

In a recent issue of the Monana State University student newspaper, "The Klamin," a writer was lamenting the gridiron loss to the Idaho Vandals. "How could a team deteriorate so much in just one season," was the gist of the article. Several compliments were thrown to members of our team. George Ballew was one of the more highly praised. Then came the Idaho-Montana

Vandals Claim 28-12 Win **Over Surprising Bobcats**

Superior weight and power on the part of an otherwise sluggish Vandal team were the only factors which kept them from going down in defeat before the attack of a scrappy pack of Montana state college Bobcats in last Saturday's scramble in Boise.

The Bobcats countered Idaho's beefy line with a brilliant aerial display which accounted for both of their touchdowns-one each in the first and second periods. The Vandals kept their offense mainly on the ground, scoring in the first, second, and fourth periods on running plays. One of three completed jor teams still holding unbeaten,
