Wunderlich Receives Letter Announcing Exposition Jobs For Students April 30

A limited number of Idaho students and alumni will be able to join the staff of New York's 1939 World's Fair, according to a letter received last week by Herbert J. Wunderlich, dean of men.

The only "catch," said Wunderlich, is that work starts April 30 and continues through November 30. Thus present students are practically eliminated from consideration. C. L. Lee, personnel director of the exposition, said in his letter that traveling representatives will interview applicants from each school before April and accept those whom they consider fit. Minimum salaries in most positions offered will be \$20 weekly, plus transportation to New York. Attendants, ushers, clerks, foremen, field men, and hostess positions for women alumni are included in the vacancies.

Those who would like a summer in New York, and are available April 30, should contact the dean of men's office. No previous experience is necessary.

Botanist To Teach Wyoming Camp

Dr. R. F. Daubenmire, assistant professor of botany, will leave immediately after college is out in June to teach in a summer camp in the Medicine Bow mountains of south-central Wyoming. The camp is a project of the University of Wyoming. Professor Daubenmire will teach ecology and also do some research work during the five weeks' session.

"The camp has the best equipped field laboratory in the Rocky mountain territory, besides fine forests," he stated. "Another point of interest is that Dr. Aven Nelson, University of Wyoming, most famous botanist in the Rocky mountain region, will also teach there." Following his teaching, Doctor Daubenmire will go to Asapulco, Mex., to study the vegetation and get new material for teaching here next year.

Work Drums Once More on Bridge

Work began again last week-end on the Sixth street bridge improvement, after being held up by cold and snow.

Schedule of progress for the construction called for the pouring of the concrete arch today. Construction of the wooden framework which extends 10 feet beyond the present bridge was begun last week, completed yesterday.

Construction will cease about three weeks following the pouring of the concrete to allow the newly-poured material to set and remove the danger of weakening the bridge. About 8 inches of concrete will be poured over the top of the arch and 24 inches on each side. While the concrete is setting, workmen will continue widening the street.

Hold everything, coeds! Don't cast that fatal vote until you hear about this last-entered candidate for dream man! It's that "swing-boy" Glen Whitesel. His campaign is being sponsored by a group of fraternity men living off-campus, and by the "Better-Dreams-f-o-r-Sleeping-Pills" clubs. This is no luff.

This sluggish campus slipped back into a familiar old groove this week-end—that is, as regards 'sloppin', slurpin', and brewin'. Both literally and figuratively, Jean Allison climbed under the table last Friday afternoon, while Jean Cleveland, Gil Pease, Martin Huff, and sundry S.A.E.s clapped hands and sang "Sweet Adeline."

"Ideal Couples" were conspicuously being seen together over the week-end. Maury Low 'n' Acuff spent two hours over a goke in the Nobby; Yera Durant 'n' Paul Ennis were at their first Bucket dance in years; and Eleanor Kerr 'n' Eddie Lowe spent a great deal of time in the Nobby.

Retraction: (Oh, no, addition to the last column.) Forget to wonder, in print, what Jack Richard's last year's flame will think of this 'pin-passin' deal. She still thinks they're engaged.

"Mike" Raphael has capitulated to the charms of Lyle Smith and has decided to forget the "butcher boy" back home. Yeah, she's really "that way."

"Smooth-boy" Herron gave each of his three "stringer-alongers" a break this week-end. Friday night it was Jo McKissick, who really has darts for the lad; Saturday night Belva Budge was bestowed the grace of his every glance, while Jo sat at home; and on Sunday, the Fish boy was back to 'll Marjorie Johnston. They call him "the wolf with wicked, wily, but winning ways."

While Helen Williams watched (we guess) Gordon Sandison slop brew 'tuther right, "Whitey" Price stepped out with Betty Winkler. (And we do mean stepped!) What's all this we heard about his wires and letters to Helen whenever he's away from her?

A lotta hair stood up at the Fiji "hell dance" Saturday night, but not all of it was due to fright. Maybe some of the strong spirits used to revive weak hearts was a little bad. Hello, Millie Eldridge!

Margaret Ward got so hysterical over the corpse that she danced a straight program with Stan Zapell, Margaret Frazee 'n' Maxine Warner, along with Keith Warner 'n' Bud Clarke, were champagne'd 'n' dined before the "dawnce." Did it irk Andy James that Marybelle Bennett decided she'd better stay at the Theta house this time?

Professors Speak At Conference

Prof. C. W. Chenoweth, university philosophy department head, with Prof. D. L. Fourn, of the dairy husbandry department, spoke at the 17th annual leadership week conference at Ricks college, Rexburg, Thursday. Governor C. A. Bottolfson was also a headline speaker at the event.

Following Governor Bottolfson's address in which he warned that a crisis was approaching in America, Professor Chenoweth spoke upon democracy, declaring that democracy is a feeling which goes with the statement, "I am a man." In his concluding remarks he called totalitarian forms of government a "beautiful program of kidding people," and declared that failures of democracy are better than successes of the totalitarian states.

Professor Chenoweth spoke again on "Political and Philosophical Conflict," and on child training. He also addressed the Rexburg Rotary club.

Professor Fourn discussed methods of increasing dairy efficiency by using bulls bred to production, using home grown rations, and giving the cow a chance to do her best.

Lecturer Speaks Here On World 'Isms'

An interested audience heard Dr. Dan Gilbert, journalist, lecturer and author, speak at the Nazarene church Sunday evening. In his talk he declared that communism, national socialism, and some of the other "isms" would capture the enthusiasm, imagination, and energy of the American college youth if the churches did not offer them a challenge that is adequate and a personality that is worthy. He spoke again last night at 7:45 on "Communism in Some Colleges."

Tonight he will lead in a round table discussion prior to his lecture.

Weakened Vandal Team Drops Game to Huskies; They Meet Tonight

Washington Shoves Stubborn Idaho Quintet Deep in Cellar; Final Score, 43-35

A battered Vandal basketball team stayed with a fast-breaking University of Washington quintet for the first 10 minutes of their basketball game last night, wilted until midway in the final half, and then snapped out of their slump to whittle down a long lead to eight points. Final score favored the Huskies 43-35, the 11th conference loss for the Vandals.

Weakened by injuries and sickness, the Idaho team battled all the way with Coach Hec Edmundson's veteran team, but the experienced seniors, who tightened their hold on second place in conference standings, proved too much for the mixed array Coach Forrest Twogood put on the floor.

Captain George Ziegenfuss of the Huskies shot unerringly to tally 18 points. Bren Barrett, still affected by a bad chest cold, led Idaho with 10 markers. Ronnie Harris, Vandal forward, left the game on fouls near the close.

Starting the game with "Hook" Hilton at center, Harris and Barrett at the forward posts, and Lyle Smith and Steve Belko as guards, Coach Twogood's men stayed with the fast travelling Washington team during the opening minutes. Midway in the first half, Idaho held a 9-8 lead, but a basket by Ziegenfuss pushed the Huskies ahead and they were never headed.

Brilliant defensive play by Harris and Smith highlighted the Vandal portion of the game, while the high score rolled up by Ziegenfuss illuminated the Husky basketkeeping.

"Chick" Atkinson, Vandal guard, was out of suit because of a flu attack. Gordon Price, reserve forward, saw the game from the sidelines because of an ankle injury received in the Oregon State game.

Vandals will play host to Washington again tonight in the final game of the series between the two colleges. Starting time is set for 7:30 o'clock.

Barrett Assumes Scoring Lead

Bren Barrett, veteran Vandal center, assumed the scoring lead for Idaho's cage crew after last night's battle with the University of Washington, "chalking up 86 points in conference games to date."

Pressing Barrett for top honors is "Torchy" Harris, tricky sophomore guard, who was held for six points last night. Harris was high for fouls with 32 chalked against him in 12 games played. Steve Belko followed Harris on the "blacklist" with 28.

The standings after last night's games are as follows:

	fg.	ft.	pf.	tp.

Huskies Hammer Vandal Minors

Idaho Wrestlers Only Victors; Washington Cops Swimming, Fencing

Dropping their swimming meet 62 to 13 and their fencing tourney 6 to 3 to the University of Washington, Idaho came back to win the wrestling meet by a score of 18 to 14 at Seattle Saturday in their annual minor sports meet.

Rifle Team Tops Previous Record

Idaho riflemen amassed 3,634 points, a five-point per man increase over the average of the previous week, in the postal match fired last week against the teams from the University of Nevada, Cornell university, Boston university, and the University of Pittsburgh.

In the matches with Coe college and the University of Maryland, fired the week of February 6, a five-man team of Idaho marksmen lost to Coe college by 3 points, 1,864 to 1,861. The 10-man team lost to the University of Maryland, 3,728 to 3,576.

Score for the sitting position of the 10 high men who fired in the 10th Corp area match was 957. Last year the score for the same position was 950. Total for this year's prone and sitting position in this match is 1,918; last year's total for the same positions was 1,932.

Of the men who fired last week's match, John Elder was high.

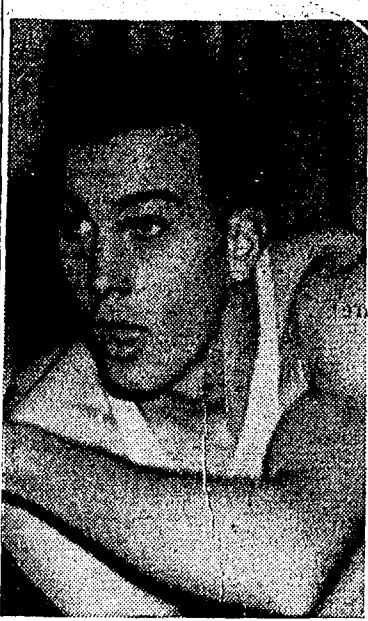

ton, I., 5 to 3.

Next meet scheduled for Vandal grapplers and fencers is set for March 4 at Pullman against Washington State college.

Idaho tankmen leave Thursday evening for Oregon where they will meet University of Oregon's swimmers Friday night and Oregon State college Saturday night. Both Oregon and Oregon State have been previously beaten by the Washington Huskies. The spashers will return Sunday evening.

Vandal - - Personalities

By Bob Leeright. "I intend to lie on the beach all summer," states Cartee

Wood, clever ball-handling guard on Coach Forrest Twogood's basketball Vandals. "I'm not lazy; the idea just sounds good."

Southern California's rhythmic style of dancing is superior to the dry Idaho style, Cartee said when asked about his diversions.

Cartee is a sophomore from Long Beach, Calif. He is 21 years old, 6 feet tall, weighs 170 pounds, and is majoring in history.

The black-haired Sigma Chi used to study when he had his hat on, but he explained that he goes bareheaded now.

Being held in suspense while Willis Bohman eyed the basket last year for his foul shot that beat Oregon is the biggest thrill Wood has received from basketball.

Wood hopes some day to study archeology. Frederick March is his favorite actor and basketball his favorite sport, although he likes swimming.

"I would have gone out for swimming," he said, "but it would interfere with basketball."

He attended Long Beach Polytechnic high school where he played two years of basketball before coming to the Vandal camp.

Mound Aces Loosen Arms in Gym; Four Lettermen Return

With the baseball season just around the corner, the sound of a baseball smacking into a catcher's mitt has been resounding through the gym, as the varsity moundmen began whipping their pitching arms into shape this week.

The pitching staff has been greatly strengthened by the return of "Whitey" Jenkins, southpaw star of two years ago. Merle Stoddard, Earl Gregory, and Ed Ranta have been turning out, along with Jenkins, while Ted Kara, catcher for last year's freshman team, and Joe Spicuzza, letterman outfielder, have been doing the catching. Jenkins, Stoddard, Gregory and Ranta are all lettermen.

Outdoor practice will not start until the middle of March. A schedule of games to be played will be released later.

Half-Milers Complete Final Time Trials

Final time trials for the half-milers on the Vandal track team were held in the Memorial gymnasium Monday afternoon. Several of the men improved their times, with six men proving outstanding in their trips around the floor.

Gerald Elder, a sophomore from Priest River, has shown great strides in improvement, according to Coach Mike Ryan, and he is a strong contender for one of the two-mile relay teams.

Finishing in the top bracket of the half-milers were Maurice Young, Phil Leibowitz, Robert Neal, Elder, Clairdon Cunningham, and Wesley Lathen.

Quarter-mile trials will start February 28. Coach Ryan said.

Pricelings Down Freighter Team

University of Idaho's victory staved freshman cagers, clobbered in top notch fashion last night to down a strong Inland Motor Freight team by a score of 28-24.

Paced by Carl Pepper, big rookie forward, the Pricelings checked their more experienced foes closely, led 15-12 at the intermission. Pepper found the hoop for 11 points to lead the evening's scoring, while Don Johnson, former Vandal star, took top honors for the Freighters with 9 tallies.

A tight defense which held former Idaho hoop Stars Johnson, Sullivan, and Bohman under wraps the major part of the evening, proved the most effective factor in the yearlings' victory.

As a preliminary to tonight's varsity game, the greenies will meet Lewiston normal, starting at 8 o'clock.

Culver-Stockton college is constructing a hotel on its campus.

Treasure Island Gets Vandal Track Men

Academic permission was granted four members of the Idaho track team to take part in two meets at the Golden Gate International Exposition, Ted Bank, director of athletics, announced today.

The men—Phil Leibowitz, Maurice Young, Robert Neal and Wesley Lathen—will leave Moscow tomorrow for the bay area to enter in the meets to be held in the auditorium on Treasure Island February 25 and March 4. The Vandals plan to work out with trackmen at California and Stanford.

Announcement was made last week that the men had been invited to participate in the two meets, but final permission was being held by the athletic department pending on the decision of the academic council. The men will return to Moscow March 6 and while they are in San Francisco will be guests of the fair officials.

Leibowitz will run in the mile event along with Glenn Cunningham and other prominent runners. Neal will take part in the mile and two-mile runs.
