ARG MEETING
All Staff Members and Those Interested
5 P. M. Today, Argonaut Office

The Idaho Argonaut

OREGON STATE DOWNS
VANDALS 27-12
See Page 4

VOL. 53, NO. 2

THE IDAHO ARGONAUT, Official Publication of the ASUI

TUESDAY, SEPTEMBER 21, 1948

Jason and the Argonaut staff wish to extend congratulations to the administration and students concerned for the efficiently operated registrations procedure this year. Not a single article came in to the Arg office telling of the difficulties in going through the registration lines.

Seems that the only bottle neck in the entire procedure was the number line at UCB. If that could be ironed out registration would be a snap. At least it was the best in years. No trampled bodies, no lunches, or sleeping bags in order to stay in line. A record. Congratulations!

Deviltry Afoot
Oregon may be looking for a new mascot if the rumors that reach this office are correct. Before the Oregon-Idaho game, Jason was given an inside tip that a gang of Idaho bandits would bring back the Oregon duck or know the reason why. Jason passed the remark as pure scuttlebutt.

Yesterday, Jason was sitting in the Arg office with his feet propped on the desk interviewing a lovely young thing who wanted a job as his personal secretary, when the telephone rang.

"Hello, Argonaut office," Jason said.
"Hi," came the curt voice over the telephone. "Got a hot tip for you. We've got the Oregon duck. And you'd never guess who stole it."

"Yeah, who was it this time?" Jason asked doubtfully.
"You'd never guess. It was the ASUI prexy, Dave Weeks."

All which made about the third report in one day as to who had absconded with the all-important mascot. Jason quickly dispatched Howard Reinhardt, Arg feature writer, to see what he could find out. When Reinhardt brought the story in there was no mention of Weeks. Jason strongly believes that there is little connection between Weeks and a duck.

Apologizes Set Forth
Jason and the staff wishes to apologize for one of the many faux pas which occurred in the last issue of the Arg. It is hoped that Mary Ann Leavitt and Charles Richardson, Jr., will forgive the mistake when it was announced that they had been married in Orofino on September 11. The engagement was announced at that time by Miss Leavitt's mother, Mrs. John Eakin. The date for the wedding is not known to this office.

TODAY:
Rally Committee will meet at 4:30 in the coker room of the SUB. Members are president of Pep Band, Spurs, scribe of the IKs, and chairman of student activities board.

Student Activities Board and Rally Committee will meet at 4 p.m. in the Bucket.

Spurs will meet at 5 p.m. in the coker room of the SUB.

WEDNESDAY:
Blot Staff will meet at 5 p.m. in the Argonaut office.

Sigma Delta will meet at 7 p.m. at the Delta Chi house. All members are requested to attend.

Gem Photography Staff will meet at 4 p.m. in the Gem office. Any photographers interested in submitting pictures during the year are invited to attend.

THURSDAY:
Engineering Council will meet at 4 p.m. in room 110 of the Engineering building.

I Club meeting 7:15 p.m. at Sigma Nu house for members and pledges.

Check Addresses
Students who make any change of address during the opening week of school should notify the Registrar's office as soon as possible.
Addresses on the student's cards at that date will be the ones that will appear in the Student Directory which will be compiled beginning Friday, October 1.

Students Wait In 'Number Line'

The one "bottle neck" of registration is shown above as several hundred students line up at the University classroom building to receive numbers that will admit them to Memorial gym. The line at UCB was the only one of any length throughout the entire registration procedure.

Homecoming Chiefs Meet, Disclose Added Plans

Several more kinks in preparations for Homecoming in October were ironed out when Homecoming committee heads met yesterday afternoon in their second general confab.

Arrangements were made through Army Air Force headquarters in Washington, D. C., in order to obtain a group of B-29 bombers to fly over the parade on Saturday morning, disclosed Greg Potvin, general chairman.

Another wrinkle in rally plans disappeared when the chairman adopted a proposal submitted by Dean Mosher, head of the rally committee, to supplant the serpentine by a women's serenade, followed by a general student dispersal to McLean Field for the rally and fireworks on Friday night.

Round Table Cup
Potvin also informed the group of the Spokane Round Table's donation of a traveling cup, 38 inches high, to be given to the house living group amassing the most points for house decorations, parade entry, and rally enthusiasm. Nave Lien of Spokane, chairman of the Round Table board of directors, was instrumental in the procuring of this cup.

A second traveling cup, donated by the Society of Insignificant men, and two and a half inches high, is to be given to the individual student who remains most "insignificant" throughout the Homecoming weekend.

Band Selected
A "big-name" band for the Homecoming dance has been secured, Potvin stated, but since complete financial arrangements have yet to be made, the band leader will remain secret until the end of this week.

Committee heads attending the meeting, besides Potvin, were Dick Boren, assistant Homecoming chairman; Jack Lien, chairman of the coordinating committee; Fred Willett, chairman of the dance committee; Dean Mosher, rally committee head; and Rhoda Hill, Homecoming secretary.

Other Chairman
Other chairmen present were Mac Black, head of the off-campus publicity group; Jack Gregory, entertainment committee head; Jack Hunt, parade committee; and Bob Pond, in charge of down-town window displays.

Also in attendance at the meeting were committee heads: Roger Miller, Sheila Darwin, and Carmen Gondiago. Dave Weeks, ASUI president, was also present.

Engineering Dept. Gains 2 Professors

Two of the seven new members of the faculty of the Engineering department were formerly connected with the University of Washington. Prof. J. R. Williams was senior engineer of hydraulic design problems.

Prof. C. C. Warnick, a member of the department, has been appointed to a committee on participation of the hydrology section of the American Geophysical Union, which is affiliated with the National Research Council in Washington, D.C. He is one of nine men in the United States to receive this honor.

The engineering department disclosed today that it has enrolled 544 students, 138 of which are freshmen.

Informal Supper Planned By Alums; Speeches Barred

Alumni and friends will really have an opportunity to get together at the 1948 Homecoming and talk over the good old days," Gene Slade, chairman of the Alumni Homecoming committee, declared today.

For seven years an alumni banquet, complete with speeches, has followed the annual Homecoming football game. This year, after the Oregon game October 9, the alumni will attend a buffet-style dinner at the Ad club served until dance time.

Talk Over Old Times
"There will be no speeches," Slade said. "Just conversation. We polled many alumni and found that what they preferred was an opportunity to relish a winning touchdown play back in '22 or a losing attempt to pass an exam by all-night cramming."

Slade announced the following committee members: Charles Peterson, awards; W. Dean Mayes, housing; H. H. Campbell, decorations; Rafe Gibbs, publicity; Melvin Butterfield, dance; Maurine Merrington, dinner; Jack H. Goetz, entertainment; J. M. Lyle, Jr., arrangements; Gale L. Mix, tickets; and Helen Leavitt and Francis Mayberry, registration. All are of Moscow.

State committee members at large include Karl Bonham, president of the Idaho Alumni association; Boise; Willis Bohman, Troy; Bert Curtis, Orofino; Jim Thornton, Coeur d'Alene; Rich Fox, Nezperce; and John Aram, Lewiston.

Veterinary Dept. Ready To Open Soon Says Prof

The new veterinary science department will probably be in full operation by November 1, according to Dr. L. H. Scribner, head of the department. "Class work in the department will be kept at a minimum until November," at which time the new building should be finished and the new equipment installed," said Scribner.

The building will be located at Sixth street and Rayburn avenue. Experimental work and the maintenance of projects initiated by Dr. Holm will be carried on in the new department. Dr. Phillip G. Eldredge will assist Dr. Scribner and three or four full time workers will be added later to complete the staff.

Veterinary science classes are given for pre-veterinary students and students enrolled in animal husbandry. "The requirements for a school of veterinary medicine are so great that there are only about fifteen such schools in the country," stated Dr. Scribner. The veterinary medicine schools of the west are located at W.S.C., Colorado A. and M., and California.

New Doctor Joins Infirmary Staff

Dr. C. H. Hemphill, associate university physician from Santa Rosa, New Mexico, has been added to the infirmary staff.

Other additions to the staff are Mrs. Doris Ring Scott, laboratory and X-ray technician, and graduate of the University of Idaho last June; and Miss Clara V. Cooper, registered nurse from Grangeville, Idaho.

Medical examinations are scheduled during the next two weeks for all new students. Dr. Cramer, physician, noted the need for students to keep their given appointments.

Arg Staff Called

An Argonaut staff meeting will be held this afternoon in the Argonaut office in the north end of the student union building at 5 p.m. All members of the editorial, circulation, and advertising departments are requested to attend.

Registration Figures Stand At 3491 As Students Return To Classrooms

Faculty Members Enrollment Time Reduced As Registrants Discover All Lines Ahead Of Schedule

The number of students registered stood at 3491, the office of the registrar announced yesterday afternoon. Three thousand and three hundred and forty-eight students had passed the final desk in the registration line when the gymnasium doors closed at 11:30 a. m. Saturday. The additional 143 people registered thus far were taken care of in the late registration today.

Last fall 3301 students had enrolled at the close of regular registration in the gymnasium. Only a sprinkling of graduate students have registered. D. D. DuSault stated yesterday. These together with the regular students who have not returned yet or have not been able to complete registration will bring the registration total slightly above last year's final figure.

Four Instructors Named To Local ROTC Detachment

R.O.T.C. opens the 1948-49 school year with a change in personnel including four new instructors. Among these new men is Colonel Chas. F. Hudson, professor of M.S. and T. who has succeeded Colonel B. F. Hensley.

Colonel Hudson has been in active duty 31 years. Since World War II he has been stationed at the Presidio in San Francisco and Fort Lewis, Wash.

While in San Francisco, Hudson was a member of the War Department Man Power Board, and was one of a war screening board that visited the Idaho campus in April 1947.

During World War II he commanded the 8th replacement depot in the area that was supplying the American 5th army on its push through Italy.

Another of the new instructors is Captain Monte L. Robertson who has been assigned by the Air Defense Command to act as instructor in communications for the advanced R.O.T.C. unit. For his assistant, Captain Robertson will have Master Sergeant Garth M. McDaniel.

New this year in infantry is James M. Lowry who is First Sgt. for the enlisted detachment.

Spurs To Sponsor Annual Nickel Hop

All women's living groups will hold open house Friday night when the Spurs sponsor their annual Nickel Hop.

From 8:30 to 11:30 Friday evening, boys may dance in any of the women's living groups. Admission will be five cents for every fifteen minutes of dancing.

Fast Man Is First Twice

First man through the registration lines at Memorial gymnasium for the second time in two consecutive years, Sumner Delana, law student from Boise, is shown above as James W. Bowlby, veteran's counselor, gives him his final clearance. Delana was pictured in the Arg as being the first man through the procedure last year.

Songster Tryouts

Tryouts for Vandaleers will be held tonight and Wednesday at 7:30 p.m. in Mr. Lockery's studio, Center Cottage. All interested students registered in the university are eligible.

Concert Programs Slated To Begin 1st Of December

Helen Traubel, world renowned Wagnerian soprano, will highlight the 1948-49 Pullman-Moscow community concert series, Charles Decker, association secretary said today. Students holding ASUI books are eligible to attend both Moscow and Pullman concerts free of charge.

Miss Traubel, Metropolitan opera star, will appear in Moscow April 19. Other artists appearing at the Memorial gymnasium include Kirkusny, brilliant young pianist, March 4 and the Columbia Concert Trio, violin, cello and piano, December 1.

Hazel Scott Will Appear

Hazel Scott, popular pianist, will appear in Pullman at the Bohler gymnasium February 4. Decker listed other artists to appear at Pullman as John Tyers, baritone, January 12, and Frances Yeend, rising young soprano and graduate of W.S.C. The Minneapolis Symphony orchestra under the direction of Dimitri Metropolis will appear March 31.

Decker added that faculty members not here during the spring membership drive could buy membership cards in early October. Board of directors for the Moscow association include Professor Hall Macklin, president, Mr. and Mrs. Charles Decker, secretaries, and Mrs. C. L. Woodward, general chairman. Assisting in the talent selection were Miss Miriam Little and Prof. Carl Claus.

NROTC Announce Contracts Open To Freshman Men

Naval ROTC contact appointments for some freshmen are still available up to the October 20 deadline, according to the Naval Science department.

It is recommended by the Professor of Naval Science, Captain C. A. Chappell, that those men who are interested make immediate inquiry and application at the Navy Building.

Advantages Are Listed

Some outstanding advantages of the program include:

(1) Four years of uninterrupted naval science education with pay the last two years at \$1.05 per day. Free naval science text books for the course.

(2) One cruise of four weeks with the US Navy between the junior and senior years with active duty pay of \$75 per month, and travel pay to and from the cruise port.

(3) A commission as an Ensign, USNR or Second Lieutenant USMCR upon graduation with the elective of becoming a career officer if so desired.

Complete draft deferment for the entire program is guaranteed. Men interested in this program may drop in for a conference with the officer advisors at the Navy building.

Auditions Planned For Concert Band

Auditions for the University band are being held Wednesday in the auditorium at 4 p.m. Any interested students should audition according to Kermit Hosch, band director.

Pep band auditions were started Monday, continuing Thursday night at 7:30. Tryouts are in Bartley Cottage, and will be completed September 27.

Freshmen and sophomores interested in Military Band should inform their instructors in the military department for sectioning.

BUILDING PROGRAM

USAC at Logan, Utah, is planning a building program which will include a new \$215,000 technology building, a new heating plant, paving and curbing of campus roads.

Sensational Oregon Escapade May Be Colossal Farce

By HOWARD REINHARDT
Two weeks ago an anonymous voice came over the phone, saying: "This is Jack Lein! We have the most sensational news story of the century. We're going to steal the Oregon mascots. We want headlines in the Argonaut."

Every day since then, Lein—accompanied by Greg Potvin and Jack Gregory—has told of the plans for the duck—they'd give it to the house winning one of the cups; they'd serve it roasted to Dixie Howell; they were going to do everything but pluck it.

Sunday, the Homecoming committee reported success—they had stolen not one but two of the Oregon mascots. They still wanted headlines.

Yesterday I asked Lein if I might see the ducks. He said yes, put me in his car, drove all through town to elude any followers and ended up in a dirt driveway.

Four Unpainted Steps
We walked up the driveway, up four unpainted steps and onto a small barn porch. Jack hurriedly removed the baling wire holding the door and ushered me into a

small room nearly filled with baled hay. In one corner I saw a small wire pen and in the pen were the two prisoners.
The two—undoubtedly the mangiest ducks in the world—waddled off to the corner farthest from us and started quacking softly. One wagged his tail and stepped on the other's foot. The one with the black bill (the other has a more conventional yellow bill) stretched his neck and hissed.
11 White Leghorns
We walked around a pen with 11 white leghorn roosters in it (Cont. on page 2, col. 7)

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

Society Editor: Kathy Burling

First Things First

There were, it seems, several things to be learned, or re-learned, from the first day of classes, including the following:

1. No matter how good your intentions, or how early you set your alarm clock, you won't get up until fifteen minutes before your first class.
2. Professors do give lectures on the first day of classes.
3. No matter how good your intentions, or how wide-awake you feel, you'll probably fall asleep in your first period class.
4. If you want either a booth or one of the big cups for coffee at the Nest, you must arrive early.
5. No matter how good your intentions, or how interesting the course, you'll probably cut your seventh period class.
6. German teachers disagree on the pronunciation of un-labeled "o's"; physics texts use different symbols for acceleration due to gravity.

—H.R.

Can You Do It?

It's easy to believe that you have a mind of your own, that you as an individual can make your own decisions. But when the time actually comes to take a step away from the crowd—it is not quite as easy to be that "rugged individualist."

When it comes to religious questions—those persons without special convictions are apt to drift along with the "crowd"; the crowd being made up of people intent on not displaying any particular belief which might mark them as having minds of their own.

If you feel that those people are more important than your life—why, go right to it. Forget any of these things that make for "character building." (A trite phrase but a vital one.) Don't break out of your shell, stay in your rut and then wait till you have to rely on yourself.

The Idaho Institute of Christian Education, Catholic Institute of Religious Education and LDS Institute of Religion have been organized to offer classes on questions of religion to the students of this university. If this effort is accepted in the spirit in which it is given, much can be accomplished for the individual. If these classes are taken "just for the heck of it" or "for a couple of credits" a valuable addition to your education will be lost.

—M.L.W.

Mission . . . To Moscow

Advice to Freshmen dept.: Don't let your instructors throw you. They might rant, rave, cajole, or criticize, but they really have your best interests at heart. So when Dr. Graue makes you remove your chewing gum, or Dr. Martin disarmingly assigns you 85 "introductory" pages to read before Wednesday, remember it's all a part of higher education.

Speaking of professors, a Lindley haller wants to know if Mr. Banks of the English department actually stands on a chair, screaming at his students and flailing his arms in a wild manner. We saw him do it once, Ivan, but we doubt if he makes it a habit.

Of the 108 women living at Forney hall, 52 of them are freshmen. Sounds like stampin' grounds for the field players. . . . Overheard at the Open House at Ridenbaugh: "I love to dance, but all you want to do is wrestle" . . . Exchanges start tomorrow night—"Where are you from? What's your name? What are you majoring in?" Those questions will be asked a thousand times.

Somebody ought to repair the record machine in the S.U.B. or throw it out and drag in a musical powder box. . . . Where are these sampus cigarette representatives? Last year their free samples came in mighty handy at times. . . . Sigma Chi Bob Lothrop is registering in English Comp for the fifth time. Maybe he's majoring in it.

PERFECT FIGURES CLAIMED
 According to Edith Head, Paramount fashion editor, next year's clothes—the Empire Look—will emphasize American women's perfect figures. She says that all the figures are perfect because American people don't let girls grow up with imperfections.

A serious thought for todeigh: Is one that may cause dismay; Just what are the force That bring little horses, If all of the horses say "neigh"?

New Business Prof Educated At University Of Oslo

Sverre Scheldrup, newly appointed assistant professor of the school of business, spent last year at the University of Oslo, working on his doctor's thesis, the theme of which is Farmer-Labor Relations in Norway.

An analysis of the program of the labor party to gain support among small farmers and fishermen is contained in his thesis.

Until 1935, the farmer-labor party was the largest single party, but could not control the government because the other five major parties joined together against it. Today, the labor party has 48 per cent of the votes. In parliament, 76 of 150 members belong to the labor party.

Communists to Lose Power
 Indications show that next year, communists will lose most of their power, explains Professor Scheldrup. Only five members will be communistic, he added.

The goal of the Norwegian government is to distribute resources and income equitably. Strict price and wage control is being enforced. "There is no indication of a 'slum' district in Oslo," says Prof. S. Scheldrup, "as the people seem to have a conservative attitude."

When questioned about the university, Scheldrup said that out of 6,000 students, 250 are Americans. "It is difficult to approach professors," he stated, "which places a great deal of responsibility on the individual student."

Men--Are You In The Dark About Blondes? Brunettes?

By MARY SANDELL

To masculine eyes, probably the most welcome sight of the year is new faces—feminine faces, that is. On every corner, snatches of conversation are heard concerning these lovely species, which takes us to the question of the week: Which, in your opinion, are the more glamorous of Idaho's co-eds—blondes or brunettes?

Johnny Aseuga, Phi Delta: "I like brunettes." (He was sitting with one at the time.)

Art Woodbury, 421 N. Hayes: "Brunettes—there's more of them."

Dick Hardin, Sigma Chi: "I gotta say blondes—My girl is one."

Walt Foltz, Lindley: "Blondes—That's reason enough in itself."

Darrell Brown, Phi Delta: "Blondes, they look sexier, and show up better in a convertible."

Blaine Shoemaker, Town man: "What can I say with my girl sitting right here? But I'll put my vote in for tall luscious blondes, because I'm one."

Bob Dahlstrom, Delta Tau: "It's so hard for us who aren't chem majors to ascertain whether a blonde is the real McCoy. Brunettes always seem to have a beautiful smile and charming personality."

Jim Day, Fine Hall: "Gentlemen prefer blondes, but I ain't no gentleman."

Ken Hargrave, S.A.E.: "Blondes show up better in the dark—Ah, I just can't express how I feel about this woman situation."

Ray Hooper, Sigma Nu: "They are all the same—I love 'em all."

Tudy Marks, Phi Delta: "Brunettes—I can give 10 good reasons, but they're all names."

10 Years Ago In The Arg

To appear on the nationally known Major Bowes' weekly radio amateur hour is the lot of Howard Corless. Corless, a tenor, will probably sing a classical composition over the Columbia Broadcasting system at 5 o'clock.

Sophomore Homer Peterson's Model A Ford cavorted over the Sigma Chi lawn to knock the door facing Idaho avenue off its hinges and demolish the trellis in front of the door. Damage to the car was negligible.

Questions on faith and morals bothering students may be solved at a series of talks and conferences given in the upper lounge of the Bucket.

Johnny (Call for Phillip Morris) Riventini will visit the Idaho campus at Homecoming November 12. He is on a goodwill tour of every sizeable campus in the United States.

After viewing the amount of unfavorable comment expressed through the Argonaut, the ASUI decided to drop the idea of adopting the A.T.O.'s giant St. Bernard pup as the official mascot of the Vandals. Board members seemed more inclined to favor the Great Dane.

Underprivileged Moscow boys from 6 to 12 years of age are assured a bit of hearty Christmas cheer from the decision of the interfraternity council last night to entertain them royally at dinner and a theatre party.

"Poor Danny! He died of drinking shellac."
 "Well, at least he had a fine finish."

Orientation Talks Prepare Fresh For Coming Year

Orientation for freshmen women and transfer students, sponsored by Associated Women Students, was held over a period of four days, September 15-18, according to Jan Garber, AWS president.

Purpose of the pre-school orientation, she stated, was to acquaint new students with the customs, traditions, scholastic and social life on the campus, before classes actually started.

At the first meeting, under the direction of Miss Garber, Wednesday evening at the Blue Bucket, Dean Louise Carter gave an opening speech of welcome. Miss Margaret Ritchie of the home economics department, Miss Jean Collette of the dramatics department, and Mrs. John Montgomery also addressed the women. Mrs. Ted Sherman spoke about library facilities.

Pat Dwyer was in charge of the activities program on Thursday evening. She discussed activities in general and especially Mortarboard of which she is president. Rosemary Fitzgerald, president of Spurs, told the women of the Spur organization and duties. Also addressing the group was Dr. Adams of the Religious Institute, who spoke on church organizations. Yell leaders led the group in cheers and songs.

At the Friday orientation with Gerry Johnson in charge, campus traditions and customs were discussed. Pat Colvard, orientation chairman answered any questions which the group asked concerning university life.

A play-day in the women's gymnasium Saturday afternoon, headed by Rosemary Fitzgerald, climaxed the orientation program.

A picture of Doctor Joseph Wesley Barton, late head of the Psychology department, will soon be permanently displayed in the hall outside the Education office. Doctor Barton, who died last March, was an Idaho professor since 1920 and head of the Psychology Department since 1922.

Hard at work checking arrangements for Homecoming are Betty Hogan and Jack Gregory, co-chairmen of the Entertainment Committee. Said Gregory, just as Cameraman Phil Schnell popped his bulb, "I like the way things are shaping up."

Retreat Is Planned

Westminster Forum from Washington State College and the University of Idaho will join to hold a weekend retreat at Heyburn State Park 4-H Camp, Chatolet Lake, this Saturday and Sunday. It will be a program of planning, relaxation and fellowship. All Presbyterian young people who would like to attend are asked to get further details from Al Denman, phone 2441, or Mr. Clayton, phone 6451, by Wednesday evening.

Ag To Hold Smoker

Students and faculty members of the College of Agriculture will be guests of the Ag club at a smoker to be held in the Armory of Memorial Gymnasium Thursday night at 8:00.

Refreshments will be served and movies of the 1948 Little International will be shown.

BIRDS SCARED AWAY
 Balloons, scarecrows, strange lights, noisemakers and slingshots were employed by farmers of the Klamath Falls, Oregon, area in an effort to keep migrating ducks and geese from invading the wheat fields.

'Them Thar Hills' Attract Students On Summer Trip

The same fever which has kept grey-bearded prospectors scratching in desert sands for years got hold of some summer school students the other day. They struck "color" in the Moscow mountains and didn't want to leave.

Professor Joseph Newton of the university school of mines and Eric Kirkland, director of the summer school recreation program, took a dozen students on a trip to show them how gold is obtained. A few miles out of Moscow, the party stopped at the cabin of Prospector George Sellers for the first phase of the tour that was to continue on to some placer mines.

The students lost all interest in traveling on to the placer mines. They dug and panned all day, taking time out only to eat their lunch. Every student struck gold eventually, averaging about 10 cents each for his day's work. Roy Doupe, Spokane, made the biggest strike with about 25 cents worth of gold dust.

Now the students are wondering how much more gold is in "them thar mountains."

Dear Jason

Dear Jason,
 I wish to thank all students for their support in the rally held last Thursday night. Let's keep the Idaho pep rolling and have as large if not a larger crowd at the Idaho-Utah rally next Thursday at 5:15 p.m.

I would also like to remind those interested in trying out for cheer leaders that their names should be turned in to me at the Phi house before noon today. Try-outs will be held in Bucket ballroom at 7:30 tonight.

Summer Weddings Unite Seventeen More Couples

Seventeen weddings of campus couples this summer have been announced in addition to those listed in last week's issue of the Argonaut.

Among the most recent was that of Jane Clark and Rodger McDonald, which took place on September 2 in Boise. The bride is a member of Delta Delta Delta. The groom is affiliated with Kappa Sigma.

The couple will make their home in Denver where he will continue his schooling. McClun-Chamberlain Miss Dorothy McClun was married June 27 in Preston to Gaylord Bartlett Chamberlain of Couer d'Alene. Catherine McClun, sister of the bride, served as maid of honor. David McClun, brother of the bride, was best man.

Mrs. Chamberlain, a member of Kappa Alpha Theta, is a senior majoring in home economics. Mr. Chamberlain is a senior in pre-med and is affiliated with Phi Delta Theta.

Batchelor-Castellan Patricia Eileen Batchelor, daughter of Mr. and Mrs. Jack Batchelor of Burke, was married to Martin Castellan on June 6, in St. Paul's Catholic church in Burke.

Mrs. Castellan was a resident of Forney. The couple are living in Wallace.

Reese-Wood Catherine Reese of Pocatello, and Dean Wood of Idaho Falls were united in marriage in the bride's home on August 22.

Wood is affiliated with Phi Gamma Delta and Mrs. Wood is a member of Delta Delta Delta. They are living in Moscow where he will study for a degree in zoology.

Increased Number Select Teaching

The teaching profession is showing a strong come-back in popularity.

Fifty-seven members of the 1948 U. of I. graduating class will be in schoolrooms this fall—39 of them in Idaho and 18 in adjoining states—reports Harlow H. Campbell, director of the university placement bureau.

Employment Chances Better "The current year has been the best employment year yet for teachers," he commented. "Jobs have been plentiful, pay offers high. Graduates have been in a choice position to select the areas in which they wished to work. Every graduate applying for placement assistance has been placed or has had many job opportunities. This is true of all the scientific fields as well as the teaching profession."

As further evidence of the revived interest in teaching, Mr. Campbell reports that 60 of the 87 graduates from the school of education in June applied for teaching positions. The remaining 27 plan to continue their education in the graduate school or have "changed their objective" to homemaking.

Pine Hall Divides Into Two Groups For Exchanges

Pine hall, whose residents now number over four hundred, has been granted permission by the Dean of Men and Dean of Women to divide into two groups, A and B, in order that more men may attend exchanges.

Phi Beta Phi A fireside was held Wednesday night honoring new pledges. Committee on refreshments was Corrine Schumacher, Bonnie Graham, and Pat Adam. Entertainment was provided by Jody Raber and Naomi-Nokes, who sang a duet; Pauline Deggendorfer, soprano; and Joan Foulson, violinist.

Delta Tau Delta September 13 a dance was held in the chapter house. Guests were the Kappa Kappa Gamma's and the Kappa Alpha Theta's. Mr. and Mrs. Ivan Stone and Mrs. Sprague were patron and patronesses.

A fireside will be held Saturday night. Patron and patroness will be Mr. and Mrs. Ivan Stone.

Phi Kappa Tau The Moscow chapter has been invited by the Pullman chapter to attend a fireside September 24.

Monday evening a dance was given at the house. Present for the occasion were Mr. and Mrs. Joe Brunzell and Mr. and Mrs. Wayne Stewart.

Pine Hall On September 22 group A will hold an exchange with Forney hall and group B will exchange with Gamma Phi Beta.

SAHPER Plans All-Campus Party

An all campus get-together was planned by the executive board of the student association of health, physical education, recreation at a meeting held recently for the purpose of drawing up a calendar of social events for the coming year.

Among other things planned were a steak fry for club members, a Christmas party, a golf tournament, and at least one or two dances.

All persons majoring or minoring in physical education are invited to attend the bi-weekly meetings of SAHPER. Dues for the club are 50c per semester to be paid as soon as possible.

Members are asked to watch the social calendar for dates of meetings and other club functions.

I call my girl carburetor—cause I chokes her when she's cold.

Veterans Warned To Submit Proof Of Dependency

Student-veterans whose dependency status changed during the summer vacation are reminded by Veterans Administration to submit proof of additional dependency as soon as possible to the appropriate VA regional office in which their records are filed.

Veterans with dependents, who are studying full or part-time in schools and colleges under the G.I. Bill are eligible for additional subsistence payments because of the dependents.

Legal Proof Necessary However, legal proof, such as certified copies of public records of birth, baptism, marriage, divorce or other evidence, must be in their VA training file in order to qualify.

Single veterans studying under the G.I. Bill are eligible for monthly subsistence allowances up to \$75. Veterans with one dependent may receive \$105 per month and veterans with two or more dependents, \$120.

Veterans should submit evidence of dependency at once, rather than wait until enrolling for the fall semester in order to insure receiving prompt payments of subsistence at the higher rates.

Freshman Playday Draws Over 100

Approximately 100 freshmen women attended a get-acquainted playday in the women's gymnasium Saturday afternoon, September 16, from 1:30 to 3 p.m.

Students were welcomed at the playday, a part of orientation, by Miss Mabel Locke, head of the women's physical education department at the University of Idaho. Miss Locke described the physical education program, the Women's Athletic association, and P.E. requirements at the university.

Dr. Harold Cramer, university physician, spoke concerning the purpose and operation of the infirmary and the physical examination freshmen and all new students must take.

Miss Billie Steelman, dancing instructor, Miss Mary Fram and Miss Natalie Wood, instructors, and Miss Pete Grant were introduced to the group. Miss Steelman instructed the women in three group dances. Refreshments were served.

The Education department reports the unusual number of thirty-four applicants seeking admission in the College of Education to obtain their Masters Degree. This degree enables the student to qualify for the advanced high school certificate and advisor credentials.

Women's Sports Program Planned

With the opening of the fall program of co-recreational activities in the WAA department, dates have been posted for golf tournaments and archery shoots to be played in September and October.

A co-recreational two-ball foursome will be held on the university golf course Sunday, October 2, at 8 p.m. "The tournament is equal for all," announced Miss Mary Fram, leisure sports instructor and WAA advisor, "because of handicaps." All students may enter.

Nine holes are required in the qualifying rounds of the women's tournament, in which all co-eds can participate. Scores should be handed in at the golf course club house by Tuesday, September 28, said Miss Fram, that drawings for the tournament can be made. Results of the drawing will be posted in the women's gym and in the club house.

Special Archery Features A co-recreational "clout shoot" is scheduled for 2 p.m., Saturday, October 16, on the women's athletic field. This shoot, which features its targets lying flat on the ground, rules that the participant shoot up into the air and that the arrow stand up in the ground when it alights. Miss Fram describes the game as especially fun for beginners but urges that anyone interested in archery attend.

An "Idaho round" of golf, consisting of 24 targets at 30 yards and 24 targets at 20 yards, will take place Wednesday, October 27, at 4 p.m. The regulation targets for the round will be set up on the lot between the two gymnasiums. Both men and women may participate.

Reinhardt Named

Howard Reinhardt was elected president of Sigma Chi fraternity at a chapter meeting Sunday night. Orval Hansen was named to replace Reinhardt as pledge-trainer and Phil Schnell will assume Hansen's duties as historiographer. Nobody will replace Schnell as Gem editor.

Attention Pianists

A number of pianists in the department are invited to play at the music department. Anyone wishing to enroll in this class should contact the music department.

Disabled Vets Asked To Submit Dependency Proof

Disabled veterans receiving compensation for disabilities rated at 60 percent or more are urged by the Veterans Administration to submit proof of dependency to the VA immediately in order to qualify for higher disability pay.

Legislation passed by the last Congress authorized the VA to pay additional allowances to seriously disabled veterans who have wives, children or parents dependent upon them for support. The increase became effective September 1 and will be included in VA disability checks paid on October 1.

The VA advised eligible veterans that proof of dependency must be filed with the Idaho VA regional office before the pay boost can be granted.

Proof of dependency must be in the form of certified copies of

Improving Vandal Gridders Drop Opener To OSC, 27-12

Oregon State's reserve strength proved too much for an injury-weakened Vandal squad, as the Beavers handed the Idaho team a 27-12 defeat in the opening game of the Pacific Coast Conference gridiron schedule last Saturday at Corvallis.

In the opening minutes of play, the Staters, sparked by southpaw triple-threat Don Samuel, drove 48 yards, scoring fullback Andy Knudsen on a short plunge over left guard. Play see-sawed between the two teams with OSC leading 8-0 until the third quarter when Twenge went over on a line-buck from the five to put the Beavers out in front with two big tallies. McGuire's placement was good, making it 13-0 for Oregon State.

Brogan Scores in 3rd quarter

Idaho's first score was set up when Christiansen intercepted a pass on the Beaver 40-yard line and ran it back to the 37. On a fake pass (over left tackle,) Brogan seized the opportunity of a clear field to race across the OSC goal line, making the score 13-6.

The fourth quarter opened with Samuel's pass to Ruppe, moving the pigskin down to the Idaho 23. Two quick reverses landed the Orangemen in pay-dirt with only 35 seconds gone in the period. McGuire's kick was good, bringing the score up to 20-6 over the Vandals. Play moved rapidly until, with four minutes left in the game, Gray passed to Twenge for the Beaver's last touchdown.

With only seconds left to play, Overgaard recovered a fumble on the OSC 33. A pass play brought the Vandals to the five, and Riley scored on a reverse around right end. Overgaard's kick was wide, and the game ended, 27-12.

Vandal Portraits

Carl Killsgaard, popularly nicknamed 'Bear Tracks' by his teammates, was born in Inkom, Idaho on April 20, 1925. Shortly thereafter his family moved to Bonners Ferry, Idaho, which Carl still calls his home. He attended grade and high school in Bonners, letter-

ing in football, basketball, and track all four years. While Killsgaard was playing football for Bonners Ferry they never dropped below third place and in 1941, tied with Wallace, Idaho for the Panhandle grid championship.

After Carl graduated from high school he entered the United States marine corps. That was in 1943. He served with the sixth marine division until his discharge in April, 1946. He entered the University of Idaho that fall and earned a letter in football as an end that year. The big, six-foot three-inch tackle is one of the mainstays on the Idaho line this year and is the Vandal's candidate for all-coast honors this fall.

South Idaho's Frosh Gridders

Some of Southern Idaho's contribution to the Vandal grid machine for now and the future. In the picture are shown reading from left to right:

Rear row—Charles Williams, Jerome; Clayton Turner, Jerome; Don Ring, American Falls; Dick Moore, Meridian; Byron Snyder, Twin Falls; Alvin Smelser, Meridian; Andy Christianson, Blackfoot; Jerry Kleinkopf, Twin Falls.

Front row—Joe Burns, Meridian; Lester Diehl, Jerome; Dick Stingley, Payette; Jim Reeves, Rupert; Bill Maxwell, Weiser; Steve Douglas, Boise; and Lloyd Schtler, Emmett.

Frosh Grid Squad Vie For Positions

Seventy-five Freshmen football hopefuls are working out during initial practice sessions trying to earn a berth on the Vandal frosh squad. Freshman football coach, Steve Belko, has not released any estimates as to the prospective strength of this year's squad, but he has indicated that he does not think it is as powerful as last year's Vandal babes.

There is also no release on individual player development. According to Coach Belko, it is too early in the season for such a release.

This year's schedule is as follows: October 8, WSC at Pullman; October 15, Washington at Coeur d'Alene; October 22, Boise Junior College at Boise; October 28 WSC at Moscow.

Last year's frosh squad lost two contests while coming out on top in three. They bowed to the Washington Huskie freshmen 24 to 7 and the B.J.C. 19 to 13. Meanwhile, they beat the Cougar kittens from W.S.C. twice 6 to 0 and 26 to 7. They rode roughshod over the E.W.C.E. junior varsity from Cheney late in the season by a 39 to 0 count.

'T' Club

All members and pledges are urged to attend an I Club meeting to be held at the Sigma Nu house, Thursday, September 23 at 7:15 p.m.

Reserve Open to Alien Students

The recent regulation which prohibited the enrollment of non-citizens in the Reserve Officers Training corps has been rescinded, according to Colonel Charles F. Hudson, professor of military science and tactics.

Non-citizens who desire to enroll or continue in the Reserve Officers Training corps are advised to report to the office of the Military department, located in room 105 of the Memorial gymnasium, as soon as possible.

ASUI Golf Tourney To Begin Saturday

The annual A. S. U. I. Golf Tournament will be played in flights next Saturday and Sunday, September 25 and 26. Not less than three players can be in a qualifying round together. The qualifying rounds will be of 18 holes each. Flights will be made up of players who shoot the same scores no matter how high.

Flights will be set up in brackets of 16, the winners of the first match will remain in the same bracket, and the losers will form the next flight below. Prizes will be awarded in every flight. All students enrolled in the University of Idaho are eligible to participate.

The previous winners in the championship flights are: Tom Ryan—1944, Wally Schultz—1945, John Morley—1946, and Walter

Forestry Summer Camp Modernized

A major step in the modernization of the "summer classroom" of the forestry department at Payette lake is the erection of a 20 by 30 foot shower and toilet building, announced Dean D. S. Jeffers of the forestry department.

The Payette lake camp, established ten years ago, held 87 forestry majors during last June and July. It is also utilized by southern Idaho 4-H club boys and girls as a summer camp.

Addition of the new facilities make it possible to use the camp over a longer period of the year, Dean Jeffers added. A lodge building, containing dining room,

Pete Rowell Wins \$300 Scholarship

A \$300 scholarship for studying medicine at Washington university in St. Louis has been awarded to Peter Rowell, Payette, who completed his pre-medical studies at Idaho in June.

In a letter received recently by Dr. Erwin Graue at the university, Rowell advised that he was

one of two winners in the nation of the annual scholarships awarded by Phi Eta Sigma, freshman-honorary for men students. The \$300 scholarship is in addition to the \$1,200 per annum fellowship for four years awarded to Rowell by Washington university medical school.

RECEIVES GRANT

Oregon State University received a \$5000 grant for the construction and installation of a cyclotron which will be used for research and the teaching of nuclear physics.
