According to Bill Chetwood, general chairman, "It is chiefly up to the university students to make the high school visitors feel at home and want to enroll at the university for their college education."

A mixer with music by Art Woodbury and his quintet is scheduled for Saturday night in the SUB middle ballroom. A preview of the Hell Diver's show to give visitors an idea of the campus water activities will be Saturday afternoon.

"Upon receiving the word of his appointment as head mentor for the Vandals, Curfman said, 'To say I am pleased and surprised at the honor shown me is putting it mildly. I shall try in every way to live up to the confidence shown in me. I have been pleased at the highest turnout for spring football practice in the university's history. I don't believe anybody thought that 78 would turn out. The spirit of the men and their willingness to work are gratifying.'" Curfman commenting on his present assistants said, "Nikceovich and Williams have been doing wonderful work on the coaching side. Our problem now is to secure, as soon as possible, the two more assistants who will round out the staff. The sooner these men are on the campus, the better off we will be."

Discipline Out In The Open

Just to let you know what is going on in the higher echelons of our university, we will tell you that the ASUI Executive Board has sent to President Buchanan a discipline report which contains recommendations for changing the discipline committees.

The three recommendations contained in the report all boil down to the fact that more direct responsibility is desired for the discipline committees.

One line of the report in particular met with our approval. It says that we are "shutting the door after the horse has been stolen if no effort is made to correct conditions which may have caused a problem." The report goes on to say that the "discipline committee should have the additional function of recommending prevention measures, and should explain to the students the reasons why the university must exercise disciplinary control."

We believe it is a good deal because the students have been kept in the dark all too long concerning discipline on the campus. It is not desired to publicize the names of people who are brought up for disciplinary action. That should be kept entirely secret, but we would like to be informed on what the discipline committee does, who does it, and why they do it.

In any case we do not believe that student discipline is a thing to be passed over lightly—it affects us all (or might at some time). This discipline set-up is nothing that should be avoided or feared. It should be a constructive arrangement so that all such problems can be handled in an equitable fashion with all parties satisfied as nearly as possible. D. H.

Open Letter To The Student Body

This morning the fourth annual conference of the Borah Outlawry of War Foundation starts, and we, as students, are given an excellent opportunity to broaden our education. This conference cannot outlaw war; that is not the intention. This is just one gathering in an out-of-the-way locality, but it's a beginning. It's a beginning of the "spark" that may someday impress upon men's minds that war is not inevitable—a "spark" that can grow and spread showing more people that the problem of war can be handled by mankind.

This conference is centered around the causes of war and the conditions of peace. If these are known and attempts made for the use of the knowledge, perhaps progress can be made toward the intended goal. This year the conference concerns primarily three extremely important areas—labor, business, and agriculture—and the contributions they can make. The addresses and the forums on these three are conducted by outstanding leaders in their fields and undoubtedly will be both interesting and educational.

Remember, this conference is intended primarily for the student body. The University is making it possible for us to attend by dismissing classes, so take advantage of the opportunity. I'll see you there.

Sincerely,
VERN BAHR, President,
 A.S.U.I.

Ten High Schools Gain Paper Ratings

All-State ratings were presented to 10 Idaho high school newspapers today during the fifth annual high school journalism conference at the University of Idaho. Presentations were made by Professor Wayne Young, chairman of journalism.

Papers receiving All-State ratings included Bengal's Purr, Lewiston's Reporter, Rupert's Wocomanian, Moscow's Bur-Hur, Burley's Badger, Bonners Ferry's Wahj Booster, Wallace's Cougar Spotlight, Firth's Rimrock Echo, Grandview's Roundup, Blackfoot's and Kingston's Pirate, Kingston.

More than 180 high school students and advisors attended the conference and conference banquet during the two-day session. Delegations came from Rupert, Burley, Coeur d'Alene, Troy, Genesee, Lewiston, New Plymouth, Lapwai, Fruitland, Boise and Moscow.

News Staff Protest

When the entire news staff of the UCLA paper resigned in protest to the Student Executive Council, there was some doubt as to whether UCLA students would have a campus newspaper.

The walkout came as a result of SEC's appointment of a non-member of the staff as feature editor. In some haste, SEC took over the job of publishing the newspaper.

Dear Jason

Dear Jason:
 This week is Forestry week, proclaimed by the Governor of Idaho and sponsored by the Associated Foresters of Idaho, in an effort to bring the importance of forestry and some of its problems to the people of the state.

In order that we can understand some of these problems, let's think for a moment of the value that the forests add to our state. Most of us realize that the industry of harvesting the forest crop and its manufacture into finished products is the second largest industry in Idaho providing year round jobs for a large number of people.

However, we have thought too long of the forests only as a source of lumber and timber products. We have not fully recognized and appreciated the many other important resources and services furnished by our forests.

A forest under sustained yield management for timber production automatically provides a sustained yield of the other important services, supplying continuously wood, water, grazing, recreation, soil erosion control, climatic influence and wildlife refuge.

To bring the realization of these values of the forests and their problems, Forestry Week was conceived and initiated in 1940 by D. S. Jeffers, Dean of the School of Forestry, and C. A. Bottolfsen, then Governor of the state. Since this first Forestry Week was such a success, it has been continued and expanded in scope until today it is an annual event which effectively promotes the cause of good forestry.

Speaks At Schools
 The associated foresters bring their cause to the people of the state by speaking before the civic and business groups, and the various high schools. Their speeches are supplemented with movies to present a vivid picture of some of the problems. In all of the larger towns window displays are set up in cooperation with the store owners, providing a constant reminder to the passer by. The State and Federal forest service cooperate with the Idaho foresters in contacting those areas where it is impossible for us to reach and in carrying out programs that are not financially possible for us to do. In the overall picture it has become a well integrated program, and it does honor to the School of Forestry and the University of Idaho to have conceived and promoted it.

During this week it would be appropriate for all of us to stop for a moment and think about the importance of forestry to us and to our State and Nation. We should realize that the forests are not for the immediate plunder of a few, but for a sustained yield of all of the resources produced and protected by the forest. Above all—we should try to make every week, Forestry Week.

Yellow Jacket Rather Shabby

Last weekend's ASUI production of "The Yellow Jacket," by George Hazelton and Ben Rimo, gave students an opportunity to view some of the theatrical techniques of Chinese drama. But it didn't do much else.

Saved from the brink of disaster by come fine sets and excellent costumes, the show moved slowly through its two and one-half hours on the stage. What was disastrous was the apparent lack of insight by the leading players of their parts. Of course, this can in part be attributed to their honest attempts to act "Chinese," but the continual lack of any proper interpretation made things "beautifully rough." In other words, they read their lines—plain and simple.

Then there was a noticeable lack of any of the characters to pick up his cues quickly. This contributed greatly to the slow tempo of the show.

However, there were a few bright spots. Marvin Alexander played the part of the narrator with fine polish, and Ted Gallagher, as usual, carried the ball in the scenes in which he participated. Ken Goldsberry, as Tai Char Soong, and Andy Tozier, as the property man, deserve mention for jobs nicely done.

Director Jean Collette chose an excellent play for this season's final ASUI production. As written, it embodied humor, tragedy, philosophy and color. It was too bad that the audience didn't quite get all these facets. Though the acting in general was mediocre, the overall effect was pleasing, but just a little boring.

Thinclads Win Over OSC 67-64

Three Meet Records Fall In Neale Stadium Saturday

The University of Idaho track squad, featuring one of its most balanced attacks in years, captured its 9th individual win of the afternoon in the final relay event to edge the Oregon State college thinclads 67-64 in a crowd-pleasing dual meet held Saturday at Neale stadium.

The meet, which inaugurated the Northern Division dual meet season, was flavored also by the fact that three meet records were broken and another was tied.

Here's More About— Curfman Coach

Handling of spring practice to date, Curfman won enthusiastic support from every quarter.

President Buchanan said that Curfman has been hired on the same basis as any other staff or faculty member, not for a term contract. He explained that the university has dropped its former practice of term contracts because there is doubt about their legality. No salary was disclosed for the coming season. Buchanan added that it is not customary to announce salary when a staff or faculty member is hired.

Buchanan explained that the recent shake up in the coaching staff did not have any effect whatsoever on the athletic program at Idaho. He stated Idaho will continue to work for a creditable athletic program with challenging game schedules, but without top-sided matching with the big teams of the country. The state directors of the Vandal Boosters, upon being assured of a continued sound program, said they would continue their undivided support to the university's athletic program.

Name 3rd Coach Soon

In naming (Babe) Curfman as head coach, the university is following a long-standing policy of promoting from within whenever practical. Besides having had professional and head college coaching experience, Curfman has been a high school coach, and understands the problems in the field, said Buchanan.

Gale Mix, manager of athletics, expressed the highest confidence in Curfman, and said that he has been given the go ahead to obtain at once the two additional assistants he needs to round out the regular football coaching staff. At present, plans are well under way to have the third coach named within a few days, but whether the complete staff will be named before spring practice ends is not known.

Curfman said, "I feel confident that I will receive the fullest support from the players, and I think there will be more personal contact between players and the staff. The boys seem to have a much higher spirit this spring and an eagerness to get in there and learn the game."

Perhaps the ones who could express their opinions to the appointment better than any one else would be the individual players who work with the new coach every day.

Curfman Applaud

Following are comments from players now turning out and who have worked under Curfman as an assistant during the past two years. Asked what they thought of their new head coach, Half back Dave Murphy said, "Splendid—it's the best thing that ever happened to the school."

Milton Bertrand, a promising center for the varsity birth, said, "Curfman is for us and we are sure behind him."

Lester Diehl, guard, and brother of former Vandal grid stars Ted and Jerry Diehl said, "Good deal! We all like him."

Dick Zyzak, one of the top candidates for the quarterback slot on the starting team—"It's great. We want to play for him, and that's half the game."

Team Supports Him

Glen Christian, star halfback on last year's team, hasn't been out for spring practice because of track, but he had a good word from working under Curfman in the past as an assistant. Christian said, "Curfman's appointment as head coach is a good idea. He will add a lot of spirit to the team, and that means a lot in a game."

Defense line backer Bob Holdener said, "I am sure the team is all for coach Curfman. The spirit of the men so far in spring practice has been higher than it was in the past."

Don Wright, one of the big guns in last year's freshman line said, "Curfman is the best man they could have picked if the list would have had 500 names on it."

Varied Experience

Coach Curfman graduated from Texas Tech in 1939 where he played under Pete Cawthon. He

Vandals Dewey Taylor and Dave Martindale continued the assaults on the record books as they bettered existing meet records. Taylor spun the discus 157' 3" to eclipse by six inches the 149' 8 1/2" mark of OSC's Len Rinearson which was established in 1949. Martindale again went 13 feet in the pole vault to hit another new high for this series. The old top was a 12'6" mark set by Dudley of Oregon State in 1941.

Brock, Beaver sprinter, was responsible for the other changes in the record books. He traversed the 100 yard dash in the excellent time of 9.6 seconds to crack a mark of 17 years standing, and later came back to tie the 220 yard record with a 21.6 timing.

Distance man Chuck Weinman and hurdle-high jumper Bruce Sweeney split the honor of amassing the most individual points for the Vandals as they each collected 10 digits during the afternoon. Weinman topped all milers with his time of 4:30.5 and later came back to capture the two mile grind with a time of 10:06.6.

Sweeney, who is only 5'10", tied for first place in the high jump with a leap of 6'2", garnered a third spot in the high hurdles, and then came through on top in the 220 yard low hurdle event with a time of 25.3. Other first place men for Idaho were Myron Hodgson in the javelin and Don Miller in the quarter mile. Hodgson flipped the spear 189 feet and Miller was clocked in 50.7 seconds against a stiff wind.

The Vandals' mile relay team which was the deciding factor in the meet, was composed of Lafoe, Hartman, Nowak, and Miller. Their time was 3:29.2.

Top point maker for the meet was Miller of Oregon State who won the high hurdle event, tied for first in the high jump and came in second in the low hurdles for a total of 12 points.

Next competition for the Vandals will be offered on Saturday, April 21, when Stan Hiserman will take his boys to Pullman to engage in a dual meet with the strong Washington State Cougars. The cross-staters with 1948 Olympic performers Clem Eischen, Bill Parnell, and Australian Peter Mullins in the line-up are expected to be rugged. Other Cougars who have been outstanding thus far are Eric Roberts in the high jump and weightmen Joe Widman and Bob Swerin.

continued graduate work at New Mexico Highlands university and Washington and Lee university. Curfman, was later head coach of New Mexico A & M and professional, star for the Brooklyn Eagles. His high school coaching days were spent at Tulia, Texas, and Santa Rosa and Las Cruces, New Mexico.

During World War II, Curfman was in the United States Air Force, and coached the Barksdale air base team. From 1946 to 1948 he coached the New Mexican A & M squad, leaving there to enter private business, and later accepting the job as assistant coach at Idaho.

Idaho's cindermen pulled their first Northern Division dual meet out of the fire Saturday afternoon by coming from behind to down the OSC Beavers 67-64. Vandal work horse for the day was Chuck Weinman, top left, who amassed ten points of his team's total by winning the mile and two-mile races. In the center photo, 440-yard ace, Don Miller, breaks the tape in the dash in 50.7 Miller, who ran a sizzling .49 earlier this season, ran against a strong wind Saturday. On the right, the Beavers' Merv Brock set a 17-year-old record by clocking the 100-yard dash in 9.6. Brock later tied the 220 record with a 21.6 performance.

Batsmen Open ND Season Tomorrow Against Oregon

Coach Chuck Finley's bat and mitt crew will open the 1951 Northern Division race tomorrow and Thursday as they invade the Willamette Valley for a brace of contests with the Oregon Ducks. The Vandals will follow with a pair of battles at Oregon State this weekend and contests with the University of Washington on Monday and Tuesday at Seattle.

The Idaho nine opened its home season Saturday as they split a twin bill with the Eastern Washington College of Education Savages. The Vandals exploded a 9-2 verdict in the nightcap, 5-4.

Coupling three single with six EWCE miscues, Idaho netted five tallies off Eastern's hurler, Tom Ochs, in the second frame of the curtain-raiser. Ten batters faced the disgruntled Mr. Ochs in what proved to be an authentic "comedy of errors."

Meanwhile, Lloyd Schiller's sidearm swings were setting the Savage slingers down in an orderly fashion as the Vandal hurler yielded but five hits, three coming in the final stanza with the two EWCE scores.

Other than the fatal second, Ochs had little trouble with the Idaho clubbers until two more errors and a single by Jerry Ogle netted the Vandal nine their final quartet of runs in the sixth.

Eastern Washington coupled a pair of one-base blows with a Vandal error in the "hello" frame of the second contest to grab an early 1-0 lead. The Savages extended the margin to 3-0 in the third inning as Idaho's flinger, Cless Hinckley, sandwiched a walk between the first two EWCE smashes to McDermott and a one-baser to Kuehl. A fine pickup by leftfielder Don Harrison enabled the Vandals to prevent any further damage as Bud Riley took the relay peg from Joe Zavesky to nab Kuehl sliding into the key-stone sack.

Idaho retaliated in the bottom half of the third with a trio of runs on Harrison's two-base knock, a single by Dick Merrill, and another Savage muff.

Hinckley was still shaky, however, in the fourth as the visitors pounced on him for their fourth and fifth tallies on three hits.

Hinckley did set the Savages down in order in the final three frames but the damage was done as a one-run Idaho rally was cooled in the final inning with the tying tally stranded on second.

Faculty members wishing to participate in a faculty golf league similar to the present bowling league during the spring and summer are to turn in score cards to Mrs. Frank James at the club house to use in forming handicaps.

Players must turn in signed cards showing their scores for at least five rounds of nine holes each or three rounds of 18 holes each so they may be averaged according to John Ikeda, general chairman. League play will begin as soon as the handicaps are set up.

Job opening is available now for a man and wife who own a trailer house for summer work at a resort on Lake Pend Oreille, 16 miles east of Sandpoint. Inquire at the University Placement Service.

University officials announced the Vandals have agreed to participate in the meet along with teams from Alabama, Oklahoma A. & M., Oklahoma City, San Francisco University, Tulane, Tulsa and Wyoming.

The December 27-29 tourney will be the first for Idaho and San Francisco quintets. The Vandals are scheduled to have one of the top teams in the Northern division next season and are figured to be strong representatives from the Pacific Coast.

University officials said they were delighted at the invitation and were ready to compete in the tournament. Oklahoma A. & M. will be the defending champions, with a record nine of the All-College affairs.

Faculty Makes Plans For Golfing League

Faculty members wishing to participate in a faculty golf league similar to the present bowling league during the spring and summer are to turn in score cards to Mrs. Frank James at the club house to use in forming handicaps.

Players must turn in signed cards showing their scores for at least five rounds of nine holes each or three rounds of 18 holes each so they may be averaged according to John Ikeda, general chairman. League play will begin as soon as the handicaps are set up.

Job opening is available now for a man and wife who own a trailer house for summer work at a resort on Lake Pend Oreille, 16 miles east of Sandpoint. Inquire at the University Placement Service.
