

## Singers To Compete Thursday Evening

IDAHO'S songfest always comes at the wrong time. It's regrettable. It should be held --if it must come during the second semester-- Mother's day. The Argonaut last year suggested a more satisfactory scheduling of the fest; 1938-9 rolled around, and again the warbling will be trilled in mid-week at a time of year when everyone wants to study.

Sigma Alpha Iota and Phi Mu Alpha, along with attempting to find other reasons for justifying their existence, should make sure that the songfest date falls correctly. The Argonaut's suggestion last year recommended holding the fete sometime first semester when studies aren't so pressing. The idea was to insure a greater number of entrants and, perhaps, more finished performances.

This column writer hedges a bit from that proposal and comes out flatly for the Mother's day date--once and for all. This year's musical mistake lends credit to an administrative proposal a few weeks back to place events, such as the songfest, in the hands of an enlarged calendar committee and let that body schedule those events a year ahead of time; just as is the case with athletic schedules.

THE ACADEMIC council has voted to discontinue approval of further parades as a feature of Junior week. The action, announced yesterday, was taken because of failure of sponsors of the event this year to assume responsibility for the nature of floats exhibited and their disregard of the university administration's regulation covering objectionable public performances.

In short, this year's Junior parade--just like all Junior parades--was a little bit too raw, too risque to become the students of a college that is trying to be big-time. There will be no more Junior parades. The prohibitory action of the high pooh-bahs--the academic council is composed of administrative and faculty deans--was based on two points. First, the Idaho faculty has objected to the tone of Junior parades. Some of their objections are original; others, a carry-over from the disapproving walls of a general public.

Second contributing motive was a recent objection to Junior parades, voiced in this column. The gist of that column was that Junior parades have heavily contributed to the University of Idaho's standing with other institutions: high scholarship, low morals.

The academic council took the right step. The parades have never been justifiable, artistically or educationally; and they have exemplified the sort of inconsequential activity which state legislators have been prone to inflate until they could exclaim:

"For shame, that's the kind of education they're giving out at Moscow!"

The academic council's action will meet the more constructive student approval--and Jason's. And now this scribe, the derided objective of Theta Sigma editors, who print others' opinions and analyses as their own, must shed the white cloak of purity until Friday--he's an Idaho student.

UNHERALDED has been the fine work of Miss Bernice McCoy and her placement bureau staff in placing Idaho education graduates in Idaho teaching positions. Here are figures which should interest the drowsiest Idahoan. In 1927, the placement head reveals, only 4 per cent of the state's independent Class A school districts were superintended by Idaho graduates. Today, however, 50 per cent of such Idaho school districts have Idaho men as their superintendents.

Numerous are Class A districts; Genesee, for instance, comprises one. What lies beneath these figures? What are the consequences to the state and the university? Primarily, they mean that these schools headed by Idaho graduates will be sending their students to Moscow to school--or the superintendent will know the reason why. Secondly, the statistics indicate that this university is establishing its scholastic reputation and that school boards are coming more and more to recognize that reputation.

Warblers from 15 campus group houses, vying in the annual songfest sponsored by Sigma Alpha Iota and Phi Mu Alpha, national men's and women's music honoraries, will present numbers on the steps of the Administration building Thursday evening at 8 o'clock. William Rolls of the Eastern-Washington normal at Cheney will judge the contest. Order of appearance will be determined by draw.

Arrangements for holding the contest outdoors this year were made to provide better seating, more spectacular lighting, and to facilitate organization in reaching the stage.

Hays hall, with 35 vocalists, has the largest entry; Forney hall, the smallest with 14. Ten women's organizations and five men's groups will compete with the defenders--Delta Gamma and Sigma Nu, winners last year--for the cup.

The program will consist of the following selections: Sigma Nu, "White Star of Sigma Nu"; "Roses of Picardy"; Hays hall, "O, Happy, Happy Fair"; "Moonlight Madonna"; Kappa Kappa Gamma, "My Heart is Locked in K.K.G."; "I Love You Truly"; Beta Theta Pi, "Beta Loving Cup"; "When Day Is Done"; Delta Delta Delta, "Under the Moon"; "Song of the Pine Tree"; Willis Sweet hall, "Marianina"; "Swing Along"; Delta Gamma, "Anchors Are Gleaming"; "Anchored."

Forney hall, "Neopolitan Nights"; "Vandal Sweetheart"; Sigma Chi, "Sweetheart of Sigma Chi"; "Here's to Our Fraternity"; Phi Gamma Delta, "Gaudemus Igitur"; "Jubilate"; Pi Beta Phi, "My Pi Phi Girl"; "Pi Phi Symphony"; Ridenbaugh hall, "Moonlight Madonna"; "Idaho, We Dearly Love Thee"; Gamma Phi Beta, "Crescent Moon"; "Goodnight Little Sister"; Alpha Chi Omega, "God Bless America"; "Twilight Shadows"; Kappa Alpha Theta, "Theta Friendship Song"; "Theta Sister."

A public address system will be used to enable all listeners to hear the program.

## Magazine Sales To Start Soon

"The Atticana," student publication of the art and architecture department which goes on sale next week at \$1 a copy, depicts local life as seen by a student.

"Though primarily an annual for students in the department, we are printing 100 copies, available to anyone who cares to purchase them," stated Dave Consalus, managing editor of the book. "Nearly half the copies have already been sold."

"Atticana," in portfolio form, has eight sections. The first seven, dealing with modern layout and display interspersed with copy, are: alumni, seniors, architecture department, Attica club, art department, personnel, and humor. A 15-page section in the back consists of figure and landscape compositions through the mediums of lithography, etchings, and linoleum cuts.

Malcolm Woodbury, campus artist, has designed the clever cover.

Other student artists who have contributed work are: Janet Anthony, Mary Martha Stockton, Ada Mae Jeppeson, Leo Potter, Gene Wilhelm, Phyllis Ottenhemir, and Majella Tyra.

Independent council members elected Cecil Smith, Willis Sweet hall, president for next year at a meeting last night. Keith Greaves, Idaho club, was elected vice-president; Marjorie Blood, Ridenbaugh hall, secretary; and Delcie Humphreys, Forney hall, treasurer.

## Dancers Slave for Pageant, Polish Symbolic Dance

A group of hard-working student dance creators took the lead this week in one of the most difficult parts of the coming "Light on the Mountains" pageant--polishing the mass symbolic dance movements.

Leaders in the work are 11 advanced dance students who organized an informal club in February and have been working since then with Mrs. Ruth Manca, physical education instructor, building the movements and leading regular dance classes in practices.

She Picked Music

Mrs. Manca has prepared the music for the dances. Most other work has been done by Frances Lewis, Lucille Marshall Sabey Driggs, Betty Blake, Ruth Rhodes, Mary Sherry, Elena Shepcevic, Beth Bothwell, Virginia Dole, Grace Sollers, and Beth Kelley.

Other students in regular dance classes will participate, help lead movements in the

pageant. Outstanding dance students, named by Mrs. Manca to lead movements, are Helen Campbell, Mary Low Fahrwald, Anita Hammar, Margaret Montgomery, Iris Louis, Lela Coffin, and Vera Lee Bligart.

Dancers Eager

Candidates for parts in the cowboy square dance, only dance in the pageant requiring men and women couples, have swarmed into Mrs. Manca's office. Only a few positions remain open, and Mrs. Manca warned candidates to appear at all rehearsals--Mondays and Thursdays at 7:45 p.m. Irregular rehearsals will probably be held in the afternoons.

The pageant's dances and music coordinate the entire show. Dance movements range from the symbolic interpretation of the coming of irrigation, through an action-packed Indian war scene, to the old-fashioned cowboy "hoedown."

Music to show the early American and Indian influences in the development of the state has been arranged, partially written by Prof. Bernard Fitzgerald. The entire 70-piece university concert band will participate in the pageant.

Costume preparation is progressing excellently, though chaps and other cowboy equipment are still needed.

Exactly 43 members of Chi Alpha Pi were inducted into the Alpha Delta chapter of Tau Kappa Epsilon at initiation ceremonies conducted at the chapter house of T.K.E. in Pullman last night. The initiation was in charge of Charles "Chuck" Browning, T.K.E. assistant national secretary.

Dr. Allan C. Lemon, J. Robert Walker, Dr. E. M. Gildow, Dr. E. O. Walters, and Iver Longestel, alumni and formerly members of the Chi Alpha Pi governing board, were included in the initiation of the present active members of Chi Alpha Pi.

This initiation marked the end of Chi Alpha Pi as a local fraternity on the campus. Arrangements have already been made to close the present T.K.E. dining room with both old and newly initiated members of the fraternity eating at the old Chi Alpha Pi house.

During its eight year existence on the campus, Chi Alpha Pi initiated over 100 men. Alumni from this group will be taken into T.K.E. at initiation ceremonies to be held in the future. The merger of the two Greek groups brings the number of campus men's fraternities on the campus down to 12, all national.

## Campus Honoraries Tap Many At Saturday May Day Fete

### Rich Urges Action On Gem Notes; Pay in S.U.B.

"Gems will be here some time this week-end; payments are coming in fine; and we're extending the redemption deadline a couple of days to accommodate those who haven't been able to pay," was the summary statement made last night by Business Manager Sam Rich after returning from Seattle.

"Many phone calls have come in," said Rich, "probably because of misunderstanding in the payment plan. Evidently the remaining notifiers want to clear their accounts."

The graduate manager's office in S.U.B. is the proper place to pay. Rich encouraged immediate action.

### Spurs Dance Maypole Shag; Simpson Crowned Queen of May; Individual Awards Given

Beneath a baking sun, while collars wilted and faces acquired a glowing beam, University of Idaho students, mothers, and guests witnessed the annual May Day festivities Saturday afternoon. Highlights were the crowning of Queen Ardia Simpson; the Spur Maypole dance, and the pledging of various campus honoraries.

### Colorful Review Will Conclude Midnight Drilling

Major Paynter Will Make Annual Gov't. Inspection Friday

The colorful annual inspection of the local R.O.T.C. will begin next Friday afternoon at 1:30 o'clock with the inspection of the cadet corps in ranks. Major Earl F. Paynter, 4th Infantry, who will report for duty here in August, will conduct the inspection.

Close and extended order drills; the Butts Manual, a music-accompanied rifle exercise by the Pershing Rifles; a demonstration of weapons; and a formal guard mounting will feature the afternoon's demonstrations on MacLean field. Tactical exercises will be conducted south of Neale stadium near the golf course.

Color-sound movies will be taken of portions of the inspection. All students and interested persons are invited to attend the ceremonies, nearly all of which will be visible from the grandstand on MacLean field.

Schedule of events for the inspection lists classroom and theoretical subjects for the morning session and outdoor drill and tactical exercises for the afternoon. The afternoon program for the inspection includes the following events on MacLean field:

1:30 p. m., inspection of cadet corps in ranks, preceded by parade; 2:45 p. m., close order drill, company; 2:55 p. m., close order drill, platoon and squad; 3:05 p. m., extended order drill, platoon; 3:20 p. m., tactical exercise (south of Neale stadium), and band concert on MacLean field; 3:45 p. m., weapons demonstration; 3:55 p. m. Butts manual by Pershing Rifles; 4:05 p. m., formal guard mounting; 4:30 p. m., retreat formation by guard mounting company and Pershing Rifles.

### Thomas, Paris Get Song Contracts

Original compositions by Earl Thomas and Dick Paris were selected as two of the three winners in the KFPY Song Search contest. The two students went to Spokane Friday where they received contracts with full royalty rights from Davis-Schweger, Los Angeles, music publishers who sponsor the Song Search program.

The students appeared on the Song Search program while in Spokane Friday. Both were interviewed, and Thomas sang his composition. The songs, "You Had the Laugh on Me," written by Thomas and featured in the 1938 Pep Band show, and "Believe in Me," contributed by Paris to this year's show, were selected from approximately 150 compositions submitted by amateurs throughout the West.

Davis-Schweger will publish the two songs, and sheet music and phonograph recordings will be sent to radio stations and music stores all over the country.

### President Returns From Trip East

Dale Makes Extensive Journey, Interviews Prospective Faculty Members

After interviewing 11 persons at several colleges, inquiring about a score more as prospective faculty members of the University of Idaho, President H. C. Dale returned to his executive desk Friday from the 12-day business trip.

An existing vacancy is that of head of agricultural chemistry. Death last year of Prof. H. P. Magnuson caused the vacancy.

Trip Extensive

President Dale's itinerary included a trip to Milwaukee where he visited the University of Minnesota and interviewed several persons. He went to Chicago, then to Purdue university and back to Chicago again.

Alumni of the University of Idaho, gave President Dale a dinner at the Sherman hotel. About 30 attended.

Visits Monument

While at Northwestern university, President Dale was impressed by the Sigma Alpha Epsilon fraternity monument, "Lever Memorial."

He said on the stained glass windows were inscriptions of every chapter house in the United States, including that of the chapter at the University of Idaho.

After interviewing prospective faculty members at Northwestern university, he returned to southern Idaho where he transacted business in Pocatello and visited the potato alcohol plant at Idaho Falls.

Although no appointments were made as result of the trip, President Dale said there would probably be faculty members chosen for English, public

McDonald To Teach English in French School Next Year

Virginia McDonald, Burley, fluent French major in the University of Idaho's record-breaking graduating class, will teach English in a high school in France next year.

### Frosh Announce Committees For Glee Week

Veil of Secrecy Hangs over Preparation for Dance May 27

Complete committees for the Frosh glee dance scheduled for May 27 were announced yesterday by Ingebrigt Ostness, general chairman. Secrecy hangs about further preparations for the dance as Ostness remained non-committal about developments.

From a "generally reliable source," however, came a little juice from the grape-vine: Karl Wilson has organized a big 15-piece orchestra, ostensibly as a special attraction at the frosh "kid party."

A master violinist and one of Idaho's most polished musicians, Wilson has organized a gang that features novel instrumentations--violin trios and viola solos.

New talent mixes with old for an attempted versatile personnel, with such names as Jim McFarland, Dick and Douglas Gardner, Robert McKinnon, Earl Spencer, Chuck McLaughlin, Al Flechtner, Jim Armour, Bill Gratton, Bob Shewnack, Bob Hartley, George Davis, Larry Spencer, and Vocalist Betty Bollinger.

Committee members, as announced by the chairman, follow: Glen Carter, Barbara Beach, Don Robertson, Norris Schwin, Lois La Dow, Edna Lake, Wayne Peterson, Bud Tripp, Kenneth Spencer, and Eldred Henderson.

Jane Barrett, Vern Ravenscroft, Kenneth Sharpe, John Webster, Virginia Rhea, Nolan Weeks, George Hogaboam, Stan Jeppesen, Milt Eberhard, and Wanda Siple, Ed Wade, LaMoyné Jensen.

Ned Gnaedinger, Bob Wimmer, Helen Campbell, Bill Gratton, Ed Zielinski, Bill Ganger, and Patricia Frazer.

### U. Singers To Entertain With Sunday Concert

The annual spring concert of the university singers will be presented under the direction of Archie N. Jones Sunday at 4 p. m. in the auditorium. They will be accompanied by the university symphony orchestra.

The chorus, consisting of 200 members, will sing concertized versions of the operas, "Carmen," "Faust," and "Martha." Solo parts will be taken by Alice Roberts, soprano; Margaret Ward,

## The President Sees Chicago

PRESIDENT H. C. DALE is pictured above in Chicago at the alumni banquet, which he attended on his trip east to interview candidates for faculty positions and to meet alumni. He is shown with Mrs. Greek Wells, whose husband is president of the Chicago association of Idaho graduates.

### Pre-Meds Choose Fall Officers

John Finley will preside over 1939-40 meetings of Alpha Epsilon Delta, pre-medical honorary and newest national honorary on the Idaho campus. Finley will be a senior next year. Other officers elected Thursday evening, May 11, for next year are: Hal Thatcher, vice president; Bill Holcomb, secretary; Naomi Vogel, only woman pre-med student, treasurer; and Jack Farber, historian. Prof. Walter Steffens of the zoology department will serve again as faculty adviser.

Since March 12, red-letter day when the local pre-medical honorary was accepted into Alpha Epsilon Delta, national, by Dr. C. F. Poe, University of Colorado, national president, its 30 members have invited prominent doctors to meetings, have shown several moving pictures. The organization expects to meet more prominent Northwest doctors next year.

Pledges, named at last Thursday's meeting, will be announced soon, said new officers. Retiring leaders are: Jim Sloat, president; Bill Boyd, vice president; Owen Hayley, treasurer; Arthur Dalley, secretary; and Dean Fluharty, historian.

### BANKERS HEAR BROSNAN

Prof. C. J. Brosnan of the university American history department spoke on "Some Idaho Yesterdays" and discussed business problems at the semi-annual meeting of the Clearwater group of the Idaho Bankers' association in Lewiston Saturday night.

## Handholds For Jobs

Finishing touches are fast being put on plans for an inspiring and graceful diploma presentation in a flower banked Memorial gymnasium in three weeks to 538 candidates, the largest class in the university's half century history ever to worry over correctly passing over the mortar board tassel as they reach for the graduation certificates. It will be a week-end of ceremony. A mighty pageant will reenact the restless progress of an empire, bands will blare in triumph music, and lastly the successful completion of college work will be oratorically commended, and graciously, oh so graciously, the door to a tough old world will be opened.

Many a graduate who steps lightly up for his sheepskin may have the ability to carve himself a niche, but will he be equipped to convince an employer who wants value received for the cash put on the line that the work will be done up in the production zone at the face of the diggings? Can he actually do something that will pay board, room, and laundry until he works into the job? Employers may be diffident as to whether the course in school was liberal, semi-technical, or technical but most want that new man to start producing the first day. Few can afford a man on the payroll merely to train him for future production. He must produce as he learns.

Although engineers sometimes become journalists, and lawyers advertising specialists—fields far from those studied in college—it does not mean that the switch of occupations was not aided by some skill which produced results while the new job was mastered. How much easier it would be if every graduate were equipped with some knowledge that he could actually draw wages upon while he was adding to his cultural background enough essentials of his job to become a permanent member of the organization. The university could do well to train every graduate in some practical way that could be sold for money while working into a new job.

The contention that many Idaho students have awakened themselves to an interest in international affairs this year, is confirmed by library circulation. Periodicals and recently published books have been as popular as a shapely coed at a freshman mixer.

Books dealing with Japan, China, and the European situation are in greatest demand. Autobiographical books, especially by journalists, are much sought after. Such authors as Webb Miller, Carleton Beals, and Mark Sullivan appear particularly popular.

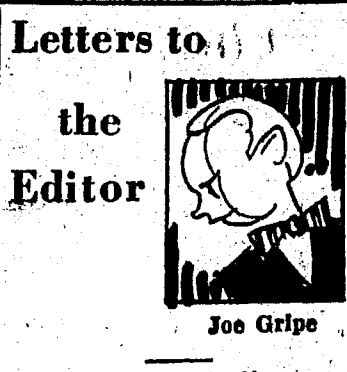

Loyola university (New Orleans) has a student group known as the Brotherhood of the Pipe Smokers association. At the present time, there are 10,000 persons in the U. S. working toward Ph.D. degrees.

Cornell university has sent an expedition to the mountains of eastern Mexico to learn about the strange bird, otus pinosus.

Fordham university has a World's fair personnel course to train workers for the New York exposition.

Physics students studying noise in library report that it is one third as noisy as a pneumatic drill at ten feet, half as noisy as a busy shopping street in Chicago, and one third as noisy as the roar of Niagara falls.

The University of South Carolina's new \$108,000 swimming pool was dedicated by Secretary of Commerce Harry Hopkins.

**Letters to the Editor**

The letters appearing in this column do not necessarily reflect the policy of the Argonaut nor the opinions of the editor. The Argonaut invites the opinion of its readers and discussions of student interest, but reserves the right to censor any contributions. All letters must be addressed "To The Editor" and must be signed by the author. In case of censorship, the author of the censored article will be fully informed by the editor of the reasons for the censorship before it has been enacted.—Ed.

**Dear Editor:**

In my opinion the independent students of the Independent party would gladly welcome a shakeup of campus politics leading toward a reconciliation of independent and Greek students as advocated in a recent "Golden Fleece." For any hatchet-burying policy to succeed, however, there must be complete understanding, respect, and trust between the leaders of both groups. Speaking as an independent, I should like to be assured:

1. That the leaders of the United Students party in particular, and the members of their houses in general, are sincere in their desire for a rapprochement of the two groups.
2. That there would be no future discrimination against independents as such in making political appointments, in selecting pledges for Scabbard and Blade, Blue Key, Silver Lance, and so forth, and in advancing students to positions on the staffs of student publications.
3. That the editorial policy of The Argonaut, Gem of the Mountains, and the Blue Buckle be such as to require equal recognition with regard to both groups in news, scandal, and editorial columns.

Naturally, we shall have to adopt a corresponding unselfish attitude and attempt to be fair and square at all times with you. Following the burial of the hatchet ceremony, the Interfraternity council should work out a program seriously designed to promote closer association, friendship, and cooperation between the two groups. Good-bye, petty politics! Long live the "Idaho Spirit!"

**Students To Take AAA Examination**

**Civil Service Tests Will Be Given for Clerical Positions**

Business students with a bent for civil service are welcoming examinations for stenographic, comptometer, and clerical positions with Idaho's A.A.A. The tests will be held Thursday and Friday in the engineering building, according to an announcement released by Miss Ellen Reterson, assistant professor of secretarial studies.

**Open to Residents**

Sponsored by Idaho's agricultural adjustment program and supervised by Miss Viola Evans, personnel manager of Idaho's A.A.A. program, the tests are open only to legal residents of the state. To be eligible for appointment to duty at the Idaho state office in Boise, applicants must pass examinations in all three divisions and have their names placed on the list of the special assistant to the secretary of agriculture. Applicants must pass a general intelligence test. Machines will be furnished by the university.

Schedule for the examinations on third floor of the engineering building is as follows: (Thursday, May 18: 10:30 a.m.—comptometer and calculator examinations; 1 p.m.—stenographic examinations. Friday, May 19: 3 p.m.—clerical examinations.

**Dear Editor:**

Recently for the first time I had the chance to be a spectator at a military review. The R.O.T.C. made obvious mistakes at yesterday's review practice; but, perhaps, the most obvious mistake was made by student spectators who refused to stand when the colors passed in review. It would seem that all American citizens should know how to show respect for the American flag. There were a few who did rise when the colors paraded by, but the majority just sat, glued to their seats, and gawked. Maybe they don't know that, when the colors pass in review, the man in the street, or in the bleachers, stands up and removes his hat.

**Bureau Reprints Gold Booklet**

Evidence that the lure of hidden gold still is strong in Idaho is the recent fourth reprinting by the Idaho bureau of mines and geology of its popular Pamphlet No. 36, "Prospecting for Gold Ores."

This publication, really a mimeographed and well illustrated handbook, deals entirely with the geology of lode deposits. Copies may be secured at cost of 25 cents from the University of Idaho school of mines.

Dr. John W. Finch, director of the U. S. bureau of mines, wrote it in 1932 when he was dean of the Idaho school of mines. The depression-inspired revival of gold mining and prospecting necessitated a large reprint in 1935, and an even larger one the following year.

Demand for a companion treatise in placer mining, Pamphlet No. 35, "Elementary Methods of Placer Mining," has been even more remarkable. It is now in its twelfth edition, and is still going strong. It also sells for 25 cents.

## Idaho To Examine For State Jobs

Competitive examinations for positions in the Idaho state employment service, a division of the industrial accident board, will be held here June 16 and 17, according to William C. Moore, instructor in economics and representative of the U. S. employment service. Applications for the examinations must be filed before May 31, he said.

Examinations will be conducted on a merit basis to establish new eligible lists to be used in filling vacancies during the coming year. They will be given in six other Idaho cities.

Applicants must have been residents of the state for six months preceding the date for filing applications. Notices will be given of the rejection or acceptance of applications, and those who pass the tests will be granted personal interviews. The experience and education of each competitor who passes the personal interview is evaluated by the U. S. employment service, and his name is placed on the register.

## Zoological Dinner Surprises Couple

**Jane Brodhead, Dale Arvey Get Marriage Blessing of Biologists**

Every meal brings a surprise to a recently married young faculty couple in the true tradition of early married life. In fact, it's a guessing contest.

It started as a surprise in the beginning—Dale Arvey, zoology fellow, and Jane Brodhead flabbergasted the department of zoology with a surprise wedding. The department, in turn, surprised them with a surprise dinner at the home of Dr. H. B. Stough. There were, of course, appropriate presents.

When the "ohing" and "ahing" had been done, out came the biggest surprise of all, done up in surprise packages. The packages, which overflowed a huge laundry basket, were canned goods wrapped in surprise labels. Under the guiding hand of Doctor Stough, an expert amateur printer, the original labels had been stripped off, replaced with more appropriate ones of a zoological theme.

The labels? Well, they included: "Amphibian Preserves, made with pure Necturus Mucus;" "Pigeon Squabs, pin feather stage;" "Macerated Mice, non-hare-lip;" "Ornithorynchus Tongue;" and "Rhychocephalian Tripe, put up in cat grease."

Best surprise of all, says Arvey, is that a can labeled "Kookaburra Giblets" may be a can of corn one time and apricot juice the next. Canned goods consumption at the Arvey home so far has run to the corn and juice and something that looked like dogfood.

## Ira Stubbs Will Head Chemical Engineers

Dr. Andrew van Hook, assistant professor of chemical engineering, discussed his recent trip to Seattle and opportunities offered to chem engineering majors with the Idaho chemicals at their dinner meeting last night at the Blue Bucket.

Ira Stubbs was elected to head the group next year at the business session following dinner. Other officers elected were Ray Jenkins, vice-president; Granville Haight, secretary; and Dee Hammond, junior representative.

## Lemon To Attend Hazen Meeting

Dr. Allan C. Lemon, professor of educational psychology, has accepted an invitation to represent the University of Idaho at a Pacific conference on student guidance and counseling July 29 to August 5 at a Cascade mountain resort near Everett, Wash.

Purpose of the conference, sponsored by the Hazen foundation, is to enable adults in intimate touch with student life and interested in personal contacts with students, to come together for a discussion of student problems and methods of working with them.

Theme of the conference is to be "The Growth of Personality Through Group Experience." This is the first Hazen conference to be held in the West, although they have been held in the East for some years. About 40 chosen leaders from California, Oregon, Washington, Idaho, Utah, Nevada, and Arizona will attend.

## Death Rate Decreases From Spotted Fever

Interest in Rocky mountain spotted fever appears to be more widespread this year than at any time in the past, according to the state department of public welfare, division of public health.

So far in 1939, no deaths from spotted fever have been reported. Five cases are known to have occurred, one each at Bellevue, Mountain Home, and Twin Falls, and two at New Plymouth.

In latest U. S. summary available, 87 deaths were reported from 19 states, 11 of which were from Idaho. Statistics show that out of 17 cases in 1928, 10 were fatal; in 1938 out of 38 cases 12 were fatal.

## Cinema Cynicism

**Barbara Stanwyck and Joel McCrea** are co-starred in the romantic leads of "Union Pacific." As Mollie Monahan, Miss Stanwyck is a daring, warm-hearted, fiery girl of the West, the daughter of the "U.P.'s" first engineer. Mr. McCrea is cast as the reckless trouble-shooter, whom the government has assigned to help keep order along the right-of-way.

The narrative concerns courageous engineers who drove the first trains, the men who kept order along the track, adventurers, hardy pioneer women, and Indian attacks.

The supporting cast includes Akim Tamiroff, Lynn Overman, and Brian Donlevy.

## Concerts Book Two Prominent Artists For Coming Season

That John Charles Thomas, baritone, and Marian Anderson, Negro contralto, internationally famous singers, will be presented here in Pullman next year was the forecast of the Community Concert association this week as it opened its annual membership drive.

The membership campaign was started Sunday and will continue until 5 o'clock Saturday afternoon, with headquarters at the Hotel Moscow. Memberships will represent the concert attendance next winter as no membership tickets will be available after this week. Individual concert tickets will not be sold at any time.

University students are allowed to attend through use of their ASUI tickets. ASUI contributes \$1,250 to the association, according to "Cap" Horton, graduate manager.

## MISS MCCOY SPEAKER

"The Placing of Students" was explained by Miss Bernice McCoy of the university placement bureau at last night's meeting of the Rotary club at 6:15 o'clock at the Elks' temple.

Miss McCoy pointed out the various qualities and information desired by high school and grade school superintendents before selecting students to teach in their schools.

## CRAMER ENDS TALKS

Dr. Harold D. Cramer will speak before all P. E. students tonight at 7 p.m. in the auditorium on "Venereal Diseases."

This lecture completes the series of four given throughout the college year that all P. E. students are required to attend.

## BOARD SURVEYS STREAMS

Pollution of Idaho streams was discussed Saturday by the state planning board after Jesse Buchanan, dean of the University of Idaho engineering college and chairman of the state stream pollution committee, presented a report.

The board outlined a program for an extensive survey. It also considered a general reclamation program for the state.

## Phi Mu Alpha Taps Eight Top Students In Music Activities

Pledge ribbons of Phi Mu Alpha, national men's music honorary, were pinned to lapels of eight students Sunday.

Those pledged were Bill Gratton, Bruce Boyd, John Marchi, Richard Vottero, Howard Baker, Fred Zamboni, Charles Harlan, and John Kersey.

Purpose of the honorary is to promote American music on college camp. Qualifications for admittance are an interest in music and participation in musical activities on the campus.

# Vandals To Meet Oregon in Final Game of Current Series Here

## Webfeet Triumph in Opener 11-7; O. S. C. Took Two Games over Week-end

In an effort to break even in the four-game series with the University of Oregon, Idaho's baseball team will cross bats with Coach "Hobby" Hobson's Duck team this afternoon at 3:30 o'clock in the final game of the Oregon series. The Vandal team has won one game, the Ducks two. Coach Forrest Twogood said this morning that Ed Ranta, senior right-hander, would go to the mound in the fourth game.

**BULLETIN**  
Coach Forrest Twogood said just before presstime that he would not know before 3 o'clock this afternoon if today's ball game would be called off on account of rain. He said that if the game was not played today, it would not be played.

Oregon coach indicated that either Pete Igoe, Bob Hardy, or Al Linn would pitch for the Webfeet.

Oregon eked out a narrow 11 to 7 victory over the Vandals yesterday afternoon, but it took the trusty left arm of Bob Hardy, Duck ace, to squelch a sixth inning rally by the Vandals that had netted four runs and put them back into the ball game after a sloppy start.

Vandals handed the Ducks four runs in the second frame, a lead they never were able to overcome. In the sixth, Idaho punched across four tallies to come within three of tying the score. In the Vandals' big inning, Jasper, Oregon starting pitcher, handed out two bases on balls to Hilton and Ramey and a wild pitch that hit Spicuzza. With loaded bases "Whitey" Price lashed a double to score Hilton and Spicuzza, and Ramey came home on Mullen's overthrow to first.

Big Earl Gregory, Idaho speedballer who started the pitching chores, was replaced by "Whitey" Jenkins in the sixth inning, and Tony Knap finished for the Vandals after Jenkins was removed for Pinch Hitter Ted Kara in the seventh.

**Hardy Replaces Jasper**  
Vandals threatened in both the eighth and ninth frames but Hardy, who had replaced Jasper, settled down to retire the Idaho men. In the ninth, "Rook" Hilton banged out a triple and scored on Spicuzza's ground ball to the Duck shortstop; but Hardy struck out Price and Stoddard, who pinch-hit for Knap.

Elmer Mallory led the Ducks at the plate with three singles; Ramey collared two to lead the Vandals.

In their home series with Oregon State, the Vandals were outlucked in both games Friday and Saturday, to lose by scores of 7 to 6 and 3 to 2.

A ninth inning rally by the Beavers in the second game provided the winning margin. Although Merle Stoddard pitched stellar ball, allowing the Beavers nine hits, the Orange were able to bunch their hits into runs. Going into their half of the ninth one run behind, Oregon State combined three hits and a fielder's choice into two

winning runs.  
**Metke Goes For Four**  
Idaho almost had the game sewed up in the fifth when Don Metke knocked out a home run, Spicuzza and West walked, and then "Chick" Atkinson banded out a long single to score both men, tallying three runs and giving the Vandals a two run lead.

After allowing the Beavers three runs in the first inning of Friday's game, Big Earl Gregory held O.S.C. scoreless, but the Vandal guns were not able to touch the offerings of Shaw for necessary runs.

## Fijis Capture Golf Crown

### Intramural Tennis and Softball Finals Feature Week's Program

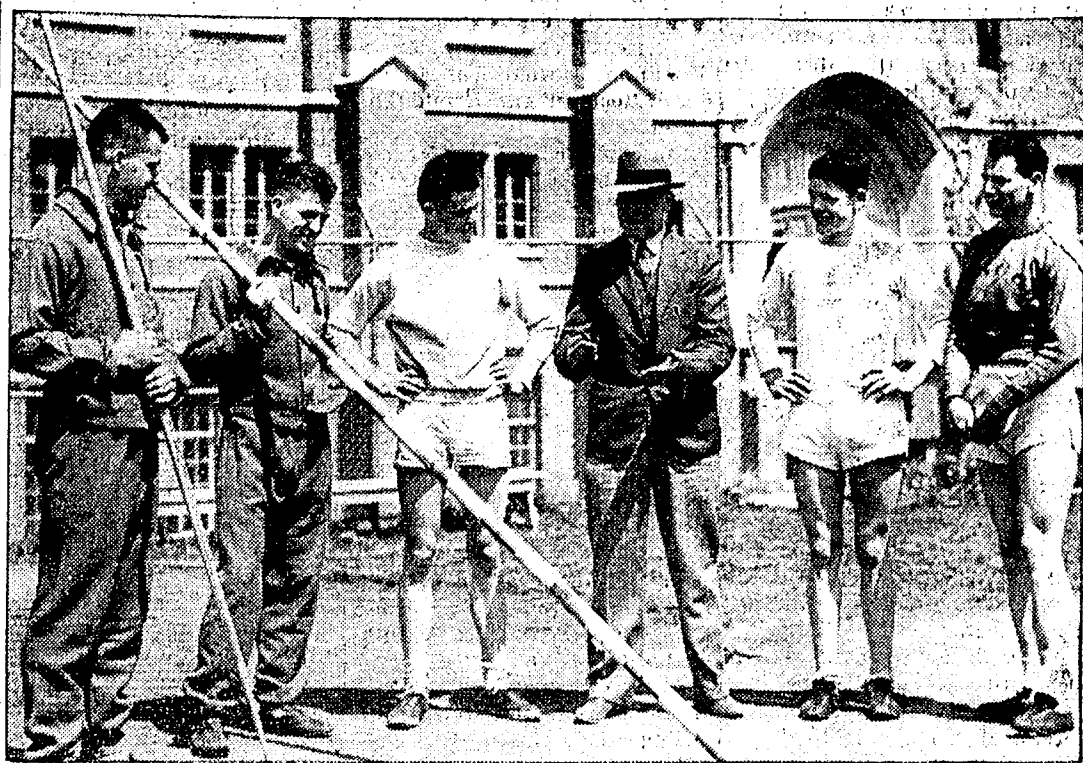

Using only 349 strokes for 72 holes, Phi Gamma Delta's four-man golf team carried off top honors in the intramural tournament Saturday. Phi Delta Theta was second with a score of 355; Kappa Sig and Lindley hall tied for third with 367 strokes each. Chi Alpha Pi was fifth and Willis Sweet sixth. Dean Green, Kappa Sig ace, was medalist of the tournament with a 75 for the 18 holes. Russell Johnson, Tau Mem Aleph, carded an 82 for second place honors. Forty-seven men were entered in the tournament; Phi Deltas entered seven as the largest representation.

In intramural spring tennis, Betas and Fijis went into the finals by defeating Chrisman hall and Sigma Nu. Finals will be played during the week.

Intramural softball goes into the semi-final round this week with the Fijis, Delta Taus, Lambda Chis, and Willis Sweet leading contenders for the crown; they have won their league championships. In League I the Fijis placed first; Delta Chi second; Collegiate hall third; and L.D.S., Betas and A.T.O. tied for fourth. Delta Tau Delta copped top honors in League II; Kappa Sig and Tekes tied for second, Sigma Chi was fourth, and T. M. A. fifth. Lambda Chi took the League III crown; Campus club was second; Phi Deltas third; Idaho club fourth; and Chi Alpha Pi fifth.

Willis Sweet won first in League IV with Sigma Nu second; S.A.E. third; Lindley hall fourth, and Chrisman hall fifth. Semi-final games will begin this week or early next, according to Ray Kaczmarek, intramural softball director.

## Idaho's One-Family Track Team

SIX OF A KIND! That's the Mike Ryan family (above), for all six of them know track and field work from the inside. From left to right in the above picture are Paul, Ben, Bob, Coach Mike, John, and Tom. Paul and Ben wear the bright red Vandal track suits; Paul as a javelin thrower and Ben as a pole vaulter. Bob, John, and Tom compete for hurdler and middle distance runner; John as a half miler; and Tom as a discus thrower and broad jumper.

## Chairman Starts Drive For Raising '40 Olympic Fund

Directing the attention of American college and university students to the increasing dominance of collegiate athletes on United States Olympic teams, Frank G. McCormick, University of Minnesota athletic director and chairman of the national collegiate athletic association's Olympic finance committee, this week inaugurated a 12-month drive to raise \$100,000 in the nation's colleges for the 1940 American team.

More than 600 colleges and universities in all parts of the country are invited to participate cooperatively to aid col-

## Cassia 'City of Rocks' May Become New Idaho National Monument

The City of Rocks, with its towering, steeples, weird towers, bizarre formations, all grouped into a solid mass of fantasy, becoming a national monument, Idaho's sequel to the Grand Canyon or Yellowstone park? It will, if eight years of effort by Dr. A. L. Anderson, acting head of the department of geology, is successful on behalf of his "Cassia City of Rocks." He has studied and written a long history of the odd formations.

## Anderson Culminates Eight-Year Study With Geographic Article

The City of Rocks, is situated in Cassia county 10 miles north of the Utah state line, and about 50 miles southeast of Twin Falls. Oakley is 18 miles northwest of the City of Rocks.

## Skimpy with Runs

THREE EARNED runs in 41 innings up to the sixth in yesterday's tussle with the University of Oregon is the record Earl Gregory, Vandal moundsman, has hung up in the current season. Grapevine sources hinted recently that "Big Greg" was ready to sign with a major league team after his graduation this June. A speedball is his specialty.

## Frosh Diamondmen Take Drubbing

Washington State freshmen combined 14 hits and 8 Idaho errors to score 19 runs and hand the Vandal Babes a 19 to 11 drubbing last Saturday on Recreation field. Idaho yearlings collected 9 hits.

Idaho freshmen held a 10 to 8 lead in the sixth inning as Dick Snyder, center fielder and pitcher, banded out a homer with the bases loaded. The Cougar Kittens, however, came back to score six runs in the seventh inning, two in the eighth, and 3 in the ninth while the Vandal babes were held to one run, scored in the seventh. Merle Lloyd, Dick Snyder, and Roy Stalsberg pitched for the Idaho freshmen and Sheldon Barry caught.

## Regulars Absent; Netmen Lose

Idaho netmen, with two regulars absent from the lineup, were whittled 7 to 0 here Saturday by Linfield college courtmen.

William Dresher, Idaho junior, fought Breeding of the Oregon team to three sets before losing 6-4, 4-6, 6-1. Lodi Morrison pushed Baker of Linfield to 24 games in the second set before going down 7-5, 13-11. Beall and Breeding of the visiting team were pressed to defeat Morrison and Keith Lange in doubles 11-9, 6-0.

Results of the matches:  
Singles—Steed, Linfield, defeated Leo Imhoff, Idaho, 6-1, 6-3. Breeding, Linfield, defeated Dresher, Idaho, 6-4, 4-6, 6-1. Baker, Linfield, defeated Morrison, Idaho, 7-5, 13-11. Beall, Linfield, defeated Michels, Idaho, 6-1, 6-2. Robbins, Linfield, defeated Lange, Idaho, 6-1, 6-1.  
Doubles—Beall and Breeding, Linfield, defeated Morrison and James, Idaho, 11-9, 6-0. Robbins and Steed, Linfield, defeated Michels and Imhoff, Idaho, 6-2, 9-7.

## Vandals Finish Fourth In Division Finals

Six men were named this morning by Track Coach Mike Ryan to represent the Vandals in the Pacific coast championships at Seattle Saturday. Idaho entries will be, Phil Leibowitz, mile and possibly 2-mile; Doug Busby, hurdles; Dave Ellison and "Herc" Bell, weights; and Charles McLarg and Darrell Kerby, pole vault.

## Cheney Defeats Jayvee Squad

### Savages Take Meet by 76-40 Score; Dyrgall Is Double Winner

Capturing 10 firsts, Cheney normal Savages trounced the Vandal junior varsity track squad 76 to 40 Saturday on the normal track.

Coach Mike Ryan's jayvee scantyclads—freshmen and varsity men who did not compete in the northern division track meet—were limited to four first places—two by Vic Dyrgall, freshman distance ace, who turned in a 4:28 mile and a 10:10.6 two mile. Vernon "Tootie" James with a 6 foot leap in the high jump and Doug Schow's .525 quarter-mile were the other Idaho first places.

Summary:  
100-yard dash—Won by Carpine, E.W.C.; second, Sartin, E.W.C.; third, Humphrey, Idaho, Time, 9.9 seconds.

## Versatile

CHARLES "Chick" Atkinson, sophomore shortstop, guard, and halfback on Idaho's baseball, basketball, and football teams, ranks with Teammate "Whitey" Price as an outstanding all-around athlete. Certain to earn his third letter at the end of the baseball season, Atkinson has filled the shortstop position capably.

## Yearl Smith Gets O.S.C. Position

Yearl Smith, Malta, senior in dairy husbandry, received notification Friday that he has been appointed research assistant in the department of dairy husbandry at Oregon State college, according to Dr. D. R. Theophilus, dairy husbandry department head.

Appointment will become effective next fall when Smith goes to Oregon State to become a research man. His duties will consist chiefly of studying manufactured dairy products.

"This is the first appointment of its kind this year," Doctor Theophilus said.

Smith will be on the high honor roll at graduation this year. After consistently making over a 5.6 average each year, he climaxed it last semester by receiving a straight "A" average.

## Pan-hel Makes New Rules

No organized rush parties is a new rule laid down by Panhellenic council. Individual parties may be given, but two representatives from another sorority must be present. Over six people and two rushees will be considered a party. However, there will be a tea given in towns by the alumnae of the various houses. If there are no alumnae, the active women may entertain with representatives from four other sororities.

May 26 was set as the date for spring pledging with a week of silence preceding.

New rules for fall rushing are: rush schedules will be five days, no sorority woman may contact rushees by sending flowers, gifts, telegrams, or telephone calls, in the fall before school commences there will be a short period set aside in which sorority women may call on rushees for a short period.

## COUNSELOR JOBS OPEN

Several opportunities are open for women interested in obtaining camp counselor positions this summer, announced Miss Margaret Mylne, women's physical education instructor, yesterday. Students interested in such vacation work should leave their names and addresses with her at the Women's gymnasium.

Openings are available for women who have a senior life saver's certificate, who can instruct in camp and handicraft, who play musical instruments and direct singing, or plan programs for evening meetings.

## Seeing is Believing!

HERE'S AN INTERESTING CIGARETTE COMPARISON... See how it's made by college student Bob Hendrickson

SMOKERS all over the country are learning what Robert S. Hendrickson, Jr. (right) is showing a group of classmates. It's a striking way to compare cigarettes by simply watching them burn! Bob is testing the leading brands to find the one that burns slowest! Which brand won? C-A-M-E-L... by a wide margin! The reason? Costlier tobaccos, expertly blended in a cigarette that burns slowly, completely—smokes cooler, of course!

Recently, a group of scientists ran this interesting laboratory test on a

bigger scale. 16 of the largest-selling cigarette brands were rated impartially. CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME FOR THE OTHER BRANDS. (Camels were remarkably consistent.) IN THE SAME TEST, CAMELS HELD THEIR ASH FAR LONGER THAN THE AVERAGE TIME FOR ALL THE OTHER BRANDS. Camel is the cigarette of costlier tobaccos... cool, mellow, appealing in taste, so uniformly delightful!

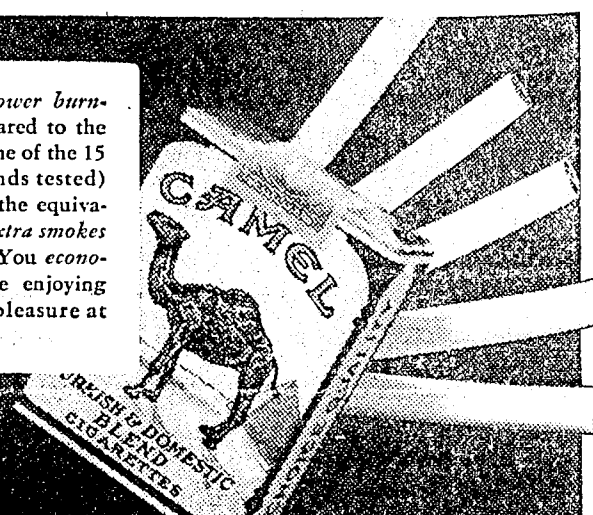

"Look how slowly the Camel burns compared to the other brands," Hendrickson points out. Everyone agrees that Camels win hands down. "No wonder Camels smoke so cool and mild," Bob adds. "And that must have a lot to do with why Camels have such an appealing taste!"

## Smoking is Believing!

WHEN you've enjoyed the thrill of a mellow, ripening Camel, you'll know that NOTHING can take the place of costlier tobaccos! What a pleasure it is to get set with a cigarette that is really mild—a matchless blend, made to give you all the enjoyment in smoking. Camels have more tobacco by weight than the average of the 15 other brands tested. Besides, Camels burn slower than any of those other brands. And by burning 25% slower than the average of the 15 other of the largest-selling brands, Camels give you the equivalent of 5 extra smokes per pack! Camels give you even more for your money when you count in Camel's finer, more expensive tobaccos. Buy shrewdly! Buy Camels... America's first choice for a luxury smoke every smoker can afford!

Camel's slower burning (compared to the average time of the 15 other brands tested) gives you the equivalent of 5 extra smokes per pack! You economize while enjoying smoking pleasure at its best!
