LEST WE FORGET

Three years ago today, the Japanese attacked Pearl Harbor and the next day the president, in an address to congress, declared war against the Nipponese across the Pacific. The University of Idaho rigged her sails and set herself up as a wartime college. Mass mobilizations among men students, silent radio huddles and a new interest in war maps characterized the new spirit on the campus. Some of the students had fathers, brothers and friends stationed at Pearl Harbor. Mock enlisting posts were set up in some houses. War songs became the order of the day. One men's hall mobilized with a band, broomsticks and mops for a pajama parade around the campus. Ever-present reporters, not missing a bit of the excitement, appeared in Arg Editor Bob Leeright and cameraman Don Carlson, who trailed the parade with a pocketful of flash bulbs. Textbooks and sleep were forgotten Sunday night and early Monday morning, as many classes dismissed during the president's address. Philosophical professors, who saw the something that happened in World War I, looked sad and warned that worse things were ahead.

The Commercial Aeronautics association grounded all CPT students until they complied with emergency regulations and were checked concerning citizenship and identification. The federal government ordered the university to post guards on 24-hour duty at the armory, heating plant, pumping station and vocational defense training school located in agricultural shops downtown.

After the declaration of war, the university academic council met to draw up a policy for students and the university during the war. The statement issued by President Dale urged students to keep their heads and be on guard against wild rumors, urged tolerance and the desire of all of us to make democracy work.

In general, the students took the whole matter calmly and seriously, as men and women, and Jason commented on the coolness and lack of war hysteria. A few practical jokes were played. The most noticeable indication of war seemed to be the fact that radio stations on the West Coast went off the air.

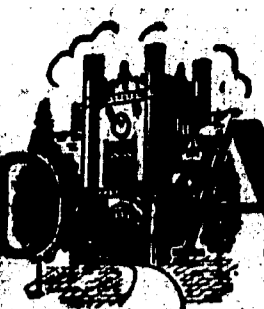

In the net Argonaut, the administration announced that university students must re-register for the draft. Shortly afterwards, trains and buses left Moscow, on schedule, loaded with students bound for Christmas vacation and a visit with the folks to talk things over.

Changes and more changes have occurred on the Idaho campus since that eventful day in 1941. Men left to fight for the Stars and Stripes, the girl back home, and the countless little things that make up American life. The Army and Navy have had men stationed on our campus to become a part of its life and to be trained for the real work ahead within this institution's walls. Those brothers and friends—some of them—have returned as veterans to complete their education. Some did not return, as evidenced by a recent report of the war records committee that over 100 gold stars appear in the university's service flag.

Yes, a great many things have happened to us in the last three years. Seniors today remember that they were freshmen that day; they will be the first war class to graduate from the university this spring. Psychological changes have occurred with many of us, making adjustments in our family and in our college relationships. And, we all know that, psychologically speaking, we must face greater adjustments in the future, in the peace years when the men who have been fighting return to civilian quiet. We are preparing ourselves for these years.

Or are we? All too many of us are distantly removed from war. True, we can't all go—but we should know what is going on, and we should be doing all we can on the home front to help those Johnnies and Joes who used to win our football games and walk to class with us. We could be doing a great deal more than we are. Burying ourselves in textbooks is well and good—providing that the knowledge hereby gained may be applied to living—really living—the reason for our existence on God's green earth. Johnny and Joe are going to be impatient—they

Sophomore Week To End Activities With Traditional Holly Dance

Climaxing a week of traditional activities, sophomore men and women will play host at the annual Holly week dance, scheduled for December 9 in the student union ballroom. Dancing will begin at 9 p. m. to the music of Red Jensen's orchestra. A winter background of trees and snow promise to make the theme, "Snow Stars," unusual.

Tickets for the affair will be on sale in all men's houses until Friday evening. Appointed as salesmen are Will Defenbach, Sigma Alpha Epsilon; Sumner Johnson, Kappa Sigma; Ken Chattin, Sigma Chi; Dave Schwalbe, Delta Tau Delta; Paul Olson, Sigma Nu; Bill Helmsworth, Phi Delta Theta; Allen Bunker, Phi Gamma Delta; Lyle Bates, Idaho Club; Lou Blix, Company A; Pat McDevitt, Company B; and Jack Goetz, for the navy unit.

Queen Candidates
Feature of the dance will come during the intermission with the coronation of the sophomore woman chosen as Holly queen. Competing for the honor are Margaret Sutton, Delta Delta Delta; Mary Holden, Kappa Kappa Gamma; Judy Boon, Gamma Phi Beta; Connie Melgard, Pi Beta Phi; Lucille Thompson, Delta Gamma; Betty Isenbaur, Alpha Chi Omega; Lorraine Brassfield, Alpha Phi; Barbara Bedwell, Kappa Alpha Theta; Zelva Hodge, Forney Hall; Virginia Geddes, Hays Hall; and Rosella Reeve, Ridenbaugh Hall. Candidates may be voted for by every man purchasing a bid.

Working with Eileen Quinn and Will Defenbach, co-chairmen of Holly week, on arrangements for the dance are Twyla Shear, programs; Margaret Sutton, patrons and patronesses; Wally Conine, orchestra; Marie Lampman, check room; and Joyce Halley, queen committee. On the decorations committee are Elizabeth Rofinot, chairman, assisted by Betty Callahan, Ethel Jane Kopelman, Donna Harding, Jean Denman, Denise Magnuson, Pat Burris, Lucille Nelson, Joyce McMahon, Zelva Hodge, Virginia Geddes, Marina Dochios, Anna Warsaw, Fred Keiper, Allen Bunker, Earl Miller, Wally Conine, and Dick Childs.

Patrons and patronesses who have been invited to attend are President and Mrs. Harrison C. Dale, Dr. and Mrs. H. Walter Stef. (Cont. on Page 4, col. 4)

TEN % CUTS

Each dean is handling his own excuses for students leaving early or returning late from Christmas vacation, the academic council decided at its meeting this week. All students must get their leaves of absence straightened out in their dean's offices before leaving, the council warned.

Classes are to be held as usual. According to university bulletin regulations, 10 per cent grade cuts are given to those missing classes immediately before or after a vacation of more than one day. The decision to let deans handle their own excuses was based partly on present travel conditions.

All-Girl Singing Orchestra Will Tour Washington

Army and navy busses will carry a select group of Idaho's women musicians on a tour similar to a U.S.O. camp tour, when the University All-Girl Singing orchestra and chorus leaves Sunday for Hanford and Pasco, Washington. The group will sing and play for the Hanford war project Sunday and Monday night, with a program of semi-classical and popular music, and for the Pasco naval air base on Tuesday. After this performance, the group will return to Moscow.

Coope and T. Sherman, university professors.

Other numbers on the Tuesday night program were Tomorrow and Tomorrow by Hall Macklin, J. Coope and T. Sherman; Great Day by Youmans, selections from Porgy and Bess, written by George Gershwin; The Original Boogie Woogie, Clarence Smith; and Without a Song, by Youmans.

Ridenbaugh hall will be open during holidays for women students who decide to spend Christmas at the university, Mrs. Louise Carter, dean of women, announced this week. Students who wish to remain here may move in on December 20, and will return to their regular living group by January 3. Room rent for the holiday season will be \$1.75 per week. No meals will be served at the hall.

U. Alumna Recruits SPARS In Cleveland
June Sutton, former student of the university and member of Forney Hall, is now a Seaman 2/c in the Spars. After completing her boot training at Palm Beach, Fla., she was transferred to Cleveland, Ohio, where she is now a recruit.

Cherry Stranahan, Helen Dittman and Barbara Long, graduates of 1944, are now doing physical therapy work at Bushnell hospital at Brigham, Utah.

Blue-Capped Maidens Give Hours Of Patriotic Service

Idaho's white-capped, blue-haloed Minute Maids are still making the rounds of campus living houses every Wednesday night, selling war savings stamps and bonds.

The maids not only sell war stamps to seemingly empty pocketbooks during their dinner-hour visits, but also donate extra time, sometimes necessitating missing a date, or eating meals in odd moments, to sell stamps in the Ad building halls or at special functions such as assemblies and dances.

They are planning two such stamp-selling activities for the near future—they will be on hand at the WAA play party tonight to furnish the stamps necessary for admission and sometime in January will sponsor a war stamp sport dance.

Admission prices for both the WAA play party and sport dance will be refunded in the form of war stamps, Fidelia Zabala, president of the maids, said. No committees have yet been named for the maid-sponsored dance.

While no university bond goal has been set, all campus sales will be applied to Latah county's \$788,000 goal. The national quota for the sixth war loan drive is 14 billion dollars of which Idaho is expected to raise 23 million.

The Eyes Have It
The Idaho Minute Maids' Blue Bucket Brigade has kept itself constantly in the eye of the campus (and the campus hasn't objected) since the fall of 1942. The original group was organized in the spring of that year in Boise by Mrs. Ralph Falk. The maids are not only still active in bond campaigns in the Idaho capital city but have also spread the scope of their organization to various towns in the state, and throughout the nation.

Since their founding the maids have sold thousands of dollars in war bonds and stamps to Idaho students. One sophomore woman from each house on the campus is chosen as Minute Maid on the basis of honesty, cheerfulness, and patriotic spirit. Alternate Minute Maids are chosen from the freshmen groups of each hall and sorority.

Registrar Returns From Conference
D. D. DuSault, registrar, returned yesterday from a meeting in Spokane of the re-organized Northwest Association of Collegiate Registrars, which included representatives from Oregon, Washington, Idaho and Montana schools. He served as chairman of the committee of registration and attendance and reported that 53 were present for the two-day session Monday and Tuesday.

Principal topic of discussion concerned veterans, Mr. DuSault said, adding that delegates exchanged ideas, discussed value of work in the Army, admission requirements and special courses.

Mr. DuSault pointed out that a number of years ago there was a Northwest association which later joined with the Pacific Coast Registrar's organization. Due to difficulty in traveling, the Coast group split, and this was the first meeting of the Northwest group.

Reidesel Attends Air Meeting
Professor G. A. Reidesel, acting head of civil engineering, returned recently from the institutional representatives meeting of war training program for civil engineering and science management held December 2, in Salt Lake City.

He also attended a meeting of the Idaho State Aviation association at Lewiston after returning from Salt Lake. Plans and recommendations are being formulated for the development of aviation in Idaho.

Board to Promote More ASUI Dances
Executive board members met Wednesday night and approved the yell queens selected by the student activities board earlier this fall. The report was submitted by Julien Paulson, chairman of the student activity board. Barbara Bloomsburg, chairman of the election board, presented her report to the ASUI, and it was accepted by the executive board.

Suggestions to renew ASUI dances and promote more spirit on the campus were referred to the student activities board.

One of America's foremost authorities on Australia and the southwestern Pacific, C. Hartley Grattan, will speak to social science classes at 2:20 p. m. Thursday in Ad. 317 on the relation of New Zealand and Australia to the British Empire. Sponsored by the Rotary club, Mr. Grattan spoke to townspeople Tuesday evening as the fourth in their series of guest speakers.

Mr. Grattan's interest in Australia developed when he was awarded a grant from the Carnegie Corporation in New York to study social development in Australia. A prolific writer, he is the author of many magazine articles and books including "Australia and New Zealand Today," "Introducing Australia," and "Australia's Foreign Policy." Phi Delt Dance At Semi-Formal
Phi Delta Theta held its annual semi-formal last Saturday night. The theme of the dance centered around blue and white, the fraternity colors, and these were used in the covered lights, decorations, and programs. An interesting feature was the hidden radios which created an unusual effect.

Coffee and cake were served in the library during intermission. Music for the evening was furnished by radio station KWSC.

Patrons and patronesses were Dean Louise Carter, Dr. Frederic C. Church, Mr. and Mrs. James David, and Chief Petty Officer Wallace Schultz. Bert Dingle, John Nersas, Carl Spalding, and Jerry Riddle were in charge of the arrangements for the dance.

Spurs Sing Carols
Singing Christmas carols next week for the city hospital will be the Spurs Christmas project. No definite plans have been made for their next project.

Regular monthly luncheon will be held in the Blue Bucket Wednesday noon.

Camera Men

Gem staffers have sent out a call to all candid-camera men and women to turn in their negatives or prints to the Gem before Christmas vacation. "These negatives and prints will be well cared for and returned to their owners," Beverly Weber, editor-in-chief, said.

Representatives in each house will collect the candid shots, Miss Weber reported.

University Women Help Red Cross To Fold Bandages

University women who "went to war" last Saturday by rolling bandages for the Moscow chapter of the Red Cross, will relinquish their weekly jobs Saturday to 120 other campus women to continue this work.

Rolling of bandages is sponsored by Cardinal Key, junior women's service organization. By assisting the local chapter, the quota of bandages requested from this area will be filled more rapidly, Pat Hagan, president of the organization, said. Each woman is requested to bring a head scarf, and to wear a print dress or a skirt and washable blouse.

Instructors from the local Red Cross chapter will come to the houses to demonstrate how bandages are rolled.

All women who will roll bandages Saturday are to meet in three houses from 1:30 p. m. to 4:30 p. m. The women who will work at the Delta Gamma house include 10 representatives from the Delta Gamma, Gamma Phi Beta, Ridenbaugh and Hays Hall; Delta Delta house, 10 each from Delta Delta, Kappa Kappa Gamma and Alpha Phi sororities and Forney Hall; and Alpha Chi. 30 from the Alpha Chi and 10 from the Kappa Alpha Theta sororities.

Cardinal Key members from each house will have charge of the classes. Bandages were rolled last Saturday at the Alpha Chi and Pi Beta Phi houses.

New Agriculture Building

Reports in the press state that the state planning board and the state board of regents of the University of Idaho have an expansion program in mind for the schools of the state, which embraces as its number one project, the erection of a new agricultural building at the University of Idaho. This is indeed welcome news to the great agricultural industry of the state of Idaho. The needs for better facilities and more space with which to serve Idaho's major industry has been apparent for years. The present facilities have been in use almost since the inception of the university. They are antiquated and of such small size that much of the important work in agriculture has been farmed out into small frame buildings over the campus.

The departments under agriculture are scattered in such a way as to cause inefficiency in management and control. Agriculture produced 70 per cent of all the new wealth that came into the state of Idaho in 1943.

Agriculture is the one industry that will be in Idaho when the last pound of ore is extracted from our hills and our forests have been depleted to a point where but a small fraction of their once vast production will be here.

Idaho's main industry is worthy of the consideration now accorded to it as the Number One requirement for attention. Every farmer and every farm organization should insist that the next session of the Idaho legislature translate the program of the state planning board and the state board of regents into action.

The new day of hard competition for agriculture calls for our main industry being given every bit of aid and assistance possible in the way of scientific research and experimentation.

The major part of the efforts of our university should be lent to the development and sustaining of the industry that is Idaho's main hope of sustenance.—The Idaho Granger.

Chomphing At The Bitt

By JERS

Comes now the home stretch of 1944 and leap year and from this corner it looks mighty packed with events. Friday night next (7:30 p.m.) the Sophomore class is presenting its annual assembly as a part of Holly week with Dave Stidolph slipping us the word that it will be a great show, I mean really. Then Saturday the announcement of Holly Queen will be made at the intermission of the dance. The bigger boys tell me thru the betting odds that the Queen will be either Judy Boon, Gamma Phi, or Mary Holden, Kappa. Sticking out the proverbial neck it would look more like Barb Bedwell, Theta, or DecGee towngirl Lucille Thompson, with Virginia Geddes, Hays, giving them all a fight for the top vote. This field is made up of such swell house selections that any person winning would really have to wade thru a lot of competition.

This week, Tuesday, the new directors arrived and so now we can find out what time it is, or was, or will be. One Satmorn recently passed, the men actually outnumbered the women in the Ad Bldg. smoker. Oh, unhappy day! Best that the snow and ice arrive soon-like so that the men can be telling of their night ice-skating at Robinson Lake.

Bowery Boys
 Introducing to the new-sters the Sigma Alpha Epsilon fraternity down the hill on the corner of Deakin and Sweet: The 16 pledges are kept on the line by four members, three of whom are kept still on their toes by playing the field or just plain "wolfing." "Nick" Nichols is leading the way with the situation well in hand with his jewel on Bobbie Jordan, Alpha Phi. Jim Leeper and "Sheridan" Defenbach seem to be the house scouts with Dean Shaver preoccupied in presiding but not exactly

hermit-izing. Missed this school year for the first time since 1926 is the SAE Ford having been handed down in the house for "generations." (During the summer last, black marketers stripped it.)

The SAE house itself is the newest on the Idaho campus (1934 completed) and boasts an indoor rifle range and the men's joints only regular house-mother (dancing thru Sun for most campus hours). The Sig Alphas are operating one of the two open fraternity kitchens this semester with the LDS and the Kappa Sigs also taking their nourishment there.

Dean and all the little "shavers" are busy like mad planning and preparing for one of the most looked-forward-to house dances of the year. I speak of the "Bowery Dance" which is scheduled for Saturday, Dec. 16 at the chapter house. It's a big formal costume affair for the Sig Alphas, their dates, and a few privileged BM & BW OC's as guests of the house. OH MOMMIE, where're my black lace stockings?

Get Out The Ax
 Now that we are already out on a limb, we might as well go whole-hog and try the predictions on the Sigma Chi sweetheart. Looks like Virg Campbell, Alpha Chi, will end up with a sweetheart jewel according to the bets and opinions. Keep your eye on Barb Thompson, Pi Phi, tho for the race will be mighty close. One more word—these are not necessarily my choices but rather the way it looks as tho the voting will go.

No quiz this week. Instead perhaps we can all stop a second and think over these past three years of war (to this day) since December 7, '41 now commonly called Pearl Harbor Day. Oh what a difference a day makes! Ask Earl Naylor, he knows. As to last weeks answers maybe Earl knows those too. They have been both-ering the Chomphier for many moons and the Argo is a good means of finding out. Its surprising what people know about these things. Time is now barreling by like mad and the women must eat so finish it is.

MULBERRY BUSH

All over the nation, college newspapers tell students of who is doing what on the campus in the brief, easy-to-read story. In your small town weekly and large town daily, everyone digests the "locals" column. In the large city newspapers, everybody follows the syndicated articles of Walter Winchell to see who is making the moves to make the news. Well, here's Mulberry Bush.

This week we went gam-gazing and started at the house on the hill. Marion Wilson and Betty Dodd got the nod for this week and anything printed in this column is not necessarily expressing the opinion of the editorial staff of the Argonaut. I'll be gam-bolling around again this week, so watch for the winners' down Kappa way.

Len Wilson's study habits seem to have improved since he started steady-ing with Lavonna "Rocky" Craggs. Could it be that Dave Stidolph has the "hots" for the Frosh class prexy? Could be! A one word description of the new Christmas perfumes—glam-odorous.

Bette Faye Solberg always looks like she just stepped out of the college edition of Mademoiselle. Mac Kennington has a good time in the most enthusiastic manner of anyone I know. "Snuffy" Jo Shijih should get an A in Nestology.

Most embarrassing question of the week—What was the grade average at your house? When this campus builds a statue to show Man's Ideal Woman, they'll probably use Virginia Eagan for the model. What's happened to Bert Chamberlain? Haven't seen him for weeks.

Has everybody seen the hunk o' guy that Jo Valadon is dating now? As a word to the wise, it is left up to the Bush to pass on from the big boys in the know that Bob O'Connor is still available. By the way, I know a guy who would like to give Shirley Coldean a bridge lesson every evening.

Did you hear what the Alpha Phi said when she heard the boys in the Sigma Nu house singing Stout Hearted Men? It was, "Now, I'm scent." Hall to the Silver-heel to the old. How about some new songs on serenades? And how about more serenades like the sophomores?

It would please Mulberry Bush greatly to find out what was the result of the fouled-up sign-out book at the Pi Phi house Friday night. Our special orchid, Catalina hybrid with red tips on the petals, to Rho Epsilon Delta for their organization of the red-heads on the campus. All persons who can meet the evident qualification requirements are asked to contact Marion Kittelson, flame-top prexy.

Scholarship Helps Ag Students; Stevens Memorial

Friends of the late W. L. Stephens, for 19 years northern district extension agent with the University of Idaho college of agriculture, are establishing a memorial scholarship loan fund at the university. It will be available to former 4-H club boys and girls in the college of agriculture or department of home economics.

Professor Hickman of the agriculture department has been designated as temporary treasurer of the project, to receive contributions and to turn over the memorial fund to Frank Stanton, university bursar. A special committee will be appointed to administer the fund.

Stephens, known affectionately as "Fat" Stephens to thousands of Idaho 4-H club boys and girls, graduated from the University of Idaho college of agriculture in 1925. He is generally recognized as having been one of the foremost leaders in the development of the youth movement in Idaho and the Pacific Northwest. He died of a heart attack June 26, 1944.

News And Views On Other Campi

Washington State college, announces "The Evergreen," is now holding spelling classes for all students who have difficulty in this line, and for those who have not yet passed the spelling requirement there. Dr. Paul Kites of the English Department is conducting 11 classes. Sounds like a good idea!

Alpha Phi Omega at Purdue university conducted a fingerprinting project this fall, and was commended for doing so by the FBI. We can remember the days when Idaho students were fingerprinted during registration by Alpha Phi Omega, Boy Scout honorary, an honorary no longer active on our campus.

Hayride Fun
 Can you imagine a hay ride on these cold winter nights? Students at the University of Alberta could and did, according to the "Gateway." After a long ride into the country, they built bonfires, had a community sing, and roasted weiners and marshmallows. The sponsor of the function was the Outdoor club, and new plans are being formulated for a sleigh ride and toboggan parties.

Sad Pajama Saga

(With apologies to Robert Service) There are strange things done, where co-eds run, the reason, God only knows. In other things they're neat, and quite discreet, except when it comes to clothes. Now girls, you know, (it used to be so) were clothed with dainty dresses, and took great care, and wore their hair with ribbons in their flaxen tresses. But time rolled on and that girl is gone, and progress? has changed the scenes. And the modern lassie, now hangs on her chassis old sweat shirts and frisco jeans. Now at the end of day, when they hit the hay, no lace nightgowns like their mamas. No, instead, when they go to bed, they wear a pair of MEN'S pajamas. Now you see my pals, these young gals have got us, and oh, it hurts. For they'd laugh with scorn, if some sunnymoorn we'd come out wearing skirts. To what extent was nature bent when making up such creatures? They steal men's clothes, and thumb their nose, at maidenly fashion features. If we wear such clothes, you just strike a pose, as if you were terribly sick. But you dear little elves, think the same on yourselves, looks well, really quite slick. I gotta letter today, from the OPA, asking one thing of you please, There's a shortage in shorts, so please be good sports and don't buy our B.V.D.s. —By Fountain (that's my pen name)

Hays Holds Dance Saturday Night
 Carrying out a North Pole theme with penguin and pine bough decorations, women of Hays held their semi-formal dance Saturday evening. During intermission, Virginia Egan sang "My Hero" and "Smoke Gets in Your Eyes," and Virginia Geddes, social chairman, was in charge of the dance. Committee members in charge of decorating were Saxon La Turner, Hazel Mooney, Margaret Walters, Lorna Boris, Gloria Nesbitt and Re Non Penrod.

G. I. REPORT

By PVT. DAVID GREENBAUM
 Idaho-stationed GIs are promised at least something of a Christmas in the form of a party or dance and a two or three day liberty. Plans for the party are in the embryo stage but rumor has it that the men will select a unit sweetheart to be announced at the dance. Pvt. John X. "Dixie" Basile, Company A, Pvt. John Bozajian, Company B, and Lt. Morris Herzog will act as a committee of three to make necessary arrangements and preparations. The men will receive liberty December 24, 25, 31 and January 1, according to official announcements. They may also be free of duty December 23 if no government achievement tests (GI exams) are scheduled.

Debates, Too!
 Impromptu debates have become something of a tradition in Lindsey hall, a tradition being anything that happens more than once. Since last week, when the subject for debate was "California vs. the United States," other more controversial discussions have followed. You have to be there to understand the intense feeling that develops!

We miss Pvt. Arthur Glenn, Riverside, Calif., who has been sent to the Baxter General Hospital in Spokane. Pvt. Dean Barth of Spokane has returned to the unit from Baxter after an absence of 30 days. Dean, you will remember, was responsible for one of Company A's touchdowns last fall. Pvt. Laurel "Packy" McMurry

Curtain Pledges Able Students

Students who have proved their ability were tapped for Curtain Pledges Thursday evening during the dinner hour. Wearing the black mask insignia of pledges last Friday and Saturday were Geraldine Merrill, Jean Pugh, Ann Smith, Ed Dalva, Don Rankin and Jack Rowe.

Sunday afternoon Ralph Johnson, president, met with the pledges and announced the initiation which is to be December 17. The pledges, who have earned membership on a point system, are each to review one of the recent ASUT plays as part of their initiation duties.

MEETING

A combined meeting of the Panhellenic and Interscholastic councils will be held tonight at 7:30 in the A. W. S. office. Plans concerning Christmas decorations will be further discussed, and committee reports will be heard. All members of both councils are urged to attend.

Beta and Delta Tau Hold Pledge Dance

In a winter setting of pine boughs and snowflakes, Delta Tau Delta and Beta Theta Pi held their joint pledge dance November 18. Half of the dance floor was transformed to resemble the interior of a resort hotel with ski equipment and ice skates hung on the walls beside the large fireplace, and the other half represented an outdoor scene.

Pledges whom the dance honored were: Walter Bethune, Jack Gooding, Bob Newman, John Nogle, and Sam Vance—Beta Theta Pi; Al Dunn, Bob Gardner, Gerald Hatrup and Howard Kambsch—Delta Tau Delta. Patrons and patronesses were Mr. and Mrs. Hubert E. Hatrup, Mr. and Mrs. Gilbert Norris, and Mr. and Mrs. Henry Silha.

Women To Relax At Play Party

Capt. Wright Hitt, in a letter to his mother in Kansas City, Mo., said "One day I was directing the movement of the regimental combat team through a busy intersection in a small town in France and Major Rathburn, whom I knew at school, stopped long enough to hand me the latest copy of the 'letter from the Idaho Campus' for July." Another copy of the Idaho Campus News Letter reached Lt. Col. Lewis D. Morgan, St. Anthony, by being forwarded from Maj. Phil DuSault. "We came across the channel on the same ship and accidentally met at mess," wrote Lt. Col. Morgan.

On the Pacific side, another Vandal, Marine Lt. Thor H. Killsgaard, Bonners Ferry, with his platoon, is credited with wiping out five concrete-reinforced Jap caves on the first day of the battle for Palau.

1st Lt. Carl Woodrow Carlson has been reported killed in action October 8 in Italy. Lt. Carlson attended the University of Idaho and would have graduated in the class of '42; however he left school for the service in '41. He was an officer in Jr. R. O. T. C. here.

BENCH NOTES

By JACK ANDERSON

Hey! What makes the sport page? Where's Ryan? These and other cries of alarm I seem to hear. Well, to break the news gently, the old master has retired, and your new (and how) chatter man is taking over, with a feeling not unlike the next patient in the dentist's office.

The problem of the week is "Lefty" Bill Carbaugh, one of the three returning lettermen that form the backlog of this year's Vandals. Hailing from Spokane valley, Bill received his prep training at Gonzaga, where he was a four year baseball letterman. He played a little basketball on the side, and picked up three letters in the cage sport. He was selected to pitch for the all-city baseball team his last two years, and played guard on the all-city basketball team his senior year. The day he registered at Idaho, Bill dropped around to the gym, decided to play basketball, and turned in a surprising performance against Oregon the same night. This portside pronounced lopsider by some) has more nicknames than anyone else on the team. He received the first one at Seattle last year when a slightly befuddled announcer shouted, "That shot was made by Joe Carleberry." The striking thing to watch about Carb's play, is the unruffled calm he maintains during the game. Even when play gets tight in the dying seconds he goes around the floor with the same unperturbed expression on his face, as if nothing more important than usual was happening. This coolness under fire has paid off more than once for the Vandals, especially in the WSC series last year.

Baseball, Too
Baseball is his main forte, and his diamond performance speaks for itself. Last year, as the leading pitcher on the Idaho team, he added more victories to his credit. Three summers of semi-pro ball in the Spokane city league has given him plenty of pitching sense, and you can look to him for some solid mound work this spring. He is no slouch with the hickory either, and so when not pitching, he is roving one of the gardens, picking off line drives with the best of them. ***Spokane was very generous to give us this speaker, and we wish him the shootingest season of them all. ***It is only natural that with this athletic ability, Bill should be a PE major with an eye on a coaching spot after the war.

TIM-BE-E-ER
WSC seems to have adopted the policy of the Oregon schools in acquiring tall timber for their basketball team. Vince Hansen, who is 6 feet 8 inches of freshman, dropped 25 points through the hoop the other night against Whitman. Haul out the axe, pappy, for there's an old saying that goes "The bigger they come . . ."

INTRAMURAL RETURNS
Like General MacArthur, intramural basketball can say "I have returned." After a year's layoff, the frats and dorms are again mixing it up on the hardwood. With nine teams in the league, a schedule of games, and William Ramsey to supervise, this writer can see nothing but a successful season ahead. The Campus club, with high scoring Jim Brown leading the way, seems to have control of things so far, but it's early in the season for predictions.

My not-so-bright friend Jose said to me, "I don't for this basketball seeing some sense." "They are throw the ball in the basket, the every time, the bottom he fall out." What you think? Instead of stop to fix the bottom, in they throw again, and out he fall. Maybe he has something there. Well maybe . . .

U. Officials Confer

A representative of the Union Pacific railroad company will be in Moscow the end of this week to confer with university officials about transporting students to southern Idaho, President Harrison C. Dale said yesterday. Whether or not a student "special" will be put on is to be decided at this time.

are going to be fairly rabid on the subject—if we can't intelligently meet our future problems and help them adjust themselves, on knowledge gained in the past and applied to daily living. Mere fooling around—not even an effort to gain "book larnin"—is unthinkable at this time—Jason refuses to bother with those people.

Minute Maids, the university's war stamp and bond salesmen, have done a great deal on the campus—and those untiring Maids will be on duty tonight at the W.A.A. play party to sell bonds. They will appear again tomorrow night at the Holly Days assembly as a reminder that the Sixth War Loan drive is on—that Idaho students can do their part to speed the victory parade.

We can't forget Pearl Harbor—we're still rigged to wartime standards—we only hope that we can say with a clear conscience that we are giving our all to make smooth sailing in the future.

Hoopsters Win One, Lose One At Whitman

Sparked by freshman Bob O'Conner, the Vandals won Monday night's contest 40 to 35. The Missionaries tightened their defenses in the return to set Idaho down to a 41 to 23 defeat. Both games were rough, with both sides shooting wild.

Monday, Idaho 40, Whitman 35
Shifting from his usual forward spot, to pivot man proved a good thing for Moscow's Bob O'Conner and the Vandals. In a scoring spree, he garnered 17 points to lead the scoring. "Lightfoot" Len Pyne followed with 8 counters. This was the Vandals second pre-conference win, after splitting the series with Gonzaga last week in Spokane. The loss was the third in a row for the Missionaries V-12 studded team.

The game started slowly, with neither team being able to drop their shots consistently in the first half. Idaho trailed by a 15 to 14 count, and then O'Conner started connecting with lay-ins from the center slot to lead the Moscow boys home to victory.

Here's what they did:

Tuesday, Whitman 41, Vandals 23

Showing the inconsistency which characterizes early season play, the Idaho assault bogged down, as the Whitman cagers steadily piled up an ever increasing lead during the game. From a 25 to 13 margin at the half, the Missionaries augmented their lead to reach 41 points for the evening. Scoring was evenly divided for the Brownmen, with Len Pyne and Keith Finlayson having six points each. The win was the first for the Walla Wallans, who lost twice to WSC last week-end. At times the game resembled a free-for-all, with both teams scrambling madly for the ball. When in the second half Idaho hit everywhere but the hoop, Whitman continued to score a decent percentage of their shots.

In case a few of you fans didn't know, here's what the initials in the box score stand for:

FG.—field goals (2 points). FT.—free throws (1 point). PF.—personal fouls. TP.—total points.

This week-end the silver and gold will invade Cheney for a game with their high scoring Eastern Washington college Navy team, then to MacCall hospital at Walla Walla.

These pre-conference games are played to determine the most workable combination, and so the loss can be chalked up to experience.

Damage estimated at \$200,000-000 was caused by the Chicago fire of 1871.

Campus Club Retains Lead In Intramural Hoop Play

The Campus Club, still undefeated by virtue of a win over SAE, has a firm grip on top rung of the Intramural Ladder. Sigma Nu, also unbeaten, has two forfeits on its list, and has played only one game. After the second week of play, the teams are getting organized and team play is improving.

Director William Ramsey has laid out the following rules governing play: (1.) Games must be played the night scheduled, both teams credited with loss, if neither is there. (2.) Teams must furnish their own uniforms. (3.) Teams will be allowed three forfeits, and then will be out of the league from then on. (4.) Any one in a house is eligible to play, provided he is not playing varsity ball.

Here is how they stand:

	Won	Lost	Pct.
Campus Club	3	0	1000
Sigma Nu	3	0	1000
Sigma Alpha Epsilon	1	1	.500
L. D. S.	1	1	.500
Kappa Sigma	1	1	.500
Delta Tau Delta	1	2	.333
Phi Delta Theta	1	2	.333
Phi Gamma Delta	0	2	.000
Sigma Chi	0	4	.000

Schedule of games for next week:

Monday—Kappa Sigma vs. Sigma Nu, SAE vs. Sigma Chi, Phi Gamma Delta vs. LDS.

Wednesday—Phi Delta Theta vs. Delta Tau Delta, Campus Club vs. Sigma Chi, Kappa Sigma vs. LDS.

Jim Brown, with deadly shooting, racked up 16 points to push himself into the scoring lead, and the Campus Club into another victory. Backboard control gave the club the margin over the scrappy, but shorter SAEs. Dan Strmac was good for 14, to lead scoring for the orange-clad boys.

Football Forecasts

By RUSS WARD

That faint thud heard in the distance is only the 1944 grid season moving toward the exit, but, brother, don't go away, there are still plenty of thrills left in old man football yet.

Only a trio of games this week-end, but two of 'em are top-notchers. However, before that, a quick resume of last week. We hit 12 of 14 for an .857 average, but still haven't recovered from the SMU jolt, also those Longhorns from Texas who handed us a bum steer. Yearly mark 76 right, 11 wrong, percentage .874.

Main attractions this week: Randolph Field 26, March Field 14—A whale of a game between two undefeated service elevens, but those Randolph Ramblers don't know the word "stop."

Second Air Force 20, Third Air Force 6 — Superbombers loosen bombs.

Sharon O'Donald, with 30 points, held the highest individual score for the meet. Runner-up was Marguerite Dore with an accumulation of 17 points.
