TUESDAY, MAY 9, 1950

All-University Open House, Senior Ball Well Attended

Approximately 200 high school seniors from schools in Idaho and Washington attended Idaho's first All-University Open House Saturday. A full day of activities was planned for the visitors, and guided tours showed them a complete picture of the Idaho campus.

Tonight at 7 the new student government, recently elected, will officially assume their duties.

They will hold a joint meeting with the old board. This group will tell the new board what they think should be done for the future in the form of recommendations. They will explain the programs underway and tell as much as they can of what they learned by experience which will help the incoming board in the future.

Then the job will be entirely in the hands of the new august body. One of their first duties will be to select a new faculty advisor. Dr. Walter H. Steffens, who has served for the last five years in that position, has turned in his resignation. Dr. Steffens said that five years was long enough to serve in that position for beyond that one was likely to get "stale."

Hard Worker

During his term as faculty advisor for the Executive Board, Dr. Steffens has served faithfully and conscientiously. In addition to his regular duties as professor and head of the Biological Sciences and chairman of pre-medical curriculum, he performed many duties as faculty advisor. He served as a coordinating link between student government and university administration. Always represented the student viewpoint fairly and worked for the best interests of all.

We think you have done a good job, Dr. Steffens. Jason joins with the student body in saying "thanks."

Big Job

Other duties of the new board will be many. For instance, appointments to numerous committees for next year must be made immediately.

Heading this new board will be Vernon Bahr. A junior, Bahr has been active in campus affairs for almost three years. He should be qualified to do a good job. We think he will and wish him luck. Assisting Bahr will be nine Executive Board members who will do much of the actual work in carrying out plans and ideas. Each will serve as head of various temporary committees from time to time which will involve a lot more work than the regular weekly meetings. These Board members are Ralph Fothergill, Forrest Tovey, Rose Ellen Schmidt, Dick Reed, Hyde Jacobs, Andy Christensen, Sonnich Sanderson, Harry Turner and Don Pills.

(Continued on page 2, Col. 1)

COMING EVENTS

TODAY:
Members of all Argonaut staffs to be in Arg office, 4 p. m. for Gem pictures.
Blot fiction and feature staff meet, 4:30 p. m. near Arg office for Gem pictures.
Vandal Riders meet, 6:45 p. m., Morrill hall for Gem pictures.
Independent Caucus, meet, 7:30 p. m., Ridenbaugh.

World Federlists meet, 7:30 p. m., Science 110.
Alpha Phi Omega, meet, 7:30 p. m., Beta Theta Pi house.

WEDNESDAY:
Idaho debate teams meet, 4 p. m., in TC2-118 for Gem pictures.
Silver Lance meet, 4:10 p. m., Phi Gamma Delta house.

United Party Caucus meet, 7:30 p. m., room 321, Ad building.
Vandal Flying Club, meet, 8 p. m., Kirtley engineering lab.
Movies will be shown.

THURSDAY:
Mortar Board meet, 7 p. m., Home Management House.
School of Business Chamber of Commerce meet, 7:30 p. m., room 317 Ad building. Election of officers.
Interfraternity Council meet, 7 p. m., Kappa Sigma house.

Senior Ball Orchestra Liked

Wyatt Howard and orchestra who made such a good impression when they played for the Homecoming dance last fall, they were invited back to play for the Senior Ball Saturday night, drew one of the biggest crowds to attend an all-campus dance this year. With "Blue Orchids" as the theme, and Howard's music, elaborate decorations and a lovely date as the inspiration, attendants reported the dance a success. (Photo by Frank Whitsell.)

Annual May Fete Saturday; Phyllis LaRue Named Queen

Mothers of Idaho students will be honored this weekend as the annual May Fete takes place Friday, Saturday, and Sunday. Another tradition on Idaho's campus, the May Fete is the highlight of each spring.

Spotlighting May Fete activities on Saturday will be crowning Phyllis LaRue, queen of the 1950 celebration. Marie Hargis will serve as her maid of honor, and Christy Sargent has been named page for the event. These members of May Fete royalty were chosen in recent AWS elections.

Begins Friday Night
A program by the Orchestral dance group will begin activities Friday night in the auditorium at 8:00. Sunday morning members of Alpha Phi Omega will dedicate a plaque honoring Idaho students who lost their lives in World War II. Parents of the war dead have been personally invited to attend this memorial service.

Dancing and music will brighten festivities Saturday afternoon. Attired in pastel colored formals, the Spurs will wind the Maypole, and University singers will render a short concert. The University orchestra will play the professional and recreational for the May queen and her court. Members of Orchestral and the American country dance class will also entertain.

Playing the Parts of Hansel and Gretel
As the ranky cross stepmother, Lorraine Cole scolds the children unduly and causes them to go off into the woods. The father, a kindly woodcutter, is portrayed by Morton Grinker. Betty Peters appears as the witch.

"Flower Gold" was given last Friday at the Drama Division of Greater Spokane Music Festival. It was written by Mrs. Martha Knight, Pullman. Cast members are: Bill Davidson as Jim; Colleen Christiansen as Ruth; Harry Dalva as Charlie; and Bette West as the Indian maiden. It is directed by Gene Lewis.

Presentation of the one-acts will mark the end of dramatic activities for the year.

Plastic Demonstration
Thursday, May 11th, Mr. Frank Delvie, representative from the plastic products company of Utah, will give a demonstration for anyone interested in plastic handicraft in Memorial gym, room 400 at 3:00 p.m.

These reports will be sent out as fast as grades for the second semester are recorded with the first reports to go out for graduating seniors about June 15. The last reports will not be mailed until about July 25.

Lyons Announces
Cal Lyons, chairman of the Song Fest committee, announced the winners to an overflow crowd at the auditorium last night. These 12 groups will now present the same songs at the final elimination Sunday on the Ad Building steps. The first song each group sings is to "warm up" and the second is for judging. A trophy will be awarded to the winning men's group and another one to the women's group.

The annual all-campus Song Fest is sponsored by Phi Mu Alpha and Sigma Alpha Iota, women's and men's music honoraries, respectively. Judging last night's eliminations were Carl Claus, Norman Logan, and Keith Forney of the University music faculty.

Winning Men
Winning men's groups and their songs and leaders are Alpha Tau Omega, "ATO Toast Song" and "You'll Never Walk Alone," Jack Gregory; Beta Theta Phi, "My Beta Mother" and "Dance My Comrades," Stewart McCormick; Sigma Nu, "White Star of Sigma Nu" and "Oh My Lawd, What Shall I Do?," Lou Renfrow; Tau Kappa Epsilon, "Winter Song" and "In Silent Night," Gerald Goetze; Sigma Alpha Epsilon, "TeDeum" and "Old Jonah Had a Whale of a Time in a Whale," John Jordan; and Pine Hall, "Tally Ho" and Salvation Belongeth of Our God," Calvin Long.

Winning Women
The winning women's groups their selections, and song leaders are Kappa Kappa Gamma, "College Medley" and Song of the Voyager," Jeanne Foster; Kappa Alpha Theta, "Theta Lips Are Smiling," and "On the Steppes," Ellomae Holden; Delta Gamma, "Anchord" and "You Are Music," Bernice Bauer; Delta Delta Delta, "Just Count The Stars," and "Wooden Shoes," Louise Miller; Forney Hall, "Kiss In The Dark," and "Nocturne," Frances Butler;

Negotiations Are Completed For Boston University Game

U. Band Concert Will Be Tonight

The University band, directed by Kermit F. Hosch, will present its spring concert tonight at 8 in the University auditorium. Works of American, British, Russian, and French composers will be featured. This concert will commemorate National Music week.

Forty-Nine To Get Air Commissions At Commencement

Four Idaho students are to receive regular Air Force commissions at the 1950 commencement exercises, and forty-five will be commissioned in the Air Force Officers' Reserve Corps, according to an announcement by Major Edward E. Lundak, Professor of Air Science & Tactics.

Those to be awarded regular commissions are Winston H. Bishop, Louis W. DeMoss, John A. Lawrence, and Clifford L. Pratt. Receiving reserve commissions will be Richard G. Allen, Orson E. Anderson, Thomas G. Boyd, Kenneth R. Briggs, Don H. Brighton, Dennis D. Bryan, James F. Chadband, Parley E. Cherry, Paul J. Daily, and Keith K. Dedrick. Others Jesse L. DePalmo, Allen R. Derr, Robert B. English, William F. Farley, Joseph E. Fisher, George H. Follett, Frank E. Gaylord, and Dick G. Geisler.

Complete Program
A complete program as the band will perform tonight follows: "Procession of the Nobles," Rimsky-Korsakov; "First Suite for Military Band," Holtz; "Suite Française," Milhaud; "Fantasy on an American Air," Fred; and "Finale to the Fourth Symphony," Tschai-kowsky.

Included in the band personnel are Jean Daily, Joan King, flute; Jeanne Foster, piccolo; Barbara Clauser, oboe; James Riggs, Lee Robinson, trumpet; and Ralph Fothergill, James Huff, Calvin Lyon, French horn.

Receive Commissions
Also Oliver W. Hanson, Donald R. Hayes, Donald G. Haynes, Maxwell G. Herrington, Eugene H. Jordan, Jack S. Lacy, Evan P. LaFollette, Charles J. Lord, and Gifford H. Mayes, Jr. Others commissioned are Robert D. Mays, Ruel D. Merrill, Charlie J. Muehlethaler, Herald S. Nokes, Daniel W. O'Connell, William O. Olson, Jr., Richard L. Pennell, and Arthur H. Perkins.

**Bucket Displays Pictures
Of Prominent Men And Women**
The Gaudy Gert-Ugly Ike contest got underway last weekend with the display of caricatured characters at the entrance to the Student Union building.

There they are!! The gaudiest... ugliest... the strangest... the most peculiar and odd-looking representatives of the species homo sapiens ever seen within or without the solar system. Even the Martians who recently visited Earth are not anywhere nearly so repulsively ugly or obnoxious as these pictures inside the door of the Bucket.

Sign Up
All persons interested in serving on the Homecoming committee and other activity committees next year are invited to fill out activity cards in the student body president's office immediately. Many committees will be picked before school is out to handle next year's activities.

Beauteous Belles
Obviously they didn't see the one picture of the beautiful bathing beauty. This beach lovely is dolled up in the latest Bikini model bathing suit, and wears an enticing garter in just the right place. Conservative use of lipstick adds just the proper touch to make campus males forget their broken hearts which have been saddened since Elizabeth Taylor was married.

The other pictures of women are too gaudy to describe, but all readers may be assured that it will be well worth their time to go down and gaze at the lovely beauty in the bathing suit. It may turn their stomachs, though, if they let their eyes wander over to the adjacent four-legged female.

**Students Receive
Army Commissions**
Eight university students will receive reserve commissions in the United States Army during the fifth commencement June 5, Colonel Charles F. Hudson, professor of military science and tactics, announced today.

The men will all be commissioned as second lieutenants in the officer reserve corps. They include John R. Black, John G. Miller, Fred R. Reich, and Robert C. Strom. Also Roy S. Hooper, Leo F. Winiger, Fred A. Beckman, and William E. Sweet, will be commissioned.

**Executive . . .
Board**
Agenda for Executive board meeting tonight includes: Joint meeting of old and new Executive boards. Faculty Advisor for next year. Homecoming chairman and assistant. NSA National convention.

Idaho Journeys To Mass. For Game November 18

The University of Idaho football team will journey to Boston November 18, 1950, to meet Boston university in Fenway Park, home of the Boston Red Sox in the American League.

Science Honorary Picks Candidates For Admission

Sigma Xi, national scientific honorary, has announced the names of 23 candidates for admission to the society.

Full members are: Guy A. Anderson, professor of bacteriology; William H. Baker, assistant professor of botany; G. Bryce Bennett, assistant professor of civil engineering; Norah Bennett, botany instructor; Max C. Jensen, associate in agricultural engineering.

Candidates Listed
Others include Thor Killsgaard, geologist; William H. Knight, agricultural engineering assistant; Johnson Parker, acting instructor of botany; Elmer K. Raunio, assistant professor of chemistry; Willard Dean Wilde, research engineer for the Bunker Hill & Sullivan Mining company, and Ruby Wortham, assistant professor of biological sciences.

Associates Named
Elmer D. McGlasson, Edward W. Owens, Kenneth F. Parkin, Melvin C. Stinson, John Barinaga, James E. Huff, and Lee M. Kelly were also chosen as associates.

New Schedule
Thus the full football schedule for the 1950 reads:
Sept. 23—Utah at Boise.
Sept. 30—Montana at Moscow.
Oct. 7—Texas Western at El Paso.
Oct. 14—Oregon at Moscow (Homecoming).
Oct. 28—Washington State at Pullman.
Nov. 4—Wyoming at Moscow.
Nov. 11—Oregon State at Corvallis.
Nov. 18—Boston University at Boston.
Nov. 25—Arizona State at Tempe.

New Exercises For May Ceremonies

Recommendations concerning University Commencement exercises were recently approved by the Academic Council. Copies of these recommendations have been mailed to all prospective graduates.

In line with the approved suggestions, candidates for Master's degrees will wear hoods at both Baccalaureate and Commencement exercises. The faculty marshals will conduct retiring faculty members to the platform where they will receive their certificates.

No corsages are to be worn on robes during Commencement activities, and parents and alumni will not need tickets to attend the ceremonies.

Lists of students to receive degrees will be sent to faculty members next week, announced D. D. DuSault, registrar. Notices concerning Commencement plans and procedure will also be sent. DuSault urged that all faculty members follow the approved procedure of turning in final grades for seniors within 48 hours after each examination is completed.

High School Visitors

Seniors from high schools all over the state visited the campus Saturday as a part of all-university open house. This group from Midvale is shown in the big ballroom on the second floor of the new student union building addition. Guides from all campus honoraries conducted tours of the campus and its installations all morning. In the afternoon football, tennis, and track took the interest. (Photo by Derr.)

Senior Class Makes Good

"There is an old saying that you can't teach an old dog new tricks." Apparently that adage is age-worn for it certainly didn't hold true Saturday night. The senior class of 1950 presented at Memorial gymnasium that night a dance that would compare with any ever held on the Idaho campus.

They literally turned the big gym into a college campus covered with familiar scenes, such as the nonchalant lad calling his girl, an old jalopy, and the Ad building, with numerous others. Beside the bandstand on either side, which was covered with blue orchids, were two silhouettes depicting a man and woman in a cap and gown. Even the bleachers, which were always a headache and an eyesore to dance decorators, were completely covered.

Seniors who have knocked around the campus for the last four years, (some maybe longer, but four years is supposed to be par), are just about the "oldest dogs" we know. "New tricks" have continually sprung from their fertile minds throughout their stay on this campus.

They came up with the idea of giving "Blue Orchids" (their dance theme) away to every woman attending the dance. We would like to now return a few literal orchids to the dance committee members, the class officers, and all who were responsible for the parting token offered by the "old dogs about campus," the Senior class of 1950. Congratulations!!!
B.C.J.

Are Comics Bad?

A great many writers, speakers, and other influential people seem to have a good time for themselves telling just how seriously the American way of life is deteriorating.

They are at their best painting black generalities which mean very little but give the impression that we Americans are the worst heathens on the face of the earth. In short, we are heading straight for hades with no salvation possible.

A favorite subject for damnation in recent years has been (of all things) comic books. Comic books, according to the wrinkled brow set, are making delinquents of our juveniles at a terrifying rate. The kids, they say, get fiendish ideas from "lewd" comic strips, and then go out to practice their knowledge by lynching a playmate.

While it is true that a good many comic strips are written strictly for the gruesome crowd, most of them provide good clean entertainment for the kids. But because of a few cases of delinquency which might, by some stretch of imagination, be traced to comic books, these people scream for all comic books to be done away with.

If we were to do away with comic books we should also rid ourselves of juke boxes (which play decadent music), movies (which portray these horrible Yankee ways), in fact we would have to throw out so many things to please these people who love to cry wolf, that it would be a very drab existence.

The people of several nations have allowed such things to be done away with or drastically censored. The Germans were "enlightened" by Hitler, and the Russians are now being "educated" by Uncle Joe and his henchmen.

The United States is still a comparatively young country, and while we have our freedom we are going to learn and improve. The people who cry wolf for the most part are thinking in the last century and living in the present. They would have us recede to those so-called "good old days" when morals looked fine from the surface, but were just as bad or worse under the surface. In other words they want us to be deceived by a sense of false modesty.

Our morals are being dealt with effectively, but not by those who make a big noise and denounce anything and everything they happen to think of. Most of them like to tell us we are going to hell, but few of them think objectively and act with a plan in mind.

We are certainly not a bunch of angels, but neither are we as bad as some people would have us believe. If these people keep on shouting "evil," we may never know when something really serious does come up.
D. H.

After tonight's meeting the past board will be free of their duties as leaders of student government. On the whole, they have done a good job. With the exception of a few names Jason withholds in view of the fact they are leaving "public life." Most attended meetings conscientiously and worked hard.

Bob Moulton headed the old board as ASUI president. Ken Briggs served as vice president, and Phyllis LaRue as secretary. Other members were Keith Judd, Del Klaus, Bob Mays, Bob Jonas, Peter Bottum Wilson, Bette West, and Dick Geisler.

Most Graduate

All except Judd, Mays and Wilson are scheduled to graduate June 5. These three each have another year of school.

Jason has enjoyed working with them for the past semester. Especially so when some member would "spring" for the coffee fol-

Dietitians Are In Demand; Profitable Future Granted

Dietitians are in demand! A thousand new dietitians are needed yearly to replace those who leave the profession for marriage or other reasons, and not enough prepare annually to enter the field, according to the U. S. Department of Labor's Women's Bureau which has just completed a study in cooperation with the American Dietetic Association. In 1949 the Army reported almost 100 budgeted positions unfilled and many hospitals throughout the country reported difficulty in retaining well trained dietitians for their food services.

Future expansion in the hospital field will result in further need for dietetic services.

Professional possibilities and a good opportunity for advancement in the field of dietetics make it an attractive one. Most dietitians work in hospitals supervising the food services for patients and the staff or teach nutrition to student nurses, medical or dental students, and dietetic interns. Others are employed in institutions for the aged, in children's corrective institutions or camps, college residence halls, school lunch programs, hotels, restaurants, and industrial cafeterias. Some are consultants in food companies; others write for newspapers or magazines or conduct radio or television programs.

Idaho Has Prep Course

Preparation for a career in dietetics includes graduation from a home economics department of an accredited college with a major in foods and nutrition. A year's internship is also required. This may be in an approved course in a hospital or in an approved apprentice program in a restaurant to learn the skills of food service supervision, such as food purchasing, scheduling the time of food workers, and figuring unit costs. Membership in the American Dietetic Association is an asset especially for hospital dietitians. The American College of Surgeons requires that the food services in hospitals which it approves be administered by a member of the Association.

A Nation-wide survey made by the Bureau of Labor Statistics in 1949 indicated that most dietitians received from \$2,800 to \$3,800 a year, in many instances with room and/or meals in addition. Heads of school cafeteria systems were paid from \$2,650 to \$5,125 in 1948, depending upon the size of the school system.

Offer Excellent Jobs

Although most dietitians are women, men are much in demand in this field as food administrators. Most of the men have taken postgraduate work in restaurant or hotel management or administration and entered the field from that source.

Students are interested in further information on this subject may write to the American Dietetic Association in Chicago, Illinois, or to the Women's Bureau, U. S. Department of Labor, Washington, D. C., which has prepared a bulletin on dietetics.

In the next 5 to 10 years at least splendid opportunities will exist for dietitians. A wide variety of choices in this field, offers opportunity for service essential to the health and welfare of mankind.

Here's More About— Bucket

Masculine Marvels

There is also a picture which should be of interest to the womenfolk. Of course they will have to overlook a few minor defects in the photography. The camera makes this big hunk o' man look like he's outgrown his clothes, lost his teeth, crossed his eyes, and pasted a Mortimer expression on his puss. But if the gals will look beneath the faulty photography, they will see a man who looks as if he should be in a Mr. America contest rather than the Ugly Ike contest.

There is always one—and in this contest there are the aforementioned two odd pictures. But the rest should satisfy the most morbid tastes of the most sadistic critics on the campus.

Anyone Can Be Critic

Anyone who wants to be a critic can stand in front of these pictures and criticize all day. Any who wish to be judges can judge as long as their pennies hold out. A penny is a vote—and incidentally a donation to a worthy cause, the purchase of a World War II memorial plaque, sponsored by Alpha Phi Omega.

Phi Gamma Delta leads the field of contestants for Ugly Ike with 279 votes, while the favorite Gaudy Gert after four days of balloting is the Alpha Chi Omega contestant with 198 votes.

In second and third places for the men are Willis Sweet and Sigma Nu respectively. Pushing the leader for Gaudy Gert in second and third positions are Pi Beta Phi and Delta Gamma respectively.

Ag Engineers Tour Industrial Plants

Six agricultural engineering students and one faculty member of the university went on a field trip to Spokane last Saturday.

They toured the Longview Powerhouse of the Washington Water Power Company, and the Union Iron works. The Union Iron works turns out iron and steel products for lumbering, mining, and other industries.

Mr. W. J. Schmid was the faculty member in charge of the group.

Mech. Engineer Receives 1st Prize For Best Paper

Delbert Robison, Idaho senior mechanical engineering student, received first prize for his paper, which he presented at the 14th annual conference of Pacific Northwest student branches of the American society of mechanical engineers. This conference was held at the University of British Columbia in Vancouver, B.C., Canada on May 4, 5, and 6, 1950.

Engineers from the University of Washington, Oregon State college, Washington State college, Montana State college, and the University of British Columbia were also in attendance at the conference.

Trips Taken

Those attending from Idaho besides Robison were: Edward Stell, who presented a paper; honorary chairman Mr. J. T. Norgord; incoming student chairman Ritchie Goch; and outgoing chairman John Nesbitt, who presided at one of the technical sessions.

In addition to the many sessions of the conference, the delegates were taken on several field trips to inspect Canadian mines and industry.

Men Work Toward Advance Degrees

A university college of agricultural graduate and a senior who will receive his degree in June have received appointments to work toward advanced degrees from other institutions. D. R. Theophilus, dean of the college of agriculture, announced this week.

Richard W. Thomas, who received his degree in entomology from the university in 1949, will serve as teaching assistant in the department of entomology at Purdue university during the 1950-51 year. During the past year, Thomas has been working toward his master's degree in entomology at Purdue university.

William R. Woodland, will work as research assistant at Utah Agricultural Research station. Woodland will receive his bachelor's degree in animal husbandry from the university in June.

Pre-Kinsey Reporters Tell Of 'Sexual Behavior In Female'

A preview of the anxiously awaited "Sexual Behavior in the Human Female" is to be found in an article by Morris L. Ernst and David Loth in the April edition of Redwood magazine.

The two authors, writing "What Kinsey Will Tell," present to the public a few of the most significant findings in the second Kinsey report, which is due to be published next year.

The report will probably be more widely read and discussed than the first volume since, according to the article, both men and women are more interested in the sexual behavior of women than in that of men. It seems that men not only want to know how members of the opposite sex react, but women want to know the sex habits of other members of their own sex.

This One More Accurate

The article is expected to show a good many facts which were previously unknown or inconclusive, and should be more accurate than the report on men because it is based on twice the number of interviews, and represents an elaboration on the earlier interviewing techniques.

In regard to the correlation between sex and education, the report is expected to show that the one activity that seems to increase with education is "petting," while homosexual experience decreases.

No Satisfaction

Furthermore, the writers say, general confirmation can be expected of earlier studies showing that one-third of college women who marry never attain complete sexual satisfaction. When the modern college graduate fails to achieve satisfaction with her marriage partner, the article says, she is likely to blame either him or herself. This dissatisfaction is said to contribute to the increase in divorce, for she is more apt than her grandmother would have been to seek a change in her partner for this reason.

The article points out that while the Kinsey findings are important to the scientists, they should be even more useful to the ordinary man and woman, and may well serve as a basis for the intelligent handling of vital problems.

The report will probably show that sexual behavior is governed largely by the cultural pattern of the individual, and that there is a tremendous gulf between practice and what has been held as practice.

Upperclassmen Honored at Sigma Nu Ball Breakfast Held For Tri-Delt Initiates

Sigma Nu upperclassmen were honored at a dinner-dance Friday night, and initiates of Delta Delta Delta were honored at a breakfast. Mardi Gras at Forney featured various decorations and unusual costumes.

Upperclassmen and their dates attended the annual dinner-dance held Friday. Don Waltman was the general chairman of the affair, assisted by Dan Creswell, Jack Wegher, and Bob Goodwin. Honored guests were Mrs. Paul Sprague, Mr. and Mrs. Harold Cornelison, and Mr. and Mrs. Victor Casebolt.

Bill Gray was recently elected Lieutenant Commander to replace Earl Wheeler, who has returned to his home in American Falls.

Weekend guests at the chapter house were Mr. Louis Ringe, American Falls; Gene Hamblin, Lewiston; Mooney Wheeler, American Falls; Clyde Harvey and Jim Jeager, Kellogg; and Dave Powell, Lewiston.

Delta Delta Delta

Seniors gave their annual breakfast for the initiates last Friday, and presented them with identification pins. In charge of the "breakfast," which was held at 5:30 p.m., was Barbara Kitchens.

Ann Papenhagen, Joanne English, and Phillis Ritzman, all of Spokane, were weekend guests at the house.

Guests for Sunday dinner were Ben Jayne and Mrs. Bertha Jayne, of Enid, Oklahoma; Lauray Fereday, Gene Thometz, Al Papenhagen, Bill Lallman, Stan Goddecke, Richard Chamberlain, Jack Peterson, Luke Boyle, Bruce Gaul, and Dick Boyle.

Alpha Chi Omega

Members awoke to the call "rise and shine" as turn-about day began at 6:30 a.m. Thursday. In the evening members amused the pledges by performing stunts during dinner. The day ended at 10:30 p.m. with a party given by the pledges.

Jean Sorenson and Jeanne Isotalo, Wallace; Lois Woods and Marilyn Evans of Lewiston; and Eleanor Anderson were dinner guests last week.

Campus Club

Dinner guests at the Campus club last week were Tom Collins, Jerry McGraw, Don Plumlee, Ted Slater, and Kenneth Torkelson, seniors from Bonners Ferry. Other guests Guttorm Berge, Tom Aspitarte, Jim Landers and Richard Lozier.

Kappa Sigma

Bill Ray, Kellogg; John Blanton, Bernie Hancock, Dwight Thomas, Bill Hopkins, John Foskett, Don Harper, all of Pasco, Wash., and Jim Fritts, Whitman college, were weekend guests.

Dale Sanner was a Saturday dinner guest at the chapter house.

Hays Hall

Guests for Saturday dinner were Mary Lou McJinney, Anna Breidenbach, and Margaret Ailsworth. Sunday dinner guests were Dorothy Kerby, Don Parker, George Murphy, and Bob Peterman.

Hays hall seniors were tubbed Saturday night by the Frosh.

Forney Hall

Colorful costumes depicting rabbits, Mexicans, Swiss, and numerous other characters greatly enlivened Forney hall's Mardi Gras Friday evening. Black suede programs with two eyes cut out were given to all the guests.

In one corner of the room was a large black mask which served as a backdrop for several pictures. Near the entrance stood a green trellis bedecked with multi-colored balloons with the names of each couple written on them. Music was furnished by KUOI. During a short intermission cookies and punch were served from a refreshment bar appropriately decorated with masks and streamers.

June Carr, social chairman, was general chairman. Decorating was in charge of Joan Jansen, and Carolyn Webb planned refreshments for the 40 couples who attended. Undecorating was supervised by Jean Frahm.

Willis Sweet Hall

Mr. and Mrs. John Kramer of Opportunity, Wash., and Mr. and Mrs. Carl Hoagland, Millwood, Wash., were entertained at dinner on Saturday. Guest for Sunday dinner was Charlotte Greenwood, Plummer.

Alpha Phi

Weekend guests were Diana Hooper, JoAnn Ennis, Jackie Graham, Joyce Oster, Mary Loraine O'Neil, and Dorris Jensen.

Sigma Alpha Epsilon

Thursday dinner guests were Mary Catherine Hooper and Pauline Lawson. Ralph Wilder and Jackie De Mers were Sunday din-

Church News

Alpha Tau Omega
Week end guests at the Alpha Tau Omega house were Joe Komen and Jack Smiley, Kellogg; Eddie Johnson, Bill Dire, John Herrington, and Jack White, Wallace.

Drama Workshop Starts On June 12 For High Schools

Beginning June 12, four dramatists with a vast range of theatrical experience will work with high school students in acting, diction, make-up, stagecraft, choral reading, and audio-visual drama during the university's drama workshop. The 1950 session will last until July 1.

Lois S. Halladay, Phoenix, Ariz., and Ed Dalva, Moscow, will direct the workshop. Mrs. Halladay, director of speech at Phoenix Union high school, assisted in directing last summer. She has performed in several Little Theatre of the Rockies productions at Greeley, Colo., and the Phoenix Little theatre.

Receives Degree

Dalva, head of dramatics in Moscow high school, received his degree from Idaho in 1946. During his college career Dalva was active in campus drama, and has participated in plays during summer school for the past three years. He will receive his Master's degree from Idaho in June.

Dorothy L. Kearney, Phoenix, and William Davidson, Moscow, will assist during the workshop. Miss Kearney is freshman counselor at Phoenix Union high school. Davidson will receive his bachelor's degree in drama from Idaho in June. He has acted or assisted in almost every campus drama production during the last four years.

Other participants from Idaho included Alfred Hayward with "Still Life No. 1," and "Still Life No. 2"; and Mary Kirkwood who entered "Near the Old Homeplace," and "Spring Thaw, Palouse Country."

Jim Marshall displayed "Landscape, Palouse Hills," and "Palouse Snowspots." "Night Bloomer" and "The Phoenix" were entered by Arnold Westerlund. Also participating was Jack Ruffelt with a painting entitled "Drought" and "American Cathedral."

Health Workshops Offered Teachers

Some 178 workshops in nutrition and health are offered this summer to teachers and health workers. These workshops give emphasis to good nutrition as one of the effective ways of improving the nation's health habits.

Specialists in the fields of medicine, health, and education serve on the faculties, lead the formal meetings and informal group sessions which are a vital part of these workshops.

This summer General Mills offers special assistance to eight workshops in various parts of the country.

Senior Engineers Take Seattle Trip

Senior civil engineering students of the University of Idaho were the recipients of a field trip to Seattle and vicinity last week.

Monday they inspected the Roza division of the Yakima irrigation project. Tuesday they went on to Seattle where they visited the West Coast Wood Preserving company, the Bethlehem Steel company, the Isaacson Iron Works, and the Superior Portland Cement, Incorporated. Wednesday they went on to view the Alaskan Way Viaduct Construction, the Seattle Sewage Disposal Plant, and the Boeing Airplane company. On Thursday they saw the Tacoma Narrows Bridge, and were taken on a tour of the University of Washington. They visited the Seattle Water System, and the Lake Washington Floating Bridge on Friday. On the return trip Saturday they stopped at McNary Dam.

Professor Moore and Professor Sargent accompanied the group of 35 student engineers.

Recital Thursday

A joint recital will be presented Thursday evening in the University auditorium at 8 p.m. Misses Mary Driscoll and Joan Wittman will combine their talents that evening.

Nice And Comfy

—University of Idaho President J. E. Buchanan (right) tries one of the chairs presented to the university by the Art club, student art organization, for comfort while members of the club look on. The furniture, to be placed in the Art building, includes several chairs, a lamp and a modernistic wooden screen. Members of the student committee are (left to right) Jack McGough, Moscow; Marvin Utter, Hansen; James Marshall, Lewiston; Harold Gerber, Twin Falls (front), president of the Art club; Frank Gaylord, Cataldo, and Howard Grimms, Moscow.

Pre-And Orchestis Set Spring Show Friday Night At 8

Orchestis and Pre-orchestis have scheduled their annual spring recital Friday, May 12, at 8 p. m. in the university auditorium. Both groups are directed by Mrs. John Reeves. Tickets at 50c each may be obtained from members of either dance group or at the door.

Nancy Mayo is accompanist for the program, and Harry Lamson is in charge of lighting. Publicity is under the supervision of Jean Wardell, and Jane Fisk is in charge of programs. Members of the I-club will usher.

These Are In It
Participating in the recital as orchestis members are Shirley Ball, Betty Base, Bev. Benson, Lois Black, Louise Blenden, Kathy Bureleigh, Pam Gout, Georgia Hemovich, Alene Kelley, Pat Lyons, Joan Martin, Jeanne Nagel, and Helen Way.

Pre-orchestis members include Connie Baxter, Lou Carlson, Kate Church, Joy East, Bev Eggers, Lorene Millsap, Carol Peterson, Peggy Pruett, Lois Settle, and Mary Thompson.

Thanks

We wish to express our appreciation to all Seniors and students who gave their splendid cooperation in planning and decorating for the Senior Ball. Senior Class Officers

Study Tour Prize In Art Contest

"Art and the Man" is the subject of the European art study tour under the auspices of International Study Tour Alliance. This tour will be first prize in the Cellini Compact contest of the Elgin American Division of the Illinois-Watch Case Company.

An entry, the design for a powder compact reflecting the Italian Renaissance style of Benvenuto Cellini, may be submitted by any undergraduate student, or graduate student up to 25 years of age, who is enrolled in a college or art school. Entries are to be sent to International Study Tour Alliance, 12 East 46th Street, New York 17, N. Y., and must be postmarked before midnight May 31, 1950.

Ingalls To Head U. P.

Jim Ingalls will head the United Party caucus for the coming school year. Other officers elected at a recent meeting include Georgia Stonemets, secretary, and Dave Bull, treasurer. Committees to work with the caucus will be named later by Ingalls. John Ascuaga was named head of plans for a caucus party.

Sigma Chi's Elect Krehbiel As Prexy

Jack Krehbiel was elected president of Sigma Chi fraternity last night. Other officers include Steve Douglas, vice president; Dale Kassel, pledge trainer; and Winston Churchill, secretary. Four members voted to the Executive board are Don Theophilus, Jim Ford, Don Nepean, and Dick Newton.

Federalists Meet

Harry Caldwell, instructor in geology and geography, will speak on "Geopolitics in the Cold War" at a World Federalists meeting tonight at 7:30 in Science 110.

Navy Exhibits Sword Of Chinese Heritage

In the display case in the Navy building rests a Chinese headman's sword on which an inscription in Chinese reads: "A sword for the good man to cut off the bad man's head."

The sword today has a less gruesome purpose, however, for it now serves as a trophy for the annual meet of all ROTC drill teams of W.S.C. and Idaho. It was first presented to the Idaho NROTC drill team last year for winning the drill meet. It will be awarded for the second time this month to the winner of this year's competition.

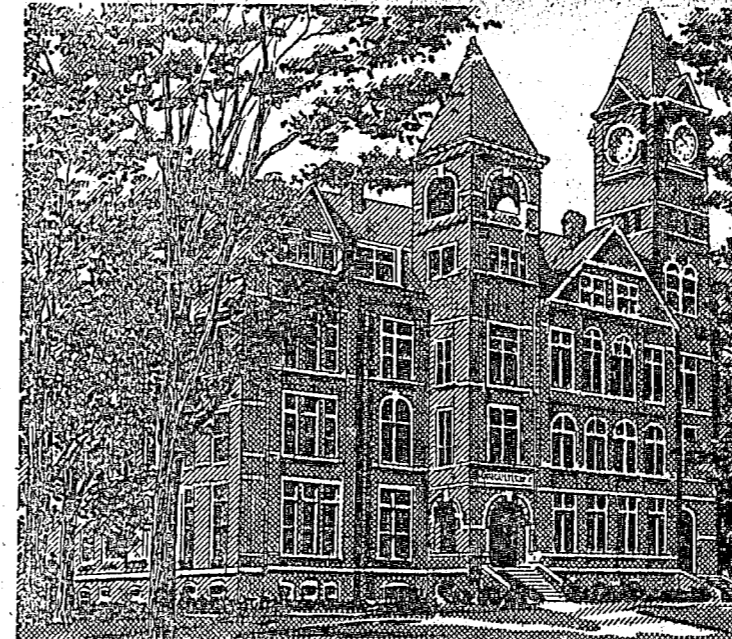

The sword was acquired by Capt. C. A. Chappell, commander of the Idaho NROTC unit, at Peiping, China in 1937 during his travel with the Navy. Capt. Chappell donated the sword last year to serve as a trophy in the annual precision drill meets.

Polio Precautions Issued By Group

The National Foundation for Infantile Paralysis issued a message today calling for observance of simple health precautions by college students during the hot polio months just ahead.

Dr. Hart E. Van Riper, medical director of the Foundation listed basic precautions for the May-to-December epidemic danger season. These are the recommended precautions: try not to get over-tired; keep from getting chilled; keep clean; and watch for early signs of sickness.

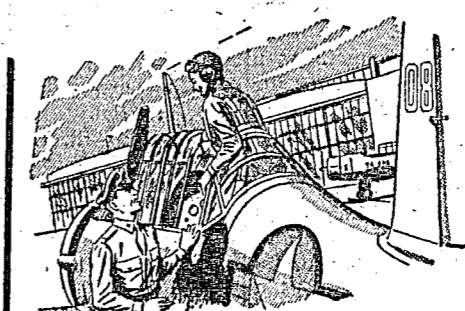

In the event polio does strike, call your doctor at once and, until he comes keep the patient quiet, in bed and away from others. Dr. Van Riper warned that there is no "quick cure" for polio and no way as yet to prevent, but with good care, most people get well.

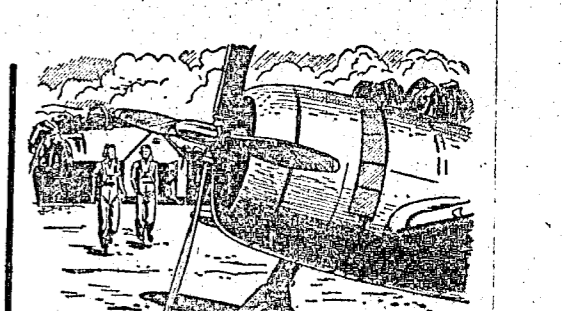

Major Nathan Adams, Auburn '40
Personnel Manager, U.S. Air Force

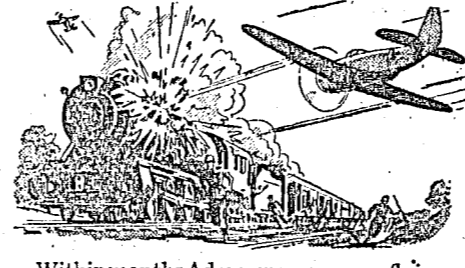

A top scholar and ROTC Honor Graduate, Cadet Lt. Col. Nathan Adams enjoyed his final military ball in 1940, soon left for Fort Sill's Field Artillery School.

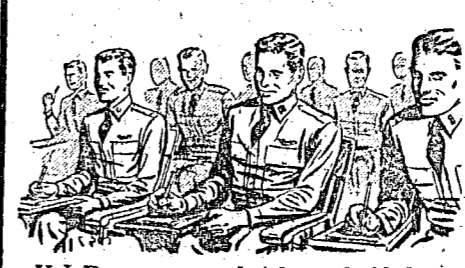

Following a three month course, Lt. Adams decided the Air Force was the place for him. He applied for pilot training, was accepted, proceeded to Maxwell Field.

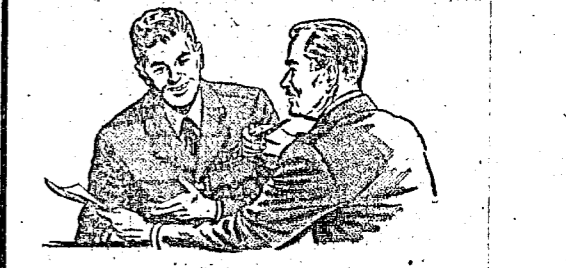

He won his wings and reported to the 36th Fighter Group in Puerto Rico. The group soon returned to the States, giving Adams a chance to marry his college sweetheart.

Within months Adams was overseas, flying "rhubarbs" (missions against enemy transports). He flew 63 P-47 missions within seven months, returned to the States late in 1944 for rest and recuperation.

V-J Day came, and Adams decided to make the service a career. He chose personnel work as his career field, was assigned for training to the Adjutant General's School at Fort Oglethorpe, Georgia.

Now a regular Air Force Major, he heads a 22-man action at Bolling Air Force Base. He advises his Commanding Officer on selection, assignment and promotion of all officers and airmen in the command.

Ice Cream adds the needed touch to any party or dinner. With the warm weather coming now is the time to start serving ice cream. It's an easy dessert and the family will enjoy it.

Varsity And Frosh Teams Facing Baileymen Today

Baseball takes the limelight again this afternoon as Idaho and Washington State swing bats in both the varsity and freshman ranks. Coach "Cheerful Chuck's" clubbers take their winning formula over to Pullman today for their second conference meeting of the season against the Baileymen. WSC beat Idaho at MacLean field, 7-3, two weeks ago.

Here on the home diamond Joe Grove and his Vandal freshman outfit will be out to make it two in a row over the Washington State frosh. Both contests start at 3 o'clock.

Everybody won over the weekend. The Idaho varsity banged out 12-6 and 8-0 victories from the College of Idaho Friday and Saturday nights at Payette, and the freshmen tipped the Cougar frosh 4-1 Friday afternoon.

Hurler Bats 1,000

Pitcher Cless Hinckley won his own ball game Friday when he hit four for four at the plate. Hinckley slammed a single and three triples, scored twice and batted in three runs. Catcher Dick Merrill gave his hurler extra support by smacking a triple and a single, while Rod Grider and Tobe Masingill each contributed two singles.

C of I Hits—102 001 30—7
Runs 002 001 30—6
Idaho Hits—142 011 04—13
Runs 061 010 04—12

Hinckley and Merrill, McIntyre, Gregory, Semba and Ferguson.

Second Win

Ozzie Kanikkeberg almost produced a no hit no run affair Saturday night. The Vandal twirler goose-egged the Coyotes in the run, column but got nicked for two hits in the fourth. Kanikkeberg had the game under control all the way. He struck out six batters and didn't give up a base on balls.

Rightfielder Hal Hunter swung the heavy stick for Idaho. Hunter poled a home run in the fifth frame with bases empty. Idaho Hits—100 120 100—5
Runs 000 120 500—8
C of I Hits—000 200 000—2
Runs 000 000 000—0

Kanikkeberg and Link; Dunn, Baker and Ferguson.

Lineup

Finley will give lefthander Bob Pritchett an opportunity to notch up his third conference win this afternoon. With big Bob on the mound, the probable line up will read: Dick Merrill catching; Joe Zavetsky, first base; Tobe Masingill, second base; Rod Grider, third base; Nick Stallworth, shortstop; Hal Hunter, left field; Glen Darnell, centerfield, and Don Harrison in right.

For the frosh crew, Grove will use Wayne Anderson and Babe Lust on the hill.

Time Out

By COSTELLO

Just as in every sport the Idaho-WSC baseball rivalry is an old and colorful one.

Back in 1935 the two teams were playing a game with the score tied at 5-5 in the second inning. Along about that time some Idaho students came up with a wise trick. They cavorted onto the field and circled the diamond pulling a tiny cage on wheels. In it was a house cat. This mockery of Butch, the Cougar mascot, was all it took to set the WSC men into a grim, determined mood. In the top half of the third inning they went all out and scored 15 runs. They won the game 20-10.

Idaho Baileymen

Another colorful game was played in 1939. It was held at Pullman during WSC's alumni day. People shot off fire crackers during the game and the coaches traded teams. Vandal coach at the time was Forest Twogood. He directed WSC while Buck Bailey took over Idaho's nine. Twogood pitched for the Cougars and Bailey caught for Idaho. Idaho won the game 7 to 6. Bob Pritchett is turning out to be quite a workhorse for the Vandals and the announcement that the big left hander is to pitch against the Cougars today is good news. The performance he's shown lately assures us that there's plenty of chance that Buck Bailey will be kicking over the bat rack this afternoon. Incidentally, we noticed that WSC bats were lined up neatly along the ground instead of in the rack at the last meeting of the two teams at Moscow. Quiet game.

Engineers Picnic

Electrical engineering students and faculty sponsored a picnic at Spalding park Sunday. Highlighting the refreshments were steaks and ice cream. Volleyball, softball, and badminton provided entertainment.

Intrasquad Fracas Sees Howell's Reds Slaughter Whites

Dixie Howell's earlier report that next year's Vandal grid machine will be a pass-happy outfit was confirmed at the annual Red vs. White intrasquad game Saturday at Neale Stadium. Approximately 5000 shivering spectators witnessed the game which started soon after the WSC-Idaho track meet. From their viewpoint it was a more exciting game than last year's 0-0 tie.

Both squads utilized the air-planes throughout the afternoon and, while the passing was exceptionally good, receivers couldn't quite seem to hold onto the ball.

Clash Of Formations

Howell's squad used his "may-be T" while the Reds used the regular "T." Belko's team composed of this year's freshmen and seniors, the boys and old men, were pretty well squelched during the entire game but did show some good defensive work against the varsity at times. Their only scoring threat came when Jim Hatch broke loose in the final quarter and ran 51 yards. He was stopped on the red 14.

Coach Howell remarks, "Defensively the squad was a little bit more rugged Saturday than it has been at this stage of the game since I've been here. He was especially pleased with "gang tackling" and defensive play of the halfbacks which "usually doesn't show itself in spring training." The game ended this spring's work.

Frosh Complete Pass

First score came in the second quarter when freshman Wayne Anderson tossed one to Johnny Brogan from the 14. Brogan had set up the TD two plays before when he faked a pass on the Red 45 and scampered 24 yards to the White 25. He flipped one to freshman Jerry Ogle next and put the ball on the 10 from where the score was made.

Red halfback Bob Mays passed to frosh Jim Petruzzi for the second touchdown a few plays later. Bud Riley made the score 13-0 with his successful placement kick. He made six during the game.

The potent Reds made still another tally in the second quarter when Anderson faked a pass and ran through the entire White squad on a 16 yard touchdown play. Again Riley place kicked successfully. The score 20 to 0.

Busy Fourth Quarter

Third period went without a score but the fourth more than made up for it. Max Glaves' pass to Billy Mullins from the one yard line raked up the fourth TD for the Reds. Again Riley's conversion was successful and the scoreboard read 27-0. Six plays later Johnny Brogan again made life miserable for the Whites. He intercepted a pass at the midfield stripe and went all the way. This gallop and Riley's extra point made in 34-0. Scoring ended just before the end of the game. Glaves passed to Ben Jayne from the 33. Another perfect placement by Riley made the final score 41-0.

Riders Place Sixth In Rodeo Meet Last Weekend

Vandal Riders placed sixth in the National Intercollegiate Rodeo association meet at Montana State university in Missoula, Sunday. Ned Stuart, Idaho's bareback rider, won first in that division. He compiled 87 points out of a possible 100 and earned \$60. College cowboys from Washington State college gained possession of the team trophy, which must be won three times to claim permanent possession. High point man for the entire meet was Don Harrington, Montana State college, with 256 points.

Idaho Men Entered

According to reports from team members, no one was injured in the meet. About 3,000 spectators attended the show. Idaho men who participated were Ned Stuart, team captain, King Block, Robert Reed, Norm Lodge, Floyd Venable, and Carl Yocum. Other schools who entered were

Two Vandals Leave Cougars Behind

Coming in with five points each for Idaho in Saturday's cinder meet against WSC are John Miller, left, and John Allyson. Miller is finishing the 440-yard run after making the single circuit in 51 seconds. WSC's Millard and Deck took second and third spots. Upset of the day was Allyson's win in the two-mile run over WSC's twin distance men, Bob and Dick Selfridge. The diminutive Vandal went into an early lead, dropped behind in the seventh of eight laps, then sprinted to a thrilling win over Bob Selfridge in the final round. He covered the distance in 9 minutes, -58.2 seconds. (Photo by Schnell.)

Final Track Meets Approach With Montana Grizzlies Next

An improved Vandal track and field squad swings into the closing weeks of track competition with Montana State university and the northern division championships at Seattle the only remaining meets. Saturday Coach Stan Hiserman will lead his team to Missoula for the final dual meet of the season. Following this Idaho will enter the divisional contest on the twentieth of this month.

Vandal tracksters aren't expecting an easy time of it this weekend by any means. The Grizzlies have one of the tougher squads in recent years and are especially strong at shorter distances and field events. The only common opponent of the two teams has been WSC. Early in the season Montana, in poor condition because of unsatisfactory weather, was bowled over by the Cougars. Last week here in Moscow, WSC completed the picture with a nip and tuck victory over Idaho, 73 1/2 to 56 1/2.

Many Idaho Firsts In the weekend meet WSC took an early lead when she swept the shot put only to be overhauled as the first of the running events were completed. Idahoans took nine of 15 first places but lost in the final analysis by inability to cop valuable seconds and thirds.

The meet was a treat especially from the spectator standpoint as nearly all events were close fought. Double winners included Vandal Dick Newton in the sprints and Fran Poltfoot in the hurdles. Cool and wet track conditions prevented any meet records from falling.

In other Northern Division dual meet, Oregon's undefeated track team clinched at least a tie for the dual meet title by downing Washington 73 to 58. Three thousand saw George Rasmussen, Oregon's ace pole vaulter, set the only meet record of the afternoon, Rasmussen cleared 14 feet 1 inch to better a mark of 14 feet made by Oregon's George Varoff in 1938.

Meet results Saturday were:

- 100—Johanson, I, first; Stimac, WSC, second; Eischen, WSC, third. Time—4:25.8.
- 440—Miller, I, first; Millard, WSC, second; Deck, WSC, third. Time—51 flat.
- Pole vault—Martindale, I, first; Parish, I, Shattuck, Sullivan and Gayda, all WSC, tied for second. Height—12 feet.
- High jump—Fadrick, WSC, and Roberts, WSC, tied for first; Martindale, I, and Higgins, WSC, tied for third. Height—6' 2".
- 100—Newton, I, first; Christian, I, second; Thorndike, WSC, third. Time—10 flat.
- Shot put—Swerin, WSC, first; Mataya, WSC, second; Fisher, WSC, third. Distance—47' 7".
- 120 high hurdles—Poltfoot, WSC, first; Bean, I, second; no third. Time—15 flat.
- 880—Farnham, I, first; Sewell, WSC, second; Carpenter, WSC, third. Time—1:57.9.
- 220—Newton, I, first; Wiese, WSC, second; Thorndike, WSC, third. Time—22.2.
- Javelin—Hodgson, I, first; Nelson, WSC, second; Tyrell, WSC, third. Distance—183' 9".
- Two mile—Allyson, I, first; R. Selfridge, WSC, second; D. Selfridge, WSC, third. Time—9:58.2.
- 220 low hurdles—Poltfoot, WSC, first; Bean, I, second; Swanbeck, WSC, third. Time 24.6.
- Broad jump—Higgins, WSC, first; Morgan, WSC, second; Nowak, I, third. Distance—22' 6 3/4".
- Discus—Hiner, I, first; Mataya, WSC, second; Fisher, WSC, third. Distance—143' 8 1/2".
- 1 mile relay—Won by WSC (Higgins, Deck, Wiese and Millard) Time—3:27.

Varsity Crew Plays At Annual Navy Ball

The annual Navy ROTC spring formal dance was held last Friday night at the Legion hall. Approximately fifty couples danced to the music of the Varsity Crew. The hall was beautifully decorated to the theme "Blue Skies."

Washington State college, Montana State college, University of Wyoming, Montana State university, and Montana Normal school.

Netmen Lose Two Meets; Next Try Against Whitman

University of Washington reported to the tennis courts Friday afternoon and made their trip to Vandalville profitable by shutting out local netmen 7 to 0. The visitors had things their own way most of the match, and provided fans with several thrilling shots.

Following morning at 9:30 the Vandals were host to a return match with the junior college team from Vanport, Oregon. The JC's, playing with a changed roster from their previous defeat at the hands of the Vandals, gained revenge by downing Idaho 4 to 3. Idaho players scoring wins were Barnes over Luster in the singles 6-4, 9-7, and Dollinger over Rollinson 6-2, 7-5. The other Idaho point came by virtue of Scull's and Dollinger's victory in doubles against Hanson and Rollinson, 7-5, 9-7.

This weekend the Vandals travel to Whitworth in Spokane for a match at 2, and Saturday they meet their cross state rivals WSC at 2 on the WSC courts.

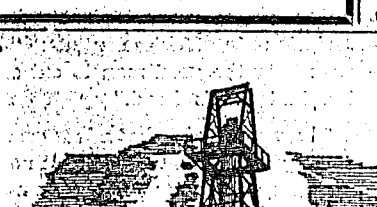

Mural Track, Golf Events Are Slated

Intramural golfers and tracksters will get the work they have been preparing for next Saturday. The schedule has the golf meet clocked for 7 in the morning and preliminary track events slated to start at 1 that afternoon.

Golf will be completed Saturday morning and those placing in track events will compete for the championship Monday afternoon at 4.

Results of last week's meet are: Doubles: Calkitt and Williams (WSC) over Harden and Ioset; Benjamin and King (WSC) over Miller and Ames; Olsen and Beeber (WSC) over Stringfield and Dripps; Singles: Olsen (WSC) over Stringfield; Benjamin (WSC) over Dripps; Beeber (WSC) over Ames; King (WSC) over Miller, Calkitt (WSC) over Harden, Williams (WSC) over Ioset.

Start that spring romance over a coke at the Campus Cafe

Inland Empire Fencing Tourney Held Friday and Saturday at Home School

The Inland Empire Championship fencing tournament was held at Spokane on Friday and Saturday, May 5 and 6. Al Garcia, Spokane Fencing Club, won the Men's Open Foil, Epee, and Three Weapons championships. Vera Bailey, Spokane, won the Women's Open Foil contest. Vern Ritter, WSC captured the Men's Junior Open Foil and F. J. Scott, Vancouver, B. C., won the Saber contests. Idaho was represented at the tourney by Val Yurchenco and Walt Ward. Although neither of the men won Yurchenco got into the semi-finals in the men's Open Foil and Ward got into the semi-finals in the Junior Men's Open Foil. Val also fought in the Epee contests and both men fought in the Saber matches.

Hearst Winners To Receive Medals

Members of the Army ROTC rifle team who fired in the Hearst trophy match in January, will be presented with medals given by the Hearst newspapers at ceremonies during the federal inspection on May 19. The Idaho team took second place in the Sixth Army area in the match, being beaten for first place by two points by the University of San Francisco Army ROTC team. Team members who will be awarded these medals are: Martin Ourada, Robert Wilkenson, Gerald VanHardenberg, Howard Chadwick, and James Wommack. A Hearst plaque will also be presented to the team for their part in the match.

The story behind deepwater oil

A few years ago, a test well proved there is oil under the great Continental Shelf that extends out into the Gulf of Mexico, and although the well did not produce much, it started one of the most unusual—and expensive—drilling programs in history.

So far, in the search for underwater oil, seven drilling platforms have been built, similar to the one above, as far as 10 miles offshore and in water as much as 65 feet deep. They are set on tubular steel pilings driven 250 feet through the ocean's bottom, for they must be strong enough to withstand Gulf hurricanes.

The story behind this operation is the story of risk... and of determination to do everything possible to find oil for the growing needs of motorists, farms and industries. Each underwater field costs millions of dollars more than any of equal size drilled on land, and although oil has been found, not enough has been produced yet to repay more than a small fraction of the costs.

Meanwhile, the money being risked is creating many jobs, spreading to hundreds of large and small businesses... and helping to keep our economy free, competitive and strong.

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better
