Eberhard Postpones Class Election Until Oct. 18

Engineering Building Named After Grad

Kenneth Scott May Leave School To Join Army

A FRIEND PASSES.
Students probably weren't very well acquainted with Arthur L. Swim, member of the board of regents who died Friday evening at Twin Falls. They didn't know this huge, good-natured man who always had the interests of the students at heart when deciding matters for the board.

Mr. Swim was interested in student opinion on the campus and last spring when the board of regents was meeting here the white-haired regent sampled student opinion on the question of the student's buying out the Co-op bookstore and seemed to be very interested in the results of his sampling. When asked by Jason his intention of using the data on student opinion in regard to the bookstore situation, Mr. Swim replied that he thought the reaction of the students should be considered a great deal when the board decided any problem.

Mr. Swim, a faithful backer of the university for many years, sent both of his sons to Idaho and was always interested in problems of the student. Yes, the student body lost a friend—one that may have been overlooked in the past, but one that should always be remembered in the future.

HOME-COMING HINTS.

Utah 26, Idaho 7.
And thousands of people piled out of Neale stadium Saturday after the game with long faces. They were disappointed. Their hopes had been too high. Some of them had driven several hundred miles to see the game and renew acquaintances with their classmates of yesteryears. They had a long drive home and they saw little in the game to gladden their hearts. Sure, the Vandals had looked good at times. They carried a sustained drive to a touchdown; they smeared Utah plays time and time again for losses ranging up to 15 yards; but the final score was still Utah 26, Idaho 7. They were disappointed because they expected too much.

They expected Francis Schmidt to whip into shape a football team that would sweep all its games. They had read too much about Clark Shaughnessy and his "Cinderella" team at Stanford last year. Optimism is a great thing—a good quality to possess—but like anything else, too much is a dangerous thing.

But thousands of fans also left Neale stadium with a glow on their faces. Sure, the Vandals had lost, but they've lost before! They lost, but they played good football and showed prospects of greater things later on this year. These fans realized after seeing Francis Schmidt's first attempt with the Idaho Vandals that they couldn't be converted from a "power" team into a "razzle-dazzle" team overnight. They realized—after the game—that only about two weeks practice wasn't enough. That a defense and an offense, both couldn't be welded together in only two weeks, especially when part of the players didn't return to school until after practice was underway. They saw the Vandals lose, but they saw some sparkling ball playing that will produce results on the other side before the season is over.

Another thing they saw in Neale stadium last Saturday was plenty of enthusiasm—not only during the first half when things looked bright and Idaho's big "7" on the scoreboard was the only score, but also in the last few minutes of the game when it was hopeless to overcome the Utes' lead. The old grads who had attended Homecoming games before saw a new thrill, the student section staying to see the last gun go off and cheering with first quarter enthusiasm the last few minutes of the game.

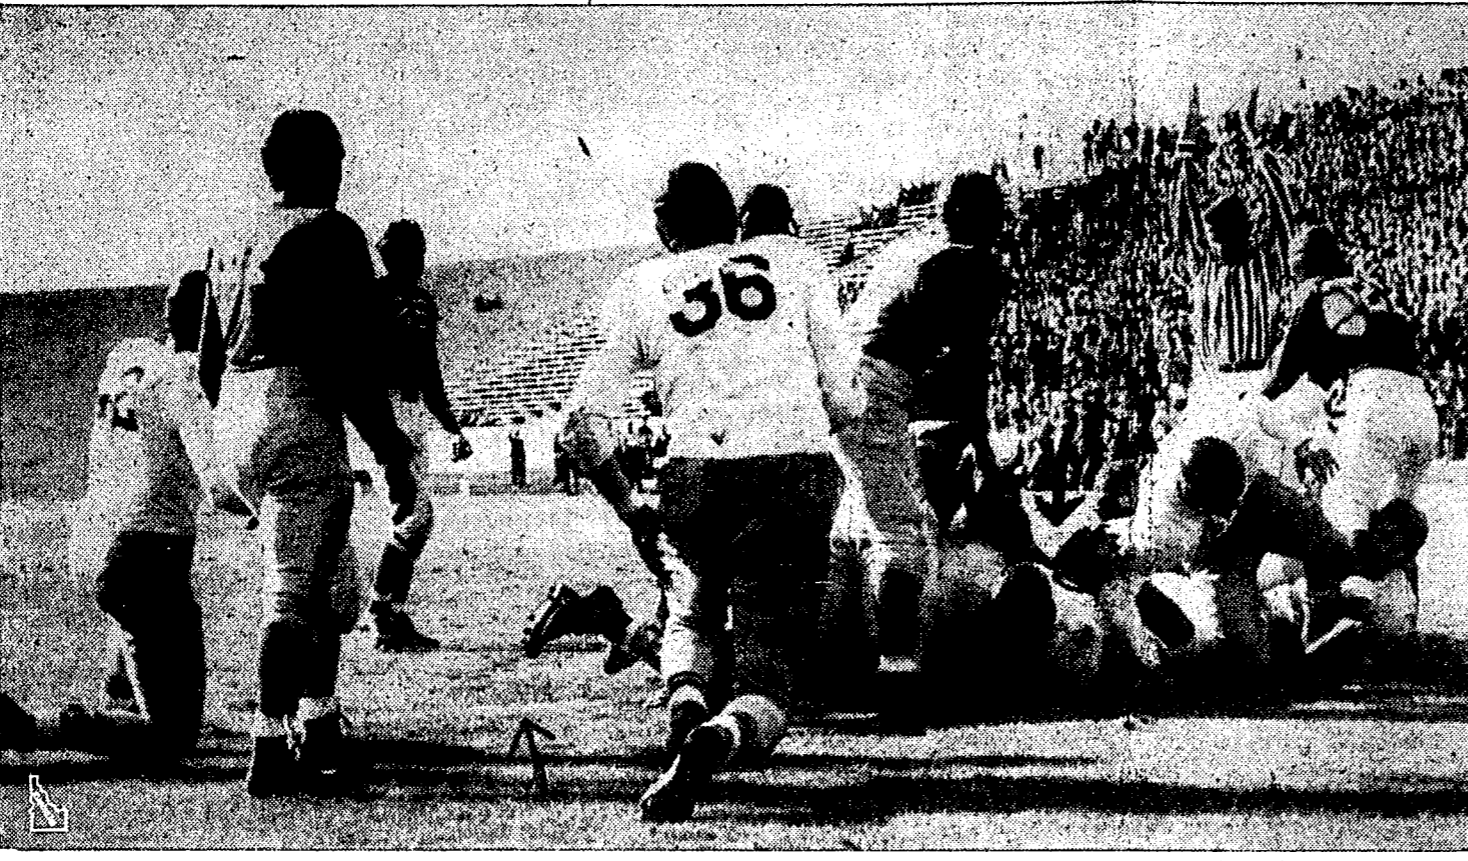

Jason heard several mutterings that this year's Vandal football team was "the same old girl with a different dress," but Jason believes that we've got a different spirit this year—a confident one that will erase forever the memories of those "moral victories."

Beecher Presides At Music Meet

Prof. Alvah A. Beecher, head of the university music department, and president of the second district of the Idaho Music Education association, will preside when that body convenes at Lewiston Thursday and Friday.

Miss Meitha Hiteman, instructor in music, will speak to the group on a subject relative to her teaching at the university. Lee Gibson, university band director, will offer a woodwind demonstration, and Professor Beecher will lead the group singing.

Idaho Opens Season with Score

First score of the Idaho season was made Saturday as Idaho's Fullback Bill Micklich punched his way across on the third down. The culmination of a long drive, the score came in the second quarter after Howie Manson connected with passes and the Vandals had shown a touch of precision football. The photo was taken just as the referee raised his arms to signal that the Vandal fullback had crossed the line.

Dale, Clarence Streit Feature Convocation Assembly Today

Addresses by President Harrison C. Dale and Clarence K. Streit, presentation of scholarship awards, and musical numbers will make up the program for the opening school assembly of the year to be held in Memorial gymnasium Wednesday at 10 o'clock, according to Dean T. S. Kerr, chairman of the public events committee.

Classes will be dismissed at 10 a.m., the dean stated, with first and second period classes meeting for the full hour. Music will be by the university concert band under the direction of Lee Gibson.

Dale Announces Bids Open For Building

After two postponements, bids for Idaho's new dairy building are scheduled to be opened today, according to word received from the office of university president, H. C. Dale.

President Dale, E. J. Iddings, dean of the college of agriculture, and Prof. D. R. Theophilus, head of dairy husbandry, traveled to Boise early this week and are to be present today as bids for the construction of the new building are finally opened by the department of public works.

Originally scheduled for opening September 12, the action was postponed due to the desire of contractors submitting bids to consider prices in the light of price changes resulting from defense activity. The date of the opening was then set at September 18, and again postponed until today.

West of Morrill.

The state legislature last spring approved an appropriation for the \$82,000 dairy building, which will be built just west of Morrill hall in the space currently being used for weather recording instruments and also approved the appropriation of \$121,908 for a new engineering laboratory now under construction across the street from the heating plant.

Erection of the engineering laboratory is resulting in a face-lifting operation on the campus, with the removal of Craig cottage to a spot behind Morrill hall, and the forestry laboratory next to the wood conversion laboratory on the spot where the pea weevil control lab formerly stood.

Arthur L. Swim, Regent, Dies Of Pneumonia in Twin Falls

Funeral services were held Saturday afternoon in Twin Falls for Arthur L. Swim, member of the university board of regents since April, 1937. He died Friday evening in the southern Idaho city after a week-long double pneumonia illness.

Mr. Swim was named to the board in 1937 by Governor Barzilla W. Clark. His term will have expired in 1942. A successor will be named soon by Governor Chase A. Clark to fill out the unexpired term, according to President Harrison C. Dale.

Mr. Swim was born in Illinois June 1, 1869, and at the time of his death was engaged in the real estate business with his son, Walton G. Swim, an Idaho graduate, in Twin Falls.

Members of the board of regents did not know of his death until Monday morning. Mr. Swim did not attend the board meeting because of his illness. He was to have been president of the board for the coming year and had served successive terms of secretary and vice president, President Dale said.

"In behalf of the university I express profound regret of Mr. Swim's death," President Dale commented. "He was a man of the highest character and integrity. He was devoted to the higher education of Idaho."

From 1929 to 1939 the author (Continued on Page Three)

Yell King Outlines Busy Program of Entertainment

Rallies and special events to keep school spirit keyed in high during the entire football season were outlined yesterday by Yell King Ozzie Walsh. Plans are in the hands of Walsh and the ASUI rally committee.

First big event is a rally tomorrow night at 6:30 p.m. to send the team to Eugene for Saturday's game. The rally will start at the Blue Bucket and tour the campus, winding up at the depot where the team will board the train at 7:10 p.m.

JK's Attend Rally.

Participating will be the yell team, the pep band, and the Intercollegiate Knights. Tentative plans are also being made to meet the train when the team returns Sunday morning.

Idaho To Become Headquarters Of Association

Permanent headquarters of the Idaho State Editorial association were established at the university yesterday with Prof. William F. Swindler assuming duties as secretary of the group.

The move was affected Saturday when Vernon A. Frost, Buhl, secretary, and Bernard Mainwaring, Nampa, president, visited here. President Dale attended the meeting between the association officers and Professor Swindler and approved the new cooperative program that is expected to bring many benefits to the state and to keep university journalists in better touch with newspaper affairs.

The same system is now operating in Oregon and Washington, where university staff members are executive secretaries of the state press associations.

All books of the state editorial association were turned over to Professor Swindler yesterday by Mr. Frost. Part of the duties of the association's secretary will be the preparation of bulletins, and it is hoped that a regular professional newspaper clinic will be held at the university.

Board of Regents Honors Late Dr. C. L. Kirtley

The new engineering building, now being constructed opposite the heating plant, will be called the Kirtley Engineering laboratory in honor of Dr. Charles Luther Kirtley, a graduate of engineering in the first class to be graduated from the university, President Harrison C. Dale announced yesterday afternoon.

The name of the building was decided by the board of regents when they met here last weekend. The name of the building was recommended by President Dale and Dean Jesse E. Buchanan, dean of the college of engineering.

Dr. Kirtley, a resident of Challis for about 35 years before his death in 1938, retained his interest in the university throughout his life, sending two sons and a daughter through school and subscribing each year to the Argonaut.

Enters in 1892.

Dr. Kirtley entered the university as a freshman in 1892, the first year that classes were held, graduating with a bachelor of civil engineering degree in 1896. He abandoned engineering for medicine and attended Rush Medical school, obtaining his M.D. in 1901. He settled in Challis and remained there until his recent death.

Dr. Kirtley was a member of the Vandal football team in 1893 and scored one of the touchdowns that enabled Idaho to beat W.S.C. It was the first time that the Vandals beat the Cougars.

Construction on the building is progressing at a rapid pace and the contractors began pouring concrete for the foundation the latter part of last week. Unless unforeseen developments occur, the building will be ready for occupation at the start of the second semester, according to President Dale.

The regents confirmed several faculty appointments that have been announced previously and mulled over "routine matters," President Dale said.

Council Appoints Ralph Peters

Ralph Peters was named on the Student Union Bookstore advisory committee last night by the Interfraternity council to represent that organization on the board.

Other business at the meeting includes. One committee will plan the annual pledge banquet. Chairman is Jim Hutchinson. Other members include Jack Nelson, Oliver Mackey, and Nolan Weeks.

Serving on a committee to study rush week violations are Dick Still, chairman; Jim Towles; Edward Benoit; and Ned Gnaedinger.

Deadline for the payment of the rush fee by men who went through rush week is Wednesday, October 1.

Date for the annual class election has been postponed until October 16, ASUI President Milton Eberhard announced last night after it was found that there is a possibility that an executive board member must be named to succeed Kenneth Scott. The nominating assembly won't meet until October 9, Eberhard pointed out.

Scott may be called into army service under the selective service act October 22, he was informed today by his draft board at Rigby. It is not definite whether he will be called into service or not. He was supposed to have been deferred by the draft board, but later received his orders to report for enlistment.

Assembly Speaker

Clarence K. Streit, author of "Union Now" and "Union Now with Britain," will address students at opening school assembly Wednesday morning at 10 o'clock in Memorial gymnasium. Mr. Streit advocates a federal union of all democracies.

"If Scott is drafted we'd have to have another election to fill the vacancy," Eberhard explained last night. "It will save the ASUI money to have only one election."

The executive board yesterday postponed a meeting to discuss the proposed amendment to alter the lettermen's sweaters, when it was found that the committee of Scott and Rudy Franklin had run into difficulty in regard to granting minor sports awards. The "I" club was consulted on the matter last night and decided to award minor sports winners gold sweaters with the small circled "I" the

(Continued on Page Three)

Registrar Warns About Changes

Students who have changed their address since registration, who wish to change their study lists, or who need to remove incompletes should attend to these matters immediately, according to the registrar's office.

Change of address cards can be secured at that office and should be signed by the dean of women or the dean of men and filed at the registrar's office immediately as the student directory is now being compiled.

Saturday, October 4, is the final date for changing courses without penalty of failing grade if work is below passing.

All incompletes must be removed by Saturday, October 11. Incompletes not made up by this date automatically become failures unless the student has previously filed a permit for extension of time. This permit must be signed by the dean and instructor concerned.

Also, according to the registrar's office, re-registration in a course for which a mark of incomplete has been filed automatically changes the incomplete to a failure unless special action is taken in advance of that registration.

Honorary Elects New Officers

Ace Griffiths was elected president of Kappa Delta Pi, national education honorary, at the opening meeting of the organization last night in the upper lounge of the Blue Bucket. Other new officers are Helen Campbell, secretary and historian, and Louise Kuehl, treasurer.

Appointed on a committee to determine the eligibility of new members were Gay Bonnam, Howard Baker, and Ace Griffiths. Members of the honorary are selected from juniors and seniors majoring in education who have an accumulative grade average of 3.0 or better.

Next meeting of the group will be held at the Blue Bucket October 7 at 7:30 p.m. Plans are being made to bring outside speakers prominent in the field of education to speak to the group this year.

Helen Jepson To Head Concert Series Appearing at Idaho

Helen Jepson, golden-voiced and haired Metropolitan and radio soprano, will lead the university's artist list, probably both chronologically and in student interest, when she appears at the Memorial gymnasium February 19, on the joint Pullman-Moscow artist course series.

On March 4 will be presented the Trapp family, folk singers and dancers who will offer a great variety of interpretations from seventeenth century to modern attractions.

Last of the joint concerts to be presented in Moscow will be Violin Virtuoso Henri Temianka. The noted violinist will appear April 13.

Idaho students will this year as in years before, be allowed entrance to the Pullman gymnasium by their activity tickets when the popular duo-pianists, Bartlett and Robertson, perform there October 20. The piano team has been heard over the air many times.

One of the best known of the entire season's artists is Paul Robeson, famous negro singer, who distinguished himself in college as an All-American football player and Phi Beta Kappa member rather than for the beautiful bass

voice for which he is now so well known. Presentation of a world-famous Mozart opera, "The Marriage of Figaro," in the W.S.C. gymnasium on March 27 will offer an opportunity to students to hear that masterpiece sung in English. Performance will be in modern style, with the use of a narrator, in popular radio program style.

Dean To Instruct Social Chairmen

Social chairmen of all houses will meet with members of the calendar committee in Dean Herbert J. Wunderlich's office Friday at 2 o'clock, Dean Wunderlich, committee member, reported yesterday.

"Chairmen will receive instructions on procedure for getting a date on the calendar," Wunderlich said, "and other general information on how social events at Idaho are conducted."

The calendar committee, a sub-committee of the student-faculty group, met last Friday for their first meeting of the year. Dr. Frederic Church is chairman of the group. The student-faculty committee will hold their first meeting of the year on October 6.

Mrs. Dale Honors Group Leaders

Mrs. Harrison C. Dale entertained yesterday afternoon at her annual tea for presidents of women's organizations on the campus. Dean of Women Beatrice Olson and Mrs. Herbert Wunderlich poured at the tea, held at the Dale home.

Present were house presidents Helen Hillman, Virginia Anderson, Joyce Tucker, Norma Lou McMurray, Joyce Kenworthy, Arline Campbell, Mary Ellen Dunkle, and Vera Nell James. Hall presidents attending were Marjorie Thompson, Kathleen Christian, and Mary Jane Bertrand.

Representing campus honoraries were Marian Heath, Mortar Board; Kay Schneider, Cardinal Key; Joyce Tucker, Spurs; Claire Bracken, Alpha Lambda Delta; Elizabeth Bracken, Theta Sigma; Marian Heath, Sigma Alpha Iota; Marjorie Thompson, Phi Upsilon Omicron; and Norma Dieter, Phi Chi Theta.

Spurs Will Select New Member

Last year's Spurs will meet this noon to select a new Spur pledge to replace Beverly Campbell, Alpha Phi, who did not return to school this fall. The woman selected will be tapped some time this week.

Plans are also being made for a fireside to be held October 8 in honor of the pledges, according to Joyce Tucker, president. Each pledge will bring a spur to that meeting and give a story of its history.

First pledge meeting for this year's Spur class will be held Wednesday afternoon at 5 o'clock at the Delta Delta Delta house.

Phi Mu Alpha Taps Two Musicians

Phi Mu Alpha, music honorary for men, last night pledged Terry Crabb and Douglas Campbell to the organization.

The group will hold its annual Founders' day meeting October 5 at the home of Prof. Alvah A. Beecher, head of the music department, and Prof. J. F. Messenger, dean of the school of education, will be speaker.

Final Play Tryouts

Final tryouts for the 16 parts in the first ASUI play of the year, "She Stoops to Conquer," will be held tonight at the auditorium at 7:30. Eighty people have tried out for the parts, 9 of which are major parts and 7 minor parts. Initial tryouts can still be made tonight.

Marian Heath and Betty Jo Jeffers are assistants to Miss Collette. Members for the production staffs are needed.

Ticket Sale for Will Osborne Dance Limited to 600, Mix Indicates

Ticket sale for the ASUI-sponsored dance October 22 featuring Will Osborne's 17-piece orchestra will begin next week. Graduate Manager Gale Mix announced last night. Only 600 tickets will be sold for the dance "so that there will be room to dance," he pointed out. The first 600 to buy tickets will be granted the right to the dance floor, Mix said. Other tickets will be sold for the balcony. Dance tickets will sell for \$1.65, including tax.

Blue Key and Intercollegiate Knights will aid in the ticket sale, Mix said. The IK's have been given the concession for checking hats and coats.

Several phonograph records featuring the orchestra were received yesterday and arrangements have been made to install them in the nickelodeon in the Blue Bucket lounge, according to the graduate manager. The records include Osborne's theme song, "The Gentleman Awaits."

Mix pointed out that the orchestra, which is concluding a stand at the Palace hotel in San Francisco this week, contains 17 pieces and two entertainers. The student body president and editor of the Evergreen at Washington State college will be invited to the dance, Mix said.

Town Group Fetes Women Rushees

Twenty-two rushees were guests of Dalda Tau Gamma, town women's organization, at a party in the old ballroom of the Student Union Building Sunday afternoon.

President Joyce Mercer gave a talk on membership requirements and why the organization was founded. Klyda Ratliff furnished the musical part of the program with two vocal solos. The social chairman, Katherine Ruckman, spoke on the social functions of D.T.G. Refreshments of punch and cookies were served.

CALL EARLY

"First come, first served," promised Prof. A. A. Beecher, who stated that the first six students who call him will be given tickets to the Lawrence Tibbett concert in Spokane October 1. Music Professor Beecher explained that, through a reciprocity treaty with the Spokane community concert series, he was sent six student tickets for distribution among the Idaho students.

And so, Prof. Beecher suggested that students who have particular ardor and admiration for Singer Tibbett and who are possessed with the ways, means, and desire to travel to Spokane for the concert Wednesday night, dial the music hall's number immediately since first six calls—six tickets.

ARGONAUT

All students interested in working on the campus reporting staff of the Argonaut this year should attend a staff meeting this afternoon at 4:30 p.m. in the Argonaut office at the Student Union building.

Former reporters who expect to retain their staff positions must also attend the meeting.

Classes To Show X-Ray Analysis

Research in x-ray analysis to study both the nature of x-rays and problems such as molecular groupings and materials of particular sizes will be carried on in the physics department this year. Gordon C. Danielson, specialist in x-ray analysis, on leave of absence from U. S. Rubber company, occupies Dr. L. H. Stauffer's office, and will conduct this research. Special x-ray equipment will be built in the physics department shop.

Enrollment in physics classes remains nearly the same as last year, but a greater number are enrolled in Engineering Physics and fewer in General Physics, indicating an increase in engineering students.

Whether scientific instruments needed for the department work will be obtainable depends on the priority rating the university will receive soon. Opinions vary in the departments using priority-controlled materials, but in all likelihood the rating will be high enough to permit purchase of sufficient supplies.

School Constructs Temporary Silo

Rain having caused the tonnage of corn and sunflower to increase on the university farm this year, a temporary silo to handle the surplus is under construction conveniently near the dairy, sheep and beef barns.

The temporary structure, to be made of snow fence lined with especially treated paper, will be 20 feet in diameter and 20 feet tall.

Guild Makes Plans

The Westminster Guild program committee will meet tonight to plan the opening dinner and program for the year, according to Evelyn Langenwaller, president. Date of the dinner will be announced later this week. All new women of Presbyterian preference will be guests at the affair.

Methodists Show Lead In Church Census

The religious census for the current semester shows the Methodist group to have the largest total membership and preference on the campus. This group is also nearest to last year's first semester total. This year the Methodists had a total of 470 for membership and preference, showing a decrease of only 18 members from last year's 488.

Presbyterian membership and preference had the greatest decline with a total loss of 96, having a total of 330 this year. The L.D.S. show the largest membership, claiming 261, followed closely by the Catholics with two less members. A total, however, of both membership and preference gives the Catholics 284, which is one over the L.D.S. total. These two show a greater actual membership, but the Methodists and Presbyterians preference give them a greater total. The Presbyterians have an equal number of

Alumni Formulate Association Plans Saturday

Plans for an alumni association built on a general foundation with recognition of diverse interests of the group as a whole were formulated at the alumni board of directors meeting after the Homecoming game last Saturday.

Alumni board officials met with Bill Olson, alumni secretary, and discussed the plans that had been suggested by alumni throughout the state during Mr. Olson's trip early this fall.

"All alumni are interested in some phase of the university and higher education, and in being of service to higher education," Mr. Olson said, "and we hope to get them organized well enough to get well organized."

Mr. Olson said that plans would be worked out this year for local alumni organizations in towns throughout the state. He said that these groups would organize into different units, so that varying interests would be satisfied. He expressed a hope that the groups would be able to carry out alumni activities in a wide field.

The alumni luncheon, which met before the game and was open to all former students and graduates was presided over by William S. Hawkins, Coeur d'Alene, president of the alumni association.

Mr. Hawkins introduced Gov. Chase Clark, honorary guest at the luncheon, who spoke briefly.

Preferred parking stickers for the game were issued to all alumni at the luncheon, Mr. Olson said. He added that no definite business was taken up, and the meeting was primarily a get-together.

The alumni and former students were led in cheers at the meeting by Yell King Ozzie Walsh.

Dance Classes Need Accompanists

Students interested in playing accompaniment for classes in folk, modern and tap dancing are asked to contact Miss Janette Wirt at the women's gymnasium. Classes are held Monday and Friday at 10, and 11 a.m. and 2 p.m.; and at 9 a.m., 1 and 2 p.m. on Tuesday and Thursday.

Miss Wirt said that it would not be necessary for the same student to play for all classes and that the playing could be divided among several students according to their class schedules.

Hell Divers Elect

Elections of officers for Hell Divers will be held Wednesday at 7:30 p.m. in Memorial Gymnasium. Every member must be present so that plans for try-outs can be organized immediately.

Moscow Churches Invite Students to Programs

"Church night," a get-acquainted evening for the various student congregations, has been scheduled for tonight by Moscow religious groups. University first-year women have been given 10 o'clock permission in order that they may attend their respective church entertainments.

Methodists will meet at their church building, Wesley Temple, at 8 p.m. to enjoy an evening of music, program and refreshments. Wesley Foundation officers will be introduced.

Because their church is under construction, the Presbyterians and Congregationalists will hold their gathering at the Odd Fellows hall on Main street, just north of Sixth. Following their 7:30 opening, the guests will enjoy games, music, introduction of Westminster Foundation officers and refreshments.

Catholics are having a dateless mixer in the S.U.B. ballroom, with Morey O'Donnell's orchestra playing. Don Konen, club president, and Harry Mosman are in charge of the dance.

Institute chapel will be the scene of the Latter Day Saints' 7 o'clock entertainment, which will include a program, introduction of the M.I.A. officers, refreshments and a dance in the recreation hall with Jarvis Palmer's orchestra.

Episcopalians will meet at the church parish hall for dancing, games, the introduction of officers and short messages, which will begin at 8 p.m.

Theme for the Christian church's program will be "On Board a Clipper." Refreshments will be served and young people's leaders will be announced, followed by short messages from student leaders. Seven-thirty has been set for the opening hour.

First Lutheran church members will be entertained at their church at 7:30 p.m. The president of the Lutheran Student association, Melvin Ehlers, is chairman. Master of ceremonies for the evening will be Ed Hansen.

Students of Christian Science church preference will be entertained at the home of Mrs. Hazel Bales at 616 South Harrison.

Faculty To Speak At Lewiston

Three home economics instructors will represent the university at the Idaho Education association at Lewiston Thursday and Friday. Miss Margaret Ritchie, department head, will speak to the home economics section the first day of the meeting. Her subject will be "Nutrition and the Defense of Health." Also addressing the Thursday session will be Miss Lucille Magruder, whose topic will be "Challenge to Homemaking Teachers Today."

Speaking Friday is Miss Marion Featherstone who will describe "Art in the Elementary School."

S.A.I. Makes Plans For Coming Year

Mona Myres was elected editor, Carol Brandt, sergeant-at-arms, and Miss Meitha Hiteman was appointed song leader at the S. A. I. meeting last Thursday.

Outstanding events planned for the coming year's program include alumnae performances, to be held October 23; incorporation day banquet, December 4; faculty performers, March 12; and will conclude with a benefit tea, May 3.

At the reception for new women students in the school of music which will be held October 16, Miss Myrtle Leonard will be the guest soloist. Tentative plans were made to hold the reception in Hays hall.

An executive board meeting will be held Thursday in the Blue Bucket Inn.

Women Will Start Tennis, Archery

The fall tennis and archery seasons start Wednesday, October 1, and Monday, October 6, respectively, Miss Margaret Mylne, physical education instructor, announced yesterday.

Instruction will be given to beginners in both sports. Tennis will be played on the Ridenbaugh courts for six weeks every Wednesday and Thursday at 4 o'clock. Women archers will meet on the archery range between the Art building and the Memorial gymnasium every Monday and Tuesday at 4 o'clock.

Tennis equipment must be furnished by the student, but archery equipment can be obtained at the archery field.

Infection Keeps Cramer Home

Infection resulting from a scratch received while working in his yard kept Dr. Harold C. Cramer from his duties at the infirmary for four days last week. Dr. Corney J. Klaarson and Dr. Doyle M. Lochr handled infirmary duties during Dr. Cramer's illness.

Patronize Argonaut Advertisers.

Students To Meet With Gem Heads

All students interested in any phase of work on either the editorial or business staffs of the Gem of the Mountains, Idaho yearbook, will meet in the Student Union Ballroom at 4 p.m. Wednesday. Applicants will fill out blanks listing their preference of work and will hear short talks by Editor Bob Wethern and Business Manager Ed Benoit.

"Editorships and staff head appointments cannot be announced until it is known what experienced workers have returned to school and are interested in continuing work on the yearbook," according to Editor Wethern.

"Announcement of the appointments will be made in Friday's Argonaut and the new editors and staff heads will select their staffs soon after."

Big Candid Section

With expansion of the 1942 Gem's candid picture section being contemplated, student candid camera artists are urged to attend the meeting Wednesday to form a photographers staff.

"There will be a far more extensive 'news coverage' of campus life for the 1942 Gem than in past years and student cameramen are expected to attend and bring samples of any work that they may have done this fall," according to Wethern.

Communique Comment

Snow shrouded the Kremlin on Sunday, as the band of a military guard of honor blared forth the American and British national anthems and "The Internationale" to welcome Lord Beaverbrook and W. Averell Harriman to the ancient capital of the Czars. The harbinger of winter may mean that Red Square will not see the panzer divisions before spring; and in the accomplishment of this week's British-American-Russian conference may rest the democracies' last chance to stop Hitler in his tracks and spare Uncle Sam the grim chore of another A. E. F. Last chances don't come twice.

In spite of a warm summer of oratory, British-American aid to the Soviet Union has been striking so far in its smallness. The Red leaders are left with the suspicion that Churchill and Roosevelt regard the U. S. S. R. as a tool to be used—and destroyed—in checking Hitler for a time. In the meantime, gigantic Russian losses in war equipment in the recent heavy fighting render the prospect of a Soviet peace with Berlin not inconsiderable—unless Stalin is given tangible proof, in the form of planes and tanks and guns, that London and Washington mean to deliver something more than brave words.

Von Reichenau's army is hammering at Kharkov and the gates to the Donets Basin. Nazi capture of this region would mean the loss to the U. S. S. R. of an industrial-and-mining area comparable to Pennsylvania and Ohio in the U. S. Kharkov is a center for the production of tanks and railway equipment; the Donets valley contains the world's largest reserve of anthracite. New factories east of the Ural Mountains might cushion the blow, but collapse of the Kharkov front would render Russian survival largely dependent upon immediate, large-scale aid from British and American arsenals.

Cold weather in the northern sector of the Russian front will force the Nazis to concentrate on seizure of the Crimean peninsula. The mild climate of the Black Sea coast may enable the German columns in the south to keep on the offensive through the winter, while their comrades in the north dig in on the long road from Smolensk to Moscow. Conquest of the Crimea cost Britain and France 100,000 men in their war with Russia in 1854-56; but possession of the peninsula would give Hitler a springboard for his final thrust across the Black Sea to the oil wells of the Caucasus.

Campus Calendar

TUESDAY:

UNITED STUDENTS party caucus meeting in small dining room of Blue Bucket at 4 p. m. Two representatives from each house should attend.

ARGONAUT CAMPUS STAFF meeting at 4 p. m. in Argonaut office for all students interested in working on paper.

WAA EXECUTIVE BOARD meeting at 5 p. m.

PERSHING RIFLES meeting at armory at 7:30 p. m. No uniforms. All members must be present.

I.K. meeting at Delta Chi house at 7:30 p. m. Bring new pledges.

WEDNESDAY:

RALLY COMMITTEE meeting, ASUI office at 4 p. m. Jack Leishman, Ladd Hamilton, Maxine Muhroncy, Bill Olson, Stan Olson, Bob Robson, Mary Ellen Hartigan.

SPUR PLEDGE meeting, Tri Delta house, 5 p. m.

GEM meeting, 4 p. m., Student Union ballroom.

AWS meeting, 5 p. m., AWS office.

SCABBARD AND BLADE formal pledge meeting, 7 p. m. at the Kappa Sigma house.

THURSDAY:

ALPHA THETA DELTA, consideration of pledges, business meeting, Phi Gamma Delta house, 7:30 p. m.

LOST: New King single French horn, between 10:30 a. m. and 4 p. m., Friday, near north entrance to Memorial gym. Finder please report to music hall or bursar's office. REWARD.

A green tweed Ragline overcoat taken by mistake for a blue overcoat with belt—See Bud Doane, Sigma Chi.

LOST: Phi Beta Kappa key at the Homecoming dance at the gym Saturday night. Name Marie Haash. Reward. Return to Miss Reiersen, Eng. 301.

Here's More About—ELECTION

first two years and a white coat-style sweater with a gold globe "1" and no stripes to three year letterman.

The amendment will be voted upon by the executive board at its meeting tonight, according to Eberhard.

The United Students party caucus will meet this afternoon at 4 p. m. in the Blue Bucket inn to formulate plans for the election and nominate candidates for the election, according to Dick Still, organizer of the "new" United Students party.

The caucus arrangement will be designed after the plan now used by the Independent party in the selection of candidates. Still declared. Two representatives from each Greek letter house will be present at the meeting to organize the group, he said.

"No Politics." "No politics will be mixed up in the selection of the candidates," Still maintained. "There will be no more secret ballots concocted in secret meeting places."

Each house will pick a representative from each class and a member at large and their names will be placed on a master list. Each house will then vote for those to be nominated.

Eberhard announced that examinations for election board posts will be determined the latter part of this week.

It's in the Meter There are meters of measure, There are meters of tone, But the best meter of all Is to meter alone.

WANTED: CATERPILLAR DRIVER, immediately. Phone dean of men's office, 8501.

WANTED: Used car or motorcycle. Call 4666 between 7 and 9 p. m.

Campus Caricature

By Fritz Meagher

Lady, Beware

Betty Mazna, we are convinced, is a trusting little soul. And we have evidence to support that contention, in case any skeptic should arise to question our word on the matter.

The other afternoon, we are told on unimpeachable authority, there chanced to call at the Gamma Phi Beta house a young magazine salesman who was regarded by one and all of the Gamma Phi gals as definitely handsome and as possessing no small amount of the stuff that is widely known as charm.

Miss Mazna, so the story goes, was missing when the house was first canvassed, so the obliging salesman waited in his shiny convertible until Betty returned. After being told by her sorority sisters that someone was waiting in the car to see her, Betty naturally went out to investigate.

The magazine salesman introduced himself as a friend of Betty's from Whitman, and the conversation went along smoothly. Cigarettes were produced and, being no piker, the magazine man offered not just one cigarette but a full package. Not wishing to offend her new-found friend, Betty accepted.

As we mentioned before, the salesman was a handsome chap, and Betty certainly is no zombie. So, when the scoundrel, who was later to reveal himself as a seller of magazines, suggested a coke at the Bucket, Betty accepted the invitation.

And it was while Betty was blissfully sipping the five cent coke that the handsome stranger revealed his true identity. Producing the magazine samples which until this time he had kept carefully hidden, the cad leaned across the table and in a low voice purred, "Would you like to buy these magazines?"

Taken by complete surprise, Betty gasped, "Do you mean take them to sell at the house?"

"No," hissed the bouncer, "I mean I want you to buy them."

So, still not wishing to offend the young chap with the winning and selling ways, Betty gave him a small order. "Will you take a check for the order?" asked Betty. "The salesman wouldn't. Down to the business district they rode where Betty cashed a check and paid the bill—which amounted to a mere \$23.50—for the magazine order."

After returning to the Gamma Phi house, where she was reminded of the number of phony magazine salesmen who prowl the countryside taking advantage of trusting souls like herself, Betty began to get worried. A call to the Fiji house quickly put two men on the trail. After a bit of Sherlock Holmesing, the salesman was located at Pullman, selling magazines to a friend of whom Betty had told him.

Being ardent football fans, a bunch of the Sigma Chi brethren were holding a post game session in the chapter house living room Saturday night. As so often happens, the hour grew late, and the chooping boits could be heard before the session began to break up.

About three in the morning Jim Rice, a visiting foreman from U. of Washington, and no relation to the Phi Delt of the same name, decided to call it quits and get some sleep.

But after preparing for bed, Jim found to his dismay that all the beds on the sleeping porch were occupied, so clad in his Coopers, he wandered back downstairs to report his plight to the brethren.

Always on the alert to provide for their guests, the Sig who was still up brightly suggested that he could share the guest room with former Argonaut Editor Jack McKinney. So down the hall to the guest room they walked, arm in arm, and after awakening McKinney, announced that guest Rice would like to share the bed for the night.

Constitution Additions

(Editor's note: The following two ASUI amendments were passed at the student body election last fall, but were left out of the constitution published in the freshman handbook by some error. It was recommended at the last executive board meeting that they be published in the Argonaut and students are requested by ASUI President Milton Eberhard to clip them out and paste them in the freshman handbook. They come under article VII, section 4 of the Nominations and Elections and should be classified as Election Procedure, according to Eberhard.)

AMENDMENTS

Providing for two merit examinations to be held each year: one for the purpose of selecting an Election Board for class elections; the second to select an Election Board for ASUI elections.

The following rules shall govern these examinations:

1. The examination board shall be appointed by the Executive Board to be bi-partisan.
2. Any student registered in the U. of I. who is eligible for participation in ASUI activities may take this examination.
3. Participant applications shall be identified by number until after rating is determined.
4. Questions shall cover (1) election rules as set forth by the ASUI Constitution; (2) rules for amending the Constitution of the ASUI; (3) all election board rules adopted by the Executive Board which are effective at the time of the examination.
5. To be eligible for appointment applicants must not receive less than a certain minimum grade, which shall be established by the Executive Board and the examining board with due regard to the type and length of examination given.
6. The merit rating of applicants shall be separated into partisan lists after the papers are graded.
7. Appointments and the filling of vacancies shall be made from these partisan lists: an equal number from each party appointed in order of their rating. If either party fails to qualify a full quota of members for the election board, the position or positions shall be left vacant for that party.

AMENDMENT:

1. Ballots shall be numbered consecutively, in duplicate.
2. Ballots to be approved, printed, checked, and locked up under supervision of election board chairman and vice chairman but no political party shall be denied a representative upon presenting a petition, requesting such representative, from the Executive Board. The chairman and vice chairman shall be provided from different parties.
3. Number of ballots shall be certified at printing office and checked at polls before voting begins. Numbers shall be checked after election; numbers of ballots voted checked and these totals checked against each other. Written check must be kept by election board and vice chairman, to be presented to the Executive Board with report of procedure and election returns.
4. Ballot boxes shall be unlocked in the presence of the election board and locked again in their presence.
5. Ballot box when filled shall be sealed and left at all times in the custody of the election board unless other arrangements satisfactory to all members of the board be made.
6. When polls are closed, counting shall begin and shall not be stopped until finished, unless otherwise specifically provided for by the Executive Board by a two-thirds vote, in a meeting just prior to election day.
7. Ballot boxes must be full, to the satisfaction of every member of the election board at the particular poll.
8. Any election board member has a right to raise objection to election procedure, and such objection must be recorded on procedure report that is to be turned in to the Executive Board. (Record kept in duplicate by chairman and vice chairman.)
9. All ballots, both used and unused and the report of the chairman and vice chairman shall be kept for one year, and upon request shall be presented for inspection to any member of the ASUI.
10. Upon request of party representatives, two stamps for official stamping must be used, one stamp to be provided by each party and presented to the election board at opening of polls.
11. Any dispute arising in the election board meetings over the interpretation of these rules or over any election procedure shall be immediately referred to the Executive Board. Executive Board must agree by not less than a two-thirds majority vote.

"That's all right with me," yawned McKinney, "but you better wait a minute till I ask my wife about it."

A college education may fit a man for a position—it does not necessarily entitle him to one.

Men Leave Monday

Among selective service registrants leaving Monday for induction centers are former students, David Pace, Bonners Ferry, and Sykes Gilbert, Dorset, Vt.

Here's More About—ASSEMBLY

was a New York Times correspondent at Geneva and observed and studied the failure of the League of Nations. The results of these observations resulted in "Union Now." He also served on the foreign staff of the Philadelphia Public Ledger.

The scheduled program, according to Dean Kerr, will include an opening number by the band, "The Vanished Army," a march by Alfred; announcements by Dean Kerr, President Dale's address, Mr. Stritt's address, another band number, "Intermezzo from L'Arlesienne Suite," Bizet, and the presentation of awards by President Dale.

Seniors To Study Grass Ranges

Twelve range management seniors, accompanied by Dr. Vernon A. Young, professor of range management, and Pershing Blaisdell, class instructor, will travel by truck to picked areas in the Palouse grasslands to continue close hand study of various types of ranges and the results of improper grazing methods practiced on them.

They will visit a virgin range grassland area and an overgrazed range, and will then determine the difference between the two in the size of grass plants, in the number of species, and in the root systems of the plants studied. Students will note the danger of overgrazing to the production of a general forage crop and will determine the economic loss resulting from such range practices.

Taking the field trip today are Bob Kliever, Edward Erickson, Bill McMillan, Wayne Lutz, Ed Noble, Terry Payne, Lyle Price, Harold Saastad, Hal Watson, David Wilson, Dave Malsted, and Duane Town.

The senior range management class returned Thursday from a two-day field trip which included a study of the grass ranges of the Snake river, where they made a similar study of over-grazing conditions.

Thompson Travels

Travel is "old stuff" to Will Thompson, class of 1937, who has travelled 20,000 miles in two years on the road heading and acting in "The Theater of the 15," road show company which has been playing to capacity crowds during the last 24 months.

After graduation Thompson joined the Pasadena Playhouse in California and after two years teamed up with "The Theater of 15," which plays to Florida audiences 25 weeks a year during its southern season and three more eight-week seasons in the north.

Army To Examine Air Navigators

The army cadet air corps-examining board will be in Moscow, October 4-8 to examine applicants for the army air force, university military department officials announced yesterday. This board has also been authorized by the war department to examine applicants who wish to become navigators in the air corps.

The qualifications for an air corps pilot are that the applicant must be single, have no dependents, be between the ages of 20 to 27, have two years of college by December, 1941, or the ability to pass an equivalent examination, and be able to pass the physical examination given by the board.

The qualifications for the course given in navigation are in general the same, except that physical is not as rigid as the one given the pilots.

The board will meet in the R.O.T.C. headquarters in Memorial gym. Students interested in taking the examination should report to the gym.

Couch Needs Men For Foil Team

Several men will be needed to fill all the places on the fencing squad according to George Redford, student coach. Redford reports that of a squad usually numbering about seven, there are only three veterans who have indicated that they will work for places on the squad this year.

Those who are planning to turn out for the squad are Redford, George Hackney, and Allan Foster. All are award winners from last year. The team will participate in northern division Pacific Coast conference meets.

NATION-WIDE RAIL-AIR SERVICE

They all cheer Parker's SUPER-CHARGED Pen —a Third More Ink than average of three well-known sac-type pens—due to revolutionary One-Hand Sacless Filler

The Pen with the smart Arrow Military Clip and the Oil-Smooth, Lubricated Point that won't wear scratchy in a lifetime!

No matter what pen you may happen to be shown first, don't make the mistake of making a purchase until you have seen and tried the Parker Vacuumatic—there is nothing else like it.

This is largely due to the Parker Laboratories, staffed by able scientists in physical metallurgy, chemistry, engineering. No other pen-maker we know attempts the research and development that go on daily here.

Parker VACUUMATIC

Parker's Blue Diamond on the pen is our Life Contract unconditionally guaranteeing to service the pen for the life of the owner except for loss and intentional damage, subject only to a 35¢ charge for postage, insurance, and handling, provided complete pen is returned for service.

Today, in the world of science, it is known that Parker achievements mark the march in Pen progress.

Known far and wide as THE JEWELS of PENDOM, Parker Pens and matched Pen and Pencil Sets are the choice of 50 million people.

So remember, don't buy until you try Parker. Parker's Blue Diamond is a Life Guarantee Contract—makes pens so marked cost less than the poorest.

The Parker Pen Co., New York, Chicago, San Francisco. Factories at Janesville, Wisconsin and Toronto, Canada.

- 1—Parker's 14 K Gold Point is utterly different, finer-textured and much less brittle than ordinary 14 K Gold.
- 2—It is tipped with oil-smooth Osmidium, developed under the direction of Dr. Robert Pickus, chief Parker metallurgist, former instructor of metallurgy at Yale University.
- 3—Parker's One-Hand Sacless Filler—a basically better principle and the easiest of all to operate—makes room for about a third more ink than the average of three well-known sac-type pens, and substantially more than any one of them.
- 4—Parker's patented Television barrel lets you SEE when your pen needs refilling.
- 5—Parker's smart laminated styling—streamlined Point and Jet RINGS—as shimmering as velvet—is wholly exclusive.

Maximum, \$10
Major (Illus) or
Dobulante, \$8.75
Junior or Sub-Dob,

\$9.75 to \$3

CLEAN YOUR PEN AS IT WRITES BY USING PARKER QUINK, THE PEN-CLEANING INK, 15¢ AND 25¢

Grid Game Draws Record Crowd To Neale Stadium

Saturday's homecoming game drew the largest crowd in the history of Neale stadium, according to figures released from the office of graduate manager Gale Mix yesterday. Mr. Mix estimated the crowd at 10,000.

Crowds jammed Moscow all Friday and Saturday, and hotels, halls and houses were filled with guests over the weekend. Alumni registration was at the Hotel Moscow, but exact figures are still indefinite.

Dances at Memorial Gymnasium both Friday and Saturday nights found capacity crowds attending, and down town stores were crowded both days.

"I wish to express my thanks and the thanks of the alumni to the students of the university for the fine enthusiasm and cooperation which made homecoming a success. Also thanks to Graduate Manager Gale Mix, to homecoming committees, decoration committees and to house chairmen." Bill Olson, alumni secretary.

A special train from southern Idaho arrived in Moscow Saturday morning, bringing a large number of former students and alumni, and the state county commissioners meeting in Coeur d'Alene cancelled its Saturday afternoon sessions, releasing many more to attend the game, among them Gov. Chase Clark.

Homecoming decoration prizes were awarded Phi Gamma Delta for the men and Kappa Kappa Gamma for the women at half time during the game.

Honorary membership in Blue Key, upper classmen's honorary, was given to Walter York, Boise, past president of the alumni association, and Stanly Easton, Kellogg, at half time of the game.

Four bands were featured in a parade through town and the campus Saturday morning, and at half time at the game. Bands featured were the university band, Wallace high school, Kellogg high school, and Coeur d'Alene high school.

Members of the Coeur d'Alene athletic roundtable provided half-time entertainment with a parade featuring members in Scotch kilts and Paul Bunyan, a giant lumberjack.

Two alumni gatherings were featured during the weekend. An alumni luncheon was held Saturday noon, with Gov. Chase Clark as guest. Members of the alumni association board of directors met with Alumni Secretary Bill Olson after the game.

On behalf of Coach Schmidt, the team, the yell team and myself, I wish to thank the student yell section which did such excellent work at the game Saturday. The do or die spirit of this section to the very end of the game was very impressive. It impressed the alumni to a great extent also. For the other two home games we will again have the student yell section." Ozzie Welch, yell king.

Elsie Kopenig provided intermission entertainment at the alumni dance Saturday night in Memorial Gymnasium. She was featured with Norm Thue and his orchestra, Spokane. "Red" Jensen and his orchestra played at the Inter-collegiate Knight dance Friday night in the gym.

Wicks Sets Date For Basketball

One starter, and four other lettermen are the members of last year's basketball squad around whom Basketball Coach Guy Wicks will begin building his first Vandal squad in the middle of October. The Vandal casaba coach said last night that his first call would be issued about October 15. "Ray Turner is the only regular starter, but there will be lettermen, George Steele, Ted Thompson, Jimmy Foster, and Von Hopkins, who will be out. They will probably be practicing twice a week, and the others will practice three times a week until the first week in November," Wicks said.

Other men from the freshman squad and transfers who will be eligible for play on the varsity squad as cited by Wicks are Bob Holt, Cliff Benson, Bill Bergeson, Ray Hoobing, Norman Fredekink, Howard Manson, Bill Eimers, and transfers Fred Quinn and Rudy Ryan.

Vandals Work Out for Oregon Tilt; Will Leave Wednesday Night

Idaho Vandals, losers in their first game of the season, leave tomorrow night for Eugene to tangle with the Oregon Ducks in what probably will be the toughest game on the Vandal schedule. Spotty in their game with Utah Saturday, the Vandals showed flashes of aggressive power that give promise of a better and smoother team before the end of the season.

In preparation for Friday night's struggle with the Webfeet, Coach Schmidt last night sent the Vandals through one of their toughest workouts of the season. The team will leave on the train Wednesday night.

The night meeting with Oregon will be the first game under the lights for the Vandals since 1932 when the Gonzaga Bulldogs were host to Idaho. The Vandals will run through a light practice drill under the lights of Hayward Thursday evening.

The game Friday night will probably be the toughest on the Vandal '41 schedule, but the coaching staff does have more than just newspaper reports of the team's strength to work on. Freshman Coach J. A. "Babe" Brown scouted Oregon as it neared upset Stanford Saturday. "It is Effective."

Sparked by four speedy backfield men, the University of Utah turned loose a brilliant show of "T" formation effectiveness to down the Idaho Vandal 26 to 7 at Neale stadium Saturday afternoon. Before the largest crowd in Idaho football history, the Vandals played a near-flawless first half and a strong third quarter, but crumpled before the attacks of the Utah Indians in the final quarter. The Vandals took first honors in scoring with a 74 yard drive in the second quarter, and Milo Anderson place-kicked the point to give Idaho a 7-0 lead at half time.

The Indians hit their warpath in the third quarter and late in that quarter Huck Adelt tossed a 20 yard pass into the arms of Mac Speedie, Utah end. In the fourth quarter Utah dominated the play with White and Gay Adelt taking passes for scores. Peterson kicked the point after the first two touchdowns but his last two attempts were blocked.

In the Idaho backfield, the offensive play, was dominated by Howard Manson, who handled the ball on 27 offensive plays. He passed 17 times. Backfield defensive honors went to Micklich who was responsible for many tackles. Lineman Cleo Rowe received praise from Schmidt and other Vandal boosters for his work. Other Vandals winning praise were Irv Konopka, Hank Crowley, Bill Locke, George Nixon, and Dale Clark.

Idaho's fall golf program is on the upgrade this year, according to Coach Frank James. Included in the coming campaign is a golf tournament for the benefit of the students who are interested in golf and those who plan a tryout for the team. He has not scheduled the tournament, but it will be in the near future and all interested students are asked to register at the club house as soon as possible.

"The material should be fairly decent this fall, with some of the men already showing good form," James stated, "but there will be no outstanding players, which is probably just as well." Stan Jones and Bill Holzer, only returning lettermen, will form the nucleus. Mentor James also plans to arrange matches with Washington State. "This has not been done before, but it should help members of both squads," the Vandal golf instructor added. James plans to confer with Washington State's coach this week on the possibility of the pre-season matches.

Golfers To Play Fall Tourney

Idaho's fall golf program is on the upgrade this year, according to Coach Frank James. Included in the coming campaign is a golf tournament for the benefit of the students who are interested in golf and those who plan a tryout for the team. He has not scheduled the tournament, but it will be in the near future and all interested students are asked to register at the club house as soon as possible.

20 Boxers Report For Workouts Under New Coach

Answering Coach Bob Knox's initial workout call yesterday were more than 20 varsity and freshman boxing aspirants who will seek berths on the Idaho ring teams. Coach Knox spent the afternoon issuing equipment and lockers to those turning out.

"The freshman roster is rounding out nicely and I expect to see many more aspirants turning out within the next few weeks," Coach Knox said.

General conditioning and roadwork is slated for ringmen for the next few weeks with freshmen working out daily and experienced men three times a week, according to Coach Knox.

Four varsity gridmen have announced their intentions of reporting for ring duty as soon as the football season is completed. Two gridsters, Chace Anderson and Vic Berilus, have had experience on Idaho's varsity squad while Cleo Rowe and Ed Keiper will be new to the Vandal ring team.

Varsity prospects who signed up yesterday are Bruce Brooks, Bill Williams, Roy Veltri, Sam Rosen, Warren Briggs, Watkins Kershaw, Don Hyder, Neils Pederman, Gordon Ross, Mickey Williamson, and Clark Chandler.

Freshmen prospects are Bob Pearce, Tom Wells, Earl Desolate, Bob Neill, Lowell Callistee, George Doyle, Denny Patrick, Virgil Brown, Ted Yocum, and Gordon Eggaard.

Skier Postpones Inspection

Kaare Engen, internationally known skier, who was to inspect the proposed Moscow mountain ski area Saturday was unable to come to the university then, according to Bill Olson, alumni secretary. A telegram from Engen informed Olson that he would be able to make the tour either the weekend of October 4 or 11.

The tour is expected to take about two days, and the skier will look for sites that will give Idaho skiers a variety of terrain. Slalom slopes, a downhill trail, practice slopes and a jump hill are included in the plans for the ski area. A large cabin and other shelters are also included in the plans.

MINOR AWARDS DISCUSSED

The intramural managers discussed a program for giving awards for minor sport champions. Heretofore, winners of table tennis, "B" basketball, golf, and other minor sports received nothing but intramural points for their achievements. It is planned to give a plaque or some other suitable trophy this year.

Two awards for last year's intramural accomplishments were given at the meeting. Alpha Tau Omega was given the plaque awarded annually to the outstanding senior manager for the work of Fred Lilje last year.

A drawing for positions in the four intramural leagues was made at the meeting, and groups were placed as follows: Division A, League I—Chrisman hall I, Campus club I, Idaho club I, Willis Sweet hall I, and Lindley hall I; League II—Chrisman hall II, Campus club II, Idaho club II, Willis Sweet hall II, and Lindley hall II.

Division B, League I—LDS Institute, Alpha Tau Omega, Kappa Sigma, Tau Kappa Epsilon, Delta Chi, Sigma Alpha Epsilon, and Beta Theta Pi; League II—Sigma

Division B, League I—LDS Institute, Alpha Tau Omega, Kappa Sigma, Tau Kappa Epsilon, Delta Chi, Sigma Alpha Epsilon, and Beta Theta Pi; League II—Sigma

Division B, League I—LDS Institute, Alpha Tau Omega, Kappa Sigma, Tau Kappa Epsilon, Delta Chi, Sigma Alpha Epsilon, and Beta Theta Pi; League II—Sigma

Ryan Sets Meets For Busy Cinder Season

An all-freshman track and field meet will inaugurate the cinder season for Vandal track candidates, according to Coach Mike Ryan. The meet, first of a series of intra-squad sessions planned for the Vandals, will be held October 14 and 15.

There will be 12 events with six held each night starting at 4 o'clock. One of these, the three-mile run, will be for upperclassmen, while the javelin throw will open to all students, both freshmen and upperclassmen. The other events to be held will be the 100-yard dash, 300-yard run, 600-yard run, 1000-yard run, 1 1/2-mile run, 70-yard high hurdles, 120-yard low hurdles, 12-pound shot put, high jump, and broad jump.

October 21 and 22 the freshmen will meet the sophomores in a dual meet with the same events. Coach Ryan urged as many freshmen as possible to turn out to strengthen their team for the contest.

Ryan also called for more upperclassmen to turn out. He emphasized the need for men in the javelin, broad jump, high jump, and both hurdle events.

"We have a prospective strong dual meet team and possibly a championship squad if we fill the holes in these events," said the Vandal mentor. "However, the candidates must turn out now. We have only a short fall season and it is too late to start in during the spring."

Babes Will Work For Grizzly Says 'Babe' Brown

Hard work was Coach J. A. "Babe" Brown's prescription for the Vandal football Babes yesterday after a three-day absence from his charges. Coach Brown said that he was not yet well acquainted with the potentialities of his team and that tentative plans call for scrimmages this week.

The Babes meet the University of Montana Grizzly Cubs at Kellogg October 18. The meeting will be the second for the two teams on Teeter's field. In the contest last year, the Babes won. LaVern Bell, assistant coach, working with the backfield, reports that the men are looking pretty good, that there are plenty of men for most positions. Coach Brown has moved James Swarbrick from fullback to the center spot, and now has two men, Swarbrick and Harold Seeds, at that post.

No workouts as team units have been held, but such workouts will come in the near future, he said.

Students Accompany Cows To Livestock Exhibition

Prize cattle and hogs from the university farm will depart today for Portland, where they will compete with other champion beasts from throughout the Pacific coast region in the 29th annual Pacific International livestock exhibition held at the coast city October 4 to 11.

One carload of fat steers representing Herford, Shorthorn and Angus breeds, and a carload of hogs, Duroc and Polands, in both breeding and fat classes, will be taken. Ag school students last week competed among themselves for posts on the four judging teams which will make the trip to Portland, and members of the livestock judging team and the dairy cattle judging team have been disclosed by officials who superintend the elimination contests at the farm.

Representing Idaho on the livestock judging team will be Laurence Bradbury, Max Hanson, Howard Morrison, Keith Martinson, Wayne Sutton, and Shelby Williams. These men will judge beef cattle, sheep, horses and swine.

Ed Bodily, Wesley Jenkins, Reid Merrill, and Ray Chambers have been chosen for the dairy cattle judging team and will endeavor to bring laurels home to the alma mater through superior judging of dairy animals. Members of the agronomy and dairy husbandry judging teams have not as yet been disclosed.

Judging team manager Ed Bodily will lead the dairy cattle, dairy products, and livestock judging teams to Portland Thursday, in order to be promptly on hand Saturday when the competition opens. Members of the agronomy judging team, because their contest isn't scheduled until next week, will leave the campus several days later.

Prof. W. M. Beeson, Associate Professor of Animal Husbandry, Will Accompany the Livestock to Portland Today and Prof. D. E. Brady, Assistant Professor of Animal Husbandry, Will Follow Thursday with the Judging Team.

Prof. W. M. Beeson, associate professor of animal husbandry, will accompany the livestock to Portland today and Prof. D. E. Brady, assistant professor of animal husbandry, will follow Thursday with the judging team. Professor Brady will serve as superintendent of the college livestock judging contest, and of the 4-H judging and identification contest at the exhibit.

All animals out at the university farm underwent the rigors of public inspection Sunday when the ag students held open house for both fellow students and townspeople. Just before the departure for Portland, the animals were looking their best as a good size crowd passed through the gates to inspect them.

On exhibition were an all-American champion, two state champs, Idaho Klondike Honora and Idaho Echo Genevieve, and several other animals receiving recognition as superior producers.

Touch football officials reviewed results of the game with intramural director Leon Green Thursday. The meeting was called by Director Green to inform all officials of the rules and interpretations.

"This year's set of referees should be better and more competent than those of last year," Green said.

The touch referees requested that only three timeouts per half be allowed each team. The request was granted, thus replacing a new rule that teams should have an unlimited number of timeouts per half. The change was made to keep the game within a reasonable time limit.

Mat Team Gets Six Veterans

Return of six veterans for the wrestling team insures a team as strong as in past years according to Harry Juran, student coach. Juran asks that all students interested in trying for places on the team report to him for locker assignment and equipment Monday afternoon between 3 and 4 o'clock.

Juran, in issuing his announcement, urged that all interested freshmen report because the majority of the returning lettermen are seniors and men should begin to train for places on the team next year.

Veterans returning are Buhl Sutton, 131 pounds; Duane "Crunch" Morgan, 139 pounds; Jim Ellsworth, 155 pounds; Henry Juran, 165 pounds; Bert Akins, 175 pounds, and Don Swinney, heavyweight.

The two open positions on the team are the 148 pound post vacated by Denny Hess, graduated, and the 121 pound post. Another experienced wrestler whom Juran says may turn out is Ralph Russell, 148 pounds.

Men attending the meeting were George Steele, Vonley Hopkins, Stedwell Johnson, Jim Foster, Ray Turner and Ted Thompson. Most of these men were intra-mural officials last year.

Referees Review 'Mural Rules'

Touch football officials reviewed results of the game with intramural director Leon Green Thursday. The meeting was called by Director Green to inform all officials of the rules and interpretations.

ZENITH Radios MAC'S RADIO

Lend me a Minute and I'll give you back 15 seconds

Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. It's a hit.

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. It's a hit. IT'S CHESTERFIELD.

The big thing that's pushing Chesterfield ahead is the approval of smokers like yourself. Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos. Blended just right to give you more smoking pleasure.

But even these facts wouldn't count. If smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.

Everywhere you go they Satisfy
