Idaho Graduate Reaches Top Run

Donald K. David is one of two men who is neither a stockholder nor a company executive, but who has been elected to the board of directors of the Ford Motor Co., for the first time in history.

A graduate of Idaho in 1917, David took his master's degree in business administration at Harvard and served as an instructor in the Harvard Graduate School of Business Administration in 1920. In 1922 he was named assistant dean and associate professor of marketing.

Recalled to Harvard
Leaving educational work to become executive vice president of Royal Baking Powder Co., he later became president. In 1929 he was made a vice president of Standard Brands, Inc.

The GOLDEN FLEECE by Jason

A big weekend has just passed for Idaho students.

Seven house dances, a baseball game, a golf match, a water carnival, and the annual Little International agriculture show kept everyone in "high gear" for the entire weekend. Many students of Jason's acquaintance attended all or part of each of the functions including two of the house dances.

No Rest In Sight
Needless to say, we were all tired by Monday morning. But in the remaining four weeks of actual school, which includes three weekends, no rest is in sight.

Next weekend is centered around All-University day with open house in all departments; tennis, golf, and track matches; the annual spring intra-squad football game; four living group dances, and the senior ball.

The weekend of May 12, 13, and 14 will be highlighted by the May Fete with crowning of the May queen and winding of the May Pole. Also on the calendar is a tennis match and six living group dances.

Social activities, (organized that is), will wind up May 19, 20, and 21. Nine living group dances will head the activity list then, along with two baseball games.

The Next Weekend?
What happens the next weekend? Why just final examinations. But we'll be ready for them. There might be a few picnics thrown in with the above mentioned activities, but they don't take much time.

Yes, we will all probably take in a large portion of the social events between now and finals. And we will probably find time to do some studying. But we'll be tired and ready for summer vacation when it comes.

And even though we didn't get to study quite as much as we perhaps should have, due to social interferences, we will know that they both are integral parts of our education for life and we'll be glad we didn't miss any of it.

Back to Last Weekend
Ag students turned showmen. Staged one of the biggest and best Little International shows in the history of the school last week. Widespread publicity and interest drew large crowds for the Saturday afternoon parade and the evening show held in the fieldhouse.

Crowds lined the streets from downtown, where the parade started, to its end on the campus. The Queen, princesses, a band, marching troops, animals, and floats highlighted the parade. A couple of comedy acts were also featured and, as usual, many businessmen took this advantage to show off their products.

The evening show in the field house included various judging events, awarding of trophies, displays, and a pie eating and cow milking contest.

Coads did the milking and displayed surprising adeptness at separating the milk from the cow—into a Coke bottle. One bull ventured into the lineup of milk cows but was left alone in the rush for the cow to milk.

All in all the show was a good one. It showed much work and preparation and was a definite credit to the university and the students in the Ag club who presented it.

Commissions Given

Two university students, Russell Moffett and George Tanner, will receive commissions as ensigns in the U. S. Navy during the fifty-fifth commencement exercises in June, Capt. C. A. Chappel, professor of naval science, announced today.

High School Seniors Plan To Attend 'Open House'

Replies have been received from several high schools in the state announcing their intention to attend the All University Open House scheduled for this Saturday announced

Francis Flerchinger, chairman.

Plans have been completed for the high school guests to have lunch at Pine hall cafeteria from 12 until 12:30. Housing will be available in the university dormitories and fraternity and sorority houses for those wishing to stay overnight.

Registration for the visitors will be from 8 a. m. until noon in the new Student Union building. The first campus tours are scheduled to start promptly at 9 a. m. Guides will be assigned to each group as they register and the guides will remain with their group until the track meet with Washington State college which starts at 1 p. m. in Neale stadium.

Coads View Fashions
Members of the "I" club will sit with the visitors in the special section reserved for them in Neale stadium to point out interesting sidelights of the sports events.

Associated Women Students is making plans to entertain the senior girls during the afternoon. Guides will show groups through one sorority house and one hall and will then meet in the Faculty club lounge. The coeds will then talk with representatives and the president of AWS. Following this, they will be treated to a style show and refreshments. The Moscow Chamber of Commerce is furnishing the refreshments for the girls.

The high school seniors will be the guests of the Senior class at the Senior Ball during the evening.

Optometry College Selects Idaho For Scholarship Try

The Board of Trustees of the Chicago College of Optometry has selected Idaho to participate in a scholarship contest which will be open to students of 150 of the best colleges and universities of the country.

Each school will be asked to submit four candidates, who will be required to take a competitive examination. Only those students who have already completed the pre-optometric curriculum, or whose work-in-progress record shows that they are completing such work no later than June of 1950 will be permitted to take the examination.

Fees Are Covered
The awards will be distributed geographically so that the students ranking highest in the East, South, Middle West, and West will be the recipients. The winners will be finally determined by a group of five of the nation's outstanding optometric educators and practitioners who will review the candidates' fitness to study and practice optometry as well as their competitive examination scores.

Each scholarship is valued at \$1200 and will cover all fees, tuition and laboratory expenses normally incurred during the three years of professional study.

Senior Ball Offers Howard, Orchids

Orchids from Hawaii and music from Seattle by Wyatt Howard, will highlight the Senior Ball Saturday night in Memorial gym. According to Rosemary Fitzgerald and Clarence Johnson, co-chairmen of decorations, "decorations will be more elaborate than ever," as they transfer the gym into a "Blue Orchid" ballroom.

Silhouettes of familiar campus scenes will adorn the ballroom and an orchid will be given to each lady as she enters the door. These flowers were flown in from Hawaii especially for this affair.

Hell Diver's Show Is Called "Success" By Big Audiences

Capacity audiences filled swimming pool bleachers both Friday and Saturday nights for the annual Hell Divers water show this week end. With painted sets depicting various aspects and street scenes as backdrops for the "Gay Nineties," a proper atmosphere was created.

Numerous swimming strokes were presented, along with comical versions of popular dives. One highlight of the evening's entertainment was a picnic in the water, transportation via a "surrey with a fringe on the top." Three couples, Janet Sundeen, Dick Wartenja, Jo Paulson, Ed Fiestler, Jody Getty, and Tom Gentry, were included in this number, and presented tandem ballet strokes.

Music Is Included

Music was brought into the show by a barber shop quartet who performed between swimming features. Opening number for the 1950 show also featured singing as Ed Fiestler played the ukelele, while he and three women canoed in the pool.

Those who participated in the show included Ed Fiestler, Dick Warenta, Jim Farmer, Tom Moore, Chuck Clarke, Tom Gentry, Jack Harris, Chase Barbee, Bill Hoblet, Carl Kinney, Jo Paulson, Jody Getty, Janet Sundeen, Shirlee Vorous, Becky Barline, Carol Schaffer, Pat Harris, Pat Patton, Nancy Magel, Adrienne George, Peggy George, Barbara Livingston, Betty Loren, Pam Gaut, Eleanor Wilson, Donna Burch, Marion Cook, Jane Fisk, Mary Ellen Stefanac, Harry Wilson, Don McMahon, Wayne Stewart, and Fran Hodgins. Faculty advisors are Erick Kirkland and Mrs. Mary Swenson.

Final Tryouts

Final tryouts for the 1950-51 yell team will be tonight at 7:30 o. m. in Memorial gym armory. Executive board members picked six finalists for the team at preliminary tryouts last Wednesday and Thursday nights.

Finalists who will try for positions tonight will be Pat Terry, Shirlee Vorous, Hazel Bell, Norman Green, Jim LaGrone and Ronald Huffer. The public is invited to attend.

Campus Cleanup

Helen Daniels puts a basket of trash on the truck during the Campus Cleanup Saturday. The entire campus pitched in to clean up the area so that it will be more presentable for All-University day next weekend and Mother's day.

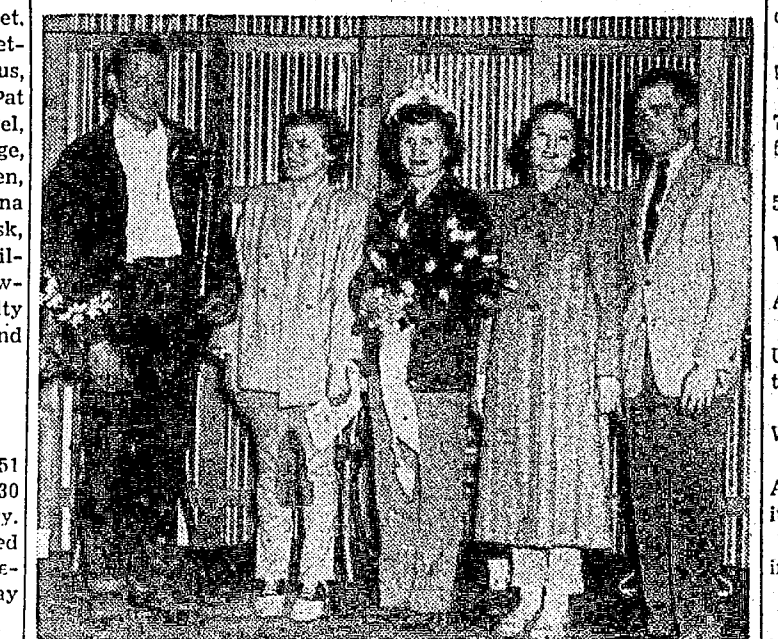

Justification Of Status

The president emphasized that this new plan is designed to enhance both physical education and athletics. He pointed out that the rapidly increasing employment opportunities for physical education directors in public schools and recreation directors in communities justify full academic status for curricula in these fields. Likewist, he stated that Idaho's developing athletic program justifies and needs a clear-cut, independent and internally consolidated organization which this new arrangement provides.

College Life Myth Exploded When Student Finally Enrolls

Down through the years a sort of myth has grown up around college students. Their actions, morals (or lack of same), their ideals and traditions are all taken care of by this mystic generality which has made the college student a definite type.

A good many people, it seems, have come to regard "Joe College" as a wild youth who tries hard to play the man-of-the-world part. Joe, of course, drives a jalopy with racy cliches of the day painted in bold letters on the sides, hood and fenders (if it has any), and with a furry tail of some sort dangling from the aerial.

Raccoon Coats
If Joe were asked about a raccoon coat he would probably say "What the hell you talkin' about?"

but nevertheless, according to the rules, he is still supposed to wear one of the things. He is sloppy in dress, drinks from a monogrammed stein "from the tables down at Moreys to the place where Lottie dwells", packs his hooch in a pocket flask, and, if he is the thinking type, professes atheism.

The college women are envisioned as being slinky, bold, and exuding sex all over the place. She runs around with Joe and his pals raising hell with the greatest of gusto. Coily, she sips from one of the personalized steins and becoming potted, she joins with the boys in singing of "little black sheep" with tears in her eyes.

Such is the way in which our glorious college days are supposed to be lived:

Grads Forget
The "grad" forgets his hours of studying, "shotgun" tests, long assignments, and grades. He instead thinks only of the happy times of days on the campus. After all,

with a job to worry about, no one wants to remember the serious part of school life.

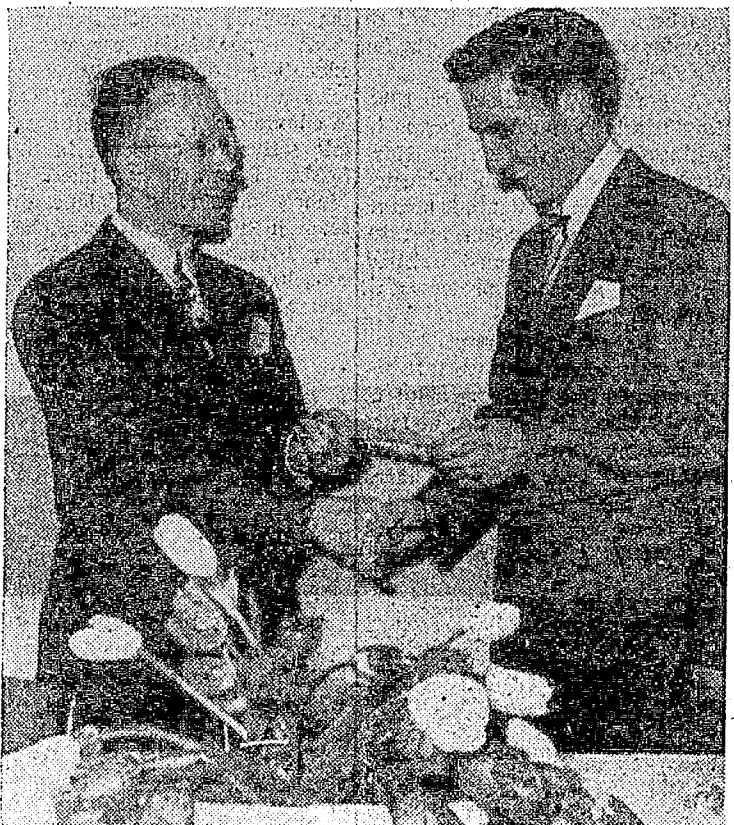

Our myth of college life has become an American tradition. When the young son of high school age asks his pop about college, the old man will flash a "sly old dog" grin at the kid to indicate that he was quite the boy in his day. The kid fills in the blank spaces and mentally prepares himself for the time when he can go raise the devil as he imagines his pop did.

Reality Slaps
So the boy goes to college with the "to hell with books" philosophy. Then he gets slapped in the face by reality. He has to study a little bit. He wonders if his pop was so smart that he didn't have to study, or if college life has changed. He wonders just what sort of line the old boy gave him.

Gradually he becomes adjusted and makes his way through college. But he, as his father before him, soon forgets the rough part, and in turn helps perpetuate the myth. And so it goes year after year, generation after generation. The "old grads" band together at reunions trying to recapture the college spirit, and recounting the "good old days."

As an undergraduate once said while watching the antics of a group of alumni at a homecoming game, "My God, will I act like that when I get out of this place?" Our answer would be: "Yes, you probably will."

Barinaga Wins

John Barinaga, right, is shown as he receives a check from T. W. MacLean, chairman of the Spokane Section of A.I.E.E., at a banquet there with the WSC chapter Saturday evening. Barinaga's award was for writing the winning paper in a contest sponsored by the Spokane chapter.

Shook Is Speaker For IRC Thursday

Prof. Vernon Shook will be guest speaker at the International Relations club meeting, Thursday at 7:30 p. m. in Hays hall.

"Prison Systems of Italy and Greece," is Prof. Shook's topic. He has spent much time working with prisons in the Mediterranean area with sociological problems such as prisoner rehabilitation.

Los Angeles Writer Reveals New Man Traps For Women

Recently a feature writer employed on the Los Angeles Collegian mapped out a series of mankapping steps and techniques which he entitled "Wimmen To Arms." Printed below is his article:

"Spring has arrived! That's the time when a young man's fancy turns to thoughts of love. But what of a woman; where are her thoughts? That's right, on a man. The object is to get that special male to turn his thoughts to you. After all, what good is he if his fancy is on the redhead or the blonde sitting next to him in psychology.

If, he is a psychology student don't use the psychological approach. It doesn't work. The best thing to do is learn his every move on campus and then plan accidental and occasional meetings. The thing that should be combined with this approach is to appear madly in love with someone else and pretend to be leading a gay and exciting life.

Be aggressive. Flatter him. A man likes flattery as well as a woman, in fact, more so. Do not fail to tell him occasionally that he is nothing short of a genius. He will probably agree with you on this point and realize that you recognize his talents.

Dress to please him. If he mentions a preference for blue and your wardrobe is predominantly green, spare no expense and waste no time in running down to local fashion shop. With the summer months fast approaching, he might prefer that you wear low necks, backless, and strapless ensembles. Remember, however, to maintain your dignity and keep the campus rules.

The most vital thing is to get a good pair of track shoes. Then resort to the track coach for a few laps around the track. Patented traps may be employed, but the teeth sometimes prove injurious. You can always climb to the top of a tall building and drop a sand bag on him when he goes by. This won't damage anything, if it hits him on the head."

Graduate Seniors Meet Competition In Legal Work

Law graduates seeking employment this year will meet exceedingly stiff competition in most areas, according to a study made by the United States Department of Labor's Bureau of Labor Statistics. The legal profession was already overcrowded in 1949, when twice as many lawyers passed the bar examinations as in the years just before the war.

In view of the unprecedented number of students now in law school, the number of new graduates will remain high for the next 2 or 3 years at least. Many young lawyers will probably be forced to turn to other fields of work in which their legal training may be an asset. Top-ranking students, however, will continue to find openings with relative ease.

Positions Are Few

Over the long run, the legal profession will probably tend to expand slowly, as a result of population growth and of numerous economic and social trends which tend to increase the need for legal services.

The tendency toward overcrowding in the profession is likely to continue, however, unless legal services are made available to greater numbers of middle- and lower-income people through the extension of such plans as the legal aid society or the lawyer reference plan.

Opportunities for specialists are often better than for lawyers in general practice. However, such positions are comparatively few in number, and are usually found only with big law firms in the larger cities.

Best opportunities usually lie in medium-size and smaller cities, especially those with prospects of economic expansion. State capitals and county seats may also offer relatively good opportunities. The profession is especially overcrowded in the very large cities and in Washington, D.C.

University Band Goes To Potlatch

The University Concert band will present its spring concert for the Potlatch community tonight at Potlatch. This concert is being sponsored by the Potlatch high school band.

Under the direction of Kermit F. Hosh, the Concert band will also present its spring concert Tuesday, May 9, at 8 p. m. in the Auditorium. The band will feature works by Russian, French and American composer.

Moscow, Russia, Celebrates National Unity On May 1

Moscow, Russia, took to the streets and squares and to the air May 1 in the Soviet Union's national demonstration of "unity" among the world's workers.
The Red ity, again went all out—mass rallies of citizens' parades of military might and overhead sweeps of the soviet's air arm.
It echoed by lesser demonstrations in other cities of Russia and the satellite countries.

Different Here
Moscow, Idaho, U.S.A., (home of the University of Idaho)—same in first name but opposite in belief and its way of doing things—held a quiet little demonstration of another sort.

Don F. Wilson, secretary of the Moscow Chamber of Commerce, thought there should be some answer to the Red city on May Day and to the hundreds of letters that have been received suggesting that the name of the city be changed, and decided to ask his organization to sponsor a special event affirming "friendship and democracy."

There was no unusual noise, no rallying of the masses, no parading of ground or air military forces.

Quiet Operation

Everything here was confined to the quiet operations of a Main street booth by Boy Scouts, Girl Scouts, and Camp Fire Girls. Sam Haddock, chamber president, explained: "The organizations will have a supply of badges, and anyone so wanting may ask for one to wear during the day as he goes about his customary business or to school."

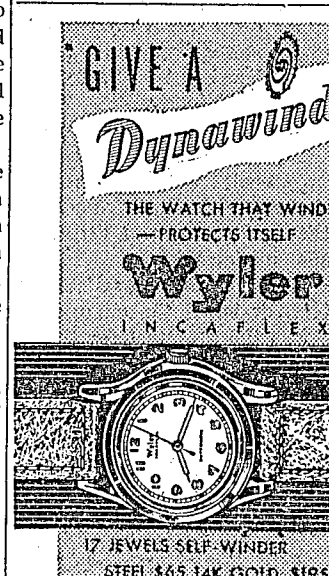

"On the badge was these words: 'I, (name), like Moscow, Idaho—The Most American City In The United States—and renew my pledge in democracy on May Day!'"

Following the May Day project, all civic organizations in the city joined last night in a "Wake Up America" banquet and program.

Women's Groups Hold 'Spring' Dances And Sigma Nu's Honor Sweethearts

"Twitterpated," Alpha Phi Spring formal; and "Cotton 'n Cords," Gamma Phi Beta dance, brought Spring to the campus this weekend even though the weather didn't cooperate until Sunday. Kappa Sigma also gave a Spring formal, with fresh flowers providing most of the decorations. Sweethearts of Sigma Nu's were honored at a banquet on Sunday, while Delta Delta Delta pledged gave a "Paddle Dinner."

Kappa Sigma
The annual Spring Formal was held Saturday in the chapter house, with Joe Banana and his Bunch providing the music for dancing. Bark, completely covered with boughs and spring flowers decorated the living room and den. A Kappa Sigma crest was designed with more fresh flowers. A false ceiling in both rooms completed the beautiful decorations. Mr. and Mrs. George Russell, Mr. and Mrs. Ruben C. Thielke, and Major and Mrs. Jerry Miller were patrons and patronesses for the occasion.

Don Johnson was a guest for Sunday dinner.
Alpha Phi
"Twitterpated," the Alpha Phi Spring formal, was held last Saturday night, with Evelyn Burke and Pat O'Connor in charge of the arrangements.

Guests at the chapter house for the weekend were Martha Spence and Nathalie Smith, Seattle; Juanita Wilson, Nampa; Shirlee Davis, Spokane; Jane Hume and Judy Bolls, Headquarters.
Sigma Nu
Louise Miller, Donna Jean Broyles, Diana Hooper, Evelyn Burks, Pat Williamson, Florence Wohlschlegel, Marion Cook, Joan Rowberry, Bonnie Graham, Joan DeShazer, Lin Phillips, Pat Albertson, Bonnie Scott, Betty Hooper, and Mrs. Paul Sprague were honored at the annual Sweetheart Dinner, which was given last Sunday. Other dinner guests on Sunday were Jim McClure and Wally Kenyon.

Gamma Phi Beta
"Cotton 'n Cords" was the theme and the dress of the spring dance given Friday evening by Delta Gamma and Gamma Phi initiates at the Pottlatch Legion cabin. Liz Wilcox and Bethea Decker were co-chairmen of the dance.

Mrs. E. G. Sundeen, Bonners Ferry; Mary Jean Geertson, Boise; Jan Garber, Joanne Carpenter, Jackie Baker, and Sally Mounsey, all of Spokane, were weekend guests.

Delta Delta Delta
The Pledge class gave its annual Paddle Dinner Tuesday, in honor of each pledge's "big sister." The theme of the dinner, gold mining, was carried out in the dining room decorations, place cards, and invitations. Each big sister was presented with a personally decorated paddle. The dinner was highlighted by a search for the paddles after the clues were given to the tune of "There's a Gold Mine in the Sky." Guests at the dinner were Mrs. J. C. Graham, Mrs. Stroll, Mrs. John Venishnick, Don Waltman, Gale Bair, and Clayton Turner.

Guests for dinner on Sunday were Mr. and Mrs. George O'Leary and WesLee Hoalst. Weekend guests were Beverly Evans, Boise; and Mildred Simpson of Lewiston. Betty Hussman, Amy Loomis, and Denice Elder, BJC choir members, were overnight guests on Wednesday.

Sigma Alpha Epsilon
Patrick I. Murphy was placed in his final resting place by some members and friends of the local chapter Saturday afternoon. Finley Nine Splits Series With OSC; Start Tomorrow Against Last Place Ducks

Coach Don Kirsch and his cellar-dwelling Oregon Ducks land on the MacLean field diamond tomorrow afternoon for the first of two conference tilts against "Cheerful" Chuck's ball bashing club. Both the Wednesday and Thursday games will get the go sign at 3 o'clock.

Idaho, boasting a battling streak of four wins in the last five outings, can take the series from the Oregonians with a double win. The Vandals gained a split bill with Oregon in the capital city, losing the first nine innings 12-4 and winning the second by a 17-12 margin.

Idaho snapped up two in a row from Oregon State over the weekend, winning Friday afternoon 5 to 3 and taking Saturday's 5 to 4. The two-ply killing gave them an even split in the four game conference series with Oregon State.

Bob Pritchett and Ozzie Kanikkeberg went all the way on the mound for Idaho, Pritchett turning in a six hitter Friday and Kanikkeberg a seven hit affair Saturday. It was the first conference win for both Vandal hurlers.

Saturday's contest was as close as Idaho fans like to have them come and still have the squad come out on top. The Vandals jumped off to a 3-0 lead in the second inning, picked up one more in the fifth and held the advantage until the sixth when OSC knotted the count with a four run outburst.

Kanikkeberg, up to that point, was giving up walks to first base free of charge. The Vandal right-hander put eight men on in the first five innings but always managed to walk off with a goose egg in the OSC run column.

In the sixth frame the Beavers loosened their batting arms and clustered three straight hits, combined with a fielding error and a base on balls, to score their four tallies.

The outburst took away Ozzie's four run padding and he bore down to blank the Beavers the rest of the route.

Heavy sticking by Joe Zavetsky in Friday's game and timely hitting by Dick Merrill and Nick Stallworth in Saturday's contest, helped both pitchers through the rough spots.

Time Out

By COSTELLO

The old bat rack kicker, Buck Bailey, has come across with an idea that will be dear to the hearts of people like us who prefer rock-and-sock offensive baseball to the low scored few hit affairs.

Here's a quotation from him with the muscular voice. "Too many college players hit long balls of 400 feet and are robbed out of home runs because the fields are too large.

Fence 'em In
He suggests that colleges would create a new interest in their ball programs by adopting a regulation field with fences out no further than 350 feet on the foul lines and 400 foot fence in the center.

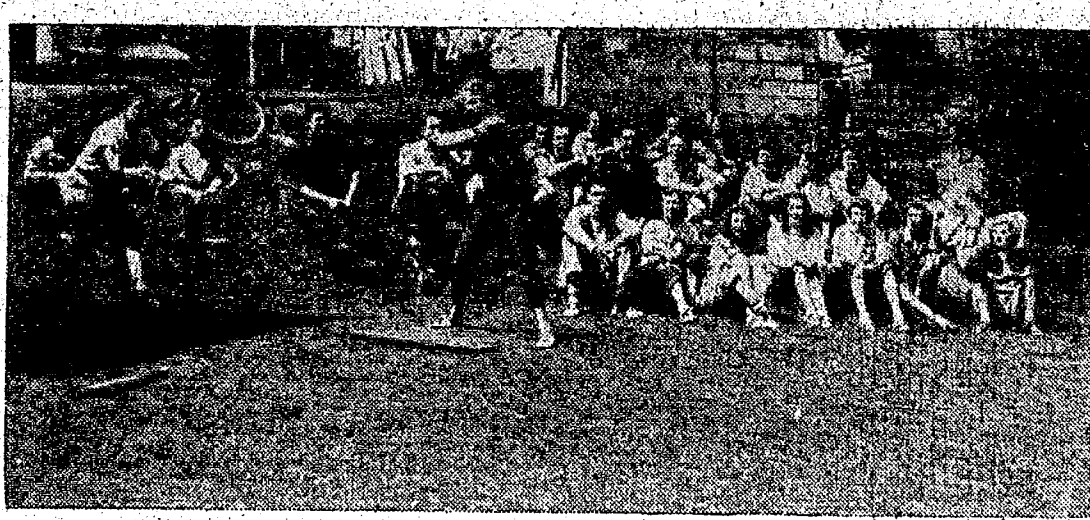

"Some college players have to play so deep that they'd be standing out in the streets if they were in the Yankee stadium or Polo grounds," says Bailey.

Mighty Blow
If a college batter can poke a ball 350 feet on the fly, he deserves a home run. Bailey also believes that a fence would give fielders a chance to play their field in the way its supposed to be done. The way it is now they can't play their true position in the broad, open parks. If an athlete plays in, then a line drive hit between the fielders goes for an extra base hit, or in the majority of cases, it goes for a homer. Good idea, Buck.

"Why do you sketch every girl you meet?"
"Just trying to figure latent heat by diagram."

Trackmen Working After Seattle Loss

Coach Stan Hiserman sent his charges into another week of workout in preparation for the traditional clash with the WSC Cougars this Saturday. This year's meet will be held on the new track at Moscow as part of the sports festivities in conjunction with All-University Open House.

Early risers brought out by the Blue Key campus cleanup Saturday were greeted by one of the brightest suns of the year. After work was over, the inevitable happened. Softball games such as the one above sprung up all over the campus. Others chose tennis, some chose golf, and some merely chose to lie in the sun and burn.

Carl Kilsgaard Accepts Invitation To All-Star Classic

Idaho's all-coast tackle Carl Kilsgaard has accepted an invitation to play in the Chicago Tribune's 16th annual charity game. The classic will pit the college all-stars against professional champion Philadelphia Eagles.

Kilsgaard is the first Idaho griddler ever invited to participate in the affair. It is to be played August 11 in Soldiers' Field, Chicago.

Invitation came from Arch Ward sports editor of the Chicago Tribune. Participants are to report to the training camp in Wisconsin July 21.

Chicago's professional Cardinals who have signed Kilsgaard don't require his reporting until after the all-star game.

The Idaho lineman played in the Shrine all-star game at San Francisco in January and attracted much attention with his brilliant-defensive play.

Collegiate Rodeos Attract Horsemen

There is a new sport kicking around the Inland Empire nowadays—Intercollegiate rodeos. Rodeos, old to cowboys, hit the ranks of higher education through University of Arizona at Tucson in the 30's.

After playing with it in the Southwest for a few years the idea took hold and spread throughout the country until now there are 39 member schools, all with representing teams. These rodeos are conducted by professional rules and judged by the same standards.

Results are the same as in a regular rodeo—bronc, bareback and bull riding, wild horse races, wild cow milking, bulldogging, and calf roping. The only differences in these meets is that the cowboys must be college students in good standing and trophies are awarded instead of cash prizes.

Montana to Open
First Northwest rodeo of this type is being put on by Montana State University at Missoula May 7. Another will be held by WSC May 21 at Colfax.

University of Idaho's Vandal Riders are newest members of the National Intercollegiate Rodeo association and, while the team doesn't have the backing of the school, seven men with rodeo experience are making the trip to Missoula this weekend. They are captain, Floyd Venable, Carl Yolkem, Ned Stuart, Jim Betts,

Norm Lodge, Robert Reed, and Jack McClare.n

Handicappers—59.

Two Sport Star Pritchett Accepts Coaching Position

Bob Pritchett, popular basketball and baseball star of University of Idaho has signed to coach those two sports at Emmett, Idaho high school according to university officials.

A home state boy from Nampa, Pritchett has been one of the greatest backboard men ever to play in the Northern Division. He has been all-division choice both his years at Idaho and was expected to make it again next year. He has been the Vandals' leading scorer for two seasons. In the season, 1948-49, his first, Bob scored 298 points.

Thoughtful Choice
While he had another year's eligibility, Pritchett was forced to give it up for several reasons. Most important of these is that his GI training benefits expire at the end of this term of school. He feels that his wife and child and their future come before an athletic career.

Along with his service with Coach Chuck Finley's basketball team he stars on the cheerful one's baseball squad. He is a fine south-paw pitcher and, while off the mound, plays first base for the Vandals. It was Pritchett who hurled Friday's win over Oregon State college at MacLean field.

Loss of Pritchett somewhat parallels this year's loss of Joe Grove. Last season as conference play neared, veteran guard, Grove, was ruled ineligible for having played one game in a junior college when he was a freshman.

Netmen Draw Loss At Missoula Meet

Montana Grizzlies had the tennis courts red hot when the Vandals arrived Saturday. The locals handed Coach Kirkland's squad a 4 to 1 defeat. Jim Crane and Hal Barnes were the only Idaho men able to overcome the Grizzlies' style and go on to win their doubles match 6 to 1 and 6 to 4.

This weekend the Vandals play host to University of Washington Friday at 2 p. m. and Vanport Junior college 9:30 the following day. They have defeated the JC's once this year.

It was a day of record-breaking performances. Two Washington-California dual meet records were smashed and four Washington-Idaho meet marks were erased from the list and a fifth tied.

Several Vandals turned in outstanding performances. Don Miller flashed to victory in the 440 run while Dave Hiner took the discus. In the mile and two miles Warren Johanson and John Allyson turned in their best times of the season even though neither was strong enough to win. Other creditable jobs were furnished by Farnham in the half mile, Bean in the hurdles and Hodgson in the javelin.

Events in which Idaho came in on the top three places in triangular competition are as follows:
Mile—Mello, Cal., won; Johanson, Idaho (4:19.1), second; Lesley, Wash., third; Time: 4:18.5.
100-yard dash—Anderson, Cal., won; Weisman, Wash., (9.8), second; Christian, Idaho, third; Time: 9.7.

Montana Grizzlies had the tennis courts red hot when the Vandals arrived Saturday. The locals handed Coach Kirkland's squad a 4 to 1 defeat. Jim Crane and Hal Barnes were the only Idaho men able to overcome the Grizzlies' style and go on to win their doubles match 6 to 1 and 6 to 4.

This weekend the Vandals play host to University of Washington Friday at 2 p. m. and Vanport Junior college 9:30 the following day. They have defeated the JC's once this year.

It was a day of record-breaking performances. Two Washington-California dual meet records were smashed and four Washington-Idaho meet marks were erased from the list and a fifth tied.

Several Vandals turned in outstanding performances. Don Miller flashed to victory in the 440 run while Dave Hiner took the discus. In the mile and two miles Warren Johanson and John Allyson turned in their best times of the season even though neither was strong enough to win. Other creditable jobs were furnished by Farnham in the half mile, Bean in the hurdles and Hodgson in the javelin.
