THE IDAHO ARGONAUT, Official Publication of the ASU

FRIDAY, FEBRUARY 4, 1949

The GOLDEN FLEECE by Jason

Next Monday Idaho students are going to be asked to give to the World Student Service Fund drive. This drive is being conducted in connection with the forth-coming Campus Chest Drive.

There are over 800,000 students—college students like ourselves—in need today in the world. "Need" means just that—need of food, books, clothes, and medicine. Only one relief organization in this country concentrates on helping those students—the World Student Service Fund.

Our Problem
This is a unique appeal. There are other needs just as severe, but they have wide audiences to meet these needs. The WSSF solicits its contributions in only one group, that being the students and faculty members of American colleges and universities. This is our responsibility. If we fail, it fails.

What would failure mean? It would mean less doctors, lawyers, and engineers for countries which will not have enough trained workers for years. It would mean prejudices and ignorance in high places because there would not be enough educated men and women.

This is an era when all bonds between men in different nations are disappearing. It is vital that we preserve trained and educated men and women in every nation abroad who can work with us and understand our problems. The WSSF offers that means for that preservation. The effectiveness of its work has been endorsed by UNESCO, the Association of American Colleges, and the American Association of Junior Colleges.

Shirley Tanner, head of the campus chest drive will head the campaign on the campus. Remember everything we give to the WSSF can be regarded as insurance, not charity.

Red Faces
"Who is this Glenn Ferry guy?" asked one of the Argonaut society reporters in the deadline rush yesterday afternoon. In checking a list of initiates from one of the living groups, the reporter brought Jason to disclose the identity of this fellow. Upon closer checking it was found that home towns of one of the persons on the list had been given with his name.

After several guffaws and red faces, the mistake was clarified and regular order restored. Who says the names of towns in our state aren't confusing? Many ex-GIs are still looking for the mountains at Mountain Home.

Two Will Attend Portland Meeting

Dean Louise Carter and Mr. C. O. Decker will attend meetings of the Northwest Association of Deans of Women and the Northwest Personnel Association at the Mul-nomah hotel in Portland, February 10 to 12.

Decker is a member of the Northwest Personnel Association and Dean Carter is treasurer. Ideas are exchanged on guidance and counseling in various schools in the Northwest by representatives from these schools.

Representatives from Columbia University in New York, and the University of Chicago will speak. Panel discussions are held by members for further exchange of ideas from neighboring institutions.

COMING EVENTS
TODAY:
Important Student Activities Board meeting, 4:15 p.m. at the Blue Bucket.
SATURDAY:
All first semester secretarial staff Gem workers meet at 11 a.m. in Gem office.
Gem staff head meeting at 1 p.m. in Gem office.
MONDAY:
AIEE meet 7 p.m., room 202 in Engineering building. Two movies will be shown.
Alpha Zeta meeting at 7:30 p.m. in Dalry Science building.
TUESDAY:
Ag Engineers meet 7 p.m. in room 300, Engineering building.

Students Wait For Registering Number

Numbers for going through the final phase of registration procedure at the gymnasium were given to students at the university classroom building. This numbering system serves as a check on the confusion while the students are registering, university officials pointed out. This plan has done much to remove the lines and time spent in waiting which have been experienced in the past, they explained.

Eighteen Women Pledge During Semester Rush

Second semester sorority rushing came to an end Wednesday with pledging of 18 women to seven Greek women's houses on the campus. Formal rush came to an end at 11 Wednesday morning, but open rush continued throughout the day. According to Dean Louise Carter the following women were pledged to the respective houses:

Alpha Chi: Marjorie Dean, and Jeannette Clear of Pocatello, and Betty Hudson from Moscow. Informal pledging took place before lunch Wednesday.

Alpha Phi: Joan Schelgel, Pocatello; Carolyn Snowdy, Spokane; and Laura Compton, Blackfoot. Pledges were honored at a formal dinner that night.

Tri Delta: Beverly Balka, Idaho Falls; Laura Tullis, Nampa; and Betty Lou Bailey, Twin Falls.

Other New Pledges
Delta Gamma: Betty Biker, Trail, Canada; Ruthella Evans, Preston; and Barbara Swanstrom, Council. Pledge, ribbons and corsages were presented to new pledges at a formal candlelight dinner.

Kappa Alpha Theta: Natalie Brown, McCall, and Joyce Fisher, Twin Falls, were pledged at a formal dinner.

Kappa Kappa Gamma: Beth Lillard of Lewiston and Virginia Smith of Shoshone received pledge ribbons at one o'clock.

Pi Beta Phi: Joan Fitzgerald, Moscow, and Joan Coble, Bonners Ferry, were honored at a formal dinner.

Rush Began Sunday
Rushing began Sunday with the Pan-Hellenic tea when all women going through rush visited each sorority on the campus. Monday and Tuesday evenings, four parties were given for the rushees.

Each sorority gave only one party during the entire rush period. Rushees could accept invitations to two parties on each night. Bids to pledge were received on page 2, col. 5.

Election Procedure Set Up By WRA Executive Board

Election procedure and appropriations were first among the topics discussed at a WRA executive board meeting at 4 p.m., in the women's gym last Tuesday.

Further nominations for WRA officers may be made from the floor at the general meeting, 5 p.m., February 15, in the women's gym. Instead of voting that day, as in former years, the polls will be open the following day at the gym. WRA members eligible to vote will be those women who are active in at least one club under the new WRA system. Team manager of the sports offered last semester will make a list of all women eligible and they will be notified.

Name Candidates
WRA nominees are president: Jean Wardell and Valeta Hershberger; vice president: Jane Fisk and Sue Beardsley; and secretary-treasurer: Pam Gaut and Phyllis Stricker.

May Organize Clubs
Under the new WRA system, women taking part in a sport may organize into a club, such as the field hockey and badminton clubs. A committee, appointed by the board, will study the financial needs of each group and recommend that such money be appropriated by WRA. Rusty Grant heads the committee, assisted by Jane Fisk, Sue Beardsley, and Betty Peters. Club presidents may bring financial problems to this group.

LDS Queen To Be Crowned Tonight At Annual Dance

Final plans have been completed for the annual Lambda Delta Sigma Sweetheart ball tonight in the Blue Bucket ballroom at 9. Dancing at this semi-formal will be to music by Norm Herzinger and his orchestra. Tickets for the all-campus affair have been on sale for two weeks in all men's living groups at \$1.50 per couple.

Coronation of LDS queen by Orval Hansen, chairman of the queen committee, will highlight intermission activities. Each couple attending the dance will cast one vote for queen as they enter. Decorations are following a Valentine's motif.

Women named as candidates for queen are JoAnn Wilde, Moscow; Bonnie Schulberg, Hays hall; Ann McKay, Pi Beta Phi; Nada Gilbert, Forney hall; and Norma Tovey, Alpha Chi Omega.

Listed as patrons and patronesses for the Sweetheart ball are Mr. and Mrs. George Tanner, Mr. and Mrs. Leon Green, and Miss Billie Steelman.

Other committee heads include Hyde Jacobs, ticket sales; Keith Judd, publicity; and Ruthella Evans and Wayne Taysom, decorations.

The LDS group is substituting this year's Sweetheart ball for the Gold and Green ball generally sponsored by Lambda Delta Sigma.

MOSCOW WAS PARADISE
Moscow, home of the University of Idaho, was known as Paradise before its name changed in 1875.

Club Plans Dance

Members of Attic club, an art student organization, are making final arrangements for a dance to be given February 11 in the Art building. General chairman, Fred Farmer, announced the dance will be open to the public, with tickets at \$1.20 per couple. The dress will be informal and the B and K combo will provide the music.

Chest Drive Contributions Will Aid Foreign Students

Tuberculosis rates are reaching all-time highs among student groups in Europe and Asia, according to Miss Shirley Tanner, chairman of the campus chest drive which will get underway here next Monday. Money contributed by students benefit these tuberculous.

In India and China, active T.B. cases among university students are nearing the 20 percent mark, the chairman said. In Germany and Austria, more than 6 percent of all students are suffering from the disease. Greek students have a high mortality rate; and in both Greece and Austria a shortage of X-ray plates has made it possible to detect only advanced cases.

Housing Is Poor
"The result of malnutrition and poor housing conditions over a period of years causes the increase of T.B.," Miss Tanner said, "until today it is the number one health problem among university students abroad."

Shortage of adequate housing in the countries where the T.B. incidence is highest means that diseased students sometimes have to live in the same building with healthy ones, spreading the disease still further, continued the report.

The WSSF is countering the spread of T.B. by medical aid, support of T.B. sanatoria for students, and supplementary feeding for students suffering from malnutrition. National student sanatoria in India, China, Greece, and Poland were cited as positive steps toward the halting of the disease.

Want Trained Leaders
Student hostels are being constructed in many countries to ease the housing situation, which is one of the primary causes of the high T.B. rate.

"As Europe and Asia recover, the disease rates will go down," Miss Tanner said. "We cannot afford to wait until that day, however. We need trained leadership in the countries abroad. That leadership must be created in foreign universities now. The rapid spread of disease threatens the entire student group in many countries, and a part of the funds raised in the campus chest drive will be given to WSSF to fight that spread of disease."

Commander To Visit

Major General Albert E. Brown, Commander of the Northern Military District will be a visitor on the campus next Friday reports Colonel C. F. Hudson PMS&T.

The purpose of the general's visit will be to confer with President J.E. Buchanan and to inspect the facilities of the Reserve Officers' Training corps.

University Enrollment Hits New High As 174 Names Are Added To List

Information received from the office of the registrar at the closing time last night disclosed that 157 students had gone through the first day of late registration. This figure is 75 larger than had registered at the same time last year.

University Policy On Undergraduate Classes Approved

University policy concerning the minimum numbers of students for which undergraduate courses may be given was passed on at a meeting of the Academic Council January 26.

Approval was given to the committee recommendation that "undergraduate classes in which less than five students register shall not be offered." Exceptions to this ruling included undergraduate research, project and special problem courses and senior theses.

Other courses to which the policy does not apply are music courses 22-23, 33-34, 57-58, 67-68, and 167-168, and any course required for graduation by one or more of those enrolled.

Academic council may waive the rule to any particular course.

Math Courses Approved
The Council agreed to accept the college preparatory mathematics course being offered on experimental basis by the Los Angeles high schools for admission in place of algebra and geometry for students other than those majoring in mathematics, science and engineering.

Spinster Skip Set By Mortar Board

Mortar Board, senior women's honorary, sponsors the annual Spinster Skip as a Saturday matinee dance, February 19, in the Blue Bucket ballroom from 3 to 5. Norm Herzinger and his orchestra will play for the informal affair. Tickets are to be on sale in all women's living groups at \$1.50 per couple.

Theme for this year's Skip is: Big Pow Wow Handsome Brave Me Ketchum Him Slave

Helen Rice is general chairman for the dance. Other Mortar Board members are: Pat Dwyer, Jeanne Hofmann, Martha Rigby, Jan Garber, and Marguerite Meyers.

The Spinster Skip, a tradition since 1926, offers a turn-about day when the girls date fellows and pay expenses. Women are also permitted to arrange mock corsages for their dates. This is Mortar Board's main project for the second semester.

Maybe Next Year?

Walking into a classroom yesterday for the first day of classes, Charline Bales found no one in the room. She sat down and waited.

Ten minutes later a group of undergraduates walked in. Charline decided that her class had been moved to a different room. She went to the registrar's office to inquire and found that the course wasn't being offered this semester.

Old-Time Gambling Saloon To Highlight Mucker's Ball

Associated Miners of the University of Idaho will again play host at their annual Mucker's Ball tomorrow night in the large ballroom of the Blue Bucket. "Harold's Other Place in Gold Gulch, Idaho," alias the small ballroom, will officially open, featuring gambling in every form.

"With tickets still available at \$1.50 in all men's living groups, the all-campus affair promises to again be one of Idaho's finest informal dances," said Bob Hill, ticket sales manager.

Wear Western Garb
Everyone is asked to wear western clothes such as plaid shirts and levis in order to create a western atmosphere which will jibe with the old-time gambling saloon promised by the Miners. Game chairman Ken Bailey announces that \$1500 in Mucker's Bucks will be handed out at the door for those who wish to play blackjack, faro, craps, chuck-a-luck, 21, roulette, or other games listed on the Miner's gambling agenda.

Auction At Intermission
The Associated Miners under the leadership of Phil Beeson, president, have engaged the Rhythm-Aire's eight-piece orchestra to furnish music for the ball. General chairman Ken Bailey announces that at dance intermission a new and unusual auction will be held with bigger and better prizes than in the past. "With last-minute preparations underway and advance publicity reports showing promise of success, Harold's Other Place is ready for its gala opening," said publicity chairman Don Dahle.

"Harold's Other Place" is a replica on miniature scale of Harold's Place in Reno, Nevada.

Addition of 174 new names to the student list at the University of Idaho at second semester registration this week gives the university another all-time high yearly enrollment, 3,846, it was announced yesterday by President J. E. Buchanan. Last year's total enrollment, also an all-time high, was 3,827. Registrations this semester are continuing, so the 3,846 figure is not final for the year, the president added.

Information received from the office of the registrar at the closing time last night disclosed that 157 students had gone through the first day of late registration. This figure is 75 larger than had registered at the same time last year.

Regular Enrollment
At the end of the regular registration period for the second semester, ending Wednesday noon, 3,128 students had registered for the last half of the academic year. This exceeds by 35 the number that went through the registration lines at the same time a year ago, reports D. D. DuSault, university registrar.

Late registration last year added approximately 300 names to the second semester total. A corresponding number of late arrivals this year would push the 1948-49 total enrollment figure up to approximately the 4,000 mark. Every year since the war, President Buchanan pointed out, the university has been setting new yearly enrollment records.

AAUW To Sponsor Annual Party For All Senior Women

Senior women will be guests of the American Association of University Women at an annual party next Wednesday evening at 8 p.m., in the high school cafeteria.

Five members of AAUW will conduct a panel discussion at which time objectives and possibilities of the organization will be explained to senior women.

Form Interest Groups
All senior women at the university are invited. Each house and hall will be contacted and transportation will be provided.

The Moscow chapter of AAUW has approximately 160 members, all women graduates of accredited colleges and universities throughout the United States. Members may form the mutual-interest groups, such as inter-relations, pre-school children, bridge, nutrition, and book reviews.

Active Throughout U.S.
These groups hold separate meetings, alternate with the general meetings of AAUW. The organization is active throughout Idaho and other parts of the United States.

According to Dean Louise Carter, membership in AAUW enables the college graduates to keep in closer contact with the people in their new environment, especially in small communities where she may be teaching.

Tournaments Set On WRA Calendar Archery Included

WRA activities calendar for the 1949 semester will include tournaments in badminton, basketball, swimming, archery, shuffleboard, and table tennis.

Ten students and two teachers will go to Spokane this weekend to participate in the Inland Empire badminton tourney. Men and women's singles and doubles, and mixed doubles will be played off.

Begin Table Tennis
Table tennis singles will begin in the women's gym February 12. The following weekend, mixed doubles in table tennis and shuffleboard will take place. Students may practice now for tournament rounds. Participants may choose a partner, or be paired by the tournament managers.

Members of the women's manager class will take their official basketball ratings February 26 at a basketball playday here. NICE and WSC have been asked to attend.

Plan Swimming Meet
During the period from February 15 to March 15, the women's telegraphic swimming meet will be conducted in Memorial gym. Times, recorded here, will be sent to the national association which supervises the contests. Miss Mary Fram, swimming instructor, asked that all women interested contact her at the women's gym.

Vets May Wear Uniforms To Ball

Veterans again have the opportunity of wearing their uniforms along with military personnel at the annual Military Ball to be held February 12 at the Blue Bucket at 9 p.m.

General chairman John M. Vukich, Scabbard and Blade captain, and Major H. N. Miller, adviser for Scabbard and Blade, announced that although the all-campus affair is semi-formal, ROTC and military students are required to wear their uniforms.

"Tickets for \$1.25 are selling in all men's living groups, and are going fast," said James Blanton, publicity and programs chairman. The semi-formal event sponsored annually by Scabbard and Blade is given this year in honor of ROTC seniors graduating this spring with commissions.

Other committee heads are Joe Dion, orchestra; and John Linnenkamp, decorations.

Mucker's Ball Dance Committee

Harold's Other Place in Gold Gulch, Idaho, opens Saturday night with all the air of an old-time gambling saloon, complete with all forms of gambling, dancing, and with an added novelty, an intermission auction. From left to right: Ken Bailey, general chairman; Don Dahle, publicity; Carl Milner, game chairman; and Phil Beeson, president of Associated Miners, make up the Mucker's Ball committee heads.

ALUMNS MEET
Spokane alumni of the University of Idaho will hold an alum group meeting next Friday, February 11, in the University club in Spokane to discuss Idaho activity support. The meeting will immediately follow a concert by the Idaho Vandaleers there.

The Idaho Argonaut

Dream About To Come True

To most athletic minded people on the campus, and even in the state of Idaho, a field house at the university still seems like a dream. No longer will athletes be forced to brave the vicious spring elements to get in a few practice sessions.

Vandal football players can loosen up their throwing arms in spring practice, trackmen can build up their wind without wading through ankle deep water, and Vandal diamond stars can start practicing their assortment of hooks and curves before baseball season gets into full swing.

The question high in the minds of students who have had access to a field house is "How did the U. of I. manage so long without one?"

The answer is that the university managed the same way it has without a new Engineering building, without a new Morrill hall, without available space for the school of forestry and without many other needed improvements.

Spring practice before consisted mainly of exercising in an already overworked gymnasium without the opportunity of trying on spikes and cleats.

Providing the cold weather breaks, the field house is scheduled to be finished before the spring rain begins. All the heavy and precision work of hoisting the huge trusses and columns into place has been completed and only placing the aluminum siding on the frame remains to be finished.

—D. C.

Guidance Tests Are A Big Help

Many students waste months and even years of their college careers pursuing the wrong objective. Too often students reach their junior year before discovering that they are in the wrong school. The result is that many must spend an additional year or more to earn their degree. A surprising number change their major at least once before they graduate and students who have switched three or four times are not uncommon.

Doubtful students would do well to take advantage of the guidance service made available by both the Veterans' Administration and the University. A battery of aptitude, interest, and personality tests can often be very valuable in helping one to define the objective for which he is best fitted. Although not foolproof, this service has an excellent record for helping students get into the right field.

—O. H.

Teacher Demand Increases; Competition Keener In Law

The next few years will see an increased demand for college graduates in the fields of medicine, psychology, kindergarten and elementary school teaching and certain phases of electricity.

At the same time, competition will grow keener for positions in the fields of engineering, chemistry, pharmacy, law and personnel relations.

These conclusions were contained in a study prepared for the Veterans Administration by the Occupational Outlook Service, Bureau of Labor Statistics, U. S. Department of Labor.

Need Doctors, Dentists

The study is being used by VA advisers and guidance officers as an aid in counseling disabled veterans planning to take educational and training courses.

The nation's demand for health service is outstripping the supply of newly graduated doctors and dentists, the report said. It is estimated that "about two-thirds of this year's 5,543 medical graduates (from schools accredited by the American Medical Association) and all of the 1,515 dental graduates will be needed to replace the physicians and dentists lost to the field annually because of death or retirement."

As a result, only a small expansion of the country's medical staff will be possible.

Need Psychologists

Although a record number of bachelors' degrees were awarded in psychology during the past academic years, there still is a need for well-trained persons in this field, the study disclosed. However, the shortage of training facilities will prevent many of those with bachelors' degrees from entering graduate school.

"Over the next 10 years nearly 1,000,000 teachers must be trained if the educational goals recommended by leaders in the profession are to be met," the report said. Greatest needs will be for kindergarten and elementary teachers.

The report predicted a "moderate increase" in employment in the electric utility industry over the next decade. The increase will be reflected in openings for over 1,000 electrical engineers to help plan, install and operate new facilities.

Electrical Openings

In many electrical utility occupations—for college graduates and non-graduates alike—there will be more openings to replace workers leaving the occupation... than there will be new jobs.

It added that the development of atomic energy power plants to produce electricity "is not expected to have much effect on employment in the industry, since they involve primarily a substitution of atomic fuel for coal and other fuels."

Despite employment opportunities in electrical engineering, engineering graduates generally will find "stiffer competition" for jobs, the study said. Over 35,000 engineers are expected to graduate in 1949, and close to 50,000 will receive bachelors' degrees in 1950.

Competition For Chemists

"This tremendous volume of young engineers is many times

Missing A Rifle? Cashier Office Sports One

Is anyone on the Idaho campus missing a rifle? According to Eugene Slade of the cashier's office, this rifle is the most unique of many items turned in to the cashier's office recently. The owner may reclaim the rifle by identifying it and paying for an ad at the Arg. office.

Mittens and books are the most numerous of lost articles brought in. Slade has almost a full cupboard of books and several boxes of mittens, all sizes, shapes, and colors.

Although not quite so plentiful as are mittens and books, there is a large assortment of scarves, wallets, glasses, pens, pencils, keys, and even slide rules at the cashier's office. Slade said he has a few wallets with money in them, and the owners should stop at the office to claim them.

Students who have lost various times during the past semester might find it profitable to drop in the cashier's office and ask about them.

Will Bring Orchestra Here

Tex Beneke will present a Sunday afternoon concert in Memorial gymnasium Sunday, February 13, at 3 p.m. Featured with the orchestra will be the Moonlight Serenaders. A list of the favorite selections on the Idaho campus is being made from the choices sent in by living groups on the campus. The Beneke repertoire contains many old and new selections.

Art Building Has Photo Exhibition

"The Protestant Revolution," a photographic exhibition prepared by editors of Life magazine, is being shown by the Art department daily from 8 a.m. to 5 p.m., and Sundays from 2 p.m. to 5 p.m. through February 13.

Although based on one of the recent Life articles in the series devoted to the History of Western Culture, the majority of the material was not published in that magazine but re-edited especially for exhibition.

Included in "The Protestant Revolution" are reproductions of the first illustrated edition of Milton's Paradise Lost, and Bunyan's Pilgrim's Progress, the first complete Bible in English, and works by Rembrandt, Rubens, Vermeer, and other 17th century painters.

Here's More About—Pledges

received by rushees on Wednesday morning.

Jeanne Hofmann, Pan-Hellenic president, commenting on semester rush said that, as a whole, this year's rush ran very smoothly. Pan-Hellenic council met last night to iron out problems in rushing procedure.

Army, Air Force Needs Volunteers

Recruiting of volunteers for the U. S. Army and the U. S. Air Force will continue as in the past, to fill vacancies caused by discharges, it was stated today by Col. Charles O. Moody, Commander of the Washington recruiting district.

"The suspension of selective service is actually a high compliment to the recruiting service," said Col. Moody. "We've been working hard to prove to the people of the Pacific Northwest and the nation that the Army and Air Force have something good to offer young men. We must have succeeded."

Pointing out the continued need for high-type volunteers, Col. Moody concluded: "Our problem is to find the best young men we can, so that the best young men the armed forces will be as good as those who are leaving. We must be highly selective, but for any young man who can qualify, there is a real opportunity open in the Army or Air Force. If we can get enough volunteers who meet our high standards, the draft may become unnecessary."

Lampman Chosen As DG President

Marjorie Lampman was installed as president of Delta Gamma for the coming semester at installation services Monday night, January 31.

Other officers are Josie Linck, vice-president; Barbara Schaff, second vice-president; Gretchen Helmsworth, recording secretary; Jean Carter, corresponding secretary; Sue Beardsley, treasurer; Mary Driscoll, social chairman, and Jean Carter, social reporter.

All seniors who expect to graduate this spring must file an application for degree before February 15. Failure to file will force them to receive their degrees with the class of 1950.

The Sunshine Mine near Kellogg is the largest silver producer in the United States, while Coeur d'Alene mining district contains the largest lead producer.

YOUR RIGHT TO KNOW IS THE KEY TO ALL YOUR LIBERTIES

How well you know what is happening in this tense world of today, how intelligently you act on the basis of this knowledge, will determine for you and your children the continuation of the American Heritage of Freedom.

Your newspaper—functioning under the principle of the Freedom of the Press—brings you that knowledge unadulterated by the selfish whims of dictators... Read your newspaper carefully, regularly, thoughtfully. Be informed. For knowledge is the key to all your liberties.

The Argonaut

Idaho Cagers Face OSC In Memorial Gym Tonight

Pair Of Vandals Still On Sick List

Fresh from their surprising upset victory over the previously once-defeated WSC squad, Idaho's Vandal basketballers level their sights tonight on the other leading contender for the championship in the northern division of the Pacific Coast Conference.

Target for tonight will be the Beavers of Oregon State college, who have won four and lost one in conference play to date. The single Beaver loss was a 54-43 upset at the hands of the Washington Huskies. The OSC record for the entire '48-'49 season shows ten entries in the win column as compared to six losses.

The Idaho quintet gained a working knowledge of the strategy employed by Coach Slat's Gill's Orangemen two weeks ago, when the Beavers handed Idaho two stinging defeats in a row on the Corvallis maple court January 17 and 18.

Vandals Toe The Mark
Feeling that skill at the free-throw line may spell the margin of victory for the Vandals in case of a close contest, Coach Chuck Finley has had his charges practicing charity shots for the past week. At present, Idaho boasts a not-too-good .607 average in foul shots, having sunk 280 out of 461 tries. The Staters are notably weak in the gift toss department, as evidenced by the fact that they missed 29 out of 46 attempts in last week's two-game series with Washington.

Probable Starters
The starting lineup for the Beavers has not been announced, but a good guess might be: forwards, Crandall and Kinney; center, Watt; and guards, Ballantyne and Torrey. Other players on the OSC squad who will probably see action are Silper at center and Peterson, Snyder, and Rinearsen, all forwards. Coach Finley listed Crandall as potentially the most dangerous man on the OSC roster, and probably the ablest player on the Pacific coast.

Finley stated that probable starters for Idaho would be Brimhall and Grove at the guard spots, Stallworth at center, and Pritchett and Rey or Rainey at forwards.

Two On Sick List
Two of the mainstays of the Vandal squad will not put in an appearance for the two-game series tonight and tomorrow. Forward Dick Geisler, who is one of the leading scorers on the squad, has his foot in a cast as a result of injuries received in the WSC game. Loss of his height and skill under the backboard may materially reduce the Vandals' striking power. Dex Linck is out at the guard position with a throat infection. Both men have appeared in nearly all of the season's 24 games. Finley has hopes that they will both be in shape by next week and ready for the University of Washington series on February 11 and 12 in Seattle.

Cinder Prospects Turn Out Tuesday
Stan Hiserman, track mentor at the University of Idaho, announces that there will be a meeting Tuesday, February 8 at 4:30 for all of those men that are planning to turn out for the 1949 squad. Hiserman states that workouts will begin immediately in the gymnasium and later, when the weather is permissible, the men will practice on the outdoor track.

Time Out

By DON RICE
It goes without saying that Coach Slat's Gill and his Orange Invaders from Oregon State will find the going plenty rough when they clash with the Vandals here tonight and tomorrow. It is almost certain that Chuck Finley and his strategic command have worked out some sort of a system which may or may not keep "Cagey Cliff" Crandall bottled up for at least part of the evening.

The game won't be a picnic for the Idaho aggregation, either, with Dick Geisler and Dex Linck on the sidelines. Fast little George Rey (he's only five-nine and weighs 150) did a nice job last weekend against WSC in Geisler's forward position, and what he lacks in height, he makes up for in speed and accuracy under the basket. The Beaver squad lacks the height that generally characterizes Slat's Gill's teams, and Rey might be just the man to put a crimp in their style. Incidentally, Rey is currently leading the Vandal efforts at the free-throw line with an .800 average.

In spite of their record of 13 wins and seven losses for the season's play, the Beaver squad has averaged only three points per game more than the Idaho quintet. Their defensive game however, is much more impressive than that of the Vandals. They've given up 13 points less per game than Idaho—40-53.

A glance at collegiate scoring records throughout the nation is sufficient to show that things in the basketball world are getting back to normal, after a few hectic weeks of uncertainty. Rhode Island State, perennial winner of the team offense competition, hasn't played a game in two weeks, and yet is on top of the heap. Their 11-game average of 72.4 points per game is nearly three points above the nearest competitor, Yale with 69.8.

In the defensive field, Oklahoma State, a spot they held last year. A. & M. is back in the lead position. They held 13 opponents to 33.7 points. Last year the Aggies did even better, with a 32.5 average. The only western teams which rated high enough to appear in the top brackets were WSC, sixth in defense, and Wyoming, ninth in defense and second in field goal percentage.

Mittmen, Free This Week, Will Be Busy Until April 1
The Idaho boxing squad will be idle this weekend, but when Friday, February 11 rolls around the Idaho team will have their hands full. From this date hence the Vandals will have ring engagements every weekend through April 1.

Led by recently named Co-captains Herb Carlson and Ted Diehl, the undefeated Vandals will meet the Washington State college Cougars next Friday evening in Memorial gymnasium. The Cougars will be entertaining the strong University of Minnesota mittmen this weekend in Pullman.

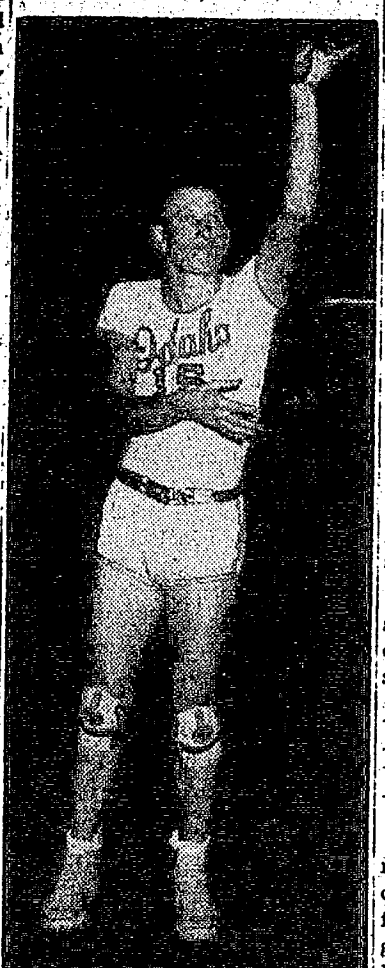

The schedule released by Frank Young, coach of the Idaho squad, includes the following:
Feb. 11—WSC; here.
Feb. 18—Gonzaga; Spokane.
Feb. 25—Wisconsin; Madison.
Mar. 4—Gonzaga; here.
Mar. 11—WSC; Pullman.
Mar. 18—San Jose State; San Jose, Cal.
Mar. 25—EWCE; Cheney.
The Pacific Coast conference tournament will be held in Sacramento on March 31 and April 1.

Drive as good as you think you are.

Vandal Portraits

The picture of the person you see below is none other than that of Bob Pritchett, Idaho's sensational 6 foot 3 inch sophomore forward, who at the time of this writing has compiled a total of 220 points in 24 games.

Bob was born July 9, 1926 in Nampa, Idaho. Upon entering Nampa H.S. he excelled in three major sports: football, baseball and basketball. Bob was named to the All-state basketball team in 1944.

After graduation Pritchett joined the Army Air Force where he served two years. Following his discharge from the service early in 1947 he decided to come to the University of Idaho. Bob at the present time is enrolled in the School of Education as a physical education major.

Pritchett has distinguished himself as being a big hand consistent scorer on the 1949 Vandal quintet, and if his form should remain as it is now he will without any trouble give the visiting Oregon State college basketball aggregation a run for their money both tonight and tomorrow night in the Memorial gymnasium.

Thinking drivers don't drink; drinking drivers don't think.

Vandal Swim Team To Meet Cougars Here Tomorrow

Although the Idaho swimming team is vastly improved over that of last year, Coach Kirkland is pessimistic as to whether his team will defeat WSC in the Vandal pool tomorrow, afternoon.

Jim Farmer will be the strongest link in the chain boasting but one defeat last year; that occurred in a meet against the University of Washington. Farmer will carry the Vandal hopes in both the 220 and 440 free style events.

Ken Lyons, who established a new pool record against EWCE in the 150-yard individual medley earlier in the year, is expected to do better tomorrow against the Cougars.

Others expected to bolster the Vandal squad are Carl Kinney and Don Miller in the free style events, Jack Smith in diving, and George Gust, Idaho's breast stroke artist.

WSC will count on the services of Wally Werner in the free style events; while Dick Hannula and Jim Dolphin will attempt to carry the crimson and gray to victory with their back stroke ability.

Coach Kirkland would like to see a good showing of Idaho students at the meet which will start at 2 p.m.

Frosh To Appear In Preliminaries

The University of Idaho freshman squad having, lost but two close decisions to the strong WSC frosh squad this season, will engage in a pair of contests as preliminaries to the Idaho-Oregon State varsity games tonight and tomorrow night in the Memorial gymnasium.

This evening will feature a reportedly strong Lapwai quintet composed of former college and high school stars.

Saturday night the Babes will tangle with the Panhandle All-Stars which also brings together former college and high school maple court wizards.

The games have been set for 5:30 both nights.

Skiers Attend Invitational; Plan 4-Way Meet Next Week

Idaho's flying Norwegian, Sverre Kongsgaard, who registered a new North American competitive ski jumping record Sunday by gliding 290 feet off the Olympian hill jump at Hyak, Washington, is eyeing Washington flight conditions again this week with high hopes. Tomorrow afternoon he will try to equal or better his newly set mark in an open invitational meet at Leavenworth, Washington.

Vandal ski coach John Evans said three jumpers would make the trip to the Washington city. Crusty Hamon, McCall, Idaho, captain of the Idaho ski team and Fred Boyle, Lincoln, N. H., holder of several jumping records in the New England States, will accompany the winged Kongsgaard.

Four-Way Meet
A two-day intercollegiate ski meet will hold the limelight February 12-13 at Whitefish, Montana and Spokane, Wash., when the University of Oregon, Washington State college, British Columbia, Montana and the University of Idaho compete in a four event tournament. The downhill and slalom contests will be held at Whitefish, Saturday, February 12, action then sliding to Spokane, Sunday, February 13, for the cross-country and jumping competition.

Dick Boge, Spokane, Crusty Hamon, McCall and Dick Irons, Logan, Utah, will compete in the Montana events an athen join Kongsgaard and another Norwegian transfer, Magnar Sater, in Spokane.

Chemical Engineers To Hold Discussion

Opportunities in the field of chemical engineering will be the main topic of discussion by faculty and staff members at the next meeting of the student chapter of the American Institute of Chemical Engineers.

Freshmen and sophomores will find the discussion valuable in acquainting them with their chosen field, and all undergraduates will be given a picture of what they may expect after graduation.

The first meeting of the second semester will be held Monday at 7:30 p.m., room 102 of Kirtley lab.

Intramurals

The intramural basketball competition got under way again last night after the courts lay idle for a week during finals and registration. The playing has continued long enough that several strong contenders for the championship appear in the offing. Standings are as follows:

League 1; ATO, 5-0. SN, 4-1. CC, 4-1. DTD, 3-2.
League 2; TKE, 4-0. KS, 4-0. TV, 4-0. PGD, 2-2.

Winners of last night's games were:
WSH No. 2 39.....CH No. 2
CC 47.....BTP
ATC 40.....TMA
ATO 31.....PDT
SN 46.....DTD
PH No. 4 34.....IC No. 2

Johnny
HELPS JULIAN ZOOM INTO THE EMPYREAN OF PURE SCHOLASTICS

JULIAN, YOUR FEBRIFIC HOOPS WITH THE MIDNIGHT OIL ARE SO MANY, YOU'LL NUGIFY YOUR HOPES ON TOMORROW'S QUIT. WHY DON'T YOU HIT THE HAY?

TED, I WANT TO WIN THAT NATIONAL SCHOLARSHIP, BUT—HRUMPH—I SMOKE SO MUCH MY THROAT FEELS DRY AS OSSIBOUS TISSUE

JULIAN, YOU KNOW ALL THE ANSWERS, BUT YOUR VOICE GIVE 'EM --

O-O-THERE'S A REAL CASE OF CIGARETTE HANGOVER

AND I-HRUMPH! HRUMPH! WANT THAT SCHOLARSHIP SO MUCH—AND MY THROAT FEELS ALL SMOCKED-OUT--

THANKS JOHNNY, I'LL TRY IT

SOME TIME LATER

THE BIG SCHOLARSHIP OUGHT TO BE IN THE BAG FOR YOU TOMORROW

IS IT TRUE, GRAHAM, THAT THE PITHECANTHROPUS ERECTUS WAS EURYGATHOUS?

IT IS TRUE, SIR AND IT—OHP—HRUMPH—HRUMPH—I'M AFRAID I—CAN'T GO ON

JULIAN, YOU'VE GOT CIGARETTE HANGOVER WHY NOT CHANGE TO PHILIP MORRIS, THE ONLY LEADING CIGARETTE PROVED DEFINITELY LESS IRRITATING?

THANK YOU SIR—AND THANK JOHNNY AND PHILIP MORRIS FOR HELPING ME WIN!

IN ANSWER TO YOUR LAST QUESTION, DOCTOR IT WAS BRITAIN'S WAR LEADER WHO SAID HIS OPPONENT "UTTERED A TERMINOLOGICAL INEACTITUDE"

BRILLIANT ANSWERS, GRAHAM. YOU SCORED 20 OUT OF 20

IT GIVES ME GREAT PLEASURE TO ANNOUNCE THAT JULIAN SCORED A HYPERPIESISTIAL SUCCESS—HE WON THE NATIONAL SCHOLARSHIP

THANK YOU SIR—AND THANK JOHNNY AND PHILIP MORRIS FOR HELPING ME WIN!

IMPROVE YOUR VOCABULARY
EMPYREAN — The clear upper sky.
FEBRIFIC — Causing fever; said of feverish activity.
NUGIFY — To render futile, to X-out.
OSSIBOUS TISSUE — Bone.
PITHECANTHROPUS ERECTUS — famous specimen of primate man.
EURYGATHOUS — Having a wide prominent jaw.
CIGARETTE HANGOVER — That stale, smoked-out taste; that tight dry feeling in your throat due to smoking.
TERMINOLOGICAL INEACTITUDE — In short, a lie.
HYPERPIESISTIAL — Quickening the blood pressure to a high degree.

The Moral of Our Story Is Clear:
Behind the playful plot, our intentions are definitely serious: we want to PROVE to you that PHILIP MORRIS brings you a welcome DIFFERENCE in cigarettes.

This PROOF is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested, can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

CALL FOR PHILIP MORRIS

This is the time of the year to come in and try one of our **CHIP STEAK SANDWICHES** They're Good!
