## Students Donate More Blood Than Money In Campus Drive

### The GOLDEN FLEECE by Jason

We faintly recall from memories of the past something about someone, we can't remember who, once saying: "Give me blood, or give me money."

But we never heard of both being asked at once. Not till this week.

Since Tuesday, any of us visiting the Student Union building, have undoubtedly donated one pint of blood. On the other hand, when we go to the Administration building, we are asked for \$1 toward the Campus Chest. And the pints of blood have so far equalled the dollars collected.

No rest it seems, but it's all over tomorrow.

In only two days, Tuesday and Wednesday, the campus blood drive netted 499 pints of blood. The campus chest in three days has netted only \$500. Due to an estimated amount of overlapping, we might be led to believe that few over 500 University of Idaho students are patriotic. So dig deep Jack. The campus chest drive is over tomorrow, and if you didn't give blood, you can sure give money.

#### Flood of Blood

One hundred and twenty-five gallons of University of Idaho students' blood is probably already in Korea, some of it may be now in use. Taken Monday and Tuesday, it was immediately flown by Empire Airlines to Boise, from there to San Francisco, and directly to Korea and wounded men whose lives depend on it.

One of our lead stories today gives the details, but there is a story behind this blood drive on the campus, the only of its kind in the nation, that deserves telling.

Our story starts in a Moscow theater where our subject is watching a movie. A news reel is showing the first shipment of hard to obtain, life saving, human blood, to the Korean wounded.

General Omar Bradley appears on the screen to emphasize the need for blood and to request people donate some immediately. Suddenly imbued with a feeling of patriotism, our subject decides to donate his life fluid. But where? No place in Moscow can handle blood. So he, feeling that others may want to give their blood too, set out to do something about it.

#### Pays Off

This week we saw what he did. We saw it pay off in 499 pints of badly needed blood, 99 over the quota originally set. We are still seeing it pay off in publicity for the students and the campus.

Our subject we'll identify as Duane Lloyd, junior forestry major. Duane transferred from Idaho State college and is here for his first year. Duane did a great job in organizing the drive from start to finish, and in securing the cooperation and aid necessary for the success of such an endeavor. Lloyd has gained a better reputation and accomplished more than many students do in four years of college—and he has only been here since September. An example to follow.

To him, and everyone else who donated blood or otherwise helped make the program a rousing success—congratulations.

#### Pinned

Little red pins were given each of the donors who gave blood this week. Jason saw two students exchanging their "pins" today, so they could become blood brothers.

#### Name In Paper

Jason has figured out a way, for all those students who want their name in the paper and have never been that lucky, to score. Just write a letter to Jason, about anything, and we'll print it.

### Play Tickets

Reserved seats for the Studio production of "Antigone" on Tuesday, Wednesday, and Thursday nights of next week may be obtained by calling Jean Collette's office, 8496, in the U Hut. Seats are on a first come first served basis.

### National Finalist

Jackie Taylor, University of Idaho's entry in Esquire Magazine's 1950 Esquire Girl contest, is one of 12 finalists in this national contest, it was announced today by telegram from Chicago, Ill.

The telegram reads as follows:

Allen R. Derr, Idaho Argonaut, University of Idaho

Your entry Esquire college contest Jackie Taylor Chosen One of the Twelve Finalists. Winner to be announced soon.

R. Brizzolara, College Contest Editor.

Alpha Tau Omega fraternity sponsored the contest on the Idaho campus in conjunction with the Argonaut.

Selection of Miss Taylor bears out Jason's recent claim that the University of Idaho has the most beautiful women in the Pacific Northwest.

### Bawl Committees Announced Today For Big Ag Dance

Committees have been named for the annual Ag Bawl scheduled for 9 p.m. Saturday, November 18 in the SUB large ballroom.

Floyd Rowberry, dance chairman will be assisted by Bob Schild, Bill Ringer and Howard Shepard are planning intermission. Jim Walkington and Frank Cochrane are in charge of decoration and posters.

#### Painter Will Play

Music will be furnished by Carl Painter and his orchestra. Levis, plaid shirts and plaid dresses will be in style for the evening. Decorations will follow a harvest theme.

Dr. and Mrs. George W. Woodbury, Dr. and Mrs. William E. Folz and Dr. and Mrs. C. W. Hodgson will be patrons and patronesses. They represent three departments of agriculture: horticulture, agricultural economics and animal husbandry respectively.

#### Tickets on Sale

Tickets are \$1.50 per couple. They may be obtained from Ag club representatives in each of the mens living groups or from Harry Isaman, Ag club president.

### Debate Tourney Held At Gonzaga

Seven debate teams will represent the university at Gonzaga today in the first tournament of the current year. Five schools will participate in the tourney.

Travelling to Gonzaga to debate the question "Should non-communist nations form a new world organization?" are Phyllis Payne, Dorothy Ennis, Marvin Jagels, Hugh Swanstrom, Herman McDevitt, Charles McDevitt, and Dean Holyoake. Also debating are Bob Gibbs, Dick Gibbs, Kent Lake, Lois Odberg, Betty Westenberg, Kenneth Kohrher, and Marian Haggerty.

#### Judge Debates

Each team will debate three times, two this afternoon and one this evening.

Dr. A. E. Whitehead, Ed Fiester, Donna Jean Broyles, and William Van Alven will be among the judges for the debates.

### University Student, Politico, Wins Congressional Race

Local boy makes good. With the results of the state and national political elections Tuesday night came the news that a University of Idaho student is also a congressman.

Herman J. McDevitt, senior law student, was elected to the state House of Representatives on the Democratic ticket from Bannock county.

Believed to be the youngest congressman on record, 22-year-old McDevitt from Pocatello included on his political platform the restriction of non-resident hunting and fishing.

Since he was here in Moscow attending law school, a group of youthful friends, who previously placed him on the ballot, handled his political campaign. The total cost of the campaign was six dollars.

#### Active On Campus

"Although I am elected representative from Bannock county, the University of Idaho and its students shall remain one of my primary concerns," said the newly elected state congressman. He added that if any students have suggestions which they wanted to present to him, he would do his best to see that they were voiced in the legislature next January.

Representative McDevitt, who attended Idaho State college for his pre-law studies, has been active in debate, student politics,

At present he is one of two University of Idaho candidates for a Rhodes scholarship to study at Oxford, England. If he passes the state committee December 6 he will appear before a regional committee for final decision. Al Denman is the other candidate.

### Double Duty

The recently completed blood drive, entitled by some: Draft dodgers find way to help, has already had some interesting repercussions.

One of the donors was overheard to say: "If they draft me after this, I'm going to put in for the Congressional medal of honor, for doing my part twice."

### Vandal Gridmen Cheered Last Night

Over a thousand students turned out to send the Idaho football team on their way to their second conference game with Oregon State college in Corvallis last night.

Signs bearing slogans such as "Dam the Beavers" and torches were carried by the participants. The 35-man Vandal traveling team boarded the train at 6:45 p.m.

## Kampus Key, The University Guide, Sold Tonight In Women's Living Groups

Kampus Key, 84-page guide of university students published by Blue Key, national leadership honorary fraternity, will be on sale in the women's living groups during the dinner hour this evening.

Under the auspices of ASUI and this year edited by Allen Derr, the 2nd edition of the Kampus Key will act as a student directory for the school year, 1950-51. The directory, which sold about 1400 copies last year, was found to be popular in locating students on the campus and essential to committee heads and student organizations.

#### Dates Listed

In addition to students names, major, year, and phone number, the little blue booklet lists their home towns and campus addresses. Names, addresses, positions, and telephone numbers of instructors and other university workers are also contained.

On the athletic calendar, a complete schedule for tennis, swimming, boxing, baseball, golf, and track are included as well as the dates of the Moscow - Pullman community concerts.

#### On Sale In SUB

Separate listings are given to the Academic Calendar, house-mothers, proctors and hostesses, and presidents of the living groups along with deans and administrative officers.

Men will get their opportunity to purchase this handy little book Saturday and the Kampus Key will be on sale at all times at the Graduate Managers office in the SUB.

### Six Living Groups Reach 100% Mark For Campus Chest

Donations Lower Than Needed Sum

Donations totalling \$500 have been given by Idaho students to the 1950 Campus Chest fund, according to Frank Kinnison and Leo Cespedes, co-chairmen of the drive. This is considerably lower than the amount of contributions needed.

Approximately six living groups have reached the 100 per cent contribution mark although the official winner of the plaque for the group first reaching 100 per cent has not been determined.

#### Receive Trophy

Each living group is being canvassed for donations by a representative and a booth is set up in the main entrance of the Ad building to accept Campus Chest contributions from off-campus students.

No specific amount for contributions has been designated. Each campus residence with all members donating one dollar or more to the fund will receive an engraved red feather trophy.

#### Ends Saturday

The Campus Chest is the only drive scheduled this year on the campus. Funds from the drive will be distributed among the Children's Home of North Idaho, Idaho Chapter of the National Society for Crippled Children and Adults, Idaho's Cancer Association, and Idaho's Infantile Paralysis fund.

These nations are all operating at a deficit and contributions are urgently needed to aid them. Also receiving aid from Idaho's drive are World Student Service Fund, Religious Emphasis week, Crusade for Freedom and miscellaneous other funds. The drive will end Saturday noon.

### Borah Room Open

The Borah Room or Little Theatre at the Student Union Building is now available for meetings and movies, stated James Bowly, SUB manager. Seats and a screen have been installed. Approximate seating capacity is 202 people.

### Winter Comes

Tuesday's snow brought winter to the Idaho campus. Almost as familiar as any campus sight, campus cop Fred Fennell directs students and traffic from the center of the four-way intersection off Hello walk. Fred, or "Fearless Fosdoock" as he has been tagged, now wears a winter overcoat over his summer uniform. Snow in the background signifies why.

### Give, Till It Hurts

Mrs. J. E. Buchanan, right, and an unidentified Red Cross nurse, extract one pint of blood from Darleen Tibbetts as a part of the recent Blood Drive. 499 pints in all were collected. Mrs. Buchanan, wife of President J. E. Buchanan, helped as a civilian volunteer nurse during the drive.

### Alpha Phi Wins Trophy For Third Debate Year

Alpha Phi won the women's intramural debate tournament Tuesday for the third consecutive year by defeating Gamma Phi Beta. Delta Sigma Rho, national debate honorary sponsored the tourney. Co-chairmen were Lois Odberg and Mary Louisa Will.

Topic of this year's debate was: "Resolved: That all non-communist nations form a new world organization." Each debate team was required to prepare both a negative and an affirmative argument. Debates were constituted on a double elimination basis. After two defeats, a team was eliminated.

Ten living groups were represented in the women's debate tourney, which was held in the Student Union building. Judges for all debates, were faculty members.

Alpha Phi's winning team was comprised of Phyllis Paine and Jo Ann Ennis. Other teams were: Ridenbaugh hall: Darlene Towery, and Sally Kramer; Alpha Chi Omega, Barb Pennington and Barbara Green, and Margaret Alley; Pi Phi, Suzanne Moore, Nathalie Bales, and Janet Fogelquist; Delta Gamma, Dawn Moore, Isabelle Clyde, and Elizabeth Winegar; Hays hall, Bobby Hargis and Joyce Powers; Kappa Alpha Theta, Marjetta Cloos, Mary Joyce Briggs, Joan Elkins, and Ann Eames; Kappa Kappa Gamma, Polly Bell, Janice Moore, Carla Broad, and Mary Lou Varian; Tri Delta, Lee Graham and Pat Riley; Gamma Phi, Jo Anne Carpenter, Jackie Baker, Bev Alger, and Mary Winterholer.

Underclassmen with no previous experience in debating were eligible for the tournament.

Men's intramural debate is well underway with five out of the original eight teams still participating. Those living quarters still entered are: SAE, Lindley hall, Sigma Chi, Willis Sweet, and Phi Gamma Delta.

"Resolved that the non-communist countries of the world should be formed into a new international organization," is the topic of debate. Judges for the debates are members of the faculty. The contests are held at the house of the negative side.

The debates are double elimination. Each house must lose twice before dropping out. It is expected that the final debate will be held sometime next week.

Sampson Accepted

Dave Sampson, junior pre-med student at Idaho, has been accepted by the Columbia university medical school at Morning-side Heights, New York. His term will begin next fall.

### Moscow, (Idaho) Red—With Blood During ASUI Drive

499 Pints Donated; Gone To Korea

Moscow — and we don't mean Moscow, Russia — will be well represented in Korea as 499 pints of blood donated by university students, faculty, and townspeople are on the way to the war front. Donations were given during the ASUI-sponsored drive Tuesday and Wednesday.

Idaho's drive surpassed all previous records of blood donations received by the Boise blood center in such a short time. The previous total of 130 pints of blood in one day taken by the Boise bloodmobile was overshadowed by Idaho's donations of 271 pints Wednesday. The last donor left the Student Union blood center at 1:30 p.m. Wednesday night.

To Be Used In Korea

Tuesday's collection was put on Empire Airlines Wednesday morning to be flown to San Francisco to the central processing laboratory. The blood is now somewhere between Korea and San Francisco and will be used in Korean hospitals on Saturday.

The flight by Empire Airlines was free of charge as a courtesy to the students.

Dr. E. F. Sestero, director of the Boise blood center, said the program was better organized than others he has seen and claimed he has been dealing with the "most cooperative people and patients I have had." Seven Red Cross nurses traveled with the unit.

Lloyd Investigated

Duane Lloyd, junior forestry major, started the ball rolling for the drive a month ago after seeing General Omar Bradley's plea in a news reel for more blood for American wounded servicemen in Korea.

Lloyd investigated possibilities of a campus drive through the Boise center. He then contacted presidents of all campus living groups, and worked in connection with the executive board and the administration.

According to Lloyd the only drawback in the drive was the congested lines of prospective donors. He said more blood could have been taken except the bloodmobile unit had another appointment and no more bottles were available on Wednesday evening.

Claim 100 Per Cent

University air ROTC officers and personnel, including the secretary, had 100 percent donations and Phi Delta Theta also claimed 100 per cent of its members as blood donors.

Volunteer workers from Moscow and the students gave aid as nurses aides and canteen workers in connection with the Latah county Red Cross chapter. The local chapter furnished refreshments for the canteen tables. Campus groups helping with the program were Spurs, Alpha Phi Omega, and IK.

Dr. Sestero reported a small number of rejections of prospective blood donors due to physical handicaps.

## Why Not Welcome Vandals?

Idaho's best football team in her history is now on its way to another game. The rally held last night sent them off in good style, but—what about when they come back? The idea of a returning rally has been tossed and kicked around for some time—now, let's do something about it.

When the Vandals return, Sunday morning (ho-hum) at 9, they will be undefeated in Pacific Coast play. Mere speculation? Yes, but with good foundation. Win or lose, the boys will represent Idaho as it has never been represented before. And it must be an empty feeling to step off the train two blocks from the campus, and not a soul to greet them, except for Gale Mix, showing them the way to breakfast.

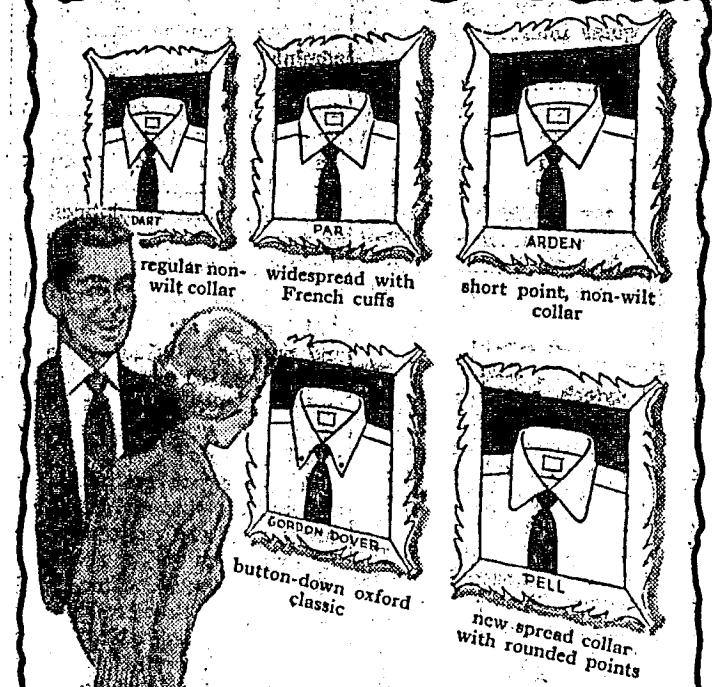

They will be more tired than another great game behind them. That is the time they will really appreciate a show of support from students. They ride back on the same train as the WSC team. In Pullman, the Cougars will be greeted by at least a thousand students. Let's surprise the Vandals, and show our appreciation for their effort.

Here's the plan—the train comes in between 8:45 and 9:15. The Phi Deltis will ring their bell announcing the train's arrival. Members of the Pep Band will attend. In each living group, the house president should appoint someone to see that everyone goes—or take that responsibility upon himself. Let's show the team we're behind them—9 a.m. Sunday is awfully early, but a rally like this can be enough fun to make the slight loss of sleep worthwhile. If WSC can do it, we can do it better! —T. M.

## Dear Jason

Dear Jason: The merchants of Moscow do not need the income derived from the university. After all, it is only \$1,000,000, one-seventeenth of Moscow's annual income. If you care to do a little figuring of your own, take 3,000 students (a conservative estimate) spending \$1,000 per year (again conservative) we reach a figure of \$3,000,000. Another conservative estimate is that two-thirds of the students' dollar goes to Moscow merchants. This amounts to over \$2,000,000 or double what we are supposed to be contributing to the support of Moscow merchants. But this is only the students! Add to this the faculty and their families, other university employees, construction workers, and people drawn to Moscow by the university and its functions. And yet Moscow does not need the university. Just try to pull 4,000 people out of a town the size of Moscow and see what happens.

If Moscow does not need our money, why do most of the downtown merchants cater to our trade? A person of middle age, or pre-college age can hardly find clothing of their style in the clothing stores. Why do fuel dealers call our living groups and offer to sell us their merchandise? Why is the advertising directed at the students and placed in our school newspaper? Why does a downtown merchant display our school mascot (The Idaho Vandal) on his store front? These and countless other questions can only be answered by those people who say that Moscow does not need our university.

Students, with your cooperation, we think we have a partial solution to our problem. At the last meeting of the Interfraternity Council, a fraternity-sorority cooperative was proposed. A cooperative like this was in operation on this campus prior to the war. Right now a very successful co-op is operating on the campus at Oregon State college. As this former co-op was organized it would serve as a place for fraternities and sororities to buy nearly everything needed for the operation of their living groups. A conservative estimate shows that the Greek living groups put out about \$40,000 a month to operate. During the winter months we could easily use two carloads of coal in a month. We are spending around \$25,000 a month for groceries. Figure in wholesale prices on these and other items such as cleaning supplies, electrical and plumbing supplies, repair items, etc., and the saving to our living groups and to us as individuals through reduced house bills would be considerable. An organization such as this knows no bounds and could be expanded almost indefinitely.

This plan is soon to be brought before the Pan Hellenic Council for their consideration. I urge all of you to give this plan some serious thought and consideration. Sure, there are bound to be faults in it, but with a lot of whole-hearted cooperation we can make this a beneficial reality.

Yours for a reduced cost of living,  
Jordan Kanlkeberg.

## Ten Apply For Fulbright Award

Ten applications for Fulbright scholarships were received, announced Professor Arthur Beattie, chairman of the foreign scholarship committee.

Applicants were required to choose a country in which they would prefer to receive their schooling, with the United Kingdom receiving five choices. Others were France, requested by two applicants, and Austria, Norway, and New Zealand.

The announcement of the winners, which comes from the state department by way of the president's board of foreign scholarships, will not be released until April.

"Boy, my journalism professor was certainly outspoken today!" exclaimed a new man in the course.

"Hoopy," blurted a senior who overheard. "Who could outspoke him?"

## Noodnick Rattled By Noises From Basement Of Bucket

Hearing strange noises coming from the basement of the Bucket, Noodnick staggered down stairs to investigate. There before his eyes were some of the craziest goings-on that his blood shot eyes had ever seen. He was almost tempted to turn and run for safety, but the novelty of the situation made him stay.

The first thing he saw was a bunch of fellows with long sticks trying to spear little wooden balls on green topped tables. Noodnick thought this a bit strange, but since he was badly outnumbered he felt it unwise to argue.

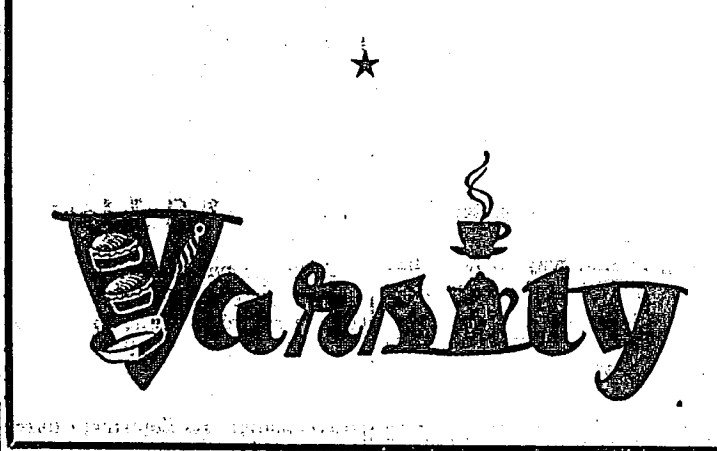

After a while he came to the conclusion that the fellows weren't very good at the game, because almost every time someone would try to stab a ball one of them would run into a pocket at the edge of the table and get away.

Tired of watching such foolishness, Noodnick turned his attention to another strange game being played nearby. Cautiously, he edged up and sat down to observe what was going on. It was truly the most startling thing that our hero with the pointed head has ever seen.

People were heaving missiles down the floor at some wooden

## Blue Key Initiates Campus Leaders

Initiated into the Blue Key recently were: Norm Green, Jerald Haegle, Harold Brammer, Keith Judd, Sherm Black, Bert Johnson, and Paul Araquistain. The initiation at which Clint Peterson officiated was preceded by a banquet. Ralph Fothergill, Marvin Washburn, and Lon Renfrow will be initiated at a later date.

The Blue Key is a men's honorary fraternity composed of men belonging to many other honoraries. Requirements for membership are high scholarship, leadership, and activeness in extra-curricular activities.

## Vets Contact VA On Return To Duty

Veterans recalled to active duty while receiving benefit payments from the Veterans Administration can save themselves and the government a lot of trouble by notifying the VA immediately when they return to service.

Benefits included are G.I. Bill or Public Law 116 subsistence allowances and compensation for service-connected disabilities. Veterans are not allowed to receive VA payments if they return to service.

Notification of recall to active duty to the VA should include veteran's "C" claims number, complete name and address, amount of VA payment, what it's for, and date of return to service.

## Bowling Contest

The man and woman student who makes the highest bowling score on the alleys at the Student Union building each week will be awarded a carton of Chesterfields, campus representatives Janet Fulton and Herman McDevitt announced today.

Noteworthy scores should be reported to Tom Rigby, bowling alley manager, when they are paid for. A blackboard may be placed in the SUB basement on which winners' names will be placed.

## Robinson To Head Music Honorary

Perry Lee Robinson was elected president of Phi Mu Alpha, men's music honorary, at a recent meeting.

Other officers chosen were Gordon Scott, vice president; Wayne Jepson, treasurer; and Jim Landers, secretary.

**Fest Planned**  
 A joint installation ceremony with the WSC chapter will initiate a Phi Mu Alpha group at Eastern Washington College of Education, Cheney, Washington, soon.

A song fest, held in conjunction with Sigma Alpha Iota, women's music honorary, is being planned for Mother's day. This annual affair in which the group has charge of arrangements but does not participate, is rated high in comparison with other similar events throughout the Northwest, according to Robinson.

## Arnold Air Society Conducts Initiation

Ceremonies were conducted yesterday for twenty-six men of the advanced ROTC unit into Arnold Air Society.

Those pledged are Wendell Styner, Jack Mossman, Edwin Engart, James Hyland, Don Quan, and Lloyd Dunn. Others are Jerry Wybark, Jim Deleve, Joe Larkin, Benjamin Nicholas, Charles Gibbs, and John Relk.

**Pledges Named**  
 Gene Easton, Lewis Whitsell, J. D. Peterson, Lee Boyle, Richard Merrill, and Hyland Obermyer also pledged the society. Neophytes include Wayne Leach, Wendell Herritt, Herb Schroeder, Rex Hill, and Richard Giles. Dan Anderson, Gene Thometz, and Cleon Kunz complete the list.

## Larson Will Play For Sport Dance

Ken West is general chairman of the affair assisted by Burt Humphrey, tickets, and Dave Lau, publicity. Admission for the dance which starts at 8:30 p.m. is \$1.25.

## Gift Certificates Awarded Students Of 9-Mile Trek

It certainly pays to walk. This is shown by the many gifts received by the presidents of the student bodies and the editors of the college newspapers of Idaho and Pullman on their treks to halfway between the two cities from the Moscow merchants.

Rollefson's Grocery contributed six bottles of Coca Cola to the Vandals and six bottles to the Cougars; Markettime Drug Store gave each Cougar and each Vandal a harmonica; Bolles-Fitzgerald gave corn pads and hose to each one. Dickenson's Grocery gave the group pig sausages; the Drive-in Auto-Show gave each person two tickets; the Parisian, represented by its owner, Wyman Cox, gave Charlotte a pair of Sblaparelli hose and the fellows were given \$2 gift certificates.

Gene's Do-Nut Shop presented one dozen donuts to each person; Idaho Dairy Products gave each individual one quart of ice cream; the Owl Drug Store gave each a two-pound box of Bon Bons; Carter's Drug Store gave a rubber horse to the Vandals and bally mule to the Cougars; the Outdoor Shop gave flashlights; Western's gave the parties bandanas; and Moscow Florist Shop gave each a gift certificate for Tom Sawyer's arrangement of a corsage.

Derby Cafe presented certificates for each a free dinner; the Washerette gave each a week's free laundry; Hodgins' Drug Store gave corn pads and foot aids; and lastly the Tri-State Distributors gave a compass to the Vandals and one to the Cougars.

## Foresters To Meet

All associated foresters are invited to attend the meeting in the forestry laboratory, Monday, at 7:30 p.m. After the regular business meeting, a program will be given by the sophomore foresters. Refreshments will be served.

## Quebec Film Shown At French Circle

A film on Montreal and Quebec will be featured at the next French Circle meeting, 3 p.m. Sunday in the Student Union Conference rooms, announced Arme DuBault, president today.

Professor W. J. Brockelbank will lead a discussion of the education programs of several different countries. On the panel with him will be several students and faculty members who have studied the subject abroad.

Light are the famous keys of national honor societies. No. 9 is an important newcomer. It's the Bell System's new keyset for the direct dialing of Long Distance telephone calls. And, though not yet "national," it already has "chapters" in more than 900 cities and towns.

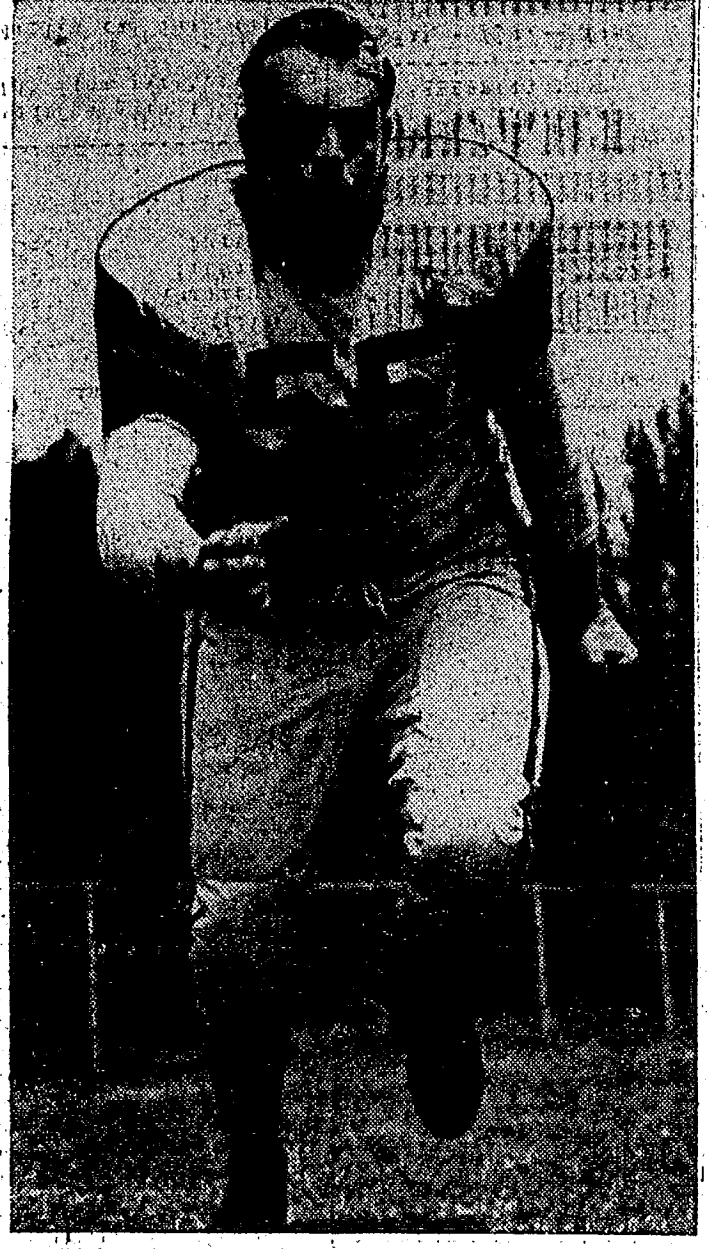

By pressing these keys, your operator can dial calls straight through to telephones in many distant places. Calls go through faster, more accurately.

Automatic dialing of Long Distance calls by operators, a development of the Bell Telephone Laboratories, is being extended steadily. This new method of putting through Long Distance calls is especially important right now, when the nation is counting on telephone service to help speed the job of defense.

### Tough Oregonian Set For Vandals

Captaining the Oregon State Beavers in their contest against Idaho tomorrow is David Niemi, a rugged 205 pound tackle letterman who has been a mainstay in the OSC line for the past two years. Niemi, a fine blocker, will give Idaho defensive linemen all they can handle in the Vandals' final conference contest of the 1950 season.

Idaho nearly purloined the Pokes' perfect pigskin record last Saturday and the Wyoming Cowboys were more than willing to pack a 14-7 verdict in their saddle bags and return home unbeaten.

Word from the Buckaroo camp at Lafayette this week had praise aplenty for the Vandals. Wyoming drumbeaters claim that Idaho was tougher for the Cowpokes to run through (did they?—I didn't notice) and displayed a more consistently strong running game (this I saw) than the Baylor Bears, who are currently tied for second in the Southwest conference.

The Neale stadium game marked only the second occasion in the past two years that Wyoming has trailed in a grid contest.

The NCAA football statistics don't list Idaho as a national leader, but the official tabulation sheet is certainly flooded with performances of Vandal opponents.

Arizona State paces the nation in total offense and rushing. Montana is classed 12th in the nation in forward passing. Wyoming leads the nation in total defense and is fourth in rushing defense. Montana is tenth in forward pass defense and Utah heads the national punting column.

In individual honors White of Arizona State is ninth in total offense, Kingsford of Montana is 13th, Talboom of Wyoming is 17th and Cunningham of Utah is 20th. In rushing, White of Tempe holds number one spot and Bean of Utah is ninth.

In forward passing, Cunningham is the nation's top pitching ace and Kingsford is 10th. Bauer of Montana is seventh in pass receiving and Peterson of Utah is 10th. Smith of Utah is the nation's third best punter to date.

Who were the sport scribes that howled about Idaho dropping the California schools from its schedule to play MINOR COMPETITION?

Last week's porkhike picks averaged out 750 percent—15 winners and four losers and one tie. Thus, my total guessing of 119 games is 84 correct—24 incorrect and five even-stephen contests for an overall average of .706 percent.

Always seeking to improve my batting average, I have discarded my electric lamp bulb in favor of the Fiji telescope which unfortunately (for obtaining an overall view of the national football picture) is in a fixed position on the northside of the house. My figures this week may be a little mixed up.

Idaho and Oregon State. If the Vandals win this one they will be co-champions of the Pacific coast conference. The last time they shared conference honors was back in 1927 when they tied for the PCC crown with Stanford and Southern California.

That year (1927) Idaho fought to a scoreless tie with Oregon in their conference opener. Three weeks later they wound up in a 7 to 7 deadlock with Washington State. And in their last conference game of the season the Vandals beat Oregon State 12 to 7.

Since 1938, Idaho has played seven games at Bell Field and only scored 18 points. Twelve markers in 1948 and six points in 1947. Oregon State has won 18 games of the series which started in 1913 and Idaho has won five. Tomorrow they'll win number six. Idaho by six.

## Defense-Minded Vandals Unload At Bell Field To Tangle With Improved Beavers

The Idaho Vandals gave Inland Empire fans one of the best offensive shows ever seen in Neale stadium last Saturday when they held the nationally ranked Wyoming Cowpokes to a 14-7 victory. This week the Vandal bandwagon rolls into Corvallis for a battle with the Oregon State Beavers in a Pacific coast conference contest.

The Oregonians, who are much better than their 1-5 record indicates are expecting a rough afternoon in their fracas with the strong and surprising Vandals. The Orangemen are not forgetting last season's thriller with the Vandals in which they had to go all out to win a high scoring 35-25 de-

Both Squads Worked On Defense

Barring last minute practice injuries, the Beavers should be at full strength for their final Corvallis appearance of the season. In practice this week, Kip Taylor's charges have been emphasizing pass defense, the only weakness shown against UCLA last Saturday. The Bruins scored two touchdowns and gained more than 200 yards in the air against the Orange. Polish has also been added to the running attack in anticipation of a stout Vandal defense. Idaho held the vaunted running attack of Wyoming's to a net gain of 31 yards.

In reference to tomorrow afternoon's fray Coach Howell of the Vandals stated, "We have been working defensively all week so that we will be able to keep the opposition from running us off the field. As far as injuries are concerned, defensive end Billy Mullins, who last Saturday mangled on for limited service in the probably see action and it is my

## Sigma Alpha Epsilon Claims Tank Title, Two Records Fall

By BILL BOYDEN

Two records were smashed yesterday afternoon as SAE captured the intramural swimming championship. For the fourth consecutive year Beta Theta Pi finished a close second followed by Delta Sigma Phi, Pine Hall, and ATO. Bill Hoblet of DSP broke a long standing record in the 50-yard free style as he posted the time of 24.85 seconds. Delta Sigma Phi's 200-yard free style relay team, composed of Hoblet, DeStefano, DeBruine and Keller, also racked up the record time of 1:52.9 to better the mark of 1:54 set in Tuesday's preliminaries by SAE.

Winners in other final events were Shaw of BTP in diving, Edmark of SAE in the 50-yard back stroke, Hoblet of DSP in the 100-yard free style, SAE's team of Barbee, Edmark, and LeGrone in the 150-yard medley relay; and Edmark of SAE and Vajda of Lindley hall finished in a dead-heat in the 50-yard breast stroke.

### Semi-Finals

Wednesday's semi-final heat winners in the 50-yard free style were Hoblet in the time of 25.0, Dixon of PH in 26.6, Lambert of BTP in 28.8, and Merrill of BTP in 28.1.

Best times in the 100-yard free style were 58.9 by Hoblet, 1:04.8 by Lambert, 1:07.6 by Merrill, and 1:08 by Keller of DSP. Qualifiers in the 50-yard breast stroke were Edmark in the time of 34.2. DeBruine of DSP in 36.0, Vajda of LH in 34.5, and Green of BTP in 36.0.

Completing the semi-final winners were Edmark, Barbee of SAE, Green, and Warren of KS in the 50-yard back stroke. Swimming coach Eric Kirkland, who officiated the meet, was very much pleased with the spectator interest which was demonstrated throughout the meet.

hope that John Brogan can be called on for limited service in the backfield tomorrow." Both men were doubtful earlier in the week. The broadcast of tomorrow's game may be heard over KRPL at 1:15.

## Idaho Defense Tops Coast; Vandal Statistics Better OSC

By holding the rampaging Cowpokes to a net thirty-one yards on the ground, the Idaho Vandals stepped in as the leading defensive team in the Pacific coast conference. Idaho moved up from second place last week followed by California and the Bruins from UCLA. OSC ranks seventh. In six games, the Vandals have held their opponents to 780 yards on the ground and 698 yards through the air for a total of 246 yards per game.

Idaho holds second place in rush offense and punting. Surpassed only by the Bears, the Vandals have rushed 1362 yards in 334 tries for an average of 225.2 yards per game. OSC is in eighth place in this department.

In punting Idaho is slightly under UCLA with an average of 37.8 yards per boot in 32 attempts. OSC holds seventh place with a 37.5 average per try.

OSC surpasses Idaho in only one column. The Beavers hold fourth place in pass defense while the Vandals are fifth. In total offense, Idaho is fifth and OSC seventh.

### Block and Christian

In individual statistics, Idaho's plunging fullback, King Block, holds sixth place in rushing while OSC's Gene Taft is fifth. Block is also third in scoring with six touchdowns to his credit, with Taft ranking seventh. Halfback Glen Christian of the Vandals is fifth in the scoring column with five TD's. Glen is shooting one hundred percent in the extra try for point with four for four.

Possibly a threat to Idaho tomorrow will be Gene Morrow who ranks fourth on the coast in passing. So, far this year, Morrow's throwing arm has netted 360 yards for the Beavers in five contests.

## Yearling Courtmen Scrimmage Against Varsity Squad

Rounding out its first month of practice, Idaho's freshman basketball team, coached by Preston Brimhall, continued to stress the importance of fundamentals. Although soundly trounced by the Vandal varsity squad the Babes should be bolstered by the addition of a number of football players who finished their gridiron play last week.

In varsity scrimmage the freshmen employed the offensive pattern used by Long Island university. Idaho will meet the New York squad in Madison Square Garden on December 25.

Brimhall, who is temporarily taking Art Smith's place as the Babes mentor, started a team that included, Dwight Morrison, Walla Walla giant, at Center; Stan Wilcox of Coeur d'Alene and Tommy Flynn of Lewiston at forward; and Rich Collins, Boise, and Bill Mallick of Colfax at guard.

Other players who saw action were Hymas, Stein, Porter, Mac Lennan, Wheeler and Swanstrom. Practice sessions are held every evening in Memorial Gymnasium between 6:15 and 7:30.

## SWIMMING

Coach Eric Kirkland announced that there will be a general meeting for all varsity and frosh swimmers 4:00 Monday afternoon at the Memorial Gym pool.
