

'Collegiantics'
As Observed
by
Themostofus

Our bouquet for today is handed to Ted Bank, the coaching staff, and the football team collectively. To some, this may seem surprising, after the disappointing results of last Saturday's game, but we are speaking from a personal standpoint rather than an athletic one—the sports page adequately covers the latter. The observer had the opportunity of being with the team during most of the trip to Boise and could not help but admire the fine morale and "esprit de corps." We have long envied the team because they make so many trips and get to have so much fun. This envy has been dispelled by our experience over the week end. Tiresome train-rides, hotel life, literally living out of a suitcase for days on end, the boys have little opportunity for pleasure.

Superstitions of major proportions are supposedly outmoded and antique, but we were astonished the other day when we read of a southern California woman who leapt from a second-story fire escape to get away from a green-eyed ghost who was supposedly glaring over her shoulder. The extent of the human imagination is apparently unlimited.

The theory that our life runs in cycles is borne out by observation. During the depression era, the average college student was serious minded and studious. Now that we seem to be around that mythical "corner," the trend is toward frivolity and foolishness. The social activities are receiving more attention and the "Joe Colleges" and "Josephine Universities" are again in evidence. We sometimes wonder if this situation is due to that fact that students are more able to afford the social affairs or whether it is due to a restored faith and optimism. Whatever the reason may be, the condition brings back our confidence in the perennial college spirit.

We close with a prayer dedicated to the freshmen. We hope it will be answered.

Now let me down to study,
I pray the Lord I don't go nutty,
And when I've learned this junk,
I pray the Lord I will not flunk.

Dr. Shaw Recovers From Bullet Wound Returns to Classes

Dr. A. O. Shaw, instructor of dairy husbandry production, returned to the campus Sunday after several weeks confinement in a hospital at Burley. While in South Idaho on an extension trip judging dairy cattle at fairs, Doctor Shaw was accidentally shot in the calf of his leg with a 12 gauge shotgun.

While his condition was serious for some time, he has now made such an improvement as to again assume full duty on the dairy department staff even though he is still on crutches.

Doctor Shaw received a bachelor of science and master of science degree in dairying at the University of Idaho then went to Pennsylvania state college for his Ph. D. He has been on the staff at Idaho since September 1935.

Graduate Mining Students Have Positions All Over United States

Twelve of the men who graduated out of a class of 19 in the School of Mines have been placed in positions in the United States and in South America. Philip Ford is a Junior mining engineer in the Braden Copper Co., Chile, S. A.; John B. Miller is a geologist in the Richmond Petroleum Co. of Columbia located in Ibaque Columbia, S. A.; and Alfred Nugent is with the Braden Copper Company in Sewell, Chile, S. A.

Among those working are Richard Courtney, Bunker Hill Smelter, Kellogg Idaho; Wm. W. Hudson, Sunshine Mining Co., Kellogg, Idaho; Robert Lang, Thunder Mountain Mining and Milling Co., Stibnite, Idaho. Earl Herkenhoff is working in the Ground Hog mine in Santa Rita, New Mexico; Arthur O.

Local Group Plans To Bring Famous Stars To Moscow

Lanny Ross, Igor Gorin, and Jascha Heifitz May Appear Here

Pullman and Other Nearby Towns Are Cooperating in This Venture

Lanny Ross, Igor Gorin, and Jascha Heifitz are the kinds of artists who inspired about 60 Moscow music lovers at a recent meeting to organize the Community Concert membership campaign which is in progress this week.

Objective of this campaign is to bring the above-mentioned artists, as well as other outstanding talent before Moscow and Pullman audiences.

The organization should be of special interest to Idaho students, because the university plans to match the funds raised by the Community Concert organization and because university students will be admitted by their ASU tickets.

Wilfred Davis, representing the Central Broadcasting system, through which the artists will be obtained, announced the artists to be available. The plan is to bring at least three artists to Moscow and three to Pullman.

Ticket Sale On
Mrs. E. D. Russell, chairman of the Moscow organization, reported that the drive, which will last this week only, will have headquarters in Creighton's store.

"I have been amazed at the enthusiasm shown so far for this program," Mrs. Russell stated. "Some of the workers have actually neglected other matters to do this work."

For people outside the University the membership fee is \$5 for adults and \$2 for students. Tickets will not be available for individual concerts.

DIRECTORY PROGRESSES
Work is progressing on the new student directory, but no date can be set for completion, according to Miss Rhoda Hobson, head of the stenographic bureau.

Rally To Be Held Tonight For Team

Yell King Chuck Finnell announces the usual pep rally Tuesday evening to start the Vandals off to San Francisco for their game with St. Mary's college this Friday.

Students will meet at the Fiji corner at 5:30 p.m. to march with the Pep band to the depot.

Two Students Hurt Enroute to Game

While enroute to the football game in Boise Friday, Belva Budge and Frances Stolle received minor injuries when the car in which they were riding hit another auto and was virtually demolished.

The driver, H. Van Haverbeke, investigator for the U. S. treasury department, was not injured. Miss Budge received body bruises and a sprained ankle. Miss Stolle wrenched her knee and wrist. The accident happened two miles south of Donnelly, Id.

Jo Cook Tells Unusual Stories Of Happenings While in Persia

Josephine Cook, a student in the university, has had the unusual experience of living in Persia. In 1929 her father was sent as a medical missionary to the city of Hamadan in the northwest section of Persia where the family made their home until 1932 when Mr. Cook was stricken with typhus fever and passed away.

According to Jo, life in the missionary compound was far from gay. Her home was located just outside of town in the hospital compound which contained three houses and two hospitals—men's and women's—all surrounded by mud brick walls. The entire town of Hamadan had once been enclosed within a wall, but this wall gradually decayed and in its place the people erected separate walls around their homes. The houses themselves were mostly one-story, of mud brick, and constructed with walls a yard thick; the heavy walls were intended to conserve the heat during the extremely cold winters and to hold it out during the equally hot summers.

There were no modern conveniences in the houses of Hamadan. Gas lamps supplied the only light, and water had to be carried from wells located within the compound's walls. Of the 15,000 people who populated Hamadan, only 40 were English and American. The missionaries' children went to private schools taught by their parents.

American Ideas Accepted
At that particular time the Persians seemed to accept the Americans and their ideas very freely. Many of them joined the Christian religions and attended schools conducted for them by Americans.

Jo Knows Her Maps
The routes Jo traveled to reach Persia and return to the United States should have made her most familiar with the maps of Europe, leaving Redlands, California, the family went by train to New York City and there embarked on a vessel for Hamburg, Germany. From Hamburg they traveled in trains to Moscow, Russia, and on to Baku also in Russia. At Baku they crossed the Caspian sea in a small boat and then finished their journey to Hamadan by car. The entire trip took about a month. Six months after the father's death in 1932, Mrs. Cook and her family of two boys and two girls traveled a different route to return to the United States. They first went to Bagdad by car, then to Damascus in a large English bus, and by car again to Beirut where they boarded the American export liner U. S. S. Exeter. Twenty-one days after leaving Beirut having stops over along the Mediterranean, they were once more in New York City, and from there returned to their former home in Redlands.

Horsley Discusses Advertising Work

College Graduates Have Best Chance, Says Advertising President

W. H. Horsley, president of a Seattle advertising company, gave an informal talk on "Advertising as a Career" to the principles of advertising classes here Saturday morning. Mr. Horsley, who has been a leader in Pacific-Northwestern advertising for 25 years, is a member of the Rotary International.

In the talk he stressed the necessity of having a background of general knowledge. He advises the student who wants to go into advertising to be able to write shorthand and to type, so that he will be of immediate use to his employer while gaining actual advertising experience.

"The college graduate," he continued, "although starting at the bottom, will advance more surely and to a better paying job than the occasional genius, because the genius soon burns out."

In pointing out the usefulness of all kinds of facts, Mr. Horsley said that in order to map out an advertising campaign for a salmon cannery, he had had to refer to some notes of his that he had taken in a fisheries course in college.

E. E. Davidson, assistant professor of business administration, and Mr. Horsley have been acquainted for about 15 years. They both graduated from the University of Washington. Mr. Horsley in 1913, Mr. Davidson in 1922.

Band Features Pep At Boise Game

Whitesel Says That Experiences Were Numerous; Ask Members for Particulars

The Idaho Pep band returned Sunday night from Boise and the Utah State football game. Glen Whitesel, leader says that every one of the 24 members and Yell King Charlie Finnell had some rare experiences.

This Boise trip has been the custom since the band was organized in 1920. The band was started by Lynn F. Hersey and Gipson Stalker, Yell King in 1920. A group of campus musicians got together on the field and "jammed" for one of Idaho's football games. Immediately their popularity started and the tradition of one of the best musical organizations on the Pacific coast was begun.

Noted Band Sought By Blue Key Lads For Dad's Day Hop

Vallee, Armstrong, Arnheim, and Lundsford Are Possibilities for Engagement

Attempt to Make Dad's Day Tradition Comparable To Publications Ball

As an added attraction and feature of the annual Dad's day week-end, Blue Key, sponsors of the celebration, is attempting to bring a nationally known radio dance band to play for the Dad's day dance to be held the evening following the football game with the University of Montana, Saturday, November 20.

The Music Corporation of America, booking agents for virtually all of the "big-time" dance bands, has been contacted to determine if any of the organizations now touring the country will be available. Rudy Vallee, Tommy Dorsey, Louis Armstrong, Jimmy Lundsford, and Gus Arnheim are on the road at present. If plans go through, the affair will be held in the Memorial gymnasium in order to accommodate a large crowd.

Rival Publications Ball
"We would like to make this a tradition comparable with the annual Publications ball held every spring," stated Jack McKinney, Blue Key president. "Last year Griff Williams' orchestra proved a successful drawing card at the Press club's dance, and there is no reason why a similar affair can not be put over every fall."

In case negotiations do not materialize, an enlarged campus orchestra will be engaged for the evening and the dance held in the Student Union building, according to Bert Wood, music chairman.

Agriculture Men Leave to Teach in South Idaho

Several Smith-Hughes agricultural students have gone to southeastern Idaho, under the supervision of Prof. C. G. Howard and Prof. H. E. Lattig, to practice teaching. James May went to Preston, Dove Byington to Blackfoot, Walter Kantola to Rigby, and Stanley Trenhaile to Grace.

These students will spend from one to two weeks in practice teaching and substituting for regular teachers, who are now in Kansas City with judging teams.

"First week in November four men will go either to Boise valley or to the Twin Falls area," said Professor Lattig.

Educators Kept From Convention By Steady Rain

A muddy landing field kept two northern Idaho educators from attending a district meeting of the Idaho education association at Malad Friday and Saturday.

Scheduled as speakers at the meeting, Assistant Prof. Elmer F. Beth and Glen Todd, superintendent of Lewiston schools and president of the Idaho education association, were bound for the southern Idaho town Friday morning in a Zimmerman Brother's plane of Lewiston, when Pilot Fred Zimmerman landed at Grangeville to pick up a student flyer.

"A heavy rain at Grangeville Thursday night had made the landing field a 'sea of mud,'" Beth explained today. "When we attempted to take off, chunks of the sticky mud were thrown into the air, striking and breaking the propeller."

Having no way to resume their journey and arrive at Malad in time for the meeting, the educators returned to their homes by bus Friday afternoon.

Practical Ag Course Has Fifty Students Sponsored by N.Y.A.

A practical course of general agriculture, made possible through the N.Y.A., enrolled 50 students last week. They are divided into two groups and have three hours of classwork and three hours of outside work which totals about 70 hours a month. They are now building a judging pavilion on the university farm.

Classes have been arranged into three general subjects: general animal husbandry, agronomy, and agriculture economics, with the most practical side of each stressed.

Carter Luther, head of classwork, stated that the course is designed to be of the utmost practical value to the boys when completed. The last month or two will be used for individual study as much as possible.

So far as is known Georgia is the only other state with such a set-up. The course here is planned to last five months, but it is only in the experimental stage.

Dr. Miller Speaks To Frosh Women

Idaho Dean Advises Every Student to Take Up Vocation

"Next to teaching, secretarial work is the most over-crowded," said Dr. Evelyn Miller, dean of women, at the third of a series of orientation meetings for freshman women, held Monday evening in the Student Union building.

Dr. Miller said that every girl should have a vocation of some sort, but that it would be advisable to think of something besides teaching. She urged every girl to start now to get into whatever kind of work she is interested in on the campus.

The regular meeting was followed by a program announced by Virginia Keaton. Jean Hale, accompanied by Jeanette Roddy, sang "The Life of the Party" and "Am I In Love?" Barbary Mjeldi gave a toe dance, and Lucille Marshall read "The Innocent Drummer."

Corrective Gym
Following the orientation, a special meeting in charge of Miss Janette Wirt, head of women's physical education, was held for all freshman girls who are required to take remedial exercises in physical education. Pictures of dancing and terpsichory which were taken last spring were shown, and the aim of a gymnastic program was discussed.

Miss Wirt announced that most institutions do not allow those students who must take remedial exercises to take any other physical education. This of freshman girls to whom the exercises were assigned are required to take them. Exercises will be held at assigned times, however, and any girl who desires may come voluntarily.

International Club To Hold Session

The International Relations club will hold its first meeting of the year at 7:30 o'clock tomorrow at the social room in the basement of the Women's gymnasium.

"The purpose of this club has in the past years been to carry on discussions of current international problems," said Loren Strawn, president, "but this year we want to encourage less formal discussions and have friendly round table chats. Anyone that is interested may attend these meetings, and if the attendance is large enough Wednesday night, the election will be held. This club should be of interest to many freshmen, since it is of value both for education and for an activity."

Weljo Zivanovitch, 109, and his wife, Yeriana, 104, of Belgrade, have just celebrated the ninetieth anniversary of their wedding.

H. C. Dale Returns From South Idaho

President Dale

Men To Be Chosen For U.S. Academies

Commission Will Give Preliminary Exams for Naval and Military Schools

The U. S. civil service commission will hold a preliminary competitive examination on November 6, 1937, at Coeur d'Alene, Grangeville, Lewiston, Moscow, Sandpoint and Welter to fill vacancies in July 1938 at both the U. S. Military Academy and the U. S. Naval Academy announces Congressman Compton I. White, representing the first congressional district of Idaho. From the result of these he will designate principals and alternates for both academies to take the final entrance examination to be given by the War and Navy departments next spring.

Must Be 16
Candidates for the examination must be boys who are actual residents of the first congressional district of Idaho and for the naval academy must have reached their 16th birthday on April 1, 1938, but must not have reached their 20th birthday on March 31, 1938, while those for the military academy must have reached their 17th birthday, but must not have reached their 22nd birthday on July 1, 1938.

Because of the exacting physical requirements it is suggested that prospective candidates undergo a thorough physical examination by a qualified physician. All candidates are required to notify Congressman White of their intention to enter the examination before October 20. Their application should include the dates of their births, place of residence, and name of city selected in which to take the examination.

Spud Day Talk
Other appearances included a short informal talk at the Spud Day celebration at Shelley and an address before the Idaho Falls Rotary October 13, followed in the evening by a joint Kiwanis-Rotary meeting at Twin Falls. Saturday, preceding the Idaho-Utah state football game, President Dale was a guest of the Boise Rotary and P.T.A. organizations.

"I was impressed by the friendly interest in the university shown everywhere, particularly the attitude of the people in Pocatello toward the university in all of its divisions," President Dale remarked.

Collection of Model Horseshoes Now Graces Morrill Hall Wall

The collection of model horseshoes which adorn one of the walls in Morrill hall, is the craftsmanship of Charles Staley, scientific horseshoer who died in 1935 after many years of blacksmithing in Spokane.

It was in 1911 that W. L. Carlisle, then dean of the college of agriculture at Idaho, came across the collection at a Spokane exhibit. Returning to the campus, he wrote to Mr. Staley saying the University of Idaho would provide an excellent place to display the collection.

Matter Dropped Until 1931
Years passed and nothing more was heard of the matter until 1931 when a letter came from Staley addressed to Dean Carlisle, stating that if the university still wanted his collection, to call at his shop in Spokane.

Dean Carlisle had long since left Idaho, accepting the managership of the Prince of Wales' Canadian ranch, but

Idaho President Travels 18 Days, Lecturing Before 11 meetings and Conferences

The purpose of his 18-day tour of South Idaho was threefold, explained President Harrison C. Dale upon his return to Moscow Sunday evening.

"Possibly the event of primary interest to the university," he said, "was the conference held in Salt Lake City by the four 'phosphate states,' Idaho, Utah, Wyoming, and Montana concerning the development of their extensive phosphate fields."

Vast deposits of this mineral are located east of Idaho Falls and surveys show an approximate yield of five billion tons. The University of Idaho's laboratories are best equipped to handle the research in the use of the phosphates as fertilizer, according to conference representatives, including university presidents and federal TVA engineers.

The conference members discussed possible methods of releasing the phosphate and making it soluble through the use of acid dissolvents and electricity.

Ranking second in importance was the conference of administrative officials of several land grant colleges which convened to study the relationship between extension services and the agricultural crop control agencies.

"Last, but not least, I wished to renew former acquaintanceships, meet new people, and make a study of the policies and faculty of the university's southern branch at Pocatello," concluded President Dale.

Since his departure September 30, President Dale has made 11 lectures throughout the state, making two a day on several occasions. He spoke at the Idaho teacher's meeting, student assembly, Lion's club luncheon, chamber of commerce, and over station K.S.E.I. at Pocatello.

Other appearances included a short informal talk at the Spud Day celebration at Shelley and an address before the Idaho Falls Rotary October 13, followed in the evening by a joint Kiwanis-Rotary meeting at Twin Falls. Saturday, preceding the Idaho-Utah state football game, President Dale was a guest of the Boise Rotary and P.T.A. organizations.

"I was impressed by the friendly interest in the university shown everywhere, particularly the attitude of the people in Pocatello toward the university in all of its divisions," President Dale remarked.

Horseshoes Monogrammed
In the collection is a horseshoe fashioned and monogrammed by Bob Fitzsimmons, former champion heavyweight boxer and personal friend of Staley. "Fitz" made the shoe in friend Staley's blacksmith shop.

All of the shoes have a commercial value. They are replicas of horseshoes used during Staley's lifetime as a horseshoer, stamped with the maker's name and nickel-plated.

In addition to the horseshoes there are two blacksmith hammers, a pair of tongs and two pictures of horses all surrounded by a picture of Staley himself.

Outing Club Plans Hike Vandal Outing club, at the campfire session Sunday on Tentative plans for an overnight hike sometime in mid-November were discussed by students.

TWO TEXAS TECH STUDENTS PRESENTED KING EDWARD VIII WITH AN ESPECIALLY TAILORED SUIT. THE MATERIAL FOR THE SUIT WAS MADE IN THE TEXTILE DEPARTMENT OF THE COLLEGE.

stands for "secret marriage club." And we've already got a couple of members! Naturally, it will be impossible to come right out and divulge sacred secrets, so all we can do is give ya' a couple hints and let you do the sleuthing.

Hubert Miller is really getting places. Lorraine Jensen, after much cogitation, has decided that of all the Bucket hashers she would rather marry him.

For the benefit of the "stayers-at-Moscow," the Pep band dance at Boise Saturday night could easily have been a Bucket dance, at least a couple years back.

Pat (C. B. O. C.) Probst, he of the hollow leg, replies: "It would be a big asset to the Bucket, but I think you will run into a little trouble with the legislature."

Dates 'n Doo Dads Slurp, slurp! More sloshy stuff to tell. Things really popped this week end, with or without campus.

The International Relations club will hold its first meeting of the year Wednesday at 7:30 p.m. at the social room in the basement of the Women's gym.

Letters To the Editor

The letters appearing in this column do not necessarily reflect the policy of the Argonaut, nor the opinions of the editor.

To the Editor: The other day a pledge inquired if I'd put my hands in my pockets while he asked me a question.

And another thing, what's the use of me taking a pretty girl for all the other vultures to stare at? My girl dances so close to me that I never see her from a pleasing distance, anyway.

P. S.—I got a black eye doing it once, but now I've learned to stare politely.

Editor's Note—The above letter was tendered to the editor without the necessary signature of the writer.

In the Spot

Fee! Fie! Foe! Fum! I smell the blood of an Englishman!

By Jove! You're jolly well right, old chap! Lord Loam—Glendon Davis—spent the other evening practising with a button for a monocle.

Ad libbing, my friends, is sort of pinch-hitting for the author of the play—in other words, putting over the same idea to the audience but not in the words that the author intended.

No. It isn't just the library being built that is all finished. It is just Mr. Sollers building the sets! There are to be four of them in this show and nothing simple about any one of them.

Motor-bikes, motor-scooters, chairs and tiny streamlined trains will carry visitors over the 400-acre site of the 1937 World's Fair on San Francisco Bay.

Ag. Radio Activity Headed by Walker

Idaho Man Given Chairmanship of American Association of Agricultural Editors

Robert Walker assistant extension editor, was notified last week of his appointment as national chairman of a committee on radio activities of the American association of agricultural editors.

Other committee members are A. B. Bryan, agricultural editor, Clemons Agricultural college; L. L. Longsdorf, extension editor, Kansas State college; and Morse Salisbury, chief of radio service, United States department of agriculture.

"One of the objectives of the committee," said Mr. Walker, "is to cut down advertising ballyhoo by limiting the number of words for a specified broadcast period."

Mr. Walker was graduated in 1936 from the university with a degree in agriculture. In school he was active in agricultural work, was a member of Chi Alpha Pi, and attained high honors in the state DeMolay organization.

Campus Calendar

There will be a Pan-Hellenic meeting Thursday at 4:30 p.m. in the office of dean of women.

The Women's band will meet in Ad. 206 instead of the auditorium, Wednesday at 7:00 p.m.

Blue Key weekly dinner will be held at the Blue Bucket, Wednesday at 5:45 p.m.

There will be a party for all students enrolled in music courses tonight in the Student Union building from 7 to 8 o'clock.

Enrollment Hits New High; State Residents Lead List By 4-1 Ratio

Four out of every five students attending the University of Idaho this fall are residents of the state, the registrar's office reports.

Total enrollment on October 9, end of the third week, had reached 2,815, a new all-time record. Out of that number, 575 are from states other than Idaho and 16 from points outside the borders of the United States.

Thirty-nine states other than Idaho and the District of Columbia are represented on the campus. Neighboring Washington contributed 180 students and California 86. Other states rank as follows: New York, 31; Illinois, 29; Wisconsin, 25; Montana, 24; Utah, 20; Oregon, and North Dakota 17; Ohio and South Dakota, 13; Minnesota and New Jersey, 12; Massachusetts and Missouri, 10; Iowa and Wyoming, 6; Kansas and Nebraska, 4; Louisiana, Maine, and Michigan, 3; Connecticut, Florida Nevada, New Mexico, Tennessee, and Texas, 2; Arizona, Colorado, Delaware, N. Carolina, Rhode Island, Vermont, Virginia, and District of Columbia, 1.

All Counties Represented Native Idahoans on the campus add up to 2,224, with all 44 counties in the state represented. Latah county, home of the university, leads with 445 students. Ada county is second with 221; Kootenai and Nez Perce tied for third with 134 each; Shoshone fifth with 132; Twin Falls sixth, 116; and Canyon seventh, 106.

Other counties follow alphabetically: Adams, 13; Bannock, 50; Bear Lake, 10; Benewah, 58; Bingham, 39; Blaine, 17; Boise, 6; Bonner, 64; Bonneville, 47; Boundary, 31; Butte, 3; Camas, 6; Caribou, 11; Cassia, 49; Clark, 3; Clearwater, 30; Custer, 6; Elmore, 10; Franklin, 17; Fremont, 21; Gem, 36; Gooding, 43; Idaho, 45; Jefferson, 9; Jerome, 32; Lemhi, 18; Lewis, 41; Lincoln, 11; Madison, 35; Minidoka, 43; Oneida, 25; Owyhee, 8; Payette, 30; Power, 10; Teton, 10; Valley, 25; and Washington, 25.

Idaho's enrollment dropped less during the recent depression than any other major institution in the West, many of which showed drops as high as 15 to 30 per cent against Idaho's 6 per cent.

Week-End Upsets Give Grid Experts Plenty Headaches

Vandals Among Teams Experts Picked to Win Last Saturday

Many universities throughout the nation were either disappointed or surprised with the outcome of their respective football teams. Our major interest is the disappointing score that Idaho made against Utah State in Boise last Saturday.

Previously Idaho was rated to easily conquer Utah State, but the scoreless tie seems to show faulty predictions. Even if our team did not return with the laurels, we realize there are other schools that feel the way that we do.

Cornell University, the nation's number one team of last week, came home with the wrong end of the score. They lost 14 to 6 against Syracuse. Texas A. & M. tied with Texas Christian, 7 to 7. This game was predicted in favor of Texas A. & M. Louisiana won from Mississippi in a thriller by a score of 13 to 0.

On the Pacific coast California remained the number one team. Taking on two coast college teams in one day, the California Bears continued their undefeated season. They won 20 to 0 from College of the Pacific and 14 to 0 from the California Aggies.

Oregon State tied with U. C. L. A. 7 to 7. The University of Oregon lost 34 to 14 against Southern California. The game with Oregon and Oregon State should be an interesting game to watch. W. S. C. 7, Washington 7 also proved a surprise for the dopsters.

If St. Mary's 13 to 7 victory over Loyola University is to be taken seriously, the Idaho-St. Mary's game next Friday should be a good one. It is doubtful how Idaho will show against St. Mary's.

Did Idaho fall in comparison with the nation's teams? That is something to be decided when all of last week's calculations are made.

Frosh Schedule Matches Oct. 30

Local fight fans will be given their first opportunity to see this year's freshman team in action when the Spokane Amateur Boxing club brings a strong aggregation of boxers to Moscow, October 30th. The S.A.B.C. is a regular chartered club under the Northwest A.A.U. and has already had one very successful season under the management and instruction of Bill Ihly. The University met them last year in Spokane.

University of Idaho boxing coach Louie August is decidedly more enthused over the freshman squad than he is over this year's varsity which is badly crippled by every form of inelegibility in the rule book. Coach August tips the fans off to keep the names of Iverson, Kara, and Farrier in mind. The only thing that cheers him up this year is the thought of next year's varsity team when it is strengthened by this year's frosh.

The complete card will include one and possibly two more matches. The following matches have been arranged: Idaho Pounds S.A.B.C. Gene Slade—124—Billie Genova Hank Straub—125—Harold Hollister Sam Irvine—152—Roy Blisterfeldt Dave Iverson—162—Jim Hilty Leon Gifford—168—Vern Erling Jim Nixon—180—Young Sam McVey

Phi Deltas Lead In Cross Country

By placing en first, fourth, eighth, and ninth, Phi Delta Theta walked off with the second in a series of four intramural cross-country runs last Friday afternoon.

Paced by Jim Brown who negotiated the long mile and one-half course in 7 minutes 6 seconds, a flossy field of 32 runners participated in the second running.

Competing teams placed as follows: Phi Delta Theta, 1; Lindley hall, 2; Willis Sweet hall, 3; Delta Chi, 4; Tau Mem Alpha, 5; Delta Tau Delta, 6; Kappa

Frosh-Soph Track Meet Scheduled For October 25

With interest heightened by the recent freshman and sophomore edicts, the annual freshman-sophomore track meet has been scheduled by track coach Mike Ryan for Monday and Tuesday, October 25 and 26.

Over 30 freshmen have been in daily training for this meet, and, according to Ryan, they are ready to set the sophomores back with a headache.

Besides serving partially to settle the annual struggle for class supremacy, Coach Ryan plans the meet as an aid to freshman track material in securing the much needed experience. "I hope that all men who are members of either of these classes, and who hope to become members of the regular track squads, will turn out for this meet as it provides invaluable experience," stated the coach yesterday.

Monday's events will include the 100-yard dash, 600-yard run, one and one-half mile run, high jump, and the 12 pound shot put. The events scheduled for Tuesday include the 300-yard run, 1,000-yard run, 120-yard low hurdles, the broad jump, and the discus throw.

Yearlings Perform For Track Meet

Phil Leibowitz of Brooklyn, N. Y., Is Outstanding in Running Events

Phil Leibowitz, frosh import from Brooklyn, N. Y., was the outstanding performer in the first half of the annual freshman track and field meet which was held on MacLean field last night. Leibowitz won the first event, the 1 1/2-mile run, in the time of 7 minutes and 37 seconds, and came back a few minutes later to nose out Alterwein in the 600-yard run in the time of 1:20.5.

Hopes of any records faded when the weather turned cold. With fair weather tonight, Coach Mike Ryan is hoping to see some excellent performances in the 3-mile run for varsity men. In addition to the varsity event, the freshmen will finish their meet consisting of the following events: 300-yard run, 100-yard dash, 120-yard low hurdles, discus, and broad jump. Results should give some indications as to yearling possibilities for next spring.

Leibowitz First
The results were as follows: One and one-half mile run: Leibowitz first, Neal second, Alterwein third, Eder fourth—time 7:37; 150-yard run (varsity): Poole first, Meacham second, Jorgensen third, Fletcher fourth—time 16.1.

One hundred yard dash: Cameron first, Cohen second, Dolton third—time 10.8; 600-yard run: Leibowitz first, Alterwein second, Neal third, Kroll fourth—time 1:20.5.

High jump: Johnson first, Bowler second—height, 5 feet 4 inches; 12-pound shot: Dolton first, Ashly second, Bowler third—distance, 41 feet 10 inches.

Can't Be Lost

Here is a composite picture of Theodosius D. Rockwell of Portland, Ore., whose claim to fame lies in the fact that he has had his name tattooed on his legs in 40 different languages. He's had the idea copyrighted.

Vandals Leave Today For Gael's Territory; Game Set For Friday

Yesterday afternoon the Idaho Vandals held their first workout on MacLean field since their return from the scoreless mud session at Boise Saturday. Today, at 5:45 p.m., they entrain again at the Northern Pacific depot for San Francisco and this week's game with St. Mary's.

The traveling squad will be unchanged from last week's crew except that Harold ("Bull") Durham alternate fullback, will not make the trip. Heart trouble has put him off the team for the season.

Others on the injured list including Lyle Smith, Steve Belko, Stonko Pavkov and George Thieszen will probably be in shape for Saturday's game.

The squad will continue straight through to San Francisco without working out along the way. It is scheduled to hold the first practice on California soil Thursday afternoon and will work out again on the Gael's field Friday. The Vandals are due home next Sunday noon.

Reports coming from the St. Mary's campus indicate that the Gaels have lost too many good men to rank with their team of last year. So far this season they have bowed to Stanford, played Gonzaga 0 to 0, and won from Nevada by a top-sided score. Before the Utah State game Idaho would probably have been rated about even with the Californians. This week the Vandals are definitely the under dogs.

Lewiston Teachers Take Measure of Freshmen Friday

The Lewiston Normal Pioneers capitalized on two decided breaks while staying off a somewhat ragged freshman passing attack and won from Idaho's yearlings 13 to 6 at Lewiston Friday night.

In the second quarter Skeels, trouble-making Pioneer, sifted through to block Barney Hayes' kick on the freshman 20-yard line and then pounced upon the ball as it rolled across the goal line. In the last period he recovered a freshman fumble on the Lewiston 45 and galloped to the 19 to put the Pioneers in position for their winning score.

The freshman touchdown came in the third quarter when the Babes shook loose their high-stepping backfield star, Frank Reynolds, who loped 70 yards before being stopped on the Normal's 1-yard line.

Bob Dillinger, speedy freshman half, incurred a broken shoulder in the game and is out for the season.

The next game on the freshman calendar, unless an open date is filled in the meantime, will be played with the Gonzaga freshmen at Spokane Nov. 6. The Spokane yearlings were beaten 20-0 by Washington State's freshmen Saturday.

Perrine Reveals Telephone Cable Experimentation

Dr. J. O. Perrine, associate editor of the Bell System Technical journal and a former professor of physics and electrical engineering yesterday gave a demonstrated talk of outstanding interest before a large group of university engineers and students.

Idaho Battles Utah State To Scoreless Tie In Downpour

Heavy rains that squelched their passing attack and a light but stubborn Utah State line that stopped their running thrusts combined with costly fumbles Saturday to hold the Idaho Vandals to a 0 to 0 tie with the Aggies on the public school field at Boise.

Both teams threatened once. The Aggies big drive came in the second quarter when they recovered a fumble by Belko on the Idaho 29, then went to the 5-yard line on a pass. Idaho's threat was in the fourth period when Tony Knap went to the Utah State 8 on Belko's pass. Three line plays moved the ball to the Aggie 3-yard line, but an attempted pass by Willard on the fourth down was smothered and Utah State took the ball on their 9.

Idaho's pass attempts were dismal failures throughout the game, only two being completed out of 11 tries. Even more costly were the Vandal fumbles which stopped touchdown drives four times. Idaho gained seven first downs to Utah State's three.

Except in the second quarter when Idaho held for four downs on their five and in the last period when Utah State spiked an Idaho touchdown pass from the 3-yard line, there was no serious offensive drive by either team. Dick Trzuskowski, Idaho fullback, was the only man who could gain ground consistently through the Aggie line and his gains were usually nullified by Idaho fumbles.

Tracey Maero, Utah State halfback, paced his team throughout the game and threw the pass to Winger that put the ball on Idaho's 5-yard line. When Idaho held and took possession of the ball, the game resolved into a kicking and fumbling duel that lasted until Idaho's final period threat.

A series of desperate pass attempts in the last half of the fourth ended with a fourth-down interception by the Aggies. The starting line-ups:

Idaho	Utah State
Knap	L.E. Cardon
Thieszen	L.T. Lacey
Musial	L.G. Stevens
Aschenbrenner	C. Ferrin
Kamelevicz	R.G. England
Kaczmarek	R.T. Ahern
Elliott	R.E. Shurtz
Stoddard	Q.B. Magussen
Dellinger	L.H. Winger
Green	R.H. Maero
Trzuskowski	F. Poole

---From The Bench---

Bill Johnston
The football fans who trailed Idaho to Boise Saturday are generally agreed that as the game progressed toward a scoreless tie the Boise public school field was about as nerve-racking a place as one could wish to be. In Moscow the tension was not so bad, but downtown in the News-Review office the strain must have approached that of the rooting sections at Boise.

With every quarter's report on the game by Western Union the girl at the telephone added another digit to her untrical replying: "nothing to nothing at the end of the—"

The Western Union messenger was the most important person in the place as the game continued and the terse messages coming in continued to give the impatient news-staff its only clues about the game which must make the front page. The telephone girl continued to give the latest score and avoided questions about, "What is wrong with Idaho?"
And what was wrong with Idaho? Nearly everyone who saw the game blames the loss on the Vandal blocking. Coach Ted Bank praises his team's defensive work but adds the ho-

13 Hoopmen Named For Pre-Season Basketball Practices

A special basketball practice period, restricted to picked candidates for the varsity squad, will begin Wednesday with designated players reporting to Coach Forrest Twogood on the gymnasium floor at 3:05 p.m.

The pre-season practices will be held, according to Coach Twogood, to build up a trained squad that will be well along in practice by the time many of last year's first-stringers join the squad from the football team.

Practice sessions will be held whenever the football team is away and Coach Twogood is at home to direct the work. In-between sessions will be sandwiched in whenever possible, and regular night practices will start about November 1.

The following men are requested to draw equipment and report for Wednesday practice: Brendon Barret, Gilbert Doll, Willis Bohman, Bob Parkes, Roy Ramey, Elmer Ed-dinton, Don Johnson, Bill Kramer, Bob Dvorak, Bill English, Shirley Lund, Bob Lund, and Keith Jacobs.

Vandal Personalities

By Bill McGowan

Today's subject, boys and girls, is Roland Howard Winter. If you will step closer and gaze into the crystal ball, we shall turn back the years and look into a football game being played at Appelton high in Wisconsin. Lo, our subject is in the game playing end and tackle. The scene changes and there is Mr. Winter sinking a long arc shot to chalk up two more points for the Appelton casaba boys. Once more a grey mist slips over the crystal ball, and when it clears away, there is Mr. Winter doing his darndest for his Alma Mater's track team. Yes sir, Rolly Winter is quite diversified when it comes to athletics.

He is 6 feet one inch tall, and tips the Fairbanks at just a shade under 200 pounds. Right now he is holding down the end position on Ted Banks' varsity, but with the advent of basketball, he'll be in there tossing the melon for coach Twogood. A senior at Idaho, this is his second year of football. He is a transfer from Lawrence College at Appelton, Wisconsin, where he made his numeral in football, basketball, track, and baseball.

Besides the four major sports, Rolly likes swimming, but his main hobby is hunting and fishing for trout in Wisconsin. He dotes on T-bone steaks and fresh brook trout.

His toughest game was that played against O.S.C. this year, and he picks Montana as the team to lick on the remainder of the Vandal schedule.

Rolly likes nothing better than to camp in the woods. "When I make my wad, just give me a cabin on one of these little north Idaho lakes, and I'll be happy the rest of my life." He prefers Idaho's climate to that of his native Wisconsin because the nights are cooler and the winter is dryer here.

comment: "Our backfield failed to click offensively. Unless it begins to hit harder than it has done before it won't be able to break a paper sack against any team we play from here on."

Some bright spots showed up, however, in the gloomy Idaho day that may be brighter as the season progresses. For instance, George Thieszen proved for the second time in two games that he has the makings of a tackle standout of the first water. Also, the powerful toe of Ed Elliot was quite evident in the one chance he got to boot the ball. Good kicking is not to be scorned by any team, certainly not by Idaho.

Intramural Sports

By a margin of 7 points over a much-vaunted Phi Delta Theta squad, Lambda Chi moved into the finals for the intramural championship with a 13-6 victory. Both teams' high scoring men, Metke for the Lambda Chis and Hall for the Phi Deltas, though closely covered, scored. Metke scored first with a catch of touchdown pass from Bill English. The conversion following was enough to insure victory, as the Phi Deltas failed to convert after their lone score, which came via the air from Bill Kramer to Woodie Hall.

The other finalist will be determined Wednesday when a bone-crushing Sweet hall team meets an untested Teke squad. The game, scheduled for last night was moved ahead when the referee, Brann Barrett failed to make an appearance. The winner of this tilt will play the Lambda Chis Thursday for the intramural title.

Delta Tau Delta vs. the Fijis in the final for fifth place: both teams emerged from semi-final games with one touchdown margins, promising a tough battle tonight. Delta Tau Delta defeated the Betas 6-0 in a hotly contested game, and the Fijis went one point better in removing the TMAs from their path, winning 7-0.

Sigma Nu, fresh from a 13-0 victory over the Idaho club by virtue of Bud Robertson's touchdown pass catching for two scores, meets a highly touted Kappa Sigma team. The Kappa Sigmas entered the 9th-10th playoff without turning a hand as Triangle club was unable to muster a team.

Lindley hall won by forfeit from Collegiate hall in the fourth bracket. The eighth game of the day, L. D. S.-SAE, was declared no contest as neither team put in an appearance.

As a result Sigma Chi and the Chi Alpha Pis moved automatically into the playoff for the 17th-18th.

Playing off the only tie standing at the close of League play, Hebert's catch of a touchdown pass provided the margin of victory as well as the only score of the game, which ended 6-0 Delta Chi.

Tonight's schedules: Field One, ATO v. Delta Chi, playing for the right to enter the 13th place playoffs, Parks referee.

Sigma Chi-Chi Alpha Pis fighting for 17th. Delta Tau Delta, field 3 to determine fifth place.

Beta-TMA, field 4, for 7th. Sigma Nu-Kappa Sigma for 9th.

Idaho club and Triangle club, round out the abbreviated schedule in a tangle for 11th position.

Ag Engineers Elect Six New Officers; Advisor Speaks

Ben Humphreys was elected president and William Watson vice-president of the agricultural engineers at a meeting Wednesday evening. Other officers include Douglas King, secretary-treasurer; Bernardo and Angus Aitken, scribes; Herschel Klass, Ag. club representative.

Faculty advisor Jefferson Rogers speaking informally before the club urged freshmen to take active parts in the organization. A committee was appointed to arrange for the purchase and presentation of merit awards.

Hell Diver Candidates Compete Wednesday For Final Choice

Tomorrow night at 7:30 o'clock 18 candidates will compete for the Hell Divers club. Those students competing were selected by the members of the club after extensive competition last Wednesday evening.

All candidates have previously qualified in senior life saving tests and reviews set by the Hell Divers club. The competition tomorrow evening will be in advanced life saving, carries, and diving.

Those students who will participate in the finals are: Jean Cunningham, Geneva Cramer, Elizabeth DeKay, Claudia Ashby, Fay Hiller, Marjorie Collins, Barbara White, Eileen Shaves, Rod Hearn, Bob Cook, Walter Wade, W. W. Roberts, Jack Vandesteeg, Ned Bowler, Wally Ulness, Tow-head Charlesworth, Kenneth Kofmehl, Ray Stone, and Ray Hyke.

Large Turnout For Fencing Expected

The fencing squad starts practice Monday, with expectations of a large turnout. Having all last year's squad back and several outstanding prospects, the fencers should have a very successful season.

Last year's lettermen are Charles Poulton, Dave Lewis, Bill Gligray, and Eugene Jay. Rudy Goldburn, who has fenced with Ohio Northern, is eligible this year. Good prospects from last year's frosh are Bob Frazier, Norman Gray, and Harold Powers. Arthur Petersen, coach, will also fence on the squad.

A definite schedule has not been set, but the opponents will be University of Washington, W.S.C., Whitman, and the Spokane Fencers club.

Pictures of Atlantic City beauty contest winners are being used in Switzerland to advertise "joyous living at its best at the beautiful beaches of France."

Honey in the bowl

The "Yello-Bole" treatment—real honey in the bowl—gives this pipe a "well-broken-in" taste immediately. AND impregnates the briarwood thoroughly as you smoke, so its wonderful flavor is preserved permanently. Special attachment gives (1) automatic free draft (2) double-action condenser.

Two House Dances Brighten Uneventful Weekend

Guests at the Hays hall informal dance Saturday, October 16, entered the ball room through a big apple made of red cloth. Autumn leaves and red apples decorated the walls, and the programs were red apples.

Dr. and Mrs. R. D. Russell, Mr. and Mrs. Geoffrey Coope, Miss Helene Haller, and Harry Meyers were patrons.

Howard Chapman and his orchestra played for the dances. Kappa Sigma entertained its pledges Friday evening at an informal dance.

The room was decorated with scarlet, green and white streamers, representing the fraternity colors.

Around the walls were silhouettes of the pledges posed on replicas of the pledge pins.

Patrons were Gen. and Mrs. Charles Hart and Miss Helene Haller. Music was furnished by Howard Chapman's orchestra.

Phi U. Holds Frosh Fireside

Honoring freshmen and other new students in the home economics department, Phi Upsilon Omicron, home economics honorary, entertained with a fireside Sunday evening at the Alpha Phi house. Purpose was to promote interest in the field of home economics. Ethel Gehrke, president, spoke briefly. Rene McDermott sang, accompanied by Mary Harmer, and Margaret King, accompanied by Helen Berg, did a tap dance.

Members of Phi Upsilon Omicron include Ethel Gehrke, Katharine Schuettenheim, Jean Dunkle, Evelyn Jenkins, Helen Luke, Sara Mitchell, Beulah Johnson, Dorothy Swending, Gretchen Farber, Jeah Spooner, Doris Dawson, and Katharine Roos.

Married Couples Plan Organization of Club; C. Hart is Chairman

Plans are under way for the organization of a young married couples' club, according to word from the office of the dean of women. At a temporary meeting of half a dozen couples last week in Dr. Miller's office, plans were made for their first regular meet which will be held October 26, 8 p.m., at the Blue Bucket.

A permanent organization will be formed at that time. Claude Hart, who was chosen chairman pro tem, will be in charge of the meeting. Inquiries about this organization will be answered through the office of the dean of women.

Informal dancing and general mixer games are planned for the evening and a charge of 20 cents a couple will be made.

O'Meara-McIntyre Nuptials Oct. 1

The marriage of Miss Lois O'Meara, daughter of Mr. and Mrs. John O'Meara, of Moscow, Idaho, to Robert McIntyre, son of Mr. and Mrs. Robert McIntyre, Sr., Wichita, Kansas, took place in Santa Monica, Cal., October 1.

The ceremony was in St. Augustines-by-the-Sea Episcopal church. Mrs. McIntyre is a graduate of the Bonners Ferry high school and of the University of Idaho, class of '36. She was a member of Phi Upsilon Omicron, home economics honorary, president of the Home Economics club, and a member of Daleth Teth Gimmel. Last year she taught home economics in the Sandpoint high school. Mr. McIntyre is employed by the Douglas Aircraft company.

They will make their home in West Los Angeles.

Women's Horseshoe Tournament Planned

The Women's "I" club and W.A.A. are sponsoring an inter-house tournament in horseshoe. For participation for W.A.A. points in practice play-off, one hour's practice is required of each entrant.

Practice hours are on Wednesday, Thursday, and Friday afternoons of this week. Tournament playoffs will start next Monday. Watch Friday's Argonaut for the group schedule.

Desmet Club Holds Breakfast Sunday; Dr. Miller Speaks

The Desmet club, a Catholic church organization, held a breakfast in the banquet room of the Blue Bucket Inn Sunday morning after Communion services.

Short talks were given by Dr. Evelyn Miller and Father Sharkey. An announcement by Father Sharkey, that the club is sponsoring a dance to be given November 10. The public is invited.

Arms-Leighton Wedding Soon

Miss Fern Leighton, Boise, announced her engagement to William Arms, Boise, Saturday noon, October 16, at a luncheon for 10 at the Owyhee hotel in Boise.

The announcement of the wedding date, November 6, was concealed in the petals of large yellow chrysanthemums at each guest's place. The date and the names of the couple were written on a paper replica of a Phi Gamma Delta pin, Mr. Arms' fraternity pierced by a Pi Beta Phi arrow.

Miss Leighton was president of the local Pi Beta Phi chapter last year. Mr. Arms graduated here last June.

The couple plan to make their home in Boise.

Soccer Captains To Be Selected

Tuesday, after soccer practice, captains for the different class teams in soccer will be elected. Later the teams will be selected by Miss Edith Rollins, the soccer representative, and the captain of each class team. The teams will be chosen from the girls who have been turning out for practice.

The tournament will begin Monday and it will be necessary for the members of the teams to attend all the practices before the tournament in order to develop team play.

Fries, Sanders Wed in Nampa

Valletta Fries of Spokane and William Sanders, Nampa, were married in Nampa Saturday, October 16.

Mr. and Mrs. Al Blair, Boise, witnessed the marriage.

The bride is a member of Alpha Phi sorority, and was a junior here this year.

Mr. Sanders was a sophomore here last year, and was a member of Sigma Alpha Epsilon.

Mr. and Mrs. Sanders are living in Nampa.

Dancing Class Draws Crowd

That Idaho men are anxious to learn how to dance, was evidenced last Tuesday when 130 turned out for the second in a series of dancing classes at the Blue Bucket.

Dr. Evelyn Miller and John Hale, bacteriology instructor, coached the class and instructed them in the first principles of dancing. Mixers and Paul Jones were run to insure partner changes.

Anyone interested in attending this weekly event may obtain a courtesy card from the dean of women's office. Practices will continue only until Thanksgiving and are held from 4:30 to 5:30 p.m.

The Gadsden Purchase, by which a large slice of Mexican territory was added to Arizona, cost the United States \$10,000,000.

Paul Finek

Music from Hollywood

"Music from Hollywood" ... songs of the movies ... sung by the stars ... and played for dancing America. That's the idea behind the popularity of Alice Faye-Hal Kemp's Chesterfield radio programs, heard over the Columbia Network every Friday evening at 8:30 E.S.T. (Western Stations 8:30 P.T.).

Kemp's famous dance orchestra and Miss Faye's charming voice make one of the smartest and brightest programs on the air.

Band for Women To Start Soon

Musical Ability All That Is Needed for This Activity

First University of Idaho women's band will start organization Wednesday at 7 p.m. in Ad. 206 under the direction of Prof. Archie N. Jones and the director of bands, Prof. Robert Lyon. This is an activity for all women interested in playing or learning to play an instrument.

Rehearsals will probably be held Wednesday, 4 p.m., at Memorial gymnasium.

For those who have never played before, class instruction will be given by Professor Lyon with instruments furnished. These students will be placed in the band the second semester.

Since women cannot play in the military band, this is the only way that they can show their musical ability. No definite date for the concerts will be made public until after the second semester.

Along Fraternity Row

Miss Ellen Salsbury, Genesee, was a dinner guest at Ridenbaugh hall Sunday.

Guests at the Gamma Phi house Sunday were Mrs. Del Cary Smith, Spokane, and Mrs. A. A. Pier and Mrs. J. D. Guy, Sandpoint.

Mr. and Mrs. G. R. Radford, St. Maries, were guests of Kappa Sigma Sunday.

Guests at Hays hall last weekend were Miss Jane Anderson and Miss Ruth Harnett, both of Seattle, Miss Inez Gundersen, Bonners Ferry, Miss Mary Cane, Plummer, and Mrs. H. B. McDermott, and Miss Helen Brewer, Wallace.

Miss Gladys Smith, Lewiston, was a week end guest of Ridenbaugh hall. Miss Kate Moe, Lapwai, was a Sunday dinner guest of Ridenbaugh.

Thursday evening, Gamma Phi Beta gave a reception in honor of its province director, Mrs. Burke, and housemother, Mrs. Laura Campbell. Friday evening Mrs. Burke was the guest of honor at a fireside at the Gamma Phi house.

Thursday evening Forney hall was entertained at an exchange by the Lambda Chi.

Week-end guests at the Lambda Chi house were Robert LeLangh and Wayne Thompson, Wallace.

James Doyle, an alum, was a visitor at the Lambda Chi house last Sunday.

Miss Dorothy Ross, a Tri Delta from Vanderbilt university, was a guest at the local chapter house Saturday.

The Tri Deltas entertained Miss Mildred Murtha, Spokane, at dinner Sunday.

Miss Fay Pettijohn and Miss Helen Parmlay were week-end guests at the Pi Phi house.

The Pi Phis entertained Eileen Driscoll, University of Washington, at dinner Friday. Miss Ruth Offelt was a house guest of the Pi Phis last Saturday. Miss Georgina Howarth, Burley, is a house guest at the Pi Phi house.

Dinner guests at Lindley hall Sunday were Dr. and Mrs. L. C. Cady, Dr. and Mrs. J. B. Reed, Mrs. Jolly, Dr. Dunkleberger and Mrs. Margaret Mylne.

Mr. and Mrs. Ralph Samson, Dr. and Mrs. Gerhart Wiens, and Dr. Al Brown were dinner guests at the Idaho club Sunday.

Week-end guests of Delta Gamma included: The Misses

Which Reminds Me

By Mary Sullivan
Roses are red
Violets are blue
Most kids went to Boise
Why didn't you?

Quite a thought, don't you think; Or do you? Well, here is some food for thought. Elaine Johnson's green skirt and green plaid sports jacket. A black and gold taffeta dress gave Martha Berg that sophisticated touch along with Margaret Tetcher's evening dress of maroon net, and white pearl collar. Barney Hayes seems quite satisfied in his dark green waisted coat sweater. Jack Wilson and Joanne Enger make a harmonious combination in their two shades of green. I am told that the Sigma Chis wear the best looking shoes on the campus, that is, all but Eddie Lowe's scuffed right toe. Next week we should really have some plenty smart modes, with all of the football fiends returning from Boise.

Cops Find Clues Of Scavengers

Teddy bears and police chief signatures were triumphantly displayed by the scavenger hunters Saturday night at Ridenbaugh hall. About 60 couples hunted for their listed articles until 10:30 o'clock then danced, played monopoly and cards.

Black robed witches danced from the chandeliers, and Halloween cats and bats haunted walls of the hall. Cider and doughnuts and orange cup salad were served.

Miss Helen Powers and Jefferson Rogers were patron and patroness. Ada Mae Jeppesen, Jeanette Robinson, LaVerne Cobbett, and Bruce Love were the winning scavenger group.

Person Who Filched Full Ballot Box In Mortal Danger

Promises of bodily harm are extended to the person who stole the Phillip Morris ballot box from the main entrance to the dining room of the Blue Bucket, say students who had deposited cigarette wrappers in the box on which were printed a score guesses for two football games last Saturday.

The box disappeared some time Friday evening, according to Zeke Larson, who is agent for the tobacco company in the football score guessing contest. The deadline for guesses on Saturday games being Friday night, the box was well stacked with wrappers, and one student asserts he had deposited 25 guesses, one of which was correct for both games and which would bring him five cartons of Phillip Morris cigarettes.

Anyone knowing the whereabouts of the stolen box should notify Zeke Larson, phone 2463.

Eight Grads Instruct Smith-Hughes Ag. in Idaho High Schools

Eight of the 42 members of the 1937 graduating class in the college of agriculture are teaching Smith-Hughes vocational agriculture in Idaho high schools this year.

Students who are teaching this year are John Ellerson, Fruitland; Dwight Henley, Washington; Leslie Jacobson, Aberdeen; Ralph Jackson, Donnelly; James Keyes, Homedale; Don Lyle, Kendrick; Robert Miller, Rexburg; and Norval Wardle, Lewisville.

STUDENTS GIVE RECITALS

Prof. Archie Jones, head of the music department, announced today that music students are presenting weekly recitals this year. These programs will be held in the auditorium every Wednesday afternoon at 4:30 o'clock, and the students will appear as their numbers are prepared.

The first program this Wednesday will present Agda Walden, contralto; Jessie Smith, pianist; and Raymond Vaught, violinist. Everyone is invited to come.

Idaho Grad Wins Position in Yuba As History Head

Dr. Robert Wayne Smith, son of Dr. and Mrs. W. Wayne Smith, has taken over duties of the position head of American history at Yuba junior college, Marysville, Cal., to which he was recently appointed. The young man is a graduate of the University of Kansas and received his masters degree in American history at Idaho in 1933, his Ph. D. degree from the University of California this spring.

Dr. Smith's master's thesis and doctoral dissertation represent distinguished research in the field of early Idaho mining history. In his nationally prominent book, "Pay Dirt," the late Glenn C. Quelt listed the Idaho man's thesis done under the direction of Dr. C. J. Brosnan as valuable source material.

The dissertation doctorate which Dr. Smith prepared under supervision of Prof. Frederic L. Paxon, University of California, was completed only after he had delved into mining files and old records in Spokane, Boise, Butte, and other cities containing material on the mining labor strife in the Coeur d'Alenes.

Miners Meet to Plan Annual Muckers' Ball

Plans for the annual Muckers' ball and the need of a truck in the school of mines for use on field trips were discussed Wednesday at a meeting of the Associated Miners.

Monthly meetings will be held every second Wednesday afternoon at 4:15 o'clock when the regular business meeting will be held and motion pictures shown or a lecture given on mining activities.

DR. CADISCH DIES

Dr. Gordon F. Cadisch, former director of the school of business administration at Washington State college for six years, died Monday, October 2, in New York city after an illness since summer.

The shortest fight with gloves on record occurred in 1928 when Al Foreman of England knocked out Ruby Levine in 1 1/2 seconds (including the count).

Cadets Celebrate "Teddy's" Birthday

National day of celebration for Scabbard and Blade, national military honorary, comes October 27 when they will dress up in their uniforms and observe Theodore Roosevelt's birthday. Members met and discussed the proposed national observance last night at the Argonaut office in the Student Union building.

Cadets of advanced R. O. T. C. will wear uniforms all day, and in the evening at 6:30 o'clock members of Scabbard and Blade will gather with alumni members and officers of the military department for a formal dinner at the Blue Bucket Inn.

A formal dinner dance is scheduled some day in December when new men will be pledged into Scabbard and Blade, says Ed Hokanson, captain.

OVER 5,000,000 Frank MEDICO PIPE SMOKERS AGREE WITH DR. MILLING, M. D.

DR. CHAPMAN J. MILLING, 514 E. BELL STREET, COLUMBIA, S. C. Feb. 10, 1937

S. M. Frank & Co., Inc., New York, N. Y., Gentlemen:

About eighteen months ago I was forced to quit smoking a pipe because the tarry products in the bowl kept me chronically nauseated. Too bad, but it couldn't be helped. No use feeling miserable every time I fired up. So I stayed off tobacco for over a year.

Then one day I saw a few Frank's Medicos in a druggist's showcase, and half-heartedly decided to try one. So many patented filter systems on the market. But I'd risk a dollar on one anyhow, just in hopes...

For six happy months, now I've been smoking that Frank's. This afternoon I bought my second one, and have it sending up incense as I write. I want to tell you - in case you don't already know it - that you're one of the benefactors of society. Lol the poor Indian! Lol Sir Walter Raleigh! Lol everybody who died before you brought out a filter that really works. I'm telling my friends by the dozen, but not fast enough.

You may use my name if you care to, and add that this letter is absolutely unsolicited on your part.

Very cordially yours,
Chapman J. Milling, M.D.

Frank MEDICO FILTER-COOLED

ONLY PAT'D FILTER COMBINING MOISTURE-PROOF CELLOPHANE EXTERIOR AND 66 BAFFLE ABSORBENT MESH SCREEN INTERIOR, RESULTING IN GREATEST PIPE SMOKING INVENTION EVER KNOWN
