

Idaho students showed plenty of spirit at the game Saturday—

How they did it was obvious to anyone who sat in the Idaho section:

Friday night's escapades also deserve some mention. A house-to-house canvass reveals only a few men's living groups did not have representatives in the Cougar-city on the fateful night.

Seven Idaho students held for painting the stadium were released from the jail immediately after the game.

Immediately after the game, Whitman county officials were called in to investigate the loss of watches, wallets, and other valuables belonging to the Idaho players.

In the first place, we are not plugging the WCTU or aiding the cause of prohibition. Jason just wonders why people insist on drinking to excess at football games—or drinking to excess and committing acts of vandalism.

Witnessing a football game is a co-educational function as much as a formal dance is, and the student who nips at the open bottle at a dance will not tie one on there long.

The solution is a hard one to find. Should the houses and halls sit at the games in groups so that tracking down the offenders would be easy?

Wedding Bells Ring For Idaho Couple

The marriage of Vera Anderson, Idaho Falls, to Frank T. McGinnis, Washington, D.C. took place Friday at 3 p.m. in the First Presbyterian Church in Moscow.

Idaho Might Have Millions From Research Results

Research results which ultimately may mean millions of dollars to the state of Idaho have come from the university's special research program.

A process by which billions of tons of low-grade phosphate shale in southeastern Idaho can, at a cost of only 10 to 30 cents a ton, be concentrated into a high-grade product readily usable by manufacturers of fertilizers.

Last session of the state legislature provided funds for the university to undertake special studies in agriculture, forestry, engineering, mining, and allied industries.

"All surveys agree that Idaho's 5 billion tons of high-grade phosphate rock, 32 to 35 per cent phosphoric oxide, constitutes the world's largest reserve of this valuable mineral," says Dean A. W. Fahrenwald of the school of mines.

"Associated with the high-grade rock, are vastly greater tonnages of low-grade phosphatic shales. These are, under present methods, more of a liability than an asset.

In his research studies with some of these low-grade phosphatic shales, Joseph Newton, professor of metallurgy, who carried on the research studies, found that by rock-milling and desliming, it is possible to produce a concentrate with phosphoric oxide content equal to that of the high-grade rock now mined.

Students Become Navy Midshipmen

Eighteen men were sworn in as Midshipmen, USNR, by Capt. S. H. Ambruster, commander of the Naval ROTC unit here on Thursday.

These men have signed contracts agreeing to take, in addition to their regular college major, four years of Naval Science. The Navy will pay their tuition and fees, and allow them \$600 per year to cover living expenses.

Those taking the oath were George S. Tanner and Jerald D. McCormick, Gary L. Morris, William B. Robinson, Gene W. Allen, Richard L. Black, William G. Briggs, Kenneth G. Clark, Charles W. Erickson, James H. DePatee, James C. Hammond, H. Ellis Johnson, Charles D. Mendenhall, Russell G. Moffett, John T. Nicholas, James B. Crockett, Nels F. Kams, Jr., and John R. Linnenkamp.

Ten other men are taking officer training without pay on a "contract student" basis. They will be commissioned as Ensigns, USNR, on completion of training.

MUSICIANS PLAY SONATA

Miss Miriam Little, cellist, and Raymond Lawrenson, pianist, of the university music department appeared in a concert of Idaho artists at Boise, September 30. The occasion was the National Federation of Music Clubs regional convention of western states.

GEM STAFF

A general meeting of the business staff of the Gem will be held Thursday at 5 p.m. in the Alpha Chi Omega house, Dona Harding, business manager announced.

All students interested in working on the business staff of the Gem who have not signed up as yet should do so at this meeting.

Military Increases Staff Of Department

Recent increase in the staff of the military department brings the present total to two officers and five enlisted men. The latest additions include 1st Sgt. Tris D. Faulkner and 1st Sgt. Edgar H. Harris, both combat veterans.

1st Sgt. Faulkner enlisted in the regular army in 1938 and was assigned to the 2nd Inf. Division Artillery. With the advent of the war he was transferred to the 103rd Inf. Div. and went through combat with that unit.

Harris Joins Staff
1st Sgt. Edgar H. Harris enlisted in the Regular Army in 1940 and was assigned to the 1st Cavalry Division, going to the Asiatic-Pacific Theater in June, 1943, with that unit and fighting throughout their stay in that theater.

Newcomer
Major F. V. Smith, also a newcomer to the military department, saw overseas service with the XXIII Corps and 78th Inf. Division. Major Smith was among the first troops to enter Berlin with the occupation forces.

Policies Discussed At Club Meeting

"Was Wallace right?" was the topic for discussion at the first meeting of the International Relations club held Thursday night.

The meeting got underway with the discussion of the policies of Byrnes and Wallace. It was explained that Byrnes favored an indomitable attitude toward Russia while Wallace believed a conciliatory attitude much better.

The program committee of the club has extended an invitation to all interested in current international problems to attend every Thursday in the student union building at 7 p. m. The following compose the general program committee of the organization: Margaret Eke, Joan Elam, Betty Lou Jones, Bonnie Miller, Pat Christman, Howard Anderson, Richard Kinney, Dale Winston and Bill Reagan.

Spurs To Initiate Pledges Sunday

Last year's members of Spurs met with the newly pledged Spur members Sunday evening at the Alpha Phi house. During the meeting each pledge told the story of finding her spur during the summer. Refreshments were served.

Just Another Act Of Vandalism

Now I Am A Man—Or Am I?

"And now that I have become a man I have put away childish things." That well worn phrase from a famous source can be perennially used to chide those adolescent individuals who form a part of every group and who seem to require a certain amount of time to get "out of their systems" such as inconsequential and trivial pranks as removing doors—the Beta Theta Pi door in this instance—to obscure hiding places or more seriously the destruction of shrubbery and the generous misapplication of gaudy paint to obvious places.

Such action on the part of unthinking individuals consumes not only their time but that of other persons much less disposed to spend free hours retrieving doors or repairing unsightly damage. Because a university is a productive place of learning, the great majority of the students have come here at no small cost to avail themselves of the advantages offered.

To avoid censure and the likelihood of a ludicrous appearance in the eyes of this overwhelming majority, it would be fitting for all past and potential pranksters to assume the social position expected of them on this campus or any other—that of men among men.

Students Show Bad Taste Over Week-end

Friday night a group of Idaho students, determined to make the most of pre-game activities, disfigured the Rogers Field gridiron in Pullman, and Saturday morning found a huge 20-foot "I" cut in the sod of the Cougars football field near the 50 yard line.

Several Vandal supporters were arrested, but they were proved innocent as to the actual "cutting-up," and were believed only engaged in painting signs and figures on the bleachers. The identity of the actual culprits involved has not yet been brought to light, but as this paper goes to press an investigation is underway.

Other misadventures occurring during the weekend included the Vandal football team's being robbed in the locker room during the second half of Saturday's game; arrest of other Idaho students in Moscow, Pullman, and Colfax on charges of drunken driving.

Concerning these rather nefarious activities, a statement was released from the office of J. E. Buchanan, president of the university, late yesterday:

"Under our crowded conditions, which have kept many students out of college, little sympathy can be shown the small minority of thoughtless and misguided students whose actions over the past weekend included vandalism and misconduct.

Corsages Cut Out For Semi-Formals

Announcement has been made simultaneously by Herman Renfrew, president of Interfraternity council, and Walt Smith, president of Independent caucus, of an agreement reached outlasting corsages for all semi-formal dances on the university campus.

Music Organizations Plan Revival Of All-University Sing Tonight

Vandaleers Take New Members After Tryouts

After holding tryouts for Vandaleers during the past week, the following students were chosen as members of the organization, according to A. A. Beecher, head of the music department.

First soprano: Dorothy Monico, Bette Scott, Betty Tellin, Colleen Haag, Marilyn Clark, Mary Stanek, Freda Sparrow, Mary Driscoll, Pat Jordan, Jo Anne Elam, Betty Meagher, Louise Miller; second soprano: Pat Miller, Sally Norris, Dorothy Tilbury, Betty Betts, Charlotte Van Riper, Yvonne Whiting, Betty Pyles, Betty Thompson.

Alto Voices

First alto: Kathryn Weber, Madelyn Sanberg, Lalene Cargill, Gaye Deobald, Irene Brewster, Marge Spring, Beverly Randall, Jean Mack; second alto: Barbara Mariner, Joyce Cook, Jean Dammarell, Mary Beth Garretson, Margaret Burson, Betty West, Phyllis Larue, Clarice Rae Hove, Nadine Stanek, Mary Lou Snook.

Men Selected

The following men were selected: first tenor: Don Faulkner, Don Binning, Delmer Bodker, Burke Sower, Jim Hammond, Boyde Freeman; second tenor: Robert Hund, Robert Kohls, Don Cushing, E. B. Thornhill, John Jordan; baritone: Otis Walter, J. T. Peterson, Charles Callahan, Norman Logan, Darrel Dolgner, Dean Dimmison, John Hann, Dick Gordon, Edward Newmayer, Edward M. Frandsen; bass: William Mathews, Jack Anderson, Jay Felt, Fred Watson, Tony Jausoro, R. Pennell, Stanley Berger.

The group has begun work on a Candle Light service to be presented at Christmas time.

Couple Succeeds In Finding Home

The brains of two freshmen plus a little veteran ingenuity produced a home in a school house.

This is the true story of Mr. and Mrs. Glenn Johnston from Lewiston, both freshmen at the university. Licking the housing shortage by taking up residence in the Valley View school house 4 1/2 miles from Moscow, they are now as snug as two bugs in a rug or so the story goes.

Who's boss? Well, that might be hard to judge as Mrs. Johnston is a former Marine corporal and Johnston a former second lieutenant in the AAF.

Studies are carried on as before in the desks vacated by students of foregoing years.

KNOW YOUR UNIVERSITY Flingbot Teaches Course In Bottle Technique

By DICK ELMERS
The never ending search for facts about the up-state U. had a shot in the arm this week. In fact, you might say that a newsy bit about a hither-to obscure educational facility lit right in our laps.

The classroom or meeting time of this course can't yet be revealed, and the roster of learners isn't available for publication. The Saturday afternoon laboratory section, however, was much in evidence at the Vandal-Cougar fracas.

The course, obviously, is the technique employed in casting an empty bottle, jug or other container (former contents no hindrance to qualification) from not closer than row 17 of any given stadium to row 5 (minimum cast scored) or, as far as the playing field (preferred). Additional credit is given for breakage on contact.

Instructor Busy
The instructor, whose name doesn't appear on university rolls, but wishes to be known for reasons of his own as Moronski I.

Basing their hopes on good weather tonight, Sigma Alpha Iota and Phi Mu Alpha organizations have planned for a revival of the once popular all-university Moonlight Sing, a prewar activity dropped during the last years.

PEP BAND

Senate Taylor has been appointed business manager of the Pep Band, according to Jack Furey, leader of the group. Anyone wishing the services of the band should see him and make necessary arrangements.

University Wins At Portland Livestock Show

First place in the Pacific International Livestock Show's livestock judging contest Saturday went to the university's judging team according to a wire from C. W. Hodgson, coach and associate animal husbandman, who accompanied the group to the Portland show. Rex Otley, Elba; Herbert Edwards, New Plymouth; Aaron York, Carey; Boyd Whittle, Preston, and James Meyer, Fenn, made up the team. Russell Lindstrom, Roberts, alternate, did not judge in the competition.

Livestock judging teams must place classes of sheep, beef cattle and swine during the contests, each member of the team working by himself at all times.

All members of the Idaho team are majoring in animal husbandry and all are veterans of World War II.

Final placings in the judging competition showed the University of Idaho first, Washington State college second, and Oregon State college third.

P.O. Informs Vets About Checks

Veterans whose GI checks come addressed merely "University of Idaho" are to call for them at the University Station post office. Although postal law precludes more than one general delivery window in any city, regardless of size, the university substitution has agreed to handle these general delivery veteran checks to avoid possible loss in handling. Checks carrying definite addresses will be delivered to those addresses.

The foregoing applies only to checks. All other general delivery mail for students—that which comes without any address other than University of Idaho—will be found in the "student mail" rack opposite the mail box near the main entrance to the Administration building.

Dean Kerr Holds Open House

Following their annual custom, Dean and Mrs. T. S. Kerr held "open house" Sunday from 3 to 6 p.m. for members of the college of letters and science faculty and their wives. One hundred fifty people called during the afternoon.

Flower arrangements for the tea table and throughout the house were made by Theodore J. Pritchard, head of the department of art and architecture.

Assisting during the afternoon at the tea table were: Mrs. J. E. Buchanan, Mrs. Floyd Gail, Mrs. C. J. Brosnan, Mrs. G. L. Luke, Mrs. H. B. Stough, Mrs. L. C. Cady, Mrs. A. A. Beecher and Miss Margaret Ritchie. Susan Banks, Geneal Steffens and Terry Beecher greeted the guests.

President J. E. Buchanan agreed last night to lead the group in singing the alma mater song if he returns from a trip away from the campus in time for the Moonlight Sing.

Employees of the department of buildings and grounds have cleaned out the area especially for the Sing. Presidents of the organizations request that students attending bring blankets to sit on during the gathering.

Bonfire Planned
A large bonfire will be built in the center of the bowl, from which point the songs will be directed by A. A. Beecher, head of the department of music. All students will gather around the campfire and sing such songs as "There's a Long, Long Trail Awaiting," "Home on the Range," and other old favorites. Popular campfire songs and requests will also be on the program for the evening.

Chairman of the bonfire committee is Joe Schmidt, while Fred Watson and Don Binning are in charge of the inter-organization committee. Steve Shelton is handling the sound truck, and Sigma Alpha Iota is in charge of publicity.

Moonlight Bowl
The Moonlight Sing in the vacant lot, newly named the Moonlight Bowl, will be held before other campus activities begin in order to get a capacity crowd for the re-establishment of the old Idaho tradition. In former years the Sing was held in the Arboretum, but this year more room was needed than that area could furnish.

Students may come with or without dates, according to Lalene Cargill and Don Singer, presidents of the organizations.

Patterson Cites University ASTP

President J. E. Buchanan recently received a certificate of distinction awarded the university for the training of soldiers in the army specialized training program during World War II. The certificate was signed by Robert P. Patterson, Secretary of War.

Men of the Army Specialized Training Program (ASTP) first appeared on the Idaho campus in 1943. From that date about 5,000 soldiers took advantage of the educational facilities of the university under this nationwide program.

Training was offered in languages, engineering and science. Along with scholastic work, trainees participated in all-campus activities. They sponsored dances, published a section of the Argonaut and as a climax joined with university students to present "Gee-Eyes Right," a musical comedy written and directed by members of the university faculty.

Several former ASTP men have returned to complete college work here. Others have scattered to all parts of the nation.

Dean Kerr Holds Open House

Following their annual custom, Dean and Mrs. T. S. Kerr held "open house" Sunday from 3 to 6 p.m. for members of the college of letters and science faculty and their wives. One hundred fifty people called during the afternoon.

Discussions Prove Meritorious

A part of gaining a liberal education is to keep personally informed of vital current events and how the trend of such events applies to us as citizens of the world. Too often we open our daily newspapers only to the comics or to the sport page and pass over the topics of a more newsworthy nature with merely a quick glance at the headlines. A truly educated person should be able to pass judgment upon, and give his opinion on all, questions about politics, government, and foreign policy.

A great aid at this university to any students pondering their future status as members of society as a whole is the International Relations club, which meets every Thursday evening from 7 to 8:30 p. m. Usually subjects of world-wide influence are discussed, but occasionally state and university problems are presented and debated upon by members of the club.

All members of the faculty and all students may join if they wish—in fact, any interested person may listen and participate during the meeting. The club has its own student officers but discussion is guided by competent members of the faculty. While membership in the club is not considered an "activity" at the present, it is hoped that some scheme can be worked out whereby men and women can count their membership in the club as a university function.

Actually Idaho is behind other colleges in establishing groups of this kind. Schools smaller than ours have several discussion clubs with an active interest evident at all their meetings. Since a large number of our students are in the school of forestry, engineering, etc., and are planning to graduate after studying under a specialized, technical curriculum for four or five years, we believe that weekly gatherings such as the International Relations club is a great benefit and an advantage. Editorially, we praise the faculty members and student officers responsible for this year's reorganization of the club.

TIPS FOR VETS

By GEORGE

Many men who were separated from the service due to a disability which they received prior to their enlistment were required to sign a statement saying that their disability existed prior to enlistment and that they had no claim on the government. Many vets for this reason were reluctant to file claims against the government for disability compensation.

You'll find, if you check up with the VA, that one section of Public Law 346 specifically states that any statements of this nature which you made prior to discharge are considered null and void, and should leave the way open for vets who were discharged for disabilities incurred before they went in the service to file claims for disability compensation.

The original National Service Life Insurance act stipulated that there would be no choice as to the beneficiaries which a serviceman or a veteran could list on his policy. One provision of the new act concerning insurance states that all restrictions on the choice of beneficiaries imposed by the original act have been removed.

Another fault of the old act was the fact that payments to beneficiaries were made only at stated intervals and could not be received in lump sum in case of emergencies. An important feature of the new act states that the insured may have payments made to the beneficiary in lump sum or in equal installments ranging from 36 to 240 months. This is a decided improvement over the old insurance act and it should see more vets reinstating their N.S.L.I. policies which they have allowed to lapse.

Here's More About Students Show

display of drinking, throwing bottles on the playing field, reckless driving, and disfigurement of property which brings the entire University of Idaho into public disrepute.

Actions Indefensible

"Such actions are indefensible at any time but doubly so now that our strained resources need every ounce of public support that can be won. It would be much better to expend any excess energy supporting the athletic team rather than defacing the opponent's gridiron, an act which those opponents turned to their psychological advantage.

"Under our official rules, 'students are held responsible for any breach of the recognized rules of conduct.' That is a very broad regulation, indeed.

"We are counting on the good judgment of the majority of students to take appropriate persuasive action through their own organizations and representatives to meet the spirit of this rule.

"For the minority who think it smart to get out of bounds, stern measures may be expected. With so many serious students outside waiting to get in this is no time to tolerate such actions."

J. E. BUCHANAN
President

Churches Hold Receptions

Scenes like this were typical last Tuesday when all Moscow churches held receptions for students at the university to acquaint them with the various church groups. In the above photo, the Baptist reception committee representatives are shown greeting future members of the Roger Williams club.

Knights Organize For Better Year

Sixteen former members of the Ball and Chain chapter of the Intercollegiate Knights, national service honorary, convened Thursday evening at the Kappa Sigma house. Duke John Daily presided at the meeting. Sole purpose of the meeting was to organize the chapter for the coming school year into a better organization than in past years.

Appointments of five new Junior Knights were made to serve with returning Junior Knights Reade Brown and Bill Sweet. They include: Paul Wetter, Fred Brough, Neil Dammarell, Jerry Douglass and Chuck Urban. Other officers elected were: Bill Hardin, sergeant at arms; Bob Madsen, pledge trainer; Martin Luther and George Neumeyer, historians. Pledging of new men will take place at 8:45 p.m. tomorrow in Willis Sweet hall.

Pep Displayed At Rally

Whipping up enthusiasm to wipe away all memories of the Stanford game, the football rally Friday night wound about the campus by torchlight and terminated in a dance in the Memorial gymnasium. A cold drizzle prevented the wearing of pajamas, as previously planned.

Led by the pep band, the men from Willis Sweet and Chrisman halls started the procession at the Administration building and swung around the campus picking up other house groups until 2000 students amid banners and torches were in parade. Yell Leader Art Humphrey stopped the procession on three occasions to lead in cheers and songs.

Music for the dance following the rally was furnished by the Pep Band.

Evans Holds Office

Sigma Nu elected John Evans house president in an election held last week. Charles Plastino was elected vice president; Bob Vonderharr, house manager; and Sherman Saylor, social chairman.

MEETINGS

The I club will meet Thursday evening 7:30 p. m. at the Kappa Sigma house. A meeting of Alpha Phi Chi, intramural managers, is scheduled for Tuesday evening at 7:30 p. m. in room 107 of the Memorial gymnasium.

Hickman To Judge At Stock Show

C. W. Hickman, head of the department of animal husbandry at the university, left Sunday for Portland, where he will judge Aberdeen Angus cattle in the Pacific International Livestock Show Oct. 5 to 12.

Hickman said he would judge both fat stock and breeding animals in the Angus division in open competition as well as the same classes in 4-H Club Angus steers.

Plans Drawn For Delta Mu

Delta Mu, an organization of daughters of Masonic lodge members, former Job's Daughters now in college, will function again this year, according to plans drawn by the executive committee which met Tuesday at Hays hall.

The first meeting, Oct. 10, will be a supper party from 5 to 7:30 p.m. at the Masonic temple and will be open to all women belonging to Job's Daughters now enrolled at the university. Dean D. S. Jeffers is the Masonic representative.

Representatives from Eastern Star are Mrs. C. E. Lampman and Mrs. E. J. Marty.

Houses Reveal Social Activities For Week

Week-end guests and firesides held the social spotlight recently, with more activities being scheduled for the week.

Kappa Kappa Gamma
Sunday dinner guests were Mr. and Mrs. W. L. Korter and Mrs. W. A. Hale. Mary Kay Crawford of Seattle and Beverly Nicholson of Caldwell were week-end guests. Mrs. Lela D. Painter of Boise visited during the week and Nadine Jester, Coeur d'Alene, was a Sunday visitor.

An exchange will be held with Kappa Sigma Wednesday evening.

Wednesday evening an exchange will be held with Phi Beta Phi, Beta Theta Pi.

Theresa Rivet, homecoming queen candidate, and Pat Federson were Thursday dinner guests. Sunday dinner guests were Rev. and Mrs. Norman Stockwell, Mr. and Mrs. Bill Barrett and Mr. and Mrs. Dean Miller.

An exchange will be held with the Alpha Phi Wednesday evening.

Phi Delta Theta
A fireside was held Saturday evening under the direction of Mike Oswald and Gib Eimers, social chairmen. Chaperones were Mr. and Mrs. Long Green. An exchange will be held Wednesday evening with pledges of Gamma Phi Beta.

Guests Saturday afternoon included Mr. and Mrs. G. W. Eimers, Grangeville; Bob Letsenbizer, Spokane; R. R. Breshnars and C. W. Gamble, Boise; and J. M. Pearce and Dan Hannah, Wallace. **Kappa Sigma**

Dudley Williams was a Saturday dinner guest. Several alumni were visitors Sunday on their way to the Idaho-W.S.C. game.

Bob Ott of Moscow was pledged Sunday.

Hay Hall
Sunday guests were Mr. and Mrs. Kenneth Newman, Mr. and Mrs. Robert Bolen, David Thacker, Jay Hunter and Mr. and Mrs. Stanley Bates. Out of town guests were Mr. and Mrs. H. L. Oakley and daughter, Diane, and Nadine Jester, all of Coeur d'Alene. Mr. Robert Acock of Rupert visited his sister, Wanda Acock. Joanne Brunger was a guest of Ruth Reichert for the week-end.

Alpha Phi
Formal initiation was held Saturday and Sunday. New members are Margaret Payne, Gloria Taylor and Jean McCue.

Miss Betty Tellin was a dinner guest Friday.

Gamma Phi Beta
Last Sunday Nancy Bailey, Forney hall, and Pat Jordan, Delta Delta Delta, were dinner guests at the house. Betty Edson of Caldwell was a week-end house guest.

An exchange was held with Kappa Sigma Wednesday night. **Sigma Nu**
A fireside will be held Saturday night.

Last Thursday a dinner exchange with dancing afterward, was held with Alpha Phi.

Kappa Alpha Theta
A formal reception in honor of Mrs. Raymond C. Dillingham, Kappa Alpha Theta housemother, was held at the chapter house Sunday afternoon between the hours of three and five.

Mrs. Dan Warren, Moscow, and Miss Bonnie Jean Brown, Cataldo, were dinner guests Sunday.

An exchange was held with Phi Delta Theta Wednesday evening.

Ridenbaugh Hall
The executive board held a fireside Sunday evening in honor of the new girls in the hall. Refreshments were served.

Mr. and Mrs. E. D. Schock, Marvin Long and Joanne Rankin were week-end visitors.

Delta Delta Delta
Alumnae of Delta Delta Delta are invited to a dessert bridge party on Saturday, Oct. 12, at two p. m. at the chapter house. Those desiring to come should contact the social chairman.

Mary Orr and Lois Bell of Coeur d'Alene were week-end guests of Donna Trueblood.

A fireside was held Sunday

WAA Offers Easy Way To Get Acquainted

One of the fastest and most enjoyable ways for women students to become acquainted with one another is through active participation in the Women's Athletic Association. WAA boasts the largest membership of any woman's activity on the campus and is also proud of being one of the most active. Women from every living group comprise its membership which is based on a point system.

Initiation is held in the spring for women who have earned 100 or more points through participation in team sports such as soccer, volleyball, basketball and football. Points may also be earned through leisure hours spent in outdoor recreation and through the tournaments sponsored by WAA in such activities as table tennis, golf, rifle, swimming, surfboard, tennis, badminton, archery and horseshoes. These points may also be applied toward earning an "I" sweater or an "I" blanket.

Soccer practice, which is held every day from 4 until 5 p. m. except on Fridays, is now in full swing. In order to be eligible for a team, you must attend at least eight of these practices. Contrary to popular opinion, brawn and muscles are non-essentials and all women, regardless of build or ability, are eligible to turn out for these practices.

WAA also sponsors a picnic for all new women students in the fall and a picnic in the spring. A plaque is awarded each year to the outstanding senior in WAA.

Willis Sweet
An exchange is planned with Alpha Chi Omega for Wednesday evening.

Plans are under way for a fireside Friday evening. Those on the entertainment committee are Bob Pettyjohn and Ferrill Bell. On the refreshment committee are Don Largent, Bob Rund and Bill Creel.

Pi Beta Phi
Initiation was held in the chapter house Sunday. Newly initiated members are Polly Bickett, Irene Johnston, Lois Hoffman, Alta Humphreys and Norma Pixton.

Patty Federson was elected president of the pledge class.

An exchange with Tau Kappa Epsilon is scheduled for Wednesday.

Visitors at the house over the week-end included Mr. and Mrs. P. C. Federson of Kellogg, Mr. and Mrs. R. W. Birch and Mr. and Mrs. W. S. Freeland of Coeur d'Alene.

Delta Gamma
Guests at the Delta Gamma house this week-end were Nancy Robinson of Boise, Mrs. Evelyn McKay Colquhoun of Spokane, and Judge and Mrs. C. W. Greenough of Spokane.

Sunday dinner guests included Mr. and Mrs. C. C. Bull of Boise, Dr. and Mrs. Anderson, Dr. and Mrs. H. Walter Steffens and Dean and Mrs. J. F. Weltzin.

Alpha Chi Omega
An exchange was held Wednesday with Delta Chi.

A guest at Sunday dinner was Jerry Luce.

Sigma Alpha Epsilon
Sunday guests were Mr. and Mrs. P. C. Federson, Kellogg; Mrs. Dorothy Chandler and son, Jerry; and Jerry Shepard.

Dean Riche was pledged Sunday.

Forney Hall
An exchange was held Wednesday with the Idaho club.

Jane Fisk and Emma Erickson, both of Spokane, were week-end guests.

Sunday dinner guests were Jeanette Jensen, Mary De Klotz and Kibby McClun.

Alpha Tau Omega
An exchange is to be held this week-end with Kappa Alpha Theta.

A fireside was held Saturday night with Dr. and Mrs. James C. Braddock as chaperones.

Nancy Robinson of Boise was a dinner guest Sunday.

Tau Kappa Epsilon
An exchange is to be held Wednesday with Delta Gamma.

Dinner guests Sunday were Mr. and Mrs. Ray Izes, Portland, Ore.

Engagements Told

Mr. and Mrs. C. T. Glenn of Boise announce the engagement of their daughter, Elizabeth, to Adam John Schubert of Gooding. The wedding is planned for the near future.

Miss Glenn attended the university and is affiliated with Delta Gamma. Mr. Schubert is a member of Sigma Nu.

Mr. and Mrs. Herbert Knowles of Worcester, Mass., announce the engagement of their daughter, Nancy, to James Richard Higgins, son of Mr. and Mrs. Edward Williams Higgins of Summit, N. J., and Lamone, Maine.

Miss Knowles attended Bancroft school, and was graduated from St. Margaret's school, Tapahonock, Va., in 1944. She attended the university last year and was a member of Delta Gamma. Mr. Higgins attended Bowdoin college and was affiliated with Theta Delta Chi. He served in the navy, and was graduated from Midshipmen school at Northwestern university.

Harrison-Harrison
Miss Phyllis Harrison, daughter of Mr. and Mrs. Lester Harrison of Spokane, became the bride of William Harrison, son of Mr. and Mrs. W. C. Harrison of Bonners Ferry, on August 3.

Miss Harrison spent three years at the university, where she was affiliated with Delta Gamma sorority, and one year at Katherine Gibbs' school in Boston, Mass.

Mr. Harrison attended the university here and the University of Colorado.

They are making their home in Seattle where he is an aeronautical engineer.

Williams-Bean
Miss Zoe Bean, of Weiser, was married August 25 to Edward Williams of St. Maries. The ceremony was performed at the Episcopal church in Weiser.

Following a honeymoon in Yellowstone Park, the couple will reside in Missoula, Mont.

The bride, who completed her junior year at the university, is a member of Phi Beta Phi. Mr. Williams is affiliated with Phi Gamma Delta.

Mathot-Prior
Mr. and Mrs. L. F. Mathot of Spokane announced the engage-

ment of their daughter, Mary Jane, to Frank Prior, son of Mr. and Mrs. R. W. Prior of Redwood City, Calif.

Miss Mathot completed her sophomore year at the university and is a member of Kappa Alpha Theta. Mr. Prior is attending San Jose State college. The announcement was made at dinner at the Kappa Alpha Theta house Saturday evening where Miss Mathot was a house guest over the week-end.

No wedding plans have been announced.

Kulzer-Miller
Announcement of the engagement of Miss Joan Kulzer, daughter of Mr. and Mrs. S. A. Kulzer of Valley, Wash., was received Sunday at the Kappa Alpha Theta house.

Dames Club Holds Opening Meeting

Idaho chapter of the National Association of University Dames will hold its first meeting October 9 at 8 p. m. at the Faculty club.

Program for the first meeting will be a "Get-Acquainted" party, and all wives of university students and married women students are invited to attend.

Officers for the organization include:

Miss Kulzer completed her sophomore year at the university last spring and is a member of Kappa Alpha Theta. No wedding plans have been announced.

and Mrs. C. E. Lampman is sponsor. Chairman of the home-making group is Mrs. Ardith Brighton, and Miss Margaret Ritchie is corresponding secretary; Mrs. Janice Hamilton, treasurer; Mrs. Ernestine Daniels, historian; and Mrs. Beverly Becker, scribe. Mrs. Charlotte Morrison is in every first and third Wednesday charge of the hand-craft group, of each month.

Here's More About FLINGBOT

as extensive schooling on ambidextrous, freehand, and extemporaneous flinging.

Other northwest schools have fallen far behind the eager Idaho "SWEDENTS" in Mashnoggin's opinion, and he feels that it is only a matter of time until the course will be given the same recognition now coming the way of the "Turf-cutters Association."

Help Needed
Flingbot and his apprentices were apparently so overjoyed by the results of the afternoon that some of them had to be helped from the field of battle.

That's our story for this week. Unless we can dig up some more facts on "Flingbot's Boys" we'll return next week to those stodgy academic subjects that teach one a decent occupation.

One thing about rushing—the backslapping doesn't stop after the boys are pledged. It just moves further down.

and Bert Williams, Twin Falls.

A fireside was held Friday evening.

Willis Sweet Hall
This Wednesday Willis Sweet Hall will hold an exchange with Alpha Chi at Willis Sweet. It will be held from 7:30 to 8:30 p. m. and will be the first civilian dance in the hall since 1942. The hall members also plan to have a fireside Friday.

CUT DOWN NICOTINE

Frank **MEDICO** FILTERED SMOKING

- Replaceable filter in new Frank Medico Cigarette Holders, filters the smoke.
- Cuts down nicotine.
- Cuts down irritating tars.
- In zephyrweight aluminum.
- Special styles for men and women.
- \$2 with 10 filters, handy pouch and gift box.

There is no charge for this instruction other than the regular session admission, which entitles skater to instruction and session of skating.

NOTE: CLASSES TO START TUESDAY, SEPTEMBER 17th

Vandals Entrain Tonight For Marquette Game At Milwaukee

Hilltoppers Use Passing Attack; Cougars Win

An Idaho Vandal football team, twice beaten by large scores, will entrain tonight for Milwaukee, Wisconsin, where they will clash with the University of Marquette Hilltoppers in a Saturday night game. The Vandals, looking like a football team at times, were trounced by the Washington State Cougars last Saturday to the tune of 32 to 0.

The Idaho team will work out under lights at Bozeman, Montana, Wednesday night at Montana State college. Arriving in Milwaukee Friday morning they will practice on Marquette's field the same night.

A starting lineup has not been named, but Coach J. A. (Babe) Brown lists: Merlin Aldred, right end; Merrill Barnes, right guard; Grant Potter, left guard; John Christensen, left halfback, and Bill Micklich, fullback, as certain starters. Brown's statement came after watching their performance in Saturday's game with Washington State.

Jack Hatch, right halfback, will be out of the Vandal lineup for at least a week due to a knee injury received in the W.S.C. faracas.

The Hilltoppers are reported to use a wide open game with a good aerial attack as the chief offensive weapon. Marquette has played three games to Idaho's two having been beaten by the University of Wisconsin and Villanova. Marquette won from St. Louis University. Two gentlemen named Plate and Polezynki are expert passers and keep Marquette's game in the air. Polezynki was a 185-pound fullback, but has been shifted to a halfback position.

Saturday, Washington State scored in every quarter to pile up 32 points against the hapless Vandals. Jerry Williams, who played on the Idaho freshman team in 1942 and is now playing with the Staters, scored three touchdowns to easily become the game's top

Periods Arranged For Swimming

The athletic department announced Monday evening, a program for the use of the swimming pool for the coming year.

Classes for those desiring instructions in swimming, will be held during the 6th and 7th periods on Thursday and Friday. The evening schedule starts with the Hell Divers meeting on Monday nights from 7 to 9. Men's swimming will be from 7 to 9 on Tuesday nights, and mixed swimming will be held on Wednesday, Thursday, and Friday nights during these same hours.

Starting Tuesday, October 15, free swimming periods for men will be held during the following hours:

Monday	2nd 3rd 4th
Tuesday	4th 5th 6th
Wednesday	3rd
Thursday	4th 5th
Friday	3rd 5th

"There will be a lifeguard present at the pool during all swimming periods," Leon Green, director of intra-mural athletics, asserted.

The Cougar team was too fast and deceptive for Idaho, who made only one serious scoring threat in the fourth quarter when they passed down to the 13 yard line.

	WSC	Idaho
First downs	14	7
Yds. gained rushing (net)	215	22
Forward passes attempted	24	18
Forward passes completed	7	4
Yards gained passing	108	131
For. passes intercepted by	3	4
Yards gained runback of	0	0
Interceptions	78	18
Punting average	34	28
Tot. yds. all kicks returned	56	33
Opponents' fumbles recovered	3	0
Yards lost by penalties	55	69
W. S. C.	7	8
Idaho	0	0

Washington State scoring: Touchdowns—Bacala, Williams 3, Mataya (sub. for Ross) 1. Conversions—Godfrey (sub. for Dyson) 2.

Pass Snagger

Merlin Aldred, 214-pound starting end on Coach J. A. (Babe) Brown's starting grid machine, is an excellent defensive end and an expert pass receiver.

Aerial Game Wins For Willis Sweet

Relying on the accurate arm of Tommy Mendiola and a superior number of reserves, Willis Sweet team two overpowered Idaho Club team two by a convincing 31 to 0 margin, to take over leadership of league four with two straight victories. The game was played last night on the SAE field.

The Idaho Club boys elected to receive, but promptly lost the ball on downs to Willis Sweet. After three running plays had failed, Mendiola faded back and fired the first of four scoring passes for the afternoon to Ron Huffer who scooted across. The play for the remainder of the half was about equally distributed around the 50

yard line, but before the period ended, Bryan Rambo took a short Mendiola heave and scampered 35 yards to run the score to 12 to 0 in favor of Willis Sweet.

In the second half, the play was all in favor of Willis Sweet, with the superior reserves of the winning team wearing down the already tired Idaho Club. Tom Mendiola was the big gun for the victors, throwing four touchdown passes and chipping in a run to score himself.

Olson and Efferts kept the Idaho Club in the game during the first half with their running and passing, but were unable to move effectively in the latter stages of the game.

The Ayshire cow was imported into the United States in 1822 from Ayr, Scotland.

"Take Five"

By Clark Chandler

A FEW QUESTIONS

Why did Bill Micklich, 1941 Pacific Coast top scorer, carry the ball so few times against Stanford and Washington State? Yardage results every time Micklich carries the pigskin. Is that harmful? A suggestion to "Joltin' Bill" would be to forget a few blocks and maybe the smeared quarterbacks would remember there are ways of making yardage other than on passing plays. Coach Babe Brown has taught his team more than an end run, a line play to both sides of the line, and a few passes. Why don't the quarterbacks use them? This writer wearied of seeing Vandals butt their heads against a stone wall, after WSC quickly briefed the Idaho offense.

For Idaho to punt when it has the ball, downs to spare, and ten yards to go, with ten seconds re-

maining before the end of the first half is like saying, "Here, take the ball, we can't do anything with it." That head is there for something other than to fit a head-gear, quarterback!

Jim Hatch, highly touted Idaho halfback, must be the most indifferent player on the squad or why was he taken from the game when Idaho was on defense? Hatch is a damn good player, but team members say it would take a loud alarm clock to wake Hatch up

when he is standing out in the flat by himself.

Since the drinking at Pullman Saturday is apparently bringing in much comment it might be noted that those who took a lusty pull at the bottle every time Idaho made a good play didn't get drunk!

Writer's Note: These are a few of the thoughts that ran through spectators minds during the WSC-Idaho football game. They are not aimed at Coach Brown or his coaching staff, but at team members, who seemingly aren't playing the brand of ball they are capable of playing.

SCORERS

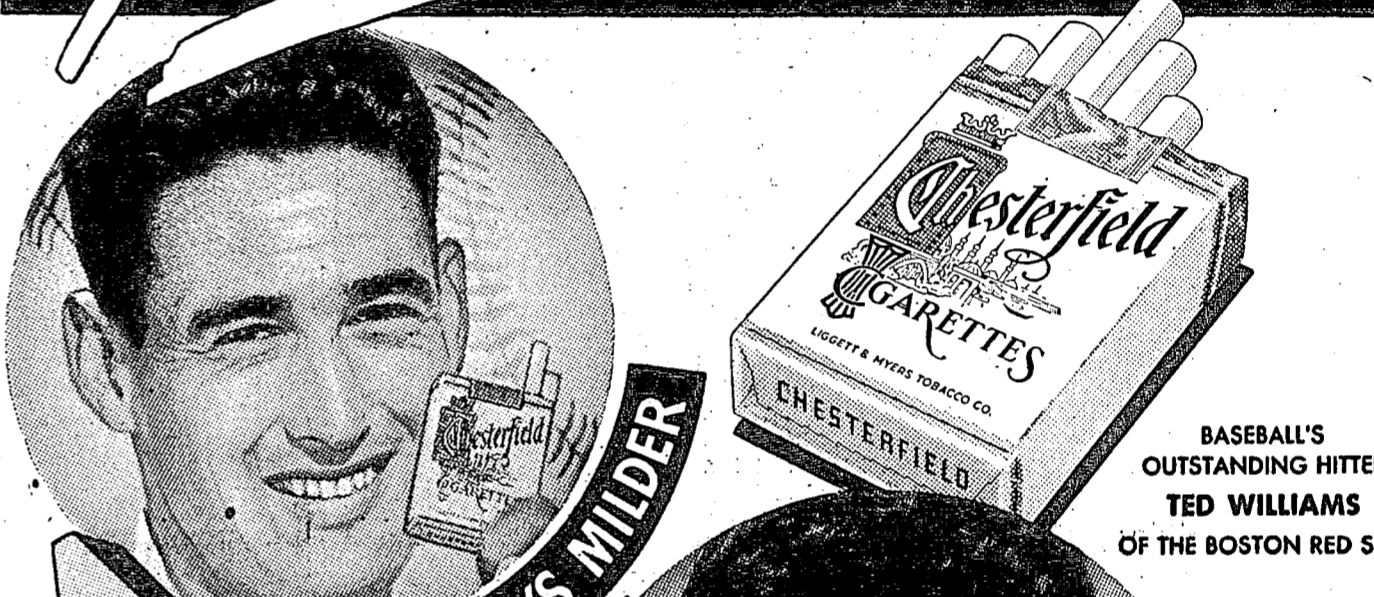

Intramural Director Leon Green today announced the four leading touch football scorers. Some score sheets failed to list the player making the points, so game officials should be sure to include such names in the future, Green said.

High scorers are:
Jack Black, Delta, Chl, 27.
Bill Campbell, Sigma Chl, 19.
Don Holder, Sigma Nu, 13.
Louis Ottison, Sigma Nu, 13.

Du Pont Digest

Items of Interest in the Fields of Chemistry, Engineering, Physics, and Biology

New Plastic Resists Heat, Acids, Electricity

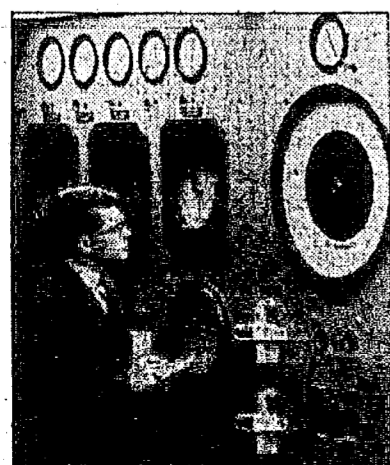

"Teflon," Product of Group Research, is Solving Difficult Problems in Radar, Television and Industry

A group of Du Pont research men were looking for a new refrigerant of a particular type. These men found what they were after; but, as so often has been the case, they found something more—this time an industrial plastic whose unique qualities make it invaluable in many fields.

During the study, the chemist in charge proposed a route to the synthesis of HCF₂CF₂Cl via tetrafluoroethylene, CF₂=CF₂. In working with the latter, a chemically reactive gas boiling at -76.3C./760 mm., it was learned that it polymerized to form a resin having unusual properties.

After evaluation by organic and physical chemists, physicists and electrical experts, a suitable process for the difficult manufacture of this product was worked out by the chemists in collaboration with chemical and mechanical engineers.

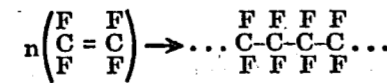

Structure and Properties
"Teflon" is made by polymerizing gaseous tetrafluoroethylene to give a solid, granular polymer:

Controlled at this one panel is all the equipment for producing the polymer from which is made "Teflon."

"Teflon" (right) resists boiling acids and solvents to a degree unrivaled by other plastics.

The fluorine atoms in the molecule impart exceptional properties of resistance to heat and chemicals.

"Teflon" has unusual heat resistance. Having no true melting point, "Teflon" decomposes slowly to give the gaseous monomer and a few other gaseous fluorine derivatives at around 400°C. Under certain conditions small amounts of fluorine-containing gases have been observed at temperatures above 230°C. Because of its heat resistance, gaskets and wire insulation for jet engines are now made of this plastic. It is also used in aircraft ignition systems near sparkplugs and in high-temperature heating systems.

The chemical resistance of "Teflon" is such that it withstands the attack of all materials except molten alkali metals. Boiling in acid (aqua regia, hydrofluoric acid or fuming nitric acid) will not change its weight

or properties. For this reason it may have wide use in such applications as tubing and piping for chemical plants and acid-distillation equipment.

Because the dielectric loss factor is extremely low, even at frequencies up to 3000 megacycles, it is an excellent insulating material for currents of ultra-high frequency. Its heat-resisting and aging qualities suggest immediate uses as a dielectric in coaxial cables for color television, and in radar and power fields.

Forms of "Teflon" Available

By use of special techniques the new plastic can be extruded as rods, tubes or wire coating. In general, its extrusion rates are low in comparison to other thermoplastics because of its resistance to softening.

More facts about "Teflon" are in Du Pont Plastics Technical Service Bulletin No. 13. Send your request to 2521 Nemours Bldg., Wilmington 98, Del. "Teflon" is one of the many products which represent the work and skill of Du Pont men, who, working as a team, contribute toward a better America for you and all of us.

Questions College Men ask about working with Du Pont

"WILL I STAY IN ONE FIELD AT DU PONT?"

The first position of a new man at Du Pont is based on his expressed preference and an estimate of his aptitudes and abilities. Subsequent work may be in the same or other fields, as openings present themselves in research, production or sales divisions. Keynote of Du Pont personnel policy is promotion from within on a competitive merit basis.
