Soil Tillers and Legalites Finally to do Battle

By means of a peace pipe (and not a lead one, either) the Lawyers and Ags seem to have come to an understanding to continue their traditional basketball game...

Players (as well as prayers) will turn out on the eventful evening to witness the titanic struggle, which will feature the Lawyers' O-Zone system and the Ags' WPA (Well Polished Apples) system of play.

Rigid training rules are in force on the members of both squads. The Lawyers will train on spinach and beef (ing) steaks, and will in addition give up drinking—more than once a day.

Short's Funeral parlor will be the final umpire on any and all decisions.

Help revive this old traditional battle by witnessing this legalized murder on Wednesday, March 18th.

Bellows' Paintings Are Library Theme

Pictures of Artist in Late American Period Are Exhibited

The library exhibit for this week takes as its subject George W. Bellows, painter, lithographer, and illustrator. He is one of the outstanding artists of the late American period.

Mr. Bellows was born in Columbus, Ohio, in 1882. He attended Ohio State university, and during his undergraduate days, was rated as one of the best short-stops in the country.

Portrait American Life. Students enrolled in the American literature course should take special interest in this exhibit as Mr. Bellows is now being studied in their classes.

Since the exhibit lacks original works of the artist, it will be impossible for the observer to grasp the full force of Mr. Bellows' artistic genius. It is hoped however, that some benefit will be gained from the display of reproductions.

Grad Is Eminent Screen Writer

Talbot Jennings, Former Student Of Dr. Miller, Is Nationally Known for Cinema Work

Word has just been received by Dr. G. M. Miller, head of the English department, that Talbot Jennings has been given recognition for the honors recently bestowed upon Mutiny on the Bounty...

Doctor Miller said, "I imagine that all Talbot Jennings' young friends will be glad to know that the Mutiny has been an outstanding success all over the country. At least, everybody in Idaho will understand that Jennings is now among the most eminent writers for the screen in the country."

Playing golf anywhere on the university campus will be strictly prohibited from now on, according to an announcement yesterday from R. W. Lind, superintendent of buildings and grounds.

Three Trios Selected From Vocal Try-outs For Pep Band Show

"The Kappa and Alpha Chi trios were selected from the tryouts to take part in the Pep Band show," stated Bob Seymour, leader.

The music for the formal part of the show is here now, and some for the informal part. Music will be ordered, however, right up to a few days before the show. Rehearsals are starting, and the band is working hard to make the show a success.

Campus Scene of Violent Death As Ex-student Commits Suicide

Arthur M. Pecka, 22, From Chicago, Despondent as Result of Low Grades

Shot through the right temple, the body of Arthur M. Pecka, 22, former University of Idaho student, was found lying on the floor of an upstairs room of the Chi Alpha Psi house about 7:20 o'clock Saturday morning.

Pecka was not an active member of the fraternity. Several notes stating his intention to take his life were found lying on the desk at which Pecka had sat all night, never going to bed.

Two Sections Play; Robert Lyon Directs

The university military band will give its annual concert Thursday at 8 p. m., in the university auditorium.

The concert will be divided into two sections. The first will be given by the concert band, composed of about 50 members.

The second section of the concert will be played by the entire military band, composed of both the concert and the regimental bands.

The program will be as follows: March "The Vanished Army" ... Kenneth Alford

Overture "Arioso" ... Louis Boyer Trumpet Solo "Fantasia di Concerto" ... E. Boccalari

Prelude ... Jean Begian Scherzo "The Flight of the Bumble Bee" ... N. Rimsky-Korsakov

Liebestad from "Tristan and Isolde" ... Richard Wagner Mood Mauve ... Russell Howland

Rhapsody "Virginia" ... Haydn Wood University of Idaho songs ... Arranged by R. B. Lyon

Come Fellows! The Silver and Gold Waltz We're Here to Win Idaho, We Dearly Love Thee

Go, Vandals, Go March and Cortage "The Queen of Sheba" ... Charles Gounod

Combined Concert and Regimental bands This is the first concert given by the Military band this year.

And it won't be long now! On the very same day on which old Saint Pat drives all the snakes out of Erin, the juniors will officiate at several acts of similar nature in identical guise on the Idaho campus.

Beginning with a procession (parade to you) on Tuesday afternoon, March 17 (not too green, yet not too ripe, hopes the faculty) a week of fun, frivolity, hilarity, and merriment will ensue.

Well, anyway, you've all seen these handsome junior men, haven't you? Won't it thrill you to hear the melodious clarity of their silver-toned notes as they encumber the nocturnal air waves on the Wednesday night of Junior week and perhaps leak into the sleeping porch on which you seek dreamless diversion from daily delinquencies?

Time in again on Friday, after the cerebrum has capered on these colorful considerations awhile, and you will be presented with chapter two, volume nine, series eight, of "Gm-cracks on Junior Week."

Thank you kindly, and, until then, keep "week-minded."

Miss Frances Miller, Boise, who was injured last Thursday afternoon in a bicycle accident on the hill near the gymnasium, returned to Hays hall yesterday afternoon where she has been confined since the accident.

Miss Miller suffered a slight concussion when she was knocked unconscious after the bicycle on which she was riding broke down. Several of her teeth were broken and she was somewhat bruised.

Chemist Will Talk At Open Meeting Of Sigma Xi

Dr. Edward Bartow of Iowa State University is Authority on Sewage Disposal Problems

Prof. Edward Bartow, distinguished head of the department of chemistry and chemical engineering of Iowa State university and president of the American Chemical society, with a membership of 17,000, will visit the university March 23.

Doctor Bartow will address an open meeting of Sigma Xi, scientific honorary society, at 4 o'clock Monday afternoon in Room 110, Science hall.

He is one of the country's foremost experts on sewage-disposal problems, and his advice is much sought after by municipalities and sanitary engineers.

After eight years on the staff of the University of Kansas, Doctor Bartow was called to Illinois as director of the state water survey, the first organization of kind in the Midwest.

More PWA Red Tape Will Postpone Call for New Bids Until May 1; Board Accepts Resignations

Construction of the proposed \$118,000 university infirmary received a set-back of at least five weeks when bids for the general construction, wiring and plumbing, heating and ventilation of the building were opened at the board of regents meeting here last Saturday and discovered to be about 20 per cent higher than the amount of money made available to the university for the structure through a PWA grant and loan.

Rifle Squad Lands Sixth in Match

Inexperienced Idaho Team Shoots 3,582 Out of 4,000; U. C. L. A. First

The green R. O. T. C. Idaho rifle team, with a total score of 3,582 out of a possible 4,000, made a surprisingly strong showing in shooting its way to sixth place among fifteen teams competing in the ninth area corps.

The University of California at Los Angeles carried off first place with a total score of 3,708. The University of Oregon shooting a score of 3,700 was second.

William H. Horsley, a representative of the Izzard Advertising agency of Seattle, Washington, will speak at the business school's banquet which is to be held at the Blue Bucket at 6:30 p. m. Thursday.

Mr. Horsley is a former yelling of the University of Washington and is reputed to be a very interesting after-dinner speaker. He will discuss problems of marketing Northwest products in the East.

All students enrolled in the school of business and those enrolled in the junior college who plan to take business are urged to attend.

Tickets for the banquet are priced at 65 cents and may be obtained by applying at the office of the school of business or may be secured from Alpha Kappa Psi or Phi Chi Theta members.

Is Movieland Afraid of "It Can't Happen Here"?

If the story is true—and the veracity of Novelist "Red" Lewis has never, to our knowledge, been called in question—that Movie Moderator Will Hays has turned thumbs down on the filming of "It Can't Happen Here," Lewis' late attack upon American fascism, then finally Czar Hays has gone too far.

When Hays, pushed from behind by the embattled puritans of the country, laid zealous scissors to the streamers of prurient celluloid that were reeling out of Hollywood he performed an act for which the country can scarcely condemn him—although there is much truth in the views of those who say that heavy loving left the screen because of public revulsion, and not because of Hays censorship.

Be that as it may. From sex scenarios that left little to the adolescent imagination, the screen reacted toward stories of the Victorian "most beautiful love story ever told" type, which turned the public to the other pole of nausea.

But let's leave sex out of this. Hays can censor "sexography" to his dying day, and people will continue to love with slight obscenity to his shears.

Hays, according to reports, bans the filming of "It Can't Happen Here" from fear that the production will offend Signor Mussolini and Herr Hitler. The American public will draw the line on this sort of censorship.

Hays may trifle with the sex life of America, but he can be assured that the American tradition of free expression will rebel against an attempt to dictate the nation's political thought away from the fascism threat, out of deference to two leaders of a type of government that most Americans eschew.—Oregon Emerald

Here n' There

How do:
 I see that the L. D. S. Institute came off with the top rank in the mens' groups again. Don't you think that it is sort of unfair to compare the mens' houses with this group? The mens' houses have to take anyone who comes along, practically speaking, as long as they have the where-with-all. The Institute is able to demand that the members have some degree of scholastic ability before they are admitted to membership.

We hear that the English department resents the application of the term *broadminded* to their faculty members in the last issue of *The Argonaut*. I don't see that there should be any resentment on the part of the English department. As far as I have been able to see, the English department is not only the broadest-minded group in the school, but also the most up to date in their teachings.

Believe it or not, *The Argonaut* really and finally scooped the sports pages of the coast last week. Well, it's about time.

Wonder if B. D. M. thought he or she was telling me anything new last week? Whoever it is mustn't read *The Argonaut* or else he or she would have realized that the Spurs said all that a couple of issues ago. After all, I do have some idea of what I am writing about, and also some knowledge of what goes on around here. Anybody who wants to gripe about this should remember that this is a column of my personal opinions and observations. If they don't agree with them they can write their own opinions, but do they have to pick on me? I am of a very sensitive nature and you gripers upset me terribly.

Honest John

Jentleman Jim Sez--

And out of the New York elevator strikers' antics comes this tender little theme song to be sung by the poor unfortunate who has just passed the top of the 49th floor stairs, and has 10 more to go: "Mr. Otis Regrets."

Spring reigns with spring rains—and a little snow too.

The national barn dance M. of C.s pulled the following remark: "Uncle Ezra used to be an actor. He had his leg in a cast once."

Well, it looks as though the "Ethiopian Rainy Season" got lost in the vicinity of Moscow. All of which should make the ROTC lads feel more like playing soldier when they drill.

Friend: "Have you got class?"
 Senior: "I've got plenty of it, plenty."
 They say that Hitler's base act of breaking the peace pact did not make a bit with the other nations. A few more "hits" like that and the League of Nations ball club can sign him up as a first grade base-Hitler.

Dear Voice of Inexperience:
 What shall I do? The last man I went out with broke his leg, the one before that fractured his head, and two of my boy friends have broken an arm when they went out with me.
 (Signed) Flaming Mame

Answer: There is only one thing for you to do. The lads will have to change your name and call your their Maiming "Flame".

Thinks Mortar Board and Cardinal Key Should Disband

To the Editor:
 It is agreed that the Idaho campus is a pretty darned good one—but let's, through the combined efforts of Cardinal Key and Mortar Board, do the campus a real service and each dissolve its own organization, thus changing the Idaho campus from a pretty darned good one to a whole lot better one. If such organizations as yours develop friction between groups, are antagonistic to even 10 percent of the students, then your point of being service honoraries is entirely defeated. Your membership should not exist!

You said that "honoraries do have some representative men and women in them, political set-up or not"... Well, you need a couple of true representative students in each to cover up the inexcusable disgrace of some of the not-so-good members. I, too say let's all be optimistic in viewing the Idaho campus a darned good one in the future by doing away with these would-be honoraries and making all efforts to direct for ASUL—not for more honoraries.

Library Registers Seasons Says Student

To the Editor:
 Probably the most noticeable feature of the library is the accuracy with which it registers the seasons. It may well be an almanac as far as seasons are concerned. By seasons I mean the seasons that are observed by the students. In the first season we may put the first three weeks of school. The library was then a buzz of activity so we call it adjustment season. The next season registered was one of mediocre activity. Along about the time of semester exams it registered the serious season, or the season devoted to study.

Now that the sun is shining once more a new season is registered. A sort of lethargy has settled over everyone. Signs of spring fever are noticeable anywhere you look. I wonder what the old library will do about this new season? Probably give it a name such as "Melancholia Romancia" or "sunp-thin".

Possibly in a couple of weeks the arboretum may have something to say about the name of this new season, and you can bet your bottom dollar it will have something to do with romance. Well, spring is here. Don Juans do your stuff, remember you have a reputation that must not be allowed to suffer. Well "Addy ose" as they say in "Spinach".

Miss Eastman Resigns
 The board accepted the resignation of Miss Marjorie Eastman, Boise, from the position of extension clothing specialist and appointed Miss Vivian Minyard as her successor. Miss Minyard was for four years district home demonstration agent in Southwestern Idaho and for the past year has been demonstration agent for Chelan county, Wash. Miss Eastman resigned to become clothing specialist with the Michigan extension service.

Approval was given the appointment of George W. Johnson, a 1930 graduate of the college of agriculture, as agent for Clearwater county. This is a new position and the appointment is effective March 16. After graduating Mr. Johnson served a year as deputy in the state bureau of dairying, a position from which he resigned to become assistant manager at Idaho Falls.

The board accepted the resignation of Henry Miller as instructor in agricultural engineering. Mr. Miller will accept a position with a manufacturing company.

Kappa Alpha Theta and Kappa Kappa Gamma Debaters Decide Championship Tonight

Debate teams of Kappa Alpha Theta and Kappa Kappa Gamma will vie tonight for the possession of the women's intramural championship and the cup offered by Delta Sigma Rho, debating honorarily. They will meet at the Kappa Alpha Theta house at 7 p. m.

Margaret Rosebaugh and Helen Clough, Thetas, will uphold the affirmative, with Jean Perkins and Helen Sullivan, negative, opposing them.

The question is, "Resolved: That the ASUI Should Maintain a Student Book Store." Constructive speeches are limited to six minutes and rebuttals to four minutes.

Traditional Rivals

The two houses are traditional rivals for possession of the Delta Sigma Rho cup. Three years ago the Thetas obtained one permanently. Last year the Kappas won the new cup the first time it was presented.

Runners-up in the third round of debates were Hays hall and Alpha Phi.

The series began March 16, with all women's groups on the campus participating. Opposing teams have entertained each other at dinner throughout the series. Debate managers in each house have chosen a judge.

fever by the introduction of pure municipal water supplies. While in England, in 1914, he became acquainted with the recently discovered activated sludge process for the treatment of sewage. After returning to the United States he spent several years in studying and developing this process. He secured its introduction in Milwaukee and it is now used in Chicago, Indianapolis, and in many other cities.

Major in World War

In 1917, soon after the United States entered the war, Doctor Bartow was commissioned as major in the army and went to France to care for sanitary work, especially water supplies for the A. E. F. Later he was commissioned lieutenant-colonel. With a large staff of assistants he not only directed sanitary work for men in the field but also rendered notable service by calling to the attention of European chemists the use of liquid chlorine in purifying water supplies.

and when told about it later could hardly believe it. When the police arrived, they asked some of the fraternity men just coming out of the house if this was the place where the fellow had committed suicide and they were told "no."

Worked in Spokane
Pecka had been working in a sporting goods store in Spokane since he quit school last January, and arrived here at about 10:30 Friday night on a business trip. Fraternity men say he tried to give away some of his things that night, but they thought he was just joking.

"Pecka was still up when I went to bed about 5 o'clock Saturday morning," said Charles De Spain, who lives at Chi Alpha Pi. "He talked morbidly but I thought nothing of it, since he had previously been known to speak carelessly of committing suicide."

Had Mania For Guns

The youth, according to men in the house, had a mania for owning and tinkering with guns. Just before De Spain went to bed, Pecka had gone to the room where some of his possessions were kept, taken out the .22 pistol, and placed one shell on the study desk. De Spain thought nothing of the action, for Pecka had often examined the gun.

When the fraternity men answered the breakfast call at 7 a. m. Saturday, they noticed Pecka sitting calmly at the study desk as they passed the door of the second-floor room. No shot was heard afterwards; but when students returned from the breakfast table, the youth was found dead on the floor, the gun lying nearby.

Police Chief E. L. Whitmore was called immediately, as were several doctors and County Coroner Howard Short. Short officially pronounced the death suicide. The body was sent to the boy's parents, Mr. and Mrs. John Pecka, 1656 North Balou street, Chicago, Illinois, Sunday night.

Pecka first came here in the

fall of 1933 from Chicago and enrolled in the school of forestry. He completed his freshman year successfully, but had encountered difficulty in his studies during the sophomore year. He withdrew from school entirely in January of this year and moved to Spokane, where he found a job in a sporting goods store.

Inter-Fraternity Council, Lindley Hall, Alpha Phi, and Tri Delt Hold Dances

The annual formal of Inter-Fraternity Council was given at the Kappa Sigma chapter house Saturday. Decorations were carried out in accordance with the different fraternities on the campus by crests on deer hides placed about on the walls. The programs were made of polished metal with a Greek letter border.

Members include Jack Dyer, president; Maurice Malin, vice president; Theron Ward, secretary; Wallace Rounsavell, treasurer; Edgar Wood, Jr., William Armstrong, Clarence Devlin, Ross Sundberg, Earl Bopp, Ray Lincoln, George Rich, Joseph Hendon, Woodrow Sorenson, Earl Bullock, Lee King, Sam Ryan, Howard Cook, Robert McFadden, John Lukens, Roy Gray, Fred Campbell, Raynor Severine, Clyde Koontz, Joe Pimentel, Fred Robinson, and Keith McDaniel.

Patrons and patronesses of the dance were Dean and Mrs. J. A. Kostalek and Mr. and Mrs. R. B. Lyons. A. C. Whitaker's orchestra furnished the music.

Lindley hall entertained at a collegiate informal Saturday at Ridenbaugh hall. The walls were decorated with pennants and athletic equipment. The programs were in the shape of pennants having the U. of I. upon them.

Patrons and patronesses were Mr. and Mrs. M. W. Metzian, Mr. and Mrs. W. C. Moore, and Mr. and Mrs. Robert Greene. Paul Ennis and his orchestra furnished the music.

Alpha Phis Go Modern
Initiates of Alpha Phi were honored at an informal Saturday at the chapter house. The rooms were decorated modernistically in silver and bordeaux, and the crest and ivy leaves carried out the significance of the initiation.

Small crested programs of wood completed the modern design. Patrons and patronesses were Mrs. Homer Pitner, Mr. and Mrs. A. N. Jones, Mr. and Mrs. V. A. Cherrington, and Mr. and Mrs. Jesse Buchanan. Music was furnished by the Blue Devils' orchestra.

Delta Delta Delta honored their

initiates at a St. Patrick's dance Saturday. Green shamrocks hung from the chandeliers, and lighting came from shamrock covered lights. In one room the green and white streamers converged at a huge lighted Tri Delt pin. Silhouettes of the initiates were placed about on the walls.

Programs were made of suede paper ovals with a gold crest stamped on the cover.

Patrons and patronesses were Mrs. W. A. Ritchie, Mr. and Mrs. Allen Janssen, and Mr. and Mrs. Geoffrey Coope. Music was furnished by Chuck Collins' orchestra.

DAVIDS'

A LIGHT SMOKE

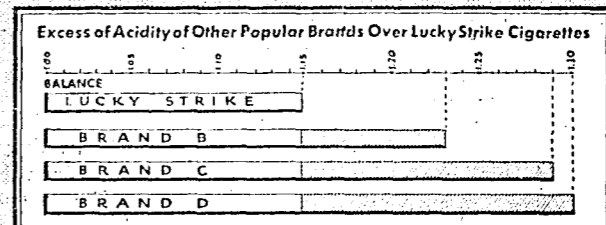

OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobacco. They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco

("Toasting"); consideration of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product. All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

Paul Jones Wins Right to Compete in Olympic Mat Finals at Lehigh University in Spring

Idaho and W. S. C. Lose; Washington Victor In Minor Sports

Paul Jones, Vandal matman, won the right to compete against the nation's best 134-pound wrestlers at Lehigh university, Bethlehem, Pennsylvania, in the Olympic finals, as a result of his stellar work in winning the Northwest championship last Saturday in Seattle. Jones' win, coupled with three other Vandals who reached the finals, gave Idaho ten points and first place among the colleges entered. In addition, Idaho placed third among the 18 teams entered, being topped only by two independent teams, the Tacoma "Y" and the Multnomah club.

The four Vandals, who placed in the meet were Paul Jones, Harold Stoddard, Les Holmes, and Stenko, Pavkov. Stoddard was defeated in the finalist bout. Every Idaho man lost his first round match, perhaps due to the fact that the team did not arrive in Seattle until shortly before the matches, but with one exception they came back to win in the second round and move into the semi-finals. Gene Brado seemed unable to get going, and was eliminated in the second round. Bob Miller, 123-pounder, and Earl Leatham, 158 pound wrestler-coach, dropped out in the semi-finals.

Champion Jones Good
According to Leatham, Jones looked every bit as good as a champion should. His wrestling was as smooth and polished as any man on the mat and his ring tactics were well-judged and perfectly timed.

Harold Stoddard, runner-up in the 147-pound division, gave a very good account of himself and was unfortunate in the drawing for the final matches. Three men in each division entered the finals. These three drew for positions in the matches. Stoddard and a man from the Tacoma "Y" wrestled in the first match, Stoddard winning. Then, less than 45 minutes later, Stoddard had to go up against the other finalist, who had drawn a bye and had been able to rest during the previous match. Result: Stoddard lost a close decision.

Les Fights in Daze
A peculiar incident of the matches occurred in the bout between Les Holmes and Norman Burke, Tacoma "Y." Les had fought for three minutes of the six minute round when he was thrown and hit his head on the edge of the platform. He returned to the ring immediately and did not show any ill-effects, wrestling the last three minutes and holding his own so well that judges could not make a decision. By that time however, a doctor had been called and after an examination pronounced Holmes to be suffering from a slight concussion of the brain. Holmes fought to be allowed to return to the match but he was not allowed to return and the match was awarded to Burke. Les "came to" some time later in the hospital and had no knowledge of the last three minutes, not knowing that he had returned to the ring.

Miller Meets Champ
Another Vandal who looked very good was Bob Miller, 123 pounds. He was unfortunate enough to draw the eventual winner in the semi-finals and was thus prevented from becoming a finalist.

The Vandal wrestling team has done exceptionally well this year in repeating the winning of the Northwest championship (won by Idaho last year, also) and in twice defeating Washington State. The only loss was in the dual meet with the University of Washington. Percy Clapp, faculty director, and Earl Leatham, student coach, have been instrumental in the team's success.

SWIMMING

Monday: Kappa Sigma won by forfeit from Idaho club. T. K. E. won by forfeit from Senior hall.
The intramural swimming league championship swim-off, opened last night for fifth and sixth places. Kappa Sigma, tied with the Idaho club at the end of the league play, went through its paces uncontested, to gain the right to the match Wednesday night for fifth place. T. K. E. indulged in a "one team meet," Senior hall falling to contest the second place position of their league. The two teams meet Wednesday night for the 50 and 25 yards.

Two Are Ousted
Ridenbaugh vs. Phi Delta Theta, scheduled for 7:30 last night, was called no contest, and Manager "Slug" Walker declared both teams out of the playoff. They had finished second in the respective leagues and were to swim for fifth and the sixth, the winner to meet the winner of the T. K. E.-Kappa Sigma match.

The swim-off for first place and 150 intramural points opens tonight with S. A. E. splashing against the Phi Delta and Delta Tau Delta, matching paddlers with Lindley hall. The winners meet Wednesday night for 150, or 125 points, and the losers meet at the same time, 7:30, to determine third and fourth.

215 Participate
Statistics released by Director Percy Clapp showed that 215 men participated in basketball. Sigma Chi tossed 19 men into the fray to lead in this department. Senior hall edged through the long grind with but eight men. Men participating in basket-

Vandals Box Washington A.C. Friday; Eight Bouts Listed

By Lloyd Evans

Idaho fans will see the Vandal boxers and the Washington Athletic club boxing teams meet for the first time in the squared ring when the two clubs mix in the Memorial gym. Friday night.

Foremost on the card seems to be the Louie Denton-Morris Scholnik bout in the welterweight division. Denton narrowly defeated Scholnik in the finals of the Northwest golden gloves tournament at Seattle recently to win the title. It is rumored that Scholnik is out for revenge in no uncertain terms and plans on drawing the biggest share of blood against Denton Friday night.

Scholnik's Been Around
Scholnik is the present diamond belt welterweight champ of the West and considered best in his weight in Seattle. Born in Russia and raised in China and Japan, Scholnik learned the mitt game from broad and varied experience. Besides being a first class boxer, he is a linguist, speaking English, Russian, Chinese, Japanese, and a North Mongolian dialect.

Morrow Entertains Heavy
Bill Morrow is also expecting plenty of trouble from Chuck Kin-

ball brought the intramural total participants up to 739 men.

Plans Are Made
Upon completion of the swim-off, a slight lapse in sports will occur while plans are drawn up for an indoor track meet, spring tennis, and softball. One of these will last through March, and sports will simmer down again over the nine weeks period before opening with a final blast after spring vacation.

zel, W. A. C. heavyweight. Kinzel weighs 198 pounds and is a former University of Oregon football player. A terrific slugger, his ring philosophy is that he or the other fellow is going out as fast as possible. Kinzel runs true to form: his father was one time middleweight champ of the United States navy.

Idaho's knockout artist, Rolly Shumway, will be lucky in landing a telling glove, it is said, on Billie Petelle—fast, clever boxer of the Washington club.

Joey August will appear against the Washington lightweight, George Gilmet.

Anaesthetic Administrator, Purcell
Luke Purcell, another Vandal expert in administering the leather anaesthetic, is scheduled to fight Dick Stokes, well known Seattle lightweight noted for aggressiveness and boxing skill.

Other bouts are: Frank Burtis vs. Ralph Miller at 112 pounds; Floyd Burtis vs. Dick Lambert at 118 pounds; and Jack Douglas vs. Glenn Craig at 160 pounds.

First Indoor Track Meet To Be Held March 25

Making its initial debut at Idaho, an indoor fraternity track meet will be the evening feature on March 25 in the gymnasium. The meet will mark the first such contest ever staged at Idaho. New rounding corners have been constructed for the sprinters; weight men, vaulters, and jumpers will compete in Lewis court.

Meet in Evening
An exciting evening can be expected; the entire track and field squad will be required to compete.

These meets will afford the fans the first opportunity to see the new Idaho track squad in action and to see who are likely to carry away the laurels in the outdoor track season. All times and distances in both interclass and interfraternity meets will stand as records to be broken in years to come.

Events will be the same as those held outdoors—using Lewis court for the running high jump, pole vault, running broad jump, 12-pound shot, and throwing the 35-pound weight. Billed to be run off in Memorial gymnasium are the 40-yard dash, 45-yard high hurdles, 45-yard low hurdles, 600-yard run, 1000-yard run, and the one and a half mile run.

New Fancy Corners
New corners which have been purchased for use in the gymnasium provide a track 122 yards to the lap, requiring 14 laps to the mile.

Something in the way of novel entertainment will be 40-yard dashes for members of the basketball, baseball, and football squads. Also open to members who are not participating in either varsity or frosh track will be the one mile walk in which the heel and toe of each participant

must touch the floor.

Tracksters To Train

All students who intend to take part in the meet will be required to do sufficient practice and training to satisfy the track coach that his physical condition is good enough to warrant competition. Practice and training sessions are being held daily under the personal supervision of Coach Mike Ryan, head track mentor. Entries will close with the track

coach Tuesday evening, March 17. Everyone expecting to compete will be required to file their entries in a specified way.

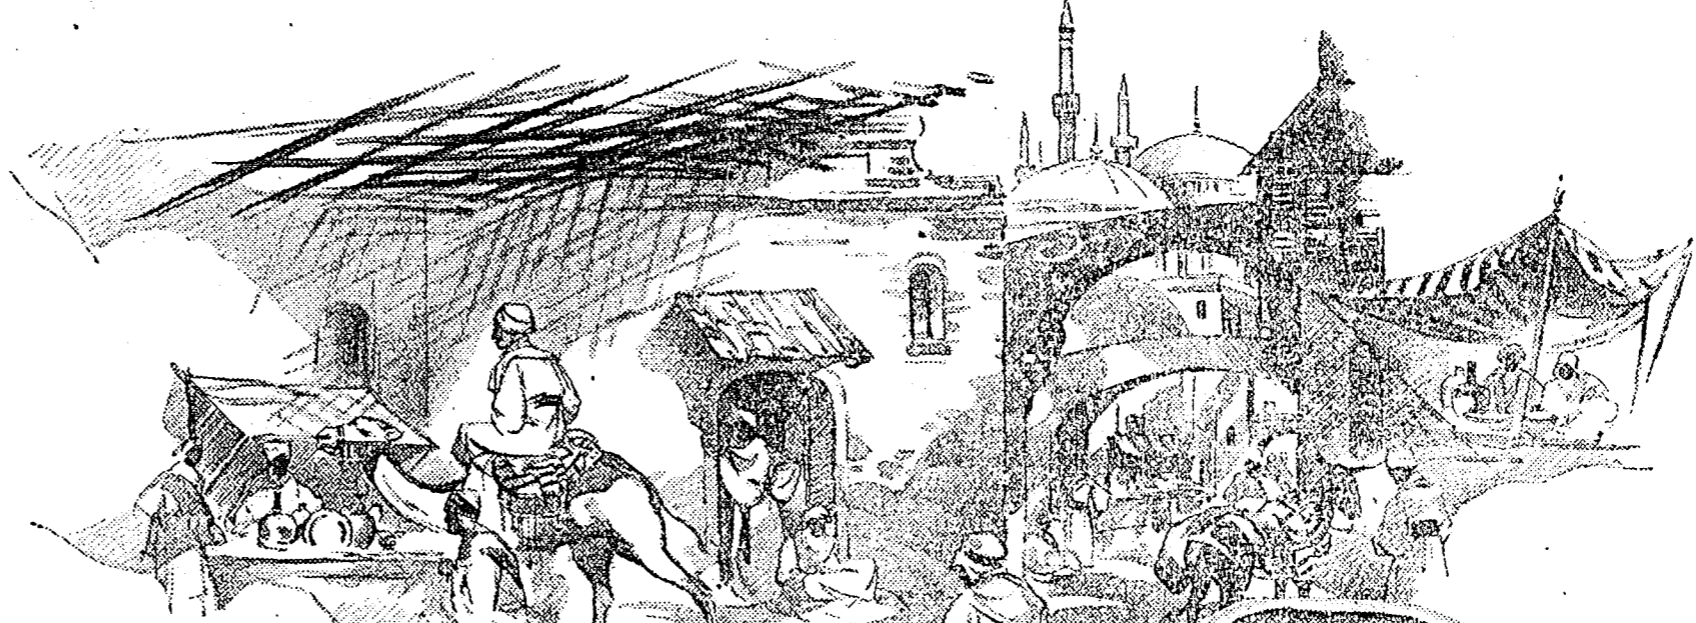

"Music and other special attraction will be provided in addition to the regular track meet," stated Coach Ryan. "The student body and public are invited."

With this bit of news we are tempted to believe that in spite of the fact that college freshmen get smaller every year, they are also getting brainier. Only 5.28 per cent of the freshmen class at the University of Florida flunked out, as against 14.3 per cent for last year.

For centuries the world has gone to the Near East for its flavors and aromas and spices.

... and today Chesterfield imports thousands of bales of tobacco from Turkey and Greece to add flavor and fragrance to Chesterfield Cigarettes.

Turkish tobacco is expensive. The import duty alone is 35 cents a pound. But no other place except Turkey and Greece can raise tobacco of this particular aroma and flavor.

This Turkish tobacco, blended with our own American tobaccos in the correct proportions to bring out the finer qualities of each tobacco, helps to make Chesterfields outstanding for mildness and for better taste.
