

Participants Return Home After Borah Confab

Large Numbers Attend Three Day Conference

Nearly 111 of the nations leading educators returned to their routine teaching duties Wednesday evening following three days of calmly weighing the "causes of war" and "conditions of peace."

University of Idaho students and others, numbering nearly 3,000 of some of the five main lectures, also returned to their studies or work a little better informed.

Martin Directed

Dr. Boyd A. Martin, chairman for the third annual Borah "Outsawry of War" conference terminated this year's event "very successfully." Martin was also chairman for the other two conferences.

Dr. Martin said: "We didn't arrive at any joint conclusions. That wasn't our purpose. We wanted to raise questions, and clarify issues. We wanted to help in forming the public on these vital issues of today, so they can form a better 'public opinion' to meet the situations. We're not the state department. Our decisions are not final when made. But I think we were successful in our aims."

Five major speeches highlighted the three day conference. Three of them were reviewed in the last Argonaut and the other two follow.

Dr. Brogden Speaks

Members of the religions of the world must promote mutual understanding and cooperation amongst themselves if they are to chart effectively the way for the best of mankind, Dr. John Brogden, minister of the Spokane Unitarian church, told the final major session of the University of Idaho's three-day Borah Peace Conference Wednesday morning.

"The many organized religions of the world today provide another area in which there are marked and serious differences, and hence another area in which we need to achieve world understanding," he said.

Man Misunderstands Man

Pointing out that man has devoted his intelligence and energies to sciences and material interests at the expense of understanding human values, Dr. Brogden stated that "a cultural lag" in modern civilization has resulted.

"Perhaps what is needed is the turning of the interests of scientists more towards research of the problems of man and society so that we might some day solve the problems there with the same success we have achieved in the subject matters of the physical sciences," he suggested.

The social sciences point the way that man must tread if he is to understand himself and the society in which he lives, Dr. Brogden believes. He emphasized that religion cannot afford to neglect the insights and information that the social scientists offer it today.

Panel Follows

Dr. Brogden's talk was followed by three forum discussion groups with the following members of the clergy participating: The Revs. Donald Clayton, Presbyterian; Ernest Goulder, Methodist; Kenneth Holmes, Baptist; Urban Schmidt, Catholic; and Professor George Tanner, LDS, all of Moscow; Rev. Lyman Winkle, Presbyterian, Coeur d'Alene; and Rev. Marvin Smith, Christian, Lewiston.

The Borah conference was sponsored by the university's Borah foundation, established in 1929 by a \$50,000 grant from Salmon O. Levinson, Chicago attorney, who greatly admired the late Idaho senator.

Concliff's Speech

A warning that improper handling of serious economic readjustments still facing the post-war world may cause worse unemployment and even a sharp depression was sounded by Dr. B. Concliff, director of the Teaching Institute of Economics, University of California. He addressed the Tuesday afternoon session of the Borah conference.

"In these circumstances, we are sought to do everything we can to keep economic barriers from clogging the channels of international trade worse than they are," Dr. Concliff declared. "One of the surest ways to cause a depression would be to invite a breakdown of international payments."

Chairman of FAO

Dr. Concliff served as chairman of the international committee on world commodity problems for the Food and Agriculture Organization of the United Nations in 1949. For six years he was a member of the Secretariat of the League of Nations and is the author of the League's

Radio Center Lists Services

Campus radio service utilization reported by the radio center for the past month included agricultural extension, 81 records and copies; research series, 12 copies; speech discussion group, 12 copies; 4-H broadcasts, 1 copy, and radio drama, 3 copies.

Three concert wire recordings were made of the senior recitals of Louise Miller, Jeanne Foster and Ellomae Holden.

A 30 minute program for the "Idaho Colleges on the Air" series for station KID, Idaho Falls, was also recorded.

Means Heads Phi U

Helen Means will head Phi Upsilon Omicron, national home economics honorary, for the coming year. Joan Rowberry will assist as vice president.

Other officers include Marilyn Petersen, treasurer; Joan Brown, recording secretary; Elaine Cope, corresponding secretary; and Caryl Ingebritsen, chaplain. Carlene Horting was elected librarian and historian; Pauline Deggendorfer, editor; and Naide Whybark, marshal.

Conference Dinner

Dr. C. J. Brosnan, author and historian at the University of Idaho, delivered what critics called the "outstanding speech of his career" at a university banquet this week held in connection with the Borah Peace conference. Dr. Brosnan, who has served the university for 29 years, spoke on the life of the late Senator William E. Borah. Shown seated at the speaker's table (left to right) are J. E. Buchanan, president of the university; Mrs. Brosnan; Dr. Boyd Martin, chairman of the conference; Mrs. Martin, and Dr. Hans Morgenthau, University of Chicago.

Senator Borah Is Paid Tribute

Tribute to William E. Borah, the senator whom Will Rogers called "the Prime Minister of America," was paid Tuesday night by Dr. C. J. Brosnan, professor of American history at the University of Idaho. Dr. Brosnan, author and authority on Idaho and western regional history, reviewed Borah's life at a banquet held in conjunction with the university's three-day Borah Peace conference.

To aid Dr. Brosnan in preparing the address, Mrs. Ben Bush, sister of the late senator's widow, made available to him private letters and papers. Highlighting the talk were many unpublished facts about the man in whose honor the peace conference is being held.

Among the Borahisms related by Dr. Brosnan was included Borah's address November 19, 1919, against the League of Nations, regarded by some critics as the most eloquent ever delivered in the senate. Votes changed. Senators wept. Vice-President Marshall wrote to Borah: "Even the statues on the walls wept."

Faculty Members At ASME Meeting

Four faculty members will represent Idaho at the Inland Empire section of the American society of mechanical engineers at the Hanford Atomic energy plant in Richland, Washington, tomorrow.

Men attending from Idaho include Professor N. F. Hindle, head of mechanical engineering; J. T. Norgord; H. W. Silha, and R. M. Titus. They will be accompanied by several upper division students.

Mechanical engineers from this area will attend and will have a chance to view those operations of the plant that are open for public inspection.

Gooch Is Named ASME Chairman

Richard Gooch was elected chairman of the Idaho student chapter of the American Society of Mechanical Engineers last Monday.

Men named to assist Gooch are John Spink, vice chairman; Richard Sheppard, secretary; Phil Ard, treasurer; and Clark Long, program chairman. Stan Thomas was chosen senior representative to the engineering council and Bruce Whitmore, junior representative.

Sign Printing Done At U. Bookstore

Signs may now be ordered from the University Student Book Store which has recently obtained an Embosograf signing machine.

A sample of these signs may be seen at the Book Store. Further information as to the schedule of charges for the furnishing of these signs may be obtained from Chef Kerr, bookstore manager.

BJC Men's Dean To Conduct Tour

Dr. Paul E. Baker, dean of men at Boise Junior college, Boise, Idaho, who conducted a tour in Europe last summer, will lead a South American World Study tour this summer.

Starting from New York in July, the tour will travel by boat down the east coast to Buenos Aires, and by air across to Chile and up the west coast by way of Panama, returning to New York around the middle of August.

Students May Enroll

Six points credit under the title of field sociology will be given students desiring credit, said Conan Mathews, dean of Boise Junior college. Those registering for credit will be required to write a paper on their return of the impressions gained.

Further information about the tour may be obtained by writing Dean Baker, Boise Junior college.

Foresters Initiate Ten Into Honorary

Xi Sigma Pi, forestry honorary, initiated ten men last Friday. Ceremonies were held in the Flat Creek Cabin, university experimental forest.

Men initiated include Harry Howard, Art Johnson, Bill Scribner, Glen Youngblood, and Dale Anderson. Other men initiated were Charley Meuhlethaler, Duane Pyrah, Kenneth Parkin, Christian Koch, and Allen Morton.

O'Meara Awarded Aviator's Diploma

Commander Donald J. O'Meara, USN, was presented his naval aviator's diploma March 29, at the Naval air station, Corpus Christi, Texas.

A graduate of Bonners Ferry high school in 1930, O'Meara received his Bachelor of Science and Master of Science degrees in Aeronautical Engineering at Idaho.

Wedding Revealed By Fisk At Easter

Easter vacation provided the setting for a wedding announcement by Mr. and Mrs. Dale Fisk of Rupert of their daughter Edith to Elbert C. Cleaveland. He is the son of Mr. and Mrs. E. R. Cleaveland of Chevy Chase, Maryland.

A sophomore, majoring in Home Economics, Miss Fisk resides at Forney hall. Cleaveland, a member of Phi Kappa Tau, has completed his schooling in Forestry and will graduate in June.

Wedding plans are indefinite.

Editorial Used

Radio Station KIDO, Boise, informed the Argonaut today that it had used an Argonaut editorial in its "Idaho Editorials" broadcast Monday, April 10.

Used was an editorial entitled "A Vet Looks at the Bonus" written by Orval Hanson. It appeared in the March 24 Argonaut.

Any way, and every way, you measure it — FIRST... and Finest... at Lowest Cost!

Measure size, and you'll find Chevrolet's longest, heaviest car in its field—*bar none*. Measure styling and beauty, and you'll find it's the only car in its field with the world-famous Body by Fisher. Measure driving ease, and you'll find that only Chevrolet offers you your choice of the finest no-shift driving or the finest standard driving—at lowest cost. Measure performance, riding-comfort and safety, and you'll find it's the only low-priced car combining the extra-efficient Valve-in-Head Engine, the extra-smooth Knee-Action Gliding Ride, and extra-dependable Certi-Safe Hydraulic Brakes!

And remember—Chevrolet alone provides all these and many other fine-car advantages at the lowest prices and with such low operating and upkeep costs.

Come in! See Chevrolet for 1950. And we know you'll agree that, any way and every way you measure it, it's first and finest at lowest cost!

University Plans Open House For High School Students

Plans for the 1950 All University Open House are nearing completion, and numerous committees have been organized to handle the visiting high school students on May 6. Mortar Board, senior women's service honorary, will serve as a reception committee and supervise registration in the General Manager's office in the Student Union building. Guides from each service group will be on hand during the mornings and early afternoon hours to conduct campus tours.

When the guests register, a map of the Idaho campus and a program of the day's agenda will be given to each one. A copy of the latest Argonaut will also be given to the visitors. Identification ribbons have been ordered for the students, and guides will also wear ribbons. Signs will be displayed in prominent places to direct guests to the registration office.

Housing Facilities Available
Lists of available housing facilities are being prepared by the housing committee. These lists will be given to the reception committee to provide accommodations for students wishing to stay on the campus overnight. Meals will be prepared at Pine Hall for 25c per person. Guides are invited to eat with the guests.

Letters of invitation were sent to each high school in Idaho from the General Manager's office. The Associated Women Students have arranged special entertainment for girl visitors not planning to attend the athletic events scheduled.

Open House Requested
An open house exhibit for each university department will be in charge of the faculty and honorary groups in that division. A tour of the university farm will be conducted by agriculture honoraries. Campus living groups will also be asked to open their doors to the visitors so they might see what living facilities are available at Idaho.

Judging School For Light Horses To Be Tomorrow

Idaho's first annual Light Horse Judging school will be held in the University field house tomorrow afternoon. The purpose of the show is to instruct students and other participants in the fundamentals of judging light horses.

Sponsored by the animal husbandry department, the program will feature horses shown by Vandal Riders members. L. R. Armstrong, Olympia, Washington, president of the Washington State Horsemen, will open the school at 9 a.m. with a talk on judging. Following the talk, the halter classes will be judged.

Gaits Demonstrated
Mrs. Pearl Judkins, Fairfield, Washington, professional horse trainer and an outstanding horse woman of the Inland Empire, will give a talk and demonstration of three and five gaited horses at 1:30 p.m. Mounted classes will be presented next including a women's and men's western pleasure class, a best dressed rider and horse class, and finally a stock horse class.

Halter classes are yearling Arabs, yearling half-blood Arabs, Arabian mares, Arabian stallions, Appaloosa, Morgan mares, stockhorses and quarter horses.

Crowd At IK Movie

Approximately 250 persons attended the first showing and a smaller crowd the second of the two IK sponsored movies. Shown was "The Great Train Robbery" and "Burlesque on Carmen."

Thomas Edison's first one-reel feature produced in 1903, "The Great Train Robbery," was an original wild west movie complete with villains.

Newspapermen Honored

Eight Idaho professional journalists last week were initiated into Sigma Delta Chi, national journalistic honorary, at ceremonies at the Moscow Hotel, followed by a joint banquet with Theta Sigma, local women's honorary. The Idaho initiates include, left to right, Al F. Barackman, sports editor of the Daily Idahoian, Moscow; Frank L. Jackson, editor of the university Alumni Roundup; Loris E. Pietsch, manager, Sandpoint News-Bulletin; W. E. Garrett, professor of Journalism at Idaho State college; Earl E. Bullock, public relations director for Potlatch Forests, Inc., Lewiston; K. L. Woods, manager, Priest River Times; Herman Doh, Jr., instructor in Journalism at the university; A. L. Alford, editor, Lewiston Morning Tribune; and John Dillon, president of the Idaho chapter of Sigma Delta Chi, who presided.

Music Faculty Present Recital Tuesday at 8:00

Five faculty members, Miriam Frykman, George Michael, William Davidson, and Louis Huber, and Eleanor Mader, well-known violinist of this community, will combine their talents in a recital of chamber-music in the Auditorium, Tuesday, April 25, at 8:00 p.m.

Included in the program are Bach's "Concerto for Two Violins," "String Quartet," Samuel Barber; and "The Second Piano Quartet," Gabriel Faure.

Tunes are Catchy
Although it is not often heard in public, the double fiddle number is the first thing that comes to mind when two violinists get together for a "jam session." Not only is a string quartet among the purest and most rarefied kind of musical fare, but it is also difficult and exacting music to perform successfully.

Listeners will find Barber's opus exciting and profoundly moving, and it at times a trifle "barbaric." The term "piano quartet" is really a misnomer. It does not refer to four pianos, but to one piano plus three stringed instruments.

The music of Faure will be found to be extremely melodious—the tunes catchy, but not commonplace.

Photo Deadline Set In National Contest

College photographers have an April 30 deadline to meet. Entries for the Fifth Annual Kappa Alpha Mu collegiate competition must be mailed by that date. Any photographer regularly enrolled in an accredited college or university may enter as many as 10 prints.

A two-year scholarship to the Fred Archer School of Photography will be the grand prize. Second prize will be a Bolex B 35MM. Camera.

Idaho Jersey Herd Gets Twelfth Award

The American Jersey club awarded the Idaho Jersey herd its twelfth Constructive Breeder Award recently. Idaho Jerseys produced more than twice that of the average dairy cow in the United States.

"To qualify as a constructive breeder at least 75 per cent of the herd must be built up through its own breeding program," said Richard Ross, university dairyman. Ross pointed out that all of the animals in the herd have been bred at the university.

Hitler Alive?
On Hitler's 61st birthday, rumors persist in Germany that he is still alive, and in Spain or Argentina.

Honorary Initiates Future Shysters

Initiation ceremonies for pledges of Phi Alpha Delta, law honorary, were held recently.

Those initiated included Melvin Alsager, Charles Blanton, Claudius Bernensolo, Leonard Bielenberg, Robert Burns, Reed Clements, Ray Durtsch, Gordon Foster, Reyfold George, Robert Lyons, Robert McLaughlin, Ray McNichols, and Julius Peterson.

Others were Francis Rasmussen, Charles Richardson, Nels Sahl, L. R. Schou, Russell Shaud, Ernest Smith, Thomas Smith, Jay Stout, John Stover, and Arthur Sutton.

Lionel Campbell, prominent Los Angeles attorney and graduate of Idaho's law school, was initiated for Idaho by the Ford chapter of the fraternity at Loyola university in Los Angeles. Mr. Campbell received his LL.B. from Idaho in 1937 and was A.S.U.I. president in 1931-32.

Engineers Develop Farm-size Machine

A research project to explore the possibilities of developing a farm-size machine to peel and incise posts and poles will get underway this summer at the University of Idaho.

Collaborating in the project, announced by Dr. L. C. Cady, executive secretary of the research council following approval by the university regents, will be the mechanical and agricultural engineering sections of the engineering experiment station and the school of forestry. Exploratory work will be carried on by Henry F. Gauss, research professor of mechanical engineering, under the supervision of Dean Allen S. Janssen of the college of engineering.

Demand for a farm-size machine to peel, and incise posts, poles, and farm timbers is the outgrowth of another university research project, which developed simplified farm methods for coldsoak wood preservation. Posts are peeled, and in some cases incised to insure proper penetration of the preservative solution.

Richland Picked For ASME Meeting

The Inland Empire section of the American society of mechanical engineers will hold a meeting at the Hanford Atomic energy commission plant at Richland, Washington, Saturday, April 22.

Mechanical engineers from this area will attend and will have a chance to view those operations of the plant that are open for public inspection.

Those attending from the University of Idaho will be: Professor N. F. Hinde, head of mechanical engineering; J. T. Norgard; H. W. Silha, and R. M. Titus. They will be accompanied by several upper division students.

Four Outstanding Leaders To Receive Honorary Degrees

An outstanding leader in each of the four fields of engineering, agriculture, forestry and mining — will receive honorary doctorate degrees at commencement exercises June 5.

To be honored are Harry W. Morrison, Boise; E. J. Iddings, Moscow; James W. Girard, Portland; and Stanley A. Easton, Kellogg. Morrison and Girard will be awarded honorary doctor of science degrees, and Iddings and Easton honorary doctor of letters degrees.

Construction Expert
Morrison, president of Morrison-Knudsen company, was elected by the University last year to receive an honorary degree, but could not attend the 1949 commencement because business duties called him to Ceylon.

Forester Honored
"Jim" Girard, forestry consultant with Mason, Bruce & Girard, and former assistant director of the U.S. Forest Survey, is author of the National Forest Stumpage Appraisal manual, the appraiser's bible. Mr. Girard is credited with having done more for the profession of forestry in training foresters than any other man.

Easton, president of the Bunker Hill and Sullivan Mining and Concentrating company, served the University as regent from 1921 to 1931. In addition to being president of the Bunker Hill & Sullivan Mining and Concentrating Co., he is president of the Sullivan Mining company and the Caledonia Mining company, and chair-

Engineer Students Leave On Trip

A four-day field trip through the industrial and mining areas of eastern Washington and northern Idaho starting on April 24 is scheduled by senior mechanical engineers of the University.

Those who are slated to make the trip to Wallace, Spokane and vicinity are: Torlief Aune, George Bellos, Stanton Bernhart, Alfred Byrne, James Fiala, John Gaeke, Keith Gates, Burton Gibson, Jerry Hansen, Robert Hendron and Alfred Horch.

Others are: William Hunt, Robert McCreedy, Rasmus Nelson, James O'Connor, John Sandell, Paul Kenyon, Angelo Scarcello, Ralph Schierman, Charles Shoun, Robert Sliger, Bernard St. Clair, James Teague, Raymond Alven, and George Webb.

Taylor Awarded Clark Scholarship

William Taylor, Idaho freshman, has been selected as the winner of the second annual Clark Memorial scholarship, officials of the university chapter of Alpha Tau Omega fraternity announced today.

The scholarship, a grant of more than \$250, was set up by the Idaho fraternity last spring in memory of members Tim and Jack Clark, both of whom died in plane crashes. Last year's winner was Myron Johnston.

Taylor is enrolled in the college of letters and science attending school under the Navy ROTC program. His student activities include vice-president of the freshman class, chairman of fresh week, freshman swimming squad, captain of the NROTC rifle team, Eagle and Anchor club, and Vandal Riders.

Tracksters To Meet OSC At Beavers' Home Ground

University of Idaho track squad journeys abroad for the first time in the current season when it travels to Corvallis for a meet Saturday afternoon with Oregon State college. Coach Stan Hiserman will leave here early Friday morning with 21 trackmen plus student manager, Orval Hansen to make the coast trip.

Oregon State bowed last Saturday to Washington while the Vandals were tasting defeat at the hands of Oregon. Advance dope indicates this Saturday's contest may be close and hard fought. Against the Huskies, OSC captured all but one of the first place honors in field events while Washington reversed this in the running. Up to this point Idaho has shown its greatest strength in the track events.

Dixie's Offensive Strategy Depends On Aerial Power

Five promising passers—namely John Brogan, Max Graves, Wayne Anderson, Dave Murphy and Dick Zyzak—could lead the Vandal varsity and their proposed aerial circus this fall.

Head Coach Millard F. "Dixie" Howell has said that the team will depend upon the forward pass as a chief yardage gainer during the coming campaign. "We will be working on our own passing game—and I expect to see the boys throw the ball more this fall than ever before."

Up From Greenies
Three of the five passers named are members of last year's successful freshman squad. John Brogan and Dave Murphy will operate from the left half spot, while the remaining three are familiar with the quarterback position.

The Vandals' greatest weakness of past years—the pass defense—is gaining much attention in the eyes of the coaching staff. Howell states that the team will be working hard from here on out in support of a strong pass-defensive unit.

The team has been devoting much time on offensive maneuvers and plays and is now getting set to learn defensive methods.

Manpower Shortage
"In all probability Jim Tallant will be the Vandals' utility man at both the guard and tackle positions. Short as we are in manpower I feel that Jim will be ready to play either position when called to do so. Talant is capable in playing both offense and defense in both positions."

"Buck Nelson and Ken Larsen, are the only injuries on the squad to date. An epidemic of the flu has kept several boys away from practice sessions."

Howell and his assistants are spending a lot of time in an attempt to find an extra point kicker. "We have been in the past years very weak in this department and could stand improvement."

Idaho Men Hurt
During the week the Vandals' chances took a turn for the worse as a series of injuries slowed practice sessions. Sprinter Dick Newton came up with a sore leg and has only been able to jog. Unless it is further aggravated he will see action. In distance runs John Allyson and Don Harper have had to take it easy as a result of strained muscles but should be ready to go this weekend.

In the pole vault Dave Martindale is improving and may be able to jump for the first time this year. Final damper to Idaho's hopes came with news that Elden Widner, broad jumper, won't make the trip.

Better Weather Helps
Coach Stan Hiserman said that weather has helped some but the men are still about three weeks away from perfect shape. This is his main worry in meeting the Beavers for they will have a decided edge in conditioning.

Oregon State will be at full strength except for the absence of veteran George Fullerton.

Fullerton, a mile and two miler, had been counted on for points in Saturday's meet until he was benched with foot troubles.

Hiserman indicated the following men would make the trip:
Distance — John Allyson, Don Harper, Ron Huffer and Warren Johanson.

Sprints — Glen Christian, Dick Newton and Cal Sparks.

Quarter mile — Dick Armstrong, Bob Carter and Don Miller.

Half mile — Norm Farnham and Norm Barber.

Hurdles — Keith Bean.

Weight and field — Darwin Cogswell, Fred Cook, Dave Hiner, Myron Hodgson, Von Johnson, Dave Martindale, Bob Parish and Nick Speropolos.

Vandal Portraits

By Stan Riggers
When track Coach Stan Hiserman issued the call for his 1950 cinder squad, every event that makes up a track team had two or more candidates for position except the shot put.

Glancing around the field, Hiserman noticed big Dave Hiner his number one discus thrower warming up in the circle. He motioned Dave over to the shot area and told him to toss the 16

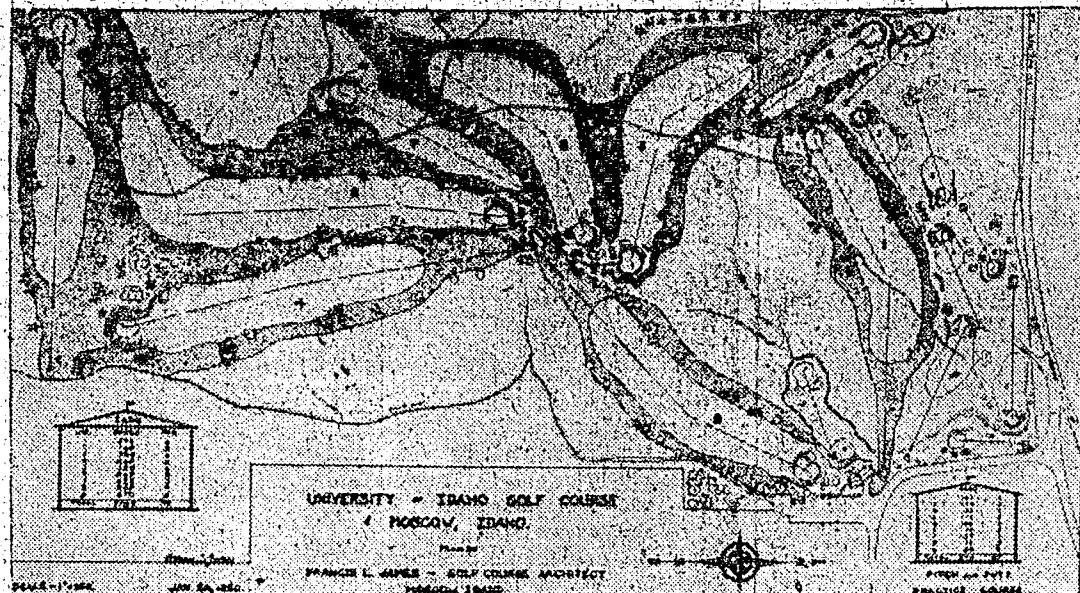

pound ball a few times. As a result the Discus artist is now also filling Varsity spot for the shot put.

Born in Hemington, Nebraska in 1928, Dave later moved to Nampa, Idaho which he has since made his home. The two year letterman got his start in track by turning out for football, but the Doc stopped any hopes of a football career there.

Changed Ideas
"That's when I took up track," said Dave, "because I didn't have to pass as rough a physical for the sport." The double-threat cinderman was just as interested in track, however, and worked his way to the top by acting as team

Additions To University Golf Course

Golfers who visit University course next fall will find things a bit changed from the past. In the diagram is depicted the nine holes, 1,000 yards of a new pitch and putt course which has been designed by course professional, Frank James, who is a well known golf course designer.

The extra course will relieve much inactive waiting for positions on the main course. It is to be seeded in June and will be ready next fall. Mr. James has designed approximately 100 courses in the country. His latest work was on a new course in Pacatello.

Oregon's Ducks Invade Idaho For Golf Team's Second Meet

A powerful University of Oregon golf squad is scheduled to fight it out with Idaho's team today at University course. The Ducks have brought four veterans and two newcomers for their second meet of the season.

They, like the Vandals, are undefeated this season. Idaho whipped Montana last week while Oregon has one win registered against arch-rival Oregon State college.

The Vandals, who hold weekly trials for fifth and sixth spots on the varsity line-up, field a team today under the leadership of captain-for-a-day, Fred Stringfield. His team will be made up of John Miller, Bill Ames, John Drips, Burt Holt and Dick Ioset.

Doubles competition was scheduled for 8 this morning while singles are on the slate for 1 p.m.

Oregon Lineup
Oregon is represented by Dom Provost, Ron Clark, John Prince, Jim Donahue, Dick Frey and Al Riebel.

Provost is captain and boasts three years' varsity experience. Prize newcomer to the squad is Ron Clark, a sophomore who swept through both the Oregon Open and the Oregon Amateur last summer after his freshman year at Oregon.

Coach Sid Milligan is starting his third year with the Ducks and has had exceptionally fine seasons. His first season, 1947, he won both the Northern Division dual match and the tournament championships. In 1948 his team was second in both departments of the division competition. Then last year the Ducks won the dual match title only to wind up fourth in tournament medal play.

Both teams are undefeated this season. Idaho beat Montana last week while Oregon boasts a win over arch rival Oregon State college.

Last year's Northern Division

Time Out

By COSTELLO

We just received a notice listing official best performances in Pacific Coast conference track and field meets up until this time.

It's amazing to see differences in records in the Southern Division and our own Northern Division. This lousy weather up here just doesn't give our boys a chance.

Only man from the Northwest to be on top for the coast in his event is pole vaulter George Rasmussen of Oregon, whom we saw last week. His 14 foot flight beats all others on the coast. Nearest rivals were Campbell, Stanford; Jensen, USC; Rowan, USC; and Zimmerman, also of USC.

California Flash
One dash man down south is really stepping out. 100 yard dasher Anderson of California is on top with a time of 9.5. He is also on top in the 220 department with a 20.8. Oregon's Henthorne rates second in the century with the 9.7 he registered against Idaho.

In the 440 Johnson of Stanford has run a 48.8. Nearest man from the Northwest is Washington's Morgan at 50.9. Idaho's Don Miller was sixth on the list with his time of 52.1.

Another Idahoan Listed
Vandal Keith Bean rates fourth on the coast with his 15.3 time over the 120 yard high hurdles.

Other top times and distances on the coast were 880 yard run 1 min. 43.8s; mile run—4 min. 18.2s; two mile run—9 min. 36.8s; 220 yard low hurdles—23.4s; high jump—6 ft. 4 7/8 in.; broad jump—24 ft. 2 in.; shot put—54 ft. 7 1/2 in.; discus—177 ft. 4 in.; javelin—233 ft. 4 1/2 in.

Every one of these records is from one of the California schools.

Diamondmen Play At Home Saturday After Losing Four

Idaho baseball fans can call them from the stands tomorrow afternoon when Coach Check Finley's baseball crew plays its first game of the season on home diamond. Idaho is scheduled to go against the Boise Pilots of the Class C Pioneer loop.

The Vandals will return home this morning from Eugene, Oregon, where they wound up a five game conference trip through Washington and the Willamette valley.

Oregon Wins
Idaho dropped their fourth consecutive northern division contest Wednesday when they lost a 12-4 decision to the Oregon Ducks. Oregon collected five runs in the first inning and the margin was too great an advantage for the light hitting Vandals. Idaho could only knock three hits off two Oregon hurlers, one of them a home run by Joe Zavetsky in the second inning. Zavetsky's round trip blow came with the bases empty.

Idaho 010 010 020 4 3 6
Oregon 500 221 20x -12 16 4
Hunt, Darrell and Merrill; Krasuse, Rogers, Rose and Smith.

Beavers Take Two
Idaho was set down in one-two fashion by Oregon State at Corvallis. Monday afternoon they suffered a 14-5 set back on a 13 hit attack by OSC. Idaho picked up ten hits but couldn't keep pace with the Beavers.

Idaho 002 200 001 - 5 10 9
OSC 040 162 10x -14 13 3
Pritchett, Kanikkeberg and Linck; Erickson and Slingman.

The Vandals held an early two run lead in Tuesday's contest but Oregon State cut loose in the third frame and came out on top with a 9 to 4 victory.

Idaho 200 000 005 -4 5 4
OSC 105 111 00x -9 9 6

Challenge Accepted By Kappa Ball Club

Answer: We, those undersigned, do hereby accept the challenge to a softball game set forth by men and boys of the L.D.S. house, providing they comply with the following changed provisions: 1. The day be changed from Saturday to Tuesday; 2. The time be not at 3 p.m. but 4:30 p.m.; and 3, the date be April 25 instead of April 22.

These changes are a grave necessity because of the "feminine pulchritude" of certain members, who are to participate in a style show Saturday.

We will be there Tuesday with flexed muscles, with spirits, and Mrs. Sprague.

Kappa Kappa Gamma
(Ladies and Girls)

Frosh (writing home to mother)

—Hurrah! and why? Because I made ROTC the first week.

A meet previously planned for this evening with the Spokane Fencing club has been postponed.

Varsity fencers competing tomorrow are Walt Ward, Ed Holt and Bob Munson. Val Yurchenko is unable to make the trip.

Idaho JV fencers will be represented in competition for the first time this season tomorrow. Jim Oat and Lloyd Waters are to fence for the Vandal JVs.

EVERY DAY THOUSANDS ARE PROVING CHESTERFIELDS SMOKE Milder

BE YOUR OWN CIGARETTE EXPERT
says JAMES H. DARDEN, JR., Prominent Tobacco Farmer, Farmville, N. C.

A YOU BUY A PACK OF CHESTERFIELDS AND OPEN IT UP LIKE THIS.

B YOU SMELL THAT MILD, PURE AROMA. NO OTHER CIGARETTE HAS IT.

C YOU LIGHT A CHESTERFIELD AND ENJOY THIS FACT... TOBACCO THAT SMELLS Milder SMOKE Milder.

The Aroma Tells You...

We tobacco farmers know that when tobaccos smell milder they smoke milder. That's how smokers can know that the mild, ripe tobaccos Chesterfield buys from me and hundreds of other farmers will taste better, smoke cooler and much milder.

That's why I've smoked Chesterfield for 15 years.

(Signed) James H. Darden, Jr. FARMVILLE, N. C.

BUY THIS PACK TODAY
and enjoy more smoking pleasure than any other cigarette can give you.
