It has often been said that little good comes of commemorating the men in service after the brawl is over. That it is better to give them something now. That something may mean any number of things—your money for war stamps and bonds, your time in serving with the Red Cross and defense organizations, or helping with the old morale problem, the best being the familiar letters and news from home.

The best Jason has seen in the way of a letter with home news to the men and women scattered in the service, is O. A. Fitzgerald's little baby "A Letter From the Idaho Campus." In case only a few of you are acquainted with this publication, Jason is going to chalk up a few facts on the job.

Committee Originates
Last fall, President Dale appointed a War Records committee to compile news, and statistics of Idaho's former students in the armed forces. Mr. Fitzgerald was named chairman of the committee, consisting of Colonel Hale (now replaced by Colonel Hensley), Dr. C. J. Bronsman, Miss Belle Sweet, Ted Sherman, Dean H. E. Lattig, A. A. Beecher and Dean D. S. Jeffers. Mrs. Mabel E. Gill, an Idaho alum and wife of a former Idaho law professor, was hired to act as secretary. Actual work in compiling this information began January 1, 1944. The first issue of the News Letter appeared in February when 2,000 copies were printed. Once each month a sequel has appeared, 3,500 names appear on file and 4,000 copies are required of each edition. Henceforth, the News Letter will be bi-monthly.

Reception Enthusiastic
The work of the War Records committee has met with enthusiasm on every front. Communications from the men and women both here and over and out there give evidence of their sincere appreciation. The AS sincere appreciation. They thus gain a contact with old friends and familiar places. This may seem like a little thing, but "it's the little things that count."

So far, this endless job has fallen to a very few. The entire source of information contained in the News Letter is from service communicantes, and letters from the families and friends of the service men and women. There is a way to both lighten and strengthen the load—it takes only a few words to carry the story of where someone is and what they are doing, and that's something that surely everyone can do. The news must be accurate, but the relatives and close friends have access to the correct information, and if this includes you, Jason asks that you get out the pen, jot it down and pass it along.

And we'll add many thanks to Mr. Fitzgerald and the War Records committee and staff for the job they have so capably done.

Foresters Travel To Mountains
"Paul Bunyans" of the Forestry club are asked to don their red plaid mackinaws this Saturday for a field trip to Moscow mountain. The men, accompanied by the forestry school faculty, will leave Morrill hall in the forestry truck and station wagons at 1 p. m. and will return at 5 or 5:30 p. m. The jaunt is primarily an orientation trip to acquaint men with the lookout, school property, and adjacent forests on Moscow mountain. This year's Forestry club officers will be elected at that time.

The Forestry club is expected to be more active this year than last year, since the enrollment in the school of forestry has risen from last year's 15 to a total of 29. This number includes two "poles" (juniors to those unfamiliar with lumberjack lingo, seven "saplings" (sophomores), and twenty "seedlings" (freshmen), the department announced.

In addition to field trips and short excursions, the Forestry club sponsors monthly meetings with talks, discussions and pictures and edits "The Idaho Forester," an annual publication put out by the club at the end of the second semester.

Mrs. Carter Talks At Moscow High
Mrs. Louise S. Carter, dean of women, will speak on "Teen Age Suggestions" today at 1:45 p. m. in Moscow high school auditorium.

Students To Hear Journalist At Assembly

Vanya Oakes, famous woman journalist who was called a "Cassandra" because she forecast in her dispatches today's course of events, will speak in the university auditorium Monday at 11 a. m. as the first speaker of the year to be sponsored by the Public Events committee. Topic of Miss Oakes's speech will be "China and the Far East."

MISS VANYA OAKES, woman journalist who will speak at the first public events assembly of the year Monday at 11 a. m. in the university auditorium. A reporter in the Orient, her topic will be "China and the Far East."

Registrar Warns No Changes After Saturday

Saturday is the final date for change of study lists without penalty of a failing grade if your work is below passing, according to the office of the registrar.

It was announced, also, that October 21 is the final date of incomplete grades from previous semesters. Incompletes not made up before that date automatically become failures unless the student has previously filed in the registrar's office a permit for extension of time signed by his dean and the instructor concerned. Unless special action is taken in advance, re-registration in a course, for which a mark of incomplete has been filed, automatically changes the incomplete to a failure.

Students who have changed their addresses since registration for the first semester should file properly approved change of address cards in the registrar's office immediately. This is especially important to facilitate the delivery of telegrams and other important messages. Also, the information is necessary for the student directory, which is being prepared now. Change of address cards must be signed by the dean of women or by the dean of men in the administration building, room 113.

Dale Will Discuss U. Building Plans

President Harrison C. Dale is leaving this morning for Boise, where he will attend a State Planning board meeting to discuss building needs for the university. He said he will confer with both Charles Gossett and William Detweiler, democratic and republican gubernatorial candidates, respectively. He expects to return to Moscow Saturday or Sunday.

Idaho Campus Miss Wirt Visits

Miss Jeannette Wirt, former head of the women's education department, will be a visitor on the campus until Friday. Since the beginning of her leave of absence a year ago last June, Miss Wirt has been employed in U. S. O. work at Astoria, Wash.

Students Will Present Unusual Chinese Play

November 17 and 18 mark the opening of the campus dramatics season with the presentation of the unusual Chinese play, "Lady Precious Stream," by S. I. Hsiung. Rich oriental colors and decoration will be the technical theme of this four-act play, to be presented in the original manner of the Chinese theater.

In striking contrast to the ordinary stage productions, is the absence of stage settings and properties to lend all possible prominence to the costumes. Thornton Wilder's drama, "Our Town," is comparable to the campus production in that it also is noted for the effect of a bare stage with only the essential properties used.

Political Parties To Hold Nominating Assembly

Election of class officers for all four classes of the university will be held on October 25, Fred Watson, student-body president, announced recently. October 16 is the date set for the nominating assembly, which must take place more than one week and less than two weeks before the election. It will be held in the university auditorium, and the student body president and presidents of the United and Associated caucuses will be present.

Nominations by petition must be turned in at the ASUI office by 5 p. m., Wednesday, October 18. These petitions will have the name of the party sponsoring the candidate, and the names of at least five students, three of whom must be recognized leaders of the party. Acceptances by the candidates are to be turned in at the same time as the petition. Candidates who are nominated at the assembly are not required to be nominated by petition. Formal acceptances from all candidates must be in by 5 p. m. on October 18.

ASUI Board Meets To Discuss Year's Activities

At a meeting of the ASUI executive board Tuesday evening, the Student Activities board, with Julien Paulson as chairman, was appointed to handle ASUI activities in connection with the ASU-ASUI football round-robin. This board will conduct tryouts for yell leaders and plan half-time events.

As a project for the current year, the executive board has undertaken the revision of the ASUI constitution to eliminate ambiguities, and to cooperate with university authorities to correct the student activities section of the university catalog. Fred Watson, president, appointed a committee of Billie Keeton, chairman; Mary Jane Donart and Lucille Cummings, to plan the revision and to make arrangements for reprinting of the "Handbook."

Approval of Ralph Joslyn, who was appointed by the Associated Students' caucus to fill the vacancy on the executive board following the succession of Fred Watson to president, was delayed, pending notification of his eligibility by the registrar's office.

Meeting Features Authority On Northwest

Col. R. F. Bessey, of Portland, Ore., assistant administrator of the Bonneville Power administration, is scheduled to be the featured speaker at one of the general sessions at the conference for Idaho school administrators at the University of Idaho, Oct. 20 and 21. Col. Bessey will speak at the conference Saturday morning, October 21 according to announcement by Dr. J. Frederick Weltzin, dean of the school of education at the university and director of the conference.

DuSault Announces Large Enrollment

Total number of students enrolled for classes at the University of Idaho by the end of the first week was 837. D. D. DuSault, registrar, announced yesterday. He reported that he has had numerous requests since then for late registration.

Spurs To Initiate Women Sunday

Following a weekend of activities new Spur members will be initiated Sunday afternoon at the Pi Beta Phi house. These replacements of members who did not return this year, are to be interviewed by officers Thursday night. A fireside will be held Friday evening at the Delta Gamma house at which time the new members will, according to tradition, explain how they received their spurs.

This sophomore honorary service club consists of two members from each house on the campus and two town women. This club promotes activities on the campus and in the community aside from being active in Red Cross work; selling candy at football games, exchanges, and assemblies; and assisting with commencement services. One of their first appearances this year was at the awards assembly as ushers.

Army Reassigns Pre-Dents

Thirteen pre-dental students left Idaho's campus Monday to go to Fort Lewis, Wash., according to Col. William Hensley. These men left because of a directive from the war department ordering the disbanding of all ASTP pre-dental students.

Gem Editor Plans Organization Of Year's Work

Beverly Weber, editor of the 1945 Gem, announced that class pictures must be taken by November 1 in order to appear in the annual publication. Most schedules for photographs have been sent to the living groups or they will appear shortly.

Over 150 students responded to the call for workers at the initial meeting yesterday. The list of staff heads and members will appear in next week's Argonaut; and other notices will be printed later as the work progresses.

Sales in houses are being conducted by appointees for the benefit of those students who entered the university later or did not order the yearbook during registration week.

Miss Weber also asked for all snapshots students would like to have printed to be turned in immediately.

DuSault Announces Large Enrollment

Total number of students enrolled for classes at the University of Idaho by the end of the first week was 837. D. D. DuSault, registrar, announced yesterday. He reported that he has had numerous requests since then for late registration.

Spurs To Initiate Women Sunday

Following a weekend of activities new Spur members will be initiated Sunday afternoon at the Pi Beta Phi house. These replacements of members who did not return this year, are to be interviewed by officers Thursday night. A fireside will be held Friday evening at the Delta Gamma house at which time the new members will, according to tradition, explain how they received their spurs.

Students Will Present Unusual Chinese Play

November 17 and 18 mark the opening of the campus dramatics season with the presentation of the unusual Chinese play, "Lady Precious Stream," by S. I. Hsiung. Rich oriental colors and decoration will be the technical theme of this four-act play, to be presented in the original manner of the Chinese theater.

In striking contrast to the ordinary stage productions, is the absence of stage settings and properties to lend all possible prominence to the costumes. Thornton Wilder's drama, "Our Town," is comparable to the campus production in that it also is noted for the effect of a bare stage with only the essential properties used.

Mrs. Carter Talks At Moscow High

Mrs. Louise S. Carter, dean of women, will speak on "Teen Age Suggestions" today at 1:45 p. m. in Moscow high school auditorium.

H. C. Dale Makes Awards At Annual Assembly

In one of the major assemblies of the year, Wednesday, President Harrison C. Dale presented the Beulah Garrard Dale cup to the Delta Gamma sorority for the highest grade average in a woman's group on the campus, 2.98. The Alumni scholarship cup, which is awarded to that men's recognized group which attains the highest scholastic average for the preceding year, was awarded to Sigma Alpha Epsilon fraternity.

In 1935 the Interfraternity Council announced the award of a scholarship cup which is given to the men's Greek-letter fraternity receiving the highest grade average during the previous semester. For the second semester of 1943-1944 the cup was presented to Kappa Sigma fraternity with a group average of 2.69.

In recognition of outstanding scholastic achievements in the freshman class Phi Eta Sigma, national freshman honorary for men, presented a cup to the freshman student who attained the highest scholastic average. Peter Rowell, who received a grade average of 4.00, was the winner.

Frances Marshall received the Mary E. Forney cup on the basis of scholarship, integrity, and other qualifications for her record during 1943-44.

Winners of the round-robin tournament for women received the Delta Sigma Rho cup. At the assembly it was presented to Ridenbaugh hall.

Marjorie Spencer is the winner of the Phi Chi Theta key, awarded each fall to a senior woman in the School of Business Administration on the basis of scholarship, personality, and character during her junior year.

With a grade of 3.97, Jean Armour was presented with the Mortar Board plaque, which will be engraved with her name for receiving the highest scholastic average during her sophomore year.

The outstanding freshman girl in the home economics department was presented the plaque on which her name will be engraved. The honor was won by Virginia Geddes for her record and standing during the year 1943-1944.

Bond Sales Begin Next Wednesday

Plans for the distribution and sale of bonds and stamps were made at the recent meeting of the Minute Mains, held in the Blue Bucket Friday afternoon.

According to Fidelia Zabala, president of the group, stamps and bonds will be on sale in the front hall of the Administration building on Wednesdays. They also may be purchased during the dinner hour on Wednesday evenings at organized houses and halls. Two girls will be assigned to each house and hall on the campus to take care of these sales.

Wednesday night, following the purchasing of stamps, has been designated as the regular meeting time for the Minute Mains. The exact time and place will be announced later.

Army News Enters Argonaut Soon

Army news will be printed once again in the Argonaut with the completion of staff appointments this week. Seventeen men, headed by Tom Hitchcock, have been designated to report the activities of the ASTU. Next week will mark the initial appearance of the army column.

Dr. Boyd Martin Will Review Political Scene Friday Night

Friday night, Dr. Boyd Martin will present an analysis of the "contemporary political scene" at the opening meeting of the International Relations club, the university's own group for keeping abreast of world affairs. The session is scheduled for 7:30 p. m. in the old ballroom of the student union building.

RALPH JOSLYN was nominated by the Associated Students party Monday to fill the vacancy on the Executive Board created when Fred Watson assumed the presidential duties. The Executive Board will approve the nomination upon receipt of his eligibility from the office of the registrar.

ASUI Board Meets To Discuss Year's Activities

At a meeting of the ASUI executive board Tuesday evening, the Student Activities board, with Julien Paulson as chairman, was appointed to handle ASUI activities in connection with the ASU-ASUI football round-robin. This board will conduct tryouts for yell leaders and plan half-time events.

As a project for the current year, the executive board has undertaken the revision of the ASUI constitution to eliminate ambiguities, and to cooperate with university authorities to correct the student activities section of the university catalog. Fred Watson, president, appointed a committee of Billie Keeton, chairman; Mary Jane Donart and Lucille Cummings, to plan the revision and to make arrangements for reprinting of the "Handbook."

Approval of Ralph Joslyn, who was appointed by the Associated Students' caucus to fill the vacancy on the executive board following the succession of Fred Watson to president, was delayed, pending notification of his eligibility by the registrar's office.

Action on proposed salary increases for several Argonaut staff members was referred to the publications board for recommendations and consideration.

Yearbook Receives Honor Rating

"Gem of the Mountains," university yearbook, has received a first class honor rating from the National Scholastic Press Association for 1943-44, it was announced yesterday by the graduate manager's office. This rating is the second highest rating given by the association.

The record is one to be proud of, since the appointment of Anne Thomson as editor was not confirmed until nearly six months after the work is usually started. The previous editor had predicted that there would be no yearbook until after the war because of a shortage of film and paper. Credit is almost entirely due to the efforts of Miss Thompson, Marylu Jensen and their staffs for their excellent work, the office reported.

Army Reassigns Pre-Dents

Thirteen pre-dental students left Idaho's campus Monday to go to Fort Lewis, Wash., according to Col. William Hensley. These men left because of a directive from the war department ordering the disbanding of all ASTP pre-dental students.

Under this directive, a former ROTC senior, Leonard Labine, who was in Louisville, Ky., taking dental training was given the choice of a discharge from the army or of going into the regular army. He took his discharge and is now at Faragut Naval training school.

Registrar Reveals House Grades For Last Year

In a bulletin from the registrar's office, house averages for the year were announced. For the year 1943-1944, Delta Gamma took the honors with an average of 2.98, while Kappa Alpha Theta was runner-up with a grade point average of 2.97. Delta Gamma received the Dale cup for highest year average.

Other women's living group averages in chronological order are: Mary house, 2.95; Alpha Phi, 2.93; Pi Beta Phi, 2.88; Delta Delta, 2.85; Kappa Kappa Gamma, 2.87; Alpha Chi Omega, 2.85; Gamma Phi Beta, 2.84; Ridenbaugh hall, 2.60; Elizabeth house, 2.55; Gertrude house, 2.43.

Sigma Alpha Epsilon fraternity won the Alumni Scholarship cup with the highest grade average of the men's living groups for the year 1943-44 with a group average of 2.49. Kappa Sigma received the Interfraternity Council cup for the highest grade average for the previous semester, with a 2.69 average.

L.S.D. Institute had a grade average of 2.87, while Alpha Tau Omega received a grade point of 2.73. They were not eligible for the awards, however, because they did not have their own eating facilities. Other men's houses ranked as follows: Sigma Chi, 2.39; Phi Gamma Delta, 2.31; Idaho Club, 2.30; Phi Delta Theta, 1.98; and Delta Tau Delta, 1.92.

Bond Sales Begin Next Wednesday

Plans for the distribution and sale of bonds and stamps were made at the recent meeting of the Minute Mains, held in the Blue Bucket Friday afternoon.

According to Fidelia Zabala, president of the group, stamps and bonds will be on sale in the front hall of the Administration building on Wednesdays. They also may be purchased during the dinner hour on Wednesday evenings at organized houses and halls. Two girls will be assigned to each house and hall on the campus to take care of these sales.

Wednesday night, following the purchasing of stamps, has been designated as the regular meeting time for the Minute Mains. The exact time and place will be announced later.

Army News Enters Argonaut Soon

Army news will be printed once again in the Argonaut with the completion of staff appointments this week. Seventeen men, headed by Tom Hitchcock, have been designated to report the activities of the ASTU. Next week will mark the initial appearance of the army column.

Dr. Boyd Martin Will Review Political Scene Friday Night

Friday night, Dr. Boyd Martin will present an analysis of the "contemporary political scene" at the opening meeting of the International Relations club, the university's own group for keeping abreast of world affairs. The session is scheduled for 7:30 p. m. in the old ballroom of the student union building.

Heading the group this year is Marjorie Mock, general chairman with assistance from Ada Mae Rich, programs; Francis Freeman, librarian; and Clara Beth Young, publicity. Other chairmen are Ellen Shear, log keeper; Lucille Cummings, contacts; and Mr. R. E. Hosack, faculty advisor.

"If you are among the group who feel that they would like to know what is going on in the world, but because of a rigid science, engineering, music, or home economics schedule, are not able to take political science courses, we feel the International Relations club is your solution," explained Miss Mock.

Continuing, she said, "We believe this is your opportunity to broaden your education because the International Relations club was started for those who wish to gain knowledge and to exchange points of view on timely world affairs. Anyone can come, for members are only those who attend regular meetings."

The organization is entirely student managed, with the planning committee composed of chairmen.

H. C. Dale Makes Awards At Annual Assembly

In one of the major assemblies of the year, Wednesday, President Harrison C. Dale presented the Beulah Garrard Dale cup to the Delta Gamma sorority for the highest grade average in a woman's group on the campus, 2.98. The Alumni scholarship cup, which is awarded to that men's recognized group which attains the highest scholastic average for the preceding year, was awarded to Sigma Alpha Epsilon fraternity.

Careers Close

Last week brought the news of the death of two history-making political figures—Wendell L. Willkie and Alfred E. Smith. Both men had been defeated for the presidency after conducting heated campaigns at a time of national crises.

"The Sidewalks of New York" will long be remembered to epitomize the rise of Al Smith. Rising from poverty, his statement was that he was acquainted with all the types and denominations of people who walked the streets of New York; that he was working for the whole of the nation, not just one faction or economic class.

Willkie's stand was to not only win the war but to win a world peace. At the time of his death, he was probably one of the best informed men in the world concerning international relations. His book, "One World," might well be a text setting up the problems and their possible solution of establishing a united world organization, free of totalitarianism.

America pays homage to these two public figures. At times both may have been in the wrong, but there definitely were times when both were in the right. Both contributed sound principles and stimulated public interest in our democracy.

Artistic Aspirants Sketch Innocent Models

By PAT STILL

To learn to draw freehand is the aspiration of many, but of the approximately 800 students enrolled in the University of Idaho, only fifteen have registered for this course taught by Professor A. C. Dunn.

Not only do you learn where to put your "lights and darks" but, offered as a special added attraction, is a trek to the peaceful scene of the crime. And it is a crime to watch some innocent beginner transform a lovely group of farm buildings into a resemblance of Frankenstein's abode.

With merely a large, unwieldy book, artgum erasers and drawing pencils to pack, the happy little elastic band of students (elastic, because one day there are many, and the next day you need a microscope to find them) make their semi-weekly pilgrimage to the university's scenic golf course. Scanning the horizon for some inanimate object, they plant themselves on the fairway, turn a clean sheet on their drawing tablet and proceed with the proper motions of sketching. So goes it.

The lesson always ends with a bang. Some golf fiend has just teed off and his deadly ball marks the finish of the class. So, after a tedious session of pencil pushing, the freehand artists go back to their attic.

Music Hall Obtains New Accompanist

Music students skipping practice hours in the music hall this year will find it well worthwhile to remember the presence of a former fingerprinting classification clerk for the Federal Bureau of Investigation in Washington, D. C., in the building also. The person referred to is Miss Jo Spring, the new accompanist and secretary for the music department, who arrived in Moscow the last of August to replace Miss Iris Gray, now teaching at Oregon State.

Upon graduating with a bachelor of music degree from Simpson College, Indianola, Iowa, in 1943, Miss Spring went to Washington to assume her position with the F. B. I. and was in this work for seven months before accepting a secretarial position with the American Red Cross, also in Washington.

WE SETTLE INSURANCE CLAIMS QUICKLY

Manager Receives News Of Alums

Whereabouts of two prominent members of the class of 1944 was disclosed through letters received at the graduate manager's office this week. Anne Thompson, last year's A.W.S. president and editor of the Gem, is a sheetmetal worker at Kaiser's shipyards at Vancouver, Wash. She is a member of Delta Delta Delta sorority.

Merric Lu Kloepfer, a Kappa Kappa Gamma last year, is also in Vancouver. A physical education major, Miss Kloepfer is working for the Vancouver recreational program.

Cardinal Key Holds Initial Meeting

Cardinal Key, junior women's honorary organization, met Monday at the AWS office to make tentative plans for the ensuing year's work. Uniforms will be worn every Thursday, the day scheduled for weekly meetings. Luncheon meetings will be held once a month, Patricia Hagan, president, said.

The organization was fortunate to have nearly all the members return this year. Only two members, Helen Jean Church (who

MULBERRY BUSH

With the return of this spring weather, the arboretum is getting more business, and the Sigma Nu pledges seem to be trying to direct it. The actives' faces are a little red, but we think they enjoyed the attention.

"Bounce" Howard has been seen back on the golf course (in the daylight), and continues to whale the cover of the ball with that wrong-handed swing. Another Delta Gamma was a trifle embarrassed by a remark she made at Johnny's concerning a couple of tireless swing and swear enthusiasts.

The Mulberry Bush is going to take time out soon to check on these stories about babies crying in the SAE kitchen. My, my! Can't "Uncle" Ben Martin leave the cook's children alone?

Pledges over Kappa way won the annual struggle with the Sigma Chi's early Wednesday morning when they retrieved their benches from the Sigma Chi roof and awakened the whole campus. And, the losers have promised a skit to the women's group in the near future.

Several of the campus cannibals are wondering about the name of the medium-tall blonde with the short hair at the Gamma Phi house.

Congratulations to the Fijis for getting such boys as John Taylor and Bob O'Connor, and to the Kappa Sigs for a couple of good "Micks" in Daley and O'Neill.

Do the Alpha Chis always sing around their rubbish fires on a cold evening the way they did last Monday? The Bush couldn't locate Bette French, but someone had a lovely voice.

Somebody ought to find out about these picnic lunches Betty Craggs fixes before she goes to play golf with Sum Johnson. Wonder if Mary Jane Hawley knows that a good looking man named Carl Spaulding can be found in the Tri Delt kitchen during meal time.

Tom Ryan and Jo Hunter finally got registered in school this week. Can anybody tell why the latter requests the air corps song when some group offers a serenade?

Fritz Marshall is going around talking to herself. Guess she still thinks Floss is still beside her. Saw Virginia Eggen ushering at the assembly and looking mighty happy. Could be that Bill Stewart is scheduled for a big furlough.

Elaine Anderson still ranks as one of the cutest activity gals on the campus. Wonder who the ardent b.f. will be this year. Reed Fife seems to be filling Bruce Jepsen's shoes very capably in other departments.

Well, I'll probably see you next week, but in the meantime, somebody had better caution Howard Kambitsch that the Bucket lounge is no place to tell secrets to his girls.

The organization was fortunate to have nearly all the members return this year. Only two members, Helen Jean Church (who

Churches Hold Receptions

Tuesday evening marked the re-opening for all church organizations with five clubs entertaining both old and new members and faculty members.

A reception followed by a program was held by Kappa Phi, Methodist organization, from 7:30 to 10. Following Professor A. C. Lemon's introduction of all faculty members present, Marjorie Aeschliman spoke on the Wesley Foundation, and Eloise Deobald discussed Kappa Phi. Vernon Ravenscroft spoke briefly on "You're Away From Home." Two vocal solos by Shirley Ann Moreland and Delpha Batzel followed by a trio consisting of Margaret Justice and Billie Justice, and Barbara Ravenscroft completed the program for the evening.

Canterbury Episcopal group, held a social reception for the university students and faculty members in the Episcopal church from 7 to 10. The program for the evening, under the direction of Pat Hagan, consisted of games and dancing led by Mrs. E. J. Marty. The regular meeting of Canterbury will be held next Tuesday at 7:30 in the rectory.

Westminster Guild held a complimentary dinner in the Presbyterian church from 6 to 8 for members and all new students. Jean Armour opened the program for the evening with two violin solos. A short welcoming speech to the new students was given by Dean Louise Carter followed by Dean J. G. Eldridge, who closed the program with a talk on "Symbolism of the Altar in Church." Beverly Weber acted as mistress of ceremonies.

Newman Club entertained new Catholic students and members at a mixer held in the Blue Bucket lounge. Games and dancing followed by refreshments constituted the entertainment. The regular discussion meeting will be held next Tuesday in the Blue Bucket at 7:30.

New officers of men for L.D.S. were appointed Tuesday night at the first meeting of the year. Darrel Gallup will serve as president, Russell Miles, first assistant, and Kenneth Cook, second assistant. Those appointed for the young women are Clara Beth Young, president, and Elaine Anderson, first assistant.

Students Observe Nursery School

Plans have been formulated to conduct the Moscow nursery school classes at the high school in the room formerly occupied by Red Cross workers. Sponsor of this group is the Moscow Parent-Teacher association. Students in the university's home economics department, registered in child development courses, will begin their required number of observation hours this week under the direction of Mrs. Charles Peterson and her assistant, Mrs. George Rosso. Pat Hagan will play for singing and games.

Arrangements have also been made for these students to apply this training of children at the nursery school. Because of the larger number of women enrolled in this course, Miss Margaret Ritchie will be assisted by Miss Lucille Magruder.

Music Groups Hold Final Tryouts

Vandaleer tryouts are still being held, but will be completed by the end of this week, according to Mr. A. A. Beecher, head of the music department. A talented group of male voices has been added to the sparse return of last year's membership, bolstering prospects for an active year. The 1944-45 Vandaleers will be announced in next weeks Argonaut.

Final tryouts for the newly organized women's singing orchestra were held October 11, but no final announcement has been made as yet. This group promises to be one of the most active and entertaining music organizations on the campus. Under the direction of Mr. Joseph Brye and with original arrangements by Mr. E. J. Marty, the student body has

when the first public appearance of this modern music group is something to look forward to announced.

"FINDING" MORE MICA

Testing Mica Sheets

Mica's special insulating qualities are mighty important in communications equipment. No equivalent exists, so war's huge demands caused a critical shortage.

Bell Telephone Laboratories' scientists were assigned the task of somehow finding more mica. They found it—in the very considerable amounts of raw mica which visual inspection had rejected. By developing electrical apparatus to test the two most important electrical properties, they increased the usable amount of mica by half and so stretched current supplies of mica to fill all military needs.

In many such ways the Bell System is serving the nation, constantly meeting the needs of our fighting forces for dependable communications.

Dance Exchanges Hold Social Spotlight; Firesides Scheduled For Week-end

Exchanges and firesides highlight the list of campus events for the week, with the Sigma Chis entertaining at a fireside Friday night, and the Fijis holding an "hour dance" with the Pi Beta Phis the same night.

Last night exchanges were held between the Phi Delta Thetas and Kappa Kappa Gammass, Sigma Alpha Epsilon with Alpha Phi, and Sigma Chi with the Alpha Chi Omega sorority. Sigma Nu fraternity entertained the Delta Gammass, as did the Kappa Sigmas with pledges of Gamma Phi Beta.

Wednesday dinner guests at the Kappa Alpha Theta house were Dr. and Mrs. C. J. Brosnan and Professor and Mrs. Robert Walls.

Campus Visitors

Visitors on the campus this week were Louis Cosho and Walt Hoffbuhner, stationed at Farragut Naval Training Station. They were both members of Kappa Sigma last year.

Beverly Bristline of Pocatello has been visiting the campus for the past few days before starting her training as a Wave at Hunter College in New York. She graduated from the University in 1943, and was a member of Delta Gamma here.

Mr. Wayman J. Williams was the week-end guest of Mrs. W. J. Williams, housemother at Forney Hall.

Visiting in Wallace for the past week has been Mrs. H. E. Samms, Kappa Kappa Gamma housemother. Mrs. Sara Hutchinson of Moscow is acting as housemother during her absence.

Delta Delta Delta held formal pledging for all new women last Thursday evening. After the ceremony, old members entertained pledges at dinner at the Nobby Inn.

Ryan Issues Call For Track Men, Schedules Meets

With his cross country team now numbering 12 men, Mike Ryan again sends the call for the remaining men on the campus with athletic ability to turn out. It is his goal to have at least 20 members on the squad in order to have several teams. Since the hill-and-dalers have only a few practices under their belt, it is too early to judge them as a whole. However with veteran harrier Jack Anderson, returning to form, and versatile Dave Stidolph, frosh harrier star of 1941, right on his heels things look bright. Anderson's sudden rise to top man, by unseating Captain Bob Hayworth last season, proved to be one of the high lights, and he should be watched this fall.

Because of war conditions there will only be six weeks for practice and actual competition in which the team members can get in shape and win awards. With the exception of Anderson and Stidolph, all the others are inexperienced men. The schedule, despite many limitations, is going to be one of the best. The team Mike Ryan is out to beat is the University of British Columbia, winner of last year's Pacific Coast and Intercollegiate championships, and one of the strongest squads in cross country competition.

Vandal Schedule

- Oct. 23—Geiger Field at Moscow (tentative).
- Oct. 28—Naval Radio School at Moscow (tentative).
- Nov. 3—Whitman College at Walla Walla.
- Nov. 11—Gonzaga University at Spokane (Armistice day/tentative).
- Nov. 17—Whitman college at Moscow.
- Nov. 23—Pacific Coast Intercollegiate championships, Spokane.

Team Members

Jack Anderson, Junior, Sandpoint; Dan Strmac, Frosh, Peoria, Ill.; Gene Miller, Frosh, Peoria, Ill.; Walt Smith, Frosh, Glenn Falls, N. Y.; Ray Hall, Soph, Moscow; Charles Oaks, Junior, Couer d'Alene; Gordon Meacham, Frosh, Lewiston; Bob Deal, Junior, Couer d'Alene; Willard Johnson, Frosh, Kellogg; Joel Mellor, Frosh, Idaho Falls; Dave Stidolph, Soph, Elmhurst, N. Y.; Tom Kauffman, Frosh, Spokane; Leroy Beeson, Frosh, Spokane.

Infirmary Lists One

Ester Trekkell, Pi Beta Phi, is the only university student listed as a patient at the infirmary.

Housemothers Hold Meeting Thursday

Plans have been made for a house mothers' meeting which will be held today at one o'clock. A luncheon with bridge following is on the schedule for the afternoon. The meeting will be held at the Moscow Hotel. Mrs. Roy Van Winkle and Mrs. Homer Pitner will be hostesses.

Idaho Military Instructor Heads Gold Star Casualties

On Idaho's flag of gold stars there are already over 100 stars, many more casualties having been reported during the summer months. Col. John W. Sheey, who was on the Idaho military staff for five years, was killed during the invasion of Normandy.

Marine Lt. Guy G. Bower, Hoquiam, Wash., was in the invasion of Tarawa, and was killed in the invasion of Saipan.

After flying a fighter plane during the battles in the Philippines, Capt. Keifer Varian White of Blackfoot, was killed when his plane crashed in California.

Lt. Byard Cutler of Emmett was killed in a crash in England. He was the pilot of a P-38. Lt. John S. Kersey of St. Maries, awarded the Silver Star for gallantry in action in the Sicilian campaign, was reported killed in Normandy.

First Lt. Norris N. Nelson of Blackfoot was killed in action over England. He had been on more than 20 combat missions and had been overseas for seven months.

Marine Casualty
After serving with the marines for 10 months in Iceland and in the Solomons, Sgt. Eugene McGough, St. Maries, was killed in action. Second Lt. Gustave Donald Kjosness of Spokane, bombardier and navigator on a B-26 Marauder, was killed in action over France. He was on his 32nd mission when killed.

Capt. Paul E. Ryan, Moscow, one of the five sons of Coach and Mrs. Michael Ryan in the armed services, was killed in action on Saipan. He was cited for outstanding performance in commanding forces which landed on the west side of Makin island last year.

The plane in which J. Melvin Mortensen of Moscow was a crew flight from California to the mid-member was lost in a training west, and has never been found.

S-Sgt. John E. Anderson, Spokane, formerly listed as missing, must be presumed dead, the war department informed his parents. Second Lt. Lloyd Shangle of Lewiston was killed in a plane crash near Luke Field. S-Sgt. Carl Nyberg, Boise, who was stationed in the Philippines at the time of Pearl Harbor was attacked, was killed in action in the South Pacific.

"Legally Dead"
Lt. Donald S. Beals of Twin Falls was reported missing on a flight from England to Africa, and has been declared legally dead by the war department. S-Sgt. John Eugene Anderson, Spokane, killed in action on Batnan, has been awarded posthumously the

Exchanges Change To Hour Dances

New plans are in progress for social activity on our fair campus. Instead of having Wednesday night exchanges in the women's houses as was the previous schedule during the school year, "hour dances" are to be held between 8 and 9 p. m. on Friday evenings. Social chairmen will continue the customary procedure of holding the dances in the women's houses.

"Hour dances" on Friday nights will not interfere with studying on a school night as did the former exchanges, and will undoubtedly prove successful throughout the entire school year.

Spurs Tap Tri Delt

Joan Clark was tapped during the dinner hour Wednesday evening by Spurs, sophomore women's honorary. She will replace Emmaline Berry as one of the Delta Delta Delta representatives this year.

Alum Wins Audition

Miss Marjorie Call, a 1944 graduate, wired her parents, Dr. and Mrs. E. J. Call, that she has won an audition with Sammy Kaye's orchestra, and will sing at the Capital Theatre in Washington, D. C., next Sunday at 3 o'clock. A home economics major, Miss Call is now teaching in a nursery school in Washington.

Murphy Visits U.

Earl W. Murphy of Boise, secretary of the Idaho State Chamber of Commerce, was a visitor on the university campus last week, President Harrison C. Dale reported yesterday.

CANINE "SHORT SNORTER"

General Mark Clark recently had his cocker spaniel "Pal" sent to him in an airplane across the Atlantic. As a result, officers at Clark's headquarters in Italy decided that "Pal" should be a member of the Short Snorters club, to join which one must cross the Atlantic by plane. So they presented "Pal" with a little leather bill case attached to his collar and containing a Snorter dollar bill. In one hour's time, "Pal" came back with 14 signatures on his membership bill.—Purdue Exponent.

They were debating "Radio vs. Press." One boy said there was nothing the press could give them that radio couldn't do better. But a small boy retorted: "Yes, there is—you can't carry fish and chips home in the radio."
When sick I go at once to a doctor. Doctors have to live. And then, after getting the prescription, I go directly to a chemist. Chemists must live. Arriving home, I immediately throw the medicine into the fire. I also, must live.

WAA Tells Results Of Elections Held Wednesday

W.A.A. members elected the following officers Wednesday to serve on the executive board for the rest of the year: Maxine Slater, basketball manager; Erna Smith, swimming manager; Vera Anderson, leisure points recorder; Dorothy Bowell, archery manager; Phyllis Paulson, tennis manager; Phyllis Harrison, badminton manager; Ethel Jane Koppelman, reporter, and Twyla Shear, softball manager.

The third week of soccer practice will get under way Monday and will continue until November 9. During this time, players are expected to complete eight practices to be eligible for one of the color class teams chosen at the end of this period. During the first two weeks of this major sport there has been a record turnout with women for each group house well represented. Soccer teams are being organized for practice play from every house and small tournaments will be held this week.

At a general W.A.A. meeting Monday, it was decided that a golf tournament will be held following the tennis tournament, which started Wednesday. An amendment to the constitution was adopted which prohibits the president of W.A.A. from holding any other presidency such as A.W.S. or A.S.U.I.

Club Work Begins For Home Ec

Monday, the first meeting of the Home Economics club will be held in room 304-H at 4:10 p. m. with Virginia Dempsey, president, presiding. The main feature will be a report to be given by Phyllis Wells, who attended the home economics national convention in Chicago this summer.

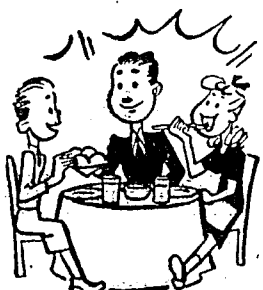

Present will be nine 4-H girls from surrounding towns. The program for the year will include speakers from the Inland Empire in various phases of home economics work. Any girl enrolled in this field or pre-nursing is invited to come to Home Economics club meetings.

Professor Passes Bar Examination

Dr. William John Brockelbank, professor in the University of Idaho law school, was admitted to the Idaho Bar association on September 25 after having passed the Idaho Bar examination in June.

When asked his opinion on the Idaho law examination, he remarked: "The Idaho bar is not as difficult as the English or the French, but much harder than the Canadian. It is a good, sensible examination, not too difficult or tricky, not too local in its questions. I enjoyed it."

Dr. Brockelbank received his doctor's degree at the University of Paris and practiced in France for four years. After two years of practice in Canada, he came to the United States where he has taught for 13 years. This is Dr. Brockelbank's second year of teaching at the University of Idaho.

Miss Chaney Weds H. H. Hall, U.S.N.

Miss Carolyn Chaney exchanged marriage vows with Chief Petty Officer H. H. Hall, Oct. 7 at the Methodist church in Fruitland. Following the ceremony, a reception was held at the home of the bride's parents, Mr. and Mrs. Burt Chaney, Kappa Kappa Gamma sorority sisters of Mrs. Hall. Eileen Quinn and Elizabeth Rofino, were bridesmaids at the wedding.

The couple, both residents of Fruitland, left for San Francisco where Mr. Hall is stationed, to make their home.

Swine Men To Hold Conference, Sale

The program for the first annual northern Idaho swine conference and sale will be held in Moscow October 19 and 20. The sale will be sponsored by the department of animal husbandry at the University of Idaho. Prof. C. W. Hickman, head of the animal husbandry department, is chairman for the conference. The event will be held at the Latah county fairgrounds.

"My intentions are pleasurable—not honourable." Now we wonder who said that. Own up, you cad.—Critic.

Sand Trap Artists Qualify For Fall Tourney

Final reports on the qualifying rounds of the all-university golf tournament show that twenty-four men and sixteen women turned in scores. These forty artists of pitch and putt will pair off this week in the first and second rounds of the play-offs.

University professional Frank James said the number of golfers turning in qualifying rounds was encouraging and added that it proved there was a definite interest in the game if only the students were made aware of the golfing facilities at their disposal. Frank is anxious for all participants to play off their first and second rounds this week if possible so that the winners can be determined before the good weather runs out.

On the basis of the scores turned in for the qualifying rounds the players have been paired off for the first round play. The winners of the first round will constitute the first flight, and the losers the second flight. The third flight has already been established in the men's division.

Winners in each flight will be awarded a prize, and the winner of the first flight will be the University champion.

Following is the setup for the first round. You are encouraged to contact your opponent right away and make arrangements to play off the first round which will consist of nine holes of match play.

Ladies' Division:
Barbara Sutcliff v. Barbara Jo Smith.
Jackie Richie v. Jean Seymour.
Jerry Potter v. Phyllis Wells.
Larry Leining v. Jean Thompson.
Helen Howard v. Virginia Chaney.
Vera Anderson v. Ruth Abraham.
Betty Anne Craggs v. Clara Pointner.
Arline Durkoop v. Maxine Pence.

Men's Division:
Max Call v. Darwin Brown.
Phil Eastman v. Bob Davis.
Jack Anderson v. Ray Dills.
Tom Ryan v. Jim Pieroni.
Sumner Johnson v. Bill Helmsworth.
Byron Anderson v. Bob Asmusen.
Bud Oylear v. Len Pyne.
Joe Doss v. Cecil Saunders.
(Third flight already established)
Bill Carbaugh v. Fred Keiper.
Bert Dingle v. Dick Childs.
Howard Faux v. Ron Walker.
Pete Rowell v. Frank Raney.

SPORT SHORTS

By TOM RYAN

The first annual golf tourney seems to have hit the fancy of the students and now looks as if it would be one of the big fall athletic attractions. The beauty of the thing is that it will give an added number of students something to do if they are unable to turn out for the more rugged fall sports.

FRANK JAMES

And how the ladies are going for this game of pitch and put; 12 of them added their charm to the game and turned in qualifying rounds Sunday. Professional Frank James hopes to see 12 more out before the qualifying rounds are over.

Orchids to Frank
While speaking of Frank let's give a lot of credit where it is due. Though he has been managing the course with half enough help (c'est la guerre), the dynamic little Scotchman still doesn't have to apologize for the condition of the university course. Golfers turning in qualifying rounds were much surprised to find the greens and fairways in such excellent condition.

Course Builder
The tournament itself is already a success and this is also due to the foresight and efforts of the old master who has built more golf courses throughout this country than most of us have seen. He saw the need for

providing activity for the students who were not engaged in other sports so he hit upon the idea of the fall golf tourney which is to become an annual affair. Frank hopes that anyone who has any inclination toward the game will turn in qualifying rounds this week so that the semi-final and final rounds may be played before weather changes.

Sailor Good

Par took a drubbing at the hands of one S2/c Ronald Wilson Sunday when he breezed through nine holes for a four under par 31 on the university course. Wilson shoots consistently in the middle thirties so this didn't come as a surprise to those who have seen him display his golfing talents.

Equals Record

In equaling the course record, set by Dr. W. H. Boyer, former university psychology instructor, Seaman Wilson shot "birdies" on Nos. 3, 4, 5 and 8 holes and parred the remaining five. Fair country golf, Will.

Also Good

Chief Wally Shultz and S2/c Bill Ulrick also rate as top golfers in the Idaho Naval school. Both shoot their share of par rounds and manage to win a few cokes off this reporter every too often.

Earlier in the season Wally Shultz turned in a snappy 32, which isn't bad golf for a fellow who has only been playing a little over a year.

Idaho Heroes

The overseas mail bag this week revealed some gallant action on the part of two members of Idaho's 1942 championship cross country team. In a letter to Mike Ryan, Paul Thome, Spokane, who was a member of that team, related how Bob White of Payette turned down a field commission for gallantry in action and how Bob Dwyer, Jackson Heights, New York, was given a boost in rank for his exploits in Normandy.

White wears the Silver Star for wiping out a German machine gun nest at Anzio. Reports have it that the ex-Vandal runner volunteered to expose himself to enemy fire with no more aid than his own rifle to see if he couldn't eliminate the German stronghold. He did! Later White was hit in the face by enemy fire and received the Purple Heart.

Recently returning to his group (the Seventh Army), Bob turned down a commission so that he might remain in the enlisted ranks with his buddies.

Dwyer Promoted

The other Vandal who is changing "Heil" to "Hello Joe" and making the Hitler bad boys like it is Bob Dwyer. Dwyer was a three-letter winner in Vandalville and was in the first flock of paratroopers to drift down over Normandy. Dwyer was hit the first day in France and is also wearer of the Purple Heart. When he returned to battle his commanding officers saw fit to promote him from second to first lieutenant.

White and Dwyer were both distance runners during their college days. White still holds the record for the Pacific coast cross country run at Spokane in the fast time of 21 minutes and 20 seconds for the four-mile grind. He was one of the best milers on the coast for that year, turning in a 4:18 effort at the coast meet in Berkeley.

Bob Dwyer ran cross country and was used as a utility man in the spring since he was capable of running anything from the quarter to the mile. His versatility was one of the factors which gave Idaho such strong long distance teams in those days.

FRIDAY: Canterbury officers will meet at 12:30 p.m. at Kappa Kappa Gamma.

MONDAY: Intercollegiate Knights (old members) will meet at 7:30 p.m. at Kappa Sigma.

CALENDAR

TODAY: Publications Board will meet in ASUI room at 7:30 p. m.

Grid-Men Schedule Season's Opening Game Saturday

By TOM RYAN

It's here! Old man football will make his 1944 debut on the Idaho campus this coming Saturday at 2 p. m. when Company A engages Company B in the first game of the current season. The Idaho athletic staff inaugurated these war edition games last season in an effort to keep sports alive at Idaho and they proved so popular with the fans and players that J. A. Brown has organized three teams to carry out this year's program.

The first game will pit two unknowns against each other since neither has played nor are there any carry-overs from last season's squads. Company B has been practicing for two weeks and should rate an edge. However, Company A drew their suits Monday and have been working overtime to get into condition for the battle.

Neither camp is telling much about what or who they might pull out of the hat Saturday but via the grapevine we have it that both are capable of displaying better than average football talent.

Pvt. "Munsie" Munson, who will be the task master for Company A might spring a surprise in the person of Pvt. Dixie Basile. Basile is in the yard gaining department and it will do the fans well to keep an eye on the lad. And Company B is trying to keep fullback Harold Lang a secret until Saturday afternoon.

Clean-up
Athletic director Brown said the stadium would be cleaned for the game and all the rah rah! spirit of the old days will be there. The band will be out for the occasion and half time entertainment is now being arranged.

This game is being played for the interests of the students and fans of this area who don't want to see the game die. The players get nothing out of it except the fun and the athletic department is exerting its efforts to make the thing a success. If the guys and gals get their sheepskin coats out of the closets and grab an "I" hat somewhere the thing is bound to be a success.

Civies to Play

Next week the university civilian team will play the winner of Saturday's game. As yet the squad isn't at full complement and Coach Brown urges the available men on the campus to draw suits this week. At present there are 18 huskies getting into shape for the coming game. Those turning out feel that they are the Idaho team, scanty as it may be, and expect the support of the student body.

Company B roster — Ronald White, George Freeman, Don Vaughn, Standly Goldblum, Arthur Ferosian, William Patridge, C. D. Brown, George Stratton, Lloyd Clauson, Charles Littjohn, Louis Fontana, Byron Violet, Clifford Frost, Claud Schmaker, Joseph Benintende, Pat McDewitt, R. Russell, Frank Sandberg, Richard Taylor, Willard McNeil, Charles Swift, John Sutton, Harold Lang, James Chu, Tom Clayton, Norman Moshkov.

Company A — John Nurnhan, Marvin Carr, Donald Shanton, B. F. Dake, Ralph Wilmot, Dick

Bill and Darwin Brown (no relation) are shown here watching Tom Ryan putt for a "birdie" in the qualifying round of the university tournament Sunday. D. Brown and Ryan are considered among the leading contenders for the university crown which will be decided next week. Bill Brown is a graduate of Idaho.

TENNIS

Coach Bill Ramsey will meet all tennis enthusiasts on the courts in front of the gym Monday at 4 p.m. The purpose of the meeting will be to outline a fall program. All who want to play next spring are expected to turn out Monday.

Hester, J. Kozeluh, Dean Bartin, Arthur Glean, Raymond Ellis, Richard Thornburgh, Douglas O'Connor, Ed. O'Brien, James Libby, Lanie Ferrell, Harold Groger, William Sullivan, John Derby, Louie Filpich, George Torgeson, Ben Grouch, Kenneth Birdwell, Howard Dull, William Colburn, Vernon Malan, George Garland, N. Gross, William Homes.

Educators Discuss Initiation Plans

A meeting of Kappa Delta Pi, educational honorary, was held Tuesday to discuss activities for the coming year. Mary Magnum, president, announced that initiation will be held in the near future for upper-class education majors having a 3.0 cumulative grade average last semester.

Officers chosen for the ensuing term are, president, Mary Pennell Magnum; vice president, Muriel Whiteman; secretary, Betty Cardwell; treasurer, Della Doumeq. Dr. W. Wayne Smith was appointed as advisor, succeeding J. F. Messenger, former dean of the school of education.
