

### Dean Hungerford Reports Graduate School Activities

#### Increase in Summer School Attendance; Many Seek Higher Degrees in Education

Two points loom out of the latest reports submitted to an interviewer by Dean C. W. Hungerford of the Graduate school:

1. The number of graduate students attending summer school has increased immensely since 1932, while the students in attendance at the regular winter sessions has decreased during the same period.

2. An astonishing number of persons in the Graduate school are seeking higher degrees in education.

"That fewer students are coming to the regular winter session at Idaho is a favorable sign of increased employment," Hungerford declared yesterday. "Many college graduates unable to find jobs in 1932 and 1933 returned to the university in those years. In 1934 they apparently found employment which explains the drop in the enrollment in the Graduate school."

#### Fewer Students

About 110 students are now enrolled in Hungerford's division as compared to 151 in 1932-33.

Hungerford laid the cause of the increase in summer school enrollment from 217 in 1933 to 300 in 1934 to the stream of high school superintendents and other educational students who have come to Idaho during recent summers.

"The School of Education offers a steadily improving course to graduate students," Hungerford said. "Not only is the educational curriculum excellent but Moscow's summer climate also draws many to the university."

#### Little Extra Expense

The Graduate school, a division of the university created with little extra expense, has been completely successful in its purpose, according to Hungerford. A large percentage of those who have received their master of arts or master of science degrees have received profitable employment.

Demands of graduate students have brought better instructors to the university, raised the standards of courses given and stimulated research in many departments, according to Hungerford's reports.

"We are not anxious to increase the enrollment in the graduate school," he remarked. "To maintain our high standards by attracting the best students is our aim."

#### Life of Captivity Proves Tragic For Small Beastie

Single-handed and armed only with a small box, one of our librarians captured and brought back alive, last week-end one of the beasts that have filled the library with their cries and made the lower book-stacks where they dwell a place of fear and horror. Last Friday was indeed a fatal day when "Pat," a small green frog not much bigger than a silver dollar, was yanked out from his dark and cozy hideaway in the pool of water that always forms underneath the stairs in rainy weather and introduced into a strange and unfriendly world.

He was imprisoned at first in a cardboard box on top of the filing cases in the catalogue room, and expected to remain there until someone with a penchant for strange pets took him home. But "Pat" was an adventurous soul. He refused to stay put even if the only way of escape was through a hole about half his size high up in the cardboard wall, and when his new owner arrived, full of eager anticipation, there was no frog to be found.

A long and frantic search followed, but was finally given up by the harried owner. In the rush of her work "Pat" was quite forgotten, until, going over to wet a sponge in the wash basin, she received the shock of her life, for there in the drain sat the tiny beastie looking perfectly con-

tented. After many quite incredible adventures he arrived at his new home and after a brief sojourn at the foot of a tiny potted Christmas tree he was moved out into the garden. And there, alas and alack! he was found dead. The perpetrator of the dastardly deed will probably never be found, for there were no marks of violence on the little green and brown body, nor did a careful search reveal any clues.

It may have been the result of too much confinement in the various boxes used for his transportation, but whatever the cause he was buried under a dry leaf. And whatever Pat is now he is probably croaking to the music of some amphibian harp, pausing occasionally to tell his companions about the extraordinary things that happen when one goes to college.

#### WALKER WHITESIDE

(Continued from Page One)

and ease, for lightness of banter and for vigor in conflict, for unforced and complete revelation of character, for all-round variety, this is a proud impressive impersonation.

Whiteside seems ideally suited to depict Stevenson's hero, James Durie the gay adventurer who plumbed the depths of romance, who sought far fields of adventure, and who swung his conscience on a hickory limb as he went afar into the world. Durie is a scoundrel with a sense of honor, the roving master who returns to his ancestral home when presumed to have been slain in battle, though he has actually been a pirate on the Spanish Main. The struggle between the master and his younger brother, ruling in his absence, is the best type of Stevenson romantic adventure, with rivalry and love of a woman ending in the clash of swords.

H. J. Moors, a close friend of Stevenson, wrote to Whiteside:

I am sure that if Mr. Stevenson, were alive he would be delighted beyond measure to view this wonderful production. The arch-rogue, that infinitely versatile and really damnable "master" of course dominated the whole state whenever he was present; it

### Methodists Lead In Preferences

#### Religious Census Shows Presbyterians and LDS In Second and Third Places

According to the church census figures completed by George S. Tanner, director of the L. D. S. Institute, preferences are shown for 28 churches of which 16 may claim less than 10 preferences. The Methodist preferences are in the plurality with 435 or 21 per cent.

In order of their census rank are the Presbyterians with 296 or 14.3 per cent, Latter Day Saints with 235 or 11.3 per cent, Catholics with 173 or 8.3 per cent, Episcopal with 152 or 7.3 per cent, Lutheran with 99 or 4.8 per cent, Christian with 88 or 4.2 per cent, Congregational with 62 or 3 per cent, Baptist with 55 or 2.7 per cent, Christian Science with 42 or 2 per cent, and the Protestant with 11 or 0.5 per cent.

The remaining 21 per cent placed their preferences for Unitarian, Church of the Brethren, Nazari-

ene, Community, Church of God, Church of Christ, Adventists, Jewish, Christian Reform, Dunkard, Missionary, Full Gospel, Greek Orthodox, Church of Truth, Reformed, Uaker, and True Followers of Christ.

Few Changes Comparing these figures with those of the census of last year there are no striking changes except those of the Latter Day Saints whose membership this year exceeds that of the Methodists and whose total preference figure shows an increase of three per cent over last year. Those showing no church preference have maintained a surprisingly constant percentage at around 18.5.

### PEA GROWERS HOLD ANNUAL MEETING

About 250 farmers attended the annual pea growers' luncheon held at the Washburn-Wilson Seed company at the Blue Bucket Wednesday.

The menu, a pea grower's dream, consisted of pea soup,

baked loaf with peas, and cookies made from pea flour.

The meeting at 10:30 was presided over by F. L. Kennard who later introduced Tom Brindley, United States entomologist. H. W. Hulbert, agronomist at the university, also gave a short talk.

Boxing by James Rayburn and Earl Spences and dances by pupils of Miss Jessie Hutchinson, concluded the entertainment.

### Karl Hobson Accepts Idaho Agricultural Position at Boise

Karl V. Hobson, a graduate of the university college of agriculture in the class of 1934 has been appointed assistant agricultural economist with the extension division, announces Dean E. J. Idings. Hobson will have headquarters at Boise. He succeeds G.

T. Hudson, who recently resigned to join a governmental farm credit agency.

Hobson was an outstanding student in the college of agriculture. As a student assistant in the department of agricultural economics under the direction of Dr. P. A. Eke, he carried on farm management studies and other field work which gave him

a wide acquaintance with Idaho farm problems.

New rules prevent parties for students of Milwaukee State Teacher's college from being scheduled at taverns and roadhouses.

"Facetious" has the five vowels in their natural order.

### I.K.s Will Entertain Delegates To Pullman Convention

Local Chapter Will Hold Dinner and Dance For Visiting Men

The Idaho Ball and Chain chapter of Intercollegiate Knights will entertain delegates of the national convention being held in Pullman on April 12. The convention is held every year, the one last year meeting at the University of Washington.

Definite plans were made for the convention at a meeting on March 6 at the Sigma Nu house. The guests will be honored with a progressive dinner at the fraternity houses. The delegates will also be guests at a spring informal dance given at the Sigma Alpha Epsilon house. Patrons and patronesses of the dance will be Dean and Mrs. T. S. Kerr, Mr. and Mrs. George E. Horlen, and Mr. and Mrs. Leo Caland.

May Attend Pep Band Show Arrangements will be made for those who wish to attend the Pep Band show which is to be held that evening.

Guy de Julio, national secretary and treasurer of the organization who was here March 4, passed his approval on the convention plans, and was particularly in favor of the dance and dinner.

Committees appointed for carrying out the plans are, dance: Bill Armstrong, Jack Dyer, Jack Jensen and Bill MacLear; progressive dinner: Robert Strachan, James Perry, Roy Gray, Rodney Dean; Pep Band show: Clyde Koontz, Mark Robinson; transportation: Bert Larson, and Gene Ryan; entertainment: Fred Rasmussen, Orme Jergensen, Glen Starlin, and Earl Bullock.

Ask Sorority Aid "We hope that the sororities will help to make the convention a big success by furnishing dates," said Frank Bevington, Duke of the Knights.

In addition to the convention plans, Mark Hegstead, Junior Knight, gave a report at the meeting on the point system. By this system an estimation of the work done by each member is recorded, and it is made a basis for electing men to offices.

The initiation and election will be held on March 20 at the Beta Theta Pi house.

Blind students are able, when properly trained, to use regular typewriters.

### Teachers Sponsor Essay Contest For Students

Each high school in Idaho is to send its best essay in the national Good Will day contest to the state committee by March 20, states Dr. George Morey Miller, state chairman.

This contest, sponsored by the National Council of Teachers of English and the World Federation of Teachers, seeks to promote Good Will day, May 18, 1935. Contestants are to write on "The United States: The Good Neighbor," from viewpoints such as control of munitions, tariffs, and foreign policy.

The essays are to be approximately 500 words in length, typewritten. Prize money totaling \$50 is to be divided into awards of \$35, \$10, and \$5.

### COUNCIL ADOPTS NEW DATE CARDS

Final plans for the interfraternity council formal dance to be held at the Beta Theta Pi house were made at the meeting held last night. Patrons and patronesses for the dance are Dean and Mrs. T. S. Kerr, Mr. and Mrs. Allan Janssen, and Mr. and Mrs. Fred Blanchard.

Broken pledges for the last semester were reported. The council also voted to adopt last year's date cards for the coming year. The new cards will be out before spring vacation.

### EDUCATOR TO SPEAK

Roy Burt, educator and labor union man, will speak at the Methodist church tonight on "The How and Why of Social Change."

Mr. Burt was the Illinois state secretary of the socialistic party and intends to run for mayor of Chicago upon his return to the East. He has just completed a tour of southern Idaho and will continue through Washington and Oregon. His speech will begin at 8:15.

SAVE YOUR EYES! See Dr. A. E. Jones, who has been permanently located in Spokane for many years and is well known for reliable eye service. He gives you a scientific examination and then special ground lenses. "No cheap ready-made lenses are used." He will be at Moscow hotel, Moscow, Thursday and Friday, March 14 and 15.

### You may never PUT THE SHOT

but rushing around to classes and working in the lab burns up energy too. You need nourishing, easy-to-digest food.

Try a bowl of Kellogg's Corn Flakes for breakfast tomorrow. You'll like these crunchy, golden flakes. And you'll feel better during the day.

They're right, too, for that snack before you retire. After a dance, or a long session with the books. They help you sleep, because they digest so easily.

Always fresh and crisp, in the inner WAX-TITE bag. Made by Kellogg in Battle Creek.

Kellogg's CORN FLAKES

OVEN-FRESH FLAVOR PERFECT

### W. S. C. To Be Scene Of High School Conference

Preliminary announcements and invitations for the eighth annual Washington high school vocational conference at Washington State college are being sent out this week by the joint faculty and student committee in charge of the event. April 19 and 20 are the dates selected for the meeting which is expected to draw between 400 and 500 high school leaders from all over the state. Four hundred fifty-seven attended last year.

The program this year includes the biennial Engineer's show presented jointly by the University of Idaho and Washington State college engineering branches, the annual Little International show of agricultural interests, and the annual special exhibits of all departments and divisions on the Pullman campus.

### "I" CLUB CARNIVAL

(Continued from Page One)

Selves extensive vocal training to be well equipped with all that is necessary to be the barker for the occasion. Every "I" man will take his turn as duffer and everyone may heave baseballs at them at three for a nickel. For everyone who has his pitching arm well in shape it may be possible to make it a grandiose evening and make it a point to batter in an unmerciful fashion every one of those burley "I" men.

The proceeds of the dance will go to buy a trophy case to be placed in the Memorial gymnasium. With \$25 already contributed by the "I" club, it will be possible with the proceeds of the carnival dance to install the first section of the trophy case right away. This is in spite of the fact that the policy of inflation is to be practiced at the dance. The admission will be 49 cents a couple for the dance and for every nickel a "buck" will be sold with a trade value of \$5.00.

### Phi Eta Sigma Takes 15 New Men Tuesday

National Scholastic Freshmen Honorary Chooses New Pledges; Must Have 5.5

Phi Eta Sigma, national scholastic honorary for freshmen men, pledged 15 freshmen Tuesday afternoon who, during their first semester in the university, made a 5.5 average or higher. The pledging was held at the Beta Theta Pi fraternity house.

Earl Evans, Malad; Jay Jordan, Spokane; John Decker, Moscow; John Wright, Spokane; Gerald Larson, St. Maries; Paul Mann, Lewiston; Max King, Valleyford, Washington; Albert Kassens, Priest River; James Skiles, Burley; Harold Kirkpatrick, Lewiston; Jack McKinney, Salmon; Kent McQueen, Preston; Paul Taylor, Moscow; William Reese, Preston; and James Gralow, Boise, were the men pledged.

### Chamberlain Speaks

Fred Rasmussen, a member, outlined briefly to the new men the history, aims, and standards of Phi Eta Sigma. Lawrence Chamberlain, political science instructor and faculty sponsor of Phi Eta Sigma, pointed out the value of such an organization which gives first year men a definite objective during their early university career.

Judson Wark, president, presided over the meeting.

### Federal Entomologist To Survey Pine Damage

Pine Beetle Injury in Idaho And Montana Forests To Be Investigated

During the coming summer the bureau of entomology and plant quarantine of the United States department of agriculture plans to devote considerable time to a survey of western pine beetle activity and damage in the forests of Idaho and Montana. Dr. Claude Wakeland, head of the department of entomology has been advised by James C. Evenden, entomologist at the federal forest insect laboratory at Coeur d'Alene.

### Others Similar

The Idaho-Montana survey will be a companion study to the investigation recently conducted in Oregon and Washington and will give entomologists the complete picture of the destructive tendencies of this tree pest in the Northwest. Out of the combined surveys entomologists hope to glean more facts which will help curb the timber destroyer. After studying beetle activity for five years in Oregon and Washington, the United States Forest Service reports that beetles destroy each year in the pine regions of these states eight times as much as do forest fires.

# GRINS 'N GRIPES

TO THE EDITOR

Under this head will be published communications upon any subject of general interest to the readers of The Argonaut. The articles should be brief—most more than 500 words—must be free from personalities and initials will be published unless otherwise requested by the writer. This paper is not responsible for any opinions which may be advanced by contributors to this department, but merely serves as a medium through which readers have the right to air their views on or eliminate any letters which they are not pertinent or in their opinion would not be to the best interests of the student body.

## In Defense of Germany's Labor Service Program; Explains New System

**Sir:**  
In the last issue of The Argonaut somebody (I do not want to call him a student, since—to judge by his statements—there is nothing scholarly about him) used this column to give his opinion of the German labor service. He was against it, of course, because it is fashionable to be anti-German. He seems to be quite free of any knowledge about German conditions, except of what he happened to read in a certain AP dispatch. If he had had the slightest knowledge about Germany and its people, he could never have written such complete nonsense.

The German compulsory labor service exists to train the people to respect labor, something which is certainly needed in a country in which most educated people would have been ashamed to be seen in public with a laboring man. This service is to be universal. The sons of the rich as well as all other Germans will be forced to work one year of their life for the nation. The program of this organization comprises road-building, re-forestation, etc. (cf. the USCCC). The men are required to work six hours per day. Sports and civic instruction fill the rest of the day. Education for good citizenship is the main purpose; (that the unemployment situation is helped by the labor service is only an additional merit.) (Read: The Christian Science Monitor; The English Review, London of Feb. 35.

# Hawkeye On Duty

This has been a hectic week for our snoopers, and no wonder. This McCALL and GWILLIAMS swift sort of look our breath away. It just goes to show that no matter how close check is kept of these steady they always pull the unexpected. Just another instance, while we were snooping around the gym the other day, we saw BO PALMER and BETTY "ORANGE" GROVES along with GLENN COFFIN and MILDRED ASH busily engaged gobbling a few on the hard old cement—tsk, tsk. Did you hear about the D. G. steady stepping out on the boy friend? We won't tell, but if you keep your eyes open, you will be just as shocked as we were—and we all thought she was such a smart girl. See where LOIS DAVIES was stepping backwards to date MOON SHEPHERD, one of her hasbeens, much against the advice of PHIL PETERSON. Did you know that DOROTHY DOLE was maintaining the Beta Widows' club alone?

And what's this we hear about SHIRLEY KROGH leaving BILL MCCREA flat in front of the Kap-pa house to go in and talk to her new boy friend over the phone? Do we smell "ye olde triangle?" Another Fiji pin floating around, VIRGINIA HELM is wearing FRANK BUCHANAN'S till something better comes along. These debates seem to be attracting lots of attention, especially that debate where PEG ROSEBAUGH and ELEANOR ECHTERNACH had a little skirmish afterward. We noticed EARL BULLOCK is back in circulation again after a big dose of spots. THE GAMMA PHIS' star debaters laying the ground work for the debate at the dinner table—and by the looks of the outcome they did a good job. How about MARK FELT playing the role of HENRY VIII, and playing cards of an evening... MARGARET WYCOFF and WAYNE HILL looking for greener pastures and very happy after making up. With lots of dances this week-end, we should have some points of interest for the next issue. This "T" CLUB carnival should be the hot spot for some of the best dirt of the season. Beware!

Portuguese, not Spanish, is the principal language of Brazil.

## Oratorical Genius Crosses Wires Over Events

"I care not what course others may take," said Patrick Henry, "but as for me my course will lead me to the Publications' ball." That sounds better. If he didn't say exactly that, he should have, because that's what all wiser people on the campus are beginning to think. It's one of the annual high-lights of spring. People come to dance, of course, but one of the main features of the evening is always an impromptu contest to see who can grab the most of the samples that are distributed by the car-load.

## Outstanding Attraction

The second of two outstanding attractions which have been brought to the Idaho campus within the three weeks just past will be offered next Tuesday evening in the person of Walker Whiteside, internationally known dramatist. The campus has not yet finished talking about the Portland symphony orchestra, and the masterful direction of Willem van Hoogstraten. Upon the heels of that superb attraction comes this equally meritorious one.  
Mr. Whiteside brings his New York company to Moscow and under the sponsorship of the English club will present Robert Louis Stevenson's "The Master of the Ballantrae" in the university auditorium. At present the company is playing in Seattle. It was found impossible to sponsor the play in Spokane and only the diligent work of Dr. G. M. Miller, head of the English department, and the executive board of the English club brings the group to our campus.  
This is an opportunity to hear an outstanding actor in a worthwhile vehicle. Mr. Whiteside is recognized as one of the leading stars of the legitimate stage. The prices may look a little steep at first glance, but Idaho students can little afford to pass by this chance to see and hear this great player.

## Idaho Holstein Cow Member of 1934 "All-American Team"

Culminating 23 years of continuous herd improvement through the use of proved sires, the University of Idaho holstein herd has a full-fledged player on the 1934 "All-American team" for the breed. In holstein dairy cattle, as in football, the best individual is selected each year in each showing class. Prof. F. W. Atkeson, head of the dairy husbandry department, recently received notice that Idaho Perfection Delight, a university cow, had been made the "All-American 3-year-old" for 1934.

While there is great rejoicing around the university about this outstanding record, the thing which pleases Prof. Atkeson and his associates most is that it constitutes further evidence in support of the soundness of the breeding program which has given the university one of the finest college-owned herds in the nation. "The sire, dam, and maternal granddam of this cow all were classified 'excellent in type,' the highest official rating given in holstein herd classifications," says Professor Atkeson. "Delight represents four consecutive crosses of meritorious proved sires, thus demonstrating the soundness of this method of herd development. She represents six generations straight descent from one of the original foundation cows purchased in 1911. This foundation cow, incidentally, was the dam of the famous Idaho Violet Posch Ormsby, whose 1000-pound fat record still ranks on top in this state. Delight is five generations removed from Old Violet." As long as the student is able to hold a pen, sickness is no excuse for skipping exams at the U. of Missouri.

## at the cinema

at the Kenworthy—"The Gilded Lady," the new Claudette Colbert starring vehicle which comes Sunday and Monday is a romantic and frothy comedy that boasts a totally new and unconventional approach on the romantic angle. Assisted by Fred MacMurray and Fay Millard in the principal supporting roles, Miss Colbert is cast as a pretty stenographer who is dead set against marrying a millionaire. Her idea of connubial bliss is a husband who is poor and struggling, someone whose hardships she can share. She thinks she has found the man of her dreams, but when he turns out to be a wealthy English nobleman traveling incognito in the United States, she drops him in a hurry. The resulting publicity spurge brings the obscure little secretary into the limelight, makes her the most sought after woman on two continents.

at the Vandal—"The cops are crashing the movies!" Frank B. Gombert, nationally known criminologist in charge of the Criminological Department of the Los Angeles County Sheriff's Office, launched upon a screen career at Warner Bros. Gombert was engaged by Warner Bros. to supervise the filming of highly technical scenes in the Barbara Stanwyck starring picture, "The Secret Bride," showing Sunday, Monday, and Tuesday.

He is an authority on all branches of crime detection and investigation. He took laboratory equipment valued at \$25,000 to the studio for use in scenes which were filmed in authentic and realistic fashion under the eye of the expert. "The Secret Bride" is a thrilling drama of political plots and baffling murders based on a play by Leonard Ide. Miss Stanwyck heads the cast which includes Warren William, Glenda Farrell, Grant Mitchell, Arthur Byron, Henry O'Neill and Douglas Dumbrille. William Dieterle directed the picture from the screen play by F. Hugh Herbert, Tom Buckingham and Mary McCall, Jr.

## CARD WINNERS ANNOUNCED

Major and Mrs. Connell, Cecil Greathouse, and Del Smith won first prizes at the duplicate contract bridge tournament held at the Blue Bucket last Wednesday evening. Major and Mrs. O'Connell, playing north and south, made a score of 31½, while Cecil Greathouse and Del Smith, playing east and west, made 24. Next Wednesday evening a three-week tournament will start at the Blue Bucket. Scores will be figured on the per cent of the match points.

Ohio State university (Columbus) contributed \$43,367 to the federal and state governments last fall as games.

## Penn-Craft Hats

The name PENN-CRAFT stands for style authenticity; it stands for quality; it stands for workmanship; it stands for the greatest hat value in the United States. They are fashioned by craftsmen who know how to make fine hats. In a wide selection of spring colorings.

300 telephone wires in 1890  
300 telephone wires in 1935  
Above: From an old photo of lower Broadway at John St., New York about 1890. Right: Actual size of 150 pair cable.

Bell System engineers long ago began to work out a way to clear city streets of overhead wires. The first telephone cables were crude affairs—a few wires drawn through a pipe. Continuous research brought forth improved designs, better manufacturing methods, cables of smaller size yet far greater capacity. The cable with the greatest number of wires today—3636—is 2½" in diameter. More than 94% of the Bell System's wire mileage is now in storm resisting cable—one of many developments to improve service.

**Idaho Fans Missed Their Cue at Basketball Game Last Week: Vandals Honored**

"It's better late than never," and I don't believe it is ever too late to remind the student body of the breach of etiquette which it committed a week ago. It was more than just a breach of etiquette; it was a slap in the face to Idaho's basketball team.

First let me tell the story of the basketball career of Bobbie Drummond, Idaho's all-conference guard of a few years ago. His first year of basketball was played with McMillan, Stowell, Berger, and Thornhill, a combination that placed Idaho high in the conference. After that successful year Bobbie was forced to drop out of school for a while. When he returned he played with Idaho's mediocre teams of 1930 and '31. He was a fine ball player and was picked by many as an all-conference guard, but he couldn't win games all alone. Now to the point of this story. In Drummond's last game here, Idaho met the University of Washington. The Vandals put up a grand fight, but the Huskies had one of their many fine teams and won the game. Near the end of the second half Drummond was put out of the game on fouls. He turned and sort of smiled at the crowd and started trotting towards the door in the end of the gym. The audience rose to a man and gave him one of the finest ovations any Idaho player could ever hope to receive. They forgot all about the games lost, the poor teams, the students' "crabbing" and everything but the fact that he had played three years of basketball for Idaho, giving the team and student body everything he had to make Idaho athletic teams stand out.

--SS--  
In the last home game here this year with O. S. C. a similar situation arose. Did the students "come through" as they should have? I should say not! Via Warner went out of the ball game on four fouls and at that moment ended three fine years of competition here. All he got was a very meager cheer. Warner had completed his athletic career, he had not been on any championship ball club, but he had given this institution three years of basketball of which Idaho should be proud.

--SS--  
One reason this was brought to my mind was the fact that when Idaho played W. S. C. last week the Cougar fans gave Ralph Rogers, Rolly Johnson and other seniors a fine hand as they went out of their last game. This is something I am sorry to say Idaho fans didn't seem to want to do for their men.

--SS--  
Anyone can tell you it takes a lot better man to play consistently on a losing ball club than on a winning one. When a team wins it is easy to take victory, but when they lose it is the toughest thing in the world to take. If a player can stay on a losing team and still play a superb brand of ball, give him credit for it.

--SS--  
At last the real all-conference team is chosen. The northern division coaches in their annual meeting this week picked the men that to them were the outstanding stars of the year. Wally Geraghty of Idaho received the honor of being recognized as one of the six best ball players in the northwest this year. Bobby Galer of Washington and Wally Palmberg of O. S. C. were the unanimous choices of this group for forwards. At center they picked Willie Jones, high scorer for Oregon. George Hibbard, captain of the championship O. S. C. quintet, was a unanimous choice for one guard position while Wally Geraghty and Clyde Wagner of Washington tied for the remaining position.

On Oregon's all-opponents team Geraghty was given a first string berth. On their second team the Ducks picked Iverson, Larson, and Warner.

--SS--  
An interesting announcement comes from the O. S. C. camp on the eve of their duel for the coast championship with U. S. C. The Beavers will use a man to man defense against the Trojans. Oregon State adopted this defense for the first time in years this season. During the season they switched back to their old zone defense against the Huskies. Now they intend to keep a close check on their southern rivals. Teams from the South are notorious for their strong offenses and weak defenses. It is safe to predict that the scores of the games should be low with the Beavers placing their hopes of victory on a tight defense.

## W. S. C. Swimmers Defeat Idaho At Pullman

The Vandal mermen coached jointly by Vernon Shook and Egon Kroll, were defeated by the W. S. C. swimming team 21-63 in a meet at Pullman last Saturday afternoon.

"Two of our best swimmers, Bob Painter and Bob Johnson," said Kroll, "were sick and unable to participate."

The relay team, Hollinger, Kroll, Herman, and Motheran, lost. Hampl placed third in the 200-yard breast stroke while McKibben placed third in the 100-yard back stroke. Morris placed second in the 50-yard free style, and Hollinger, took third in the 440-yard free style.

McKibben came in second in the 100-yard free style. In the diving Le Favor took second and Shook placed third. Kroll was third in the 220-yard free style. The final event, the 300-yd. Medley race was won by W. S. C.

The Idaho frosh were defeated by the W. S. C. frosh 33 to 50. Tom Witherell was high point man for the Idaho frosh making 11 points.

A return meet will be held here March 16.

Coeds at the University of California are not allowed to stay out for movies after 10:5 on week nights.

# Vandal Bone-Crushers Will Tangle With Cougar Matmen Saturday

**Hammer Locks, Boston Crabs, and Rough Stuff Promised**

Hammer locks, Boston crabs, mixed in with a little ear pulling and nose tweaking will undoubtedly be the dainty dish served up to followers of the mat game as Vandal grapplers meet the Cougars Saturday at the Memorial gymnasium.

W. S. C. having already won a decisive victory over the powerful University of Washington squad, will bring a strong well-balanced team to Moscow. Saturday will be Idaho's first test of the season. Last year the Vandals beat them handily twice in as many meetings. This year the college "felices" will be thirsty for Vandal blood.

**Champs To Battle**  
Northwestern champions and the debut of some who are expected to win distinction this year will feature the meet. Stan Skiles, 128 lbs.; Earl Latham, 168 lbs.; of Idaho and Miller, light heavy weight of W. S. C. are the northwest champs who will see action.

Paul Jones, a new comer on the Vandal squad, has been causing Skiles, his coach, a great deal of trouble lately in practice. He is expected to garner a win in Saturday's meet. In the 155-pound class, Edelblute, Delo, and Holmes are so closely matched that Coach Skiles has not determined to which one he will give the nod.

Freshman aspirants and substitutes will tangle with a like aggregation from W. S. C. as a curtain raiser to the varsity matches. The freshmen matches will start promptly at 2:30 and the varsity at 3:15 o'clock.

Idaho's lineup will be: varsity, Wright, 118 pounds; Skiles, 128 pounds; Jones, 138 pounds; Stoddard, 148 pounds; Edelblute, Delo, or Holmes, 155 pounds; Latham, 165 pounds; and Evans, 175 pounds; heavyweight, Barbee.

Freshmen are: McElroy, 128 pounds; Miller, 135 pounds; and Buetler, 145 pounds. The rest of the team has not been selected.

Idaho will meet W. S. C. in a return meet at Pullman March 23. The triangular meet between W. S. C. Idaho, and Washington, also at Pullman, will climax the season for the Vandals. This meet will be March 30.

**NOTICE**  
**YOU HIGH AND MIGHTY ELECTRICALS:** Just because you beat the lowly civils is no sign that you are the big shot in the engineering school. Just to show you that we are still far superior, we challenge you to a basketball game to be played Saturday afternoon, March 16, 1935.

**THE CHEMICALS**  
The event for B league are: 50-yard free style, 30:3; Johnson, Lindley hall; Hokanson, Phi Delt; Dahlke, Lindley hall; 100-yard free style, 1:05:7; McKibben, Lindley hall; Molter, Ridenbaugh hall; Dudley, Phi Delt; 200-yard free style, Dimoch, Ridenbaugh hall; Hollinger, Lindley hall; Morgan, S. A. E.; 50-yard breast stroke; Mueller, Sigma Chi; Dal-ke, Lindley hall; Hampl, Lindley hall; plunge: Morris, Phi Delt; Peavey, Phi Delt; Cobb, A. T. O.; 50-yard back stroke: Makeben, Lindley hall; Goodmanson, Sigma Chi; Walker, Sigma Chi; dives, LeFavour, Lindley hall; Morgan, S. A. E.; Tracy, S. A. E.

First and second place winners in the league meets will meet in the university finals Monday afternoon at 4 o'clock.

**ARTICLE ACCEPTED**  
Dr. H. P. Klug of the chemistry department has had a paper accepted by The Zellschrift Fur Kristallographie, the world's outstanding journal on crystallography, in which he discussed the arrangement of atoms and molecules in crystals. The journal publishes articles in English, German, French, and Italian.

## TRACKMEN WORK OUT FOR FUTURE MEETS

Two months ahead of their first scheduled meet, the Idaho trackmen are working out daily in preparation for the opening of northern division hostilities May 11, when the Vandals will act as hosts to the cinder squad from Washington State.

A week later, on May 18, Oregon State comes to Moscow for the first time in three years. Last year the Vandals were defeated by the Beavers at Corvallis. A trip to Missoula for an encounter with the Grizzly track team on May 25, followed by the northern division meet at Seattle May 31 and June 1, will finish the season for Idaho.

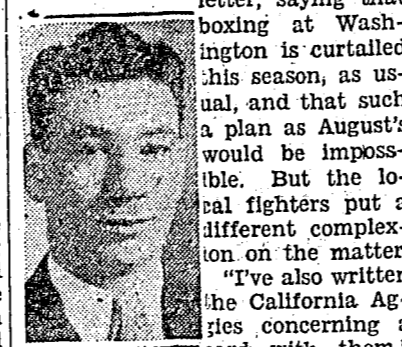

Non-conference meets with Elensburg, Cheney, and Whitman, and probably one with Lewiston normal are yet to be scheduled, although meets with these schools will probably be held.

## Boxing Coach Louie August Unable To Schedule Cards

**Inland Empire Opponents Almost Exhausted; Huskies Cannot Come**

Even the big town boys are afraid of us!

Such is the word going around the boxing department, and good reason. Almost exhausting the field of opponents in the Inland Empire, Coach Louie August wrote to the University of Washington asking for a home and home card between the Huskies and Vandals. Back to Coach August came a brief letter, saying that boxing at Washington is curtailed this season, as usual, and that such a plan as August's would be impossible. But the local fighters put a different complexion on the matter.

Aggies have a card with Washington State on March 15, and I'm trying to arrange one here with them on March 16 or a few days later.

"We'd like to arrange matches with the Multnomah Athletic club of Portland, and other such organizations up and down the coast," said August, "but the cost is too great for the crowds and the small gate receipts that we have at Idaho. If the student body would come out 100 per cent for the cards as they do at W. S. C. we could afford to have men from the coast and California also."

Though invited to participate in the Pacific Coast Amateur championship tournament at Portland March 4 and 5 August said that no Idaho fighters would go.

"We're not making any trips this year but next year we're trying for the Olympics. That's what we are gunning for now."

August feels sure of an Olympic game representative in his brother, Joey, who, says his coach, can whip any other fighter in his class on the coast right now.

"There's a swell chance now for fellows interested to learn to box without a penny of cost," added August. "Elmer Johnston is conducting a beginners' course in room 301 of the Memorial gymnasium every Tuesday and Thursday afternoon from 4 to 5 o'clock."

## Baseball Replaces Basketball; Fox Optimistic

Baseballs are replacing basketballs in the gymnasium this week as the varsity diamond artists go through daily warming up exercises.

"We will get outside as soon as the weather permits," declared Coach Rich Fox, who is enthusiastic about squad prospects, except for a shortage of pitchers, catchers, and second base candidates.

First games for the Idahoans are just a month away, as Whitman will be engaged in a non-conference series at Walla Walla April 4, 5, and 6. Return games with the Missionaries at Moscow are scheduled for April 19 and 20. The conference season gets under way at Moscow with a game with Washington State, April 26.

Carnegie Institute (Washington, D. C.), astronomers are conducting studies of a very faint nebula said to be 1,330,000,000,000,000,000,000 miles away.

The needle of a compass does not point to the North pole but to the North magnetic pole.

## Faculty Volleyball Squads Divide With W. S. C.

The A and B squads of the faculty volleyball teams journeyed to Pullman last Friday and played the faculty of Washington State college, breaking even in the first set of a series of two games, to be played this year.

The A squad composed of Thomas Brindley, Jesse Buchanan, Alan Janssen, George S. Tanner, Kenneth Williams, Allan C. Lemmon, won with a 2 out of 3 count.

The B squad lost by a score of 2 out of 5. M. W. Melzian, James Kalbus, Ralph H. Farner, Carl Tjerandsen were in this group.

It is customary to invite the visiting team to a stag dinner after the game. The W. S. C. faculty provided a dinner in the State College commons for the visiting Idaho team.

Next Friday the last set of games will be played here.

### RICH FOX ATTENDS MEET

Coach Rich Fox, basketball and baseball mentor, left Wednesday for Corvallis, where he plans to see the Pacific coast conference championship play-off between Oregon State college and the University of Southern California. Following that series, Coach Fox will travel to Twin Falls for the state high school tournament to be held there next week.

Glenn Jacoby left for Spokane yesterday, and plans to join Coach Fox at Twin Falls next week.

## Vandal Fencers Meet Cougars Saturday

Smarting under a 4-5 W. S. C. victory earlier in the season, Vandal foilmen will be out to contribute to what is expected to be a lively session when the Cougars invade Memorial gymnasium Saturday afternoon at 2:30.

Since the last meeting the Vandals have smoothed over the rough spots and made changes that should give the Cougars a more formidable trip to face.

The return of Bob Harris to the Idaho squad after a semester's inactivity has bolstered the Vandal stock. He is a left hander and a veteran of three years participation. Another new Idaho man will be Clyde Inman, who lacks experience, but who has shown plenty of promise. He is also a left hander.

The third man of the team will be picked from among Art Nelson, Frank Beach, and Amos Nugent, all capable fencers and about on a par in ability. Ray Weston, captain and coach, will not participate in this meet, or the Idaho squad could boast an all-left-hand team.

The Vandals will meet W. S. C. in a return match at Pullman March 23, and will again journey to Pullman March 30 for the triangle meet which will include Washington, Idaho, and W. S. C. The northern division meet at Seattle April 6 will complete the season.

# Adopt New Policy For Frosh Sports

A new policy has been initiated in the freshmen physical education classes this year whereby the men receive a taste of practically all the sports sponsored by the university.

Leo B. Calland, head of the physical education department, stated that the switch to a more diversified program was due to the fact that the majority of freshmen enrolling in the classes have had very little previous experience along physical education lines, undoubtedly the result of the lack of high schools in the state which offer such training.

### Activities Added

In the past it has been customary for the frosh to indulge in team play in basketball, to have a track pentathlon, and to meet the school requirement in swimming, which states that every freshman must be able to swim the length of the university pool before being allowed credit for the course.

To these activities have been added three weeks of boxing instruction under the direction of

### Intramural Sports

Last night the Delta Chis defeated the Fijis in an over-time game to the tune of 20-19; this defeat eliminated the Fijis. Ridenbaugh had easily vanquished Lindley hall by a score of 33-19. Ellington for Ridenbaugh was the high scorer in the game.

Wednesday night the T. M. A. S. trounced Delta Tau Delta to the tune of 17 points and Thurman, Delta Tau Delta, made 8 points to get the high scores for their respective teams. The same evening Ridenbaugh hall beat the Sigma Chis 23-20. Baxter, Sigma Chi, made 10 of the 20 points for the Sigma Chis.

Louis August, three weeks of wrestling under the direction of Stan Skiles, and later in the spring baseball, and possibly pass-football" will be added.

The new policy in allowing the frosh to get a taste of a larger number of sports enables them to take a larger field into consideration when they pick the sports in which they will participate during their sophomore year.

In discussing the freshman swimming classes, Calland stated that it is surprising how many Idaho students can swim the length of the tank. "In most cases there are seldom more than four or five out of 50 who can not meet the requirement," he added.

At Columbia university some 300 people will pay 50 cents each to witness a mid-term exam in dramatics.

There are only six legal holidays, observed by all states.

Anything else Sir?

Nothing else — they Satisfy!

Cigarettes are made for your pleasure and for your enjoyment... nothing else. And when a cigarette gives you the enjoyment that Chesterfields do there are no "ifs" "ands" or "buts" about it...

They Satisfy

# SOCIETY

**SPRING is coming!** You just can't miss the indications when you look at the social calendar. This week-end is a good beginning, too, for the spring events.

The "I" men are giving their carnival with a two-fold purpose; entertainment for the campus and a trophy-case for the university.

Initiation dances are still filling the weekends. Alpha Phi will have a formal, while Delta Delta Delta and Delta Tau Delta will hold informal.

Ridenbaugh will hold their annual "Joe College" dance.

The Interfraternity council's annual formal will be held this week-end, also.

**Tri-Delta Honor Initiates at Dance**

Delta Delta Delta will hold their initiation dance Saturday at the chapter house. The Paris Knights orchestra will furnish the music. The Patrons and patronesses will be Mrs. Miriam Ritchie, Mrs. Eugene Taylor, Dr. and Mrs. A. C. Lemon, and Mr. and Mrs. Fred Bock.

**Ridenbaugh Plans "Joe College" Dance**

A "Joe College" dance will be held Saturday night by Ridenbaugh hall. The hall will be decorated to represent a fellow's room. The programs will have a picture of Ridenbaugh hall on the front cover.

Music will be furnished by A. C. Whitaker's orchestra. Patrons and patronesses will be Mr. and Mrs. Laurence Chamberlain, Mr. and Mrs. J. W. Barton, and Mr. and Mrs. W. F. Atkinson.

**"I" Club Will Hold Carnival at Gym**

A carnival will be held Friday night in the Memorial gymnasium by the "I" club. The dance will be the main attraction with the side shows in addition. The hall will be decorated to represent a carnival. Music will be furnished by Chuck Collins' orchestra. Patrons and patronesses will be Mr. and Mrs. Leo Calland, Mr. and Mrs. Rich Fox, Mr. and Mrs. Otto Anderson, and Mr. Glenn Jacoby.

**Delta Plan**

**Initiation Dance**

Delta Tau Delta will hold its initiation dance tonight at the chapter house. Dick Paris and his Paris Knights will supply the music. Patrons and patronesses will be Dean and Mrs. E. A. Kostalek, Dean and Mrs. E. J. Iddings, Mrs. C. L. Von Ende, Mr. and Mrs. Allen Jaassen, Mr. and Mrs. A. Z. Hadley, and Mr. and Mrs. J. L. Crites.

**Alpha Phi Plans**

**Formal Initiation Dance**

Alpha Phi will hold a formal initiation dance Saturday. The Blue Devils' orchestra will furnish the music. Patrons and patronesses will be Mr. and Mrs. Charles Carter, Dr. and Mrs. N. M. Leavitt, Mr. and Mrs. J. E. Buchanan, and Mr. and Mrs. V. A. Cherrington.

Delta Gamma announces the initiation of Alline King, Marjorie Collins, Pocatello; Jean Pence, Payette; Peggy Hester, Lewiston; Vivian Noyer, Blackfoot; Betty Peavy, Twin Falls; Lucille Nelson, Edna Simpson, Boise.

Kappa Alpha Theta entertained The University Club at a dance exchange Thursday night.

Mr. Donald G. Isett, national secretary of Delta Chi, was a guest of the local chapter the first of the week.

Miss Georgia Wolfe, Spokane, was a house guest of Pi Beta Phi this week.

Delta Chi announces the pledging of Donald Winter, Moscow.

Pi Beta Phi entertained Alpha Tau Omega at an exchange dance Tuesday. Guests were William McClellan, Cecil Thorpe, William Ash, Carol McElroy, Max Noel, Donald McKee, Fred Cobb, Winton Gray, Robert Baldwin, Homer Fisher, Gordon G. Hillman, John Wright, James Wright, Wendell Gannon, Clarence Childs, Robert Finch, Louis Goetz, Boyd Erickson, and Thomas Furchner.

Delta Delta Delta entertained Sigma Alpha Epsilon at an exchange dance Tuesday.

Gamma Phi Beta entertained Mr. and Mrs. Wickes, Spokane, Wallace Geraghty, and Winston Goss at dinner Monday.

Alpha Chi Omega entertained Alpha Tau Omega at an exchange dance Thursday.

Kappa Kappa Gamma entertained Sigma Nu at a dance exchange Wednesday evening. Molly Ann Adams was a dinner guest of Kappa Kappa Gamma Wednesday.

Margaret Rosebaugh, Margaret Manion, and Dr. F. C. Church were dinner guests of Kappa Kappa Gamma Tuesday.

Catherine Bjornstad was a dinner guest of Kappa Alpha Theta Wednesday.

## Social Calendar

- FRIDAY MARCH 8**  
"I" Club Carnival  
Delta Tau Delta dance
- SATURDAY MARCH 9**  
Alpha Phi Initiation dance  
Delta Delta Delta Initiation dance
- FRIDAY MARCH 15**  
Pi Beta Phi dance  
Chi Alpha Phi dance
- SATURDAY MARCH 16**  
Delta Gamma formal  
Sigma Nu dance  
Kappa Kappa Gamma dance

## Gwilliam-McCall Are Married Here Tuesday

Two University of Idaho students, Marjorie Ann McCall of McCall, Idaho, and Frank Gwilliam, Weiser, were married by Probate Judge L. G. Peterson Tuesday. Shortly after the ceremony the young couple left for Spokane, where they plan to make their home.

Both are second year students and were registered in the junior college. Miss McCall is a member of Alpha Chi Omega sorority, while Gwilliam is a Sigma Chi.

In his freshman year Gwilliam played on the first year football team, and during the 1934-35 season was a varsity end.

Miss McCall is the daughter of Mr. and Mrs. C. C. McCall, Mr. McCall is a salesman at Salt Lake city. Gwilliam is the son of Mr. and Mrs. T. S. Gwilliam. His father is in the milling business at Weiser.

## A.W.S. Committee Makes Nominations

Officers for next year nominated; Elections March 26; Farley Goes to Corvallis

A short A. W. S. assembly will be held next Tuesday at 11 o'clock at which time the nominating committee will nominate officers for next year. The committee is composed of Ruth Ferney, Marjorie Wurster, Laura McGrath, Martha Jean Reburn, and Barbara Geddes.

Also, those girls whose grade average is 4.7 will be voted on for Mortar Board. Ethlyn O'Neal, president of A. W. S. recently appointed Ruth Farley as the Idaho delegate to a meeting at Corvallis of all associated women students groups in the northwest. The purpose of the meeting is to make plans for securing worthwhile entertainment at the various schools in this region next year.

A. W. S. elections will be held March 26.

## Dramatic Honorary Pledges Student Actors

The Curtain, dramatic honorary, pledged the following students last night: Dorothy Dole, Erma Lewis, Helen Wilson, Alline King, John Daly, Eldred Stephenson, Burnell Baker, and Aldrich Bowler. Initiation will take place tonight.

These students have been honored in dramatics and had two or more major parts in productions on the campus. The pledges are wearing black masks in place of pledge ribbons today.

Discussion was held on the question of the organization becoming national. The time for future meetings was set as every third Sunday for the remainder of the year. These meetings will be social as well as intellectual. Lectures will be given by various professors.

## M. Williamson To Wed d'Easum Next June

Prominent Idaho Alumna Announces Engagement to Former Argonaut Editor

An announcement of the engagement of Miss Mary Williamson of Moscow to Cedric d'Easum of Boise was made at Longview recently. Both are graduates of the university and were prominent in activities while on the campus.

Since her graduation with a B. S. degree in home economics, Miss Williamson has taught in the high schools at Moscow, Blackfoot, and Longview, Wash. She is a member of Delta Gamma, Phi Upsilon Omicron, and the English club.

Mr. d'Easum was graduated with a B. A. degree in 1930. He is now employed on the staff of the Idaho Daily Statesman in Boise. He is a member of Sigma Alpha Epsilon, Blue Key, Silver Lance, Delta Sigma Rho, English club, and Scabbard and Blade, and was editor of The Argonaut in his senior year.

The wedding will take place at Miss Williamson's home in Moscow in June.

TNT represents trinitrotoluene, a high explosive; not dynamite.

## Spring Forecast

from Vogue

Are our dispositions and our temperaments softening, along with our clothes? Curly bangs, bonnets, childish round collars, capes, delicate colors, laces, flowers—we are adopting them all. Do you think you remember how you felt with a Russian fez drawing you to your full height. There is a difference. There is no sophisticated subtlety about our new clothes. They are frankly charming, using every wile to accent femininity.

The madness in new fashions usually goes to the head; and this season is no exception. From pill-box to capeline, you will wear the sort of hats that make men slightly nervous. The hats are very daring.

You can undulate as you will at night, but "straight and slim," is the daytime password. Even so, don't be afraid of asceticism—there'll be plenty of new details to enliven and flatter. Your daytime skirt may have a small slit, to give more freedom; and its slimmness will be accentuated by little flared jackets, by capes of fur and fabric, by full sleeves, and by peplum and tunics. Two colors are smarter than one. Clear, geometrical prints are, perhaps, the smartest of all the prints and are usually in two colors, such as white and black. Many plaids and checks for short swagger coats will be worn. This is a bigger suit

season than ever. The cape-suit will be a new joy to you—making you feel gay and gallant with its swing, or demure and feminine with its fitted shoulders and hug-me-tight look. You can have a

square cut reefer suit, or you can pinch your waist and widen your chest with broad revers and flip a peplum about your hips. Bold checks are important.

Fifty students at Vallapin, Spain, locked up two professors in a room until they promised to pass the whole class without an examination.

**PRINTZESS has sent us SUITS**

for you... and you... AND YOU!

**\$19.75**

Suits for everyone this spring! Clean cut tailored jacket suits... little casual "Princess Marina" suits... Clark Gable suits with "broken backs"... long-coat suits, suavely belted at the waistline. Tweeds... men's wear woollens... patterned monotones! Your size, too, no matter what it is! No wonder we're fast becoming known as suit headquarters here!

suits from **\$9.95 to \$29.75**

**DAVIDS'**

"The Best As a Matter of Habit"

**R. C. A. VICTOR**
