

BAND CONCERT  
THURSDAY EVENING AT 8  
Everyone Can Attend

# The Idaho Argonaut

Cold is predicted  
With some snow.  
Temperatures anticipated  
Between 20 above and 20 below.

VOL. 54, NO. 31.

THE IDAHO ARGONAUT, Official Publication of the ASUI

TUESDAY, JANUARY 17, 1950

## Regents Approve Regulations For Dorm Commissaries

"Operation Snow Removal" was thrown on the rocks last Friday. Many who traveled from the intersection of University and Blake to the infirmary and Hays hall asked why the plows which cleared these streets did not finish other streets on the campus.

Several factors came into play, but the most important was the number of cars which were not moved in response to a letter which the Dean of men delivered to all living groups on Thursday night.

Temporary Parking Arrangements were made between the city council and the university building and grounds department to cooperate in the plowing of all streets. First an area was cleared on McLean field to accommodate 150 cars. Students were then asked to move their vehicles to that spot before morning.

In the morning the city snow removal equipment was dispatched to the campus. The severe blizzard which struck about this time tied up many of the building and grounds employees, but by mid-morning a sizeable crew was ready to remove the snow from all university thoroughfares.

Cars Hamper Plows The plows and graders began pushing back the snow from the streets where cars did not obstruct their work. Equipment operators were soon stymied, however, as nearly all streets were partially blocked with cars. With the snow drifting badly, it was impossible to plow on such places without damaging the parked machines. The vehicles also left no room for the snow.

Equipment Leased Today Dean Lattig announced that the university had leased a tractor and would attempt to keep portions of the campus cleared where machinery could operate effectively.

This plan will help alleviate some of the snow congested areas, but if a thorough job is to be completed some cooperation between car owners and the street clearing organization will have to be made.

Jason would like to toss the following suggestion to any interested party. Call a joint meeting of all living group presidents, Dean Lattig, and a representative of the building and grounds department to work out a satisfactory plan. Ample notice of the completed plan should then be posted at least 24 hours previous to its beginning.

This should result in a plan which could effectively keep campus traffic lanes cleared of excess snow.

### Committees Chosen For Formal Ball

Jim Aston will pilot this year's annual Interfraternity Council ball scheduled for Friday, February 17th, in the women's gym.

Committees for the strictly formal affair were chosen at a meeting last week. Decorations will be under the direction of Dar Cogswell and Bryon Lawrence. Jack Krebbiel will work on the programs and tickets while Jim Knudson will arrange for a dance band.

Clarence Johnston will take care of the publicity end of the dance, and Dick Magnusen and Darrell Congdon will head the clean-up committees.

The council is composed of representatives from each fraternity on the campus and looks into matters that concern fraternities in general. The organization is nation-wide in scope.

Winter weather conditions don't bother Albert Smith (left), West Orange, New Jersey, or James McGee, Pasadena, California. When it comes to traveling they are right in style. With their team of Samoyed dogs, Tosca and Maulchek, these two students say they can "go anywhere." In their arms they hold two of four eight-week-old puppies—the makings of a new team. The Siberian ancestry of the dogs can be traced back nearly 8,000 years. Smith is studying geological engineering and McGee forestry at the university.

### Campus Talent Featured In Coming Blue Key Show

"Campus Talent in Review" will be featured in the Blue Key-KUOI show in the university auditorium Saturday night at 7:30. Dean Mosher, chairman, announced today that eleven contestants have been arranged for the performance.

Instrumental duets, piano arrangements, vocal solos and novelty numbers will be featured in the two hour program. The entertainers will be judged by an applause meter which will be watched by Blue Key officers Morgan Tovey, Clinton Peterson, and Phillip Schnell.

Third Show This is the third presentation of the show on the campus. Last year's performance attracted a capacity audience to the auditorium. Jeanne Foster won first place in the 1949 show with a piano solo, and Al Grief was judged second in his impersonation acts.

Marvin Jaegels, staff member of KUOI, will be master of ceremonies and handle the broadcasting of the show over the campus station. Jaegels and Ken McCormick have been assisting Mosher with the arrangements.

Some Not Competing In addition to the contestants, some non-contest acts will be interspersed with the regular performers.

Campus entertainers who have been scheduled to date include Ellomae Holden, Elizabeth Wilcox, Dick Raivio, Pat Dunphy, Barbara Sweet, Mary Thompson, Jim Geddes, Lillian Pratt, Joyce Becker, Marlene Hopkins, Fred DeFrancesco, Marian Clift, Bethea Decker, Jeanie Foster and Shirley Jacobsen.

Buildings Named Names have now been adopted for three of the buildings on campus.

The name for the new shop building for Buildings and Grounds will be BUILDING & GROUND CENTER, the old shop building will be known as the B. & G. WAREHOUSE, and TEMPORARY METALLURGY LABORATORY will be the name for the former Wood Conversion Laboratory now located on the west side of Line north of Sixth street.

### Air Force Awards Ceremony Honors Students, War Hero

An awards ceremony directed by Air Force ROTC and other Air Force personnel will be held at 11 a. m. Thursday in the University field house to honor a war hero and fourteen distinguished military students.

Major Ritchie B. Gooch, United States Air Force, will be awarded the Silver Star medal for action as a B-17 bombardier during operations over Japanese installation at Raboul in the South Pacific theater during World War II.

Major Gooch, from Blackfoot, is currently studying in the Idaho college of engineering under the Air Force program by which certain, selected men are sent to state universities to continue their education toward degrees. He has been on continuous active duty since February 1940. Presentation will be made by Major Milton A. Anderson.

### Spur-1K Mixer

Members of the Intercollegiate Knights and the Spurs will hold a social exchange at Willis Sweet hall Wednesday night at 7:30. Representatives from both organizations have formed a committee to handle the arrangements. The regular weekly meeting of the IK's has been cancelled for that date.

### Car Wrecks Raise Youth Death Rate

The traffic and safety committee recently issued a bulletin reminding both car drivers and pedestrians of increased responsibilities which they must assume in winter to avoid traffic accidents.

According to the National Safety Council, accidents are the No. 1 cause of death to persons below 20 years of age. Heart disease and cancer are the only two greater killers in all age groups. World War II was a terrible catastrophe, 1,070,524 persons were killed and injured, but during the same period traffic accidents alone killed and maimed over 3,394,000 people.

"The Motor-Vehicle Driver; His Nature and Improvement," edited by the Eno Foundation for Highway Traffic Control, has just been received by the University library and is available to all students interested in winter safety.

### Fourteen Chosen For Cast Of Shakespeare Production

First production of the 1950 dramatics year, "Twelfth Night," will be presented in the auditorium March 10-11 with a cast of fourteen.

Following tryouts last week in the U hut, a cast of three women and eleven men was selected by Jean Collette, chairman of dramatics, to take part in the William Shakespeare comedy.

Actors and Actresses The cast list includes: Feste, Jack Gregory; Orsino, Norman Green; Curio, Kenneth Goldsby; Valentine, Tom Wright; Viola, Marian Davidson; the Sea Captain, Bob Bunting; Sir Toby, Rich Pennell; Maria, Bette West; Sir Andrew, Jack Hoag; Olivia, Janet Robinson; Malvolio, Harry Dalva; Sebastian, Neal Christensen; Antonio, Bob MacKay; and Fabian, Dale Kassel.

Of the cast members, five Green, Goldsby, Robinson, West and Kassel took part in the before-Christmas presentation of "Everyman." Dalva and Christensen directed that morality play.

In Other Plays Gregory was seen as the newsboy in "The Time of Your Life," and was the angel in last year's pep band show. Pennell played the third "Tom" of his college theatrical career last fall in "The Glass Menagerie." "The Importance of Being Earnest," a U hut presentation, saw Hoag in one of the major roles.

Stage crew members are working both during the day and evening constructing sets for the five-act play. A large room in the hut has been converted into a workshop for crew members.

### Popular & Modern Music Featured In Band Concert

A varied program ranging from popular marches through modern contemporary numbers is scheduled for presentation by the University Concert band January 19. This year's first formal concert by the band will begin at 8 p. m. Thursday in the university auditorium.

Kermit F. Hosch, assistant professor of music, conducts this group. Wallace Johnson is assistant conductor.

Modern Compositions Fifty numbers selected from the complete 72 piece marching band will perform in presenting this concert. Numbers by modern contemporary composers as LeRoy Anderson, Aaron Copeland, David Bennett, and Donald Phillips are to be played.

"Mood Pastorale," a composition by Hall M. Macklin, head of the university music department, will be the feature of the program. This number has enjoyed wide popularity since its publication in 1941.

Concert Recorded Also featured with the band will be Jeanne Foster, popular campus pianist, who will be heard in a modern work written especially for piano and band.

The band recently recorded portions of the concert under the direction of the university's new radio center for use by certain radio stations in Idaho.

As with all regular concerts and recitals presented by the University's department of music throughout the year, admission to this concert is without charge.

### Blue Key Elects Ten New Members

Blue Key, national upperclassmen's honorary, will initiate ten new members tonight following a banquet in the Ad. Club at 5:30 p. m. Morgan Tovey, president of the group, announced today.

To Be Initiated Those being initiated into the honorary are: Bob Finlayson, Dave Ulmer, Ken Briggs, John Martin, and Dick Geisler. Others are Jim Farmer, Vernon Bahr, Allen Derr, Calvin Long, and David Thacker.

Attending the meeting will be Fred B. Watson, faculty member.

### Argosy Announces World Trip Fares

Youth Argosy, an educational, nonprofit membership organization, has recently announced a number of round-trip plane student fares for summer trips to Europe, Rome, and around the world this summer.

Cooperating with other groups of like organizations to provide low-cost travel for student tourists the Youth Argosy is promoting its program to broaden intellectual, cultural, and spiritual horizons by cementing friendly relations among young people of all nations.

Apply To Travel Application forms for membership may be obtained upon request from International Headquarters, Northfield, Mass., if accompanied by a letter of reference from a member of your college faculty.

Special rates for plane travel open only to Youth Argosy members are listed below: By air to Europe—\$375.00 round trip; special flight to Rome, \$475.00 round trip; and 9 weeks Round the World Flight, \$1495.00. Steamship space may also be applied for.

Students desiring information should apply immediately to headquarters.

### Uniform Rules Are Now In Effect For Operation Of Commissaries

#### WSC Rates Tops In Inland Empire Jr. Varsity Debate

Washington State College won the 11th Annual Inland Empire Junior Varsity debate tournament held on the campus last Friday and Saturday. The College of Idaho and a second WSC team tied for second place.

The question for debate was the proposed nationalization of all basic non-agricultural industries. Each two-man team debated six times and the contests were judged by the judges accompanying the teams of the participating schools.

#### Entrants

Schools sending teams were: Washington State College, College of Idaho, North Idaho college of education, the University of Idaho and College of Puget Sound. Richard Gibbs, Kenneth Korner, Lila Cornell, Donald Bunge, Kent Lake, Meredith Glenn, James Aston, Dean Holt, Sheila Janssen, Renee Mathews, John Bengston and Thomas Wright made up the six teams representing Idaho.

### ASUI Soon To Get New Film Bureau

"The ASUI will soon have a film bureau which will make available anything from Charlie Chaplin to the latest UNESCO or agricultural films," states ASUI president Bob Moulton.

"The purpose of this film bureau is to bring educational and leisure entertainment to the student. When this film bureau is set up and is functioning properly, any clubs, honoraries or classes will be able to obtain films which they desire; either as an aid to their work or just for the entertainment."

The committee which will set up this new student organization will be appointed at Wednesday evening's Executive Board meeting and will begin functioning as soon as possible.

This new ASUI project will not become a reality overnight because of the tireless job of cataloguing all of the films available and setting up a system which will make them available to student organizations. Several groups have already signified their desire for films which will help to get the new business off to a good start.

### Pershing Rifles Hold Initiation

Pershing Rifles, underclassmen's military honorary, initiated 16 new members Thursday January 12 in Memorial gymnasium.

The following men were initiated: Clayton Boyce, Lee Boyle, Thomas Bucklin, Lester Diehl, Dale Everson, Stuart Hutchins, Micho Koku, Meade Kohl, Phil Meagher Don Quane, Robert Reeves, Herbert Schroeder, Chester Takatori, Donald Trupp, Clayton Turner, and Donald Waltman.

### William L. Shirer To Talk On Current World Events

"Where Are We Going?" is the topic of a lecture to be given by William L. Shirer, noted radio commentator and author of the best-seller, "Berlin Diaries." The general assembly will begin at 11 a. m. Monday in Memorial gymnasium.

#### News Correspondent

Well-qualified to speak on world affairs, Shirer has covered the highlights of world news since 1925. He served until 1932 as European correspondent for the Chicago Tribune, covering assignments in all of Europe, the Near East and India.

In 1934, he became head of the Berlin bureau of Universal News service and began to broadcast for CBS. It was for his CBS broadcast that he kept the daily journal which was the basis for his book, published in 1941 and

Uniform rules for the operation of commissaries in university dormitories were announced today. President J. E. Buchanan stated that the Board of Regents had approved recommendations worked out by a joint faculty-student committee.

### Talented Pianist To Appear Tonight

Miss Marie McCord, faculty member of the department of music at Washington State college, will be guest artist at an Idaho-piano-recital tonight at 8 p. m.

Before joining the WSC staff 8 months ago, Miss McCord earned her B.A. and M.A. degrees in music at Indiana university, where she studied piano with Professor Ernest Hoffzifmmer. She has done considerable radio playing, and was presented in several concerts in Indiana.

#### Beethoven And Chopin

Beethoven will be featured in the first part of Miss McCord's program when she will play "Sonata in A Flat Major, Opus 110." In the second section of the three part recital, Miss McCord will play "Ballade in F Major," "Three Mazurkas, Opus 56," and "Grande Valse Brillante in E Flat" by Chopin.

"Kaleidoscope" and "Bacchanal" from "The Nature Poems" by Joossens, and "Images" by Debussy will comprise the third and final section of the program.

### Argonaut Editor Receives Award

John Martin has been awarded a \$125 scholarship for outstanding work in journalism by the Wallace Press Times Publishing company. H. E. Lattig, director of student affairs announced this week.

Active in student journalism at the university, Martin has been Idaho Argonaut editor for the past year. He is a member of the associated students executive board; publications board, which directs the policy for student publications; and was recently elected vice-president of Idaho chapter of Sigma Delta Chi, national men's journalism fraternity.

Martin, a member of Blue Key, a national service honorary, is also affiliated with Kappa Sigma fraternity.

### 'Elijah' Given By University Group

Mendelssohn's oratorio "Elijah" was presented by University Singers in the auditorium Sunday afternoon. Norman Logan directed the group. Marian Frykmaa provided an organ accompaniment and Deloris Knight was pianist for the chorus.

A near-capacity audience filled the auditorium. This concert was opened to the public at no cost. Recitatives, choruses, duets, and arias were heard in the program.

Featured soloists included Joanne Peters, soprano; Joan Martin, Joyce Walsler, contraltos; Glen R. Lockery, Jack Gregory, tenors; S. Keith Forney and Robert Sims, baritones.

The dormitory commissaries, like Topsy, "just grew." No two had the same policies and operational procedures, but now all will follow the same approved plan. Although general coordination and supervision of all commissaries will be the responsibility of a university official, immediate supervision will be the duty of the particular dormitory's governing board.

#### No Punchboards

Because these commissaries are quasi-public and operate in buildings for which the Regents are responsible, punchboards or gambling devices of any kind are prohibited in them, the Regents ruled. Complete recommendations follow:

1. Immediate supervision of a commissary shall be by the governing body of the dormitory, with an official of the University having general supervision and working in conjunction with the governing body.

2. In case of disagreement, the issue shall be reviewed and arbitrated by the University Operations Council, subject to final authority of the Regents.

3. Each dormitory conducting a commissary shall appoint a financial committee. The duties of this committee shall be to act in an advisory capacity to the governing body on financial matters and to be responsible for a financial report to the University supervising official at the end of each academic year.

#### Non-Profit Plan

4. The commissary should be operated primarily for the convenience of those students living in dormitories and not for profit. Items carried in the commissary should be for the convenience of the groups concerned. To determine the list of items to be carried in stock, the governing body shall first compile a desired list and review it with the University supervising official for his approval. In case of dispute, the mechanism set forth in paragraph 2 above shall be applied.

5. No foods shall be cooked in the commissary and only packaged foods shall be sold. An exception to this should be made in the case of Pine Hall.

#### Resident Operators

6. No punchboards or gambling devices of any kind shall be allowed in a commissary.

7. The selection of the operator or operators of a commissary shall be left to the governing body of the dormitory, in order that it may select the system best suited to their particular needs; provided, however, that the operator or operators selected shall be resident members of the dormitory concerned.

### COMING EVENTS

TODAY: Publications Board meets at 12:30 noon in Bucket Coke Room. Argonaut Staff Gem pictures will be taken at 4:30 p. m. in Arg office.

Blue Key initiation banquet at 5:30 p. m. in Ad Club. Scabbard and Blade meets for Gem picture at 8 p. m., Room 101, Memorial Gym.

WEDNESDAY: Vandal Flying Club meets in Education Workshop for movies. 7:30 p. m.

Athletic Manager's Association meets 7:30 p. m. in Memorial Gymnasium.

THURSDAY: International Relations Club meets at 7:30 p. m. at TKE house.

FRIDAY: University 4-H Club meets for Gem pictures at 5 p. m. in Dairy Science.

## What Has The S.A.B. Done?

Since the first game of the basketball season there has been some adverse criticism of the Student Activities Board, due to the lack of traditional half-time entertainment.  
 Article XIV, clause 2, defines the duties of the board—"It shall be the duty of the Student Activities Board to provide half-time entertainment at athletic events and to sponsor weekend dances and other activities as are deemed necessary by the ASUI Executive Board." Such has actually not been followed through by the board. This fault is not to be laid at the feet of the SAB. Earlier in the year ASUI prexy Bob Moulton informed the SAB that half-time entertainment for basketball games did not include pre-conference games.

### Prepared Projects

Although not showing any outward signs of accomplishing anything, the SAB has set up plans for half-time entertainment for the conference basketball games, it is handling the bridge tournament to be held in the near future, and is making plans for a freshmen orientation program for all new male students. Those projects are not to be "brezed" into without adequate preparation if they are to please those who are to observe or to take part.

Just hold onto your hats and give the SAB a chance to show their stuff, which they will do in the near future, and then if you have any criticisms, good or bad, see Dick Boyle, chairman of the SAB. B. H.

## Coffee Drinkers Take Heed, The Stuff Will Get You Yet

By Don Hardy

I used to have an uncle who loved to drink coffee, with or without cream and sugar. He drank about a gallon a day, and all the relatives would try to get him to stop. They always said the darn stuff would kill him. Well, it finally got him all right—he was 94 when he died.

You may say, and rightly too, just what the heck difference does it make? But hold tight kiddies, this little story just made me think of all the coffee drinking that takes place on the campus.

### Look To Your Future

Now really, do you need all that murkney goop slushing around in your viscera? Of course I'm no T-totler. I sneak off in a corner and have shot of coffee every once in a while, but every time I get the urge to have a second cup, I remember the fate of my dear departed uncle.

Uncle was a good man. He only kicked the kids when he felt like it, and he loved his wife and his home. He must have, because he spent all his time there. He was always happy as long as the kids earned enough jack to buy more java. As I say he was a good hearted old cuss, but he went on coffee binges for two or three weeks at a time. He would sit with a ghoulish gleam in his eye and guzzle coffee by the hour.

### Heading For Ruin

As I look around in the java joints on campus, I am frequently alarmed to see that same ghoulish gleam peering at me over the top of numerous coffee cups. We seem to have all sorts of mud guzzlers on the campus. They rush shakily into a coffee dispensing establishment between classes, glancing nervously about as they grab for a cup and saucer. Then, with the steaming black liquid before them they raise the shaking cup to their lips and drink deeply. This done, they exhale sharply and huddle over their cup as if to defend it against all comers.

I don't wish to become an alarmist, but these people are extremely numerous and their ranks seem to be swelling. Even my room mate has visions of pink coffee beans dancing around a lake of the steaming brew. And so, dear people, unless you wish to die like my uncle at the early age of 94, you had better go on Myself, I can take it or leave it; but give me cream and sugar various denominations have not please.

## Slalom Races Will Be Held Near Troy

Changes in plans for the February 11 winter carnival were announced today.

The giant slalom races will be held at a new ski tow two miles from the campus on the road toward Troy instead of Emida as had been planned. The new tow is over 600 feet long.

Both men and women are currently practicing under the tutelage of varsity ski team members at the golf course and behind the ad building in preparation for the forthcoming Carnival.

Circulars will be sent out in the near future to each of the living groups explaining the details of the sculpturing and slalom contests and also the system of dual scoring which will permit competition on a fair basis between the men's and women's teams.

## Black Is Elected I.R.C. President

Sherman Black was elected president of International Relations Club at a business and social meeting held last Thursday.

Others officers elected were Leo Cespedes, vice president; and Bonnie Shuldberg, secretary.

The next meeting will be held Thursday at the TKE house when Sgt. Robert M. Moore, instructor in ROTC at the University will show moving pictures. Moore spent three years in Germany and 18 months of that time was spent at the International Military Tribunal at Nuremberg.

## Religious Emphasis Committee Meets

Committee chairmen and the executive committee for Religious Emphasis Week—'50 met Tuesday evening in the Christian Institute. Dates cleared for Religious Emphasis Week are February 26 through March 4.  
 Ralph Miller, co-vice chairman, to die like my uncle at the early age of 94, you had better go on Myself, I can take it or leave it; but give me cream and sugar various denominations have not please.

## College Graduates May Qualify For Army Commissions

A program to accept applications of qualified college graduates for direct commission as second lieutenants in the Regular Army has been initiated by the Department of the Army, according to Lt. Colonel Howard R. Cress, Commanding Officer of the Spokane Army and Air Force Recruiting office.

### Degree Necessary

In order to be eligible to apply for a commission, all persons must first possess a baccalaureate degree from an accredited college or university. Individuals not holding a baccalaureate degree may apply, provided they will be awarded such degree prior to the 30th of June 1950. A waiver will be considered for those individuals having 120 or more semester hours gained through attendance at an accredited college or university.

### Qualifications

Additional qualifications, said Colonel Cress, are: The applicant must be a citizen of the United States, have reached his 21st birthday, but not have passed his 27th birthday, unless he has had previous military service. He must also have served honorably on active duty as a commissioned officer in any of the armed services for a period of at least one year between December seventh, 1941 and December second, 1945. Applications may be obtained in room 105 in the Memorial Gymnasium.

## University Movies Viewed By Alums

A series of Idaho alumni meetings will be held throughout the northern part of the state during this week to give graduates a preview of a new technicolor motion picture depicting life on the university campus.

Showing student activities from training in mine rescue work to grooming of sheep for the Little International Livestock show, the film also includes football motion pictures. Attending the meetings from the University will be James Lyle, alumni secretary, and George Greene, director of athletics.

Tentative schedule for the picture previews includes St. Maries, today Coeur d'Alene, Tuesday; Wallace, Wednesday; Kellogg, Thursday; Sandpoint Friday, and Bonners Ferry, Saturday.

## Books On Sale For 2nd Semester

Chet Kerr, Student union bookstore manager, announced yesterday that text books for second semester classes may be purchased as soon as students know their study schedules.

Books will be sold during registration week only according to the number system as used in previous years.

## Idaho Researchers Work In Woods

The scene of probably the University of Idaho's most rugged piece of research, where the middle fork of the Salmon joins the main river is marked by a large log with the inscription, "Yonder lies the Idaho wilderness."

Two research fellows in the school of forestry, Stewart M. Brandborg and Dwight R. Smith, are spending the winter in that primitive area gathering data on winter life of bighorn sheep and Rocky Mountain goats. Their study is being conducted under the supervision of the Idaho cooperative wildlife research unit.

## Home Ec. Majors To Hear Speaker

Home Service Director at the Washington Water Power in Spokane, Mrs. Lucille Ramerey, will be a guest of the Home Economics department Tuesday.

Mrs. Ramerey will address senior Home Economics majors regarding opportunities open in the field of home service work to graduated students.

## Rehearsals Begin For Spur Waddle

Rehearsals for the 1950 Spur Waddle began January 11 in the Women's gymnasium, according to Marcella Minden, Spur president. Mrs. William Boyer, senior advisor for the group, is directing the drill practices each noon. This year's waddle will be March 3.

Presenting the Spur Waddle has become an annual tradition on the Idaho campus. Each year the girls, attired in white uniforms and carrying small flashlights, perform various routines in the darkened gym during half-time of the final Idaho-WSC basketball game.

## Title Change

The University board of regents has granted authority to change the presently authorized bachelor of science and master of science degrees in Commercial education to the title "Business Education."

The change of title does not change any of the curriculum or requirements but merely brings the university up to date, Dean Weltzin, head of the school of education, said.

## Students May Sell Books Feb. 1st-4th

Used textbooks may be sold to representatives of the Nebraska book company upstairs in the Student Union Bookstore from Wednesday, February 1 through Saturday noon, February 4.

Regular Student Union prices will be paid, according to Chet Kerr, bookstore manager.

The percentage of insanity is greater among the unmarried than among the married.

## Unusual Displays Revealed At Annual Engineers' Ball

Individual department displays and a mirrored center decoration highlighted decorations for the annual Engineers' Ball sponsored by Idaho Associated Engineers Saturday evening in the Women's gym. Approximately 150 couples danced to Clyde Lund's orchestra.

With the general theme "Dream", decorations featured a tunnel entrance with the various displays placed around the gym. Hanging from the ceiling as the center decoration was a revolving, octagonal ball covered with mirrors on which were projected red and green spotlights.

### Prize Awarded

At intermission electrical engineers were awarded a ten dollar prize for the most outstanding display, a model of the Washington Water Power Long Lake power plant and dam, illustrating power production for a miniature lighted town.

Constructed from an egg beater axle, atomizer carburetor, blow torch spark plugs, the mechanical engineers' exhibit was entitled "How the Family Auto Works." The Civil engineers set up a relief map showing ground contours with a Bureau of Reclamation background display of Montana's Hungry Horse Dam.

### Ag Engineers' Display

A model farm site with a windmill running the various farm appliances was the agricultural engineers' display while the chemical engineers featured their "traditional" "compatometer" which registered each couple's compatibility.

Patrons and patronesses, Dean and Mrs. Allen Janssen, Prof. and Mrs. N. F. Hindle, Prof. and Mrs. J. H. Johnson, Prof. and Mrs. J. W. Martin, Prof. and Mrs. C. A. Moore, and Dr. and Mrs. C. O. Reiser, judged the exhibits.

### Chairmen—Committees

Under general chairman Pat O'Connor, decorations were handled by the electrical and agricultural engineers with co-chairmen Clyde Maughan and Leslie Ab-

bott. Other committees and their chairmen were: tickets, mechanical engineering students headed by Harry Hendron and Burton Gibson; advertising, chemical engineers under chairman Ted Deobald; clean-up, civil engineers with John Mayo as director.

### NO BONE

Whalebone comes from the skin lining the mouth of the whale and is not true bone.

## Good Food . . . Good Food . . . Good Food

## For a Tasty, Hearty Lunch

The real "stick-to-the-ribs" noon lunch served by The Nobby Inn has justly earned a fine reputation! Plenty of good food, cooked to retain all the delicious flavors!

# Alpha Chi Dance Has Winter Theme; Anniversary Celebrated By T.K.E.

"Winter Wonderland" was portrayed by Alpha Chi Omega at the Upperclassmen dinner-dance on Saturday. The theme of the Campus Club fireside given Friday was "Ski Lodge."

### Tau Kappa Epsilon

Sunday afternoon the Idaho and W. S. C. chapters of Tau Kappa Epsilon celebrated the Golden Anniversary of the fraternity with a banquet at the Washington Hotel in Pullman. Dean McAllister of St. John's Cathedral in Spokane was the principle speaker of the evening. His topic was "American Fraternities and Universities." Other speakers at the banquet included President Compton of W. S. C. and Win Bishop, president of Alpha Delta, Idaho chapter. Approximately a hundred guests attended the dinner.

An informal fireside was held at the chapter house following the boxing matches last Friday. The main event of the evening was a marshmallow roast.

Guests for Wednesday dinner were Virginia Harrington, Phyllis Burr, Larry Giles, and Bill Lawman.

### Campus Club

An informal fireside was held Friday with the theme "Ski Lodge." Ski poles, skis and snowshoes decorated the hall. Refreshments of coffee and do-nuts were served during the evening. Music was by records. Francis Flerchinger made arrangements for the dance and Alan Truesdell was in charge of refreshments. A sleigh ride had been planned originally, but was canceled because of cold weather and snow.

Joyce Freeland was Sunday dinner guest and Gary Flory was a guest for the weekend.

### Alpha Chi Omega

The upperclassmen's dinner-dance was held Saturday at the chapter house, with "Winter Wonderland" the theme. Icebergs illuminated with multi-colored lights greeted guests as they entered the house. In the alcove above a huge cotton snowman, was a sign directing the way to "Wonderland Lodge." A deer-head was placed above the fireplace, and on either side were skis and other sporting equipment. Red and silver tinfoil illuminated by colored lights kept a glowing false fire burning throughout the evening. A mirror painted with a water color scene hung at the other end of the room. An outdoor scene was depicted in the music room. Old man winter cooperated with the decorations committee and frosted all the windows. Spitoons made of tin cans and bearing the inscription "Wonderland Lodge" were distributed through the rooms.

Mr. and Mrs. Chris Hagen, Mr. and Mrs. John Peeves and Dr. Earl J. Larrison were patrons and patronesses for the affair. Weekend guest was Phyllis Newmeyer of Lewiston.

### Delta Chi

A fireside was held Saturday night with social chairman, Corky Davis in charge. Refreshments were served during the evening. Patrons and patronesses were Mr. and Mrs. Clair Christiansen, and Mr. and Mrs. Don Whiteman. Wayne Anderson was a dinner guest on Sunday.

### Forney Hall

Forney women entertained Ridenbaugh hall with a costume fireside at Forney hall Sunday from 10:30 p. m. to midnight. Jane Fisk and Lou Carlson led group singing to begin the activities. Skits including both Ridenbaugh and Forney women were enacted. Phyllis Larson was in charge of refreshments.

Prizes for costumes went to Colleen Christensen, uniqueness; Pat Rambo, comicalness; June Thomas, actions appropriate to costume; Pat Brown and Louise Blendon, cleverness; and Ester Simon and Katherine Mautz, originality.

Sunday dinner guests were Marcella Minden, Benton Bangs, Jr., Bob Hooper, and Mr. and Mrs. Wayne Cole and Mary Lou. Laura McVicker and Beverly Gallup were also recent dinner guests.

Lambda Chi Alpha "Nautical Nighmares" will turn the Lambda Chi house into a South Seas atmosphere on Friday night. Roger Ashby, social chairman, is in charge of the decorations which will consist of a large ship sailing for a distant tropical isle. Dancing will be on the ships deck.

Mrs. C. F. McCee was presented a sweetheart pin on Sunday in appreciation of help given in the re-establishment on Lambda Chi Alpha on the Idaho campus. Other guests for dinner were Gloria

Moore, Connie Teed, and Gordon and Phillip Wester.

### Delta Delta Delta

Jerry Leslie was a dinner guest on Thursday. Sunday dinner guests were Don Masters, Rich Chamberlain, Dick Nickeson, and Mr. C. A. Sargent of Pittsburgh, Pennsylvania.

### Kappa Sigma

An informal fireside was held Saturday evening. Guests for Sunday dinner were Don Prisky, Jim Heaphy, Jim Phillips, Cliff Brewer and Ewel Grossberg.

### Alpha Tau Omega

Plans are underway for the celebration of Alpha Tau Omega's 25th Anniversary. Ken Frederiksen is general chairman, assisted by Wally Schmidt and Don Amos. Mrs. Christianson and Colleen Christensen were dinner guests on Wednesday. Guest for dinner was Jack Pepper.

### Lindley Hall

Lindley Hall laughed in the face of unlucky Friday the 13th as the men's group held a dance on that evening.

The dance was semi-formal and the decorations were in keeping with the date. Under the direction of Herman McDevitt, the men of the hall decorated their cafe with spiders, black cats, unlucky dice, and broken mirrors for the affair.

A good crowd attended the dance and the favors given to the couples were gold horseshoes with a good luck slogan attached.

Dr. and Mrs. Grant E. Wiggins, Mr. and Mrs. Ted Parker, and Mr. and Mrs. Thomas Rigby acted as hosts and hostesses.

### Exchanges

Ridenbaugh Hall held an exchange with Alpha Tau Omega this week. Other exchanges were Delta Delta Delta and Sigma Alpha Epsilon, and Forney hall with Lambda Chi Alpha.

## All-Campus Fireside Held This Friday

Roving Rendezvous, an open-house fireside for all campus students and sponsored by Independent caucus, will be held in the Women's gym, Friday, with T. M. A. as hosts. Last week the first 1950 meeting of this series, started in October by the Independent caucus social committee to provide a place to dance Friday evenings was held Friday at Willis Sweet hall following the boxing card.

## Miss Ritchie Speaks For WSC Seniors

"Responsibility of Today's Home Economist" was the title of a talk by Miss Margaret Ritchie, head of the department of Home Economics, before the Washington State College chapter of Omicron Nu, national home economics honorary.

Both initiates and members were present at this initiation banquet held last week in Pullman.

ST... Lauded Symphony ... P1 Conductor George A. Michael will make his initial public appearance in the Music Department concert series, directing the University Symphony Orchestra in their first concert of the year, Wednesday, January 25.

Featured soloist will be Elinor Holden, pianist, who will play the first movement of Rachmaninoff's Second Concerto for piano and orchestra. This concerto has enjoyed a tremendous popularity during the past several years, although it is one of the composer's earlier works.

### New Staff Member

Professor Michael joined Idaho's music staff last September when he came from his home in Tulsa, Oklahoma, to assume the teaching position of Professor Carl Claus, currently on leave of absence.

Since his release from active military duty Professor Michael has taught on the faculties of State Teachers College, Dickinson, North Dakota and Bethany College, West Virginia. He holds Bachelor's and Master's degrees in music from Eastman School of Music, Rochester, New York.

The University Symphony, founded in 1922 by Professor Claus, is well-known for its excellent performance. The January 25 concert will begin at 8 p.m. in the Auditorium. The public is invited.

### DIVORCE GROUNDS

Failure of a husband to sew his wife's clothes is grounds for divorce among some African natives.

## Sigma Xi To Hear Dr. Simpson On January 19

Dr. George Gaylord Simpson, chairman of the American Museum of Natural History's department of geology and paleontology, will address a joint meeting of the University of Idaho and W.S.C. college chapters of Sigma Xi, national society for the encouragement of scientific research, in Moscow on January 19.

The meeting will be held in the Moscow Ad club and will begin with a dinner at 6:30 p.m. followed by Dr. Simpson's lecture at 7:45 p.m.

Dr. Simpson will speak on the effect of geology and evolution in developing the animals of Latin America.

According to Dean Allen S. Janssen, president of the Idaho Sigma Xi chapter, the dinner and lecture will be open to all interested persons even though they may not be Sigma Xi members. Those not wanting to attend the dinner may come at 7:45 for Dr. Simpson's talk.

Dr. Simpson is a national lecturer for Sigma Xi and is a professor at Columbia university. He has done extensive research, ranging widely through the field of fossil mammals.

## Radcliffe College Offers Fellowships To College Women

A ten month's management training program has recently been announced by Radcliffe College offering one academic year graduate fellowships in the field for women graduating this spring.

Providing a basic training for young women intending to work at the administrative level, including administrative positions in personnel departments, college directors of the training program offer fellowships covering tuition fees, in whole or in part, for the year 1950-1951.

### Harvard Affiliates

According to directors T. N. Whitehead and R. J. Roberts, the program includes seven months class instruction under the Harvard University graduates School of Business Administration faculty and other college instructors. Class work will be followed by three months of carefully selected full time apprentice work in business, government, and other organizations.

Tuition for the course, which will begin late in August, is \$650 for those students not attending on fellowships. Enrollment is open to a limited number of graduates of approved colleges. For catalogue and further information apply to T. N. Whitehead, Management Training Program, Radcliffe College, Cambridge, 38, Mass.

## A. W. S Presents Slate To Council

A tentative slate composed of nominations for president, secretary, treasurer, orientation chairman, May Queen, Maid of Honor, and Page will be presented to the A. W. S. council tomorrow.

A meeting for all women students will be held Wednesday, January 25, in Ridenbaugh hall at 5 p. m. to complete the slate through nominations from the floor. The AWS council requests that women students be very careful in making nominations for the officers to be filled.

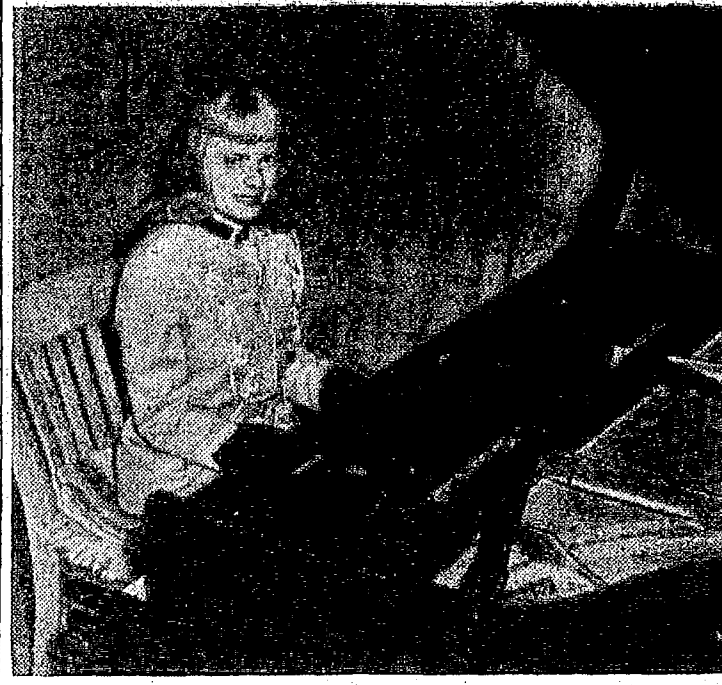

### Officer Requirements

AWS president and May Queen must have attained senior standing by the fall semester of 1950, the Maid of Honor must be a junior during 1950-51, and Page must be in the Sophomore class of the same year. Vice president will be the nominee for president who receives the second highest number of votes. There are no restrictions on the other officers. Elections will be held February 15 with run-offs planned for February 22. The new council will be installed shortly after the final election results are tabulated.

### NO BITING

In early Greek boxing and wrestling even the breaking of bones was legal, with only biting prohibited.

## Jeanne Foster At The Piano

Miss Jeanne Foster, senior music major, will be the featured pianist when the university band presents their annual concert in the auditorium Thursday at 8 p. m. Her main number will be as soloist in the performance of Donald Phillips "Concerto in Jazz." Miss Foster has been one of the outstanding campus musicians during the last three years. She plans on teaching school upon graduation next June with a B.A. degree in music.

## Mylander-Newell Wed In December

St. Mark's Episcopal Church was the setting for the wedding of Miss Verda Mylander daughter of Mr. and Mrs. W. J. Long, and Robert Newell, son of Mr. and Mrs. E. L. Newell, on December 20.

For her wedding the bride wore a white velvet gown, Victorian styled, and a veil of heirloom lace. Her maid of honor, Miss Emmalyne Ball, wore a gown of holly red velvet similar to that of the bride's. She also wore a matching Quaker bonnet and carried a red velvet muff decorated with red roses, poinsettias and holly. The bridesmaids, Margaret Webber and Caroline Jenkins, were attired in gowns of green velvet like that of the maid of honor. The bride's attendants are all sorority sisters. Best man for the groom was Bill Cherry, and the ushers were Don Walter, Keith Ellis, and Wally Pahlad.

Following the ceremony, a reception was held at the Alpha Chi Omega house.

Mrs. Newell is a senior majoring in education and is affiliated with Alpha Chi Omega. Mr. Newell, who is a member of Delta Chi, is also a senior, in the department of business administration. The couple live in Moscow.

## Church News

### Canterbury Club

A meeting of the Canterbury Club will be held at 7:30 p.m. at the Rectory.

Corporate Communion will be celebrated Wednesday at 7:00 a.m. in the student's chapel in the Rectory.

### Kappa Phi

Initiation ceremonies will be held this evening at 7:00 p.m. Pledges are requested to wear white, and to bring pledge pins.

The Gem picture will be taken tonight also.

### Newman Club

No meeting will be held tonight since repairs have not been completed in the Parish hall.

A picture for the Gem will be taken following 9:30 Mass next Sunday.

## Infirmary

Those admitted to the infirmary this week include Mary Tobin, Thomas Davie, Mary Clyde, Marie Hargis, Philip Johnson, Gerald Sperazzo.

David Downing, Jean Frahm, Margaret Pruett, Elmer Sabolchy, Harry Turner and Stewart Hutchens were also listed.

## Keith Bean Is New Delta Chi President

Keith Bean was recently installed as president of the Delta Chi fraternity. Keith Ellis is the new vice president and pledge counselor, Dutch Engert, secretary, Ray Boehm, assistant house manager, Don Walter, sergeant-at-arms and pledge trainer, and Jerome Kinsey, corresponding secretary.

The new president appointed Corky Davis, social chairman, Lloyd Schiller, rush chairman, and Louie Hirschmann, scholastic chairman.

## Students Transfer From Other Schools

Transfer students to the University from Idaho colleges this semester numbered 104. This includes both undergraduates and graduate students.

The following Idaho colleges sent transfers: Boise Jr. College, 27; College of Idaho, 17; Farragut, 12; Idaho St. College, 26; N.I.C.E., 8; Northern Idaho Jr. College, 11; N. W. Nazarene College, 2; and S.I.C.E., 1.

## 3 Engagements Announced In Campus Social Circles

Alpha Chi Omega sorority has been busy since school reopened with the help of three engagements. Rosemarie Jager, Margaret Eke and Caroline Jenkins have announced engagements during the last two weeks.

### Jager - Kaull

Thursday, January 5 was the date chosen by Rosemarie Jager to announce her engagement to Jed Kaull, son of Mr. and Mrs. Frank Kaull of Great Falls, Montana. Miss Jager is the daughter of Mr. and Mrs. Ralph Jager, also of Great Falls.

A photograph of the engaged couple, framed in a light blue background, and bearing the inscription, "Wedding Bells" revealed the news. The centerpiece of red carnations completed the decorations.

Miss Jager is a freshman music major and a pledge of Alpha Chi Omega. Kaull is also a freshman and a major in business administration. He is a Lambda Chi Alpha pledge.

A late summer wedding is planned, after which the couple plan to continue their studies at the University of Oregon.

### Eke-Robinette

Margaret Eke announced her engagement to Jack Robinette January 9 at the Alpha Chi Omega house. Miss Eke, a member of Alpha Chi Omega, is the daughter of Dr. and Mrs. Paul A. Eke of Moscow. Robinette is the son of Mr. and Mrs. John D. Robinette of Boise.

The ring was displayed on top of a large snowman which was sitting on a glass tray surrounded by holly and white crysanthemums. A scarf tied around his neck revealed the names of the couple. At each place was a miniature replica of the large snowman, made of marshmallows. The centerpiece was of Siberian iris, daffodils, snapdragons and pussy willow.

Miss Eke is a Home Economics major and a senior. Robinette

## Sam Graf To Talk Before A. S. M. E.

Mr. Samuel H. Graf, regional vice president of the American Society of Mechanical Engineers, will pay his official visit to the Idaho student branch of the society on January 18.

Mr. Graf will give an informal talk before meeting the A. S. M. E. in room 104 of the engineering building at 4:30 on January 18, and will answer any questions students may offer regarding A. S. M. E.

# Mittmen Slaughter Invading Savages; Dangerous Gonzagans Next Opponents

Idaho's varsity boxing squad, defending champions of the Pacific Coast, will face their toughest test to date in the dual meet here Friday night, January 20, with Gonzaga university. The Gonzaga squad, like that of Idaho, is replete with veterans and last year defeated Idaho in one meeting four bouts to three, and tied the second meeting 3 1/2 to 3 1/2. This year's contests between the two outfits promises to be just as close.

The Vandal squad opened its season with a convincing 7 to 1 victory over Eastern Washington last Friday, but Coach Young feels his squad still has far to go before the home stretch of the ring season—the final tournaments at the end of March. After the Gonzaga meet there remain five dual meets before the PCC finals and the NCAA national championships.

### Pein Lone Victor

Ringersider was impressed at the EWCE meet with the well balanced squad presented by the university. Only loss during the evening was in the heavyweight, the winner, Pein, EWCE, was last year's PCC champion in that division.

Three outstanding battlers on the Vandal squad were Frankie Echevarria a sophomore in the 125-pound class; Len Walker, junior, at 145 pounds and last year's national champion at 135 pounds; and Herb Carlson, senior, 165-pounds. Carlson has twice won national titles. Surprise of the card was the showing made by Bud Lawson, sophomore in the 155-pound class. Lawson showed startling punching power and looked like a real ring comer. He won a starting call Friday over Senior, Thane Johnson, a two-letter winner.

"We still have quite a bit to do in conditioning," said the Vandal coach, Frank Young. "This weather has slowed down road work and it seemed to me several of the boys ran out of steam in the final round. They'll have to show me more than they did against the less experienced Eastern Washington squad before I can have any hopes of their getting far this season."

The Gonzaga card will start at 8 o'clock in Memorial Gymnasium. Idaho officials said the advance ticket sale had been excellent but there were still a few reserved seat ducats left. General admission tickets will go on sale on the day of the fight.

## Vandal . . . . . Portraits

By FRED BOYLE

The lanky Norseman pictured below is Sverre Kongsgaard, stellar ski jumper from Kongsberg, Norway. Kongsgaard has often been called the ski jumping capital of the world and it has sent us one of its most famous sons. Sverre will be the first to tell all that he is far from the best, but on the strength of his record-

breaking performance last year, many are inclined to rank him with the top ski jumpers in this country.

Sverre is a senior majoring in Civil Engineering and is more anxious about getting good engineering marks than he is in breaking all the ski jumping records that exist. As he puts it, "Some things we must do; I have to study. Skiing is a diversion."

Anyone who saw Sverre poised at the top of towering Olympian Hill at Hyak, Washington, would never think that skiing was a diversion for him. All doubt would be erased from one's mind when he saw the Norwegian sail gracefully through the air, and settle to earth at the 290 foot mark thus setting a new North American record.

Students will have a chance to see this powerful Norwegian in action on February 19 in the Esmeralda Jumping Tournament on Mt. Spokane.

## Grew Up On Skis Apt Description Of Slat Team

Though injuries marred its first trial of the season, Idaho's 1950 ski team appears to be the strongest in the institution's history.

On this year's squad are four Norwegian exchange students who literally "grew up on skis." First among these is Sverre Kongsgaard, one of the only two lettermen on the squad. Sverre comes from Kongsberg, Norway and, while competing for the University of Idaho last year, jumped to a new North American distance record of 290' off towering Olympian hill, Hyak Wash. This record has been broken since then. Kongsgaard is one of the most powerful ski jumpers in this country and ranks among the top three or four collegiate competitors. He is a senior majoring in civil engineering.

### More, Norse

From Oslo, the capital city of Norway, Tor Lyshaug came to Idaho this year as a junior in civil engineering. Just 26 years old Tor has skied for 20 years, specializing in downhill and slalom. He has raced in many class 'B' slalom races in Norway and placed first in a number of them. Kaare Reed, 25 year-old, has skied for 19 years in Norway. Reed is from Fluberg, Norway and specializes in cross-country. He is also taking civil engineering at Idaho. He never competed in his native country but has already proved, by his practice performances, that he should be able to match most of the collegiate langlaufers.

The fourth Norwegian, Paal Myklebust, is presently on the injured list with a twisted leg which he received at Rosslund last weekend. Paal is a better than average 'B' jumper and a good cross-country runner. He will not be skiing for a couple weeks, but may be in shape for the next meet January 28. Paal is 27 years old and started skiing when 7 years old.

Seven meets have been set by the Idaho Ski team with two more anticipated. Negotiations are now in progress for meets at Bogus Basin and Sun Valley.

### Four Event Star

Other squad members include captain elect Fred Boyle, Hoosick Falls, N. Y. Boyle learned to ski at Tuckerman's Ravine in New Hampshire and has been training for 15 years. A four event skier, Fred is the other Vandal letter winner from last year. He favors the jumping events.

Two freshmen from Idaho are on the team. These are Muddy Numbers (his real name is Murray but he prefers the more original monicker.) McCall, Idaho and Dan Creswell, Boise. Muddy won the PNSA junior championships at Sun Valley in 1947. He skis in the slalom, downhill, and jumping events but prefers the downhill. Experts rate Numbers as one of the most promising young skiers to come out of Idaho in a long while. Creswell has skied only three of his 20 years but is a consistently good competitor in downhill and is shaping into a better than average slalom runner and jumper.

### Sun Valley Training

Prior to holiday vacations the Vandal skiers, particularly the Norwegian students received and accepted an invitation to stay at Sun Valley and they trained on that famed resort's facilities for two weeks. All were impressed by the hospitality extended by Sun Valley's management.

New year's day, members of the team staged an exhibition jumping contest for the resort guests. In return they were invited to numerous functions sponsored by the Sun Valley Ski Club, including exhibition skating and dancing, and even to private homes for dinner.

Kongsgaard, Myklebust, Boyle, and Numbers are believed to make up one of the most powerful collegiate jumping combinations in the Northwest. People of the Inland Empire will get a chance to see Kongsgaard compete with some of the world's greatest jumpers at the Helga Sather Hill in Spokane February 19. (Mt. Spokane)

## Time Out

By COSTELLO

Our letter box was overflowing with a letter Thursday. This rare event, as usual, has inspired us to put the correspondence into "Time Out." It not only serves to show the public how popular we are; it also saves us the work of writing a column . . .

Dear Time Out:

I agree with your statement regarding the new basketball final two-minute rule. It is entirely out of place and in my opinion compares with the following hypothetical case:

Less than three minutes remain in this annual Rose Bowl football game, Red team leads Green team by a score of 7-6.

The referee's whistle blows as the Reds advance the ball to midfield.

Coaches and players of both teams are informed that a new two-minute rule is in effect. This rule stipulates that during the final 120 seconds there are to be no timeouts and the offensive team can keep the ball until a defensive opponent recovers a fumble or intercepts a pass. Free field goal attempts are awarded in case of penalties and the kicking team will retain possession on its own 20-yard line.

### Think It Over

Does this mythical football game amaze you? Well, stop and ponder at the two-minute rule in basketball today. The offensive team under this NCAA ruling has the same advantage in basketball as the hypothetical offensive football team.

After timers have indicated the final two minutes, defensive players can only rely on opponents' fumbles, out-of-bounds, or an intercepted pass to gain possession of the ball. When a foul is committed, a player is given one or two free throws and his team retains the ball. This not only gives the leading team a distinct advantage, but also slows down the game from a spectators standpoint.

### Rule Abolished

Most constructive action toward this two-minute rule was taken a few days ago when the Eastern Collegiate conference voted to disband the entire rule. Teams in this conference will play the final two minutes under the same rules which govern the preceding 38.

Although not eliminating the ruling, Evergreen conference has a varied two-minute rule which gives the fouled player two free throws. If the second free shot is missed, ball is in play and if successful, the team committing a foul is awarded the ball.

A group of teams in the midwest has rearranged the ruling to have two centers jump at midcourt after any foul shots in the final two-minute period.

### Let Us Pray

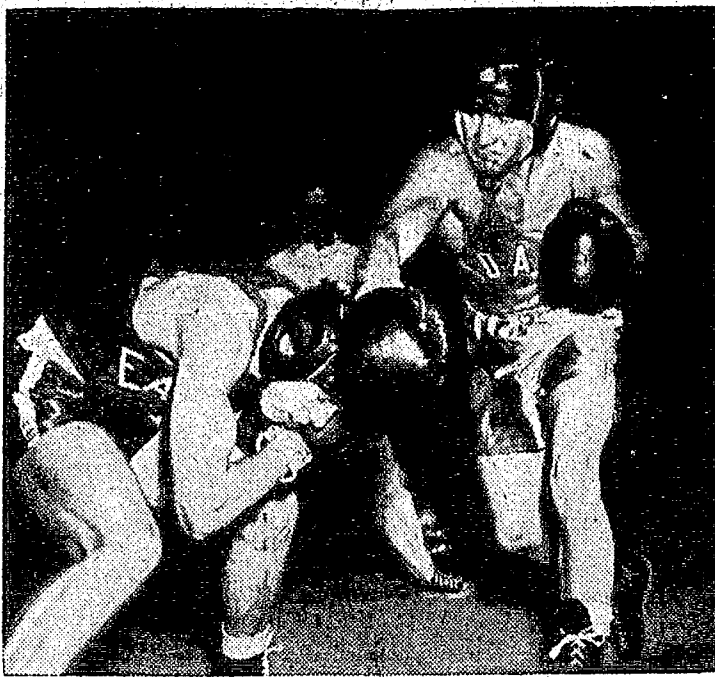

It is hoped by a majority of players and fans that these three groups have started a trend toward complete elimination of the two-minute rule. Basketball spectators come to see fast action and the ball swishing through the hoop for 40 minutes; not a players' game for 38 minutes and a referee's game for two minutes.

Greatest benefit derived from this rule is by the spectators who will not miss any excitement when they leave the game early in order to avoid milling crowds and traffic jams.

### Vince Conley

Time Out adds a 'ear'y 'ear 'ear.

## If Looks Could Kill—

Idaho 130-pounder DeForrest Tovey connects with a hard one to the head. For Hib Bender of EWCE it was only one of many during the second bout Friday evening. Tovey won the clash by a decision. That is Referee Rex Blewitt in the background.

## Cagers Smother All-Stars; Finley Utilizes Entire Squad

### NORTHERN DIVISION STANDINGS

	W.	L.	Pct.	PF	OP
Washington	3	1	.750	205	176
Oregon State	2	1	.667	157	144
Washington State	3	3	.500	290	283
Oregon	1	2	.333	146	167
IDAHO	0	2	.000	83	111

Presenting a display of power which justified their pre-season high rating, the University of Idaho Vandals romped to an easy 69-38 win over a Wallace All-Star quintet Friday evening. The contest was played in Wallace.

Coach Finley called his entire squad of thirteen men as the score soared higher and higher. Second and third stringers carried most of the load for the visiting and victorious Vandals, who at half-time held a commanding 30-18 lead.

Ken Barker, reserve center, paced the Vandal attack with 15 points. Idaho's next conference appearance will be Monday and Tuesday, January 23 and 24, with Oregon State on the Vandal court. To date, the Beavers, along with the University of Washington, held down first place in conference play. Washington State and Oregon are third and fourth while Idaho, failing to win her first two starts, holds on tight to the cellar spot.

### SOUTHERN DIVISION STANDINGS

USC	3	1	.750	239	216
UCLA	3	1	.750	234	205
Stanford	1	3	.250	218	251
California	1	3	.250	197	216

## Two Hoop Squads Remain Unbeaten

Powerful Holy Cross has just Duquesne left for company today in the undefeated class among the country's top basketball teams.

The Crusaders, fifth in last week's Associated Press poll, keep knocking off the strong ones at home and on the road. Their latest and 13th victim is Georgetown which fell, 77-51, Saturday night.

Only the night before, the D.C. five lost by just one point, 67-66, to St. John's rated first in the poll. This shot Holy Cross stock up. Duquesne defeated Loyola of Chicago for its 12th victory Saturday, 62-54. The Dukies are eighth in the poll.

Last week's most startling upset was Tennessee's Saturday trouncing of Kentucky, 69-53. The Wildcats rank second in the poll. It's the first time since 1945 that a Southeastern conference five has whipped Kentucky. The Volunteers did it then, too, 35-34. In between Adolph Rupp's boys humiliated SEC foes 44 straight times.

Sectional leaders as of today are Holy Cross, Kentucky, Bradley, Colorado, Arizona and UCLA, with a number of fives in each area right on their heels.

### NEW BRAND?

Porridge is known in Ireland as "stir-about."

I think it's silly to spend money on the more expensive gas while I'm just learning.

We rarely disagree with a customer—even the young ones—but experience has taught us: THE BEST GASOLINE IS THE CHEAPEST IN THE LONG (or short) RUN! Drive in and let us "fill 'er up"! You'll get service with a smile!

## Higgins Service Station

## Frosh Casabamen Travelling To Lewiston For WSC Game

Residents of Lewiston have an opportunity to see what now lines up to be a hard played, close scored ball game tomorrow night. The event puts Idaho's frosh against the WSC frosh on the neutral Lewiston high school floor.

Coach Steve Belko expresses a pessimistic view after observing that the boys from across the line appear to be faster than his own team. Holding a record of two wins and two losses, the Vandal Babes face the Couababes for the first time this season with the help of guard, Bruce McIntosh, Idaho All-Stater last year from Lewiston, who will be playing on a familiar court.

Remainder of the starting five consists of Eill Mather and Roger Lillibridge at forwards, Hartley Kruger at center, and Jerry Ogle at guard. Mather and Kruger led last year's Lewis and Clark quintet of Spokane to a Washington State Championship while Lillibridge played on Coeur d'Alene's team which captured the Idaho State Championship title. Jerry Ogle played for John Rogers high in Spokane.

The Babes have taken games from Eastern Washington's freshmen and Newport high school. They have lost to Gonzaga Frosh and to Grady's all-stars from Colfax.

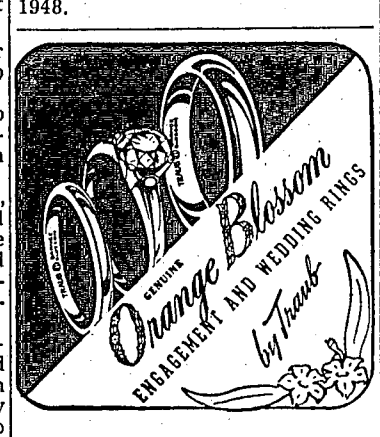

## Vets' Insurance Is On Upward Path

The Veterans Administration reveals that more than 7,149,000 National Service Life insurance policies, held by World War II veterans are now in force—a 28 per cent increase over the 5,595,000 policies that were active three years ago.

Twenty-four per cent of the G.I. insurance policies have been converted to permanent plans of insurance, according to the VA. In January, 1947, permanent policies amounted to only 12 percent of the total.

"Now, my breddren," he said, "it's like dis. Dar's brudder Johnsing a-setting on de front seat wid sister Johnsing and de five little Johnsings. She know dat dey is her chillen. Dat's knowledge. He believes dat dey is his chillen—dat's faith."

Both marriage and divorce rates declined throughout the world in 1948.

HEAP BIG ENERGY FROM MILK

Milk keeps your Little Brave romping. The nutrients in milk stretch his bones . . . build his muscles.

Wise smoke signals from that chieftain Maxwell the Milkman. The few pennies a glass of milk costs insures your child a strong, straight, supple body. This is a priceless premium for such a tiny investment.

Choose UNION PACIFIC
