FRIDAY, MAY 22, 1942

## ASUI May Erect New Clubhouse on Golf Course

A portable construction house will be moved to the university course this week to be used as a storage room for golf clubs and where golfers may place their shoes, Graduate Manager Perry Culp announced. He indicated that efforts are being made to construct a permanent clubhouse and locker room for the golf course.

The portable construction house is 20 feet by 20 feet and is being used to store golf clubs and shoes. The crowded condition of the present clubhouse, Culp said, is being improved. Graduate Manager James, university professional, is working on tentative plans for a permanent club house which would include men's and women's showers and ample locker room. Architects plans will be in the future, Culp said. Nothing lavish is planned for the clubhouse, he said.

A permanent clubhouse for the course is quite far off in the future," Culp stated, "but we're doing everything financially possible to improve the course. If present traffic on the course continues, we'll need an increase in clubhouse facilities soon."

## Poller To Direct Pershing Rifles

Bernard Poller has been promoted to the rank of lieutenant colonel and will command the 10th regiment of Pershing Rifles at year, according to word received from regimental headquarters yesterday. Poller succeeds Cody Berterson who graduates this year. Charles Sweetwood was promoted to the rank of captain and will hold the post of regimental adjutant. He succeeds Poller at post.

## Kappas Get Plaque for Intramurals

Kappa Kappa Gamma won the annual intramural plaque, presented by the women's "I" club last year to the residence having the most intramural points. The award was announced last night at the WAA banquet.

Thirty seven women were judged before the dinner and during the banquet "I" sweaters and "I" blankets were awarded to women who have earned the required points this year. Miss Mette Wirt was presented a blanket in appreciation for her cooperation this year. WAA also presented Mrs. Frances Bascom a gift.

## Foresters To Pick Leading Student

Outstanding forestry student of the year will be selected by the forestry club at its meeting next week. The winner of the award will receive a paid up junior membership in the Society of American Forestry.

The name of the forestry student who will have his name engraved on the Xi Sigma Pi plaque in Morrill hall for making the highest grade average in the school of forestry during the year will also be announced next week.

## Homecoming Chieftains

Gene Luntley, left, and Jay Garner, right, this week were named co-chairmen of next year's Homecoming celebration by ASUI President Harry Lewies. The Homecoming celebration will be held September 26 when the Vandals meet Oregon State in the first game of the year. Garner and Luntley have not formulated any plans for the festivities, but will get a good start on the plans this spring.

## Sailors Begin Social Life At Dance Saturday

No longer need the Idaho men fear losing their girl friend at the navy relief dance Saturday night, because sailors are coming with their own dates, Sennett Taylor, dance chairman, disclosed last night.

It began when one of the navy men called Mary Fran Marshall to get more details on the dance. Doris Johnson took the call, was impressed by the nice approach, and volunteered to settle the "boy meet girl" problem. Consequently, some 25 women will escort their sailor dates to the dance, and break the ice for future acquaintances.

Difficulties arose in the matchmaking as most of the prospective seamen are short.

### Dutch Treat.

Everyone goes "dutch" on expenses to the dance, Taylor stresses. Tickets are going fast in most of the women's houses, it has been reported.

Tickets are 55 cents each—men and women buy their own, and the navy men pass the ticket booth unhindered since their uniform means free admittance. The dance will begin at 9 o'clock Saturday night in the SUB ballrooms.

Several women are planning to attend the dance without dates, and a mixing program is being worked out by the committee chairmen. Besides the regular mixer dances, girls' tags will be called so that the navy men can meet a cross section of campus personnel.

### Expresses Gratitude.

Lieut. Comdr. J. A. Buchanan, officer in command of the trainees, has expressed his gratitude to the ASUI for undertaking the project which will provide athletic equipment for the navy men.

The Moscow chamber of commerce voted to support the benefit campaign when it gets underway down town this week. It postponed a dance that was scheduled for Saturday night and which, it was thought, would interfere with attendance at the Bucket affair. Donations will be solicited from businessmen this week to reinforce the recreation fund, and successive drives will be carried out.

Sigma Alpha Epsilon Thursday announced the pledging of Henry Noel and Frank Hveem.

## Riflemen Choose Bassett Captain

Gene Bassett was elected captain of the local Pershing Rifles unit at a meeting Tuesday night. Captain-elect Bassett was a lieutenant in the company this year, and has been a member of Pershing Rifles for three years. Bassett replaces Bernard Poller who will command the company next year.

Richard Campana was elected executive officer, and Jean Milar and Clyde Littlefield were elected platoon leaders with the rank of lieutenants.

## Idaho Man Participates In Air Raid on Tokyo

Clayton Campbell

## Argonaut May Be Changed To Large-Sized Weekly

The possibility that the Argonaut may suspend publication of one issue a week and return to the standard-sized format next year was expressed at the ASUI board meeting Tuesday night by Graduate Manager Perry Culp, Jr.

Culp pointed out that because of the anticipated drop in enrollment, the lack of experienced journalists returning to school, and the anticipated drop in advertising revenue that the Argonaut may be forced to publish only one issue a week, in order to save money. Converting to a weekly basis would be possible only by an ASUI constitutional amendment. A special executive board meeting has been called for Saturday evening at 7 o'clock to discuss further the possibility of a change.

**GEMS**  
All students who have signed for Gems are asked to call the graduate manager's office and report their summer addresses, according to Graduate Manager Perry Culp, Jr. Only 1200 yearbooks will arrive on the campus before school is out and the rest will have to be sent to students who didn't obtain their book in the first rush.

The second shipment of Gems is expected here about the middle of June, according to Culp and will be sent to students as soon as possible. The first shipment will arrive May 30 and will be distributed that morning and afternoon. All Gems that must be shipped to students will come C.O.D. postage, Culp said.

## Miss Heath Wins Two SAI Awards

Three annual Sigma Alpha Iota awards were given last Tuesday when the women's musical honorary held its last recital of the year at the home of Mrs. Carl Claus.

The certificate of honor, given to the senior with the highest scholastic average for the four years, and the Sword of Honor, given for good standing and work in SAI for four years, were awarded to Marian Heath. The Miriam Kennard ring, given to the outstanding worker in the chapter each year, was given to Jean Mann.

Carolyn Norris, pianist, and Jo Anne Tretner, coloratura soprano, gave the musical recital.

During the evening a farewell service was given for the seniors, Marian Heath, Joanne Finley, and Margaret Potter.

### Drop Paying Jobs.

The dropping of two paying jobs on the Argonaut was also visioned by Culp. The positions to be slashed from the payroll would be the sports editorship and the news editor post. Both positions now pay \$1.50 an issue. A constitutional amendment also would be necessary to affect the proposal.

ASUI President Harry Lewies indicated that the executive board may put in a special wartime amendment, similar to the war amendments concerning elections that were passed earlier this year, and at the class election next fall have students ballot on the amendment. The executive board discussed the plan but no action was taken.

### Ask For Dean Jeffers.

The executive board voted to recommend to President Harrison C. Dale that Dean D. S. Jeffers of the school of forestry be re-appointed faculty advisor for the ASUI. Dean Jeffers has served as faculty advisor for several years.

Appointed to the rally committee for next year were Ladd Hamilton, Barbara Mears, Drexel Brown, Paul Cawley, Rex Phillips, and Bob Desaulniers, Maxine Grover, Rex Blewett.

The board voted to reduce the size of the freshman handbook for next year. Culp pointed out that since Mary Ellen Hartigan, who was appointed editor last fall, had left school that he would handle the handbook himself.

Idaho honored her second war eagle this week when the war department announced that Clayton J. Campbell, graduate of 1940, had been awarded the Distinguished Service Cross for participation in the daring April bombing raid on Tokyo.

Campbell was a member of Tau Kappa Epsilon fraternity and received his degree of bachelor of science in the department of architecture. A sister, Helen, is a senior this year, living at Forney hall.

Clarence "Mac" MacPherson, also a member of Tau Kappa Epsilon, was decorated this spring with the Distinguished Flying Cross for escaping with his airplane from a Japanese-held airport. "Mac" was the first Idaho student reported honored for outstanding performance in the line of duty.

Campbell enlisted in the army air corps upon graduation as a lieutenant and was assigned to Oxnard field, Calif. He then went to Pan-American field, Fla., and has been stationed since at McChord field, Tacoma, Geiger field, Spokane, and Pendleton airfield, Pendleton, Ore.

The group of 79 flyers with which he flew volunteered for a dangerous mission not knowing they were going to be "dropping eggs" on Tokyo, and followed Brig. Gen. Jimmie Doolittle in the raid. According to press dispatches, the airmen cut a swath of destruction 20 miles long and 5 miles wide through the center of Tokyo, unloading bombs on four industrial plants.

Campbell married Mary Stephens, also an Idaho graduate, in the spring of 1941.

# Communique Comment

On Wednesday, Sir Stafford Cripps lived up to the best old-school-tie tradition in his new role as defender of Prime Minister Churchill for the latter's conduct of the war effort. His challenging replies to critics of the Tory premier testify to his loyalty to the principle of Cabinet unity and to his unselfish desire to preserve harmony at Westminster. The War Debate in the House of Commons has closed and Churchill's ministry remains intact, but the brave words of the ex-Laborite Lord Privy Seal do not seem to have checked the ground swell of bitterness and discouragement among the British masses.

The recent defeats of Coalition candidates at parliamentary by-elections at Grantham, Rugby and Wallasey indicate that large sections of the British electorate are not satisfied with their country's organization for war in this spring of 1942. Caustic attacks on the favored position occupied by certain big-business interests in the war-time government controls are becoming more frequent. Serious defects in the war-time government controls are becoming more frequent. Serious defects in the preparations for defense against a German invasion have been uncovered. Editors and reporters are ruffled by the rigidity of war-time restrictions on the expression of opinions critical of the government.

Britain's present House of Commons with its large Tory majority was elected in November, 1935. A month later, the Hoare-Laval Pact put a heavy dent in the prestige of the Conservative party. Four years later, the failure of appeasement destroyed the faith of many Britons in Neville Chamberlain and his Tory colleagues. The average age of the members of the House is over 60, while the burdens of military action and of production are being borne largely by the men and women under 40. The younger group is weary of promises that lead only to further promises; it is weary of "strategic withdrawals" that add up to defeats. The entrance of Cripps into the War Cabinet in February raised some hopes, but even Sir Stafford's own supporters realize that one Independent cannot generate action from a ministry and Commons dominated by the party machines of the pre-war period.

Straws in the winds over Central Europe indicate that Hitler may be planning an invasion of England for the summer of this year, using glider and parachute troops in large numbers. If that assault comes, Churchill can be certain that his countrymen will show once again the heroism that baffled the Luftwaffe in 1940. Britishers today recognize that 1942 may bring a blitzkrieg to their homeland that will make 1940 seem child's play in comparison. This realization makes them all the more determined to see that the laxness and complacency that helped to lose Singapore and Burma are not undermining the effectiveness of their own defenses.

## Kinnard To Head Pre-Med Club

Kenneth Kinnard will head the local chapter of Alpha Epsilon Delta, national pre-med honorary, for next year. Kinnard was elected last Tuesday.

Other officers elected were Dorothy Follett, vice president; Jean Boyington, secretary; Harley Greaves, treasurer; and Ed Tuleck, historian.

## The GOLDEN FLEECE by Jason

This is a story about college women, and one sorority blonde in particular. It is written especially for those who "know all about college women."

The story had its beginning in the slating of the navy dance for this Saturday night. The sailors were invited, of course, but no one had gotten around to figuring out what to do about dates for the boys. It was presumed that they would come stag, if they came.

So, the ticket chairman for the dance was a bit surprised earlier this week when our particular college gal called up and inquired if it would be all right to get dates for the navy men. He certainly had no objections, if it could be done.

Well, it could be done, and was, rather neatly. All on her own, the college woman called up the navy head to see if there were any objections from that end. There were none. Then, she proceeded to find out how many of our group of 50 naval radio trainees would like to have dates for the dance. Twenty were interested.

Those twenty men will come to Saturday night's dance escorting a college woman. And they and the university, host to these men, owe a vote of thanks to the big-hearted little blonde, who made the Idaho "hello" more than a hollow phrase.

This woman had no place on any of the committees for the dance. It was all on her own initiative—no axes to grind, nothing personal. She's going steady, fellas.

We like the tone that has been set by the actions of this woman and other college women. We were glad to hear the earlier statement by the dean of women to the effect that navy men would have all the privileges of college men in dating. This is as it should be.

To those few college women, who worry about social prestige, the Fleece would point out that many of their accepted college men may soon be wearing a uniform. To those few males, who may be disgruntled: "Do you know where you will be next year?"

## Artists Prepare Yearbook

The Atticana, yearbook of the art department, is being edited by Bob Jensen and will be ready for publication late this month. It will contain a collection of lithograph, etching, block print, and silk-screening done by members of the art department.

## Chemical Engineers Elect Smalley

George Smalley was elected president of the student chapter of the American Institute of chemical engineers at a meeting Wednesday. Virgil Haynes was elected vice president, and Donald Holder, secretary-treasurer.

The student speaking award for the past year was also presented to Smalley.

## Presbyterians Will Dedicate New Church Building Sunday

Formal dedication ceremonies for the new First Presbyterian church building will be held Sunday, with the Rev. James Millar, D. D., of Portland in charge.

Dedication program began Wednesday with a public dinner and Thursday evening a special program was sponsored by the Presbytery of Northern Idaho.

This evening's program beginning at 7:45 has been planned especially for university students. Dean D. S. Jeffers, dean of the school of forestry, will represent President Harrison C. Dale, who is out of town. Miss Myrtle Leonard, assistant professor of music, will sing. The Rev. O. LeRoy Walter, D. D., local Presbyterian minister, will talk.

The new building is open for inspection at any time, and any university students may attend the dedication programs.

Dr. Millar, who will have two services Sunday, is the representative of the Board of Christian Education of the Presbyterian church for the Northwest. He was formerly a member of the faculty of the College of Idaho.

Sunday morning's dedicatory service will be at 11 a.m. Prof. Hall Macklin and Prof. Robert Walls, both on the music faculty at the university, will present a special organ and vocal recital in the church at 4 p.m. Sunday.

## Dalda Tau Gamma Initiates Eight

Eight women were initiated into Dalda Tau Gamma, town women's organization last Monday night. New members are Eilene Ainslie, Pauline Ainslie, Harriet Eockman, Jerry Finnell, Phyllis Lowe, Anne Erker, Gloria Heisner, and Barbara Ravenscroft.

Joyce Beadles and Ruth Vanouck, seniors, were honored by the club at a luncheon Wednesday.

## Miss Tucker Ties Of Rush Rules

Sorority women next fall have the two-weeks period between August 28 and September 13 to call on prospective members according to Joyce Tucker, president of the Pan-hellenic.

She added that regular rules will apply with the exception that four girls will not be considered a party unless over them are active sorority women.

Rush week next fall will be September 25 and pledging take place October 1.

## Mortar Board Set For Initiation for 9

Mortar Board will initiate women at its annual sunrise ceremony Sunday morning at 7 o'clock. Following the initiation will be breakfast at O'Meara's. Those being initiated are Carolyn Rachel Swayne, Jean Mann, Fran Marshall, Helen Wilson, Iene Deobald, Rena Eecher, and Macey McGreggor.

# Lindley Wins 'Mural Title; ATO Takes Second Place

First place in intramural for the 1941-42 year went to Lindley hall which finished the season with 1545 points, 155 ahead of Kappa Sigma which had 1390. Third place went to Alpha Tau Omega with 1380 points, Lindley teams clinched first place by winning third in the golf play which ended this week. The large four-posted intramural trophy will be engraved with Lindley's name and presented next fall.

## AWARDS

Anyone who expects any kind of an ASUI award—freshmen track, varsity track, golf, baseball, debating or other activity—should leave his summer address at the graduate manager's office before leaving the university, according to Perry Culp, graduate manager. Culp explained that because of the late placement of orders for these awards and the slow delivery caused by the war, the awards will have to be mailed to the students this summer.

Not one of the major sport intramural championships were won by Lindley, although the touch-football, riflery, horseshoe and softball teams garnered top point awards. The table tennis title was the only campus championship won by Lindley. The teams were never more than 65 points away from top honors in any sport, the lowest ebb being in swimming when they took only 140 out of 200 points.

ATO and Kappa Sigma who were close behind Lindley preceding the golf play finished in seventh and tenth places respectively. Sigma Nu won the golf; Phi Deltas placed second; Lindley third; and Sigma Chi, fourth. Sutton Gets Award.

Buhl Sutton, Lindley senior intramural manager, was awarded the intramural key which is presented annually to the outstanding intramural manager. The award is based upon attendance at managers' meetings, cooperation, and managing ability as demonstrated by handling of teams.

Major sport all-university championship awards will be presented to Chrisman hall for touch football; Willis Sweet, basketball; Phi Gamma Delta, swimming; ATO, track and Kappa Sigma, softball.

Lindley's win this year was by a greater margin than the Willis Sweet victory over ATO last year. Willis Sweet last year scored 1575 points, 35 more than Alpha Tau Omega.

Leon Green, intramural director, reported last night that 967 men had participated in intramural programs this year. He said that this was a drop from the number that had competed last year, but pointed out that several of the living groups had dropped completely from play this year.

Mr. Green said that many of the men had competed in more than one sport, but the number 967 indicates the actual number of different individuals who had competed during the year.

Other final point totals are Fijis 1255, Sigma Chi 1230, Idaho club 1150, Betas 1035, Willis Sweet, which was forced to drop from horseshoes, softball and golf, 910, SAE 895, Chrisman hall 770, Delta Tau Delta 735, LDS 730, Phi Deltas 730, TKE 725, Delta Chi 715, Campus club 570, Lambda Chi 195, and TMA 120.

## Navy Ball Club To Play Idaho Exhibition Game Tomorrow

Ballplayers from the navy detachment here will meet the Idaho varsity in an exhibition game at 10 o'clock tomorrow on MacLean field according to Coach Guy Wicks, Idaho mentor. The next regular conference games on the Idaho schedule are with the University of Washington Monday and Tuesday. Both games are set for 3:30 p.m.

The entire Idaho pitching staff will appear against the navy tomorrow morning and Coach Wicks said last night that he expected to use every man on the squad during the game. He said that several regular players will be absent because of final examinations or other interferences.

Veto Berillus was named as the probable starter for the first game of the Washington series here. Berillus went onto the Idaho mound twice in two days as a relief pitcher against OSC, winning one.

Other positions on the team will be as usual, said Coach Wicks, except that Jim Patano may be replaced in right field by Rudy Ryan if Washington's Coach Tubby Graves should use a portside pitcher against the Vandals.

Named as battery for the Navy last night were "Doc" Stillman and J. C. Holmes. Other places on the Navy team will be filled by S. Hosfall, J. Gardner, M. See, G. Stiles, C. Silliman, M. Conner, P. T. Houk, H. Halverson, or G. Peahrson.

Guy Wicks announced that there would be practice for the baseball team tonight.

## Students May Get Blanks for Term

Students who expect to enroll for the summer term are urged to fill out applications for registration either at the registrar's office or in the office of their dean. Registration for the 12 weeks term will be held June 8.

Time schedules listing the courses offered are now available in the registrar's office.

## Dr. Folz To Leave For Federal Post

Dr. William E. Folz, assistant professor of business administration, will leave Idaho next Sunday or Monday for his new post in Washington, D. C., where he will serve as economist in the department of foreign and domestic commerce.

He will assume his new duties in Washington on a leave of absence from Idaho which will extend for the duration, according to Dean Willard Wilde, dean of the school of business administration.

## Hank Crowley Sets Batting Pace

Hank Crowley, first baseman for the Vandals, is the leading hitter with an average of .317 according to statistics released last night by Wynne Longteig, senior baseball manager. The statistics show that the team average has been boosted to .206.

On the debit side of the ledger for the Vandals is a mark of 63 errors as against 72 hits. Most errors have been charged to Howard Manson, 18, while Gerry Pedersen and Jack Tewhey follow with 10 and nine respectively.

Pedersen also holds second spot in the batting averages with an even .300, having connected for 12 safe hits in 40 times at bat. Dale Clark, by means of four hits in nine times at bat in the past two games, has pushed his average from a lowly .166 to .243.

Jimmy Patano, only Vandal to have hit a home run this season, is in third place with an average of .268.

Hits, runs, errors, and averages for the Vandals are:

	AB	H	R	E	Avg.
Crowley.....	41	13	6	6	.317
Pedersen.....	40	12	6	10	.300
Patano.....	26	7	5	0	.268
Clark.....	37	9	3	2	.243
Tewhey.....	38	9	4	9	.237
Berillus.....	22	5	2	1	.225
Manson.....	33	7	1	18	.212
Lewis.....	31	4	2	0	.129
Jones.....	16	2	0	3	.125
Ryan.....	10	1	1	0	.100
Kalamarides.....	2	0	0	3	.000
Newell.....	7	0	0	3	.000
Parks.....	5	0	0	0	.000
Woods.....	6	0	0	0	.000

## Miss Hart To Head AWS Counselors

Winifred Hart was named chairman of the AWS counselors for next fall, at the last AWS meeting of the year, Wednesday. Counselors from group residences will be selected to aid new freshman women on the campus.

The council decided not to publish a Coed Code for freshmen next fall. At the close of the meeting Marjorie Thompson, retiring AWS president, was presented with a gift from the council.

## Business Women's Group Installs

Phi Chi Theta, women's business honorary, installed officers for next year at a meeting held Tuesday night. The new officers are Arlene Deobald, president; Eunice Deiter, vice-president; Catherine Stover, treasurer; Jean Mann, corresponding secretary; and Catherine McGregor, recording secretary.

The next meeting of the organization will be held today at 12:30 o'clock at the Gamma Phi Beta house.

## Work on Building For Navy Begins

Construction of another building similar to the University Classroom building is getting under way, said R. W. Lind, superintendent of buildings and grounds. This new building is being built across from Morrill hall and will be used by the navy for the duration of the war, after which it will be turned over to the university for classrooms. Removal of sod for the building began yesterday afternoon.

### UNCALLED FOR

All articles not called for in the lockers in the Women's gymnasium by 5 p.m. May 26, will be confiscated, according to Margaret Mylne, instructor in women's physical education.

# The IDAHO Booster

by dayle molen

Climax meet of the Vandal track season comes tomorrow in Seattle when Mike Ryan's squad fights it out with five other northern division schools in the annual championship meet. Northern division schools have little chance to come out on top in the Pacific coast meet, so team honors are usually determined in the divisional clash.

Idaho fans have had little chance to see the Vandals in action this year. Both home meets, against WSC and OSC, were run off in cold weather, and conditions foreign to track meet weather. This is a tough break for the Vandal cinder enthusiasts because Idaho chances for a victory this year are the best in years.

The meet looms as a wide-open six team fight, with every school given consideration for honors. Mike Ryan's team has the material, and with the few necessary breaks they should come through, despite injuries to key men. Washington, playing host to the coast schools, is the ranking favorite but the meet will be close, and we've come up with the dope that the Vandals will come out on top.

After a careful event by event survey through our crystal ball we've decided that the final results will be as follows:

100-yard dash—First, Clark, Idaho; second, Smith, Wash.; third, Scott, Montana; fourth, Gray, OSC.

220-yard dash—First, Smith, Wash.; second, Kampfe, Montana; third, Gray, OSC; fourth, Scott, Montana.

440-yard run—First, Long, Wash.; second, Fairbanks, Montana; third, Blair, OSC; fourth, Bowers, WSC.

880-yard run—First, Swanzey, Wash.; second, Nace, Wash.; third, Shinn, OSC; fourth, Thomas, Idaho.

Mile run—First, Williams, WSC; second, Wilson, Oregon; third, Fischer, OSC; fourth, White, Idaho, or Dwyer, Idaho.

Two-mile run—First, Dyrvall, Idaho; second, Williams, WSC; third, Wilson, Oregon; fourth, Chapman, Idaho.

120-yard high hurdles—First, Haley, WSC; second, Lewis, Idaho; third, Butler, Oregon; fourth, Clark, Wash., or Yovetich, Montana.

220-yard low hurdles—First, Haley, WSC; second, Butler, Oregon; third, Yovetich, Montana; fourth, Faber, Wash.

Shotput—First, Londos, WSC; second, Bell, Idaho; third, Harrison, Wash.; fourth, Robinson, Wash.; Niemi, WSC, or Lewis, Idaho.

Javelin—First, Piedmont, Idaho; second, Krieger, Montana; third, Haagen, Wash.; fourth, Chandler, Idaho.

Discus—First, Anderson, Idaho; second, Clawson, Montana; third, Dodge, WSC; fourth, Yantis, Wash., or Bell, Idaho.

High jump—First, Findlay, OSC; second, Newland, Oregon; third, Cole, Wash., and Mandic, OSC (tie).

Pole vault—First, Thomas, Oregon; second, Read, Idaho, Nail, Wash., and Frakes, OSC (tie).

Broad jump—First, Findlay, OSC; second, Yovetich, Montana; third, McCrae, WSC; fourth, Walton, Idaho, or Butler, Oregon.

Mile relay—First, Montana; second, Washington; third, OSC; fourth, Idaho.

It will take all the breaks the Vandals can get to pull them through. The competition will be tough and a few points either way may mean the difference in winning or losing.

One of the worst breaks to hit the Idaho squad was the leg injury of sprinter Dale Clark. Clark, leading by four yards at the 60-yard marker in the 100-yard dash at Missoula last week, found the muscles in his left leg tightening up. He still won the race by a hair from Grizzly speedster Arnold Scott in 9.9 seconds, but was forced to withdraw from the 220-yard dash. Whether Clark will be able to run at Seattle is still doubtful. Loss of valuable points in the sprints would put a damper on the Idaho cause.

After Idaho had opened its season by running roughshod over Washington State, it looked like the Vandals were in as division titleholders. Since then the situation has become blacker and blacker. Injuries, lack of practice, bad weather, and inconsistency have all shown up in the last two meets. Bob White, one of the coast's best milers last year, has yet to turn in a good race this year. Perhaps Saturday is the day when the tables will turn. Let's hope so.

## Dr. Havens To Visit Campus Monday

Dr. Glen Havens, Idaho graduate, will visit the campus Monday, May 25, to interview engi-

neers, physicists, chemists, and mathematicians for positions with the United States Rubber company at Detroit, Mich., for research, development, and production work on synthetic rubber and airplane parts.

# Coach Mike Ryan Predicts Close Race In Northern Division Track Meet

A seventeen-man Vandal track squad left early this morning by bus for Seattle where they compete in the northern division track and field championships Saturday. The Vandals placed third in last year's meet, and are given a chance to annex the title this year.

Coach Mike Ryan prescribed a program of rest for the Idaho track squad this week to see if he couldn't bring them out of the slump which has followed them since the WSC meet. No workouts were held Wednesday or Thursday while only light drills were scheduled Monday and Tuesday.

### Clark Injured.

The Idaho squad was still plagued by minor injuries but the only serious one was Dale Clark's sore leg. The husky Vandal sprinter has been unable to work out all week, and whether his leg would enable him to compete in the division test was still problematical. Clark was unable to run the 220-yard dash against Montana last Saturday after winning the 100-yard dash in 9.9 seconds.

All six northern division schools are about even, and anyone of them is a possibility to win the title, said Ryan. If the Vandals perform up to their early season standards they have a good chance of winning, the Idaho mentor stated.

Three Idaho trackmen have turned in the best marks in their respective events this year in divisional competition. Milo Anderson's 155-foot discus throw is the best record in that event, Joe Piedmont tops the javelin throwers with a 191 foot throw, while Clark's 9.9 century is the best in that division. Anderson and Vic Dyrvall are defending northern division champions in the discus and two-mile respectively.

### Defending Champs.

Other defending champions are Johnny Long of Washington in the 440-yard dash, Pat Haley of WSC in the 220-yard dash and hurdle events, Frank Londos of WSC in the shotput, and Don Findlay of Oregon State in the broad jump.

Members of the Idaho traveling squad are Clark, Dyrvall, Anderson, Piedmont, Jack Ragland, Sted Johnston, John Thomas, Bob White, Bob Dwyer, LaMarr Chap-

## Four Men Enter ND Tennis Meet

Four tennis players were named yesterday to compete in the northern division tournament being held at Washington State college this weekend. Drawings for opponents was held this morning at Pullman and play began following the pairings.

Those named to compete in the tourney are Elmer Jordan, team captain, Don Carlson, Dale Pollak, and Dale Reynolds. The team will be without the services of Bud Doane and Sumner Delana who are being held from competition by final examinations and Kent Barber who is taking entrance examinations for West Point.

The Vandals have met Oregon, Oregon State and Washington State in conference play this season, but have failed to win in any team events.

### NAMED GRAND PRIEST

Dean J. G. Eldridge, head of the department of modern languages, was named grand priest of the Royal Arch Masons during the four-day convention of three Masonic organizations in Weiser.

man, Dean Lewis, LaVern Bell, Earl Chandler, Richie Walton, Bob Pace, Gene Read, and George Steele. Manager Gene Lunty and Ryan will accompany the team.

## Alumni May Hold Last Banquet

What may be the university's last alumni day for the duration will be held on the campus May 30, opening three days of commencement activities.

William A. Olson, alumni secretary, will report at the annual business meeting of the association, which will be held following a luncheon at Hotel Moscow at noon. New officers will be elected and other business transacted. The annual alumni banquet will be held at 6:30 p.m. at the student union. An Idaho-WSC baseball game will provide diversion for visiting alumni in the afternoon.

## Lawyers Choose Doane Justice

Bud Doane was elected justice of Phi Alpha Delta, legal fraternity, Wednesday afternoon. Other officers selected to serve next year are Herbert Sanderson, vice justice; Bob Dodge, clerk; Don Holm, treasurer; and Kent Burson, marshal.
