Students To Cast Votes Next Thursday, May 13

(For text of proposed amendments see page 4.)

Regular ASUI elections will be held next Thursday, May 13, it was announced this week by ASUI President Harry Lewies. The announcement was made following action by the Board of Arbitration and the executive board in determining the proper interpretation of the ASUI constitution on questions raised by both the United Students and the Associated Students.

Polls will be open from 9 a. m. till 4 p. m. for the election of the ASUI president and nine executive board members. Besides voting for these officers, several amendments to the ASUI constitution will appear on the ballot.

Graduation Plans Completed, Announces Dale

Plans for commencement exercises activities to be held May 29, 30 and 31 have been completed, President Dale announced Tuesday morning. An Alumni luncheon and association business meeting at the Hotel Moscow will be the main event on Alumni day, Saturday, May 29. A repeat performance of the ASUI play, "Ring Around Elizabeth," will be presented for alumni and parents in the auditorium that night.

The Rev. Frank F. Warren, president of Whitworth college, will deliver the sermon at baccalaureate service at 11 a. m. in the Memorial gymnasium. This will be followed by a luncheon for the Board of Regents and official guests at Hays Hall. An informal reception for the graduates is being given by the Faculty Women's club at 2 p. m. in Hays Hall, Sunday afternoon. Other guests at this reception are seniors' parents, Board of Regents, faculty, alumni, and friends of the university. The University Band will give a concert on the lawn at 4:30. A vesper recital in the university auditorium is the last activity of the day.

Climaxing the week's activities will be the awarding of the "all-important" diplomas Monday morning. President Dale is the speaker for Commencement exercises to be held in the Memorial gymnasium at 10 a. m. Many ex-

Summer Session Plans To Include 2 Terms

Plans are being carried forward rapidly for the two sessions which the University of Idaho will hold this summer. Dr. L. C. Cady, director, said Wednesday. Registration and classes begin June 8. The six-week summer school will end July 17, while the twelve-week term will continue until August 28. A list of courses to be offered is now available in the registrar's office and the time schedule will be ready the latter part of May.

As in the past, the summer school will supply the needs of teachers and others particularly at the graduate level. Courses in education, music, and the social sciences will be stressed.

In the summer term the course offerings have been chosen to fit the needs of new students who will enter the university in June as well as those students now in residence who are accelerating their programs so they may graduate sooner.

The University of Idaho is one of the few institutions in the country prepared to meet the demand for courses in Russian. Dr. Gerhard Wiens plans to give an intensive course in this language during the summer term.

Theta Sigma Taps Six Journalists

Six women were tapped for Theta Sigma, women's journalism honorary, Tuesday evening. They were Edith Marler, Elaine Thomas, Beverly Weber, Marion Franson, Evellen Baskett and Muriel Fugate. Initiation will be May 18, followed by a dinner at Hotel Moscow.

Kuypers Presents A cappella Choir

John M. Kuypers, former summer school instructor at the University of Idaho, will direct the Cornell a cappella chorus in a broadcast over the CBS network tomorrow.

Mr. Kuypers has taught in the department of music at Idaho through several years of summer school. This is his first year as an instructor at Cornell University, to which he came from Hamline University at St. Paul.

The broadcast of the chorus comes under the auspices of the National Federation of Music Clubs in cooperation with National Music Week. In a concert recently given in New York City, a New York Times reviewer commented on it as "some of the best cappella singing heard in this city this season."

The program will be broadcast over KFPY, Spokane, from 12:30 to 12:45 p. m. tomorrow noon.

DELTS HOLD ANNUAL DINNER

Delta Tau Delta will entertain at a sweetheart dinner Sunday at the chapter house.

University to Hold Ceremony This Saturday

Climaxing the year's activities will be the May Fete, held Saturday afternoon on the university lawn—barring rain.

A queen will be crowned, honorees will do their tapping, and campus personalities in general will be recognized at this all university affair, beginning at 2:00 p. m., in front of the old Memorial steps.

At the coronation ceremony, Maid of Honor Helen Jeanne Brink will crown Rena Eccher Queen of May. Attendants of the Queen will be Edith Marler, page; Marilyn Greene, Patty Walker, Elaine Jillette, and Elizabeth Madson, flower girls.

Following the traditional Spur Maypole dance, will be the introduction of the new Spurs, chosen at 6 o'clock Saturday morning.

Silver Lance, senior men's honorary will tap new members from Junior men, and Cardinal Key will tap from sophomore women, instead of from junior women as formerly.

Mortar Board will choose its members from the nineteen women who have been invited to the Narthex dinner tonight. These include Drexel Brown, Edith Jones, Helen Foster, Meredyth Bowler, Lois Lemon, Dorothy Anne Outz, Helen Jeanne Brink, Claire Bracken, Marjorie Call, Virginia Newton, Merrie Lu Kloefer, Helen Jones, Maxine Grover, Lucille Halverson, Anne Thompson, Frances Larsen, Lorene Bales, Barbara Long, and Muriel Axtell.

WAA will present an award to its outstanding senior member, and Alpha Lambda Delta will present a book to the senior woman who has received the highest grade average for seven semesters at the university.

Following the May Fete will be the AWS tea for the mothers in the upper lounge of the Student Union building from 4:00 to 5:00 p. m.

Committees for the tea are Arlene Deobald Watts, chairman; Mary Fran Marshall, Joy Maxfield, and Drexel Brown, table decorations; Macey Mott Steile, Betty Hale, Marjorie Childs, refreshments; and Marie Connick and Helen Urness, invitations.

Mortar Board, under the supervision of Miss Jean Collette, is acting as a committee in charge of the entire May Fete.

Stalin's May Day address is evidence of the new Russian appreciation of the assistance being given to the Soviet Union by the Allied campaign in Tunisia. The Kremlin seems to feel no longer that the Red Army is bearing the full weight of the struggle against Hitler while Uncle Sam and John Bull cheer loudly on the sidelines. The excursion of ex-envoy Joseph Davies to Moscow may be the prelude to a meeting between Stalin, Churchill and Roosevelt.

The Russo-Polish split is a cloud on relations between the U.S.S.R. and the other United Nations, but Molotov is taking a more moderate tone with the Poles while negotiations continue. Adroit diplomacy by the British Foreign Office may prevent the rift from having consequences for the Allied cause. The Kremlin can afford to bide its time in regard to Poland because the only army that will free that unhappy country from the Nazi grip will be the Russian one. The post-war Polish government will therefore be influenced more directly by the Soviet Union than by the U.S. or Britain—or by the Polish leaders now established at London.

Churchill and Eden seem to accept the hard fact that no post-war reconstruction of Europe will have a chance for stability if it is not accepted and supported by the U.S.S.R. As British War Secretary in 1919, Churchill was a leader in the Anglo-French group that wanted to destroy the infant Bolshevik regime by Allied military action: he was, in fact, even ready to allow German participation in such a move. But the Tory premier today sees security for Britain and Europe only in a post-war system where Communist Russia is a friend of the capitalist great powers—rather than the sullen outlaw that was excluded from the concert of Europe from 1917 to 1924.

Several million Americans fear that an Allied victory over Hitler will leave Europe a prey to Communist revolution—and the Fuehrer is encouraging them in their natural dread of such an event. The U.S. can guard against such a development by aiding extensively in the post-war reconstruction of the Continent and by refusing firmly to support European fascist leaders on their way to power. Failure by our nation to follow such a policy will tend to undermine the position of those moderate and democratic political groups on the Continent which can steer post-war Europe safely between the extremes of authoritarian reaction and "direct-action" socialism.

The GOLDEN FLEECE

by Jason

We will have an election next Thursday, with two slates of candidates on the ballot. That fact is now common knowledge. But Jason feels that the student body has the right to know exactly what went on, and how and why things are now as they are.

The United Nations are fighting now for the principles of justice, freedom, right and fair play that we have seen in practice on our own campus in the last week. As students, we may not be as farsighted as we should be, but we are willing to see our mistakes, and to make amends for them.

We are all more or less familiar with the problems confronting the Board of Arbitration when it met last Thursday—Should the petitions of the United Students party be accepted in view of the fact that they did not comply with the constitutional requirement that the name of the party should be placed thereon?—and—What interpretation shall be given to the term "day" as it appears in Article VII, Clause 2 of the ASUI Constitution?

Board Members Meet
Sitting on the Board of Arbitration were the president of the university, H. C. Dale; Dean D. S. Jeffers, faculty advisor of the ASUI executive board; and ASUI President, Harry Lewies. Besides these three, a representative from each party was called in to the meeting to present each party's viewpoint. Bob Ellingson represented the Associated Students, and Claire Bracken, the United Students.

The party representatives remained in the meeting only long enough to answer questions put to them, and it was then left for the constitutional members of the board to discuss the problem, and

render their decision.

Taking up one question at a time, the board first decided that the petitions did comply with the constitution, even though the name of the party did not appear on the petition. The vote was: Dale, yes; Jeffers, yes; Lewies, no.

Basis for this decision was in the fact that, at the time those petitions were handed in, it was common knowledge on the campus that those persons listed thereon were the candidates of the United Students, in view of the fact that their names had appeared in the Argonaut two days previous as the nominees of the United Students. It was also pointed out that those students who had signed the petitions had not done so under false pretenses, but had done so knowing that they were endorsing the United Students candidates.

Question No. 2

Question No. 2. The United Students referred to civil law as the basis of their contention that "day" should be interpreted as that 24 hour period from midnight to midnight, and not a fraction thereof, such interpretation to be found in Words and Phrases. Associated Students fell back on tradition, saying that the interpretation has always been 48 hours, and bringing up the fact that should the civil law interpretation be used, men would have an advantage over women, since they have no restrictions on the hours they may be out in the evenings, and would thereby have an hour and a half when women would not be around to voice their opinions.

Vote on the second question was as follows: Dale, civil law ruling should be enforced; Jeffers, 48 hours should be the interpretation; Lewies, 48 hours.

And so, according to the strictest interpretation, as determined finally by the board of arbitration, the United Students would have no candidates in the election.

Make Recommendation

Feeling, however, that the whole purpose of student elections would be defeated if only one slate of candidates were allowed to run, and in view of the peculiar circumstances surrounding this particular situation, the board of arbitration made the following recommendation to the ASUI executive board:

"That, even though these petitions have been presented in disregard to some of the technicalities of the Constitution, the executive board should see to it that there is a regular ASUI election."

And at Friday's executive board meeting, the recommendation of the board of arbitration was acted upon, and the petitions were accepted, with the date for elections being set for next Thursday, May 13.

Amendments Proposed

Pending now before the student body, and to be voted upon at Thursday's election, are several amendments to the ASUI constitution, including one which shall change the Constitution, Article VII, Clause 2, to read: "Other nominations for all offices may be made at any time within 48 hours after the regular nominating assembly . . ." in place of "Other nominations for all offices may be made any time within two days after the regular nominating assembly . . ." Such change should clarify the Constitution, and would avoid any such confusion as resulted from this year's duo-interpretation.

Vote "Yes"

Jason urges every student to vote "yes" on these amendments, for in his opinion, they will serve to clarify the present clauses of the constitution, and will make certain that every individual will be familiar with the procedures to be followed.

As one of the Associated Student members of the executive board said: "I hope the students take stock and continue to run the student body in the fairest way possible. We can't discriminate against one group and still expect to have a University of Idaho. I am in favor of having an election and allowing both parties to run a slate of candidates. I hope that this will start something towards a unified student body for the University of Idaho."

Vernon May of Pottlatch and Bob Ralstin of Mohler, seniors in electrical engineering, and Ivar Holliay, Boise, senior in mechanical engineering at the University of Idaho, have accepted Westinghouse appointments. They will attend a testing course for students at East Pittsburg, Pennsylvania where the largest Westinghouse factory is located. It is a course similar to graduate work in electrical and mechanical design given by factory experts. The work is of such importance to the war effort that the men are deferred. Prof. Paul K. Idaho Graduate Returns Home From Martinique

Mentioned in an Associated Press dispatch last week was the arrival in San Juan, Puerto Rico, of Marcel Malige, United States consul general who has been called home from Martinique.

For three years, beginning back there in 1917, Malige attended the University of Idaho, and was affiliated with Sigma Alpha Epsilon fraternity, where he was a friend of Dr. L. C. Cady, present head of the chemistry department.

Graduating from the University of Washington in 1921, he took a consular examination, although without any intention of going into the diplomatic service. Almost immediately he was appointed a consul.

While spending part of a year's

leave of absence in Warsaw, Poland, in the summer of 1936, Dr. Frederick C. Church, head of the European history department, met Malige. At that time he was one of two consuls there, working as an economic specialist.

In his position at Martinique, Malige delivered, on April 30, the abrogation note to Admiral Georges Robert, French high commissioner in the Caribbean, for the Admiral's apparent sympathy with Hitler.

Red Cross Unit Does Outstanding Work

April records for the university Red Cross were posted Monday, with a list of organizations and individuals who have proved outstanding since the unit's founding in February. Hays Hall and all other women's groups, with women accumulating 134 total hours at the unit. Pi Beta Phi was second with 35 workers and 114 1/2 hours.

The records showed an average slightly less than three hours for each of the 254 university women who turned out during April, or 6 hours in all. The unit will close May 15, Mrs. Felton announced, due to final examinations starting soon. There are about 3200 dressings left to be made before that time, she said.

Betty Turner turned in the highest number of hours for any individual volunteer, her total being 9 1/4 hours. Helen Kornhner and Betty Burke placed second and third with 6 3/4 and 5 1/2 hours. Outstanding organizations included Sigma Chi, Cardinal Key, AWS Board, Mortar Board, D.T.G. and 4-H Club. The Argonaut was also mentioned.

Among those named as outstanding by the director "not only for work hours but also for interest, leadership, encouragement," were: Rena Echer, Mary Frances Marshall, Helen Louise Jones, Pauline Hawley, Frances Larsen, Rachel Swayne, and Muriel Axtell. Others were: Donna Handy, Helen Terry, Muriel Whiteman, Florence Mays, Yvonne Neal, Maxine Roberts, Patricia Hagan, Barbara Bloomsburg, Karma Smith, Ola Jackson, Sally McDaniels, Betty Chester, Patricia Holden, Maryella Sanford, Jean Harmon, Helen Morfitt, Jane Meyer, Jean Everidge, Catherine McGregor, Ella Doumeq, Ilene Evans, Marian Hallock, Audrey Hartman, Virginia Mooney, and Helen Campbell.

"There were a great many more girls, but it was impossible to name them all," Mrs. Felton said, "and we appreciate the assistance given

by President Dale, Miss Wirt, Miss Ritchie, and Dean Olson," she added.

Last week the Spurs recorded the biggest turnout since they began working at the surgical dressings unit every Monday. Approximately twenty women were present.

Oregon State's second place diamondmen completed a sweep of their Inland Empire series, by defeating Idaho 5-4 Tuesday in a tight ball game. The Beavers had previously beaten Washington State in two games, and had taken Monday's contest from the Vandals, 9-0.

Beaver batters had a field day in the first two stanzas of Monday's game, scoring six runs on eight hits given up by Vandal pitcher Jack Newell. Plastino replaced Newell in the third and held the Beavers to three runs and three hits while striking out 11.

Idaho committed three bobbles which cost them three runs, while OSC committed none. Conditions were very poor, with rain pouring for part of the contest.

Tuesday's Game Tight
Tuesday's game was anything but a runaway. Trailing by one run in the ninth, Idaho's pitcher, Vic Berllus might have saved the game for himself. With two out, Berllus dribbled one down the first base line and made the sack on a football dive. He continued to second when a balk was charged against the OSC pitcher. However, Idaho's hopes died when Barbour

Track Meet Moved

WASHINGTON STATE COLLEGE, Pullman—The dual track meet between the University of Washington and Washington State college scheduled to be held at Seattle, May 15, has been moved to Pullman but will be held on the regularly set date, it was officially confirmed by both schools today.

The Beavers went ahead with a run in the second, and were never headed from there on in. Oregon State garnered nine while Idaho could only get six off Frazer.

Coach George Greene is now preparing the diamondmen for the invasion of the league leading Oregon Ducks Friday and Saturday. His probable starting pitchers for the games will be Tom Woods in one and Rich Garner or Chuck Plastino in the other.

Oregon is led by Bubelo, star first baseman and pitcher. He leads the league in batting at present with a respectable average of .581 and is a very tough man to get out.

Strong OSC Team Defeats Idaho Linksmen

Vandal linksmen took a 14-4 drubbing at the hands of a strong Oregon State outfit last Saturday in their second match of the season.

The Idahoans won only one match when Joe Petillo defeated the Beaver's John Fry 2½ to ½ in their singles match. His 2½ points placed Petillo as the top scorer on the Idaho team for the meet. Boyd Walker scored the other 1½ points for the Vandals in tying Ken Roberts, of OSC, in their singles match.

Men Did Well

Frank James, Vandal golf mentor, yesterday indicated that the linksmen did well despite the appearance of the score. Petillo shot a low 77 in 18 holes of the singles match as did Boyd Walker. Tom Ryan followed these two with an 80 while Jeff Ogsbury shot an 82.

James was enthusiastic in his praise of Ray Weston, the Beaver ace. Said he, "Weston is as good as anyone in the northern division right now and he looks like the one to beat in the championship meet."

The linksmen are now preparing for the invasion of the Washington Huskies next Friday. The Huskies recently dropped a decision to OSC, 17-1.

The summaries:
Ryan, Idaho, 0, Weston, OSC, 4½; Petillo, Idaho, 2½, Fry, OSC, 2; Walker, Idaho, 1½, Roberts, OSC, 3; Ogsbury, Idaho, 0, Boone, OSC, 4½.

Wicks Heads Navy Physical Program

In the last issue of *Nast*, publication of the U. S. naval air station at Tillamook, Ore., a section of the news columns is devoted to the activities of Lt. Guy Wicks, welfare officer, and former basketball and baseball coach at the University of Idaho.

The story reads:
"A supervised program of recreation and physical instruction is now underway in this activity, according to Lt. Guy Wicks, welfare officer. Six chief specialists or 'muscle benders' are handling the duties of making station personnel more physically fit.

"Due to the present limited facilities, the program is somewhat curtailed but in the very near future, upon completion of the new recreation building, activities will be doubled.

"Under the present setup, the day is divided into three parts. Morning calisthenics are held for the station crew and for officers. In the afternoon, boxing, softball, volleyball, horseshoes, touch football, military drill and calisthenics are given. Swimming instruction is offered during mid-week.

"Evening recreation includes voluntary field athletics, ping pong and movies. The latter are held Tuesday and Wednesday evenings, at 1900 and on Saturday, by USO sponsorship, at 2000."

Track Coach Mike Ryan week had scholastic troubles in addition to the bad weather moan about. Five of his best all frosh, were declared ineligible by the academic council. They only 14 acceptable high school credits, while the minimum is 15.

Bob Garrett, pole vaulter; nis, a high jumper; Roy Dahlstrom, promising javelin thrower; Miller, middle distance runner; Dick Westover, best discusman the squad, were all ruled out of the council.

Ryan is working his boy preparation for the post Whitman meet to be held here urday. Originally scheduled last Saturday, the meet was off for a week because of rainy weather.

Whitman has been hit as hard as Idaho by the armed forces, the meet should be very close because of the small number of missionaries making the trip, the ing will be on an event basis. total score will not exceed 15 there are only 15 events on program. Ryan said yesterday that men will be matched closely as possible in all events order to make the meet even more.

Inland Empire Meet

Negotiations are now going with Whitman, Cheney, and lensburg for an Inland Empire meet to be held here May 15, yet definite arrangements have not been completed, Ryan said.

Streamlined 'Mural Plan Is New Wartime Measure

Athletic Director George Greene announced yesterday that the old intramural sports program had been shelved for the time being and a new one substituted in its place.

Greene made the announcement after meeting with the Alpha Phi Chi and Student Intramural Director John Thomas. Said he, "The lack of officials, of student interest, and of fields, together with the breaking up of the group houses, have forced us to discontinue intramural sports as we have known them and to substitute a more convenient program in its place."

New Plan Outlined

Thomas outlined the new plan yesterday. Main features are that individual contestants would furnish their own officials and that no points will be awarded for championships.

Instead of awarding points, the new plan calls for individual trophies to the winners of the separate sports.

The managers of each house will be responsible for turning in the scores for the games to the intramural office and four of them will be made responsible for all equipment issued.

Two Leagues

At the meeting Tuesday evening, two new leagues were set up. Comprising League I will be TKE, Idaho Club, Delta Chi, Kappa Sig, and Phi Gamma Delta. League II will consist of Sigma Nu, Lindley hall, ATO, Sigma Chi, and LDS. Al Feld, TKE, and Bob Torgeson, Kappa Sig, were ap-

Netmen Lose To Washington

Five netmen returned from Seattle Sunday after taking a 7-0 shellacking at the hands of a vastly superior Washington team.

The Huskies, defending northern division champions, are favored to repeat this year. Odman, top-seeded netman on the Seattle team, is ranked among the top five collegiate players in the country and is the defending individual northern division titlist in addition to being the Eastern Intercollegiate champion. He is odds-on favorite to successfully defend his coast crown.

Prepare For WSC

Working under the handicap of missing his No. 1 and 2 men, Net

pointed equipment managers for League I, while Bob O'Connor, Sigma Nu, and Bill Campbell, Sigma Chi, equipment managers for League II.

Sigma Chi Leads

Although no year's trophy will be awarded this year, the final standing of the teams under the old point system showed Sigma Chi in the lead with 900 points, closely followed by ATO with 885. Following the two leaders were Lindley hall, 860, Sigma Nu, 755, Phi Gamma Delta, 685, Phi Delta Theta, 675, Kappa Sigma, 650, Sigma Alpha Epsilon, 590, Idaho club, 540, Beta Theta Pi, 440, Delta Chi, 440, Delta Tau Delta, 425, and Tau Kappa Epsilon, 245.

Coach J. A. (Babe) Brown is now working his charges in preparation for the return match with Washington State to be held in Pullman May 15.

Don Carlson, top-seeded Vandal, will be unavailable to the team as he will be in Boise on a trip for the Gem. Kent Barber, fourth man on the squad, is out because of a badly sprained ankle.

In a previous meeting this year, the Cougar tennis team squeezed out a 4-3 victory.

The summaries of the Washington meet:
