed of 14 students and will be accompanied by Dean Ivan Crawford and Prof. J. H. Johnson, both of the College of Engineering. The party plans to be away three days.

JUNIORS PROGRESS "BIG TIME" WEEK

All Events Are High Class Says Carl Morfitt Chairman

Plans, plans, and more plans, are taking the spare moments of all of the general chairmen of Junior week which is to be held April 23 to the 28. The class will use the NRA in a new and simple manner for their theme this year.

According to Carl Morfitt, general chairman of the week, everything is progressing rapidly and arrangements are further along than they were at the same time last year. Programs have been purchased for the prom and the music for the week has been selected.

Tickets on Sale

Tickets for the Junior prom, the leading social event for the year, will be placed on sale in group houses next week. There will be only a limited number of tickets on sale for the event and those wishing to attend the prom should procure their tickets early.

Ray Sowder, general chairman of the prom, has his decorative motif worked out and has started the manufacture of the decorations.

The elaborate display which will make up the decorative theme will take several days to prepare. The theme is to be a modernistic representation of the NRA. "It will take a long time," Sowder said, "to stick 100,000 NRA labels on the walls of the Blue Bucket, and we need plenty of time."

John Stewart met with house chairmen of the parade last night and outlined a plan for a "bigger and better parade." Each house will construct their own float and by starting early there will be no duplications.

Cabaret Has Talent

Charles Warner, chairman of the cabaret, has also been working for the past several weeks in outlining the Junior cabaret. The cabaret is one of the high-lights of the school year and every student is interested in the good time that may be had at the affair. The main attraction at the cabaret this year will be a troupe of professional showgirls.

The price of admission to the cabaret will be \$1, the same price as was charged last year. Due to the NRA code the price of materials have gone up, but more room is being made at the Blue Bucket Inn for a larger crowd to enjoy the dance.

Serenade Is Opener

Tuesday night the Junior serenade, under the supervision of Robert Wetherell, will officially open the week. The serenade will consist of something new in the line of "under-the-window" entertainment.

Special entertainment is being arranged by Worth Clarke, chairman for the Junior mixer. Tom Armour and his band will furnish the music for the mixer which will start at 7:30 p. m., and continue until 10:30 p. m. on the evening of April 25.

"The theme is so arranged that every member of the class will be able to participate," Morfitt said last night. "We have a few things up our sleeves for Monday that will demonstrate to the other three classes of the university that the Junior class is just one happy family!" he concluded.

STUDENT MARRIES

Friends of Paul Larsson, a junior in the university last year, learned this week of his marriage March 10 to Wanda Gilbert, daughter of Mrs. Lura Gilbert of Rapid City, South Dakota. They will make their home in Rolla, Mo.

Galligan Drives Up With a Flourish; But Is Minus Wheel

"A perfect three-point landing" was the unanimous opinion of the way that Bentley Galligan parked in front of the Beta house last night. Coming back from some mysterious errand, he was rounding the corner with a flourish when there was a sudden loud crack, a jolt, and a perilous tipping to the right, and a flashing of sparks from the pavement. One of the rear wheels, filled with a sudden capricious desire for freedom, had broken loose and was rolling tranquilly down the hill.

The car, resting unsteadily on the end of one axle, came to a violent halt against the curb, and meanwhile the wheel, caught by several hilarious youths somewhere in the neighborhood of the Pi Phi house, was obligingly rolled back and handed to the somewhat dazed but otherwise uninjured owner of the car with a laconic comment, "Here's your wheel Bent."

361 APPLICATIONS IN FOR DEGREES

Graduating Class Third Biggest in History of the University

Three hundred and sixty-one degrees will be conferred by the University of Idaho at its 39th commencement in June, according to applications-for-degrees records compiled in the registrar's office. A graduating class of this size will be the third largest in the university's history and will be but 43 below the record class of 404 in 1932.

Of the 361 applications filed, 302 are for the bachelor's degree and 59 for the master's degree. In only one year, 1932, has the number of bachelor degrees granted exceeded the number of applications filed for the 1934 commencement. The applications this year compare with 290 degrees conferred in 1933, 333 in 1932, 291 in 1931, 274 in 1930, and 294 in 1929. The applications for master's degrees compare with 94 conferred last year, 71 in 1932, 30 in 1931, 32 in 1930, and 47 in 1929.

List Classes

Graduating classes of the university in recent years are: 1929, 341; 1930, 306; 1931, 321; 1932, 404; and 1933, 384. This tabulation establishes the potential 1934 class as the third largest.

Plans already are well under way for the 39th commencement. University alumni are planning many affairs for the first day of commencement, June 9. Sunday, June 10, will be featured by baccalaureate services. Conferring of degrees will come Monday morning, June 11.

GEM SALES OVER CONTRACT QUOTA

May, or May Not, Be Able to Get 62 More Copies Asked For

So great is the demand for the 1934 Gem of the Mountains that 63 more copies have been ordered by the students than are allowed for in the contract. Eleven hundred books were ordered by contract and as soon as it was discovered that more were needed, word was sent to the printers and to the cover company to see if they could make a hundred more.

The printers will do the additional work, but as yet the cover company has not answered. In case that they have finished the job and the extra covers cannot be procured, the last 63 people who signed up for the year books will not be able to get them. Those people would be the last who signed up on the bulletin board in the Ad. building.

If the cover company is able to fill the extra order there will be 37 more Gems available and orders will be taken for those. It will be announced through The Argonaut as soon as it is known whether there will be 37 more books or whether 63 people will have to do without theirs.

MILITARY NOTICE EARLY MORNING DRILL BEGINS MONDAY MORNING AT 7 O'CLOCK.

Bulletin Board

"I" club meeting Sunday, 11:30 a. m., Lindley hall.

Press Club meet at Phi Delts house at 11:30 a. m. Sunday. Very important!!

Argonaut Editorial staff meeting in Ad. 201, Wednesday afternoon at 4 o'clock.

Managers club picture at the Memorial gym at 4 o'clock today.

AUTHOR ARRIVES ON CAMPUS FOR PLAY'S PREMIER

George Savage of Seattle Will View First Performance of His Play

PRIZES ARE OFFERED

Winning Name Will Appear on
Published Volume of
Production

George Milton Savage will arrive on the campus tonight from Seattle to see the premier of his new "nameless play." This is a modern comedy to be presented tonight and tomorrow night by the university players under the direction of Fred C. Blanchard.

After the performance one name will be selected from those submitted by members of the audience, and the play will be published under this title, with a list of the original cast and picture and stage directions of the Idaho production.

Five dollars and autographed copies of Mr. Savage's two plays presented here, will be given the person who suggests the winning name.

Clues for a good title to the play might be found in the character of the grandmother (Marion Dresser) who is a wily manipulator of people and problems. The society mad Mrs. Gates (Ethlyn O'Neal) with her delusions of drawing rooms and her penchant for parties could inspire a number of good names.

All the other characters, from the school teacher, who blows soap bubbles, to the guards from the insane asylum, will suggest appropriate titles for the medley of amusing situations and clever lines that is Mr. Savage's latest comedy. Students are admitted on activity tickets. All others are charged an admission price of 40 cents.

COEDS LEAVE FOR TUCSON CONCLAVE

Frances DuSault and Ethlyn O'Neal Are A. W. S. Delegates

Ethlyn O'Neal and Frances DuSault are leaving Sunday to attend the annual convention of the Western Intercollegiate Association of Women Students. The convention is to be held at Tucson, Arizona, on April 18 to 21.

Ethlyn O'Neal, who is the newly elected president of the Associated Women Students, is the official delegate to the convention. Frances DuSault has just returned from the office of A. W. S. president.

The women are going to Arizona by the inland route and will return by way of the Pacific coast. They will be gone about ten days.

On the first day of the convention the delegates will register and make a tour of the campus. April 19, the second day, discussions will be held on orientation and a freshman week, customs and traditions, unaffiliated girls, enforcement of rules, and interrelations.

To Discuss Finances

On April 20 the delegates will discuss financing and organizational, campus newspaper, activities, vocational guidance, politics, cooperative houses, and scholarship recognition. The guest speaker will be Mrs. Ansel Hemenway, treasurer of National Pan-Hellenic. Her subject will be "Sororities and Rushing." The last day of the convention there will be short discussions on special problems.

Among the forms of entertainment which are being planned for the delegates are a swimming party, a dance drama, sightseeing trips, among which is one to Nogales, Mexico, a barbecue dinner given by the Women's Athletic association, a tea to be given by the sophomore honorary, a Mortar Board breakfast, a tea dance to be given by the junior women's honorary, and a joint dinner with the deans of women, who will also be meeting at Tucson.

CAMPUS PARTY CAUCUS

The Campus party will hold a caucus next Monday night at 7:30 p. m., in Ad. 311 to nominate a ticket to run in the ASUI general election on May 3. All groups on the campus may send representatives to the caucus under the same system of representation that was used in the caucuses preceding the last two class elections. Each group is entitled to two delegates, and one more for each unit of 25 members over the first 50, a majority of 13 to be counted as a full 25 additional.

F. D. R. Appreciates Pep Band's Courtesy Sez Note from Sec'y.

Immediately after the first presentation of the Pep Band show on March 22, a telegram was sent to President Roosevelt informing him of the dedication of the show in his behalf. The following letter was received by Glenn Exum, manager of the band, a short time ago from Louis McH. Howe, secretary to the president:

The White House
Washington, D. C.
March 26, 1934

My Dear Mr. Exum:
Your telegram of March twenty-second has been received, and I want to thank you in the President's behalf for the friendly message which it conveys on behalf of the Associated Students of the University of Idaho.

Very sincerely yours,
Louis McH. Howe
Secretary to the president

After receiving the letter, pictures of the band and show were mailed to the president.

"TAKE 'EM AWAY, THEY'RE ALL FREE"

Press Club to Put on Trick Medicine Show Monday Noon

"The best kind from what ya like it! Extra fancy! C grade! What's all the hollerin' about? Hey! Look here! The Press club is putting on a medicine show to advertise its Publications Ball— and they're giving away a lot of free samples!"

Yes, no foolin' it's true. Monday noon at 12:45 o'clock in front of the Administration building there will be held about the best medicine show to exhibit on the campus this year. In fact we would be safe in saying that it will be the only one.

Music will not be lacking, either. A brass band of any number of pieces will play for the thousands which will gather to witness the proceedings. Space does not permit the listing of the personnel of the band, however. "Anyway we don't know who's in the band, and anyway it's a secret, but anyway there will be one, that's certain."

Import Barkers

One of the finest barkers that ever barked has been imported to take charge of the ceremonies. (We bet somebody is just itching to make a wise-crack about a dog.) There will be free gifts for everyone, well, just about everyone, who attends the show.

The medicine show opens the sale of tickets for the dance. They will be available in the lower hall of the Ad building at 40 cents per person. (Get out your slide rule and you'll see that it will be 80 cents a couple.)

At this juncture Editor Raphael Gibbs issues in all sincerity an invitation to faculty members to attend the dance. "We would like to see students and faculty members get together more than they do," he said. "We feel that too often social events are planned without a thought for the faculty. We want them all to come if they possibly can arrange it."

And by the way, the date of this all-college dance is April 21!

IDAHO DEBATERS WIN LAST MEET

Hobson and Orland Defeat University of Montana's Debate Team April 11

The last debate of the year was a victory for Idaho. The Idaho team, of Karl Hobson and Lewis Orland, met the debate team from the University of Montana, consisting of Charles Van Noy and William Browning, on Wednesday evening April 11 in Ad. 201. An audience decision of 10 to 15 gave the victory to Idaho. The question debated was: Resolved—that the Idaho depletes the rise of Hitlerism.

Hobson's Last Debate

As well as being the last debate of the season, it was the last one in which Karl Hobson debated, finishing for him three years of active participation in debate and public speaking. Hobson entered Idaho in his second year from Rollins college in Florida. He engaged in two debates that year.

As a junior he went to the Pacific Coast Forensic conference at Eugene and entered the extemporaneous speaking contest. This year he debated at the conference which was held at Stanford. He debated against Washington State college, Whitman college, Reed college, and the University of Montana and he has gone on minor trips to speak before luncheon club groups.

He has accepted a position at Cornell in the agricultural department. There he will do statistical work under Prof. Warren, one of Roosevelt's economic advisors.

WOMEN INITIATED BY HONOR GROUP

Ten new members were initiated into Alpha Lambda Delta, national scholastic honorary for undergraduates, Tuesday afternoon at Foreman hall. Ruth Farley, president, and Miriam Virtanen, senior adviser, had charge of the ceremony and were assisted by the other members and Dean Permeal J. French, honorary member.

The initiates are: Mrs. M. G. Neale, sponsor, Jane Baker, Vivian Reed, Edith Slatter, Doris McDermott, Alberta Morton, Marie Schneider, Catherine Bjornstad, Margaret Oranhood, and Delsa Crowley.

AG SHOW PROGRAM TAKES TWO BIG DAYS

Little International Will Start Friday Afternoon, April 20

A complete program starting Friday afternoon, April 20 and continuing until late the following Saturday night has been arranged by the Ag club for their Little International Livestock show. The show will include a regular arena showing all of the best cattle on the university farm in Lewis court, a parade, judging, and a barbecue luncheon for guests Saturday noon.

"The show is progressing very well," said Worth Hodgson, general manager of the show, "and I think that we will put on the best exhibition to be seen at the university for many years."

Complete Program

The complete program for the show is as follows:

Friday afternoon, April 20—Judging of poultry, grain, entomology, plant pathology, and dairy products by the students of the College of Agriculture.

Saturday, April 21—7 a. m., dairy cattle and animal husbandry judging by the students; 11:30 a. m., free lunch at the Dairy building for all Ag students, visitors, and faculty.

Saturday afternoon—1:30 p. m., parade headed by the military band and consisting of floats, horses, and cattle will go through the business section of Moscow and return via the campus.

Show in Lewis Court

At 7 p. m. the livestock show will open in Lewis court. The show will consist of judging cattle and exhibitions and the showing of the university cattle, many of which are grand champions. This section of the show will probably conclude about 10 p. m. A small charge of 10 cents will be made for admission. Everyone is invited to attend the grand finale of the eleventh annual Little International.

Many out of town stockbreeders and farmers will attend the show next weekend. Some of the prominent men in livestock circles in the Inland Empire who will come to the show are: H. Hackadorn, E. F. Rinehart, John Burns, B. C. Swiers, J. C. Knott, G. H. Hardgrave, and E. V. Ellington.

Started in 1924

The Little International was first started under the management of R. E. Everly, now manager of the Carnation farms, in the spring of 1924. The show was the outgrowth of a course in fitting and showing, and has been an annual event since its conception.

All agriculture students will be dismissed from classes on the day of the show to make final preparations for displaying their exhibitions.

LAMPMAN VISITS SOUTHERN IDAHO

D. C. Lampman, of the poultry department has just returned from a field trip in Southern Idaho where observations of the poultry were made and suggestions were made for the improvement of methods. Mr. Lampman visited breeders and hatcheries in the vicinities of Burley, Paul, Rupert, Weiser, Parma, Caldwell, Nampa, Gooding, Mountain Home, Wendell, McCall, and Coeur d'Alene.

"We are concerned with two problems," said Mr. Lampman, "the disease problem and that of proper brooding. We are giving much attention to a growing disease called fowl paralysis. It has been quite prevalent in the eastern states, but it has started to increase in Idaho only in the last few years. Most of our attention, however, was devoted to the brooding problem which necessitates much study in order to produce good results. Many hatcheries were using an old type of incubator which requires much experimentation. We were able to offer many helpful suggestions."

Other Industrial Set-ups

Contrary to these tendencies, are the conditions of industrial set-up in the other main countries. In Great Britain, where position is largely determined by birth, for example, no woman would dare emulate the duchess in dress. Russia governs her economic output on the basis of utility rather than profit and eliminates the problem of too high a rate of industrial speed of over-production.

POLITICAL POT WILL BOIL NEXT TUESDAY AT ASUI ASSEMBLY

Newhouse Announces Date for Nominations; Probably no Primary

TWO LEADING GROUPS

Nominations May Be Made at Any Time Within 48 Hours of Opening

Political activity on the campus preceding the annual ASUI election will get underway officially next Tuesday at 11 a. m., in a nominating assembly, according to an announcement by Bob Newhouse, student body president.

Article VII in the constitution governing elections provides that the nominating assembly be held not less than one week before the third Thursday in April. This provision would have called for the nominating assembly on last Tuesday, but since no issue of The Argonaut preceding such an assembly was published because of spring vacation, the date was moved ahead one week to the regular assembly hour set aside by the university administration.

The official notice follows:

Notice of Nominating Assembly and ASUI Business Meeting at 11 o'clock, Tuesday, April 17

The ASUI constitution provides that a nominating assembly be held at least one week before the second Thursday in April, but since the faculty has specified that assemblies be held on Tuesday, and since it was impossible to have this assembly Tuesday, April 10, because no preceding issue of The Argonaut was published, because of spring vacation, in which such an assembly could be announced, the nominating assembly will be held next Tuesday. If a primary election is necessary, it will be held during the regular assembly period April 24.

A primary election is necessary only if more than two nominations are made for each elective office. Nominations may be made at any time within 48 hours previous to the opening of the polls for the primary election by presenting to the secretary of the ASUI a petition bearing the names of at least 25 members of the association.

Only Two Parties

Leaders of both political parties on the campus agree that there is little likelihood of a primary election being necessary, as no hint of a third party with election aspirations has been heard. Such an election has not been held on the campus in many years.

In case a primary election is necessary, only the two candidates for each office receiving the highest number of votes respectively in such an election are candidates for that office on the ballot for the general office.

MOORE TALKS TO RELATIONS CLUB

Cites Five Main Reasons for Unemployment in America

Mentioning the underlying and specific causes of unemployment in five principal countries, William G. Moore of the economics department compared the labor situation of the United States with that of Great Britain, France, Germany, and Russia at a meeting of the International Relations club Thursday afternoon.

"We must consider the underlying bases for the international problem as it exists today before we single out specific cases," declared Mr. Moore. "Primarily, the problem is made international by the great extent of interdependence of nations of the world. Then of course at the very root of our immediate world situation lies the World war with its devastating after-effects upon world industry."

Citing the five main reasons for the surpassing amount of American unemployment, the desire to "keep up with the Joneses," speed of industrial output, lack of economic planning are further causes of economic irregularity, which leads indirectly to unemployment in the United States, according to Mr. Moore.

Other Industrial Set-ups
Contrary to these tendencies, are the conditions of industrial set-up in the other main countries. In Great Britain, where position is largely determined by birth, for example, no woman would dare emulate the duchess in dress. Russia governs her economic output on the basis of utility rather than profit and eliminates the problem of too high a rate of industrial speed of over-production.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as a second class matter at the Postoffice at Moscow, Idaho.

Editorial and business office, 203 Memorial gymnasium, phone 5452.

Roses For Miss Bernard

The campus will probably be overrun with grade school children tomorrow from many of the surrounding rural districts. The children will be on the campus to perform an experiment which has been looked forward to for many months by the members of the music department, and especially Miss Berenice Bernard.

It is Miss Bernard who first conceived the plan of teaching rural school children music without the expense of an instructor. The pupils are taught with the aid of a phonograph and records. The lessons are recorded for the pupils and they sing with the records. A simple plan isn't it? Yes, and a member of the Idaho music faculty wins the distinction of originating the plan.

The children will gather in the Memorial gymnasium at 2 o'clock tomorrow afternoon and will sing the songs they have learned from the above mentioned method. This will be the largest gathering of pupils to assemble to try the plan. Three pianos have been placed in the gymnasium to afford sufficient accompaniment for the singing pupils.

This plan has won fame for Miss Bernard and it has won fame for the University of Idaho. Accounts of the plan have appeared in the largest musical magazines of this country and after tomorrow's trial is completed, more accounts of the plan will bring fame to Idaho and her Miss Bernard.

The state department of education approved the plan about a year ago and it has been in operation in many counties of the state this year. Tomorrow is the proving ground for this method of musical instruction.

The merits of the plan are numerous and anyone interested in any form of music need not be "slapped in the face" to realize the merits derived by pupils of rural schools.

(Roses for you Miss Bernard! And to you will go the unvoiced compliments that are characteristic of the students of the University of Idaho, but the Argonaut talks out loud and says, "Congratulations!")

81 Years To Graduate

Recent computations show that for the average student carrying the normal number of hours a semester it would take 81 years to complete the courses now available at the university. This is only one example of the extensive resources laid open to the serious student who attends the university for the purpose of getting an education which will repay him in future years for the time and money spent in procuring it.

Educational facilities of every kind are here for one purpose—to serve the students of the university. In addition to 5300 acres leased by the university from the United States Forest service, the university owns 651 acres and has approximately 2805 acres of experimental forest land located within 6 to 18 miles of the campus. With a value estimated at approximately \$2,150,000, the campus of 62 acres has upon it 16 principal buildings and 56 other structures. In the administration building, for example, is the university library with its extensive collection of about 100,000 volumes and 500 magazines and newspapers.

In and around the campus the student may find a gathering of men and women which compose the university faculty. Under the president and the 11 deans, this faculty of 170 work constantly to make it possible for you to fit yourself for your chosen life work, or if you have not yet decided, to help you find a vocation and train yourself for it. The time spent by these people in preparing themselves to aid you is only appreciated when one notes the 1934 computation which puts the time necessary to earn the degrees held by the faculty at 1200 years.

In addition to over 1000 courses offered at the university itself, experiment stations are situated at points throughout Idaho. Between two of these, for example, there lies a distance as far as from Chicago to New York city. Closely allied to the school is the university placement service which has as its aim the placing of properly trained university students in Idaho high schools.

This is an opportunity of a life time. Don't let the numerous sideshows outrank the main tent!

at the cinema

At the Kenworthy The stage at the Fox studio where "I am Suzanne" was made, was the most popular spot on the Fox lot during the production of the film. For a week, secretary and star, producer and prop boy stopped on their way to and from lunch to watch the Teatro del Piccoli puppets perform their scenes in the new Lil-Han Harvey film. Then there was a new attraction; the first indoor bob-sled course. One of the elaborate revue numbers was designed to represent St. Moritz, and a unique winding slide was built of plaster of paris. More than 300 yards long, the slide shot down from high in the wings of a corner of the stage and out onto a rink of ice. "I am Suzanne" plays at the Kenworthy tonight.

Jackie Cooper is starred in "Lone Cowboy," the film suggested by Will James' famous book of the same name, which comes to the Kenworthy Saturday. In the cast are Lila Lee, Addison Richards, John Wray, and Gavin Gordon. Jackie plays the role of Scooter O'Neal, brought up in Chicago and sent west to a ranch by his father, when the latter faces arrest. Scooter is hardly on his way when the father commits suicide. The picture thrills with all the adventures of the little orphan in the West where he remains, adopted by "Dobe Jones, the Lone Cowboy," not discovering his father's suicide until later in the story.

"Cradle Song," the same play of that name which was presented two years ago by university dramatic students here, comes to the Kenworthy Sunday. Director of the play, the film production of the play, the story was made famous on the stage in America by Eva La Gallienne, organizer and director of the Olive Repertory Theatre which has a high reputation for the standard of its work. Her company has played "Cradle Song" in many of this country's leading cities. Miss La Gallienne has herself received the Pictorial Review's award given annually to the woman doing the most outstanding work of any sort in the nation.

At the Vandal Paul Munt heads one of the finest and largest casts of noted stage and screen players in his latest picture, "Hi, Nellie!" which is now playing at the Vandal. The picture is an exciting newspaper drama which combines thrills with uproarious comedy. "Hi, Nellie!" is Munt's third production for Warner Brothers. "The World Changes" and "I Am A Fugitive From A Chain Gang" were the others. Between he returned to the Broadway stage to play his second season in "Counsellor at Law." Glenda Farrell, his leading lady, is also a product of the stage, although she has been playing in pictures for the last two years. She was seen here recently in "Havana Widows."

At U. C. L. A., where Hilgrade Avenue is literally thick with sororities, snobbery is on the wane. It is socially approved not to join a sorority.

SWEETLAND TO SPEAK

Monroe Sweetland, national chairman of the League for Industrial Democracy, will speak at the Methodist church in Pullman at the following times: Friday, April 13, 7 o'clock p. m.; "Youth and Peace" Sat., April 14, 10 o'clock a. m.; "After the NRA" Sat., April 14, 2:30 p. m.; "A Planned Economic Society." All students who are interested are urged to attend.

Legislative action reduced the University of Washington two-mile dry limit to seven blocks recently.

SPRING SONG

Hor, heavy breakfasts are out of date. It's spring—and time to change to crispness! Try a bowl of crisp, delicious Kellogg's Corn Flakes. See how much fresher, fitter you feel.

Kellogg's at night, just before bedtime, make a splendid pick-me-up. So appetizing. And so much better for you than heavy indigestible foods. In a few minutes you're ready for sound, refreshing sleep.

Made by Kellogg in Battle Creek.

Selling by telephone gets results. In many lines of business, salesmen are finding they can cover more customers more often—and close more sales at lower cost—by telephone.

Bell System men have worked out a number of plans for systematic market coverage by Long Distance telephone. They have also devised telephone plans for more efficient handling of production, purchasing, administration, distribution, collections.

Because Bell System service is fast, economical, adaptable to specific needs, business more and more turns to the telephone.

YOU CAN SMOKE THEM STEADILY... BECAUSE THEY NEVER GET ON YOUR NERVES... NEVER TIRE YOUR TASTE!

Three Dances This Weekend

Though interrupted by Spring vacation, social activities have been readily resumed with three group dances. With the promise of perfect weather in the offing, the coming weekend is left to the mercy of the A. T. O. formal, the Interfraternity council and the Dal-eth Teth Gimel dances, which will furnish the bright spots on the campus as far as soft lights and sweet music is concerned. The university play, "Without a Name," will be offered as another type of entertainment, witty, and worthy of the best audience of the year.

Interfraternity Dance Saturday

Saturday night the annual informal dance of the Interfraternity council will be held at the Delta Chi house. Wilbur Hogue is chairman for the affair. Patrons and patronesses for the dance are: Dr. and Mrs. M. G. Neale, Mr. and Mrs. Leo B. Calland, Mr. and Mrs. Allen S. Janssen, and Mr. and Mrs. Ed Poulton.

Annual Formal Will Be Given

The annual spring formal of Alpha Tau Omega will be given Saturday night at the chapter house. A modernistic idea is to be carried out in decorations. Patrons and patronesses will be: Dr. and Mrs. J. W. Barton, Mr. and Mrs. J. E. Buchanan, Mr. and Mrs. V. A. Cherrington. The music will be by Charles McConnell's orchestra.

Graduate Visits Campus

Peyton Sommercamp, Welser, a graduate of the University of Idaho and a member of Kappa Sigma, was a weekend guest of the chapter house. Mr. Sommercamp is now employed by the Union Oil company of California and has been spending part of his vacation on the campus visiting old friends.

Dinner guests of Pi Beta Phi Wednesday evening were: Margaret Orahod, Marjorie Coonsolus, and Norma Mitchell.

Mrs. H. L. Axtell, Moscow, and Mrs. Dessie R. Barrows, Boulder City, Colo., were luncheon guests of Kappa Alpha Theta Monday.

Pi Beta Phi entertained members of Beta Theta Pi fraternity at an exchange dance Wednesday evening.

WOMEN'S BASEBALL TO START MONDAY

A larger turnout is expected in the women's baseball than in any other major sport of this year as it is the last chance to win W.A.A. points in any of the major sports. There will be five weeks of practice before the interclass tournament. By practicing two times a week, the eight practices necessary for placing on a team may be easily acquired. Ruth Evans, baseball manager, has announced that

freshmen and juniors will practice on Mondays and Wednesdays, sophomores and seniors on Tuesdays and Thursdays.

PHI CHI THETA HEARS VISITOR

Miss Elizabeth Adams, assistant manager of the Gregg publishing company in San Francisco, was a guest of the local chapter of Phi Chi Theta, national honorary for business women, the first of the week. Monday evening, Phi Chi Theta

and Alpha Kappa Psi, men's business honorary, met at the home of Dean and Mrs. Ralph Farmer to hear Miss Adams. She spoke about her experiences in the business world and about general economic conditions. Miss Adams also attended the 175-word shorthand test which was given to several students.

Phi Chi Theta held a luncheon meeting Tuesday noon at the Blue Bucket Inn at which Frances Wheeler gave a talk about campus life from the standpoint of a business student, and Margaret Anderson gave a short history of Phi Chi Theta.

MISS IVA SELL IS ELECTED HEAD

Gives Talk Over Radio During Teachers Conference

Miss Iva I. Sell, state supervisor of home economics education, was elected chairman of the home economics section of the Inland Empire Education association for the next year at its annual meeting in Spokane last weekend. Miss Sell is a member of the university home economics faculty. While in Spokane, Miss Sell spoke over radio station KGA, her subject

being "Human Values in Vocational Home Economics." This was given as part of the program of radio broadcasts which is being sponsored throughout the state through high school home economics departments.

WOMEN'S TENNIS TOURNEY BEGINS

The tennis ladder tournament for women has started and there are about 40 women from all the classes entered.

Each woman challenges the first or second above her. She either takes the place of the first one, or in the case that she is defeated, she remains where she is.

W.A.A. awards 10 points to every woman who participates in the tournament, and 100 points to the team.

From this ladder tournament on May 5 will be taken the three names at the top of each class who will comprise the first team to play in the interclass tennis tournament.

The following women are signed up; freshmen—Freda Bethman, Margaret Lawler, Eleanor Hoyt, Katherine Kimball, Mary Fattu, Jeannette Reese, Marian La Rue, Georgina Howard, Helen E. Wilson, Ruth Davis, Melvina Magee; sophomores—Ruth Ferney, Bernice Willson, Dorothy Preuss, Edith Miller, Dorothy Armstrong, Betty Hatfield, Gertrude Oleson, Eileen Kennedy, Betty Mix, Pamela Persons; juniors—Lucille Bell, Maurina Kinghorn, Carol Campbell, Marian Ginder, Judith Crites, Mae Pugh, Jane Merrick, Jean Clough, Anna Sweetley, Lucile Stephenson, and Virginia Merrick; seniors—Marie De Winter, Helen Thornhill, Ruth Kehrer, Jeanne Harrington.

LUCKIES are All-Ways kind to your throat

— so round, so firm, so fully packed no loose ends

We like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they taste better—then "It's toasted"—for throat protection. But we're just as proud of

the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies always "keep in condition"—do not dry out. Luckies are always in all-ways!—kind to your throat.

"It's toasted"

✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

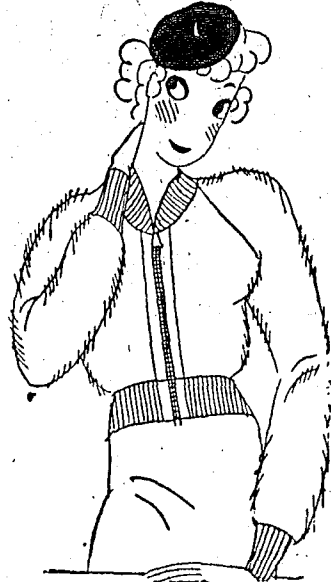

NOT the top leaves—they're under-developed—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—coarse and sandy!

ZIPPER SWEATERS

Two models, one for the men, the other for the co-eds. Both made with full length TALON zippers as the fastener. They're light weight for comfort and easy fit.

The new colors are white, gray, yellow, blue and green—all good spring colors. They will make ideal sweaters for school wear

NEED ARMOR TO VENTURE ON MACLEAN FIELD WITH SAFETY

What with baseball, football, and track all going on at the same time, the innocent bystander on MacLean field needs a suit of armor to avoid serious disarrangement of vital parts. A guy can't take his eyes off the baseball diamond without some hopeful "Babe Ruth" aiming the horsehide right for him, and then when he concentrates on that hazard, down out of the blue comes a vicious looking football with "malicious and harmful" intent. Add to that a few embryonic discuss and javelin tossers and you have a downright dangerous proposition.

IDAHO ATHLETES POSSESS DRAMATIC TALENT MUCH TO COACHES' DISAPPROVAL

Now that "The Prizefighter and the Lady" has taken the country by storm, a couple Idaho athletes are pointing their talents in the same direction. It seems that a few nights ago, Gwilliams, a string-bean frosh candidate for end, was absent from scrimmage. When he came out the following afternoon, he gave as his excuse for being absent the necessity of practicing his part in a play, which part is reported to have been Romeo. Lucky Juliet!

The other lad bent on adding to his acting laurels is "Barney" Anderson, third-base regular on Rich Fox's baseball club. Barney, who lent his "Barrymore" profile to the last dramatic production, is busy with the play coming up for this week, much to Rich's fluently expressed disapproval. Not since Abe Goff, now a Moscow barrister, attended the university have there been such combinations of dramatic and athletic talent. Abe played guard and center on the varsity for three years, was the local "John Drew" in dramatic productions, was colonel of the R. O. T. C. regiment, and a member of the Moscow Fire department in his spare time.

OTT FINDS HIGH CLASS YEARLING HIGH JUMPER

A good freshman high jumper, one of those rare birds so conspicuously absent at Idaho in late years, has at last been hatched. Eddie Cresto is the name of the yearling who has brought the joy of life back to Coach Otto Anderson. Being a retiring gent, Eddie didn't even turn out for track this spring, but got caught up in the freshmen P. E. track meets a week or so ago. Responding to Anderson's plea that he turn out, Eddie tried his luck last Monday night, and has since made 5 ft. 11 in. several times and should make a couple inches more when he perfects his form.

"RED" WILL GET A REST THIS TIME

For the first time in three or four years, Coach "Red" Jacoby will not be packing the mail for the football alumni when they play next year's varsity this spring. In past seasons a dearth of alumni has made it necessary for "Red" to help out the boys, but this year, with the entire senior backfield of Cordon, Norby, W. Smith, and Harry Jacoby available, "Red" can watch the fray from the sidelines. In fact a whole alumni team will be able to take the field; Schmitt, Fowles, Garst, and Randall all being graduating ends; Hoggan, Eiden, and Davis at guards and tackle. That leaves a tackle and center post vacant, but with George Wilson, Lee Tyrrell, and June Hanford still around, somebody ought to be able to fill those two berths.

WATER CARNIVAL IS APR. 30-MAY 1

The date for the annual Hell Divers' Water Carnival has been set for Monday, April 30, and Tuesday, May 1, according to Bill O'Neill general chairman. The carnival this year promises to be even better than previous ones, he said. Included in the program will be fancy and comic diving, formation swimming, speed events, and several novel numbers not yet announced. A water polo game will climax the events with two picked teams playing for the club championship. Officers for the coming year, elected at a meeting of the club Thursday night, are: Egon Kroil, president; Bill O'Neill, vice president; and Eileen Kennedy, secretary-treasurer. The initiation of seven pledges also took place Thursday evening. The new members are: Donna Sheridan, Robert Spence, Russell Honsowetz, Jack McKibbin, Harvey Walker, Fred Hampf, and Norman Roberts.

First Baseball Games Scheduled Saturday

Idaho Team To Meet Lewiston Normal In Opening Clash on Home Field

At last Moscow fans get a chance to see that Vandal baseball machine in action! Saturday afternoon Lewiston Normal will be here to take on Idaho in another doubleheader. The first game will start promptly at 2 o'clock.

Earlier this season Idaho beat the Normal team in a doubleheader down at Lewiston, the score in both games being 5 to 1. The week after the two teams were scheduled to mix in another doubleheader but a wet field caused the two games to be postponed.

Coach Fox comments enthusiastically on his 1934 nine. "Although there is no man that stands out above the rest as a slugger," says Rich, "every man on the team is dangerous when at bat and the team as a whole looks to be the best batting outfit since I've been here."

Since the Whitman campaign the team has been concentrating on fielding and hitting. According to the coach, the boys are developing nicely and will be in fine shape for the Whitman games which will be played at Moscow April 23, 24. The second past-shortstop combination of Leute and W. Geraghty, has been working smoothly—in the last Walla Walla game they pulled three double plays.

The pitching in the last series was, according to Coach Fox, "definitely early season." The boys haven't developed the control they should have. Two of the new pitchers, Brubaker and Newton, are coming along pretty nicely, though. I expect to use them most of time in the Lewiston games Saturday."

The contests Saturday should be interesting from all accounts of other games. The Lewiston club is a peppy bunch with a lot of early season games under their belt, and they always show a lot of baseball before the game is over. The local team is rapidly getting into conference shape and has played about the same number of games as Lewiston.

Most promising of Coach Fox's moundsmen appear to be the veteran righthander, Neil "Ace" Speirs, Ashland, Oregon, and a trio of sophomores—Glenn Naslund, Coeur d'Alene portsider, and Frank Newton, Moscow, and Jerry Brubaker, Payette, righthanders. Clarence "Bud" McNealy, Filer, Jetterman, is first string catcher, with Roy Hanford, Boise, and Joe Wheeler, Covina, California, in reserve.

The Vandal infield is apparently set with Leslie Albee, Council, on first base; Bobby Leute, Pocatello, second; Wally Geraghty, Spokane, shortstop; and Clarence "Barney" Anderson, Lewiston, third base. Wes Shurtliff, Pocatello, alternates on the hot corner with Anderson. A quartet of fence-busting outfielders includes Cy Geraghty, Spokane; Paul Anderson, Spokane; and Bill Kleiner, Des Plaines, Ill., letterman; and Bill Katslometes, Pocatello, transfer from the Southern Branch.

IDAHO NETMEN SHOW UP WELL

Five Matches Scheduled For Season; Rust and Axtell Good Prospects

Under the direction of Captain Ray Sowder, the tennis squad has been working out regularly to get ready for their first scheduled match on April 28 in Walla Walla. Henry Rust and Dick Axtell are showing up well, and the prospects of a good season are bright according to Sowder. Due to the unusually fine weather the squad has much more time to practice this year than usual.

"Five matches have been scheduled for this season, with a possibility of another match or two being added later. On April 28, the Idaho team will travel to Walla Walla for a match with Whitman college. May 5, the Idaho boys will play Washington State at Pullman. The Vandals will play the University of Washington netmen here, May 18. Whitman will play here on the 19 of May, and W.S.C. will play in Moscow on the 26 of May. This schedule will give the Idaho tennis fans plenty of chances to see the team in action.

Smith, relief quarters last fall, will also be trying on the "Little Giant's" slippers when next September comes around.

KLUMB TRIES NEW HALFBACK POST

Harold Klumb, pounding tackle last fall, has been working at outside half so far this spring, and along with Paul Berg, relief man for Norby last season, will endeavor to back up the line in true Norby fashion next autumn.

Since vacation the spring squad has been running through pass plays and has been occupied in blocking and tackling practice most of the time.

Practice games will be held every Saturday as soon as enough linemen are available to form two lines, says Coach Calland. Enough backfield candidates are already out to form two complete ball-carrying units, the only lack being that of enough good linemen.

IDAHO TRACK MEN READY FOR MEET

Vandal Men Rank Well In Northern Conference Competition

With their first meet two weeks from Saturday, the Vandal track team has resumed vigorous practice after their few days spring vacation. Led by Theron Ward in the sprints, Carroll Livingston in the middle distances, Ap Berg in the weights, and Bob Newhouse in the pole vault, the Idaho tracksters have been developing into one of the more serious threats in the northern conference. Coach Anderson is well satisfied with the showings of his squad and expects to have a team which will compete on even terms with the best in

the northwest. The track schedule for the varsity is: April 28—Whitman at Walla Walla May 5—Cheney Normal at Moscow May 12—W.S.C. at Pullman May 19—O. S. C. at Corvallis May 26—Montana at Moscow June 1-2—Conference meet at Eugene

Frosh Schedule
 The schedule for the frosh is the following telegraphic meets: May 12—Idaho, O. S. C., and Oregon May 19—Idaho, W. S. C., and Montana May 26—Northwest Conference meet Dates for the regular meets with the W. S. C. frosh will be set later.

INTRAMURAL SPORTS

In the second match the Delta Tau Deltas excluded Tau Kappa Epsilon from the volley ball tournament by winning two games out of three. The results of the games were: 16-14, 12-15, and 15-9.

In the second match the Delta Tau Deltas excluded Tau Kappa Epsilon from the volley ball tournament by winning two games out of three. The results of the games were: 15-2, 3-15, 15-10.

WANT MEN TO FILL SHOES OF EX-STARS

Calland Misses Smith and Norby; Klumb Shifted to Backfield

Wanted—men to fill two pairs of shoes!

Filling those two pairs of shoes may be harder than it sounds, for the foot-coverings referred to are none other than those worn by Willis Smith and John Norby last season. For the last three years "Beeg" John" and the "Little Giant" have made up half of the Vandal backfield, but now, with both graduating this spring, two of Coach Leo Calland's big worries are to find somebody to take their places.

WHO WILL CARRY PILL, IS QUESTION

Spring practice has uncovered good material in the lines and fairly good prospects in the backfield, but on the whole, the ball-carrying quartet for next season is still largely a matter of conjecture. Clarence Devlin, 160-pound frosh quarter, is showing up nicely in the signal-calling post and may be able to take Smith's place.

Les Holmes, reserve quarter last season, is back this spring and is looking much better than he did last season. Cy Geraghty and Earl
