

BUCKET BILLS.
Again the stark reality of the bill collector comes to the fore. As the twilight of the semester nears, university money receiving officials begin their frantic pleas of "Please Pay."

James Z. Marsh, manager of the Blue Bucket inn, one of those firms whose accounts must be paid before university credits will be given and before students register for the second semester, revealed a juicy morsel that may bite deep into the students' pocketbooks. Transcripts of all delinquent accounts at the Blue Bucket inn must be transferred to the bursar's office before the second semester registration and bookkeeping work done in that office.

Uncle Sam's army has riddled the bursar's office considerably and is now operating without a full force. Should the number of bills turned over to the bursar's office by the Bucket management exceed a reasonable number, there is immediate possibility of charging the delinquent accounts 50 cents for accounting expenses.

Most of the Blue Bucket bills are for small amounts—as small as 10 cents for a couple of cokes—but transferring the account to the bursar's office would increase the bill to 60 cents—for only two cokes.

ORCHIDS.
AWS officials in making plans for their annual AWS carnival have hit upon an idea for the disposal of excess profits off the affair that deserves favorable comment and a pat on the back. The AWS is donating half the proceeds of the carnival to the Red Cross and is using the other half to purchase a United States defense savings bond as a down payment investment for a log cabin on Moscow mountain to be used by any women's organization.

The need for some sort of a cabin or lodge off the campus has been evident for several years. It doesn't have to be elaborate—just someplace where students could stop on hikes, sleigh rides, picnics, and other outings. Perhaps this will be another step in the development of the Moscow mountain area as a playground for Idaho students.

PINCHING SHOE.
Frankly, the ASUI is financially in bad condition. The drop in enrollment this semester pared about \$2000 off the amount available last year. The expected drop in enrollment next semester probably will slash another \$5,000 off the income. Switching of the Rose bowl game to Durham, N. C., probably will mean about a \$7000 loss. No definite word has been received yet whether or not the other nine Pacific coast schools will share the Rose bowl's green petals with Oregon State.

The solution must be that the belt is tightened—that student organizations just can't spend as much money this year as last. The result has already been apparent in some instances. The operaetta was cancelled as part of the music department's saving; the Argonaut's going to press two hours later saves the ASUI about \$25 a month; the Pep Band show faces cancellation; and other economies are being effected.

Department supervisors and student leaders have been informed of the need to economize, according to Graduate Manager Gale Mix, and they have responded with plenty of cooperation. "They have been asked to try and cut down their own expenditures voluntarily," Mix explained. "Naturally some programs—especially minor sports—will suffer."

Drive Nets \$486 For Red Cross

A total of \$486.87 has been collected since the Red Cross drive was started on the campus, reported Dean of Women Beatrice Olson, in charge of the drive. However, these figures do not include the collections of the last two days and the faculty money which was handed in before the drive was begun. The total collection is estimated to be in the vicinity of \$700.

McKay Takes Post

Lewis McKay, graduate student of music, has accepted a position at Tekoa, Washington. Mr. McKay will leave at the end of the semester.

Students Sticking To Studies; Stay in School

Men students at the University of Idaho appear to be falling in line with the suggestion of national selective service headquarters that they continue their education until called for military service.

Withdrawals from the university since Japan attacked Pearl Harbor totaled only 20 more up to January 12 than on the corresponding date a year ago, said President H. C. Dale. Fifty-nine men were listed as having officially withdrawn on a report compiled by the registrar's office. This included the usual number of students who normally drop out before the end of the semester because of low scholarship, inadequate finances, and like reasons.

Volunteer enlistments in the nation's armed services, the air corps in particular, account for most of the increase. Some students have been drafted, but far more have been deferred by their local draft boards.

Beginnings of a farm labor shortage in Idaho are apparent in the fact that a few students have dropped out to help fathers operate farms at home.

Under a wartime rule recently passed by the academic council, students who enlist before the end of a semester receive proportional credit for work completed in passing courses.

CPT Course Open For Enrollment

Students interested in signing up for Civilian Pilot Training during the second semester should enroll at the office of Dean J. E. Buchanan of the college of engineering during the next two weeks.

This training is valuable for men who wish to become flying cadets in the army or navy air corps and may serve as the beginning of a lifetime career, according to Dean Buchanan. Charge for the training is \$50. Under ordinary conditions the course would cost approximately \$400. Expenses for the student work are \$25 for the course and about \$25 for transportation to the airport. Three hours of college credit are given for the course.

Birth Certificates.
Students who are interested in the course should send immediately for their birth certificates in order that they will lose no time at the beginning of the semester. Men under 21 years of age must secure the written consent of their parents.

Qualifications for the course are sophomore standing, 20-20 vision, normal hearing, good physical condition, and United States citizenship as shown by a birth certificate.

Dale Advises College Men To Remain in School

"Think twice before enlisting," was President Harrison C. Dale's advice to all university men at a special assembly Tuesday afternoon.

President Dale called attention to the increasing need for trained officer material in the navy, the marine corps, and the army, pointing out that at a recent conference with representatives of the war department and the navy department in Washington there was unanimous agreement that university students, particularly those enrolled in a very wide range of technical subjects, should by all means continue their university training.

He said that while he had been hesitant to give this advice at the university convocation held just after the outbreak of war, after conferring with the military authorities in Washington he had no hesitance whatever in urging students to stay in the university and that he made this recommendation on the basis of national rather than individual student interest.

Deferments Urged

He pointed out that directives have been issued by the national selective service administration to local selective service boards urging deferment for students whose numbers came up in the midst of a semester, pointing out that in the case of candidates for navy

Practicing Up on Their Spelling

Fully without the aid of Webster's classic three contestants in the Kappa Delta Pi spelling bee are shown here being tutored by "Teacher" Ace Griffiths in the fundamentals of the art. At the cran session are, left to right, Jean Cummings, Joe Zaring, Beverly Weber, and Griffiths, president of Kappa Delta Pi. The "bee" is being held tonight at 7:30 o'clock in the university auditorium. Proceeds will be turned over to the Red Cross.

'How Many Bathtubs, Mam?' Just One Survey Question

By Barbara Mears
"How many bathtubs have you, madam?" will be only one of the man questions which Moscow housewives will answer next Tuesday afternoon when the 135 members of Prof. Paul Hatt's sociology class begin their survey of city housing facilities. The program is being conducted to study possibilities of evacuating children from the coast.

After instruction on the proper approach from advanced sociology classes, the student surveyors will set out with their credentials and four-page forms. Each student will be assigned one square in which he will go from building to building inquiring into the possessions of the inhabitants.

The question will bring out many facts concerning household facilities which would probably otherwise be unknown to the average citizen. For example, Professor Hatt explained to his students that when inquiring into the number of bed units in a home, it is necessary to find out whether the bed is single or double. A single bed goes down on the questionnaire as one bed unit, but a three-quarter bed or a double bed must be entered as two units.

Olson To Head War Records Group

Alumni Secretary Bill Olson yesterday was named chairman of the newly appointed war records committee of the university, established to preserve university records during the war and obtain historical data. The committee discussed the elements of the program and the problems involved yesterday.

Other members of the committee are Dean Herbert J. Wunderlich, Lieut. John F. Lukens, Mary Belle Sweet, and Orin Fitzgerald.

Probably the most startling revelation is Professor Hatt's timely definition of a bed. A bed, according to Professor Hatt, can have everything from a down-filled comforter to beautyrest mattress, but it is still not a bed unless it is three inches from the floor.

Women Initiate

Three women were initiated into Phi Chi Theta, business women's honorary, Thursday evening at the Alpha Phi house. Initiated were Janice Andrews, Jean Mann, and Catherine Stover.

Student Cooperation Urged In Paper Saving Campaign

"Old newspapers, magazines, cardboard boxes, and discouraging quiz papers taken care of here." This is not the cry of some wayward junkman, but of the Civilian Volunteer bureau of Moscow. University students are being asked to save all their waste paper to aid the government with defense.

Clarence Childs, Moscow coordinator for the Civilian Defense Council, stated yesterday that the university is expected to play an important part in this city's paper saving campaign. Associate entomologist, Thomas E. Brindley and Vernon A. Young, professor of range management, are in

President Names Three Appointees To Fill Administrative Vacancies

Pay University Bills, Says Cashier

Students with bills outstanding to the university must pay them before they will be allowed to register for the second semester, Amalie Baring, cashier, announced yesterday. "These bills should be paid before the first of the month," she emphasized. "Warning is being given sufficiently in advance so that students will have time to obtain money from home."

Police Capture 2 Youths Involved In Campus Crime

Two Moscow youngsters—aged 11 and 14 years—this week were apprehended by Moscow police and confessed participation in 14 campus burglaries, according to Chief of Police Orville Crooks. The series of petty burglaries were begun on November 1 by the two youngsters—both old hands at crime, police report.

The two youngsters were caught Wednesday night when paying their third visit to Chrisman hall. Men in the dormitory had noted that money had been disappearing during the dinner hour from unlocked rooms, so a trap was set up to catch the thieves. The door of one room was unlocked, money placed on the table and a few men hid in the bedroom and clothes closet to trap the burglars when they entered the room. The boys were held until police arrived.

The boys admitted that they had raided Lindley hall twice, netting \$16; Chrisman hall twice for a loot of \$55; and Willis Sweet hall twice, picking up \$50. Other group houses burglarized were Idaho club, \$6; Delta Tau Delta, \$1.70; Kappa Sigma, \$3.80; Delta Chi, \$1.20, and Kappa Kappa Gamma, \$4.80.

Women To Initiate

The women's chapter of Lambda Delta Sigma met yesterday to discuss plans for initiations which will be held February 1. Twenty-one women will be initiated. A social hour followed the business meeting.

27 Spellers Are Ready For Tonight's Match

Twenty-seven contestants are now entered in the Kappa Delta Phi spelling bee set for tonight at 7:30 o'clock in the university auditorium, Ace Griffiths, chairman of the affair, said yesterday. Those entered in the contest had best be proficient if they expect to last, for there will be single elimination, he added.

"The slightest error will put a contestant out," Griffiths said. "In that way we can get down a bit of serious spelling in a hurry." Griffiths emphasized that all house presidents are urged to have their ticket money in at the Dean of Education's office between 3 and 4 p.m. today. He said that a member of the group will be there at those hours to accept the receipts. Tickets will be on sale at the door tonight, according to Griffiths. They will be 25 cents each. Every cent above what is actually needed to conduct the contest will be presented to the Red Cross as a part of the university donation for this year's drive. A representative of the local unit of the Red Cross will be at the meeting to accept the money. A trophy will be awarded to the winner at the end of the contest. Griffiths yesterday submitted rules for the contest. The following rules must be observed by all contestants.

AWS To Give Half Of Proceeds To Red Cross

Half of the proceeds from the annual AWS carnival to be held February 28 will be donated to the national Red Cross organization, Catherine McGregor and Doris Johnson, co-chairmen, announced yesterday.

The remainder of the proceeds will be used for the purchase of a United States Saving Bond, which will be used as the nucleus of a building fund for the construction of a weekend cabin on Moscow mountain to be used by all women's organizations.

The carnival will be held as usual in the upstairs ball-rooms of the Blue Bucket. Booths and concessions will be sponsored by the various organizations of the university. Red Jensen and his orchestra will furnish the music for dancing in the small ballroom.

Committees named by AWS president, Marjorie Thompson are: prizes, Catherine Stover, Lucy Adele Dillingham, Elinor Finch; queen contest, Adel Clemmer, Mary Lou Sherman; votes, Betty Armstrong, Mary Fran Marshall, Helen Campbell; money, Ruth Mardahl, Pauline Hawley, Macey Mott; dance, Justine Smith, Macky Colquhoun, Joyce Mercer, Winifred Hart, Mary Thurston; tickets, Miriam Maier, Maxine Williams, Billie Lou Kunter, Mary Elizabeth Scott; publicity, Virginia Young, Adene Hyde; booths, Barbara White, and Mavis Schuepbach.

Men To Entertain With Smoker

Freshmen who made a grade average of 3.00 or better at the nine weeks will be guests of Phi Eta Sigma, national freshman scholastic honorary, at a smoker Tuesday evening at 7:30 o'clock, at the Sigma Nu house, according to Sherman King, president.

George Smalley, junior adviser will give a short talk on the organization. Dr. Erwin Graue, faculty adviser, will be a special guest.

Northwest Debate Teams To Meet Here Next Week

Debate teams representing nine Pacific northwest colleges, will meet in a debate conference here on next Saturday, according to Coach A. E. Whitehead. Debating the question: "Resolved: that the federal government should regulate, by law, all labor unions," the teams will open the morning session at 10 o'clock. The afternoon session begins at 1:30 o'clock, in the administration building.

Deadline Set for Gem Pictures

Students who have not yet had 1942 Gem pictures taken or who have not yet returned proofs should do so as soon as possible, Associate Editor Don Carlson says. With the deadline for first-semester student's pictures set as February 14th, tardy students should make every effort to schedule sittings with either Hutchinson or Sterner's studios. "A last-minute rush is anticipated with second-semester students having their pictures taken at the same time," Carlson says. "However, students who have failed to keep previous appointments should re-schedule their sittings whenever it is possible."

Three university faculty and administrative posts this week were filled by President Harrison C. Dale to succeed men who have been called into national defense work or into the army.

Winston Goss, manager of the Student Union bookstore, was chosen acting purchasing agent for the university, taking the position relinquished by James Kalbus, ordered to active duty as a reserve officer and awaiting his orders this week to report to Fort Ord, Calif.

Dr. J. D. Forrester, head of the geology department, was appointed acting dean of the school of mines during the absence of Dean A. W. Fahrenwald, who left this week for Brazil and other South American countries to study mineral deposits for the United States government.

Staley To Be Acting Head.
Prof. William A. Staley will be acting head of the mining and metallurgy department and acting director of the state bureau of mines, positions also held by Dean Fahrenwald. Both appointments are for the period in which Dean Fahrenwald is away on his mission to speed up hemispheric production of vital minerals.

Goss will continue to exercise general supervision over the bookstore, but management of the store will be entrusted to Benny Lutz, present assistant manager. Goss' appointment is temporary—until Kalbus returns. Kalbus became purchasing agent as an advancement from the book store management two years ago.

Came From Copper Firm.
Dr. Forrester came here in 1939 from the Anaconda Copper Company. He is a graduate of University of Utah and holds a Ph.D. degree from Cornell. Staley is a graduate of the University of New Mexico.

No appointment has been made to succeed Kenneth Dick, chief accountant in the bursar's office. President Dale announced yesterday. No recommendation has been submitted from Bursar Frank Stanton to fill the post. Dick has been ordered to active duty in the army.

Spurs Make Plans For "Waddle"

At a luncheon meeting held Wednesday at the Bucket, Spurs made plans for the annual "Spur Waddle" to be held February 21, at the half time of the last home basketball game.

Before the new semester, two new Spurs will be tapped. They are to replace Jewell Morris, Kappa Alpha Theta, and Adene Hyde, Delta Gamma, who will not be here next semester.

LDS To Initiate 30 On February 1

Thirty-four men were pledged to the two men's chapters of Lambda Delta Sigma, Latter Day Saints organization. The organization will initiate 30 men February 1.

Those to be initiated are: Leeland Barney, Nalan Lee, Ross Moser, Mack Kennington, William Kerr, Wayne Cole, Norman Bartsche, Dale Dredge, Frank Jacobs, Bob Harrison, Merrill Stucki, Seth Jenkins, Stanley Mortensen, Ralph Findlay, Donald Jensen, Roland Hammer, Bob Briggs.

Joe Anderson, Dale Price, John Grimmett, Grant Davis, Wallace Daley, Howard Arrington, Mark Brown, Dale Dunn, Bruce Jepson, Reed Fire, Keith Moss, Ray Rigby, Ross Larson, Mike Maurdock, Mrs. Ross Larson, and Eldred Stephensen.

Spurs, Knights Begin Drive For March of Dimes

Spurs and Intercollegiate Knights will begin their drive for the March of Dimes at the beginning of next week, according to Maxine Grover, president of Spurs.

Dr. W. A. Halverson, head of the bacteriology department, who is county chairman of the drive to eradicate infantile paralysis, said the drive on the campus will be carried on in connection with the county drive.

Half of the funds collected from the drive will go to the national headquarters for scientific studies in large universities and hospitals, while the other half of the proceeds will remain here in the county to be used in case of an emergency. The money from the previous drives was used for the purchase of an iron lung which is located in Lewiston. This is the first year in which the university students have participated.

Finish on Birthdays.
The March of Dimes this year will begin next Monday and will finish on President Roosevelt's sixtieth birthday, which is January 30. The annual ball, which was always held in connection with the March of Dimes, will not be held this year.

Professor Halverson urged all students to contribute liberally to this cause because in the last three years over 26,000 young people have been victims of this disease, and it is especially pertinent that the college students should give money to help stamp it out.

Rabbi Addresses Church Council

Rabbi Levinson, Jewish Chautauqua speaker, spoke to the inter-church council yesterday on "What are we Fighting For?" He is being sponsored by the council.

Mr. Levinson is from Minnesota and has been at WSC for the past three days at their religion and life meeting. He represents the Jewish Tausqua.

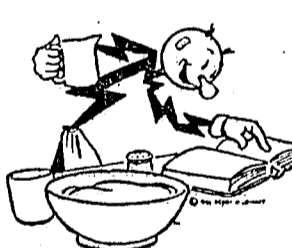

Mr. Levinson talked to several classes during yesterday afternoon. He had lunch at Willis Sweet hall, and left last night for the East.

Miss Sawyer Talks

Miss Edna Sawyer of the Farm Security Home Management Supervision, Moscow, spoke to the home economics seniors Tuesday. Miss Sawyer outlined the qualifications and background necessary for such work as hers.

Your Eyesight Is Priceless!

THE WASHINGTON WATER POWER CO.

Women Complete Ball Tourney

The senior volleyball team won the tournament last night by defeating the sophomore team 37-30. The gold color team also won their tournament by winning from the green team with a victory of 38-26. The girls on the winning teams will get 10 extra WAA points.

Kappa Phi To Take 34 New Members

Kappa Phi, Methodist college women's society, initiated 34 women Tuesday night at a candle light ceremony held at the Methodist church.

Initiated were Meredith Bowler, Bonnie Jean Brown, Beulah Butts, Betty Clumner, Virginia Dempsey, Ann Deobald, Charlotte Diamond, Margaret Dunlap, Frances Freeman, Pat Hannah.

Eva Harrington, Betty Hoffman, Virginia Holmes, Kathryn Holt, Lola Jackson, Marilyn Jones, Marie Leichter, Wilma Leichter, Jean MacRae, Joan May, Betty Moody, Barbara Malin, Patricia Palmer, Margaret Potter.

Barbara Ravenscroft, Betty Esnt, Bonnie Smith, Erma Smith, Ellen Shear, Maxine Slatter, Barbara Wallace, Elizabeth Watson, Millie Westendahl, and Betty Ann Woensner.

Officiating at the ceremony were Helen Hoffman, president, Joyce Mercer, vice-president, Rae Cleare, chaplain, Jean Beadles, first light bearer, Roberta Swanson, second light bearer, Helen Robertson, conductress, Joyce Beadles, organist, Billie Lou Kunter, Drexel Brown, secretary, and Miss Vada Allen, sponsor.

Business Students To Organize Club

Business students attended a joint social and business meeting Wednesday evening in the small ballroom of the Blue Bucket inn.

Dancing preceded the special meeting at which Dean W. J. Wilde and Miss Ellen Reiersen, both of the school of business administration, presented their ideas about combining all business students into a unified group which would include those who are now members of Alpha Kappa Psi and Phi Chi Theta, business professional organizations.

No date was decided upon to hold another meeting, but there will be another in the near future to make more definite plans.

Ritchie Urges Aid In Defense Plan

Miss Margaret Ritchie, speaking to members of Cardinal Key on defense efforts at a luncheon meeting Wednesday, suggested that, as long as defense projects are being undertaken by other organizations, members offer their services individually and as a group.

"The importance of going about usual tasks and maintaining morale is great though it has none of the excitement of other duties," she said.

"Enrollment in the defense courses to be offered second semester would be wise, for there will be no doubt be plenty of opportunities for application of the knowledge gained by aiding in defense efforts in your home town during the summer months," Miss Ritchie concluded.

Members decided to table previous plans for a benefit dance until the matter could be brought before the Defense council.

Department Meets

The department of music will hold a meeting Saturday morning at 10 o'clock in Science 110. They will read through Gilbert and Sullivan's "The Yeoman of the Guard." All interested students are invited to attend.

DANCE

The campus will have a new matinee dance spot this afternoon when O'Meara's, campus coffee shop, opens up the dancing floor in the back rooms of the establishment. The announcement was made yesterday by Bill O'Meara.

Paul Cawley's orchestra will play for the opening dance this afternoon, presenting an informal "jam session." Following the first dance, a majority of the dancing will be through the medium of a nickelodian, O'Meara said.

He said that there would be a large floor space available for dancing and that it would be open daily from 4 p.m. to 6 p.m.

Canterbury Picks New President

Canterbury society, Episcopal student group, Tuesday elected Bob Robson president for the coming year. New vestry members replacing seniors on the Vestry are Robin Sutton, Jane Douglas, Charles Code, John McCormack and Don Riley.

At a joint meeting of the old and new vestries, plans were made for next semester's program. Discussed were a dance to be given in the early part of February, and an ice skating party to be held with the Pullman Canterbury chapter.

100 Seniors Attend AAUW Program

One hundred senior women and 60 regular members of the American Association of University Women were guests at the Idaho club Tuesday night when the annual entertainment for senior women was given.

Miss Lelia Lavin, one of the staff of Eastern Washington college, Cheney, gave an address on the human and material resources of the Pacific northwest.

Entertainment was furnished by the university men singers under the direction of Robert Walls of the music faculty.

The rest of the program was devoted to a demonstration of a regular A.A.U.W. meeting.

WSC Club To Fete Idaho Dames

The Washington State college Dames club will give a tea in honor of the University of Idaho Dames club January 25 from 3 p.m. to 5 p.m. at Pullman, announced Mrs. Arthur Kleinkopf yesterday.

Those who wish to attend the tea are asked to call Mrs. L. C. Cady before noon January 17.

The University of Idaho Dames club, organization for wives of university students, sponsored by the Faculty Women's club had its first meeting of the new year this week. Newly elected officers are Sarah Dillman, president; Martha Hill, vice president; Grayce Forsythe, secretary; Prudence Burlison, corresponding secretary; and Donna Taylor, historian.

Program numbers included a talk by Miss Janette Wirt on India and the showing of several reels which she took there during her visit.

Attic Club Meets

Attic club met Thursday to make plans for this year's Attic club yearbook. The possibility of having a campus dance was also discussed.

Concert Band To Conduct First Program Tuesday

If students of bygone years were to return and hear the concert band in its concert Tuesday night, they undoubtedly would be surprised at the changes time has brought. According to one member of a decade ago, the organization was then composed entirely of ROTC students.

That the standards of performance have been raised considerably since then is attested by the persistent legend of the clarinet player who, having broken his reed, found it unnecessary to buy another for the rest of the year. He merely went through the motions of blowing and fingering, sans reed!

Band Membership Increases.

The number of men and women students playing in the band for elective credit or no credit, rather than military bands will exist for the first time as completely separate and independent organizations, following a plan worked out by Lieut. Col. Jones, head of the department of military science and tactics; Prof. A. A. Beecher, head of the music department, and Prof. Lee Gibson, band director. The Concert band will then be open by tryout to all university students, including military band members who may enroll in the concert band as an elective subject. This plan will also allow military band members, at their own choice, to attend military science classes during the winter months and qualify for advanced ROTC.

Program Includes Marches.

Tuesday's program will include a variety of concert and march selections including: "Elsa's Progress to the Cathedral," from "Lohengrin," by Wagner; a lively march arrangement of "The World is Waiting for the Sunrise," by Lockhart-Seitz; a trumpet trio, "The Three Trumpeters," by Agostini.

Jean Bonneville and Judith Rupp, drum majorettes, will demonstrate their twirling prowess, and Prof. Beecher will lead the Vandaleers and the band in "The Ramparts We Watch," and a musical setting to the "Pledge of Allegiance."

Tanner Addresses Church Council

G. S. Tanner, ministerial adviser last year, talked on "The Relation of Inter-church to Campus" at the inter-church council meeting Wednesday night at the Blue Bucket.

Dean Herbert Wunderlich gave a short talk on new ideas and Prof. E. M. Million was faculty guest. Karl Esplin presided at the meeting and Virginia Viera led the singing. All members gave short extemporaneous talks.

Seven churches were represented. At the meeting were the Christian, Baptist, Nazarene, Methodist, Presbyterian, LDS, and Lutheran representatives.

Dean Olson To Talk To Home Ec Club

Dean Beatrice Olson will speak at the regular meeting of the Home Economics club today, according to Marjorie Thompson, president. Her subject will be "The part the American university woman can play in the field of national defense and general Red Cross work."

As part of the program, Evelyn Failor will sing a group of songs. Lucy Adele Dillingham and Mavis Schuepbach will report on Red Cross work now being done by the organization.

To Conduct Clinic

Meitha Heitman, vocal instructor in the music department, will conduct a vocal clinic at Lewiston normal, Saturday, January 31.

Ritchie To Speak On Nutrition

Miss Margaret Ritchie, head of the home economics department, will speak today on "The public school's responsibility in nutrition in national defense," at a joint meeting of the home economics methods and nutrition classes.

The subject matter of her speech will center on school lunches. Miss Ritchie will show the importance of the existence of a school lunch for even the smallest schools, the possibilities of such meals, and the amount of work which the state of Idaho is accomplishing in this field.

Communique Comment

With the Argentine delegate muttering in his corner, the Pan-American conference of foreign ministers got under way in Rio de Janeiro yesterday afternoon. In his speech at the opening session, Sumner Welles made it clear that Washington expects more active co-operation by the South American republics in its struggle against Japan and the Axis.

Since 1933, Roosevelt and Hull have striven to cut down distrust of the Colossus of the North among our southern neighbors. Latin American suspicion of the U. S. is natural in the citizens of weak states living under the shadow of a world power that has had its imperialistic moments in the past.

Roosevelt's "Good Neighbor" policy and the withdrawal in 1933-34 of the U. S. marines occupying Haiti and Nicaragua have increased Latin American confidence in the intentions of Washington. But the Axis agents at Rio de Janeiro will seek to exploit the traditional fear of Uncle Sam in the southern republics.

Welles holds a strong bargaining position at Rio because of the dependence of Latin America on the U. S. and Britain for shipping, export markets and industrial products at this time. Threats of British-American economic pressure may swing even Argentina into line.

Campus Caricature

By Fritz Meagher

Shocking

It was a shocking affair, the hour of dancing that followed the formal dinner at Hays hall Wednesday night. Sparking aplenty was going on all evening, and right under the approving gaze of Mrs. Louise Platt, too. Yes, it was a very shocking affair.

One theory proffered to explain the proceedings was that shuffling feet generated static electricity which was stored in the persons and clothing of the dancers. When two of the live wires came in contact the charge was grounded, and the sparks flew. Yes, it was a very shocking affair.

Callboy Lament

The following bit of doggeral was found attached to the call list on the bulletin board of one fraternity house this week. The author may have a point.

"Don't grumble in the morning When the world looks sour; Think of the call boy— He's been up an hour."

Coke Crisis

The stark reality of war gripped the campus Wednesday and yesterday when it became evident that the three leading refreshment establishments were out of coke syrup, and student routine was due for serious interruptions for a few days. This disaster can be compared with the lack of rubber, tin, aluminum, and the burning of Rome.

No greater shock could have come to the campus unless it would be seeing the Japanese navy skipping over the peaceful wavelets of Paradise creek.

OPM started the whole thing and seems to be treading on dangerous ground. No wrath is greater than that of a collegian deprived of his substitute blood stream. OPM deems it necessary for coke to be used in governmental works. Whether the syrup is going to be used in the manufacture of gun powder, or as a rust remover has not been revealed, but it obviously is for some worthy cause, or OPM would not have tinkered with it.

The strain has been partly removed with the cheering news that shipments by barrel are expected from Spokane today, but what the future holds in store for coke enthusiasts is cloudy. To figure out a substitute for coke is difficult, since there are so many possible combinations of materials that could produce the same thing; however, many of these materials are also on OPM's list.

Once the shortage becomes acute coke drinkers will have to either drink coffee or dream up a drink of their own. Nature's drink, water, is overlooked in the rush. The possibilities of what a dearth of coke would mean are quite evident when, after being deprived only one day, a collegian croaked between parched lips: "This is Awful."

—T. C.

Mike Ryan Calls Cindermen For Workouts

Initial training program for Idaho track candidates will begin next Monday afternoon with all students interested urged to turn out. The gymnasium floor will be open to tracksters from 2 o'clock until 4 in the afternoon.

Workouts will be light until February 19, taking up only a few minutes each day, and will serve mainly to get the thinclads accustomed to the board floor of the gymnasium. Students who wait until spring to turn out will be just that far behind in their training, Coach Mike Ryan emphasized. Men for all events are wanted, as there are many places open on the team.

Starting February 19 a regular program of drill will be worked out. Ryan once again pointed out the value of track training in national defense activities.

"We can handle all who wish to come out, and if they have the ability we have a place for them on the team. If they don't have the ability, it will serve to prepare them for the long hikes and marches which comprise a great part of military training," said Ryan.

Wunderlich Speaks To Men's Council

Dean of Men Herbert J. Wunderlich addressed members of the inter-fraternity council at their meeting Wednesday night, explaining the scholarship ratings of fraternities on 176 campuses.

A discussion of Idaho fraternities and the war was the subject during the business session. Raymond Lawrenson, pianist, and Robert Walls, tenor, will present a concert for the Spokane Musical Arts society in Spokane, Friday, January 30.

ENLISTED

Phil Leibowitz, former Vandal track star, and Pacific coast mile champion, enlisted in the air corps as a mechanic January 15. Leibowitz was tentatively assigned to Camp Upton, Long Island.

The slender Brooklynite ran the fastest outdoor mile in the nation last year with a 4:00.3 effort for a new coast record, and finished fourth in the recent Sugar bowl mile at New Orleans. He had been running for the Ohrbach A. A. in New York.

Idaho Matmen Vie With Cougars In Opening Meet

Headed by Captain Hank Juran, defending northern division 165 pound champ, Idaho's grapplers invade Pullman tomorrow for their first test of the season.

Although the army and poor grades have weakened the team, Juran expressed confidence that it will make a good showing. Duane (Crunch) Morgan, undefeated in high school and college competition has left school while Archy Larson, Ross Miner, and John Werkowski have enlisted in the Marines.

The final varsity lineup includes Laurence McGonagle, 128 pounds; Bob Roskelly, 135 pounds; Bud Elmore, 145 pounds; Jim Ellsworth, 155 pounds; Juran, 165 pounds; and Russ Lindstrom, 175 pounds. The heavyweight position will be decided this afternoon in a bout between Irv Konopka and LaVern Bell. Konopka defeated Don Swinney, 1941 letterman, yesterday to win the right to meet Bell.

Siddoway, McGonagle, Roskelly, and Elmore are all green men and this will be their first taste of college competition: "All show promise," said Juran, "have lots of fight and are anxious to go."

The final frosh line-up shows them without a heavyweight. "However, the rest of the team shows lots of promise," Juran observed yesterday, "and should give a good account of themselves." Outstanding men are Eldon Brown and Austin Hanny, 145 and 155 pounders. Juran expressed the opinion that Brown has the makings of a champion.

Ralph Russell, 165 pounds, and John Reeves, 175 pounds, both have experience and should prove tough to beat. Charles Christensen, 121 pounds, Irv Weingarten, 128 pounds, and Reed Tucker, 136 pounds, complete the team.

BOARD POSTPONES MEETING

The ASUI executive board postponed its regular meeting this week because so many members of the board attended the Mortar Board banquet that a quorum could not be obtained, according to ASUI President Milton Eberhard.

Instructors List New Courses

The department of physical education for women will offer two new courses next semester, one in camp leadership which will be directed by Miss Margaret Mylne, instructor in physical education, and one in country dance under the supervision of Mrs. Frances Bascom, instructor in physical education.

The first course, PE 53, will aim at training prospective counselors in the organizing of camp programs. If appointed as a counselor to a camp the following summer after completion of this course the student will receive additional university credit.

The country dance course, PE 102, will train men and women in the direction and calling of square, long, and round dances. The demand for recreational leadership in this type of dancing is great, as country dancing has gained wide popularity during recent years.

The class will meet for two hours each Thursday evening next semester and will carry one hour's credit.

Teaching a new Army old "tricks" in telephony

The telephone plays a vital role in army communications. So the Bell System is helping to school Signal Corps men in practically every phase of telephone construction, operation and maintenance.

This training job is but a small part of the tremendous task Bell System people are doing in this national crisis. They're setting up telephone systems for new camps, bases and factories—handling an enormous volume of calls needed to coordinate the Nation's war effort.

Throughout the country, Bell System people are wholeheartedly cooperating in the drive for victory. To men and women of their high caliber, there is real satisfaction in a difficult job well done.

Cougars, Vandals Will Clash At Pullman Tomorrow

Vandal Cagers Point for Initial Win Against Cougars Tomorrow Night

Idaho's basketball team, twice beaten by Washington's Huskies, will try for their first win of the season tomorrow evening at 7:30, clashing with Washington State in the Cougar gymnasium. Preliminary battle will be between the Idaho and W. S. C. freshmen.

Coach Guy Wicks has been drilling his hoopsters all week in order to have them ready for the Cougars. Sickness plagued the Vandal squad, however, dimming hopes for an Idaho victory.

"Unless George Steele, Ray Hoobing, and Ted Thompson recover from their minor illnesses our last forward, Norm Fredekind, will be taking over the forward spots by himself," said Wicks. "However, we hope to be at full strength Saturday night."

Washington State returned from a hazardous Oregon tour with an even split with both Oregon and Oregon State, and will be trying to increase their win total. After the strong Idaho showing against Washington, Jack Friel has been drilling his team for a hard fought game.

Sophomores form the nucleus of the Cougar five with Gale Bishop and Al Akins both holding down regular positions. Bishop is leading the northern division in scoring. Marvin Gilberg, junior letterman will team up with Akins at forward, while the guard posts will be in the hands of Captain Kirk Gebert, only returning regular, and letterman Owen Hunt.

Probable starting lineup for the Vandals lists Ted Thompson and George Steele at forwards; Ray Turner at center; and Ernie Craner and Von Hopkins at guards.

Four Men Named To Foil Team

Having completed the ladder tourney to decide team positions, Idaho foil men meet W.S.C. fencers tomorrow afternoon in the men's gymnasium in Pullman. George Redford, team captain, said last night.

"The first four men on the tournament's ladder will make the trip," Redford said. Redford, Francis Nonini, Ed Budris, and Ike DeKoff are to compete against W.S.C.

The final bouts of the tourney gave George Hackney a win over Sherman King, and King won over Melvin Rigdon, Redford said. Final standings of the ladder tourney are Redford first, Nonini second, Budris third, DeKoff fourth, Hackney fifth, King sixth, and Rigdon seventh.

Idaho Center Rates High In Northern Division

Ray Turner, veteran Vandal center, jumped into seventh place among conference scorers with his 26 point foray against Washington last week. Washington State with four men in the first seven, dominates the scoring leaders, but the Cougars have played four games to two for the other clubs.

Gale Bishop, W. S. C. sophomore center, has scored 40 points for first place, followed by Kirk Gebert and Marv Gilberg, also of the Cougars. Porky Andrews, veteran Oregon guard, is in fourth place and leads in average points per game with 32 marks.

'Mural Slants

Willis Sweet II staved off a great last half rally by Lindley II last night to win 29-26 and cop the division A championship. Lindley trailed 16-9 at the half but came back strong in the last half to make a game of it. Maginity, Willis Sweet forward, led scoring with 11 points. In other games, Idaho I defeated Idaho II 40-26 as L. Aldrich scored 12 points. The Betas, paced by Rutman with 14 counters, beat Lambda Chi 28-18. Willis Sweet won a forfeit from Campus club I and Chrisman I won the same way from Campus II.

A feature of Wednesday's games was the Lindley II, Idaho II game, won by Lindley II 22-20 in two overtime periods. Peterson won the game for Lindley with a set-up after tying it up 12 seconds before the gun with a push shot from the key-hole. Basket, Lindley, and Stan Olson, Idaho, were high with 8 apiece. Chrisman II beat Willis Sweet II 28-13 as Baroska tallied 9 points. Sigma Chi defeated the Fijis 27-20 on the strength of Leonard's 13 points. Idaho I upset Lindley I 29-21 as Clark dunked six field goals for 12 counters, and Jackson and Holder led Sigma Nu to a 46-24 victory over Lambda Chi with 19 and 18 points respectively. Chrisman I forfeited to Willis Sweet I.

Quinn scored 25 points Tuesday night but couldn't save SAE from a 37-27 defeat by Sigma Nu. Delta Chi beat the Fijis 30-23 as Fulton paced them with 12 points. Lundy scored 12 markers to help Kappa Sigma to a 35-19 triumph over ATO. The Deltas were defeated 26-15 by the Tekes as Condit and Glabe scored 17 points between them, and Sigma Chi continued its winning ways with a sound 37-16 win over Lambda Chi. B. Campbell, Sigma Chi, was high with 16. In yesterday's table tennis matches, the Tekes, Lindley I, Phi Deltas, SAE, Willis Sweet I, and Willis Sweet II triumphed over LDS, Idaho I, the Deltas, ATO, Chrisman I, and Chrisman II respectively.

Rifle Team Drops Match to WSC

Idaho's rifle team ran into their first defeat of the season Wednesday evening falling before Washington State 1794 to 1780 in a shoulder to shoulder match at Pullman.

Previously the Vandal sharpshooters had vanquished the Cougars in a shoulder to shoulder match 1800 to 1775, and were unbeaten in three starts. Armour Anderson, Vandal letterman, was high for the match with 375, while Hyslop led the Cougars with 371. Following Anderson for the Vandals were Gene Bassett 362, Bob Seale 352, Bob Roins 348, and Earl Crea 343.

Skiers Need Snow For WSC Meet

Snow must fall tonight or tomorrow night if the Vandal and Cougar ski teams are to race at the Emida ski bowl this week-end according to a decision made by skiers and team managers from the two schools. Lack of sufficient snow in the ski bowl will cause postponement of the informal meet that had been planned for tomorrow.

Bill Brown and Jack Numbers, place winners on the Idaho state team, will not compete in the western states meet at Sun Valley they announced yesterday. Transportation facilities and expenses were not available and the two Vandal skiers will not make the trip to compete in the Jeffers cup races. Numbers placed third, and Brown fifth in qualification races and jumping at McCall last Sunday.

Lack of snow depth on nearby slopes may prevent the Idaho team from practicing this week-end, Bob Bonomi, team manager reports. However, he said that if sufficient arrangements can be made the team may travel to snow.

Freshmen Clash with WSC; Defeat Kellogg 45-35

With their first game behind them, the Vandal Babes began preparing for their game Saturday evening with Washington State's Cougar Kittens at Pullman. Wednesday evening the Vandal Babes opened their season by tagging a 45 to 35 defeat on the Kellogg All-Stars in the Kellogg high school gymnasium.

Washington State, coached by Ray Sundquist, ex-Cougar star, will be making its first start of the season. Last year the WSC yearlings swept the four game series with the Idaho freshmen.

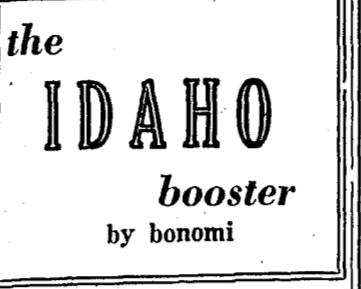

Coach Babe Brown, taking two full teams on the Kellogg trip, used them both in the victory. Brown alternated his two teams every ten minutes, as the Babes led all the way. Halftime score was 25 to 20, and the All-Stars never came closer than three points.

Jim Swarbrick bucketed three field goals and four free throws for high point honors, followed by Del Owens and John Evans with nine and eight points respectively. Ringle and Wellins scored six points each for the All-Stars. Ray Obendorf, freshman guard, was ejected on personal fouls.

Summary: Idaho Fresh (45) vs Kellogg (35). Stats for Owens, Ryan, Gano, Swarbrick, Jones, Stratton, Hansen, Costa, Oberdorf, Totals, Kellogg, Pierce, Ringle, Nelson, Wellins, Chaney, Meneley, Seters, Neville.

Evans Interviews Chem Students

T. W. Evans, representative of the Shell Distributing company, subsidiary of the Shell Oil company, was on the campus yesterday interviewing chemists and chemical engineering students for possible positions with his firm. He is from Emeryville, Calif., and has been touring western states the last few days.

Vandals and Cougars clash this weekend in what might be almost an "all out" attempt to down each other. Almost every team but the football, tennis, golf, and ping-pong teams are slated to battle it out on the Cougar ground this week-end. Here they are: Idaho is slated to meet the Washington State teams in boxing, wrestling, fencing, swimming, skiing, the varsity and freshmen basketball teams are to clash, and even the sport staffs of the two papers are planning to battle. All in all, it is going to be a big week-end for the boys.

Challenged Again!

What ho! From the Cougar lair and from the cougarling who guides the home-town publicity and propaganda for its sporting men comes a little notification—special delivery too—that the sports editor of the Idaho Argonaut is challenged to get himself a team of his helpers who are versed in the art of tossing the casaba and meet the Washington State Evergreen sports staff in a contest of basketball on the Pullman court on the afternoon of Saturday, February 17.

And of course, said challenge shall not go overlooked, in fact it is snapped up with glee, for the Argonaut is ready. The teams are to be selected from the staffs of their respective papers and the Argonaut is not lacking in material. A potential varsity is among the members of the Argonaut staff.

Open this paper carefully to the third page and look at the names of the men listed there. And realize that those men can not only provide this paper with copy, but they, too, can drop that leather apple through the hoop. With that as a starter, the Argonaut should be able to get into

BROADCAST Vandal Mitt Team Faces Veteran Cougar Club

Idaho-Washington State boxing and basketball contests are scheduled to be broadcast over the Cougar station, KWSC, according to an announcement from the office of the graduate manager.

The fights are scheduled to begin at 8 o'clock tonight, and the basketball games will be broadcast starting with the preliminary contest between the two freshman squads. The varsity game is set for tomorrow night and is to start at 7:30 o'clock.

Students are advised to take their ASUI books to the fights and games in order to be admitted at student rates.

Washington territory with about enough men for a starting line-up. Team selections will be made by blind ballot on the morning preceding the game and a short but very intensive drill in the fundamentals of basketball, football, baseball, and ice hockey will be given the team members in the five minutes they will be on the floor before the game. It has been agreed that no 'ringers' are to be used in this game. The Staters claim that they still have crippled as a result of the game last fall. (Paul Ryan was top Idaho writer at that game.)

And so the Vandalville lads say, "On Guard, Pullmanites! Prepare to dig for your paper, or at least for your sports staff. They'll be snowed under."

The Argonaut team has been working out individually, at no time are two members of the team allowed on the floor at the same time. We'll have a team of the most individualistic players on the Pacific Coast, and after defeating the Cougars, will be gladly waiting to receive a challenge from any other legitimate college sports staff in the conference. All we will ask is a guarantee of travel expenses, food, and dates.

Of course, the fact that there are several events also scheduled for the main floor of the Cougar gym at the same time will probably deter neither the Evergreen or Argonaut staffs. Argonaut supporter, you can be assured that the Vandal will not be dismayed because of a wrestling match, nor will he hesitate to dribble between

Vandals' inexperienced fighters will enter the ring in the men's gymnasium at 8 o'clock in Pullman tonight with one match already forfeited, Bob Knox, boxing coach, said last night. Idaho forfeited the heavyweight fight because Cleo Rowe, football letterman, is not ready. Five sophomores, one junior, and one senior will match wits as well as punches against the Cougar ringmen.

Tank Teams Will Swim at W.S.C. As Minors Meet

Idaho tankmen meet Cougar swimmers in the men's gymnasium tomorrow afternoon in Pullman with Idaho entering varsity and freshman teams consisting of five men each, Bill Piedmont, swimming coach, said last night. Three of Idaho's best swimmers will not compete. Don Anderson will be unable to compete because of a cold, and Ralph Hollingsworth and Steele Barnett are ineligible, Piedmont said.

"We are handicapped because we have so few swimmers, Piedmont said. "Ordinarily a team should have two men in each event but we have only five men." George Ioset, who has been ill, is back and will bolster the freshman squad, Piedmont said.

Work on Turns.

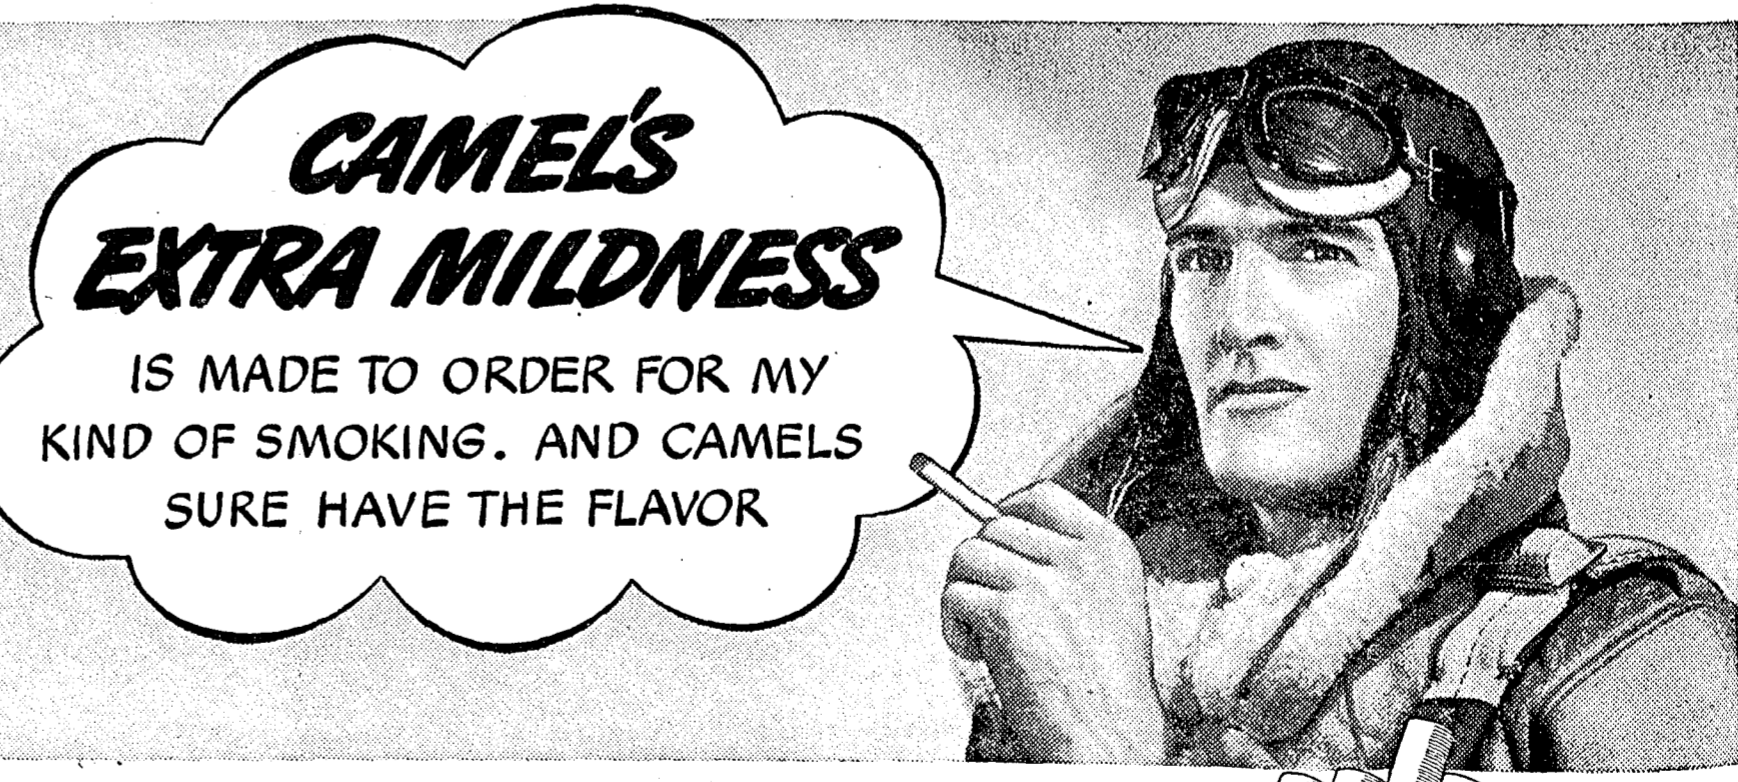

"Team members have been working on starts and turns this week and have improved, and once we get Hollingsworth, Barnett, and Anderson back on the squad we should have a fair team," Piedmont added.

Varsity squad members are Art Acuff and Bill Bond who will swim the 50 and 100 yard sprints; Allen Felt in the 200 yard breast stroke. Byron Thomas and Jerry O'Connor are to compete in the 220 and 440 yard distances.

Freshman team members are Emil Tacosky and John LeMoyné, who will swim the distances. Addison Foss and Jim Stone will enter the sprints, while George Ioset will compete in the 150 yard back stroke.
