

# The Idaho Argonaut

VOL. 52, NO. 22

THE IDAHO ARGONAUT, Official Publication of the ASUI

TUESDAY, DECEMBER 2, 1947

## The GOLDEN FLEECE by Jason

If you build a better mousetrap the world will beat a path to your door. That is at least the essence of a well-known quotation.

Jason, personally, will beat a path to the door of the man that invents a reliable automobile piston. In three years with two automobiles, Jason has had seven pistons disintegrate in front of him.

For that matter, tires, con-rod bearings, and miscellaneous other auto components can be improved considerably. In 21 trips from Boise to Moscow, or vice versa, Jason has managed nine or ten successfully.

At least the parking problem is solved for Jason temporarily. His Plymouth reposes neatly in a Boise mechanic's shop.

### Long Weekend

University officials expressed relief at the small number of student accidents over the four-day unofficial (meaning, take it or you don't get it) vacation.

Students expressed surprise at the large number that stayed to attend classes. Frequent remarks have been heard about "how rough" classes are this year, but Jason hadn't realized they were that rough.

Transportation, as usual, presented a problem to Idaho students. Jason noted that one Gamma Phi was in class this morning, even though she was seen late Sunday night in Boise making frantic phone calls to locate a misplaced airplane ticket.

Two Thetas also arrived for classes safely after their plane landed in Spokane instead of Moscow. The pair stood in line for hours to see the doors of three different busses closed in their face.

The next morning a Phi Delta asked, "Why didn't you phone me, I drove down all alone?"

### Unhappy

Varsity magazine is undoubtedly provoked at the Idaho Argonaut. In the November 4 issue, the Arg reprinted an article from Varsity's clip sheet entitled "Dou You Like Your Roomie?"

Through an oversight in the editing, Varsity's credit line was omitted. Now college papers all over the nation are springing out with "Do you like your Roomie?" The catch is that each time the story is credited to the Argonaut.

Our apologies to Varsity magazine. We aren't that good.

Note to Sigma Nu: Jason thinks that you have been holding out on us. We didn't know that you can cook and sew.

Arg staff members were surprised to see this notice in the Viking Scroll, Rick's College paper:

"Sigma Nu, the home economics club, will sponsor their first meeting etc. . ."

## COMING EVENTS

**TODAY—**  
The Young Republican club executive board will meet at 4 p. m. in the Bucket.

I. K. meet at Bucket at 5 p. m.

Phi Mu Alpha meet at Music hall at 5 p. m.

Shutter and Lens club business meeting in Art 103 at 4:30 p. m.

Interfraternity Council meeting at Bucket at 5 p. m.

**WEDNESDAY—**  
Kappa Phi pledges meet at Idaho Christian Institute at 4 p. m.

Dames club, meeting of Bridge and Handcraft group at Faculty club at 8 p. m.

SAB will meet in coke room at 4:30 p. m.

Physical Education people, short meeting for election of officers at 7 p. m.

Alpha Lambda Delta will hold tea at Hays hall.

**THURSDAY—**  
Young Republican club will meet in small ball room of SUB at 4:30 p. m.

Inter-church Council meets at 5:00 p. m.

Mental Migration discussion group will meet at 6:45 p. m.

Sigma Tau will meet in the Engineering building at 7 p. m.

## Dieticians Receive Important Jobs Through School

Idaho's home economics graduates specializing in dietetics have been walking off with some of the prize dietetic jobs in the nation, a survey of 1946 graduates revealed today.

After completing in hospital student dietetic training courses approved by the American Dietetic association, the 1946 graduates were placed this fall in the following positions:

Patricia Hagan, dietitian of the Diet School of Johns Hopkins hospital, Baltimore; Clara Beth Young, staff dietitian, Cowell hospital, University of California, Berkeley; Audrey Hartman, staff dietitian, Christ hospital, Cincinnati; Anne Smith Goff, dietitian, New York hospital, Cornell Medical Center, New York City; Margaret Gorman, therapeutic and teaching dietitian, St. Joseph's hospital, Vancouver; Adalain Taft, teaching dietitian, Roosevelt hospital, New York City; and Lavona Craggs Gray, dietitian at residence halls, University of Missouri, Columbia, Mo.

## Maryla Jonas

Pianist Maryla Jonas played before a large audience of music lovers last night in Pullman. Miss Jonas was featured guest of the third of the Moscow-Pullman community concert series.

## Polish Pianist Concert Features

University students traveled to Pullman last evening to hear the talented Polish pianist, Maryla Jonas, in a concert presented in the Men's gymnasium.

Miss Jonas made her debut in 1946, one of the most sensational in recent years, according to critics. A second recital in March of the same year firmly established Miss Jonas as among the world's piano virtuosos.

She began to study piano when she was seven years old, and at nine made an appearance with the Warsaw Philharmonic orchestra, playing a Mozart concerto. Among the honors accorded her in the winning of the International Chopin (Cont. on page 2, col. 3)

## Latch Onto Your Hickories And Let's 'Gelandesprung'

All eager skiers who have been watching the weather hoping for snow had better start to wax their hickories for use at the Winter Recreational Area near Troy. There is about six inches of snow, and inside of one week the run should be in full use.

The lodge still needs much work to be put in shape to accommodate all the potential skiers. The work parties have been badly represented in relation to the amount of people that will be skiing this year. The huge open fireplace will be a comfortable haven for all ski bunnies plus the skiers that may be tired or cold. There is a shortage of wood, with a need of a wood party to go out and cut some to last for the remainder of the ski season. Complete electrification of the lodge is being contemplated by the Ski club and forestry department. A surplus gasoline generator has been obtained, and the lodge is completely wired, so there will be electricity this year. There are two iron stoves to brew hot coffee and chocolate, and even

cook a stew for hungry ski jockeys.

## No Turkey In This Classroom

What was it like around school the day after Thanksgiving? Seats Nos. 69, 79, and 84 were occupied during a Friday class in the Temporary Classroom building, but the rest of the room seems to breathe an air of vacancy. (The Arg admits this was a posed shot, but reports from students who were here Friday indicate that the picture isn't far off in representing Friday attendance.)

## KUOI To Feature Basketball Games; IBS Productions

KUOI broadcast the first home basketball game of the season with North Idaho College of Education Saturday night, from the Memorial gym and will continue to broadcast all Idaho conference and pre-conference games. Harry Howard and Dan McDevitt of the sports department announced the plays.

A program exchange has been instituted for the Western Regional Broadcasting System with headquarters in Stockton, California. Under the new system, IBS stations in the Pacific region will originate programs for broadcast over the entire group of 11 college stations in the coast states.

Alec Templeton will be heard on the December 4th "Here's to Veterans" program. This program for the benefit of Idaho veterans is heard every Tuesday and Thursday evening at 6:45 p.m. Other programs of interest to veteran students are "The Veterans News Review," Wednesday at 4:15, and "For Those Who Gave Most," Friday at 4:15.

Now entering its sixth week on the air is the "Patti Miller Show" heard every Tuesday evening at 8 p.m. The program features the song stylings of Pi Phi Patti Miller. (Cont. on page 2, col. 7)

## Engineers Complete Plans For Ball

Engineers are completing plans for the annual Engineers' Ball to be held December 6, at 9 p.m. in the Student Union ballroom. Tickets go on sale today at \$1.50 in the Engineering building and in living groups.

Music will be furnished by Sig Norman and his "Key Notes." Jim Burton, general chairman, stated that in addition to many other original features the programs are designed to startle the public.

## Naval Team 2nd In Postal Match

In a postal match shot on November 21, the NROTC rifle team scoring 870 defeated the University of Colorado, 864; Miami University, 833; Columbia University, 796; Brown University, 856; University of New Mexico, 865; University of Utah, 833; and was defeated by the University of Texas scoring 878.

High scores out of a possible 200 were made by George Tanner scoring 180; Donald Wills, 175; Jerry Rockwood, 174; Herbert Young, 173; and Gene Jackson, 168.

A ten spot postal match is scheduled to be held on December 5.

## Survey Shows Requisites For Selection Of Mate

"What are your first prerequisites in the selection of a mate?" was the question asked by Dr. H. C. Harmsworth in his recent survey among approximately 155 of his single students.

The tabulations showed that while the men placed prime importance on domesticity and a love of home life, they will be relieved to know that women placed this little item 19th. The women's first prerequisite was a natural, normal attitude toward sex, which men listed as fourth.

**Men Want Domesticity**  
Requirements and the order of their desirability, with men listed first and women second are as follows: (1) (15) Be domestic, love home life. (2) (2) Be honest, truthful, dependable. (3) (6) Be neat in appearance. (4) (1) Have a natural, normal attitude toward sex. (5) Be a good cook. (6) (3) Belong to same race. (7) (4) Have a pleasing personality. (8) (5) Love children; glad to assume the responsibilities of parenthood. (9) (21) Be healthy. (10) (16) Be thrifty, careful with money. (11) (15) Be affectionate. (12) (14) Be an interesting conversationalist. (13) (18) Be free from physical defects. (14) (12) Be industrious. (15) (20) Be free from objectionable personal habits — smoking, drinking, swearing, etc. (16) (8) Be of desirable height—man must be as tall or taller than woman. (17) (11) Have same religion—Catholic, Protestant, Jewish. (18) (26) Husband and wife have approximately same I.Q. (19) (9) Wife no older than husband. (20) (17) Be liberal in political, economic and religious ideas. (21) (31) Be good looking. (22) (22) Chastity. (23) (23) Be conservative in political, economic and religious ideas. (24) (27) Like good music. (25) (11) Husband and wife have equal education. (26) (28) Be a good dancer. (27) (24) Husband and wife of families of equal economic level. (28) (25) Be studious, like serious books. (29) (33) Be athletic, a lover of sports. (30) Wife to be gainfully employed after marriage. ( ) (7) Husband have a well-chosen occupation that promises financial security. (31) (29) Attend church regularly. (32) (32) Husband belong to a fraternity; wife belong to a sorority.

**Frat Men Foster European Orphans**  
The fraternity men of the university re-adopted two war orphans for another year at a meeting of the Interfraternity council recently. The program was made possible by voluntary donations of house members, Dean Dennison, chairman of the drive, said.

The orphans are handled through the Foster Parents association in New York City and their homes are in Czechoslovakia and Poland. The program was previously financed out of Interfraternity funds.

January 19 was set as the date for the formal Interfraternity Ball at the meeting with Gil Camm as chairman. The Rhythmaires will play for the dance and invitations are being extended to the Interfraternity Council of WSC, Camm said. A formal dinner for local members and their guests will precede the dance.

Chuck Gilb, president of the council, made a report on the recent Western States Regional Conference in California, which he attended.

**Uncle Tom's Cabin' A Success For Years On Many Stages**  
Harriet Beecher Stowe made a mistake in not reserving the dramatic rights to her anti-slavery novel, "Uncle Tom's Cabin," when it was published in 1852.

Half a dozen dramatists cashed in on the novel's phenomenal success and earth shaking importance by bringing out stage versions at its peak of popularity.

Most popular of all American plays from a longevity viewpoint, the first versions of "Uncle Tom's Cabin" failed until its spectacular success with George I. Aiken's adaptation at Troy, N. Y., in 1852. Reviews denounced the play as in bad-taste and urged all concerned to drop it. "It is calculated to become a firebrand of the most dangerous character to the peace of the country." (N. Y. Herald). It was. Others called it an exaggerated mockery of Southern institutions, "calculated to poison the minds of our youth with pestilent principles of abolitionism."

Like Topsy, the stage version "just grewed." Nobody ever paid a cent of royalty to the author of the novel, and so many times has it been rewritten that the common acting version is a veritable folk play. Popular type characters such as Mose the Fireman and Uncle Josh and the routines of the minstrel show are about all the years contributed on the creative side.

The version chosen by Miss Jean Collette for the ASUI production January 15, 16 and 17 is Aiken's, without the type characters but with the minstrel routine and nineteenth century acting.

Aiken himself played George Shelby in his Troy production, with other members of his family in the cast. Other productions have cast Mrs. Edna Booth as Eve, (Cont. on page 2, col. 2)

## Varsity I Sweaters Won By Gridders, Trackmen

### 'Sweetheart' Song Informs Finalists

Six finalists have been chosen by Sigma Chi fraternity men to compete for the title of "Sweetheart of Sigma Chi."

Notified with a serenade by the men's group, the finalists are: Beverly Halliday, Gamma Phi Beta; Pat Hankins, Gamma Phi Beta; Lela Gardner, Pi Beta Phi; Bonnie Graham, Idaho club; Pat Nelson, Alpha Phi; and Rita Stewart, Delta Delta Delta.

The six will be entertained at a formal dinner tonight, a lunch Wednesday, and a Chat session Thursday. The sweetheart will be announced Saturday night at the fraternity's eighth annual Sweetheart dance to be held in the Legion cabin.

### Uncle Sam Allots New Class Space

Allocation of another 25x10 foot hospital ward building from Baxter hospital at Spokane to the University of Idaho by the Federal Works Agency was announced today by President J. E. Buchanan.

The new building will be used jointly by the department of physical education and the military department. Although the exact site for it has not been determined, President Buchanan indicated the new building would be placed somewhere near the Memorial gymnasium.

As with other buildings provided under the federal aid program, the university will finance preparation of the site and the utilities using gymnasium bond fund residues, with the government paying the cost of moving and erecting the building. The new building should be ready sometime during the summer of 1948, President Buchanan indicated.

### SOPHOMORES URGED TO ATTEND CAROL PRACTICE

Sophomores are urged to attend song practice this Thursday evening at 7:30 in Science 110 for the Sophomore Holly Week serenade of Christmas carols.

### Truitt Has New Post

Under the new arrangement, C. A. Truitt, who joined the university staff in 1942 as superintendent of buildings and grounds, will become superintendent of operations.

The university's new engineer has had considerable experience in the engineering field, as a consulting, designing, and structural engineer. He has been employed by the American Bridge company, Gary, Ind.; the Boeing Aircraft company, Seattle; the Bureau of Reclamation, on Grand Coulee dam; the works progress administration on a variety of projects in nine eastern Idaho counties; and by the Consolidated Vultee Aircraft company, California.

In addition to his private consulting engineering practice in southwestern Idaho since 1945, Gagon has been retained as the Payette city engineer and county engineer.

### Howard Picked As Arg Sports Head

Harry Howard was appointed sports editor of the Argonaut following approval of the ASUI executive board Tuesday night. Howard replaces Roy Garrett who left school recently.

Boyd Hansen, who attended the constitutional convention of the National Students association at the University of Wisconsin last August, reported to the executive group on the proceedings.

Hansen represented Idaho at the convention which was attended by delegates from 350 colleges and universities.

Sweater awards were approved by the board for qualified members of the varsity football team, the freshmen football squad, and the cross-country track team.

**NO EXEC BOARD MEETING**  
ASUI executive board will not hold its meeting tonight due to a conflict with the Gonzaga-Idaho basketball game.

## 24 Freshmen Fulfill Requirements For Frosh Football Sweater Award

Twenty-nine varsity football team members will receive sweater awards this year following approval of the ASUI executive board Tuesday night. The players have fulfilled all ASUI requirements for a major sports award, according to George Greene, athletic director.

George Neumayer, senior manager, and Lawrence Stone, junior manager, will also receive manager's sweaters. Stone was approved as senior manager for next year.

Freshmen football awards will go to 24 squad members who participated in the required 75 minutes of play. Bill Fray, who was unable to take part in the last two games because of a dislocated shoulder, will also receive the award according to board members.

Freshmen managers Ed Morgan and Ronald Nicholas are eligible to turn out for varsity managers next year.

The board also approved the awarding of sweaters to six members of the cross-country track team following the recommendation of Stan Hiserman, track coach.

## Buchanan Names Payette Engineer To New Position

Appointment of George Gagon, consulting engineer at Payette, as university engineer was announced Saturday by President J. E. Buchanan following formal approval by the board of regents. Gagon, an Idaho civil engineering graduate in the class of 1936, assumed his new post Wednesday.

"Creation of this post reflects the wider scope of post-war university plant problems," President Buchanan explained. "The increased volume of plant engineering services, the large backlog of deferred maintenance and repairs accumulated during the war, current new construction, and the need for engineering planning on new buildings on our ten-year campus plan make it necessary to reorganize our engineering and maintenance functions."

Included among the books is a complete set of the Federal Reporter. Dean Stimson said that other books were particularly valuable to the law library as they permitted more students to study the same cases simultaneously.

Durham's books formed the second gift of more than 500 volumes to the law library this year. In August, Mrs. John P. Gray of Coeur d'Alene presented to the university the law library of her husband, the noted mining attorney who died in 1939.

**Library Receives 500 Law Volumes**  
A gift of more than 500 law books by Ray E. Durham, Lewiston lawyer, has been received by the college of law library, Dean Edward S. Stimson announced today.

**Executive Board Howard Picked As Arg Sports Head**  
Harry Howard was appointed sports editor of the Argonaut following approval of the ASUI executive board Tuesday night. Howard replaces Roy Garrett who left school recently.

**Varsity Squad Awards**  
Varsity footballers who will receive the awards are Tom Ambrose, George Ballew, Orville Barnes, Willard Beitz, Winston Elishop, Elmer Buey, John Dana, Woodrow Delorme, Gerald Diehl, William Diehl and John Evans.

**Varsity Squad Awards**  
Varsity footballers who will receive the awards are Tom Ambrose, George Ballew, Orville Barnes, Willard Beitz, Winston Elishop, Elmer Buey, John Dana, Woodrow Delorme, Gerald Diehl, William Diehl and John Evans.

**Varsity Squad Awards**  
Varsity footballers who will receive the awards are Tom Ambrose, George Ballew, Orville Barnes, Willard Beitz, Winston Elishop, Elmer Buey, John Dana, Woodrow Delorme, Gerald Diehl, William Diehl and John Evans.

**Varsity Squad Awards**  
Varsity footballers who will receive the awards are Tom Ambrose, George Ballew, Orville Barnes, Willard Beitz, Winston Elishop, Elmer Buey, John Dana, Woodrow Delorme, Gerald Diehl, William Diehl and John Evans.

**Varsity Squad Awards**  
Varsity footballers who will receive the awards are Tom Ambrose, George Ballew, Orville Barnes, Willard Beitz, Winston Elishop, Elmer Buey, John Dana, Woodrow Delorme, Gerald Diehl, William Diehl and John Evans.

Making preparations for Holly Week, which begins on December 15, are the committee members shown above. Front row, left to right, are Morgan Tovey, Sue Beardsley, Billie Gooing, Betty Tellin and Charles Clark. In the back row, left to right, are Bob Jonas, Bruce Stuckl, Zane Hall, Gene Bush, Tom Rigby and Weldon Clark. Also chairmen but not pictured are Eleanor Strange and Clint Peterson.

# The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

## Fraternities, Creed And Color

... Fraternities should vigorously defend the right to place restrictions on their membership based on race, creed or color." This statement was made recently by David A. Embury, chairman of the National Interfraternity conference, in New York City.

Members of fraternities have the privilege to select their friends, those persons with whom they will be closely associated during their college careers. These friends are selected on the basis of their skin color, their religious belief and their race.

America as a nation is growing up and as a result, many organizations are becoming conscious of the individual regardless of the group distinctions prevalent in the past years. Fraternities are beginning to loosen restrictions and allow a greater number of persons to participate in their activities regardless of their race, color or creed.

As the years slip into the past, American people become more broad-minded and open-minded toward persons who are perhaps their intellectual and social equal, but who differ from them in their beliefs or the color of their skin.

Perhaps, with perseverance and willingness to be just and courteous, American fraternal organizations will come to eventually accept those persons whom they now exclude from association, instead of following the principles expressed by Mr. Embury.

## Polly Bickett Slays Three In Pi Phi Holiday Murders

The traditional game of "Murder" at the Pi Phi house during Thanksgiving vacation was topped this year when Polly Bickett committed three murders for hang-over motives from last year's trial.

Marilyn Mings, the first slain, was strangled with a black nylon stocking, followed by a similar strangling of Marian Vallad with the mate to the new fall-shade hose. Finally, Friday night Beverly Whitson was found dead with two bullets in her back fired from a toy Red Ranger pistol.

At the scene of the courtroom, the Pi Phi living room, the trial revealed that District Attorney Le-la Gardner and her assistant, Faye Poppie, overlooked Bickett as a suspect and convicted Charline Bales. Later Bickett confessed the killings. Because she and Mings were partners-in-crime for last year's game of "Murder," and because Bickett was the only one to suffer sentence; she spitefully strangled her old partner in a rage of revenge.

Vallad Killed  
The plot thickened when she was forced to kill Vallad who 'caught her in the act' to prevent her from squealing. The third murder occurred when Bickett, discovering that her own accomplice, Beverly Whitson, was collaborating with D. A. Lela, shot her "double crossing partner. Near the corpse was found this message:

"Oh, what a tangled web we weave,  
When first we practice to deceive."  
The evidence was too hastily picked up by D. A. Lela who pinned the killings on Bales assuming that her motive was one of jealousy of Marilyn's superior knitting prowess. As a result D. A. Lela and assistant, Poppie must suffer the consequences for not solving the crimes by undergoing the conventional cold tubbings.

**HARTWELL, DTG CANDIDATE**  
Marian Hartwell will be Delta Tau Gamma candidate for Holly queen, according to Loretta Eke, president.

**Arg Staff Writer Probes Actual Cost Of Gem Shots**

Editor's Note: The Argonaut sent a reporter to a local studio to find why the use of last year's Gem picture costs one dollar. Not receiving a satisfactory explanation, the Arg presents this article.

By NEWT CUTLER  
"Two dollars if you have a new picture made and one dollar if you have the old one run again." That is the answer that students have been receiving at the studios when they ask the price of Gem shots.

Let's stop for a minute and consider the price of the material and the work that goes into making up a shot for the Gem.

When a picture is first taken, it costs the student two dollars. This takes care of the price of film and labor in taking the picture. The picture is put in the Gem for that year.

Another year rolls around and the student goes back to have the same picture run in the new issue. It costs another dollar to get it in this time. The question is: "Does it really cost this much to have the picture re-run and what goes to make up this cost?"

Listed below is an itemized approximation of the costs that go into making up one Gem picture, as estimated by an experienced photographer:

- \$.05 for filing of each negative by the photo shop.
- \$.03 for each piece of printing paper.
- \$.01 for chemicals. When printing a thousand pictures, this is a big plenty.
- \$.25 for the labor of printing up the pictures and filing the negative, etc.
- \$.34 — Total.

The labor was figured at the rate of \$3.00 an hour. It should not take more than five minutes to make the print when several hundred prints are being made up at the same time.

Allow the photo shop \$.16 for profit on each shot and the total cost would be \$.50 cents.

## Debaters To Go To Forensic Meet At Walla Walla

Twelve members of the varsity debate team will leave Thursday morning to participate in the three-day forensic debate tournament to be held at Walla Walla December 4, 5 and 6.

Each team will have six debates on the question "World Federal Government should be Established." All debates will be judged.

Each individual will be represented in the Congress which will deal with the subject "World Peace and the United Nations." The Congress will be similar to that of the regular congress of the United States with papers submitted and resolutions passed.

The members on the special councils from the Idaho team are Roscoe Buckland, representing England on the Security Council; Jack Menge on the Economic Council to represent England; Mary Louise Will and Tom Rigby representing England on the Social Council; Carol Fitch and Paul Rigrup on the Trusteeship Council for England; Ethel Beal and Shirley Jacobsen on the Education and Culture Council—with Beal for England and Jacobsen representing the United States; Harry Curtis and Grant Saulie for France on the Military Council and Ed Aschenbrenner and Perry Dodds representing France for the International Court.

All the members of the Idaho team will enter the impromptu speaking contest. It consists of three preliminary rounds and the finals. In the first round each contestant is allowed five minutes to prepare a speech on any campus problem and then talk on it for five minutes.

In the second round each student is given three minutes to speak on "My Concept of Democracy," then the judges ask them a question and they are allowed three minutes to answer it. In the last round they are given five minutes to speak on a question asked by the judges which is related to their subject major. If the contestants pass all three preliminary rounds they can then enter the finals.

Over two hundred students representing seventeen schools from four states will participate in this tournament, sponsored by the West-

**Seniors To Check**  
Check sheets for all seniors, with the exception of law students, who are now in residence in the university are available at the Registrar's office.

These check sheets list the general requirements for graduation and indicate whether or not they have been met by the student. Students in the School of Education will receive their sheets at their dean's office.

**Ag Practice Work In State Schools**  
Professor H. A. Winner of the university department of agricultural education announces that three more ag education seniors are now doing their practice teaching throughout the state.

Teaching this week at Jerome will be Darrell Gallup. George Wald will teach at Twin Falls and Paul Wetter, Plummer, will instruct at Rupert.

**Seniors Edit Paper**  
Janet Bielmeyer and Melba Barnett, journalism seniors, are editing the alumni paper for the current school year. The next issue of the paper will be in the mail at an early date.

A dateless girl is like broccoli—green and unattractive.

**Instructor Recalls Conflict In France**  
Paul L. Lonardo, French instructor, addressed the first meeting of the French club held this year at the Kappa Alpha Theta house with a discussion of interesting aspects of the recent war in France. Refreshments and singing rounded out the program.

The next meeting of the French club will be December 11 when a program of Moliere works will be presented with scenes from the three plays enacted by members of the group.

**Here's More About Polish Pianist**  
pin prizes in 1932 and the International Beethoven prize of Vienna in 1933.

After the Nazi invasion of Poland in 1939, Miss Jonas escaped from Warsaw and Europe to Rio de Janeiro, where for over a year she didn't touch a piano.

With the aid of Artur Rubenstein, her compatriot, she began a series of tours in South America, Mexico, and the United States. She now is on her second tour of the United States and Canada.

Edward O'Gorman of the New York Post has this to say of the Polish pianist: "Miss Jonas is an exceptional artist and undeniably mistress of her instrument."

## Sutherland Wins Forestry Contest

First prize in an essay contest conducted by the Western Forestry Conservation association at Portland was won by Charles F. Sutherland, Jr., Moscow, senior student in forestry at the University of Idaho, it was learned here today.

Subject of the essay was "History of the Association and Accomplishments in Promoting Private Forestry in the Five Western States and British Columbia." Sutherland competed with students in forestry schools of six Pacific coast colleges. He has been invited to Portland at the meeting of the association December 11 to read his paper.

Adolescence: When a girl's voice changes from no to yes.

Vandaleers will be presented in a half hour program at 9.30 p.m. by recordings under the direction of Glen R. Lockery. The group made the record in Spokane which was later transcribed in Hollywood. Popular classical numbers include Agnus Dei, and Holiday Song.

Jack Furey's orchestra, presented by remote control from the Student Union building Wednesday evening, received the favorable comment, "Why don't you present Jack Furey oftener?"

**DU PONT Digest**  
For Students of Science and Engineering

**Development of dyes requires both physical and organic chemistry**

The synthesis of a new dye in the laboratory or even the development of a manufacturing process from that synthesis may still be a long way from the realization of the full potentialities of the new compound as a coloring material. This is illustrated by the commercial history of the exceedingly fast bright blue dye indanthrone and its halogen derivatives.

Indanthrone was the first known anthraquinone vat dye and has led to tonnage sales of vat dyes in the U.S. since its introduction, despite the commercial use of well over 200 types. In 1901, Bohm first synthesized indanthrone by KOH fusion of 2-aminoanthraquinone, but the yields obtained were in the range of only 25-30 per cent. Because of the industrial importance of indanthrone, and the low commercial yields obtained by the original fusion procedure, a great deal of research time has been spent in its study.

Several U.S. patents record the fact that Du Pont organic chemists have made outstanding contributions in this field, particularly by developing the intercondensation of 2 moles of 1,3-dibromo-2-aminoanthraquinone and replacing the bromine by chlorination to give 3:3'-dichloroindanthrone ("Ponsol" Blue).

This fixes the chlorine in the desired positions to give a product with greater bleach-fastness than indanthrone and minimizes extraneous substitution that always accompanies direct chlorination of indanthrone. The commercial yields of 3:3'-dichloroindanthrone now being obtained by Du Pont are markedly greater than those obtained by Bohm and his workers.

It is just as important, however, that a water-soluble dye be made in a physical form that gives optimum shade and working qualities, such as perfect dispersion, freedom from specks, rapid re-

ducibility and storage stability. A significant Du Pont contribution to the production of vat dyes in optimum physical form is called "turbulent flow dyeing." In this procedure, the color is dissolved in strong H<sub>2</sub>SO<sub>4</sub> and then diluted by a large volume of water in a constricted tube. High turbulence is maintained during dilution and produces uniform dye particles.

In this development the work of physical chemists and physicists, aided by electron microscopy, ultra-centrifuging, infrared and ultra-violet spectrometry and other modern techniques, was of major importance.

The conversion of laboratory findings to a plant operation often presents unique and difficult problems that require unusual ingenuity on the part of chemists, chemical, mechanical and electrical engineers. The work on the indanthrones was no exception. The outstanding commercial success of "Ponsol" Blue is one example of the results achieved through cooperation of Du Pont scientists.

**Questions College Men ask about working with Du Pont**

**WILL I GET LOST IN A BIG COMPANY?**

The organization of Du Pont is unique in that each of its ten manufacturing departments and two technical staff departments is responsible for its own operation. Furthermore, new chemists and engineers work in small groups under experienced supervisors. Du Pont's group system assures men of interesting and friendly working conditions plus the broad avenues of promotion that go with size. Write for the new booklet, "The Du Pont Company and the College Graduate," 2521 Nemours Building, Wilmington 98, Delaware.

# Pine Hall Dance Attracts Many Couples Saturday

The Pine hall semi-formal was held Saturday in the Blue Bucket ballroom. Decorations of yellow, orange and brown streamers carried out the theme of "Falling Leaves." Music was furnished by Norm Hersinger and his orchestra. Patron and patronesses were Mr. and Mrs. E. L. Dunn, Mr. and Mrs. R. W. Harder and Mr. and Mrs. A. Dunn.

Thursday dinner guests were George Thorpe, George Anderson, Bob Evans, J. R. Pyles and Mrs. J. C. Anderson. Following dinner, guests were entertained at an informal party. Mr. J. D. Schulenberg was a Friday dinner guest. A farewell party was given in honor of Verda Mylander Tuesday evening.

Colleen Drake, Elsie Davis and Ken Draper were Thanksgiving dinner guests. The girls of the Home Management house will be dinner guests Wednesday.

Guests at a special Thanksgiving dinner were Mr. and Mrs. V. Jansen, Idaho Falls; Mrs. Clarice Curtis, Dick Peterson, Hank Kinsey, Chuck Rohay, Ray Brown and Lloyd Carothers.

Thanksgiving dinner guests were Shirley Jacobson, Mr. and Mrs. A. K. Reed, Filer, Mr. and Mrs. Dave Campbell, daughter, Linda, Mr. and Mrs. James Deffenbach, Mr. and Mrs. Dale Hammond, Mr. and Mrs. Frank Hveem, Mr. and Mrs. H. A. Nichols, Mr. and Mrs. H. J. Proctor and Mr. and Mrs. H. Barry.

Bob Burns, Boise, was a weekend guest. Mrs. Minnie Connolly was a Thursday dinner guest.

An exchange was held with Phi Kappa Tau Tuesday evening. Guests for Thanksgiving dinner were Tom Miller, Gene Meyers, Willard Beitz, George Skinner, Douglas Finkelburg and Orville Barnes.

Mr. and Mrs. Frank Sheneberger, Twin Falls, were Sunday dinner guests. An exchange will be held with Pine Hall Wednesday.

An exchange will be held Wednesday with Tau Mem Aleph. Idaho Club. Mr. and Mrs. Lyle Schnitker, Patty Schnitker and Glenda Higgenbotham of Hollister visited Wednesday, Thursday and Friday; Mrs. John Lanting, Pete Lanting and Cleo Lanting, Roger, visited Wednesday and Thursday. Other guests were Mr. and Mrs. H. D. Reed, Rigby, and Jane Blakely.

Delta Tau Delta. Darro Ann Barnes was a Thanksgiving dinner guest. Mr. and Mrs. Oliver Baum were weekend guests.

A fireside was held Friday evening with Mr. and Mrs. Richard Dell acting as patron and patroness. Saturday evening, girls of Pi Beta Phi were honored at a buffet dinner. Dancing followed and Mrs. Tufts acted as chaperone. An exchange will be held Wednesday with Forney hall.

Beta Theta Pi. Tuesday dinner guests were Mr. George Curtis, Boise, and Mr. and Mrs. John Jones. Pi Beta Phi. Gene Pflug, Pat Knox, Pat Adams were Thursday dinner guests.

## WAA News

Members of the WAA Board will attend a Sports Day Saturday at WSC where they will participate in activities with other nearby colleges. Registration begins at 9:30 a.m., lunch will be served, and stunts by various schools will be part of the program. All houses are reminded that there are 14 volleyball practices left. There is still plenty of time to get in eight practices. Co-recreational volleyball games will be played following the women's tournaments. Each Friday, the women's gymnasium will be open to everyone for badminton from 2 until 5 p.m. This is co-recreational, and dates are urged to participate.

## Honorary Inducts Two New Pledges

Jerry Simons and Lois Bingham will be initiated into the Phi Chi Theta, business honorary, at ceremonies held Thursday at the Kappa Alpha Theta house. A formal dinner at the Moscow hotel will follow the initiation ceremonies, and all alumni are invited to attend, Eve Smith, president, said.

## ROTCs To Meet

Members and pledges of Pershing Rifles will meet tonight immediately after the basketball game at Memorial gym. Selection of members will be made on the basis of tonight's drill plus other qualifications mentioned at this time. Pledges must attend and all other interested ROTC students are invited.

## Delta Gamma

An exchange will be held Wednesday with Phi Kappa Tau.

## Lauren Hawley

Lauren Hawley was a weekend guest and Sunday dinner guests included Clarence Baugh and Ken Marshall.

Thanksgiving dinner guests were John T. Holland, Ralph Crane, James L. Graves, Moscow; Ceva Jean Bates, Caldwell; Dorothy Moulton, Lewiston; and Gene D. Sartz, Moffett Field, California; Mr. and Mrs. A. B. Schaplowski, Nez Perce; John Schaplowski and Everett Rice, Moscow.

## Ridenbaugh

Thanksgiving dinner guests were Mr. and Mrs. Martin Luther, Mr. and Mrs. Anderson, Idaho Falls; Mayetta Brodtkord, Donald Peterson, Joe Fisher, and Harold Neill.

## Wednesday evening

Wednesday evening an exchange will be held with Sigma Chi.

## Forney Hall

Thanksgiving dinner guests included Stanley Jensen, Morgan Tovey, Merle Fraeger, Tom Arnold, Katherine Chrisman, Roger McHan, Mr. and Mrs. Bob Eye-stone.

## An exchange will be held

with Delta Tau Delta Wednesday.

## 'Let There Be Light'

Shown attaching a ceiling fixture to a light bulb in one of the university's temporary classroom buildings is Henrik Juve, university electrician. Student and faculty requests alike prompted the change to better, diffused lighting in the buildings, which was carried out during the weekend.

## New York Alums Hear Miss French

Miss Permeal J. French, former dean of women, spoke to fifty members of the New York City University of Idaho Alumni Chapter gathered at the Fifth Avenue hotel Thursday, November 13.

Leland L. Chapman, '28, president of the group, formally introduced Miss French and presided over the meeting. Particularly interesting was a description of the Homecoming day crowd, accomplishments and solidarity of other alumni, and the contributions being made for the advancement of the university by alumni groups.

## Utah Alums See Football Pictures

The Salt Lake City alumni chapter held a meeting under the direction of Robert DesAutrieux on November 19. Pictures of the Idaho-Stanford game and a colored film of the campus taken in 1947 were shown.

Plans are being made to invite all Ogden and Provo alumni members to future meetings. The next meeting will be held January 21 in Salt Lake City.

## TRI-DELTS INITIATE TWO

Formal initiation was held last week by Delta Delta Delta for Judy Modin, Boise, and Phyllis Whitsell, Emmett.

## Graduate To Speak To Home Ec Majors

Mabel Mullikin, home economist with Centennial Flour company and graduate of the university, will speak to home economics students Thursday at 11 a.m. Subject of her talk will be "Opportunities for Home Economics in the Business Field." In the afternoon she will demonstrate cake making to the foods classes. Miss Mullikin formerly taught home economics at Moscow high school.

## Church News

**Catholic Mission.** The annual mission for Catholic students will be held next Sunday, Monday and Tuesday. All the Masses and devotions will be held in the small ballroom of the Student Union building. Rev. James J. Harrington of the Paulist Fathers in Portland, Ore., has been engaged to conduct the mission, which will be open to all students.

The schedule of the services is as follows: Sunday Masses at 8 and 10 a. m. Sunday evening at 7:30 the sermon will be "Who is Christ?" followed by benediction. On Monday, which is the Feast of the Immaculate Conception and a Holy day of Obligation, Masses will be at 6:30 and 7:15 a. m.

The talk on Monday afternoon at 5:15 will be for men. The sermon on Monday evening at 7:30 will be "So You're Going to be Married?" followed by benediction. The Masses on Tuesday will be at 6:30 and 7:15 a. m. The talk on Tuesday afternoon at 5:15 will be for women. Tuesday evening the sermon at 7:30 will be on the topic "Why be Moral?" followed by benediction.

**Canterbury Club.** Dr. T. J. Prichard of the art department will speak for members of Canterbury club tonight at 7:30 at the Rectory. Communion services will be held Wednesday morning at 7:30 a. m. at the Rectory.

**Wesley Foundation.** George Tanner gave the second of his talks on "Courtship and Marriage" at the meeting of the Methodist group last Sunday evening. Jean Knudsen was in charge of recreation; Phyllis LaRue was in charge of refreshments; and Jim Landers gave the devotions.

**Kappa Phi.** "As Others See Us" is the topic for the meeting Tuesday at 7:30.

**AN AMERICAN WATCH for AN AMERICAN CHRISTMAS ELGIN**

A small deposit now will hold any Elgin Watch of your choice until Christmas.

**L. G. Balfour Co.** Jack Propstra, Jeweler First National Bank Building Pullman's Only "Upstairs" Jewelry Store

for the meeting Tuesday at 7:30 p. m. The program will consist of a style show with Pat Brown in charge. Gene Brewster will give the devotions and Lois Bailey will take charge of the music.

**Roger Williams Club.** The Baptist group had their weekly social hour last Sunday evening. George Erabb was the speaker.

**Lutheran Student Association.** Plans for a Christmas pageant have been made for December 14 during the family hour. Arlene Bohning, the director, will assign parts tonight at the regular meeting of the Lutheran students.

Reverend Albert Dillemath, student pastor from Pullman, will give a talk on the national organization of Lutheran Student Association.

The delegates that went to the retreat at North Bend, Wash., will give a brief report.

**Disciple Student Fellowship.** The Fellowship of the Moscow Christian church will sponsor a two hour entertainment and refreshments for the whole church this evening at 7:15. All young people's groups in the church will participate in the program with songs, skits, plays and games. A collection will be taken for new game equipment. The program concludes a three month project of the Fellowship.

**Idaho Inter-church Council.** There will be a council meeting Thursday at 5 p. m. Everyone is invited to attend.

The Bible references for this week: Tues., Matt. 6:19-34; Wed., Psalm 90; Thurs., John 14:1-21; Fri., James 1; Sat., Philip, 2:1-18;

## Chem Group Names Officials For Year

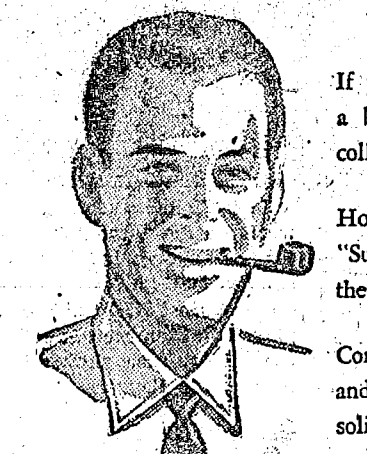

Clair Bush was elected president of the newly organized Idaho Chemistry Society at a meeting held Tuesday night.

Other officers are Ted Viera, vice president, and Garnet Storms, secretary-treasurer.

Exhibitions for the display case in the Science building will be arranged as a project for the club.

## ARROW SHIRTS Sold By CREIGHTONS

NOTHING SUCCEEDS LIKE "SUSSEX" ... by Arrow

If you're a gent who has a bent for a widespread collar.

Holler for an Arrow "Sussex," the classic of the spread collars.

Comes in fine Oxfords, and broadcloths, whites, solid colors and stripes.

Price \$3.25 and up.

## "MY HOW THE TIME GOES BY..."

when you're listening to HAL McINTYRE'S newest (MGM) record

ONE OF the grooviest ork-pilots on the MGM record roster is Hal McIntyre. Like so many other top-notch performers, Hal is a Camel fan from 'way back. He prefers Camels because: "Camels suit me best all ways."

For the same reason—more people are smoking Camels than ever before! A great new record for a long-time favorite.

Try Camels. Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience."

Nothing suits me like a CAMEL. I've smoked them for years!

And here's another great record—  
More people are smoking CAMELS than ever before!

# Vandal Basketballers Blast North Idaho College Of Education, 72-29

The University of Idaho basketball squad gave the fans a glimpse of what to expect on the maple courts of Memorial gymnasium this year as they defeated NICE for the second time, 72-29.

The Loggers scored first on a free throw, and then led 3-2, and 4-3. After three minutes of play, speedy Wendell Christensen put the Vandals into the lead, and then the fast-breaking, weaving Idahoans ran wild, rolling up a half-time score of 38-16.

**Rough and Ragged**  
The game was rough and ragged, featured by frequent booted decisions by the officials, but it was one of the fastest games ever played in Memorial gymnasium. It was a free substituting affair, Idaho using 16 men, and NICE 13.

Jack Wallace, sophomore letterman from Los Angeles, and Joe Grove, sophomore guard from Woodland took high scoring honors for Idaho with 12 points each, and Rolly McNair racked up eight for the Lewiston team.

Box score:

IDAHO (72)					
Christensen, f	4	2	2	10	
Jausti, f	1	1	1	4	
Gano, c	2	1	1	5	
Grove, f	4	4	2	12	
Taylor, f	2	2	2	6	
Rainey, f	3	0	2	6	
Fodrea, f	1	0	2	2	
Wallace, f	5	0	4	12	
Ellis, f	1	0	1	2	
Phoenix, c	4	1	2	9	
Finlayson, c	0	0	1	0	
Linnick, f	0	0	0	0	
Cushman, g	0	0	2	0	
Brimhall, g	2	0	0	4	
Cimels, g	0	0	0	0	
Elmers, g	0	1	1	1	
	30	12	28	72	

NICE (29)

Forse, f	2	0	4	4	
Hilding, f	2	1	4	5	
McNair, c	2	2	4	6	
White, g	0	0	0	0	
Langren, g	0	0	0	0	
Racicot, f	0	0	0	0	
Springer, Bud, f	0	0	0	0	
Hayhurst, f	2	0	0	4	
Beaker, g	0	0	0	0	
Schultz, g	0	0	0	0	
Springer, Dick	0	0	0	0	
Grubb, f	1	0	0	2	
Ryther, g	1	0	0	2	
	10	9	18	29	

Half-time score: Idaho 38, NICE 16. Free throws missed: Fodrea, Jausti, Gano, 2, Phoenix, Grove, Cushman, 2, Elmers, Forse, Racicot, B. Springer, Hilding, 4, Hayhurst, 4, McNair, White, 3, Schultz, Grubb, 3, Ryther. Officials: Thiessen and Reed.

**HOME EC GRADS VISIT**  
Recent visitors to the home economics department were Mrs. Maxine Holmann Anderson of Medford, Oregon, 1935 graduate, and Miss Mirian Hansen, 1947 graduate, who is teaching home economics in Grangeville.

**TROJANS PLAN CELEBRATION**  
According to the University of Southern California school paper, the Trojan supporters are planning a big time for the fabulous Michigan eleven when they come for the Rose Bowl tussle.

**SLIPPERY, SLIMY PORKER**  
Students at Farragut Tech had a gay old time at their Sadie Hawkins dance recently when they held an old-fashioned greased pig chase. A slippery time was enjoyed by all.

## Here's More About Latch Onto

and cleared last week to be used in jump-skiing for the bolder hickory lovers. A jump form has to be constructed and a few stubborn stumps removed before it can be put in full use. The run is very steep, offering a fast approach and jumps of eighty feet are expected to be reached.

**Pond Nearby**  
There is a large ice pond close to the lodge which can be used for ice skating. The ice is not quite thick enough at present but should be usable in about two weeks.

The secondary road leaving from Troy to the ski area will be plowed this year. The road is a mail route and the plow does not quite reach the lodge, but the plowman had promised to keep the road clear all the way.

Everyone who loves to ski, skate, or just sit around a roaring fire, should come out to the lodge. The Ski club has planned a series of parties and fun in which all are invited. It will not be long before the skiers will be "schussing" down the slope and drinking scalding coffee and eating doughnuts.

## Pacing The Sidelines . . .

By HARRY HOWARD

Jack Wallace, sophomore forward on the Vandal basketball team, is shown just before letting the ball go for a successful score against NICE at the game played in Memorial gym Saturday night. Also shown is Hilding of the Loggers.

A recent issue of the Washington State Evergreen carried on the front page a listing of the Pacific Coast Conference football standings. In very clear print, it was stated that the Idaho Vandals won 1 game and lost 5. May we remind the editor that the Vandals won 1 and lost 4, to WSC, Oregon State, Oregon, and Montana in that order.

Once again the drums are beating for All-American, All-Coast, and "Coach of the Year" selections. Most of the drums in the west seem to beat loudest in California.

**Williams Thru**  
Billy Williams, Idaho halfback who finished the season with 1148 yards gained, 218 yards more than his nearest rival for coast leadership, landed on the All-Coast third team. That rival, Norm Van Brocklin of Oregon, landed in the coveted first team, along with ten California players.

Possibly most of the Associated Press sports writers are located in California. This might explain the fact that of 33 positions on the first three teams, only nine went to northern division schools.

**Coach of the Year**  
Sports writers are boosting Lynn "Pappy" Waldorf of California and Jim Aiken of Oregon for the Pacific Coast Conference's candidate for "Coach of the Year." We would beat heartily on our little drum for Idaho's coach, "Dixie" Howell, who did the almost impossible.

Fans who watched the Vandals cavorting in Memorial gymnasium Saturday night to their routed NICE, 72 to 29, were generally agreed on two points—they were ragged, but awfully fast.

**REPAIR GONZAGA GYM**  
Everything is new in Gonzaga gymnasium this year except the basketball team. The gym has been rigged with new roll-away movable stands which increase the seating capacity and provide better view sites for spectators than did the stationary stands of former years. The floor has been refinished and resurfaced, and the interior has been repainted. New balcony - elevation air forcing heating units have been installed in the gym.

It's an accepted fact that Jim Spoerhase packs a lot of weight around the campus.

**UTAH ON LIST AGAIN**  
The Idaho Vandals, who upset the favored Utah Redskins to the tune of 13 to 6 at Boise in the final Idaho football game of the season, will have a chance to repeat the victory at Salt Lake City, Sept. 25, 1948; according to Utah officials.

**HANSON ON SQUAD AGAIN**  
Back again on the WSC basketball team are war-torn players Vince Hanson and Ray Johnson. Lost through graduation last year were Captain Bob Sheridan and Center Gene Sivertson.

**Kirkland Posts Schedule For Varsity Swim Team**  
Idaho's swimming coach, Eric Kirkland, released yesterday the 1948 Idaho swimming schedule, and at the same time sent out an urgent call for more backstroke specialists to report out. Coach Kirkland also issued a plea for some diving candidates from the Freshmen class.

The '48 schedule has three meets at home and two away. Idaho tank fans will be able to witness the Oregon, Oregon State, and Washington State swimmers here at the Memorial gymnasium pool. The first opportunity for fans to see the Idaho team in action will be this Friday at 4 o'clock when the team will hold an inter-squad meet. The varsity squad has been divided into two teams—the silver and the gold—captained by Kenny Lyons and Z. L. Pearson.

**Smith Improves**  
The tremendous improvement shown by Jack Smith, diver, has

## Gigantic Battle Predicted For Bowl Of Roses Classic

**BIG NINE CHAMPIONS PRIMED**  
Michigan rolled through the big nine with no defeats, displaying some of the best football played this season. The Wolverines will be looking toward the West with hungry eyes when they play in the Rosebowl, Jan. 1.

Michigan clinched the conference in the Big 9 with a victory over Wisconsin. Last Saturday the Wolverines completed an undefeated season by beating Ohio State.

Faculty members of each Big Nine school voted formally to send the Fritz Crisler coached eleven to the bowl. Although the representatives rated three schools, Michigan was first on every ballot. No information was released on the standings of the two other choices.

Michigan scored 345 points during the season compared to a total of 53 points counted by nine opponents. The down-trodden were Michigan State, Stanford, Pittsburgh, Northwestern, Minnesota, Illinois, Indiana, Wisconsin, and Ohio State.

Michigan was the first big nine school to complete an undefeated, untied season since Ohio State's 1944 team.

As champion of the league, however, the Wolverines did not qualify automatically for the Rosebowl, but had to be selected.

**Baugh Pops Record**  
Completing 25 out of 33 attempts against the Chicago Cardinals, Sammy Baugh, Washington Redskins passing star, recently broke his own National Football League passing record.

According to league statisticians, Baugh has now completed 151 passes out of 250 tries in nine games so far this season. "Slingin' Sammy" set the former record in 1943 when he completed 149 out of 260 attempts in 11 games.

He has gained 2,159 yards by passing, a mark only 35 yards short of the Chicago Bears' Sid Luckman, who set the league mark of 2,194 yards in 1943.

**Four Listed As Ill**  
Apparently Thanksgiving was too much for the following infirmarium patients: Charles Asgain, Joan Link, Eldon Slitka, and Jack Leske.

Those discharged were Merlin Francis, Charlene Bales, Alan Maxwell, Walter Ward, James Farmer, John Martin, Constance Hammond, Edna Burau, and Eleise Soule.

Patronize Argonaut Advertisers

**IRISH FIRST—THEN ROSES**  
The pay-off will be drawing closer for the University of Southern California Pacific Coast representative in the Rosebowl against Michigan.

But before the Trojans can start preparing themselves for the meeting with Michigan, they must meet on Dec. 6 the team that ranks with the Wolverines as one of the two best in the country—Notre Dame.

Southern California's encounters, first with Notre Dame and then with Michigan, will help clarify which of the three teams deserves to rank as the unchallenged national champion.

**Individual Records**  
The points for the individual teams seem to show the potential powerhouses which will be exploited toward the Rosebowl. In eight games thus far, the Trojans have scored 186 points against 27 by their opponents. Michigan, on the other hand, has run up 345 points in nine games against 53 by their rivals. Notre Dame has scored 253 points in eight games against 45 by their opponents.

The forthcoming trip to the Rosebowl will be Southern California's fourth experience in the past six years, during which Jeff Cravath has been their coach. The UCLA Bruins made the other two trips.

**Here's More About Varsity "I"**

Ralph Paasch, Grant Potter and Maurice Rathbun.

**GAME SITE SECURED**  
After a prolonged argument, the authorities of Fresno State college have secured the local high school auditorium as the site of this year's basketball games.

## Vandals Meet Gonzaga Quint

Idaho's Vandals will have a chance to prove their worth tonight when they meet the Gonzaga Bulldogs at Memorial gymnasium in Moscow.

The thrice victorious Bulldogs piled up their highest score Saturday night when they trounced the Whitman Missionaries, 63 to 20.

The Bulldogs used a fast break mixed with an occasional set play, which was administered with such speed that Whitman was absolutely at sea against them.

Though the Vandals have won their first two games from NICE with plenty of room to spare, they will have difficulty in muzzling the Bulldogs in tonight's game.

**T Club**  
There will be an important meeting of the T club December 2 in the Blue Bucket. All T club men who wish to be active in the organization are urged to attend.

## ROTC Marksman Nose Out Rutgers

The ROTC Rifle team won the last postal match defeating Rutgers university by the narrow margin of 2610 to 2605.

Dean Lenander was high man of the Idaho squad, scoring 275 of a possible 300. Alexander Yevosky was next with 270, followed closely by Floyd Moulton, with 265. William Shoun and John Wittman were next with 263 and 260 respectively.

A postal match was also held with the University of Oregon last week, the results of which have not been received, according to Col. B. H. Hensley of the Military Science and Tactics department.
