

## Swan Chooses Staff To Edit Bucket

The first Blue Bucket will be published before Homecoming this year, either October 27 or 28. "Homecoming" has been selected by the staff as the theme of the first edition. A bigger and better Blue Bucket is being planned; and Art Swan, editor, says there will be no "exposés" or sensationalism this year.

As in former years, the Bucket will contain stories, features, and cartoons to add to the interest and enjoyment of the magazine. An interesting feature planned this year is the alumni section occupying about three pages. This is a new idea for the Blue Bucket, and the staff plans to run it currently in every issue.

The editor urged more campus men to take an interest in the publication of the Bucket. It still is not too late to sign up for work, and any contributions would be very much appreciated, he said.

Staffs for this year's Bucket are: Editorial—Norma Lou MacMurray, Virginia Way, Mary Lou Chiles, and Eleanor Hammer; exchange—Eloise Watt and Dorothy Peebles; advertising—Cynthia Samms, Virginia Rice, Catherine McGregor, and Billie Louise Hunter.

Circulation will be taken care of by Ernie Day, Virginia Erdman, Dorothy Bennet, and Janet Runyen. Ernie Day, Mary Ellen Hartigan, Marlin Warner, and Betty Paul will attend to publicity.

Jones To Head Fashions Kay Jones as editor of the fashions will be assisted by Jo Ann Merriman, Betty Rae Apple, Betty Lou McBean, Barbara Kenagy, Betty Sutherland, and Roberta Thomas. The alumni editor has not been selected. Mary Lou Fahrwald will direct.

## Press Club Picks Eight Men; Also Discuss Ball

Press club this morning announced the pledging of eight men who are interested and active on publication this year. Formal pledging will be held at a dinner tomorrow evening at which plans for the rest of the year will be announced.

The club has also tentatively planned a Publications ball and hopes to have a big name orchestra if possible. Officers of the club elected last night are Dal Jordan, president; Fred Zamboni, secretary; and Bill Abrahamson, treasurer.

The eight men pledging are Jack Copeland, assistant business manager of the Blue Bucket; Sigma Nu; Dave Morken, assistant editor of the Gem; Phi Gamma Delta; Alden Hull, assistant editor of the Gem; Phi Gamma Delta; Sam Zingale, Argonaut feature writer; Delta Tau Delta; Dick Phinney, Gem business manager; Delta Tau Delta; Bill Morton, Argonaut advertising manager; Alpha Tau Omega; Paul Fidler, assistant editor of the Blue Bucket; Alpha Tau Omega; Joe Watts, assistant business manager of the Gem; Lindley Hall.

## Idaho Grad Succumbs To Heart Attack

Louis T. Jessup, 1913 graduate of the University of Idaho, engineer at Yakima, Wash., died of heart failure while climbing a steep mountain trail on a deer hunting trip in the Little Naches country in central Washington last week. Mr. and Mrs. Jessup visited Moscow at commencement time in 1938. Alumni records show that Mr. Jessup left Idaho with a bachelor's degree in civil engineering in 1913, and since that time has been connected with the bureau of reclamation, stationed at various times in practically every state in the west. Mrs. Jessup also is an Idaho graduate, class of 1912.

## That's A Happy Grin

COACH TED BANK looked pretty happy after returning from Corvallis where his under-trained Vandals stopped four high-riding Bulldogs of Gonzaga in Spokane Friday.

## Faculty Group Sifts War Propaganda To Help Guide Student Opinion

"Background for War" Shelf Available for Unbiased Study of Conflict

A "background for war"—that is the answer to the question a number of students have been asking about bulletin board articles and books on the reading shelf of the main floor library. Originated by President Harrison C. Dale, the program is now in the hands of a committee composed of faculty representatives from history, political science, journalism, philosophy, and economic departments.

Literature dealing with the current European situation will be frequently replaced throughout the year. Dr. Chandler Bragdon, assistant professor of European history and chairman of the committee, explained. Two general types of literature will be employed, he said, one intended for the casual reader, and the other for the more serious student who wishes to make an intensive study of the subject. The books on the reading shelf will

be taken from those already in the library, but the committee hopes to obtain funds (Continued on page two)

## Frosh Chemists View Many Experiments At Monthly Meeting

Dr. L. C. Cady, head of the department of chemistry, explained to freshman chemical engineers the correlation of the society of chemical engineers to classwork at the monthly meeting of the society, Wednesday.

Dr. Andrew Van Hook, assistant professor of chemical engineering, addressed the group on "Needs for Chemical Engineers When They Graduate from College."

Several interesting chemical experiments, including an imitation of a blackout and an experiment making water run up a hill, were performed.

Ira Stubb was appointed senior member of the engineers council to fill a vacancy in the chemical engineers' quota in the floor as long as 20 seconds. The council.

## 'Our Town' Opens Play Season; Harris Cast In Male Lead

### Gem Sales Drive Is Failing To Net Many Sales

Yesterday's drive for promotion of Gem sales failed to produce expected results, only 12 yearbooks being sold, and indicates a small Gem will result unless sales increase.

"Yesterday's sales didn't warrant the effort of placing tables in the Ad building, Morrill and Science halls," remarked Business Manager Dick Phinney, "and if we can't get any more sales than we now have, there will be no Gem."

## Stauffer Explains Acoustics Of U. Auditorium

Audience Will Hear Coming Programs Clearly by Aid of Burlap Draperies

Everyone who has strained to hear a speaker in an echoey auditorium, or has tried to keep step to distorted dance music, has recognized faulty acoustics, the bane of most public buildings.

Only in recent years have people been convinced that proper acoustics depend on the right kind of sound-absorbent materials in the right places, explains Dr. L. H. Stauffer, assistant professor of physics at the University of Idaho. The usual expedient is a public address system, which merely amplifies the sound without making it any clearer.

A queer notion, illustrated in many school auditoriums and public halls, is the idea that wires stretched across a room will cut down echoes. Actually it would be just as sensible, Dr. Stauffer says, to retard the flow of the Snake river by stretching fish lines from bank to bank.

Two years ago the University of Idaho solved an annoying acoustical problem in its Memorial gymnasium, where all large gatherings must be held. Called in as a consultant, Dr. Stauffer found that a chord struck on a piano would reverberate over the main playing floor as long as 20 seconds. The

(Continued on page four)

## Players Will Present Wilde's Work on a Bare Stage With a Cast of Eleven Students

The ASUI is launching the 1939-40 dramatics season November 10 and 11 with a new type of play, "Our Town," by Thornton Wilder. Containing an entirely new idea in production, this play will be given upon a bare stage devoid of any setting, and the main narrative will be given through the medium of the stage manager, who is the leading character. From a list of 100 applicants, the following cast has been tentatively selected:

Stage manager, C. N. Harris; Mrs. Gibbs, Beth Geddes; George Gibbs, John Kersey; Rebecca Gibbs, Essamary Parker; Editor Webb, Bill Harrington; Mrs. Webb, Mary Lou Sherman; Emily Webb, Dorothy Peebles; Howle Newsome, Richard Lingenfelter; Professor Willard, Sam Taylor; Simon Stimson, Dick Reynolds; Joe Stoddard, M. I. McVickers. There are a few minor parts that have not been cast as yet.

The setting is in the small town of Grovers Corner, a New Hampshire hamlet, in 1902. The author has chosen two typically small town families of the period and places them in the position that every small town family is placed at some time or other, that of inter-marriage between two leading families and the death of the bride. The climax of the play concerns the bride's reaction to her place in the afterworld and her ultimate satisfaction to take a place among the dead.

The production is under the direction of John Sollers. Miss Jean Collette, head of the dramatics department, said that many of those who had tried out will be used in the two forthcoming productions, "Yellow Jack" by Sidney Howard, and "Stage Door" by Kaufmann and Ferber. Anyone who is interested should contact Miss Collette or Mr. Sollers at their office in the U. hut and arrange for a private audition.

## Dean Corrects Error

Students between the ages of 18 and 25, are eligible to apply for civilian pilot instruction under the university-CAA flying program, J. E. Buchanan, dean of the college of engineering, pointed out yesterday in correcting a statement that appeared in the last issue of the Argonaut. An error in last week's story of the program made it appear that the upper age limit was only 21 years.

## Honorary Invites All Women

To acquaint all women students with honoraries of the campus, Mortar Board, service honorary for senior women, will sponsor a tea Wednesday afternoon from 4:15 to 5:30 o'clock in the old ballroom of the Student Union building.

All women students are invited to attend in school clothes. Each honorary on the campus will have an exhibit explaining what the group stands for, and how women can attain membership. Also, there will be exhibits of each activity to show that students do not have to be Phi Beta Kappas to enter into these activities.

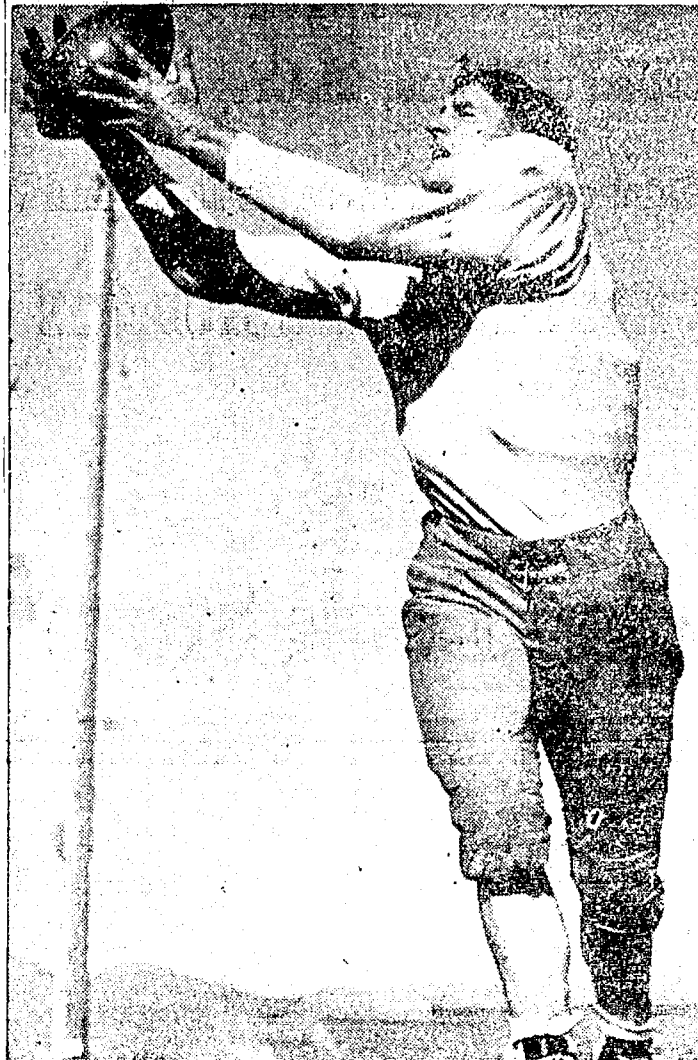

Dean Beatrice Olson, Mrs. Harrison C. Dale, Mrs. Lawrence Chamberlain, and Maxine Miller, Mortar Board president, will receive. Pouring tea will be Mrs. Ruth Manca, Mrs. Mary Reed, Maria Raphael, Verla Durant, and Helen Abbott.

## Hell Divers Choose Hunter Chief; Schedule Tryouts

Bud Hunter was elected president, Jean Cummings, vice president; and Virginia Dole, secretary of the Hell Divers at a meeting of the organization held recently. Admission of new members and the number to be admitted were other subjects under discussion. The number of new members to be taken in has not yet been decided upon.

New members will be selected by the group after tryouts, which are to be held in about two weeks. Eligibility for entrance to this students' swimming club requires that the person shall have received his senior life-saving certificate.

## Two Famous Football Players Who Know How To Cooperate Prepare For Gonzaga

EMORY HOWARD, left, and Ray Smith, right, are two Idaho ends who know how to work together. In Saturday's Oregon State game, "Big Ray" had one man between him and the Beaver goal line 98 yards away. The opponent didn't stay there, though. Howard attended to that. The two men, regular starters on Idaho's flanks, will be working together to stop Gonzaga's famous backfield interference in Spokane Friday afternoon. Upon their ability to turn the big, speedy Bulldog backs into the scrimmage line may hang Idaho's success in the contest.

Both men won high praise from scouts and coaches at the Oregon State game, especially for their defensive work. Smith rates the Gonzaga backfield the greatest he has ever played against, including Washington and St. Mary's. Howard has no less respect for the Bulldogs' ability. Both are eager for a chance to test it out again Friday.

## Debaters Discuss Vital Question For 1939 Season

Varsity Debate Coach States Intramural Experience Important to Members

The debate season of 1939 was initiated at a meeting of house and hall representatives last Wednesday evening, according to Melvin Butterfield, varsity debate manager. The intramural debate tournament and its connection with varsity debate was discussed. The intramural debate question for this year is: "Resolved, that the United States should place an embargo on all contraband to warring nations."

The first scheduled debate meeting of the season was held at Willis Sweet hall, Wednesday, 7:30 p.m. The house debate managers from all fraternities and halls were present to discuss the rules and regulations governing the intramural debate tournament which will start Monday evening, October 16.

Mr. Lillywhite, varsity debate coach, brought out the importance of intramural debating in connection with varsity debating. Intramural debate will not only give all new and inexperienced students a chance to enter debate, but will serve as a preview or testing ground of material for freshman and varsity debate teams.

Each fraternity and hall will be represented by two teams. Rather than prepare on both sides of the question, each team will prepare on but one side, and speeches will be five to 10 minutes long. Starting time for debates is 7:15, and all debates must be completed as scheduled.

## Band Will Feature Surprise Singer

The goal for the sale of 300 Student Union dance tickets for the coming year seemed certain to be reached Monday night. Joe Titus reported that there had been 275 sold, and by the time all returns were in for the day, the mark of 300 would probably be reached.

This will set a new record in the sale of the tickets, Titus said. The total for last year was about 265. The tickets will be available for a short time at the Blue Bucket. Titus will introduce a surprise attraction at the dance next Saturday night with acquisition of a singer for the band. Titus said accommodations for large dance crowds will be available with the opening of both halls if necessary.

### Sig Chis To Judge

(Continued from page one)

and Elenore Hammer and Helen Hillman, Alpha Chi Omega.

Eleven contestants, one from each women's group, will be dinner guests of Sigma Chi tonight, and the other 11 candidates will be entertained at dinner Thursday night. Following dinner each evening, an informal dance will be held at the chapter house.

Three women will be chosen from each of the two groups as final contestants, and the six finalists again will be entertained at dinner sometime next week. Selection of the "sweetheart of Sigma Chi" will be made from the six finalists, and the winner will be announced at the fraternity's barn dance, Friday, October 20. The "sweetheart" will be presented with a jeweled Sigma Chi pin at a dinner to be held in her honor Sunday, October 22.

### Cookie Duster Slips From Wetzels Lip; Charm Broken

The good luck superstition that Bart Wetzels, senior football manager, has held for the Vandals has been broken.

Bart for the last two years has shaved his mustache just before the Oregon State game. In 1937 and again in 1938 this good luck charm has lived up to the expectations of Bart. Now its charm is shattered. The beautiful, sleek, and well trained mustache which took so long to grow and groom has gone for naught. Idaho came close, but not close enough last Saturday.

Wetzels shaved the hairy decoration Friday morning at The Dalles when the Vandal train was halted for minor repairs enroute to Corvallis. Saturday evening Bart was a sad man. His charm was broken, Idaho was beaten, and, above all, his beautiful mustache was gone.

### W. Jones Succeeds Col. Hatfield In R.O.T.C.

Lieut. Col. Charles W. Jones, commander of the Boise district CCC since August, 1937, will take command of the University of Idaho ROTC corps November 1, it has been announced by the war department.

Colonel Jones succeeds Colonel Floyd Hatfield who died recently in San Francisco following an operation.

Colonel Jones came to Boise from Vancouver barracks, and had previously been with the Oklahoma national guard for six years. He saw service in the World war and is a graduate of Ft. Benning, Ga.

Maj. Albert D. Foster is serving as active head of the department and will continue in that office until the first of November, when Colonel Jones will assume duties here.

### Miners Will Hold Joint Meeting

Idaho and Washington State schools of mines, and representatives of the Columbia section of the Institute of Mining engineering are holding a joint luncheon in the Blue Bucket at 12:30 o'clock Friday, according to associated miners president, Francis Porzel.

Donald P. Gillies, president of the American Institute of Mining engineering and vice president of the Republic Steel corporation, will be the main speaker.

A. B. Parsons, secretary of the mining institute, will also speak, as will Dean O. E. Drucker, of the Washington State school of mines, and Dean A. W. Fahrenwald, of the Idaho school of mines.

President H. C. Dale will be a guest.

Those interested should make reservations in the geology building.

### Dick Paris Proves Ability As Tunesmith Deluxe

By Bob Wethers

Dick Paris, '39 Idaho music education major, is out to prove to the world that he is a capable song writer, and he's doing it! He hasn't found it an easy task so far. "But then everything worth while is hard to get," soliloquizes Dick, as he wears down pencils and pianos in an effort to produce the "right combination" of lyrics and

When a senior in Kellogg high school, Dick wrote two songs for the school's annual musicale, "Purple Scandals" — found he liked composing and set his course toward that star now occupied by Johnny Burke, Irving Berlin, and a host of other famous song writers.

Last Year's Best Known

Most famous of his compositions, written while at Idaho and featured in last year's annual Pep band show, was "Believe in Me." This dreamy blues song had Idaho students humming it for weeks, and impressed judges of the Davis & Schwegler sponsored song contest over KFPY last spring enough to award it first place, along with two other songs.

"Davis & Schwegler are at present making recordings of 'Believe in Me,'" said Dick, "and if it 'goes over,' they will make sheet copies for sale."

### Faculty Group

(Continued from page one)

with which to purchase more recent books.

To Help Objectivity

"Purpose of the 'background for war' shelf is to help the students of the university in gaining an impartial, objective viewpoint in regard to the present situation in Europe. In the opinion of the committee, the pressure of open and disguised propaganda upon the American public today makes the acquisition of such an attitude more vital to the nation than at any other time in our history," Professor Bragdon says.

Although pro-German literature is difficult to obtain, an attempt is being made to present the European condition as it really exists. Developments after 1933 will be especially stressed, and literature dealing with previous events will be more general.

Members of the war-education committee are Agnes C. Peterson, assistant librarian; Dr. C. J. Brosnan, head of the American history department; Lawrence H. Chamberlain, assistant professor of political science; Prof. C. W. Chenoweth, head of the philosophy department; Elmer F. Beth, assistant professor of journalism; William C. Moore, economics instructor.

The first meeting of the committee was held Thursday, and from time to time part-committee meetings will be held to decide the literature to be used in the program.

The critic is always a knocker. Always dishing out some sass. But the Zeppelin that's floating

Another New One

"I have another new tune called 'I'll Sail Away' which I am going to arrange and have the glee club sing at the next concert. Since learning it, the club seems to want to sing it all the time in preference to something classical. I expect to submit it to Davis & Schwegler along with 'A Letter to My Love.'"

Trying all avenues in an effort to gain popularity for his songs, Dick sent "Believe in Me" to Guy Lombardo for his "Songs of Tomorrow" program. Guy sent it back—stating simply that he couldn't use it. Not daunted, Dick sent him another tune, called "Don't Tell Me." That was two months ago, and since Lombardo hasn't returned the tune yet, it seems to be a good indication that he plans to use it. Dick has sent other tunes to various recording companies, but some of them "don't even bother to open the letters."

Teaching music and history at present, he likes the work very well, even if his heart is in composing.

"I want to become a professional song writer for one big reason," he stated, "and that's because I'm crazy about it."

Dick's plans for the future center around two alternatives, a big song contest now in progress and his desire to go east or to California in order to make the "right connections." He has entered five songs in a contest sponsored by the largest recording firm in New York and Guy Lombardo, Kay Kayser, Billie Rose, and Paul Whiteman. Results of contest, which will be published in the November 7 issue of "Look" magazine, is the focal point of Dick's interest at present, for he feels that the

### Cadets To Parade Thursday Morning At Assembly Time

A regimental parade of the entire cadet corps will be presented on the drill field next Thursday morning at 11 o'clock, according to Maj. Albert D. Foster.

The parade will substitute for the next student assembly. About 1,000 military students will participate.

Major Foster also announced that similar exhibitions will be staged at the same place on October 19 and November 2.

### Chase To Direct Gala Events At Homecoming

Bill Chase, general chairman for Homecoming, October 28, will tonight submit a scheduled outline to the executive board as it meets to approve or re-vamp plans for the gala event.

Following the executive board meeting, Chase, representative of Blue Key organization, which will direct Homecoming this year, will appoint all committee chairmen.

Committee chairmen will meet with Chase later in the week to start active preparations for the annual reunion between students and graduates.

### Catholics Confer Next Week

The DeSmet club, including all Catholic students and their friends, will transform the upper lounge of the Student Union into a chapel for their annual religious conference next Sunday, Monday, and Tuesday.

Rev. Damian Jones, O.S.B., professor of theology at Mount Angel Seminary, near Portland, will conduct Sunday masses in the upper lounge in the morning at 8 and 10 o'clock, preside at a 4:15 o'clock conference Sunday afternoon, and an evening talk at 7:30 o'clock.

Father Damian, with years of experience here and abroad in conducting student retreats, comes highly recommended. He will give special talks on student problems, and discuss morality, marriage, sacraments, and truth. Father Damian received his D.D. degree at the Abbey of Einsiedeln, Switzerland, about 10 years ago.

Monday and Tuesday, October 16 and 17, Father Damian will say mass at 6:20 and 7:20 o'clock in the morning, with a short talk at 7 o'clock. Mass

### City Council Chooses McQuade Judge; Rules Night Court

Henry "Hank" McQuade, senior university student, was appointed night police judge of Moscow, last Monday by the city council.

He will have charge of night court which handles violations of city ordinances. McQuade applied for the position last year, but was unable to fill the position because of lack of experience.

He has been working in the office of Jack McQuade, his brother, Moscow justice of the peace.

### Chem. Prof. To Speak At Pullman Meeting

Dr. W. E. Bachman, professor of chemistry at the University of Michigan, will give a talk at the first meeting of the American Chemical society, Washington Idaho border section, in Room 2 of the chemistry building at Pullman at 7:45 p.m. Wednesday, according to Harry S. Owens, councilor.

Dr. Bachman's topic will be "The Synthesis of Sex Hormones." He is on an American Chemical society speaking tour and will present some new and interesting information on the subject, asserts Dr. Owens.

A dinner sponsored by the society will be held at the Washington hotel at 6:15 p.m.

### Patronize Argonaut Advertisers

will finish in time for 8 o'clock classes. Afternoon conferences both days are at 4:15 o'clock, and Monday evening's session starts at 7:30 o'clock, Tuesday's at 6:45 o'clock.

DeSmet club committeemen urge the 200 odd members of the group to remember that Sunday mass will be at the Student Union, rather than across town at St. Mary's church, and that all other sessions of the three-day retreat are also at the Union.

## --An Alternative To War--

Congressional debate on our neutrality law has become so bitter, with each side firmly convinced that it stands right, that sentiment on the Idaho campus and among a million and a quarter undergraduates in the United States has also become sharply opinionated over the matter. That is certainly a healthy sign, for the final decision of congress may have a more profound effect on those undergraduates than on any other group in America. If congress slips up in its professed—and we hope sincere—desire to keep us out of war, American youth will certainly be behind the eight ball. Youth which believes in fighting for a principle but only by argument, arbitration, and reason, will be forced to shoulder guns to enforce principles by might. Yes, it's a healthy sign when college youth follows closely the political decisions of its government, but there is just one very important matter to watch. Whether we keep the present neutrality law or junk it for a "cash and carry" plan doesn't necessarily mean that we'll be drawn into the war. In the heat of debate, we tend to become so fanatical in our belief in one side or the other that we regard the other course as certain ruin. One side says, "Embargo or war!" The other side shouts back, "Cash and carry or war!" Actually, we are not facing the alternative of war or matter which course is adopted. Happily, war can be avoided through either course, if we really make up our minds to avoid it. The trouble is we may get so worked up over the matter that the side losing the argument may permit the other plan to be scuttled by not supporting it. If that happens, then we have no other alternative but war. College girls of today are about an inch taller than their mothers. The University of Wisconsin has a new course to train students for careers in the U. S. foreign office.

## THE SCREEN SCOPE

**Kenworthy—Thursday, Friday, and Saturday**  
Remembered for his sterling characterization of a seaman in "Tugboat Annie," Wallace Beery again takes to sea in his latest salt epic, "Thunder Afloat," as a tugboat captain who joins the navy and tries to fight the war single-handed. Chester Morris lends notable support as Beery's tugboat rival, and Virginia Grey, as Beery's daughter, and the only woman in the cast, lends romantic interest. Beery joins the navy after a U-boat sinks his craft, and becomes one of the valiant men of the subchaser fleet, who met the U-boat menace off the Atlantic coast in 1918. Based on actual naval history and characterizations as authentic as the film's background, spectacular underwater scenes keep audiences on the edge of their seats throughout. Major Bowes' Swing revue, and the feature "Undercover Doctor" are on the bill for Wednesday, October 11.

## Regents Await Meet To Discuss Boiler

Meeting of the board of regents scheduled for today has been postponed until Saturday and Sunday, President H. C. Dale announced yesterday. The regents will discuss the boiler problem and other routine matters, he said.

## LETTERS

**To The Editor**  
Opinions expressed in this column do not necessarily express opinions of the editor or the policy of The Argonaut. Contributions on pertinent questions are welcomed, but writers are asked to keep letters under 500 words. All letters must be signed, even though only the writer's initials will be printed. Letters will be edited to delete libelous material.—Ed.)

## Letters Home

**from Naive Nan**  
Dear Mamma, I am unhappy again! Like maybe it sounds, I am not always unhappy. But tonight it is that way. I am not homesick like you though I would be, but I am sad for a cause. I took a blind-date Saturday to a place they call the Blue Bucket and I did not have a good time. He was not tall or dark or handsome, or anything, Mamma, and he could not dance worth anything, either. I would tell you all the details, only it makes me too sad when I even think about the awful time I had. What I would like to know is this, Mamma: what have I ever done to deserve such a "goon?" (That is what they are called here.) All of my life I have been good, and kind, and upright. I have never been mean to anyone. But it didn't seem to make any difference. I wonder if I must always go through life getting a cruel fate. But I will be brave and I will not say any more about it. Saturday there was a football game which we lost. There was something fishy about the whole thing, too. In the first place, it was broadcast from a place called Corvallis, and I don't care how big their station is, I don't see how they can get two great big football teams in. The game I am really anxious to see, though, is one with a team called Waterloo. It must be about as good as the boys they have at Pullman, because in the songs we sing up here they are always talking about those teams. A fraternity up here is picking Kappa Sigma house tomorrow. It is a very good idea, and members. As soon as all the rules are published, I think I will enter the contest. Mamma, may I buy a bustle? All the girls up here are wearing them, and the men do not approve of them. Some of the girls are talking about organizing an Anti-we-must-fight-the-bustle-league, and if they do, I want to be in on it. In case you should send it to me, instead of me buying it, Mamma, I want to ask for a special kind. It is called a Misdirected something or other. Anyway, that is what all the girls are organizing about. My classes are still all right, Mamma. That is most of them. There is a history one that I don't like very well, though, because I don't think the teacher likes me. I think I will just show him and not go to his old class most of the time. Maybe he will be sorry then. Well, I must go to class now, Mamma. Lots of love, Nancy.

## Campus Calendar

**ALL LEISURE** time sports classes will meet at the tennis courts near the men's gymnasium, Tuesday, October 10th, at 4 p.m.

**SOCCER PRACTICE** will be held every week night through Thursday from 4 to 5 o'clock. Women are required to have eight hours of practice before they are eligible for a team.

**INTERNATIONAL** relations meeting Thursday at 7:30 p.m. in the upper lounge of the SUB.

**HELL DIVERS** meeting Wednesday at 7 p.m. at the swimming pool. Installation of officers. Important that all members attend.

**WESTMINSTER** guild banquet for guild women and all women interested Wednesday at 6:15 at the Presbyterian church. Town women call 2129 for reservations.

**HORSESHOE** practice for all women interested starts Thursday. Report at Women's gymnasium.

**BLUE BUCKET** meeting this afternoon at 4:30 o'clock in publications office. Meeting of newly chosen staff and assignments will be given.

**LOST:** One E. Howard pocket watch with Scabbard and Blade key attached. Engraved "Wallace Brown, Moscow" inside back. Substantial reward for return. Call 2195.

**"T" CLUB MEETING** at the Kappa Sigma house tomorrow night at 7:30 p.m. Initiation of new members.

**PERSHING RIFLE** meeting tonight at 7:30 o'clock. Formal.

**IK MEETING** 7:45 p.m. Tuesday, Beta house. Very important. Members please attend.

**ARGONAUT** meeting scheduled for today has been postponed until Wednesday, 4:45 p.m., in who have not attended previous meetings be there.

## --DIRT--

by Dolly Van

I hear ya' Talkin', gang! There's many a slip twixt the pin and the vest and confidentially, kids, there's been a few slips! Dave Little's white cross went to Gerry Laidlaw, while Dorothy Jean Perkins is the recipient of Norrie Stettler's Beta pin. Who's this dark enticing Kappa keeping steady company with J. "Jeep" Everingham? Jerry Scott is advertising for a new romance until Christmas. How're you doing Mike Smith? Betty Deweller received her ATO blind date with open arms. Mighty good with mustard, too! Hud Neiman doesn't miss his band-widow this year. Don't be a sucker Helen Hillman! Ask the man who owns one. Thanks to Frank Fowles, Bob Sutcliffe received the pledge pin he dropped in the Blue leaders.

## Pep Band To Play Council Meets With Dean

(Continued from page one)  
Sower, Bruce Boyd, Wayne Sorenson, Ed Smith, Clarinets; Jack Leshman, Vernon James, Paul Cawley, and Howard Baker, trumpets; Jack Greif, Russ Severn, and Gene Long, saxophones; Hud Neiman, Robert Schewnaek, and Dick Cordell, trombones; Bob Cutler, baritone; Brad Baker, horn; Clyde Culp and Charles Harlan, drums; Charles Tiller, sousaphone. Associated Women Students' council met at Dean Beatrice Olson's home Saturday, October 7, to discuss this year's plans. Recommendations for amendments to the AWA constitution were suggested, and a tentative program was set up. Dean Olson served lunch to the council. Officers are Rachel Braxton, president; Jean Cunningham, vice president; Lucille Marshall, secretary; Fae Harris, treasurer; and Margaret Marcus, orientation chairman. A definite orientation program will soon get under way, the council decided. Presidents of the girls halls and houses also attended the luncheon. ## G-E Campus News

**TRAVELING HOTEL**  
NEXT Spring, when a hotel-on-wheels rolls into Bombay, India, some of the citizenry may have grave doubts about their sanity. Or they may blame the blazing tropical sun. In either case, they'll be wrong. Lawrence Thaw's trans-Asiatic motorcade will be merely completing a 14,000-mile safari from Paris. Quite obviously, such things as 14,000-mile trips require quite a bit more than savoir-faire and an adventuresome spirit. Preparation, and plenty of it, was required by Mr. Thaw. This brought into the picture—both directly and indirectly—a number of G-E engineers. The four mobile units of the motorcade boast of the latest G-E two-way radio, for maintaining contact between the various vehicles throughout the journey. During tests two of the units maintained contact when as far as 200 miles apart. Air conditioned throughout, the de luxe trailer contains all the appliances and equipment normally found in a modern home—from tiled bath and indirect lighting to an array of electric appliances. This long-distance watching was made possible by G-E television engineers. Directed by C. A. Priest, Maine '25 and ex-Test man, radio engineer for General Electric, they were simply proving that television programs could sometimes be received at a far greater distance than the previously supposed limit of 40 to 50 miles. For, instantly and clearly, while the King and Queen inspected the Fair, television reproduced complete details of their visit to the group—130 miles away, atop the Helderberg Hills near Schenectady. Not far from the scene of this experiment is General Electric's powerful new television station, W2XB, soon to go on the air.

**ENTERTAINING ROYALTY**  
WHEN Great Britain's King and Queen visited the New York World's Fair on their international social call, 20 farmers were able to watch the royal pair as closely as if they were entertaining Their Majesties 'out on the farm. And the rural folk were 130 miles away from the Fair grounds. The four mobile units of the motorcade boast of the latest G-E two-way radio, for maintaining contact between the various vehicles throughout the journey. During tests two of the units maintained contact when as far as 200 miles apart. Air conditioned throughout, the de luxe trailer contains all the appliances and equipment normally found in a modern home—from tiled bath and indirect lighting to an array of electric appliances. # Martin Leads S.A.I. Women

Sigma Alpha Iota, women's music honorary, last week elected Alice Ann Martin to succeed Alice Roberts as president. Pressure of classwork forced Miss Roberts to resign. Other officers of S.A.I. are: Mary Elizabeth Thompson, vice president, and Marion Heuth, secretary and treasurer.

### Do you know the Kaywoodie Flavor?

Some pipes are "in a hurry"—fast and furious—consume tobacco like a four-alarm fire racing through a hay-mow. Kaywoodie takes it easy, as a good pipe should. Coaxes out the flavor of your favorite leaf. Makes it mellow. Smooth. Just for fun, we tried to measure this famous but elusive Kaywoodie Flavor in a good tough laboratory exam, and found (1) Kaywoodie's smoke is actually cooler than other pipes, cooler than wash temperature—never hot or irritating (2) the smoke is what the French call *seco-dry* and free from bitter juices. So get to know the Kaywoodie Flavor—now! Shown above, No. 76B.

# Ribbon Kids Reign At House Dances

Opening the fall social season of house and hall dances, Beta Theta Pi, Phi Delta Theta, and Kappa Kappa Gamma entertained at dances in honor of their pledges over the week-end.

A giant replica of a pledge pin decorated the wall of the Phi Delta Theta living room at their dance on Friday evening. Made of blue and white carnations, the pin carried out the fraternity colors. Programs were of white parchment with the fraternity crest on the cover and were tied with a blue cord. Joe Titus' orchestra furnished the music.

Patrons and patronesses included Mr. and Mrs. W. H. Boyer, Prof. and Mrs. D. D. DuSault, and Sgt and Mrs. Dured E. Townsend.

### Green Horns at Beta Dance

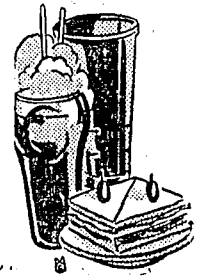

The motif "Green Horns" was reflected in decorations and programs at the Beta Theta Pi dance on Friday evening. A silhouette of a typical frosh smoking a pipe decorated the library wall while cut outs of musical instruments and green streamers were used in the living room and den.

A frosh in a college sweater with a pledge pin over his heart was silhouetted on the green programs. Hud Neiman and his orchestra played for dancing.

Mrs. Nellie Ann Barclay, Dr. and Mrs. J. Harry Einhouse, and Prof. and Mrs. R. S. Snyder were patrons and patronesses.

Miss Gertrude Dustin, dean of women at the Lewiston State Normal school, and Eleanor Harland, Plummer, were Thursday dinner guests of Ridenbaugh hall.

Kappa Kappa Gamma announces the initiation of Lione Mounce, Mary Anna Heine, Phyllis Fraser, Marjorie Wilson, Jo Ann Merri-man, and Frances Red-

# Cardinal Key Announces New Exchange Plans

Cardinal Key, service honorary for upperclasswomen, have completed plans for a new system of Cardinal Key exchanges among women's group houses to go into effect next week. This year, two representatives from three group houses will be entertained by one house. The same evening six women from the same house will go in pairs to the three respective houses represented at their house.

Last year exchanges were between two group houses with four women representing each house.

Exchanges are given to acquaint freshmen women with members of their group houses, as well as to create friendship and good will among the various group houses.

The new system of dinner exchanges," says Evelyn Williams president of Cardinal Key, "will give women a chance to get acquainted with members of three houses in one evening rather than just members of one house. This should build up friendships and acquaintances much faster than last year."

## Group Selects Harris Prexy

Phi Chi Theta, women's national business honorary, met on Friday in the Student Union building and named Fae Harris, Delta Gamma, who was elected vice president last spring, to act as president until second semester when Marion Moore, president-elect, returns to school.

Frances Zachow, Gamma Phi Beta, and Christine Nuckols, Phi Beta Phi, were appointed to take charge of the exhibit, which will be on display at the Mortar Board meeting.

Tentative plans were made for a business meeting this month for all women enrolled in the school of business. No date has been set, according to Miss Harris, for the meeting.

Delta Chi announces the pledging of Houston Snyder, Glenns Ferry.

Lila Larson was a Sunday dinner guest of Delta Chi.

Tau Kappa Epsilon entertained at a fireside Friday evening. Mrs. Stella Keys was patroness.

Eleanor Echtermach, Kathryn Whalen, and Bill Brown were Sunday dinner guests of Alpha Tau Omega.

Pledges of Delta Tau Delta entertained their dates Friday at dinner and a fireside with Mr. and Mrs. Elmer Millon as patron and patroness.

A fireside was given Saturday by Kappa Sigma. Mr. and Mrs. Walter H. Steffens were patron and patroness.

Mrs. L. G. Pung, Kellogg, and Betty Barnell were Sunday dinner guests of Phi Beta Phi.

Nancy June Stafford was a Sunday dinner guest of Gamma Phi Beta.

Delta Gamma entertained Miss N. G. Curtis, St. Maries, at dinner Sunday.

Sunday dinner guests of Sigma Alpha Epsilon were Mr. and Mrs. Warren Tegan, Twin Falls; Mr. and Mrs. Harry Graser; and Kathryn Ayers.

Dean Herbert J. Wunderlich was a Sunday evening guest of Sigma Alpha Epsilon.

Sigma Nu had as Sunday dinner guests Mr. and Mrs. Lloyd Avery and Ray Davis. Edna Belle Wood, Potlatch, was a week-end guest of Alpha Phi.

# Home Ec Teachers To Attend Regional Meetings

Three members of the university home economics faculty will be on the programs of two regional meetings of the Idaho Education association in Lewiston and Coeur d'Alene this week.

Miss Marion Featherstone, art instructor, will attend a meeting in Lewiston Thursday. She will speak to the home economics section meeting on "Making Home Economics Departments More Homelike."

Miss Margaret Ritchie, head of the department, and Miss Esther Segner, assistant professor and teacher trainer, will represent the department at Coeur d'Alene Friday. They will lead a round table discussion on "Trends in Home Economics Education."

A civil engineer himself, Dean Buchanan was asked to serve on the educational policy and teaching methods committee of the society's civil engineering division. The term is for three years.

# W.A.A. Plans Swim Party

All women students interested in swimming are invited to attend a splash party this Saturday in the Memorial gymnasium pool. The Women's Athletic Association has planned the party to initiate new tank suits to have been purchased for the use of women students of the university.

Virginia Dole, Charlotte Lathier, Mary Harvey, and Virginia Heien are the committee members to plan the party. Women belonging to the Helix Divers are assisting with the entertainment. All kinds of swimming and diving games will be played throughout the afternoon.

All women students who are interested in swimming, whether beginning or advanced, are invited. A definite announcement as to the time and further arrangements will be made in Friday's Argonaut.

The "Milk Bar," serving ofcium cocktails, was a feature of the Coed Capers at the University of Oregon on February 2.

## Stauffer Explains

(Continued from page one)

acoustics were so bad that even the most powerful-voiced speakers had difficulty making themselves understood. The din at basketball games was often nearly ear splitting.

Heavy burlap draperies to cover the end walls and a series of curtains of the same material stretched across the huge room high above the floor were decided upon. Results were immediate and satisfactory. A piano chord now last no longer than 2 1/2 seconds. Clothing worn by the audience has the same absorbing effect as the burlap.

## Manager Tells Date Of Women's Debate

Women intramural debaters will go into action Monday evening October 23. The question is: Resolved: That the United States should place an embargo on all contraband to warring nations.

Marion Greif was appointed Women's Intramural debate manager yesterday. She immediately set October 12, 7:15 p.m. at Hays hall as the meeting time and place of the representatives of all sororities and women's halls.

Rules and regulations will be discussed at this time. A discussion and outlining of the question will be deferred until Tuesday evening, October 17.

## Dean Buchanan Joins Engineering Society

Dean J. E. Buchanan, head of the University of Idaho college of engineering, was notified last week of his appointment to an important committee of the Society for the Promotion of Engineering education, by which Idaho was nationally accredited.

You Are Invited to Attend the **Catholic Religious Conference** in the Upper Lounge of the S.U.B. **October 15, 16, 18** Sunday Masses and sermon at 8 and 10 A.M. # Bank Works On Offense After Scaring Beaver Team

## Drills Indicate Team Ready For Gonzaga

Back on the campus after throwing a big scare into the ranks of the Oregon State Beaver's hopes for Rose Bowl recognition last Saturday at Corvallis, University of Idaho's Vandals began heavy practice yesterday in preparation for their Friday afternoon date with the Gonzaga university Bulldogs. Gonzaga, fresh from a 6 to 0 win over Texas Tech last Saturday, is intent on breaking a three-year jinx which the Vandals have held. The Bulldogs have not defeated the silver and gold crew since 1935 when they eked out a 7 to 6 victory.

"Intensive offense scrimmages are scheduled for this week," Coach Ted Bank said yesterday. "The team's defense looked very good in the Oregon State game and I am well satisfied with it. On offense we looked terrible, and scrimmages will be stressed on smoothing out our plays in an effort to get our offense to clicking."

**Kamelevicz To Go**  
Tony Kamelevicz, stellar Vandal guard, is still nursing a pulled ligament sustained in the Montana State game, but will make the Spokane trip. It is doubtful that he will see any action. Bill Piedmont, Vandal tackle who injured his knee in scrimmage last week, is definitely out of this game. Savino Uberaga, lightweight Idaho halfback, has left school for this semester. He was injured in scrimmage and the leg failed to respond to medical attention.

Harold "Bull" Durham, fullback, aggravated an old injury in the Oregon State encounter, but will be able to play Friday. Jack Donovan, Vandal guard, broke his nose last Saturday for the only injury of importance.

## Another Mighty Mite

**HAROLD "Bull" Durham**, pint-sized Idaho fullback who likes to pitch horseshoes and pitch 200-pound opponents, got his introduction to Vandal against Gonzaga in Spokane two years ago. He stole the line-crashing show from the Bulldogs' Karamatic that day, and he's eager to prove again that his small size is no disadvantage. Slowed up in past years by injuries, the plunging Vandal back is strutting his stuff this season. —Courtesy Salt Lake Tribune

## 'Mural Gridders Open Season With Six Teams Victorious

Intramural football began last night with six teams breaking into the win column. Division A saw a strong Willis Sweet No. 1 team, defending champion, overpower Chrisman hall's one team, 26 to 0. In the other Division A encounter, Lindley hall's one team outscored Idaho club, 24 to 13, in a free scoring game.

Phi Delta Theta loomed as favorites to cop the Division B title by swamping Kappa Sig, 27 Sigma Nu playing LDS. Chrisman hall and Idaho club No. 2 teams play while Willis Sweet nosed out the Betas, 19 to 18, in a hard fought game in other Division B encounters. Sigma Chi won its first game by the forfeit route when TMA failed to show up for their scheduled game.

Other games scheduled this week find Campus club No. 2 team meeting Chrisman No. 2 team, and Lindley hall and Idaho club No. 2 teams meeting in Division A tonight. In Division B Sigma Nu plays the Fijis, the Teke's battle Delta Chi, the Phi Deltas meet SAE, and Kappa Sig plays Lambda Chi. On Wednesday in Division A, Chrisman No. 1 team plays Lindley hall No. 1 and Willis Sweet and Campus club No. 1 teams battle. Division B finds Delta Tau playing ATO, Sigma Chi battling the Fijis.

## Bankmen Drop 7-6 To O.S.C. Team

Playing a sterling defensive game, but lacking the punch on offense, University of Idaho's Vandals fell before Oregon State's vaunted Beavers only by the margin of a place kick by Leonard Younce, Saturday at Corvallis. Younce had previously missed two conversions at Stanford the week before. Final score was 7-6.

Expected to be a breather for Oregon State, the game was anything but that for the Staters. Time after time the Staters drove deep into Idaho territory, only to see the Idaho line stiffen and take the ball on downs.

Oregon State drove to their score midway in the second quarter when Earl Acuff, Vandal left half, fumbled a Beaver punt on his 46-yard line and OSC recovered. After an exchange of punts and another fumble by Durham, Idaho fullback, it was Oregon State's ball on the Idaho 27. From there the Beavers speared the ball to the Vandal goal line in straight plays. Jim Kisselburgh rammed the Idaho line from the 2-yard line to score. An intercepted pass by Whitey Price, Bankman right half, on the Idaho 8-yard line stemmed another Beaver threat in the quarter.

**Smith Scores for Idaho**  
The Staters' margin was not long lived. In the third canto Oregon State pushed its way to the Idaho 5. Kisselburgh, on the next play, dived into the center of the Vandal line. Out of the mix-up came Vandal End Smith with the ball. Untouched, the fleet-footed wingman galloped 98 yards to score standing up. Ron Harris stepped back to try for the extra point, but the ball went off to the right of the uprights. The valiant Vandals held off charges in the fourth quarter by the Beavers on the 16-

yard line, 18-inch line, and 10-yard line.

Outstanding for Idaho were Ray Smith and Emory Howard, ends, and Dick Tauber, tackle. Tauber spilled the Beaver backs for losses many times and was consistently breaking up the Beaver running attack. Smith and Howard nailed the State ball carriers in their tracks on punt returns.

Idaho's offense showed the upper hand more in the first quarter than any other time during

the game when Acuff's punts kept the Beavers inside their own 45-yard line.

Statistics favored Oregon State in every respect. The Beavers made eight first downs to one for Idaho. The Vandals gained 27 yards from rushing to 237 for the Beavers. Oregon State completed three passes for 49 yards while Idaho made good three out of nine attempts for 10 yards. Total yardage favored the Beavers 286 to 37 for Idaho. Idaho punts averaged 38.6 to 39.2 yards for the Orangemen.

Oregon State lost 45 yards from scrimmage to eight for Idaho. The Beavers averaged 6.75 yards on punt returns, compared to 15 yards for the Vandals, chiefly because of the fast Idaho flanks. OSC fumbled three times and recovered six bobbles, while the Bankmen muffed the ball four times and retrieved one. The Staters intercepted three passes for 48 yards and Idaho three for 35 yards.

## Gonzaga Paper 'Lifts' Argonaut Article

Lifted from the front page of the September 26 issue of the Argonaut, to page two of October 5 edition of the Gonzaga university Bulletin, was the story of Terence O'Rouark, 17-year-old electrical engineering major from Honolulu, Hawaii. O'Rouark, an amateur "ham," has his home made sending and receiving set lodged in the Sigma Nu house, and expects to put in in working order soon.

by an outright gift to Idaho's department of art and architecture of a dozen large folios of architectural classics. All are original editions.

Twenty-one framed costume plates, hand colored engravings obtained in England, were given to the university by Mr. and Mrs. Talbot Jennings. The costumes, depicted are 14th to 16th century French. For the present both gifts will be included in the \$6,000 collection of art materials given to Idaho two years ago by the Carnegie foundation. Mr. Jennings, a 1924 graduate and Hollywood scenario writer, delivered the commencement address in June. His latest movie job was "Northwest Passage."

## Library Receives Art Editions

Two gifts of materials valuable in teaching art and architecture recently were acknowledged by the university. The Massachusetts Institute of Technology disposed of some duplicates in its extensive library

# Frosh Coach Selects Pre-Game Line-up

From a pack of more than 70 freshman ball-hawks, Coach Walter Price of the frosh squad managed to select 45 players to power the 1939 Vandal yearling machine against the Lewiston normal Loggers next Friday afternoon at Lewiston when the freshmen meet their first opposition of the season.

This first game will give Price his regular starting lineup besides enabling him to have his second and third strings down in black and white. Every combination Price can figure out between now and Friday will be given a chance.

"We should have a good defensive club because of experience gained during scrimmage with the varsity. There won't be much of an offensive attack because of the one-sided scrimmage the boys have had. I expect, to see plenty of mistakes because of insufficient practice," Price said.

### Have Weight Advantage

One advantage the team will have is in their weight. Even though weight charts haven't yet been posted, Price said, the team will be heavier in both the line and backfield than last year's combination.

For three days this week, yesterday, today, and tomorrow, the squad will provide opposition for the varsity. That leaves Thursday for Price to outline plays and decide on methods of attack, in addition to getting a line on what the Loggers will have in store for his club.

Among the outstanding backs that will keep the team in the running are Bill Van Amen, 175, and Ray Davis, 155, both playing at left half. Davis is especially noted as a speedster. Another chance that Price can't afford to miss is Bill Micklick, 185, who is a hard plunging, fast halfback.

In the line are several bright spots. Ray Crowley, hefty 185-pound center, is expected to bol-

ster the pivot post. Joe Piedmont and Ervin Konopka, tackles who bounce weight indicators toward the 200-pound mark, have the beef needed to repulse invaders.

The indefinite starting squad as listed by Price shows Vic Berliss and Tony Nocacic at end positions; Joe Piedmont and Ervin Konopka, tackles; Bill Wiedoff and John Tomich, guards; Hank Crowley, center; Pete Hecmovich and Bill Van Amen, halfbacks; Bill Michlick, fullback; and Chester Long, quarterback.

### List Men for Trip

Others who will make the Lewiston trip are: Ray Davis, George Nixon, and Jack Despain, left halfbacks; Fred Nichols and Michal Stowicki, right halfbacks; Kenneth Cox, Carl Thiesen, Milton Thompson, and Harold Neustedter, fullbacks; Damon Thomas and Art Dalmolin, quarterbacks; Steuben Thomas and Anthony Peverada, right ends; Harold Beduhn and Bob Holt, right tackles; Bill Harper and Harvey Ried, right guards; John Griffin and Stanley Ferlic, left guards; Phil Pavelko will see action as a center. Art Tuntland and Ray Taylor, left tackles; Ed Kepler and Ed Raatz, left ends.

About 10 other players will be picked by Price sometime before Friday to make the journey.

In 1934, the western states of Idaho, New Mexico, Nevada, Montana and Wyoming were not represented on major league baseball team by players.

## Bank Names Smith Vandal Captain Against Zags

Idaho's outstanding threat for all-American honors, Ray Smith, will head a confident horde of Vandals as their captain in their battle with Gonzaga Friday. Coach Ted Bank announced today.

Dubbed the "Bashful Bruiser," the boy from Notus is one of the most vicious chargers Coach Bank and his assistant, Bob Tessier, have ground out of their flank position. Smith has been a potent factor in the successful operation of Idaho's famed end-around plays, and usually requires the opposition to keep two men on him when he is playing defense.

### Leading Student

Majoring in education, Smith has consistently been at the top of heap in grades, earning a 5.5 average last year.

In addition to his football honors, he is president of the "I" club and the Idaho club, and last year served as president of his class.

"We realize we are facing a team of experienced football men Friday," Smith said this morning. "But I believe the men on our team have the drive that will bring them out of the game on the long end of the score."

## Ex-Vandal Moves Up To Majors

Bill Katsilometes, ex-Vandal outfielder who just ended a fine season as leadoff man for Little Rock in the A-1 Southern association, told friends in Lewiston this week that he has been sold to a major league club, which one he has not been notified.

He played in 150 out of the 154 games on Little Rock's schedule this year, alternating in right and center field. He was credited with an official batting average of .300 and a fielding average of .980.

### "Kats" Shortens Name

Katsilometes, who has shortened his name to Kats for baseball purposes, returned to Lewiston at the end of the season and went to work as an engineer for the Washington Water Power company.

It was on his showing with the Lewiston Indians three years ago that the Boston Red Sox signed him up. In 1938 he played with the Rocky Mountain club in the class B Piedmont league, and from there was promoted to the southern association, from which 40 players are said to have gone up to the majors this year.

## Idaho Grad Tells Alumnae News

The following excerpt was taken from a letter to the publications department from Jean Hitchcock Baer, '39, Boise. At Stanford she has a teaching fellowship for graduate work and is hostess at a dormitory unit.

"There is quite an Idaho colony down here. The Kenneth Dicks, Mr. Martin (pol-science), Mr. Keck (Eng.), Eugenia Cruzen Loder (ex-'25), Rhoda Felton Frank, '26.

"Walt Brown, '38, is doing graduate work at Berkeley. Herman Slotnick, '39, is here at Stanford for graduate work in political science. Virginia McDonald, '39, was half way over to France for her teaching and had to return." Miss McDonald had an exchange fellowship to teach English in a high school in France this year.

## Spikesters Groom For First Meet

Freshmen Teams To Tangle In Nine Events on Wednesday and Thursday

After two weeks of conditioning work, Coach Mike Ryan's tracksters will swing into competitive action this week, and will continue with weekly meets until Thanksgiving time Wednesday and Thursday. This will be followed next week by the freshman-sophomore meet.

There have been about 40 freshmen turning out since practice began, but because Coach Ryan has been tied down by his football duties he hasn't much of an idea what the men can do. However, he has indicated they aren't overly potential, and is asking for additional recruits.

Along with the freshman meet, a special three-mile handicap race is to be held as a trial for the varsity cross country team. Coach Ryan is particularly interested in this race because it will show him whether any of the new candidates are capable of replacing veterans lost from last year's championship team. Newcomers to be watched closely are Jurassi, Dwyer, Johnson, and Lacey.

Schedule for Wednesday and Thursday's meet is:

Wednesday: 100-yard dash, 600-yard run, 120-yard low hurdles, 12-pound shot and pole vault for varsity men.

Thursday: 300-yard run, 1000-yard run, high and broad jumps, javelin throw, and the three-mile run for varsity men.

## "I" Club To Push Cap Tradition

The "I" club will enforce the tradition concerning the wearing of the "I" cap at football games, insists Ray Smith, "I" club president. Many of the other members have expressed the opinions that they are heartily in favor of this tradition, and that they mean to see that it is enforced.

This controversy concerning wearing of the "I" caps began at the Bobcat game, when a few were taken down from the bleachers to attend a hacking party on the sidelines of the field. A brawl was started when Stanley Wojtkiewicz, freshman class president, refused to pay the penalty for not wearing his cap. Allen Poole, Mike Folino, Tommy Bainbridge, and other I club members engaged in the mix up in their attempts to enforce the tradition.

A variety of opinions have been expressed by I club members on the matter. Gene Slade, varsity boxer, says:

"The old tradition of wearing I caps seems to have slipped. Apparently the students are not in favor of it, or, seemingly, don't care. If such is their attitude, I say don't enforce it."

"Because this is a school tradition, it should be enforced," opines Sam Zingale, also a varsity boxer.

"All wear them or none!" says Bill Piedmont, husky Vandal tackle.

It is expected that the I club will attend the next game in full force and put up an organized attack against offenders of this tradition.

## Graduate Garners High Honors

Williamina E. Armstrong, Moscow, 1933 home economics graduate of the University of Idaho, has just received her doctor's degree in nutrition at Iowa State college and has been appointed to the research staff of the University of Illinois. She received a master's degree in agricultural chemistry at Idaho in 1934.

Veda M. Tochterman, Rexburg, 1934 graduate of the home economics department, is dietitian at Queen's hospital in Honolulu, Hawaii. She attended the American Dietetic association convention held in Los Angeles August 28-31.

Prof. Margaret Ritchie, head of the department at Idaho, also attended the national convention. While there she was asked to broadcast over Station KNX, Hollywood. She interviewed Miss Edith Barber, food editor of the New York Sun, on "Present Day Nutrition."
