The GOLDEN FLEECE
by Jason

Idaho women appear to be doing it again. Not that they haven't a perfect right to arrange their hair any way they desire. It's just that the average male can stand only a certain amount of maladjustment each year.

Jason is speaking, of course, about the 1926 close-gathered hairstyle seen this week on the campus. Realizing that any publicity at all will whet women's desire to appear different, this column, nevertheless, must launch a strong protest.

College manhood received a miserable blow in September when the women returned wearing skirts that covered their insteps. The previous spring skirts had barely covered women's step-ins.

Upset Morale
The change of proportionality that resulted was not only disturbing, it was aesthetically disturbing.

Now, according to predictions, the first of which showed up in any number this week, the male animal is faced again with vast changes in the appearance of his woman.

Why can't women take their cue from the automobile designers, who, knowing that conversative man prefers a slow change, vary their autos a little at a time. They maintain buyer's interest by holding back on radical changes.

It would serve the coeds right if they should suddenly lose their desirability like Chrysler's autos did in 1934 after the designers went too far.

It is sad to reflect that women's crowning glory, her long, lovely hair will soon—if this threat isn't averted—be reduced to the plainness of that on the pate of her male counterpart.

Independent Food Investigation
Jason was pleased to hear of the cooperation the Independent Investigators have been receiving in their probe for the reason University food bills have risen.

Spokesmen for the group state that Greek house managers have opened their books 100 per cent for the use of investigators. The smaller fraternity groups provide an excellent basis for comparison of prices.

University officials, too, have shown willingness to cooperate. Robert F. Greene, director of dormitories, last week devoted over two hours to answering questions for the investigators.

The findings of the Independent probably won't result in lowered food costs—not unless the stock market falls still farther—but they may indicate a few ways in which money can be saved.

The day the board bills go down may come sooner because of the Independent probe.

The program was under the sponsorship of the Moscow-Pullman Community Concert association.

Blue Key Helps Obtain New Grade Point Ruling

Blue Key's part in the recent regulation change on repeat courses was revealed this week when Boyd Hanson, president of the group, announced the results of a survey the organization had taken.

Seeking to aid students who had flunked a course, or earned a grade below "C", the upperclassmen's service honorary sought and received a change in University rules.

Formerly the regulation stated that students repeating a course to make up an "F" or low grade could not have the lower mark "erased." It remained on the records and was computed in the accumulative grade average.

Council Acts
A decision by the Academic Council, made last December, changed the regulation to read:

"A student who receives a grade below C in a given course may repeat that course to raise his grade, if, in the meantime, he has not taken an advanced course in the same department for which the first course is a prerequisite.

"If a course is repeated, at the University of Idaho, the first grade remains upon the record, but the second grade only is counted in computing the student's grade points for graduation. Additional (Cont. on page 2, col. 7)

Vets Must Get O.K. to Transfer Schools

Mr. James Bowlby, Veterans Counselor, said this week that all veterans going to school under the provisions of the GI Bill can not transfer to another institution without prior approval from the Veterans Administration.

Unless they have this approval veterans can not expect the Veterans Administration to pay tuition and subsistence.

Veterans who plan to transfer and still wish to receive educational benefit of the GI Bill must contact the appropriate VA Regional Office of the VA Training Officer.

Mr. Bowlby emphasized that in most cases there is no objection to veterans changing schools if the VA is notified at least 30 days in advance of any contemplated change.

Lewiston Soprano Wins Contract With Met Opera

Recently Miss Anne Bollinger, lyric soprano of Lewiston, Idaho, competed for the coveted prize of \$1,000 and a Metropolitan Opera contract at the large broadcasting auditorium of the Broadcasting Company in New York.

Miss Bollinger was born in Lewiston where she attended high school. She spent two years at the University of Idaho and two years at the University of Southern California.

She studied piano and voice at the Ward Belmont school at Nashville, Tenn., and later became a student protegee of Mme. Lotte Lehman in Santa Barbara, California.

Anne reached the finals of the contest in 1945 only to be defeated at the last moment by a sudden attack of laryngitis.

Her audience of over 1,000 gave Miss Bollinger a rousing reception to assure her of its interest. She left by plane immediately after the broadcast to appear as a soloist with the Dallas Symphony Orchestra.

Campus Featured In Booklet

The University of Idaho was featured recently in the Sweetbriar scholarship program. Several photographs of the campus appeared in the booklet along with a description of the site of the institution.

Views of the grounds and buildings included a shot of Science hall, "home of the test tubes and microscopes..." and the Ad tower, captioned, "trade-mark of the University."

The Vandaleers were described as the famed mixed chorus of the University and a picture of a Vandaleer procession was presented.

An Explanation
The booklet gives an explanation of the award system and the purpose of the Sweetbriar scholarship program established by Mr. and Mrs. Alfred C. Barrow, founders of Sweetbriar Shops.

Sweetbriar Scholarships are open to all senior girls in high schools, colleges, universities and to all women teachers. The guidance of local educators in the selection is sought and awards are in the form of cash grants.

Institutions pictured in the pamphlet are among those from which the receiver of a scholarship may choose.

Having just returned from a summer in Scandinavia and other countries in northern Europe, Dr. Herring will report on the feelings of those who are crowded between Soviet Russia and Britain.

In addition to visiting Sweden, Dr. Herring spent some time in England, France and Belgium interviewing leaders in government and gathering facts on the present tangled political and economic situation.

Born in Winterset, Iowa, Dr. Herring graduated from Oberlin college and obtained his Master's degree from Columbia University. He is also a graduate of the Union Theological Seminary.

Later in 1931, he was appointed director of the seminars in the Caribbean, Central America and South America. Stump Wins Award In Photo Contest

Paul Stump, senior art major, won the first award in last week's Shutter and Lens photo contest. Second and third prizes went to Roger Spiker and Bernard Goble, respectively, according to John Hutton, president of Shutter and Lens.

Two other pictures entered by Stump received honorable mention and all five are now on display at Kyle's Photo Supply Shop. First award consisted of two cartons of Chesterfield cigarettes and second prize was one carton.

The pictures were hung in the Art building last week and were judged by Alfred Dunn of the art department and Kyle Laughlin of Moscow on the basis of composition and technique.

News Preferred In Periodicals

College students greatly prefer news and factual information to fiction for their leisure reading, said Professor Robert L. Ormsby, head of the philosophy department, who completed a survey today of the reading habits of 250 students.

Besides newspapers, periodicals of the news type were given top preference. Ninety-four per cent of the students preferred such periodicals, with Time heading the list, followed by Newsweek and Life. Second choice was Reader's Digest, in a class by itself, with 73 per cent giving it next to top preference.

The third class, with a vote of 32 per cent, consisted of periodicals of general interest—New Yorker, Coronet, Pageant, '48. Professional magazines came next with 16 per cent, showing a wide range of interest from Clinical Medicine and Business Week to Moody's Stock Bulletin and the International Journal of Ethics. Last, with 8 per cent, came such sophisticated as Fortune and Yale Review.

Davidson In Play

Bill Davidson plays the title role in a radio adaptation of Robertson's comedy "David Garrick" on the Paulsen Playhouse Wednesday at 9 p. m. on KUOI. Others in the cast are Marianne Sherman, Rolland Tipword and June Thomas.

'Play Campus' Of The West?

A transfer student from a western college, now at Idaho, was recently overheard saying "I heard this place was a 'play campus.' Now I know why!"

Why? Students at this university do their share of fooling around, it is true, but they can also be scholars when necessary. We have our quota of Phi Beta Kappas, Alpha Lambda Deltas and Phi Eta Sigmas. Fraternities and sororities here stress scholarship above social activities.

A college graduate with a well-rounded education, in our opinion, not only knows his or her collegiate "three R's," but has enough experience in mixing with people that self-confidence becomes second nature.

Participation in campus activities, attendance at such social functions as dances, exchanges and mixers all make the individual more fit for life after school days are over.

Maybe Idaho's campus is especially suited for four years of merriment and frivolity, maybe it isn't. We are, however, certain of this fact—and are glad of it—Idaho's environment tends to produce conviviality in its graduates, and not inferiority or reclusiveness. —S.H.G.

Captain Marvel On The Spot

Last week a letter postmarked "University Station," written by half a dozen fraternity men, and addressed to Captain Marvel said, in part:

"We are enclosing one buck for which please send us our Captain Marvel buttons, those swell magic code charts, and many other surprises. . . . We follow your adventures religiously . . . but we are going to be damned put out if we don't get those buttons."

The letter may prove quite a few things about readjustment of veterans and probably has a definite correlation with gold fish eating.

No matter what they find, analysts of the letter as sociological phenomenon can not overlook one fact: The regular initiation fee for the Captain Marvel Club is only ten cents. Yet these six men sent in a dollar. Membership in the Captain Marvel Club is the ideal of every red-blooded American boy, but such carefree spending, such flagrant disregard for values can only result in chaos.

What will Captain Marvel do with the 40c? There seems to be only one possibility. Captain Marvel will pocket the 40c, forget to report it on his income tax return, and spend the rest of his days at San Quentin. And then—no more dandy badges or secret code messages.

Red-blooded American boys should consider the possibilities before putting Captain Marvel on the spot. —H.R.

Spinster Skip Gets O.K. From Dateless Males

By The Inquiring Reporter

A Spinster Skip in Leap Year (February 28, gals) ordinarily proves doubly deadly to single males, but apparently they approve of the "woman-chase-man" procedure. The Inquiring Reporter received favorable answers from both men and women to the question: "What do you think of the Spinster Skip?" Among the answers were the following:

Mona Schulerberger, Alpha Chi Omega: "A real fine thing to give the fellows a break—but once a year is enough."

Keith Adams, Lindley Hall: "It's a good idea if carried out with the fullest cooperation." (He didn't say from whom.)

June Reed, Gamma Phi Beta: "One chance in 365 days!"

Joann Placa, Ridenbaugh: "Sounds expensive, but then turn about is fair play."

Quentin Whybark, town man: "Hmmm."

Herb Mead, ATO: "It gives

us bashful boys a chance."

Marjorie Sundell, Ridenbaugh: "I'm not sure—I haven't tried to get a date yet."

Bonnie Graham, Pi Phi: "I'll let you know when the next check comes in."

Jim Goller, town man: "It's a good idea for the girls to pay."

Arnold Souders, Beta: "For spinsters it's O.K."

Joe Medloere, sim: "No matter what the rules are, courtship is still man's pursuit of woman until she catches him."

LETTERS TO JASON

Dear Jason:

Re/ the story "Board Recommendations Rating, etc."—I think it's a swell idea. I see, however, that it may take some time to set it up so I'd like to suggest that another scheme be set up in the meantime.

The scheme is simply this—suggestion boxes to be set up in all university buildings and houses. Students as well as visitors can drop in their unsigned as well as signed suggestions.

Professors might learn how to improve their teaching technique, some visitor might make a worthwhile suggestion which could possibly bring about improvements or in some way help the people connected with the university.

Big business uses this method and excellent results have been obtained. The scheme entails no delay or red tape—it could be set in motion tomorrow—I'll volunteer to see that it is!

I'm sure the instructors and school administrators would welcome ideas and constructive criticism.

Campus Station Plans New Shows

I think G. D. is doing a wonderful job exposing the Communist menace on the Idaho campus. I really do. Were it not for his fearless warnings, the clean-cut farm kids of the Commonwealth of Idaho would not be aware of how far along they are on the Red road to ruin.

How sad, yet tragic, it is that his exhortations did not come soon enough to save the group residing at 720 Idaho. These misguided souls a few years ago believed in the Republican Party, Rugged Individualism, and Santa Claus just like all children; but because of the insidious influence of radical undergraduates and Red professors, they are now lost forever. The experiences of this living group should be a warning to those houses which are still strong in the faith.

It all began back in 1945 when two members were converted by White Russian girls operating in Shanghai, China. These two men returned to the U. S., were discharged, and re-entered the University of Idaho where they missed no opportunity to gnaw at the foundations of American Principles.

Concentrating on the youth, these men steered fresh into classes taught by radical English professors where they were exposed to Steinbeck, Fast, and Dos Passos.

Plant Literature

They subscribed to New Republic and planted copies of this rag in the house library. Soon they took to hiding those bulwarks of Democracy, the SatEvePost and the Spokesman-Review. Well, it is enough to say that soon they were in sufficient strength that it was made SOP to read a chapter of Das Kapital to the pledges before bedtime.

No longer making a secret of its true feelings, this group flaunts its Marxist sentiments to the world this Saturday by presenting a dance brazenly called the RUS-SIAN BALL. This is going too far! Won't G. D. organize a mob or perhaps enlist the aid of those fearless defenders of Our Way of Life, The American Legion, to break up the outrageous affair.

Dear Jason:

Keep to the starboard side matey or I'll blast you off the path! Perhaps we could use a few of these vicious interference runners to blaze a trail through on the sidewalks of ye olde campus here at Idaho.

Coads may be beautiful and have that "strut" to them as they

Wrote Other Schools

Hanson said that Blue Key contacted twelve western universities last spring to find how they handled "repeaters." Half the schools were found to follow Idaho's new regulation while the other half continued with the older system.

At the same time university officials got the same results by checking the regulations contained in the catalogues of another dozen colleges.

The new regulation, advocated by Blue Key, was passed by the Academic Council after both surveys had been completed. The change is in effect this semester for the first time.

Fire Fails To Discourage Industrious Vet Families

By JACK HOAG
Early Saturday morning three cold and weary student veteran families, residents of South Main hill, stood watching their auxiliary building burn, after trying vainly to stop the blaze that threatened their trailer homes.

A taxi on the Lewiston highway at about 5:30 a.m. was responsible for turning in the alarm. The taxi, destination Lewiston, turned back to give the alarm upon spotting the blaze and thus the fire department was able to keep the fire from spreading to the trailers.

The auxiliary building was used by the three families as a shower room and as a storage place for belongings which their trailer homes would not accommodate. The prospects of having washing facilities was, in fact, chief reason why Mr. and Mrs. Bion Schubert, Mr. and Mrs. Carl Bentsen, and Mr. and Mrs. Glen Williams banded together, bought lots on South

Main hill, and built the auxiliary building. The families moved to their property early last summer and spent what spare time they had between classes landscaping their grounds.

It must have been with a great deal of discouragement that the families watched their handiwork burn. But they have already erected the framework of a new building that according to the families "will be better than the old one."

Oregon State Drops Vandals, 52-45 In First Game Of Corvallis Series

Vandals Hold Lead At Halftime, 20-16

The Idaho Vandals watched their halftime lead dwindle away last night as the Oregon State Beavers roared back from a four-point halftime deficit to grab a 52-45 victory in Corvallis, Oregon. The Vandal zone defense held the Orangemen scoreless for 12 minutes of the first half, and the Idahoans posted a 20-16 lead at the end of the first period.

Alex Peterson tied up the ball game for Oregon State, 24-24, when he converted a foul by Joe Grove into a Beaver point. With 13 minutes to go, Dex Linck dropped in a field goal to move the Vandals ahead again, but Catterall evened the score a moment later with a layup. Brimhall picked up three free throws to put the Vandals on top again, 29-26. Speedy Norm Carey and teammate Rynearson teamed to put the Orangemen into the lead again, and they never relinquished it.

With ten minutes to play, Catterall and Ballantyne ran the count to 36-29 for Oregon State. Linck dropped in a field goal and Christensen a free throw to bring the Vandals back into the picture, 36-32, but Rynearson and Catterall teamed to run the Beaver's margin to 8 points. With 7 minutes to go, Geisler picked up a free throw, but Carey dunked another field goal to run the Oregon State lead to 42-33. Brimhall made a gift toss good, Linck split the net with a field goal, and Grove sunk a free throw, but the Beavers Valentine kept the Staters in the lead 43-37.

Rynearson fouled out, and with four minutes remaining, Linck put the Vandals within four points with a swishing field goal. Ballantyne picked up three points to raise the Beaver's score, and Peterson added two points to run the count to 48-38. Linck came back with a Vandal field goal, but his efforts were matched by Peterson. Grove and Gunnels each tallied from the field to bring Idaho within five points, 50-45, and then with less than two minutes left, Grove went out of the game on fouls. Ballantyne and Sliper each dunked a gift toss to end the scoring.

Scoring honors went to Idaho's Linck and Ballantyne of the Beavers, each with 12 points.

European Students Need Assistance From America

With prices trending downward, and the veteran receiving more money, the University of Idaho student, as well as the rest of the American people, finds that he can buy more for his dollar than before. Contrasting with this is the desperate situation of the surviving students in Europe and Asia.

At the University of Vienna a student wishing to buy a quart of milk must pay \$7.50. Over 30 per cent of the students are known to have tuberculosis. Canteens at the University of Warsaw can accommodate only 15 per cent of the students who need aid.

China has 6000 students from one university who are returning to ruined dormitories and empty libraries they left nine years ago. Athens has 30,000 university students from outside the city with only three student hostels to care for them. This is only a minute glimpse of the tragic picture of the desperate effort being made by the young men and women of the war torn countries to help rebuild their

Time Out

By Harry Howard

The VICIOUS VANDAL has served his purpose. He took his stand for what he thought was right—not just to beef, but to defend his principles.

There is no force in this world that is strong enough to squelch the will to win, not just in the men on the court, but in the supporters in the stands. Strong feelings go with that will to win, and they come out in what is tabbed as poor sportsmanship.

That strong feeling came out at Idaho just as it has come out everywhere, and if there is any reason why one school should be singled out as an example, there is still no reason why that school should be Idaho.

Apparently the stand of the VICIOUS VANDAL has not gone unnoticed, nor is it without the understanding of the public and the press. In a recent letter to this column, Bob Miller, sports editor of the SPOKESMAN-REVIEW, wrote the following:

"Just believe me that we of the SPOKESMAN-REVIEW want to see nothing but success come to Idaho—and to Washington State, and Gonzaga, and Cheney, and Whitman and Montana and Montana State, and the others—and we believe it is coming. We helped all we could in the formation of the new athletic policy and feel that it is solid and that in the future Idaho will regain its place in the sun."

The teams fielded at Idaho are doing their best to squelch the idea that their school is just a doormat for the rest of the conference. When they go into a fray, they play their hearts out to win, and if the VICIOUS VANDAL feels that they are being wronged, he cannot remain silent. With this policy foremost in the minds and hearts of all of us, we cannot fail.

Idaho Ring Greats On C of C Plaque

A large bronze plaque, with the names of Idaho's national and Pacific Coast individual boxing champions, will be presented to the university by the business chamber of commerce of the university.

The tablet, dedicated to Ted Kara and Vic Berillus, Vandal ring champions who died in the service, will be given at an intermission between bouts in the Idaho-San Jose State meet in Memorial gymnasium, Thursday night.

The university business chamber of commerce contributed \$150 towards the plaque, and local donations made up the deficit. The bronze tablet will hang in the hallway between the coaches' offices and the basketball floor, and future Idaho mitt champions will be listed.

An Eye For An Eye

Thane Johnson, Idaho, and Bill Haubon, WSC, trade blows in one of Saturday night's action-packed bouts at Washington State's Bohler gym. Johnson and Haubon fought to a draw as the Cougars defeated Idaho, 6-1.

Cougar Ringmen Outpoint Idahoans In Weekend Card

Winning by a technical knockout, Herb Carlson, Idaho's national collegiate champion, was the only Vandal boxer to get a victory on the varsity card in the dual meet with Washington State in Bohler gymnasium Saturday night. The Cougars took the meet 6 to 1, with one match ending in a draw.

Carlson dropped his opponent, Bill Watson of the Cougars, in the middle of the second round of the 165-pound battle. This is the second TKO of the season for Carlson, who has won all three of his bouts this year. Thane Johnson, Vandal mittman in the 155-pound class, got a draw in his bout with Jim Alyward of the Washington State squad. Starting a little slow, Johnson came to life in the second round, and by the end of the match, had his opponent well under control.

In a fast, hard-fought bout, Idaho's Dale Hammond was outpointed by Jack Melson, the Cougars' Pacific Coast collegiate champion. Both of the boxers displayed expert mitt prowess and did not spare the gloves at any point in the match.

The Idaho freshmen fared better than their varsity brothers. In the preliminaries, the frosh leathersmen won two bouts and the third ended in a draw. Vernon

Barr and DeForrest Tovey were the Vandal frosh winners. The third frosh boxer was Leonard Walker, who had to be satisfied with a draw in his crowd-pleasing bout with Nip Long of the Cougar frosh.

Freshman Fights
125-pounds—DeForest Tovey (I) defeated Phil Largent (WSC).
145-pounds—Nip Long (WSC) and Len Walker (I), drew.

San Jose Boxers To Meet Idaho In First Home Card

It will be champion against champion here Thursday night when the Pacific Coast 1947 boxing champions tangle with the Co-champion National boxers in Memorial gymnasium. Last year, San Jose State won the coast crown, nosing out the University of Idaho. Idaho then went on to tie the University of Wisconsin for the national team title.

For the Vandals, it will be their first home match of the year. In four dual meets, this year's Idaho squad has been outpointed in three, but Coach Ken Butler is hopeful that the previous ring wars will give his scrappers the needed experience to make the going tough for the California visitors.

Idaho will still be without the pound class. Diehl is suffering services of Ted Diehl in the 175 from a heel injury sustained in workouts early last week and is on crutches. His loss deprives Idaho of an experienced veteran.

A pair of consistent winners from last year's squad will head the San Jose State squad. These are Bob Anderson, 147 pound slugger and Charles Townsend, who won the coast 135 pound title. Others listed to make the trip here are Joe De Benedetto at 112 pounds; Mike Rivera at 119; Rudy Aguirre at 127; Wayne Fontes at 160; Pete Fransulich at 175; and Don Schaeffer, heavyweight.

Herb Carlson, 155 pound national champion last year, and fighting in the 160 pound class this year, is the mainstay of the Vandal squad. Completing the Idaho team are Dale Hammond, 127 pounds; Ken Clark, 118; Darrel Titus, 135; Thane Johnson, 147; Howard Morton, 155; Don Ellis, replacing Diehl at 175; and Walter Ward, heavyweight.

Eight bouts have been scheduled

Baseball Meeting

There will be an important meeting of all varsity baseball candidates on the basketball court in Memorial gymnasium Monday, February 23. Coach Chuck Finley strongly urges all men interested to attend.
