

The Idaho Argonaut

VOL. 50, NO. 23

THE IDAHO ARGONAUT, Official Publication of the ASUI

THURSDAY, MARCH 7, 1946

The GOLDEN FLEECE by Jason

The special session of the state legislature is drawing to a close, and again we see the statesmen demonstrating the utmost in bobble-headed bill killing. The \$500,000 teachers salary bill was given the axe in the Senate by the republicans and a lone democrat fence-sitter. Idaho will continue to stumble along, reaping with sureness the inevitable economic result of lower wages—poorer teachers—poor education.

Jason wonders at the intelligence of some of the lawmakers when they will appropriate sundry monies to institutions devoted to the care of the mentally unfit, but will cut down with callous indifference appropriations controlling the welfare of the healthy-minded children of the state who will grow up to be its citizens and leaders.

We also wonder who was responsible for presenting the appropriation for veterans housing in the form of "landscaping" to the tune of \$175,000. One can hardly blame the governor for chopping the bill off the budget before presentation. The amazing error of classifying sewage disposal and road construction as landscaping would not be likely to be committed by the average grade school youngster. After protests by the American Legion had been filed, a new bill was introduced for \$100,000, and seems headed for passage. In this case no irretrievable damage was done, but the affair is a classic example of the typical faux pas which have been committed under the present administration.

Oh where, Oh where is the ASUI handbook? Better known as the frosh bible, this little pamphlet is designed to be a guide to incoming students, having such handy items as the explanation of customs, organizations, rules for participation, and the ASUI constitution within its covers. Started at the beginning of the year, the book should be well on the way to completion. Where is the bottleneck?

Lecture Series No. 1

The annual drive by the American Red Cross is getting under way. Students are being asked to give \$1.00. The usual grumbling and piteous howls of "But I haven't got a dollar to spare" are arising from all parts of the campus. The money that is given to the Red Cross is magnified in effect from the pockets of the giver to the benefits accorded the receiver. Veterans who have seen what war has done to the lives of many wounded service men will willingly contribute to an organization devoted to easing their suffering and hardship. How much is a dollar? How much of a sacrifice will giving it to the Red Cross entail? A dollar for some students may have to be meals for the cook's day off. But to many is represents five milk shakes, half or fourth of a corsage, punches on a punchboard, two pairs of pants pressed, a ticket to a campus dance, or a part of weekly losses around the bridge table. Surely we, who have nothing but the future to plan for and worry about, can afford to give to help those who have no future to plan for but the same endless days and nights on a hospital cot, and no worry except what to do with that dull, empty time.

All-Girl Singing Orchestra Leaves On S. Idaho Tour

University of Idaho's all-girl singing orchestra will leave Moscow Saturday to begin an extensive southern Idaho tour. The girls are scheduled to appear at Orofino Saturday, travel through southern Idaho for 11 concerts, appear at Anaconda, Montana, March 22, and appear before a home audience at Moscow, March 28.

Accompanied by A. A. Beecher, head of the music department, who organized and directs the group, the following personnel will make the trip: first sopranos, Billie Adamson, Betty Meagher, Dorothy Monaco, Bette Scott and Freda Sparrow; second sopranos, Esther Herndon, Mary Ellen Kilpatrick, Thelma Rice, Olive Roberts, Dorothy Tibbury and Yvonne Whiting; first altos, Lalene Carrell, Eileen Medved, Arlys Powell, Madelyn Sanberg, Virginia Transue and Joan Wittman. Second altos include Margaret Burson, Evelyn Deering, Eloise Debold, Mary Beth Garretson, Clarice Given, Patricia O'Connell, La Raine Stewart and Winnifred Tovey.

AAUW To Sponsor All-College Day

Annual All-College day sponsored by the AAUW will be held today, tomorrow, and Saturday in Spokane with Ethel Jane Kopelman, Jean Thompson, and Dean Louise S. Carter as Idaho's representatives.

Prospective students from high schools in the Spokane area will hear discussions given by these students and others from major colleges in the Northwest area. On Saturday, deans of women from the represented colleges will meet to discuss current problems in their fields.

Association Plans District Meet

Idaho Association of Soil Conservation Districts will meet at Moscow, March 13-15. Speakers for the convention will include J. Frederick Weltzin, dean of the school of education, Dr. V. A. Young, professor of range management, and Dr. C. W. Hungerford, dean of the graduate school and secretary of the state soil conservation commission.

Fifteen boards throughout Idaho are expected to send representatives to this meeting.

Vandals Vie For Coast Cage Championship

Part of the rally held to send off the basketball squad on their jaunt to Berkeley is shown as students crowd around the new Greyhound bus set to take the team to Spokane. Over 2000 students and townspeople turned out for the affair, and enthusiasm was high as the Idaho band and the Moscow high school band played fight songs.

Weekend Dances To Feature 15-Piece Orchestra, "The Gentlemen Of Note"

Plaid Shirts Set Style For Choppers Ball

An all-campus Victory dance and the Idaho Foresters' annual "Woodchoppers' Ball" will attract dance addicts and their dates to the student union ballrooms for two informal dances this weekend.

The "Gentlemen of Note," new 15-piece campus orchestra, will provide music for both affairs, the Victory dance to be held Friday night and the Foresters' ball on Saturday evening, according to dance chairmen. The young musical aggregation, formed this semester by returning veterans and featuring a library of arrangements, is ready for business after several feverish rehearsals, according to Jack Fury, Adair Hilligross, and George Hartwell, leaders and managers of the band.

There will not be 1 o'clock permission Friday night, as the ruling applies only for Saturday all-campus dances. Women attending the Woodchoppers' Ball, therefore, will be given the later permission.

First all-campus informal dance of the semester, the Victory swing will start at 9 p.m. Friday in the student union ballroom, and informal afternoon attire will be in order, sponsors reported. Tickets will go on sale at the door for \$1 per couple. For the benefit of Vandal fans who blanch at the possibility of missing the final score of the Idaho-California basketball game that night, a public address system will be installed to broadcast results at intervals during the evening.

Rumors that Paul Bunyan, honorary dean of the school of forestry, will transplant sections of the St. Joe national forest in the bucket ballroom Saturday night for the "Woodchoppers' Ball" were exploded yesterday when reporters approached the genial chopper at his haunts in Morrill hall. Bunyan refused to make a statement but hinted that Paul (Cont. on page 5, col. 1)

Group Sets Date Of Spinster Skip

Annual Spinster Skip sponsored by the Mortar Board is set for April 6 under the direction of Ada Mae Rich, chairman. Other committees include: orchestra, Mary Jane Donart; program, Pat Hagan; advertising, Mary Jane Hawley; chairman, Clara Beth Young and Betty Echternach; invitations and patrons and patronesses, Mary Dochios.

The Spinster Skip is an annual affair originating in 1926 which has become a tradition at Idaho and consists of a matinee dance, refreshments followed by attending the movies.

AAUW To Sponsor All-College Day

General chairmen for the affair are the class officers: Pete Rowell, June Williams and Ann Price. Lucile Thompson is in charge of the serenade. Wade Fleetwood and Virginia Geddes are co-chairman of the rally and mixer.

General chairman of the dance is Bob Moss with the following committee chairmen: music, Joe Garner; programs, Pete Rowell; chaperones, Mary Stanek; decorations, Zelva Hodge and Irvin Wentworth; tickets, Bert Dingle; check-room, Fidelia Zabala; cleanup, Bill Carbaugh; and publicity, Romaine Galey.

Themes for the events have not been released.

Department Gains New Instructor

Miss Faith Warburton has been added to the voice faculty of the music department. Miss Warburton is a mezzo-soprano and will teach applied music in voice as well as in piano. Before coming to Idaho, she was head of the department at St. Maries junior college in California.

Miss Warburton received her bachelor of music degree from the University of Redlands, Calif., and her master of music from Mills college in Oakland, Calif.

Campus Boasts Ex-Member Of Name Band

Little do Idaho students who are advocates of Claude Thornhill's music know that a member of the famous band is now enrolled in the university. George Hartwell played lead sax in Thornhill's orchestra before entering the coast guard.

Since his discharge from the services, Hartwell has become a member of the newly-organized orchestra, "The Gentlemen of Note," which will be playing for the all-campus dance Friday night in the student union building, and for the Woodchoppers' ball, scheduled for Saturday night.

Hartwell is one of the leaders of this band, and works in conjunction with Jack Fury and Adair Hilligoss.

Teams Journey To Oregon For Debates

Debate teams representing the University of Idaho left Wednesday for McMinnville, Ore., where they will attend the three-day forensic tournament which is held annually at Linfield college.

The teams, composed of John Menge and Robert Grieve, Francis Rhea and Geneva Ferguson, and Gerry Merrill and Betty Echternach, will enter the debating contests and also compete in impromptu and extemporaneous speaking and interpretative reading contests.

Idaho has claimed outstanding honors at former tournaments held at Linfield college. In 1944 an Idaho junior, Frances Freeman, received a silver cup award for winning first place in the interpretative reading division, and Elaine Anderson placed among the finalists in the impromptu and extemporaneous speaking divisions. Joyce McMahon and Frances Freeman entered the debate finals.

In 1945 teams composed of Clara Beth Young and Frances Freeman, and Geneva Ferguson and Shirley Brandt, each won three out of seven debates. Idaho had a total of 13 wins out of 24 debates. In the same tournament Shirley Brandt placed third in the interpretative reading division, and Elaine Anderson and Gerry Merrill entered the finals in the women's senior debate.

More than 30 schools representing colleges and universities from California, Oregon, Washington, Utah, Idaho and Montana will attend the tournament.

Engineers Discuss The Atomic Bomb

Eldon Beck, chairman of the board of directors of the Idaho Safety Council, will tell of his work on the atomic bomb project at an open meeting of the student branch of the American Institute of Chemical Engineers to be held Wednesday in the Science hall, room 110 beginning at 7:15 p. m. Anyone interested is invited to attend.

Mr. Beck, who is also safety director for the Idaho Power company, was chosen to work as a safety engineer on the Atomic Research Project at Los Alamos, New Mexico, because of his outstanding work in that field.

One of the few men who knew the bomb was being developed, Mr. Beck was a witness to the explosion of the test bomb last July near Alamogordo, New Mexico. He will tell of his work and experiences at that time.

Engineers Receive Amplidynes

Two amplidynes, given to the university by the General Electric company, arrived last week for use in the electrical engineering laboratory. Their purpose, Professor J. H. Johnson explained, is to make use of the "armature motion"—the effect of the current in the armature on the operation of the machine—which has always been considered a nuisance in electric motors and generators.

In the amplidynes, the machines have been short-circuited to make the motion as great as possible. By using these machines a small switch can be used to control an elevator, a train, or a large boat.

Professor Johnson said that during the war the amplidyne was widely used to enable gunners to aim accurately even in cases where their plane was traveling 300 miles an hour.

Staff Holds Meeting

At 5 p.m. in the coke room of the student union building the final staff meeting of the VanIda before all material goes to the printers will be held, according to Maurice Paulsen and Elizabeth Robinson, co-editors. Any staff members who are not able to attend are asked to give any material in their possession to one of the editors.

Games To Be Broadcast Both Nights Over KRLC

Over two thousand Vandal basketball fans gathered in front of the student union building yesterday afternoon to bid farewell to the twelve Idaho basketballers and Coach Babe Brown, as they left for Berkeley, California, and the Pacific Coast Conference playoff—their first in twenty-three years.

The Vandals winning their final game of the northern division conference last Saturday night against their Palouse empire rivals, the Washington State Cougars, left the floor on the long end of a 37-35 count. As the jubilant squad filed off the floor they were assured of at least a first place tie, but as the evening progressed and the radio brought news it was known that they were the undisputed champions as the University of Oregon had edged their state brothers from the title, 42-41.

Leaving by bus for Spokane, the team transferred to a sleeper and on to Portland where they traveled the rest of their journey on the Portland Rose. Arriving Thursday morning at 8:15, the team will be met by a University of California bus which will take them to their hotel.

Many calls and telegrams have been rolling into the Vandal camp all week, bringing congratulatory notes and applications for tickets for the California contests.

Commenting on the Northern Division win and the Coast playoff, Coach Brown stated: "I'm tickled to death for the team, they have done something they will point back to the rest of their lives."

He went on to say he hoped the squad would keep going in the win column so as to go back to Kansas City.

Ball players making the trip include: Jack Phoenix, Len Pyne, Fred Quinn, Grant Mortenson, Bill Carbaugh, Bob Ryan, Dale Dykeman, Bob O'Connor, Charles Schifler, George Weitz, Jeff Overholser and Warren Shephard. Accompanying the team were Coach Brown, George Newmeyer, manager; Coach Guy Wicks, Graduate Manager Galey Mix and Darwin Brown, publicity.

It was learned here yesterday that the entire Berkeley gymnasium had been sold out for the contests. Hundreds of Idaho people were calling Graduate Manager Mix concerning seats but with the handful of seats the Idaho school was granted, many were disappointed.

Coach Clarence N. (Nibbs) Price of California, considered his squad would be rather stale for the coming contests with the Vandals. He pointed out that the Vandals' northern division schedule kept them in competition up to a week of the championship matches while his Bears finished February 16, dropped their practice routine for examinations and then turned over the gymnasium for registration of students for a new term.

The Idaho "Iron" six will face a team which compiled the most impressive record of any team on the Pacific coast. The Californians, although not a "Skyscraper" crew, boast several big men and have gone through the season with a well-balanced ball club. The starting lineup averages six feet one inch, and a tall pivot man is used (Cont. on page 2, Col. 2)

NOTICE

All students possessing candid shots of activities on the campus are urged to turn them in at the Gem office for publication in the annual. Representatives from each living group have been appointed to be responsible for handling these shots in before March 16.

Election Requires Run-off Ballot For Final Tally

A.W.S. will be led by the following officers for the ensuing year as a result of the election held Tuesday. President will be Ethel Jane Kopelman, who was elected over Geraldine Merrill 835 to 231; vice president, Madelyn Sanburg won over Ann Price 260 to 245; secretary, Donna Chapman received 254 votes to Arlene Hinchey's 248; treasurer, Betty Ann Craggs defeated Virginia Geddes with the final count 288 to 215; and orientation chairman, Lucille Thompson defeated Barbara Thompson 260 to 235.

Pat Kulzer, chairman of the election board, further announced that Jean Thompson will reign over the May Fete after winning the election over Lois Deobald 330 to 227. Maid of Honor in the election will be Joyce McMahon, who defeated Mariana Dochios 282 to 224. Barbara Spaeth will act as Page after winning over Doris Gochonour 263 to 237. Ceva Bates was elected Yell Queen over Joyce Keeton with 268 to 235.

The balloting Tuesday was a run-off election between the two candidates with the highest number of votes for each office not receiving a majority vote in the first election.

STAFF HOLDS MEETING

At 5 p.m. in the coke room of the student union building the final staff meeting of the VanIda before all material goes to the printers will be held, according to Maurice Paulsen and Elizabeth Robinson, co-editors. Any staff members who are not able to attend are asked to give any material in their possession to one of the editors.

IR Club Discusses European Lands

(Virgil R. Baker, instructor in geology, will address members of the International Relations club on the subject, "Lands for Europe's Millions." Mr. Baker will illustrate his talk with maps and other material on the subject.

Last week's program consisted of a news summary by Dr. Boyd Martin and Prof. Robert Hosack. The weekly meetings take place Thursday from 7-8:30 p.m. in the Blue Bucket ballroom.

Following the meeting tonight there will be a short meeting of the program committee to discuss future topics for the club. All people interested in suggesting future programs are invited to attend.

Pictured is Ada Mae Rich receiving a citation from President Harrison C. Dale for "outstanding service in the promotion of fair play and human relations" on the Idaho campus. The citation climaxed American Brotherhood Week. Also in the picture is Romaine Galey, president of International Relations Club, the organization which chose Miss Rich for the honor.

TIPS FOR VETS

By GEORGE

By GEORGE

Any man or woman who hasn't received their February training pay by March 6 report to the Veterans Administration here at the campus on March 7 and give them your name, regardless of whether your Certificate of Eligibility has come or not. Your names will be phoned in to the head office in Boise and an attempt will be made to get your checks to you a little sooner.

Along the line of back pay here is some information. If you are thinking of withdrawing from school next semester for any reason you should send a written request for withdrawal now so that you may have it in to the central office in plenty of time to protect all training pay you have coming. Send it to the Veterans Administration here on the campus.

A note now to the out-of-state trainees here at the U. of I.: You can speed up your checks a lot if you will report to the V. A. here and give them your present address and the state you are from. They can then send to your home state and get your records transferred to this state and speed up things all along.

Maybe you were one of those who didn't have his Certificate of Eligibility when you got here at the U. and had to pay for your own books and equipment. If so here's what you do to get the refund after you have received your Certificate of Eligibility either under Public Law 346 or 16: Turn in your receipt of payment for books with date, total of books received, and the total amount you paid, on it to Mr. C. O. Decker, Veterans Counselor, Room 113 A. D. building, and your check will be mailed to you.

To wind this up I might pass on to you some pertinent dope strictly in the rumor stage. A certain senator from the south is reported to be working on a bonus bill to introduce in congress. If introduced and passed as it stands now, it would boost all ex-G. I. bank accounts by about five fins monthly for one year, if they had over 90 days of active service. Good luck Senator Rankin! Next week—What Uncle Sam expects in the way of grades for trainees.

Soprano Presents Graduate Recital

Gene Ricketts, soprano, will be presented in her graduate recital at 8 p.m. tonight in the university auditorium. Miss Ricketts is a candidate for the degree Master of Music in music education this spring at graduation. Miss Jo Spring will accompany her at the piano.

For her opening group, Miss Ricketts will sing "Der Nussbaum" by Schumann; "Vernahmet Ihr," Rubenstein; and "Aufenthal" by Schubert. "Il est Doux" by Massenet will compose the second group of the program.

Dalayrac's "Jeune Fillette," "Que Je t'Oublie?" by Chretien, and "Ouvre Tes Yeux Bleus" by Massenet will be included in the third group. "Face, Face, Mio Dio" by Verdi will be sung by Miss Ricketts before presenting her final group.

Music Club Hears Solo Numbers

Program for the Moscow Music club February 26 included Robert Walls, assistant professor of music, and Mrs. Glenn Jacoby, mezzo-soprano. The two sang a group of duets, South American folk music, as well as presenting solo numbers.

The group met at the Alpha Chi Omega house and have made arrangements for Raymond Lawrenson, pianist, to present the next program. Mr. Lawrenson has recently returned to the music faculty from service in the Aleutians.

Douglass Elected

Bobbie Jean Douglass was elected president of Canterbury, Episcopal organization, at their meeting Tuesday evening. Other officers include Jack French, vice president, Gerry Stanfield, treasurer, Mickey Trekel, Mary Little and Pat Colvard, assistants. Plans were also discussed for the Inter-church council party which will be held next week.

Idahoans Survey Student Unions

Slated to leave Monday for a tour through Montana are Mrs. Milton Albrecht, Velma Wilkerson, and Dean Louise S. Carter, who will survey the student union buildings at Montana State college and the University of Montana to gain suggestions for that of the Idaho campus.

The group will leave by train and return Thursday. Tentatively scheduled is a trip through Oregon for the same purpose.

Here's More About VANDALS VIE

In the center spot as a feeder and backboard controller.

The Bears use a moderated slow break style of play and take only the shots which really count.

A pre-game look indicates that the following five will see most of the action against the Vandal squad:

Forward—Andy Wolfe, six feet, one inch, 190 pounds; Mervin LaFaille, usually team captain, six feet and weighs 180 pounds; Center—Jim Smith, six feet five inches, one hundred ninety pounds; Bob Hogeboom, six feet one inch guard who will be teamed with Jim Wray, five feet 11 inches who weighs 155 pounds. Wray hails from Blackfoot, Idaho, and is a consistent scoring threat. He is fast and a sparkplug of the team. As for Andy Wolfe, Idaho's Grant Mortenson will have his hands full, checking the leading scorer of the southern Division.

The two teams will play three games which is a set rule of the Playoff rules. Should one of the two teams win the first two contests, the third game would not be played.

The Vandals are due back in Moscow late Tuesday night or early Wednesday morning.

JOHNNIE'S

stands behind the team

full heartedly—

Best of Luck, Vandals!

On to Victory!

Towering 6-foot 9-inch Jack Phoenix climbs up into the bus as the rally crowd cheers. Those who were tall got a look-see while others stood on tip-toes and contributed to the noise while straining to catch a glimpse of the team as they filed into the bus.

Over the Hill with JACK SHURMAN

Thirty days has September, April, June and my Uncle George. And the rest have thirty-one. Until further notice from the Board of Regents.

This is your keyhole informer, saying, "Welcome to March," and "Fluff up the straw, Mother, I'm laying the eggs today."

Remember the old line, "In like a lion, out like a lamb?" I hope it's not true. Too many eyes have been looking Arboretum way, and another heavy snow is bound to break many a stout heart.

Sunday was a terrific day, so I took my girl up to that highly publicized wooded area. "Some day," I said. "Some day," she replied. "Some sky," I said. "Some sky," she replied. "Some trees," I said. "Some trees," she replied. "Some bushes," I said. "Some bushes," she replied. "Some dew," I said. "Well, I don't," she replied and connected with a roundhouse on my good right optic.

What's the big word up at Willis Sweet these days? Well, anyone in the mood for a large charge, ask Mike Milder who he feels Jim Lewy is a cruelly inconsiderate roommate; ask Bob Thomson how he received the seven stitches over his left eye, and don't believe the old story about running into a door or falling down in a basketball game; and, finally, ask Frank Knapp the name of his new Moscow high school flame.

About the latter, Rube Unger insists this sweet young Miss dropped a tray of cokes in his lap, and with a cry of, "There's my man," made a beautiful flying tackle at "Knappie," who was standing in the Varsity doorway. You will bounce me out of the sack at six every morning, won't you Frank?

Next to the Vandal championship, the big talk this week seems to center around a certain motion picture entitled "The Lost Weekend." It did a lot to enlighten many of the boys. Up until Sunday Bill Deerfield had an idea that the D.T.'s were just another campus sorority and Willie Wilk thought it was the new Army insect spray. After viewing the movie, Bill Beeler swore off of malted milk for fear he's get the shakes. "Strictly propaganda," said Bill Truceck as he tore his Legion card into infinitesimal pieces. "A movie can't scare me," swore Bill Andrews as he stood on one foot, closed his right eye, and tested his equilibrium by at-

WHO CARES

What with March coming in like a lion and all, we are forced to recall the following poem: It's Spring when the treeses Grow green leaves that pleasus, And the zephyrish breezes Blow skirts above kneases! . . . Oh, J—!

Which reminds us, Dude Edgington and Bates Murphy did a great job of sitting out the Street dance, rally, etc., in front of the Sigma Chi house! The Phi Deltas had fun the other afternoon cooing both the DGs and the Kappas into their jeans for Hag day! Back to two-timing again are Bobbie Fuller and Pat Bennett of Gamma Phi! Where does that put Lole, we wonder! Shirley Herman really played a great field against the Sigma Nus the other day, at least we think that's what it was!

While on the subject of DGs, Jean Denman has taken a distinct shine to a certain fella over Phi Delt way, whose initials are Dick Salliday! Then of course there's "Kitten" Stowell and her Beta, George, who've been "Mutt n' Jeffing" about camp of late! Elaine Anderson sporting a new large diamond!

The wires between here and Seattle have really been buzzin' with Patsie Blessinger and "beloved Pat!" Maybe Bud is a little discouraged by the hauling onto the carpet by the dean of men! Hmmm, could be? Howsabout that Beta pin Tridelt Kit Kittelson wears only on Sunday afternoons? Big mystery! Fire and flood, by the way, hitting the Tri-Delt house! Seems that fireworks and hoses have been brought into play on their sleeping porches and they're now preparing to fight back! The list of "Seekers after Janie Sabiston" growing by the hour, which fact leaves Art Humphrey apparently lost in the shuffle! Six hamburgers finding their way mysteriously into the Kappa dorms last Sat'day night, by fair means or foul, those gals always eat! Dorothy Johnson in receipt of a diamond from the Navy fella in Spokane.

Kelly Green of Gamma Phi "anchors away" in favor of Kappa Sig Bill Adams! Geneva Ferguson of another mind, however, with not one but several of the boys in Navy blue on the wire! TKE Don Fairly attempting unsuccessfully to persuade June Williams to yank the Sigma Chi pin! Latest reports have it that she's putting up a game fight and is

Got to shove off now. I told "Doc" Lauck and Paul Hurlless I'd accompany them to the barbership. For the past three days, we've been tailed by a talent scout from the House of David, and if we don't get a haircut by next inspection, Ray Miland won't be the only one with a lost weekend.

Be seeing you around.

ATTIC CLUB ENTERTAINS
Attic club entertained at a coffee hour Sunday afternoon in the art building for all members and their guests. The afternoon was spent playing bridge after which refreshments were served. Plans are underway for an exchange party with the Pullman students some time in the near future, it was announced by the president, Arline Durkoop.

Hit Parade of Popular Records

- "Let It Snow" Woody Herman — Danny O'Neil
- "I Can't Begin to Tell You" Sammy Kay
- "Symphony" Benny Goodman, Freddie Martin, Bing Crosby
- "I'm Always Chasing Rainbows" Helen Forest and Dick Haymes Perry Como — Barry Wood
- "Aren't You Glad You're You?" Les Brown
- "Oh! What It Seemed to Be" Frankie Carl
- "Day By Day" Jo Stafford
- "It Might As Well Be Spring" Ray Noble
- "Slowly" Dick Haymes
- "Personality" Johnny Mercer
- "Just A-Sittin' and A-Rockin'" Thelma Carpenter
- "Marie" Tommy Dorsey
- "Star Dust" Artie Shaw
- "Moonlight Serenade" Glenn Miller
- "Begin the Beguine" Artie Shaw

Red Jensen's Music Shop
HODGINS DRUG & BOOK STORE

expected to win out in the end! Pi Phi Norma Grimmitt and Bill Carbaugh, who've been seeing one another off and on the basketball courts should especially enjoy the California trip! The fellas are extending thanks to the DG pledge class, since if it hadn't been for them, they might have been forced to dance with one another! Why, fella! K. Belnap really learning about nurses on the Sigma Chi frosh sneak the other night! Sad but true! Don Bunge filing his complaint as to the preponderance of beer bottles 'neath his window over at the Campus club! Well, we could find a chaplain, but . . . We hear more and more about Mary Jo Catti—something to do with a sweater? Er, how's that again! Some of the Betas making the most of the picture, "The Lost Week-end," by the looks of those bottles hanging out of their windows, they found it!

The Campus club smoker last Sunday night really came off with a screeching wowl, held to the strains of Dudley Carson's making with the keys! Incidentally, any gals houses interested in contacting them are requested to call 851! Phil Johnson's new haircut inspiring the nickname, "Loving Cup!" He can't understand it, but just look into a mirror, Phil! The first floor Hays hall gal held an open house for the girls on the other two floors! Right hospitable, we'd say!

The Woodchopper's Ball is really expected to come off with a bang, or something! We notice an awful lot of masculine-feminine

NATIONALLY ADVERTISED

DAVIDS'

Editor Selected
Robert L. Smith has been elected editor of the "Idaho Engineer." He will fill the position left vacant by the resignation of Jacobson, who finished school at the end of last semester. The "Idaho Engineer" is an annual publication for engineering students and prospective students and is the official journal of the Idaho Society of Engineers, a professional engineering organization. Next publication will appear this spring.

ABOUT 7,000 miles of coaxial cable will be added to our plant during the next few years. Inside each cable are six or eight copper tubes—each pair a broad communications highway over which two television programs or nearly 500 long distance telephone calls can travel. Giant plow-trains will "plant" much of this cable deep in the ground—safe from storm and fire.

This construction is but a part of our activity in the television field. Now in an advanced experimental stage are plans to link coaxial cables and high frequency radio relay systems to provide a nationwide television network.

Our part in television is the transmission of programs from one station to another. As this new industry develops, the Bell System will be prepared to provide whatever network facilities are needed.

Honorary Taps New Members

Alpha Lambda Delta, freshman women's scholastic honorary, announced the tapping of 19 women Monday during the dinner hour. In order to become members of this organization, the women must achieve a grade average of 3.5 for one semester or a cumulative average of 3.5 for two semesters.

Those tapped Monday were Ruth Anderson, Pat Dwyer, Pat Gallagher, Virginia Greenough, Shirley Greenway, Shirley Hammond, Jean Hofmann, Diana Hooper, Polly Howard, Mary Jasper and Maimie Jardine.

Others were Jeannette Jensen, Beverly Olason, Phyllis O'Reilly, Myrna Ritchey, Jerry Simons, Garnet Storms, Virginia Tuttle, and Joanne Young.

SOCIALLY SPEAKING

ALPHA CHI OMEGA—Initiation banquet Sunday; guests were Mrs. J. Welti and Mrs. Grant Mortenson. House attended the Presbyterian church in a body. Mrs. Harvey Schwindelman was a week-end guest of Alpha Chi Omega.

Exchange held with Delta Chi Wednesday night.

DELTA DELTA DELTA—Wednesday until Sunday night of last week was Delta week, preceding initiation. A fireside was held Wednesday evening, entertainment by the pledges. Sunday at 10:30 a fireside was held and light refreshments served.

GAMMA PHI BETA—Week-end guest was Mrs. Harold Haymond. Sunday the initiation banquet was held. Guests were Mrs. David Wooters, Mrs. Gerold Smith, and Mrs. Donald Angel.

SIGMA ALPHA EPSILON—Sunday dinner guests were Miss Ruth Shaffer, Spokane, and Bill Hoops.

An initiation banquet was held Sunday in honor of the new members: Sigvald Norman, Coeur d'Alene; Monty Johnson, Boise; Ronald Magdon, Boise, and Kent Wilson, Fort Worth, Texas.

SIGMA NU—Exchange last week with Delta Delta Delta.

DELTA CHI—Week-end guests were Jim Martin, Gene Horner, Thor and Kile Verdal, all of Sandpoint. Dick Zimmerman and Adair Hilligoss were Sunday dinner guests.

Sigma Alpha Epsilon and Kappa Alpha Theta had an exchange dance Wednesday evening.

ALPHA PHI—Sunday dinner guests, Mr. and Mrs. Hall Macklin, and Mr. and Mrs. John Cook. Exchange with the Idaho Club last Wednesday. Mrs. Margaret Eagles, Boise, was a week-end guest.

KAPPA KAPPA GAMMA—Sunday dinner guests, Mr. and Mrs. A. B. Hart. Exchange with Phi Gamma Delta last night. Misses Elizabeth Rofinot and Norrene Merriman were week-end guests.

DELTA TAU DELTA—Fireside tomorrow evening.

RIDENBAUGH HALL—Sunday dinner guests, Lt. and Mrs. Lester C. Walker, Salt Lake. Exchange with Beta Theta Pi last night.

Gamma Phi Beta held initiation last Saturday evening. The initiates include: Evelyn Adams, Shirley Haymond, Jane Sabiston, Patricia Bennett, Charlotte Kramer, Marjorie Dean, Evelyn Ann Garber, Kelline Green, Shirley Greenway, Lois Greenwell, Phyllis Halley, Betty Jane Ingraham, Betty Meagher, Dorothy Rankin, Martha Rigby, Carol Rollefson, Patricia Weiker, and Barbara Wright.

Men who received Phi Delta Theta fraternity pins this week were: Theral Beasley, Mark Barnett, Ray Cole, Preston Flora, Gib Eimers, Dick Nelson, Gene Cornwall, and Jim Klason.

Bill Andrews, NROTC, and Paul Thorne were initiated into Delta Tau Delta this week.

Alpha Chi Omega initiated ten women last Sunday. Betty Lloyd, Emily Fitzsimmons, Bonnie Swindeman, Betty Hopkins, Carol Davis, Carolyn Jenkins, Martha Jane Quinn, Jeanne Norris, Jean Hofmann, and Margaret Anderson, are the new members.

Delta Gamma initiated Sunday 19 pledges. The ceremony was followed by an initiation banquet held at the Moscow hotel, attended by several out-of-town guests. Those initiated were: Beverly Abbey, Patricia Allen, Jeanne Cox, Jane Coleman, Patricia Colvard, Virginia Roseaur, Dorothy Rongren, Dorthie Taylor, Virginia Greenough, Gwen Waltman, Mary Jasper, JoAnne Horton, Kay Thometz, Marilyn Reed, Barbara Brill, Dorothy McGough, Shirley Ann Herman, Catherine Chrisman, and Nancy Knowles.

Dames Club Holds Initiation Rites

Initiation for all new members of the Dames club will be held on March 13 at the Faculty club. Any student's wife is eligible to join.

Dames club is a national organization with 48 chapters. The Moscow chapter holds two meetings a month. One is a business and Home Makers meeting, and the other is a social meeting consisting of bridge and a program. Anyone who is interested and would like more information could contact Mrs. L. C. Cady, president.

CHURCH OFFICERS CHOSEN

Officers chosen to fill the unexpired terms for Westminster Guild include Barbara Spaeth, secretary, who will complete the unexpired term of Joyce McMahon. Winnifred Tovey, devotional chairman, will fill the vacancy created by the resignation of Margaret Finch.

Sororities Elect House Officers For Next Year

Elections were held last week by five of the sororities of the campus to choose house officers for the coming term. Those elected are as follows:

Kappa Alpha Theta—Lucille Nelson, president; Lalene Cargill, vice president; Betty Scott, corresponding secretary; Paula McKever, recording secretary; Jane Griffin, treasurer; Madelyn Mayberry, rush chairman; Peggy Mackin, social chairman; Margaret Jane Dempsey, house manager; Roslyn Riddle, activities chairman.

Alpha Chi Omega—Madelyn Sanberg, president; Dona Harding, vice president; Ora White, secretary; Miriam Hansen, treasurer; Marilyn Daigh, rush chairman; Bettie Hopkins, social chairman; Eileen Medved, house manager; Bonnie Schwendiman, activities chairman.

Delta Gamma—Lucille Thompson, president; Louise Schlegel, vice president; Elizabeth Glenn, recording secretary; Marilyn Jean, corresponding secretary; Jean Deenman, treasurer; Romaine Galey, rush chairman; Marilyn Williams, social chairman.

Pi Beta Phi—Betty Ann Craggs, president; Elizabeth Sutton, vice president; Jean Buchholz, recording secretary; Marion Eisenhauer, corresponding secretary; Jewel Mays, treasurer; Leona Bales, rush chairman; Beverly Whitson, social chairman; Jackie Ritchie, house manager; Clara Pointner, activities chairman.

Student Attends Youth Meeting

Jane Meyer, senior on the campus, represented the Methodist church of Moscow at the annual Inter-Denominational Youth Conference at Tacoma, Wash., March 1-3.

The Youth Conference was a gathering of representatives of 21 different church denominations to discuss the problems facing the youth of today. The theme of the conference was, "One Faith, One Fellowship, One Task." Approximately 700 students of high school and college-age from Washington state and Idaho gathered to discuss the part Christian youth must play in the world of today.

The keynote address of the conference was given by Dr. Cecil Ristow of Seattle. Dr. Ristow's address was entitled, "Our Faith." Other speakers were Dr. Albert E. Day of Nashville, Tenn., whose subject was, "Wake Up and Live," and Howard Ellis, an artist from Evanston, Ill., who spoke on "An Interpretation of Christ in Art."

Although the conference is an annual affair, the meetings were abandoned the last few years due to the war. This conference was the first to be held since the signing of the peace.

Committee Meets

Idaho Dietetic association committee will meet Friday to arrange for a state meeting to be held here April 10. Members of the committee include Margaret Ritchie, president; Bernice Morin, secretary; and Helen Jensen Dick, treasurer.

THE ELECTS HOUSE OFFICERS

Ed Gronneberg, transfer student from Rhode Island, was named president of Tau Kappa Epsilon fraternity at house elections held last week. Others picked for chapter offices were Gerald Eystone, vice president; Herman Renfrow, house manager; Donald Bencoter, recording secretary, and Deryl Ingle, social chairman.

Bright spots for darkling hours! The famous Disney family on a neat fitting, cotton or duck swagger coat. Tailored to perfection and designed by Simplicity to be worn with everything. This coat is guaranteed to rate a piece in the school gossip column. If you embroider your favorite film-family willy nilly over the back, front, and sleeves. The transfers are easy to use. Just press them on with a hot iron and then get to work with embroidery needle and bright yarn to create the most amusing fashion tale of the semester.

First Veteran Families Move Into Pre-Fabricated Houses

Streets Will Bear Names of Men Killed in Action

Idaho students killed in action during World War II will give their names to streets in the new "veterans' village," President Harrison C. Dale announced yesterday. Avenues in the emergency housing center, composed of pre-fabricated houses and trailers moved here from the Richland, Wash., atomic bomb center, will bear the names of the university men killed in each branch of service after Pearl Harbor, and for the four pairs of brothers on the institution's 243-gold star honor roll, the president said.

"Abbott street" will honor Capt. Robert A. Abbott, Moscow, marine corps flyer killed on Guadalcanal in October, 1942. Abbott went overseas in August, 1942, as flight officer of a dive bomber squadron which fought through the bitterest action on Guadalcanal.

"Read street" will be named for Second Lieut. William W. Read, Pollock, La., army, killed in the Philippines in December, 1941, while his 192nd light tank battalion was defending Bataan.

In honor of Ens. George R. Dorsey, Boise, his name will be given to "Dorsey drive." First Idaho navy flyer to be lost, he was killed in a test flight crash in New York in May, 1942.

"Radford way" honors Second Lieut. Gordon Radford, St. Maries, air corps, killed in the South Pacific in February, 1942.

"Peterson way" will serve as a memorial for the Peterson brothers of Moscow, both in the navy. Lieut. Bernard M. Peterson was lost on an Atlantic submarine patrol in July, 1942; and his brother, Lieut. Albert Dean Peterson died in August, 1943, of injuries received earlier in the Aleutians.

"Phillips way" will be named for the Phillips brothers of Lewiston, both in the air corps. Second Lieut. Rex Phillips was killed in a bomber crash in California in August, 1944, and Second Lieut. James Austin Phillips was killed in December, 1944, on a Japanese vessel transporting prisoners from the Philippines to the mainland.

The Price brothers of Twin Falls, both in the air corps, will be honored by "Price way." First Lieut. Gerald M. Price met his death in November, 1943, in a raid over Austria; and Second Lieut. Richard C. Price was killed in a crash in California in May, 1945.

"Ragland way" will bear the name of the Ragland brothers of Roselle Park, N.J. Second Lieut. Clifford L. Ragland met death in a raid over Naples in September, 1943, while First Lieut. Jack W. Ragland was killed in a raid over Germany in October, 1944.

Work to Improve Trailer Site Is Continued

First families to get accommodations in the new veterans village north of the campus moved in this week when ten veterans and their families received keys to the prefabricated dwellings at Third and Line streets.

C. A. Truitt, superintendent of buildings and grounds, reported that the first two rows of housing units on Line street had been completed and were being occupied. Temporary planing has been laid on the street between the units to facilitate easier access to them.

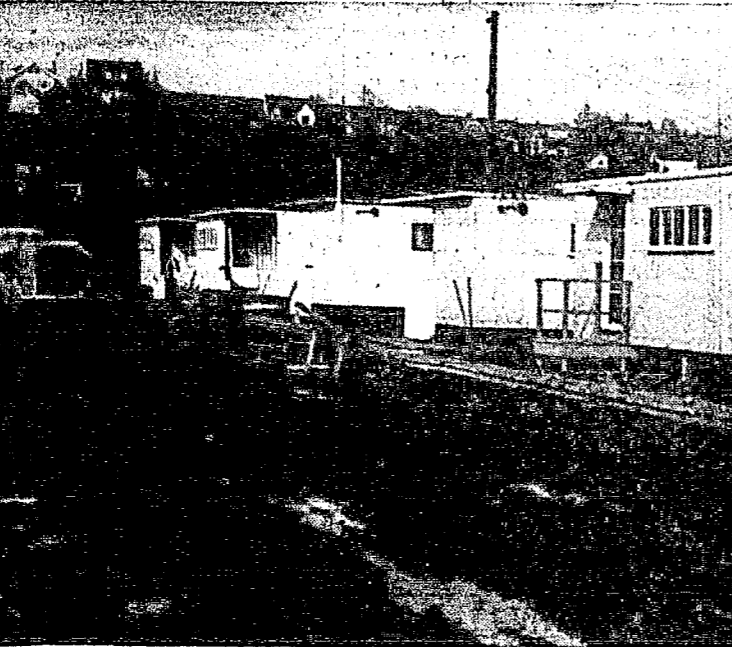

No definite date has been set as to when the remaining units will be occupied, but improvements are being continued on those shelters which remain unoccupied.

Truitt said that continuation of work on the trailers is entirely dependent upon the weather, but with good luck "it is hoped that sufficient work can be done within the next week to complete necessary improvements." Sinks and

Call 2366
515 S. MAIN

Keys to the front door are being presented to Charles Bigelow by director of dormitories Robert Green. Bigelow is a sophomore forestry student from Vallejo, Calif., and has a wife and two children. The Bigelow family was one of the first to move into the pre-fabricated housing unit when it opened Tuesday afternoon. The unit is situated at Third and Line streets and is to be used to facilitate housing of veteran students attending the university.

Shown here is a row of pre-fabricated houses; homes for veterans who want to attend school and bring their wives and families along. Recently a bill in the state legislature was drawn up, classifying such things as road improvement and sewage disposal as landscaping. The bill was killed before presentation to the legislature, and a new bill, for less money, was drafted. It has passed one house, and we hope it will pass the other, for as the picture indicates, road improvement is a much needed feature.

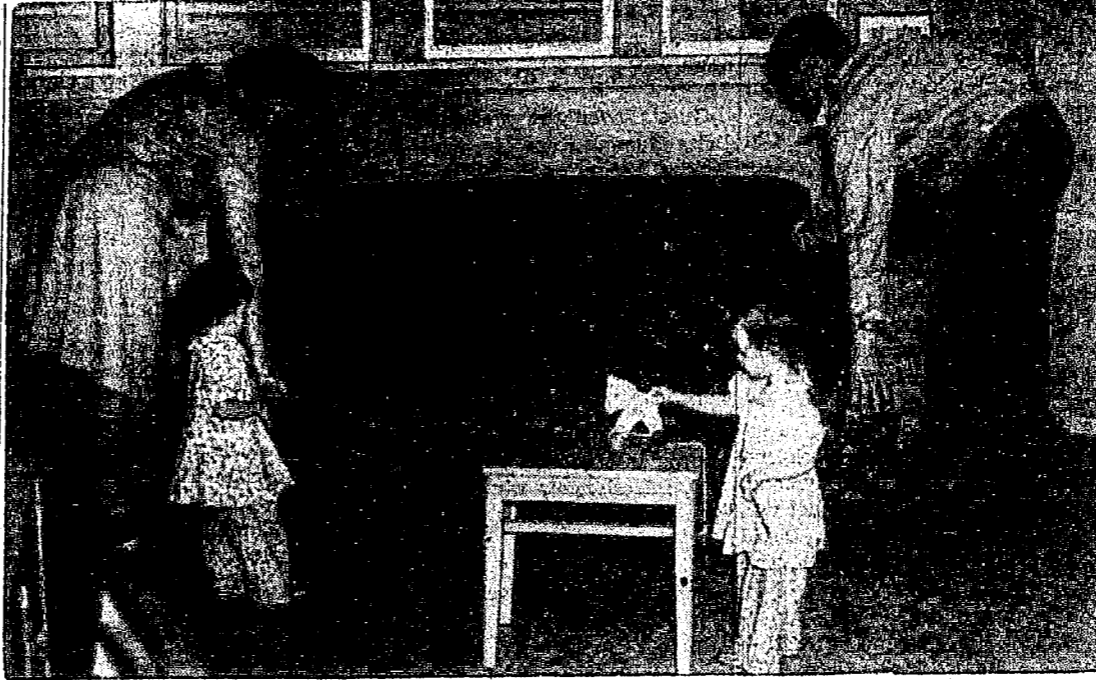

Veterans who fought in the sticky mud of the South Pacific islands or those who slogged through the black gumbo on the road to Rome dreamed of coming home to a country where things were clean, well kept and comfortable. Barracks, and the drab uniformity of barrack living became a pall to them, and they thought of getting home

other plumbing fixtures have been connected to the university sewage system, and electric ranges are now on order for installation in the trailers, the building manager revealed.

Robert Greene, director of dormitories, reported also that a resident manager would probably be hired within the next six months to supervise the expanding housing unit project.

"Aiding Green's office in placing families in the units is Charles Decker, veterans counselor, whose office is with that of Dean H. E. Lattig, veteran coordinator.

"How do you play 'hookey' from the correspondence school?"
"I send them an empty envelope."

Mr. and Mrs. Robert W. Slinger inspect the sofa in their new pre-fabricated home while their daughters watch approvingly. The houses are rented to veterans with complete furnishings except for linen and dishes. With the shortage of accommodations in Moscow for families, the housing unit supplies the answer to the "children" problem.

H. W. Kershaw is shown demonstrating some of the familiar problems of moving into new quarters. He lugs some belongings into the pre-fabricated house in the early stage of moving in. Storage space is adequate in the houses and his armful found a place in which to rest. He and his daughter Linda Lee look over some furniture in the living room. Noticeable is the large view window, which is a familiar feature of all the houses. The Kershaws had been in Moscow two weeks before they moved into the two-bedroom home. Kershaw entered the university after serving as an army air force pilot, and hails from Rigby.

Landscaping Not Needed?
to houses where individuality could be expressed. It would indeed be a gesture of social forgetfulness to leave "Veteran's Village" with streets a morass of hubcap deep mud, and nothing but mud for the veteran's children to play in. The houses must of necessity present the appearance of uniformity, they were secured from a government housing project, but with a firm, clean street in front of them, and a patch of lawn around the sides, they can be made into homes for the three or four years of the veteran's stay in Moscow, instead of a swamp ground criss-crossed by rows of stilted houses. "A man's home is his castle" is an ancient proverb which applies as much in modern days as ever. We would like those who doubt that "landscaping" in the form of road improvement or sewage disposal is necessary to see where the money is needed.

Spurs Present Annual Waddle

Spur Waddle furnished half-time entertainment at the Idaho-W.S.C. game last Saturday. Lasting the entire period, the presentation consisted of various marching maneuvers, including a moving clover leaf and diamond. While in the formation of an S, they sang their Spur song. The yellers led the spectators and Spurs in singing the Alma Mater song while the Spurs formed a large I.

Formations were arranged and directed by Mrs. Ruth Marty, faculty advisor of the organization. Doris Gochnour accompanied the group at the piano.

TO ATTEND SERVICES

The Right Reverend Edward M. Croff, Bishop of Spokane, will be in Moscow Sunday for confirmation services. Several university members of Canterbury society will take part in the ceremony. Episcopal church members attended Ash Wednesday services

GOOD NEWS

for young women who want to be UNITED AIR LINES STEWARDESSES

New qualifications—new planes—more flights—increased opportunities
You are a person to be envied when you are a United Air Lines Stewardess. You fly in the finest planes. You wear a smart, attractive uniform. Your work is pleasant and appreciated. You travel over interesting routes. Your schedule calls for only 85 hours in the air per month. You are stationed in such cities as San Francisco, Denver, or Portland.

From now on more young women can become United Air Lines Stewardesses. Applicants can now be 5'7" tall instead of 5'6". The minimum height is 5'2". Young women are now accepted with one year of college and one year of business experience, or two years of college. Registered nurses are eligible without college training. Other requirements are: age 21 to 26; weight—135 pounds or less; unmarried; good health and vision; United States citizen. A new booklet—"How to become a Mainliner Stewardess" is now available. Successful applicants will be given 4 weeks training at full pay. New classes are being organized now. Apply today, or write

A Good Job

Take CONSTRUCTION WORK for example . . .
It is always going on, often great skill is required.
In 1946 the Washington Water Power Co. plans to spend \$1,500,000.00 on its construction program. This means new substations, new lighting projects, rural power lines and general improvements and repairs.
Construction work is healthful and interesting. If you like to work out-of-doors, if you like to watch the community grow,
CONSTRUCTION WORK IS WORTH CONSIDERING.

Seniors Complete Week's Affairs With Annual Ball

"Memories" ran around thick and fast at the Senior Assembly. Broadcast in the form of a news commentary, with stage scenes explaining the news, the assembly proved to be one of the most unique presented this year. Under the theme, "Thanks for the Memories," the scenes went back over many of the most prominent memories of the seniors this year.

Beginning at Ridenbaugh hall, and continuing on to all the halls and houses, and ending at Campus club and Idaho club, the senior serenades sang its way over the campus. After the serenades the seniors held a party in the Campus Cafe.

Several hundred couples attended the annual Senior ball, climax of Senior week. Decorations for the dance were handled by Arline Durkoop and Mack Kennington, and consisted of cartoons of different college scenes, and spangled stars on a blue crepe-paper background. Music for the dance was provided by the "Gentlemen of Note," the new campus band.

Suppiger Donates Private Library

G. W. Suppiger, former Moscow attorney and since 1919 a member of the Industrial Accident Board of Idaho, has donated his entire private law library to the library of the college of law at the university, it was announced today by W. J. Brockelbank, acting dean.

The donation, it was reported, included the Idaho Reports and Pacific Reports down to the time when Mr. Suppiger retired from the practice, California Reports ante-dating the Pacific, American Decisions, American Reports, Encyclopedia of Law and Procedure, Encyclopedia of Pleading and Practice, and other sets and texts which have not as yet been inventoried.

"Mr. Suppiger's generous gift constitutes a worth-while addition to the university law library," said Dean Brockelbank.

Here's More About PLAID SHIRTS

Wykert, general chairman, had ambitious schemes in mind.

Wykert, never at a loss for a statement, revealed that the ballroom will feature a recreation of the forest primeval, with fir trees, logging equipment, and green and white streamers trailing from the ceiling. Souvenir programs will be distributed, but the affair will be a no-program dance and tickets are on sale by foresters in men's living groups for \$1.20 per couple. Dancing will begin at 9 p.m.

Woodsmen, complaining that their log chains and scaling books may appear out of place without hob-nailed boots, threatened to unseat Chairman Wykert last night when he firmly forbade the wearing of spikes above the stairs. It is understood, however, that the

Groups Announce New Pledges

On February 1, following a two week waiting period, fraternities on the campus again began pledging. This waiting period follows the two formal rushing times during the year and no pledging activities can be carried on then.

Tau Kappa Epsilon has added to their list six men—Jack Gott, Ed Koche, Raymond Reickert, Harry Hurless, Bob Griggs, and Jack Peters. Three other houses have each added two men, as follows: Delta Tau-Delta, Evan Rue and Glenn Olin; Sigma Chi, Steve Gilbert and Jerry Gibson; and Delta Chi, Warren Berry and Norman Myers.

Under Inter-Fraternity rules pledging can now continue until the end of the year.

Director Return For Idaho Summer Session

Dr. Karl D. Ernst, supervisor of music, Portland, Ore., will again be on Idaho's summer session staff, and will teach elementary school methods, school music administration, and modern trends in music education. Dr. Ernst took his undergraduate work at the University of Washington and his graduate study at Stanford. Last summer he directed the music teachers' workshop here.

One of the outstanding school orchestra men in this country, Nino Marcelli, coordinator of instrumental music in the city school in San Diego, will direct the symphony orchestra and will teach advanced orchestration and modern orchestra technique. He has been highly successful as a composer and conductor and has held extended engagements as symphony conductor in both North and South America. For a number of years, he was conductor of the National Symphony of Chile and of San Diego Symphony Orchestras. Besides methods of instruction, he has published teaching pieces, light operas and a number of choral and orchestral compositions.

Idaho's own staff will complete the music staff for the summer session of 1946.

There will be performance opportunities for everyone with a full schedule of solo and ensemble recitals and concerts on the calendar. Particular thought has been given to the needs of the students who have been out of the field during the past few years. Refresher courses will be given in all fields.

CURTAIN CLUB HOLDS ELECTION

Curtain club held its annual election Monday night in the U Hut, according to Elaine Anderson, outgoing president. Those elected were Enid Almqvist, president; Mary Stanek, vice president; Louise King, secretary; and J. T. Peterson, treasurer.

Men will wear their traditional plaid shirts, overalls, and lumbermen's suspenders, and their dates will dress in school apparel.

IN THE MAPLE COURT OF THE FIRST JUDICIAL DISTRICT, UNIVERSITY OF IDAHO, IN AND FOR LATAH COUNTY, IDAHO

Members of Bench and Bar, College of Law, Plaintiffs
vs.
Members of the School of Agriculture, Defendants

COMPLAINT AND CHALLENGE

COME NOW the above named Plaintiffs and complain against the above named Defendants.

WHEREAS, the above named Defendants, being tillers of dirt, and scum of the earth, and possessing traits of character repugnant, repulsive, and nauseating to man's finer sensibilities, have violated and are herewith charged, by the above named Plaintiffs, with so violating the most liberal of all codes of morality and decency, by committing the following named crimes and misdemeanors:

I THAT the above named Defendants have been known, at various times and in public places, to endeavor to utter words and phrases of the English language, then well knowing that they, the said Defendants, were incapable of such simple accomplishments;

II THAT the said Defendants have made and do at all times make the obnoxious practice of exhibiting their soil-marked and weed-shredded faces, with hay-seed ears thereto appended, in the presence of women, then and there knowing that such careless disregard for the nervous stability and emotional tranquility of woman-kind is detrimental to the preservation of the nation;

III THAT the aforesaid Defendants have contributed to, caused, and brought about the present milk shortage, in that they did, without consent or acquiescence, associate, cohabit, and live in close personal relationship with various milk producing animals, to wit, cows, in that said bovine stock, as a logical and natural consequence of such coerced association, became embarrassed and mortified to such extent that they refused, failed, and neglected to give down milk, thereby depriving human babies, infants, and offspring of much needed calories and nourishment; (RES IPSA LOQUITUR)

AND WHEREAS, the declared Defendants, being anaemic, spavined, wind broken, and having habits and propensities similar but inferior to the lowly porcine porc-choppus delecti, hereinafter referred to as swine, did, upon various occasions and in the presence of certain members of that most honorable, exalted, and esteemed profession of Law, state, proclaim, and give information, to wit, that they, the said swine-like Defendants, did possess a fair amount of skill in the technical and graceful art of basketball, they, the Defendants, making such gigantic prevarication when knowing and realizing that said sport is, was, and always will be a pastime at which the aforementioned honorable and exalted members of the legal profession excel.

NOW THEREFORE, the meritorious, worthy, and respectable Plaintiffs, knowing the Defendants to be guilty of the atrocities as charged, and realizing, and as always, executing their civil duties to punish and correct the enemies of society for such evils and misdeeds, do hereby challenge the unworthy Defendants to a game of basketball in and before this court of honor and justice, to take place at such time as the exigencies of convenience may demand.

Signed and subscribed by the Members of Bench and Bar, Plaintiffs, on this 6th day of March in the Year of Our Lord, 1946.

Exhibit Displays Oil Products

Samples of various petroleum products and charts displaying drilling methods are now on display in the show case in the Science hall. These samples range from crude oil up through waxes, distillates, refined oils, kerosene and gasoline. The charts show ent types of drilling bits and sectional views of oil wells sunk through different types of earth formations.

Dr. D. A. Gustafson of the chemistry department is in charge of the exhibits which are changed frequently. The former display consisted of plastics and their uses. The display case is located inside the east main door of the Science hall.

Dress? What A Question! Of Course We Do!

Quite the subject in question right now is, do students overdress for their activities on the campus? There seems to be such a difference of opinion, maybe we shouldn't dress at all. Here's what some of us have to say:

"Grabby" Bahels: I don't think they dress up enough, except at games—then they overdress.

Jan Madsen: For games, yea. Skirts and sweaters should be worn there. Friday nights should definitely be more informal.

Esther Landers: I don't think they do particularly. But I think people should dress the way they feel the most comfortable.

Jane Thompson: No. But in this town there's no place to go dressed.

Betty Newell: I don't like to dress as often as seems to be required here. Especially Friday nights.

John Dailey: They should wear plaid shirts and levis for games so they can yell. But they should dress Saturday nights so we won't have to shave for church.

Jack Wolfe: Everyone seems to dress for the occasion, but it's nothing like Sioux City.

Bill Carbaugh: No. It depends on what they plan to do. But mostly they seem to dress pretty well.

Maybelle Harris: There are too many formal—should be more sport dances.

Bob Thompson: Yes. Definitely. Everyone but the NRO's.

Gless Bradbury: Yea. The girls don't need to wear heels as much as they do.

Alex Swanson: How do you mean that?

George Neumayer and Pat King: They definitely overdress for all sports activities. Too many formal dances.

Frank Mimmitt: Since clothes

Hygiene Society are: Dr. Allan C. Lemon, Moscow, president; A. A. Smick, Pullman, vice president; Miss Margaret Ritchie, Moscow, secretary, and Dr. Harry C. Harmsworth, Moscow, treasurer.

The Red Cross drive which started Thursday and ends today fell short of the \$1000 goal. The total amount collected has not yet been computed, according to a statement made by Don Collins and Marge Walters, co-chairmen.

CHLOROPRENE RUBBER DEVELOPED BY DU PONT

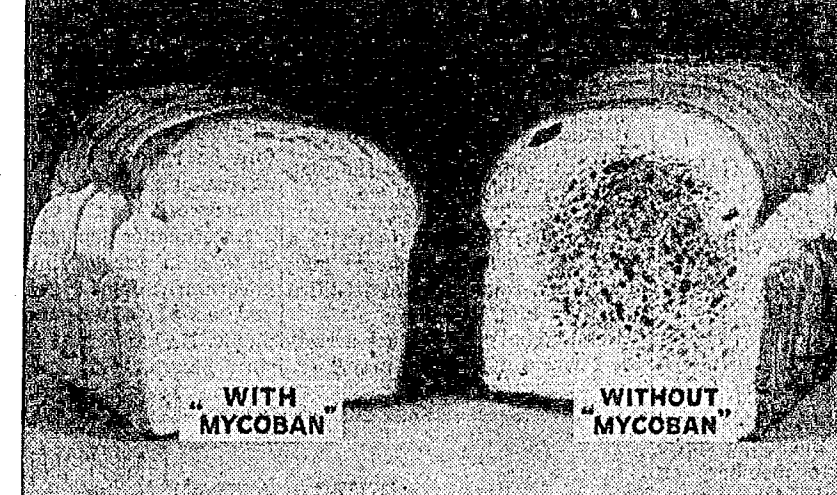

Chemists and Engineers Unite to Produce "Neoprene," Prove Value of Group Research

The synthesis of rubber was for many years a challenge to the chemists of the world. In 1925 Du Pont chemists undertook to solve the problem, using as their starting point a discovery announced by Dr. J. A. Nieuwland at Notre Dame University in connection with the polymerization of acetylene. The Du Pont research staff modified his process to form a material known as monovinyl-acetylene and discovered that this, treated with hydrogen chloride gas, produced chloroprene, a chemical previously unknown. Their next discovery was that the polymerization of chloroprene resulted in a rubber-like solid, superior in many respects to natural rubber itself!

Neoprene, as this synthetic rubber is now called, was first placed on the market in 1931. Although more costly than natural rubber, the demand for it grew rapidly. Du Pont engineers were called upon to design and build manufacturing units embodying improved equipment and better production techniques. The result is that today neoprene production is measured in millions of pounds a year, and the price is only slightly higher than that of prewar natural rubber.

The development, the improvement and the large-scale production of neoprene are another tribute to the value of modern, coordinated research. Neoprene is the result of the cooperative efforts of many Du Pont research chemists, engineers and other technical men.

Chemistry extends the mold-free life of baked goods

WITH MYCOBAN WITHOUT MYCOBAN

Questions College Men ask about working with Du Pont
"WILL I CONTINUE TO LEARN AT DU PONT?"

A hungry world cannot afford to waste bread. Yet until recently millions of pounds of bread were being wasted annually in the United States because of mold. There was a real commercial need for a material that would delay the growth of this food enemy, if only for a day or two. But to meet requirements, this material had to be edible, wholesome, and completely beyond any suspicion of being toxic.

Combined chemical and bacteriological research resulted in the discovery that 0.3% of calcium propionate or sodium propionate in bread would delay the growth of mold for as long as two weeks. In commercial practice, a concentration between 0.1% and 0.2% was found to be sufficient for average conditions.

Calcium and sodium propionates are made from propionic acid, the synthesis of which (from carbon monoxide and ethyl alcohol) is another chapter in the achievements of Du Pont research—and an interesting one. The propionates occur in low concentration in Swiss cheese and other dairy products, as well as in the human body. Hence their consumption in foodstuffs is both natural and safe.

"Mycoban"—as the Du Pont propionates are called—is a shining example of how intensive research solved a problem which long perplexed baking technologists.

On-the-job training of new chemists and engineers is supplemented at many Du Pont plants and laboratories by training courses, lectures, and conferences. In 37 laboratory centers—chemical, biological, metallurgical, engineering, physical—now men are continually exposed to the thinking and direction of men who have given cellophane, nylon, polythene, and many other products to America.

"TAKE FIVE"

By CLARK CHANDLER

The 1946 northern division basketball race was a splendid example of competition, skillful ball handling, excitement, and sportsmanship. It is regrettable that there seems to always be one exception and especially so when that one falls under the category of sportsmanship. Washington State college virtually broke its neck acquiring the basketball talents of All-American Gail Bishop. This column rates Bishop as a top-notch player, high scorer, and all-American poor sport. Bishop registered at WSC, a mere formality, one afternoon while on leave from the army. He had been playing ball for Fort Lewis and was in shape to play in the WSC-OSC game the very same night.

It was rumored over the entire conference that Bishop had signed a professional baseball contract. The general opinion was that a shady deal was being pulled by WSC, but proof was lacking. The actual truth will probably never be known. Press releases state that he signed contracts after he left school the last time and that will have to be accepted—but it wasn't known until he had ceased playing basketball.

Cougar hopes rose high and there were predictions that with the Bishop-Hanson combination, both All-American, WSC would go through the remaining season undefeated. However, it soon became very evident that an All-American, who is an individualist and not a team man cannot win every ball game.

Before the last Oregon series Bishop left Pullman for Fort Lewis to be discharged from the army, returning in time to play against the Ducks. After those games Bishop, displaying a total lack of loyalty, quit his team and alma mater, left school, and signed a professional baseball contract with the Boston Braves. With Bishop playing, WSC had an excellent chance to defeat the league winning Vandals seven days later in the last of their four-game series, and in that case Idaho may have ended up in second place in conference standings.

It is certainly odd that a basketball team composed of two All-Americans should end up in the cellar of their division. It has often been said that publicity ruins many athletes. You may draw your own conclusions as to the effects it had on Bishop. When games were tough and WSC behind, the "sport" had the facility to become angry not only with his opponents but his teammates as well. Consequently, he took more razzing and received more boos than any other player in the conference.

The point is that a state college shouldn't allow any of its integrity and reputation to be injured by an athletic scandal for the sake of a few ball games. Similar episodes of questionable "come and go" athletes will soon make a farce out of northern division standards and eligibility requirements. If Washington State is to continue with this peculiar code of ethics, a school attempting to go by the books won't stand a chance. Even if no rules were broken the tendency was to stretch them to the very limit of their elasticity. From those limits it is very easy to step into outright lawlessness.

Vandal hoopmen will be met in Eugene by the Oregon squad, who elevated Idaho to first place with their overtime win over OSC, and sped on their way with Oregon's good wishes. The grateful Idaho cagers have chipped in on a box of cigars which will be presented to the Ducks.

The names of two Idahoans broke into sport news this week, but they brought publicity to schools other than the University of Idaho. Jim Wray, from Blackfoot, Idaho, and NROTC student at the University of California, will be a starting guard against the Vandals in the Pacific Coast championship games this week-end. Five-foot-eleven Wray finished 14th in scoring rank in the southern division this year and scored 132 points during the season for a 4.4 point game average.

Slated to play football for St. Mary's is Wally Kelly, probably the greatest football player ever to emerge from Pocatello high school. Kelly's style of ball is similar to that of Wee Willie Smith, Idaho football great. Kelly is about the same size physically as Smith and if he is half as good as Smith, Idaho could use him next year to good advantage. Idaho athletes should be persuaded to at least "See Idaho First" before they undertake interstate travel.

Coached for twenty-two years by Nibs Price the Golden Bears of California have piled up an enviable record of six undisputed Pacific Coast crowns, one tie for the title and nine southern division championships, finished second eight times, and have been in the cellar only twice.

Graduate Visits In Moscow

Col. and Mrs. Charles H. Owens were in Moscow Sunday for a brief visit with their son, Charles H. Owens, Jr. Both Colonel and Mrs. Owens are university graduates being affiliated with Phi Delta Theta and Gamma Phi Beta respectively.

Colonel Owens graduated in 1917 from the college of law and immediately afterwards entered the regular army. During the war, Colonel Owens was with the 38th division in the European theater.

Engineers Meet

Associated Students of Civil Engineering held a meeting in the Engineering building, Monday evening. Death J. E. Buchanan spoke to the twenty-five members on the probable chance for employment on the new dam which is being constructed in China.

Arrangements for an A.S.C.E. mixer to be held in the near future are pending.

Vandals Set For California Five

Proving that all pre-season dopesters were all wrong, the University of Idaho Vandal basketball squad, with the help of the University of Oregon Ducks, won their first northern division conference championship last Saturday night since the year 1923. The final win for the Vandal quintet was their eleventh win against five defeats for the season. The final game was also a headache for the basement-dwelling Washington State Cougars, who dropped their fourth straight game of the 1945-46 season to the Idaho "iron" men. The Vandal five also took four straight from the Cougars back in the 1944 season.

Over Corvallis way, the Oregon State Beavers bowed down in defeat, slightly behind the Vandals in standings, to an Oregon five which came to life in an overtime period to edge the Beavers 42-41 in a thrilling finish.

Playing a ragged game, the Vandal five led their visitors throughout the entire contest. The dividing points of the teams never varied more than eight points.

Washington State played a brand of ball which kept Idaho spectators on the edge of their seats throughout the entire conflict, and it seemed as if the Washington club didn't miss Gale Bishop and lightning guard Johnson as much as speculators thought they would.

Idaho led at the half-mark 24 to 16, to see the Cougars bounce back the second half and come within two points of their lead. Bob Elliott led the losers with 9 counters, and Vandal giant center, Jack Phoenix, led his teammates in scoring for the game with 11 points.

The win made the first time in 23 years that an Idaho basketball five had won a northern division title. Should the Vandal quintet win the playoff, it will be Kansas City bound for the squad.

Wicks Announces Schedule For Baseball Team

Nearly forty aspirants for a starting berth on Idaho's baseball team are turning out in the armory until the weather permits practice outside, Guy Wicks, baseball coach, announced. The first game is scheduled with Whitman April 5th and 6th at Walla Walla, Wicks said.

Whitman plays return games here April 10th and 11th. Wicks also said that games were being arranged with some of the Lewiston pro teams as a pre-conference warmup.

Idaho plays Washington at Seattle April 19th and 20th in its first conference game then travels to Eugene for two games with Oregon on the 22nd and 23rd. The OSC Beavers meet Idaho at Corvallis on April 24th and 25th.

Idaho-WSC rivalry on the diamond will be renewed April 29 and 30. The location of the games in relation to the dates are yet to be arranged, Wicks said.

May 3rd and 4th will see Oregon here. Oregon State meets Idaho here on the 8th and 9th and Washington plays return games here on the 20th and 21st. Idaho meets the Cougars again on the 24th and 25th.

According to Wicks three returning lettermen—Len Pyne, Bill Carbaugh and Chuck Schifler—will be out for the team after Idaho's lengthy basketball season closes.

Trying for a catcher berth are Frank Viro, letterman; Bill Sweet, Bill Ames and Don Meincke. Trying for the pitchers are John Dailey and Keith Parks, both lettermen; Francis Auer, Chuck Gibb, Curt Washburn, Mal Updike, William Linchan, Jim Colopy, Harry Hurlless, Duff Rose and Merlin Aldred.

Infield hopefuls are Jerry Isaacson and John Evans, lettermen; Ed Bybee, Pat Heliker, Keith Bing, Dick Goodman, Gene Sharp, Chuck Bateman, Cecil Hill, Jim Leevy and John Davis.

Jim Brown, letterman; Don Jurgens, Phil Hull, Dave Deakins, Herb Lasko, Bob Barber, Walt Kelm, Garth Ricks, Bill Bremmer, Jack Kenney and Herman Mundt are turning out for the infield. "Butch" Dalberg is team manager.

Engineer Visits

Capt. Sherman N. Kelly, university chemical engineering graduate in 1937, has been visiting in Moscow on terminal leave before he returns to E. I. du Pont de Nemours & company in San Francisco.

An ordnance department officer, he was in the administration of government-owned shell-loading and explosive-manufacturing plants. He has served in the army since March, 1942.

Mural Activities

By CLARK CHANDLER

The closest game of the intramural basketball season was played Tuesday night when Alpha Tau Omega edged out Delta Chi 29-27 in a game which went into two overtime periods. Mark Kerby sank the winning basket that took the game out of a 27-27 tie. Presnell, Delta Chi, was high scorer with 10 points.

In other games Lindley Hall took SAE into camp, 36-15. Sigma Nu edged out Phi Gamma Delta, 16-14. TKE knocked over Sigma Chi, 23-21, and Kappa Sigma trounced Chrisman Hall, 36-8. Delta Tau Delta whipped Phi Delta Theta, 27-12. Finlayson scored 12 points for Kappa Sigma.

Bing (PGD) is high scorer with 103 points, followed by Fairly (TKE) 90, Finlayson (KS) 87, D. Kerby (ATO) 79, and Litzberger (ATO) 75.

League Standings	Won	Lost
Sigma Nu	11	0
Alpha Tau Omega	10	2
Kappa Sigma	10	2
Delta Chi	9	2
Phi Gamma Delta	7	5
Tau Kappa Epsilon	7	5
Delta Tau Delta	6	6
Campus Club	4	8
Sigma Chi	4	8
Phi Delta Theta	4	8
Chrisman Hall	2	9
Lindley Hall	1	10
Sigma Alpha Epsilon	1	11

"Know how to keep a horse from fooling?"
"No."
"Teach him to spit!"

Rifle Team Among Nation's Top

A sharpshooting Idaho rifle team placed third, finishing behind the universities of Oregon and Arizona, in the National ROTC rifle matches according to the results just received by the Military department. A second team placed seventh. Some twenty schools were competing in the ninth service command for the William Randolph Hearst trophy.

Each team fired at home and on the targets to Ft. Douglas, Utah, for official scoring.

Coached by Technical Sergeant Jefferson D. Morgan team number one is composed of Allen Keller, Shelby Lenander, Von Johnson, Richard Thomas and Gene Sharp.

In team number two, which placed seventh, are Gerald Stearns, Thomas Lyda, Johnnie Blair and Raymond Miller.

All-Division Team Picked By Brown

Coach J. A. (Babe) Brown of the Idaho Vandals, on the eve of the trip to meet University of California at Berkeley, announced his selection of an all-division all-star team, including two of his own boys.

The Idaho mentor selected one from Oregon State and two from the Oregon Ducks who hindered the Vandal climb and then handed Idaho the pennant on a silver platter by dumping Oregon State Beavers Saturday.

Forwards on Coach Brown's all-stars are Dick Wilkins, Oregon, and Fred Quinn, Idaho. The center spot went to Ephraim "Red" Rocho, Oregon State. Guards named are Len Pyne, Idaho, and Bob Hamilton, Oregon. Coach Brown said his choices were made on the basis of appearances against Idaho.

Idaho Ranks High In Education

University of Idaho's newly revised teacher education program ranks high among school administrators, it was revealed by Dean J. F. Weltzin, head of the school of education.

Dean Weltzin returned Tuesday from a regional meeting of the National Association of Colleges and Schools of Education at Kansas City, in conjunction with a meeting of the American Association of School Administrators.

The organization is now primarily concerned with improving and extending the preparation of teachers for the high schools and providing higher salaries of permanent tenure provisions and improved retirement plans.

CHALLENGE

We, the members of the Idaho club do hereby and forthwith challenge the winner of Intramural basketball to a game to determine the superiority of the Idaho club basketball. We shall be most friendly toward the notion of staking a leg of brew on the outcome. Refusal of this challenge will mark the refusers with the brand of most ungentlemanly conduct. Reply will be expected immediately, and should be made to Jim Paris, room 33, Idaho club.

Cindermen Work For Initial Meet

With the continuing good weather, Coach Mike Ryan began holding his track workouts on McLean field this week. A 220-yard track has been set up on the dry grassed area of the field, and another area has been marked out for the weight-men, so now everyone but the jumpers, who are still working out in the National Guard stable, is working out under the watchful eye of the veteran coach.

Early practices would indicate that main strength of the Vandal team may again lie in the distance races. Here, as in past years, Idaho appears to have strength in depth. Top man in the distance department will, of course, be Idaho's Pacific Coast Intercollegiate cross-country champion, Jack Anderson. He will be ably assisted by cross-country veterans Art Humphrey and Al Denman. Navy men Robert Pruitt and Robert Peters are both showing up as strong runners, and Dick Dexter, who was the Pacific Coast schoolboy champion while competing in cross-country for Yakima high school last fall, is more than just a good prospect.

"Why are you washing your spoon in your finger bowl?"
"So I won't get egg all over my pocket."
