The GOLDEN FLEECE

Homecomings and Junior weeks can be great celebrations, but with each comes a few headaches. The latest development in the way of celebration mania is to cover the campus sidewalks with slogans and initials in a particularly tough brand of paint.

Word has come down through channels to Jason that something is going to have to be done about it. Here is the ultimatum served to the houses and halls by the administration.

All slogans and signs painted on sidewalks, streets, and buildings will be removed by the 1st of November or they will be removed by the university maintenance department and houses responsible will be billed for the costs.

As nearly as Jason can find out from various departments, the removal costs for some of the "billboard art" would run into a three figure number. Just as a suggestion, it might pay the houses and halls to do their own cleaning.

Walls of Jericho
An announcement that the teacher-course rating plan is on its way to the students is in this issue of the Argonaut. Rumors have drifted down to this office that the whole thing may not be as easy as it sounds. Jason has been informed that it may fold because it does not find favor in the higher offices on the hill.

For four years a student may sit in his classes and be graded by a professor who is being paid to teach but the moment the student (who is paying for the education) wishes to suggest a better way that an instructor may give him that instruction, there is a wall to climb over.

One Way or the Other
The wall should have been scaled when the faculty welfare committee made out the plan. Perhaps all of the faculty will welcome the information they may gain from the survey. And then again, it may be that certain professors and deans do not wish to know what the student thinks of them or the way they handle a course.

Traveling Troupe From Washington To Present Play

A comic peek into the lives of Englishmen at the time of our Revolutionary War is offered in the University of Washington Touring auditorium October 21 at 8:15 p. m.

Tickets for this production will go on sale next week at the student book store and at Hodgins down town. A charge of 25 cents will be made for university students who have ASUI books, and 50 cents for townspeople.

Under the co-sponsorship of the Division of Adult Education and the School of Drama of U. of W., this play is touring the schools of Washington and northern Idaho to bring the best in dramatic entertainment.

Baron Is Designer
Lucy Barton, one of America's foremost authorities on historic costume, designed and supervised the construction of the costumes for "The Rivals" in the Washington workshop.

Last year this company of young actors toured with "Machbeth" and "She Stoops to Conquer." They were on the road eight months and played to almost every high school in Washington.

During premiere performances at the U. of W.'s Showboat Theatre, Seattle critics praised the colorful costumes and broad humor of this outstanding production.

Robert Gray directed the play and John Ashley Conway designed the settings. Included in the cast of "The Rivals" are James Paul, Jean Howell, Marilyn Pendleton, Rupert Decker, Don Gunderson, Wayne Dunlap, Ben Haldeman, Dorothy Decker, Joan Vanton, and Richard Cooper. All members of the acting company are graduate and advanced students of the Washington school of drama.

Pugilistic Tourney Officials Chosen
Coaches for the coming annual Spur-IX boxing tournament have been named following the drawing Wednesday by the Spurs.

Those who will represent women's living groups are: Ed Morgan, Pi Phi; Darrell Titus, Alpha Phi; Vernon Gasser, Gamma Phi; John Dominick, Kappa; Larry Hansen, Delta Gamma; Vernon Bahr, Forney; Norman Walker, Hays; Leonard Walker, Theta; Don Ellis, Tri-Delt; and DeForrest Tovey, Alpha Chi, and Howard Morton, Ridenbaugh.

Daisy Mae's To Chase Men At Dad's Day Dogpatch Race
The call of "Daisy Mae, grab that man," will again ring through Neale stadium on October 23, at the halftime of the Dad's day football game when all available citizens of Dogpatch take to turf for their annual caper.

Spurs Draw For Boxing Coaches

Pat Baker, Ridenbaugh, is pictured above as she draws for the coach who will represent her hall in the IX boxing tourney on Nov. 18, 19, and 20. Chairman Herb Carlson is holding the "hat" while DeForrest Tovey and Donna Jean Broyles look on.

Faculty Welfare Committee Passes Teacher Rating Plan

The teacher-course rating plan, adopted for use at the university last spring, has been passed by the faculty welfare committee, Dr. D. L. Fout, chairman, said this week.

Further developments were stated at ASUI executive board Tuesday night when Dave Weeks, ASUI prexy, announced that the plan had been passed by the academic council and has now been passed out to the deans of the various schools to be put into use.

Executive Board Classes To Select 1948-49 Officers One Week Earlier
ASUI class elections were slated for October 27 by the executive board at their meeting last Thursday night. Officers will be selected by each of the four classes for a one year term at this election.

This year's date is a week in advance of previous elections. Executive board members commented that this would give the sophomore leaders additional time to arrange for the annual Holly Week which is scheduled for the first week in December.

Next Tuesday the executive board will be guests of the WSC student officers at a dinner in Pullman.

Gem Changes Approved
The executive board approved unanimously the recommendations of Phil Schnell, Gem of the Mountians editor, Schnell presented two major changes for the 1949 year book. The pages of the new Gem will be increased to 9 1/2 inches x 12 inches. This additional space will allow greater variety of page makeup and will put the book on a standard with other college yearbooks.

A second change approved was to cover the entire year of events from September to June rather than having the activities of last spring in this year's book. Schnell stated that students could expect to receive their books at registration in the fall, or earlier.

SAE's To Announce Queen At Dance
Sigma Alpha Epsilon will hold their annual fall fraternity pledge dance Saturday evening, with dancing beginning at 9 o'clock. Music will be furnished by C. Lyons and the Harmony Five. Decorations will follow their theme, "Coronation," and will be highlighted with gold crowns in the background, announced Jim Leeper, decoration chairman.

During the intermission a loving cup will be presented to the SAE freshman queen, who will be announced at that time. There have been 11 candidates chosen, and the other ten contenders will receive compacts.

Nominees are Fern Bracht, Gamma Phi; Marianne Tufts, Kappa Alpha Theta; Joan Michenke, Hays Hall; Esther Simmon, Forney hall; Elanta Wagner, Ridenbaugh hall; Joanne Goul, Tri-Delt; Gayle Slavin, Alpha Phi; Terry Carson, Alpha Chi; Shirley Molen, Pi Phi; Joan Madison, Delta Gamma; and Rae Ried, Kappa.

Need Not Use Plan
The results will be collected by the professor and used by him in correcting those points in which he is weak. Final results will not be made public.

Under the plan now set up, Weeks said, a professor may use the plan in his class or not, as he desires. The executive board hopes that all professors will cooperate in its use and the use of any benefits which may be derived, he added.

Stilson, Lebanon; Gary Netzgar, Joshua; Bill Holloway, Amos; and Ken Briggs, a fisherman.

Don't Pet That Nice Pussy Cat
The usually placid afternoon social life of Ray Stommel, ASUI vice-president was brutally interrupted yesterday afternoon by a telephone call from the vice-president of the Associated Students of the State College of Washington.

Picking up the phone, Stommel was more than surprised when a voice at the other end of the line shrieked, "Where's our Cougar, what did you do with our Butch?" After several minutes, Stommel was half-way able to convince the Cougarville character that he knew nothing of the disappearance of the sacred symbol of superiority, but that he would try to find out if any of the Idaho students knew anything about it.

Additions Made To Gem Business Staff
Bruce Scranton has been appointed organization manager and Ray Kimmouth advertising manager of the Gem, according to Art Beecher, business manager.

Pres. Buchanan Praises School
Through you I should like to convey thanks and congratulations to all students who contributed to our very successful 1948 Homecoming.

Homecoming was a series of outstanding events highlighted by the fine game played by the football squad, plus the parade, the group house decorations, the half-time entertainment, the courtesies extended our guests, and the general spirit of accomplishment and good will. All in all it was the best yet, a fine tribute universally acknowledged by our visitors.

Sincerely,
J. E. Buchanan
President

Faculty Members Hear Discussion Of Building Plans

Mortar Board Sale Announced Success

"Over one thousand mums were sold on the campus, in addition to those purchased from the local Moscow florists. I would like to thank the living group representatives for their cooperation in aiding the drive."

Funds derived from these sales aid in financing Mortar Board and its various activities during the year. These include the Spinster's Skip in February, and the Narthex Table, for outstanding junior women which is held in the spring.

I CLUB REQUESTS
Chuck Thomas, president of the I Club, requests that all students wearing high school letter sweaters remove the letters. The only letter sweaters recognized on this campus are varsity I sweaters.

Congratulations From Spokane

Mr. J. E. Buchanan, President University of Idaho Moscow, Idaho.
 Dear Jesse:
 This letter is written to you because I feel that you are entitled to some of the praise which will be found herein, as well as the fact that I know you will pass this on to the appropriate persons concerned.
 Several of our Alumni from Spokane, as well as I myself, are very pleased with the fine homecoming of last weekend. The compliments and praise which I heard from many of the Spokane Alumni should be passed on, and they are specifically as follows:
 Someone should be highly commended for the general overall planning of the program. The Homecoming, in general, was without exception the finest that we have had in many, many years.
 The exceptional floats with the detailed and time-consuming work involved in their preparation, the excellent house decorations, and the half-time program, indicate that not only from the standpoint of our football team, but from the standpoint of the entire student body, we are definitely entitled to be in the league.
 The uniforms and performance during the half, of the University band, was of a higher caliber than we have witnessed at previous games.
 From people here in Spokane that were neither Alumni nor former students of the University, I heard high praise of the half-time activity. This praise came from people who are not only interested in the game, but thoroughly enjoy the general color that goes to make up a college football game. Their reaction was that the card stunts, the crowning of queens, and the awards for decorations, placed Idaho's entertainment equal to similar activities of other schools in this conference.
 On behalf of the Alumni of Spokane, please convey to those properly deserving the praise, the fact that we Alumni in Spokane were very proud of our team, our student body, our Alumni secretary, and everyone who had anything to do with the homecoming program.
 The last comment I have to make is one that I think will prove of value in planning for the years ahead. While the space was not as large as could be desired, the general comment of the function at the Ad club was far superior to any Alumni gatherings after the game in previous years. We hope that the day of informal speeches and formal banquets has gone by the board, and that informal and open-house type of Alumni gatherings after homecoming will be in order. It is my opinion, and that of our people to whom I have talked, that the spring of the year is the time for formal Alumni banquets and election of officers, and that after a homecoming game, win, lose and draw, an informal buffet-style supper is more desirable. The activities at the Ad club represented a good deal of work on the part of the Alumni in Moscow, as well as Jim Lyle and other members of the University staff. Please convey to all of them our belief that they, too, contributed to the best homecoming we have ever had.
 Yours very truly,
 Robert J. Towne, President, University of Idaho Alumni Spokane, Washington.

Vets May Convert To Permanent Plan

Notices will be sent to veterans whose national service life insurance term policies will start expiring on or after October 8, 1948, according to the veteran's administration headquarters.
 Sent two months before the expiration date of the original policies, these notices will give the veterans time to convert their term insurance to a permanent NSLI plan or to extend them for an additional five year period. Renewals may be made without a physical examination, but at a higher premium rate based on the veterans' attained age at the renewal time.
 Veterans who plan to renew their term insurance should submit their renewal applications, plus premium payments, prior to the expiration date of the original policies.

Plans Conference

Tentative plans for a northwest conference of Alpha Phi Omega, national men's service fraternity, were discussed at a meeting of the Idaho chapter last week.
 The university and WSC will be co-hosts to the conference which is slated to gather material for a national convention next spring. Sidney North, national APO secretary, will be honored guest of the conference.

Med. School Tests To Be Held Oct. 30

Medical college admission tests will be given in room 104 of the ad building Saturday, October 30. The examination, scheduled to last from 8:45 a.m. to 5:30 in the afternoon, is required for admission to all medical schools which are members of the association of American medical colleges.
 Idaho students taking the test include Charles Ashworth, William Marineau, Verne Hartwell, Bill Shull, James Mann, Neville Williams, John Crites, Jack Kramer, LaVerne Erickson, Tom Tobin, John Cutler, Clarence Baugh, Calvin Davis, Gaylord Chamberlain, and Betty Lou Jones.
 The exams require no special "cramming" and are designed mainly to measure mental abilities and aptitudes.
 Others from this area who plan to attend the Portland meeting are W. P. Hughes, Lewiston city engineer, and W. F. Berkeley, Lewiston water treatment plant superintendent.

New Clothing Class

A new class in clothing, open to all women students, will open on Monday, October 18 at 7:30 p.m. in room 304 of the administration building.
 Mrs. Alice Dunn will be the class instructor. If the initial turnout for this class is large enough, the group may later be divided into beginning and advanced students.

Engineering Prof Attends Conclave

Professor W. W. Timmiswood, acting head of the civil engineering department, will represent Idaho at the trustee's meeting of the Pacific section of the American Water Works association October 15 and 16 in Portland. Program plans for the 1949 national convention to be held in Bellingham, Washington, will be drawn up at that time.

It Ain't Legal

Many small towns in Idaho have at one time or another been accused of maintaining "speed traps" where a wily motorcycle cop and a quick-thinking judge succeeded in making a cool fortune from erring motorists who "dared" to travel a few miles an hour over the legal maximum.
 Current reports from various students seem to indicate that a set-up of similar consequence is functioning here in Moscow, particularly in relation to the campus. Members of the campus "gendarmerie" long known for their friendly attitude toward the students have suddenly done somewhat of an about-face and the result is a multitude of petty traffic violations.
 An example of this is the case of a male student who was driving his car down from the Ad building one night this week about 10:15 p.m., was given a ticket for failing to come to a screeching halt in front of the Art building. The fact that there were no other cars or pedestrians within blocks did not seem to enter the mind of the defender of the local constabulary. This particular campus cop does not stand out on the corners in plain sight of the motorists, but rather prefers to slink back in the shadows along the edge of maintenance building and blast away on his whistle when he notices minor infractions of the traffic code.
 In the words of the downtown night police judge, "There are too many of these minor traffic violations being given to the student; something must be done about it." We agree.
 —JFS.

For the convenience of faculty and students, the following changes have been made on the east and north sides of the Administration building:
 (1) The curb space so marked in front of the Administration building may be used for a loading zone. Parking will not be permitted but cars may stop to load and discharge passengers and freight.
 (2) The bus stop will be moved to the north end of the Ad building. Bus stops will not be made in front of the building and parking will not be allowed in the bus stop area.
 Let's start agitating for an Engaged Girl's Directory and solve this dating problem.
 February 14, Hazel Scott, pianist; March 31, Minneapolis symphony Orchestra; and Frances Yeend, soprano. The date for Miss Yeend's concert has not yet been announced.

Dear Jason

Dear Jason,
 Last Thursday there occurred a series of events that when added up make the sum of a very funny tale. The happenings were commonplace in any fraternity on the campus, but the unusual is that an Independent hall tried and succeeded in a bit of mischief only to be thwarted by a stern and unrelenting gentleman.
 As the story goes the Hays hall frosh pulled a sneak and in the rush left their pajamas. The remaining girls promptly tied these in knots and made a very cute bunting for the aforementioned hall. Well, a few of the boys at Lindley decided that these would look fine on the hall at the top of the hill. About midnight they procured these garments and draped them on Lindley. The next morning a large "U" of the Hays hall P-J's adorned Lindley hall.
 Nothing happened until noon when the ultimatum came. GET THOSE DOWN BY 1 O'CLOCK OR ELSE. Alright, at noon they came down with ruffles and flourishes and the sounding of retreat from a bugle corps in the background.
 Now Jason, the funniest thing of all is that why will the Dean of Men in team with the prudish house mother put a stop to a little fun in an Independent hall, when the same thing goes on in blind approval at the Frats and their sister houses?
 Do you have the answer?
 Dan McDevitt

Pest Controllers To Elect Officers

The Idaho pest control operators association will hold its annual meeting at Twin Falls, October 16, according to Dr. H. C. Manly of the entomology department.
 The association provides spraying and dusting machinery to small scale farmers. Airplanes are used to spray and dust foliage and vegetable crops.
 These men are responsible for the success of the pest control programs in Idaho. Problems of last year will be discussed and new officers elected at the meeting, Saturday.
 "What is home without a mother?" asked the good-looking young man. "Well," replied the sweet young thing, "I am tonight."

Concerts scheduled to be presented in Pullman include: January 12, John Tyer, baritone; February 14, Hazel Scott, pianist; March 31, Minneapolis symphony Orchestra; and Frances Yeend, soprano.

WAA Field Hockey Team Will Attend Pacific Tourney

A university women's field hockey team, to be chosen November 5, will attend the Pacific Northwest hockey tournament at Seattle, November 18 and 14, it was disclosed Wednesday.

Field hockey manager, Jean Wardell, said that a letter from the University of Washington was received requesting that Idaho send a team to the regional play. Fourteen schools have been invited.

Team members will be chosen by Natalie Wells and Miss Wardell on the basis of practices and skills, from among those women who are turning out for WAA after-school hockey practices. Follow-up organization of the team, a series of team practices will take place to improve organization of the group.

Scheduled For Nov. 11

Traveling by private car and the university station wagon, the team will leave the university at noon on November 11. Miss Wells, and Miss Mabel Locke, head of the women's physical education department, will accompany the group.

Miss Wardell urged that women interested in making the team come out for after-school WAA practices, which are on the women's athletic field on week-day evenings.

The Pacific Northwest association is one of the seven regions, a tournament being held in each section during the second week in November. Purposes of the meets are to give opportunity for competition among club or school teams and to choose from all the players participating, a representative team to attend the national tournament at Winnetka, Illinois, on Thanksgiving weekend.

Frosh Meet Huskie Pups Tonight In Coeur d'Alene

Anticipate 5,000 At Lake City Tilt

The largest crowd in Coeur d'Alene football history is expected to gather tonight to watch the Vandal Babes tangle with a tough Washington grid squad at Person field tonight.

Five thousand fans are anticipated for the game making it necessary to import additional bleachers from Spokane to handle the overflow.

A low-flying airplane will climax a series of gala pre-game events by dropping the football onto the field just before the opening kickoff.

In Top Shape

Frosh coach Steve Belko's young charges, who dropped a disputed decision to the Washington State Kittens last week, should be in prime condition for the encounter. However, there'll be plenty of replacement material for the Babes, since Belko has lined up a 50-man travelling squad for the occasion.

Probable Idaho Starters

Probable starting lineup for the Idaho youngsters is as follows: left end, Lowry Bennett, 195, Spokane; left tackle, Ivan Bingham, 205, Pomeroy, Wash.; left guard, Delbert Billman, 175, Coeur d'Alene; center, Tom Stingley, 175, Payette; right guard, Lester Diehl, 188, Jerome; right tackle, Louis Ringe, 208, American Falls; right end, Evan Richey, 202, Enumelaw, Wash.; quarterback, Richard Moore, 175, Meridian; right half, Richard Iorns, 175, Logan, Utah; left half, Larry Bell, 165, Nashville, Tenn.; and fullback, Tom Flaherty, 185, Spokane.

The Washington Pups, coached by Johnny Cherberg, lost a heart-breaking 24-25 decision to the University of Oregon yearlings on Multnomah field, Portland, last week, after having shoved the Ducklings all over the turf. Cherberg's 27-man travelling squad will certainly be seeking redress for their wounds tonight.

Huskie Lineup

The probable starting lineup for the Huskie frosh is listed as follows: left end, Olsen, 180; left tackle, Kirksey, 213; left guard, Holzknecht, 175; center, Personius, 180; right guard, Gasson, 192; right tackle, Pederson, 217; right end, Talley, 185; quarterback, Heinrich, 170; right half, Norton, 195; left half, Wiley, 186; fullback, Dunn, 175.

The two lines are almost evenly matched in weight, with Idaho having less than one-half pound per man edge over the Husky yearlings. The Washington backfield, however, is 6 pounds heavier per man than the Vandal backs, which may tend to throw the advantage to the Huskies.

WAA Planning Hockey Tourney

October 28 marks the beginning of the women's round robin field hockey tournament, announced Jean Wardell at a WAA executive board meeting last Tuesday night.

Play will continue on successive Thursday evenings at 4 p. m. in the woman's gym until the title game is played off. Forney, Hays, Ridenbaugh, and an intra-sorority

Time Out

By ALLEN DERR

Four major conference clashes are on the Pacific coast football agenda this weekend. Only one non-conference game is scheduled and that is an intra-state contest between Montana and Montana State.

The Coast conference picture shapes up like this:

Washington vs. WSC

Civil war breaks out in Pullman tomorrow afternoon when the Huskies and Cougars renew their annual intra-state rivalry. Reports have it that Howie Ogell is out of the hospital and may be able to accompany his surprising U. of W. squad to Pullman to watch them down Phil Sorboe's Cougars, who are, at the present time, even without their mascot.

OSC vs. California

The Bears' impressive 40 to 14 victory over Wisconsin last week earmarks them as this year's Rose Bowl team and the easy victors in this contest.

UCLA vs. Stanford

Marchie Schwartz seems to have lost something and his team appears as listless this year as last. UCLA gets an effortless nod.

Oregon vs. USC

This game should highlight the weekend's football. USC beat Rice 7 to 0 last weekend while the Ducks were hard pressed to eke out a 15 to 8 decision over the Vandals of Idaho. Season records show each team to have won three and lost one to date. Oregon is favored to win, however, on the strength of her outstanding passing combination of Van Brooklin to Garza, her slight edge in weight, and her impressive showing against Michigan two weeks ago.

Montana vs. Montana State

Montana seems to be suffering from defeat-itis this season but should be able to overpower the smaller Montana State eleven.

team make up the field hockey groups. A team composed of WSC and Idaho faculty members may also enter in the tournament. Miss Wardell added.

Freshman Coach

Steve Belko, University of Idaho freshman football coach, takes his team to Coeur d'Alene tonight to play the University of Washington freshman aggregation under the lights in Person field. It will be the first time a University of Idaho football squad has ever played in the Lake City.

Vandal Halfback Ranks High Among Nation's Punters

Idaho's John Brogan ranks ninth in the nation and first among Pacific coast punters this week, with an average of 40.5 yards per kick in 10 attempts. Brogan also ranks in PCC forward passing statistics taking 14th place, having completed 11 passes out of 37 attempted for a net gain of 106 yards.

Other Vandals ranking in PCC statistics are: Mays, third in punting, with a 36.4 average in 10 kicks; Christenson, third at pass interception, having caught three of the enemies' passes for a net gain of 24 yards; and Bud Riley, who holds 15th place in rushing

after gaining a total of 120 yards in 26 trips with the pigskin, for an average of 5.2 yards per carry.

SEX BEHAVIOR BETTER.
College students of this generation are better behaved in relation to drinking and sexual matters than those of pre-war generations, commented President Robert L. Stearns, of the University of Colorado. This announcement was made in the Davenport hotel at a meeting of the Association of governing boards of state universities and allied institutions.
